

LLOYD GEORGE WINS ANOTHER BIG VICTORY

The Secured European and Asiatic Truce of About Eight Months.

RUSSIAN PROBLEMS SHIFT TO HAGUE

Arrangements for Conference There in June Completed—Genoa Dissolve Fully.

Genoa, May 17.—The Hague has been definitely settled as the meeting place for the experts who will further examine the Russian problem, it was announced tonight. Arrangements for the Hague conference in June were practically completed with today's acceptance by the Russians of the proposals submitted to them, which have been amended so as to provide that a truce between the various powers will continue for a maximum of eight months.

A meeting of the full political commission of the conference will be held tomorrow morning and the final plenary session probably on Friday. Premier Lloyd George hopes to start for England Friday afternoon. The process verbal, relating to the Lloyd George plan for dual commissions to meet at the Hague, was presented to the Russians on Monday last and was adopted with an amendment. The amendments carried today by the sub-commission, it will be sent to the Washington Government probably with a letter from the Secretary of the Genoa conference, which is likely to be considered tomorrow at a meeting of the full political commission.

Clause six of the annex to the process verbal, which refers to the truce or preliminary pact of non-aggression, was amended in such a manner as to make it clear that the truce, as well as applying to the Russian Government proper, will apply also to the eight republics allied with Russia. This would bring in the far eastern republic with about eight months. This would bring in the far eastern republic with about eight months. This would bring in the far eastern republic with about eight months.

Victory For Lloyd George.

A second important amendment to the annex providing that the truce will continue to operate for a period of four months after adjournment of the Hague meeting. As it had been previously understood, that the Hague conference would last about four months, this change is interpreted as indicating a probably European and Asiatic truce of about eight months. This extension is also considered a victory for Mr. Lloyd George because it provides more time for the consummation of the peace and the aggression pact into which he hopes the truce will be merged.

After a conference with Mr. Lloyd George, M. Barthou and M. Jaurigat announced that the French and Belgian delegation approved today's proceedings, but must refer the whole matter to their home governments for ratification. When asked tonight whether France intended to participate in the Hague meeting, the French spokesman answered that it was too early to say.

The question of participation depended not only on Premier Poincaré, but also on the French parliament. Many members of the Chamber of Deputies, the French delegate added, were vigorously opposed to any negotiation whatsoever with the Bolsheviks and much concerning the Hague, so far as France was concerned, hinged on the character of the debate in the Chamber after the receipt and receipt of the report of M. Barthou.

Washington, May 17.—State Department officials said tonight that no additional messages had been received tonight from Lloyd George concerning the conference at The Hague.

Running True To Form True to its reputation the economic conference convened to furnish dramatic incidents, and today M. Tchitcherine and Mr. Lloyd George were the chief actors. The British Prime Minister was in fine oratorical form as he answered some of Tchitcherine's accusations respecting the activities of revolutionary bands on the Russian frontier. Touching frankly upon the failure to reach an accord with Russia at Genoa, Mr. Lloyd George said the truth was there had been such divergencies of opinion upon questions of vital principle that it had been found impossible to reconcile them.

Election In Quebec Will Be Held Early

Minister of Roads Hints at Early Battle of Ballots—Liquor Question Prominent.

Montreal, May 17.—Early provincial elections were strongly hinted at by Hon. J. L. Perron, minister of roads, in a speech to the Perron Club here tonight. The minister wants elections as quickly as possible, according to his statements, so that the provincial government may confront Arthur Sauve, leader of the Conservative party, on the Quebec liquor question.

NEWFOUNDLAND RY DEADLOCK HOLDING TIGHT

Train Service Completely Suspended by the Strike of Unpaid Employees.

LEGISLATURE TAKES UP THE FIGHT

Premier to Meet Railroad Executive Today—May Effect Compromise Arrangement.

St. John's, Nfld., May 17.—The deadlock between the Government and Newfoundland Railway continued today, train service being completely suspended by the strike of the unpaid employees, and the indications pointing to a tie-up of the coastwise services when the boats whose crews have not been paid for a month, reach their terminal.

The situation was debated in the legislature today, Premier Squires did not press for a vote on his resolution asking that the Government be authorized to take over and operate the railways. Instead, he asked for an adjournment until Friday, saying he had received a letter from the president of the company that indicated the possibility of a compromise.

To Meet Railway Executive

After meeting a caucus of his party, Sir Richard, in an interview, said he notified the Government that the company intended to press its claims on the unexpended balance of the Legislative appropriation of \$1,500,000 made last year for railway purposes, but added: "before restoring to this final and irrevocable step we are still open to discuss a compromise which will put an end to all claims and disputes on either side." Only one Opposition member spoke of the matter and he urged the Government to stand firm in its resistance to the demands of the company. Adjournment was granted without dissent.

NATIONAL WHEAT MARKETING AGENCY

Ottawa, May 17.—(Canadian Press)—The passage of an act creating a National Wheat Marketing Agency, with powers similar to those of the Canada Wheat Board of 1919, and to become effective when two or more of the provinces have conferred upon the agency powers possessed by the late Wheat Board was recommended to Parliament today by the House committee on agriculture. This action was taken as a result of the resolution introduced by R. M. Johnson, Progressive, of Moose Jaw, and was approved on a vote of 82 to 28. The Liberals voted almost wholly against the resolution, but the Progressives were supported by several of the Conservatives. An amendment to the resolution, offered by A. R. McKeown, Liberal member for Brno and aiming to strike out any compulsory features, was previously defeated by a majority of seven, the vote standing 71 for the amendment and 24 against.

DALL UNABLE TO REACH ANY AGREEMENT

There is Hope of Realizing Some Working Basis for Peace Before Today's Meeting.

AT ODDS ON MAKE UP OF CABINET

De Valera Announced His Willingness to Join Coalition in the Public Interest.

Dublin, May 17.—The Dall Eireann debated throughout the day the breakdown of the peace negotiations and then adjourned until tomorrow with out coming to any decision. Even yet there is some hope of bringing about the agreement and the interval will be utilized by the peace-makers to bring the leaders together.

The special peace committee failed to reach a settlement because, having agreed to unannounced election, they could not agree on what proportion each side should have in the way of members. The supporters of the treaty, which is the great majority in the country, offered to be content with six members out of ten. Those opposed to the treaty wanted the existing proportion in the Dall Eireann to remain fixed.

Disagree Over Cabinet

There was a further disagreement on the constitution of the coalition cabinet and more important still, on the principles of its operation. Those for the treaty wanted it to assist in the operation of the treaty, their opponents admitted they wanted to evade and destroy the treaty. The deadlock seemed complete.

EVIDENCE COMPLETE IN STILLMAN CASE

Both Parties Have Decided to Rest Their Case—Lawyers Preparing Briefs.

New York, May 17.—The hearing of evidence in the Stillman divorce case is all over.

Mrs. Anne U. Stillman at a conference in Yonkers with her counsel and John E. Mack, guardian for baby Guy Stillman, whose legitimacy is questioned by the plaintiff, James A. Stillman, New York banker, decided today not to call any more witnesses. The plaintiff agreed last week not to submit more evidence if the defence decided to call quits.

REGISTERING FOR MANITOBA ELECTION

Much Interest Being Shown Throughout the Rural Sections—No Date for Election

Winnipeg, May 17.—Great interest in the registration now being held throughout the rural districts of Manitoba for the forthcoming provincial election. It is expected that the registration lists will contain the names of 250,000 persons, as compared with 232,000 during the general election in 1920.

ZITA PERMITTED TO LEAVE MADEIRA

Lisbon, May 17.—The Allied Council of Ambassadors today decided that former Empress Zita of Austria-Hungary, who as Empress Charles recently died in exile and go to Spain and remain there until her coronation, but the Progressives were supported by several of the Conservatives. An amendment to the resolution, offered by A. R. McKeown, Liberal member for Brno and aiming to strike out any compulsory features, was previously defeated by a majority of seven, the vote standing 71 for the amendment and 24 against.

McEachern Held Responsible In Causing Death

Jury Returns Verdict Against Him in Inquest Over Michael's Death.

Moncton, May 17.—After hearing evidence taken at the inquest held at Beauceville today into the death of Gordon Michael, the victim of the line fence trouble at La Riviere, Grand County, May 1st, the coroner's jury tonight returned the following verdict: "That Gordon Michael came to his death by hemorrhage caused by fracture of the skull, caused by blow or blows dealt by Ernest McEachern on May 1st, 1922."

WATERS STILL RISING ALONG RED RIVER

Heavy Rains Have Aggravated the Situation Along the Assinaboine River.

WINNIPEG LOW LANDS IN DANGER

Conditions Such As to Bode Serious Developments Within Next Few Days.

Winnipeg, May 17.—With a continued rise overnight along the Red River, the fast rising flood stage, and heavy rains overnight aggravating the situation along the Assinaboine west of this city, low lying land in Winnipeg and vicinity is in a dangerous position today. Waters of the Assinaboine and the Red are swelling simultaneously with an overnight rise of one foot and five inches reported in the Red here and an increase of one foot at Emerson, making a total rise of ten feet at Emerson since Saturday.

Breaking Through Dykes Flooding of additional lands in the Hutterite territory, near Irberville, West of this city, was threatened today with the water breaking through protecting dykes. Several scores of men were engaged in an effort to block the flow of water but efforts so far have been futile and land to the south is being flooded. Following last night's rain, all points west of here along the Assinaboine, with the exception of Poplar Point, report a further slight rise. The dykes at Poplar Point are holding well, but from the Steinhilber Point the water rose overnight from one to two inches.

Leader of Progressives Makes Important Declaration of His Policy on C. N. R.

URGES REVALUATION OF WHOLE SYSTEM

Believes People of Canada Have Splendid Asset in National Railway.

Ottawa, May 17.—(By Canadian Press)—Discussion of railway estimates in the House today brought from Hon. T. A. Crerar, leader of the National Progressives, an important declaration of his policy on the national roads. He advocated the closing up of part of the Transcontinental lines, running across the wilderness between Eastern and Western Canada. He urged a re-valuation of the entire system, on a replacement basis, and its unification. He favored the suggested regional districts. He took ground that, in encouraging immigration, the Government should take steps to see that the new settlers were placed along the national lines.

HOUSE TAKES UP DISCUSSION OF RY ESTIMATES

Leader of Progressives Makes Important Declaration of His Policy on C. N. R.

(Continued from Page 1.)
Mr. Crerar was gratified to observe that the intention of the Government was to operate the Intercolonial Railway as a part of the Canadian National system. He predicted that when the national system was operating smoothly, the Intercolonial would be in a position to give better service to the Maritimes than it could possibly do under separate control. He favored regional control. There was some justification behind the complaint of the Maritime Province members who had to go to Toronto to arrange for a special or excursion train in connection with the fairs or picnics.
Referring to the placing of steel orders, he said, had been raised, he did not altogether approve of the policy of the late Government.
Mr. J. Logan (Liberals, Cumberland) asked if Mr. Crerar was not in favor of placing car repair orders with private concerns, if it could be shown that the work could be done cheaper than in the Government-owned shops.
Mr. Crerar said he was absolutely in favor of doing the work where it could be done most cheaply.
When unification of the system took place, Mr. Crerar added, there should be a complete re-evaluation of the whole system.
He would follow the good business policy of the merchant who, when he found his shelves overstocked with stock, marked down the prices in order to unload. There would be a good psychological effect if this were done with railways.
Answering Mr. Logan, the Progressive leader said he would value the railway on a replacement basis. Interest on bonds which were thus written off, should no longer be charged against the system.
Progress was reported on the railway estimates and the House adjourned at 4 o'clock.

\$1,000,000 Defence Fund Available For Accused Labor Men

Chicago, May 17.—Night labor men indicted on murder charges in connection with Chicago's labor war will have preliminary hearings today before Kirkham Stanton, Chief Justice of the Criminal Courts.
Their attorneys have been instructed to ask for habeas corpus writs, thus forcing the State, if it wishes to hold them without bail, to produce evidence upon which hanging verdicts are to be asked for the "Big Three" labor leaders, "Big" Tim Murphy, head of the Gas House Workers' Union; Con Shea, of the Theatrical Janitors' Union, and Fred Mader, president of the Chicago Building Trades Council. It is alleged by Henry Barret Chamberlain of the Chicago Crime Commission, that the labor men are equipped with \$1,000,000 "shush fund" for the defense.
Police and State's attorneys connected with the case assert they have sufficient evidence to warrant continued confinement of the indicted men without bail. "We have three astounding confessions," said Mr. Chamberlain.
Alleged tactics employed by Fred Mader in obtaining the presidency of the Building Trades Council were barred today by members of that organization, who asserted that many members, antagonistic to Mader were kept away by sluggers from the meeting at which he was elected.
The building strike, spearheaded by Mader for next Monday and involving 60,000 men, has been called off unofficially, it is said. The men were asked to go out on a strike as a protest against the open shop, declared in the twelve trades boycotted by the citizens committee, an organization to enforce the Lindbergh wage award. A decision handed down by K. M. Landis, former Federal judge, then acting as arbitrator, which was intended to settle differences between contractors and members of the Building Trades Council.

DO YOUR BOWELS Move Regularly, or Do They Become Constipated

There is no medium through which disease so often attacks the system as by allowing the bowels to become congested, and there is no other trouble which flesh is heir to that is more liable to be neglected, because material accumulations may not be felt, as from irregular action of the bowels. When there is no regular action the retention of the decayed and toxic matter, with its poisonous gases, causes the whole system by being absorbed into it, causing violent pain and bilious headaches, internal bleeding or protruding piles, hemorrhoids, indigestion, etc.
MILBURN'S LAXATIVE PILLS will regulate the flow of bile to get properly on the bowels, thus making them active and healthy, and removing the accumulation and all its allied troubles.
Mr. Samuel Backler, Takamaguchi, N. B., writes:—"For over a year I suffered with constipation and I had several different kinds of medicine, but could not get temporary relief. I was told to try Milburn's Laxative Pills. I purchased two boxes of them, but after had taken one I found that I was relieved of my trouble. I do not hesitate to recommend Milburn's Laxative Pills to any kind of constipation."
Price: 25c a box. Sold by druggists, or direct from the manufacturer, at 10c per box on orders of price by mail. The T. Milburn Co., Limited, Toronto, Ont.

BURTT'S CORNER MAN ATTEMPTS SUICIDE

R. H. Allen Puts Bullet into His Head—Skull Fractured But Man Lives.

Fredericton, May 17.—Rainsford H. Allen, 28, a travelling salesman, of Burtt's Corner, York County, is at the hospital here in a dangerous condition today as the result of an attempt at suicide yesterday at the Burtt's Corner Hotel. His head was shot from behind the ear, causing a compound fracture of the base of the skull and inflicting injuries, which, it was feared at the time, would prove fatal. Allen, who is unmarried, had been demented and had given evidence of his mind being deranged since a serious illness, several years ago. For some months he had been staying at the hotel and yesterday, while the proprietor was in Fredericton, he wrote out a document, evidently intended to be his will, left in the office of the hotel, and then went up to his room. When the proprietor of the hotel returned and did not see Allen around he went to his room and knocked at the door. There was no response, so he called his name, and as he did so, heard the report of the discharge of the revolver, and then the body fell to the floor. He summoned assistance, and when they arrived, commenced to break in the door. Allen is said to have got up and clucked the door and then collapsed again as they entered the room.

U. N. B. Alumni and Alumnae Meetings At Fredericton

Both Associations Favor Returning to the Academic Costume—Officers Elected.

Special to The Standard.
Fredericton, May 17.—The annual meeting of the associated Alumni of the University of New Brunswick was held here tonight, and was one of the longest and most interesting sessions held in many years. A variety of subjects was discussed, and the time was devoted to the matter of academic costume which has been neglected in recent years by both student body and faculty. The overwhelming opinion of the alumni was in favor of wearing caps and gowns about the University and at lectures.
Officers were elected as follows:—President, P. J. Hughes, Fredericton; Vice-president, W. J. Smith, St. John; H. H. Hagerman, Fredericton; W. D. Hanks, M. D., Woodstock; secretary and treasurer, H. V. B. Bridges, Fredericton.
Members of Council—E. S. Bridges, M. D., W. Brodie, St. John; C. D. Richards, M. P., B. M. Hill, C. McK. Steeves, J. B. McNair, Fredericton; E. C. Weyman, St. John.
Representatives in the Senate—C. D. Richards, M.P., W. D. Hanks, M. D.
It was announced that the Alumni Gold Medal for Latin prose had been won by H. F. G. Bridges, of Fredericton, and the Brydson Jack Memorial Scholarship for third year physics by George E. Creed, of Sussex.
By unanimous vote the society recommended to the Senate that the honorary degree of Master of Science be conferred upon Francis Vaughan, of St. John, well known as an electrical engineer and a friend of the University.
J. B. McNair reported for a special committee that four U.N.B. clubs had been established, and that four more would be established before the end of the year. He touched also on other matters. The result of Mr. McNair's report, the sum of \$200 was voted to publish fifteen hundred copies of a year book containing information concerning all graduates.
The proposal of Western Graduates for a reunion in 1923 is under consideration.
W. H. A. Long, of Winnipeg, was in attendance and spoke.
On motion it was decided that copies of the proceedings of the meeting should be printed and forwarded to all members.
On request Chancellor Jones reported on the proposal for University amalgamation in the Maritime Provinces. U.N.B. Senate had not favored the original proposal for centralization at Halifax. A subsequent proposal had been made by the Ontario foundation, but was of a practical nature.
Atmance Association.
The Alumnae Society of the University of New Brunswick held its annual meeting tonight.
Officers were elected as follows:—President, Miss Louise Kingston, Fredericton.
Vice-President—Miss Ethel Anderson, Fredericton; Miss J. B. Crocker, Fredericton.
Secretary-Treasurer—Miss Grace St. John, St. John.
Assistant Secretary—Miss Queen Thompson, Fredericton.
Members of Council—Miss "Walt", Miss Margaret Harmon, Fredericton; Miss Barbara Johnson, Miss Margaret St. John, St. John; Miss Helen Gillingham.
The President, Miss Kingston also to representative in the Senate.
Among other features the society discussed the tendency to discontinue academic costume at the University. The members were decidedly in favor of returning to the former custom.

The Enjoyments Of King Square

Beautiful Place for Pleasure of Citizens, Young and Old, is at All Times Appreciated.

With the band stand painted, the water turned on in the fountain, the lawn clipped and rolled, and a generous number of benches placed about King Square in the glory of its annual rejuvenation extends an open welcome to all. It invites the generation of small boys that have succeeded those of last year, to entrust their more or less graceful sea-going craft to the mercurial of the fountain and its maelstrom and water spouts. It smiles benignly on the motley small girls with their large families of dolls to bring up their families on the park benches.
In the day time the aged may sun themselves on the benches and admire the delicate beauty of blooming buds of daffodils whose delicate yellow shades are so prettily set off by the contrasting lawns. Lawns which at this time of year rival in velvety smoothness even those of old England.
In the evening the old park awaits the twilight, or better still the moonlight and listens once again to youthful lovers, and the old, old story, ever old, yet always young.
Truly the old King Square, which the founders of the city, pinched with far seeing eyes, is to the inhabitants of St. John, a veritable Pandora's box. From early May till late October, it is worth three times as many hospitals, or theatres, in the health giving recreation it affords to young and old, to rich men, beggar-men, and even thieves. It is the property of the city, and everyone's garden, and doubtless fathers have generously provided for the blooming plants with which the city gardeners are able to gladden the hearts of all throughout the spring, summer and fall.

NO HOPE FOR WHEAT BOARD THIS YEAR

Minister of Agriculture Motherwell Declared to Be Misfit on the Job.
Sussex, N.S., May 17.—"Any hope the farmers of the West may have cherished of securing the re-establishment of the Wheat Board to handle the crop of the present year has been finally destroyed by the statement of the Minister of Agriculture at Ottawa to the Agricultural Committee, that he is opposed to the Wheat Board," stated Hon. George Langley, president of Saskatchewan Co-operative Elevator Company. Mr. Langley declared that since grain growing has come an industry in the West, so leader of the farmers movement has given such assistance to the farmers as Hon. W. R. Motherwell has given in connection with the Wheat Board. Mr. Langley further stated that a voluntary pool would in no sense be a substitute for the Wheat Board.

The Associated Charities Meeting

Federal Employment Bureau and Increased Industrial Activity Makes Self-Felt—Secretary Makes Report.

That the increased industrial activity in the city, which is beginning to make itself felt, and the establishment of a Federal Employment Bureau here, were considered two elements which would greatly reduce the demand for relief made upon the Associated Charities, was the opinion expressed at the regular monthly meeting of that body which was held in the Y. M. C. A. building yesterday afternoon.
The meeting which was largely attended was presided over by W. Shivers Fisher. The secretary, Miss Grace Robertson, presented her report which showed that 148 applications had been received during the month, 36 requests for employment, would greatly reduce the demand for relief made upon the Associated Charities, was the opinion expressed at the regular monthly meeting of that body which was held in the Y. M. C. A. building yesterday afternoon.
The news that a government employment bureau was to be established in the city was learnt with pleasure, as it was thought it would help the local unemployment situation greatly.
It was reported that two or three cases had been deported through co-operation with other organizations.
The secretary was granted her usual holidays, and adjournment was made for the summer months, and until September.

Obituary

Dr. W. R. Wilkes
The death of Dr. W. R. Wilkes, of St. Catharines, Ont., which occurred at the residence of his father-in-law, J. Robert Barlett, Lancaster Heights, W. B., at 9 o'clock last evening, will come as a shock to his many friends in the city.
Dr. Wilkes, who had been in failing health since early in the year, was taken seriously ill about three weeks ago, and his condition was such that it was decided to bring him to his home in this city. He arrived yesterday morning, and was removed to the home of his father-in-law where he passed away at 9 o'clock last evening. He is survived by his mother, Mrs. Matilda Wilkes, of St. John, and two brothers, J. Harry of this city, and George P., of Fredericton. Notice of funeral will be announced later.
Dr. Wilkes, who was a dentist, practiced his profession in St. Stephen, N. B., until the outbreak of the war. He enlisted in the Canadian Army Dental Corps in 1914 and served overseas with that unit. On his return he was attached to the Dental Clinic Board of the D. S. C. R. in this city, and was with that unit till August, 1918, when he returned to St. Catharines, Ont., opening a practice there in October. He was elected president of the New Brunswick Dental Society at the last annual meeting.
Dr. Wilkes was well known in musical circles in St. John, having organized and led a surprised choir in the Church of the Good Shepherd in Fairview.

VALUABLE HORSES BURNED IN STABLE

Arena on the H. C. Cox Farm at Oakville Destroyed, Causing \$75,000 Loss.

Toronto, May 17.—Damage amounting to \$75,000, involving the destruction of the largest stable of show horses in Ontario, resulted from a fire of unknown origin, which destroyed the arena on the H. C. Cox farm near Oakville, early this morning. The ruins were still smouldering this afternoon. Seventeen valuable horses were burned to death, the animals belonging to Sir Adam Beck, Mr. C. Cox and William Wilson, and four horses were rescued. The fire which started at about five a.m., also destroyed two or three motor cars. The buildings were valued at approximately \$40,000.

VESUVIUS AGAIN SPITTING LAVA

Naples, May 17.—The volcano of Vesuvius is in eruption with renewed violence, emitting large quantities of lava and clouds of dense vapor. Professor Mallara, head of the Royal Observatory of Vesuvius declared the present eruption will not endanger the surrounding territory.

The Point to Consider When Buying a Used Car

A fundamental rule of good business is to know what you are buying and from whom you are buying. This rule holds particularly true when it comes to buying a used car.

If there is one place more than another where you must place above everything else, the integrity and financial standing of the seller and his unquestioned honor in living up to every promise made in selling you the car, it is on a used car proposition.

We value good will above everything else. Only by giving you honest value, can we hope to retain your good will.

Therefore when you buy a used car from us, you follow the fundamental business rule of knowing what you are buying and from whom you buy. —You play safe.

Belyea Is Entered For Diamond Sculls

Citizens Committee Met Yesterday—Big Benefit Concert Tonight—Tag Day Postponed.

Hilton Belyea, St. John's rowing star, and the Maritime, Canadian and New England, single scull champion, is to enter in the English rowing Diamond Sculls race. His entry will be called to the attention of the citizens' committee by J. C. Chesley today, so it was announced at a meeting of the citizens' committee held in the Commercial Club at five o'clock yesterday afternoon.

The date of the rowing regatta in the city area is set for the 25th of July at Philadelphia three days, and all are hoping to see Belyea again show the American scullers his "steeple chase" as he drives his sculler's little shell, "St. John" over the finishing line in the Amateur Sculling Championship of the World to be raced there June 2. If Hilton is successful in Philadelphia, his friends feel confident he will be equally so in the English classic for the Diamond Sculls.

At yesterday's meeting of the citizens' committee, plans for the Belyea regatta were discussed and it was decided to postpone further activity until the return of the city of Mrs. J. Atherton Smith, who will be given full charge of the regatta. Her wonderful success in supervising such events for patriotic or other worthy causes in the past, it is felt, will assure the success of the Belyea regatta. It is probable that the regatta to be held will bear a cut of Hilton and some appropriate working. The concert to be staged in the old Charlton City Hall, tonight by the Royal Athletic Association, and intermediate baseball champions of the city, was discussed also at yesterday's meeting and from reports received a bumper house is expected.

The Suspension Of Officials

Toronto, May 17—The registration committee of the Ontario Branch of the Amateur Athletic Union tonight handed out an official statement announcing the suspension of officials of both the Aura Lea and the Montreal Athletic Club as a result of an inquiry into a financial transaction involving \$2,000. Rumors concerning certain players of the Aura Lea club were also investigated and found to be unfounded and all the players are restored to good amateur standing.

Will Permit Use Of Steel Shaft Clubs

Chicago, May 17—The executive committee of the Western Golf Association today announced that its investigation and tests showed that steel shaft golf clubs offered no mechanical advantage to players and that their use would be permitted in all tournaments held by the association. The United States Golf Association recently barred the clubs, but it is understood this decision will be reconsidered.

Two Boxers Are Given Suspension

Battle Creek, Mich., May 17—Suspension for one year of Benny French and Johnny Relator, of New York, featherweight boxers, was announced here today by Thomas W. Miller, state boxing commissioner. The commissioner added that reconsideration will be made that they be barred from ring events in other states.

St. John Dogs Win At Montreal Show

Several Local Dog Owners Made Excellent Showing at Big Bench Show Yesterday.

The St. John dogs, which are being shown at Montreal by Lasky Brothers, did well yesterday. Murray B. Mottugh's foxhound won winners dog and best of breed; P. N. Woodley's pointer got reserve winners; U. J. Taylor's Irish setter, best brace; J. W. Cameron's collie, reserve winner; R. B. Lasky's smooth fox terrier, winners puppy. All of these were up against very keen competition and that they did so well speaks volumes for the quality of the dogs and the way in which they were handled by William and Robert Lasky.

Craigangower Won Sledmore Stakes

Henley Regatta Stewards To Meet

Will Consider if Melbourne Crew is Eligible—Rules Strict in the Matter.

London, May 17—(Canadian Press Cable)—The Henley regatta stewards and committee will consider an application from the Melbourne champion eight-oared crew for entry into the annual regatta. There is a question as to whether or not its amateur status would be recognized. This would mean a departure from the Henley practice by admitting a crew largely composed of manual workers.

Boxing Commission Is After Kilbane

New York, May 17—The New York State Boxing Commission today adopted a resolution obviously directed at Johnny Kilbane, world's featherweight champion, calling attention to the New York law under which his inactivity can be made the basis for declaring him to have relinquished the championship so far as New York state is concerned.

The commission, however, decided to ignore the challenge of Johnny Dundee, who posted a forfeit February 29 to show his sincerity in demanding a match with Kilbane. No explanation of this phase of the action was offered by the commission.

RADIO Receiving Sets

There are two principal varieties of Radio Receiving Sets, those constructed on the crystal principle and others known as valve sets. The former are effective for short distances up to fifty miles, the latter for long range, say to eight hundred miles. Until broadcasting stations are established in New Brunswick it is not possible to obtain really satisfactory results excepting with the valve equipment. We are now receiving orders for the Model C Marconi Receiver consisting of tuning box, detector and two stage amplifier, complete with telephone, batteries and aerial, ready for erection. The crystal sets will not be available for several weeks. Write for particulars.

DAYLIGHT SAVING—SO-CALLED.

On Sunday morning next, the City of St. John will commence its annual attempt to conserve daylight. The scheme does not commend itself to a very large section of citizens, for it has more disadvantages than otherwise. We notice that several other cities in Canada which adopted the so-called Daylight Time a week or two ago, are already tired of it and are petitioning their governing bodies to rescind the order bringing it into effect.

There is some element of honesty and common sense about this plan. Telling ourselves an untruth about the time of day, knowing it to be untrue, in order to induce ourselves to get up an hour earlier in the morning, at the best is a chimerical expedient. We have been doing that way for several years, for the reason that, we thought it the only way possible to conserve an extra hour of daylight. But we don't know that we couldn't simply agree to get up and go to work an hour earlier in the day, which we never have tried it. It is quite possible that just such an agreement could be made. Merchants are able to agree about general closing hours and it is not wholly impossible that shops and factories would do the same if the proposition were put up to them.

If such a general agreement could be made, the whole vexed problem would be straightened out. We would know when to go to our trains, we would know what time it was in the next town, and there would be an end of the interminable question as to what kind of time is meant when an hour is mentioned. The trifling features of rural neighbors would also be smoothed thereby. One of the most difficult things about the daylight saving plan is that almost everyone in the country is so angry about it, and not without cause, it must be admitted. But if a man in the city wanted to arise earlier in the summer than he is accustomed to in the winter no one would have cause to be vexed, so long as the early riser tells the hands of his watch alone.

However, so long as civic affairs are permitted to be regulated by a small group which makes up in self assertiveness what it lacks in real representative character, the ordinary citizen must put up with what he can get.

ONE POSSIBLE RESULT OF FEMALE FRANCHISE.

The political field in Canada is already occupied by three duly recognized parties, the Conservatives, the Liberals and the Farmers, with a Labor party hovering round in the offing. One result of conferring the franchise on women may be the creation of a fourth party. Men will always vote according to party affiliation, but if the women, who are practically of equal voting strength with men, should put up candidates of their own sex in each constituency and vote solidly for them, the constitution of the House of Commons would undergo a very striking change—as would also many other phases of government.

Women's Clubs are beginning to crop up all over the country, and sooner or later political questions will find a place in their discussions. And when the members of these clubs make up their minds as to what they want, the material outcome will be that, like the Farmer group, they will want to send women to Parliament to get their wants carried out, and with a voting power equal to that of the masculine element of the electorate, they will be able to send them.

This at least is the condition of affairs that confronts the political life of the United States, and there is very little doubt that sooner or later it will spread over Canada too. American women, it is said, are just beginning to wake up to the fact that they now possess equal voting rights with men, and are governing themselves accordingly. The size that the present

when the franchise was conferred upon women, that those women who voted would be guided by the influence or direction of their men relatives, with the only result that the total vote cast would be doubled and the net result remain unchanged, is not apparently working out in practice. The attitude of American women, so we learn from a contemporary, has been such as to indicate a desire to withhold any open alliance with the greater political parties, evidently with the purpose of wielding in the campaign an unascertained and unascertainable power and influence which could be counted on to support only those candidates and those demands which represent ideals which appeal especially to women and a fair measure of independence in political action. This apparent determination has been hailed as an indication of the dawn of an era of actual political freedom.

It is not altogether an unsafe forecast that the same independent line of action which American women have decided upon, will be copied by their Canadian sisters in the not distant future, and this contingency only emphasizes the great need there is for the inauguration of some system of education in political affairs by means of which women may become properly versed in the why and wherefore of the various public questions on which they will be called upon to vote.

The Globe's idea as to the desirability of organizing a strong committee of prominent business men and property owners "to closely watch all phases of the civic situation" may be all right in its way, but isn't our contemporary a trifle late in making the suggestion? Has not His Worship Mayor McEllan already thought all this out, and prepared a scheme under which there is to be an advisory council of sixty-five elders of the people to undertake the very work The Globe suggests? We are under the impression that he outlined such a scheme at one of his meetings. We assume that this advisory council, like the city hydro commission, would be nominated by His Worship himself, which would, of course, be a perfect guarantee as to satisfactoriness and competency, and that it would also serve without remuneration or emolument of any kind "from the City Treasury." This sort of thing should surely satisfy The Globe.

The decision of the citizens' meeting at the Board of Trade rooms last night that the memorial they decided to erect to record the sacrifices made by the boys who gave their lives in the war, should be a memorial "sole and simple," is to be commended. As we pointed out yesterday, if the proposed memorial should take any form that could be put to utilitarian purposes, its distinctive character and object would very soon be lost. If we might be permitted to make the suggestion, a plain shaft of New Brunswick granite, 60 to 75 feet high, on a suitable base, with appropriate metal tablets affixed, would be as satisfactory as anything. However, whatever kind of memorial is decided on, the committee—or rather the nucleus of a committee—which was appointed to proceed with the matter, should be accorded every assistance that it is possible to give to it.

We notice that the City Council has decided to undertake the paving of Prince William Street by day work. If the Commissioner in charge of the work employs the same industrious gang of workers in this instance as was employed some time ago when that portion of the street from the City Hall southwards was done, it is going to be a very expensive game. Once during the course of that work it needed the services of six men to cut a piece of 9 x 3 plank, barely four feet long, in two. Two men held each end of this gigantic piece of timber on the saw horse, and two men piled the cross-cut saw, and what with talking and resting between whistles, the job took nearly four minutes to carry out. Any ten year old boy with a back-saw would have done it in 10 seconds.

Following the precedent set a few years ago, when the honoree degree of LL. D. was conferred upon the then Premier, the Hon. James E. Plummer, the University of New Brunswick is today about to gather the Hon. Walter H. Foster into the ranks of distinguished men whom it has delighted to honor in this way. At least it must be admitted that Mr. Foster has done quite as much to deserve the honor as most other recipients of it.

The Lloyd George Government will not resign as a consequence of the adverse vote in the House of Commons on Tuesday evening. While it is true, as has been pointed out, that incidents, equally or more and unimportant on

Tuesday's vote have upset Government in the past, there does not seem, on the face of things, to be any reason why the Government should go out in this instance. Evidently Mr. Lloyd George does not regard his work as done at present, and he looks to stay and finish it. Moreover, it is doubtful if England has another man quite as capable as he is to finish it, if he did lay it down, Mr. Asquith could not, and Lord Balfour probably would not.

WHAT OTHERS SAY

Modern Adventure (London Daily Mail.) The world may not be so exciting a place as it was to the Elizabethan adventurers, but it still contains many blank spots. If there are no longer empires to found, there are secrets to be unravelled. And in proportion as scientific knowledge has advanced, so has the significance of new discoveries become greater. Anybody who can give us new and authentic facts about the world is performing a public service which may always turn out to be of definite value to humanity.

Much Money (Los Angeles Times.) In connection with the printing of the new 100,000,000 ruble notes by the Russian Soviet the statement is made that in the last five years Russia has issued paper money to the extent of eighteen trillions of rubles. If this were good money it would represent more than all the coinage of all the world since the creation. As it is it has only the backing of a gold reserve said to amount to less than \$15,000,000 of the real stuff. The Soviet money as it stands is not even a good grade of wall paper.

Canada's Pledged Word (Providence Journal.) The Dominion of Canada has had no difficulty in attracting Americans with securities paying five per cent. The Canadians have a reputation for keeping their agreements in letter and spirit. Germany and Russia are not in the Canada class, though once ranking among nations of the highest repute. Who can have faith in the sincerity of Lenin and Trotsky, or the responsibility of the Soviet Government? As for Germany, the spirit that has repudiated pledges as "scraps of paper" is not calculated to inspire confidence.

Drawbacks of Democracy (The Englishman, Calcutta.) One of the most crucial facts about a democratic system of Government is that it deprives practical men and men of action of power and places it in the hands of literary persons and gentlemen with fluent tongues. Where votes have to be won from ignorant masses, people whose time has been devoted to striving with the instant needs of the day or who are engaged in solving administrative and executive problems involving a great expenditure of energy find themselves out-argued and outplayed by the others who have nothing more to consider than the means of awaking emotion in an unthinking mob.

Look for Better Times (Johnnesburg Star.) All the conditions favorable to progress are to be found in South Africa. What is required is a good start on an adequate scale. A substantial Government loan would give the Union that start and probably set private enterprises moving more vigorously than well. And when we get the machinery running again there should be no difficulty in keeping it going. Sitting down and waiting for better times will not help South Africa. What we have got to do is to start out and look for better times. Will the Government give the country a lead? South Africa's credit is high and if any money the Government needs will be put up without difficulty overseas.

Love Triumphant (London Observer.) The high cost of courtship, it seems has had its effect on the manner and nature of love-making. The modern swain, afflicted by the expense of doing too long an attendance on the object of his desire, hurries up matters and begs for a wedding day at the earliest possible moment. Many a married man would say that this is the last way to a cynical digestion. What is more to the point is the suggestion that these hurried modern courtships have a romantic and tender atmosphere which surrounded the loves of our mothers and grandmothers. It is a needless alarm. The power of that greatest of all human motives, love, remains changeless, whatever the age or the climate.

FIFTIETH ANNIVERSARY OF THE CHURCH OF THE ASCENSION CELEBRATED AT APOHAQUI

Parishioners Carried Back in Thought to the Commencement of Their Church History, Which Dates to 1840, When the First Church Was Consecrated by the Lord Bishop of Nova Scotia.

Apoquiqui, May 16.—During the recent days parishioners of the "Church of Ascension" have been carried back in thought to the commencement of their church history, which dates back to 1840 when on the 14th day of September of that year, their first church was consecrated by the Lord Bishop of Nova Scotia, and received the name, St. John Church.

Previous to that time, the forefathers of this hamlet and surrounding country were obliged to journey to Upper Saussex to attend their worship, a distance of seven miles, some on horseback, while many went just on foot.

Seeing the pressing need of a "House of God" a number of the faithful conferred with another, which resulted in the decision to draw up a petition having as its purpose the erection of a church, the ancient document reading as follows:

Mar. 22nd 1838 "A purpose, at or near the mouth of the Millstream and not far from the house of Mr. Williams Fairweather, write under and promise to conform to the following rules and regulations. 1st.—As soon as a sufficient number of subscribers say twenty shall be obtained, a meeting shall be had, at some suitable place hereafter to be named, at which time a treasurer shall be appointed whose business it shall be to receive all monies which shall be contributed for the above object.

2nd.—Every subscriber agrees and promises to pay into the hand of the treasurer two shillings and six pence every three months or quarterly, it being ten shillings annually. 3rdly.—The receiving person shall be appointed Trustees by the subscribers whose business it shall be to receive all monies from the Treasurer and let it be on interest delivering it into the hand of some safe persons as often as a favorable opportunity shall offer.

4thly.—If any subscriber shall wish to withdraw his name from the subscription list and cease being a member of the apostion such person shall signify his intention at his payment of the last quarterly due, and shall forfeit whatever he may have already paid. 5thly.—If it should so happen that the money so paid into the hand of the Treasurer should not be appropriated for the erecting of a church, then such subscriber shall receive his money back with the interest it shall have accumulated. 6thly.—And shall signify their wish to the trustee, the trustee shall call such meeting giving ten days notice.

FREE AT LAST OF KIDNEY TROUBLE

"Fruit-a-tives" Brought Her Health and Strength

624 Champlain St. Montreal "For 3 years, I suffered constantly from Kidney Disease and Liver Trouble. My health was miserable and nothing in the way of ordinary medicine did me any good. Then I started to use "Fruit-a-tives" and the effect was remarkable. All the pains, headaches, indigestion and constipation were relieved and once more I was well. All who suffer from such troubles should take "Fruit-a-tives". Madam HORMIDAS POISY. 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

The sun shone bright and the day was decidedly summer-like and the parishioners of many outside friends brought with them their picnic baskets laden with delicious viands from which they spread a feast, which was partaken of in picnic fashion among the beautiful trees which then were round about the place. An offering of \$205 was given at that ancient service, which cannot be acceptable in defraying the expenses of the building operations.

Rev. Charles Medley was for many years rector, until his health failed, having been stricken with a malignant cancerous growth to which he finally succumbed, mourned by all classes and creeds. A memorial tablet is placed in the church in memory and a substantial church hall was erected just across the way, bearing the name "Medley Memorial Hall."

On Tuesday evening, May 15th, the fiftieth anniversary of the opening of the "Church of Ascension" was celebrated with imposing ceremonies. His Lordship Bishop of Nova Scotia, rector, Rev. Canon Sheehan, who has greatly endeared himself to his people, during his incumbency of several years and formerly of this place. Another beautiful window was placed in memory of the late Robert Sharp and his infant granddaughter, Helena Augusta Sharp. Two memorial windows also look the westward and are in memory of the blessed Apostles St. Paul and St. Peter, while in the vestry still another beautiful colored window is placed in memory of the master builder of the late Reuben Flewelling. The pipe organ of ancient design still retains its tones of wonderful sweetness, and was priced at \$2,100 fifty years ago, when imported from England and given to the church as a present from the late Bishop Medley.

The chancel is handsomely appointed and before the altar a beautiful rug of rare design is laid, it being a gift from Bishop Kingdom, around which is surrounded a unique story, running thus: When leaving the Motherland the Bishop was presented with the handsome rug by several ladies who wished him to place it in the church which he considered to be the most scrupulously clean, and since it found its resting place in the "Church of Ascension," it brings with it a rare compliment to those who at that time overlooked the care of the edifice.

On May 14th, 1872, Ascension Day, the present "Church of Ascension" was consecrated to the worship of God. The service was appointed for 10 o'clock in the morning, and long ere that hour the crowds came from every direction in varied ways thronging the church to the doors. The late Bishop Medley led the procession of clergymen numbering seventeen, who marched up the aisles singing "Onward Christian Soldiers" and took their place in the chancel.

The late Rev. Cuthbert Willis took the service and Bishop Medley preached the dedicatory sermon to the large and devout assemblage, of which practically all who joined in that impressive service have passed beyond the veil. On the day of the memorable service, fifty years ago.

GERMANS TRYING TO SHIFT BLAME UPON AUSTRIA

Evidence Brought Out in Kurt Eisner Label Case to That Effect.

Berlin, May 17.—The German Government public opinion have organized a big-scale campaign against the charge of German guilt for the world war, using the verdict just rendered in the Kurt Eisner label case as a basis. The jury, as expected, acquitted the three editors who attacked the assassinated Bavarian premier and secretary of state, from falsifiers of documents from the Bavarian archives, published by Eisner just after the armistice, to show that the German Government had been misled by the contents of the Austrian ultimatum to Serbia in advance and that the German Government was misled, being surprised as it contained in the German white books by the ultimatum's nature—had exerted its influence to bring the backs of the Vienna statesmen.

Testimony showed that Eisner cut from the documents various references indicating that the German Government tried to localise the conflict and at a late stage of pre-war preparation recommended moderation to the Austrians. It also showed one of Eisner's motives was the belief that full admission of the sole guilt of the old imperial Government would secure easier terms from the peace conference for Republican Germany. However, to explain away satisfactorily Count Hertling's alleged pre-knowledge of the Austrian ultimatum and a letter from the Bavarian mission at Berlin suggesting on what lines Count Hertling should supply a diplomatic denial of this pre-knowledge so as to prevent the official German contention that the Hapsburg representatives were solely responsible for the ultimatum's terms and that Germany was an innocent second and ally.

Leading parties in the Bavarian Diet already have introduced an interpellation asking the Bavarian Government to concert measures with the Federal Government to communicate the results of the trial to the Governments of the world and to organize worldwide propaganda to impress public opinion everywhere that "Germany not only did not seek war, but tried to limit it to Austria-Hungary and Serbia." The interpellation suggests that the results of the trial be used as a basis of appeal for a revision of the Versailles treaty. Simultaneously the German press of all shades except the Communist published articles in a similar vein with one accord and evidently common inspiration.

Brown Your Hair With "Brownatone"

Give the Natural Beauty of Your Face a Chance. SEND FOR TRIAL PACKAGE. Every woman knows that a pretty face loses its beauty when framed by faded, gray, streaked or bleached hair. "Brownatone is My Best Friend." "Brownatone" will tint your streaked, faded or bleached hair to any shade of rich, soft brown, or gloss black if preferred, and take ten years off your looks. "Brownatone" cannot be detected with wet rub or wash off, is odorless, and greaseless. Absolutely Harmless. This safe and harmless preparation is used and endorsed by thousands of women in business and in society. Apply it yourself with comb or brush. The results will delight you. Guaranteed safe and free from lead, sulphur, silver, mercury, zinc, ammonia, or coal tar products. Used for switches same as for growing hair. Two sizes, 50c and \$1.50. Brownatone is sold and recommended in St. John by Watson's Stores and other leading dealers. Get the genuine.

NEW ANTI-BOYCOTT MOVEMENT LAUNCHED

Belfast, May 16.—A new anti-boycott has been launched in Belfast by a body styled "The Ulster Trades Defence Association." The organization has issued a manifesto complaining that the Provisional Government in Ireland has failed to deal with "the wanton destruction and looting of Ulster goods" entering Great Britain and Ireland. After reciting constant alleged acts of hostility toward Ulster, the manifesto says: "Are we to stand with folded arms and make no attempt to defend our interests? The South is determined to ruin your trade. Show it you can play that game. Refuse to buy Southern goods as the South refuses to buy yours."

Germany Willing To Help Prevent Flight of Capital

Berlin, May 17.—The beginning of the last hour effort to avert military action on the part of France against Germany after May 31, was the expression employed by a high official here yesterday referring to the arrival of Dr. Andrew Hermes, the Finance Minister, in Paris, where he intends to discuss the reparations question with the allied Reparation Commission. Dr. Hermes is an ideal man for those negotiations, being less egotistical than Dr. Walter Rathenau, a practical economist of distinction and a fluent English speaker. "Wait and see" was the answer which he gave to French journalists who met him in Paris and asked whether he had brought with him any definite, concrete proposals to enable Germany to meet her reparations obligations. The Christian Science Monitor correspondent can definitely state that Dr. Hermes took no concrete plan with him to Paris. He feels that the situation requires discussion, not presentation, by German statesmen of "plans" of a kind which have hitherto been contemptuously "turned down" by allied experts. Dr. Hermes, therefore, today will inform the Reparation Commission that Germany cannot impose any additional direct taxation. 2. The German Government is prepared to increase its turnover and sugar taxes. 3. That the German Treasury has recently received a huge windfall in the shape of 35,000,000,000 paper marks, derived from direct taxation above the estimated yield. 4. Germany is willing to co-operate with other countries in an effort to prevent the so-called flight of capital. 5. If an adequate international loan is conceded her, Germany is prepared to pledge her state railways to borrowers and call on her big iron and coal kings, export houses, manufacturers and agricultural landholders to guarantee interest on such a loan. The general reparations situation is viewed hopefully here.

Well-known Glove Manufacturer Tells of His Remarkable Experience With Dr. Chase's Nerve Food

MR. HERBERT STREET COWAN, President and General Manager of the Craig-Cowan Co., Ltd., Glove Manufacturers, 154 Pearl St., Toronto, writes: "About ten years ago, at the age of 37, I had a stroke, as a result of which I have been partially paralyzed ever since. "In fact, it has afforded me a great deal of pleasure to recommend the use of Dr. Chase's Nerve Food to my friends, and to observe the way in which they have been benefited by its use. As a result of the large number of cases I have observed, as well as my own remarkable experience, I feel that I can speak with some authority." "About seven years ago I began to use Dr. Chase's Nerve Food, and have used it at intervals ever since. It

Copper Shares Came Int. Their Own On New York Exchange

Overshadowed All Other Issues as Foremost Feature of the Stock Market.

New York, May 17.—For the first time in several years copper shares today overshadowed all other issues as the foremost feature of the stock market. Their rise of 1 to 5 points on every extensive transaction was attributed to improved conditions in the metal industry and probable mergers.

According to disinterested observers, however, the strength of metals was mainly due to the concerted efforts of professional investors. Predictions of an early rise in refined copper to 14 cents per pound were freely made in trade circles.

Speculative interest in steel stocks was revived on news that leading manufacturers had been invited to Washington to discuss present and future trade conditions with the administration.

Steels had their inning when Midvale rose an extreme of 6 1/2 points and closed at a net gain of 4 5/8 as the result of unconfirmed reports to the effect that the company would be absorbed by Bethlehem.

Republic and Republic Steels, as well as several others of that group also closed one to three points higher, but Bethlehem was relatively heavy and United States and Lackawanna steels finished at moderate losses.

Oils, motors and equipments, as represented chiefly by Mexican Petroleum, Standard Oil, and International Harvester contributed substantially to the market's constructive side, Harvester gaining 5 1/2 points.

United Drug was strongest of the inactive specialties at a gain of 6 points. Secondary issues dominated the rails until well toward the finish, when Reading and Canadian Pacific were in process of accumulation with Rock Island, New Haven, St. Paul and Baltimore and Ohio. Sales amounted to 1,575,000 shares.

Montreal Trading Under Control Of Bull Market

Brazilian Was the Leader, Its Transactions Representing Half Day's Trade—Gains Doubled Losses.

Montreal, May 17.—Trading in listed securities on the local stock exchange today took on a resemblance to the real bull market of April with a turnover approaching the thirty thousand share mark. The feature was Brazilian with trading representing half the day's sales. Gains almost doubled losses and eight new highs were established.

Brazilian closed at 49 for a net gain of 3 1/4 points, after a turnover of 14,170 shares. This new high was accompanied by Canada Cement up one to 6 1/2; Canada Forgings up 2 1/2; at 42 1/2; Carriage Factories with the best gain of the day, namely, four points at 12; Illinois Traction up 3 1/4 at 34 1/4; Olivie preferred up 1 at 1 1/2; and Steel of Canada reaching 7 1/2 and Wabasco Cotton climbing to 70 1/8.

Other stocks that were strong took in Dominion Canners up 2 1/2 points to 35 and National Breweries which advanced 1 3/4 points to 56 3/4.

The greatest loss of the day was in Klondike preferred which was off 4 points at 15 and in which only 26 shares were sold. Other losses included Abitibi of 1 1/2; Laurentide of 1 1/2; Canada Steamship preferred off a point.

In the bond market the features were Winnipeg Electric bonds which reached a new low at 89; and Montreal Train debentures up to a new high at 80.

Total sales, listed 28,273; bonds 121,850.

ITALIANS AND JUGO-SLAVS HOLD NEW "CONFERENCE OF RAPALLO"

Settlement of Fiuman and Dalmatian Questions raising from Treaty of November, 1920, is its Object.

Rome, April 24.—(By Mail)—Although political problems have been excluded from the purview of the Rapallo Conference, despite the attempts of the Russian delegates to drag in Montenegro, Turkey, Rumania and Jugoslavia, the Italian and Yugoslav leaders have wisely taken the opportunity of the Conference to negotiate privately at Santa Margherita Ligure, 17 miles away, about existing difficulties arising out of the Treaty of Rapallo, of November, 1920.

These difficulties are mainly four: the non-evacuation of the Italian troops from the third and last Dalmatian zone, that adjoining the territory of Zara; the economic straits in which Zara finds itself since it was cut off from the rest of Dalmatia; the delimitation of the frontier in the Julian Alps and the assignment of various rocks in the Adriatic to the respective claimants; and the settlement of the ownership of the ownership of the smaller harbor, Pola Barosa, and of the delta of the River Enco, which has changed its bed.

The responsible persons on both sides, and also the Fiuman shopkeepers, are sincerely anxious for a settlement, for the continuance of the existing situation is dangerous to the trade of Fiume. That once flourishing port of Hungary has become a blank expanse of water; no crane hoists on its grass-grown quays; no smoke of no steamer rises to the azure of its southern sky; no lucrative wood trade with the Slavonic hinterland brings money into the town, as in the days when Clemens Lever wrote his novel about Fiume.

Series of Faction Fights. Life has been for the last two years a series of faction fights for power between the leading men of this small city, much as it was in the ancient city republic of Greece and the medieval communities of Italy.

As in both cases, the leader of the beaten party—in that of Fiume, Mr. Zanella—has been driven to take refuge abroad, whence he plots against his successful rival. Meanwhile, the two neighboring states, Italy and Jugoslavia, stand in an attitude of official correctness, but may at any moment prove unable to restrain their too zealous irregulars.

It is a further incentive to a mutual agreement is the appeal made to Great Britain and France by the Jugoslavs, who have already led to a question about Fiume in the House of Commons. All these considerations, political, commercial, local, tend toward a settlement. Port Barosa, however, presents a difficulty.

Stefano Strozzi, then Italian Minister of Foreign Affairs, while at Rapallo in November, 1920, promised in a secret letter (according to the Jugoslavs) to cede to them the smaller harbor.

However, indeed two different versions of Count Strozzi's action were current in Rome, but it seems now as if there had been such a letter. Mr. Zanella, however, has already led to a question about Fiume in the House of Commons.

Both the German and the Polish representatives asked the treaty eliminated any possibility there might have been of a European war over this long-standing controversy.

The agreement, longer than the Treaty of Versailles and containing 601 articles, was negotiated under the auspices of the League and covers detailed arrangements for disposal of all problems connected with the railways, water, electrical and coal supplies and postal and legal questions, for the next fifteen years.

The League circles the settlement is regarded as the most important adjustment of a European controversy since the signing of the Treaty of Versailles.

The upper Silesian agreement follows six months' work under the chairmanship of Felix Calonder, one-time President of Switzerland, who was appointed arbitrator by the League of Nations. Although the conference several times was on the verge of breaking up without an agreement, he never had occasion to use his authority, from which there would have been no appeal.

Prices Inclined To Be Easier On Winnipeg Market

Following Weak Opening May Worked Lower But Fluctuations Were Not Large.

Winnipeg, May 17.—Prices were again inclined to be easier on the local wheat market today and on a quiet market a very ordinary trade was carried on. Following a weaker opening May gradually worked lower but fluctuations were not large. July dropped to 1.59 5/8, but recovered slightly later. October was steady around opening figures 1.26 1/2 to 1.26 7/8. The close was 7-8 to 1 1/4 cent lower.

Vessels agents reported a very dull trade with only a very limited volume of business available. The grain trade as a whole appears to be in a very conservative frame of mind.

The action of May wheat continues to be a governing influence in the situation, a further delay in seeding operations will result from rains in Manitoba and Saskatchewan over night.

The coarse grains were very dull and appeared to be merely governed by the action of the wheat market. There was no urgency to the cash markets with only a fair trade reported. Number 1 northern wheat was fairly steady at 1-4 cent over yesterday's price and there was a fair demand for lower grades.

A poor demand exists for cash coarse grains, with barley continuing to go into the clearing house.

Inspections totalled 384 cars, of which 216 were wheat. Close: Wheat, May 1.42 7-8; July 1.39 3/4; October 1.26 bid.

Oats, May 55 1-4; July 53 7-8; October 49 1-4 bid.

Barley, May 69 1-2 bid; July 70 5-8; October 65 1-2 asked.

Cash Prices: No 1 hard 1.47 3-4; No 1 Northern 1.47 1-8; No 2 Northern 1.43 1-8; No 3, 1.35 7-8; No 4, 1.24 1-4; No 5, 1.11 3-4; No 6 97 3-4; No 7 84 3-4; track 1.46 1-4.

Oats, No 2 cw 55 1-4; No 3, and extra feed 52 1-4; No 1 feed 60 1-4; No 2 feed 47 3-4; rejected 45 1-4; track 55 1-4.

Barley, No 3, cw 69 1-2; No 4, 67; rejected 63 1-2; feed 61 1-2; track 69 1-2.

Raw Sugar Market Remains Steady. Undertone Was Steady and Prices at Midday Were Unchanged.

Toronto Board Of Trade Quotations. Toronto, May 17.—Today's grain quotations on the Toronto Board of Trade were as follows:

Manitoba wheat No. 1 Northern 1.54 1/2; No. 2 Manitoba 1.50 1/2; No. 2 Northern 1.43 1/2; No. 4, wheat not quoted.

Manitoba oats, No. 2, c.w. 61 1/2; No. 3, c.w. 58 1/2; extra No. 1, 69 1/2.

Material Advances In Wheat Prices On Chicago Board

Trades Dealt in Called for May Delivery—Coarse Grain Declining.

Chicago, May 17.—Although during much of the time today wheat showed a material advance in price for May delivery, the market taken as a whole averaged lower. Re-selling on the part of foreigners was a bearish factor. The close was unsettled at the same as yesterday's finish to 1 3/4.

Corn lost 1-4 to 1-5 to 3-4 and oats 1-8 to 1-4 to 3-8 to 1-2 cent. In provisions the outcome varied from 6 cents decline to a rise of 5 cents.

Wheat—May 1.45 1/2; July 1.27 1-8; September 1.20 1-2.

Corn—May 61 1-2; July 54 1-2; September 47.

Oats—May 23 1-8; July 20 1-8; September 18 1-8.

Port—May 22.05.

Lard—July 11.60; September 11.92.

Ribs—July 61.95; September 11.95.

Effective May 21st from Montreal, Toronto and Vancouver, the Trans-Canada Limited train service will be re-established by the Canadian Pacific Railway Company.

This splendid train, carrying standard sleeping car equipment only and making the fastest time between terminals of any transcontinental in America, leaves Montreal, Windsor street station at 5.00 p.m., and Toronto, Union station, at 9.00 p.m., Eastern Standard Time, daily, consuming 33 hours between Toronto and Vancouver, and 92 hours between Montreal and Vancouver, also reaching Winnipeg in 41, Regina in 61 and Calgary in 85 hours.

The schedules are so arranged that train passes through all important points (commercial or tourist) at most convenient hours for entraining or detrainment, and during the portion of the trip through the Canadian Rockies, open observation cars from Field to Revelstoke are special feature. There is no extra charge made for this feature by Canadian Pacific.

Although this is the only deluxe train run in Canada, in which sleeping car passengers only are carried, there is no special fare required to travel on same.

With the resumption of the full summer transcontinental service, the Canadian Pacific will have at 5.00 a.m. every day, thirty-six transcontinental trains moving on its rails at various points between Montreal and Vancouver, among which are included eight "Trans-Canada" trains—all of this vast fleet of trains the Trans-Canada is the "Premier Train."

WOMEN'S COUNCIL MEETS IN HOLLAND

Many Foreign Delegates Expected to Attend.

The Hague, May 17—The International Women's Council, organized in thirty countries will hold a general board meeting at The Hague today.

At least 150 foreign delegates are expected.

The council this week will be officially received by the Queen.

At Friday's meeting of the Netherlands section of the inter-parliamentary union to elect members to the Second Chamber, M. Koolen and M. Raaijers were chosen as representatives to the inter-parliamentary council.

The Second Chamber has sanctioned changes in the Labor Bill, allowing a working week of 48 hours instead of 45. The Minister of Finance, M. Degeer, has informed Parliament that the Government desires to reduce the wages of state-paid officers.

Two crowded meetings were held at The Hague by the state-aided officers to protest.

A general deficit of the Dutch budget estimates for the year 1922-23 amounts to 200,000,000 guilders.

The ordinary expenses are 113,000,000, and the extraordinary expenses are 100,000,000 guilders.

Weddings

Magerman-Parker

Special to The Standard, Fredericton, N. B., May 17—Miss Minna B. Parker, daughter of Mrs. George Parker, Fredericton, and Byron W. Magerman, formerly of Millville, but now of Fredericton were married this afternoon at the Brunswick Street Baptist Parsonage, Rev. C. C. Warren performed the ceremony.

The bride wore a tailored suit of navy blue tulle, ermine choker, black mohair hat with French carriage bonnet. Her sister, Mrs. Harry Walker, was matron of honor. Her brother, Charles Parker, was groomsmen. They left this afternoon to spend the honeymoon at St. Stephen and places in Maine. They will reside in George Street, this city.

Obituary

Mrs. Jane Colgan.

There will be many who will regret to learn of the death of Mrs. Jane Colgan, widow of David Colgan, which occurred at her home, 182 Rockland road, at an early hour yesterday morning.

Mrs. Colgan was the wife of the late David Colgan, who was a well-known resident of this city for many years, having contracted plural pneumonia. She was a woman of sterling qualities and beloved by all who knew her.

She leaves to mourn her sad loss two sons, R. P. Colgan and David, six daughters, Mrs. F. B. Corbett, Misses Mary, Harriet, Elizabeth, Edith and Christina, and two sisters, Mrs. Bridget Borden and Mrs. Margaret Thornton of Brooklyn, N. Y.

Mrs. Colgan was a sister of the late Edward Bernard Colgan, well known stevedores of this port. The funeral will be held on Friday morning at 9.15 from her late residence to Holy Trinity Church.

Mrs. Mary Rooney.

The death of Mary, widow of Daniel Rooney, occurred at her residence, 44 Smythe street, on May 16. She is survived by two daughters and one sister, also five grandchildren, three boys and two girls. The daughters are: Mrs. F. Kirk and Miss Alice, both of this city, and the sister is Mrs. Margaret O'Connor, also of this city. Friends will be sorry to learn of her death.

Thomas McMaster.

Moncton, N. B., May 17—The death of Mr. Thomas McMaster, of Hardwick, New Brunswick, and father of Miss McMaster, Superintendent of the Moncton Hospital, occurred in the Moncton Hospital last night following an operation. Mr. McMaster was a well-known resident of Hardwick where he had resided for many years being very highly respected. He was born at Hardwick, N. B., 1855, and was consequently 67 years of age.

Deceased is survived by his wife, two sons and three daughters. The sons are John R. and Leonard, both of Hardwick. The daughters are Miss Aena J. McMaster, Superintendent of the Moncton Hospital; Mrs. J. R. McMaster, of Hardwick, N. B., and Mrs. J. E. B. Williston, of Newcaston.

The remains were taken to Hardwick this morning for burial. Miss McMaster accompanied the body.

Funerals

The funeral of Mrs. Richard Wagner was held yesterday afternoon from her late residence, Land's End, Kings Co., at 2 o'clock at the residence of her son, Rev. Mr. Nichols conducted service.

Twenty-one, including four young ladies who will receive their B. A. degrees. Of the seventeen male members, seven receive their B. A. degrees, making a total of eleven Arts graduates, an unusually large percentage; six will receive their B. Sc. degrees in electrical engineering, one B. Sc. degree in civil engineering.

One Master of Science degree is to be conferred, the recipient being Ian N. M. McLaren who graduated with a B. Sc. degree with the class of 1920, and who has since been engaged in the manufacture of explosives in the province of Quebec.

The announcement of the Associated Alumni of the University is to be held this evening, when it is expected that some recommendations will be made in connection with the conferring of honorary degrees. William Channing Cushing, who is to deliver the alumni oration tomorrow, arrived today, and it is probable that he will be selected as one of the most distinguished graduates of the University in the scientific field to receive an honorary degree.

Premier Walter B. Foster, of St. John, will receive an honorary degree of LL. D., and will address the graduating class tomorrow.

The pre-nuptial activities have already commenced and a number of graduates and friends are gathering in the city for tomorrow's exercises. This afternoon Chancellor and Mrs. C. C. Jones are entertaining the members of the graduating class at an An Home.

Last evening the sophomore celebration known as the "Burning of Anna" was carried out with all due ceremony. "B. A. Weeks, St. John, was the master of ceremonies and delivered a masterly oration on this occasion.

The announcement of the awards of the various prizes which was made this morning by Chancellor C. C. Jones shows that Russell B. Shieldrick, of Moncton, has won the Douglas Gold Medal for the best English essay on the subject "The Effect of Confederation on the Economic and Political Development of New Brunswick," and also the Governor General's Gold Medal for the highest aggregate of marks in fourth year arts. Mr. Shieldrick has won the 1922 valedictory Alumni Gold Medal and the Brydone Jack Memorial scholarship.

The Sir Frederick Williams-Taylor gold medal has been won by Harrison H. Trimble, Hampton. At the request of Sir Frederick, commencing next year, this medal will not be awarded to the same student athlete for two consecutive years, although it may be won this medal by the same athlete trible won this medal yesterday for the third consecutive year.

The special prizes for second year civil engineering given by C. McE. Steeves of Fredericton, has been won by Howard G. Rogers, Woodstock, and the special prizes of books for first year civil engineering won by Randolph B. Lutz, Moncton, has been donated by the parents of John I. Morrison, who was killed in action with the C.B.F. Mr. and Mrs. Morrison reside in St. John.

THE WEATHER

Toronto, May 17.—Pressure is highest in the Maritime Provinces and moderate depressions are centred in Tennessee and Minnesota. Showers have occurred today in Manitoba and over portions of Ontario; elsewhere the weather has been fine.

AROUND THE CITY

NEW POLICE OFFICER. Herbert James Kilpatrick was sworn in yesterday morning as city policeman to take the place of Policeman Corbett. It is expected that the new man will go on duty immediately.

LATE FOR WORK. Some one hundred suburbanites, living between the city and Hampton, were an hour late for work yesterday morning, as the Halifax train which has been making stops, was running forty minutes late and did not make any stops between Hampton and the city, and they had to come in on the Sussex.

HEARING POSTPONED. The special meeting of the Public Utilities Commission, called for yesterday, to take up the matter of long distance connection between the Cambridge Farmers' Rural Telephone Co. and the New Brunswick Telephone Co., was postponed until May 26, at Hon. J. E. M. Baster, solicitor for N. B. Telephone Co., was unable to attend.

BOGUS INSPECTORS. Commissioner Thornton yesterday announced that he had been informed that a man or men had been calling on citizens and posing as electrical inspectors and demanding a fee for inspections. He called attention to the fact that the city inspectors had badges which should be shown to the household.

SALVATION ARMY TAG DAY. The tag day for the Salvation Army on Saturday proved most successful. The total receipts amounted to \$1241. The army officials are very grateful for the generous response from the citizens, also to the ladies under the general sponsorship of Mrs. S. K. Smith who were responsible for the success. The committee worked hard and cars were loaned for the day by Mrs. Chris Williams, Mrs. Thos. Bullock and H. P. Whitlock.

WELLINGTON ROW TREES. Several young trees have been set at Wellington Row under the direction of the city's arboriculturist to replace those which were planted some few years ago, but were unable to adopt themselves to the conditions they were called upon to face. About a third of the trees originally planted on the Row have since died, others are leading a more or less precarious existence, while two or three are enjoying a vigorous and flourishing growth.

THE AMBULANCE CALLED. The ambulance was called at about eight o'clock last evening to remove a newlywed, Geoffrey Meddler, who suffered a weak spell on Church street, to his home 228 Prince Edward street. The lad is said to be suffering from the effect of a blow on the head received from one of his companions some weeks ago, which has caused him to be subject to fits of weakness and headaches since. He was affected by a similar attack on Charlottis street a short while ago.

FAIRVILLE BAPTIST ROLL CALL SERVICE. Address of Evening Delivered by Rev. D. J. MacPherson, of Sussex—Special Music.

A large attendance characterized the roll call service, conducted last evening, in the Fairville Baptist Church, by the pastor, Rev. O. T. Clark. The roll of members was called, and a great many responded. The address of the evening was given by Rev. D. J. MacPherson, of Sussex, formerly pastor of the Central Baptist Church in this city.

MEMORIAL FOR THOSE WHO PAID SUPREME SACRIFICE DURING WAR

Meeting Called by Municipal Chapter I. O. D. E. Largely Attended—Decided That Civic Memorial Be Erected—Style of Monument and Place of Erection Left to Committee.

Thanks to the initiative and energy of the Imperial Order of the Daughters of the Empire, St. John is likely in the near future, to have a suitable memorial to the men and women from this city who laid down their lives in the great war, and at a meeting held last evening in the Board of Trade rooms it was made abundantly clear that the majority wanted a memorial "sole and simple," as it was expressed by Canon Armstrong, and not something of a utilitarian nature.

The meeting was called by the Municipal Chapter of the I. O. D. E., and all citizens were invited to attend. The room was filled by an interested audience, and after some discussion it was decided by a unanimous vote that a civic memorial to those who had fallen should be erected. The style of the monument and place of erection were left to a committee of gather information as to cost, etc., and report back to a general meeting to be called when they were ready with this information.

Annual Meeting Held Yesterday. Committees Appointed by N. B. Protestant Orphans' Home Directors—Consolidation of Orphanages Discussed.

The annual meeting of the directors of the New Brunswick Protestant Orphans' Home was held yesterday afternoon at the B&E Rooms, 200 King street. The president, D. C. Clark, in the chair. There was a full attendance of the directors, including several new members, who were elected at the annual general meeting held last week.

The minutes of the annual general meeting were read by Dr. W. S. Morrison, secretary, after which the election of officers was held, resulting as follows:—D. C. Clark, president; Mrs. F. W. Murray, vice-president; Dr. W. S. Morrison, secretary; H. C. Rankine, treasurer; P. F. Blanchet, auditor.

The president appointed the following committees:—Finance committee—W. H. Golding, R. M. Magee, H. C. Rankine, T. H. Estabrooks, J. King Kelley, L. P. D. Tilley, F. A. Kinness, J. E. Arthur. Building committee—A. L. Kelly, W. H. Campbell, J. E. Arthur. Permanent Home committee—J. A. Lilely, J. King Kelley, C. H. Peters, Judge Forbes, W. M. Campbell, H. S. Fisher, F. A. Kinness, T. H. Estabrooks.

By-laws committee—Judge Forbes, Dr. Morrison, D. C. Clark, F. A. Kinness, L. P. D. Tilley. Among other matters discussed was the question of purchasing of supplies by the tender system. T. H. Estabrooks advised against this at the present time, as it was a falling market and suggested a general distribution of patronage for the present. This was concurred in by the treasurer, H. C. Rankine, and Mrs. Murray pointed out that the Home got wholesale rates on all its purchases.

In the matter of by-laws it was reported that these were somewhat out of keeping with new conditions and the committee would try and bring about a careful revision, which would bring them up to date. T. H. Estabrooks reported that the committee appointed at the general meeting to take up the matter of amalgamation with the Wright Street Home, had held a preliminary discussion and he could see no insurmountable obstacles in the way of bringing about this merger, which was so much to be desired in view of the larger movement now on foot. Several of the directors spoke, all in favor of consolidating the Protestant Orphanage work of the province in one building.

Fred Whittaker On A Serious Charge

Evidence Heard Regarding the Passing of Bogus Cheques by the Defendant.

The principal feature of business before the police court yesterday morning was the case of Fred Whittaker, charged with obtaining money and goods under false pretences. In all four charges he was charged with passing bogus cheques on Carl J. Bassen and Louis Brazer and evidence in connection with both these charges was taken yesterday.

Mr. Bassen said that the defendant visited his store on Saturday night, and purchased several articles of wearing apparel, asking the cashier to cash a cheque in payment of the goods. A cheque for \$20.50, payable to Fred Whittaker, and signed R. J. Ross, was tendered to Mr. Bassen who accepted it and gave change amounting to \$10.38. The defendant endorsed the cheque in the presence of witnesses.

Defective Biddescombe testified that he obtained the cheque produced in court, from Mr. Bassen, and acting on information received, went to the house of Angus McDonald on Smyth street, where he found the cashier, Fred Smith, and said that he came from Toronto. He told the detective that he was a returned soldier and produced a medal and an active service badge. When the accused put on his coat the witness noticed some papers in his pocket which upon examination were found to contain the names of Fred Whittaker. The accused then admitted that that was his name.

After being placed under arrest, the defendant was searched, and five cheques, signed with different names, were found on his person. Several articles of ladies wearing apparel were also found in the house and Mrs. McDonald told the witness that the defendant had brought them there. At the central station, another search revealed an envelope containing three small circles of paper, one bearing the figure "10" and the others "20". The detective later received an envelope containing three bank notes with pieces of paper, similar to those in the other envelope, pasted on the corners. On the outside of envelope were the initials "F. W." and the figures 2008579 over "C.M.R."

In the second matter, Louis Brazer testified that the accused visited his shop on Saturday night, and asked to see a lady's coat and two lady's waists, which he took and proffered a cheque for \$34.75 in payment. Mr. Brazer accepted the cheque and gave the accused change amounting to \$21.30. The witness identified the coat and waists, which were produced in court.

Defective Biddescombe gave similar evidence as in the previous matter, and the case was postponed until this afternoon when further charges will be preferred. Two other cases engaged the attention of the court, William F. Robson pleaded guilty to a charge of doing electrical work without a permit and a fine of \$10 was struck.

Arthur Power and Walter Burke pleaded not guilty to a charge of stealing coal from the N. B. Rolling Mills and the case was set over until this morning. Two men were fined \$3 or two months in jail for drunkenness.

ONE ARREST. But one arrest, and that for drunkenness, was made by the police last evening. Clifton House, all meals, 50c. presented to the city council at an early day. The committee of the directors, who have this matter in charge have now about arrived at a definite scheme which they can place before the public, and as all the Protestant denominations have agreed to support a provincial institution, it was expected a start on the large project would be made in the very near future.
