### INTEREST IS KEEN IN HOME NURSING

Interest in the home nursing classes which are to be organized in the province under the auspices of the Red

Cross Society is both keen and widespread, judged by the number of inquiries which have been going to the Red Cross depot at St. John.

Miss R. E. Hamilton, R. N., Dominion organizer for home nursing classes,

who will spend two months in New Brunswick, is busy preparing her itinerary in the province and will probably commence her visitation of Red Cross branches some time next week. She may not confine her visit to Red Cross centres if there is a call for the organization of these classes where the Red Cross had no active branch.

### LONG BUT PLEASANT JOURNEY

Mrs. A. F. Baker, wife of Rev. A. F. Baker, who at one time was in charge of the U. B. church here, but who now resides in Vancouver, has been spending several weeks visiting friends in Hartland and Woodstock. She made the trip East via the Panama Canal, a trip which took 23 days to cover. She leaves Woodstock today (Wednesday) to return to her home in Vancouver by the same route, probably sailing from New York. She had a most enjoyable trip coming and is anticipating just as enjoyable one returning.

It uses eggs by the million, but

ter by the ton, besides providing a huge outlet for a score of other Maritime Products.

When the candy craving comes over you, slip into the nearest store and ask for a few cents' worth of Moir's Cream Carmels. They're wholesome, richly flavored, and lasting.

## SEPTEMBER BRINGS MANY WEDDINGS

Cupid Gets in His Work and Popular and Well-known Young People Fall Victims

Today at 1.30 o'clock at the residence of Mr. and Mrs. Jarvis C. Day the marriage took place of their niece, Miss Pearl Saunders, and Mr. Harold Bradley, of Perth, son of Mrs. J. P. Cook of Hartland.

The ceremony was performed by Rev. G. F. Bolster in the presence of about 60 guests, and took place on the lawn under an evergreen arch banked with sweet peas. The double ring service was used. The wedding march was played by Prof. John Peterson of Fredericton, an uncle of the groom.

The bride was very becomingly attired in a gown of white Duchess satin with overdress of radium lace with veil and orange blossoms and carried a bouquet of white Ophelia roses and maidenhair fern. The groom wore a conventional suit of navy blue and the gloves he wore were of white kid and were the ones his father wore at his marriage. The bride's travelling costume was a suit of navy blue Poiret twill with black tailored hat and veil.

After the ceremony a buffet luncheon was served by Misses Mabel Morgan, Myrtle Trites, Emma Cogswell and Martha MacCollum.

The happy couple left on the 3.30 train for a brief honeymoon in Fredericton. They will reside in Perth.

### HOLYOKE-SMALLEY

A very pretty wedding took place on Wednesday afternoon at 3 o'clock, Sept. 3, at the home of Mr. and Mrs. Holland H. Smalley, 608 Queen street south, Woodstock, when their eldest daughter Grace became the bride of Mr. W. Ralph Holyoke, son of Mr. and Mrs. R. E. Holyoke, of Woodstock. The ceremony was performed by Rev. H. F. Rigby in the presence of some 60 guests.

The bride wore a wedding dress of white crepe Elizabeth, with hand drawn work and embroidery and applique silk veil with head piece of orange blossoms and carried a shower bouquet of bride's roses and lily of the valley. The bridesmaid, Miss Florence Smalley, sister of the bride, looked charming in peach crepe Elizabeth with hat to match, and carried tea roses. The groom was supported by Dr. N. N. Copeland, of Pittsfield, Mass. The wedding march was played by Miss Claire Boyer of Hartland. Immediately after the ceremony the reception was held, the house being prettily decorated with cut flowers. The bride's table was decorated with bride's cake and miniature brides and grooms.

The bride and groom left by car for two weeks' camping at Grand Lake, Me., and on their return will reside in Fredericton.

### PINNEY-WINTER

Following is notice of the marriage of Miss Helen Winter, which took place last week in St. John. It will be of much interest to her many friends in Hartland and vicinity as she was very well known having at one time been employed in millinery work here for several seasons.

"A wedding was solemnized yesterday morning at 8 o'clock in St. Andrew's church, by Rev. J. S. Bonnell, when Euphemia Helen Winter, daughter of Mr. and Mrs. Archibald Winter, of Tobique River, and Gordon Edwin Pinney, son of Mr. and Mrs. John Pinney, of East St. John, were married. The bride was given in marriage by G. W. Hatheway, and was unattended. She was very attractive in suit of navy blue, sable fox fur, and sand hat trimmed in coral shade, and wore a corsage bouquet of Ophelia roses. The groom is a popular employee of the railway mail service. After the ceremony the happy pair left on the Governor Dingley for a wedding trip to Boston, followed by the best wishes of their many friends. On their return they will reside in East St. John."—Telegraph-Journal.

### RYAN-MCKIMM

A very quiet but pretty wedding was solemnized Tuesday morning in St. Joseph's church, Bath, at 9 o'clock, when Rev. W. M. Donohoe, united in marriage, Mrs. Bridget McKimm of South Johnville and John Ryan of Bath. Immediately after the ceremony the happy couple repaired to the home of the groom where the wedding breakfast was served. Mr. and Mrs. Ryan have many friends, one and all, who join in wishing them many years of happy wedded bliss.

### CAN TELL THE TIME BY NIGHT NOW

In the early spring word was received here from Ottawa that through efforts of T. A. Caldwell, M.P., it was

promised that the post office would be lighted by electricity. This promise has now been carried out, the wiring having been done and very nice fixtures installed. Best of all the town clock is now illuminated, where heretofore only semi-occasionally did its face shine forth at night. This is a great convenience and gives our town a much livelier appearance.

## GOV'T REPRESENTATIVE TO CUBA

T. W. Caldwell, M. P., returned from Ottawa on Saturday, the 6th inst., and reports that he has been successful in persuading the Government to send a representative to Cuba with the view to negotiating a better trade agreement between that country and Canada. Mr. Caldwell believes it will be possible to get the duty on Canadian potatoes entering Cuba lowered to the same rate as the United States get on theirs entering Cuba by lowering the duty on Cuban sugar entering Canada.

The Dominion Government gave the British West Indies a preference in duty on raw sugar two years ago, but due to the fact that we import more raw sugar from Cuba than from the British West Indies Canada has not benefited by this preference, as the West Indies price has been based on the Cuban price plus the duty; and Mr. Caldwell believes by lowering the duty on the Cuban sugar that it will tend to lower the price on the West Indian sugar as well as that, from Cuba.

### BATTERY MANUFACTURING BUSINESS IN ST. JOHN

St. John, N. B., is to be the home of the Diamond Battery Co. of Canada, Ltd. This is a step in the right direction. It means that a large percentage of the money heretofore sent out of the Maritimes to Upper Canada and the United States will remain here. Not only that but that a large percentage of the money made in the manufacture and distribution of batteries for motor cars, radio, etc., will find its way into the Maritimes, an influx of capital that will be a factor in rebuilding this part of the Dominion.

The Diamond Battery Co. of Canada, Ltd., was organized for the purpose of manufacturing and distributing the celebrated Diamond Grid Batteries.

This is the battery used exclusively by the Cadillac Co. and the Curtis Aeroplane Corporation. It is also specified by the U. S. Government for use in its air service.

A Battery that by actual test has proved to have a life of three times that of its nearest competitor, among which were some of the best batteries manufactured.

This Company is fortunate in having secured the plant formerly used by the Ford Co. at Glen Falls, St. John, and starts to manufacture immediately. When we consider the enormous demand for batteries today, the rapid growth of the radio, the steady increase in the use of motor cars and the many others (all of which the company will manufacture), the future of the Diamond Battery Company of Canada, Ltd., looks very bright. This is the kind of industry that deserves support as all the car accessories, batteries, etc., are brought here from Upper Canada or the United States, and the benefit derived from their manufacture and sale naturally goes to where the goods are manufactured.

### SAMUEL FOSTER

Samuel Foster of East Colistream died quite suddenly on Aug. 26, from the effects of heart trouble. Mr. Foster was eighty four years of age, one of the oldest and most highly respected residents of the community.

He leaves to mourn his loss an aged widow, one daughter, Mrs. Aaron Greer with whom he resided for the past four years; one son, Samuel O. of Calgary; two nephews, John Stickney of Calgary, and Emery Helyea of Vancouver, whom he had brought up from early boyhood; two brothers and two sisters, besides a large circle of other relatives and friends.

The funeral was held at Mt. Pleasant U. B. church of which he had been a deacon for thirty-eight years. Service was conducted by Rev. A. Woodworth assisted by Lic. John W. Wadling.

### MAY NOT USE BOTTLES

The use of milk bottles as containers for any other liquid but milk is now a violation of the law in Halifax. This new law recently went into effect, and it is pointed out that people who use milk bottles for holding vinegar, molasses, oil and other liquids will be liable to a penalty.

## METHODIST MEET IN WOODSTOCK

Estimates From Various Circuits in District Are Considered

The Woodstock Financial District Meeting of the Methodist Church was held in the church in Woodstock on Thursday the 5th inst.

The following representatives were present: Revs. D. R. Chown of Florenceville, H. S. Young of Jacksonville, G. Sellar of Debec, H. C. Ligon of Centerville, E. E. Fytche of Andover, J. T. Cavers of Woodstock, R. Vincent of Canterbury, H. T. Tupper of Argyle; Laymen, Messrs. J. Lindsay of Woodstock, B. Hillman of Upper Kent, W. Waters of Lakeville, W. Jarvis of Benton, E. Plummer of Hartland, D. A. Gibson of Debec, A. Bell of Lindsay, H. Rogers of Northampton, L. A. Hunter of East Florenceville, J. Crawford of Argyle.

The sessions opened with devotions. The officers were: Chairman, Rev. D. R. Chown, financial secretary, Rev. H. S. Young, and press S.S. secretary, Rev. Erle E. Fytche. A standing district financial committee was appointed with the following members: Chairman of the district, D. R. Chown, H. S. Young, B. Hillman and J. Jarvis.

Estimates were received from the various missions within the district and the following supplementary appropriations were made: Andover \$800, Canterbury \$470, Florenceville \$450, Argyle \$50. Sustainment grants were recommended as follows: Lindsay \$350, Jacksonville \$300, Debec \$200.

Much sympathy was expressed for Rev. J. K. King in his resignation of the Hartland church owing to the illness of his wife and hope that in their sojourn in St. John Mrs. King will soon be restored to her health and strength. Rev. T. Pierce will supply for the time being.

The afternoon session was of an inspirational character. Rev. H. S. Young read a very interesting paper on the Original of Methodism in Carleton County.

Mrs. Corbett read an excellent paper on the Original of the W. M. S. in Carleton County.

Rev. J. M. McConnell, D. D., Superintendent of Missions, spoke on the programme of the Centennial Year of the Missionary Movement and aroused much enthusiasm with his address which was followed by a round table conference, the outcome of which was to raise the missionary givings of each circuit at least ten per cent.

Rev. W. G. Watson, D. D., of Sackville, spoke of the splendid work of the Mount Allison Institutions. He prophesied that the coming college year would be the best in the history of its successful career.

Before the session closed a vote of thanks was unanimously passed to the pastor and the congregation for their hospitality.

The evening session was devoted entirely to missionary affairs. Mrs. Parsons sang with splendid effect, "Open the Gates of the Temple." Dr. McConnell and Rev. R. J. Fulton spoke eloquently on the need of greater enthusiasm in the work of missionary endeavor.

### WOODSTOCK EXHIBITION

The sixth annual Woodstock exhibition opened yesterday at Island Park, and will continue today (Wednesday), Thursday and Friday, closing in the evening. The exhibits are most attractively displayed and include one of the largest stock shows yet witnessed in connection with the annual fair. A very attractive program has been arranged, which perhaps to the majority the three days' racing which include the free-for-all, will be the chief event. The midway attractions are better than ever and a display of fireworks for each evening has been planned.

### HARTLAND BAPTIST CHURCH

The Christian churches of the town, however poorly they may represent their Divine Founder, are a positive influence for good and consequently has a right to the sympathy and support of every citizen. On Sunday the doors of these churches will be open to minister the spiritual needs of the people. Let us not forget the assembling of ourselves together.

There will be preaching service at the United Baptist church at 11 a.m. and 7.30 p.m. In the morning the pastor, Rev. G. F. Bolster, will take for his subject "The Testing Fire" and in the evening the subject will be "That Which Was Lost." Special music will be provided by the choir at both the services. The Sunday School will continue to hold its session at the close of the morning service until Rally Day, Sept. 28.

## POACHERS AND POACHING

During the reign of a certain king in Europe his subjects were warned by proclamation that any person or persons found within his game domain would pay the penalty with his or their lives, and that any poachers, dead or alive. Many of the poachers, when caught had rather be shot than face the guardian than to be brought to answer for disobeying, and then pay the penalty in what manner they knew not, perhaps an easy death but generally it was death by torture. It must be borne in mind that the laws were cried out to the public so that all would be familiar with the King's wishes. Still most every day the guardian dragged in before his Master a poacher who disregarded the King's laws, lucky for the one that was stopped by the guardian's accurate shot. Is it possible that poaching is so tempting that people risked their lives for the sake of bagging a few rabbits or partridges? Although this was centuries ago, a strong temptation still exists for some but the penalty is less severe. Poaching may be like some dreaded disease inherited from generation down to generation and poachers of today still are tempted as poachers of yesterday. The desire of this malady may not be for the results derived but rather for the non-obedience of the laws. In the early days it was forbidden to enter upon the game domain 365 days in the year, meaning that the subjects were never allowed to enter upon these grounds. Today the laws forbid the killing of game only through certain months in the year, and when forbidden, King and peasant alike are forbidden to enter the woods for the purpose of shooting any kind of game. There is no exception this period is for the accumulation of the game, then there are months that the forests are open to all, rich or poor, poacher included, but as a rule, the poachers will not content themselves with what the law allows them, but are tempted at all times as the poachers of olden times to risk their lives. In today's risk is a few months in the County jail. In those days a poacher was looked upon as a brave man for risking his life for such small game. Today a poacher is looked upon as a lazy man, too lazy to do an honest day's work for his living, and the ones that have been caught, prove the statement.

There will be an open season for partridges commencing Oct. 1 to Oct. 31, both inclusive. Open season for

## FARMER EVANGELIST PLANTS POTATOES TO SPREAD GOSPEL

His plan is to spread the Gospel by planting potatoes. Mr. W. Foster, well known in the district, is doing just the thing. He has an evangelist camp on the island, and is planting potatoes in the fields in which more than 100 persons have been converted, in order to further the work. Mr. Foster has planted 10 acres of Candler potatoes on the island, and these he will sell in Woodstock according to his present plan, the proceeds being used in his religious activities among the islanders.

The present campaign will close the last of the present month and Mr. Foster will return to his home here to remain until after the potato harvest. Then he will go back to his field of labor for another six months of soul-winning. Towns in which he has spoken during his stay on the island include Kensington, Tyrone, Hunter River, Freestown, Bedouque, Traveler's Rest and O'Leary.—Presque Isle Star-Herald.

## DEATH OF AN INFANT

Much sympathy is felt for Mr. and Mrs. Stirling Lawson of Green Lake in the death of their infant child which occurred on Aug. 28. Funeral services were conducted by Rev. P. J. Quigg. Burial was made in the Green Lake cemetery.

## HAROLD ANDERSON

The sad death of Harold Anderson, an employee of the C. P. R. railway company, occurred at the Fisher Memorial Hospital on Sunday, Aug. 21, from pneumonia, following an operation for appendicitis.

He was 29 years of age and leaves to mourn his parents, Mr. and Mrs. Thomas Anderson, four brothers, John, Wallace, Hayden and George, and five sisters, Annie, Fannie, Della, Clara and Elizabeth.

The funeral was held at his home at 11 a. m. where funeral services were held. The casket was borne by Rev. P. J. Quigg of Woodstock with interment at the Port Hope cemetery.

Floral tributes are as follows: P. H. family, wreath; Order of Conductors and Trainmen, flat bouquet; Mr. and Mrs. Ralph Gilman, flat bouquet; Friends of Benton, flat bouquet; Mrs. Vengas and girls, flat bouquet; Mr. and Mrs. F. O'Connell, flat bouquet; Mr.

and Mrs. J. A. MacPherson and Mrs. Dee, Flowers were also received from the different orders to which he belonged, viz: B. of R. L. O. R. T. B. of L. E. B. of L. F. and E., 100 F. and O. R. C. Much sympathy is felt for the family in their bereavement.

## AUTO EXPERIENCE

(Edmundston Observer)

Mr. and Mrs. Harry Yorke and Mr. and Mrs. W. McElroy, with little Charles Yorke had an experience on Sunday that they will not soon forget. They left by automobile for Madawaska Lake, and after having had supper at Stockholm left for home—but they did not reach home that night. It appears that they took the wrong road, and after a while the road they took turned out to be an accommodation fishing highway. They were informed of this when their car got stuck on a knoll and a Ford came along, a Ford which got stuck likewise. Both Mr. Yorke and Mr. McElroy are good Samaritans and they helped the man with the Ford after the man with the Ford promised to help them. But after the Ford man reached a place of safety he continued on his way and Mr. McElroy and Mr. Yorke are deploring the strength they expended on his behalf. But perseverance won its reward and they got their car off the knoll, but a little later the car went down the side of the bank, not dangerous, oh no, but in such a position that they had to stay there until help arrived.

Help was not to arrive that night, however. Making themselves as comfortable as possible, they waited for the break of day. Little Charles was a little scared of bears, and it is reported that Harry was not very easy either in regard to the wild animals of the forest. But hark, it is five o'clock and in the distance a sound, ah, welcome sound indeed, it is the voice of Chanticleer heralding the rising of the sun. And now for breakfast, breakfast in the woods, ay, breakfast supplied by mother nature herself—rasberries, but Harry says that Bill says he never wants to see raspberries again.

But now to get out of the woods, ah, there is the sign of smoke arising above the trees, to hunt out the house is the work of both of these gentlemen, rested as they are from their anxiety of the past night. The house is found, but the inhabitants thereof are scared of them, until Bill speaks in his winning voice, and then an interview is granted. They ask for the loan of a horse, and a horse is loaned the owner of the horses telling them that they can have his colt, the youngest horse he has. Twenty-six years old was he, and Mac was the driver. But although the snows of many winters was upon the back of this young colt he did the trick, he got the car from its place and Harry, so anxious was he, to be back to see his many friends at the Drug Store, started the car, and the first thing they knew the rope which was towing the car was rolled up on the car and the horse was sitting on the radiator.

Not much else happened. They were thankful to get home, and Harry sent down by the first mail after his arrival home, a box of ointment for the farmer to put on the horse where the skin was taken off, where the horse sat down on the radiator.

## FRUIT TREATMENT FOR CONSTIPATION

### Quick and Permanent Relief By Taking "Fruit-a-lives"

What a glorious feeling it is to be well! What a relief to be free of cathartics, salts, laxatives and purgatives that merely aggravate constipation and are so unpleasant to take and so weakening in their effect!

What a satisfaction to know that the juices of apples, oranges, figs and prunes will absolutely and permanently relieve constipation. By a certain process, the juices of these fruits can be concentrated and combined with tonics—and it is these intensified fruit juices that correct constipation, relieve headaches and biliousness, and make you well and keep you well.

"Fruit-a-lives" are sold everywhere at 25c. and 50c. a box—or sent postpaid by Fruit-a-lives Limited, Ottawa, Ont.

## Here and There

It is anticipated that English orders for Canadian wool will exceed 1,000,000 pounds this year, which will be a considerable increase over the business of 1923, amounting to 700,000 pounds.

Definite advice has been received at Victoria, B.C., that the Japanese training squadron, consisting of the "Kishima," "Asama" and "Azuma" will visit Victoria during the winter. The squadron will leave Japan early in December, following the annual fall manoeuvres.

Approximately 60 per cent, or 1,252,604 of the population of Western Canada live on occupied farms. Of the balance, 474,516 live in its 20 cities and towns of over 2,500 and 228,962 in 3,309 small towns and villages of 2,500 or under.

The work of re-balling the main line of the Canadian Pacific between Montreal and Toronto (the Lake Ontario shore line) has just been completed. Nearly 2,000,000 tons of crushed rock, or about 35,000 carloads, were used in this operation. Officials state that the roadbed is now as excellent as it can be made and second to none in the world.

Successful strawberry culture 300 miles north of the international boundary has been proven possible by R. A. Gordon, of Edmonton, Alta. One hundred plants brought from Ontario wintered well, blossomed heavily and produced a prolific crop of well-formed, fine-flavored fruit with rich color and flavor. Mr. Gordon has likewise had much success with cherries, wild plums and crab apples.

Steady progress has been made by the macaroni industry in Canada during the past decade. The Bureau of Statistics reports that, whereas the Dominion imported nearly 7,000,000 pounds in pre-war days, it imported only 1,096,000 pounds and exported 2,229,000 pounds in 1923. Nine factories, with a capitalization of \$873,000, now operate in Canada, with an aggregate output approximating 11,500,000 pounds.

Whaling operations off the coast of British Columbia this season have been very successful. Four stations and six or seven whalers are working. Some of the vessels have secured 30 head so far this year. Whale oil is selling well in England, while whale meat, canned, is an established commodity in West Africa, the entire British Columbia whale meat pack of last year having been sold there.

Arrangements for the re-building of the old wing of the Chateau Lake Louise, the Canadian Pacific's charming hotel in the heart of the Canadian Rockies, are already under way. The contract has been awarded to Carter-Halls Aldinger, of Winnipeg, and Barrot and Blackader are the architects. The building will have a greater number of guest and public rooms than existed in the one which preceded it, as the hotel is now too small for the crowds which visit it. The work is to be completed in time for next season. It will be recalled that the old wing of the Chateau was destroyed by fire some months ago.

## PARTRIDGE SEASON

By virtue of an Order-in-Council, passed July 8th, 1924, an open season for partridge is declared from the first to the last day of October, 1924, inclusive. During such open season no person shall hunt or kill more than six partridge in any one day, or more than twenty during such open season. Sale and export of partridge is prohibited. It is also declared that all

persons desiring to export undressed furs must first obtain a permit for such exportation. A fine of \$50 to \$100 may be struck for failure to comply with regulations. Permits can be obtained at the following places, from officers of the Department of Lands and Mines: Campbellton, Bathurst, Chatham, Moncton, Petitediac, St. John, Fredericton, Pinder, Woodstock, Grand Falls, Plaster Rock, Edmundston, Doaktown, Port Elgin, Midgie Station, St. Stephen and Tracey Station.

## MADE HER TOILET IN A STREET CAR

St. John Has Its Slaves to Habit

The girl who powders her nose in public has not yet succeeded in winning the slightest degree of approval from the onlooker. The finished product is charming—sometimes, but no one wants to see the process. Women have always used powder and paint and all sorts of artificial adornments and with usually very happy results. The trouble today is that the woman of the present, be she old or young, seems to have lost her appreciation of the value of reticence and to consider the public street, the theatre, the tea-room, anywhere but home, the place to make her toilet. It is disconcerting to be forced to look on while the complexion is renewed, the lips given a deeper color, the nose bereft of its honest shine, and the eyebrows darkened, yet this all happens every day and at all times of the day, and the woman attached to the pretty little vanity case does not seem to realize that she has become the slave of a habit, that, while not exactly bad, is indicative of a lack of dignity and delicacy. The way in which a thoroughly nice looking girl may lay herself open to criticism was strikingly illustrated a night or two ago when a young girl on a street car, in which the majority of the passengers were men—indeed, there was but one other woman in the car—took out her vanity case and deliberately proceeded to repair her complexion. The process was thorough and occupied some time; it included powder and rouge, lip stick, and eye-brow pencil, and was carried on with all the deliberation that would have been justified had the operation been performed in the sanctity of her home. When the men who were going to a long night's toil left the car at a terminal point, one of them turned and said encouragingly, "Now, you can have a bath," and there was every justification for his remark.

## LOCAL AND PERSONAL ITEMS

Through the Dark," one of Jack Boyle's absorbing magazine tales was shown on Wednesday evening. This story, though having much to do with prisons, held nothing of the morbid. Thrilling escapes and daring escapades, kept the scenes full of pep. Forrest Stanley held the main role. A two reel kid comedy "Yanks vs. Giants" of excellent calibre was added for good measure. "The Gold Diggers" on Saturday evening proved a surprise. Many attended, anticipating a western play, and found that a gold digger was a woman, usually young, who pries a man loose from money on the things that money will buy. It made a most pleasing performance of nine reels, with a reel of comedy added. Read page 7 for this week's attractions.

## A WORTHY COMMENT

The resolution passed by the New Brunswick Lumbermen's Association

at a recent meeting, insisting that all persons applying for work in the lumber camps of members of their association should produce a vaccination certificate, is in keeping with the advanced health policy being carried out by that branch of the Provincial Government which is supervising R. Smallpox in the woods is not heard of so much in recent years, but we can recall when it was a dreadful scourge and it is to the credit of the Government and the Minister of Public Health that stern measures have been taken to prevent the spread of this disease. The formal resolution which is printed elsewhere in this issue is worthy of the utmost attention. —Telegraph-Journal.

Every motor car you pass on the road is earning big dividends for someone—in many cases fabulous dividends.

Some years ago a certain man of vision—but of modest means—borrowed \$300 from his friends and put it into the Prest-O-Lite Company AT ITS BEGINNING. Since then he has received enormous dividends, has added to his original investment, and—so the story goes—recently refused \$1,300,000 for his holdings.

The following table shows some of the wonderful things that have been accomplished in the Automobile business with an investment of even one hundred dollars:

Invested	Enterprise	Returns
\$100	Ford Motor	\$312,000
100	Prestolite	56,000
100	Reo	38,000
100	Chevrolet	26,000
100	Goodyear Tire	25,000
150	Delco	21,000

This new business offers a remarkable investment opportunity.

United States to Canadian territory, could not be discriminated against or else the United States Government might rule that goods landed in a Canadian port could not pass through United States territory in bond as they now do. There must always be a certain amount of give and take, but what Canadians naturally object to is the building up of United States ports with Canadian import and export business. We cannot imagine the terminals of any of the transcontinental American roads being at a Canadian port. We in the Maritime Provinces need all the business possible. Our export and import season is short. We do not complain because goods find their way to Quebec and Montreal during the seven months of the summer season, but when these ports are closed by reason of ice, then Halifax and St. John should do the business and not Portland, Boston, New London and New York.—Telegraph-Journal.

## CONNELL NEWS

Mr. and Mrs. Isaac Stephenson are receiving congratulations on the arrival of a young son—Gilbert Edward. Florenceville-Connell school reopened August 27, under the management of Mr. Crocker, who came well recommended, and who no doubt will prove an efficient teacher. The Connell school van which was so satisfactorily driven by Barry McKay last year, is in charge of Burton F. Forsythe, and is being driven by his son Howard. We wish him the same success as attended his predecessor.

Mrs. Sewell Trafford of Centreville spent the week-end (Aug. 30) at the home of Mr. and Mrs. Clinton Trafford, Mrs. Trafford being quite ill with what was feared might terminate in typhoid fever. Her many friends will be glad to know that she is rapidly recovering under the skillful treatment of Dr. Peppers.

Miss Eliza Flanagan was a guest of Mr. and Mrs. Willard Holmes a few days last week. She had a pleasant visit and was glad to find her friends.

TEACHERS FEDERATION VISITS WINDERMERE BUNGALOW CAMP

Here are seen a group of Ontario teachers members of the Canadian Teachers Federation, who, with colleagues from every other province in the Dominion attended the annual convention of the Federation at Victoria, B.C. The Canadian Pacific provided special trains for their accommodation in both directions. Many of them returned via the Kettle Valley and the British Columbia Lake district, but this party preferred to pass through the Rockies again. They are seen at Windermere Bungalow Camp to which they made excursion. At Banff and Lake Louise they were entertained and local teachers organisations and Boards of Trade at many points along their west and east-bound routes turned out to greet the "Teachers Special" and to afford the delegates to the convention whatever entertainment time allowed. The next annual meeting of the Canadian Teachers Federation will be held in Toronto.

## TO EXPECTANT MOTHERS

Letter from Mrs. Ayars Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Spring Valley, Sask.—"I took the Vegetable Compound before my last confinement, when I got to feeling so badly that I could not sleep nights, my back ached so across my hips, and I could hardly do my work during the day. I never had such an easy confinement and this is my sixth baby. I read about Lydia E. Pinkham's Vegetable Compound in the 'Farmer's Telegram' and wrote you for one of your books. We have no druggist in our town, but I saw your medicine in T. Eaton's catalogue. I am a farmer's wife, so have all kinds of work to do inside and outside the house. My baby is a nice healthy girl, weighing nine pounds at birth. I am feeling fine after putting in a large garden since baby came. (She is as good as she can be.) Yours is the best medicine for women, and I have told about it and even written to my friends about it." — Mrs. ANNIE E. AYARS, Spring Valley, Sask.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for expectant mothers, and should be taken during the entire period. It has a general effect to strengthen and tone up the entire system so that it may work in every respect as nature intends. All druggists sell this dependable medicine. Give it a trial.

## BAG LIMITS AND SHOOTING RESTRICTIONS

Provided by the Migratory Birds Convention Act and Regulations

Next to the observation of the shooting seasons themselves the most important factor for giving all hunters an equal chance to take game, and for giving all game a fair chance, is the observation of the bag limit and of certain simple shooting restrictions.

Following the Migratory Bird Treaty such restrictions have been provided throughout Canada and the United States, and thus hunters of both countries are given equal privileges while the game stock is conserved as well.

**BAG LIMITS**

Daily Bag Limits in Nova Scotia, New Brunswick and Prince Edward Island: Ducks 25, geese 15, brant 15, rails 25, black-billed and golden plovers, greater and lesser yellow-legs 15 of all kinds, wilson or jack-snipe 25, and woodcock 10.

**SHOOTING RESTRICTIONS**

The use of automatic, swivel or machine guns, or battery, or any gun larger than number 10 gauge is prohibited, and the use of any aeroplane, power boat, sail boat or night light, and shooting from any horse drawn or motor vehicle is forbidden.

The shooting of migratory game birds earlier than one hour before sunrise or later than one hour after sunset is prohibited.

**TABUSINTAC LAGOON**

The use of "sink boxes" in the vicinity of Tabusintac Lagoon between the hours of 1 p.m. and one hour before sunrise is prohibited.

A sad-looking little man walked into a London Register Office and said to

the Registrar, "Are you sure that was a marriage license you gave me when I was here last month?" The Registrar looked queerly at the inquirer and referred to his books. "Yes, yes, yes?" he said at last testily. "It is quite in order. Why were you asking?" "Because," the little man murmured pathetically, "I've been leading a log's life ever since."

## IN LIGHTER VEIN

The man entered the store and looked around with a rather puzzled manner.

"Is there something you wish?" a clerk asked.

"Well—er—yes," the man replied. "I am—that is, I would like to get a book suitable for a man—er—about to get married."

"Yes, sir," the clerk answered. "Here Mr. Buford, show this gentleman some of our large size pocket-books!"

At the British Film Week luncheon in Newcastle, says the "Newcastle Journal," the Mayor of Tynemouth told a story about an Englishman who went to America.

"What have you come here for?" a business friend inquired.

"To make an honest living," the Englishman replied.

"Oh, then you'll be all right. You'll find no competition over here," was the response.

In a railway carriage on the way up to London a youth had disturbed and annoyed the other passengers by loud and foolish remarks during the greater part of the journey.

As the train passed a well-known lunatic asylum he remarked:

"I often think how nice the asylum looks from the railway."

"Some day," growled an old gentleman, "you will have occasion to remark how nice the railway looks from the asylum."

Alfred: "Father, the rain falls alike upon the right and the wrong doesn't it?"

Father: "Yes, yes. Don't ask silly questions."

Alfred: "And it isn't just to steal another man's umbrella, is it?"

Father: "Certainly not. If you ask any more—"

Alfred: "But, father, the rain does."

A farmer discovered that one of his men was stealing wheat from the barn, and, being uncertain as to what course to pursue, he consulted his vicar on the subject.

The parson bade the farmer, in whatever steps he took for the punishment of the offender, to give heed to the Scriptural injunction: "If a man take away thy coat, let him have thy cloak also."

"All right sir," said the farmer, "that decides it. He's collared my wheat, so I'll give him the sack!"

Jeff was engaged to do a job of painting for Mr. Matt. After a while, he came in, saying the job was completed, and asked for the money.

"But, Jeff, I wanted two coats on that building. I'll pay you after the second coat," said Matt.

"You've got it," said Jeff. "I mixed the first coat with the paint for the second and put on both coats at the same time. Speed is my motto."

He was an earnest medical student and he called at the house of his future father-in-law.

All his life the old Scotsman had been henpecked, and as he was about to die his wife thought she ought to offer him some consolation. "Jamie," she said, "ye are about to go, but I will soon follow ye."

"Well, well!" exclaimed Mrs. Talker looking up from the evening paper. "Boots and shoes should be getting much cheaper now. Here's a paragraph that states that they are being made from all sorts of skins, even rat skins."

## "Liver Trouble so Severe I Had to Quit Work"

Mr. Thomas Honey, Brantford, Ont., writes:

"I was a great sufferer from enlargement of the liver for ten months, and finally I had to quit work. I would wake up in the mornings with a bitter taste in my mouth, had frequent headaches, yellow complexion, and pain in my right side, and between the shoulder blades. ## NEED VACCINATION TO GET LUMBER JOB

The following is an extract from the minutes of a meeting of the New Brunswick Lumbermen's Association, held at Bathurst, N. B., on July 30, 1924:

"Under the head of new business, the question of smallpox was brought up by Donald Fraser, and after considerable discussion the following resolution was moved by Donald Fraser, seconded by Harry O'Leary, and carried unanimously:

"Whereas, by Act of the New Brunswick Legislature the employer who engages men who have not been vaccinated is responsible for the expense incurred by the Health Department should a case of smallpox occur in the camp or boarding house through the unvaccinated person;

"Therefore resolved, that the members of the New Brunswick Lumbermen's Association will in future insist on all persons applying for work as above to produce their vaccination certificate and that, by way of notice, this action be made public through the press and also that each employer take this matter up with the clergy in his own diocese and request that they explain the situation to their congregations and bespeak their co-operation."

## BROCKVILLE FARMER SUFFERED 20 YEARS

### "Les" Booth Finally Got Relief Through Taking Tanlac.

Since taking Tanlac, I feel so fit it sometimes seems like a dream for there was hardly a day in 20 years that I did not suffer," is the striking statement of Geo. L. ("Les") Booth, 271 Perth St., Brockville, Ont., one of the best-known farmers in Ontario.

"For 20 years, up to three years ago when I took Tanlac, I suffered from rheumatism in my arms, shoulders, back and hips, so bad at times I could not lift my arms to put my coat on.

I couldn't even write my name and I just limped about like a cripple. Many a night it looked like I would not live to see daybreak and once I was laid up six months unable to hit a lick of work.

"Money could not buy the good Tanlac has done me. It ended every sign of rheumatism and built up my weight 16 pounds, and since then I have not had a rheumatic ache or pain. If anybody wants to know about Tanlac, just let them see Les Booth."

Tanlac is for sale by all good drug gists. Accept no substitute. Over 40 Million bottles sold.

Take Tanlac Vegetable Pills for constipation.

A most interesting and attractive volume entitled "Here and There in Montreal" has just been published by the Musson Book Co. of Toronto. The book is well illustrated with maps and pictures in color and brings out many noteworthy facts, such as that the city's total population is 900,000, that two-thirds of this number are French-Canadians and that Montreal is the second port of importance in North America. The author is Charles W. Stokes, Asst. Gen. Publicity Agent of the Canadian Pacific Railway.
