

ALMA COLLEGE UNITES WITH LOCAL UNIVERSITY

Students Will Be Able To Enter Third Year of Western.

INCREASES SCOPE

Principals Will Make Final Arrangements Next Week.

Embracing a large territory, which will increase the services of two academic institutions, the University of Western Ontario and Alma College at St. Thomas will affiliate next week. This makes the second affiliation in six weeks.

For some time past negotiations have been carried on between the heads of Alma College and the board of governors and the senate of Western. The final arrangements will be completed at two meetings, which will be held next week. One will take place here, the other in St. Thomas.

Principal J. Dobson of Alma College, told The Advertiser over long distance last night that the degree of bachelor of arts would not be given from Alma. The students will continue to study upper school work. A satisfactory completion of the course will enable them to enter the third year general arts course at Western.

300 Students.

Students will continue to study commerce, music, art and a broad physical program. They will not take science. At present there are 300 students enrolled, 80 are in residence. Asked what effect the affiliation would have on the university, Dr. K. P. R. Neville, M.A., Ph.D., registrar and member of the board of governors and senate committee, said last night that the affiliation would open new territory and increase the number of students.

Alma will affiliate on the basis of a junior school. The first two years in arts will be taught in St. Thomas. Philosophy will be taken in the third year, while science will be given at Western. A student in the general arts course will spend two years here, the honor course will take three years. When affiliation takes place Principal J. Dobson will become a member of the senate of the faculty of the university.

A short time ago Waterloo college affiliated with Western. Dean W. Sherwood Fox of the college of arts said yesterday that Waterloo will start about 30 students toward their university degrees this fall. It will substantially increase the future enrollments at the university here.

A FORWARD STEP.

Special to The Advertiser. St. Thomas, May 7.—The affiliation of Alma college with the University of Western Ontario is practically assured. It remains only to have the ratification of the heads of the two colleges, which will take place next week.

The move is looked upon as a forward step here, broadening as it does the scope and service of Alma college. The affiliation will enable young women to take the first two years of the arts course in a residence college and at the same time pursue their studies in the musical and physical departments. They will go to the University of Western Ontario in London with a good academic standing.

REMANDED ONE WEEK.

Eli Albert, Chippawa Indian from the Muncey reserve, who was arrested last night by Constable Nelson of the R. C. M. P., appeared before County Magistrate Hawshaw this morning on a serious charge and was remanded to jail for a week.

Prince Will Visit Chile

Associated Press Despatch. London, May 8.—The Prince of Wales, it is officially announced, has definitely accepted an invitation to visit Chile upon the termination of his visit to Argentina.

No date has been fixed for the visit, but it is expected the prince will arrive in Chile about Aug. 20 by special train from Buenos Aires.

USE OF TABLETS LEADS TO DOPE

Headache Remedy Blamed by Young Girl For Actions—Court Gives Warning.

Frequent use of headache tablets is a starter on the road to dope addiction, Magistrate Graydon told a young girl in police court this morning. Her actions of last evening when she accosted several children on the street and swore at them, led police to believe she was under the influence of a narcotic drug.

"I never touched dope in my life," she said indignantly in court today. "I took two headache tablets yesterday, though." She explained she used them often to get relief from "dizzy spells."

Chief Birrell's advice that the girl was a "dope peddler" influenced the court to remand her for a week to undergo medical examination. Accosted Children.

On Adelaide street, near South street, shortly before 7 o'clock last night the girl walked up to two small children, and "used obscene language," P. C. Fred Fuller declared in giving evidence. A few minutes later she stopped two other young girls coming from a grocery store and swore at them. She was then placed under arrest.

She refused to give her name or correct age at \$200, the officer stated. She acted "queerly, as if drunk." She threatened to "zet" the policeman who had arrested her. She is only 19 years of age, exceptionally pretty and well dressed. She claimed she had been placed under arrest for no reason at all, but stated she would welcome a medical examination if that would satisfy the court she was not a dope addict.

Speeders Fined. Two speeders wound up this morning's court proceedings with a fine of \$10 each, pleading guilty to a breach of the highway traffic act.

ROTARIANS WILL NOT DEBATE LATIN'S VALUE

London Club Not Considering Discussion Despite Press Notices.

Despite press notices, the London Rotary club has not yet considered holding a discussion on the value of Latin in a businessman's life. Nor at the present time is it considering such a debate. At the last meeting of the club, Professor E. H. Morrow, who is conducting the commerce courses at the University of Western Ontario, in an address at lunch stated that Latin was a prerequisite for business success. He said that the boy who doted Latin in his matric had knee deep metaphors, locally, and Dr. Alfred Grant, president of the club, said the same boy was giving evidence of a weak spot in his moral fibre. The reason he gave was that to dote Latin was to side step a difficult task.

W. R. Kendall took a strong stand in opposition, declaring that what the commerce course at Western needed was not so much Latin as a few practical businessmen as an advisory committee.

SNAPSHOTS OF A WOMAN SENDING A DOG HOME

W.M.S. of Anti-Unionists Is Inaugurated In London

Five Hundred Women Attend Meeting in New St. James Church.

OFFICERS ELECTED

Whole Organization, Provisional, Will Be Ratified at Dominion Conference.

New St. James' Presbyterian church here was the scene of the inauguration of the provisional provincial missionary society of the continuing Presbyterian church in Canada yesterday. At a meeting, attended by about five hundred women, the new society was organized and officers elected.

Until June 10 the continuing church has no official status, and so the officers elected yesterday, like the whole organization, was provisional. However, at the dominion conference to be held in Toronto on June 11 and 12, both will be ratified by the dominion executive.

Mrs. D. T. McKerrall of Toronto, at the opening address in the afternoon created an enthusiasm which lasted throughout the sessions. Her figures on the union vote especially delighted her audience.

She said that the returns for the whole dominion gave a majority of 5,427 in favor of non-concurrence, while the returns in Ontario up to yesterday gave the opponents of union a majority of 13,690.

Reviews Work. Mrs. McKerrall then reviewed the work which would come to the non-concurring church. Some of the missionaries, she said, had decided to stay with the new church, and many others were yet undecided. It was impossible at this time to know the exact amount of work which they would have to deal with. The number of mission fields would depend, she said, on the number of auxiliaries which the continuing church would contain. If the continuing church was to get its share of the work it was necessary to disband the existing auxiliaries and mission bands, and to reorganize provisionally under the continuing church.

Mrs. M. B. McQueston, Toronto, president, and in a short address declared that Presbyterian women were loyal to the church, and their present difficult situation with a smile and go ahead with the work.

ACROSS CANADA AND BACK. The wonder trip of the coming summer will be conducted by Dean Laird of Macdonald College, to Victoria, B. C., and back.

The tour is the success of the trip to Victoria last year on the occasion of the Teachers' Federation meeting at that point, and filled with patriotic motives for everyone to see their own country, the dean has arranged for a special train of standard sleeping cars to leave Toronto on July 20, visiting Port Arthur, Fort William, Winnipeg, Regina, Moose Jaw, Calgary, Banff, Lake Louise, Vancouver, the coast and back.

Returning, the trip will be via the Okanagan Valley, Nelson, the Kootenay Lakes, Windermere Bungalow Camp, from which place the party will be motored to Banff, 164 m. Banff, the newly-completed Banff-Windermere Highway, the most charming and awe-inspiring trip it is possible to conceive, with stops at Radium Hot Springs, Vermilion River, and Storm Mountain Bungalow Camps—another day at Banff, then Edmonton, Saskatchewan, Devil's Gap Bungalow Camp, near Kenora on the Lake of the Woods, steamer from Fort William to Port McNicoll, thence rail to Toronto, where the trip will terminate on Aug. 10.

Everything is included at the price of \$225, from Toronto—transportation, sleeping cars, accommodation in hotels and bungalow camps, meals in dining halls and on steamers, sight-seeing tours at points visited, and all gratuities.

While appealing primarily to teachers, the tour is open to everyone desiring to go.

Fares from other points than Toronto will be named, and descriptive illustrated booklet sent on application to Dean Laird, Macdonald College, P. O. Quebec—441.

Raymond Hatton, who is co-starring with Wallace Beery, Tom Moore and Pauline Starke, in Jack London's thrilling story "Adventure" at the Capitol today.

of the new church with brave hearts. Rev. James MacKay, minister of New St. James' Presbyterian church, welcomed the delegates in the morning, not only as minister of the church, but as a member of the provisional synod of London and Hamilton. He reminded them that they had met to shoulder the responsibility and weight of reconstruction, and that it would entail perhaps painful memories. On the other hand there would be joy in breaking new ground for the kingdom of God, in healing the breaches, and in launching a new effort for the old church.

Tribute to Mrs. Walker. A tribute was paid to Mrs. J. D. Walker, Toronto, president of the women's missionary society of the unionist group of the Presbyterian church. At the meeting in St. Andrew's, she had most kindly consented to announce this continuing meeting at the Wednesday sessions.

For this kindness she received a hearty vote of thanks from the other women yesterday in New St. James. The officers elected were: Eton, president, Mrs. M. B. McQueston, of Hamilton; president, Mrs. Adam Ballantyne, Toronto; first vice-president, Mrs. James A. Milne, Toronto; second vice-president, Mrs. R. J. McLean, Toronto; third vice-president, Mrs. Lechead, Hamilton; recording secretary, Mrs. Mitchell, Toronto; corresponding secretary, Mrs. Fred Ross, Toronto; C. G. I. T. secretary, Miss Malcolmson, Hamilton; mission band secretary, Mrs. Vanstone, Toronto; home helpers' secretary, Mrs. Langford, Simcoe; treasurer, Mrs. Charles Thorburn, Ottawa; financial secretary, Miss Orr, Stratford; supply secretary, Mrs. Helen Anderson, Toronto.

ETIMAR CLUB HOLDS ELECTION OF OFFICERS

David Finlayson Chosen President—Dinner Held in Cronyn Hall.

Following a dinner tendered the Etimar club in Cronyn hall last night by the mothers of the members, officers for the ensuing year were elected. David Finlayson was elected president.

The other officers are: Honorary president, C. W. Forman; first vice, Harry Jarvis; second vice, Robert Shaw-Wood; secretary, Lindsay M. Scott; treasurer, Whit Tummins; chaplain, Rev. Gilbert Lightbourne.

The officers will be installed at a banquet to be held on June 15.

The guests last night included Very Rev. Dean Norman Tucker and Col. Innes Carling.

The Etimar club orchestra, under the direction of Harry Jarvis, entertained.

18 MILES PAVING CONTRACTS GIVEN

Work On Longwoods Road To Commence Shortly—Cost Half a Million.

Construction of 18 miles of provincial highway pavement, to cost in the neighborhood of half a million dollars, on the Longwoods road from Delaware to Strathburn will be commenced shortly.

Johnston Bros. were the successful contractors for the nine miles of paving from Delaware to Melbourne, while Boss & Brazier of London will complete the last nine miles from Melbourne to Strathburn. The contracts were let by the Ontario government department of highways.

That portion of the road close to Delaware bridge will be the last portion of the road to be paved, in order that motorists from Windsor and Chatham may be able to cross the river to the detours that will be necessary during paving operations. The four-mile section entering Paris will be paved shortly and on completion will give motorists a paved road from London to Toronto.

APPEAL JUDGMENT AGAINST LONDON MEN

Yull, Wilson, Wenige and Dennis Act in \$5,700 Decision.

Winnett, Morehead and Neely, acting on behalf of T. H. Yull, Dr. Cameron, Mayor Wenige and E. R. Dennis, have appealed from the judgment of Mr. Justice Rose that the four Londoners are bound to pay over a total of \$5,700 for shares they subscribed for in Bancroft Marbles Limited.

The case was tried at the winter assizes and judgment given several weeks ago. Ivey, Elliott and Gillanders acted for the plaintiff company at the trial.

TO ASK REV. MESS TO ACT AS CHAPLAIN OF VETERANS

Rev. Roy D. Mess, rector of St. David's Anglican church, will be asked to accept the post as Chaplain of the Army and Navy Veterans here, at a mass meeting to be held tonight. The veterans have reorganized and plans for summer activities will be laid tonight.

Hellmuth, Catteneach & Meredith, Toronto, are acting for the plaintiff and Murphy, Gunn and Murphy for the defendant.

INGERSOLL KIWANIS ARE COMING TONIGHT

Evening Session Will Take Place of Luncheon—Toronto Here Next Week.

Instead of the weekly lunch, the London Kiwanis club will hold an evening session tonight. The Kiwanis club from Ingersoll will come up and will take charge of the evening's entertainment in the Tecumseh house.

Next week it is expected that the Toronto club will come on Saturday afternoon and conduct a Kiwanis meeting in the evening. As the visiting club is entirely responsible for the program, including the speakers, it is impossible to say what may happen or who may speak when the two clubs go to the mat in the big dining-room tonight.

F. T. ROBINSON LEAVES AN ESTATE OF \$15,976

The will of F. T. Robinson, Strathroy merchant who died on March 22, probated at the court house today by A. W. Bixel shows that Mr. Robinson left a total estate of \$15,976.

The widow receives \$10,176 plus the house and contents valued at \$2,300. Five daughters each receive \$500.

WANTS \$170 DAMAGES. John Hobbs, London, has issued a county court writ through Jarvis Vining against Richard, Robert and John Smith of West Nisour. The damages for being wrongfully deprived of four steers valued at \$170.

In Canada's Parliament

Canadian Press Despatch. TODAY. Ottawa, May 8.—The senate stands adjourned until Tuesday.

In the house of commons, government orders will be considered. The branch line bills at present on the order papers will be taken up.

YESTERDAY. The senate adjourned after a brief sitting.

In the house of commons the civil government estimates for the department of railways and canals were passed, totalling \$24,076, and estimates for the department of marine and fisheries totalling \$2,430,000, were

Perhaps your Daughter is a future great Pianist ~ ~

Latent musical talent of a high order may remain forever undiscovered, unless given free rein in the formative period of youth.

Nothing so quickly reveals musical aptitude as a Player Piano. The young musician, after practicing the week's "lesson," turns naturally to the instrument's player-device for the rendition of selections calling for a technique beyond the present stage of the pupil's education. Thus is the desire for musical knowledge encouraged—thus are the delights of good music revealed.

Make the most of your child's "love of music" by placing in your home a Mason & Risch Player Piano. It will enable little fingers to explore a wide realm of music—and give expression to that musical feeling which is the first evidence of budding genius.

You yourself, even though you cannot play a note, can play this instrument with artistic interpretation. It will open the flood-gates of music to you and yours—the older members of the family being delightfully entertained, while the younger ones are trained by the same superb instrument.

You cannot realize the full possibilities of a player-piano until you have heard and played a Mason & Risch. See one of these great instruments—play on it some lovely melody of your own choice—become acquainted with its superiority of tone and action—realize its possibilities as an aid to musical education.

MASON & RISCH Player Pianos

DR. ARNOTT CITES CURES FROM NEW TREATMENT

London Medical Man Presents Method of Treating Stomach Ulcers.

DIET, REST ESSENTIAL

Paper of Utmost Importance Is Read Before the Ontario Medical Association.

Special to The Advertiser by a Staff Reporter.
Toronto, May 8.—A paper that may become of lasting importance was delivered before the Ontario Medical Association today. It was read by Dr. D. H. Arnott, of London, Ont., and is entitled "An Easily Established Regimen Which Controls and Cures Chronic Duodenal Ulcer."

The recognized cure for such ulcers hitherto has been the surgeon's knife. Sir Berkeley Moynihan, one of the foremost of British surgeons, after years of excision, recently adopted improved medical rather than surgical treatment. But the British Medical Journal, in an issue of May 15, 1924, rebuked him, saying: "Surely the vast majority of physicians recognize the merits of surgical treatment."

Dr. Arnott, therefore, is a pioneer whose work tends to upset medical tradition. If his treatment, which has been highly successful in his own practice, is confirmed by general practice, he will have conferred a boon on suffering humanity.

Gastric ulcer is exceedingly common. In the last six months in the Toronto general hospital alone 165 cases were operated upon. They demand the most skillful surgery and involve a certain rate of mortality. They also, when they become chronic, tend to cancer. Treatment by surgery is very expensive.

Rest is imperative. A Toronto physician who is acquainted with Dr. Arnott's work said to The Advertiser: "The beauty of this treatment is its simplicity. It does not involve surgical or hospital bills. The patient can go about his ordinary employment without disturbance. It promises a cure, and not merely an alleviation. Too often after surgical excision there is a return of the ulcer."

He pointed out that the theory which lies at the base of Dr. Arnott's regimen is that the motility and digestive juices of the stomach, or duodenum, retard the healing of the ulcer. It is like a wound which is opened afresh by every digestive spasm, and by the corrosive action of digestive fluids. The ulcer, to be healed, requires rest.

"What Dr. Arnott proposes," said he, "is to put the stomach, as it were, in a splint to direct and assist the natural effort which the stomach itself makes to heal its lesion. An important feature is the medication, the food, and the rest, which is given in the address. Its ingredients are within the range of every drug store, but there is a notable absence of soda, vegetable and fruit acids from Dr. Arnott, which follows that of Sir Berkeley Moynihan, declares that acidity is not a symptom of gastric ulcer."

First Cure in 1915. "Given a proper diet and this medication, the ulcer cures in a little time. Each day there is a larger film of sound tissue. Gradually the ulcer contracts until finally it closes and the stomach is again able to digest."

"The treatment was worked out by Dr. Arnott in long years of private practice. In the list of select cases, accompanying the address, the first established cure is dated in 1915. The doctor has waited ten years for the fullest verification before giving freely to fellow members of his discovery. In the interval he has treated six of his fellow physicians and has acquainted others with all the details of his regimen."

"It was at a meeting of the Ontario Medical Association in Toronto in June, 1901," said Dr. Arnott, in his address, "that I got a strong hint that the ultimate solution of the problem must be medical rather than surgical. Dr. McPhedran, then stated he regarded the treatment to be surgical. Dr. Ochsner followed, saying: 'I operate on these cases occasionally, but wish to warn the speaker that patients so operated must be as careful of their diet as if no operation had been performed.'"

"In October, 1900, at a meeting of the academy of medicine in Toronto, Dr. Hoover of Cleveland gave an address on the subject, and on this occasion Dr. McPhedran recalled his stand of 1901, and reiterated his conviction that the treatment remained with the surgeons. Much to my surprise, I was asked to speak next, and in concluding my remarks expressed the opinion that the real solution of the difficulty must be a medical one, and if we were watchful and patient, some day we would get the revelation. I myself am able to fulfill that prediction by describing a well-matured, practical and successful regimen which controls and cures chronic gastric ulcer and chronic duodenal ulcer."

Cites British Authority. "A review of recent literature on the subject would lead one to conclude that, notwithstanding the considerable success which has been achieved by surgical treatment of these diseases, the increasingly severe operations proposed indicate an uneasy lack of finality. On the other hand, the widely known medical treatment has been a highly specialized hospital procedure, which, owing to its severity and to the prolonged time required to apply it thoroughly, has left little to choose between the medical and surgical offerings."

"In the Lancet, March 31, 1923, Sir Berkeley Moynihan said: 'I think it is a reproach to medicine that the surgeon should be compelled to operate so frequently for gastric and duodenal diseases. Such ulcers ought to be cured, far more frequently than they are, by medical treatment.'"

"It seems to me easily possible to remove the reproach referred to by Sir Berkeley Moynihan. For over ten years I have used a regimen which has given me every satisfaction. The use of this regimen has saved my patients the heavy expenses of hospital charges, surgical fees and the severe loss of earnings power which

SEEK CO-OPERATION BY BRIDGE SIGNS

Warning Notices On City Trestles Chiefly For Motorists' Safety.

Co-operation of city motorists is sought by the city authorities and the police in observing caution in crossing city bridges over the River Thames. Drivers of motor or other vehicles will not be persecuted, but officials point out that it is in the interest of the motorists themselves to observe caution.

Warning notices, indicating a five-mile speed limit and a maximum capacity for loads, have been posted. The city cannot assume any liability for accidents which occur if these notices are unheeded.

"I don't believe there are many people breaking this speed limit," commented W. P. Near, city engineer, today. "There may be some of the lighter vehicles crossing at a greater rate of speed at Ridout street, but for accidents which occur if these notices are unheeded."

There isn't one motorist in 500 who speeds across the city bridges," was the statement of ex-Ald. A. H. Towe, former traffic chairman. "It's really up to the automobile owners to play safe, and I think they observe the regulations fairly well."

Chief of Police Robert Birrell stated that few motorists would willfully speed across any of the condemned bridges knowing they were unsafe for fast travel. The speed limit is placed at five miles per hour more as a warning signal, he said, rather than a law which must be enforced. Police constables will not be stationed at the bridges to see that the speed limit is observed, he added.

PURSE IS PRESENTED DEPARTING LONDONER

C. L. Tucker Is Honored By Members of Firms in the Kingsmill Block.

C. L. Tucker, London branch manager of Benson & Hedges, who has been removed to the Toronto office, was made the recipient of a purse of gold and an embossed address by members of the various firms in the Kingsmill block on Carling street yesterday afternoon.

The address was read by D. Carlyle Hannah and expressed the sorrow of the wholesale men at the departure of Mr. Tucker and wishing him every success in his new position.

"When Brooks came in," said Professor Swan, "he told me he was a psychic adviser like myself. Well, we sat down and everything went along fine until all of a sudden he applied the master mind. He had a number of requests for skilled labor from other offices in this zone, which would indicate a general awakening in most lines of industry and a lessening of the help that has been in evidence all winter."

"But," he asked, "why can't he put the master mind myself next time?" "Why can't you go into a trance?" he asked. "If you bury me on the corner of Richmond and Dundas, what is to prevent him putting it across again and beating it while you are stepping out of the trance?"

EMPLOYMENT PICK-UP IS GENERAL IN DISTRICT

All Conditions in London Show Improvement Over Last Month.

Employment conditions in London and district are showing a gradual improvement, J. C. Spencer of the government employment bureau stated this morning.

"There is no particular industry that could be pointed out, but everything is in better shape than it was a month ago," declared the superintendent. "We have been receiving a number of requests for skilled labor from other offices in this zone, which would indicate a general awakening in most lines of industry and a lessening of the help that has been in evidence all winter."

"There has been an insistent demand for farm labor and we have been able to send out a considerable number of men each week."

UNDER-AGED VEAL CASE DISMISSED BY COURT

Charge Laid in St. Thomas By Elgin Constable Against Belmont Butcher.

The case against George Faulds, Belmont butcher, charged with selling veal under four weeks' old, was dismissed by Magistrate Maxwell of St. Thomas, who heard the case yesterday.

County Constable Weaver of Elgin, who laid the charge, stated that the defendant had purchased a calf a few days old from a farmer named Thompson. The latter stated, however, in the witness box that the calf had been sent on to a Mr. Noble, and that he had seen the calf on Wednesday night.

C. St. Clair Leitch, St. Thomas, acted for the defendant.

M'NIVEN DRAIN APPEAL IS DISMISSED BY COURT

The McNiven drain appeal, heard before County Judge Talbot Macbeth, was dismissed by the court following a review of the evidence. J. Elliott, who resides near Pond Mills, protested the drain running through his premises, declaring it should follow the natural water course.

The judge stated it was not in his power to change the course of the drain which runs along the second concession of Westminster township near Pond Mills.

GRASS FIRE STOPPED. A grass fire at the rear of the Orange Crush factory, 882 Princess avenue, gave the fire department a run shortly after 12 o'clock today. The blaze was extinguished with little damage.

ON THE WAY TO STARDOM.

Norma Shearer, a Montreal girl, is gaining the reputation of being one of the most popular young girls ever known to the films. She is being groomed for stardom.

Psychic's Master Mind Fools Fellow Student, \$10 Lost

Prof. Swan Now Hunting Prof. Brooks—Friendly Chat Until—

CAN'T ESCAPE IT

Local Adviser Gave Stranger All His Money Under Mystic Influence.

A certain Professor Brooks, an erudite student of psychology, possessing what professionals call the master mind, used it, yesterday, to gain a "ten-spot" and a genuine dyed-in-the-wool antipathy on the part of a local psychic adviser.

Professor Brooks walked into the office of Professor Swan, psychic adviser, 356 Richmond street, and said he had come for a little chat on professional matters. He admitted he was a hypnotist and psychic adviser.

erion Wilson, Mayor Wenig and E. R. Kingman, who were present, were where Professor Swan slipped. He admits as much. He fell a victim to the master mind of the ingratiating stranger and before he was able to recover normalcy had parted with \$10.

"When Brooks came in," said Professor Swan, "he told me he was a psychic adviser like myself. Well, we sat down and everything went along fine until all of a sudden he applied the master mind. He had a number of requests for skilled labor from other offices in this zone, which would indicate a general awakening in most lines of industry and a lessening of the help that has been in evidence all winter."

"But," he asked, "why can't he put the master mind myself next time?" "Why can't you go into a trance?" he asked. "If you bury me on the corner of Richmond and Dundas, what is to prevent him putting it across again and beating it while you are stepping out of the trance?"

"I'll Take Care of Him." Professor Swan's jaw hardened and his hands clenched. "I'll take care of the master mind myself next time," he boomed. "Anything like that will come from me in future."

As the professor was leaving the office he scribbled thought of something. "Why can't you go into a trance?" he asked. "If you bury me on the corner of Richmond and Dundas, what is to prevent him putting it across again and beating it while you are stepping out of the trance?"

But the adviser on matters psychic was already on the warpath. He did not hear the question. Perhaps he was applying the master mind and perhaps by night Professor Brooks, with his black hair and soft white hands, will have learned that London knows a thing or two about the master mind.

MANY TAKING DRUGS

Thousands of people are expending their money on drugs for the relief of headache. In 75 per cent of the cases the drugs give only temporary relief. The CAUSE of the whole trouble is eyestrain—and the only safe and lasting TREATMENT is the wearing of properly fitted glasses. F. Steele, London's Leading Optician, has specialized for years on the treatment of these delicate cases, and can give relief every time. All frames are warranted against breakage for one year. Your glasses will be right if they are "Guaranteed by Steele." Office opposite Loew's Theatre.—Advt.

C. P. R. OFFICIAL HERE.

R. E. Larmour, general freight agent of the C. P. R. with offices at Montreal, arrived here this morning in the car Champlain. He has been visiting Windsor, Chatham and other points in connection with Western Ontario freight movement. He leaves for the east tomorrow afternoon.

OPERATING FUND LACK EXPLAINED

Auditor's Report Shows L. and P. S. Earnings Turned Into Capital Investments.

Disposal of earnings of the London and Port Stanley railway is shown in the report of City Auditor H. B. Ashplant, which has just been submitted to the city clerk. The auditor points out that earnings were turned back into capital investments. For this reason the railway has not been able to show an operating surplus.

In his report Mr. Ashplant says: "The liability due the city of London, \$316,040, this amount represents less, by the sum of \$38,824, the amount advanced from revenue on capital accounts out of cash earnings, \$346,876. Had disbursements been issued for this equipment, the city of London would have been paid cash to the full extent of the above liability."

"The records also show that this liability is only slightly in excess of the fixed rental, sinking fund and interest charges for recent years, 1923 and 1924 combined. That proves that the commission operating this road has paid, out of earnings, cash to the city of London, for all rentals, sinking fund and interest charges in full for the whole of the active season for the year 1922. That was in addition to the cash earnings invested in capital account above mentioned."

PAVING OF HIGHWAY STRIP BEGINS SHORTLY

Sixty Men Will Be Employed On Melbourne-to-Strathburn Job.

H. A. Brazier, of the firm of Boss and Brazier, who have received the contract for the laying of nine miles of pavement on the provincial highway from Melbourne to Strathburn, states that the laying of the concrete will commence in two weeks' time.

Sixty men will be employed on the job which will occupy most of the summer, Mr. Brazier states. The roads north and south of the highway are in pretty good shape and should make splendid detours," said Mr. Brazier. "We will start laying concrete from the Melbourne end of the job."

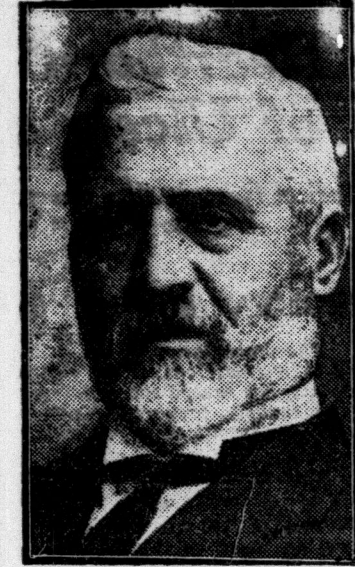

LADDER PIERCES BODY, BRAMPTON MAN DIES

Canadian Press Despatch. Brampton, Ont., May 7.—Albert Dolphin, formerly of Toronto and a resident of Brampton for the past two months, met death suddenly this afternoon. He fell from a piece of board, supported on ladders, on which he was standing to remove paper from a ceiling, struck a rung and broke it, a fragment of the ladder penetrating his abdomen and causing a hemorrhage which resulted in death a short time later.

CONSTRUCTION COMMENCES ON NEW RIVER HIGHWAY

Operations on the new road being built south of Mount Pleasant cemetery were commenced by County engineer Charles Talbot this morning. The road will eliminate two bad curves on the river highway to Springbank and will give motorists a magnificent view of the city. The present road has been sold to the cemetery board and with several acres of pasture will be used as a burial ground.

HON. JOHN OLIVER, premier of British Columbia, who believes that adversity has done more for him than all the prosperity that ever came to him.

ANXIETY CAUSED BY CIVIL REVISION

Local Employees Await Classifications To Be Made Concerning Salaries.

Civil service employees in the city are awaiting with interest the classifications which will be made concerning salaries as announced by the civil service commission at Ottawa yesterday.

Doubt was expressed this morning by postal, tax office and customs employees as to just what they might expect. None of the officials had received any definite word from headquarters as to when the clerks and stenographers would be classified.

Postmaster T. C. Duncan said that nothing official had been received. He did not know whether the postal workers were included or not. There are nearly 200 men employed in the postal department here. Fred Wilson, secretary of the postal workers said that the men had heard nothing as to whether it applied to them or not.

At the customs offices there are 40 employees. They were trying to figure out classifications.

The feeling there is that only a few of the clerks will get an increase. Three or four men who were getting bonuses up to last month failed to receive them for April. They expect that the bonus will be cut off and added to the salaries. They are awaiting the adjustments. Opinion there is that it looks like an increase for the junior clerks who have reached their maximum through the stated yearly raises.

C. H. Talbot, collector of customs and excise, said that he knew nothing of the proposed changes except what he had seen in the paper.

The real changes will probably be effected in the local offices of federal income taxation. There the employees have not been considered as civil service but as a separate class. The departments and the customs they have practically been included as such.

Retrospective to April They will benefit to a greater extent than the postal and customs employees who have been on a set scale of upward tendencies for some time. Up to the present a tax office clerk or stenographer has been engaged on a salary basis similar to that employed by a civil servant.

The salaries there are low, the minimum is now \$60 a month. Under the new scheme some clerks will be at least raised to that while those receiving more will be increased. A stenographer making \$105 a month will be raised to \$125.

The applications with all available information have been tabulated and forwarded to the trustees with the request that they come prepared to make the appointment at the regular meeting of the board next week.

PANIC PREVAILS AS EARTH ROCKS

Manila Inhabitants Experience Fifty Odd Earthquakes in Few Days.

Associated Press Despatch. Manila, P. I., May 8.—Earthquake shocks which began on the isles of Negros, Panay and Mindanao on Tuesday were reported today as "continuing with decreased intensity." The population is said to be panic-stricken and fearful of more severe shocks, living in the public squares and open spaces.

Concrete buildings at Bais, in Oriental Negros, are said in despatches to have been completely wrecked, while two deep chasms opened in the earth are spouting black mud. An old church was shaken down at Tanjay, near Bais. No casualties have been reported. The fifty-odd shocks which have been registered since Tuesday are thought to have originated in the bed of the Pacific ocean.

THIRTEEN SEEK POST, SIX ARE QUALIFIED

J. C. Stothers Now Looms As Strongest For Assistant Inspectorship.

Thirteen applications have been received by the board of education for the position of assistant inspector of the London public schools.

Only six of the applicants have their complete qualifications as an inspector, and only two applicants have had previous experience as an inspector.

The race is thus at the outset considerably narrowed down, and since a number of the trustees have already expressed the opinion that the appointee should have past experience, the race is narrowed down to practically only two or three men.

J. C. Stothers, M.A., B.Ed., public school inspector of Muskoka district, with headquarters at Bracebridge, who is in town today, seems to be the best possibility for the position.

Robert H. Roberts, M.A., mathematics instructor in the South London collegiate, who has had experience as public school inspector in Calgary for three years, is also considered a strong possibility.

One applicant, F. H. Grant, Windsor, who is private and inquiry detective, who apparently under the impression that the job of inspector had something to do with a police inspector. An application has been received also from A. E. Pond, Toronto, who has been an inspector in Devon county, England.

The applications received are as follows: A. E. Atwood, M.A., Ottawa, public school principal; McGreggor, B.A., Ottawa, public school principal; H. B. Galpin, B.A., London, public school principal; L. D. McCamus, B.A., London, public school principal; G. R. Mikel, B.A., Ottawa, public school principal; L. J. Pettit, B.A., Peterborough, English and history specialist in the collegiate; A. E. Pond, Toronto, Inspector of Devon county, England; R. H. Roberts, M.A., London, mathematics instructor in the south collegiate; J. C. Stothers, M.A., B.Ed., Bracebridge, public school inspector of Muskoka district; F. H. Grant, Windsor, private and detective inquiry; L. P. Monzie, B.A., B.Ed., Strathroy, principal of the collegiate institute.

The applications with all available information have been tabulated and forwarded to the trustees with the request that they come prepared to make the appointment at the regular meeting of the board next week.

Our Annual May Clearance Sale

Now In Full Swing

Again this great Annual May Clearance Sale is proving a wonderful success. Thrifty shoppers are realizing more and more that this is a genuine sale; that at this May clearance they can buy the very newest spring creations at prices that are almost phenomenal. Hundreds were unable to get waited on during the first day's selling, so we advise you to shop early tomorrow.

Come prepared to buy tomorrow, for you will find the season's newest creations marked at final clearance.

Union Women Denounce War At Closing of Big Convention; Formulate Plans For Future

Will Go Forward With Least
Possible Disturbance, Says
Dominion President.

OFFICERS ELECTED

Anti-Unionist Women With-
draw—Peace Prevails De-
spite Presbyterian Division.

War as a means of settling international disputes was vigorously denounced by the union women of the Presbyterian W. M. S. of the province of Ontario at the final session of the eleventh annual convention yesterday. A resolution, endorsing the work of the League of Nations as representing practical Christianity, was carried without a dissenting voice.

Mrs. J. D. Walker was unanimously re-elected as president of the organization until June 10, after which time she will carry on the work for the union women. The other officers of the executive and board are as follows:

Honorary president, Mrs. J. M. Duncan, Toronto; honorary vice-president, Mrs. E. E. Kitchen, St. George's, president, Mrs. J. D. Walker, first vice-president, Mrs. Rae, Toronto; second vice-president, Mrs. Johnston, Toronto; third vice-president, Mrs. McEvoy, London; fourth vice-president, Mrs. Gault, Hamilton; fifth vice-president, Mrs. Hamilton, fifth secretary, Mrs. J. Lister, Toronto; sixth secretary, Mrs. Cramm, Ottawa; recording secretary, Mrs. Russell, Toronto; corresponding secretary, Mrs. Cowan, Toronto; treasurer, Mrs. J. Lister, Toronto; finance convener, Miss A. C. E. Alguire, Cornwall; banner secretary, Mrs. Aitken, Parkhill; costume secretary, Mrs. Norman Russell, Toronto; exchange secretary, Miss Haslett, Toronto; general interest, Mrs. W. J. Haddows, Brantford; home helper secretary, Miss Verth, Cayuga; library secretary, Miss E. Garland, Ottawa; life membership secretary, Mrs. F. Matheson, Stratford; press secretary, Miss H. Little, Guelph; press secretary, Mrs. Begg; social service secretary, Mrs. McMillan, Miss Rennie, Waterloo; Golland, Lucknow; strangers' secretary, Miss McKenzie, Galt; supply secretary, Mrs. Miller, Toronto; Y. W. secretary, Miss Rennie, Waterloo; C. G. I. T., Mrs. John Detwiler, London.

Members without portfolio in Toronto, Mrs. Begg, Mrs. D. W. Christie, Mrs. Moffatt, Mrs. J. Cranston. Members without portfolio outside of Toronto, Mrs. Harbour, Franktown; Mrs. McKerracker, Waterloo; Mrs. Arnott, Hamilton; Miss M. Bell, Hamilton.

Dominion Statement. Mrs. John McGilivray, the dominion president, was also present and installed the officers. In a statement following the meeting, she said: "The boards of the three women's missionary societies of the uniting churches, the Congregational, Methodist and Presbyterian, have been meeting and are formulating plans which they hope to work out in the future, though the gradual union will take time. We want to go forward with the least disturbance possible."

Mrs. D. L. McCrea of this city, also encouraged the women to advance. "We have passed through a strange and trying time," she said. "It is near the end of the meeting, and we will long be remembered, and it is a shallow heart which does not realize the deep feeling that has been beneath the surface. Everyone felt the chance that has come over the society, and therefore, we must have the tenderest regard and love towards those who have not seen as we have seen."

Sever Friendships. Mrs. McCrea went on to say: "We have seen a vision and are responding to a call which takes much from our lives in the way of friends, for we must now sever some friendships, opinions and social life. She also pointed out that the nonconcurring women had their convictions, too, and they feel that they have caught the vision. "The trying time is not yet over," she further stated, "for we must now return to our congregations. However, we must still feel kindly towards the others, and face our reconstruction period with courage. As God has always guided us, He will continue to guide us, and so let us be filled with gratitude, as He has never been so precious to us. We must be the true members of the body of Christ at this time."

Same Allocation. During the afternoon the women decided to accept the same allocation of \$268,909 that they had last year. As the women were now divided, it is felt this would be a big undertaking, but they have definitely stated they will shoulder the burden.

Following the various reports and the concluding business of the convention, there was an interesting discussion on technicalities. Many helpful suggestions were offered and difficulties were cleared up in a number of instances.

"We are at the portal of another

Honor Memory of Sir Wilfred

Canadian Press Despatch.
Quebec, May 7.—The announcement was made by Premier Taschereau today that the province of Quebec will officially honor the memory of Sir Wilfred Laurier shortly. The announcement was made by Premier Taschereau while receiving a delegation from Quebec East, asking for the installation of the new Jacques Cartier monument on the Jacques Cartier market-place instead of on the government house lands.

jubilee in the Ontario W. M. S., said Mrs. James Hamilton of God's Ich, who gave the closing address of the convention. "We are also standing on the threshold of a great adventure. But fear not for mother what ghosts loom up on the horizon. The Master bids us to be of good cheer." She also hinted that there was a possibility of reunion in the missionary societies, though the gap was widening at the present time, the day might come when the roads would come together once more.

War Is Denounced. A number of resolutions also were passed. The following was perhaps the most outstanding: "Be it resolved, that we, the members of the Ontario provincial W. M. S., strongly protest against war as a means of settling the differences between nations, believing that such a method has never adequately solved any of the world's problems, and that the only security for a lasting peace lies in the principles of justice, goodness and truth, as taught in the gospel of Jesus Christ; and believing also that these principles can be best secured through the League of Nations, we desire to place ourselves on record as being in full sympathy with its aims, and would commend the teaching of this Christian ideal in the place of the old one of materialism."

"Finally, we, the members of this provincial organization in session at this historical meeting on the eve of entering with our church into the United Church of Canada, would take this opportunity to give thanks to God for leadership and guidance throughout the years, memorable for the loyalty and devotion of our membership, for the men and women who have given their life service to the various missionary enterprises of our society and our church. We pray that we may prove worthy of the high privilege and honor that is ours of serving in this fateful moment in the history of the world, and this new era in the forward movement of Christianity."

Pass Votes of Thanks. The appreciation of the committee, on behalf of the delegates, was extended, in a vote of thanks, to the London Presbyterian and the London auxiliary societies for their generous gifts of the delegates and to St. Andrew's church. Appreciation was also extended to Rev. Dr. D. C. MacGregor, pastor of the church, Rev. Dr. A. Symington, moderator of the London presbytery, Rev. Dr. W. R. McIntosh, moderator of the London and Hamilton synod, the elders of the church, Mr. Charles E. Wheeler, F. C. O., and Mr. Ewart B. George, choir soloists, and speakers for their services. A vote of thanks was also tendered to the railway officials and press.

Appreciation of the work of the executive board of the London Presbyterian, gratitude to the president, and to the untiring efforts of the corresponding secretary, who had conducted her department with marked efficiency, since the amalgamation, was extended by the resolution committee. Sympathy was tendered to the board in the death of Miss Hopkirk, the exchange secretary.

Beck's Condition Is More Serious
As Well As Expected, Says Dr. Fletcher.

Canadian Press Despatch.
Toronto, May 7.—Sir Adam Beck was reported today to be not so well at Johns Hopkins hospital, Baltimore, where he has been confined for the last few weeks, according to a special despatch to a local paper today from that city. According to the despatch Dr. T. B. Fletcher, Sir Adam's physician, stated that the patient was getting along as well as could be expected, but not so well today, although there is no fever.

THE STORY OF MOTHERS' DAY

To Anna Jarvis of Philadelphia must go the credit of instituting Mother's Day. Sixteen years ago she outlined a thought which has since been taken up throughout the whole continent. She said: "We celebrate many persons and events and yet we have no special day for the most important person in the world—your mother, whoever you may be."

"I have been thinking about this and it seems to me we should set apart a day for her—not so much a day in which to 'celebrate' her, as one in which to be with, or communicate with her, if she is living, or sit by her side, in memory, if she is dead. And it has seemed to me this day should be set at a time of year when the world of nature is fair and full of bloom; when the beauty of life and service is reflected on every side."

Her suggestion was that the second Sunday in May be annually observed as a day of special remembrance for "the best mother who ever lived—your mother." The spread of the suggestion was almost electric. Men and women of prominence, newspapers and social organizations took it up. Governors and mayors issued proclamations in many places, even on the first Mother's Day, the wearing of the white carnation, adopted as a fit emblem, was general.

Sunday its observance will be as widespread as that of any national holiday, though no great display will make this payment of tribute to the best of all bettering forces. For one day at least sons and daughters of all ages will commemorate—if only in their inmost thoughts—this fond and firmest of human relationships.

Thus to catalogue motherhood is, to say the least that might be said, could words be found to convey in any just measure its true place and power. For while it is the badge of the closest physical bond, its meaning for mankind so transcends all thought of mere kinship that even death cannot rob those who have felt its tenderness, been soothed by its compassion and seen in its unselfishness a reflection of something as nearly divine as the human mind can comprehend.

From the patience with which it

bears the pangs of birth to the fortitude with which it meets the stings of circumstance, it glorifies as does nothing else the virtues of faith and sacrifice.

When all others have turned and fled, when the prodigal sees before him the utter darkness of friendlessness, when the wrongdoer finds none to give him a kindly look, there still is one refuge. Back in some cottage or in some tapestried hall is a mother whose love still is shining, and through the blackness of the night this age-old beacon sends its beam to guide the storm-wracked wanderer into a harbor of health or usefulness, or throws one last ray of comfort across the waters about to close upon the wreck.

Much as is known of what it has done, not the thousandth part has been told. Let the full story of its courage, its daring, its sacrifice, its burden-bearing and its willing suffering—let this have been unfolded and all annals of true heroism would have to be rewritten.

But, like true love, "it flaunts not itself." As silently as the forces of growth in nature, which underlie all production of food, raiment and shelter, its moulding influence is ever at work.

The mother remains the most wonderful of forces. Her power, her influence, her mastery and guidance are not measured by what she has of outer possessions, but by what she gives of herself. All the way through, from the weakness of babyhood to the strength of maturity, it is her love that breeds trust, that commands respect, that founds obedience and bases conduct.

As the years bring experience it is seen so plainly. Yet, strangely, there are those who fail to make use of the lesson as they might and should.

The woman at the stove or the tub, the thrifty mother who has steered the good ship home through many storms; the patient one who uncomplainingly companions suffering—these are the mothers who mean most, because there are so many more of them.

But one of the finest things about mother is that she neither gains nor loses because of the temporal estate of her surroundings.

The unusual woman, whose giftedness carries her rare flowers each week, and the most usual of working women, whose wage-earning son once in a while deprives himself in

order to take home some simple token, all on twin thrones. From one source their power is derived. One end it serves. Each is "my mother."

You will go back to her—along the flower-lined paths of memory or actually sit by her side and tell her, if only by your presence, that the fires of love she lighted in your heart with that first rapture still burn brightly. If you cannot go back, you will send your voice along the slim wires that have done away with distance, or have placed in her hand some word or flower from you.

You will do this, not so much for her—though who can say what it will mean to her?—as for yourself. For suddenly, as if brought to halt by God's own hand, you see how much she has meant, how much she means to you and all you have attempted and accomplished and all you dream to do yet.

And you want her to know—how you hope she did know—and you resolve anew and highly that she shall know. "Home and mother—they are the beginning of all. Their gentle hands are upon us wherever we go, whatever we accomplish, however long we live. When God wishes to speak, He speaks through them."

So wrote a famous judge. So feels each of us towards our woman. So bow we all to her for whom Sunday is set aside—though all days be hers.

GOVT. WILL PROBE LACK OF LIFEBOAT

Point Pelee Tragedy Causes House Questions—Will Remedy Situation.

Ottawa, May 7.—A rumor that an old-fashioned rowboat was the only lifeboat available for the relief of the victims of the recent wreck at Point Pelee in Lake Erie will be investigated by the federal government, Hon. H. H. Stevens brought up the question of the wrecked sand barge at Point Pelee, of whose crew nine men were drowned.

Hon. P. J. A. Cardin, minister of marine and fisheries, promised that the most searching investigation would be made, and proper facilities would be provided for life-saving at this point.

WOMEN and THE HOME

LIBERAL WOMEN NAME CONVENERS

Appoint Ward Heads at Enthusiastic Meeting of Executive.

Further organization of the Women's Liberal association of London was completed yesterday afternoon at an enthusiastic meeting of the executive, held in Hyman Hall. About twenty-five members of the executive were present, in spite of the fact that a large number were kept away owing to the meeting of the provincial W. M. S. Mrs. Donald McLean, the president, was in the chair.

The most important business accomplished was the appointment of ward conveners as follows: Ward 1, Mrs. J. M. McEvoy and Mrs. Isaac Marlett; ward 2, Mrs. Claude Brown and Mrs. E. Reid; ward 3, Miss Annie Stevenson and Mrs. D. L. McCrae; ward 4, Mrs. Andrew Robson, Mrs. C. A. Whitman, Mrs. U. A. Buchner and Mrs. W. H. Fox.

Other important appointments were the representatives from the women's association to the Liberal association of London as follows: Mrs. Peter Mitchell, Miss Anna McInnes, Mrs. J. M. McEvoy, Mrs. Alex. Calder, Mrs. E. E. Reid and Mrs. Claude Brown. A committee to draw up a constitution for the new club was named as follows: Mrs. John Rose, Mrs. J. M. McEvoy and Miss Dutton.

The women spent the afternoon discussing plans for the new club. Many expect to attend the meeting of London Liberal association in Hyman Hall on Monday night. The women's club is being represented at the Ontario Women's Liberal association annual meeting at the Prince George hotel, Toronto, yesterday and today, by Miss Isabel Armstrong.

LOCH LOMOND CHAPTER

The Loch Lomond Chapter is planning a concert to be held at Westminster Hospital for the patients. Mrs. Thomas MacDonald and Mrs. James Wilkie being the conveners. An excellent party of talent has been secured including Pipe Major MacDonald and his pipe band, Miss Fynn, Captain Robinson and Miss Nancy Hendry, singers; Helen Wilkie, dancer and Lenore Gilmore, Gladys Brown and Belle McIntyre, dancers. Joseph Brown will act as chairman.

PRIDE OF LONDON CIRCLE

Pride of London Circle entertained its members and friends at a social evening held recently. The evening was spent in cards and dancing. Mrs. C. Brown, Mrs. G. Mellon, C. Nadeley and E. Keane winning the first prizes, with Mrs. J. Cox and Fred Howe carrying off the consolation. During the evening, Mrs. Roy Brown was presented with a handsome ivory clock as a gift from the circle. Mrs. A. Sheridan reading the address and Mrs. Fred Grigg making the presentation. Mrs. Brown is leaving London shortly to make her home in Petrolia. The success of the evening was due to the able committee in charge, including Miss T. Campbell, Miss Fessenden, Miss M. Hawley, Miss E. Hawley and Mrs. B. Dorman.

SOLDIERS' WIVES' LEAGUE ORGANIZED DURING BOER WAR

Annual Meeting Elects Mrs. E. Seely Smith As President.

FLOURISHING YEAR

"League House," Opened in 1918, Brought Society Before Public.

Mrs. E. A. Seely Smith was elected president of the Soldiers' Wives' league at the annual meeting and tea held yesterday afternoon in the officers' mess at the armories. Guests of honor included a large number of the ladies representing the district corps and headquarters staff. Tea was poured from a table attractively arranged with sprays of plum blossom in a large silver trophy, while a side-table was effectively covered with a bowl of forget-me-nots. Mrs. Arthur Little and Mrs. E. C. Dean presided over the tea, while the guests were welcomed by the executive of the Soldiers' Wives' league.

Mrs. Seely Smith succeeds Mrs. A. A. Campbell, who has just completed a most successful term of office. Mrs. Campbell's retiring address was really a highly-interesting historical sketch of the league since its organization during the time of the Boer war.

A second speaker of the afternoon was Col. Lawless, who spoke for Col. Dean, commanding officer, voicing the appreciation of the military men of the district in the efforts of the women, who have been carrying on a valuable relief work among veterans of the district.

Officers elected for the coming year are as follows: Patronesses, Hon. Mrs. Shuttleworth King and Mrs. E. C. Dean; honorary vice-presidents, Mrs. K. Becher, Mrs. Wm. Gartshore, Mrs. C. E. H. Fisher, Mrs. Walcott; president, Mrs. E. A. Seely Smith; vice-presidents, Mrs. W. G. Coles, Mrs. A. V. Becher, Mrs. Cheatham, Mrs. Frank Butler, Mrs. Brinkley; secretary, Mrs. R. B. Ross; treasurer, Mrs. Don Campbell; honorary executive, Mrs. A. A. Campbell, Mrs. A. T. Little, Mrs. T. J. Murphy, Mrs. Walter J. Brown, Mrs. Thomas Mortimore, Mrs. McKay, Mrs. Shannon, Mrs. Bruce Hunter and Mrs. E. C. Mitchell; corresponding secretary, Miss Kathleen Coles; council, ladies of the staff and ladies of the R.C.R.'s.

Started During Boer War. The soldiers' wives' league has an interesting history behind it, according to the comprehensive sketch of the organization given at the meeting by Mrs. A. A. Campbell, the retiring president.

On Dec. 12, 1899, the initial meeting was held, and the soldiers' wives' league of the militia of Canada organized under happy circumstances, declared Mrs. Campbell. The mayor at that time, the late Dr. John D. Wilson, was present and addressed the assembled women. Mrs. Hutton of Ottawa, the dominion president, was also present to help with the organization.

Mrs. Holmes, representing Col. Holmes, who was officer commanding the district, was elected president. Then, as always, the need for funds was apparent and several very successful ventures towards raising money were made in 1900 and 1901. Entertainments and welcomes were arranged for soldiers returning from the South African war, and are historical reminders of duties loyally done.

A meeting held in the city hall in February, 1901, made mention of the passing of Britain's most gracious sovereign, the late Queen Victoria. On April 13, 1901, Mrs. Holmes re-

MRS. A. VINEN

who was elected president of the Lorne avenue mothers club at the annual meeting held last night.

tired as president owing to her departure for Victoria, and Mrs. J. W. Little was appointed acting president. On Nov. 7, 1901, a meeting was arranged to welcome the incoming president, Mrs. Peters.

In 1902, 1903 and 1904 the league carried on as other organizations of the day. But in October, 1903, it was agreed to rest from labor until some circumstance should arise to make it seem necessary to take up work again.

Is Reorganized.

On Jan. 25, 1912, Mrs. Hodgins, who had recently come from Ottawa, called a meeting. On motion it was agreed to reorganize and officers were elected as follows: President, Mrs. M. E. Hodgins; vice-presidents, Mrs. A. A. Campbell, Mrs. Leonard, Mrs. Tully, Mrs. Belton, Mrs. Burnham; secretary, Mrs. Arthur Little; treasurer, Mrs. Galbraith.

A letter was ordered sent to Mrs. J. W. Little, thanking her for again acting as trustee of the league after Mrs. Peters' removal. Much interest was manifested along many lines. A substantial sum was in the treasury, and sums at different times were voted for relief work in the Seventh regiment, to be dispensed by the Seventh regiment chapter. On Aug. 31, in the memorable year 1914, Mrs. Hodgins advised forming committees and taking up active work. The first contingent, Seventh regiment Fusiliers, having left for Valcartier, and with the R.C.R.'s already in Bermuda, changes were already noticeable in many London homes, and there were many needs to be met.

In a short time it was found that the patriotic fund committee was sufficiently organized to do visiting and to finance most of the needy cases. In 1918, with the reorganization of the Dominion league at Ottawa, the local branch became more active. And many meetings were held in those never-to-be-forgotten days before the armistice. The problems of the soldiers, their wives and families returning from overseas appealed strongly to the league. With the housing shortage their difficulties increased.

League House Opened.

In 1918 the league undertook the establishment of a hostel, called League House, where soldiers with their wives and children returning from overseas could be made comfortable at a reasonable rate, until they had found a home of their own. Through the mayor and aldermen, a city-owned property was secured with free light, water and heat. The Salvation Army, which had up to this time occupied the building, was generous in leaving furniture in the house, while valuable donations were received from the 149th officers and many clubs of individual friends of the league.

Lady Beck, through the Red Cross society, equipped the bedrooms and allowed supplies to those leaving League House to take up housekeeping. This establishment was maintained for about two years and about 200 families passed through the doors of League House in that time.

After Gen. Shannon retired as commanding officer of the district, Madame Panet joined the league, becoming advisory president during her term of residence in London. The Hon. Mrs. Shuttleworth King has taken an interest in the league of recent years, acting as patroness. And so the work has progressed. Its value to the community is still very great, for the necessary relief work among the soldiers' families of the district is still extensive.

EXHIBIT NEEDLEWORK AT TECUMSEH SCHOOL

Public School Pupils Serve Afternoon Tea To Mothers.

The domestic science department of the Tecumseh school was the scene of a happy little party this week when the pupils of the Tecumseh avenue and Wortley road schools entertained their mothers at tea, at the same time giving an exhibition of their needlework.

The room was hung with an attractive array of garments, including princess slips, nightgowns, pyjamas, fancywork, embroidery work, etc. All showed the excellent training which these youthful needlewomen had received under the direction of Miss Isabel Davidson, the instructor.

After the many mothers had had an opportunity to view the handiwork of the girls, tea was served from an attractive table, presided over by the girls. Sandwiches, cake and tea biscuits, all made by the girls and served by them, were pronounced delicious by the mothers. Pupils of grades 5, 7 and 8 took part in the exhibit.

PLAN CHILDREN'S PARTY FOR Y. W. C. A. CLASSES

Final Entertainment in Oxford Street "Gym" Tomorrow Morning.

The children of the Junior Gymnasium classes of the Y. W. C. A. who took part so successfully in the recent exhibition in the Arena, are being entertained at a closing party at the Oxford street gymnasium tomorrow morning. There are to be games under the direction of Miss Wynne-Pryce and some of the exhibition dances will be given. This party which will be given by the physical education department of the Y. W. C. A. will begin at 10 o'clock and before the morning is over candy will be distributed to the delight of the children. A scheme is now proposed that the

Fire Terrifies the Green Forest People and They Forget All Else

By THORNTON W. BURGESS.

Yowler the Bob Cat knew what only a few others knew, and this was that Mrs. Lightfoot the Deer had this year chosen to live far in the Green Forest, beyond the old road that wound through it. And Yowler knew why. He knew that she had chosen to live there this spring because very few other folk were living there, and she had done this for the same reason that Mrs. Grouse had chosen to build her nest across that road. Yes, sir, the reason was the same in both cases. Mrs. Lightfoot and Mrs. Grouse each had a secret she wanted to keep all to herself as long as possible. The secret of Mrs. Grouse was that nest and the ten beautiful eggs she had hoped would hatch to ten beautiful babies. You remember what the Red Terror did to them. The secret of Mrs. Lightfoot was the hiding place of two beautiful, dainty, spotted babies.

Yowler had missed Mrs. Lightfoot

gymnasium classes be kept together during the summer season by monthly picnics, and this scheme will be laid before the children tomorrow morning.

With a whimper of fear, Yowler bounded away.

before. What a dinner they would make him! His mouth fairly watered at the thought. He could think of nothing else. Like a shadow, he moved, soft-footed, sneaking, listening, watchful. At last he reached a place where he could watch with little fear of being seen. He was quite sure that those fawns were hidden quite near, and if he was patient they would appear sooner or later, for they were big enough to travel about a little.

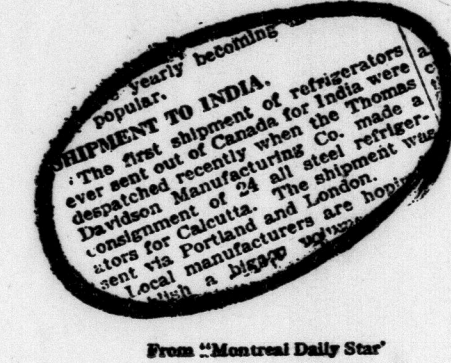

Gradually a feeling of uneasiness

crept over him. What caused it he didn't know. It was a feeling that something, what he didn't know, was wrong. The feeling grew. He was afraid—afraid of nothing, for there was nothing to fear. And then it came to him, the smell of the Red Terror. He had smelled it before, and he knew what it meant. He lifted his head and sniffed. The breath of the Red Terror, the smoke, made his nose smart. He got to his feet and glared anxiously toward the old road. The Red Terror was coming straight toward him! With a whimper of fear, Yowler bounded away, and as he did so Mrs. Lightfoot, with her beautiful spotted babies at her heels, trotted out from behind a pile of brush almost in front of him. Yowler hardly glanced at those fawns he had come there to seek and had been lying in wait for. He passed them as if he had no interest in them whatever. Nor did Mrs. Lightfoot show fear of him. Neither had a thought for aught but the Red Terror. In a common fear they were no longer enemies. (Copyright, 1925 by T. W. Burgess.)

A penny saved is a penny earned—so is every penny saved, through opportunities that are presented by The Advertiser's Classified Columns.

The Crowning Glory of Any Kitchen!

The Heat of the Tropics Has Tested It

In Colombia, in the West Indies, in Cape Town, in Calcutta, in Japan—throughout the Tropics—the Frost River has established itself as a thoroughly satisfactory refrigerator.

-the All-steel Refrigerator with hard-baked enamel finish inside and out.

A refrigerator has a vital bearing on the health and economy of a household. A really efficient refrigerator does this: Keeps food in a sanitary condition; eliminates bad odors; reduces the ice bills; lasts a lifetime. Davidson's All-Steel Frost River meets these requirements. It is the outstanding refrigerator value, not only in Canada, but throughout the Tropics, where refrigeration is a really vital problem.

Why Housewives Favor It

Every feature of the satisfactory refrigerator is possessed by the Frost River: Long wearing quality; fine appearance; can't warp or shrink; ample room for ice; removable ice-box—easy to clean; generous insulation—low ice consumption; positive-closing doors; high leg base—relieves back strain; food chamber that takes quart milk bottles; outside drain—easily accessible; removable shelves.

All steel—Practically Indestructible

Buy a Frost River and you'll acquire a life-long friend. It is made of

galvanized steel—not iron. That means unsurpassed rigidity and strength. It needs little ice. Actual test has proven that in a room temperature of 54° F., 50 lbs. of ice in a Frost River remains efficient 77 hours and gives a food-chamber temperature of 46° to 50°. Such results are secured only by a high standard of insulation.

Untainted Food—No Odors

The air in a Frost River is fresh. Through its scientific construction all odors are absorbed by the ice and in turn carried away through the outside pipe—an exclusive feature. There is no ventilator to allow warm air to enter. Foods placed in the Frost River retain all their original flavor.

The better hardware, furniture and departmental stores will show you the Frost River. In three sizes.

FRIDAY, MAY 8, 1925.

Mr. Price's Theory vs. His Practice.

With the plea of Provincial Treasurer Price for the adoption of a pay-as-you-go policy and a plan that would discharge Ontario's public debt in forty years there will be general consent. The provincial debt of the province is now \$335,000,000, but the net debt amounts to \$118,000,000, and interest charges alone amount to about \$18,000,000 per annum.

All governments, federal, provincial and municipal, have departed from the pay-as-you-go plan. A strict interpretation of that idea would mean that a municipality or a province would not incur more liability in a year than the amount of its maturing liabilities. There are some rural councils in this district that have adhered to this plan, and as a result they are in a favorable position today. For the most part there has been a wide departure. Financiers look only at the amount that will be required to pay one year's interest and sinking fund—they conclude that it will mean only a slight addition to the tax rate, and seldom, if ever, is the fact stressed that this slight addition will remain there for twenty years. It is the smallness of the yearly contribution that has led the spending bodies on to keep on spending.

Provincial Treasurer Price's views would have been more impressive had he fought to tie them to the cabinet of which he is a member, rather than present them to a Canadian club meeting in Hamilton. His plea was that it needed a strong public opinion to impress this view of sound business financing on the government of the day, but it is also a fact that the government of which Mr. Price is a member, and also its financial adviser, has had a splendid opportunity to give leadership in the direction indicated by Mr. Price in his Hamilton address. At the time the financial arrangements for the year were being made at Toronto Mr. Price knew that the province was facing a deficit of some millions, yet the government went ahead and made provision for increased seasonal indemnities which, with interest on the amount, made an increased outlay of \$90,000 a year, and it is not on record that Mr. Price rose in his place in the legislature to protest against such an outlay.

Mr. Price was on solid ground when he spoke at Hamilton, but his words would have come with more force had he previously given a demonstration that his theories were also his own methods of procedure.

Another Newspaper Amalgamation.

This week's edition of the Kincardine Reporter contained the announcement of the amalgamation of the Kincardine Review with that paper, and next week the issue will be known as the Review and Reporter. The proprietor of the Review, Col. Hugh Clark, was not anxious to sell, neither was J. J. Hunter, publisher of the Reporter, so the issue was settled by the flip of a coin, and the turn of the currency decided that J. J. Hunter should become the journalistic monopolist of the snug little town on the shores of Lake Huron.

The reason for the amalgamation is very frankly stated—purely one of revenue and expenses. The costs of carrying on a newspaper are excessive, and proof of it is forthcoming when two papers like the Review and Reporter of Kincardine are forced to the point where they must amalgamate, for they never would have done it had there not been this financial pressure thrown into the consideration. We do not imagine that Hugh Clark would quit publishing his Review unless he had to, nor would John Hunter miss the opportunity of thundering forth in the columns of the Reporter unless it were necessary.

The passing of papers is a matter of regret. There is no doubt that J. J. Hunter will publish the combined papers in a way that will be a credit to the community, but there is just the chance that some of his shots may have the corners trimmed off before they are thrown into the breach of the journalistic gun, and the disappearance of the Kincardine Review and its pungent paragraphs is a matter of regret, for it was well edited and capably conducted.

J. J. Hunter will not abuse the monopoly he now enjoys in having Kincardine a one-paper town. He will look upon it as an opportunity to give his town and district a paper combining the good qualities of both the Review and Reporter, and if he succeeds in doing that he will be turning out a very excellent newspaper.

Organizations and Home Life.

Magistrate Graydon is probably in a good position to give an opinion about the "wife desertion" cases that have been all too frequent in London, and this city has no monopoly in this business. Toronto, for instance, can present statistics to show that it has more deserted wives than widows.

The idea of the London magistrate is that women have too many interests outside their own homes; that these organizations and clubs, if followed to excess, have a tendency to monopolize time and attention, and the inference is that they make an invasion of the home life. The magistrate might have gone farther and stated that the same thing applies with equal force to a good many men. They, as well as the women, have become "joiners." In fact it was the men who set the example in the first place.

It is a wise home that has a certain amount of common sense to regulate these outside activities. They are much the same as the tragic results that followed the instructions to cut a pup's tail off short—the tail was cut off right up behind the ears.

It is a good thing for men to meet and mingle with other men in clubs, lodges, or other organizations. Wisely used, such meetings can be used to develop social qualities, they can increase the circle of friends, and they afford an opportunity for collective participation in many worth-while objects. The same can be said of women's organizations. It is highly desirable that a wife and mother who is taken up with home duties should have an opportunity to move out now and then into a circle of friends. It is a form of relaxation and an excellent way of putting into practice the old theory that a change is as good as a rest.

The mischief starts when either man or wife becomes obsessed with the idea that this outside-home activity is really of so great importance as to warrant an undue inroad on the time, the thought and devotion that is primarily and unquestionably the property of the home. It takes a good measure of common sense to see and pay attention to the place where the danger line should be drawn, but it must be drawn in a very plain way.

The more that husband and wife can be drawn together by family affairs the less danger of trouble. It often happens, strange as it may seem, that trouble, sickness or even hard times are greater factors in doing this than excessive prosperity, no apparent troubles and all sorts of pleasure. A few tears, an occasional anxious day or week, the pinch of hard times that calls for sacrifice—these mixed with love that is greater than a fleeting infatuation, a few smiles in the day's work and finally a reasonable measure of success in worth-while achievement—these things make life, and the magistrate is never called in as the final arbiter.

Why Doctors Gather.

The doctors of the province have gathered in Toronto to listen to fifty-one papers dealing with matters dear to the heart of the physician and the surgeon. As near as we can gather it is common meeting ground for those who pin their faith to "shake before using, a teaspoon in water before meals," and others who shake their head and say that the sure way is to carve a section from the frame and be done with it.

When these doctors get together there will be much for the younger members of the profession to learn. They must cultivate the ability to register a serious look, for a doctor who has not acquired that is lacking in a valuable asset. When he enters the sick room he must not be too frivolous. He removes his hat and gloves, approaches the patient and takes a seat at the side of the bed. When the sick person sticks out a tongue the doctor utters a very suave "Not so good." He then tries the pulse, takes the temperature, pulls down the lower lid of the eye, and at each time mutters something indicating that there are serious symptoms which he has never expected. Then he comes to the impressive passage where he puts sounding tubes in his ears and listens to what is taking place under the surface, and right here it is that the man on his back realizes that there is a great gulf fixed between himself and the doctor. All the preliminaries such as sticking out the tongue, taking temperature and measuring a pulse are simple. It is just as plain as measuring the depth of a snowfall with a broom handle, but the other business of listening to heart, lungs, liver, spleen, stomach and all the rest away below the surface is another matter—the doctor has departed on a cruise of his own, and the real owner of all this apparatus can only lie there and wait for the report he brings back.

If a doctor can go through all this performance and keep on registering just the proper amount of concern on his face, and exactly the right volume of uncertainty in his voice, he's going to build up a firm practice. If he can leave his patient firmly impressed with the thought that he is a very sick man, and couple with that the idea that he has been extremely fortunate in having called so competent a doctor early in the struggle—why, say, that doctor is headed for success. In no time at all he'll have two automobiles and a girl with a nurse's uniform making out his accounts.

That is why the younger men in the business should attend these gatherings. They have had their theory and a certain amount of experience, but it still remains for them to part company with the ordinary individual and reach out for those professional corner pieces that make a dose of salts look like the elixir of life. Once they get these pieces nailed on, nothing can stop them and the road to success lies open.

Note and Comment.

Mortgaging the future means burning the coal today that you had put in for next winter.

Provincial Treasurer Price says Ontario should follow a pay-as-you-go policy. No doubt that's why he put a tax on gasoline.

Chief whip of the Progressive party has been fired from office. Must have been a merry war when the chief whip got hit with the big stick.

The thirsty ones are looked after by the O. T. A., and now the speedy ones are hailed to court by officers carrying the sign, O. T. O.—Ontario traffic officer.

The campaign to boycott grocers who handle 4.4 beer is a movement in which too much reliance should not be placed. The most effective place to do the boycotting is in the ballot-box.

The humane inspector in London came across a case that for devilish cruelty and damnable torture could hardly be equalled. A wire had been fastened securely around the body of a kitten, and as it grew the wire band cut into the flesh and must have caused endless pain. A person capable of such a trick is a fit subject for the lash or the asylum for the insane.

No More Speed

Recountin' how I raced away and landed in the village coop, they stopped me with a saved-off gun and fed me there on prison soup.

The agent told me fifty times that my new bus be primed with power, that it would never turn a hair when runnin' sixty miles an hour. So when I got behind the wheel I longed for great and open space, where I could step upon the gas and drive a gay and reckless pace.

No city street appealed to me with folks a-walkin' all around, I steered out on concession ten where lots of space and roads abound. And once out there I opened up to see if what they said was true, determined for to see myself just what this mornin' thing would do.

I raised her up to forty miles, she hummed just like an old tom-cat, I stepped upon the gas some more and made a fifty pace look flat.

A farmer hollered after me that I had killed his Berkshire pig, likewise I'd rammed another gent and took a wheel from off his gig.

A little village lay ahead, a welcome sign was posted there, it said that fifteen miles an hour was all a driver ought to dare. Such signs be for some other folks on whom the world is turnin' sour, but not for me who owned a hack that pranced at fifty miles an hour.

I dashed upon the village street and blew my horn for folks to jump—I turned the corner on two wheels and busted off the village pump. The constable he gazed at me and shook his fist as I sped by, I raised the pace to sixty then, I be a brave and reckless guy.

The constable he phoned ahead and told the folks the next stop down to stop me with a ton of brick before I busted up the town.

When I got there the village cop was doin' just like he should have done, he halted me upon the road and waved a wicked-looking gun. He took me out from my new hack and marched me to the village coop, he chucked me in and barred the door and fed me on stale bread and soup.

They fined me forty scads and costs, and costs was mountin' fairly big, I had to pay for two dead swine, likewise for bustin' up a gig. Another chap he come along, and named me as a crooked chump, I parted with ten bones to him to start again the village pump.

The village folks they hooted me, the constable he up and swore, so I decided after that that I would go and speed no more.—ARK.

Pioneers of 1816-1820

By N. D. CAMPBELL

Vanneck Manse (London Township)
THE pioneers of "English Settlement" came, nearly all of them, from among the hills near the sources of the river Tyne. They were members of the dissenting Scots church at Falsstone in the parish of Simonburn on the border and in the county of Northumberland, England. They were connected with the Church of Scotland, but as the church was on the English side of the border had the status only of a dissenting congregation. At the time of their coming, 1816-20, London township was almost an unbroken wilderness, and the townships north, east and west remained so for several years longer.

Some settlers were already on the first and second concessions; parts of Westminster had been settled and a considerable settlement was located at or near what is now the village of Lambeth. An interesting tradition of the war 1812-14 lingers in the story that during the war 1812-14 a small detachment of the enemy passing through from Detroit to the Niagara frontier were halted for a time by these settlers, who took up a position a little east of what is now Byron and compelled them to make a detour. Any roads, of course, were bush trails leading by shortest routes to given points; fords took the place of bridges.

Putnamville, near the boundary between Dorchester and Oxford, had the nearest flour mill, until Gardner's mill was built near the present site of London waterworks. To these the settlers came with their scanty stores. The general store was managed by the grain. Their general store was managed by the late Hon. G. J. Goodhue and was located on Brick street on a farm owned by Allan Bogue.

Some idea of the cost of ordinary commodities may be gained from the fact that unbleached cotton sold at 75 cents a yard. The following sentence quoted word for word from the memoirs indicates the short span that separates us from the impenetrable forests that remain now as a memory or a fragment:

"The site of what is now the city of London had been chosen before this time, but it still remained in a state of nature, part of it was cedar swamp and a large part was heavily timbered with white pine."

NORWICH MASON'S VISIT TILLSONBURG BRETHREN

Tillsonburg, May 7.—Officers and

members of Norwich Lodge, A. F. and A. M., paid a fraternal visit to King Hiram Lodge here last evening. The visitors exemplified degree work on a number of candidates. Following the lodge work a banquet was served in the banquet hall and a program of short addresses and music was enjoyed.

The Style Is the Thing —Be Sure It's Right

Aberley Jerseys for Boys

Pure wool of finest grade, fashioned into the smartest Jerseys we've ever had; polo collar models in most attractive shades and combinations. Sizes 22 to 32.

\$2.00, \$2.25, \$2.50

"Aberley" Golf Jerseys for Men

New sleeveless styles that are mighty nifty in design and coloring of pure wool. They will give years of service and comfort.

Fine Sweater Coats of Above Quality at \$5-\$6

"Pongee Tex" Smart New Shirts

Going strong are these smart collar attached shirts of this fine new material. Plain shades that will appeal instantly to your taste. All sizes, 14 to 17½.

\$1.95

Novelty Belts of Color

Add a little note of color to your outfit with one of these smart new novelty belts. Utility and smartness combined at a very moderate price.

Boys' Blouses Smart Styles

Many kindly words from mothers on this showing of Boys' Blouses, percales, chambrays, reps, broadcloths, colors and fabrics for play or dress up. All sizes.

\$1.19, \$1.50, \$1.75

Better by far an ordinary cloth tailored in authoritative style than the finest cloth in poor style.

Freak styles are poor styles for most men; we don't encourage their sale, but stick closely to those styles that will be a credit to the wearer and to ourselves.

English Models Are Going Strong

Correct to the last detail are these smart English models in swaggar new tweeds, fine pencil stripes and herringbone worsteds. You'll like the fine tailoring and the fitting qualities of these smart suits.

\$22—\$24—\$28
\$30—\$35

Standard Models With Lots of Style

Standard models are still good style, and you'll find us with an attractive range of smart tweeds, in light and medium colors, and fine British worsteds in the more subdued shades. Two and three button coat styles and in stouts.

\$20—\$22—\$25—\$28
\$30—\$35—\$39

Special Showing of FINE SUITS \$29.50

A wonderful group of Fine Spring Suits at an always popular price; true British and Canadian worsteds and tweeds, in plain colors and smart new patterns. Models of English and standard style in shades and sizes for men of all ages.

GENUINE ENGLISH BROADCLOTH SHIRTS WITH SEPARATE COLLARS \$2.35

Pearl Grays Smart Hats

Nothing smarter for spring wear than a pearl gray with black band—it'll look well with any suit. Here in many grades, including Brock and Borsalino.

\$3.50 \$5
\$6 \$7.50

FEDERAL ACT MAY BE USED IN HURON

Temperance Workers Would
Revive Old Legislation To
Prevent Sale.

Special to The Advertiser.
Clinton, May 7.—Huron county prob-
hibition workers are considering the
advisability of having the Canada
temperance act again put in force
in the county. When the Ontario
temperance act came into force the
Canada temperance act was tem-

porarily suspended so long as other
temperance legislation was as ef-
fective. The question now raised is
whether the O. T. A. is as effective
with the 4.4 beer sale permissible.
Three counties are in a similar
position, Huron, Perth and Peel. In
Manitowlin county the Canada tem-
perance act was not suspended, so
the beer permits cannot be issued
there.

Officers of the Huron county
social service council are taking an
active interest in the problem and
expect to take action to secure a
court decision on the relative restric-
tive powers of the O. T. A. and C. T.
A. in an effort to forestall the issuing
of beer licenses in the county. It is
believed that a ruling on this ques-
tion may open the way for other
counties to prevent the sale of beer
by securing an order-in-council for
a vote on the C. T. A. under which a
majority only would be sufficient to
stop the sale of beer as proposed
under the amendment to the O. T. A.
One important question upon
which a decision has not been
reached is the matter of importation.
Under the Canada temperance act
importation from outside the prov-
ince is prohibited, but liquor for
private use might be brought in
from distilleries and breweries with-
in the province.

Secretary A. T. Cooper of the
county organization, and President
W. G. Medd of Exeter are consider-
ing the problem, and it is expected
that the whole problem will be laid
before the organization at an early
date, and a definite plan of action
decided upon. In the meantime
legal opinion is being secured.

MUNICIPAL SHEDS FOR BEER EXPORT

Prohibitionists Wire Protest To
Premier and Members
of Houses.

Special to The Advertiser.
Goderich, May 7.—There have been
developments during the past few
days that indicate that Goderich and
its harbor are to become a center of
the rum-running business in Lake
Huron.

With the close check now enforced
by prohibition officers of U. S. along
the Detroit and St. Clair rivers and
the special attention this business is
receiving on Lake Erie because of the
recent loss of life, new fields of ac-
tivity are sought. A dominion license
has been granted for exporting liquor
from a bonded warehouse at the port
of Goderich, with the usual super-
vision of the local revenue officer.

Rental is \$35.
At the last meeting of the town
council a motion was put for the
renting of the town's freight sheds
at the harbor to E. A. Arkman for
\$35 per month.

On question, it was found that he
purposed using this for a bonded
warehouse. Despite bitter opposi-
tion, the motion carried, giving the
town council's consent to the project.
Throughout the town general con-
sideration was felt amongst the prob-
hibition forces that the council
should permit the use of its prop-
erty for this purpose. Fear is ex-
pressed that this section of the Lake
Huron shore will be flooded with
liquor for bootleg purposes. The
board of North street Methodist
church met and passed a resolution
requesting the town to terminate the
lease of its property as soon as pos-
sible.

Protests Wired.
The Huron county social service
council has wired Premier Mackenzie
King, J. W. King, M.P. for North
Huron, and W. Black, M.P. for South
Huron, protesting against the town
of Goderich renting the warehouse
for export liquor purposes. They also
took up the question with James
Hales, chairman of the board of
license commissioners, who said that
the Ontario government would not
give permission for any more per-
mits for export warehouses.
No word has as yet been received
from Ottawa in reply to messages
sent there.

LAWYER IS KILLED CLEANING PISTOL

Martinnell McLachlin of St.
Thomas Receives Bullet in
Heart.

Special to The Advertiser.
St. Thomas, May 7.—Martinnell H.
McLachlin, promising young lawyer
of this city, met almost instant death
shortly after dinner this afternoon,
when a revolver which he was clean-
ing discharged and the bullet entered
his heart.

Resting after dinner today at his
home, No. 1 Wellington street, be-
fore returning to his office, he had
picked up a brace of revolvers which
he had used as an officer in the
late war, and seated himself on the
sofa to clean them. One had been
cleaned and he was working on the
second when a shot rang out. His
wife, formerly Miss Dorothy Smith,
daughter of Dr. and Mrs. F. W. W.
Smith, Wellington street, was in the
room at the time.

The tragedy is enhanced by the
fact that Mr. McLachlin's father,
Robert McLachlin, book store pro-
prietor, passed away early in the
winter, and his partner in business,
whom he has succeeded, W. L.
Wickett, died within the last couple
of months. Mr. McLachlin was
recognized as one of the city's com-
ing young lawyers, and since the
death of his legal partner he had
found his time more than taken up.
His professional associates were
stunned at learning of the accident,
and some closed their business for
the day to offer what assistance they
could to his stricken people.

Mr. McLachlin distinguished him-
self in the late war, serving as a
lieutenant in charge of a company
of the first battalion, and had seen
service in France, returning to
Canada at the end of the war and
serving some time with the W. O. R.
at Quebec. He was an officer of St.
David's lodge, No. 302, A. F. and A.
M., and leaves a brother in Montreal
besides his mother and wife.

He received his education in St.
Thomas schools, graduating from Os-
goode hall, Toronto.

ANOTHER SENSATIONAL MILLINERY SALE

In this sale we offer hundreds of New Hats, some of them selec-
tions from our own higher-priced lines and many just received
from a large New York manufacturer.

HEATS QUICKLY RETAINS HEAT TOASTS PERFECTLY LASTS LONGER

FOR SALE BY THE HYDRO SHOP

Stopped!—by the "Giant Grip" of the Hercules

It looked like a nasty fall!

But the Little Brake that weighs
only 29½ ounces saved the rider
from plunging into the deep ditch.

It is in such emergencies the
cyclist is thankful he has a Hercules
Brake.

While ounces lighter than others,
the new Improved Hercules has
more actual braking service. It
works the instant you back pedal.
No slipping, no jerking. But a
smooth, velvety "giant" grip that,
when necessary, brings the bicycle
to a dead stop with almost incred-
ible rapidity.

The Hercules has only about half
as many parts as the average coaster
hub. The hub shell—the part that
bears the strain—is not a malleable
casting, but is turned from a solid
steel bar.

There's no clumsy side arm on
the Hercules to become rusted and

hard to remove, therefore no time
is wasted when removing the rear
wheel for any purpose.

The new Improved Hercules is
easier to adjust, and requires less
adjusting than others. It can be
adjusted more closely and still coast
more freely and farther than the
average coaster brake.

Having all these advantages, is it
any wonder there are five times as
many Hercules Brakes in Canada
as all other makes combined?

As it can be attached to any bicycle,
there is no reason why every rider
should not have a Hercules.

All C.C.M. Bicycles are equipped with
the new Improved Hercules Brake and
the C.C.M. Triplex Hanger, without
extra cost.

Prices Again Reduced
The new C.C.M. models are beauties.
Prices have again been reduced. They're
now \$20 to \$25 less than the after-war
"peak" prices. The biggest values since
pre-war days.

Saturday's Senior O.B.A.A. Tilt Here Marks Revival of St. Thomas-London Feud

HANK DOWN CHOSEN TO HURL TOMORROW

Filmore To Cover Second in Absence of Chris Mulhall.

LOCALS NEED WIN

The meeting of the old rivals, St. Thomas and London seniors, over at Tecumseh park Saturday will constitute the real opening of the Intercity season for those wild-eyed partisan fans of both cities who like their baseball neat and supply their own tobacco.

Bad weather militated against the tilt with Bush McWhirter's crew either looking or feeling like an opening game, although fans missed probably one of the best contests in store this season.

With St. Thomas here, however, a few of the more rabid fans can generate their own heat, and weather isn't a paramount issue.

The game takes on special significance in view of the fact that St. Thomas won last week while the locals were losing to the champions.

This makes it all the more imperative that the Londoners take this opportunity of evening up the balance, which is now slightly tilted in favor of the Netherlands.

Down showed so well against the Terriers that he will be sent in against the Tom Cats. Quick and Fring are ready, but "re Tomcats" worked slowly apparently. Quick showed real form against the Terriers and Fring came through nicely with two bats facing him.

An infield switch was forced on Manager Brand when Mulhall had to leave town suddenly and Tom Filmore, who has been working around second base, will be shot in to fill the gap.

LEON GOSLIN.

Left fielder for the world's champion Washington Senators, known among his teammates and to fans in general as "the Goose," easily was the sensation of the early season in the American league, and he seems on the way to become the biggest star in the game.

TYGERS BEATEN BY ST. LOUIS 6-5

Victory Over Chicago Puts Cleveland Back in First Place Tie.

Associated Press Despatch. Cleveland, May 7.—Cleveland batted two Chicago pitchers hard enough today to defeat Chicago, 7 to 5, and climb back into a triple tie with Philadelphia and Washington for first place in the pennant race.

The score: R.H.E. Chicago..... 000 002 200—5 14 2 Cleveland..... 004 030 003—7 10 3 Connally, Mangum, Mack and Schalk; Grabowski; Smith and Myatt.

BROWNS BEAT TYGERS. Associated Press Despatch. St. Louis, May 7.—The St. Louis Browns gained an even break in their series with the Detroit Tigers by winning today in the final game, 6 to 5. George Siler, Brown playing manager, hit safely in his twenty-second consecutive game of the season.

The score: R.H.E. St. Louis..... 102 000 100—6 10 2 Detroit..... 020 110 011—5 12 0 Whitehill, Daus, Wells and Bassler; Davis, Wingard and Severid Dixon.

Kiwanis Take M.-O. Opener in Charge On Tuesday Next

1925 Prospects Appear Best in Big Years of 1920-21.

SENTIMENT BETTER

Final arrangements for the big opening next Tuesday, when the London Kiwanis and Flint Velocists pry the lid off the Michigan-Ontario league locally have been placed in the hands of the Kiwanis club, and as is the usual custom this organization is sure to conduct the job in an efficient manner.

War weather now appears to be the only requirement to make the 1925 opening the biggest and best in recent years.

There appears to be an entirely new feeling regarding baseball in London this spring, a feeling of optimism that reminds one of the days of 1920 and 1921, and this feeling is bound to assert itself in numbers in attendance.

The pep and enthusiasm that Manager Mike Baker appears to have injected in his squad of Indians has apparently been contagious and caught on with the fans.

New faces create new interest and new players add to the interest for the fans to get acquainted with this year. Kernan, Baker, Sandquist and Simpson are the only members of last year's team, with the exception of the pitchers, who will grace Tec uniformed over the river this year, but the gaps caused by sales and retirements have been most capably filled with high-class experienced and rookie material.

That Bill Cogan is in for a great season was shown in the opening game yesterday when he held Les Numa-maker's Aces to six scattered hits. Cogan was the first man in camp this year and he has ambitions of going higher this fall or probably sooner and his early start should give him all kinds of confidence. Bill is a smart pitcher; he studies the batters, and he doesn't face him very often before he knows their weakness.

This Jack "Silker" Cross, who has been a box car man, has already commanded a great deal of attention, not only on his work around the initial plate, but by his action and results at the plate. A good, hard-hitting first-baseman is a regular gold mine these days.

Arrangements were completed yesterday for the opening game, which will be taken care of by the general admission tickets placed on sale at Strong's Drug Store and Mark's Tobacco Store, where they may be obtained at the convenience of fans without standing in line at the park.

HARVEY PULFORD of Ottawa has been appointed to the Ontario athletic commission.

CHILDREN'S AID HEAD AT GODERICH RESIGNS

James Mitchell Forced To Retire by Ill-Health—President Since Inception.

Special to The Advertiser. Goderich, May 7.—The resignation of James Mitchell of Goderich as president of the Children's Aid society of Huron county has been handed to the secretary. Since the inception of the children's welfare work in the county he has been president, and took an active part in the establishing of a children's shelter in this town. Due to ill-health, he has been forced to retire from his active work.

Rev. Jas. Ford will act as president until the next annual meeting of the society.

Yanks' Shakeup Benches Scott

Blow Came Just As Veteran Began To Hit.

Associated Press Despatch. New York, May 7.—Everett Scott, shortstop of the New York Yankees, who played in 1,307 consecutive major league games yesterday, was taken from the line-up yesterday, as on his way west, but not with the team. He will spend a few days visiting at his home in the Berkshires, where he has a summer home. Scott's removal from the line-up was a surprise as he was "just beginning to play ball."

"I got two hits yesterday," Scott said, "but I care nothing about the record for 1,307 consecutive games. I had played 1,000 straight games. Had my benching come when the team was losing I would not have minded, but it seems funny that it should happen the day after we win a game and I make two hits."

"I did not expect to go on forever, but I never will sit on the bench."

At the stadium yesterday it was announced that illness had been Huggins' reason for taking his shortstop from the line-up and replacing him with the youthful Wainwright, but this move had been expected for several days. Later it was learned that the benching of Scott was the first move in a shake-up of the Yankee team, which has been making a sorry showing in the early days of the American league race.

AMIGO—DIATOMS

The title of this puzzle is the solution to a word or group of words appearing in this puzzle. Can you find them? Each word reads from left to right (horizontal) or downward (vertical) according to position. Lettered in correctly, words that cross will interlock. Each number in the white squares also refers to a definition in the accompanying table. Each definition suggests a word possessing the exact number of letters to fit the white spaces allotted to it. Each white space is to receive one letter only. Words start only in numbered spaces.

WHAT'S THE SECRET OF NURMI'S STAMINA?

"How Does He Do It?" Question Ex-

erts Are Asking.

Over at the Olympic games Paavo Nurmi started them guessing when, contrary to all well established precedents, he won the three-mile race just fifty minutes after he had breathed the tape and the other entrants in the mile event. Hardly less remarkable was his other victory at the same stadium when he crossed the line first in the ten-thousand metre (six-mile) race and crossed it with that remarkable ease and grace which is a feature of his racing style.

For Nurmi doesn't "grinace" when running. Those who have seen the fleet-footed Finn lowering record after record are amazed at the apparent lack of agonizing effort with which he "does his stuff." His system of training is not severe, a fact that serves to still further intrigue the curiosity of the athletic experts. Perhaps the secret of his prowess is to be found in his daily diet. Many hygienic authorities favor this theory and point to the fact that fish foods are a favorite form of nourishment with the celebrated Nurmi. To be sure there is nothing new in the fish idea where the "training" table of the athlete is concerned, but the speculation as to what amount of Nurmi's amazing stamina is traceable to his fondness for a good old fashioned fish diet is interesting to say the least.

Perhaps Mr. Nurmi takes this menu tip from the people of Japan, one of the best physically developed races in the world. For the Japs are prodigious fish eaters, consuming something like 200 lbs. of fish per person per year. But, be that as it may, the fact remains that Nurmi, regarded by many as the greatest runner in the world, is a devotee of fish, a thought that will provide scope for reflection as to the value of a fish diet for athletic aspirants.

MOST OFFENSIVE ACT IN PROVINCE'S HISTORY, RESOLUTION DECLARES

Methodist District Conference Exhorts People To Accept Ontario Government's Challenge by Renewed Determination To Promote Total Prohibition—Attitude of Premier and Cabinet Towards Temperance People Is Denounced.

PROVINCE PASSING THROUGH CRITICAL ERA

The London Methodist district believes that the action of the Ferguson government "in arbitrarily forcing the licensed sale of 4.4 per cent beer upon the citizens of Ontario" is "the most offensive and reproachful act in the history of the province."

In a strongly-worded resolution passed at the closing session of its annual meeting yesterday afternoon in Wellington street Methodist church, the district went on record as exhorting its people "to accept the challenge with renewed determination to promote, by all legitimate means, abstinence from the use of intoxicants and the total prohibition of the liquor traffic." The resolution urged the adoption, "as a cardinal doctrine of our political creed, the freedom from party domination of members of the legislature and parliament on the prohibition issue."

Appeal for Solidarity.

Rev. Walter E. Millson, field secretary of evangelism and social service, London, in a characteristic speech, pleaded for a display of "Christian solidarity" to offset the "party solidarity" evidenced in the legislature at the time the vote on 4.4 per cent beer was passed. Mr. Millson asserted that "Ontario as a prohibition country is today passing through the most critical period in the last 25 years."

Mr. Millson moved, and Rev. J. E. J. Millyard, Askin Street church, London, seconded, a motion "that the most scientific treatise obtainable, dealing with the evil effects of alcohol on the human system, be prepared and introduced into the curriculum of the public schools."

Both resolutions were adopted by a standing vote, and amid the hearty applause of all present. In expressing his approval of the action of the district, Rev. H. J. Uren, Colborne Street church, London, president of the district and also president of the London conference, stressed the need for strong measures to prevent Ontario being turned into "a German beer garden."

Text of Resolution.
The full text of the condemnatory resolution proposed by Rev. D. N. McCamus, superannuated minister, London, and Rev. (Capt.) John Garbutt, Dundas Centre church, London, was as follows:
"The history of the traffic in intoxicating liquor furnishes invariable and conclusive proof that all efforts to so regulate the business as to bring it into harmony with the will of God, and the essentials of Christian civilization have manifestly and lamentably failed. It is therefore with grave apprehension and sincere regret we contemplate the results of the recent action of the government of Ontario in arbitrarily forcing upon the citizens of our province the licensed sale of 4.4 per cent beer.
"The attitude of the premier, the members of his cabinet and his supporters towards the temperance people of Ontario is the most offensive and reproachful act in the history of our province. The civil government that should be the friend of the Christian church and furnish every facility within its power for the execution of her divine mission is found in this instance to have deliberately chosen to ally itself with one of the most effective antagonists

Missionary Committee.

The following were appointed as the missionary committee of the district for the ensuing year: Rev. J. F. Chapman, Empress Avenue church, London; secretary: Rev. J. E. J. Millyard, Askin Street church; Rev. J. Bruce Hunter, B.D., First Methodist church, London; Israel Taylor and Heber Gibson, both of London.

The following laymen were appointed as delegates from the London district to the London conference, which meets here later on this month: Homer Knapton, Hyde Park; Albert Robinson, Ilderton; Homer Moss, Thorndale; A. G. Langford, R. R. No. 5, London; Edward Fitzgerald, Thorndale; W. G. Alderson, Thamesford; Fred Bailey, Thorndale; George Leslie, Ingersoll; M. T. Payne, Belmont; Henry Mann, Lambeth; E. S. Hunt, Lambeth; Joseph Cassidy, Byron; Henry James, Delaware; Carling Grey, Komoka; George Hughes, Ilderton; Frank Smith, Denfield; Richard Gough, R. R. No. 5, London; W. H. DeJong, Thorndale; Herbert Conway, Thamesford; J. C. Hunt, Dorchester; C. Robinson, Dorchester; William Thompson, Belmont; Jabez Millson, Lambeth; W. M. Baker, Ilderton; William Copp, W. C. McArthur, R. H. Read, L. M. Nichols, R. M. Berry, W. F. Marshall, George Reaveley, J. C. Elliott, Heber Gibson, C. E. McBurney, John Heaman, G. N. Willis and William Wilkie.

Alternate Lay Delegates.

The following were appointed as alternate lay delegates to the conference: Charles Myrick, Mrs. J. S. Barnard, Mrs. W. E. Millson, Mrs. B. C. Chapman, Wm. West, all of London; Samuel Sutton, Lambeth; W. D. Quigley, G. F. Brigden, Mrs. R. G. Bowie, Mrs. John Jones, Mrs. Brown, H. Clement, W. H. DeJong, Thorndale; C. J. A. Guinier, John Bickle, both of London; John Alder, Hyde Park; W. E. Shales, Frank Harvey, James Fitzgerald and Charles A. Fletcher, all of London.

The following were appointed as the representatives of London district on conference committees: Church Proper, Rev. C. H. DeJong, Dorchester; E. S. Hunt, Lambeth; missionary, Israel Taylor, London; sustentation fund, Rev. G. W. Watts, London; W. M. Baker, Westminster; finance, Rev. John A. Agnew and Mr. Heaman, both of London; nominations, Rev. H. J. Uren and Henry Pocock, both of London; education, Rev. W. L. Hiles and John Elliott, both of London; religious education, Rev. Arthur Page, Belmont; R. M. Berry, London; evangelism and social service, Rev. John Garbutt and T. R. Wright, both of London; memorials and resolutions, Rev. D. N. McCamus and Wm. Gibson, both of London; state of work, Rev. A. B. Robb, St. Johns, J. C. Elliott, London; lay agencies, Rev. T. H. Stoddman, Lambeth; Heber Gibson, London; contingent fund, Rev. W. R. Vance, Ilderton, J. H. Chapman, London.

Rev. W. E. Millson, London, was elected on the third ballot as ministerial representative on the stationing committee of the conference.

OATMEAL YEAST BREAD.
Two cups rolled oats, 1 1/2 cups boiling water, 1/2 cup molasses, 1/2 tablespoon salt, 1 tablespoon shortening, 1 cake yeast softened in 1/2 cup lukewarm water, 5 cups white flour. Cover the oats with boiling water and let stand thirty minutes. Add molasses, salt, shortening, yeast and flour. Knead until smooth, let rise until it is double in bulk. Shape into loaves, put into greased bread pans. Let rise again. Bake in a moderate oven (350 to 375 degrees F.) for 55 minutes.

Two cups rolled oats, 1 1/2 cups boiling water, 1/2 cup molasses, 1/2 tablespoon salt, 1 tablespoon shortening, 1 cake yeast softened in 1/2 cup lukewarm water, 5 cups white flour. Cover the oats with boiling water and let stand thirty minutes. Add molasses, salt, shortening, yeast and flour. Knead until smooth, let rise until it is double in bulk. Shape into loaves, put into greased bread pans. Let rise again. Bake in a moderate oven (350 to 375 degrees F.) for 55 minutes.

AUTOMOBILES

BUY WITH CONFIDENCE - IF WE "took everything and sold everything" we wouldn't dare let you see our list of resale cars owners. But we choose and service our cars with the most care, so our list is open. Lowest prices in Western Ontario is the reason why our cars are always moving.

FOR THE benefit of those who cannot see these cars in daylight we have illuminated the lot at the rear of our showroom where powerful electric lights make it easy to choose a car. Looking incurs no obligation. See them.

BILIOUS and SICK HEADACHES

ARE CAUSED BY CONSTIPATION

Once you allow your bowels to become constipated you will become troubled with bilious and sick headaches, and for relief you must help your liver to remove the poisonous bile that is circulating in the blood and upsetting the entire biliary system. For this purpose there is no other remedy to equal

MILBURN'S LAXA-LIVER PILLS

Mrs. L. G. Nethercott, R. R. No. 1, Crinan, Ont., writes: "I was awfully troubled with constipation, and sick and bilious headaches, accompanied with severe vomiting spells, which made me very miserable. I tried different remedies without relief, but since taking Laxa-Liver Pills the headaches and constipation have disappeared, and I am very thankful for what they have done for me."

For sale at all druggists and dealers, put up on a by the T. Milburn Co., Limited, Toronto, Ont.—Adv.

Disease Germs Doomed

Many have lost terrors for the Scientist

The progress of recent years in medical research is little short of marvellous. Daily, science kills germs by the million. Daily, new ones are being discovered, isolated and exterminated by the march of medicine.

Science is winning. What were once regarded as serious diseases are now laughed out of countenance by the doctors. Fearfully they plunge naked hands into swarms of them, their only precaution being to rinse their hands afterwards with a reliable germicidal preparation. We are witnessing the birth of an era when the world will have little to fear from microbes.

Absorbine Jr., besides being the all-purpose liniment that removes pain and soreness, and hastens healing, is a powerful antiseptic that is death to the microbe world.

Absorbine Jr. is just what is needed in the house in case of accidents and to correct the many little household hurts that constantly occur. \$1.25, at your druggist.

FRECKLES

Sun and Wind Bring Out Ugly Spots. How to Remove Easily.

Here's a chance, Miss Freckleface, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion, the expense is trifling.

Simply get an ounce of Othine—double strength—from any drug or department store and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to get the drugist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove your freckles.

At all drug or department stores or by mail. Othine, P. O. Box 2616, Montreal, Canada.—Adv.

THE WORLD'S GREATEST MONUMENT.

It is indeed a soulless people who evince no desire to perpetuate by some means, the memory of those who have performed signal service to their race. It is a duty which the living owe, not only to the memory of honored men and women, but as an example to the generations of the present and the future. London, Paris, Athens, Rome, Washington, Ottawa, all capitals and great cities of the civilized world have many monuments of stone and bronze in honor of men and women who have contributed to the greatness of their nation and to the betterment of their species. It has remained, however, for Canada to choose a monument which will outlive the Pantheon, the Nelson column in Trafalgar Square, and beside which the towering shaft to Washington is dwarfed into insignificance.

Mount Edith Cavell is a glorious monument to a glorious woman. As long as the hills stand, it will remain, its snow-plumed crest rising high above the Athabasca Valley in Jasper National Park, Alberta, to meet the skies in an eternal challenge. Given as a monument to the heroine of the thousand feet and more it towers in solitary majesty above its sister peaks, truly emblematic of the solitary majesty of and, it is a figure who, alone, one morning walked to her place of execution, a martyr to unwavering loyalty to her native land and devotion to her calling. On the side of Mount Edith Cavell rests a glacier. At Jasper Park Lodge it is mirrored in the opalescent waters of Lac Beauvert, like a great angel with outspread wings hovering in benediction over the magnificent monument to a woman whose heroism will always be a golden page in the history of a nation of many valorous deeds. Ask any Canadian National Agent for Jasper Park literature.—Adv.

MYSTERY SURROUNDS DEATH VERDUN WOMAN

Believed To Have Been Poisoned or Asphyxiated—Two Children Ill.

Montreal, May 7.—Mystery surrounds the death early this afternoon in her home at 317 Gordon street, Verdun, of Mrs. W. V. McNally, aged 25, who was found dead on the floor by a caller. It is believed the woman was poisoned or asphyxiated. Her young baby and an older child are both ill. There was an odor of gas in the house. When the police searched the house they found a 20-ounce bottle of tincture of flowers of arnica almost empty. Neighbors declared the woman was full yesterday. It was said the elder child was reported in no danger, but the two-year-old baby's condition is considered critical. The husband of the dead woman, when apprised of the tragedy, locked himself in a room and refused to talk.

KERWOOD SUNDAY SCHOOL HAS ANNUAL MEETING

Kerwood, May 7.—The Sunday school board of the Methodist church met in the Sunday school to receive reports from the different departments. The enrollment is 120, with 23 officers and teachers. Collections totalled \$170.

J. Dodge Estate Cut \$17,000,000

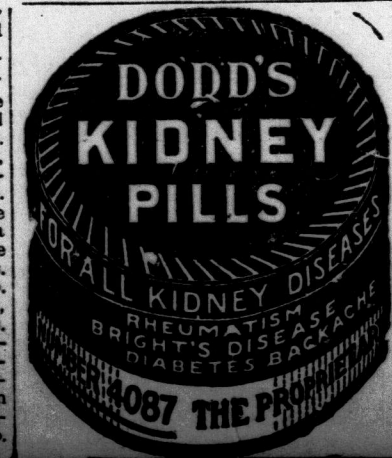

Associated Press Despatch. Detroit, May 7.—The Detroit board of assessors late today lopped \$17,000,000 from their earlier appraisal of \$45,000,000 as the John F. Dodge estate's share of the sale price of Dodge Bros., Inc. Trustees of the estate immediately announced they would contest the board's action.

LIONS ENTERTAINED BY A. B. MACDONALD

"Scotty" McCullough at Piano—Largest Turnout For Weeks.

London Lions last night listened to a selection of international anecdotes that was voted by the club to be the funniest ever heard at a Lions meeting. A. B. MacDonald was the author of these yarns, and was aided and abetted in his efforts at entertainment by A. M. ("Scotty") McCullough at the piano, who produced several songs in complete harmony with the MacDonald jokes. Last night's meeting was the largest the club has had for many weeks, and several new members have rewarded the efforts of the membership way.

Plans for the Lions club bandstand are under way, and will be announced and carried out in the near future drive committee in a satisfactory in charge. The result of the eulogy and dance in the Winter Gardens two weeks ago was highly successful, and has acted as a stimulant to further activities on the part of the club to reach the financial objective for the stand in Victoria park.

GOVT. NOT TO APPEAL INCOME TAX DECISION

Will Make No Further Effort To Levy On Bootlegger's Profits.

Special to The Advertiser. Windsor, May 7.—The federal income tax department at Ottawa has decided not to appeal from the court decision, favoring Cedi R. Smith, so-called bootlegger king. Word to this effect was received from Ottawa by George D. McEwan, who fought Smith's case before the supreme court of Canada after the exchequer court decided that his client was liable for federal income tax on

FOX NOW INSANE, DOCTOR BELIEVES

Dr. G. H. Stevenson Thinks Prisoner Under Lash Sentence Mentally Unbalanced.

Although Dr. James D. Wilson is not entirely satisfied that Thomas Fox, incarcerated in the county jail is insane, Dr. G. H. Stevenson of the Ontario hospital believes that Fox is not feigning insanity in order to escape lashes and seven years' imprisonment in Kingston penitentiary. Sheriff Donald Graham has reported Fox's condition to the prisons department at Toronto, and it is likely that the prisoner will be moved to the criminally insane ward at the Ontario reformatory at Guelph.

The London man, who has been confined to jail since last summer, is eating a little better, the sheriff states, although he is suffering from hallucinations. "He thinks people are following him and want to murder him," stated Sheriff Graham. "It is one of the queerest cases I have ever had anything to do with."

Fox was sentenced to Kingston penitentiary last October by Mr. Justice Riddell, who also sentenced his companion, Sylvadore Sansone, to a term in the penitentiary.

The appellate court reduced the Fox sentence by half and named seven years and ten lashes as his punishment for attacking a London street girl. Sansone was given a year in the reformatory by the same court, and the two pals may meet again at Guelph.

Sansone, who was removed to the Royal City several weeks ago, was examined by Dr. Stevenson before he left London, and while pronounced sane, was found to rate low mentally. Sansone was in the Guelph institution but a few days before he was placed in the "black hole" for insubordination.

DRUM COMPANY MAY TAKE OVER D. U. R. MANAGEMENT

Detroit, May 7.—Appointment of the A. L. Drum company, consulting engineers, to assume the management of the Detroit United lines is contemplated by the receivers, it was learned today, and it was understood that official announcement is being withheld pending court authorization. The receivers, however, refused to comment.

NORMAN H. DUNN DIES IN THIS CITY

Prominent Church Worker Came Here From Stratford Five Years Ago.

First Methodist church lost one of its most active and popular young church workers in the death yesterday afternoon of Norman H. Dunn, 46 Beaconsfield avenue.

Mr. Dunn, who has been employed for the past five years in the C. N. R. express office here, was ill for five or six weeks. He was always greatly interested in young people's work at First church, where he was vice-president of the young people's league and president of the Knights of Honor class.

The deceased, who was 21 years of age, was the youngest son of Mr. and Mrs. John R. Dunn, Stratford. Besides his parents there survive one sister, Miss Marjorie Dunn, Stratford, and two brothers, Raymond Dunn, Woodstock, and Gordon Dunn, Stratford.

The body will be taken to Stratford today, where the funeral will take place on Sunday afternoon. Rev. C. Dengis, pastor of Centennial Methodist church, Stratford, will conduct the service, assisted by Rev. (Major) J. Bruce Hunter, B.D., M.C., pastor of First church here.

J. LANGLEY APPOINTED SPRINGBANK POLICEMAN

Charles Smith Granted Permission To Open Booth at Thames Park.

J. Langley was appointed, by the public utilities commission at its regular meeting yesterday afternoon, as the policeman at Springbank Park for the ensuing season.

Charles Smith was granted refreshment privileges at Thames playground for the season. This is the first time the commission has let refreshment privileges at Thames Park. Mr. Smith is a war veteran.

The commission granted the request of the Salvation Army to hold open-air services in Victoria Park on Sunday afternoons. This is in accordance with their customary request for the summer months.

Mr. Langley, the new appointee as policeman at Springbank, is a war veteran, and was formerly a member of the Sudbury police force. His appointment dates from May 18. Mayor G. A. Wenige was not present to take up with the commission, as requested by the city council, the question of the water service charge recently put into effect by the commission, and thus the subject was not discussed at the meeting.

Shopping of Interest For Saturday

Ensembles In Sport Fabrics \$22.50 and \$25.00

Still another success for the ensemble idea in general wear! Sports fannels are featured in these clever models, which are smart for all sorts of occasions—business or school wear—morning or shopping wear—or as a spectator at early summer sports. Tailored coat of flannel, with frock of plain or printed crepe. For such an exceedingly useful costume, the price is moderate. \$22.50 and \$25.00

Tailored Suits In Tweeds \$25—\$35

Essentially mannish, with the straight, short and snugly fitting jacket. The collar, too, is mannishly severe, leaving plenty of scope for the feminine scarf. Wrap-around skirt that is slim and straight in line. Attractive English tweeds in light and dark grays, and sand and brown shades. Second Floor.

HATS! \$2.49, \$3.49, \$4.95

Every type of hat that is smart this season! Hats for every occasion.

Plain and fancy straws and mohair. Shapes that are becoming for older women—as well as the fascinating and piquant little shapes that are becoming to youth. You'll see the three groups, plainly indicating these low prices. \$2.49, \$3.49 and \$4.95

Millinery, Second Floor.

NEW! IN SPORT HOSE PRINTED CHECK PATTERNS, \$1.25

Prints even in sport hose! The gay plaid designs are printed on these Rayon mixture stockings. Specially attractive for sport or general wear. In beige, nude, gray and black. Sizes 3 1/4 to 10. \$1.25 pair

FUR STORAGE

Accommodation now for summer storage of fur coats and neckpieces.
Second Floor, or Phone 4400.

Special Event!

Knitted Rayon Frocks

Style, Service and Price All Featured at \$12.95

The Dundas street windows today tell the interesting story of these frocks. First, they were bought in a special purchase—which means this low price.

They are exceptionally pretty, with clever style touches which aren't usually found on such inexpensive frocks. The Rayon (knitted artificial silk) is a fabric that doesn't crush or crumple—it is light and open, and altogether ideal for summer wear. Pretty summery colors, as well as blacks and browns. Second Floor.

Bordered Silks, 54-Inch Width Just Here

The most attractive fabric of the season—from the home dress-maker's point of view. The first patterns to arrive in these interesting new materials are being shown now.

A variegated polka dot pattern in printed Canton Crepes. Navy, sand and white grounds, with red and sand, navy and henna, poudre blue and red, and black and red designs.

STRIKINGLY UNUSUAL, AT \$8.50

54-Inch Canton Crepe, oyster ground with striking colored borders, in candy stripes. Gobiin blue and sunset; black, almond and sunset; and red, almond and sunset. Also at \$8.50

54-INCH TWEED, SPECIAL PRICE, \$1.50

Three pieces of unusual value. In light fawn mottled and brown mottled. All wool tweed of good weight—specially adapted for sports skirt and hiking or riding breeches. Also brown invisible and homespun weaves; 54 inches wide, \$1.50 yard

Main Floor.

GINGHAM AND CHAMBRAY SCHOOL DRESSES

Priced at \$1.25 for Saturday

First and foremost, the price is the unusual feature of these. Because the dresses themselves are of styles and wash fabrics, ordinarily priced much higher. Fifteen dozen featured in the special event. Little straight line dresses, with Peter Pan collar and patch pockets. Sash belt. Colors varied—blue, rose, yellow, mauve, tan and pink. Ages 7 to 12 years, \$1.25

Second Floor.

BAG FRAMES

Just as important as gloves or hose, is the matching hand bag.

Bag frames which are easily completed at home suggest an accessory which matches perfectly—and is inexpensive!

In oxidized finish, antique or rose gold finish. \$1.50, \$1.75 and \$2.50

Tortoise shell and shaded gray and white shell. \$1.00 and \$1.25

Handles. 25c

Oval and Round Shell Loops for shopping bags. 50c and 75c

Main Aisle.

LADY MAC SLENDERFORM

The ideal boneless garment in style, comfort and support. The only garment that is made in three figure types. No garment made can be adjusted to fit all figures. Correct fitting by means of these types (normal figure, large below waist line, and small below the waist), creates satisfaction. Lady Mac slenderizes and gives pleasing proportionate lines to the bust, waist and hips.

MODEL 400—Designed for the normal figure. Made of heavy striped satin; pink. \$6.00

MODEL 0400—Designed for the small-below-the-waist. \$6.00

MODEL 1400—Designed for the large-below-the-waist. \$6.00

MODEL 5040—Designed for the normal figure, and made of heavy Skinner's satin. \$7.50

Second Floor.

SMALLMAN & INGRAM LIMITED

Watch the kiddies eat Kellogg's! They love the flavor. They never tire of these sweet, crisp flakes from the hearts of the corn—the treat of the breakfast table!

Serve Kellogg's Corn Flakes every morning. Simply add milk or cream. Try 'em with fresh or preserved fruit too. No cooking. They'll win the appetites of all. At all grocers. Served everywhere.

Kellogg's CORN FLAKES

We challenge the World!

Compare the flavor of Kellogg's Corn Flakes with any ready-to-eat cereal and you'll appreciate why Kellogg's outsells all others.
