EVERETT & BUTLER, 25 and 27 KING STREET ST. JOHN, N. B., SEPT. 13, 1872.

The Daily Tribune.

Our American consuls have been claiming all along that intelligence ruled in their popular elections.

Just at this juncture we learn that the River du Loup Company have given the management of their great timber interests into the hands of Messrs. Temple, Gibson and Randolph, three able lumber and railway operators.

The second race on the programme and the second of the day next came off. For this there were also horses entered.

An ordinary Crown Land sale took place at the Office this morning. It was extraordinary, however, as involving questions of the land in dispute between the River du Loup Railway Company and private applicants.

The excitement in Calais election day was intense. Single votes sold for \$50 and few were bought for less than \$15.

The statement is corroborated by one which appears in the New York Sun. No such wholesale, untaxed expenditure of money has ever been witnessed in any election in this country as that just made by the Grant managers in Maine.

The North Shore movement on the Public Lands, to which we referred some days ago, is increasing in proportions and promises to be a serious piece of business.

Un satisfactory as the result is, it is gratifying to reflect that the resources of our country must necessarily be spread over a wider area in November. They cannot then be concentrated in a corner of the Union, with a view to relief public opinion.

W. Wilkinson, Esq., occupied the Chair. Speeches were delivered by J. C. Gough, Esq., Hon. Wm. M. Kelly, T. F. Gillespie, Esq., the Attorney General, M. Adams, Esq., and Hon. P. Mitchell.

We don't see how the Legislature can consistently refuse to grant 10,000 acres of land per mille to this Company when it has given the same to the River du Loup Company, and when the Local Government have consented that a Narrow Gauge road be entitled to such an enormous subsidy.

The practical lesson of the Maine election is to teach the opposition that their efforts to take any of these States from Grant will be unsuccessful.

The Herald believes Connecticut will go for Grant, as well as South Carolina, Mississippi, Louisiana, Texas, Florida, Georgia and Alabama, leaving the lot to be fought out in the Middle and Western States.

The fourth heat, both Bell and the driver of Ink wanted to get any slight advantage possible from the start, and they secured several times, but at last they got off, Ink taking the lead and keeping it with Andy close on his wheel and this was maintained pretty much all through.

The following is a summary of the free for all race: Same day and same track, Purse \$400 for and \$250 to first, \$100 to second, \$50 to third. Mile heats, best three in five.

ON BOARD THE "SCAPEGRACE" A Cruise to Leeward. J. N. W. One delightful morning we were cruising gently along the steady shores of St. John's Bay.

During the evening I had kept very silent and carefully watched the different lads and lasses both old and young; they were a mixture of Blacks, Quadroons, Octoroons, Whites and in fact all colors.

During the evening I had kept very silent and carefully watched the different lads and lasses both old and young; they were a mixture of Blacks, Quadroons, Octoroons, Whites and in fact all colors.

MOOSEPATH PARK. Second Day's Trotting.

INCREASED ATTENDANCE AND LIVELY RACING. Yesterday afternoon a large attendance, fully 3,000 persons, were present at the races, as good sport was anticipated.

The men who had bet 4 to 1 on Andy, the man who lost, and those on foot and in carriages all felt surprised at the sudden victory of Andy, and a simultaneous rush was made for Dan's where things were whooped lively enough to scare a foreign missionary society.

for horses of the three minute class, there were nine entries, but only five came to the score. Country Lass, by Mr. Ode, of Richibucto; Little Frank, by J. G. Morrell, of Bangor; the Lord Horse, by Mr. Callaghan, of Charlotte-town; Nellie, by Mr. Large, of Charlotte-town; and Kitty by Mr. Brickett, of Portland, Me.

The first heat was a game struggle between Little Frank and Kitty, who was the favorite, the performance of Little Frank the day before not having been satisfactory. Nellie broke badly in this heat. Kitty came in first, Little Frank, second, Nellie, third, and the Lord Horse and Country Lass were last.

On Wednesday next there will be another excellent opportunity to see the best racing between the two chestnuts Bismarck and Nellie Eaton.

A Cruise to Leeward. J. N. W. One delightful morning we were cruising gently along the steady shores of St. John's Bay.
