

THE SEABOARD WEEKLY TELEGRAPH, ST. JOHN, N. B., SATURDAY, APRIL 16, 1933.

OUR COUNTRY CORRESPONDENCE

FREDERICTON.

Fredricton, N. B., April 12.—The Easter term of the Supreme Court opened this morning, presenting the full court. The following common law motions were made: Ex parte Joseph Berton—Mr. Barry, K. C. moves for rule absolute to quash conviction made before J. J. McLaughlin at Berford, Gloucester county, for violation of the liquor license act, on the ground of defective commitment. Granted.

Ex parte W. Frank Tait—Mr. G. W. Allen, K. C., moves for rule absolute to quash Scott Act convictions made against applicant by Walter Cahill, stipendiary magistrate of Seabrook. Granted.

The case started here shortly before 1 o'clock this afternoon. It moved, however, hardly ten feet before it came to a standstill. At French Village, twenty miles above town, the ice moved about 100 yards and jammed at Springhill an hour or two before the move here occurred. The water has risen about one and a half feet since yesterday.

Two more No. 4 R. C. I. soldiers are missing. They are Bagley Vidto and Ollman. Both have been absent for several days and are believed to have gone to the United States. It is only a short while since Vidto gave himself up as a deserter and served a sentence of four to ten days therefor.

William Hallett, of Hampton, will be removed to the Provincial Lunatic Asylum today. Hallett claimed to be a divine healer.

Ralph Clark, late of the Hattie Boot & Shoe Co., went to St. John today to spend a few days at his old home before proceeding to Brockton (Mass.), to accept a position with a big boot and shoe house there.

Seafarer Ward intends leaving for Ottawa next Monday. His daughter will accompany him.

Fredricton, N. B., April 12.—(Special)—Letters of incorporation have been issued by the lieutenant governor in council as follows: To Thomas McAvity, Charles J. Milligan, Harrison A. McKeown, John C. W. Robinson, of Moncton; Albert Reid McEwan of Riverside, and others as the New Brunswick Publishing Company, Limited. The principal object is to publish a newspaper in the city of St. John. The capital stock is \$25,000.

To William Pugsley, of Rothesay; John D. Chapman, of St. John; Ernest A. Tweedie, of British Columbia; Ernest A. Cleveland, of Kamloops, and George McAvity, of St. John, as the King and Queen Gold Mining Co., Ltd., with a capital stock of \$5,000.

To Walter W. White, John E. Moore, Samuel P. McLaughlin and A. P. Barnard, of St. John, as the John Mercantile Co., Ltd., with capital stock of \$80,000.

To J. Sutton Clarke, of St. George; John E. Moore, of St. John; John A. Gagnon, of St. John; Helen Clarke, of St. George, as J. Sutton Clarke Company, Ltd., with capital stock of \$100,000.

To John M. Robertson, Charles M. Robertson, Alexander A. McMichael, Jas. A. Robertson and Alex. Robertson of Moncton, who are seeking incorporation as the James Robertson Company, Ltd. The principal object is to acquire and carry on the business of James Robertson Company, Ltd. The principal place of business is to be at St. John.

Thomas Clair, Joseph Tong, Mathias Nadeau, James Clair and Richard John, of parish of Clair, Mercantile Co., Ltd., incorporation as Madawaska Lumber and Milling Co., Ltd. The object is to carry on a general lumbering and milling business at Clair Station. The capital stock is \$20,000, divided into 1,000 shares of \$20 each.

In the supreme court this morning: Royal Bank of Canada v. Jeremiah J. Hale—F. B. Carroll moves to set aside order of Judge Landry made at nisi prius on motion of A. W. Macrae.

King vs. Forbes ex parte Tios. J. Dean—Rule for certiorari granted. Next term on motion of A. W. Macrae.

King vs. Delapierre ex parte Nelson Owen et al.—H. Barry, K. C., shows cause against rule nisi; Geo. Gilbert supports rule. Court considers.

Kennedy Island Mill Co. vs. McNeeney, the first cause on the special paper, is now being argued. Trial to be held on Friday afternoon.

Edward Calder, of North Head, Grand Manan, is visiting Mr. and Mrs. John B. Chaney.

Members of young people from Deer Island attended meeting here Friday evening.

Harry Dundie, one of our popular boys, has gone to St. John to accept a position in mercantile business. The Dundie family intend moving to St. John the 1st of May.

Fairfield.

Fairfield, St. John county, March 13.—Fairfield and Basin Corner have been passing through interesting times—the first on the programme was a gathering at Basin Corner school house last week, when James V. Boyce, of Basin, was Hoppy, Alfred and George Lait, with the trustees secretary, George Smith, met and gave the school house a general clean up; a liberal supply of varnish and different colored paints and stains judiciously applied gives the school a new and neat appearance, the means to do so being the proceeds of a social given by the teacher, Miss De Boo, a few weeks ago.

On Monday afternoon John-Bain and Miss Ananda Lait were married at the Basin cottage by the Rev. Mr. Byron, Baptist pastor of the Fairfield church in the presence of a number of invited guests. After tea the party adjourned to the Temple Hall where a donation party in the interests of Mr. Byron was in progress. The bride and groom graciously attended and contributed in a substantial manner to the proceeds—the sum of \$20 was realized.

On Tuesday William Lait and Miss Hamilton, daughter of Matthew Hamilton, of Goose Creek, were united at the residence of John Bain, the same ceremony officiated as on the previous day. It had been intended that the bride and groom would be married at the same time, but owing to not securing the necessary papers a delay of one day took place.

The youths are enjoying themselves at the present time. They are all very happy and are enjoying their new homes. Verily the horn sounded every night.

Messrs. Fulmer and Jackson have moved their mill from Green Hill to the Rankine near Ten Mile Creek, where they have cut up lots of the Biggs land.

Moncton, N. B., April 14.—(Special)—Word has been received by friends here of the serious illness of City Clerk Leary. He had been on a trip west on a month's trip two weeks ago in company with Mayor Magee.

Mr. Lawson was taken ill in Vancouver. A telegram was sent to his wife and mother last night for the coast. He had been feeling unwell before leaving home, but it was not until he was in Vancouver that his illness became serious.

Hill's Creek bridge on the road leading west from Moncton has been closed down on account of its unsafe condition. It is said the government will erect a steel bridge in its place.

Amherst, N. S., April 12.—Amherst has another sensation in its hands, one which is exciting the attention of the S. P. C. A. It is alleged that John Ball has used unnecessary cruelty to his boy, a lad of eight years.

It seems that John was accused of taking from a sister twenty-five cents in cash, and as a punishment it is said, was sent to the cellar to repent and that the night before he was taken to the hospital by the board of partition only, the state of affairs was easily detected.

One lady, it is reported, called and said if the boy was not released she would report to the proper authorities. She was curtly told that the matter was none of her affair.

Last night James A. Simpson, representing the S. P. C. A., accompanied by Officers Arthur and McDonald, called at the house and demanded an opportunity to inspect, and proceeding to the cellar, found the little fellow lying on his back on a few boards with a chair back for a pillow. A meal bag was pulled up over his feet, his hands tucked outside and he was immediately released and in reply to the questions of the officers said he had been confined there from 12 o'clock Tuesday night until then, 7 o'clock Tuesday night. He had a light coat on; the cellar was dark, damp and chilly.

An information has been laid before County Stipendiary McKenzie, and it is said the case will be thoroughly investigated.

By the death of Frederick Rose, a remarkable man in the manufacturing world has passed away. For upwards of half a century he was the managing of the famous pianoforte business of John Broadwood & Sons.

Common soaps destroy the clothes and render the hands unable to perform their duties.

SUNBRIGHT SOAP REDUCES EXPENSE

Ask for the Octagon Bar

After recess the consideration of the bill for the appointment of a stipendiary magistrate in the parish of Carleton, Kent county, was continued.

Mr. Johnson said that there was no opposition in favor of the bill, and that he did not think a stipendiary was needed. He moved the postponement of the bill for three months.

Mr. Johnson said that Mr. Johnson had been consulted in all matters connected

PLANT ORCHARDS.

(Continued from page 1.)

with my colleague from Kings that it is going to an extreme limit to give power to expropriate a mill site. I think it would be desirable to amend the bill so to do complete justice to the Van Buren Company and to allow Fraser & Company to own their own mill site.

Mr. Tweedie—I think it would be very dangerous to give the right of expropriation to a private company. The difference between the parties is one merely of price, and an individual is not bound to sell his property on a matter which he has bought it, unless he gets his own price. I have a petition very largely signed by the people of St. Hilare and St. Francis in favor of this bill.

Mr. Hazen—Surely it is no important matter a matter of \$2,000 in price should not stop them.

Mr. Hazen—There is more than this. There is the title to the land which is in dispute. I have a petition very largely signed by the people of St. Hilare and St. Francis in favor of this bill.

Mr. Hazen—I think that if this work is successful it will justify the expense, because I regret to see our farmers doing so little in raising cattle or in raising stock. A great deal of Easter feed in St. John this year came from the west. This shows that there is a large market for stock raisers, which we ought to support.

Mr. Hazen—I see that the grant for agricultural works is \$1,000 more than last year, and I am glad to know that the money is to be expended in the purchase of stock.

Mr. Hazen—What exhibitions are to be held this year?

Mr. Hazen—St. John will get a grant, but there has been no decision with reference to the counties.

Mr. Hazen's Salary.

Mr. Hazen—How long is the arrangement for the payment of Mr. Hubbard's salary to last?

Mr. Hazen—It is only for year.

QUEEN OF ACTRESSES PRAISES PE-RU-NA.

with the county, but he was very difficult to please, and when pleased was very apt to change his mind.

Mr. Hazen said that he and his colleague, Mr. Goggin, in introducing this bill, had no other object in view but to further the best interests of the county.

At the suggestion of the attorney-general Mr. Johnson withdrew his motion and progress was reported.

The bills to provide for the appointment of a stipendiary magistrate in the parishes of Summers and New Brandon, and an additional magistrate in Carleton, and the bill to constitute the parishes of Clair, St. Francis and St. Hilare into a police district and to appoint a stipendiary magistrate were agreed to.

Committee on Supply.

The house went into committee on supply. Mr. Allan was in the chair. When the bills for agriculture were reached, Hon. Mr. Farris said that the department is working along steadily on the lines already laid down, and that in the near future more than 100 meetings were held during the year.

As to the salary of Mr. Hubbard, the Canadian Pacific railway desired to engage him to bring throughbred cattle into the province, and all his traveling expenses. He brought in during the year several hundred head of short horned cattle, and 500 head of Jersey cows. He was also engaged part of the time in institute work. The grant for agriculture is the same as last year.

No part of the farm pays better than the orchard. This will be seen that we are trying to carry on system of education and inducing our farmers to grow more crops on less acreage.

Mr. Hazen—I believe we can do quite as well as Nova Scotia. Apples from Quebec were shown at the Amherst fair which were quite as good as any from Nova Scotia. No part of the farm pays better than the orchard. This will be seen that we are trying to carry on system of education and inducing our farmers to grow more crops on less acreage.

Mr. Hazen—The members of the opposition seem to think I am not worth much, I am devoting my whole time to this work. I am scarcely ever home, not two days in a week.

Opposition Praises Agricultural Policy.

Mr. Grimmer—With respect to the marriage stock breeders' fair, it was a great pleasure to me to be present. I was greatly surprised and pleased, for the show was a revelation to me. If the department would make a greater effort to exploit it would have a far more wide-reaching effect. I think that if any gentleman will go there he will see that excellent work is being done. There was an excellent show of fat cattle and also of poultry and apples from Nova Scotia, and as the commissioner says, they were equal to any that came from Nova Scotia.

Mr. Hazen—I think that if this work is successful it will justify the expense, because I regret to see our farmers doing so little in raising cattle or in raising stock. A great deal of Easter feed in St. John this year came from the west. This shows that there is a large market for stock raisers, which we ought to support.

MISS JULIA MARLOWE. In a recent letter to The Peruena Medicine Co., Miss Julia Marlowe of New York City, has the following to say: "I am glad to write my endorsement of the great remedial Peruena, as a nerve tonic. I feel so much better."

Neurosis is very common among women. This condition is due to anemic nerve centers. The nerve centers are the reservoirs of nervous vitality. These centers become bloodless for want of proper nutrition. This is especially true in the spring season. Every spring a host of invalids are produced as the direct result of weak nerves. This could be easily obliterated by the use of Peruena. Peruena strikes at the root of the difficulty by correcting the deficiency. Digestion furnishes nutriment. Peruena furnishes the building material for the nerves that such people so much need. Thousands of testimonials from women in all parts of the United States are being received every year. Such unselected evidence surely proves that Peruena is without an equal as a nerve tonic and a vital invigorator.

Buy a bottle of Peruena today. If you do not receive all the benefits from Peruena that you expect, write to Dr. Hartman, Columbus, Ohio. \$10,000 forfeit if we cannot produce the original letter and signature of above testimonial which well demonstrates its full genuineness.

We Paid \$100,000 For Ligozone—Yet We Give You a 50c. Bottle Free. This Company, after testing Ligozone for two years in the most difficult germ diseases, paid \$100,000 for the rights. Ligozone is a vitalizing tonic with which no other known product can compare. Its effect is exhilarating and purifying. But it is as vegetables and Ligozone is a product of remarkable worth to humanity.

A NOVA SCOTIAN.

Governor Congdon of the Yukon is Not in Favor With the Dawson Staff.

From Dawson exchanges just to hand, says the Victoria (B. C.) Colonist of April 11, it is apparent that the relations between Governor Congdon and the Dawson staff are not very friendly.

Mount Allison Notes.

Sackville, April 12.—Prof. McKeen, of Dalhousie College, lectured before the Euboean Society Friday night on Kipling's Poetry. A large audience was present, and listened with pleasure to the scholarly effort of the visitor who was tendered a vote of thanks at the close.

ANOTHER CAPE BRETON COMPANY ORGANIZED.

Concern Has \$250,000 Capital, and Will Manufacture Iron, Steel and Brass Castings.

Sydney, N. S., April 12.—(Special)—The organization of a company to be known as the Cape Breton Iron and Steel Company, Ltd., with capital of \$250,000, was completed here today for the purpose of manufacturing iron and steel products from raw materials which materials are to be supplied by the Dominion Iron & Steel Company.

HEAD-ON COLLISION CAUSES BAD SMASHUP ON BOSTON AND MAINE.

Both Engines Wrecked and an Engineer and Fireman Seriously Hurt—Passengers Escape Injury.

Weston, Mass., April 12.—While running at a speed of forty miles an hour, the train which left Boston at 6.08 tonight, crashed into the "Marlboro" theatre train about 600 feet east of the local station on the Central Massachusetts division of the Boston & Maine railroad.

ST. JOHN COUPLE IN DIVORCE COURT.

Mrs. Harry H. Wilson Testifies to Cruelty of Her Husband.

Beat and Choked Her. Daughter Corroborates Mother and Cambridge Judge Grants Her a Decree and Alimony—Separated Pair Moved from This City 17 Years Ago; Have Two Children.

Boston, April 12.—A weeping husband, a vindictive wife, whose breast had been pierced by a blow inflicted by the husband in a moment of anger, and a young child, a girl of about 6, were in the divorce court at East Cambridge yesterday and told of their unhappy domestic life.

The respondent, Harry H. Wilson, testified that her temperaments did not agree and that his wife's charges were not well founded. He denied that he had treated his wife cruelly and went with his children turned their faces away from him.

ROYAL ARCANUM IN ANNUAL SESSION.

Amherst, N. S., April 12.—The second session of the Grand Council of the Royal Arcanum of the Maritime Provinces, was held with the Amherst and Grand Councils here yesterday, delegates being present from the different councils throughout the three provinces.

Mount Allison Notes.

Sackville, April 12.—Prof. McKeen, of Dalhousie College, lectured before the Euboean Society Friday night on Kipling's Poetry. A large audience was present, and listened with pleasure to the scholarly effort of the visitor who was tendered a vote of thanks at the close.

NO CHANGE IN STOVE PRICES.

Halifax, April 12.—At a meeting of the Halifax Stove Foundry Association here this morning, it was decided to make no change in prices for the ensuing year.

New Government Dredged.

Ottawa, April 12.—(Special)—The government dredge W. S. Fielding was successfully launched this afternoon at Sorel.

BUDGET SPEECH ENDED MONDAY

Attorney General Announces That Oil Refinery Will Soon Be Started.

OPPOSITION CRITICS.

Messrs. Fleming, Loggie and Clarke, in Lengthy Speeches, Find Fault with the Financial Condition of the Province—Factory Act Commission Agreed To.

Fredricton, April 12.—The house met at 3 o'clock.
Hon. Mr. Pugsley said that at the request of the premier he desired to call the attention of the house to the understanding arrived at the last session of the house, that no railway charter should be granted until the government had presented a statement which showed that the money of the province had been expended judiciously. I think I have also been able to show that the government is pursuing a wise and progressive policy and that while we have sufficient money for our needs and the revenue of the province is increasing, it is our duty to exercise the utmost economy.

Budget Speech Resumed.
Hon. Mr. Pugsley said: I do not intend to detain the house very long by the financial observations I have to make because I think that yesterday I went into sufficient detail with reference to the public account and the various matters contained in the budget to enable the house to form a correct idea of the financial state of the province.
There is one matter, however, in regard to which I wish to make a few remarks—the consolidation of the Statutes. It will be remembered that the legislature at its former session granted \$20,000 for the necessary work. At that time we did not know what would be the amount of the work and it is impossible to tell the number of pages that would have to be printed so that the estimate of cost was largely a guess.
The revised Statutes of 1877 cost \$22,500 and the book contained 1,123 pages, with out the index. The present revision contains 2,719 pages without the index or two and one half times as much as the former edition.

Printing Well Done, at Reasonable Cost.
This work is now completed with the exception of the index and it has been thoroughly well done. It has naturally cost much more for printing than the original estimate because of its much greater size. The index, which will be very complete, will make about 300 pages. We have found that the cost of the work will be about \$180,000 from six to eight hours a day. In addition to the proof reading which Mr. Trueman had to do, it was also part of his work to prepare the marginal notes. I feel certain that anyone who will look into this matter with a desire to do simple justice to an honest, hard-working young man will not say that he has been overpaid.

Oil Development.
I said something yesterday of the development of the oil industry, but I had not then the full particulars. I learned today that while I was correct in stating that the company proposed to erect a refinery, I should have stated that the capital for the building has been provided, that the machinery is being got ready and that in a few months the refinery will be in operation. The owners of the property seem to be well assured that the oil is there in abundance and I look with confidence to a great development in that direction, as well as large royalties to the province from oil.

KENDAL'S SPAVIN CURE
The reliable remedy for Spavin, Ringbone, Splints, Curbs, etc., and all forms of Lameness, as it does not blister.
W.A. JEFFERSON, St. John, N.B.

because if will be dealt with in supply. There is one item, however, to which I must refer—the increase in the rate for steam navigation by \$1,000. During the past year the shipping firm of Wm. Thomson & Co. have arranged to put a steamer on the route between St. John and the southern points of Nova Scotia. These points do a large business with St. John, but recently the steamer service to them has been unsatisfactory. The provincial subsidy will be in addition to a subsidy granted by the Dominion government.

People Along Rivers Entitled to Wharves.
Another item in the estimates is for public wharves—\$12,000. Heretofore these wharves have been constructed out of the appropriation for roads and bridges, but I feel that it was hardly reasonable to do this. On the St. John river and its tributaries and the waters of the North Shore and elsewhere, the wharves needed for the accommodation of the people. I have always thought it unjust that those who live on the rivers of the province should not be entitled to wharves. These are all the matters which I think it necessary to deal with at present. I desire to thank you and the house for the great patience with which you have listened to my statement of the financial affairs of the province and I am glad to present a statement which shows that the money of the province had been expended judiciously. I think I have also been able to show that the government is pursuing a wise and progressive policy and that while we have sufficient money for our needs and the revenue of the province is increasing, it is our duty to exercise the utmost economy.

Outlook Promising for Increased Revenues.
There are many other directions in which we might very well expend public money, but we are restrained by want of means. I think that we may look forward with hope and confidence to the time when the revenue of the province will be largely increased. This province of ours has a most hopeful future, and what is even more important, that the financial prosperity is the fact that our young men and women are beginning to realize that there is no country which presents greater advantages than our own. Instead of going abroad to find employment they are remaining at home and assisting to build up their native country and to promote its prosperity.

Mr. Fleming.
Mr. Fleming—I concur in the regret which has been expressed by the attorney general at the absence of the premier, for I have always listened with interest to the financial statement which he has been presenting for the past few years. I may say further that as we are all aware of the ability of the attorney general, I would not be at all surprised if he were to make an excellent financial statement. The attorney general has referred to the large increase in the territorial revenue and that the amount last year was \$10,000,000. This is a large amount, but I think that we have had a period of great prosperity in the lumber trade and therefore that the returns from stumpage and other sources will be large. But while the future is not so very bright, the lumber market is depressed and if it should remain so it might give us some trouble. I think it is a contingency which ought to be taken into consideration.

Attorney General's Department.
The attorney general justifies the large expenditure under the heading of the revision of the Statutes, but I think there is no measure of justice in his time. With the large number of men employed by him and the attorney general as well as the large number of men employed by the printer, it is not surprising that the cost of the work should be so large. I think that the printer's charges should be paid for the services of these men surely there ought to be no misarrangement of justice.

Teachers' Salaries.
Looking over the items of expenditure we find that the amount of money paid out in aid of education was \$1,000,000. This has been largely due to the decline in the number of common schools. That tells a story, the story of closed schools. Who is responsible for this? I believe it is something to do with the fact that we have not had a sufficient number of teachers. I have pointed out repeatedly that our teachers were not being properly trained and I am glad to see that the government is now taking more care but had not the practical knowledge necessary to make it perfect. There was such a difference of opinion with respect to the best way to appoint a commissioner. The government would see to it that the expense of this commission should not be large. The bill was agreed to.

Domville Wants to Make British Shilling Worth 25 Cents.
Ottawa, April 13.—(Special)—Senator Domville was asked what was the purpose of his bill to make the king's shilling a legal tender. He said it was to make it worth 25 cents, not 30 cents, and in this way immigrants arriving in the country would be protected.

That is all. Send no money. Simply sign above; I'll mail the book you need. I will arrange with a druggist near you for six bottles of

Dr. Shoop's Restorative

Take it a month at my risk. If it succeeds the cost to you is \$5. If it fails the druggist will bill the cost to me. And I leave the decision to you.

Don't Wait Until You Are Worse.
Taken in time, the suffering of this little one who has no means of cure, her mother writes me:
"Two years ago my little girl was sick continuously for three months. We tried many doctors, and they failed, yet it took more than \$500 to have her cured. She is now as healthy as ever, and she has remained cured. You can tell others of this cure if you care."
Mrs. C. E. Avery, Rockdale, N. Y.
"A pity she did not first write me, before the case was dangerous. The wife of Omer Andrus of Bayou City, La., had been sick for 30 years. For 10 years she could do practically no work. Her husband had been a doctor, but he had no means of curing her. When she first started taking Dr. Shoop's Restorative, she was so weak that she could not do more than sit up in bed. Now she is as healthy as ever, and she has remained cured. You can tell others of this cure if you care."
Mrs. G. H. Avery, Rockdale, N. Y.
"I have been suffering from a severe case of rheumatism for several years. I have tried many doctors, but they have failed to cure me. I have now been cured by Dr. Shoop's Restorative. I can now do all the work I wish to do, and I feel as well as ever. You can tell others of this cure if you care."
Mrs. J. G. Avery, Rockdale, N. Y.

DR. DANIEL HAMMERED THE GRAND TRUNK PACIFIC.

Says It Will Carry Canadian Freight to Portland, at St. John's Expense.

Ottawa, April 12.—(Special)—The debate on the Grand Trunk Pacific project was resumed today by George Taylor (Conservative) who spoke of the contract as an unprofitable one.
Mr. Casgrain (Montgomery) followed. He leaned towards government ownership and maintained that the government was forcing the Grand Trunk to build the eastern section of the line.
Mr. Lemieux (sollicitor general) in reply, said that if Mr. Casgrain had been looking after the interests of the province, he would have found that the Grand Trunk would build the eastern section of the line, but if the opportunity got in they would not do so.
He said that Quebec had contributed \$750,000 as its share for the interest of the Grand Trunk, but that the province did not complain although the road did not serve the province. He said that the province had not been consulted in the matter of the Grand Trunk Pacific project.

Dr. Daniel.
Dr. Daniel (St. John) recalled that in order to have the first transcontinental line, the C. P. R., built, the government had to offer great inducements and even had to build the line through the mountains. He said that it was tough and going through the mountains was a great feat. He said that the Grand Trunk Pacific project was a similar feat, and that the province should be prepared to support it. He said that the province should be prepared to support the Grand Trunk Pacific project, and that the province should be prepared to support the Grand Trunk Pacific project.

Extend the I. C. R.
He was of the opinion that the intercolonial under proper management could be extended to the wheat fields of the west and operated successfully. It could be made a good commercial road. If extended it could do the part that was expected of it in the development of the country. But the intercolonial was not properly managed or treated now. It was being paid to the government road in an experiment trial for carrying wheat from Depot Harbor to St. John and Halifax. During the present session the minister of railways said a statement to the house showing that as much was paid for carrying the wheat 246 miles over the Canada intercolonial. If a fair amount had been paid the I. C. R. it would have been a commercial success. He asked that chance be given to the I. C. R. He was glad to see some of the members on the government side opposed to political control.

Tyranny on I. C. R. Says the Doctor.
The member for Halifax (Dr. Russell) had objected to government ownership of the road a political machine. The I. C. R. was demoralized because of political control. No private company would exercise such tyranny over its employees as was in fact done by the I. C. R. He said that the men had been dismissed from the road because he was not present at a certain election, although he was attending the funeral of his sister. He denounced such

YOU NAME THEM?
It does not cost you anything to solve this puzzle, and if you solve it you may win a large amount of money. We will send you the money from our bank, and we will send you the money from our bank, and we will send you the money from our bank.
THE MARVELL BUILDING CO., DEPT. 1400 TORONTO, ONT.

THE SEMI-WEEKLY TELEGRAPH, ST. JOHN, N. B., SATURDAY, APRIL 16, 1904.

CARRIE NATION IN TOWN, BUT DON'T BRING THE HATCHET.

H. E. K. Whitney Arranged for Her to Come, But He's Away Now—The Strenuous Axe Wielder Will Visit the Saloons—Will Go to Fredericton to Address Legislature, if She'll Be Allowed—Some Local Incidents.

Carrie Nation, the woman of hatchet-wielding and saloon smashing fame, is in town. She hasn't brought the hatchet, though, except in the form of miniature reproductions in metal and pearl. The redoubtable Carrie came on the steamer St. Croix arriving at 5.30 o'clock Tuesday afternoon. She waited in vain for one who was to greet her, but he didn't come. Then she took a coach and drove to the King's Daughters' building Chippman Hill, hoping to secure a room there.

Carrie Nation spoke for an hour and a half, during which time the audience kept admiring order, and at the close many saloons crowded up to the platform to secure souvenirs.

When the St. Croix arrived she looked for Mr. Whitney to meet and greet her, but she had to land among strangers for her plans had gone amiss. "Four months ago I arranged with Mr. Whitney," she said, "to help him in his work here. I was to come at the first opportunity. That did not arise till last week. Being in Massachusetts I thought I'd come here, so I wrote Mr. Whitney telling him to wire me if my coming was suitable. I didn't get any word and so I came but I guess he didn't get my letter."

Her speech in Carleton. The first appearance of Mrs. Carrie A. Nation on the lecture platform in eastern Canada was a most decided success. The meeting was held Wednesday under the auspices of the Beulah Mission, and the City Hall, Carleton, where it was held, proved none too large for the people who crowded to hear her. When she came on the platform, escorted by Rev. R. W. Ferguson, who was chairman of the evening, and about half a dozen ladies prominent in the Carleton W. C. T. U., cheer after cheer went up from the audience.

A hatchet for all. I belong to the W. C. T. U., and I love that body, but there are too many in it who sit down and moan and cry "What can you do, what can you do?" Do you can do with your right hand whatever your hand finds to do, and your hand can always find a hatchet. (Wild applause.) She then told of breaking up the dives in her native state of Kansas. She remarked that in the States the ruffians, the most corrupt men were in Washington, and she inquired if the same held good here.

She then told of breaking up the dives in her native state of Kansas. She remarked that in the States the ruffians, the most corrupt men were in Washington, and she inquired if the same held good here.

making his mouth no cleaner than a spittoon—who wallows in the filthy stuff? Put him out at once. Right here in St. John I am told you have some preachers who are hypocrites. All you boys what I want you to say to these ministers. I want you to tell them that they are hypocrites, because they are not abstaining from the appearance of evil.

Visited Some Saloons. About town Wednesday Mrs. Nation visited Robert Garnet's saloon, King square. She conversed with the proprietor with her opinion of himself and his business. She expressed the belief that he never got to heaven.

Carrie's Second Day in Town. Mrs. Carrie Nation visited several saloons Wednesday accompanied by a crowd of curious followers; she spoke to a big audience in Carleton Wednesday night, then she started at 11.30 for a road house to close her day's campaign with a lecture and appeal against the maintenance of a house of the character borne by that she visited.

Big crowd out to see Mrs. Nation. She filled the York Theatre Thursday night—speaks of her excursion of Wednesday night. With short-lived smile and curt nod the rough-tongued of the temperance cause, Mrs. Carrie Nation of Kansas, faced a monster audience Thursday night in York Theatre.

Not a Loss for Words. Mrs. Nation is not at a loss for language. "I've been whipped, I've won battles, I've had my bones broken, I've lived in a prison cell, I've been accused of being mad, erratic, ignorant; I was a woman against a nation and against hell, but I've not given up the work God has commanded me to do," she cried.

Her Road-Home Visit. Mrs. Nation came near the footlights, and bent toward her auditors. "I was asked to visit a road house last night," she said slowly, and in a low tone, "and I went. I got as far as the door, but was forcibly prevented from going farther. But went near enough to see the place. I saw with the curved array of glasses and bottles. Oh, shame on you that you allow this cess-pool of wickedness to flourish at your very door.

For Infants and Children. The Kind You Have Always Bought Bears the Signature of J. C. Watson.

Obituary. Henry P. Otty. At his residence, 55 Wright street, Henry P. Otty, aged 82 years, died Tuesday. He had been ailing about a year, though his sickness took a serious turn only a few days ago, and had been rather unexpecting. Mr. Otty was a son of the late Capt. Allen Otty, R. N., and was a widower. He leaves three grandsons, Thomas Savery, rector of the Church of England First House, Wainwright; Otty Savery, barrister at Halifax, and John H. Savery, in a western bank; also one brother, John Otty, a retired civil engineer at Wainwright.

Thomas Downie. Supt. Downie, of the C. P. R., received word Tuesday from Vancouver that his brother, Thomas, was dead. The deceased held the position of trainmaster and his death resulted from an accident. A snowslide in the mountains caught a working train, and while it was traveling, and wrecked it, causing his death and that of an engineer. Mr. Downie had been with the C. P. R. many years. He was forty-nine years old.

Frank J. Wharton. Frank J. Wharton, whose telephone operator of Maine, whose admission to the Home for incurables was noted a few days ago in the afternoon papers, died today at Springfield. She leaves a husband and six children, four daughters and two sons.

Mrs. Miles Kierstead. Mrs. Miles Kierstead, of Springfield, Kings county, died at the G. F. Hospital Monday, aged thirty-nine years. Mrs. Kierstead came to the hospital some time ago to undergo an operation for a tumor. She was unable to survive the effect of the operation, and died at 10 o'clock today at Springfield. She leaves a husband and six children, four daughters and two sons.

Mrs. Wilmoit Asbell. Sussex, N. B., April 13—Hattie E., wife of Wilmoit Asbell, died at her home last night after a long and painful illness of consumption, aged thirty-one years. She leaves three small children and her husband. The funeral will take place Thursday at 2 o'clock, at Kirk Hill cemetery. The Rev. E. F. Nobles will officiate.

James Prince, for forty years a respected resident of this city, died during sleep Wednesday night. Deceased for twenty years was connected with the city government as municipal and tax collector. During the early years of his residence in St. John he engaged in the supplying of ships timber. Mr. Prince, who was seventy-eight years old and a native of Moncton, was of Loyalist stock. His grandfather was Rev. John Prince, a Wesleyan clergyman. His father (deceased) was a United States soldier.

Richard Cosman. The death of Richard Cosman occurred at his home at Perry settlement, Kings county, on Tuesday evening, April 12, after a short illness of pneumonia. A widow and two small children survive; George W. Cosman, of this city, and Mrs. James Kierstead, of Kingston, Kings county, are brother and sister of deceased. Funeral took place Thursday afternoon, interment at Carletonville.

Many New Railway Companies Seek Incorporation. Well-known Men in the Different Provinces—Various Sections of the Province to Be Opened Up.

Fredericton, April 12 (Special)—Railway enterprises in the province are to be vigorously pushed in the immediate future, judging from the number and strength of the companies now seeking charters from the local legislature.

The New Brunswick Consolidated Railway is seeking a charter, with the avowed intention of constructing and operating lines of railway from Beauséjour to Beauséjour and from Adamsville to some point in Queens county, and with power to absorb by purchase the Beauséjour, the Kent Northern and the Kent Northern Extension railways. The N. B. Consolidated has as its head Dr. Hugo Von Hagen and his associates of New York, well and favorably known in connection with the Beauséjour railway and coal mining enterprises.

Mr. Burns is promoting a bill for a charter for the Twin Free Mines Railway Company, his associates being George Gilbert, D. J. Johnson, W. T. Burns, A. J. H. Stewart and Jacob White. The capital stock of the company is \$100,000. They project a railway from Twin Free Mines, near the Hilsborough-Manchester river, to Gloucester Junction. Work shall be begun within two years and completed within six years after the granting of the charter.

The Tobique and Campbellton Railway Company are after a charter. They propose to build and operate about forty miles of railway between the Bay of Tobique Valley Railway between Reid's Island and Plaster Rock, crossing and recrossing the Tobique river until it intersects the Beauséjour and Western Railway. The capital stock is \$40,000 with an authorized bond issue of \$100,000 per mile.

BUREAU OF LABOR TO BE IN CHARGE OF PROVINCIAL SECRETARY. Fredericton, N. B., April 12 (Special)—The bill to provide for a bureau of labor has been introduced by the provincial secretary, Mr. Prince, who has been attached to the department of the provincial secretary, or such other existing head of department as the lieutenant governor may designate. The bureau, to be styled the bureau of labor. The lieutenant governor in council may appoint a secretary of the said bureau.

CASTORIA For Infants and Children. The Kind You Have Always Bought Bears the Signature of J. C. Watson.

The Greatest Offer Ever Made to Reader. We will send you THE SEMI-WEEKLY TELEGRAPH for 12 months for if you give us a certificate absolutely free, which will enable you to chance in prizes amounting to \$75,000.00

BEFORE MAY 1, 1904. So that it is important that you send to your subscription and remittance at once. Can you estimate how many people will pay attention to the fact that the correct number will receive the above amount in cash prizes? Just a rough chance as anyone. Are you going to let this golden opportunity to gain a fortune slip by you? You may be one of the successful ones who do not try? You may estimate as often as you wish, regardless of subscription, by each estimate you are given a separate engraved and numbered coupon and certificate. These are sent to you in blank form. You fill in your own estimate, retain the certificate, and return the coupons to us before October 15, 1904. The date of the contest, certificates and coupons, subscriptions, will be closed on October 15, 1904. Each coupon, or 5 for \$1.00. The prizes are the largest ever offered by lottery and are divided as follows:

MISSOURI TRUST COMPANY.
