Great God! as with profound delight I gaze upon the star-lit sky; Those wondrous worlds that shine so bright Where'er I turn my wondering eye; I view Thy works, and in them Thee, Great Father of Eternity!

When genial suns and fruitful showers Spread life and beauty through the grove; And singing birds and fragrant flowers Awake the heart to joy and love; I view Thy works, and in them Thee, Great Father of Eternity!

When gusty wind, and stormy cloud Presage the thunder coming shower; When lightnings flash, and thunder loud Fills yonder vault with sounds of power, I view Thy works, and in them Thee, Great Father of Eternity!

When tempests lash the foaming deep, And wave on wave like mountains rise Or fierce tornadoes on it sweep, That seem to blend the sea and skies, I view Thy works, and in them Thee, Great Father of Eternity!

When Autumn's loaded fields declare A bounty that is all-Divine; Man, bird and beast Thy bounty share, As fruit on loaded branches shine. I view Thy works, and in them Thee Great Father of Eternity!

But when I view Almighty love To us in Jesus Christ displayed-See Him forsake His throne above; Then in the lowly manger laid; Expiring on the cursed tree To save a guilty world and me: I see this sight, and worship Thee, Great Father of Eternity

My wondering soul, now humbled, lies Low in the dust before the Lord; I view Him as my sacrifice-He suffers-I escape the rod I view Thy love, then I love Thee, Great Father of Eternity!

Yours.

The answer is in heaven or hell—
In the soul saved, or doubly lost.
The day of Judgment will make clear,

'Twas cheap! Its tree of life defies The shafts of sin, and death, and hell; And all who eat its leaves shall dwell Beneath its shade above the skies. Nor flaming sword, nor dread decree Can bar them from that healing tree.

Salvation as a Free Gift.

The simple style of the following extract, which we find in Challen's Monthly, may be suggestive to some of our clerical readers, who wish to reach the hearts of the people:

What impression the words had on the old man's colored auditors, I cannot tell; but, as our group left the church, one of the ladies remarked to the another;

Not by extraordinary talents, not by ambitious efforts, not by startling projects or novelties, or singularity; but by a long course of steady, pure and bountiful goodness. Mr. Farmer began life with affluence, and being blessed with sound business talents, and with a prospering smile from Providence, his career was one of solid success, and his home relations were singularly happy. He always seemed to dwell on three things as the foundations of the rich enjoyments he felt crowning his latter days-an early conversion, a happy marriage, and his adopting at the outset of life the principle of consecrating to God the first fruits of all his increase, and that in a definite proportion. He was one of the earliest and lived to be the oldest member of the Committee of the British and Foreign Bible Society. In the service of Missions he began his work by accompanying Dr. Coke from door to door collecting subscriptions, and how he ended it all men interested in Christian Missions know. These were the two labours which had most of his love, but in behalf of schools, both Day and Sundayschools, of the Evangelical Alliance, the Strangers Friend Society, and of every other good work, he was ever ready to give and toil. For he was not of those superb benefactors who east forth their gold, but will not bend their head or furrow their brow for the cause they patronise. Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the preduct of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Filis, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Filis, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent is this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured

DR. ATR: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous seres upon her hands and feet that had proved incurable for years. Bilious Disorders - Liver Complaint From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have 4n my practice proved more effectual for the cure of bilious complaints than say one remedy I can mention. I sincerely rejoice that we have at length a furgative which is worthy the confidence of the profession and the people.

Dysentery, Diarrhoa, Relax, Worms. From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small does for bilious dysentery and discribed. Their augar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood. From Rev. J. V. Himes, Pustor of Advent Crurch, Engineer.
Dr. Ayra: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I havever known, and I can confidently recommend them to my friends.

Constipation, Costiveness, Suppression, Rheumatism, Gont, Neuralgia, Drop-sy, Paralysis, Fits, etc. sy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of costiences. If others of our fraternisy have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe continues to originate in the liver, but your Pills affect that organ and cure the disease.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural territion when wholly or partially suppressed, and also very effectual to cleane the atomach and expel norms. They are so much the best physic we have that I recoming ad no other to my patients.

Nowthitestanding I had the best of playsicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore. Dr. Mackonzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely weil.
