EAST END LEADING

In Second Series of Town Baseball League

Two games have been played in the second series of the Town Baseball League, both of which have been won by the East End team. This gives them a good lead but not too much to be overcome by the other teams if they put on an extra effort. Tonight's game will be between the West End and The Hill and it is expected the latter team will have their best possible team as they still have hopes of winning the second series which will give them a try for the trophy.

Last Friday evening the East End defeated The Hill by the close score of 9 to 8. The game, although loosely played, was quite interesting. The East End took the lead in the first innings but lost it to The Hill in the second, and the latter team held the lead until the fourth when the East End scored five runs which gave them the game. The teams were as follows:

The Hill—Baird, c; Russell, 1b; Kennie, p; Williams, 2b; Welsh, cf; Regan, 3b; Spencer, ss; Boates, lf.

East End—Robinson and Gould, c; Munro, 1b; West, 2b; Eagles, p; Burgess, 3b; Patriquin, ss; Harrington, cf; Leslie, lf.

On Monday evening the East End defeated the West End by the score of 7 to 3 in four innings. Munro struck out ten men while Ritchie struck out six. The teams were:

East End—C. Munro, c; D. Munro, p; West, 2b; Eagles, 1b; Evans, rf; Leslie, lf; Burgess, 3b; Patriquin, ss; Harrington, cf.

West End—Spencer, c; Boates, 3b; Williams, 2b; Dick, ss; Ritchie, p; Hansford, rf; Johnson, 1b; Finch, cf; Thorpe, lf.

RECEPTION AT KINGSTON

A very pretty wedding reception was held on June 26th at the home of Mrs. Lalia Foster, Kingston, for her daughter Ruth and Carmel C. Cleveland.

The rooms which were tastefully decorated with ferns and cut flowers were filled with guests.

The bride, one of our Annapolis Valley's fairest daughters, looked very sweet in her dress of white crepe-de-chine.

The many and beautiful gifts which testified to the high esteem in which bride and groom are held, consisted of substantial cheques from bride's grandmother and groom's father, a handsome cabinet of sterling silver knives and forks from a cousin of the bride, money, silver, china, linen and pyrex ware, etc.

At the close of the evening dainty refreshments were served, after which the guests departed leaving with the bride and groom all good wishes for a long and happy wedded life.

On June 29 Mr. and Mrs. Cleveland left for Harvard, Mass., where they will reside.

GIRL GUIDES IN CAMP

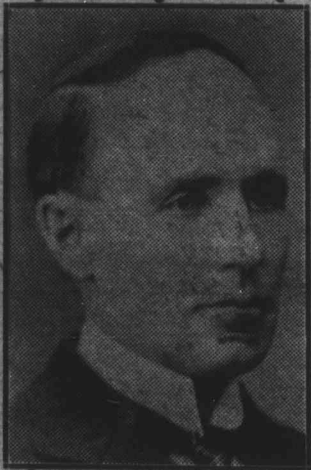

The local troop of Girl Guides went into camp at Sunken Lake on Wednesday and will stay until August 6th. They are in charge of Miss Haley and Miss Parry, who are assisted by Scoutmaster E. Percy Brown and Mr. C. A. Patriquin.

Wednesday, August 1st, weather permitting, is visitors day, and it is hoped that parents and friends of the company will take advantage of this opportunity to visit the camp and to be present at the sports which will take place at 4 o'clock.

The following program gives a general idea of how they "carry on" at camp:

- 7.00 a. m., Rivelle
- 7.15 a. m., Flag Raising
- 7.45 a. m., Breakfast
- 8.45 a. m., Tent Inspection
- 9.00 a. m., Swimming
- 10.00 a. m., Instruction in First Aid, Nature Work, Signalling, etc.
- 11.00 a. m., Sports
- 12.00, Dinner
- 12.30—2.00 p. m., Rest Period
- 2.00 p. m., Hikes or Guide Games
- 4.30 p. m., Swimming
- 5.30 p. m., Tea Hour
- 6.00 p. m., Lower Flag
- 6.15 p. m., Sports
- 7.30 p. m., Camp Fire
- 9.00 p. m., Taps
- 9.45 p. m., Lights Out.

GREENWICH NEWS

The announcement of the marriage of Miss Gladys Strong, of Brooklyn Street, on July 3rd, to Mr. A. A. Green, of Toronto, was of interest to a number in this place, who had known her when on visits with friends here.

Rev. and Mrs. Harry Rackham and three children, of Lawrence town, Annapolis county, were guests of Mr. and Mrs. G. L. Bishop last Tuesday and Wednesday. Mr. Rackham, who was a former Methodist minister of Wolfville and Greenwich, also called upon a few Wolfville friends.

Mrs. H. H. Marshall, children and maid, and Miss Marshall arrived from Halifax last Tuesday evening, to spend the summer here in Mr. Leslie Bishop's house, which Miss Marshall and the children were occupying before Mr. Marshall's death.

Annie and Kathleen Robertson, who have been visiting at the home of their uncle, Mr. George Bishop, left for their home in North Kingston last Tuesday evening.

Miss Muriel Williams, of Kentville, has been visiting Rena and Evangeline Cox the past week.

Miss Alice Hatchard, of Windsor, is visiting her grandmother, Mrs. Emma Harvey and aunt, Mrs. Lee Bishop.

Miss Marion Sutherland, of Amherst, who visited all last week at the home of her uncle and aunt, Mr. and Mrs. Edward Manning, is a great this week of her friends.

Mrs. A. K. Pringle entertained the young girls at tea and the evening last Friday in honor of the three girl visitors in the place, and Mrs. George Bishop entertained them on Saturday afternoon. Mrs. Maurice Williams, of Kentville, visited her mother, Mrs. Emma Harvey, and sister, Mrs. Lee Bishop, last Friday.

Mrs. Reid, of Quincey, Mass., has been visiting her daughter, Mrs. William Pulfiser, of this place.

Mr. Lee Bishop has improved the appearance of his property by having the house painted recently.

Miss Lillian Bishop entertained Rev. and Mrs. D. B. Hemmison and two daughters, of Wolfville, at tea last Thursday afternoon.

Miss Esther Pearson, accompanied by Miss Helen Marshall and Mr. G. Rand, motored through to Bear River last Saturday evening to visit a few days at the home of the former's sister, Mrs. Brenton Merry.

The fire alarm whistle in Wolfville was very plainly heard here Sunday morning, in fact we understand it awakened some of our residents from their Sunday morning slumbers.

Mr. Cyril Hunt and a young man friend from Greenfield, Queens county, visited friends here last Sunday and Monday.

Mr. William Brown, of Aylesford, a former Greenwich boy, motored through here on Sunday evening.

John Andrew, who has been home the last ten days on a visit, left again on Tuesday morning for Montreal, where he joins a ship to sail soon for Australia.

FIRE LAST SUNDAY MORNING

Destroyed Old Wolfville Residence

Shortly after 7 o'clock last Sunday morning an alarm was sounded in consequence of a fire discovered in the old W. C. Archibald dwelling on Earncliffe avenue. The discovery was made by Mr. Donald Johnson, who saw smoke issuing from the building and gave the alarm. The building was vacant, the last tenant, Mr. Blaisdell, having vacated shortly after the closing of College. At that time all the windows were securely fastened but when Mr. Johnson arrived on the scene one of the large windows in front was found to be open and the place was filled with smoke. No other person was then found on the premises. Shortly after the firemen arrived but the fire had then made such headway that the building was practically destroyed. The cause of the fire is unknown but it is supposed that it was set either intentionally or accidentally by persons who spent the night in the house. Mr. C. R. H. Starr, who lives opposite on Westwood avenue, reports the discovery of a path leading through the grass from his woodpile in the direction of the burned building along which were strewn pieces of firewood. The house was erected over forty years ago shortly after his arrival by Mr. W. C. Archibald on land, which formerly belonged to the W. J. Johnson property. It was a fine residence in its day but had become much out of repair. Mr. I. C. Archibald, of Lawrence town, son of the original owner, purchased the property some time ago. It is understood that the building was insured but for what amount THE ACADIAN is unable to state.

SCHOOL BOARD MEETING

A special meeting of the School Board was held on Monday evening with Dr. Leslie Eaton, Prof. A. B. Eitson and Commissioner C. M. Vaughan present. The clerk read a letter from the Education Department giving notice of the appointment of Mr. N. H. Parsons as a member of the Board in place of Dr. A. deW. Bars, resigned. Mr. Parsons was present and took his place. The meeting was called for the purpose of considering an application from the Greenwich school for the admission of pupils from Grades 6, 7, 8, 9, 10 and 11. The request was duly considered and the following resolution was passed: "Resolved that pupils from grades 6, 7, 8, 9, 10 and 11 of the Greenwich School Section be admitted to the Wolfville Schools for the year 1923-1924, the charge to be as follows: Grades 6, 7, 8, at \$10.00 per pupil; grades 9, 10 and 11 at \$12.00 per pupil; provided, however, that a minimum charge shall be \$250.00 for each school year. A minimum charge shall be \$250.00 for each school year. A minimum charge shall be \$250.00 for each school year. A minimum charge shall be \$250.00 for each school year." The meeting closed with the benediction of the Principal.

YOUNG PEOPLES' ACTIVITIES

Early on Wednesday morning last the Girl Guides and their leaders left by motor bus for camp at Sunken Lake. They will return on Saturday, August 4th. The Wolf Cubs will go to camp on Monday August 6th. The Wolfville Boy Scout Council is anxious that as many of the younger boys as possible should go to camp and they have set the charge for their camp at \$3.00 instead of \$4.00 as previously announced. Tickets may be purchased from Mr. Cowie.

Visitors will be cordially welcomed at the camp at all times and it is hoped that as many parents as possible will come out.

One of our subscribers in the West, when remitting for his paper a short time ago, said: "Before closing I would like to pay a compliment to the bright paper you are getting out, and which has made many times the progress of the territory it serves."

on a six months trip. We wish him good success in every way.

Miss Lillian Bishop is having her house painted, an added improvement to the place.

Men are busy at work digging a cellar under the station here, making ready to have a furnace put in, which will make the station more comfortable.

WOLFVILLE WINS TWO GAMES

In Junior Baseball League—Defeats Windsor and Hantsport

The Wolfville juniors played their first game in the Junior Valley Baseball League on Thursday afternoon of last week when they defeated the Windsor team by the score of 24 to 18. As the score indicates the game was very loosely played and both pitchers were hit hard. The teams were as follows:

Wolfville—Rand, 2b; D. Munro, p; B. Robinson, lf; T. Dick, ss; C. Munro, c; R. Russell, 1b; F. Regan, 3b; M. Wallace, cf; Patriquin, rf.

Windsor—McDonald, 1b; Ellis, lf; Fogarty, p; Robertson, c; Hughes, ss; Smith, cf; Ritchie, 3b; Hayes, 2b; Fletcher and Mosher, rf.

Wednesday afternoon the Hantsport team, which had previously defeated Windsor, paid a visit to Wolfville and were defeated by the close score of 11 to 10. This game was also a poor exhibition of baseball. The Wolfville team was as follows: C. Munro, c; D. Munro, p; Russell, 1b; Dick, 2b; Burgess, 3b; Regan, ss; Williams, lf; Wallace, cf; Patriquin, rf.

Next Wednesday the Windsor team will play at Wolfville.

DEATH OF PERCY ANNIS

Many Wolfville friends were shocked and grieved on Monday afternoon to learn of the death of Mr. Percy Annis, which occurred at the home of his parents at Nictaux Falls. For the past eleven years Mr. Annis has been well known and highly regarded in this town. Before the war he was employed by Woodman & Co. and when the call came he enlisted with the 219th Batt. On his return from overseas he almost at once took a position in the jewellery establishment of Williams & Co., which lasted until April last, since when he has been at his home. During his residence in Wolfville he made his home with Mr. and Mrs. C. B. Godfrey, Acadia street, where the news of his death was heard with sincere sorrow. A popular young man, deeply interested in athletics and town affairs generally, the deceased was universally esteemed. Never of a robust health, his experience during the war made serious inroads upon his constitution and during the past four months he gradually grew weaker until the end came, after four days confinement to his bed. A peculiarly sad circumstance is that he had planned to be married on Wednesday of last week. He is survived by his parents, Mr. and Mrs. Joseph Annis, two sisters and one brother, for whom a host of friends in this vicinity sympathize.

Funeral services were held in the little church said to be the third oldest in Canada.

I. O. D. E. RUMMAGE SALE

The committee of the Sir Robert Borden Chapter, I. O. D. E., in charge of the Rummage Sale held on July 7th, wish to thank all the donors, who contributed so generously articles of good value, and in most satisfactory condition. About \$85 was realized clear of expenses. Through a misunderstanding several parcels were received too late. These goods will be placed on sale in Mr. J. D. Harris' vacant store opposite the Parish Hall on Saturday, July 28th, at 3 p. m. Members who have parcels, which were not collected for the first sale, or goods which they can donate now, will please leave them at the room as early as possible on Saturday afternoon, July 28th, or the committee will arrange to collect these parcels if the donors will telephone Mrs. Herbert D. Johnson, No. 57-12, convener of committee.

What might have been a very serious accident occurred on Friday afternoon. Mr. F. C. Bishop, of the Bishop Company was examining a revolver in his store when in some way it became discharged. The bullet went through the wall and entered the adjoining store, passing very near the proprietor, Mr. G. D. Jefferson. Fortunately no one was injured.

HON. MR. MEIGHEN COMING TO KINGS

Rt. Hon. Arthur Meighen, former premier of Canada, is expected to be in Kentville on Wednesday next, August 1st. He will be accompanied by W. L. Hall, K. C., leader of the Conservative party in Nova Scotia. All those who wish to meet the two leaders should be in Kentville that day when they will be received in the drawing room of the Cornwallis Inn from 2 to 4 p. m.

WOLFVILLE MISSIONARY CONFERENCE

Repeats Success of Former Years

Ideal weather, a strong staff of leaders and a group of eager delegates alive to the opportunities of the gathering, combined to make the twelfth annual meeting of the Wolfville Missionary Conference, which closed on Tuesday evening, an unqualified success.

The Bible study, under Prof. J. W. Falconer, of Fine Hill College, Halifax, has been one of the features of the Conference. The course covered a series of studies in the life of Jesus dealing particularly with "The Beginning of His Public Ministry," "The Training of the Twelve," "The Confession of St. Peter," "The Transfiguration," and "The Trial, Death and Resurrection." The intense interest with which the course was followed by the entire Conference group indicated the rare ability of the leader and the worth of the course.

The enthusiasm in all the Mission study courses increased with each session. The group studying Korea had the situation and particularly the customs of the people of that land made much more real to them through the large and varied exhibit of curios on view in the class room. One feature of very special interest in these courses was at the closing session of the class on Formosa when the members of the class constituted themselves into a session of the Mission Council of Formosa, met to consider a cable from the Home Board announcing a forty per cent. cut in the estimates for the year and this was followed by a representation of a session of the Mission Board in Canada met to consider the letter from the Missionaries in Formosa and to take such steps as would enable them to meet the situation created by the income from the congregations not being adequate to maintain present existing work, let alone to meet the urgent demands on every hand for expansion.

The course on Method Study, dealing with principles and methods of missionary education for children under twelve, for the lower and upper teen age and for young people, was extremely instructive and stimulating.

Mention should be made also of the vesper services held each evening on the lawn when themes related to the week's work and investment of life were considered and the delegates faced with the challenging opportunities for life service.

A number from the town shared with the Conference the splendid series of evening platform meetings. At these meetings "Modern Movements in Korea" was discussed by Rev. E. J. O. Fraser, "Women's Work in Korea" by Miss M. A. McCulloch, "The New Day in Korea" by Dr. H. E. Cameron, and "The New Day in Korea" by Dr. H. E. Cameron.

The closing meeting on Tuesday evening was a gathering of exceptional power. Closing messages were given by the various leaders, while the delegates gave expression to the vision and purpose that the conference had brought to them. The Conference maintained throughout the high standard that for twelve years now has marked this remarkable gathering, which, in the missionary service it is rendering the churches, is making a contribution of the largest value to world-wide evangelization.

HOW ABOUT THE TOWN TEAM?

In a former issue THE ACADIAN suggested the advisability of a searching enquiry being made regarding every phase of our civic conditions in order if possible to secure a more economical and efficient action with regard to town affairs.

One of the matters which might be looked into with profit is the maintenance of the town team. Doubts have often been expressed as to the wisdom of its continuance and so far as we can learn no one is in a position to say whether the service pays or not.

NEWSPAPERS AND ACCURACY

It has taken newspapers a long time to live down the charge that inaccuracy is their major quality. In the earlier days, when communication was difficult, rumor frequently was news, and rumor is fickle.

Addressing the National Educational association a few weeks ago, Dr. Otis Caldwell, a school principal of New York City, said: "We clipped 3,061 stories upon biological subjects from 492 newspapers in a seventeen-month period, and out of that number only fourteen articles contained an inaccuracy."

It is also a record to surprise many a newspaper man, for no one is more aware than he of the fallibility of the human machine, and he, of all men, knows the score of perils a single fact must traverse before it reaches the sanctuary of the printed page.

The striking thing about a reputable newspaper is not that it contains inaccuracies, but that it contains so few.—Exchange.

STORES TO CHANGE OPEN NIGHT

Public attention is called to an announcement which appears in another place in this paper of the intention on the part of Wolfville merchants to change the evening for keeping their business places open from Tuesday to Thursday.

COME TO CANADA FROM THE STATES

While much has been heard of the migration of Canadians to the United States during the past year, there has at the same time been a considerable movement in the opposite direction.

Information secured from the office of the Commissioner of Immigration at Winnipeg shows that during March, over 22,000 persons were inspected on the trains and highways crossing the international border from the States into Western Canada, through 33 border ports extending from Port Arthur, Ontario, along the international border to Kingsgate, B. C.

In this total is included new settlers, land-seekers, business men and visitors from the States. Farmers, mechanics, business men and visitors returning from visits to the States, and also returning former Canadians who had left Canada and are now returning to the land of their birth or adoption for residence.

Included in this total for the month of March is 686 new agricultural settlers, who brought stock implements and effects. Several hundred held land certificates from the Department's agencies in the United States, and signified their intention of looking for land for the purpose of locating in Western Canada and later moving with their families and effects.

Then again, is included a large number of returning farmers with their families, who have been spending the

winter with their relatives in the States, and are now returning for the purpose of putting in their year's crop.

Over one hundred farming families, who for various reasons have left Canada during the last few years with the intention of farming in the United States or Mexico, have returned to Canada during March after deciding that their old home, after all, presents better opportunities than can be found south of the line.

Included in this last class are 25 Mennonite families who have returned from Mexico. Last summer, however, owing to drought, their crop was a failure and it did not take them long to decide to return to their homes in Canada. They have also given the information that a number of other Mennonite families intend to return this spring, while others, who summer-followed last year, will make a further attempt this summer to raise a crop in Mexico, and if not successful, will return to Canada.—The Farmers Sun.

WHEN ON TOURS

In ordinary use, you do not have your motor working for more than an hour at a time when it is stopped and gets a chance to cool off, and even though you do run more than an hour at a time it is with light throttle and an occasional stop at traffic blocks, all of which tends to give the motor a rest.

Very often gasoline feed lines become partially clogged. Yours may have been in this condition when you started, but would feed fast enough to carry you up to the city speed limits. However, on the hills and with open throttle on the road, it may only carry you up to twenty-five or thirty miles speed, then quit.

CASHING IN ON A COLLEGE EDUCATION

Is a College education a handicap? There are many who take the attitude that the man who spends what might be regarded as the "college years" in getting practical experience in trade, finance or industry has the greater chance for ultimate success in the firing line of business, while to read the reminiscences of millionaires would almost lead to the conclusion that in order to amass great wealth it is at least necessary to plunge into one of the great cities barefooted at an age when the average youth is thinking of his "entrance" examination.

An investigation published by the United States Bureau of Education shows that of all the people in the United States who have performed distinguished service and received high honors, there was: One person out of each 150,000 who had no schooling.

One person out of each 37,500 with a common school education.

One person out of each 1,724 with a high school education.

One person out of each 87 with a college education.

The above totals show the comparative chances of no schooling and with the different grades of education. Parents who give their children a common school education give them four times the chance to become a leader and receive distinction that the child of no schooling has.

WHERE THE MONEY GOES

He sorely needed socks and shoes, He had the 'dough' but couldn't use, He could not meet this one dearie, He had to buy the car a tire, His coat and vest were shoddy and His pants were holes from cuff to band, But cash for them could not be found, He had to have the valves reground, The rent was due, but would he pay Or square the debt some other day? He had some shekels, but alas! He also needed oil and gas, His dear wife pestered night and morn For some new clothes to grace her form;

She almost won, but lost because, He broke a brace of traffic laws, And so he struggles day by day In earning coin his debts to pay, But sure as fate the chances are It takes it all to run the car.

MOTORS AND MOTORING:

A Page Full of Interest to the Owner or Prospective Owner of an Automobile.

HOW MOTORS CARS CATCH FIRE

An owner of an automobile or of a house does not expect that it will be destroyed by fire. Yet, if he is wise he will do two things: First, he will protect himself against loss by securing a fire insurance policy; second, he will take every possible precaution against having a fire start.

The principal cause of automobile fires is back-firing in the carburetor. And the principal cause of back-firing is too lean a mixture fed to the cylinders. When there is a back-fire, a sheet of flame comes from the air intake of the carburetor. If there is anything inflammable near by, it is likely to catch on fire.

Gasoline vaporizes so rapidly that if there is any gasoline in the drip pan there is almost sure to be a sufficient mixture around the carburetor to make trouble. Therefore, keep the engine drip pan free from gasoline. See that there is no leak in the supply pipe or in the connection to the carburetor. Also see that there is no overflow from the carburetor coming from poor seating of the float valve.

Safety Devices
Some cars recognized in insurance circles as Class A and given a lower rate, have the starting and electric wires enclosed in metal tubing and also a drip bowl and drain pipe to carry off gasoline that might drip from the carburetor. If an owner has a car not in this class it would not be difficult to have the change made.

Running a car at high speed for a long distance may cause the exhaust pipe to become excessively hot. If it is next to any wood this may cause a fire especially if there is an accumulation of grease and oil in the woodwork. This danger can be minimized by driving slower than top speed and keeping the woodwork free from grease and oil. The exhaust pipe also heats up when the engine is run with a greatly retarded spark. Sometimes it will become red hot and ignite anything inflammable near it.

Another cause of fire comes from the short circuiting of a part of the electrical system. A short circuit may heat one of the wires red hot and burn the insulation. If there is any accumulation of grease, oil or gasoline close by, a fire is liable to start.

Returns From Insurance
If a person insures the auto for a certain amount, say \$1,000, he does not necessarily receive \$1,000 in case his auto is burned or destroyed by fire. What he does receive, under the rule of the United States National Automobile Underwriters' Conference, is the full market value of his car at the time of the destruction. Otherwise it might be possible for a person to insure his car for a certain amount and set it on fire before the insurance ran out and at the same time the car in the second hand market would be worth less than the amount for which it was insured.

Such a condition leads to the temptation to burn the car for the sake of the insurance. For the protection of the large majority of auto owners the present basis of paying fire insurance is equitable. When an owner has his auto protected by fire insurance this covers loss from a blaze arising from any cause whatever. If the garage catches on fire and burns the car, the owner receives insurance. Even if the car is struck by lightning, the insurance company will stand the loss.

Should Carry Extinguishers
Another form of fire insurance protection which ought to be a part of every car's equipment is one or two fire extinguishers. Fire insurance companies give a reduced rate on cars equipped with a fire extinguisher. It can be carried in a frame under the dash, where it is inconspicuous yet easily accessible.

One precaution which can be taken is to back the car into the garage, whether private or public. In case the car catches on fire it is easier to push a car out head first than to back it out. Some owners have built their garage floors with a slant toward the exit so that the car readily rolls out if given a slight push. Be sure to leave the car so that it can be rolled out by releasing the brake.

Having taken every precaution to prevent the automobile catching on fire, nevertheless some day its owner may find it in flames. It is worth while to have in mind what to do on finding one's car on fire. The time required to figure this out after a fire has started may mean a heap of twisted ruins instead of an automobile.

Grab the fire extinguisher. Locate the position of the fire and work the extinguisher to the limit. Do not be afraid of an explosion. There will not be any. Get

A retarded spark and rich mixture will heat the exhaust manifold "white hot". It may set fire to your car—first igniting the gasoline under the hood. You may prevent the total loss of your car by going over the carburetor adjustments regularly.

There are other common causes of fire, some of which cannot be easily detected. Even a minor blaze in your car or garage means an outlay of cash for repairs. It is wise to insure your car against such loss.

CITY AND COUNTRY DWELLERS

Q—What proportion of the Canadian population are city and country dwellers?

A—A compilation based on Canada's census returns shows that the population is equally divided between city and country dwellers. The total urban population is given as 4,352,773 and the rural population 4,435,710. In Prince Edward Island the rural population is as high as 78 per cent. of the whole, and in Saskatchewan 71 per cent. In only two provinces—Ontario and Quebec—is the rural population smaller than the city population. The total rural population of the three prairie provinces is 1,252,753 compared with 849,042 in 1911.

THE NATIONAL GEODETIC SURVEY

Q—What is the National Geodetic Survey?

A—The National Geodetic Survey of Canada was organized in 1906. By means of its primary triangulation nets and lines of precise levelling, both of which are connected with corresponding systems in the United States, it furnishes the positions and elevations of primary central points with the greatest possible accuracy. From its primary points the same survey determines the position of secondary points, which are spaced much more closely than the primary, and also such prominent objects as light-houses and church spires; by connecting with these, any detailed survey is enabled to control its work. When the International Union of Geodesy and Geophysics met last year in Rome, of all the reports presented, that of the Geodetic Survey of Canada was considered one of the most scientific and complete.

INDIANS IN CANADA

Q—How many Indians are there in Canada?

A—The Indian population of Canada numbers 105,998, on 1,625 reserves.

CONFUCIONISTS IN CANADA

Q—How many Confucionists are there in Canada?

A—The Census of 1921 reported 27,319 Confucionists in Canada—being part of the Chinese population.

THE QUEEN'S RANGERS

Q—Who are the Queen's Rangers?

A—There were three regiments of the name of Queen's Rangers. First, the Rangers who served in the Revolutionary War on the side of the British commanded by John Graves Simcoe, afterwards Governor of Upper Canada, and who, at York Town, when ordered to surrender, threw down their guns and jumped on them rather than give them to the enemy. Second, the Rangers whom Simcoe raised in Upper Canada largely as a body-guard, but what were turned to civilian uses in the building

of the Kingston road and Yonge Street, and lastly, the Queen's Rangers used for defence at the time of the rebellion of 1837.

NEW BRUNSWICK

Q—What are the chief features of New Brunswick?

A—New Brunswick adjoins Nova Scotia to the north and in area is a little smaller than Ireland. It is bounded on three sides by salt water and has a coast line of 600 miles. The province was originally one vast forest, and much of it still remains so, freely interspersed with lakes and rivers. St. John is the capital city. The climate is healthful and bracing. There are no great extremes of temperature and the variations of heat and cold are in no sense trying.

FORT HENRY

Q—Where is Fort Henry?

A—In 1813 a rude fort of logs for the defence of Kingston was thrown up at the summit of the hill, under the supervision of Colonel Henry Young, after whom it is said to have been named. Demolished in 1832, rebuilt of lime-stone, 1832-6 and surrounded by a dry moat 50 feet wide and 40 feet deep, with stockade, used in 1838 for the detention of prisoners, of whom 15 escaped from it at one time.

BIRTHS, MARRIAGES AND DEATHS

Q—What is the record of births, marriages and deaths in Canada?

A—According to the vital statistics of 1921, Canada had 247,240 births, 108,408 deaths, and 72,660 marriages.

ALBERTA

Q—What are some of the chief features of Alberta?

A—Alberta is the most westerly of the three prairie provinces. The Rocky Mountains, whose scenery is unsurpassed in any part of the globe, forms more than half of the dividing line between it and British Columbia. The province contains three territorial belts, southern, central and northern. Edmonton is the capital city. Alberta is delightfully healthy throughout its length and breadth. There are few blizzards or violent storms of any character and the winters are for the most part of a very enjoyable temperature and the warmth of summer never becomes oppressive.

Southern Alberta is a rolling, treeless prairie land with a high altitude, a somewhat light rainfall and is still the great ranching section of the province. Central Alberta has a soil that is practically inexhaustible in its capability for producing splendid crops. It is well watered and has important resources in timber, chiefly poplar and spruce. In Northern Alberta are to be found open prairies lying close beside lightly and heavily wooded areas. Settlers are making homes along the railways.

as near to the blaze as you can without being burnt or suffocated with poisonous fumes.

Water is not much good in extinguishing burning oil or gasoline. Sand will put out such a blaze much better than water.

One of the best things to use in case of fire is the carbon tetrachloride compound, which is the basis of the liquid extinguishers on the market. But it is much better to use this compound through the medium of an extinguisher, and the expense is not much greater.

If the auto burns it may take the garage and house along with it. At any rate, a fire represents an inconvenience, a financial loss and a danger to human lives. It is certainly best to take all possible precautions against a fire.

GAS, WATER, OIL, AIR ARE MOST ESSENTIAL

Motorists will avoid much trouble if they look over the four following details before taking out a car: gasoline, water, oil, and air in the tires. Then try out brakes as soon as you get outside. Most troubles lie among these and beginners are especially apt to overlook them.

Keep close watch on the oil pressure gage or sight feed on the dash. See that they indicate more when the engine is speeded up and less when it is slowed down. If the gage stands at zero with the engine running or the sight feed shows no flow of oil, the system must be looked over immediately or the engine may be ruined.

When priming a balky engine through the priming cups do not pour more than half a teaspoonful of gasoline into each cylinder as it cuts the oil around the pistons and drops into the oil base, where it does further damage.

While adjusting the carburetor remember to have the engine hot before finishing the adjustment. When the engine is cold the gasoline is not all evaporated and so a richer mixture is required. If this is not corrected after the engine heats up the mixture will be too rich and gasoline and power will be wasted.

While painting the universal joint do not put any on the spherical part which slides inside the other part of the cover. When the paint dries it will make a hard ridge where the two parts come together and as this is carried in, past the packing, it wears it rapidly, causing leakage of the lubricant.

The Seven Merchants of Halifax

In Halifax during the distracting period of 1869, seven men to whom other men could turn with assurance and confidence, founded a sound banking institution.

From that Bank—then called The Merchants Bank of Halifax—has expanded the powerful institution to which men and women, in private affairs as well as in large business undertakings, turn to-day with confidence in its strength and power. You know this institution as—

STUDEBAKER

Studebaker Light-Six

The Studebaker Light-Six

STUDEBAKER'S vast resources are utilized to manufacture (not assemble) the Light-Six complete in the newest and most modern large automobile plants in the world.

Resources, consisting of \$85,000,000 of actual net assets and \$45,000,000 of plants, make it possible for Studebaker to offer a six-cylinder car, at less than \$1500, that is emphatically superior in design, construction and performance to any car within hundreds of dollars of its price.

By complete manufacture, Studebaker not only guards the quality of each part, but saves the middlemen's profits, with the result that no other make of car ever built, by anyone, at any price, represents so great a dollar-for-dollar value as the Light-Six.

Evidence of its mechanical superiority is found in its practical freedom from vibration. This is accomplished by the perfect engine balance secured through machining the Light-Six crankshaft and connecting rods on all surfaces. This requires 61 precision operations. No other car in Canada selling for less than \$3,500 follows this practice.

It is significant, therefore, that the sale of more than 80,000 Studebaker cars during the first six months of this year broke all records. Buyers are justified in expecting more for their money in a Studebaker than in any other car.

There is nothing more stimulating when you are tired, no, nothing, than a good hot cup of tea. The fire company was called out on Wednesday morning in consequence of a burning out chimney at the home of Mr. J. R. Warrington on the corner of Caspereaue avenue and Summer street. The firemen quickly responded to the call and were able by the application of a few buckets of water to render the situation safe.

Considerable complaint was made by householders on Wednesday over the cutting off of the town water supply without due notice being given. It ought to be possible to arrange some signal by which such notice could be given as it is a serious matter in a busy home, especially if there are young children to be deprived of water even for a few hours. A few moments advice would enable a sufficient supply being drawn off to provide for interruption in the service. The cause of the unannounced drought on this occasion was repairs being made to a hydrant on Caspereaue avenue, which should not have necessitated an interruption in the entire system.

HOW TO ENJOY IT

This is the vacation season, and everyone wants to make the most of it. We must throw off for a time the burden of our daily occupations, and, if we can do so, the hourly worries of busy life and "lost" and enjoy it. But we must take care of ourselves, and no more pertinent advice in this respect can be found than that contained in the recommendations issued by Dr. Champion, director of hygiene in the Department of Public Health. He says:

Remember that vacation is for rest and change.

Take your pleasures sanely—then you won't have to take a week off when you get home to rest up from your strenuous vacation.

Be sure that the water you drink and the food you eat are pure. Many a case of typhoid has been contracted at a summer boarding place or from drinking polluted water from a roadside well or stream.

The wise man or woman gets immunized against typhoid before going on a vacation. Your doctor can do it for you.

Drink plenty of clean milk; eat plenty of fresh vegetables and fruit. Don't overeat.

Long hours of sleep will set you up for the strenuous days of winter.

Exercise freely but not to the point of exhaustion. If you are a desk-worker during the winter, don't expect to be an athlete during the brief time of your vacation.

Forget about clothes. Throw away your high-heeled shoes, and dress like a human being.

Live out of doors as much as you can. Be moderate in all things.

Just keep this in mind, and act up to it, and you will enjoy a vacation well worth while.

Mr. Clyde Coldwell returned home from Boston on Tuesday of last week; Miss Leta Gertrude is visiting relatives in Hantsport.

We are very sorry to hear Mrs. William Eagles is on the sick list. Congratulations are extended to Mr. and Mrs. Fred Vaughan on the birth of a daughter. Also to Mr. and Mrs. Lewis Davison, of Walbrook, on the birth of a son at Miss Wood's Hospital, Port Williams.

Rev. J. C. Hardy supplied the pulpit here on Sunday last. The Women's Institute met with Mrs. Reginald Hennigar on Thursday afternoon of last week. A very pleasant afternoon was spent and dainty refreshments were served.

MARRIAGE

CLEVELAND—FOSTER—On March 17, at Wolfville, by the Rev. Hemmon, Ruth Bishop, daughter of Mr. Lalia W. Foster, to Carmel C. Cleveland, son of Mr. and Mrs. B. W. Cleveland, both of Kingston, N. S.

THE CORNWALLIS VALLEY IN SUMMER

There is fragrance in the clover. There's a blush upon the rose. And the world is covered over With the richest, rarest clothes. Multicolored vegetation VIVID, verdant variegation Calls the soul to high elation And the mind to sweet repose In the land where the Cornwallis To the Minas Basin flows.

Hear the drowsy, drony drumming Of the busy bumble bee. And the tuneful tones now coming From the children's playful glee. Fresh and fragrant are the flowers; Festooned trees and leafy bowers, Happy days and happy hours, Sun-crowned summer brings to thee. In the land where the Cornwallis Gently gliding, seeks the sea.

In this fertile, fruitful valley Seven golden streamlets glide; And, meandering toward the Minas, Join the Fundy's changing tide. Giving dykelands, rich and spacious; Gifts of Providence most gracious; Fair Acadia, fortune's favorite, Happiest place of all beside, Is the land where the Cornwallis Comes and goes with Fundy's tide.

G. D. HUDSON, Lower Canard, Kings Co., N. S.

With the band concert on Saturday evening this week Wolfville should present an unusually busy appearance. Out of town people will find something doing if they pay us a visit on Saturday night.

Beautifully your home electrically. —Mr. Electro-serve.

A WOMAN needs several electric lamps in the home to add just that touch of graceful illumination to please the artistic soul of her. Here is an assortment that you should view. You'll find the lamp that you have had in your mind's eye.

Under Miss Adams, Miss Brewster and Miss Covert the candy booth was made one of the chief features, high quality and good salesmanship making it one of the big successes. Fancy goods, under Mrs. John Ross and Miss Minnie Healy, and ice cream with Mrs. Reginald North and Mrs. Fred Jodrie, were popular booths. Misses Madeline Covert, Theresa Smith and Mabel Bigelow conducted the fish pond. Fishing was excellent, bait being taken freely. Shooting with Mr. Gilliat was well patronized, Rev. H. T. Wright, pastor of United Baptist church, being the best shot of the evening. The third quenching booth was under Frank Covert and Fred Smith. Canning Band was in attendance, rendering delightful music, their presence being greatly appreciated. The grounds were very attractive, having been wired for the occasion. The party was a success financially and was much enjoyed. The Ladies Aid Society, Pres. Mrs. (Dr.) Gosse, appreciated the hearty support given by the sister churches as well as the community at large, which meant much toward the success of the undertaking. The proceeds amounting to \$215.00 will be added to the church repair fund.

Mrs. E. H. Coffin is chaperoning a party of nine young girls from Halifax, who have spent a delightful vacation in Kingsport, amongst whom are, Misses Beatrice Hebb, Jennie Muldowney, Adeline Faye, Ethel Faye, Vera Cook, Florence McFarlane, Gladys Shinner, Marion Bedwin and Eileen Munro. Mr. and Mrs. W. E. Hebb, Halifax, are guests of Mr. and Mrs. Coffin, and their sons George and Hector. Mr. and Mrs. J. D. Clarke have returned from attending the Hector Celebration and are occupying their summer bungalow. Mr. and Mrs. Waldo Davidson, of THE ACADIAN, Wolfville, have been spending a vacation at the cottage of Mrs. Haycock. A regret of many Mr. Simon Jacobson has accepted a position in Halifax, with his brother-in-law, Mr. Garson. Mr. and Mrs. Everette Kingsman and family are occupying a bungalow at Kingsport. Mrs. Stewart Loomer, who underwent a successful operation in Westwood Hospital, Wolfville, on Thursday, is improving. Mrs. James White, Boston, spent a few days at the beach this week. Mr. Chas. Tupper and family have moved into their fine bungalow recently erected. Mr. and Mrs. Alfred Clarke and Miss Gloria Clarke are spending a few weeks in Kingsport. Mr. C. M. Tupper, Mr. A. R. Cooper, Mr. Frank Andrews, Mr. Grandy, Mrs. George Caldwell, Mrs. Healy, Miss Minnie Healy, Miss Laura Campbell, Mrs. Barnaby, Mrs. Louis Ellis, Mr. J. D. Clarke, Mr. Vinot, Mr. C. S. Silver, Mr. Cross, Mrs. Joseph Cohen, Mr. Lloyd, Mr. Whitfield Coffin, Mr. Hiltz and families are occupying bungalows at Kingsport. Mrs. Freeland, of Halifax, is the guest of Mr. and Mrs. E. I. Loomer. Miss Winn, violinist and Miss Swift, vocalist, of Boston, are spending a few weeks in Kingsport, guests of Mrs. Isaac Cox. A fine bridge for all purposes, with concrete foundation, is being constructed to replace the old bridge, which has been in a dangerous condition for some time. It is reported that the summer colony has purchased a roadway in the direct line of the bridge at the rear of the cottages, which will mean much in opening up that section. The Annual Strawberry Festival of the Congregational church was held on Wednesday evening of last week and was greatly enjoyed by a large number of the Summer Colony and others. The room was beautifully decorated with a profusion of flowers. The convenors of committees, Mrs. Annie Huntley and Mrs. E. J. Loomer and their assistants are to be congratulated on the success of the evening, the pleasure of which will not soon be forgotten. The proceeds, more than \$60.00, will be devoted to church purposes. Rev. J. H. Alexander, Hamilton, Ontario, chairman of Congregational Union of Canada, addressed a large and representative audience in the Congregational church on Sunday, his deeply impressive sermon being added to by vocal solos, by Miss Swift, of Boston and violin solos by Miss Winn, both of whom were much appreciated.

REV. H. R. GRANT VISITS CANNING Dr. H. R. Grant was the speaker on Sunday evening at the United Service held in United Baptist church, Rev. G. A. Logan presiding. The choir of the Methodist church joined with the sister choir and the beautiful organ, recently installed, was played by the pastor, Rev. H. T. Wright. Dr. Grant gave an interesting account of the temperance situation in our Province and dwelt on the success of Prohibition, quoting many instances to prove his statements. He urged vigilance on the part of individuals. Social Service work was also reviewed. Rev. G. A. Logan and Rev. Thomas W. Hodgson gave short addresses and spoke of the great work being so faithfully carried on by Dr. Grant. Dr. Grant addressed a Union meeting in Upper Canard Presbyterian church on Sabbath morning, Rev. G. A. Logan presiding, and with him Rev. G. D. Hudson, pastor of Cornwallis Baptist church, the choir of which joined with the sister choir. A vocal solo by Mrs. Ratthel was much enjoyed. The speaker addressed a meeting at Centreville in the afternoon, which was largely attended, Rev. G. D. Hudson presiding.

HABITANT The Women's Institute met at the home of Mr. and Mrs. Bernard Burbridge on Friday afternoon, Pres. Mrs. Fletcher McBride in the chair. An interesting and full report of the Truro Convention was given by our delegate, Mrs. Annie Avery, the response to roll call being questions re the convention. At the conclusion of the meeting a social hour was enjoyed. Mrs. Thompson and Miss Annie Thompson, Bedford, are guests of Mr. and Mrs. William Melvin. The Community tennis club is being greatly enjoyed by our young people. Mr. and Mrs. Basil Ellis are being congratulated on the birth of a daughter. Mr. Forsythe, Mass., is the guest of Mr. and Mrs. Milton Greenough.

JULY 27 SPEAK NO IDLE WORD.—But I say unto you, that every idle word that men shall speak, they shall give account thereof.—Matthew 12:36.

JULY 28 TIME NO OBJECT.—But, beloved, be not ignorant of this one thing, that one day is with the Lord as a thousand years, and a thousand years as one day.—2 Peter 3:8.

JULY 29 PRAYER IN THE MORNING.—My voice shalt thou hear in the morning, O Lord; in the morning will I direct my prayer unto thee, and will look up.—Psalms 5:3.

JULY 30 THE WHOLE HEART.—Blessed are they that keep his testimonies, and that seek him with the whole heart.—Psalms 119:2.

JULY 31 HUMILITY OF CHRIST.—Let this mind be in you, which was also in Christ Jesus. Let nothing be done through strife or vainglory; but in lowliness of mind let each esteem other better than themselves.—Phil. 2:5,3.

AUGUST 1 WITH ALL YOUR HEART.—And ye shall seek me and find me when ye shall search for me with all your heart. Jeremiah 29:13.

AUGUST 2 SHALL DO EXPLOITS.—The people that do know their God shall be strong, and do exploits.—Daniel 11:32.

ACADIAN DAY AT GRAND PRE Big Programme Has Been Arranged For August 23

MONCTON, N. B., July 18.—Rev. A. D. Cormier, of Shediac, announces that the unveiling and blessing of the statue of Our Lady of the Assumption in the church at Grand Pre, N. S., will take place on August 23rd next.

The programme will open with pontifical high mass and an appropriate sermon by one of the leading Acadia clergymen. In the afternoon there will be speeches by noted speakers. Hon. P. J. Veniot, Premier of New Brunswick, and Hon. D. V. Landry, a former Provincial Secretary, will deliver addresses. It is announced that the lot of land at the very point where the Acadians were embarked at the time of the expulsion in 1755, has been acquired and a suitable monument will be erected thereon in the near future.

In the meantime, on August 23rd next, the Acadians will take formal possession of this land. It is expected that there will be a large attendance of people from all parts of the Maritime Provinces, United States and Quebec.

AS OTHERS SEE US

We have received a number of Ontario and Quebec papers in which appear descriptions of the Annapolis Valley as seen by the members of the Canadian Weekly Newspaper Association on their trip through this province last month. The following is taken from "The Advertiser-Topic", of Petrolia, Ont., and gives some information that we think will be new to our readers.

We landed in Nova Scotia at the pretty town of Digby. Some say the Nova Scotians are rather cold and distant people. If so, they did not so impress us. Before our ship touched dock we were greeted by cheering crowds, as the townspeople of Digby—as well as the people all along the line over which the special passed—turned out in force to welcome the party. No, their noses are not untidy "blue". It seems it was not the type of people but the type of their potatoes that gave them the name of "Bluenose". Autos were lined-up to show us points of interest in the community and the most conspicuous thing was the sign on every windshield "Keep to the Right". Nova Scotia, about a month previously, had adopted the plan of turning to the right. New Brunswick had made the change in December and no longer use the signs but in the former province the change is so recent that on all automobiles, street cars and in all conspicuous places are the "Keep to the Right" signs. We may say here that Prince Edward Island is the only province in the Dominion with the "Turn to the Left" plan. However this will be mentioned later. After our sight-seeing tour we returned to the depot where we entrained. Shortly after one o'clock our train consisting of several Dominion Atlantic Railway coaches and two C. N. R. diners left Digby.

The next stop was Annapolis Royal, where a half an hour was allowed by the railway officials for the visit to Fort Ann, with its many historical associations. Hon. Supt. Fortier, standing in front of the old officers' quarters, which now contain relics of former days, gave a brief resume of the history of the fort, it being the fort in which Canada's early days' hostilities were staged.

The next stop was at Kentville, where we were met by the Council, Board of Trade, the Citizens' Band which greeted us with a spirited selection. Cars were waiting to take the party on the greatly anticipated trip through the Annapolis Valley. We first visited the Experimental Farm on the outskirts of the town, which is a credit to the province. Our route was back through Upper Dyke, which is land dyked to prevent the tide from ruining the soil, and Cornwallis Valley. On these dyked lands enormous yields of hay are taken off every year, most of it being baled and exported. We passed through the villages of Canard, Church Street, Port Williams, Greenwich, Wolfville, all situated in the fruit section. The scene of thousands of apple trees in blossom was exceedingly beautiful. Wolfville is a very pretty town. They say its inhabitants are all old maids and baptist preachers; however we do not vouch for this statement. One disrespectful tourist remarked something to the effect that they wouldn't be old maids long if they were Methodist preachers!!! The town is in the heart of "Evangeline". From Wolfville we pass into the village and valley of Grand Pre and find ourselves on soil held sacred for nearly two centuries by Acadians. But just as the Acadians had expelled the Indians, so the Acadians were then expelled. French occupation ended in the tragedy of Grand Pre. Quoting from the story of Acadia, as written by Betty D. Thornley: "Pain works itself into peace. The still meadows of Evangeline to-day carry sweet hay and the scent of clover; and far to the South the hundred and fifty thousand returned Acadians who crept back from the loneliness and mists of exile, now dwell at ease on the long roads of Clare, talk the French of Mollere, go to church at Pointe de l'Eglise, divide their narrow-striped farms for their numerous grandchildren, and lie down in peace at last, no richer—and no poorer—than their fathers were."

Whether Longfellow's Evangeline is a proper account of the expulsion of the Acadians, or whether that expulsion was one of the necessarily brutal accompaniments of war, one could not stand, as we had the honor of doing by the same well the Acadians used with the same row of willows shading the ancient graveyard, without a heart-ache for the wives that were torn from their husbands, children from parents, lovers from sweethearts, and herded like cattle onto ships that sailed they knew not where. The site of the old church and well has been purchased by descendants of the Acadians and set apart in a park as a memorial. Near the entrance of this park is to be seen the magnificent bronze statue of Evangeline, by the well-known French-Canadian sculptor, Henry Herbert. We also saw the first house erected after the English took possession, and Col. Noble's grave, also the site of Basil's blacksmith shop which played such an important role in the story of Evangeline. From the depot at Grand Pre, minus Basin can be seen. The reason for its being called such is that when the tide is out it is completely dry and when the tide is in there is about sixty feet of water in it. The tide comes in so fast at this point that cattle have been drowned ere they could reach the banks in safety. After being over-

laded with information of the valley and views of wonderful scenery impressed on our minds we reluctantly left Grand Pre and the valley of apples for Halifax, stopping at Windsor for ten minutes, and arriving in Halifax about ten o'clock on Sunday night, June 17.

Admired Hair Is Shampooed This Way

Hair that gleams with life and color

Women admired and envied for their richly beautiful hair know this secret. Hair specialists agree that it beautifies hair. Olive oil for the shampoo! It has been used since history began. For its gentle cleansing action removes all dirt and oil from scalp and hair. Dandruff is dissolved and washed away. And the bright sheen of life and color is greatly increased. It leaves hair fluffy—never dry or brittle. It leaves hair silky and pliant as a baby's—

with the inimitable gloss so much desired. Thousands of women now regularly treat their hair this beneficial way. They use PALMOLIVE SHAMPOO—olive oil in its most perfect form for the shampoo. Easy to use. And very economical. You can get full-sized bottles at your dealer's. Or, by mailing coupon, you may have a 15c trial bottle free. Get some at once. Use it. Canada Faces the Future With Confidence

CANADIANS have always been noted for courage, optimism and faith in their country.

Canada was not built up by pessimists, nor will Canada continue to develop if her people allow themselves to become croakers and grouchers. Canada is fundamentally an agricultural country. We have a soil and climate which can grow the world's finest agricultural products. Canadian farmers who have earned the capital invested in their farms out of profits in farming are numbered in thousands. These successful farmers have paid off their mortgages, stocked their barns and stables, bought their machinery, made a good living and brought up their families. It meant hard work but today they are independent.

for feed, labor, interest and depreciation, the net profit per pig was still \$4.63.

Profits from Sheep

As money-makers, sheep are hard to beat. In every Province from Prince Edward Island to British Columbia are found many flocks returning generous profits to their owners.

We Must Cut Production Costs

Canada is meeting with the keenest competition in the marketing of her products. To hold her own and regain her place on the world's market, she must reduce cost of production. The only way to do this is to increase production per acre, per cow or per other unit. But improved quality, also, is essential to meet market demands. The quantity and the quality of the products and the cost of production in competitive countries is beyond our control. Prices of agricultural products are regulated by world supply and demand. Hence, decreasing production will not help the Canadian farmer.

Poultry Pays

Poultry makes money for those who adopt modern methods, whether East or West. Little Prince Edward Island markets co-operatively in cartons, shipping annually upwards of one million dozen eggs. The British Columbia Co-operative Poultry Men's Exchange markets in the same way, thus saving ruinous glut in their local market. There is a market for good Canadian horses, whether light or draught.

Grow Seed

Canada's Northern grown seed possesses extra vitality. There is a large market for it to the south. Canada exports seed potatoes, but imports other seeds. She has the opportunity to grow seeds for herself and for export.

The Future

Ten years from now the pessimists of today will have been forgotten. Britain has removed the embargo against our cattle. She wants our beef and bacon, our cheese, butter, eggs and apples, our wheat and flour. As the population of the United States increases, she will compete less and less against us on the British market. Eventually, she will herself be an importer of many other food stuffs besides wheat from this country. Canada has the men, the climate, the land, the stock and the potential markets necessary for agricultural success. Let us farm with all the industry and science we can muster. Let's get to work and pay our debts. Canada is moving forward with confidence in its future. Let us keep going ahead.

Money in Mixed Farming

In recent years, at different points on the prairies, oats fed to steers have brought from 70c to \$1.07 as against the Fort William price of 42c per bushel, while barley used for the same purpose has brought as high as 99c as against the Fort William price of 57c per bushel. Farmers marketing their coarse grains in this way lower marketing cost, have a sure market and make money on their grain, while at the same time they market their roughage, otherwise often wasted. The cattle embargo is now off. Steers are worth more money and certain to make good money for the Canadian farmer from now on.

Money in Pigs

The Dominion Experimental Farms have proved by actual test that there is a profit in feeding pigs. Last year at the Central Farm, Ottawa, after paying

Over a thousand million fish eggs of various species were collected by the hatcheries branch of the Department of Marine and Fisheries during 1921.

Inbound ships from the United Kingdom are averaging 4,500 tons of freight for discharge at Vancouver. Outbound they take about 4,000 tons per vessel. Last year the average outward tonnage was practically the same while the inbound was only about one tenth of what it now is.

Announcement has been made that a Government wireless station is to be erected on St. Paul's Island, which stands in the entrance to the Gulf of St. Lawrence, off the most north-easterly point of Nova Scotia. Two Government wireless engineers have arrived there and are making arrangements for the erection of the station.

One hundred and forty thousand Canadian school boys have been banded into an army of guards to watch for and prevent forest fires in the Dominion this year, according to an announcement made by the Canadian Forestry Association. The new organization, which is known as the Young Canadians' Forest League, will, it is expected, save several million dollars' worth of timber from fire ravages.

That "prospects for increased immigration into Canada are excellent" was one of the most important statements made by E. W. Beatty, K.C., upon his return from an extended tour of England and European capitals. The president of the Canadian Pacific Railway believes Canada is progressing in the matter of immigration, but intensified efforts are essential, he considers, to offset erroneous impressions abroad that Canada does not require new settlers.

A record run between Winnipeg and Quebec was recently made by a special Canadian Pacific train when passengers from the Orient were, through delay caused by landslide, in danger of missing their connection with the C.P.S.S. "Empress of Scotland" at the eastern port. The train covered the 1,579 miles in a little over 36 hours, whereas the schedule time for trains between these two cities is 53 hours. The passengers had crossed the Pacific on the C.P.S.S. "Empress of Russia" and were taking advantage of the 21 day Orient-to-Europe service of the Company.

The United States has invested in Canada \$2,500,000,000, according to the Bankers' Trust Company of New York, which has just completed a survey of Canadian industry and the amount of United States capital invested. Of the total sum invested, \$1,200,000,000 is in bonds, and the remainder in farms, mortgages, small businesses, industrial enterprises, banking and private loans. It is computed that more than 200 branch factories were opened in Canada by United States concerns in 1919, and a great number in 1920 and 1921, and that late in 1922 the number of these came to 700.

A collie dog is reported to have saved the life of a London West girl, while accompanying the child to a nearby store. On the way she stopped on the C. P. R. railroad tracks in the path of a westbound flyer. Realizing the child's peril, the dog threw himself against her with sufficient impact to knock her clear of danger, and was cut to pieces by the train before he could regain safety. The girl's mother tried to discourage the dog from going when the daughter started for the store, but he went, and was the means of saving the child's life, and died heroically as a result.

WILL STUDY FISH CURING PROBLEM

Dr. J. F. Logan, professor of biochemistry at McGill University, who has been carrying on research work recognized as a valuable contribution to the knowledge of the body secretions, came to Nova Scotia at the request of the federal government to inquire into the problem of curing fish. His work is to determine the cause of certain changes that take place in the fish, both fresh and salt, which tend to spoil them in shipping to distant inland markets. Dr. Logan will continue his research work on his return to McGill. Mrs. Logan, who accompanies her husband, is a Nova Scotia girl, formerly Miss Agnes Purdy, Wentworth Valley, and before her marriage was a teacher in the schools of Wolfville. Dr. Logan is a graduate of Acadia University in the class of 1913.

PORT WILLIAMS AND VICINITY

Rev. John Meisner and family motored from Falmouth and were the guests of Mrs. Meisner's parents, Mr. and Mrs. A. K. Gates Thursday and Friday last.

Miss Laura Hanson, of the G. A. Chase Dry Goods store took the midnight train to Yarmouth on Saturday night for a weeks vacation.

Miss Althea Faulkner spent several days last week with friends in Kentville.

Mr. Paul Mosher, of Dartmouth, spent the week end the guest of Mr. and Mrs. Bedford Chase. Mrs. Mosher and son, who accompanied him, are remaining for a longer visit.

Mr. Campbell Clark returned on Saturday from his vacation, spent at his old home, Sunny Brae, Pictou county. Mr. and Mrs. Neil Coulstan motored to Pictou and took in the Hector celebrations.

Mr. and Mrs. Percy Keeping and daughter, of Georgetown, P. E. I., now at Experimental Farm, Kentville, spent Sunday with Mrs. Belle Harris, Belcher Street.

Mr. and Mrs. B. Lantz with Mr. Willard Bezanson motored to New Ross on Wednesday.

Mrs. Logan and Miss Ruth Logan, who have been visiting Mrs. Logan's sister, Mrs. A. K. Gates, returned to their home in Halifax last week.

Mr. C. F. Cogswell, of Winchester, Mass., and Mrs. Cogswell are the guests of their daughter, Mrs. Geo. A. Chase. They came by auto the entire distance arriving on Saturday last and are being cordially greeted by many old friends in the valley.

Miss Eleanor Hanson, of Amherst, who has been the guest of her grandmother, Mrs. Lucy Hanson, returned home on Monday. Her sister Miss Edith went with her for a two weeks visit.

Misses Hazel MacDow, Edith and Hattie Murphy, Dorothy MacKinnon and Mildred Gates are in Medford spending a week at Mr. Lorne Parkers helping gather in the large strawberry crop.

At the World Wide Guild meeting a very interesting program was given on Sunday evening. Miss Marjorie Trotter, of Toronto, who was attending the Missionary Conference at Wolfville, addressed the young people taking for her topic "Burnt Offerings at Wayside Altars".

It was full of helpful thoughts and was listened to with much appreciation by all present. The Guild Girls gave an allegory entitled, "A Charity Conscience" or a young girls endeavor to live up to the 13th chapter of 1st Corinthians. Miss Eleanor Hanson sang the sacred solo "Was it For Me" with splendid effect, her voice being remarkably clear and true for a young girl. Her sister Edith accompanied her on the piano.

Mrs. Fred Vaughan and children are spending two weeks at Hall's Harbour.

Miss Gwendolyn Fullerton, who has been for a month at her Hall's Harbour cottage, has returned home.

Mr. Gordon Gates left last Friday for Worcester to spend the winter.

Dr. Clarke, ex-moderator of the Presbyterian church of Canada, accompanied by his son, is the guest of Mr. and Mrs. Oscar Chase, Church Street.

The Rev. James and Mrs. Ramsey and three sons, of Moncton, N. B., who have been attending the Hector celebration at Pictou, motored to Kings county, where they have been visiting friends at Sheffield Mills and Church Street. Mr. Ramsey was driving a large four-cylinder MacLaughlin car, and owing to a defective wheel they were delayed on their trip. The wheel lost a spoke and refused to be guided putting them in the ditch. All escaped unhurt except Mrs. Ramsey, who had several bruises and a severe shaking up.

CANARD NOTES

Miss Paige Pincio, of Dartmouth, has been visiting Miss Gertrude Eaton.

Mrs. Basil Howard is spending the week at Kingsport with friends from Kentville.

Mr. and Mrs. Gilbert Pugsley, of Amherst, have been visiting. Mr. and Mrs. Chas. Ellis, Canning, and Mr. and Mrs. Leander Burbidge, Lower Canard.

Mrs. Lawrence H. Eaton, of Wolfville, is spending a few weeks at her former home, Lower Canard.

The W. M. A. S. of the Baptist church held their Annual Thank Offering meeting at the church, Lower Canard, on Thursday afternoon, July 19th. Mrs. F. W. Patterson, of Wolfville, addressed the meeting, her subject being "Western Missions and Western Women." It was much enjoyed by all present. The offering amounting to \$37.00 for Missions.

Mr. and Mrs. Sherman Belcher have returned from a visit to their daughter, Mrs. Roscoe, at Connecticut.

Miss Leah Borden left on Tuesday for Grafton, Mass. She will spend a few weeks there before returning to Mount Allison.

Mrs. Leander Burbidge and Mrs. Walter N. Eaton, of Lower Canard, are spending a week at Scott's Bay.

Miss Beatrice Borden is at Middleton, where she has been undergoing an operation on her throat.

Dr. H. R. Grant spoke in the Presbyterian church on Sunday morning. The Baptist and Presbyterian churches united.

Mrs. Hudson gave a very excellent address in the Baptist church on Sunday evening. A duet by Mrs. Hudson and Mrs. Burbidge, solo Mrs. Burbidge, and a duet Mrs. Hudson and Mr. Ibsen, added much to the evening's program. We regret that on account of so many other services in near by churches the audience was not large.

URGES THE CHURCH TO ADVERTISE

"Every church should have a fund for purchasing space in the newspapers and should advertise in the daily and weekly paper, regularly, persistently and as consistently as do the members of the church who are business men," is a statement made by the Rev. T. T. B. Smith, division of publicity, committee on conservation and advance of the Methodist Episcopal church, at the recent convention of the Associated Advertising Clubs of the World.

The speaker in the course of his address before the delegates to the convention also paid tribute to present day

Mr. George Knowles, B. S. A., of Guelph, Ont., has been the guest of Miss Susie Chase, B. S. A., Church Street.

Mr. and Mrs. David Sutton, of Church Street, returned Tuesday from Pictou, where they had been attending the Hector celebration.

The young people are taking advantage of the bathing at "Starr's Point" these beautiful moon-light evenings.

Miss Hilda Johnson, Church Street, returned home from Wolfville on Wednesday, where she had been attending the Missionary Conference.

Miss Paige Pincio, of Dartmouth, who is teaching on the High School staff at Amherst, has been visiting friends in Church Street and has now gone to Waterville to visit Miss Hetty Chute.

Fresh shad has been very plentiful this summer and has been greatly enjoyed by the many visitors.

newspaper editors and declared that there are real, living prophets of God in the editorial sanctums and publishing offices of many large metropolitan dailies in America. The fact that some newspapers feature sensational news which is lacking in moral tone and is a detriment to the progress of Christianity is a reflection rather on the churches than on the owners and editors of such papers, said the speaker.

If the churches were on the job, said Mr. Smith, they would insist that the owners and editors of newspapers who are church members apply Christianity to the task of making a newspaper which would help the coming of the kingdom of God on earth rather than hinder its progress.

Mr. Smith is strong against secrecy in church conferences. He declared that "star chamber" methods at preachers meetings only lead to indirect and incorrect reports of the proceedings reaching the newspapers and if incorrect reports of such meetings are published, the preachers themselves are the only ones to blame. "Make a friend of the reporter," advised Mr. Smith, "and you will have no regrets."

The time is not far distant, he declared, when every theological school will have a course in journalism to equip your ministers with the knowledge necessary to write catchy church advertisements for their local press. It pays to advertise, he said, and the increase in communicants and larger collections bear that truth out in hundreds of American churches. But he warned against ministers "sponging" on the papers. Every clergyman should pay for his publicity, declared Mr. Smith, and the preacher owes it to the public and the members of his congregation to see that the news about his church and about religious advance in general is properly handled.

NEXT SUNDAY PEACE SUNDAY

Sunday next, July 29, will be observed in Canada as Peace Sunday. The League of Nations Society in Canada has received a large number of requests for literature during the past week, so that there is no doubt that the League's work will be dealt with quite extensively in the pulpits.

The Lausanne peace treaty, formally re-establishing peace between the European Powers and Turkey, was signed at 3.15 o'clock Tuesday afternoon. The general treaty formally ending the state of war, was signed by Great Britain, France, Italy, Japan, Greece, Roumania and Turkey.
