EFFICIENCY WITH PAY

Minister of Education Will Materially Better Teachers' Position

School Book Monopolies to be Banned—New Education Act

Toronto, Ont., Jan. 16.—Improvement of the teachers' qualifications and the increase of salaries of rural teachers in particular is the aim to which Hon. R. A. Pyne, minister of education, in the Whitney cabinet is bending his every effort.

One of the plans which the minister suggests is the abolition of the present county and city model schools and the establishment of three additional normal schools, organized so as to admit a maximum of 200 students each. The course will cover a year. Part of the training is to be the experience gained by each student during a fortnight's visit to one of the convenient ungraded schools, with the co-operation of the county inspector in charge.

Some of the district model schools will be retained, but they are to be more immediately under the control of the education department than at present.

Under this scheme third-class certificates will disappear and the normal schools will provide teachers holding interim second class certificates valid for two years. These will become permanent after certain tests and on the recommendation of the inspector.

Features of the new act will be:

A properly systemized grading of minimum teachers' salaries.

The principal of a three or greater room graded school will be required to hold a first-class certificate, and the principal of a small school, with not more than two teachers, a permanent second class certificate.

A scale of minimum salaries to teachers.

Schools will not share in the Provincial grant where the salaries of any of the teachers are less than the minimum provided.

Rural public schools will not share in the Provincial grant where the salaries of teachers are less than \$400.

Banishment of school book rings and monopolies.

Reorganization of public schools in urban municipalities containing more than one school.

The proposal is to give the education department complete control of the professional training.

"The increase in salaries in rural schools is the crux of the present educational situation," declares the Minister. "Without the inducement of increased salaries, still fewer would become teachers of rural schools, when confronted with a more exacting professional course. The only applicable solution of this difficult problem appears to be a scheme of minimum salaries. I propose to require each township council to raise \$250, with \$150 additional, for each assistant from local taxes or other funds, where the assessment is \$40,000 or over, a smaller but proportionate increase where the assessment is less."

HAPPY FUNCTION

City Visitors to House of Refuge Supply Innates With Pleasant Program.

About 50 representatives from the city churches visited the County House of Refuge last evening and contributed the following excellent program for the benefit of the inmates:

Hymn.
Prayer.
Chairman—Mr. D. Jordan.
Selections, Phonograph—P. Morley.
Solo—Miss Hope Rankin.
Selection—Hallman Quartette.
Selections, Phonograph—P. Morley.
Solo—Mr. Flowers.
Instrumental—Miss M. Edmondson.
Duett—Messrs. Hallman.
Selections, Phonograph—P. Morley.
Miss Mabel Edmondson acted as accompanist.

Following the program the visitors served luncheon to the inmates and, ere their departure, were in turn entertained by the hospitality of the matron, Mrs. Ripley, who served a dainty repast.

The committee in charge of the union concert and supper given to the inmates of the House of Refuge last evening desire to thank Mr. and Mrs. Ripley for their valued assistance and for their generosity in loaning their piano for the occasion.

VERY CONSIDERATE.

Harry, did you not hear Mother calling you?

Course I did.

Then why don't you go to her?

She's nervous. If I should go too quick she'd drop dead, and Harry went on with his playing as if nothing disturbed his mind.

...SOCIETY...

LYLE-HARPER.

At 2.30 this afternoon the beautiful home of Mr. and Mrs. William H. Harper was the scene of an exceedingly pleasing and happy function—the marriage of their charming daughter, Miss Jessie, one of the Maple City's most popular and accomplished young ladies, to Mr. Frank B. Lyle, manager of the Royal Bank of Canada at New Westminster, B. C.

The home was exquisitely and daintily adorned, the prevailing colors being emerald and white. A rich embankment of palms, ferns and foliage surmounted the altar, and sprays of flowers lent an alluring delicacy to the charm of the decorative ensemble. Prior to the ceremony—and while the guests were gathering—Miss Lena Harper sang with admirable expression Gauntlett's beautiful solo, "The Voice that Breathed o'er Eden."

The bridal party entered the drawing room to the accompanying strains of Mendelssohn's wedding march, played by Miss Nellie Richards, who throughout presided at the pianoforte. The bride was exquisitely gowned in white silk gauze over white taffeta and carried a beautiful bouquet of white roses. She was accompanied by her father, who gave her away.

The ceremony was performed by the Rev. Rural Dean McCosh, following which, and during the signing of the register, Miss Olive Richards contributed an inspiring rendition of Guy d'Hardelet's solo, "Because."

Mrs. Harper, the mother of the bride, wore black chiffon taffeta, while Mrs. John W. Young, the matron d'honneur, was gowned in white Louisienne silk over white taffeta, and carried pink roses.

The groom was supported by Dr. Kingsley Holmes, while Mr. W. Jardine and Mr. R. Richardson were the ushers.

The groom's gift to the bride was a magnificent sunburst of pearls and diamonds; to the matron d'honneur and Miss Richards pearl crescents, and to his best man a pearl scarf pin.

Among the out-of-town guests present were: The Misses Lyle, of Bowmanville; Misses Bowden, of New York City; Miss Maude Bowden, of Toronto; Mr. and Mrs. W. C. Marshall, of Toronto, and Miss Genge, of St. Thomas.

After luncheon, Mr. and Mrs. Lyle left for the east, accompanied by the best wishes of their scores of friends.

The bride is one of the Maple City's favorite daughters and her departure will be much felt in social circles. The groom is a former Chathamite and is held in the highest esteem in this city. Very cordially a legion of kind friends extend felicitations.

The bride was the recipient of a magnificently bountiful series of costly and exquisite gifts—an appropriate expression of the admiration and popularity in which she is so deservedly held.

"QUEEN OF THE CONVICTS"

"The Queen of the Convicts," Theodore Kremer's latest, is at the Majestic this week. So is Selma Herman. The combination is aces high when it comes to the showdown of popular approval. The piece is styled of both in it to make twice as many comedies and a whole bunch of tragedies. Selma Herman is Queen Draga of Serbia, whose sensational death with her king at the hands of rebellious soldiers is not yet forgotten. Her rise from the humble, barefooted peasant girl to the position of sovereign, and her decline and subsequent assassination, are powerfully portrayed by Miss Herman. She not only arouses the sympathy of the audience to the breathless point of interest, but she sounds heights and depths of emotion far beyond the reach of actresses with greater reputations. The house was filled at both performances yesterday, and the S. R. O. will be out for most of this week. From Toronto World.

Gravity—the body's wisdom to conceal the mind.

Conversation and intellect are not always twin virtues.

YET ANOTHER

The Store of Mr. Stacey the Butcher Was Entered Monday Night But Nothing Was Taken.

On Monday evening another butcher shop in the city was entered by midnight robbers, but this time nothing was taken.

Mr. Stacey, who keeps a shop near the electric railway power house was the victim this time. Some time during the night thieves entered the store through the back window and finding no money in the till escaped as they came without taking anything. Mr. Stacey had removed all the money from the till before he went home and now he has the laugh on the would-be robbers. The back window was still open when Mr. Stacey came down town yesterday morning. This window had not been fastened the night before and it was a trouble whatever for thieves to enter the store.

ARE MOVING

Police Court Will Be Held Tomorrow In the New Building on the Market Square.

Judge Houston, Chief Holmes and the police force are saying good-bye to the old police station to-day. Court has been held for the last time in the old building and to-morrow morning and on all succeeding mornings justice will be handed out at the new station on the market square.

The books, papers, etc., were all moved to-day and the new furniture has already been installed.

The police are well pleased with their new headquarters and have no pang of sorrow at leaving the present building, which has so often been pronounced unsanitary and unfit for use.

"I suppose you will feel lonesome leaving this building," some one remarked to the Chief.

"Well," said he, smiling, "I don't know, but I think there are generally enough loafers around there to keep anyone from being lonesome."

Stormy At St. Kitts.

St. Catharines, Jan. 17.—The most violent gale of the winter has prevailed here the past twenty-four hours, and last night was accompanied by snow. The cross on the steeple of St. Thomas' Episcopal Church was hurled to the ground, and a new house in the course of erection on Maple street, demolished. In Merrittton a portion of the tin roof of the Canadian colored cotton mills company was torn off.

Last Acts in Revolution.

San Domingo, Jan. 17.—The Port of Monte Cristi, on the north coast, which recently was in the hands of the revolutionists, capitulated to the Government forces yesterday, the latter guaranteeing to protect the lives and property of the rebels. The Dominican gunboat Independence surrendered after her commander had sought refuge on one of the American warships.

Just A Word

—ABOUT—

Toilet Paper

There are as many qualities and grades of Toilet Paper as there are of cloth or any other large articles of merchandise.

There is paper put into rolls and called toilet paper that is nothing but common manilla paper. Beware of that kind, it will clog the sewers and make an expensive job for the man of the house some day.

There is ONE grade however superior to all others; made by the J. C. Wilson Co. of Montreal, and it comes in plain and perforated rolls and pads. This is the only kind we sell, as 25 years' experience has demonstrated beyond a doubt that this is the best and most superior quality on the market.

WHY GLORIFY LAURIER?

The family compact of 1837 did contemptible work against William Lyon Mackenzie in Upper Canada.

The Quebec compact of 1905 did no less contemptible work against F. W. G. Haultain in Upper and Lower Saskatchewan.

If the University of Toronto feels that it is due to honor a public man let it choose its own graduate, Mr. Haultain.

There is nothing in the public career of F. W. G. Haultain which the University of Toronto need fear to honor.

Western Canada is in an advanced stage of political decomposition through the get-rich-quick ideals that rule her politics on both sides.

F. W. G. Haultain is a graduate of Toronto University. More than that, he is NOT a graduate of the get-rich-quick school of political expediency. He has kept his hands clean in a land where clean-handed public men are scarce. He has stood for fair play and political decency. Perhaps he has gone down in a temporary defeat of these principles. Is that a reason why the University of Toronto should be used for the partisan purpose of glorifying the methods by which a tyrant has tricked and beaten down the trust and bravest politician who ever went from the University of Toronto into the public life of Canada?—Toronto Telegram.

WHEN THEY REALLY FIGHT.

Hamilton Herald.

Winston Churchill's good opinion of Canadians is due to his observation of the way the Canadian boys fought in South Africa. How thankful we ought to be that Winston has had no opportunities of estimating Canadians by the way they sometimes fight at elections.

GREEK MEETING GREEK.

Ottawa Journal.

Lord Kitchener is to visit London in the spring. It is said that he will discuss with John Morley, the secretary of India, the question as to whether the military or civil authority shall be paramount in the Empire. If Lord Kitchener holds the view which he seemed to hold when he drove Lord Curzon from the viceroyalty, and if Mr. Morley has not changed his mind lately, an irresistible force will meet an immovable object. The result of such an impact remains purely speculative.

SPLENDID PROGRESS

Canadian Bank of Commerce Business Goes Ahead With Strides.

One of the most progressive, and at the same time one of the most solid, of Canada's financial institutions, is the Canadian Bank of Commerce. During 1905 the business of the bank went ahead with rapid strides. The figures show that after writing off a large sum for bank premises, providing for bad debts, and also providing for the usual dividend, the net fund was increased by \$1,000,000, bringing it up to the magnificent total of \$4,500,000.

The report shows further that during the year just closed the paid-up capital of the bank was increased by an issue of \$1,300,000 of new stock on which the premium was \$564,996. In this regard it might be pointed out, that as the amount of note currency a bank is allowed to issue bears a direct relation to its paid-up stock, it is apparent that by this enlargement of its share capital the Bank of Commerce was put in a much better condition to take advantage of the rapidly growing business of the whole Dominion. It is worthy of note that the paid-up capital of this splendid institution is now \$10,000,000.

During 1905 the increased demands of the west resulted in the bank opening up three new branches in British Columbia, six in Alberta, five in Saskatchewan, and two in Manitoba.

Whiskey His Fate.

Smith's Falls, Jan. 16.—Augustus Sabraw, a fisherman and trapper, met an awful death in a fire which destroyed his home Saturday night. He lived alone in a small shanty on the river bank, three miles from town. About 1.30 neighbors noticed a blaze and found the place enveloped in flames, and trying on the floor inside they could see Sabraw, but could not get near him. The house completely burned up. Both legs and both arms were burned away from the body, and the face and head were gone. Besides his charred remains there lay a large whiskey bottle empty.

Dead Treasurer Short \$4,000. Brockville, Jan. 16.—A muddle in the accounts of the late treasurer of the Township of Augusta has been detected and the unravelling of the tangle shows a shortage of some \$4,000, which cannot be accounted for. Steps are being taken at once to collect the shortage from Scott's bondsmen.

Amazn who is "engaged" has a horror of hearing the subject discussed.

You know, too, there is nothing so good for Bad Stomach and Liver as ABBEY'S SALT.

It's a habit of health to take ABBEY'S SALT.

25c AND 50c A BOTTLE AT ALL DRUGGISTS

THE LETTER BOX

Editor of The Planet:

Dear Sir,—I noticed in last week's Planet, a news item headed "Had a Supper," and as it contained a gross misrepresentation of facts I cannot refrain from correcting the statements made therein, and so doing justice to the parties mentioned. The man who was fined is a much respected citizen of Chatham Township, and in order to express their sentiments in the matter, his neighbors, to the number of sixty-five, gathered together and presented him with a purse containing a sum of money to assist him in paying the fine, which amounted to some \$70. The oyster supper was a delightful fact. Mr. Editor, I was there and helped to dispose of it, but the money to pay for it did not come out of the purse presented to our much respected neighbor. I am thankful to say there are still a number of gentlemen in our community who would scorn to do such a mean action. No sir, we each paid our share of the entertainment out of our own individual pockets. If anyone who subscribed was not included in the invitations to the supper it was purely an oversight, but I have made inquiries and have failed to hear of any who were overlooked.

Thanking you, I remain,

Yours truly,

FAIR PLAY.

A PERFECT FOOD.

That Scott's Emulsion should act so quickly and satisfactorily in all cases of lost flesh and continued wasting is not surprising when its food value is understood. With pure Norwegian cod liver oil, hypophosphites of lime and soda and glycerine, there is combined in Scott's Emulsion the best elements of nourishment and strength building known to medical science. Any physician will tell you this. The use of these ingredients in the proper proportions; the employment of only the purest grade of each, and to combine them perfectly is the secret of the success of Scott's Emulsion. You will not find a more certain way to stop waste, build flesh and strength and supply nourishment than through Scott's Emulsion.

SCOTT & BOWNE, Toronto, Ont.

The older woman gets the less she cares for birthday reminders.

A POINTER to the wise is sufficient. Do you want your laundry done in such a manner that you can point to it with pride? Then we are the people to do your work.

WE SEE to it that every piece of linen that leaves our laundry is turned out in a satisfactory manner, so that you will not receive anything soiled or spotted. That is the kind of service that has made us the leader in laundry work. Our prices are not high, either. TRY US.

THE STAGE

"All the world's a stage and all the men and women merely players."

ANNOUNCEMENTS.

At The Grand—Queen of the Convicts—Jan. 18.

(Supplied to The Planet by Press Agents.)

WILL APPEAR ON STAGE IN BARE FEET.

Selma Herman, The Well Known Actress, Will Be Seen In "Queen Of The Convicts," by Theodore Kremer.

Selma Herman, the well known emotional actress, who is to appear in Theodore Kremer's new play, "Queen of the Convicts," will do some very novel stunts during the action of the piece. In the first act as a peasant girl, she makes her stage entrance with bare feet. Later on she is seen milking a cow, keeping busy at fencing, doing Serbian dances and a flip-flap through a door. The show play is under the management of P. H. Sullivan, a brother of Congressman Tim Sullivan, the well known Tammany leader. He is also a member of that well known theatrical purveyors of melodrama, Sullivan, Harris and Woods. The play is in four acts and twelve scenes, based upon the Queen Draga affair, but after the first act the stage queen is depicted as a good woman. In reality, Queen Draga and her consort were killed, but in the play she is saved by a Yankee lover. The production gives Miss Herman an opportunity to wear eleven elaborate evening costumes.

This attractive play will hold the boards next Thursday evening, Jan. 18th, at the Grand Opera House. It is needless to say that P. H. Sullivan has provided his star with a gorgeous production, novel electrical effects, and a strong acting company.

The Northway Company, Limited

Point Aux Pins Encampment, No. 73, takes place this evening.

Miss Rose Sheldon returned from Paris on Friday last.

Rev. E. Softley, of St. John's church, Morpeth, and Rev. Geo. McCallin, of Trinity church, will exchange pulpits next Sunday. The latter gentleman will preach the anniversary sermon at Morpeth.

Mrs. Hooper Nichol is in attendance on her mother, Mrs. Taylor, who is ill at her home near Seaford.

Miss Brotherton is visiting her sister, Mrs. Wm. Elliott, prior to leaving for the mission fields. She will speak in the Presbyterian church on Wednesday evening.

Mr. R. Coburn is in Highgate this week. Mrs. Coburn left to-day for Stevenson to visit relatives.

Mr. Barr, of Chatham, has been appointed night operator at the P. M. station here.

Miss Laura Putnam, of Detroit, is visiting at Mr. T. W. Pearson's.

The many friends of Mr. James Grist will be pleased to hear that his daughter, Ida, is slightly improved in health and hopes are for a speedy recovery.

Mrs. Sullivan, of Wheatley, is visiting her brother, Mr. Jas. Fues. The telephone office is being removed to H. W. Edmunds drug store.

"The blood is the life." Science has never gone beyond that simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgment are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. No one can be well balanced in mind and body whose blood is impure. No one can have a wholesome and pure life unless the blood is pure. Pure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. When the blood is pure, body and brain are alike healthy, and life becomes a daily happiness.

Free—Dr. Pierce's Common Sense Medical Adviser, 1008 pages, 700 illustrations, is sent free on receipt of stamps to defray expense of mailing and customs. Send 31 one-cent stamps for paper covers, or 50 stamps for cloth, to Dr. R. V. Pierce, 686 Main St., Buffalo, N. Y.

FOR WOMEN AND WOMEN ONLY

Much That Every Woman Desires to Know About Sanative, Antiseptic Cleansing and the Care of the Skin, Scalp, Hair, and Hands.

WHAT CUTICURA DOES FOR WOMEN

Too much stress cannot be placed on the great value of Cuticura Soap, Cuticura Ointment, and Cuticura Pills in the antiseptic cleansing of the mucous surfaces, and of the blood and circulating fluids, thus affording pure, sweet, and economical local and constitutional treatment for weakening ulcerations, inflammations, itching, irritations, relaxations, displacements, pains, and irregularities peculiar to females. Hence the Cuticura remedies have a wonderful influence in restoring health, strength, beauty to weary women, who, being prematurely aged and inclined by these distressing ailments, as well as such sympathetic affections as anæmia, chlorosis, hysteria, and nervousness. Women from the very first have fully appreciated the purity and sweetness, the power to afford immediate relief, certainty of speedy and permanent cure, absolute safety, and the great economy which have made Cuticura the standard humours remedy of the civilized world.

TORTURING HUMOUR Cured by Cuticura, Relief from the First Application.

"I suffered five years with a terrible itching eczema, my body and face being covered with sores. Never in my life did I experience such awful suffering, and I longed for death, which I felt was near. I had tried doctors and medicines without success, but my mother insisted that I try Cuticura. I felt better after the first application of Cuticura Ointment, and was soon entirely well."

Uncle Sam's Lepers. Several years ago the government made a count of the lepers in the United States (mainland) and found 278. About twenty cases have since developed. These lepers are scattered through twenty-one states and territories, but the states of Louisiana, California, Florida, Minnesota and North Dakota have all but forty-eight of them. In Louisiana there are 155 cases. California and Florida have each twenty-four cases. In Minnesota there are twenty and in North Dakota sixteen.

"IT'S ONLY A COLD, A TRIFLING COUGH"

Thousands have said this when they caught cold. Thousands have filled a Consumptive grave through neglect. Never neglect a cough or cold. It can have but one result. It leaves the throat or lungs, or both, affected.

Dr. Wood's Norway Pine Syrup

is the medicine you need. It strikes at the very foundation of all throat or lung complaints, relieving or curing Coughs, Colds, Bronchitis, Asthma, Croup, Sore Throat, and preventing Pneumonia and Consumption. It has stood the test for many years, and is now more generally used than ever. It contains all the lung healing virtues of the pine tree combined with Wild Cherry Bark and other potent remedies. It stimulates the weakened bronchial organs, allays irritation and subdues inflammation, soothes and heals the irritated parts, loosens the phlegm and mucus, and aids nature to easily dislodge the morbid accumulations. Don't be humbugged into accepting an imitation of Dr. Wood's Norway Pine Syrup. It is put up in a yellow wrapper, three pines trees the trade mark, and price 25 cts.

Mr. Julian J. LeBlanc, Belle Glade, N.S., writes: "I was troubled with a bad cold and severe cough, which assumed such an attitude as to keep me confined to my house. I tried several remedies advertised but they were of no avail. As a last resort I tried Dr. Wood's Norway Pine Syrup and one bottle cured me completely."

There is no profit in relating our sorrows. Everybody we tell them to, has got one that he thinks weighs more.

We are always very apt to think him a good conversationalist who patiently listens to what we have to say.

SHE ONLY WRITES.

A woman there was and she wrote for the press (As you or I might do). She told how to cut and fit a dress. And how to stew many a savory mess. But she never had done it herself, I guess (Which none of her readers knew).

Oh, the hour we spent and the flour we spent, And the sugar we wasted like sand, At behest of a woman who never had cooked (And now we know that she never could cook) And did not understand.

A woman there was, and she wrote right fair, (As you or I might do). How out of a barrel to make a chair, To be covered with chinks and stuffed with hair— 'Twould adorn any parlor and give it an air! (And we thought the tale was true).

Oh, the days we worked and the ways we worked To hammer and saw and hack In hammer and chair in which no one could sit Without a creak in his back.

A woman there was, and she had her fun (Better than you and I). She wrote out recipes, and she never tried one, She wrote about children—of course she had none— She told us to do what she never had done (And never intended to try).

And it isn't to tell and it isn't to spoil That brings the cup of disgrace To a woman who didn't know beans (A woman who never had cooked any beans) But wrote and was paid to fill space—
—Congregationalist.

SALE OF YOUNG GIRLS.

Mrs. Chisholm's Statements Contradicted—Galicans in West Indignant. The remarks of Mrs. Chisholm of Winnipeg, at the W. C. T. U. convention in Hamilton recently, have created quite a sensation in Manitoba's capital. Mrs. Chisholm is reported to have asserted that young Galician and other slave girls are frequently sold for \$25 or \$50 to husbands they do not know. Philip Harvey, interpreter of the immigration office at Winnipeg, probably knows more about these people and their customs than any other Canadian in the west. Concerning Mrs. Chisholm's statement Mr. Harvey says: "I think that anyone making such a statement ought to be ashamed of it. How would English people like to have the same said of English girls? It is just as true of the English as it is of the Poles. I know every foreign settlement in the west and I never heard the suggestion of such a thing."

Father Kulawy, Polish priest, is greatly incensed. He declares it is a crime to give utterance to such statements regarding the Galician people. "It is absolutely untrue; it is a pure invention. The Galician people are known as a most docile race; they are sincerely and deeply attached to their children. During my residence among them I saw daily proof of the devotion of the people to their children, and I never on any occasion heard of anything of this character. I think it necessary that the most positive and direct denial should be made to this statement. It is the invention of someone desiring to create a sensation."

In spite of these denials, however, it is said the W. C. T. U. officials have secured information which fully justifies the remarks of Mrs. Chisholm, and the last of the controversy has not been heard.

Salaried Daughters.

When there is need on her work in the home and often help has to be hired to take her place, the daughter should be given a regular salary, approximately the equivalent of what she could earn outside after making allowance for board, room rent and the numerous privileges a girl has in her father's house. The salary should be at least equal to what would have to be paid for the same work if a stranger were called in to do it, and the daughter should be as distinctly defined and tied should be as efficiently performed. This is a very different thing from an allowance without definite duties.

I know of several families where this plan has worked successfully, says a correspondent. In one instance the daughter, while unmarried, became a capable housekeeper and manager, buying all supplies and relieving both parents of care and annoyance, for which she received a housekeeper's wages at the end of every month. Another, whose mother is an invalid, gets a weekly envelope containing the same amount that would have been paid a nurse. Both these salaried daughters were happy, contented and efficient, and each had a feeling of independence and self-reliance never to be attained under the "allowance" system or the usual haphazard appeal to father for money to gratify needs or whims.

Money in Cheese.

The Township of Finch has the smallest area of any township in the United Counties of Stormont, Dundas, and Glengarry, but it has 18 cheese factories within its boundaries and five factories near the boundary lines in the adjoining townships to which farmers of Finch furnish milk. The dairymen of Finch will be paid (approximately) from \$400,000 to \$450,000 for their milk as patrons of the afore-said factories during the season of 1906.

A Brown Bear.

A large brown bear was seen by hunters in the vicinity of Mr. Sam Jamieson's, near Lindsay, last week. Several young pigs have disappeared from farmers throughout that district of late, as the mystery is now practically solved. The hunters tracked him to his retreat, where they found quite a meat store established under the roots of a partly upturned elm tree.

CARE OF THE HAIR.

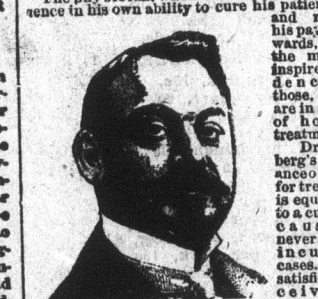

Scalp Should Be Cleaned Carefully and a Soft Brush Used.

Dr. George W. Spencer, writing in the American Physician on the care of the hair and scalp, says: "Boys and men think they have to have their scalps and hair scrubbed with soap and water and then dried by violently rubbing with a rough towel, or submitted to a most wonderfully beneficial preparation, called a shampoo, which leaves the scalp in a tender and congested condition favorable for infection and sensitive atmospheric changes."

"The cleaning of the scalp should be very carefully and tenderly performed, using warm water with a mild soap, rubbing in gently and with the ends of the fingers, then rinsing with tepid water and drying by gently pressing the hair and scalp with a very dry towel, continuing until thoroughly dry, or, better still, dry it by fanning. If any application is necessary to bring hair thus dried into shape, dampen with a bi-chloride of mercury solution of one two-hundredths."

"Ordinarily this thorough cleaning need not be done oftener than once a week, and in the interim the hair needs only to be brushed with a soft brush without allowing the brush to scratch the scalp. The stiff brush, and especially that most injurious of all brushes, the millitary brush, which is frequently used for months several times daily until it becomes filled with dirt, can only be of vigorous scratching as well as breaking the hair."

He Will Cure You First Then You Pay Him

The physician, who has not sufficient confidence in his own ability to cure his patient first and receive his pay after wards, is not the man to inspire confidence in those in search of honest treatment. Dr. Goldberg's success in curing cases of rheumatism, neuralgia, sciatica, and other painful conditions, is a testament to his skill and honesty. He guarantees a cure, or he pays the patient's expenses. This is a bold claim, but one that has been proven time and time again.

Dr. Goldberg has 14 diplomas and certificates from the various colleges and state boards of medical examiners, which should be sufficient guarantee as to his standing and ability. It guarantees that he has failed to cure you, it will be to your advantage to get the doctor's opinion of your case free of charge. He wants to hear from patients who have been unable to get relief from their pain. He is not only a doctor, but a man of integrity. He will cure you first, then you pay him.

TOWNSHIP COUNCILS

HARWICH COUNCIL.

The first meeting of the council of Harwich was held on Monday, Jan. 8th, at 11 a. m. The following members elect were present and took the necessary declaration of qualification: Richard Young, Reeve, H. B. Clark, W. J. Corlett, Geo. S. Gerber and John T. Walters, Councillors. The minutes of Dec. 11th, 15th and 20th were read. The Reeve objected to a resolution of the 11th reading of Arnold and Langford during high water at Kent Bridge, contending that the grant should only be made when floods necessitated it, and the grant was too high. Moved by Clark and Corlett, that the resolution of Bentley and Huffman of Dec. 11th re granting of \$25 annually to Langford and Arnold for use of road through their lands be amended by striking out the word "annually" and inserting the word "yearly". Carried. The following applications were received for office: Sanitary Inspector, James McVittie; J. M. Burk; assessor, James McMullin, Hooper King and John Ferris; township engineer, J. W. Shackleton and Code & Code.

There were a number of accounts passed. Moved by Clark and Corlett, that the provisional adoption of the Zink Whelan and Lufce drain be adjourned until Feb. 12—Carried. Moved by Gerber and Walters, that the Clerk write Mr. J. Campbell to report to the council forthwith a statement of the unfinished work of the contractors and the time contracts were to be completed—Carried. Moved by Gerber and Corlett, that the Clerk request the commissioners to report to the council any unfinished work of past year in Wards 1, 2 and 4—Carried.

Thomas Warwick made application for tile drain loan of \$100. Application received and entertained. By-laws for the appointment of assessor, commissioners for the wards, and appropriations for same were passed.

On motion of Clark and Corlett, the salary of the assessor was fixed at \$150, he to fulfil the requirements of the statutes generally. Following were the appointees: Assessor, James McMullin; sanitary inspector, James McVittie; member of Board of Health for three years, John S. Laird, Dr. S. B. Storey, M. H. O.; appropriations, \$500 for each ward and \$200 for gravel funds and \$125 for townships.

GEO. M. BAIRD, Clerk.

RALEIGH COUNCIL.

The above Council met in the Town Hall on Jan. 8th, 1906, pursuant to stated notice. Present—L. A. Pardo, Reeve-elect; Jas. Wellwood, Ed. Skyes, Fred C. Jenner and Wm. J. Shreve, councillors-elect.

The necessary statutory declarations were subscribed to and filed with the clerk. The members of the December meeting were read and confirmed. Applications for the position of Medical Health Officer were received from J. C. Bell, S. N. Young and C. B. Elverson. Applications for Assessor were received from Robert Ellis and A. S. Gihula.

J. W. Shackleton, C. E. and S. S. Coke, C. E., wrote asking for share of township engineering. O. C. Lesner, Div. Engineer for P. M. Ry. Co., wrote that the company would lower the culverts at the Four-Road road and Wright drains, and would meet the Council at its next meeting.

The clerk of Harwich forwarded a copy of a resolution passed by the Council of Harwich instructing Engineers Bell and McCubbin to survey and report on an outlet for the waters of the Lake and Gregory drains. A notice was received from Walker and Reeve, solicitors for George Laurie that if the bridge on the 7th Con. road, over the Waddick drain, was not enlarged he would hold the township responsible for damages caused to his lands.

A certificate was received from Wm. Watts, that L. B. Marshall had done the statute labor on the 13th Con. for the Leithbridge place. Allowed. Brady stated that Jas. Prescott had been assessed for a dog, but had moved into Harwich last March and dog was poisoned soon after. Ordered struck off.

An account from J. Piggott, \$6.18, for material for bridge over Simmons drain, on Middle Road, and certified to by John A. Stringer to be correct, was referred to the Commissioner of Div. No. 4, with power. Jas. Shigen submitted report of having a dam removed from the Miller drain, and the drain completed. Balance Co. fees \$2. Report adopted and Com. fees ordered paid, on motion of Shreve and Jenner.

Ed. Skyes reported that he had the Wright drain extension completed. Com. fees \$10. The matter of building a new Town Hall was considered. The Reeve stated that to build a hall according to the plans presented some years ago would cost \$3,000, but the matter should be submitted to the people for a vote.

A committee from the Foresters at Paxton waited on the Council and offered to rent their hall for municipal purposes for \$60 per year and furnish wood, light and a janitor.

FOUR SECRET DISEASES THAT WRECK MEN

Nervous Debility
Do you feel that you are not the man you once were? Do you feel tired in the morning and easily exhausted? Do you have difficulty in concentrating your thoughts? Do you notice a loss of ambition? If you suffer from any or all of the above symptoms you certainly do not desire to remain so. What you want is a reliable, safe, and quick remedy. We cure it in 30 to 60 days. Quick results. Lasting cures.

VARICOCELE
This is an enlarged condition of the veins (usually more noticeable on the right side) caused by excessive bicycling and dissipation. In time it saps a man's physical and sexual strength.

Blood Poison
may be either hereditary or contracted. The former causes eczema, etc. The latter begins with a small eruption in the throat, which has the appearance of white patches, spots or sores on the body, face or scalp, falling hair and terrible symptoms, such as paralysis or locomotor ataxia, cancerous growths, decayed bones and mental prostration.

STRICTURE
causes a partial or complete closure of the urinary canal due to a disease improperly treated, strains and the injudicious use of instruments, such as sounds or by strong injections.

WE CURE IT IN 30 DAYS
by absorption. No pain, no operation.

WE DO NOT TREAT ALL DISEASES, BUT CURE ALL WE TREAT OR MAKE NO CHARGE.

We want every man who requires medical aid to read carefully what we say here, and if he is desirous of obtaining our opinion he may have it FREE of charge. If you cannot call, write for Question Blank and particulars regarding our New System today. Every case guaranteed or money refunded. No risk. Consultation Free. Books Free. If unable to call, Question Blank sent for Home Treatment.

DRS. KENNEDY & KERGAN
609, MICHIGAN AVE. AND SHELBY ST., DETROIT, MICH.

District Doings

EAST BRANCH.
Mr. Aldridge, of Port Dover, spent Sunday last the guest of Mrs. G. McKie.
Mrs. Little and son Charles are spending the winter with friends in Michigan.
Wm. George, of Tupperville, was through here on commission work last week.
Miss Kate Shaw spent Saturday in Chatham.
The Sydenham is frozen over and is safe for crossing and skating.
Mr. Simon Smith is still confined to his room.
Miss Maudy Little spent Saturday in town the guest of Mrs. F. Falstead.
The Otter Creek Sunday school entertainment comes off on Tuesday night, Dec. 26.
Geo. Carley and family have moved into J. M. Richardson's house, which was recently vacated by Mrs. Carpenter and family, the latter having moved to Wallacetonburg.

It Quiets the Cough

This is one reason why Ayer's Cherry Pectoral is so valuable in consumption. It stops the wear and tear of useless coughing. But it does more—it controls the inflammation, quiets the fever, soothes, heals. Ask your doctor about it. We have no secrets! We publish the formulae of all our medicines.

providing a satisfactory agreement be entered into.
Moved by Skyes and Wellwood, that the Council accept the offer of the committee of Foresters and that the meetings of the Council be held in the Foresters' Hall, Baxton, until further notice.
A account of \$7 from Mr. Jahnhke, for removing Michael Dooley to St. Joseph's Hospital, from H. Flaherty's, was referred to the Reeve with power.
Several parties were paid for sheep killed by dogs.
Moved by Skyes and Wellwood, that the clerk be instructed to have a petition drafted to be forwarded to the Provincial Legislature at its next session, praying that the Assessment Act be amended in so far as to remove the assessment from buildings in townships, and a copy of the petition be forwarded to the adjoining townships and the County Councils, asking them to co-operate in the matter.

Are You Tired, Nervous and Sleepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are starved nerves. Dr. Pierce's Golden Medical Discovery cures pure blood, and thereby the nerves are properly nourished and all the organs of the body are run as smoothly as machinery. It runs in the blood, in the way you feel clean, strong and vigorous—you are toned up and invigorated, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are lasting. The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper the badge of Honesty, in a full list of all its several ingredients. For the druggist to offer you something, he claims is "just as good" is to insult your intelligence.

Every ingredient entering into the world-famed "Golden Medical Discovery" has the unanimous approval and endorsement of the leading medical authorities of all the several schools of practice. No other medicine sold through druggists for like purposes has any such endorsement. The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root, in all stomach, liver and bowel troubles, as in dyspepsia, biliousness, constipation, ulceration of stomach, and nervous and chronic ailments, but the Golden Seal root used in its compound is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherrybark, Bloodroot, Mandrake root and chemically pure triple-refined glycerine.

"The Common Sense Medical Adviser" is sent free in paper covers on receipt of 21 one-cent stamps to pay the cost of printing and mailing only. For 30 stamps the cloth-bound volume will be sent. Address Dr. R. V. Pierce, Buffalo, N. Y. Dr. Pierce's Pleasant Pellets cure constipation, biliousness and headache.

To SECURE A Good Situation

YOU must have a good business education. It will pay best to secure it in a large, reliable school, well known to business men as employers for thorough work and competent graduates. Local Briefs

A meeting of the officers of the 24th Regiment will be held in Col. Rankin's office, Fifth St., to-morrow evening at eight o'clock, sharp.

Buyers paid to-day in this city for light butcher's hogs \$8.25 to \$8.30. Sows brought 6 1/2c, and stags from 3c to 4c, according to quality.

Wanted, man who can speak French and English fluently to canvas for implement business in French district. Write, stating wages and reference, to Box 1020, Chatham.

Mrs. Joe Jeffery left to-day for Detroit, having received word that her husband was seriously burned while working in a moulding shop. Mr. Jeffery formerly resided in Chatham, here from Galt. He left a couple of weeks ago for Detroit, where he secured a position.

James Gray, Lansdowne avenue, left to-day for Scouffville. He received a telegram this morning to the effect that his father was seriously injured while moving a building. Mr. Gray has many friends in this city who hope that his father's injury may prove less serious than they at present believe it to be.

Miss Agnes O'Reilly, Colborne St., entertained the girls of the St. Joseph's Church Choir last evening to a masquerade party. Each of the girls came dressed to represent some character, and a very jolly evening was spent. Some of the costumes were very amusing and provoked much mirth for the party. Among the characters represented were, Geo. Washington and lady, Admiral Dewey and lady, the Duke and Duchess of Wales, the Prince and Princess of Wales, and Miss Alice Roosevelt. Miss O'Reilly was voted a capital hostess.

O'MARA-TAYLOR

A very quiet wedding was solemnized this morning, when Miss Mamie Taylor, daughter of Mr. and Mrs. Edward Taylor, Queen St., was united in marriage to Mr. Michael O'Mara, of Chicago. The event was a very interesting one, as Miss Taylor is a most popular Chatham girl, and the groom is also well and popularly known here. They will reside in Chicago, where Mr. O'Mara holds a lucrative position. They are followed to their new home by the good wishes of a host of friends.

Fly from pleasure that bites tomorrow.

A sharp report sometimes will bring an angry man to his senses.

22 WORKMEN ARRESTED

Included All Members of Their Council in St. Petersburg.

Police Seize Much Correspondence and Many Documents Which Are Expected to Reveal the Revolutionary Ramifications Throughout Russia—Disorders Within Sight of Tsarsko-Selo—Banner-Bearer Murdered.

St. Petersburg, Jan. 17.—All the members of the Workmen's Council, numbering 22 persons, were arrested during Monday night. The police seized many revolutionary documents and a mass of correspondence.

The police also discovered the headquarters from which the propaganda in the army and navy has been conducted and seized important documents, including a cipher list, through which it is expected the ramifications of a wide organization will be revealed. Two girls, dentists, who were in charge of the headquarters, and a score of soldiers and sailors have been arrested.

Realizing that reforms in the army and navy must come from above, the Council of National Defence has determined upon a thorough house-cleaning, cashiering and relieving by wholesale officers who showed incompetency or culpability in the recent troubles. Seven officers of the mutinous Rostoff Grenadiers were dropped recently, and it is expected that seventy officers of the Black Sea fleet will be tried by court-martial.

Disorders Close to the Czar. The agrarian disorders which have broken out in the outskirts of St. Petersburg have assumed an ugly mood. The peasants have sacked the estates of the Duke of Mecklenburg-Strelitz and Prince Korsikoff and have burned the buildings on an estate in the district of Tsarsko-Selo almost in sight of the Emperor's palace.

The terrorist organization is including in its death roll, not only officials but the leaders of the conservative organizations. A despatch from Smolensk, Middle Russia, says that President Koutoff of the League of Banner Bearers, formed to defend the autocracy, has been murdered at his residence, and the terrorists, who operated with the most boldness, and left a notice to the effect that a similar fate will befall all the members of the League of Banner Bearers.

UNITED MINE WORKERS.

President Mitchell Thinks Workers Should Share in Present Prosperity. Indianapolis, Jan. 17.—The seventh annual convention of the United Mine Workers of America opened yesterday. Practically all of the 1,200 delegates were on hand when President John Mitchell called the convention to order.

In the hall, besides a number of coal operators, were representatives of several railroads and other coal consuming interests. The report of the credentials committee showed 1,461 local unions represented. The paid membership of the union is over 300,000, 41,677 having been gained in the anthracite field.

In his address President Mitchell recognized the fact that there is little sentiment and no philanthropy in the determination of our general wage agreements; however, it appears to me that inasmuch as we gave relief to our employers by accepting a lower rate of wages at a time when there was little demand for coal, and when prices were falling below a profitable margin, they should reciprocate voluntarily and share with us their present and prospective prosperity.

"And I recommend that the scale committee take these facts into consideration in the formulation of their report."

SET ASIDE

Judge Bell Annuls Award of Engineer McDonnell in Dover Case

Before his honor Judge Bell in Chambers this morning Messrs. Lamb and Kennedy, of Dover, appeared to have the award of Engineer McDonnell, under the Ditches and Watercourses Act, set aside, complaining that the outlet was insufficient. Mr. Houston appeared for the appellants; the respondents John and Wm. Harris appeared in person, and J. M. Pike was present in the interests of Dover Township.

Judge Bell granted the appeal and set aside the award.

SHARPE-BOOTH

The wedding takes place this evening of Miss Clara, daughter of Mr. and Mrs. John J. Booth, to Mr. Frank Sharpe, all of this city, at the residence of the bride's parents, Arnold Street. Both are popularly known here. The groom is a prosperous young man holding a responsible position in the Pere Marquette freight offices here, and the son of ex-Mayor J. W. Sharpe, of Dresden.

The Rush is On

At Austin & Co's Great Clearance Sale of Men's and Boys' Clothing.

Special showing and selling of Boys' Suits and Overcoats

This week at the January Clearance Sale

Never before such furious clothing selling in January. We are shattering records and turning the dull season of trade topsy-turvy. The magnificent bargains we are sowing broadcast has set all tongues wagging, and filled the buying public with satisfaction and gratitude. These are days when we lose money wisely. We let profit and some of the cost go, that we may enter the spring markets with empty tables and shelves and ready cash. This is good business and explains why these cut prices are made. Don't wait, for you can't get here too soon. The best goes first, and no more goods to be had at this price.

"CANADIAN" RUBBERS

THE WALKING FEVER.

One Phase of "Yellow Jack" That Is Particularly Dangerous.

"In the south they have lately had 'yellow fever,' said a lady who is an exile from Mobile because of the sickness, 'but one of the sources of the disease is of a peculiar character. It is distributed by persons who have what is called the 'walking fever.' They go about their business or affairs while the fever is latent in them, but still of a malignant and contagious character. A victim in whom the disease is established, and who is put to bed, by reason of coming in contact with but few persons rarely becomes a focal point of its spread, but the victim who still moves about distributes the malignant taint to many. The curious thing about these sufferers is that they keep on going about till they simply fall down and quickly die. They have a headache and stiff joints, but their temperature is little above normal, and they attribute their sickness to other than the serious causes which give rise to it."

"In a previous invasion of yellow fever in the south, I remained until late to leave my home. The quarantine was imposed, and its terms were executed with cruel fidelity. A gentleman living in my street, a merchant, gave his whole attention and time to health work. Our street is on high ground and is kept in the best possible sanitary condition. The gentleman came home daily and one evening fell fainting in

the street. That night he died. Not a house in the row, some thirty of them, was spared by the dread visitant. We were able to trace from him the progress of the malady that twice decimated the residents of the street within twelve days."

"A woman friend of mine in New Orleans had the walking fever during the current outbreak of the disease. She communicated it to her family, and now all of them, eight in number, are dead."—New York Herald.

The Practicability of Airships.
The mists of the future still hide the airship that will be used as a conveyance, making regular trips, carrying people to and fro above the earth on business and pleasure, but the coming of the practical ship is inevitable. I will not venture to say how soon it will arrive, but I think that many who are now alive will move over the housetops in airships, when most houses will have entrances on their roofs. I have no faith in the idea that flying machines may be devised for single individuals or that the correct principle may be found by studying and copying the flight of birds. When such plans are suggested I am reminded of the ideas and efforts of inventors who a century ago tried to make locomotives with four legs to operate like horses. The thought of these mechanical experts was that, since the horse moved more rapidly across the land than almost anything else with which they were familiar, it followed that any mechanism that was to attain a greater speed would have to be constructed and operated in a similar way.—Success.

Never put off till to-morrow.

WHY CAN'T I EAT LIKE OTHER MEN DO?

WHY?—BECAUSE YOU'RE A SLAVE TO DYSPEPSIA—INDIGESTION—OR OTHER STOMACH DERANGEMENTS THAT ONLY CAN BE REACHED AND CURED BY SUCH A TRIED AND TRUE REMEDY AS

Dr. Von Stan's Pine-apple Tablets

RELIEF IN ONE DAY

Ask half the men or women who have stomach troubles, why it is so and they will tell you that they have to live in such a constant hurry that they have no time to keep well,—if the great army of stomach troubled people would take Dr. Von Stan's Pine-apple Tablets as a traveling companion, from a health standpoint, life would be all sunshine,—they are a veritable vest pocket doctor,—they act directly on the digestive organs,—a

pure fruit pepsin that is pleasant to take,—powerful in the work it does,—but as harmless as milk,—helps all the stomach distresses immediately and will give good relief to the most acute cases in one day.—You go about your business,—eat hearty meals,—take all the pleasures as they come, and as you do so the Doctor plays his part and works permanent cures.

35 cents a box at all Druggists and Medicine Dealers.

ORDERED CLOTHING DEPARTMENT

THE LUST OF HATE

BY GUY BOOTHBY

Author of "A Beautiful White Devil," "A Bid For Fortune," "The Marriage of Esther," "Or Nikola," Etc

Continued from Yesterday.

"I really cannot tell you," she answered, without hesitation, "I was leaning against the rails of the hurricane deck talking to Miss Dursley and Mr. Spicer, when something behind me gave way, and then over I went backward into the water. Oh, you can't imagine the feeling of utter helplessness that came over me as I rose to the surface and saw the great ship steaming away. Then you nobly sprang in to my assistance, and once more hope came to my heart. But for you I might now be dead, floating about in the depths of that great sea. Oh! it is an awful thought."

She trembled like a leaf at the notion and, swept her pretty hands across her face as if to brush away the thought of that great sea.

"It was a very narrow escape," I said. "I must confess myself that I thought the boat would never reach us. And how cool and collected you were!"

"I would have meant certain death to have been anything else," she answered. "My father will be indeed grateful to me when he hears of your bravery. I am his only child, and if anything were to happen to me I don't think he would survive the shock."

"I am very grateful to Providence for having given me such an opportunity of doing something so terrible a sorrow," I said. "But I fear, like everyone else, you attach too much importance to what I did. I simply acted as any other decent man would have done had he been placed in a similar position."

"You do not do yourself justice," she said. "But, at any rate, you have the satisfaction of knowing, if it is any satisfaction to you, that Agnes Maybourne owes her life to you, and that she will not forget the service you have rendered her."

The conversation was growing embarrassing, so I turned it into another channel as soon as possible. At the same time I wanted to find out something which had been puzzling me ever since I had first seen her, and that was where I had met her before. When I put the question she looked at me in surprise.

"I do not wish to ask you," she said, "that I wish to ask you to rather a strange reason. On the night before we sailed, you must understand, I was sleeping at the house of an aunt who lives a few miles out of Southampton. I went to bed at ten o'clock, and a rather exciting day, feeling tired. Almost as soon as my head was upon the pillow I fell asleep, and did not wake until about half-past twelve o'clock, when I suddenly found myself wide awake sitting up in bed with a man's pale and agonized face staring at me from the opposite wall. For a few moments I thought I must be still asleep, and dreaming, or else seeing a phantom. Almost before I could have counted five it faded away, and I saw no more of it. From that time forward, like yourself, I was haunted with the desire to remember if I had ever seen the man's face before, and, if so, where. You may imagine my surprise, therefore, when I found the owner of it sitting before me on the hatch of the very steamer that was to take me to South Africa. Can you account for it?"

"Not in the least," I answered. "Mine was very much the same sort of experience, only that I was wide awake and driving down a prosaic London street when it happened. I, too, was endeavoring to puzzle it out the other day when I looked up and found you standing on the deck above me. It seems most uncanny."

"I may have been a warning from Providence to us, which we have not the wit to understand," she said. "A warning it certainly was," I said truthfully, but hardly in the fashion she meant. "And one of the most mortal men."

"A fortunate one for me," she answered with a smile, and then offering me her dainty little hand, she bade me "good-bye," and went up the steps again to the hurricane deck.

From that time forward I saw a good deal of Miss Maybourne, but much so that we soon found ourselves upon comparatively intimate terms. Though I believe to others she was inclined to be a little haughty, to me she was invariably kindness and courtesy itself. Nothing could have been more pleasant than her manner when we were together, and you may be very sure, after all that I had lately passed through, I could not but be taken out of my miserable state of depression, and, after so many years of ill-fortune, to be treated with consideration and respect, made me feel towards her as I had never done to a woman in my life before. I could have fallen at her feet and kissed her shoes in gratitude for the luxury of my conversation with her. It was when I went off that night to see that photograph in the second officer's cabin. Had I not been there I should have probably never heard of Miss Maybourne again. In the case she would most certainly have been forgotten, for I knew that, unaided and weighed down by her wet clothes as she was, she could never have kept afloat. I did, however, remember her. Strange as it may seem, I could not help deriving a sort of satisfaction from this thought.

It was evident that my refusal to accept the captain's kind offer to take possession of the rest of the voyage, of the vacant berth, had created a little surprise among the passengers.

still, I believe it prejudiced the majority in my favor. At any rate, I soon discovered that my humble position afforded me no sort of difference in their treatment of me; and many an enjoyable pipe I smoked, and twice as many talks I had with one and another, sitting on the cable range, or leaning over the bows watching the vessel's nose cutting its way through the clear green water.

One morning, after breakfast, I was forrard watching the effect just mentioned, and, as usual, thinking what sensations would be if I should be arrested at Tenerife, when I heard footsteps behind me. On looking round I discovered Miss Maybourne and the skipper coming towards me.

"Good morning, Mr. Wrexford," said the former, holding out her hand. "What a constant student of nature you are, to be sure. Every morning lately I have seen you standing where you are now, looking across the sea. My curiosity could hold out no longer. This morning I asked Captain Hawkins to escort me up here in order that I might ask you what you see."

"I'm afraid you will hardly be repaid for your trouble, Miss Maybourne," I answered with a smile, as the captain after shaking hands with us to speak to one of the officers who had come forrard in search of him.

"But surely you must see something—King Neptune, or at least a mermaid," she persisted. "You are always watching the water."

"Perhaps I do see something," I answered bitterly. "Yes; I think you are right. When I look over the sea like that I am watching a man's wasted life. I see him starting on his race with everything in his favor that the world can give. I see a school career of mediocrity, and a university life devoid of any sort of success; I can see a continuity of profitless wanderings beginning to end in a life of poverty, and another just commencing ahead of grace behind and disgrace ahead."

"I think that is the picture I have before me when I look across the sea, Miss Maybourne. It is an engrossing, but hardly a pretty one, is it?"

"You are referring to your own life, I suppose," she said, quietly. "Well, all I can say is that, from what I have seen of you, I should consider that you are hardly the man to do yourself justice."

"God forbid," I answered. "If I were to do that it would be impossible for me to live. No; I endeavor, as far as I am able, to forget what my past has been."

She approached a step closer to me, and placed her little white hand on my arm as it lay on the bulwark before her.

"Mr. Wrexford," she said, with an earnestness I had not hitherto noticed in her, "I hope you will not consider me impertinent if I say that I should like to know your history. Believe me, I do not say this out of any idle curiosity, but because I hope and believe that it may be in my power to help you. Remember what a debt of gratitude I owe you for your bravery the other night. I cannot believe that a man who would risk his life as you did then, can be the sort of man you can trust me sufficiently to tell about yourself."

"What there is to tell, with certain reservations, of course, you shall hear. There is no one to whom I would confess so readily as to yourself. I will not insult you by asking you to let what I tell you remain a secret between us, but I will ask you to try not to judge me too harshly."

"You may be sure I shall not do that," she replied; and then realizing what her words implied, she hung her head with a pretty show of confusion. I saw what was passing in her mind, and to help her out of her difficulty plunged into the story of my miserable career. I told her of my old home in Cornwall, of my mother's death, and of my father's antipathy to me on that account. On my Eton and Oxford life I dwelt but lightly, winding up with the reason of my being "sent down," and the troubles at home that followed close upon it. I described my bush life in Australia, and told her of the great disappointment to which I had been subjected over the gold mine, suppressing Bartrand's name, and saying nothing of the hatred I had entertained for him.

"I decided that," I said in conclusion, "Ia, and, having inherited a little money from my father, came home, intending to get something to do and to settle down in England. But I very soon tired of England, and hence my reason for going out to seek my fortune in South Africa. Now I think I have given you a pretty good idea of my past. It's not an edifying history, is it? It seems to me a person might moralize very satisfactorily upon it."

"It is very, very sad," she answered. "Oh, Mr. Wrexford, how bitterly you must regret your wasted opportunities."

"Regret!" I said. "The saddest word in the English language. Yes, I think I do regret."

"You only think? Are you not sure? From your tale one would suppose you were very sorry."

"Yes, I think I am. But how can I be certain? The probabilities are that if I had my chance over again I should do exactly the same."

"It's not a pretty thought, perhaps, to think that one's bad actions are the outcome of a bad nature, but one is compelled to own that it is true."

"You mustn't talk like that," Mr. Wrexford, she cried. "Indeed, you mustn't. In all probability you have a long life before you; and who knows what the future may have in store for you? All this trouble that you have suffered may be to fit you for some great success in after life."

"There can never be any success for me Miss Maybourne," I said, more bitterly than I believe I had spoken yet. "There is no chance at all of that. Success and I parted company long ago. I can never be reconciled to each other again. To the end of my days I shall be a lonely, homeless man, without ambition, without hope, and without faith in any single thing. God knows I am paying dearly for all I have done and all that I have failed to do."

Gray's Syrup of Red Spruce Gum For Coughs and Colds.

DETECTIVE JAILED.

Was Hunting Chinamen for Smuggling and "Stop Thief" Cry Went Up. Montreal, Jan. 16.—Frederick Herst, a young Swede, yesterday underwent an operation in the Royal Victoria Hospital. A piece of shell received in battle in South Africa is being removed from his side.

All last week Herst refused to be operated upon, because he was under indictment for attempted theft, but on Saturday there was a sensation when it was learned that he was the victim of a body of Chinamen, one of whose number he was hunting on behalf of the customs authorities. The Chinaman escaped from the Corinthian at St. John, N. B., without paying the poll tax, and Herst, who knew him, was sent up here to find him. While searching a house the Chinaman raised a cry of thief and had him arrested. He was honorably acquitted and immediately fainted. He speaks nine languages.

"I decided that," I said in conclusion, "Ia, and, having inherited a little money from my father, came home, intending to get something to do and to settle down in England. But I very soon tired of England, and hence my reason for going out to seek my fortune in South Africa. Now I think I have given you a pretty good idea of my past. It's not an edifying history, is it? It seems to me a person might moralize very satisfactorily upon it."

"It is very, very sad," she answered. "Oh, Mr. Wrexford, how bitterly you must regret your wasted opportunities."

"Regret!" I said. "The saddest word in the English language. Yes, I think I do regret."

"You only think? Are you not sure? From your tale one would suppose you were very sorry."

"Yes, I think I am. But how can I be certain? The probabilities are that if I had my chance over again I should do exactly the same."

"It's not a pretty thought, perhaps, to think that one's bad actions are the outcome of a bad nature, but one is compelled to own that it is true."

"You mustn't talk like that," Mr. Wrexford, she cried. "Indeed, you mustn't. In all probability you have a long life before you; and who knows what the future may have in store for you? All this trouble that you have suffered may be to fit you for some great success in after life."

"There can never be any success for me Miss Maybourne," I said, more bitterly than I believe I had spoken yet. "There is no chance at all of that. Success and I parted company long ago. I can never be reconciled to each other again. To the end of my days I shall be a lonely, homeless man, without ambition, without hope, and without faith in any single thing. God knows I am paying dearly for all I have done and all that I have failed to do."

Life is a basket, not precious in itself, but valuable in proportion to what fortune, or industry, or virtue has placed within it.

WOMEN'S NEGLECT

SUFFERING THE SURE PENALTY

Health Thus Lost is Restored by Lydia
E. Pinkham's Vegetable Compound.

How many women do you know who
are perfectly well and strong? We
hear every day the same story over and
over again: "I do not feel well; I am
so tired all the time!"

Miss Clara Beaubien

More than likely you speak the same
words yourself, and do doubt you feel
as from well. The cause may be easily
traced to some derangement of the fe-
male organs which manifests itself in
depression of spirits, reluctance to go
anywhere or do anything, backache,
bearing-down pains, flatulency, nerv-
ousness, sleeplessness, leucorrhoea.

These symptoms are but warnings that
there is danger ahead, and unless
checked a life of suffering or a serious
operation is the inevitable result.
The never-failing remedy for all these
symptoms is Lydia E. Pinkham's Vege-
table Compound.

Miss Clara Beaubien, of Beauport,
Quebec, writes:

Dear Mrs. Pinkham:

"For several years I have suffered with
a female weakness which proved a serious
drain on my vitality, sapping my strength
and causing severe headaches, bearing-down
pains and a general worn-out feeling, until I
really had no desire to live. I tried many
medicines, but did not get permanent relief
until I took Lydia E. Pinkham's Vegetable
Compound. In two months I was much bet-
ter and stronger, and in four months I was
well; no more disagreeable discharge, no
more pain. So I have every reason to praise
the Vegetable Compound, and I consider it
without equal for the ills of women."

If you are ill, don't hesitate to get a
bottle of Lydia E. Pinkham's Vege-
table Compound at once, and write to
Mrs. Pinkham, Lynn, Mass., for special
advice—it is free and always helpful.

REFUSES THE KING PAPERS.

Governor-General of Australia Says
They Are Too Controversial.

London, Jan. 16.—(C. A. P.)—Lord
Northcott, Governor-General of Aus-
tralia, has declined to forward to the
King copies of the resolutions passed
at a meeting at Melbourne protesting
against the action of both Houses of
Parliament in voting in favor of home
rule for Ireland. He takes that po-
sition as the matter is of a controver-
sial character.

MORE DEADLY THAN FAMINE.

Neglected catarrh sooner or later
causes consumption, which destroys
more human beings than famine and
war combined. The way "Catarrh-
zone" cures catarrh is very simple: it
first kills the germs that cause the
irritation; then it soothes away the
congestion and inflammation it
cures the discharge, hawking
and drooping in the throat. "I
suffered so continually from nasal cat-
arrh," writes Ernest R. Dakin, of
Rosenmont, "that I scarcely knew
what it was to be free from head-
ache and pain over the eyes. Catarrh-
zone relieved me at once and made
a thorough cure." No other remedy
cures like Catarrhzone—try it for
yourself next cold.

'Phones For the Farmers.

Clearwater, Man., Jan. 16.—Progres-
sive farmers of this district decided
yesterday to join the independent
Telephone Co., and it is ex-
pected that every farm house for miles
around will have a phone. The farm-
ers themselves will put up the posts
and wires, and the initial expense will
be less than \$50 each.

CROUP IS DEADLY.

It must be stopped quickly. Nothing
so sure as Nervine. Give it in-
ternally, and rub it on chest and
throat—croup soon vanishes. No
doctor can write a more efficient
prescription than Polson's Nervine,
which reaches the trouble and cures
quickly. The marvelous power of
Nervine will surprise you: it's the
best household remedy for coughs,
colds, sore chest, croup, and internal
pain of every kind. Large bottles
have been sold by all dealers for
nearly fifty years at 25c.

To the Convict Stockade.

Fort Worth, Texas, Jan. 16.—Friends
of Dr. C. H. Harle have been
advised that he and the two other de-
fendants, Richardson and Mason, un-
der sentence of death in Chihuahua,
Mexico, for the alleged poisoning of
two Americans, policyholders of a life
insurance company of New York, will
not be executed in accordance with the
court's decree by being shot, but will
be sent to the convict stockade on the
islands in the tropics, off the coast of
the republic, to serve terms of 20 years
each at hard labor, presumably in the
salt mines.

SORE THROAT AND COUGHS.

A simple, effective and safe remedy
for all throat irritations is found in
Crescote's Antiseptic Tablets.
They combine the germicidal values
of Crescote with the soothing prop-
erties of slippery elm and licorice.

NOVA SCOTIA'S DEMAND

Views Presented to Tariff Com-

mission at Amherst.

Vice-President of Canadian Manu-
facturers' Association Voices a Demand
For an Increase in Protection—
What It Would Do For the Inter-
colonial Railway Outlined—U. S.
Still Sends Engines and Boilers.

Amherst, N. S., Jan. 6.—The Tariff
Commissioners, accompanied by Mr.
Logan, M. P., after having spent the
afternoon in visiting the principal fac-
tories of the town, and obtaining in-
formation with reference to several in-
dustries, held a sitting last evening.

D. W. Robb, president of the Robb
Engineering Co., addressed the com-
mission in his capacity as vice-presi-
dent for Nova Scotia of the Canadian
Manufacturers' Association, pressing
approval of the efforts to ascertain the
tariff requirements of every branch of
industry. Amherst is one of the best
examples in Canada of what prosper-
ous factories can do for any locality. He
pointed out that business passing
through Amherst station exceeds that
at any point on the railway line except
Montreal, St. John and Sydney, and if
the commission could be instrumental
in developing business over the whole
intercolonial in like proportion the
question of its deficits would be solved.
He claimed that protection and the
inducement of a reasonable protective
tariff are great initiatives in the invest-
ment in industries, and a strongly pro-
tective tariff would encourage larger
investments in Nova Scotia industries.
He emphasized the fact that the pre-
sent 25 per cent. duty had not prevent-
ed manufacturers of other countries,
especially in the United States, from
selling nearly half a million dollars' worth of engines and boilers into Can-
ada yearly for the last three or four
years.

He considered the recommendation of
the Canadian Manufacturers' Association
for increasing the duty on engines
and machinery of that class to 35 per
cent. in the interest of the whole coun-
try.

FUNERAL OF MR. PREFONTAINE.

Naval and Military Display at Halifax

and Montreal.

Ottawa, Jan. 16.—The funeral of the
late Raymond Prefontaine will be in
charge of the Canadian navy. The
Dominion is expected to arrive at
Halifax on the 22nd. A naval salute
of one-minute guns will be fired from
the Dominion from the time the body
leaves the ship until it reaches the
wharf. Seventeen one-minute guns will
be fired from the wharf, and the cru-
sade Canada will also join in firing a
salute. Twenty men from the Canada
will take charge of the remains at
Halifax, and will remain in charge un-
til the body is interred at Montreal.

There will be 100 men from the mili-
tary at Halifax, and one hundred at
Montreal. The two officers and 20 sail-
ors from the Canada will haul the body
on a gun carriage from the Dominion
to the special train at Halifax, and will
do the same thing at Montreal.

A guard of honor will meet the body
at Montreal. The coffin will be
transferred to the hearse, and con-
veyed to the City Hall. En route men
of the naval escort will walk on each
side of the hearse. As soon as the
coffin is reached the guard will be
marched and maintained while the
body is lying in state.

Artillery Officers Elected.

Toronto, Jan. 16.—The twenty-second
annual meeting of the Canadian Artil-
lery Association was held at the Cana-
dian Military Institute yesterday. The
following were elected officers for 1906:
President, Lieut.-Col. A. H. Macdonald;
vice-presidents, Lieut.-Col. W. T.
MacNachtan and J. Davidson; Majors
R. Rathburn and J. W. Odell; executive
committee, Lieut.-Col. the Hon. J. S.
Hendrie, Majors W. O. Tidswell, F. C.
Harrington, J. H. Murray, J. A. A.
Bertschinger, Secretary, L. H. Irving;
treasurer, Major Robert Myles; auditor,
Lieut.-Col. Gray.

Chewed Man's Finger Off.

Brookville, Jan. 16.—In the Police
Court yesterday the magistrate com-
mitted for trial James Harper, who
served with the Canadian troops in
South Africa. Saturday night he was
drinking in company with a moulder
named McKinley. It is alleged that he
waylaid McKinley, brutally assaulted
him and robbed him. They engaged in
a desperate struggle. McKinley had
one finger partly chewed off and his
face bitten and lacerated. Harper is
charged with assault and highway rob-
bery.

Venezuela Has Time Yet.

Paris, Jan. 16.—Late yesterday it was
announced that the Foreign Office has
sent an order to M. Taigny to break
off relations with Venezuela, but M.
Taigny has not yet officially notified
the French Government of the receipt
of his instructions. The reports that
the French squadron is proceeding to
Venezuelan waters are not confirmed,
but, on the other hand, they are not
denied, the officials here maintaining
the strictest discretion relative to the
measures France is likely to adopt.

World-Wide Peace Sunday.

Milan, Jan. 16.—The Milan Peace So-
ciety, in accord with the school teach-
ers of Italy, petitioned the Government
to have Feb. 25, the anniversary of
the birth of George Washington, pro-
claimed a public holiday, to be devoted
to manifestations in favor of peace.
The various peace societies in Italy
are in communication with other peace
societies in order that the demonstra-
tion may be world-wide.

Lady Laurier to Be There.

Quebec, Jan. 16.—Lady Laurier and
party will be present at the opening
of the local Legislature on Thursday.

Election Petition Dismissed.

Sherbrooke, Que., Jan. 16.—The
Siamstead election petition was dis-
missed yesterday morning.

WONDERFUL EFFECT

OF FRUIT.

"Fruit-a-tives" (Fruit Liver
Tablets) are concentrated
fruit juices. And it is these
fruit juices that cure Constipa-
tion, Biliousness, Headaches,
Indigestion, Palpitation of the
Heart and all Troubles of the
Stomach and Kidneys. A
leading Ottawa physician
discovered a process by which
he could combine the juices
of Apples, Oranges, Figs and
Prunes and by adding another
atom of bitter principle from
the Orange peel, completely
change the medicinal action
of the fruit juices, giving the
combination a far more power-
ful and more beneficial effect
on the system. "Fruit-a-tives"
are tablets made of this com-
bination of fruit juices—and
they have made most wonder-
ful cures of Stomach, Liver
and Kidney Troubles and of
Blood and Skin Diseases. 50c
a box.—Ask your druggist.

Power From the U. S.

Brookville, Jan. 16.—Arrangements
are being made for transmitting Han-
nawa Falls, N. Y., electric power to
Brookville, via Ogdensburg and Pres-
cott. It is estimated that the electric-
ity can be generated here at a cost
of about \$35 per horse-power.

Burns to Death.

Pictou, Jan. 16.—Denis O'Shea of
Smith's Bay, 10 miles from here, was
burned to death yesterday morning
about 5 o'clock. The deceased was 42
years of age and unmarried.

CONTRACTED CHRONIC DIAR-

RHOEA WHILE IN THE

PHILIPPINES.

"While with the U. S. Army in the
Philippines, I contracted chronic
diarrhoea. I suffered severely from
this terrible disease for over three
years and tried the prescriptions of
numerous physicians, but found noth-
ing that did me any good until I
tried Chamberlain's Colic, Cholera
and Diarrhoea Remedy. Two small
bottles of which entirely cured me
and I have since had no return of
the disease."—Herman Stein, 215 N.
Union Ave., Pueblo, Colorado. For
sale by all druggists.

Uncomplimentary.

"Ah, Miss Ethel, I can read your in-
most thoughts, y'know."
"Oh, Mr. Chumpleigh, then please
don't get insulted!"

Not So Much.

He—Do you believe in every man for
himself? She—Oh, no! I believe in ev-
ery man for some woman.

CHAMBERLAIN'S COUGH REMEDY

ABSOLUTELY HARMLESS.

The fault of giving children medi-
cine containing injurious substances,
is sometimes more disastrous than
the disease from which they are suf-
fering. Every mother should know
that Chamberlain's Cough Remedy is
perfectly safe for children to take.
It contains nothing harmful and for
coughs, colds and croup is unsur-
passed. For sale by all druggists.

Winding-Up Order Granted.

Toronto, Jan. 16.—A winding-up or-
der for the affairs of the Henderson
Roller Bearings Co. has been granted
on the application of the Ontario Bank.

Liberal Nomination.

Regina, Sask., Jan. 16.—W. E.
Knowles, barrister, of Moosejaw, was
nominated by the Liberals of West As-
siniaboa for the Commons yesterday.

SURPRISE A PURE HARD SOAP

SURPRISE

is pure hard soap made of the finest
grade material by the best available
skill with the latest and most approved
type of machinery, and is sold at the
same price as ordinary soap.

Some people speak ill of others and
then wonder why fault is found.

Heat and Cold.

An army surgeon who was stationed
for some time in the Philippines has
contributed to the New York Medical
Record some of his conclusions from
observation of epidemics of typhoid
fever in those islands. One of the
most surprising of his statements is
that the greatest mortality as a result
of the disease occurs during the first
quarter of the year because the power
of resistance of the natives is at the
lowest ebb "at the close of the cold
season." If we are surprised at the
suggestion that there is a cold season
in the Philippines our astonishment is
increased by the further remark that
"to an American it seems absurd that
people should suffer and even perish
from cold in a temperature seldom un-
der 70 degrees, but such is the case."
Cold and heat are relative terms, as
the American may learn also in Lon-
don, where the newspapers are printed
with "scare heads" and long articles
on the intolerable heat when the ther-
mometer gets up to 80.

If a man were his own enemy,
stories he could tell on himself.

It sometimes happens that an en-
emy is more useful than a friend.

LYTTELTON GOES DOWN

Fourth of the Balfour Ministry to Meet With Defeat.

One Canadian Wins and Another Loses—John Burns Defeats a Former Canadian Lumberman and Increases His Vote—Liberals on Tuesday Added 22 to Their Gains, and May Yet Have Majority Over All Parties.

London, Jan. 17.—(C. A. P.)—An unbroken series of twenty-two gains including the triumph of John Burns and the defeat of Alfred Lyttelton, the former Secretary of the Colonies, is yesterday's contribution to the polls.

Yesterday in the great Liberal and Labor landslide fifty-six seats were decided. At the start of the contest forty-three were held by Conservatives

RIGHT HON. ARTHUR LYTTELTON.

—at the finish only twenty-one remained in the fold. Of the residue fourteen were captured by the Liberals and eight by the Labor party. Liberal seats held for twenty years by the Conservatives by large majorities changed their allegiance. Democratic Labor men displaced knights and aristocrats. Thus placed knights and aristocrats. Thus placed knights and aristocrats. Thus placed knights and aristocrats.

As less than half the total seats are yet decided, it seems not improbable that the Liberals will have a majority even over the Labor as well as the Irish.

Wednesday will decide the personal fate of Mr. Chamberlain, but even the most sanguine Liberals would be surprised at his defeat.

One Canadian Wins. Yesterday's fight was participated in by two Canadians, one being elected and one rejected. Baker holds Finsbury, a seat gained for the Liberals in a bye-

MR. J. ALLEN BAKER, M. P.

election, but the majority has decreased from 768 to 487. In East Edinburgh Dr. Rankine Dawson carried the Unionist forlorn hope against a Liberal majority of 1,291. He advocated a Liberal reform and pointed to Canada as an example of the success of protection. He was defeated by 4,174.

In striking contrast to the fate of Ministers and ex-Ministers, John Burns, after a hard fight, increased his Battersea majority from 254 to 1,600. Bann, his opponent, was formerly in the lumber business in Canada. The Socialists also worked actively against Burns, alleging he had been faithless to the cause by accepting office.

Great Scene at Battersea.

There was a great scene at Battersea last night after the poll showing John Burns to be elected was announced. Mr. Burns stood on the balcony of the Town Hall on Lavender Hill, where he resided, wildly waving his hat, while fully 20,000 of his supporters were along the hill as wildly cheering. It was a long time before Mr. Burns could get a hearing to announce the figures. Then he exclaimed: "Now, go and tell my wife."

A few minutes afterwards Mr. Burns was escorted, shoulder high, through the Battersea streets by thousands of workmen.

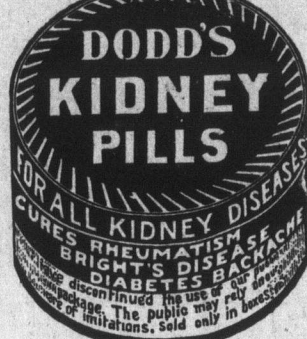

Walter Hume Long, former Chief Secretary for Ireland, who lost his seat for South Bristol Monday, was yesterday elected to the Unionist seat for South Dublin, where the Unionist candidate had withdrawn nine his favor.

Then Cherry, Attorney-General for Ireland, like his two colleagues, invaded a Tory constituency and turned a Conservative majority of 1,297 in the Exchange division of Liverpool to a Liberal majority of 221. On the other hand, Alfred Lyttelton was the fourth ex-Minister to be defeated.

Durham For Tariff Reform. A ray of comfort for tariff reform comes from Durham, where a Conservative free trader faced a Conservative reformer. Tariff reform received 1,313 votes, and free trade 880.

Labor successes were again a notable feature. Of fourteen candidates in thirteen constituencies nine were elected. Of the nine elected eight were not opposed by Liberals. In Dundee, formerly held by two Liberals, the Labor candidate displaced a Liberal. In Middlesbrough an Independent Labor candidate was opposed by a Labor Liberal, and the latter won. In Stockport, electing two members, the Labor candidate headed the poll, with a Liberal second.

Labor candidates, though unopposed

by Liberals, were defeated in two divisions of Liverpool. In Dewsbury a Labor representative opposed the old party candidates, but finished last. In Stockton the Labor candidate was also last, but is blamed for the defeating of the Liberal.

BALFOUR STILL LEADER.

"His Followers More Loyal Than Ever," Says Chamberlain.

Birmingham, Jan. 17.—(C. A. P.)—Chamberlain, in his campaign address yesterday, expressed his great regret at the defeat of Mr. Balfour. "In or out of Parliament," he exclaimed "Mr. Balfour is our leader. Now that he is out of Parliament he is our leader more than ever. There is no man to whom we look with so much confidence to restore us to our old position, when the present delusions of the people have disappeared. We, his friends and followers, who have shown him loyalty in times of prosperity, will show greater loyalty now that he is for a period to go through adversity."

CRIPPLING SCIATICA

A SURE AND CERTAIN WAY TO CURE THIS TERRIBLE TORTURE.

There is just one sure, scientific cure for sciatica, rheumatism, lumbago, neuralgia, headache—you must drive the pain from your blood and nerves with Dr. Williams' Pink Pills. Liniments never cure nerve and blood diseases. Dr. Williams' Pink Pills strike straight at the cause, because they actually make new blood. Through the blood they conquer the painful poison, soothe the nerves, loosen the muscles and banish every ache and pain. Mr. Thos. J. Etsell, Walkerton, Ont., says: "When I began using Dr. Williams' Pink Pills I had been off work for three whole months. The cords of my right leg were all drawn up and I could only limp along with the aid of a stick. The pain I suffered was terrible. Only those who have been afflicted with sciatica can understand the misery. I was in both day and night. I took six bottles of Dr. Williams' Pink Pills before they helped me, but after that every day saw an improvement, and by the time I had used fifteen boxes, every vestige of the pain had disappeared. I have no hesitation in pronouncing Dr. Williams' Pink Pills the best medicine in the world for sciatica."

Every dose of Dr. Williams' Pink Pills makes rich, pure, health-giving blood. That is why they cure headaches and backaches, indigestion, kidney and liver troubles, anaemia, heart palpitation, and the ills that afflict women only. But be sure you get the genuine pills with the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box. Imitations are worthless—often dangerous. All medicine dealers sell these pills or you can get them by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

To think own self be true, and it must follow as the night the day, thou canst not then be false to any man.

Some women are more afraid of a mouse than they are of a dentist.

NOT SLEEPING WELL.

Without sleep there can be no bodily or mental vigor, consequently sleeplessness is a dangerous condition. Nothing so surely restores sleep as Ferrozine—it is harmless—just a nourishing, strengthening tonic. Ferrozine vitalizes every part of the body, makes the nerves hardy, completely rebuilds the system. The cause of sleeplessness is removed—health is restored, you can work, eat, sleep, feel like new after using Ferrozine. Don't put off—Ferrozine costs 50c. per box at all dealers; get it to-day.

Mental and moral activity keeps the body healthy, strong and young, preserves from decay and renews life.

It is safer to trust your eyes than your ears when a man argues religion while his wife carries in the water.

KEEP THE BOWELS REGULAR.

If your bowels didn't move for a week you would be prostrated. More than one day goes by you become languid, blood gets bad, breath horribly offensive, you feel sick all over. To remedy this take Dr. Hamiliton's Pills, which regulate the bowels and cure constipation. Taken at night you are well by morning. They purify and cleanse the system, prevent headache, biliousness and sick stomach. Prompt and certain are Dr. Hamiliton's Pills of Mandrake and Bitternut, 25c. per box or five for \$1.00 at all dealers.

TO NATIONALIZE PORTS

Recommendation of Transportation Commission.

List of the Ports to Be Made Free of All Charges Except Those For Drydocks and Elevators—Commission Reports in Favor of Extending the Intercolonial Railway to the Georgian Bay—Voluminous Report.

Ottawa, Jan. 17.—The nationalization of the leading ports of Canada and making them free from all charges, save those for drydocks and elevators, is the most important recommendation in the report of the Transportation Commission which reached the hands of Hon. Charles Hyman a few days ago. The ports to which this applies are: Port William, Port Arthur, and Mission River on Thunder Bay, Depot Harbor, Midland, Port Colborne, Kingston, Montreal, Quebec, St. John, Halifax, Sydney, Vancouver, Victoria, the Pacific terminus of the Grand Trunk Pacific and the terminus of the Canadian Northern.

Extend the Intercolonial. The commission reports in favor of extending the Intercolonial to Georgian Bay, which would stimulate the export trade from the ports of St. John and Halifax.

Important improvements are suggested in the harbors of Toronto and Montreal. Many of the former have already been anticipated by the Government and are under way. The improvements in the case of Toronto depend upon ceasing to empty sewage into the bay and the contemplated diversion of the outflow of the Don into Ashbridge's Bay.

Late Mr. Bertram's Work.

The report is a voluminous one, of some 160 pages, in which the experienced hand of the late Mr. John Bertram may be traced. Mr. Robert Bertram is the only original member of the commission who signs the report. Mr. Bertram was summoned away by death before he could complete the important work to which he had placed his hand, and Mr. Fry of Quebec resigned some time ago. Associated with Mr. Bertram in the preparation of the report were Messrs. J. H. Ashdown and Bell, Secretary, of Winnipeg.

POWER OF A THOUGHT.

Dr. Osler's Suicide Theory Blamed For Fifty Deaths.

Cleveland, O., Jan. 17.—On Dr. Osler, noted for his "old age suicide" theory, is placed the blame for fifty suicides in Cleveland last year. Out of eighty-three cases of self-destruction in this city during 1905, fifty of those who killed themselves were past the age of forty years.

In commenting upon this fact, shown by the annual report of the health department for 1905, Health Officer Friedrich said yesterday: "Many of these, on reading the opinion of Dr. Osler concerning the age when men passed the period of usefulness and his theory regarding their being put out of the way when the period of usefulness was over, become despondent."

Bad Fire at Beachville.

Woodstock, Jan. 17.—A serious fire occurred between 3 and 4 o'clock yesterday morning at the farm of Smith Brothers, on the gravel road, Beachville. The flypaper shop conducted by the brothers containing printing and cutting machines, etc., with 600 cases of finished goods, valued at \$3,000, were destroyed. The barn adjoining also went up in flames, containing fourteen valuable registered York brood sows and several others; registered Ayrshire cattle, horse, implements, etc., valued at \$2,000; a kennel of four valuable collies was also destroyed. There is no insurance.

Insurance Policy Cancelled.

Kingston, Jan. 17.—The City Clerk was notified yesterday morning by the Union Society of England, that the policy held on the city property would be cancelled on Jan. 24, and enclosing a cheque for \$450.00 rebate for the expired term of the policy. The insurance in question was for \$45,000 on city buildings, fire halls, fair, etc., valued at \$2,000,000. The policy was issued on Sept. 13, 1904, and renewed on the same day in 1905. The premium was \$177.55. The present tariff rate would be about \$150 more this year than the city was paying the company.

Business Districts Wiped Out.

St. Louis, Jan. 17.—A special from Russellville, Ark., says that fire which broke out there Monday night wiped out the entire business district and entailed an aggregate loss of \$300,000. Van Wert, O., Jan. 17.—Convoy, a town of 600 inhabitants, eight miles west of here, was almost wiped out by fire early yesterday. A large number of business places and residences were burned. The losses will probably aggregate \$175,000.

Power Companies Agree.

Ottawa, Jan. 17.—An understanding has been reached between the rival water-power interests in Hull and Ottawa in an agreement that each shall be entitled to one-half of the available supply of water for power purposes, and both sides will agree upon a competent engineering official to act as an umpire in any disputes that may occur.

Robbed by Friend.

London, Jan. 17.—(C. A. P.)—David Jones, who arrived in Liverpool Friday from Canada, returned on purpose to take the balance of his family to Canada, was robbed of money, jewelry and clothing to the value of £150 by a Liverpool lad he had befriended. The lad was arrested, and a portion of the money recovered.

Diamond Wedding.

Cornwall, Jan. 17.—Mr. and Mrs. Joseph Kyle of North Winchester, recently celebrated their diamond wedding. Both were born in County Antrim, Ireland, and came to Canada in their childhood.

WOOL GLOVES....

Don't think that because winter is nearly half over that we only keep half stocks of Winter Furnishings. It is our constant endeavor to have whatever you want in Men's Furnishings whenever you want it.

To-day we wish to speak of wool gloves. We have an unusually large assortment in plain colors and fancies, from the best makers in Canada and England, all good fitters, good wearers, and they are warm. Men's and Boys' Sizes, 25c. and 50c.

Thornton & Douglas,

GARNER BLOCK.
GEO. RICHARDSON, Manager.

THE RIGHT METHOD.

When hanging pictures people often spoil their walls by driving nails haphazard, only to find the nails bend because they are being hammered against bricks. The right method is to pierce the wall with a darning needle to find the crevice between the bricks and then drive in the nail.

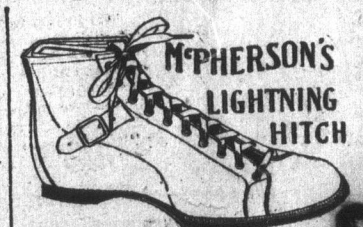

HE MEANT EVERY WORD HE SAID

Ex-Reeve's Rheumatism Cured by Dodd's Kidney Pills

Was So Crippled That He Could Hardly Get Around And Could Get No Relief From Doctors or Medicines.
Dresden, Ont., Jan. 15.—(Special).—Dodd's Kidney Pills cured me of Rheumatism sleek and clean." Mr. W. G. Cragg, the well known merchant and ex-reve of this place was the speaker and he evidently meant every word he said.

"It was the inflammatory kind of Rheumatism I had and it crippled me up so that I could hardly get around to do any work in my store. I had the best doctors and everything in the line of medicines I could bear of, but nothing even gave me relief.

"Then I tried Dodd's Kidney Pills and six boxes cured me completely." Dodd's Kidney Pills cure Rheumatism by curing the Kidneys. Rheumatism is caused by Uric Acid in the blood. If the Kidneys are right they will strain all the Uric Acid out of the blood and the Rheumatism will go with it.
