

POOR COPY

THE UNION ADVOCATE.

VOL. 38.

NEWCASTLE, N. B., WEDNESDAY MORNING, NOVEMBER 26, 1902.

No. 8

R. N. WYSE, Newcastle, N. B. Wholesale and Retail.

END OF NOVEMBER SALE.

Four days of special crowd gathering prices—a most opportune time to secure many articles of sterling value for very little money. Our special sales are being well attended and to still further strengthen our position with the majority who believe in getting the most for a dollar, we will, until the month end, sell all classes of merchandise at prices that economical buyers cannot afford to overlook. Pleased buyers daily express their satisfaction but note the following. It will be wise to cut out this ad. and don't sleep until you take advantage of these offerings.

JUST THINK

WEDNESDAY, THURSDAY, FRIDAY AND SATURDAY.

French Kid Gloves.

In looking over our stock we find we have too many 5½, 6 and 6½. They are very fine goods and will make excellent Xmas presents. The colors are Grey, Tan, Brown, Ox-blood, Green and Navy. Sold regularly at \$1.35 and every pair guaranteed, only 75c the pair.

Women's All Linen Collars.

Preparatory to stock-taking we will place these in a basket and sell at 5c each.

Ribbed Cashmere Hose.

Small sizes for children. We have a surplus of these in sizes 4, 4½, 5, 5½ and 6 and will clear at 3 pairs for 25c.

Real French Flannels.

All wool in nice dark colors. Just think of the snap, 25c the yd.

Women's Cashmere Hose.

When we get a good thing we like others to share it. These were bought at a bargain and are marked 35c. We will parcel them for you at 23c the pair.

Boys' Suits.

Made of a good strong Tweed in light and dark colors. Sizes 24, 25, 26, 27 and 28, only \$1.50.

Women's Top Skirts.

About 15 in all. Made of good materials, well lined and well put together. Prices were \$3.00, \$4.00, \$5.00 and \$7.50, now, \$1.95.

Wrappettes.

About 50 different patterns in stock. Some are imitation French Flannels and suitable for waists. Prices were 12c, 14c, 15c and 17c, now 10c the yard.

Pink Flannelette.

36in., a full yd. wide and you will buy it when you see it at 8½c the yd.

Saxony Yarn.

In black only. A fine, clean, imported fingering and makes good wearing stockings. 85c the lb.

65c flannelette drawers, 25c, 12c navy blue duck at 7½c, 65c flannelette skirts at 25c, 35c women's vests at 25c, 35c small boys' drawers 20c.

Men's Floored Underwear.

About 20 doz. left. Assorted kinds. Regular prices were 50c, 75c and 1.00. This is without exception the finest line of this class of goods made in Canada. Sale price, 45c each.

4 ply Linen Collars.

The celebrated W. G. & R. make. Sizes, 14½ to 17. About 50 doz. to clear. 4 for 25c.

White and Colored Shirts.

The W. G. & R. make in sizes 14½ to 16½. Some long fronts, some short. About 10 doz. in the lot and all good. 75c each.

Wool Cardigans.

We are selling more sweaters than the above so our motto is get there. Sale price, 59c.

Knitted Top Shirts.

All wool and would be good value in any store for \$1.00, but "get", sale price 59c.

Oxford Homespun Pants.

Dark grey, and one of the best wearing pants to be obtained. Sale price, \$1.69c.

Men's Waterproof Coats.

Sold at a special price to clear. Go home dry brother, 'twill only cost you \$1.95c.

BOSTONIANS TOLD OF CANADA'S PROGRESS.

Hon. Mr. Sifton and Hon. H. A. McKewen Principal Speakers at the Canadian Club Banquet.

Boston, Nov. 21.—The fourth annual banquet of the Canadian Club of Boston was held at the Capley Square Hotel here this evening and was a pronounced success. Pres. Henry W. Patterson presided and Chas. H. McIntyre was toast master. The special invited guests and speakers were Hon. Clifford Sifton, Minister of the Interior of Canada, and Hon. H. A. McKewen, of St. John, member of the Executive Council of New Brunswick. Most of the local business men's associations and British societies were represented.

Messrs. Sifton and McKewen each spoke of the progress of the industrial, commercial and political progress of Canada and their addresses were exceedingly interesting. Mr. Sifton gave an admirable presentation of the growth of the Dominion from the days of the early pioneers referring to the development of the Maritime Provinces.

After eulogizing the Canadian character which he said has not deteriorated since the early days of the country he described in detail the Dominion political system, the building up of its railways, its remarkable progress in international and foreign trade, its superb educational system, the evolution of its canal and mining and steel manufacturing power for the development of the country. He said that the day is not far distant when Canada will have two or three transcontinental railway lines not one of which will interfere with the other. It is the intention of the Dominion Government, he said, to improve the St. Lawrence River route. This he said will result in taking away from Boston some of its commerce, but that city can well afford to lose a little of its present export business.

Referring to the agricultural development of Canada he described the remarkable migration of American farmers into the Canadian North West and said it will not be very long before there will be from 250,000 to 500,000 settlers of this class in the North West, every one of whom will be a good Canadian citizen, as the members of the Boston Canadian Club have American citizens. He also outlined the work that Canada proposes to do in the matter of developing her harbors and the terminal facilities.

Mr. McKewen made an eloquent address in the course of which he dwelt upon the friendly relations that exist between the people of the two countries and gave some interesting facts regarding the industrial development of New Brunswick. He gave a very vivid word picture of the future of the province and said that the most important points of export and import trade are the continent.

ANOTHER ROBBERY.

Train Held Up on Rock Island.

DAVENPORT, Ia., Nov. 22.—The westbound St. Joseph and Kansas City express on the Rock Island road was held up at 11:20 o'clock last night three miles west of this city by masked bandits, who cut off the express and baggage car, forced the engineers to run two miles up the track, blew up the thorough express safe with dynamite and escaped with their booty. The amount obtained from the express car is not known, but as the train generally carries a heavy shipment it is presumed the sum was considerable. At daylight this morning no definite clue to the robbers had been obtained, but the police forces of Davenport, Moline and Rock Island, together with a corps of railroad detectives, were on the trail.

Half a Million in Advertising.

Apart altogether from the merits of the case which the Tobacco Commission is investigating an interesting feature of the evidence presented has been the disclosure of the amount of money which the two companies against which complaint has been made—the American Tobacco Co. and the Empire Tobacco Co.—have expended of late years in advertising. It was stated that the former had spent \$267,961 in exploiting its wares, while the latter company has expended in four years \$250,579 towards the same purpose. This makes a total of \$518,540. It was also stated that the Empire Company, under the former management, had spent but \$2,308 in two years in advertising.

Industrial companies which can spend such sums as these in attracting attention to what they have to sell must be most formidable competitors of traders less fortunate, or less interested with the value of publicity. If the American and the Empire companies have captured a large share of the Canadian tobacco trade, their liberal expenditure in advertising must be credited with a large share of the result.

DIED.

At the St. John Hospital, Mrs. Andrew McCarty of Canobie, Glo. Co.

She was 70 years of age and had been suffering from cancer of the stomach for some time.

DROWNED.

John Ratican, a Respected Citizen of Nelson

LOST HIS LIFE

In a Boating Accident on the River on Wednesday of Last Week.

A fatal boating accident occurred on the river in the vicinity of Douglastown last Wednesday afternoon by which John Ratican of Nelson lost his life and Miss Ellen McCullum also of Nelson had a narrow escape from the same fate.

The Advocate learns that Mr. Ratican, wishing to procure shingles for a job he was doing, decided to row down to Munroe & Turnbull's shingle mill, opposite Chatham, and Miss McCullum, also wishing to buy some shingles, asked a chance down, to which he consented.

The journey down was made without mishap and it was not until they had reached Douglastown on the return trip that the accident happened. How it happened is not clearly known but it is thought that one of the thole pins, breaking under the heavy strain, allowed the boat to fall backward, and striking to one side capsized the frail craft, which was off the flat bottom, coffin shape variety. Miss McCullum managed to catch hold of the overturned boat and as the accident was seen from the shore, was soon rescued, but the deceased, weighed down by his clothes and heavy long boots, was not able to keep afloat.

The deceased was 50 years of age, a perfect type of manhood, and a much respected resident of his village. The funeral from his late residence last Friday morning at 10 o'clock was largely attended, interment being in the R. C. cemetery.

U. S. SENATOR WANTS TO ASSIMILATE CANADA.

A Process Whereby St. Paul is to Become in Time the "Seat of Empire".

St. Paul, Minn., Nov. 19.—"We will acquire dominion in Canada by the process of assimilation, not by conquest," declared U. S. Senator Moses E. Clapp at the banquet given the Minnesota congressional delegation by the chamber. The statement was applauded to the echo.

"Forty years ago it was predicted that St. Paul would become the seat of empire," said Senator Clapp. "The time is now due for the fulfillment of the prophecy and was uttered, but though the city has now attained the proportions of a metropolis, the prediction has not been realized. Material advance, however, has been made."

"We have been advised to utilize commercial and social relations with our neighbors across our borders. The interests of the Canadian Northwest are so closely allied to our own, and the climate conditions and natural resources of the region are so similar to our own that it requires not a great insight into the nature of the future to perceive that the reciprocal relations that now exist are but temporary. With the situation in view it is easy to foresee the manifest destiny of the Dominion of Canada. There is no doubt but that in the future, possibly within the lives of some here present, the United States will ultimately include the regions that stretch from the boundaries of the northern States to the Arctic sea. It will be then that St. Paul will be the seat of empire, the capital of the greatest nation of the earth."

"If you doubt that this will come to pass take into consideration the conditions as they exist. One third of the population of Canada is American born, and the stream of immigration is increasing year by year; the peaceful invasion is going quietly on. We will acquire the Dominion by the process of assimilation and not by conquest. There is no power on earth that can prevent the union of that country with our own."

British Reprisals Against Venezuela.

May Be Joint Naval Demonstration With Germany.

LONDON, Nov. 22.—Great Britain is contemplating serious reprisals against Venezuela and she is acting with Germany in all matters relating to the present state of affairs in that country. Whether the contemplated action will take the form of a joint naval demonstration accompanied by following the severance of diplomatic relations is a matter now being discussed in Berlin and London.

There is reason to believe that the British government has been either officially or otherwise informed that the United States will not intervene in any demonstration of force against Venezuela.

ACROSS CANADA.

Rival Line to C. P. R. From Atlantic to Pacific.

Grand Trunk will build a Transcontinental Road as Soon as Parliament Grants Charter.

MONTREAL, Nov. 22.—Canada is to have a second transcontinental railway, extending from ocean to ocean. The announcement was made today by Chas. M. Hays, second vice-president and general manager of the Grand Trunk railway. The construction of the new line will be commenced as soon as the necessary legislation can be obtained from the Canadian parliament.

The Grand Trunk will be behind the new road and will operate it, but, as in the case of the Grand Trunk lines west of the Detroit river, will be constructed under a separate corporate name, the Grand Trunk Pacific Railway Company. The new line, according to Mr. Hays' statement, will have a mileage of about 3,000 miles, beside the construction, including equipment, stations, bridges, ships and other facilities, will involve an expenditure of from \$75,000,000 to \$100,000,000. According to the present arrangements, the new system will run through that portion of Northern Ontario known as New Ontario, starting from North Bay or Gravenhurst and extending through Manitoba, the North West Territories and British Columbia to Bute Inlet, or Port Simpson, B. C., as may later be determined upon. The line will be of the most modern and up-to-date character, having in view especially low grade, long tangents, steel bridges and heavy rails, as well as ample station facilities and equipment for the handling of freight, and passenger traffic.

"No one," said Mr. Hays, "who has been studying the wonderful developments that have taken place in the Northwest during the last few years can fail to be deeply impressed with the growth of that extensive and rich territory, and our directors feel that in view of the apparent need of additional railway facilities, and in order to guarantee to the present Grand Trunk system direct connection with that very important and growing section of Canada, the only wise policy is to take active steps towards this extension."

The building of this transcontinental route has been under consideration by the Grand Trunk directors for some time, but it was only during Mr. Hays' recent visit to England that it was decided to carry out the project at as early date as possible.

Mr. Hays added that the line would probably be in full operation within five years and that steamship lines on the Pacific would come as a necessary adjunct.

DEATH OF HERR KRUPP.

Gra German Gunmaker Said to Have Been Worth \$125,000,000.

BERLIN, Nov. 22.—Herr Krupp had been ill for several days. His wife was absent at the time of his death. He died of the second stroke of apoplexy at about 3 o'clock this afternoon.

A bullet communicating his death was posted at the great works at Essen, which furnish employment to 45,000 men, at 6 o'clock. Near friends of the dead man are confident that certain charges against him published recently in the Morwars, induced his death.

Herr Krupp was said to be worth \$125,000,000 and had an annual income of \$10,000,000.

Berlin, Nov. 23.—The first assumption that Herr Krupp committed suicide, in yielding to precise and abundant testimony to the contrary. Professor Dinswager, a physician of the first reputation was in the apartment adjoining Herr Krupp's sleeping room when he was stricken down Saturday morning and Doctor Paul, Herr Krupp's family doctor was also in the house. They summoned several other physicians and it is regarded as being beyond belief that all should have concurred at a conclusion of the cause of death when they ascribed to a stroke of apoplexy, induced they add unofficially, by mental excitement from which the deceased was suffering.

Herr Krupp for several years past had had a weak heart and was subject to fainting spells.

The funeral has been fixed for Wednesday. Chancellor Von Bismarck, all the ministers and a great number of other officials, following the example of the emperor, have telegraphed their condolences. Herr Krupp leaves two daughters, aged 17 and 15.

Herr Krupp's favorite study was to think out schemes for improving the well being of the lower classes, which he applied practically to what are called "labor colonies." He asserted seemingly to most socialist principles, except that he held tight to the wage system, averring that the wage earners were not sufficiently developed or self-controlled to regulate for themselves a just system of division of profits.

Herr Krupp's father started the system of modern dwellings for the workman as a matter of expediency, and Herr Krupp himself appears to have developed them from the same motive.

CUT GLASS

Makes an appropriate gift at any season of the year. Its Glitter, Beauty and Brightness appeals to all.

We have some rich high priced pieces and we have some not quite so elaborate, but more moderate in price, some of these latter pieces only cost from one, to two dollars. It is worth your while to see them.

H. WILLISTON & CO.

The Excelsior Life Insurance Company

Head Office Toronto.

Capital \$500,000.

Branch Office, St. John, N. B.

Insurance in Force \$5,000,000.

The company's security of policy holders \$700,000.50. Lowest average death rate on record for Companies of same size, viz. 3.12 per 1,000 men in force. Interest income alone pays all death claims at Royal Charter salaries.

The Company has already been extensively patronized by the most prominent professional and business men of New Brunswick. Applications received during first half of 1902 for nearly \$1,000,000. For further information apply to

ROBERTSON & OWENS,
PROVINCIAL MANAGERS, ST. JOHN, N. B.
CHAS. MORRISSEY, Agent for Northumberland and Gloucester Counties.

DEMERS' GROCERY.

We particularly call your attention to our special line of white and gold porcelain. Also a third grade of cheap tea sets, just opened and selling at \$1.99 for 42 pieces. We have a large stock of toilet sets which are already marked particularly low. We will for two weeks give an extra cut of 15 per cent. on this line. Our winter stock of apples, oranges, lemons and grapes is arriving daily, and in order to make room for other goods great bargains will be given, particularly in apples.

Received twice a week Borden & Sons celebrated pan candy.

DEMERS' GROCERY,

Opposite the Square, Newcastle.

Try our new cup suction plate. Guaranteed to hold plate firmly in any mouth.

Extension, by means of nitrous oxide or local anesthetic.

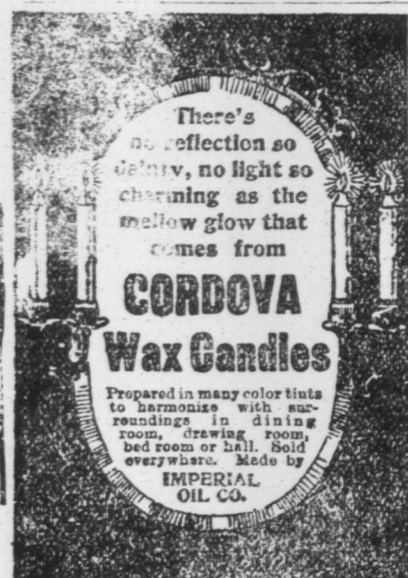

On films guaranteed to stand the wear and tear.

Dr. McManus,

CHURCHMAN BLOCK, NEWCASTLE.

SOLD BY ALL DRUGGISTS.

A PAGE OF INTEREST TO FARMERS.

WANTED.

A responsible person, in the Northern part of the province, to represent the
Union Mutual Life Ins. Co.
Established 1848.
The policies of this company are the most liberal and up-to-date plans issued.
A liberal contract to the right party.
Address—
Albert J. Machum,
Manager.
St. John, N. B.

WONDERFUL!

SAYS LONDON, ONT.

Mr. John H. Barnstead,
Halifax, N. S.
Dear Sir,
I was afflicted with Rheumatism in my hand, and tried a bottle of your oil with surprising results. The first application relieved the pain at once, and before I had used the bottle my hand was entirely cured. I consider your Ethiopian Rheumatic Oil a wonderful preparation, and shall certainly recommend it to all my friends.
Yours truly,
C. F. ALLISON,
With the London Pig and Litho. Co.
June 25th, 1902. London, Ont.

SLEIGHS!

We are putting up over thirty single and double sleighs, all hand made, with workmanship and stock guaranteed.
Why buy outside when you can get better goods just as cheap, at home.
Repairing of all kinds and vehicles made at short notice.

Our terms are liberal
JAMES M. FALCONER.

Stoves, etc.

My stock of stoves is now complete, the variety is very large and consists of Stoves, Cooking and Heating Stoves, Stove Pipes and Etc. etc. and everything that is required to make you comfortable during the long cold winter.

J. H. PHINNEY,
Newcastle.

There goes a great genius! exclaimed the Georgia citizen as a tall figure slouched by.
Novelist?
No, but he reads all the novels the other fellows write.
You call that genius?
Well, if it ain't exactly genius its patience of it.

SEED TESTING AND ITS RELATION TO AGRICULTURE.

The testing of seed for purity and vitality by scientific methods has been an important factor in the agricultural progress of Germany, Switzerland and other European countries. Laboratory methods for seed testing were devised by Dr. Nobbe of Tharandt, Germany, thirty years ago, since which time seed testing stations have been established in nearly all European countries and the United States. Canada has now one modern seed laboratory, equipped with the necessary apparatus for testing the purity and vitality of seeds.

The fact that Germany alone now maintains thirty nine seed control stations shows that seed testing is highly valued as a means of safe-guarding the interests of agriculture in that country. The results of the work that has already been done in the Dominion Seed Laboratory reveal a great need for active work in seed testing as well as persistent efforts to protect Canadian farmers and fields from the many evils that are connected with the seed trade.

Early in the spring of the present year, G. B. Clark, B. S. A. who is connected with Prof. Robertson's staff and who is now in charge of the seed laboratory, planned to make an investigation of the conditions of the trade in grass and clover seeds. With the assistance of Agricultural Associations, Institute workers and other interested persons, over five hundred one-half pound samples of Timothy, Alsike, and Red Clover seed that was offered for sale by local dealers were procured for the seed laboratory. With each sample was enclosed a statement showing the name of the dealer, the place at which it was offered for sale, the price per pound or per bushel and the origin of the seed.

In the seed laboratory these samples were subjected to two examinations, one for purity and one for vitality. In making these examinations the rules adopted by the Association of American Agricultural colleges and experimental stations were followed in detail.

Evidence of wilful adulteration was found in a few instances. One sample of Alsike obtained from Prince Edward Island contained 20 pounds of colored sand per hundred pounds of seed. From ten to twenty per cent by weight of sand was frequently found in samples of Alsike and Timothy seed. On the whole there has not been serious cause for complaint because of low vitality. It is the large quantities and noxious nature of the weed seeds found in most of the samples that render the evils connected with the trade in grass and clover seeds of more than ordinary importance to agriculture. The number of weed seeds per pound of seeds as marketed, ranged with Timothy from 0 to 237,000; Alsike from 90 to 180,450; and Red Clover from 0 to 45,505. The approximate number of seeds in a pound of Timothy seeds is 1,350,000; Alsike 750,000 and Red Clover 300,000. The weed seeds named in the order in which they most frequently occurred consisted of foxtail, ribgrass, lamb's quarter, white cockle, sheep sorrel, curled dock, false flax, pepper grass, mayweed, Canada thistle, common plantain, lady's thumb, pigweed, black medick, ragweed, charlock of

One Hen One Day One Mill

It costs a mill a day—one cent every ten days—to make a hen a lively layer when eggs are laid. With **SHERIDAN'S CONDITION POWDER**, California product, it helps young pullets to laying maturity; makes the plumage glossy; makes combs bright red.

Sheridan's CONDITION POWDER

Feed to fowls once daily, in a hot mash, will make all their feed doubly effective. It also makes the flock doubly profitable. From 25 cts. per lb. to 50 cts. per lb. A two pound tin of Sheridan's Condition Powder costs 1.00. I. S. JOHNSON & CO., BOSTON, MASS.

wild mustard and Perennial sow thistle.

The trade in red clover and alsike is, undoubtedly, the most fruitful medium for the dissemination of weed pests. The steadily increasing demand for these seeds for both the home and the export trade has encouraged their production on farms that are foul with weeds. Canada exports annually large quantities of alsike and red clover seed to European countries, where a thorough system of seed control has become established and where only the best re-cleaned stocks can find a market. The screenings from these imported seeds are much in demand on our home markets and are retailed by local dealers.

There are few agricultural mercantile articles the real value of which is so difficult to judge from appearance as grass, clover and other small seeds. Competition is said to be the life of trade but fair competition in the seed trade is possible only when the seeds are sold according to fixed standards of quality, or under a definite guarantee based upon a standard method of analysis. The seed trade in Canada has been passing from the hands of reliable seed houses into the hands of incompetent and irresponsible local dealers whose main business is of entirely different character. There are far too many jobbers dabbling in the seed business and the result is that competition has been confined to prices alone. Unfortunately most farmers as well as seed merchants are not acquainted with the impurities that commonly occur in grass and clover seeds, and when making their purchases are content to screw down the price and trust to luck. As long as there is a demand for cheap seed, a worthless low grade article will be offered; and until Canadian farmers have come to know that the highest obtainable quality of seed is always the cheapest, the best quality of our home grown seeds will be exported to countries where the seed trade is conducted on a more business like basis.

CHATHAM DIOCESE.

Installation of Bishop Barry.

CHATHAM, N. B., Nov. 18.—The installation of Bishop Barry into the charge of the diocese of Chatham took place in the pro-cathedral this morning in the presence of a large congregation.

As the procession, in which were Very Rev. Joseph Pelletier, V. G., Revs. Wm. Varnly, Louis O'Leary, John Whelan, Wilfrid E. Sormany, W. P. Purcell, Henry McElroy, Henry T. Joyner and the new Bishop, entered the church, the choir sang the Te Deum. The installation service was read by Rev. H. T. Joyner. Mass was then celebrated by Bishop Barry, after which he addressed the congregation. He spoke of the great reluctance with which he had consented to undertake the work and asked the people for their prayers and help. He expressed pleasure that Bishop Rogers was able to be present, and enquired him for the work done by him during the 42 years he had been Bishop of the Diocese of Chatham. When he came here as Bishop there was but seven parishes in the diocese, now

there are nine times seven. All are supplied with priests and have fine churches and parishes. He also said that a cathedral would probably be built at Chatham in the near future.

At the close of the address the new Bishop from the throne blessed the clergy, the retiring bishop being the first to receive the blessing. The procession then formed in the same order as it entered the church and proceeded to the residence, the Bishop blessing the congregation while passing down the aisle.

The Rt. Rev. Thomas Barry, D. D., was born at Inkerman, Gloucester county, N. B., in 1841. His early school days were spent in his native parish, then at Chatham and subsequently in St. John, at the college established by the late Archbishop Connolly. After a course of rhetoric and philosophy at the St. Sulpician's college, Montreal, he entered the Grand Seminary and, having finished his theological studies, was ordained to the priesthood on the festival of Our Lady of the Snows, Aug. 7, 1860.

Called to Chatham by Bishop Rogers, he remained there for five years and had charge of this important parish during his lordship's visit to Rome. In 1871 Father Barry was appointed to administer the Restigouche mission; his field of labor including what are now the parishes of Dalhousie, Campbellton, Balmoral, Charlo, Jacquet River, Bellfleur (Gloucester), requiring at the present time seven priests. After the expiration of five years, during which time he had established several missions, including that of Campbellton, Father Barry was transferred to St. Basil, Madawaska, with authority of vicar general for that part of the diocese situated on the St. John river. His field of labor included St. Basil, Edmundston, St. Jacques and St. Anne. In 1880 he returned to his native county as parish priest of the important parish of Caraquet and vicar general of the whole diocese of Chatham. For five years he labored in this almost exclusively French mission, when, in 1885, he was appointed parish priest of Bathurst town. Shortly before this time the town was separated from the village for church purposes and a new parish erected. When Father Barry went to Bathurst there was neither church, presbytery nor cemetery; nothing but a lot of land on a bare street with a temperance hall and an old building used as a convent school. Today there is a splendid church, a finely equipped presbytery and a massively constructed convent school, all of granite, the whole surrounded by a fence of stone and iron, making the locality one of the most attractive parts of this picturesque town, and not a dollar of debt.

Dr. Barry has made three voyages across the Atlantic. While stationed at St. Basil he visited Rome with the Canadian pilgrims in 1877. Again in 1884, while parish priest of Caraquet, he spent some time in Rome and the Holy Land, and finally in 1896 he was sent as a representative of His Lordship Bishop Rogers to the Eternal City on which occasion he visited Morocco and that part of Africa in which was formerly situated the see of which he became Titular Bishop when he was appointed co-adjutor to Bishop Rogers a few years ago.

Young Widow—I wish you were wealthy.
Singleton—Why?
Young Widow—I need the money.

A CAPITAL CURE FOR SORE THROAT.

Is to use as a gargle a few drops of Pelson's Nerveine in sweetened water, and before retiring rub the throat and chest vigorously with Nerveine. By morning the soreness and inflammation will have disappeared entirely. Nerveine drives away the pain and cures sore throat and hoarseness quickly, simply because that's what it's made for. Buy a 25c. bottle from your druggist to-day.

Yes, said the philosophical person, wealth brings its disappointments.
After we lose it, puts in the materialistic man.

FREE! LADIES send name and address and you will receive a **PENNYROYAL TEA.** Every mother and lady should have it. Used successfully by thousands of ladies. Price 25c. per box. Write to J. A. SLOAN CHEMICAL CO., TORONTO, CAN.

What shrunk your woollens? Why did holes wear so soon? You used common soap.

SUNLIGHT SOAP REDUCES EXPENSE

In some of the big restaurants of Russia there is a pool of water in which various kinds of fish swim about. A patron of the restaurant who desires fish goes to the pool points out the particular one he wishes and in an instant the waiter has captured it with a dip net and sent it to the chef.

Newfoundland and The United States.

What They Think Chamberlain's Speech Means as to Canada's Position.

St. John's, Nfld., Nov. 15.—Great interest is manifested here in the new Bond Day convention. Colonial Secretary Chamberlain's speech in the house of commons on Nov. 13 is regarded as an evidence that he does not propose to permit Canada to interfere and prevent the ratification of the treaty in the way in which Canada killed the Bond Bill convention of 1890. It is believed here that Mr. Chamberlain realizes how Newfoundland has been hampered by France on one side and by Canada on the other and he is determined to give her an opportunity to work out her future by a commercial union with the United States.

I. C. R. Brakeman's Horrible death
HALIFAX, Nov. 10.—Thomas Dixon, intercolonial brakeman, aged about 24, met a horrible death on Saturday night at deep water terminus. He attempted to jump on the foot-board of a moving shunting engine, missed his footing and fell beneath the engine. The body was torn and crushed, and he died soon after reaching the hospital.

No Decision Yet in the Telegraphers' Case.
OTTAWA, Nov. 16.—Mr. Blair says tonight that the decision in the telegraphers' matter could not be reached for some days. The negotiations are still in progress.

Is he a hard drinker?
Indeed no! It's the easiest thing he does.

ARE YOU MAKING BUTTER FOR PROFIT?

Your success and profits from butter-making depend largely on the quality of coloring you use during the autumn and winter seasons. If you use Welf, Richardson & Co.'s Improved Butter Color, your butter will bring a higher price than if colored with any of the inferior colors now sold by some merchants for the sake of large profits. Poor colors produce a lousy shade, rapidly and a mottled appearance. Ask of these dealers to send you a sample of their colors. Welf, Richardson & Co.'s Improved Butter Color always gives the natural June tint and never fades from the butter. Ask for it and take no other make.

THE FAIR COMPANY'S
Wine of Ter, Honey and Wild Cherry with its always all-in-one condition of the throat and promptly relieves the Cough. This preparation does not contain any injurious ingredients whatever.

A minister who used to preach in Somerville had a little boy. A few days before his father left the city to go to his new parish one of his neighbors said to the little boy. So your father is going to work in New Bedford, is he?
The little boy looked up wondering.
Oh no, he said, only preach.

TO CURE A COLD IN ONE DAY

Take Laxative Balm Quinine Tablets. All "colds" melt off the moment it is taken. E. W. Gove's signature on each box. 25 cents.

Daisy Chance—Yes I used to get my riding costumes from him, but they didn't fit, so I stopped.
Doddie Knowlton—Oh, I see you didn't want to get into him. That's

ANNOUNCEMENT.
In the future the publishers of the Advocate will render all advertising accounts monthly.

The Union Advocate,
ESTABLISHED 1867.

NEWCASTLE, NOVEMBER 26, 1902.

THAT SUNDAY WORK.

Chatham, N. B. Nov. 19th, 1902
Messrs. Anslow Bros., Prop., of the Union Advocate, Newcastle,
Dear Sirs:—

In your newspaper of this date you publish under the heading, "Redbank" the statement that I had two teams hauling lumber on a certain Sunday "to the D. G. Smith fishing pool at the Square Forks," etc. As the statement is untrue and as I have never, at any time had any team or teams on any Sunday engaged as you state, I require that you withdraw and apologise for what cannot be considered other than a defamatory and libelous statement. I regret to say that this is not the first time your paper has assailed me in connection with Northwest Miramichi fishing matters, and I am at a loss to understand why you resort to such warfare.

Truly Yours,
D. G. SMITH

We only wish to state that we received the correspondence from a reliable party and accepted it for what it was worth. We also knew that Mr. Smith had sent lumber to Redbank or the Square Forks. At the present writing we have not heard from our Redbank correspondent, but take Mr. Smith's word for it that it was not true.

As to our assailing Mr. Smith in connection to Northwest fishery matters, this is hardly correct. As a public servant we found occasion to criticize his work on this river as we thought criticism was needed, and we know that it had the desired effect and the matter was speedily remedied. The Advocate always tries to pursue an independent and unbiased course when dealing with public matters, and its criticisms are as fair to all parties concerned as it is possible to make them.

CANADIANS IN THE UNITED STATES.

It is an interesting feature of such an event as that in Boston on Thursday night, when Mr. D. C. Fraser spoke to Canadians, and as that on Friday night when Hon. Mr. Sifton, M. P., and Hon. H. A. McKeown spoke also to Canadians that the honored guests sat down with their kith and kin, many of the latter being at least hundred thousand dollar men who have accumulated wealth in the land of their adoption but who still have fond memories of the home paradise of their early years. Do they reflect how much better off they would have been had they remained in this much better country? The hope may be ventured that Mr. Sifton's statements of the progress of the Canadian West, where Americans are now going in by thousands, will induce some of the Canadians who have settled in New England to return to that part of Canada. We have fully given up hope of any great number of them coming east again, except as summer visitors.—Globe.

That Gaspe Line.

Some People in London are at Work Booming It.

LONDON, Nov. 20.—The papers are full today of the prospectus of the new Canadian company. Much is made of Sir Wilfrid Laurier's alleged cordial approval and his pledge to grant subsidies to the proposed railway, in connection with the requirement of the charter of the Atlantic, Quebec and Western railway. The company is not now asking for public subscriptions, their advertisements being simply for public information.

Steel Rails for the I. C. R.

OTTAWA, Nov. 20.—Messrs. J. W. Clegg, A. G. Newell and H. C. Hamilton are here on business with the Department of Railways, regarding the contracts for supplying steel rails for the I. C. R. The rails have been supplied pretty regularly and a balance of some five thousand tons now remains to be sent in. The visitors have business with the other departments as well as railways.

Death of Herr Krupp.

(Continued from 1st page.)

Herr Krupp had a variety of institutions, some of them rather singular, such as 'bachelors' homes' and 'widowers' retreats.' Besides convalescent hospitals and the regulation orphanage he had a pension fund for his employees amounting to \$4,125,000. He contributed last year as required by the law, \$372,000 to the national insurance fund and gave voluntarily \$4,081,000 to other insurance funds. Notwithstanding his benevolent interests in the labor, he was an autocrat in the management of his concerns. He was almost unknown by sight to his workmen rarely visited the works or offices. He spent several months every year on the island of Capri and usually his gun works, rolling mills, iron mines and shipyards by letters and telegrams.

Will be Record Year.

OTTAWA, Ont., Nov. 18.—According to advices which have reached the Department of Agriculture, the exports of Cheese and Butter from Canada this year promise to make a record. When the season closes the value of the products shipped to England and abroad will total \$30,000,000. Ten years ago the total was only \$10,000,000. The four cold curing rooms have been a success, although a remedy to overcome dampness setting on the cheese has still to be devised.

Two Seamen Lost.

MONROVIA, N. B. Nov. 22.—J. Nelson Smith, of Coverdale, Albert County, has received a cable from Barbados informing that the ship Carrie L. Smith of which he is owner put into that port on the 20th inst. in partially dismantled condition, and with the loss of two men.

The Carrie L. Smith was on a passage from Preston, (N.B.) to Yarmouth, N. S. The two seamen reported lost were Mate Alfred Copp, of Riverside, Albert county, and a young man named McLatchy, about 18 years old, son of J. F. McLatchy, of Hillsboro. Copp was a married man, about 50 years old, and leaves a wife and two children at Riverside. No particulars have been received.

Cost of Living Steadily Advancing.

The average citizen has noticed the increased cost of living of late, and as prices of one article after another of daily consumption advance in price he wonders where it will end; and many wonder from whence the where withal to meet the increased bills is coming from. Flour has gone up in price ten cents a barrel this week; kerosene has advanced three cents a gallon; and today the price of sugar has advanced fifteen cents a hundred pounds. The wholesale grocery merchants were advised of an advance of five cents a hundred in sugar early this morning, followed before noon by notice of a further rise of ten cents. As a workman remarked this afternoon, "about everything we have to buy has gone up in price about ten per cent. during the past year, but our wages remain the same as before."—Globe.

Proverbs

"When the butter won't come put a penny in the churn," is an old time dairy proverb. It often seems to work though no one has ever told why.

When mothers are worried because the children do not gain strength and flesh we say give them Scott's Emulsion.

It is like the penny in the milk because it works and because there is something astonishing about it.

Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.

Children take to it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

We will send you the penny, i. e., a sample free.

Be sure that this picture in the wrapper of every bottle of Emulsion is you.

SCOTT & BOWNE, Chemists, Toronto, Ontario. Get and \$1.00; all druggists.

Your Hair

"Two years ago my hair was falling out badly. I purchased a bottle of Ayer's Hair Vigor, and soon my hair stopped coming out." Miss Minnie Hoover, Paris, Ill.

Perhaps your mother had thin hair, but that is no reason why you must go through life with half-starved hair. If you want long, thick hair, feed it with Ayer's Hair Vigor, and make it rich, dark, and heavy.

It is one dollar and we will express you a bottle. Be sure and give the name of your druggist. Address: J. C. AYER & CO., Lowell, Mass.

MUSKOKA IN A CANOE.

A POPULAR TRIP IS THAT KNOWN AS THE CRANE LAKE.

Explicit Directions for Making It Without a Guide. What One Needs on Such a Trip and How to do it. Work to Provide It.—Provisions for a Week—Some Valuable Casual Hints for Comfort and Enjoyment.

There are two methods of making a canoe trip. The first, and the one which I shall not here attempt to describe, is to hire a guide, who will do all the work involved in the trip, thus, to my mind, depriving one of much of the benefit and enjoyment of such a trip.

Another, and perhaps still more important, reason why a canoe trip should not be carried on in this way is that it is too expensive for most people. A good guide commands four or five dollars a day. A popular trip in Muskoka is that known as the Crane Lake trip. Starting upon this trip one goes to the portage near the head of Lake Joseph. Here, by a small stream, Portage Lake is entered. From Portage Lake the voyager enters in succession into Lakes Robinson, Otter, Burnt and Blackstone, portages varying in length from a quarter mile to a mile intervening. From Blackstone Lake the canoeist enters by the Blackstone River into Crane Lake.

In Blackstone and Crane Lakes the maskinonge and bass fishing is very good. Maskinonge weighing from fifteen to twenty pounds have frequently been caught in Crane Lake. Now, as to the preparations for such a trip. From the outline given above it will easily be seen that it would be very unwise for one unfamiliar with this district to attempt the trip without a chart, and while you are getting one be sure that it is accurate, and you will probably save yourself much inconvenience. It is well, also, to take the precaution of carrying a compass, particularly if you are not used to traveling in the forest. The writer has known of parties of men who were not on their first trip, losing their path and wandering in the woods for a day and a half or two days.

In considering the question of provisions, bedding and tents, the question of their weight must also be considered. The quantity of each depends, of course, on the number in the party. A party of four in one canoe or six in two canoes is a very good size. Where you have four in one canoe two can carry the canoe and two the baggage across the portages; where there are three in a canoe two carry the canoe and one must carry the baggage. New you can see why you must not take very bulky or very heavy food. If you do it accumulates two trips across each portage, and that is a nuisance.

The writer does things in a manner perhaps primitive, but with satisfactory results. He lays in a good stock of bread, a considerable quantity of oatmeal, some cheese, some butter, sugar, coffee, salt, pepper, etc., a few cans of meat, condensed soup and a couple of cans of condensed cream. This latter makes an excellent substitute when fresh milk is not to be had. Be sure and put one butter in some receptacle from which it cannot escape, should it melt, as it is liable to do. It is not pleasant to have all your baggage buttered. Do not take too much canned goods, as they are heavy and it is hard to pack them so that the corners of the cans will not stick into you when you carry your pack.

A party can quite easily carry provisions for a week. If it is intended to stay much longer than that it would be better to arrange for your supplies in some other way.

Do not take breakable dishes with you. Your meals will taste just as good eaten from tinware or porcelain as if eaten from the finest china. You will need for each member of your party a plate, a good-sized cup, a knife, fork and a couple of spoons. Besides these you will need a few extra plates and spoons. Of cooking utensils you will need a pail to cook the porridge and the soups in; a pail in which to boil your coffee, and a frying-pan in which to cook the fish. These three will supply almost every need in the cooking line.

A good heavy single grey blanket is plenty of bedding for one, or two can keep quite warm between the folds of a double blanket. The rest of the bed can be made of a good thick layer of the small twigs of cedar or balsam, or of large, coarse fern or bracken. If you get the ground well covered you will sleep just as comfortably as you would on a spring mattress.

A very good tent can be made of heavy factory cotton. Have it six or eight feet square at the base and

six or seven feet high, without any side walls, that is, sloping right to the ground. Along the four sides of the tent, six inches from the bottom, fasten some small loops of rope. When your camping ground is chosen, find two trees far enough apart to allow the tent between them. Tie a rope from one of these trees to the other, about seven feet from the ground. Hang the tent on this, so that the rope forms the ridge pole of the tent; slip some small poles through the loops of rope above mentioned, stretch the tent out as wide as possible, weight down the poles with stones and your tent is ready for occupation.—Canadian, in The Globe.

MARRIED.

At St. Andrew's Rectory, on the 19th inst., by the Rev. T. H. Cuthbert, Mr. Harry Brownlow Maltby of Newcastle, to Miss Elizabeth Annie Jones of Strathadam. Mr. John Cain and Miss Maggie Boyle both of Bathurst, the church of the Holy Family, on Tuesday by the Rev. Father Varrilly.

STRATHADAM.

Miss Beattie Jones of Strathadam and Mr. Brownlow Maltby of Newcastle were quietly married at the home of the officiating clergyman, Rev. T. H. Cuthbert, at Newcastle, on Wednesday evening at five o'clock. The bride looked charming in a suit of fawn Alabastro cloth with silk and ribbon trimmings to match. They were unattended. Their many friends unite in wishing the happy couple a long and prosperous journey through life.

Miss Annette Scott spent Tuesday with her friend, Miss Effie Brander.

Mr. James Brander has gone to the woods to work in the employ of D. J. Ritchie & Co.

Mr. A. E. Hare of Emmore spent Saturday and Sunday visiting friends here, Misses Burnett and Mary Keating left Friday for Lawrence, Mass.

Ben Rao of Chatham is the guest of Mrs. William Rao, here.

Mr. and Mrs. James Jones spent Sunday visiting friends here.

FREE! LADIES, and name and you will receive a COMPOUND PENNYROYAL TEA.

Prepared and sold by T. A. SLOAN, 100, King Street East, Toronto, Ont.

SPONGES.

A good sponge is a necessity in every household. Have you seen our sponges?

PRICES FROM 5c TO 40c EACH.

ALSO JUST RECEIVED -- A fresh supply of Pabst Malt-the "Best Tonic," 30c a bottle, 3 bottles 75c.

A. E. SHAW,
Druggist Newcastle.

The Campbellton Events

Of last week had the following local:—

To buy right and to advertise right, are to-day the two Essentials of a Merchant's Business. We would add, true, true brother to every word and we have proved that the Advocate readers are interested in our advertisements, as we have had people come in and tell us almost every week that they seen such and such a thing in the Advocate. Our goods are bought from the best firms in Canada and the Old Country, and are bought right and sold right. The fit and finish is as good as you can get anywhere, and better than you can get in lots of places. Just one word about our overcoats. We have a few pieces left, among which there are some Bargains. Imagine \$13.00, a beautiful coat cheaper than you could steal it. We have 4 or 5 made up already to put on your back. If you are interested, call. You will never go out without buying. The temptation will be too great.

McMURDO & CO.

QUALITY VS. PRICE.

While some stores make a great commotion about their very cheap goods, we prefer to build our reputation on the quality of the goods we sell. Good honest goods at prices as low as they can consistently be sold is our motto. Some kinds of goods are dear at any price. Our aim is to place in the hands of our customers that which will give satisfaction. Try some of the articles mentioned below.

Ladies' Cashmere Lined Gloves, 25c per pair.	Ladies' black Astrachan gauntlet mitts, fur lined, \$4.25.	Men's wool lined gloves, all prices, 60c to \$1.75 pr.
Ladies' Cashmere Lined Gloves, two clasps, brown, grey and black, 40c per pair.	Ladies' caps, collars, caperines etc., to match above.	Men's heavy Cashmere socks, 25c per pair.
Ladies' fancy wool gloves, 25c, 30c, and 45c per pair.	Men's wool gloves, black, 35c, 45c, 50c.	Men's soft wool socks, 25c per pair.
Ladies' Mocha Kid Gloves, wool lined, \$1.25.	Men's wool gloves, Scotch knit, soft and warm, 50c pr.	Men's fine quality worsted socks, unshrinkable, 40c pr.
Ladies' Astrachan Gauntlet Mitts, wool lined, 90c.	Men's hand knit wool gloves, wool fleece lined, 50c.	Men's heavy wool mitts, thick and warm, 50c.
Misses' grey Astrachan Gauntlet Mitts, wool lined, 75c.	Men's heavy moleskin mitts, wool lined, the best mitt in the country for the money, 50c.	Men's unlined mitts and gloves, 25c to 50c per pair.
Child's grey Astrachan Gauntlet Mitts, 50c.	Men's heavy gauntlet mitts, wool lined, light wool cuff, large outside cuff, \$1.00.	Ladies' wool stockings, extra quality, plain and ribbed, 25c.
Ladies' Fur Mitts, fur lined, \$2.50.	Men's heavy mitts, wool lined long wool over-cuff, \$1.00 pr.	Extra heavy ribbed worsted hose, specially good for boys, largest size, 55c.
Ladies' Electric Seal Gauntlet Mitts, fur lined, \$2.75.	Cashmere hose, all sizes, ribbed, six fold knees, largest size, 55c.	Our stock of Hosiery was never more complete than at the present time. Full range of sizes in wool and cashmere.
Ladies' extra quality hose, soft and warm, 65c per pair.	Cashmere hose, all sizes, ribbed, six fold knees, largest size 40c.	
Ladies' over-stockings, good heavy weight, 65c pr.		
Over-stockings made to fit over heel of any boot, all sizes.		

Just Opened. Boys' extra all wool, fine quality homespun pants. Untearable, lined throughout, \$1.25 per pair.

All wool, full and pressed jumpers—the kind that will stand the rain—the kind that will wear till you are tired of them, in short, the best jumped in the country for the money. Lined \$2.75. Unlined \$3.50.

A pair of ladies' boots were left in our store about two weeks ago. Owner can have same by proving their right to them.

CLARKE & CO.

The WHIRL of the TOWN

SUBSCRIBERS will kindly watch the date opposite their names on the **ADVOCATE** each week, for two reasons: to note when they are in arrears, and help the Publishers by paying up promptly, and when paid up to see that the date is changed. If.

Yesterday was a beautiful, mild day. Small pox has broken out at Rogersville. An unofficial test was made of pumps in the Power House yesterday.

The members of St. Andrew's Guild will have their annual sale of work and supper on Thursday, December 11th.

Mr. Frank Ryan has been awarded the contract of painting the Electric Light poles and is now at work.

On Sunday morning next the Rev. A. F. Brown will preach in the Baptist Church at 11 o'clock Subject: "Deliverance from the Pit." Evening at 7 o'clock, Subject: "The Nobodies of the Bible."

Hon. Andrew G. Blair has accepted an invitation to be present at the annual dinner of the Caledonian Society of Westport, to be held at the Royal Hotel Campbellton on Monday evening next.

It is reported that a large stone has been dropped on the mill-cove hill by some of the teams hauling stone and is a menace to safe travelling at night, being right in the wheel track.

For the first time in the history of Deputy Irvine's residence in the county jail there is not a prisoner within. This is certainly a good showing for a county, the extent of Northumberland. The Deputy complains of loneliness and expresses the hope that he may soon have company. Now don't all get wicked at once.

Mr. John C. Miller of Millerton took a party of friends from Newcastle and Chatham down river in the Laura last Saturday. The day was perfect and the bay like a sheet of glass. The party had a most enjoyable trip. They report seeing a number of seals but very few birds. This was the farewell trip of the season.

We have made arrangements whereby we will be able to sell copies of a large illustrated paper entitled, New Brunswick Illustrated. This will contain many fine views of the Miramichi with a good write up of the town of Newcastle. Send 10 cents to Andrew Brown and order a copy. The edition will be ready early in December.

Messrs. Archie Snowball and Fred Tweedie returned in the steamer St. Nicholas on Saturday from a ten days shooting trip to Tahquamenon beach. The weather was too calm for good sport but they secured a goodly number of geese and brant. The geese are more plentiful than they have been all fall, being much later in arriving at their accustomed haunts. This may indicate the late closing of navigation.

Seals are very thick in the river just now. Near the Boiteau buoy, on Friday Capt. Bullock saw a school of nine bob up serenely in a cluster, and there were forty or more in sight. A very large one is on exhibition at Vauston's. If their pelts would make the sealskin jackets with which the ladies adorn themselves, every steamer and boat would be in the chase.—World.

Mr. Samuel Freese, of Doaktown, who has had experience as a miner in California and the Yukon, recently found traces of oil near the mouth of Cain's River, and believes that oil flows under the St. John's river. Exploration of oil was started last week. Mr. Freese proceeded at once to make preliminary arrangements for a practical test. He is getting the owners of the land, for these miles along the river, to sign an agreement that will permit oil seekers to enter upon and use their land for a rental of \$100 an acre, and when all have agreed Mr. Freese will try to induce capitalists to make the necessary borings. Mr. Freese thinks the prospects are much better at the scene of his find than they were in the place where oil has been found in paying quantities in Westmanland—Vancouver.

Little Liver Pills

Must Bear Signature of

See Fac-Simile Wrapper Below.

Very small and so easy to take as sugar.

CARTER'S FOR HEADACHE. FOR DIZZINESS. FOR DILATED PUPILS. FOR CONSTIPATION. FOR TORPID LIVER. FOR BILIOUSNESS. FOR THE COMPLETE CURE.

There is a case of Diphtheria in town.

Dr. Cates, Dentist, will attend to his patients as usual this month from the 26th to the last of the month—the usual dates.

H. Williston & Co. have put in a large plate glass front which improves the appearance of their store very much.

E. Hutchison has built an extension on the eastern side of his deal wharf, Douglas town. Men and teams are now hauling stones for ballast.

The S. S. Lovetaken loading at Messrs. Sawmill's wharf, Chatham, will be ready for sea today and proceed to sea. This is the last sea going vessel to clear from this port this season.

Don't forget the fact that we carry a full assortment of paper bags from 1 lb. to 20 lbs which we sell at lowest trade prices. Liberal discounts for large quantities.

Mr. J. J. Clarke of Millerton has accepted a position on the Harkins' Academy staff and entered on his duties Monday. He fills the place of Miss Reid who has been obliged to ask for leave of absence on account of ill health.

Now that the street wiring for the electric light service is being done would it not be a good idea to run a line to the public wharf for an are light, which could, and should be placed there, for summer service at any rate. On dark nights it is almost impossible for passengers to and from the boats to see where they are going. It would also facilitate the wharfing of the boats and would, we have no doubt, be appreciated by the public and steam boat men who use the wharf.

A number of our merchants are suffering at the hands of a few low, unprincipled loafers, who, nearly every night, squirt tobacco juice over the plate glass fronts of their stores. It is hard to realize that we have any one in our town with so much meanness and so little manhood about them as to intentionally do such a filthy trick, but so it seems, for on passing the stores in the early morning one's eyes are greeted with the nasty brown spots on a number of windows. This should be stopped immediately and we are informed by one merchant that if a repetition of it occurs he will have recourse to the stern arm of the law, as he has discovered the guilty parties by placing a watchman near the front of his store.

About 18 young men met in the Y. M. C. A. rooms on Monday evening and organized a debating and literary society to meet every Friday evening at 8 o'clock. These debates are not limited to members of the association but are open to the public. During the coming session of the Local House a mock Parliament will be held which will be also open to the public. The society will during the winter engage some outside reading and literary talent to give entertainments. Any young man who wishes is eligible for membership. The first debate is fixed for Friday evening, Dec. 5th. The committee in charge is Messrs. Duffy, Evans, McKenzie, Rev. A. F. Brown. Subject—Resolved that Imperial Federation is preferable to Canada than our present condition.

Leaders of Affirmative.—Ernest McKenzie.

Leaders of Negative.—Donald Morrison.

Small Pox at Rogersville.

A Large Number of Houses Quarantined.

Epidemic of small pox has broken out at the French village of Rogersville and the Northumberland County Board of Health are energetically working to prevent the disease from spreading.

A large number of houses have been quarantined and schools and churches closed. We trust that the afflicted village will conform to the rules of the Board of Health and that the spread of this dread disease will be checked.

Social & Personal

Mrs. Williston, widow of the late Judge Williston left last Wednesday for St. John and Halifax, at which latter place she will reside in future.

C. H. F. Bell spent a few days here on his way to Montreal. He has been transferred from the Royal Bank of Canada, Toronto to Montreal.

Mr. and Mrs. Otto Gjertz returned to Boston. Mr. Gjertz was recently employed by the Boston and Maine railroad, but has now accepted the position of chief operator with A. L. Rice and Co. Bankers Brokers with offices in the new board of trade building, State Street, Boston.—Portland Express.

Mrs. Frank Swin and children and Miss Swin of Doaktown, who been visiting Mrs. Swin's sister, Mrs. H. B. Morris, St. John street, returned to their home on this afternoon's express.—Gleaner.

Miss Hattie Chesseran of Chatham is visiting friends here.

Mrs. E. Anslow left last Thursday to visit friends at Zionville, York Co.

Miss Mary Keating of Strathadam left Friday morning for Lawrence Mass. where she will remain for some time with her sister Mrs. R. A. Smith, and continue her studies in Book Keeping.

Postmaster Harriman's little son, who was seriously injured last week is much improved.

Robt. Burgess of Campbellton was in town Monday.

Mr. Wesley Pickles has returned home from the Tobique bringing a nice moose head with him as the result of a hunting trip.

Miss Nellie Stewart of Douglastown is the guest of Miss Norman.

JANEVILLE.

Too late for last issue.

Janeville, N. B., Nov. 17th, 1902. We are having some very bad weather at present. Several heavy falls of snow last week which makes work in the woods very dirty. There is enough snow on the roads now for good sleighing, but it will doubtless last quick.

Cod fishing is fairly good this fall. Several good catches have been caught. The fish are of a good size.

The lumbering is booming. There is a scarcity of men and wages are the best. W. H. O'Brien has a crowd of men in back of Dampier's siding where he has a big boom of logs to get out. Ellis Bros., have a contract for P. G. Mahoney and have a crowd of men in. They will land their logs at Janeville siding.

Horses are very scarce also for the woods and a good many have been brought from the Island.

R. W. Knowles of Clifton died on Thursday last, aged 62 years, after a lingering illness. Mr. Knowles has been Post Master at Clifton for a number of years. He was a member of the English Church and will be much missed by the members. He leaves a wife, three sons and four daughters to mourn his loss. They have the sympathy of the community. The funeral took place on the 8th inst. in the Church of England cemetery and was largely attended. The pall bearers were A. Jagoe, W. J. Eddy, J. Smith, M. Jagoe, E. Jagoe and Edward Good.

Tenders are up for the sheathing of the school house of Janeville during the holidays. It will improve the school very much, making it warmer and better looking.

Hallowe'en passed off very quietly here, except for a little noise in the streets. It was celebrated by a few social gatherings of the young people, a notable one of which was at the residence of Mr. Ed. Jennings where a number passed a very enjoyable and social evening with games, dancing and other appropriate amusements.

Miss Bella Eddy spent Sunday at her home in New Bandon.

Our little village is very quiet at present as so many are in the woods and elsewhere.

Our popular teacher, Miss Maggie Carmichael still holds home and travels to school via Canada Eastern Railway.

Mr. Cowden Harper has left on a hunting trip accompanied by Silas Williams and Fred Balfour of Nelson.

McKieley & Sons have taken the contract of getting wood for school at Cushman's.

Miss Katie Harper spent Wednesday evening with friends here.

MRS. S. A. DEMERS'

GRAND CLEARING SALE

Blankets.

A big stock of wool blankets just opened at prices ranging from \$1.75 per pair upward. Every pair a bargain. Flannelette blankets, 75c per pair.

JAMES BROWN, Newcastle.

ONE LOVE TOO MANY

Or THE FUGITIVE BRIDE

By F. W. CHAPPELL

"Can you allow me a few moments, Mr. Jolson, to get my affairs slightly in order?"

"Certainly, certainly, sir," said the sheriff, "as much time as you like."

Marshall then arranged some papers, looked his desk, gave a few directions to his housekeeper, and declared his readiness to go.

Through the window could be seen a small crowd curious to see how he would bear himself at this frightful turn in his circumstances. Before leaving the library he had taken from his father's old secretary a neatly folded bundle and placed it in the sheriff's hands. The latter received it reluctantly, for he saw it was the great silent witness—the stained wedding ring of the dead.

"It will be required," said Marshall, gravely, "I do not wish it dragged about by the crowd. Take it and lay it out of sight till you are called upon to produce it."

"Yes, sir, yes, sir," said the officer earnestly, "I'll take care of it. You may depend upon me."

As they passed out they met Jim Pointer.

"Mr. Charley," he cried, seizing the young man's hand, "this is awful! What fool or scoundrel has done this?"

The men outside looked on amazed. Here was the victim's father clasping hands with the murderer.

Len Harris, on the edge of the gathering, saw it and was paralyzed. He had considered Jim a certain ally, and had counted largely upon his assistance, both in the way of money and the toll of research. He was not to be discouraged, however, his stubborn mind had taken its idea, and even had it been possible to recall his action, he would not have wished to do so. At Jim's question, he advanced to the small party on the steps.

"This is my work, Jim Pointer," he said, harshly. "When rich men sin it is easy to stop men's mouths, but even when fathers forsake their children there is always to be found somewhere an avenger of innocent blood."

As Len delivered his speech he looked around with consciousness of heroism. He imagined that his listeners must look upon him as a new Brutus, Virginia, or other grand figure of self-devotion. The crowd did indeed give him a faint hum of approbation, but Marshall did not appear conscious that he had spoken, and Jim looked at him with scorn.

"Get away, fool!" he cried, waving his weather-beaten hand.

Harris was about to make an angry rejoinder when suddenly his eye fell upon the package in the sheriff's hand. The story of the dress, its appearance and condition had been easily spread by the negroes, and it was easily recognizable, even carefully folded as it was. At sight of it Len's sallow visage turned a shade paler, his eyes lost its defiant glare, and he slunk away again to the outer borders of the crowd.

"I leave all in your hands, Jim," said Marshall, at parting, and gave his keys into his own hands.

"Do the best you can for me, and come out to Weston as soon as possible."

He sprang into the carriage waiting for him at the gate, the sheriff following, and the door, and they were driven rapidly away.

CHAPTER XXII.

From the moment she learned Charley's death.

ABSOLUTE SECURITY.

Genuine **Carter's Little Liver Pills.**

Must Bear Signature of *Wm. Wood*

See Fac-Simile Wrapper Below.

Very small and as easy to take as sugar.

CARTER'S LITTLE LIVER PILLS.

FOR HEADACHE, FOR DIZZINESS, FOR DILATED LIVER, FOR CONSTIPATION, FOR SALLOW SKIN, FOR THE COMPLEXION.

CURTIS & CO. NEW YORK.

Lasts a Lifetime.

That is just what they say of Vapo-Cresoline. The vaporizer is practically indestructible, and the Cresoline is certainly not expensive. This way of treating affections of the throat is most economical, and is also most effective. But little picture illustrates how it's used. You put some Cresoline in the vaporizer, light lamp beneath, and then breathe-in the soothing, healing vapor. For whooping-cough and croup it's a perfect specific.

Vapo-Cresoline is sold by druggists everywhere. Vapo-Cresoline suits, including the Vaporizer and lamp, which should last a lifetime, and a bottle of Cresoline, complete, \$1.50; extra supplies of Cresoline, 50c. Physicians' testimonials free upon request. Vapo-Cresoline Co., 110 Fulton St., New York.

There was a railroad to Weston, the capital town of ——— county, and without stopping to make enquiries she had gone directly to the depot. There she found the train would not leave until four o'clock. She hurried back to her lodgings, eagerly counted her money, which had suddenly grown of importance to her, and finding she had more than enough for her needs, went out and purchased such clothing as would enable her to appear respectably at least upon her new theatre of action. She even bought some pretty little extras in the way of ribbons and laces, and tried on several hats before she found one sufficiently becoming.

Poor Bel! she was dressing again for Charley.

On the way back to her lodgings she called for Miss Connie's diamonds, which she was now able to deliver to their rightful owner. She stopped also at the drug store where she had procured the stain for her face and asked if there was anything which would remove it. The druggist eyed her inquisitively but gave her the article with directions for its use. She hurried on, clasping her diamonds closely, and with the quick, light step of her other days entered for the last time the door of her cheerless home.

In an incredibly short time she reappeared, if one might use the expression, "clothed in her right mind." Her dark eyes sparkled, her curling hair blew about the cheeks once more so fair, her graceful figure was erect and full of the old nervous energy. The old thick veil was gone, and in its place she wore a lighter one of lace, for concealment was no longer necessary, and with womanly instinct she tried to look as handsome as possible.

"Will I be much changed?" she asked herself, anxiously. "Will he think me as pretty as he once did?"

She walked rapidly to the station, where she sat alone before the train was open. She was burning with impatience, and several times asked of others if the St. Louis and Weston train had not gone out. They stared at her, told the time of day, and pointed to the schedule train, which was on a card hanging against the walls, and she was enforced to curb her impatience.

Perhaps the reader may think it rather odd that a criminal should be so impatient of the delay between her self and punishment. But it was not death she had feared even when she fled from it, nor was it her own disgrace, and now after the long months of her self-imposed exile she felt that she had already made a bitter atonement—that she had suffered all things in being separated from the man she loved. But, in truth, these were little reasons in her heart for reason or remorse, thought of any kind. The whole burden of her mind was Charley.

"I shall see him! I shall see him!" she murmured, joyfully.

At last, to her infinite relief, the train came puffing up the tracks, and she hurried into the cars, the bell rang, and the train moved slowly off in the direction of Weston.

The time between St. Louis and Weston was six hours and forty minutes, so she had a long period of vacation before her, and wore out her excitement and fatigue, she leaned her head against the back of her seat, and fell into a profound slumber. When she awoke it was night. The lamp had been lighted, and the passenger yawned drowsily in their seats, or yawned over the vain endeavors to read by the dim light. The time terminated at Weston, and as the train arrived there at 10:25 it had not taken on sleepers.

Bel looked around her, confused and wondering. She was faint with hunger and thirst and the reaction from her great excitement. It was a hot night early in September. The car windows were open and sometimes the doors, yet she felt stifled and sick. She arose feebly and staggered along the aisle to the rear end of the car in search of water. The door was open, as was also that of the next car. She got a glass of water, drank it eagerly and immediately felt better.

In stepping aside from the water cooler she glanced casually through the open door.

Suddenly she stood still. Her face grew ghastly, she had evidently and fell into the hands of a man. She had only two minutes to spare. She had seen it!

Bel turned from his chair, and found himself in his chair.

sewered, haughtily.

"Oh, beg pardon, ma'am, but you see folks have always thought of you by the other name. But this is glorious news for Marshall. You've just come in the nick of time, and you for he's in jail now awaiting his trial for your murder."

"Yes," said Bel, "I saw that in the papers and came here for the purpose of proving his innocence. When can he be released?"

"To-morrow, ma'am, as soon as a few preliminaries are gone through with. But, Mrs. Marshall, it will be impossible for you to remain here until he is released."

"But," said Bel, "I thought murder was not a bailable offense."

Mr. Jolson looked at her with a dawning sense of the truth.

"Murder, ma'am! Who have you been murdering?" Bel thought this a joke of the sheriff's, and an exceedingly ill-timed one, and was deeply offended.

"I have already told you, sir," she said, haughtily, "that I came here to give myself up for the murder of Miss Valine."

"Is it possible, ma'am," he said, slowly, and looking at her with pitying eyes, "is it possible, Mrs. Marshall, that you think you killed Miss Valine?"

It seemed to Bel that the man was losing his wits.

"Are you not wasting time here?" she asked, impatiently. Proceed with your business, if you please, sir, and let Mr. Marshall be released."

"Mrs. Marshall," said the sheriff, raising and approaching the sofa where she had seated herself, "Miss Valine did not die by your blow."

"Did not die?" echoed Bel, faintly.

"Not only did not die," he continued, "but got up and with some assistance walked to her carriage, and was driven to Colonel Allan's within fifteen minutes after she fell."

Bel sank back trembling.

"Oh, God be thanked!" she murmured, "I am not a murderer!"

She was not so stunned as might have been expected, for the two glimpses of Miss Valine had in a measure, prepared her, though at the time of their occurrence, she had not suspected the truth.

"No," continued the sheriff, "she had on a substantial pair of corsets, you see," he went on, smiling. "They turned the point of the knife, and it was fright more that anything else which made her fall in a fainting fit. There was just blood enough drawn to show that she was hurt, but her wounds were so trifling that she was up and off to St. Louis within a week."

"And now, sir," said Bel, impatiently, "when can you set him free?"

"As soon as we can establish your identity, ma'am. But, all things considered," he smiled, "I've a mind to risk letting him out a little while tonight. Just you sit quiet here a bit, and I'll run round and get him out. Won't you walk into the other room and wait? My wife would be highly pleased."

"Thanks, no," she said, quickly; "let me wait here."

"All right, ma'am, you shan't wait long," and away he bustled, bustling with the importance of his mission.

He was a kind though coarse man, and to do him justice, did not stop even to satisfy the curiosity of his wife. He ran into her room, snatched up his hat and telling her not to disturb the lady in the parlor, and that he would be back directly with "big news" for her, was off before she could ask a question. And back he was in an incredibly short time, bringing with him one drunken with joy.

"This way, sir, this way!" cried the sheriff, opening the parlor door and stepping aside, that his visitor might enter.

Lingering a moment he heard a faint yet thrilling cry, the rush of hurried footsteps, and then the murmur of passionate tears.

He closed the door softly, and with many chuckles of self-applause, went away and told the "big news" to his impatient wife. It is needless to say that his course met with her very hearty approval.

As for Charley and Bel, their meeting had in it a rupture that was pain—a gladness too big for utterance. At first it was only in broken murmurs that they could give voice to the mighty emotions surging through

WINCHESTER

REPEATING SHOT GUNS

are cheap in price, but in price only. "Take Down" guns list at \$27.00 and Solid Frame guns at \$25.00, but they will outshoot and outlast, the highest priced double barreled guns, and they are as safe, reliable and handy besides. Winchester Shot Guns are made of the very best materials that can be procured, a thoroughly modern system of manufacture permitting them to be sold at buyable prices.

WINCHESTER REPEATING ARMS CO., NEW HAVEN, CT

their long-tried hearts.

After a time Bel was able to tell him some portion of her history since the moment he had left her in Philip's cabin. She told it gravely and seriously, yet without self-pity, for now that she sat by his side once more, the bitter trials of the past year seemed but a hateful dream. She told him how Philip had persuaded her; how, half-distracted, she had fled from the cabin to the river; how she had boarded and afterward abandoned the Hesperides, and traveled in a dream of terror through the strange woods to old Maria's cabin; how she had fallen there, and been saved by the dog and his homely yet so gentle mistress; of her long and lonely illness, when she lost her hair; how she had found her way to the city, and sought so long ere she could find the opportunity to toil for her daily bread; how she had disguised herself and also how she had been frightened at the sight of Harris, and what seemed to be the wrath of Miss Valine.

"But, Charley," she said, at the end, "I never parted with Miss Connie's necklace. I have brought it back to you. No matter what happens after this I can never lose her jewels, for you know," she continued, piteously, "there is blood on my hands."

As she spoke she drew the small case from her pocket and laid it on his knee.

He had been trying bravely to bear up as she passed quickly from one sad experience to another, but as she uttered these words he dropped his head on her shoulder, and the hard bitter sob of manhood shook him from head to foot. His tears fell on her hands.

The Country.

An Epitome of Events
Gathered by
ADVOCATE Reporters

BATHURST.

Our snow has pretty well disappeared, and travelling on wheels is again the order of the day. It is freezing hard today however and the weather looks like another snow storm, which now that the ground is hard and winter weather has really set in, would be very welcome.

The excitement of the week has been the escape of the prisoner charged with the killing of the late Mrs. Mason, from the new jail in Bathurst. This man has been a very quiet and exemplary prisoner since his incarceration. He has given no trouble to the Sheriff, who is also the jailer, and has spent most of his time reading books and papers sent in to him by parties about the town.

On Saturday morning when the servant who usually brings the prisoner's breakfast came to Lyman's wicket she called him but receiving no answer, and thinking from the appearance of the bed in the dim light that he yet slept she went upstairs again. Shortly afterwards she returned and again spoke into the cell, but getting no reply she went upstairs and reported the matter to the Sheriff. The latter came down, and finding the locks apparently all right, thought there was something wrong with the man. Unlocking the door he went into the cell, only to discover that the bird had flown. It took the Sheriff some time to ascertain how the man had got out of the cell, but it was found he had filed the staple which holds the lock in a very neat manner, and after going outside rearranged the staple and lock so that without close examination one could not discover that the staple had been cut. Constables and special officers have been searching the woods and roads all about the vicinity of Bathurst, and telegrams giving the full description of the man have been sent all along the line and in every direction but as far there has been no arrest made, and it is scarcely likely the man will be recaptured, owing to the fact he had before it was discovered he had gone. Of course there is not the slightest doubt but that someone from outside must have furnished him with a file to cut the staple, so far however there is no suspicion who furnished the file. Here is a chance for some of our local detectives to get their names up.

The first progressive whist party of the season was given by Mrs. Jacob White on Friday evening last and a large gathering of ladies and gentlemen enjoyed a pleasant evening's entertainment.

The annual sale and supper held by the ladies of Saint Georges Church last week was the most successful they have had for several years and the handsome sum of one hundred and sixty dollars was cleared. The funds will be welcome and used for the payment of the new furnace in the Church, which has been completed and gives general satisfaction.

Mr. John E. Baldwin, who has been very ill for several months, is we learn today very low, and not expected to recover.

Miss Lefruege the elocutionist is to give an entertainment in the Masonic Hall at Bathurst this week.

Colson Hubbard Esq. of Carleton was in town on Saturday and drove through to Carleton on Sunday last.

A few cases of diphtheria have been reported by the Doctors in the vicinity of the mouth of Middle River. It is understood the cases so far are of a mild type.

Business is rather quiet owing to the bad roads and the consequent difficulty in getting about the country roads. While the snow laid everyone was busy, and it is to be hoped that the annual crop will not be long delayed as wood is needed in town, and the merchants do not like this kind of weather.

Messrs. Melanson Bros. of Bathurst have had installed in their next looking store the new acetylene light plant and it appears to be an improvement.

We have read with considerable interest the letter which appeared in the last Events over the signature of Tecumseh and we hope we are right when we say we think we recognize in this last letter a desire for diversity much at variance with the former letters which appeared over that signature. We miss the part questioner, and there is an avoidance of that arrogant and petulant we might almost say childish manner which characterizes writers who cannot put their thoughts on paper without proceeding in personalities and ulterior motives. In other words Tecumseh has his best clothes on in this interview. We would almost be led to believe that some one has been writing letters for him and that he has only now taken up the pen himself. So much the better, and we shall now have much pleasure in answering his letter in the way it deserves to be answered, and if our views are not the same as his, he will at least give us credit for being sincere in our ideas. At the same time it is not the

writer's place to take up all the matter referred to in Tecumseh's letter, as in spite of the information furnished him by the Silas Q. Scudamore, who thought the law and heard so much, the writer is not the author of the letter which appeared in the Advocate over the signature of one Mr. Turgon's former friends. We know Tecumseh will take our word for that.

At the same time Tecumseh must not be allowed to rest under the impression that the writer had any desire to stir up religious prejudice, as he has been led to believe, and when he has read this letter we venture to say he will acquit us of the wish, and decide that he is just as sincere at the present moment as we were when this discussion began.

If Tecumseh has followed our notes in the Advocate he will see that only once, and that was when we were indulgent in subjects. When the Evangelist's correspondent wrote the first letter of the series which has appeared in that newspaper we were as sincere as we are now in cautioning all concerned against such writings, and from that time forward we said nothing of our own accord on the subject.

Our thanks for that consisted in an attack in the Events from one who signed himself we think, A Liberal Elector. We would have been over the personalities in that letter had it not been that the Advocate correspondent belonged to a political party in Gloucester anxious for its desire and ability to stir up religious strife among the people of the County. Perhaps A Liberal Elector did not say this in so many words, but that was the meaning we took from his imputation. Now Tecumseh, we ask you if that was fair. Is it not well known that from the time the party to which the writer has the honor to belong was founded in Gloucester it has been known to be composed of the most liberal minded men from a religious standpoint, in the County of Gloucester? From its founder down every man that we know is a fair minded man to all denominations. A more broad minded lot of people could not be found anywhere. Tecumseh is aware that when the late Senator Burns was alive he was surrounded by men of a different denomination to his own. In his private life, business and political life he never made the slightest discrimination among his friends on that account. It is also well known that Mr. Burns' brother, our present representative in the Local House, is another man of the same class, and for Tecumseh's information we may say Mr. T. M. Burns has from the very first deprecated this religious controversy and has requested the writer to keep such things out of any political articles which appeared in the Advocate and after having them translated, had them printed.

Now Tecumseh you talk about sincerity in this matter, let us see how sincere your friends have been, and we will with your permission drop the subject, for we assure you it is against our grain to have anything to say about it and we only do so in order to show you and our readers our position in the matter. Again it is we may further explain, not at all our place to defend or condemn the Evangelist correspondent but in our opinion both the Courrier and the Advocate of the Events have either deliberately misunderstood the Evangelist letter which first raised this question or they have given to it a weightier significance than the writer intended.

If we understand the Evangelist correspondent at all he had no desire to attack Mr. Curran merely because the latter is a Protestant, as the Courrier and the correspondents of Events assert and imply, but among other charges made against Mr. Curran the Evangelist correspondent asked if he was not the same man who had opposed the Sisters of Charity in a school meeting held at Bathurst Village some years ago, and wished the electors to understand that if Mr. Curran was then such an opponent of everything which a Catholic loves and everything which he now is trusted as their representative. Now let us see how the friends of Mr. Curran met this charge? They turned around on Mr. Burns and his friends and claimed that Mr. Burns and Mr. Porter having dropped the protestant candidate off their ticket were endeavoring to prejudice the Roman Catholic electors against Mr. Curran merely because the latter was a Protestant. Do you really consider that sincere Tecumseh, and do you really think any one believed it. And in your own mind do you not consider it a very poor compliment to the broad minded Roman Catholic electors of the County of Gloucester to think that they could be prejudiced by Mr. Burns or anyone else against a man merely because he is a Protestant? Do you not think you did your own side, and Mr. Curran particularly any good by thus begging the question and putting

Your Tongue

If it's coated, your stomach is bad, your liver is out of order. Ayer's Pills will clean your tongue, cure your dyspepsia, make your liver right. Easy to take, easy to operate. 25c. All druggists.

Want your mustache or beard a beautiful brown or rich black? Then use BUCKINGHAM'S DYE for the Whiskers. Sold by all Druggists. D. B. & J. 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

forward such an argument. If the Evangelist's correspondent had stated or implied what was not true why did not Mr. Curran come out in the Courrier and deny the imputation. But for your friends to write to a newspaper and say that Mr. Burns and his friends having dropped their Protestant candidate in order to make up an all Catholic ticket and then defeat Mr. Curran by asking the Catholics of Gloucester not to vote for him simply because he is a Protestant—does it not strike you as very ridiculous. Yet that is exactly what you and your friends have done and then you turn around and accuse the writer of insincerity. Now Tecumseh comes along and he says which of us is the most sincere.

Another thing you mention, which really does not belong to this writer, but I may as well mention it. You claim that none of the friends of Mr. Burns helped Mr. Turgon at the last Dominion election.

I claim here again Tecumseh, that you are insincere. You know as well as I do that many of Mr. Burns' warmest friends came to him and begged him to give Mr. Turgon a chance. Mr. Burns himself had the idea that Mr. Turgon should get this chance, and so stated and many of Mr. Turgon's friends, among them one of the present candidates, Mr. Boudreau came and thanked him for withdrawing and it is a well known fact that this is the reason he did not run.

You also know, Tecumseh, that many of the men who warmly supported Mr. Turgon at the last Dominion election, are now Mr. Burns' best friends, and are supporting his ticket. In fact I think the names of some of them were published in the Advocate a short time ago. If you will refer to this letter in the Advocate signed by a number of gentlemen in Pettit Rocher you will know yourself, Tecumseh whether they are or were friends of Mr. Turgon at the last election.

Do you know why many of Mr. Turgon's former friends have deserted him at this juncture, Tecumseh? I think you do but in case you do not I shall inform you. It is because Mr. Turgon has lost much influence over Mr. Curran and the other two men being weak they are afraid that the interests of the noble County of Gloucester, the banner county of the North Shore of New Brunswick, the richest county in many industries among which we may mention fisheries and lumber, will be intrusted to one man, and that man Frank Curran. They are afraid that, once the interests of this great County in the Provincial Assembly, but that the interests of this noble County in the Canadian Parliament will be also to a great extent intrusted to Mr. Curran owing to his influence over Mr. Turgon. This is not the writer's own opinion. Tecumseh several of the most intelligent electors of the County have put forward and many of Mr. Turgon's best friends are of opinion that in bringing out Messrs. Curran, Boudreau and Morais he has made the mistake of his political career.

DERBY.
Too late for last issue.
Nov. 9th—Decision day was observed in the Methodist Sabbath School at Derby. At 11 A. M. a service was held when the Pastor, Supt., Officers, Teachers and most of the children and young people in connection with the school, their parents with others met in the Church for public worship. Suitable hymns and scripture were selected for the occasion. Fervent prayer was offered that the richest blessing of the Heavenly Father might rest upon the school, especially upon the little children and youth. Then after an address of great power and beauty by Rev. F. H. W. Pickles. Nearly all the children and young people present rose to express their desire to follow the Saviour.

A solo by Miss Anna Crocker was much appreciated. The service was a beautiful and impressive one throughout. It was a pleasure to see the faces of the little children upturned to the speaker and their bright little eyes so eagerly watching to catch the truth so simply and tenderly presented to them.

A very impressive regular school session was held in the afternoon following up the good impression made in the morning service.

An evangelistic service was held in the evening where Mr. Pickles preached an interesting sermon to a large congregation which was greatly enjoyed by all. The Messrs Crocker and Miller favored the audience with a beautiful duet.

Rev. Mr. Pickles has a warm place in the affections of the people of Derby and many regrets were expressed at his leaving the district for his new home in Yarmouth, N. S.

CHELMSFORD
The snow which fell on Wednesday has nearly all gone and the river is again free from floating ice.

We are glad to learn that Mrs. Calvin Clark, who has for the last two months been in Victoria Hospital, is again able to return to her home here.

Men's Waterproof Coats.

Sold at a special price to clear. Go home dry brother, 'twill only cost you \$1.95c.

BOSTONIANS TOLD OF CANADA'S PROGRESS.

Hon. Mr. Sifton and Hon. H. A. McKenna Principal Speakers at the Canadian Club Banquet.

Boston, Nov. 21.—The fourth annual banquet of the Canadian Club of Boston was held at the Copley Square Hotel here this evening and was a pronounced success. Pres. Henry W. Patterson presided and Chas. H. McIntyre was toast master. The special invited guests and speakers were Hon. Clifford Sifton, Minister of the Interior of Canada, and Hon. H. A. McKenna, of St. John, member of the Executive Council of New Brunswick. Most of the local business men's associations and British societies were represented.

Messrs. Sifton and McKenna each spoke of the subject of the industrial, commercial and political progress of Canada and their addresses were exceedingly interesting. Mr. Sifton gave an admirable presentation of the growth of the Dominion from the days of the early pioneers referring to the development of the Maritime Provinces.

After eulogizing the Canadian character which he said has not deteriorated since the early days of the country he described in detail the Dominion judicial system, the building up of its railroads, its remarkable progress in international and foreign trade, its superb educational system, the evolution of its canals and mining and steel manufacturing power for the development of the country. He said that the day is not far distant when Canada will have two or three transcontinental railway lines not one of which will interfere with the other. It is the intention of the Dominion Government, he said, to improve the St. Lawrence River route. This he said will result in taking away from Boston some of its commerce, but that city can well afford to lose a little of its present export business.

Referring to the agricultural development of Canada he described the remarkable migration of American farmers into the Canadian North West and said it will not be very long before there will be from 250,000 to 500,000 settlers of this class in the North West, every one of whom will make as good Canadian citizens, as the members of the Boston Canadian Club make American citizens. He also outlined the work that Canada proposes to do in the matter of developing her harbors and the terminal facilities.

Mr. McKenna made an eloquent address in the course of which he dwelt upon the friendly relations that exist between the people of the two countries and gave some interesting facts regarding the industrial development of New Brunswick. He gave a very vivid word picture of the future of St. John, whose citizens have carried out their plans for making it one of the most important points of export and import trade on the continent.

DROWNED.

John Ratican, a Respected Citizen of Nelson

LOST HIS LIFE

In a Boating Accident on the River on Wednesday of Last Week.

A fatal boating accident occurred on the river in the vicinity of Douglastown last Wednesday afternoon by which John Ratican, of Nelson lost his life and Miss Ellen McCullum also of Nelson had a narrow escape from the same fate.

The Advocate learns that Mr. Ratican, wishing to procure shingles for a job he was doing, decided to row down to Munroe & Turnbull's shingle mill, opposite Chatham, and Miss McCullum, also wishing to buy some shingles, asked a chance down, to which he consented.

The journey down was made without mishap and it was not until they had reached Douglastown on the return trip that the accident happened. How it happened is not clearly known but it is thought that one of the thole pins, breaking under the heavy strain, allowed the boat to fall backward, and striking to one side capsize the boat, which was of the flat bottomed coffin shape variety. Miss McCullum managed to catch hold of the overturned boat and as the accident was seen from the shore, was soon rescued, but the deceased, weighed down by his clothes and heavy long boots, was not able to keep afloat.

The deceased was 50 years of age, a perfect type of manhood, and a much respected resident of his village. The funeral from his late residence last Friday morning at 10 o'clock was largely attended, interment being in the R. C. cemetery.

U. S. SENATOR WANTS TO ASSIMILATE CANADA.

A Process Whereby St. Paul Is to Become in Time the "Seat of Empire".

St. Paul, Minn., Nov. 19.—"We will acquire dominion in Canada by the process of assimilation, not by conquest," declared U. S. Senator Moses K. Clapp at the banquet given the Minnesota congressional delegation by the chamber. The statement was applauded to the echo.

"Twenty years ago it was predicted that St. Paul would become the seat of empire," said Senator Clapp. "The time is now due for the fulfillment of the prophecy as it was uttered, but though the city has now attained the proportions of a metropolis, the prediction has not been realized. Material advance, however, has been made."

"We have been advised to utilize commercial and social relations with our neighbors across our borders. The interests of the Canadian Northwest are so closely allied to our own, and the climate conditions and natural resources of the region are so similar to our own that it requires not a great insight into the nature of the future to perceive that the reciprocal relations that now exist are but temporary. With the situation in view it is easy to force the manifest destiny of the Dominion of Canada. There is no doubt but that in the future, possibly within the lives of some here present, the United States will ultimately include the regions that stretch from the boundaries of the northern States to the Arctic sea. It will be then that St. Paul will be the seat of empire, the capital of the greatest nation of the earth."

"If you doubt that this will come to pass take into consideration the conditions as they exist. One third of the population of Canada is American born, and the stream of immigration is increasing year by year; the peaceful invasion is going quietly on. We will acquire the Dominion by the process of assimilation and not by conquest. There is no power on earth that can prevent the union of that country with our own."

British Reprisals Against Venezuela.

May Be Joint Naval Demonstration With Germany.

LONDON, Nov. 23.—Great Britain is contemplating serious reprisals against Venezuela and she is acting with Germany in all matters relating to the present state of affairs in that country. Whether the contemplated action will take the form of a joint naval demonstration accompanied by following the severance of diplomatic relations is a matter now being discussed in Berlin and London.

There is reason to believe that the British government has been either officially or otherwise informed that the United States will not intervene in any demonstration having the object of protecting the property rights of British citizenship or their interests in Venezuela.

Bobby's gold may be cared in a night by using Vapo-Cresolene, which has been extensively in use for twenty-four years. All druggists.

ACROSS CANADA.

Rival Line to C. P. R. From Atlantic to Pacific.

Grand Trunk will build a Transcontinental Road as Soon as Parliament Grants Charter.

MONTREAL, Nov. 23.—Canada is to have a second transcontinental railway, extending from ocean to ocean. The announcement was made today by Chas. M. Hays, second vice-president and general manager of the Grand Trunk railway. The construction of the new line will be commenced as soon as the necessary legislation can be obtained from the Canadian parliament.

The Grand Trunk will be behind the new road and will operate it, but, as in the case of the Grand Trunk lines west of the Detroit river, will be constructed under a separate corporate name, the Grand Trunk Pacific Railway Company. The new line, according to Mr. Hays' statement, will have a mileage of about 3,000 miles, beside the constructions, including equipment, stations, bridges, ships and other facilities, will involve an expenditure of from \$75,000,000 to \$100,000,000. According to the present arrangements, the new system will run through that portion of Northern Ontario known as New Ontario, starting from North Bay or Gravenhurst and extending through Manitoba, the North West Territories and British Columbia to Bute Inlet, or Port Simpson, B. C., as may later be determined upon. The line will be of the most modern and up-to-date character, having in view especially low grade, long tangents, steel bridges and heavy rails, as well as ample station facilities and equipment for the handling of freight, and passenger traffic.

"No one," said Mr. Hays, "who has been studying the wonderful developments that have taken place in the Northwest during the last few years can fail to be deeply impressed with the growth of that extensive and rich territory, and our directors feel that in view of the apparent need of additional railway facilities, and in order to guarantee to the present Grand Trunk system direct connection with that very important and growing section of Canada, the only wise policy is to take active steps towards this extension."

The building of this transcontinental route has been under consideration by the Grand Trunk directors for some time, but it was only during Mr. Hays' recent visit to England that it was decided to carry out the project at as early date as possible.

Mr. Hays added that the line would probably be in full operation within five years and that steamship lines on the Pacific would come as a necessary adjunct.

DEATH OF HERR KRUPP.

Great German Gunmaker Said to Have Been Worth \$125,000,000.

BERLIN, Nov. 22.—Herr Krupp had been ill for several days. His wife was absent at the time of his death. He died of the second stroke of apoplexy at about 3 o'clock this afternoon.

A bullet announcing his death was posted at the station at Essen, which furnish employment to 42,000 men, at 6 o'clock. Near friends of the dead man are confident that certain charges against him published recently in the *Morgenpost*, induced his death.

Herr Krupp was said to be worth \$125,000,000 and had an annual income of \$10,000,000.

Berlin, Nov. 23.—The first assumption that Herr Krupp committed suicide, is yielding to precise and abundant testimony to the contrary. Professor Bismarck, a physician of the first reputation was in the apartment adjoining Herr Krupp's sleeping room when he was stricken down Saturday morning and Doctor Pahl, Herr Krupp's family doctor was also in the house. They summoned several other physicians and it is regarded as being beyond belief that all should have committed a concordance of the cause of death when they ascribed to a stroke of apoplexy, induced they said unofficially, by mental excitement from which the deceased was suffering.

Herr Krupp for several years past has had a weak heart and was subject to fainting spells.

The funeral has been fixed for Wednesday, Chancellor von Bülow, all the ministers and a great number of other officials, following the example of the emperor, have telegraphed their condolences. Herr Krupp leaves two daughters, aged 17 and 15.

Herr Krupp's favorite study was to think out schemes for improving the well being of the lower classes, which he applied practically to what are called "labor colonies." He assented seemingly to most socialistic principles, except that he held tight to the wage system, averring that the wage earners were not sufficiently developed or self-controlled to regulate for themselves a just system of division of profits.

Herr Krupp's father started the system of modern dwellings for the workingman as a matter of expediency, and Herr Krupp himself appears to have developed them from conviction and in accordance with his ideal. He owned 5,469 dwellings.

Opposite the Square,

Newcastle.

ALEX. GIBSON CO.

To Be Recapitalized by
John F. Stairs and
Associates.

Mr. Gibson will be President of the Co., and H. McLean Probably a director.

A conference was held in St. John Thursday, which, according to report, will have an important bearing on one of the foremost of New Brunswick's industrial interests. The gentlemen who attended the meeting were Alexander Gibson, of Marysville, the president of the Alex. Gibson Railway and Manufacturing Co. (Ltd.); Lt. Col. McLean, K. C., the secretary of the company; D. J. McLaren of Liverpool, one of the directors of the company; John F. Stairs, and Max Aitken of Halifax.

Reporters of the Sun saw Col. McLean and Mr. Stairs last evening but they declined to give anything for publication. Mr. Aitken was also seen, but he was equally reticent.

The Sun learns, however, that the Alexander Gibson Railway and Manufacturing Company will within a short time be re-capitalized by Mr. Stairs and his associates in the sister province. Bonds, preferred stock and common stock will be issued in a sum exceeding \$6,000,000. Mr. Gibson will be the president of the company and will have associated with him as directors J. F. Stairs, the president of the Nova Scotia Steel and Coal Co.; R. E. Harris of Halifax, a director of concern, and other prominent Nova Scotia financial men. It is understood Col. McLean of this city will be made a director. The securities will be listed on the Montreal stock exchange. The new company will own and operate the Canada's Eastern railway, the cotton mill at Marysville and the timber limits and saw mills on the Nashwaak and at Blackville. The Canada Eastern line is 137 miles in length and of late the road has shown excellent earnings. The cotton mill is said to be the largest individual cottonmill in Canada and gives employment to several hundreds of hands. The mill, with its admirable equipment, is said to be worth over a million dollars. The timber limits are understood to cover 200,000 acres, and the Nashwaak river is owned outright by the concern. The new company propose to manufacture between thirty and thirty-five millions of lumber per year. The town of Marysville is another asset of the company, all the land being owned by it as well as the houses which are occupied by the Gibson company's employees. The company will also operate the very extensive timber limits at Blackville, where they have saw mills, a grist mill and a shingle mill.

It is said within a month the new company will be in control of all these vast interests. The lands which they have are capable of a much greater production of lumber, and it is safe to assume that the production of the saw mills will in the course of a few years be greatly augmented.

Mr. Gibson returned to Marysville last evening, and Mr. Stairs and Mr. Aitken left for Halifax late last night.

Mr. Gibson's career has been a remarkable instance of what energy and perseverance, coupled

Bad Appetite, Indigestion

Mr. Jas. McMath, of Inverness Street, Stratford, Ont., states:—"My digestive organs were entirely deranged, my appetite was poor, I was run down, and had severe attacks of dizziness and nervous headaches. The use of Dr. Chase's Nerve Food has entirely cured me, as my digestion is very much improved, the headaches have left me and my appetite is real good. I can recommend Dr. Chase's Nerve Food most heartily, knowing it to be an exceptionally good medicine."

Being slightly laxative Dr. Chase's Nerve Food regulates the action of the excretory organs and through its restorative influence on the nerves and muscles ensures the healthful and vigorous action of the respiratory and digestive systems. If you are weakened by overwork, worry or disease, this great food cure is bound to be of benefit to you. As a restorative it has never been approached, 50 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.

Dr. Chase's Nerve Food

with good intellect, can achieve. He started out at the age of 15 years without any more of this world's goods than the ordinary lad has and in the course of 10 or 12 years owned a most valuable lumber property at Lepreau. He disposed of this and by a master stroke secured the entire control of the Nashwaak river and the timber lands thereon. This property was purchased from Robert Rankin & Co. over thirty years ago, when it was valued at \$130,000. On commencing operations on the river, Mr. Gibson saw at once that the principal obstruction to be overcome was a large boom held by a mile or two of piers. He constructed dams and increased the river facilities so much, that hang-ups on the Nashwaak were out of question. It is said Mr. Gibson has cut fully six hundred million feet of logs into deals on the Nashwaak. The Cotton mill was built from bricks manufactured by him within a stone's throw of the structure. It is lighted by electricity from Mr. Gibson's own dynamos. Mr. Gibson was able to land lumber at St. John at lower figures than any of the other operators on account of his escaping the charges incident to a connection with the corporation drives, years ago Mr. Gibson built a railway extending from Gibson to Woodstock. This has since passed into the possession of the C. P. R. The Canada Eastern was then built from Gibson to Chatham, and later on the bridge across the St. John river gave this line an entrance to the interior. This giant of industry constructed so many years since at Marysville what was then one of the largest cotton mills in America. He conceived the idea of building about the mill a town for the cotton mill's employees and this he successfully carried out. And now within the attractive little town of nearly 2,000 inhabitants reside only the Gibson concern's employees. Mr. Gibson is now a man over 80 years of age, but he retains the same vigor and splendid business ability that marked him for a great man a quarter of a century ago. All through his life Mr. Gibson's charity has been a by word in and about the district in which he moved and did business.

Mr. Stairs, the president of the Nova Scotia Steel and Coal Co., is recognized as one of Eastern Canada's foremost financiers. Some years since he consolidated the cordage companies of Canada in which is known as the Consumers' Cordage Co., of which for some time he was president. But his great effort was in the development of the steel and coal industries of Nova Scotia. He consolidated the sugar refineries of the two provinces, and is the founder and president of the Eastern Trust Co. Mr. Stairs is connected with numerous other financial and industrial corporations. New Brunswick will not regret the acquisition of Mr. Stairs and his associates in the greater development of the Alex. Gibson Company.—Sun.

IN THE ELECTRIC CHAIR

Auburn, N. Y., Nov. 18.—John Truck was put to death in the electric chair in the state prison here this morning. Truck's crime was committed in the town of Virgil, Cortland County, on the night of March 14, 1899. Neighbors discovered the house of Frank W. Miller, who lived alone, in flames. Before the burning dwelling had entirely consumed they made out the body of a man in the ruins. Water was thrown upon the body to prevent cremation and it was afterwards identified as that of Truck. The autopsy showed that death had occurred before the fire had touched the body, the skull having been crushed by a blunt instrument. It was known that Truck had spent the night before with Miller and had been in the neighborhood for several days. The next day Miller's wagon was discovered in Truck's barn in Homer, and when arrested Truck was wearing Miller's clothes and had his watches, his horse and wagon. He claimed to have been in Homer, but told several conflicting stories. He was convicted and sentenced to electrocution.

Pa, what is the eastern question? How much have you got.

SAN FRANCISCO FIRE.

Loss Estimated at
\$100,000.

Several Lives Supposed to Have Been Lost.

San Francisco, Nov. 20.—The Southern Pacific depot and Ferry slip, at the end of the Alameda Mole, which extends far into the bay from the eastern shore, was totally destroyed by fire early today. A large number of passenger coaches were also burned and it is said that several lives were lost. The loss may exceed \$100,000, but it cannot yet be closely estimated.

The fire broke out from an unknown cause soon after the ferry boat Oakland had reached the slip on her last trip from this city about 1 o'clock. The kitchen crew of the steamer had retired to their lodging near the end of the pier. Suddenly the flames burst out quickly spreading through the depot, a big building of wood and glass. The upper works of the Oakland caught fire and her captain was forced to cut loose and leave her men behind. They may have escaped, but they have not yet reported.

The burning slips were inaccessible for fire engines from the Alameda county shore, but two fire boats were dispatched to the scene from the city and succeeded in confining the flames to the end of Mole. Nothing else could be done, however, and everything on the broad extension of the pier was soon totally destroyed. The depot will be the terminal for trains to Santa Cruz and for trains to Oakland and Alameda, on which latter line the cars are of the most improved pattern. During the year the Southern Pacific expended many thousands of dollars in repairing the approaches to the Mole and the wharf proper. The ferry buildings proper covered several acres and contained the offices of the railroad operators.

BLAIR'S IDEA OF ANOTHER LINE TO THE COAST.

The Proposed I. C. R. Extension to Pacific.

Will Sir Wilfrid Laurier, at the request of his Cabinet, and especially of Hon. A. J. Blair, Minister of Railways and Canals, at the next session, ask Parliament to sanction the undertaking of the establishment of a transcontinental Government railway?

Such is the question that leading railway officials have been asking since Mr. Blair announced through the Sunday Sun that he felt sure that the one great thing that would help to solve the transportation problem in the Northwest would be a Government railway.

That such an undertaking is at present being contemplated by the Liberal Government the Sun is today in a position to show by the statements made by Hon. Mr. Blair in a recent speech at Vancouver, and on his return from the West; the opinion offered by Mr. William Mackenzie, of Mackenzie and Mann, proprietors of the Canadian Northern Railway, and the outline of the proposed Government railway by a Minister of the Dominion Cabinet, who recently visited the West, and is in close touch with the Minister of Railways.

As soon as Hon. Mr. Blair announced through the Sun that there were excellent opportunities for a Government railway through the Canadian Northwest, Mr. J. I. Tarte, in an editorial in his paper referred to the statement made at Vancouver by Mr. Blair to the effect that while in St. Paul he had conferred with Mr. Hill, the American Magnate, who has control of the Northern Pacific and the Great Northern Railways. The announcement, Mr. Tarte pointed out, followed, as it was, by the one to the effect that after looking into the situation he was sure that there was a good opening for such a railway, showed that Mr. Blair had evidently made far greater negotiations than he was willing to make public.

While in the city yesterday Mr.

BACKACHE.

Backache is a forerunner and one of the most common symptoms of kidney trouble and womb displacement.

READ MISS BOLLMAN'S EXPERIENCE. "Some time ago I was in a very weak condition, my work made me nervous and my back ached frightfully all the time, and I had terrible headaches."

"My mother got a bottle of Lydia E. Pinkham's Vegetable Compound for me, and it seemed to strengthen my back and help me at once, and I did not get so tired as before. I continued to take it, and it brought health and strength to me, and I want to thank you for the good it has done me."—Miss Kate Bollman, 142nd St. & Wales Ave., New York City.—\$5000 forfeit (original of above letter proving genuineness cannot be produced).

Lydia E. Pinkham's Vegetable Compound cures because it is the greatest known remedy for kidney and womb troubles.

Every woman who is puzzled about her condition should write to Mrs. Pinkham at Lynn, Mass., and tell her all.

William Mackenzie, of the firm of Mackenzie and Mann, when asked if there was any truth in the statement that the Government was negotiating for the probable purchase of the Canadian Northern, said that up to the present time the Government had always assisted the railway and would most likely continue to do so. He felt sure that there was a great future before the Canadian Northern, by its being extended both eastward and westward. Up to the present time, section by section, the railway had paid for itself, and there was not any reason why, under good management it should not continue to do so after further extensions were made. He would not, however, admit whether any definite negotiations had yet been made.

And now comes the information, from a Cabinet Minister, that such a line has actually been contemplated, and that it may not be very long before the Government will take definite action.

In conversation with a representative of the Sunday Sun, the minister made the following statement:

The road that is being most contemplated at the present time, and will undoubtedly be recommended by Hon. Mr. Blair, is that the Intercolonial Railway should be extended to unite with the Canada Atlantic at Gagetown, Que. The purchase of the Canada Atlantic would bring the line to Depot Harbor, whence an extension, offering some difficulties in the way of construction, would have to be built to join with the Algona Central now controlled by the Clergue Syndicate. From the end of this line but a few miles of road would have to be constructed in order to join with the Canadian Northern at Port Arthur. Then, as Mr. Mackenzie has already announced that the work of extending the line to the Pacific Coast would be started in the spring, the Government railway would run from Halifax right through to the Pacific.

Of course, such a gigantic undertaking would involve the outlay of many millions, but then it would most possibly prove that such an undertaking would in the future be worth many millions to Canada as a nation. There can be little doubt that the western extension of the Intercolonial is the one thing that will permit of its being run with substantial profits.

When seen yesterday, Ex-Mayor Prefontaine, who is now assured a place in the Cabinet, states that as yet he had not looked into the question sufficiently to express any definite opinion thereon. The undertaking, he said, was a gigantic one, and would, undoubtedly, be carefully considered by Parliament.

Standard Oil's big Profits.

Pays \$10 a Share for Quarter and Total for the Year is \$45,000,000.

New York, Nov. 17.—Standard Oil directors met yesterday and declared the fourth quarterly dividend for the year of \$10 a share. This brings the total dividend disbursements for the year up to \$45 a share, or \$3 less than the amounts declared in 1901 and 1900.

In all the Standard Oil Company will have distributed \$45,000,000 to its stockholders this year when the dividend declared yesterday is paid. The date set for the payment is December 15. Its capital is \$100,000,000. In the past three years the stockholders have received \$141,000,000 in dividends.

The capital of the big steel trust is about \$1,016,000,000. Its dividends for one year on the preferred and common stock approximately aggregate \$55,580,000. The difference is brought out more clearly, however, when the stocks of the two companies is compared. Standard Oil, was quoted on the curb yesterday at \$670 at the close, while the total of the preferred and common stocks of the Steel Trust shares was \$121 50.

There is no regular dividend basis for the Standard Oil Company. Its directors declare a suitable dividend out of the moneys paid into its treasury from the various subsidiary companies which it controls, in the winter and spring months the dividends are usually larger, and during the summer and fall months the smaller amounts are divided. It is said the decrease this year is not due to decreased earnings, but to increased expenditures in buying new properties and in building new vessels.

She's a smart woman, I'm told. Well, in the sense that she can say things about people that make them smart she is.

BE PREPARED

ANNOUNCEMENT.
In the future the publishers of the Advocate will render all advertising accounts monthly.

The Union Advocate,
ESTABLISHED 1867.
NEWCASTLE, NOVEMBER 26, 1902.

THAT SUNDAY WORK.
Chatham, N. B. Nov. 19th, 1902.
Messrs. Anslow Bros., Prop., of the Union Advocate, Newcastle,
Dear Sirs:—

In your newspaper of this date you publish under the heading, "Redbank" the statement that I had two teams hauling lumber on a certain Sunday "to the D. G. Smith fishing pool at the Square Forks," etc. As the statement is untrue and as I have never, at any time had any team or teams on any Sunday engaged as you state, I regret to say that this is not the first time your paper has assailed us in connection with Northwest Miramichi fishing matters, and I am at a loss to understand why you resort to such warfare.

Truly Yours,
D. G. SMITH

We only wish to state that we received the correspondence from a reliable party and accepted it for what it was worth. We also knew that Mr. Smith had sent lumber to Redbank or the Square Forks. At the present writing we have not heard from our Redbank correspondent, but take Mr. Smith's word for it that it was not true.

As to our assailing Mr. Smith in connection to Northwest fishery matters, this is hardly correct. As a public servant we found occasion to criticize his work on this river as we thought criticism was needed, and we know that it had the desired effect and the matter was speedily remedied. The Advocate always tries to pursue an independent and unbiased course when dealing with public matters, and its criticisms are as fair to all parties concerned as it is possible to make them.

CANADIANS IN THE UNITED STATES.

It is an interesting feature of such an event as that in Boston on Thursday night, when Mr. D. C. Fraser spoke to Canadians, and as that on Friday night when Hon. Mr. Sifton, M. P., and Hon. H. A. McKeown spoke also to Canadians that the honored guests sat down with their kith and kin, many of the latter being at least hundred thousand dollar men who have accumulated wealth in the land of their adoption but who still have fond memories of the home paradise of their early years. Do they reflect how much better off they would have been had they remained in this much better country? The hope may be ventured that Mr. Sifton's statements of the progress of the Canadian West, where Americans are now going in by thousands, will induce some of the Canadians who have settled in New England to return to that part of Canada. We have fully given up hope of any great number of them coming east again, except as summer visitors.—Globe.

That Gaspe Line.

Some People in London are at Work Booming It.
LONDON, Nov. 20.—The papers are full today of the prospectus of the new Canadian company. Much is made of Sir Wilfrid Laurier's alleged cordial approval and his pledge to grant subsidies to the proposed railway, in connection with the requirement of the charter of the Atlantic, Quebec and Western railway. The company is not now asking for public subscriptions, their advertisements being simply for public information.

Steel Rails for the I. C. R.
OTTAWA, Nov. 20.—Messrs. J. W. Clegg, A. C. Newell and H. G. Hamilton are here on business with the Department of Railways, regarding the contracts for supplying steel rails for the I. C. R. The rails have been supplied pretty regularly and a balance of some five thousand tons now remain to be sent in. The visitors have business with the other departments as well as railways.

Death of Herr Krupp.

(Continued from 1st. page.)
Herr Krupp had also a variety of institutions, some of them rather singular, such as "bachelors' homes" and "widowers' retreats." Besides convalescent hospitals and the regulation orphanage he had a pension fund for his employees amounting to \$4,125,000. He contributed last year as required by the law, \$372,000 to the national insurance fund and gave voluntarily \$4,030,000 to other insurance funds. Notwithstanding his benevolent interests in the laborer, he was an autocrat in the management of his concern. He was almost unknown by sight to his workmen and rarely visited the works or offices. He spent several months every year on the island of Capri and managed his gun works, rolling mills, iron mines and shipyards by letters and telegrams.

Will be Record Year.

OTTAWA, Ont., Nov. 18.—According to advices which have reached the Department of Agriculture, the exports of Cheese and Butter from Canada this year promise to make a record. When the season closes the value of the products shipped to England and abroad will total \$30,000,000. Ten years ago the total was only \$10,000,000. The four cold curing rooms have been a success, although a remedy to overcome dampness setting on the cheese has still to be devised.

Two Seamen Lost.

MONCTON, N. B. Nov. 23.—J. Nelson Smith, of Coverdale, Albert County, has received a cable from Barbados informing that the ship "Carrie L. Smith" of which he is owner put into that port on the 20th inst. in partially damaged condition, and with the loss of two men.
The "Carrie L. Smith" was on a passage from Preston, (Eng.) to Yarmouth, N. S. The two seamen reported lost were Mate Alfred Copp, of Riverdale, Albert county, and a young man named McLaughy, about 18 years old, son of J. F. McLaughy, of Hillsboro. Copp was a married man, about 50 years old, and leaves a wife and two children at Riverdale. No particulars have been received.

Cost of Living Steadily Advancing.

The average citizen has noticed the increased cost of living of late, and as prices of one article after another of daily consumption advance in price he wonders where it will end; and many wonder from whence the where withal to meet the increased bills is coming from. Flour has gone up in price ten cents a barrel this week; kerosene has advanced three cents a gallon; and today the price of sugar has advanced fifteen cents a hundred pounds. The wholesale grocery merchants were advised of an advance of five cents a hundred in sugar early this morning, followed before noon by notice of a further rise of ten cents. As a workman remarked this afternoon, "about everything we have to buy has gone up in price about ten per cent. during the past year, but our wages remain the same as before."
—Globe.

Proverbs

"When the butter won't come put a penny in the churn," is an old time dairy proverb. It often seems to work though no one has ever told why.

When mothers are worried because the children do not gain strength and flesh we say give them Scott's Emulsion.

It is like the penny in the milk because it works and because there is something astonishing about it.

Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.

Children take to it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

We will send you the penny, I. C., a sample free.
Be sure that this picture is the one of a fish in a wrapper, of every bottle of Emulsion you buy.
SCOTT & BOWNE,
Chemists,
Toronto, Ontario.
50c. and \$1.00; all druggists.

For twenty-four years Vapo-Cresoline has been extensively used for all forms of throat and respiratory troubles. All Druggists.

Your Hair

"Two years ago my hair was falling out badly. I purchased a bottle of Ayer's Hair Vigor, and soon my hair stopped coming out."
Miss Minnie Hoover, Paris, Ill.

Perhaps your mother had thin hair, but that is no reason why you must go through life with half-starved hair. If you want long, thick hair, feed it with Ayer's Hair Vigor, and make it rich, dark, and heavy.
\$1.00 a bottle. All druggists.

If your druggist cannot supply you, send us one dollar and we will deliver you a bottle. Be sure and give the name of your nearest express office. Address, J. C. Ayer & Co., Lowell, Mass.

MUSKOKA IN A CANOE

A POPULAR TRIP IS THAT KNOWN AS THE CRANE LAKES.

Explicit Directions for Making It Without a Guide—What One Needs on Such a Trip and How to Go to Work to Provide It—Provisions for a Week—Some Valuable Casual Hints for Comfort and Enjoyment.

There are two methods of making a canoe trip. The first, and the one which I shall not here attempt to describe, is to hire guides, who will do all the work involved in the trip, thus, to my mind, depriving one of much of the benefit and enjoyment of such a trip.
Another, and perhaps still more important, reason why a canoe trip should not be carried on in this way is that it is too expensive for most people. A good guide commands four or five dollars a day.

A popular trip is Muskoka in that known as the Crane Lake trip. Starting upon this trip one goes to the portage near the house of Lake Joseph. Here, by a small stream, Portage Lake is entered. From Portage Lake the voyager enters in succession into Lake Robinson, Otter, Burnt and Blackstone, portages varying in length from a quarter mile to a mile intervening. From Blackstone Lake the canoeist enters by the Blackstone River into Crane Lake.

In Blackstone and Crane Lakes the muskies and bass fishing is very good. Muskies weighing from fifteen to twenty pounds have frequently been caught in Crane Lake. Now, as to the preparations for such a trip. From the outline given above, one readily sees that it would be very unwise for one unfamiliar with this district to attempt the trip without a chart, and while you are getting one be sure that it is accurate, and you will probably save yourself much inconvenience. It is well, too, to take the precaution of carrying a compass, particularly if you are not used to traveling in the forest. The writer has known of persons who were lost on their first trip, losing their path and wandering in the woods for a day and a half or two days.

In considering the question of provisions, bedding and tents, the question of their weight must also be considered. The quantity of each depends, of course, on the number in the party. A party of four in one canoe or six in two canoes is a very good size. Where you have four he can canoe two can carry the canoe and two the baggage across the portages; where there are three in a canoe two carry the canoe and one must carry the baggage. Now you can see why you must not take very bulky or very heavy food. If you do it is recommended that two trips across each portage, and that is a mistake.

The writer does things in a manner perhaps primitive, but withal satisfactory. He lays in a good stock of bread, a considerable quantity of oatmeal, some cheese, some butter, sugar, coffee, salt, pepper, etc., a few tins of meat, condensed soups and a couple of cans of condensed cream. This latter makes an excellent substitute when fresh milk is not to be had. Be sure and put the butter in some receptacle from which it cannot escape, should it melt, as it is liable to do. It is not pleasant to have all your baggage buttered. Do not take too much canned goods, as they are heavy and it is hard to pack them so that the corners of the cans will not stick into you when you carry your pack.

A party can quite easily carry provisions for a week. If it is intended to stay much longer than that it would be better to arrange for your supplies in some other way.

Do not take breakable dishes with you. Your meals will taste just as good eaten from tinware or porcelain as if eaten from the finest china. You will need for each member of your party a plate, a good-sized cup, a knife, fork and a couple of spoons. Besides these you will need a few extra plates and spoons. Of cooking utensils you will need a pail to cook the porridge and the soups in; a pail in which to boil your coffee, and a frying-pan in which to cook the fish. These three will supply almost every need in the cooking line.

A good heavy single grey blanket is plenty of bedding for one, or two can keep quite warm between the folds of a double blanket. The rest of the bed can be made of a good thick layer of the small twigs of cedar or balsam, or of large, coarse fern or bracken. If you get the ground well covered you will sleep just as comfortably as you would on a spring mattress.

A very good tent can be made of heavy factory cotton. Have it six or eight feet square at the base and

six or seven feet high, without any side walls, that is, sloping right to the ground. Along the four sides of the tent, six inches from the bottom, fasten some small loops of rope. When your camping ground is chosen, find two trees far enough apart to allow the tent between them. Tie a rope from one of these trees to the other, about seven feet from the ground. Hang the tent on this, so that the rope forms the ridge pole of the tent; slip some small poles through the loops of rope above mentioned, stretch the tent out as wide as possible, weight down the poles with stones and your tent is ready for occupation.—Canadian, in The Globe.

MARRIED.

At St. Andrew's Rectory, on the 19th, inst., by the Rev. T. H. Cuthbert, Mr. Harry Brownlow Malby of Newcastle, to Miss Elizabeth Annie Jones of Strathadam.
Mr. John Cain and Miss Maggie Boyie both of Bathurst, the church of the Holy Family, on Tuesday by the Rev. Father Varrilly.

STRATHADAM.

Miss Bessie Jones of Strathadam and Mr. Bowdler Malby of Newcastle were quietly married at the home of the officiating clergyman, Rev. T. H. Cuthbert, at Newcastle, on Wednesday evening at five o'clock. The bride looked charming in a suit of fawn Alabastro cloth with silk and ribbon trimmings to match. They were unattended. Their many friends unite in wishing the happy couple a long and prosperous journey through life.

Miss Annie Scott spent Tuesday with her friend, Miss Effie Brander.

Mr. James Brander has gone to the woods to work in the employ of D. J. Ritchie & Co.

Mr. A. E. Hare of Exmouth spent Saturday and Sunday visiting friends here, Misses Burnett and Mary Keating left Friday for Lawrence, Mass.
Ben Rae of Chatham is the guest of Mrs. William Rae, here.
Mr. and Mrs. James Jones spent Sunday visiting friends here.

Druggist Newcastle.

The Campbellton Events

Of last week had the following local:—

To buy right and to advertise right, are to-day the two Essentials of a Merchant's Business. We would add, true, true brother to every word and we have proved that the Advocate readers are interested in our advertisements, as we have had people come in and tell us almost every week that they seen such and such a thing in the Advocate. Our goods are bought from the best firms in Canada and the Old Country, and are bought right and sold right. The fit and finish is as good as you can get anywhere, and better than you can get in lots of places. Just one word about our overcoats. We have a few pieces left, among which there are some Bargains. Imagine \$13.00, a beautiful coat cheaper than you could steal it. We have 4 or 5 made up already to put on your back. If you are interested, call. You will never go out without buying. The temptation will be too great.

QUALITY VS. PRICE.

While some stores make a great commotion about their very cheap goods, we prefer to build our reputation on the quality of the goods we sell. Good honest goods at prices as low as they can consistently be sold is our motto. Some kinds of goods are dear at any price. Our aim is to place in the hands of our customers that which will give satisfaction. Try some of the articles mentioned below.

A pair of ladies' boots were left in our store about two weeks ago. Owner can have same by proving their right to them.

CLARKE & CO.

The Country. An Epitome of Events Gathered by ADVOCATE Reporters

BATHURST.

Our snow has pretty well all disappeared, and travelling on wheels is again the order of the day. It is freezing hard today however and the weather looks like another snow storm, which now that the ground is hard and winter weather has really set in, would be very welcome.

The excitement of the week has been the escape of the prisoner charged with the killing of the mare Burns Mason, from the new jail in Bathurst. This man has been a very quiet and exemplary prisoner since his incarceration. He has given no trouble to the Sheriff, who is also the jailer, and has spent most of his time reading books and papers sent in to him by parties about the town.

On Saturday morning when the servant who usually brings the prisoners their breakfasts came to Lyman's wicket she called him but receiving no answer, and thinking from the appearance of the bed in the dim light that he yet slept she went upstairs again. Shortly afterwards she returned and again spoke into the cell, but getting no reply she went upstairs and reported the matter to the Sheriff. The latter came down, and finding the locks, apparently all right, thought there was something wrong with the man. Unlocking the door he went into the cell, only to discover that the bird had flown. It took the Sheriff some time to ascertain how the man had got out of the cell, but it was found he had filed the staple which holds the lock in a very neat manner, and after going outside rearranged the staple and lock so that without close examination one could not discover that the staple had been cut. Constables and special officers have been searching the woods and roads all about the vicinity of Bathurst, and telegrams giving the full description of the man have been sent all along the line and in every direction but as far there has been no arrest made, and it is scarcely likely the man will be recaptured owing to the start he had before it was discovered he had gone. Of course there is not the slightest doubt but that someone from outside must have furnished him with a file to cut the staple, so far however there is no suspicion who furnished the file. Here is a chance for some of our local detectives to get their names up.

The first progressive whist party of the season was given by Mrs. Jacob White on Friday evening last and a large number of ladies and gentlemen enjoyed a pleasant evening's entertainment.

The annual sale and supper held by the ladies of Saint George's Church last week was the most successful they have had for several years and the handsome sum of one hundred and sixty dollars was cleared. The funds will be welcome and used for the payment of the new furnace in the Church, which has been completed and gives general satisfaction.

Mr. John E. Baldwin, who has been very ill for several months, is able to move today very low, and not expected to recover.

Miss Lafargey the elocutionist is to give an entertainment in the Masonic Hall at Bathurst this week.

Colon Hubbard Esq. of Carleton was in town on Saturday and drove through to Carleton on Sunday last.

A few cases of diphtheria have been reported by the Doctors in the vicinity of the mouth of Middle River. It is understood the cases so far are of a mild type.

Business is rather quiet owing to the bad roads and the consequent difficulty in getting about the country roads. While the snow laid everyone was busy, and it is to be hoped that the annual crop will not be long delayed as we need it in town, and the merchants do not like this kind of weather.

Messrs. Melanson Bros. of Bathurst have had installed in their neat looking store the new aesthete light plant and it appears to be an improvement.

We have read with considerable interest the letter which appeared in the last issue of the Advocate signed by Mr. Curran and we hope we are right when we say we think we recognize in this last letter a desire for sincerity much at variance with the former letters which appeared over that signature. We miss the pert questioner, and there is an avoidance of that arrogant and petulant, we might almost say childish, manner which characterized the letters which cannot put their thoughts on paper without crowding in personalities and ulterior matter. In other words, we believe that some one has been writing letters for him and that he has only now taken up the pen himself. So much the better, and we shall now have much pleasure in answering his letter in the way it deserves to be answered, and if our views are not the same as his, he will at least give us credit for being sincere in our opinion. At the same time it is not the

Your Tongue

If it's coated, your stomach is bad, your liver is out of order. Ayer's Pills will clean your tongue, cure your dyspepsia, make your liver right. Easy to take, easy to operate. 25c. All druggists.

Want your mustache or beard a beautiful brown or rich black? Then use BUCKINGHAM'S DYE for the face. It cures all dandruff, keeps the scalp cool, and makes the hair grow thick and glossy. Price 25c. per box. Sold by all druggists.

forward such an argument. If the Evangelist's correspondent had stated or implied what was not true why did not Mr. Curran come out in the Courier and deny the imputation. But for your friends to write to a newspaper and say that Mr. Burns and his friends having dropped their Protestant candidate in order to make up an all Catholic ticket and then defeat Mr. Curran by asking the Catholics of Gloucester not to vote for him simply because he is a Protestant—does it not strike you as very ridiculous. Yet that is exactly what you and your friends have done and then you turn around and accuse the writer of insincerity. Now Tecumseh came along and he honest whom of us is the most sincere.

Another thing you mention, which really does not belong to this writer, but I may as well mention it. You claim that none of the friends of Mr. Burns helped Mr. Turgon at the last Dominion election. I claim here again Tecumseh, that you must be mistaken. You know as well as I do that many of Mr. Burns' warmest friends came to him and begged him give Mr. Turgon a chance. Mr. Burns himself had the idea that Mr. Turgon should get this chance, and so stated and many of Mr. Turgon's friends, among them one of the present candidates, Mr. Boudreau came and thanked him for withdrawing and it is a well known fact that this is the reason he did not run.

You also know, Tecumseh, that many of the men who warmly supported Mr. Turgon at the last Dominion election, are now Mr. Burns' best friends and are supporting his ticket. In fact I think the names of some of them were published in the Advocate not long ago. If you will refer to this letter in the Advocate signed by a number of gentlemen in Pettit River you will know yourself, Tecumseh whether they are or were friends of Mr. Turgon at the last election.

Do you know why many of Mr. Turgon's former friends have deserted him at this juncture, Tecumseh? I think you do but in case you do not I shall inform you. It is because Mr. Turgon without consulting them brought out Mr. Curran and the other candidate in whom these former friends of Mr. Turgon have no confidence. Do you know why these former friends of Mr. Turgon have no confidence in the latter? Because they are afraid that the interests of this noble county of Gloucester, the banner county of the North Shore of New Brunswick, the richest county in many industries among which we may mention fisheries and lumber, will be injured by one man and that man Frank Curran. They are afraid that not only the interests of the great county in the Provincial Assembly, but that the interests of this noble county in the Canadian Parliament will be also to a great extent entrusted to Mr. Curran owing to his influence over Mr. Turgon. This is not the writer's own opinion Tecumseh, several of the most intelligent electors of the county have put it forward and many of Mr. Turgon's best friends are of opinion that in bringing out Messrs. Curran, Boudreau and Morais he has made the mistake of his political career.

DERBY.

Too late for last issue.

Nov. 9th—Decision day was observed in the Methodist Sabbath School at Derby. At 11 A.M. a service was held when the Pastor, Supt., Officers, Teachers and most of the children and young people in connection with the school, their parents with others met in the Church for public worship. Suitable hymns and scripture were selected for the occasion. Fervent prayer was offered that the richest blessing of the Heavenly Father might rest upon the school, especially upon the little children and youth. Then after an address of great power and beauty by Rev. F. H. W. Pickles. Nearly all the children and young people present rose to express their desire to follow the Saviour. A solo by Miss Anna Crocker was much appreciated. The service was a beautiful and impressive one throughout. It was a pleasure to see the faces of the little children upturned to the speaker and their bright little eyes so eagerly watching to catch the truth so simply and tenderly presented to them.

A very impressive regular school session was held in the afternoon following up the good impression made in the morning service.

An evangelistic service was held in the evening where Mr. Pickles preached an interesting sermon to a large congregation which was greatly enjoyed by all. The Messrs Crocker and Miller favored the audience with a beautiful duet.

Rev. Mr. Pickles has a warm place in the affections of the people of Derby and many regrets were expressed at his leaving the district for his new home in Yarmouth, N.S.

CHELMSFORD

The snow which fell on Wednesday has nearly all gone and the river is again free from floating ice.

We are glad to learn that Mrs. Calvin Clark, who has for the last two months been in Victoria Hospital, is again able to return to her home here.

YOU WILL FIND

Fall and Winter goods for Ladies, Misses and Children. Battenburg supplies. Fancy Work Materials. Modes Bazaar Glove-fitting Patterns.

MRS. S. McLEOD.

The missionary meeting held in the Presbyterian Church on 14th inst. was largely attended.

Miss Mary Yee has returned to her home after spending the summer in Marysville.

Mrs. John A. Clark and baby spent last week at her former home.

Mrs. Wm. McGehee is speedily recovering after her recent illness.

Mr. John Payne spent Monday evening with friends at Pleasant Point.

A large establishment to be known as Logan's Hotel is being erected on the site of the old Curman station house.

Mrs. J. O'Shea has gone to spend the winter among friends in Barnaby River.

Mr. Ramsay & Sons are doing an extensive lumbering business on N. W. Miramichi.

TRACADIE.

Tracadie, Nov. 19—The flag was up at the Convent on Monday and Tuesday of last week, in honor of Bishop Barry, who was there.

A good lot of snow fell Wednesday, the first of the season, which enabled some of our young folks to enjoy a sleighing party in the evening.

Mrs. Archer and Mr. Michael Kane, jr. of Chatham, were visiting friends here last week.

Mr. John A. Johnston of Douglasfield was here on Saturday hiring lumbermen.

There is no sign of the election yet, though besides a breakwater which has been spoken of for this place, a telephone between here and Chatham has been announced in the Bathurst Courier.

Many of these kind of promises are made, but they are seldom fulfilled.

Thomas Victor, only son of James Archer, died here on Nov. 10th, aged one year and two months. To Mr. and Mrs. Archer, our deepest sympathy in their sad bereavement.

Mr. and Mrs. Samuel Melanson of Bathurst arrived today (Monday) on the train.

Dr. Morris is at Lousier's house looking for an establishment in this place.

Mr. G. Baldwin is down here this week visiting.

Mr. J. Raymond Young and Mr. John Young took the train today for the upper part of the county.

Miss Pamela Paulin arrived tonight with the stage from Chatham.—World.

WHAT WILL I HAVE FOR BREAKFAST.

Is a daily worry to some cooks.

There is no need of a moments thought over this matter with so many breakfast foods on the market.

Grape Nuts, Malta Vita, Force, Flaked Rice, Malt Breakfast Food and Tison's Rolled Oats are a few of the foods, and can be prepared in a very few minutes.

Try Malta Vita with a little cream. It is simply delicious.

GEO. STABLES.

YOU ARE WEAK INSTEAD OF STRONG

A WEAK, PALE, DESPONDENT SPECIMEN OF HUMANITY, LACKING IN VIGOR, STRENGTH AND AMBITION. MAKE YOURSELF A NEW BEING—RENEW, REVITALIZE, REINVIGORATE YOUR LOST STRENGTH.

You're a discouraged, weak miserable wreck—old before your time. Instead of a place of happiness the world is full of strife, worry and distress.

You are sick and not aware of it, just able to drag yourself around, but totally incapable of action or hard work. Your stomach is crying out for assistance. Hadn't you better give it some Ferrazone?

Your nerves require a good bracing tonic, and the best thing for them is Ferrazone. Why don't you use this sovereign remedy? It is intended for cases just like yours.

Ferrazone is superior for the blood and nerves to any curative agent the world has ever known. Its restorative powers are beyond description as a trial will demonstrate.

With the use of Ferrazone comes strength to overcome the difficulties and battles of life. Digestion and assimilation will improve, appetite will grow better. You will sleep soundly, and presto—before long you will be healthy, strong and well.

These blessings are all obtained by the regular use of Ferrazone, and can be purchased at any reliable drug store for 50c. or three bottles for \$1.25. Sent by mail to your address if price is forwarded to N. C. Polson & Co., Kingston, Ont.

Boreum—You can't find a man anywhere who enjoys a joke better than I do.

Biffins—Guess that's right I've heard you tell the same old joke twenty times and you laughed every time you told it.

FAMILY QUARRELS

"How many serious family quarrels, marriage out of spite and alterations of wills might have been prevented by a gentle dose of pills." With the liver and kidneys sluggish, and torpid digestion is impaired and temper ruined. But Dr. Chase's Kidney-Liver Pills by invigorating the action of these organs ensure good digestion and sound health. One pill a day, 25 cents a box.

He—The great trouble with Gabby is that he talks too much. She—That's strange! When he has been with me, he scarcely said a word.

He—Oh, he is too much of a gentleman to interrupt.

GOOD HEALTH FOR CAPITAL. Maintaining good health is to the majority of people the most vital question in the world and nature affords no more efficient strengthening for the system and restorative for the nerves than Dr. Chase's Nerve Food. Naturally, gradually, and certainly it forms new, red corpuscles in the blood, creates new, healthy nerve cells and puts into the system the snap, energy and vitality that defies disease.

Lady (to little boy)—What are you crying for my little man?

Little Boy—My fa-father has bin bee-bating me!

Lady—Well, don't cry! All fathers have to beat their boys at times.

Little Boy (yelling still more vociferously)—But my father isn't like other fa-fathers. He's in a brass ba-band and beats the big drum.

NATURE'S REMEDY FOR ALL SUMMER COMPLAINTS.

It only costs Twenty-five cents to have on hand a safe and sure remedy for all Summer Complaints, Diarrhoea, Cramps, and pains. Buy a bottle of Fuller's Blackberry Cordial today there is no remedy "just as good," tried and tested for over twenty-five years, it regulates the bowels and relieves promptly. Useful alike to both children and adults; prepared by the Baird Company Limited.

Gayboy—They never say in Kentucky that a man takes to anything like a duck to water. They have a better phase.

Rounder—What is it.

Gayboy—Like a colonel to corn juice.

Piles To prove to you that Dr. Chase's Ointment is the best and most reliable remedy for Piles, Hemorrhoids, and all other ailments of the rectum, we have prepared a small pamphlet, "The Piles Cure," which you can have by sending us your name and address. It is free of charge. Write to Dr. Chase's Ointment, 100 North Second Street, St. Louis, Mo.

Attempted Assassination.

Brussels, Nov. 15.—Three shots were fired at the king of Belgium this morning as his majesty was proceeding to the cathedral to attend a Te Deum in memory of the late Queen Marie Henriette. No one was hurt.

He—You always remind me of something very disagreeable.

She—Sir! I—I—

He—You remind me of all the time I have to spend where I can't see you. And the clouds lifted up.

STOPS THE COUGH AND WORKS OFF THE COLD.

Laxative Bromo Quinine Tablets cure a cold in one day. No cure, no pay. Price 25 cents.

Mistress—Poor darling little Topsy! I'm afraid she will never recover. Do you know Bridget, I think the kindest thing would be to have her shot, and put out of her misery!

Bridget—Deed, mam, I wouldn't do that. Sure, she might get better after all, an then ye'd be sorry ye'd had her killed.

HEARTS THAT ARE DISEASED.

will never be cured by the false, unnatural stimulation of liquor. First increases your vitality, build up the system, strengthen and purify the blood—then the heart will respond and grow strong.

Ferrazone is precisely what to take, it gives you an appetite and a digestion that will look after everything that is eaten. Ferrazone improves nutrition, makes rich, vitalizing blood, and is positively the most powerful restorative and strengthener known to science; it improves the nerve tone, regulates the heart's action, makes the feeble strong and the sick well. Ferrazone will do you untold good and costs only 50c. at drugstore, or Polson & Co., Kingston, Ont. Sold by A. E. Shaw.

Gentleman to grave-digger hard at his work: Well, John, how's the world using you?

Oh! pretty well, sir; deed I've nae reason to complain, for I've plenty of work to do. Ye see, we've gotten two doctors here noo.

PEOPLE WITH BAD BREATH.

Generally suffer from Catarrh and should use Catarrhose Inhaler four times daily, and be cured. The pleasant scented Catarrhose vapor spreads through every air passage of the breathing organs, and reaches the very root of the disease at once; it kills the germs, purifies and cleanses the mucous surfaces, and eradicates every vestige of catarrh in a short time.

Pure, sweet breath, free from headache, sneezing and discharge are quickly derived from the use of Catarrhose Inhaler. Complete outfit, guaranteed to cure, costs \$1.00 trial size 50c. Drugstore, or N. C. Polson & Co., Kingston, Ont.

What ever became of that prehistoric man who was dug up in Kansas about two months ago! asked the individual who reads the papers.

He is being worked up into prehistoric novels, explains the man who keeps pace with literary purposes.

Minard's Liniment for sale everywhere.

Clara—Is Mrs. Flitter a good conversationist?

Dorothy—Yes, indeed. She makes you think of lots of good things to say, but talks so much that you don't get a chance to say them.

MOLLE'S VEGETABLE WORM SYRUP.

Always the safe, pleasant and effective remedy.

Ma! What is it darling?

THE BAIRD COMPANY, Limited, Proprietors, Woodstock, N.B.

PAINE'S CELERY COMPOUND

CURES RHEUMATISM.

The Only Medicine That Prevents a Return of the Terrible Disease.

Rheumatism, which does its terrible work in the muscles, joints and tissues is caused by the uric acid which gathers in the blood. To get rid of this poisonous acid which produces the irritation, pain, agonies, inflammations and swellings peculiar to rheumatism, Paine's Celery Compound should be used without delay. No other medicine gives such prompt clearing and happy results. It is the only medicine that prevents a return of the dreaded disease. Paine's Celery Compound braces the nerves, the blood is cleared of all irritating poisons, tissues and muscles are built up and the digestive organs perfectly toned. Do not treat with indifference the slightest symptom; early use of Paine's Celery Compound will prevent weeks and months of suffering. Mr. G. J. McDonald, Cornwall, Ont., writes as follows:

For three years I suffered terribly from rheumatism. It seemed to me that I was forced to endure all the agonies and pains that a mortal could possibly experience from the disease. While suffering, I tried many of the advertised medicines, also doctor's prescriptions, but never found a cure until I procured a supply of Paine's Celery Compound. It worked like a charm and seemed to strike at the very root of my trouble. I am now cured; all pains are banished, and in every respect I am a new man.

Were it not, as Huxley says, that the ignorance of the so called educated classes is colossal, there might be need for apology in restatement of the fact that man is not descended from the ape. The relationship between them is lateral, not lineal, both being offshoots of the same stock, but each remaining of course, in very different degrees of development, isolated groups of mammals.

Minard's Liniment Cures Dandruff.

Take this sentence, printed nakedly: 'It was and I said no to it As it stands it is enough to give the reader vertigo before he grasps its import. Properly stopped and buoyed with commas, it is a perfectly simple and natural sentence as you will see when you have got the grip of your senses.

Minard's Liniment Cures Burns, etc.

Mrs. Gay—Yes. I know my husband can't afford all these things, but I'm buying them to please him.

Mrs. Schoppen—To please him?

Mrs. Gay—Yes, there's nothing that pleases him more than a chance to tell his people what a martyr he is.

DR. HAMILTON'S PILLS STIMULATE THE LIVER.

DR. HAMILTON'S PILLS STIMULATE THE LIVER.

MESSRS. C. C. RICHARDS & CO.

Gentlemen,—In June '98 I had my hand and wrist bitten and mangled by a vicious horse. I suffered greatly for several days and the tooth cuts refused to heal until your agent gave me a bottle of MINARD'S LINIMENT. The magic began using, and the effect was magical. In five hours the pain had ceased, and in two weeks the wounds had completely healed and my hand and arm were as well as ever.

Yours truly, A. E. ROY.

Carriage maker, St. Antoine, P. Q.

DR. HAMILTON'S PILLS STIMULATE THE LIVER.

The daily average of 6,500,000 tons of water is received into the Dead Sea from the Jordan. There is no outlet, and the level is kept down by evaporation only, which is very rapid because of the intense heat, the dry atmosphere and the dry winds which are constantly blowing down from the gorges between the mountains.

Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Vapo-Cresolene tablets, ten cents per box. All druggists.

One by one our friends pass away, mused the old lady as a funeral procession was passing by the house.

Well, grandma, remarked little five-year-old Harry, you wouldn't want 'em to go two by two or in bunches, would you?

KENDRICK'S LINIMENT

Is the great modern household Remedy. "Since I have tried Kendrick's Liniment I will use no other" is a remark frequently heard, if you have not already tried Kendrick's get a bottle to-day and test its value as a family Remedy, we are sure you will use no other. There is no other just like Kendrick's, it is King of all Liniments.

Manuma—You must be awfully careful, darling. The doctor says your system is all upset.

Little Dot—Yes, I guess it is, mamma, cause my foot's asleep and people must be terribly upset when they go to sleep at the wrong end.

LAMENESS IN HORSES, HARD AND SOFT LUMPS RELIEVED BY LEEMING'S SPAIN LINIMENT.

For curing lameness from whatever cause, sprain, curb, splint, ringbone and for removing obstinate lumps and all similar injuries or diseases. Cures when everything else fails. Do not confound this preparation with spavin cures and other preparations. Leeming's Spavin Liniment is different from any of them, the effects produced by the applications of Leeming's Spavin Liniment are certainly yet comparatively mild. Prepared by the Baird Company, Limited.

Auntie—Do you find your lessons hard?

Little Nephew—Some of them is but spellin' and pronunciations is easy.

They are?

Yes. All you have to do is to pronounce words the way they ain't spelled, and spell 'em some way they isn't pronounced.

Why

do you not get our price on that Printing you think of having done

The facilities we possess are such as to place us in a position to simply defy competition on any description of printing whatsoever

Only reliable dealers sell Stanfield's.

SARA BERNHARDT.

"Lally Bernard," Special Correspondent of The Globe, describes her. As a Canadian view of the "Divine Sarah" the following from the Correspondence of The Globe is very interesting:

Speaking of "historical landmarks" I saw that wonderful "Sara" play "La Dame aux Camellias" the other night at the Garrick in a most marvelous way. One cannot for a moment imagine that she can have endured her sixtieth year. Her extraordinary power in the tender love passages in the play, and her genuine tears and sobs in the scene with the father of her lover, were so absolutely heartbreaking that the audience were moved to the most extraordinary extent. I had the pleasure of going to her dressing room with Mrs. Patrick Campbell after the last act, and found the great actress absolutely utterly unweary and exhausted by the strain of the part she had played with such skill and abandon, although "well" can hardly be applicable to such a high manifestation of genius. She told Mrs. Campbell that she had thrown herself into the part, knowing that her sister actress was watching her from an upper box. "I have given just a little bit of my life knowing vitality for you," said the great actress of the day to the dark-eyed Angliot-talian, who was kneeling before her, pouring out her admiration and delight at the marvelous performance we had witnessed. The point is that it occurred to neither the officer nor the private that one should be distinguished above the other, nor did the idea suggest itself to the community that the officer deserved more consideration than the private. The view simply was that two Lambton boys having returned from the war, the citizens should welcome them home, which they did. That is the way people feel about such matters in this country.

The officer and the private are not thus levelled up in England at the conclusion of a war. They do not regard themselves as equals, and the officer being a son of a canon of the Church of England, a university graduate with a medical degree. The two men were driven in the same vehicle at the head of the procession, given equal prominence, stood up together while an address was read to them, and were alike presented with gold watches. The point is that it occurred to neither the officer nor the private that one should be distinguished above the other, nor did the idea suggest itself to the community that the officer deserved more consideration than the private. The view simply was that two Lambton boys having returned from the war, the citizens should welcome them home, which they did. That is the way people feel about such matters in this country.

LAUREL—a Prompter.

We are told that at the review of the Canadian and other colonial troops last week on the Horse Guards parade, the crowd refrained to an unwonted degree from indiscriminate cheering, perhaps out of sympathy with the Queen. What cheers were given were hearty enough, but were perhaps of an "organized" nature. According to the Westminster Gazette, they appeared to be led by an elderly gentleman in the front row of the stand nearest to the Horse Guards. He stood with his back to the parade ground, waving his hat and his arms when a cheer seemed to be appropriate, and led off with a stentorian "Hip, hip, hip—!" When he relaxed his exertions and turned round the gentleman was seen to be Mr. Soddin. But Mr. Soddin was not the real leader in the cheering, for a correspondent of the Manchester Guardian, pointing out that people in the neighborhood of the Colonial Praetorium soon became aware of their dissatisfaction at the frigid demeanor of the crowd, states that at length Sir Wilfrid Laurier lost all patience. "Look here, Soddin," he said, turning to New Zealand's Premier, "you have a good voice. For Heaven's sake get them to raise a cheer." Hence the stentorian "Hip, hip, hip!" on which the character admirably exaggerates Mr. Soddin—Canadian Gazette.

John is so domestic in his tastes, said the Bilville matron.

He is?

Yes. He's been all day in the hot sun trying to kill a rattlesnake to get a rattle for the baby.

The WHIRL of the TOWN

SUBSCRIBERS will kindly watch the date opposite their names on the *ADVOCATE* each week, for two reasons—to note when they are in arrears, and help the Publishers by paying up promptly, and when paid up to see that the date is changed. *tf.*

Yesterday was a beautiful, mild day.

Small pox has broken out at Rogersville.

An unofficial test was made of pumps in the Power House yesterday.

The members of St. Andrew's Guild will have their annual sale of work and supper on Thursday, December 11th.

Mr. Frank Ryan has been awarded the contract of painting the Electric Light poles and is now at work.

On Sunday morning next the Rev. A. F. Brown will preach in the Baptist Church at 11 o'clock Subject "Deliverance from the Pit." Evening at 7 o'clock, Subject "The Nobodies of the Bible."

Hon. Andrew G. Blair has accepted an invitation to be present at the annual dinner of the Caledonian Society of Restigouche, to be held at the Royal Hotel Campbellton on Monday evening next.

It is reported that a large stone has been dropped on the mill-cove hill by some of the teams hauling stone and is a menace to safe travelling at night, being right in the wheel track.

For the first time in the history of Deputy Irvine's residence in the county jail there is not a prisoner within. This is certainly a good showing for a county, the extent of Northumberland. The Deputy complains of loneliness and expresses the hope that he may soon have company. Now don't all get wicked at once.

Mr. John C. Miller of Millerton took a party of friends from Newcastle and Chatham down river in the Laura last Saturday. The day was perfect and the bay like a sheet of glass. The party had a most enjoyable trip. They report seeing a number of seals but very few birds. This was the farewell trip of the season.

We have made arrangements whereby we will be able to sell copies of a large illustrated paper entitled, New Brunswick Illustrated. This will contain many fine views of the Miramichi with a good write up of the town of Newcastle. Send 10 cents to Anslow Bros. and order a copy. The edition will be ready early in December.

Messrs. Archie Snowball and Fred Tweddie returned in the steamer St. Nicholas on Saturday from a ten days shooting trip to Tabusintac beach. The weather was too calm for good sport but they secured a goodly number of geese and brant. The geese are more plentiful than they have been all fall, being much later in arriving at their accustomed haunts. This may indicate the late closing of navigation.

Seals are very thick in the river just now. Near the Robicheau buoy, on Friday Capt. Bullock saw a school of nine bob up serenely in a cluster, and there were forty or more in sight. A very large one is on exhibition at Vanstone's. If their pelts would make the sealskin jackets with which the ladies adorn themselves, every steamer and boat would be in the chase.—World.

Mr. Samuel Freeze, of Doaktown, who has had experience as a miner in California and the Klondyke, recently found traces of oil near the mouth of Cain's River, and believes that oil strata underlie the Miramichi valley. The evidence of oil was so clear that Mr. Freeze proceeded at once to make preliminary arrangements for a practical test. He is getting the owners of the land, for three miles along the river, to sign an agreement that will permit oil seekers to enter upon and use their land for a rental of \$10 an acre, and when all have signed Mr. Freeze will try to induce capitalists to make the necessary borings. Mr. Freeze thinks the prospects are much better at the scene of his find than they were in the place where oil has been found in paying quantities in Westland.—World.

Dr. James Hanny's "History of the War of 1812" is to be published as a serial in the Canadian Magazine next year, running through thirteen numbers. It is to be handsomely illustrated, and after its publication in the magazine is complete another edition is to be published in Toronto by George N. Morang & Co. for the province of Ontario especially. No copies of the first edition were sent to that province or the province of Quebec. Dr. Hanny is now engaged in writing a history of New Brunswick from the earliest time to the present day which will be a book of considerable size and may run into two volumes. This book, will probably be completed next summer, and will be found very useful, for there is really too little known of the early history of the province.

There is a case of Diphtheria in town.

Dr. Cates, Dentist, will attend to his patients as usual this month from the 28th to the last of the month—the usual dates.

H. Williston & Co. have put in a large plate glass front which improves the appearance of their store very much.

E. Hutchison has built an extension on the eastern side of his deal wharf, Douglas town. Men and teams are now hauling stones for ballast.

The S. S. Lovestaken loading at Messrs. Snowball's wharf, Chatham, will be ready for sea today and proceed to sea. This is the last sea going vessel to clear from this port this season.

Don't forget the fact that we carry a full assortment of paper bags from 1 lb. to 20 lbs which we sell at lowest trade prices. Liberal discounts for large quantities.

Mr. J. J. Clarke of Millerton has accepted a position on the Harkins' Academy staff and entered on his duties Monday. He fills the place of Miss Reid who has been obliged to ask for leave of absence on account of ill health.

Now that the street wiring for the electric light service is being done would it not be a good idea to run a line to the public wharf for an arc light, which could, and should be placed there, for summer service at any rate. On dark nights it is almost impossible for passengers to find from the boats to see where they are going. It would also facilitate the unloading of the boats and would, we have no doubt, be appreciated by the public and steam boat men who use the wharf.

A number of our merchants are suffering at the hands of a few low, unprincipled loafers, who, nearly every night, squirt tobacco juice over the plate glass fronts of their stores. It is hard to realize that we have any one in our town with so much meanness and so little manhood about them as to intentionally do such a filthy trick, but so it seems, for on passing the stores in the early morning ones eyes are greeted with the nasty brown spots on a number of windows. This should be stopped immediately and we are informed by one merchant that if a repetition of it occurs he will have recourse to the stern arm of the law, as he has discovered the guilty parties by placing a watchman near the front of his store.

About 18 young men met in the Y. M. C. A. rooms on Monday evening and organized a debating and literary society to meet every Friday evening at 8 o'clock. These debates are not limited to members of the association but are open to the public. During the coming session of the Local House a mock Parliament will be held which will be also open to the public. The society will during the winter engage some outside reading and literary talent to give entertainments. Any young man who wishes is eligible for membership. The first debate is fixed for Friday evening, Dec. 5th. The committee in charge is Matthew Duffy, Ernest McKenzie, Rev. A. F. Brown. Subject—Resolved that Imperial Federation is preferable to Canada than our present condition.

Leaders of Affirmative,—Ernest McKenzie.

Leaders of Negative,—Donald Morrison.

Small Pox at Rogersville.

A Large Number of Houses Quarantined.

Epidemic of small pox has broken out at the French village of Rogersville and the Northumberland County Board of Health are energetically working to prevent the disease from spreading.

A large number of houses have been quarantined and schools and churches closed. We trust that the afflicted village will conform to the rules of the Board of Health and that the spread of this dread disease will be checked.

MRS. S. A. DEMERS'

GRAND CLEARING SALE

Of millinery and millinery trimmings, also ladies' costumes, shirt waists, dresses and undershirts, wrappers, corsets, woollen underwear, white wear, ribbons, laces, hamburgs, veilings, silks, velvets, velveteens, plushes, crapes, etc. Everything is marked away down and greatest bargains will be given. All must be disposed of at any price, as I am going out of the millinery business.

MRS. S. A. DEMERS.

Social & Personal

Mrs. Williston, widow of the late Judge Williston left last Wednesday for St. John and Halifax, at which latter place she will reside in future.

C. H. F. Bell spent a few days here on his way to Montreal. He has been transferred from the Royal Bank of Canada, Truro to Montreal.

Mr. and Mrs. Otto Gjertz have returned to Boston. Mr. Gjertz was recently employed by the Boston and Maine railroad, but has now accepted the position of chief operator with A. L. Rice and Co. Bankers Brokers with offices in the new board of trade building, State Street, Boston.—Portland Express.

Mrs. Frank Swin and children and Miss Swin of Doaktown, who been visiting Mrs. Swin's sister, Mrs. H. B. Morris, St. John street, returned to their home on this afternoon's express.—Gleaner.

Miss Hattie Cheesman of Chatham is visiting friends here.

Mrs. E. Anslow left last Thursday to visit friends at Zionsville, York Co.

Miss Mary Keating of Strathadam left Friday morning for Lawrence Mass. where she will remain for some time with her sister Mrs. R. A. Smith, and continue her studies in Book Keeping.

Postmaster Harriman's little son, who was seriously injured last week is much improved.

Robt. Burgess of Campbellton was in town Monday.

Mr. Wesley Fickles has returned home from the Tonicque bringing a nice moose head with him as the result of a hunting trip.

Miss Nellie Stewart of Doaktown is the guest of Miss Norman.

JANEVILLE.

Too late for last issue.

Janeville, N.B., Nov. 17th, 1902. We are having some very bad weather at present. Several heavy falls of snow last week which makes work in the woods very dirty. There is enough snow on the roads now for good sleighing, but it will doubtless last quick.

Cod fishing is fairly good this fall.

Several good catches have been caught.

The fish are of a good size.

The lumbering is booming. There is a scarcity of men and wages are the best.

W. H. O'Brien has a crowd of men in back of Dempsey's siding where he has a big boom of logs to get out.

Ellis Brown, who has a contract for P. G. Mahoney and have a crowd of men in. They will land their logs at Janeville siding.

Horses are very scarce also for the woods and a good many have been brought from the Island.

R. W. Knowles of Clifton died on Thursday last, aged 62 years, after a lingering illness. Mr. Knowles has been Post Master at Clifton for a number of years. He was a member of the English Church and will be much missed by the members. He leaves a wife, three sons and four daughters to mourn his loss. They have the sympathy of the community. The funeral took place on the 5th inst. in the Church of England cemetery and was largely attended. The pall bearers were A. Jago, W. J. Eldy, J. Smith, M. Jago, E. Jago and Edward Good.

Tenders are up for the sheathing of the school house of Janeville during the holidays. It will improve the school very much, making it warmer and better looking.

Hallowe'en passed off very quietly here, except for a little noise in the streets. It was celebrated by a few social gatherings of the young people, a notable one of which was at the residence of Mr. E. J. Jennings where a number passed a very enjoyable and successful evening with games, dancing and other appropriate amusements.

Miss Bella Eldy spent Sunday at her home in New Bandon.

Our little village is very quiet at present as so many are in the woods and elsewhere.

Our popular teacher Miss Maggie Carmalt still boards home and travels to school via Canada Eastern Railway.

Mr. Cowden Harper has left on a hunting trip accompanied by Silas Williams and Fred Baldwin of Nelson.

McKinley & Sons have taken the contract of getting wool for school at Cushman's.

Miss Katie Harper spent Wednesday evening with friends here.

Prescriptions Filled Here

Will not vary a fraction of a grain from the quantity called for.

Accuracy in the compounding of

MEDICINES

is one of our strong points. Added to this is the absolute purity and undoubted freshness of every drug used. We replenish our stock frequently and use or sell nothing which has become inefficient through age.

Our stock of Patent Medicines is fresh and complete.
