ROUSING MEETING IN DURHAM

Electors Enthusiastic Over Mr. Reid's
Prospects.

Durham, the Conservative stronghold of Restigouche is said to be split and Mr. Reid expects to take a majority out of that parish. That is what those who attended the meeting at Nash's Creek Wednesday evening say.

This meeting was the first held in Durham and the large hall was filled to hear the speakers and much enthusiasm was manifested. Mr. Herman Ullman acted as chairman and Hon. C. H. LaBelle, A. E. G. McKenzie and A. T. LeBlanc addressed the meeting. The best of order prevailed.

The "Government ship" "Princess" commander Naleoni was in the river on Thursday anchoring off the wharf. It was understood that the ship was waiting to convey Hon. R. Lemieux down the coast.

JAMES REID,

Who for nearly twelve years has so ably represented
Restigouche County

RESULTS OF COUNTY ELECTIONS

The elections for county councillors in the parishes of Eldon, Durham and Colborne were held on Tuesday the 5th inst. and resulted in the following being returned:—Eldon, Messrs. Firth and Copeland (Copeland receiving the casting vote of the returning officer); Durham, Messrs. Murchie and Lawlor; Colborne, Messrs. Mahoney and Jamieson.

On the local option vote taken in Durham at the same time, the vote was overwhelmingly in favor of Prohibition, the vote being something like 5 to 1.

FIRE IN TOWN

Early on Tuesday morning fire was discovered in the Woodcock Cafe owned by Mr. Norman Gray. The brigade were promptly at work after the alarm was sent in but the flames had a firm hold of the building and the firemen directed their efforts to keep the blaze from spreading to the adjacent women's building. Aided by a high pressure of water the flames were soon under control and although the outside walls are around the interior is completely gutted. The loss is understood to be covered by insurance.

Campbellton's Opportunity

Vancouver, B. C.,
August 26th, 1911.

EDITOR OF CAMPBELLTON GRAPHIC,

Campbellton, New Brunswick.

Dear Sir:

As I am still very much interested in the County of Restigouche, and in the Town of Campbellton, its progressive commercial centre, I cannot refrain from saying a word through the medium of your paper, to impress upon the Electorate the importance of supporting the Reciprocity Agreement between Canada and the United States.

I believe that this Agreement is of vaster importance than party politics, and rises far above a mere question of party, affecting, as it does, the Town of Campbellton in a most particular sense.

It has been but a short time since the town met a serious disaster in the fire of last year, but through the pluck, energy and far-sightedness of her citizens, Campbellton has, in so short a time, been re-established on a more solid basis than ever before, and been inspired with a more progressive spirit than has heretofore existed.

When you consider the fact that you now have the International Railway, which has brought the American border within three or four hours' run of the Town of Campbellton, and has brought one of the largest of the American cities very near to Campbellton, with many large and important trade centres intervening, it certainly means that this Agreement, if carried out, will mean a great deal to the Town of Campbellton in the next few years, as the markets of the United States are nearer to you today than ever before. Moreover, the chief industries of the Bay Chaleur District, from Gaspe on the one side and Miscou on the other to Campbellton, including the Matapedia Valley, being fishing, farming, and lumbering, it is a self-evident fact that when the bridge is completed, which will connect the A. & L. S. Railway with the International Railway at Campbellton, these products must necessarily pass through the port of Campbellton into the United States market, which everyone acknowledges to be the natural outlet for them.

This being so, when we think of the amount of duty which will be saved to the counties affected, the great impetus given to trade along these lines, and the added importance of the town of Campbellton, it is obvious to us who are looking forward to greater Campbellton that, in the train of all these premier advantages, must necessarily follow an increase in land values, both in town and country, and as Campbellton grows in size and importance, we are assured of a better market for the whole country, and better value for all kinds of farm produce.

Therefore, as one contemplates the advantages which the reciprocity agreement will bring to the Town of Campbellton and the County of Restigouche, one is confident that the people of Restigouche will grasp this opportunity to push the development of their country, and it seems incredible that one intelligent elector in the county will be found to vote against it.

It is very true that we have our party affiliations, and also true that we have our favorite candidates, but I would regard it as a great calamity to the Province of New Brunswick, and especially to the Town of Campbellton, if, through any miscarriage of justice or party affiliations, this agreement should be defeated.

Therefore, just at this time, how much better for us to forget party politics, and even forget any little failures of the present candidate, who is supporting the measure, because, while he may have made some mistakes in the past, yet he is one of Restigouche's greatest men—greatest, perhaps not as a public speaker, not as a statesman, but greatest in the things which touch most closely the people who live throughout the length and breadth of the county.

He has always been the poor man's friend, and no representative of the County of Restigouche has looked after the interests of the county more closely and more carefully, and no man has greater influence with the government at Ottawa in obtaining his requests for his county than James Reid. Truly, like the Roman Brutus,—

"This was the noblest Roman of them all:
"He only in a general honest thought, and common good to all
"Made one of them;
"His mind was gentle, and the elements so mixed in him,
"That Nature might stand up and say to all the world,
"This was a man."

The people of the West are thoroughly alive to their interests, and the middle West will go solid for reciprocity: from all quarters this is assured. Vancouver City will be redeemed, as the people here look after their own interests, and, as they are large consumers and small producers, the consumer is looking forward with great zest to the time when he can buy his fruit and vegetables more cheaply than at the present time, for the time forgetting whether he is a Liberal or a Conservative in the larger interest of securing reciprocity with the United States. Would it not be wise for the towns and cities of the East to take a leaf from his book?

On the night of the 24th of September we will be looking for a clean sweep in New Brunswick, and I hope the County of Restigouche will be satisfied not only with supporting the reciprocity banner, but that it will roll up so large a majority for the candidate supporting it that it will prove an overwhelming rebuke to those who would presume to sell out for a half-cent which has been an opposition to the great majority of the people.

Thanking you for the opportunity of writing, I am,
Very respectfully,
Wm. Currie.

VOTE FOR JAMES REID

BASEBALL ON LABOR DAY

The baseball fans had the treat of their lives at the ball field on Labor day. Moncton had brought up a strong team with them and a good game was assured, the weather being perfect, and a good number of the fair sex gazing on the proceedings which started promptly when Umpire O'Keefe and Delaney called the game at 10:30 sharp. Dave Slipp kept the Monctonians guessing all the time, only allowing three scattered hits while Love who went on in the seventh to rest Slipp only allowed two hits. The famous McLellan was in the box for Campbellton but got the hook in the fourth when six runs in the four innings had been taken from his offerings. He was succeeded on the mound by a gent named Balzar who has a strong facial resemblance to the one and only Daring Taylor the deaf and dumb artist of Montreal. Balzar started in the fifth by walking men round the bases and then started a new balloon stunt. When the smoke and dust of battle of that wonderful fifth had cleared away we found we had gathered in nine runs, had fourteen men at bat and left two of them languishing on second and third. Same great inning take it from us. The rest of the story need not be told, suffice it to say Moncton made 5 hits and scored 3 runs, while Campbellton had 21 hits and annexed 18 runs.

Joyful details herewith:

AFTERNOON GAME

An even larger attendance witnessed the second encounter which was just the reverse of the first. Moncton boys found that they had to play good ball to beat us, and the severe talking to they would get was bound to have results. We do not for one moment say we are better than the Moncton team but we held that we made Moncton play all they knew in that second game to win, which they did. Slipp and Balzar were again the opposing pitchers and where as the Monctonian was on to his game from the beginning, Davis did not settle down till the third when Moncton had a lead of nine on us by that time, and although we fought all the way we were beaten 18 to 8. The star performers of the day were Armstrong at short for Moncton, and Violette our catcher. We do not include in this star back stop stunt done on the Grand Stand by one of our worthy and respected councillors, Violette stands in a class by himself, and for all round play would be no disgrace to any major league team.

Sorrowful details herewith:

Election Card

To the Electors of the County of Restigouche.

Gentlemen:—Having received Requisitions largely signed by Electors from different Parishes of the County requesting me to be a candidate at the coming election I have agreed to do so. The so-called Liberal Convention held at Dalhousie on the 17th DAY OF AUGUST, inst., I do not consider represents the wishes of the Liberals of the County, but apparently represented the classes against the masses.

My reasons therefor, with my views on the important National Issues now before the Country as well as many important local matters such as the unrecognized vested interests of the Net Fishermen and Riparian owners of the County, so long neglected, will be discussed at different meetings to be held in the County, and if you honor me with your support, will be pressed to a final settlement.

I have the Honor to be
Your Obedient Servant
WM. MURRAY

Notice of Sale

To Walter Baker, lately of the Town of Dalhousie in the County of Restigouche and Province of New Brunswick, Hotel Keegan, Andrew Barberie of the same place, Steadory and William S. Montgomery, of the same place, Merchant, and James Wallace of the same place, Merchant, and to all others whom it may concern.

Notice is hereby given that under and by virtue of a power of sale contained in a certain leasehold indenture of Mortgage, dated the seventh day of September, A.D. 1900, and duly registered in the office of the Registrar of Deeds for the said County of Restigouche as Number 7234 on page 343, 344, 345, 346, 347 and 348 in Book V of the Records of said County, made between the said Walter Baker of the first part, and the undersigned Henry Wipper of Berlin in the County of Waterloo in the Province of Ontario, Confectioner, (formerly of Dalhousie (aforesaid)) of the second part, for the purpose of satisfying the moneys secured by the said mortgage, default having been made by the said Walter Baker in the performance of a covenant contained in said Indenture of Mortgage to keep insured against loss or damage by fire the houses, buildings and erections on the mortgaged lands and premises at the time of the execution of the said mortgage, and in pursuance of the said power of sale, there will be sold at public auction in front of the mortgaged premises in the said Town of Dalhousie, on Thursday, the seventh day of December next, at eleven o'clock in the forenoon, the following leasehold lands and premises described as follows:

"All that piece or parcel of ground situate, lying and being in the Town of Dalhousie in the Parish of Dalhousie, and described as follows, beginning on the South East corner of Lot Number fifty-two, thence running North twenty-five degrees East one hundred feet, thence North sixty-five degrees West sixty feet, thence South twenty-five degrees West one hundred feet to William Street, thence South sixty-five degrees East fifty feet along William Street to the place of beginning, (being southeasterly part of lot fifty-two, and fronting on William Street aforesaid). Also "all that certain piece parcel or lot of land situate, lying and being in the Town of Dalhousie in the parish of Dalhousie and County aforesaid, described and bounded as follows, that is to say, Being part and parcel of town lot number fifty-two and part of the leasehold property lately held by John N. Campbell, deceased, commencing at the South Western angle of the office or building situate on the said premises and fronting on Brunswick Street fifty feet, and thence South sixty-five degrees East one hundred feet, and the residue and remainder of the term of years set forth in a certain Indenture of "Lease bearing date October twenty-fourth, 1893, and made by Arthur Leitch of the first part and the said John N. Campbell of the second part, subject to the payment of the rent, covenants, provisions and agreements in the said Indenture of Lease reserved for the balance of the period of 999 years, as described in the said mortgage, together with all buildings and improvements thereon, and the remainder of the term yet to come of the two several leases mentioned and in part recited in the said mortgage, and all other the rights and appurtenances to the said lands and premises belonging and appertaining which under the said mortgage and the rights and powers therein contained, the said Henry Wipper may or can lawfully sell and dispose of."

Dated the twenty-ninth day of August, A.D. 1911.

HENRY WIPPER,
W. A. TRUEMAN, Mortgagee,
Solicitor for Mortgagees,
Province of New Brunswick.

ss.
County of Restigouche. I, W. Alder Trueman, a Notary Public in and for the said Province, by Royal authority duly appointed, admitted and sworn, residing and practising at the Town of Dalhousie in said County and Province, do hereby certify that on this twenty-ninth day of August, A.D. 1911, before me, the said Notary Public, personally came and appeared Henry Wipper, the Mortgagee named and referred to in the above Notice of Sale, and acknowledged to me that he did sign, execute and deliver the said above Notice of Sale as and for his free act, to and for the uses and purposes therein written and contained.

In faith and testimony whereof, I, the said Notary Public, have hereunto set my hand and (L.S.) affixed my Notarial Seal at the said Town of Dalhousie, the day and year above in this certificate written.

Chamberlain's Cough Remedy

AT DEATH'S DOOR FROM KIDNEY DISEASE

SAVED ONLY BY "FRUIT-A-TIVES"

CLANRASSIE, ONT.

"Two years ago, the doctor made forty-four calls on me, and then said he had done all he could for me. I was suffering with intense Kidney Trouble and Inflammation had set in. Two other doctors were consulted and agreed that nothing could be done to help me. On the recommendation of a neighbor, I took 'Fruit-a-tives' and they cured me. Today I take 'Fruit-a-tives' as my only medicine. I am in excellent health, and 'Fruit-a-tives' is the medicine that cured me after I had been at Death's Door for months."

I am glad to be able to give you this testimonial. It may benefit some other woman suffering as I suffered, as I believe that I would not be alive to-day had I not used 'Fruit-a-tives'."

Mrs. P. E. WEBBER.

"Fruit-a-tives" — by its marvelous action on the kidneys — completely restores these vital organs to their normal strength and vigor — and cures every trace of Kidney Trouble. "Fruit-a-tives" is the only medicine in the world made of fruit.

50c. a box, 6 for \$2.50, trial size, 25c.

At dealers, or from Fruit-a-tives Limited, Ottawa.

HORSE AND COLT BREEDING

Bulletin, No. 14, entitled "Horse Breeding and Colt Raising," recently issued by the Live Stock Commissioner, Department of Agriculture, Ottawa, from whom any farmer can secure a copy, is an invaluable pamphlet for farmers.

WM. SULLIVAN

The death of William Sullivan, one of the oldest residents of Rosbuck, occurred at his home there Sunday morning, at the age of 82, after a very short illness of pneumonia. Deceased was a very robust man and was always in the best of health. The funeral took place yesterday morning in St. Mary's cemetery, Newcastle, Rev. P. W. Dixon officiating. Deceased is survived by a wife and following children: Wm. and Miss Melinda at home; Rufus Sullivan, Mrs. Davis Howe, and Mrs. George Ryan, Rosbuck; Mrs. George Ryan, Rosbuck; and Mrs. Wm. Taylor, North Esk.

It is not the quantity of food taken but the amount digested and assimilated that gives strength and vitality of the system. Chamberlain's Stomach and Liver Tablets invigorate the stomach and liver and enable them to perform their functions naturally. See sale by all dealers.

JACK CANUOK — "Poor old Mursey, she still thinks I'm a kid. Every time a new man comes around to buy a horse or make a deal for the stuff she tries to shoo him off the farm."

NEWCASTLE BOY SHOT

Jack Nicholson, the young son of Dr. Robert Nicholson, was accidentally shot Saturday while playing with several other lads. A boy named MacKenzie was handling a rifle when it was accidentally charged, the bullet entering young Nicholson between the upper part of the chest and neck. Dr. Desmond, summoned and rendered the necessary medical aid. The shot was removed and the little chap is resting easily.

DAVID HOLMES.

The death occurred at Doaktown on the 27th ult., of David Holmes, at the age of 71 years. The cause of the death of the deceased was heart trouble and he leaves to mourn their loss a widow, one daughter Mrs. Wm. McCredie, of Fredericton, and four sons, Messrs. Frank L. Benjamin, Edouard and Hanford of Doaktown.

WEDDING BELLS

TOZER—DUNNETT

On Monday afternoon Sept. 4th at the Baptist Parsonage Newcastle, a very quiet but pretty wedding took place between Oakley C. Tozer of Lytleton, N. B. and Myrtle Dunnett of the same place. The Rev. Dr. Cousins officiated. The bride who was unattended was tastefully dressed in a steel-grey travelling suit, with white felt hat and veil. After the marriage the happy couple amidst heartiest congratulations left for their home at Lytleton. We wish Mr. and Mrs. Tozer long life and much prosperity.

TAYLOR—BARRON

A very pretty and interesting wedding took place on Tuesday evening, Aug. 29th at Lower Derby, at the residence of Mr. and Mrs. George Barron, the parents of the bride. The bridegroom Mr. William Robert Taylor, was accompanied by Mr. Hazen McTavish as best man. The bride, Miss Mary Isabel Barron, who was accompanied by her father, had as bridesmaid her sister, Miss Annie Barron. The ceremony was performed at 9 o'clock by the Rev. Dr. Cousins of Newcastle, before a large gathering of relatives and friends. The bride looked radiant in a white silk dress tastefully trimmed with lace and orange blossoms, and as she entered the sitting room for the ceremony the Millerton band played suitable selections of music. After the marriage feast, the bride and bridegroom left for Newcastle en route for Halifax. During the evening the band played several lively airs and at intervals a (charivari) was indulged in by neighbors and friends to the great amusement of all present. Mr. and Mrs. Taylor intend taking up their residence at Lower Derby after the honeymoon. We wish them long life and happiness.

POOR COPY

THE CAMPBELLTON GRAPHIC

—And the Reason for it—

A STRONG FLOUR can only be made from strong wheat. Manitoba hard wheat is acknowledged the strongest in the world—and that is the kind used for Purity Flour.

But that's not all. Every grain of this wheat contains both high-grade and low-grade properties. In separating the high-grade parts from the low-grade, the Western Canada Flour Mills put the hard wheat through a process so exacting that not a single low-grade part has the remotest chance of getting in with the high-grade.

Of course this special process is more expensive to operate but it means a lot to Purity flour users—that's why we use it.

It means that Purity Flour is made entirely of the highest-grade flour parts of the strongest wheat in the world.

It means a high-class, strong flour and therefore yields "more bread and better bread."

Purity may cost a little more than some flours, but results prove it the cheapest and most economical after all.

Crowded House Heard Miss Gunn
Miss Dobson, Mrs. Miller and
Mr. Neale in New Year

The Theatre Hall was filled to the doors for the evening to greet Miss Hattie Gunn, her assistants in the recital given on Friday night. The program of about 15 songs was so excellent that every night was heartily enjoyed. Miss Gunn, who in all nine selections, and the satirical of her repertoire was well displayed, ranging from 'operatic selections of much difficulty and demanding great exactitude, to the simple but delightful melody "Aunt Laurie." In all she seemed perfectly at home, but the Best Song, a dreamy, beautiful air by Ware, and Carrissina, a spirited, buccanalian chanson, were exquisite and were undoubtedly her masterpieces.

Miss Dobson of Moncton a very talented elocutionist, recited: 'The Deacon and the Parson's New Year Sleigh Ride,' 'The Abandoned Elopement,' and 'Jean Valjean,' and three other pieces as encores, each of the six delighting all who were present.

Miss Gunn and Mrs. John W. Miller were heard in a duet 'Bonnie Doon,' and responded to an encore by singing 'The Wanderer's Night Song.' Both singers made a decided hit and pleased the audience immensely.

Mr. Neale's splendid opening number and his perfect accompaniments gave the completing touches to the other numbers.

W. C. T. U. OFFICERS ELECTED

At Thursday morning's session of the W. C. T. U. in Fredericton the report of the white slave traffic was presented on behalf of Mrs. Coleman of Moncton, the superintendent of that department. The report showed that nearly all the local unions had taken up this department of work and literature had been widely distributed. During the discussion which followed, cases were pointed out where men and women engaged in the traffic had been driven from communities where they had been canvassing. The election of officers resulted as follows: Pres.—Mrs. Howard Sprague, Sackville; Vice-Pres.—Miss M. Kilburn, Fredericton; Cor. Sec.—Miss Nellie Acker, Campbellton; Rec. Sec.—Mrs. C. R. Flanders, St. John; Treas.—Mrs. McVha, St. Stephen; Sec.—Mrs. Colwell, Bristol; Auditor—Mrs. Ross, St. Stephen.

N. B. MAN FOR PARLIAMENT
I. W. McCready, City Clerk of Fredericton, was elected president of the Canadian Union of Municipalities last week.

A Clothing Question and Its Far Reaching Answer

What is the difference between custom tailoring and Fit-Reform? Nothing but imagination and a higher cost.

Custom tailoring has not advanced a step in a generation. Ask your father, look at some of his old clothes.

Fit-Reform Suits and Overcoats do not leave a single advantage with the custom tailor.

Only—the designing, cutting and tailoring of one suit at a time, costs practically twice as much and adds nothing to the suit.

If you have been paying \$35 or \$40 to a tailor, we can put you in a Fit-Reform Suit at \$25 or \$30 that will be a revelation of the perfection of Fit-Reform methods.

It's all right to stick to an old superstition when money comes freely. But a man should investigate the facts when he has no money to waste.

Fit-Reform
W. L. McRAE

BAPTISMAL SERVICE

On Sunday next, Sept. 10th, the Rev. Dr. Cousins will preach on the subject of "Believers' Baptism" in the United Baptist church, Newcastle, after which the ordinance of baptism will be administered. Services will commence at 7 o'clock. Dr. Cousins will also preach on "Baptism" in the Lower Derby church on Sunday afternoon at 3 o'clock. All are cordially invited.

COUNTY S. S. CONVENTION

The annual Sunday school convention for Northumberland county will be held at St. Luke's church, Chatham, on Friday, the 7th and Saturday, the 8th, beginning at 7.30 p.m. Entertainment will be provided for delegates coming from a distance. Some prominent speakers will be in attendance including Rev. Aquila Lucas, the International Field Sec. of S. S. Association; Rev. W. A. Ross, Field Sec. for N. B.; Rev. S. J. McArthur, Newcastle; Rev. Alex. Rennie of Millerton; Rev. Mr. Creed of Harcourt and the ministers of the various local churches. In addition, Messrs. W. B. Snow, Tall, D. P. MacLachlan, M. P. P., and other leading laymen of the district will deliver addresses.

NEWCASTLE SCHOOL ATTENDANCE

There is nothing that more seriously interferes with a pupil's progress at school than irregular attendance. Parents who allow their children to stay home for trivial reasons detract from their school efficiency and develop habits tending to mar their future. The teachers of Harkin's Academy are, this term, attempting to reduce irregularity to a minimum. The results for the first week, as the percentage of pupils daily present will show, have been fairly satisfactory. Grades I, 91.9 per cent; II, 98.7 per cent; III, 95.6 per cent; IV, 95.3 per cent; V, 96.3 per cent; VI, 94.5 per cent; VII, 98.9 per cent; VIII, 95.8 per cent; High School 95.7 per cent.

PLEASE everybody.
Is used by men, women and children in all parts of the World. There is a reason. Its superiority over other kinds. Contains nothing injurious to leather, but gives a hard, brilliant and lasting polish. It is good for your shoes.

THE CAMPBELLTON GRAPHIC

THE LOSS
The sympathy of a large circle is extended to Mrs. Walter Gray in the loss of their infant daughter who died last Friday.

Popils of grade five and six will attend school in the temporary Bank of N. S. building and grade seven in the room next the police court, commencing Monday morning.

Work is progressing very satisfactory at the new power station under the superintendence of Mr. Hiram Farrer. The general manager hopes to have the new plant in operation by October 1st.

A large number took advantage of the special sail arranged by the owners of the steamer Canso for Labor day, and all report being highly pleased with the trip and well satisfied with the attention of the officials.

On Wednesday morning the travelling pile driver on the I. C. R. construction train carried away the electric light and telephone wires at Victoria street crossing. The occurrence was purely accidental and the damage more annoying than costly.

The S. S. Samara is again in port loading for South America. This will be the second trip in one season made by this ship, and is the first time this has been done. The vessel made an extra quick run from Norfolk to Campbellton on the return journey from the River Plate.

The Messrs. B. A. Mowat Company are preparing for the erection of a large brick block on Water Street. The structure will be 80x35 and will be of pressed brick with concrete foundations. The building will be three stories in height and devoted entirely to commercial purposes; it will have steam heating throughout and electric elevators. The cost will be between \$12,000 and \$15,000. F. N. Brodie of St. John is the architect.

MRS. MARY FLEMING
The death of Mrs. Mary Fleming occurred on the 6th at the residence of her son-in-law Mr. J. A. Kerr. The deceased lady was 70 years of age and was in good health till four days before her death, which came very unexpectedly to her family and friends. The funeral was conducted by the Rev. Mr. Paulin. The pallbearers were Messrs. W. McDonald, P. McKinnon, A. H. Innes, J. C. McCordie, W. McMillan and J. Blair. —Vancouver World, Aug. 7th.

BORN
At Campbellton, Sept. 3rd to Mr. and Mrs. Thos. Ellsworth, a daughter.

MARRIAGES
The marriage of D. Gordon Mann of Riversdale and May Lilian Thomas, daughter of Mr. and Mrs. Geo. Thomas of Upsalquitch, took place at the Methodist Parsonage, Campbellton on August 25th, Rev. Geo. Morris officiating.

Edmund S. Rust and Lottie Stacey both of Halifax N. S., were married by Rev. George Morris at the Methodist Parsonage, Campbellton on Tuesday evening last.

LEAGUE GOSSIP

In the league tourney just closed the I. N. R. team are worthy winners of the trophy, while H. O'Keefe wins the suit of clothes presented by N. L. McRae of Oak Hall for the player scoring the greatest number of runs.

The success of the various games played with foreign teams leads one to hope that next season a larger number of these will be arranged say for Saturday afternoons, either that or a series of home and home games might be played. We do not too cocky but we think we can turn out a good ball team. What.

Look What I Did in Paris. So in London
Big musical Comedy success.

Anniversary of System of Instruction

FOUNDED OCT. 16, 1891, BY THOMAS J. FOSTER

October 16, 1891, Thomas J. Foster founded at Scranton, Pa., the I.C.S. System of Instruction, by which all wage-earners might prepare themselves through which has done more for industrial home study for advancement in position and salary.

October 16, 1911, thousands of students of the world over will celebrate the 20th Anniversary of this plan of education, which has done more for industrial workers than any other agency since the beginning of time.

Join us at This Big Time!

On the evening of October 18th, 1911 the Twentieth Anniversary of the famous International Correspondence Schools of Scranton, Pa., will be appropriately celebrated by the holding of Banquets in 359 different points of Canada and the United States. Elaborate programs will be carried out and a Good Time assured to all.

Every I. C. S. student is cordially invited to attend and we have a plan by which all travelling expenses will be paid to and from the Banquet. If you are not already a student and wish to participate write to me and tell me that Course you are interested in and I will gladly send you full information by return mail.

CHATHAM, N. B.

M. G. FLETT, Representative

\$3,600 in Cash Prizes for Farmers

ARE you one of the thousands of Canadian farmers who have used or intend using Canada Cement for the construction of some farm utility? If you contemplate building anything whatsoever of concrete, make up your mind right now to build it with a view to winning one of the prizes we are offering. Read the announcement and you will learn how to try for a share in the \$3,600 we are giving away, to encourage the use of cement upon the farm. Throughout Canada the farmers have taken such a keen interest in our campaign that it has inspired us to go further along these educational lines. We have decided, therefore, to offer a series of four \$100.00 prizes to each of the nine Provinces, to be awarded as follows:

PRIZE "A"—\$100.00 to be given to the farmer in each Province who will use during 1911 the greatest number of bags of "CANADA" Cement for actual work done on his farm.

PRIZE "B"—\$100.00 to be given to the farmer in each Province who uses "CANADA" Cement on his farm in 1911 for the greatest number of purposes.

PRIZE "C"—\$100.00 to be given to the farmer in each Province who furnishes us with a photograph showing best of any particular kind of work done on his farm during 1911 with "CANADA" Cement.

PRIZE "D"—\$100.00 to be given to the farmer in each Province who furnishes the best and most complete description of how any particular piece of work shown by photograph was done.

In this contest no farmer should refrain from competing, because of any

feeling that he may have little chance against his neighbor who he thinks might use more cement than he does.

For it will be noted that Prizes "C" and "D" have no bearing whatever on quantity of cement used. The man who sends us the best photograph of so small a thing as a watering trough or a hitching post, has as much chance for Prize "C" as a man who sends a photograph of a house built of cement—and the same with Prize "D"—as to best description.

Canada Cement is handled by dealers in almost every town in Canada. Should there not happen to be a dealer in your locality, let us know and we will try to appoint one.

Contest will close on November 15th, 1911, and all photos and descriptions must be in our office by that date. Awards will be made as soon as possible thereafter. The jury of award will consist of: Prof. Peter Gillespie, Lecturer in Theory of Construction, University of Toronto; W. H. Day, Professor of Physics, Ontario Agricultural College, Guelph; and Ivan S. Macdonald, Editor of "Construction."

Now, you cannot hope to do concrete work to the best advantage unless you have a copy of our free book, entitled, "What the Farmer Can Do With Concrete." This book tells how to construct well-nigh anything on the farm, from hitching post to silo. Whether you enter the contest or not, you'll find this book most helpful. A post-card asking for the book will bring it to you promptly. Send for your copy tonight. From your cement dealer or from us, you can obtain a folder containing full particulars of contest. If you send us for it, use the coupon provided in this announcement.

The Canada Cement Co.

MEETING AT DALHOUSIE

Sept. 5, 1911—Great enthusiasm marked the proceedings on the occasion of the opening of the Liberal Committee Rooms at Dalhousie, and a large turnout of the electorate was there to welcome the speakers, and to hear all about the main point of the campaign—Reciprocity.

The chair was taken at about 8.30 by the Hon. C. H. LeBlond, who, in opening the meeting, referred with great pleasure to the large turnout which he thought augured well for the outcome of the approaching election. Little had been said so far, and as there was a great deal to be said, he asked for a close and attentive hearing from all present to the remarks of the speakers, as he considered this question of Reciprocity to be the greatest question ever brought before the electors of Canada. It meant a great deal to the working man, and in fact to the whole mass of the people. It devolved upon us to decide whether we should go on as we are going or whether we were to make a change for the better. The only change for the better was toward Reciprocity, which would bring upon the whole country a larger prosperity, and help the farmers to get greater markets. In concluding he had much pleasure in introducing Mr. A. E. G. MacKenzie of Campbellton.

Mr. MacKenzie commenced by stating that this question of Reciprocity was altogether too large an one to be gone into fully in one evening; but it was his intention to go into and deal with these points which are vitally affected and interested his hearers. This is not an old question, but has been the goal aimed at by the Liberal party for years, the present controversy was not opening up new ground as far as the Liberal party was concerned. It was simply a continuance of the "old reliable policy". After making references to Mr. Foster's won-

derful change of opinion re natural products, the speaker went on to show by a number of clear and forcible examples just how the advent of Reciprocity was to "help the lot of the working people of New Brunswick." "Take the lumber business," he said, "and what do you find? Ask any lumberman in Restigouche if he makes any money out of shingles, and see what the answer will be? Lower the duty on this commodity, and can it fail to be of good effect to the men engaged in this industry?" Then there was the inevitable reduction in the price of Pork, Beef and similar products of the Packing House. By the cancellation of the present duties on these products a reduction of about \$4.00 per barrel would be brought about, and his hearers could imagine readily what they would mean to a country which uses such immense quantities of these articles. He then went on to show how the protection of the Packers had increased the cost of Pork and Beef to the consumer. True there were a few more millionaires in Canada as a direct result of this, but where he asked where were the millions of farmers. They were conspicuous by their absence. And what was true of the Packing business was equally applicable to grain growing. The recent big delegation of western farmers to Ottawa in favor of Reciprocity, will tend to show just where the G-ai Growers' Association of Western Canada stands on this question. The same might be said of the growers of Hay and Potatoes in New Brunswick who must greatly profit by the passing of the Reciprocity agreement.

He then went on to deal with the arguments against Reciprocity. No sane economic reason had yet been found why the pact should not be passed, and the Conservatives themselves recognized that it was a good thing. Why, the Toronto "News" an organ of the Conservative party admitted that Mr. Fielding deserves great credit from having brought the agreement to such a brilliant conclusion. The Canadian Manufacturers Association says this is "the entering of the wedge." "Do you know what that means? That means that they see where they will have to content themselves with smaller profits. That means also that the cost of living will be that much decreased." That is why they do not want even to give Reciprocity a trial. They know that the fact that it is a good thing is bound to prove itself. Mr. Borden says "Oh let well enough alone." "Are we content to let well enough alone? Should that be the attitude of a healthy young country? Should we not rather look to increase our trade, our exports, our imports, our population and our resources by developing them by friendly intercourse with Uncle Sam?" That is what this agreement meant to Canada. Then there is the much battered "Loyalty" cry. He had noticed in Mr. Montgomery's electoral card the heading "W. S. Montgomery, Fish Exporter." Was Mr. Montgomery, he asked, any the less loyal because he traded the fish for American dollars. Would his hearers risk asking Mr. Montgomery

ways characterised the loyal British Dominion of Canada. He then went on to deal with local works, and referred to the obnoxious obstructionist tactics of the opposition in the last session of Parliament but for which he declared the International Railroad and the Baie Chaleur Railroad would now be parts of the Intercolonial Railroad—the People's Road, and the construction of the new shops at Campbellton, and the Interprovincial bridge at Campbellton would be well under way. In conclusion he said amid loud cheers that Mr. Reid would once more be elected as member for Restigouche county, and he asked that they one and all give their hearty support to the end, that Mr. Reid should return once more to his place at the right hand of the speaker, and be the friend and supporter of Sir Wilfrid Laurier. Prolonged cheers.

The chairman then called upon Mr. A. T. LeBlanc of Campbellton to address the meeting in French. This Mr. LeBlanc did, covering the ground with convincing arguments in favor of Reciprocity, and his remarks were punctuated by cheers as he detailed the loyalty and faithfulness of the French Canadians to the Mother Country, disavowing for himself and all loyal Canadians any part or belief in the "Conscription bogey" of the Nationalist party in Quebec, that the naval scheme of the Liberal Party would deprive the French Canadians of their eldest sons to fight Britain's foreign battles. The Naval "Service of Canada" was not an obligatory service. There was no such thing as conscription. Mr. LeBlanc succeeded in rousing the meeting to a great pitch of enthusiasm as he drove home point after point and nailed down plank after plank of the Liberal Party platform, and concluded by avowing his entire confidence in Mr. Reid, and calling upon those present to see to it that Mr. Reid had as before their full support.

A vote of thanks was then tendered the speakers for their clear showing of the facts, after which the meeting broke up in three loud cheers for the King, Sir Wilfrid Laurier, Mr. James Reid, and the "principal plank" Reciprocity.

All for the Lumberman

In the chaos of entirely new going up in the anti-reciprocity press against opening the Canadian market to the competition of the ninety millions of people south of the border it will be observed that there has been no mention of the lumber industry. As the gentleman from Michigan would say, there's a reason.

Canada's markets are already wide open to lumber, chiefly hardwood and yellow pine, from the United States. It is impossible duty free because the manufacturers and the house-building contractors of Canada need it in their business. For the Canadian lumberman reciprocity means no possible increase of competition from the south, and a very great increase of trade by reason of the entire removal of the United States duty on Canadian lumber.

These quite a few lumbermen who have been objecting to "jug-handled" free trade. They have urged that the Government should direct its energies toward getting the United States to remove the duty on Canadian lumber in consideration of the fact that Canada for many years has permitted the importation of lumber duty free from the United States. Now that the United States has agreed to that very thing they should lead their influence to the reciprocity agreement.

For the lumberman the adoption of reciprocity is all gain and no loss. The benefit of the renewal of the United States duty on Canadian lumber will go in part to the consumer in the States in the form of lower prices, and in part to the Canadian lumberman and his employees in the form of higher wages and profits.

How important to the Dominion the export of lumber and other forest products is can best be gathered from the fact that during the past five years the exports of forest products from Canada to the United States have been as follows:

1906	\$ 23,585,040
1907 (nine months)	18,397,753
1908	27,470,754
1909	26,421,373
1910	31,835,326

This is a total of \$127,210,246 in four years and nine months. Almost all of it had to face heavy duties. During the same period the United States sent \$35,770,344 of lumber and forest products to Canada, all of it duty free. The principal items on which the United States duties are to be entirely wiped out are as follows:

Heavy timber, present duty, one-half cent per cubic foot. Sawed boards, planks, deals and other lumber not further advanced than sawed, of white wood, gum wood and blue wood, present duty, 40 cents per thousand feet.

Of other wood, including pine, present duty, \$1.25 per thousand feet.

Railroad ties, railroad ties, poles of cedar or other wood, pilings and poles, present duty, 10 per cent.

Wooden shaves, partially manufactured, present duty, from 10 to 20 per cent.

The removal of duty by the United States on sawed lumber, on the basis of the trade of 1910, will be \$6,000,000 per year. That is why the lumbermen are largely for Reciprocity.

Reciprocity Means Boom to Canadian Paper Manufacture

That there will be an immediate and large increase in the manufacture of paper and pulp in Canada for export to the United States as a result of the American tariff changes affecting these commodities, is the opinion of Chester W. Lyman and Rodolphe Pagenstacher, officials of the International Paper Company, and of the Manufacturers Paper Company respectively, the two leading manufacturing concerns in the United States.

They were in Ottawa recently investigating conditions in regard to the paper industry.

Mr. Lyman stated that the present exports of pulp and paper amounting last year to about 60,000 tons will probably be more than trebled within the next twelve months.

The Manufacturers Paper Company is now looking over the ground in Canada with a view to establishing manufacturing plants on this side of the line. The Canadian manufacturers will largely increase their purchases of pulpwood from private holders of pulpwood lands in Ontario, Quebec and New Brunswick, with a view to enabling them to export free of duty into the United States the paper manufactured therefrom.

\$30,000,000 FOR MILLS IN QUEBEC

Advantages of Reciprocity Already are Apparent

The vanguard of the American invasion invited by reciprocity is upon us!

But it is an invasion of good sound money—millions of it—that is coming here to build mills; not to exploit Canadian natural resources to provide raw material for American industries, but to manufacture that raw material in Canada with Canadian labor.

The most vigorous opponent of reciprocity in the States was the paper trust, but as soon as the measure showed signs of passing, that vigorous institution rushed men over the border and began to get options on the best sites and the choicest timber lands available.

Free Pulp and Paper

One feature of the reciprocity agreement is the admission of Canadian pulp and paper free into the States, provided the wood entering into its manufacture has not been subject to any export taxation. This, in Quebec and Ontario, bars wood cut on Crown Lands, but applies to that cut on private lands. As a natural consequence, these lands have already experienced a sharp rise in value, which is likely to increase unless the provincial governments modify their Crown Land restrictions.

Already large areas have been taken up by American paper interests near Ottawa and along the St. Maurice, and it is understood that representations will soon be made to the Quebec Government regarding the investment of many millions, if the export taxation is removed.

A \$30,000,000 Proposition

One proposition involves the expenditure of \$30,000,000 for the construction of mills, water powers, etc., in Quebec, to manufacture news print, card board, and similar products, also chemical pulp for further manufacture into higher grades of paper.

One item of this proposition involves the erection of a \$500,000 mill on the St. Maurice, to employ 3,000 men.

All the capital, it is understood, is ready for immediate investment, though most of it will await the decision of the Provincial Government on the Crown Lands timber question.

"All Bosh," Says Taft.

In view of the frequent assertions of the anti-reciprocity press that President Taft is trying to trap Canada into annexation, the following extract from the President's speech before the American Newspaper Publishers' Association in New York on April 27 is of interest:

"As between Canada and the United States the trade and the mutual benefit from the trade agreement will increase. It is amusing, and I am not sure that it has not some elements of consolation in it, to find that all the bunkum and all the exaggerated talk and misrepresentation in politics and all the political ghosts are not confined to our own country, and that there has entered into the discussion in Canada, as a reason for defeating the adoption of this compact by the Canadian Parliament, a fear that we desire to annex the Dominion; and the dreams of Americans with irresponsible imaginations, who like to talk of the starry flag floating from Panama to the Pole, are exhibited by the opponents of the Canadian treaty in Canada as the declaration of a real policy by this country, and as an announcement of our purpose to push 'control' over our neighbor of the north. I am not an anti-Imperialist, but I have had considerable experience in the countries over which we have assumed temporary control. I do not know when that control will end, but I do know that, in respect to those countries, we have taken over heavy duties and obligations, the weight of which ought to destroy any temptation to further the acquisition of territory. The talk of annexation is bosh. Everyone knowing anything about it realizes that it is bosh."

Quality

in tea may mean to you flavor or strength or fragrant richness. Red Rose Tea is blended with such nicety that it is the combination of all three points of merit. Will you try a package.
