

SPEECH FROM THRONE VERY TAME AFFAIR.

Whitney Recapitulates Work of Session.

Excuses for Delaying Legislation.

Prince of Wales's Com- ing Visit to Canada.

Toronto, April 14.—The last session of the eleventh Provincial Parliament terminated this afternoon, when the Legislature was prorogued by His Honor Lieutenant-Governor Sir Mortimer Clark. Only a few members were in attendance, and there was a smaller number than usual of the general public present. His Honor was received with a salute of fifteen guns, fired by B Battery, of the R. C. H. A., and was accompanied to and from the building by an escort of the Royal Canadian Dragoons, under the command of Captain Roy. A hundred and forty-six bills were assented to. The total number which had been introduced during the session was 213. The session just terminated was the shortest that has been known for a number of years. The speech from the throne was as follows:

Mr. Speaker and gentlemen of the Legislative Assembly:

In bringing to a conclusion this, the fourth session of the Eleventh Parliament of Ontario, I desire to convey to you my appreciation of the earnestness and thoroughness with which you have applied yourselves to your public duties. During the short time that has elapsed since this Parliament was chosen, a little over three years, the number of the legislative enactments placed upon the statute book has been many and the character so important, as to constitute a distinct era in the parliamentary history of this Province. I have, therefore, to thank you for this large amount of beneficial legislation, as well as to express the hope that it will ensure to the moral, educational and material advancement of the people in every walk of life.

It is reassuring to observe already the signs of the revival of agricultural and industrial activity throughout the Province, after a period which, owing to the financial stringency elsewhere, has been especially trying alike to labor and capital.

Again it has been made clear that constant watchfulness is necessary to check all attempts to evade the jurisdiction of this and other tribunals through the medium of federal legislation. It is to be hoped that a permanent understanding will yet be reached whereby this menace may be removed.

I have observed with satisfaction that a substantial portion of the increasing revenues of this province has been set aside to assist education in the urban schools. Following as it does the liberal provision recently made for rural schools and for higher education, there is reason to believe that we are in the midst of an educational revival which will be far-reaching in its beneficial results.

I am glad to notice that the income tax (Continued on page 5.)

Killed Conductor

Birmingham, Ala., April 14.—Highwaymen, supposed to be negroes, derailed a South Bessemer electric car shortly after midnight last night at the Woodward crossing, and when the motorman and conductor went forward to investigate, they were fired upon from behind a pile of logs. Conductor Woods was instantly killed. The men escaped, and a sheriff's posse, with dogs, has taken up the chase.

UNDER ARREST.

Whiskey Detective, Who Worked Here, in Trouble in Windsor.

An Englishman giving the name of Myers is under arrest in Windsor on a charge of receiving stolen property, butter and eggs taken from a railroad car. When he went to Windsor he called on the License Inspector and said he had caught hotelkeepers violating the liquor act and wanted information laid. He got no encouragement from the inspector. He said he had been employed as a spotter in Hamilton and had figured in several police court cases.

GOOD BEGINNING.

Army Service Corps Had First Parade Last Night.

The Army Service Corps held its first regular drill last evening in the Drill Hall, and the officers are nightly pleased with the results of the elementary foot work that was tried. Lieut. Sloan had charge of the corps, and spent an hour or so explaining the work that will have to be done. About 65 men were on parade, and several of the officers of the 13th and 91st, who were present, expressed themselves as delighted with the splendid physique of the corps. The men are very enthusiastic, and are working hard to be in good shape for the first Sunday parade that is held.

THE UNDER WORLD.

Detroit Police Blame Canada for City Outcasts.

Detroit, Mich., April 14.—The police, acting for the local Immigration Office, last night arrested four women of the Tenderloin district on the ground that they were aliens, brought into this country for immoral purposes. Warrants are out for eight more of the same class, and the police are looking for the women. The twelve are known to have come from Canada within the past three years. Following an investigation of Detroit maternity hospitals two months ago by the local immigration officers, and the deporting of the alien inmates, and the warning of the proprietors that no more alien patients must be admitted, the department turned its attention to the underworld, with the result that in has been learned that nearly ten per cent of the female outcasts of the city are aliens. A crusade has been begun to deport all of these women, the new law making it possible to deport any person found to be undesirable within three years of his or her arrival in the country.

THE CAT CAME BACK.

Lost—on Thursday evening from 105 Hunter Street West, yellow Angora cat. Finder rewarded.

Mrs. Sutherland, 119 Hunter Street West, lost her favorite yellow Angora cat. There is rejoicing to-day on the return of the wanderer.

One insertion in the "Lost" column of The Times was all that was necessary to have the lost pet restored to its owner.

WILL BE POPULAR.

Low Rate and Fast Service on B. & H.

(Special Despatch to The Times.)
Brantford, April 14.—The announcement here that the Brantford and Hamilton Radial rates will be 75 cents for the round trip is received with satisfaction. Several local fraternal and several organizations have arranged for moonlight excursion trips over the new road, it being assured that the trip can be made in 1 hour's time.

WAS OPERATED ON.

Dr. Belle, Dr. Bertram and Dr. Kappele operated on Vary Rev. Mag. Heenan, Vicar-General of this diocese, at St. Joseph's Hospital, this morning. The operation was entirely successful and the venerable priest experienced great relief. This afternoon he was resting comfortably.

POLICE RECEIVING LISTS OF HIS ALLEGED SWINDLES.

Mr. and Mrs. Ward Traced to Numerous Canadian and U. S. Cities.

The Cecil Hotel, which was swindled out of its board by a man and woman going by the name of Mr. and Mrs. J. G. Ward, are not the only sufferers. John Hoffman & Co., wardrobe manufacturers, of Rochester, N. Y., whose name is used on all the bogus drafts that have been returned so far, and the Imperial Hotel, of Niagara Falls, N. Y., which was also victimized, have both compiled lists of the swindles that have so far come to light, and sent them to the local police, who are powerless to act owing to the disappearance of the pair.

One of the games worked by the alleged swindler came to the ears of the police to-day. He went to the Boston Lunch on Sunday at noon, and had 15 cents' worth of stuff. When he was through he put up a story of delayed remittances from home, and offered the clerk a flashy pin for the money, at the same time promising to redeem the pin and the money when he left on Sunday. His operations have been traced in Philadelphia, Pittsburg, Niagara Falls, N. Y., Buffalo, Erie, Bradford and Binghamton. After leaving the Cecil Hotel he went to the Waldorf, but a circular letter from Rochester had been received, and as soon as he registered they took him to one side and showed him the letter. He left with his wife, and after getting the meal in the lunch counter where he left the pin, he probably caught the first train for pastures new.

BRANTFORD CITY COUNCIL

Urges the Special Power Commission to Get Busy.

Afraid That the Moulders Will Lose Their Strike.

(Special Despatch to The Times.)
Brantford, April 14.—Very little business of importance was transacted at the meeting of the City Council last night, although several squabbles ensued over minor matters among the aldermen. It was decided to appoint no inspector of gas mains at present, the feeling of the Council being that the gas company ought to be able to keep their own connections and mains in proper shape. Market Clerk Macaulay was refused a raise in salary, and the Council refused to grant him \$20 extra, required for additional help on Saturdays.

Mayor Bowly said that the T. H. & B. should receive no land from the city unless the said land was used for park purposes, and if it were not so used it should revert to the city.

Mayor Bowly, City Engineer Jones and Ald. Siddaby will interview Premier Whitney to-morrow in reference to improving the Grand River.

Ald. Wood urged that the special power committee get busy in reference to the agreement with the Hydro-Electric Commission, as the contract between the city and the Western Counties Electric Company expired this fall.

Mayor Bowly made the announcement that he had been advised that the street railway company would commence the double tracking of their system on May 1.

Firemen Out.

The fire department was called out last night to respond to a call in the rear of Mr. Julius Waterhouse's house on River Road. Some boys had ignited some grass, which was burning in dangerous proximity to the barn. The firemen extinguished the blaze with chemicals. They had a long run.

To the Grave.

The remains of the late Rev. Canon Baker, of Guelph, were laid at rest with impressive ceremony in Mount Hope Cemetery this afternoon. Ven. Arcadeau Moncrez officiated at the services, and in attendance were the Anglican clergyman of Brantford and Guelph, also Rev. Canon Fornari, of Kingston.

Pleasing Program.

The Harris Club put up a very pleasing entertainment in Victoria Hall last evening before a good crowd. The programme consisted of choruses, recitations, vocal and instrumental solos and readings. The following artists took part, and did well in their respective parts: Edith Peachey, Ada Christie, Isa Wright, Carmen Denton, Jessie Mitchell, Edna Hearns, Elia Roberts, Misses Hutchinson, Grace Felce and Lulu Rouse.

LOST BOTH LEGS.

Old Man Dies of Injuries Received at Windsor.

(Special Despatch to The Times.)
Windsor, Ont., April 14.—J. H. Churchill, 74 years of age, died to-day of injuries received last night in an accident on the Grand Trunk tracks at Walkerville. He was struck by a Wabash train and both legs were severed, one below the knee and the other above. He was hurried to the Hotel Dieu, where death ensued. Two sons in Walkerville survive.

VOTES NEXT YEAR.

Good Old Macassa Launched 20 Years Ago To-day.

To-day is the twentieth birthday of the Macassa, she having been launched just twenty years ago at Port Glasgow, on the Clyde. The officials of the Hamilton Sloopclub Company are very proud of her splendid record, she having been out of commission for twenty-four hours only during the seasons she has been on old Lake Ontario. That one day trouble was caused by a broken wheel. She is one of the sturdiest boats on the lakes, and has been out in storms that have taken the measure of bigger boats, while she was able to ride safely. Her engines to this day are in remarkably good condition, and show no signs of the hard work they have done during all these years. Capt. Hardy was the man to bring her across the ocean to Hamilton.

BUILDING ALREADY

In the Fine New Delaware Park Survey.

The Delaware Park Co. has commenced building operations on its property in the choice southeast residential section of the city. Work was commenced yesterday morning for the erection of a modern two story brick dwelling. As the benefits to be derived in such a choice locality are numerous the demand for these sites is already large. The company intend erecting many fine homes in the near future. Thirty-one lots have been sold.

91st. Regiment Attention!

Every soldier should have a swagger stick. The best assortment of canes are shown at peace's cigar store. Make a selection for next parade at the headquarters, 107 King Street East.

A Costly Kiss

Duluth, April 14.—Mrs. Olga Bergerman, of Kibbing, yesterday got a verdict of \$4,750 for a kiss. This is a reduction of \$50 from the verdict awarded at the first trial. She was a tenant of Jacob Kitz, of Kibbing, and alleged that he one day kissed her by force when he called to collect the rent. Kitz's defence was blackmail.

THE MAN IN OVERALLS

This is a busy week with the Easter brides.

Well, the elections are no sure thing for Whittney, and there will be a big slump in the majority.

What's your programme for Good Friday? Clean up the back yard!

I look to J. B. Calder to do his prettiest to put Dan away up at the top; for Dan is a top-notch.

The trustees are still hanging on to the Patriotic Fund. What do they intend doing with it?

The Tories are in quite a muddle down in East Hamilton. Scott won't do, Carr won't do, Biggar won't do, and the Mayor is not wanted. The young bucks are determined to have a young man or none at all.

Well, Mr. Regan, what about the three-fifths clause? Are you for or against? No, that won't do. You must say yes or no.

And the broad road often leads to the dippy house on the mountain. Nothing like the simple life.

If Mr. Hendrie was a good campaigner he had better get the long promised patents for the west end marsh.

From what I understand, Dan Reed will get the almost unanimous Saltfleet vote.

Perhaps the mountain people think they are conferring a favor upon the city by expressing their willingness for annexation.

The Hamilton Herald still refuses to answer my question as to what it would advise the city to do were the Cataract Company to offer it the same agreement that the Hydro-Electric Power Commission is offering it. It ignores the question, for the simple reason that it knows it would advise the city to do the very opposite of what I am advising it to do, yet it pretends to be working for the good of the city. Bah!

I will have to ask the North West Liberals to make a special effort this time to elect my old and trusty friend R. A. Thompson. Mr. T. has been under the weather lately, and will require a little careful handling for a week or two.

Are you a Cataract man?

I don't see why we can't have a decent campaign. I am quite civil.

Any other alderman like to poke his nose into the Assessment Commissioner's business and get it tweaked?

Mr. Hendrie should understand that there will be no fireworks this time.

Go up and get your name down at the Liberal Club. Good place to spend the evening.

DUNDAS MAN

Given Three Months For Vagrancy at Brantford.

(Special Despatch to The Times.)
Brantford, April 14.—Harry Patterson, the Dundas man held here in connection with the attempted house burglaries on Friday night last, was this morning given three months on the charge of vagrancy. The story of the attempted burglaries came out in court by Frank Truckle, who was also held as an accomplice in the case. Truckle stated that the plans were to rob the house of Mr. and Mrs. John Sigamm and Mrs. Harry Hull. The robberies were planned in the barn of Clancy's hotel on Thursday night with Patterson and another unknown man, whose description he gave. They were rushing the can at the time, and proposed to meet early on Friday evening to complete the arrangements. Truckle's subsequent arrest prevented the meeting, and he informed the police of the move. The police covered the houses in question and succeeded in arresting Patterson. Magistrate Livingston did not think the evidence incriminating enough to convict on the burglary charge, and sent Patterson up for vagrancy. The plotters had the paraphernalia for entering the houses, and fresh ropes cut and leather for tying the old couple up, as stated by Truckle. The latter was allowed to go. Patterson was defended by Leslie Brown.

N. Y. WOMAN STRANGLER.

Stranger Found in House With His Throat Cut Open.

Husband Attacked Also But Is Now Held by the Police.

New York, April 14.—In a dingy little four-room flat in the Tenderloin yesterday afternoon there occurred a three cornered tragedy tangled as the police of New York have not had to deal with in a long time.

The net results of the mystery are a little Swedish woman, dead from strangulation, a stranger with his throat cut and a second man with three big gasches in his side.

For two years Charles Berger, a young tunnel worker has lived on the first floor at No. 125 West 28th street with his common-law wife, Kate Paltier. Three weeks ago he got smashed up in an accident in the McAdoo tunnel and since has been laying off.

That was why he came back to his flat in the middle of the afternoon instead of staying away until dark.

A tall man was standing at the dresser in the front room, with his back to the door, working at a drawer.

According to his story, the intruder leaped about and then made straight at him and brandishing a big bread knife, which has subsequently been identified as one of the kitchen furnishings of Berger's own apartment, Berger tried to back away but the attack came so suddenly. Before he could break free from his murderous assailant and tumble backward out into the hall he had been cut three times in the left side. Yelling at every step Berger ran and notified Policeman Houston who went back to the apartment.

Houston, pulled his gun and pushed into the darkened first floor flat. Looking through the vieta of half opened doors he saw a dark shape sprawled on the floor across the threshold of the kitchen.

It was the mysterious stranger, gasping and unconscious with his throat ripped wide open. A little bit of a bedroom, opening off to one side of a front room, half on and half off the bed was Kate Paltier half dressed and dead.

A dampened towel was twisted so tightly about her throat that it had become a hand-ropo that bit through into the swollen flesh. Her eyes were staring, wide open, her face was distorted and purple. She had been strangled slowly.

The interior of the flat was a mixed up mess of confusion. Two of the beds had been pulled to pieces and the mattress had been torn apart as if hurried, eager fingers had searched between them for hidden wealth. Every corner had been ransacked.

Berger claimed he had never seen the man with the slit throat before. The supposed murderer was a dark man of medium height, apparently about fifty years old and fairly well dressed. Berger who went along in the same ambulance to have his wounds dressed, was put under arrest there by order of Captain Farrell.

CHELSEA'S PLIGHT.

Caring for the Homeless and Clearing Away the Wreck.

Boston, April 14.—Business began to revive in Chelsea to-day with the opening of the banks at temporary quarters, the resumption of the street car traffic through Broadway, the placing of the city in communication by telephone and by a general determination on the part of citizens to rebuild the area swept clean by the great fire of Sunday.

For the next few weeks, however, the greatest problem will be the relief of the homeless families and the work was taken up to-day with energy by both city and State authorities, with the cooperation of the numerous charitable organizations in this city.

A SAD PARTY.

Father and Children Left Scene of Fatality.

There was a very sad party at the King street depot of the Grand Trunk Railway this morning. It consisted of Stanley Bates and his four babies—two of them twin boys of four months—also his sister-in-law and the grandparents of the little tots, Mrs. Bates, mother of the children, was burned to death on Sunday morning, her clothing taking fire from an open gas stove while she was bathing the twins. Mr. Bates had a few days before, gone to Penetang, where he had obtained a situation. The party had the sincere sympathy of every one on the train, the children being very attractive, well dressed and winsome.

LLOYD-GEORGE

Makes His First Appearance as Chancellor of Exchequer.

London, April 14.—After a brief sitting to-day Parliament adjourned until April 27, for the Easter recess. Sir Gilbert Parker tried to galvanize the House of Commons into a semblance of activity by urging action to stop the alleged dumping of American hops into England, but Mr. Lloyd-George, who made his first appearance as Chancellor of the Exchequer, pointed out in reply that Sir Gilbert's figures were greatly exaggerated. In any case, he said, the matter was now a subject of inquiry for the commission, and nothing could be done until this commission had made its report.

NEW FIRM.

Morrison Lumber Company Opens Yards on Jackson Street.

The Morrison Lumber Company has opened an office and yards near the corner of Walnut and Jackson street and will carry a full line of pine, hemlock, posts, shingles, etc., at the lowest current prices. All orders will receive prompt attention, and the proprietor, Mr. Morrison, will be pleased to furnish the fullest information to builders, farmers, contractors and private owners at all times. Being well situated, the Morrison firm is enabled to make quick shipments. It has two wagons employed already for city business. Telephone 2950.

AN HONEST PRINCE.

H. D. Williams Sends Money to Pay His Bills.

A few months ago H. D. Williams, "The Mondingo Prince," who announced himself as "The Great Spiritualist," and advertised "full readings" at \$1.00 per cut, came a figure in Hamilton. His career was cut short, however, by the police, who charged him with fortune telling. The African prince was warned off and took the warning, and his highness was seen no more in his high buggy, drawn by a big, grey, high stepper. He left sundry small accounts unpaid and his creditors had no hope of getting their money. But the prince of the dark continent was evidently honest, for within the past few days postal orders have arrived to pay his lively and printing accounts. He is now in Columbus, Ohio.

DOUBLE WEDDING.

Quiet Event at Church of Ascension Last Evening.

There was a quiet double wedding at the Church of the Ascension last evening, when Mr. Harry Oscar Bedell and Miss Susan Kern were married, and Mr. Stephen Charles Bedell, a brother of the first groom, and Miss Annie Ethingerton were also united in marriage by Rev. Mr. Higginson, acting rector, in the absence of Canon Wade. The couples were unattended and the wedding was very quiet. Mrs. H. O. Bedell is the third daughter of Nathaniel Kern, and Mrs. S. C. Bedell is the daughter of the late Henry Ethingerton. The two couples left for a short trip and on their return will take up their residences in this city.

NEW WORKS BUILT ON THE RIGHT PLAN.

Want 10,000 Men

Seattle Wash., April 14.—A cable despatch to the Post-Intelligencer from Fairbanks, April 12, says: At the annual meeting of the mine owners and operators' association held here last night it was decided to immediately wire John Ronsan, their outside representative, authorizing him to contract additional 10,000 men in Seattle at terms of \$5 and board per day for ten hours to come to Fairbanks upon the opening of navigation.

Sewer Deputation Back From Reading.

Beck Holds Out No Hope In London.

Another Case of Small- pox In City.

Chairman Jutten, of the Sewers Committee; Secretary Brennan and Assistant Engineer Heddle returned to-day from Reading, Pa., where they inspected a sewerage system, which is almost an exact counterpart of the new \$225,000 plant being built in East Hamilton. The deputation picked up a lot of valuable information, and will submit it in a report to the committee at its next meeting. One point on which they satisfied themselves is that they are building the local system on the right lines. The contractor who built the Reading plant travelled all over Europe, inspecting the best sewerage systems in the old land. The trip to Reading was more for the purpose of inspecting the sprinkling system used in the filtering beds, which are made of six feet of slag on a brick and cement foundation. It was impossible to detect an odor more than three or four feet away, and this will be one of the advantages of the new plant here. There still remains considerable work to be done on the annex sewer. The building of the pump house has begun. The beds are to be constructed this spring, and nearly a mile of sewer built along Princess street from Wentworth. This will be done with a trenching machine, and it is hoped by this to finish the work within the estimate. It is very doubtful, however, if this can be done, for \$12,000 was lost on the sale of the dechutes. If the plant is in operation this year it will be late to start. As it is impossible to order the pumps until the city decides on the power, it looks very much as if it would be next year before the system can be used.

Although the Health Department was hopeful that it would not be troubled with any more smallpox this year, a case was discovered yesterday, and this morning the attention of the officials was called to another suspicious case. The temporary isolation hospital on the grounds of the old Catholic Cemetery has been closed, and it is not likely that it will be opened unless there is another severe outbreak. The Board of Health agreed to demolish the buildings on the cemetery grounds this spring. The patient is a woman and is a well known church worker. She will be quarantined at home, and the presence of Dr. Roberts, the Medical Health Officer, this morning strongly re-stated the charge that the department had been negligent or extravagant in handling the smallpox epidemic. He declared there was not another city in the Dominion that had shown more frugality in dealing with the cases.

A meeting of the solicitors of the different municipalities coaboring the Niagara Power Union will be held in Toronto to-morrow to deal finally with the Hydro power contract. Mayor Stewart expects that the amended contract (Continued on page 5.)

WANTED AS WITNESS

Cleveland Officer On Trail of Civic Employee.

Mr. L. F. Boswith, an officer from Cleveland, came to the city last night to try to locate A. Cannon, a civic employee who is badly wanted as a witness in connection with a contract or franchise scandal in that city. Cannon, who is about 35 years of age, is supposed to have received a large sum of money to get out of the jurisdiction of the State courts, and is supposed to be in these parts. It is said a little girl, who is travelling with him, wrote to some persons in her old home and said she had seen Niagara Falls and the Mountain. Cannon is said to be a swell dresser and an expert pool player.

THE PASSOVER.

Great Event of the Hebrew Year Begins Thursday.

On Thursday evening, at sundown, the great event of the year, among the Jews, the Passover, will begin, and will be observed by all Jews throughout the world. On Thursday night they will meet in families, and the head of each family will tell again to all the younger generations, the wonderful story of the deliverance of the children of Israel from the yoke of Egyptian bondage. During the eight days following only unleavened bread is eaten, and the period is one of great solemnity.

ANTCOE'S SECOND TRIAL ON THE WOUNDING CHARGE.

Many Witnesses Heard and End Not Reached-- The De Fabron Shooting.

FATED TO LOVE HER

Fits and starts were the rule of Cissy's existence. She would sometimes rulin to the piano, and practice, perhaps, for half an hour with perfect steadiness; but, in the middle of a bar, would rise abruptly, as it had sat down, and dash away—days elapsing before she touched another note. Similar impulses—impulses for reading, for drawing, for gardening—would follow in the interim. To two things alone she was constant; the flowers and her pets.

Lady Louisa, if I had any idea to what matters you were referring. "My dear Mr. Gordon, how can you ask? I refer to les affaires du coeur, you being—as I observed—young, understand them, doubtless, as none, save the young—and widowed hearts whose chief comfort consists in the recollection of youth, are able to understand them. Mr. Gordon, am I not right?"—and again, with a gentle smile, she smoothed the flaxen ringlets.

MARKETS and FINANCE

Tuesday, April 14.—There was quite a large market this morning. The bright weather attracted the farmers to the city and they continue to prebop on the good things that are waiting them this summer in the way of first class crops, etc. Butter remains firm and the supply coming in is not enough for the demand. Eggs are firm and none too plentiful and will remain that way for Easter. The meat market continues to be stiff and prices are high, but sales are reported good. Fish was very plentiful this morning—a lovely supply, fresh caught—and buyers seemed to appreciate the easy prices asked for all sorts of fresh fish sold very fast. On Thursday there will be a large stock of all kinds of fresh fish for Good Friday, at prices to suit everybody. Flowers on the market made a very pretty showing to-day. The stand of G. N. Sons looked very beautiful, having almost every variety of flowers and ferns possible to get at this time of the year. The grain market is a little easier, prices having dropped some. Thursday promises to be a good market.

TORONTO MARKETS. Live Stock. Receipts of live stock at the Union Stock Yards were 39 car loads, composed of 1,114 cattle, 60 hogs, 49 sheep and 170 calves.

The quality of fat cattle was generally speaking fair to good. Trade early in the day was good, but at the close prices were the per cent. lower. Nearly all the representative buyers were on the market, but some of them brought very few cattle, thinking that prices were too high.

Exporters—Export steers sold at \$5.40 to \$5.60; loads of good at \$5 to \$5.25; medium, \$4.75 to \$5; common, \$4 to \$4.50; good, \$3.50 to \$4.50.

Milkers and springers—A few milkers and springers sold at from \$30 to \$30 each.

Veal Calves—Prices for veal calves were easier at \$5 to \$6 per cwt.

Sheep and Lambs—Sheep sold at \$5 to \$5.50 per cwt.; yearling lambs, \$7.50 to \$8 per cwt.; spring lambs sold at \$5 to \$6 each.

Hogs—Guns, Limited, report hogs 10c per cwt. lower, at \$5.40 for select, and watered, and \$5.15, f. o. b. cars at country points.

Farmers' Market. The grain receipts to-day were small. Wheat easier, with sales of 100 bushels of fall at 91c. Barley unchanged, 100 bushels selling at 53 to 54c a bushel.

Hay in moderate supply, with prices steady; 12 loads sold at \$18 to \$19 a ton. One load of straw sold at \$15 a ton.

Dressed hogs are in limited supply, with prices unchanged. Light sold at \$8.75, and heavy at \$8.25 to \$8.50.

Wheat, white, bushel, \$0.91 0.00 Do, red, bushel, 0.91 0.00 Do, spring, bushel, 0.90 0.00 Do, goose, bushel, 0.88 0.00 Oats, bushel, 0.53 0.00 Barley, bushel, 0.53 0.54 Peas, bushel, 0.90 0.00 Hay, timothy, ton, 18.00 19.00 Straw, per ton, 15.00 16.00

Winnipeg Wheat Market. Following are the closing quotations on Winnipeg grain futures: Wheat—April \$1.02 bid, May \$1.03 5-8 bid, July \$1.06 5-8 bid.

British Cattle Markets. London—London cables are steady at 13c to 14c per pound, dressed weight; refrigerator beef is quoted at 11c per pound.

Montreal Live Stock. Montreal—About 1,270 head of butchers' cattle, 380 calves, 239 sheep and lambs and 2,337 fat hogs were offered for sale at the Point St. Charles Stock Yards this forenoon.

Financial Items. Copper in London is 5s. higher to-day. New York banks gained \$1,918,000 through sub-treasury operations since Friday last.

Bank statement makes favorable showing in spite of large increase in loans. Generally expected Congress will adjourn about May 12th.

Moderate demand for stocks in loan crowd. Twelve roads for first week in April show average gross decrease of 11.7 per cent.

First National Bank showed largest increase in cash, and National City Bank largest increase in loans. Exchange shows advancing tendency, but gold exports are not yet possible.

Failures Last Week. April 11.—Commercial failures this week in the United States, as reported by R. G. Dun & Co., are 288 against 267 last week, 342 the preceding week and 214 the corresponding week last year.

Failures in Canada number 35, against 23 last week, 35 the preceding week, and 20 last year. Of failures this week in the United States, 115 were in the east, 85 south-west and 36 in the Pacific States, and 99 report liabilities of \$5,000 or more against 402 last week.

Liabilities of commercial failures thus far reported for April are \$4,744,282, against \$2,132,621 for the same period the previous year.

Dun's Review. Commercial conditions show little alteration, the gains of the first quarter being maintained, but further progress is extremely slow.

The quality of agricultural news was the lowest prices of the season for both wheat and cotton. Manufacturing returns are conflicting, several mills and factories resuming while some others curtailed operations.

Exporters—Export steers sold at \$5.40 to \$5.60; loads of good at \$5 to \$5.25; medium, \$4.75 to \$5; common, \$4 to \$4.50; good, \$3.50 to \$4.50.

were bound to become a drug in the market. The severity of the late crisis is now plainly seen in the reports of bank clearings for the first three months of the current year. All cities of the United States show a decrease of 28 per cent. In New York city the decrease was 35 per cent.; in the Middle States 34 per cent.; in the New England States 24 per cent.; in the Middle Western States 8 per cent.; in the Pacific States 27 per cent. and in the South only 10 per cent. —Henry Clews.

Stocks and Bonds

New York, April 14.—Noon letter. The market during the morning ruled irregular, with some attempts to start downward move, but this was checked by buying of Steel common. The current speculation in local traction stocks aside from a design to improve the market for public transit bonds, is based upon low prices for the various issues, which it figures will confer a privilege of 10 per cent. or more on Third Avenue earnings. However, interest on Met. Bonds cannot be met in full under present conditions. Third Avenue is away down by heavy bond interest requirements, and Inter-Met, do not expect any revenue from Inter-Met for rapid transit for some time to come, this being the only practical source from which dividends could emanate.

NEW YORK STOCK EXCHANGE. Railroads. Open 7 1/2 pm. A. T. & S. F. ... 115 7 1/2 B. O. ... 115 7 1/2 C. P. R. ... 115 7 1/2

Funeral of the Scaffold Accident Victim Yesterday. The funeral of the late Albert Culp, the young man who was killed by a fall from a scaffold last Friday, took place yesterday, at 2:30, from his late residence, 31 Spring Street. Rev. Dr. Toell officiated at the house and grave. Deceased was a member of the Carpenters' and Joiners' Union and also a member of the Ancient Order of Foresters, and a large number of the members of both societies attended the funeral. The pall-bearers were Hal Goodale, Wilson Hall, John Langlois, C. C. Fisher, and James Overt and E. A. Cooper. The floral tributes were: Pillow from the widow; pillow, father and mother; pillow, Ancient Order of Foresters; harp, Building Trades Council; wreath, Local Union No. 77; wreath, sister-in-law; wreath, Mrs. Tom McDonald; sickles, James Ailes, Mrs. J. Howell, Miss C. A. James, Mr. A. J. Vernon, Mr. and Mrs. George Cann; sprays, Mr. and Mrs. H. Gayler, Mr. and Mrs. H. J. Vernon, Mr. and Mrs. J. Marshall, Mrs. B. Cutliss, Mr. and Mrs. Kappelle, Mr. and Mrs. Robt. Wilson. Mrs. Culp wishes to thank the many friends and also the societies for their kindness.

CABINET COMPLETE.

Asquith Announces Several Important Appointments. London, April 13.—Premier Asquith to-day completed the reorganization of the Ministry as follows: C. F. H. Hobhouse, at present Parliamentary Secretary of the Indian Office, becomes Financial Secretary of the Treasury.

The Marquis of Ripon remains Lord Privy Seal, but at his request the Earl of Crewe, Lord President of the Council, will be the leader in the House of Lords.

Mr. J. McNamara, now Parliamentary Secretary of the Local Government Board, becomes Parliamentary Secretary of the Admiralty.

ATTACKED BY DOG.

Sprang at Her Throat While Visiting a Neighbor. Strathroy, April 13.—While crossing the road to-day to visit a neighbor Mrs. Frank Ivor was set upon by a bird dog, which made for her throat.

Mrs. Ivor pushed the brute off, but he came back the second time and sunk his teeth into her hip, making an ugly gash. Dr. Simpson was quickly summoned, and cauterized the wound. No serious effects are anticipated, although she will be laid up for an indefinite period.

The Australian Premier, Deakin, whose Government was defeated in the House last week, has decided to remain in office until the tariff has been passed.

THE HAMILTON TIMES

TUESDAY, APRIL 14, 1908.

SWEENEY'S IMMIGRANTS.

At the City Council meeting last evening Ald. Sweeney and Ald. Farrar fathered a motion that the council memorialize the Dominion Government, asking it to limit immigration at present, except farm hands for the Northwest...

duce the estimates of the Hamilton Board of Education. It is within the memory of even young readers that this bad advice of our contemporary was accepted by the Council of one year, and a sum was cut from the Board of Education's estimates...

NO INDECISION THERE.

While the Government is in a state of indecision touching the course it will pursue with respect to the crookedness revealed by the Civil Service Commission, the people need not be at all doubtful as to what their duty is in the premises—Mail and Empire.

600,000, a million more than was at first stated. Great possibilities lie concealed there. The new British Cabinet appears to have caught the popular taste...

Hamilton has no desire to annex a part of Barton Township, if annexation will impose a heavy burden upon the taxpayers of the city.

The Ottawa Citizen calls a Tory member of Parliament a "prevaricator" because he said Hon. Mr. Sifton had subsidized the Conservative press to print his recent speech...

Imagine some wicked "corporation" asking Hamilton to tie itself up to an electric contract at an unknown price for 40 years...

One of the most truly touching spectacles of recent times is the independent Toronto News explaining and apologizing for Whitney's lapse from his boasted principles in granting, in the closing hours of the Legislature...

A scheme to chloroform the movement for law reform, is the way Mr. MacKay characterized Hon. Mr. Foy's law reform resolution.

Of course the Spectator doesn't mention that Provincial Technical College matter by way of affecting the approaching election.

When Hon. Adam Beck announced in the Legislature on Saturday, "Today we can supply power to the municipalities at the prices embodied in the by-laws," he probably did not intend to state what was false...

The payment of \$130,000 to the La Rose Mine Syndicate in settlement of its claims against the Government in the last hours of the last session of the Legislature is something that will require a great deal of explaining...

"Municipal rights" are not to be allowed to imperil sanitation among our neighbors across the line. The fetich has been a trifle overwrought, there as well as here...

The Spectator's quit angry at the South Western temperance people. It declares that they have joined themselves to the irresponsible Grit opposition to overthrow the Government...

"It was all very well to dissemble your love, but why did you kick me down stairs?" Berkman, the Anarchist who attempted a few years ago to assassinate Henry Frick, lectured in Toronto on Saturday.

The prodigious classes, Berkman continued, were the support of the social life, but enjoyed very little of what they produced. The capitalist class controlled the necessary means of production, and were thus able to exploit their fellow men.

This sounds like a piece clipped from one of the Toronto World's anti-capitalist ownership and operation editorials. And the more you may compare Berkman's words with those of writers referred to, the more you will see the difference between them.

Winston Churchill has the fight of his life ahead of him. But he is not of the kind that is easily daunted.

Why is it, think you, that the Whitney Government refused to entertain Mr. MacKay's proposal of doing away with the fee system as a measure of law reform?

Daniel Reed's exposure of the botch made by the Whitney Government in the Beach and Local Option legislation is not relished by the county Tories.

The Provincial elections may be in June, or they may be in December. Mr. Whitney is bold enough to be foxy, and foxy enough to be bold, and he will make up his mind when he has the dice loaded to suit him.

The eleventh-hour railway bond guarantee which Whitney slipped through the Legislature turns out to be for \$2,500,000, a million more than was at first stated.

Every shaver should know that Gerrie's drug store, 32 James street north, carries, besides a wholesale stock of razors, the most complete retail stock of shaving requirements in Ontario.

The strongest and surest point in favor of "Salada" Tea is quality. Never in the history of a product have the Canadian people given such a sweeping endorsement of merit as has been accorded "Salada".

OUR EXCHANGES

Spineless Mercury. Percy Bovin and Harry K. Thaw are the living proofs that a spineless jury is only one degree removed from Anarchy.

Are You Sure? (Toronto Mail and Empire). Now Mr. C. N. Smith, of the "Soo," has charged Mr. Gage with getting an office for his father, although Mr. Gage, sen., is dead.

Gamey's Brothers. (London Advertiser). Three of R. R. Gamey's brothers figure in the public accounts for considerable sums.

A Noisy Demagogue. (London Free Press). Mr. Studholme, M. P., is for giving widows and spinsters the franchise. He says if they had votes they would take the children out of the cursed work shops.

The Montreal Way. (Montreal Star). The contractor just fences off the sidewalk and part of the roadway, builds houses in the enclosure for storing material and fits up an office.

Hamilton Tories' Proposal. (Kingston Whig). The proposal of the Hamilton Conservatives—that the Premiers of British Columbia, Manitoba, Ontario and New Brunswick should tour Ontario and Quebec—as a stellar attraction is warmly applauded.

Adam Brown's Railway Work. (Galt Reporter). There are still a few gentlemen in Galt who remember Adam Brown, now Postmaster of Hamilton, as he appeared in the prime of his vigorous life in the sixties...

WAR. The Christian Science Sentinel of this week (April 11) will publish the following statement: For many years I have prayed daily that there be no more war, no more barbarous slaughtering of our fellow beings...

Sizing Up the News. (Halifax Chronicle). The mere fact that Mr. Roche has been singled out for attack by that earnest "booster" of Ontario Toryism, the Toronto News, need give the Liberal party of Halifax no great concern.

Blighted Tory Scandals. (St. John's Sun). For months they were affectionately nurtured, growing enormously all the time in the hot house air of suspicion. Then, this evening, the cold air blast blew upon them and they died, the whole rank collection together.

WAR. It is questionable, however, that at this hour the armament of armies is necessary, for the purpose of preventing war and preserving peace among nations.

Shaving Supplies. Every shaver should know that Gerrie's drug store, 32 James street north, carries, besides a wholesale stock of razors, the most complete retail stock of shaving requirements in Ontario.

EASTER SHOE CHANGE. We have always upheld the "short-hour" system, and close our store every evening, excepting on Saturday, at 6 p. m., but on the Saturday before Easter we have found it almost impossible to handle the rush for our up-to-date shoes...

NEW BOOKS. The Flying Death, 1775; The Measure of the Rule, Barr. 1780; The Barrier, Beach, 1779; For Jacinta, Blindfold, 1778; The Staff of a Man, Blake, 1774; Capt. Dave's Honeymoon, Caine, 1778; The Cat and the Canary, Cameron, 1772; A Young Man in a Hurry, etc.

SLANDER CASE SETTLED. Woodstock, April 13.—Sir William Mubok opened the Spring Assizes here this afternoon. The action for slander brought by H. E. Moffatt, inventor, against D. W. Karn, manufacturer, for \$10,000 damages, was disposed of. It was the result of statements made by defendant at a municipal election meeting last December, which Moffatt claimed reflected on one of his inventions in use at the municipal water-works and electric light plant, and upon his character.

"Scotty" Fatally Hurt at a Hammer Throwing Contest.

Philadelphia, April 14.—William Renwick, popularly known as "Scotty," the ground keeper at the University of Pennsylvania, was struck on the head by a sixteen-pound hammer at Franklin field yesterday and probably fatally injured.

LOCAL LEGAL.

Several Hamilton Cases at Osgoode Hall Yesterday.

The following legal cases of local interest were up at Toronto yesterday: Pilgrim vs. Wentworth Mineral Water Co.—J. S. Connell (Hamilton), for defendants, appealed from the judgment of the County Court of Wentworth, dated 11th February, 1908.

BRANTFORD CITY COUNCIL.

A large class of recruits, the Dufferin Rifles expect to be 500 strong in a short while, and there is much enthusiasm in the ranks over the prospect of a box car trip to the Quebec tercentenary.

DID NOT RAISE THE SALARIES, BUT TEACHERS WILL REACH MAXIMUM SOONER.

Dundas Board of Education Arranges a New Schedule to Go Into Effect in September Next.

Dundas, April 14.—A special meeting of the Board of Education was held last evening to consider the salary schedule recommended by the Internal Management Committee at the December meeting of the Board.

Another matter of paramount interest relating to scheduling returned to the staff whose experience was obtained in schools outside the town. Such teachers, no matter what experience they may have had, or however able and proficient they may be, were obliged to begin at the minimum salary and work their way up, in the same manner as the Dundas resident teachers who began without any experience.

The clause in teachers' agreements requiring two months' notice to withdraw is being rigidly enforced. The new schedule and regulations are to take effect at the reopening of the schools in September next.

GOOD TIMES.

British Expert Says U. S. Will Soon be Prosperous.

GEO. W. CAREY, 90 KING ST. WEST, NEAR PARK.

SPEECH FROM THE THRONE.

Government, while reserving its obligations to invest, to supply electrical energy, through the Commission, at a minimum price to the public.

With pleasure I have learned that during the present year His Royal Highness the Prince of Wales will visit the city of Quebec. While we regret that the arrangement may not permit His Royal Highness to come to this Province, we all rejoice in welcoming him to Canada, and especially because he comes to take part in the celebration of the three hundredth birthday of Canada.

I am glad to be able again to congratulate the Province on the satisfactory state of the public finances, which continue to show a substantial excess of revenue over expenditure.

I have to thank you for the liberal appropriation you have made for the public license service, which will be expended with a proper regard to economy and effectiveness.

I desire to again thank you for the great public service you have rendered and join with you in expressing the hope that the blessing of Almighty God will rest upon our country and our people.

NEW WORKS BUILT ON THE RIGHT PLAN.

KILLED GOVERNOR.

Vienna, April 14.—The whole of Galicia is in a state of feverish excitement over the assassination of Lemberg on April 12, of Count Andreas Polocki, the governor of that province, by a Ruthinian student named Mierstap Szyanski, while the count was giving an audience to a delegation of students.

And the Ruthinians Rejoice and Say It Is a Necessity.

Although the council last night passed \$16,000 worth of road work the officials say this will not give work to as many men as might be supposed, as most of the money goes for material.

The contractors for the Beach water-works system have about completed laying the mains and are at work now on the tower. The contract calls for the work being finished by the first of next month, and already a large number of applications for services have been received at the Beach Commissioners' office.

FACTORIES FOR WINDSOR.

(Special Despatch to the Times.) Windsor, April 14.—The City Council last night fixed the rate of 24 mills on an assessment of eight million in round numbers. Industrial concessions were granted to the Mississippi Pearl Button Co., which will employ nearly a hundred hands, and Brabant's Brass Works, a branch of a Detroit concern.

DIED IN DETROIT.

Detroit, Mich., April 14.—John E. Black, aged 36 years, is dead, after being ill three days with pneumonia. Mr. Black was born in Aylmer, Ont., and came to this country ten years ago. He had been in the grocery business on Michigan avenue.

MUSIC AND THE DRAMA

Fine Show at Bennett's.
One of the strongest programmes of the season is to be seen at Bennett's this week. The four Fords are the top-liners on the bill, and they introduce many new and novel steps. Their performance last night met all the expectations of the audience, who had heard much of their wonderful skills as dancers. Their dancing is something decidedly new, and different to what is usually to be seen in vaudeville. The Bennett management were able to secure their services only on the promise of an extended engagement. Their act is splendidly set off by beautiful scenery, which they carry themselves. Walter Daniels presents a good turn in his impersonation of some famous actors from equally famous plays. His impersonation of Mr. William Lackaye as Svengali, from "Tribby," was specially appreciated.

This is a very special study, being a personal friend of Mr. Lackaye's and a frequent visitor to his home in Washington, D. C. Mr. Daniels also cleverly impersonates an old soldier and the cleverness and quickness of his make-up is remarkable and drew rapturous applause. He is a first-class actor and presents the characters in a masterful way. "Enir," the musical horse, is a marvel in animal training, and cleverly plays bells, blows a horn, dances, and in short gives quite a little vaudeville programme of its own. This act will especially please the children. Marion and Deane present a comedy and talking skit which is rightly named "Police Non-sense." Cooper and Robinson, colored comedians, keep the house laughing while they are on the stage. Marconi, Navarro and Moreno, equitarians, put on a very clever and unique turn. They present something entirely new in the way of balancing, and the ease with which they do their work is a very pleasing feature. It is helped on with one of their number, being a quaint humorist. Their act greatly pleased the audience. Mabel Meecker, a physical culture girl, would prove interesting to many young ladies of this city who are taking a physical culture course. The Bennett pictures are exceptionally good this week and complete a really first-class bill.

Much was expected of Frank Bush, billed as the headliner, and he did not disappoint. He is the best dialectician vaudeville has brought to Hamilton, and with an unlimited fund of clever stories, proved a veritable "riot." The audience laughed continuously and uproariously for the whole twenty minutes, and then clamored for more. He tells a story to bring out all the points, and his material is not only refreshingly bright and breezy, but it is almost entirely new.

Diamond's Parisian Minstrels are among the best musical acts seen here this season, and the audience liked it immensely. It is a decided novelty. Three men compose the act. They are all clever and capable musicians, and afforded fifteen minutes of delightful entertainment. The make-up helps the comedy, which is well looked after by one of the trio, a clever comedian.

One of the big hits of the bill is a clever little sketch, "The Mighty Dollar," by James Butler Haviland and Alice Thornton. Mr. Haviland gives a most interesting portrayal of the better side of the Standard Oil King's character, in a make-up which, together with Mr. Haviland's fortunate natural resemblance to the multi-millionaire, presents a living likeness of the magnate, which is nothing short of marvellous. Miss Thornton plays the part of a "little mother," and shows remarkable ability as an emotional actress, for one who is scarcely out of her teens. She is seen at her best in a pathetic scene, in which she parts with her dog to the millionaire for an extension of time on a note from a doctor, who has been good to her and her baby sister. Mr. Haviland portrays not the spiteful, hard, fiery-eyed Rockefeller shown by Edmund Breece in his characterization in Charlie Klein's master work, "The Lion and the Mouse," but the bald and bent old man, the Rockefeller of to-day as he actually is. The study is made from life.

Mlle. Olive is billed as a vaudeville's daintiest novelty act. She is a juggler pure and simple, and easily one of the best seen here, barring none. She begins where the ordinary entertainer ends, this class leave off, and shows a routine of pleasing tricks, nearly all new. This young lady works at top speed for fifteen minutes, and has a rather novel finish for her act. Donning a pair of gauntlets and wearing a baseball mask, she catches a hundred or more plates from the wings, which come as though shot from a cannon.

Lily Horlein is a handsome woman, and the possessor of a pleasing soprano voice. She wears stunning costumes, making three changes, and captivated the audience with her pleasing personality. Perhaps her best number was a Spanish song, in which she wears a pretty yellow and gold costume.

Harding and Ah Sid, in an original pantomime sketch, entitled "Fun in a Chinese Laundry," proved one of the best liked numbers on the bill. Aside from the comedy, Ah Sid does some really clever acrobatic work. The new sketch, "An Interrupted Proposal," by the three Silvers, was given quite a cordial reception, and makes a good opening number. The girl showed ability as an elocutionist.

The moving pictures will prove especially appropriate for to-morrow, when both performances will be given under the auspices of the city and veteran firemen, in aid of the benefit fund of the city department.

Leslie Harris.
Mr. Leslie Harris, who appears in Hamilton for the first time on Thursday night, April 16th, comes with a great English reputation, which has been splendidly confirmed by the leading critics, Montreal and Toronto press. The value of this is considerably enhanced by the fact that Mr. Harris has been engaged for extra performances at all the principal cities in which he has appeared. This will be Hamilton's only opportunity of hearing this inimitable artist this season, as Mr. Harris returns to England in May, to take up his engagements there.

Plan now open at Nordheimer's and seats on sale.

Haydn's Passion Music.
The production of this beautiful but little known work of Haydn's by the quartette choir of Centenary Church on Good Friday evening, will mark an epoch in the musical history of Hamilton. The seven last words of our Lord are treated with much dignity and pathos, and the quartettes and choruses accompanying each saying are written in the melodious style peculiar to the great master. This work was originally written for the Cathedral at Cadix, but afterwards rearranged and produced in Germany.

after closing her theatrical season, is at the Plaza Hotel under the care of a physician, and expresses physical inability to make any statement concerning the charges made against her in the divorce suit of Mrs. Clara Louis von Hermann against Karl Stephen von Hermann. Herbert L. Satterlee, Miss Marlowe's counsel, says that it will be two or three days before she can even discuss the matter with him.

It is Miss Marlowe's intention to make a vigorous defence, taking advantage of a provision of the law which allows a co-respondent in a divorce action to go on the stand and defend his or her good name.

TO RAISE \$8,000 IN FOUR WEEKS.

FOR THE EAST END PRESBYTERIAN CHURCH.

It is Proposed to Build a \$12,000 Sunday School for Immediate Use, and a Large Church Later.

A number of east end Presbyterians gathered in the Victoria Curling Club quarters last evening to discuss the advisability of erecting a church if sufficient funds could be raised to warrant it. The meeting was somewhat late in being called to order, but when started the enthusiasm of the few who attended was at all times in evidence. Mr. J. B. Graham acted as chairman, and Mr. J. B. Turner as secretary.

During the course of his remarks Mr. Graham told of the vast opportunities in the east end for this kind of work. The increase in population in Hamilton during the past 20 years had been 50 per cent., and as the greatest increase was in the east end, Mr. Graham thought that where a church was needed. Owing to the lack of Presbyterian churches in the section many people of that denomination have long distances to go, and very often attend other churches.

The committee in charge have been busy soliciting subscriptions, and the statement to date is:

Subscriptions to church fund, \$1,195; of which \$75 is to be good as soon as the active operations begin; cash received, \$820; interest on deposit, 88c; total, \$820.88; cash paid out on lot principal, \$500; interest, \$120; expenses, printing, etc., \$10.10; total paid out, \$670.10; balance in bank, \$150.78; cash in treasurer's hands, \$2.40; total, \$160.78.

Mr. W. Stewart, of the firm of Stewart & Whitton, submitted the plans for the proposed new Sunday school building, which he said could be completed in five or six months, probably sooner.

Mr. A. T. Neill expressed himself in favor of the plan for the erection of the proposed building in the near future.

Mr. Wm. Lees said if the school was to cost \$12,000 and the lot \$3,000, making a total of \$15,000, he thought \$8,000 should be raised before any action was taken.

Mr. A. M. Cunningham said a church would be needed in the near future, and some scheme should be originated whereby money could be raised for the purpose. He thought the ladies would no doubt prove to be a strong factor in the work. That something definite should be done, was Mr. Cunningham's opinion, as heretofore the church in the east end had been but a "castle in the air."

A suggestion was made that services be held for four months in a tent, which would accommodate two or three hundred, at a cost of \$150 to \$200.

The amount promised last night by those present was \$1,348, which, when added to the amount already subscribed, would make over \$3,000.

There was considerable discussion as to whether it would be advisable to commence operations on the building unless \$8,000 be in sight, but this was finally left to the committee. The intention is, however, to secure the \$8,000 within four weeks.

Mr. C. Th. DeKam expressed the opinion that the sooner the tent was erected the better. He felt confident the ladies would do their share.

It was decided that the promises should be paid in six semi-annual payments.

Mr. DeKam and Mr. Neill were added to the committee.

Mrs. Cunningham was appointed convener of the ladies.

The selecting of a name for the new church, after a lengthy discussion, was left over until some future meeting. The committee met at the close to discuss the matter.

LICENSE FOR AMUSEMENTS

Will be Granted to Mountain View Park Again.

Other Concerns to be Dealt With Later On.

Tory Lawyers Make Hard Cracks at One Another.

Barton Township Council held its regular meeting yesterday afternoon in the Township Hall, the important business being the hearing of a petition, signed by several of the residents in the vicinity of the Mountain View Hotel, which asked that Mr. Webber Bessey, the proprietor of the hotel, be refused a license for his amusement park, which is in connection with the hotel. The Council members heard the petitioners, but decided that they should not refuse Mr. Bessey a license, and that he would receive it. Deputy Reeve Hills was in the chair, in the absence of Reeve Gage, who is ill.

The petition of the mountain residents against the licensing of any roller rink or other amusement at the Mountain View Hotel during 1908 set forth that it was not in the public interest, and dangerous to the public morals, to allow any such amusements, which attract large numbers of young people, both male and female, to be carried on in places where liquor is obtainable; alleges that during the season of 1907, the neighborhood was greatly scandalized by the actions of persons coming to and going from the Mountain View Hotel, where such amusements were being carried on, and by the conduct of young men and young women wandering about the country in the neighborhood of these premises, and the petitioners considered that not only was it improper and wrong that such amusements should be carried on at licensed premises, but that it was also a menace to the comfort of persons living in the city.

The petition was signed by several residents who live in the vicinity.

Mr. George Lynch-Staunton, in speaking on behalf of the petitioners, objected to a place of amusement on the licensed premises. He found that the experience of the residents justifies the statement that it should not be allowed, saying it was a great nuisance and a disturbance, and he was sure that he could get a petition signed by a thousand residents in the vicinity. There was no reason why the amusement should be allowed.

Mr. Alfred Powis, on behalf of the Citizens' League, objected to amusements in connection with a licensed place. It was not reasonable to have such a condition exist.

Mr. George Copley also spoke against the licensing of the amusement.

Mr. John Gauld, appearing for Mr. Bessey, stated that the Mountain View Hotel, could not see where the blame could be laid at Mr. Bessey's door. The charges that had been spoken of were only made in a general way. The hotel was open for inspection by the police or anyone else, to see that nothing of an improper nature was carried on. Mr. Gauld said that Mr. Bessey would not tolerate anything improper for a moment, either in his hotel or in the amusement park. Mr. Gauld said it was only when gentlemen like Mr. Staunton built their castles on the mountains that they wanted the license cut off to suit their convenience. There was no reason why Mr. Bessey should not receive his license again.

Mr. S. D. Bigger said he was representing the Incline Company, which had heavy interests in the amusement enterprise, and he considered that the parties asking for the license to be cut off were assuming too much in regard to the alleged indecency. It seemed to him that the trouble had started since Mr. Staunton had come up on the hill. There has never been a single charge laid against Mr. Bessey, and he considered the morality of his establishments, and he did not think that the license should be cut off.

Mr. Bessey said that he had discussed the formation of such an amusement scheme, when it was first thought of, with several prominent gentlemen, and with Mr. Bessey, and that he had never been called for that purpose. The concern of the Incline Amusement Company, which proposes establishing a large amusement park at the Driving Park at Truman's Hotel, and the summer theatre at the East End Incline, there is not much likelihood of the summer season being denied a license, as it has done business there for years, and has always maintained a good place. The Maple Leaf Amusement Company is a new concern.

The Right House

HAMILTON'S FAVORITE SHOPPING PLACE

Easter hats are flying now

"THE most brilliant assemblage of hats ever gathered in Hamilton," so say all who come to see this authoritative show. First in interest is the style, grace and distinction of the hats themselves. Next comes the invariable surprise at The Right House low prices.

Only three shopping days before Easter. There are hundreds of women now to whom the Easter Hat question is vital—and there are hundreds of Hats here to meet the need, and the individual beauty, distinction and suitability of every Right House Hat will bring satisfaction to every one of those women to whom good taste, becomingness and beauty in millinery appeals.

Special showing of Easter beauties to-morrow at \$5, \$6.50 and \$7.50

Hats full of Paris inspiration and made of materials imported directly from Paris. Hats in authoritative styles for street, traveling and dress wear. Hats so smart, becoming and practical that every woman will find just her ideal.

The collection is rich in practical styles—Turban, Walking Hats, conservative, dainty street models, rolled-up brim effects, broadbrim sailors and flower hats. And never before has fine millinery cost so little.

Said a woman to-day: "Do you know, in other stores such hats as these are marked \$7.50, \$10.00 and \$12.50? And they lack the style distinction of these \$5.00, \$6.50 and \$7.50 Hats, too."

A GRAND TABLEAU.

Great Spectacular Event at the Plains of Abraham.

Quebec, April 14.—Nearly four thousand performers will be required for the grand pageant on the Plains of Abraham next July to represent the leading heroic events in Canadian history. The grand stand, from which the pageant, with its background of river and battlements and distant hills, will be viewed, will accommodate 15,000 people. To enable all who desire to see the pageant to do so, several performances will be given.

At the state representation before the Prince of Wales, the tickets will probably run from \$1 to \$10 each, for it is intended to secure as large a return as possible of the cost for the benefit of the battlefields project. The public will be able to see other performances for 10 to 50 cents each.

Mr. Laxelles, master of the pageant, has given out the list of scenes to be produced. It includes Jacques Cartier planting the cross near the banks of the St. Charles; his carrying away of the Indian chief, Donnacona; the court of Francis I. when Cartier, by command of the King, relates his discovery of the western country; Champlain receiving his commission at the court of Henry IV.; other scenes in the life of Champlain at Quebec; Mocher Marie Incarnation teaching the Indian children; Mgr. Laval receiving the Marquis Tracy and his brilliant suite; Daumont de St. Lussou taking possession of the western country for the King of France; Frontenac receiving the messenger of Sir William Phipps at the Chateau St. Louis; Donard and his sixteen followers defending themselves against the Iroquois; and, finally, a grand tableau of all the historical personages, troops, etc., with warships of different nations in the background saluting the whole, and making what Mr. Laxelles declares will be such an assemblage as neither the old world nor the new has ever seen.

CAPT. HARBOTTLE.

Late Secretary of Toronto Club Found in Havana.

Toronto, April 13.—Capt. Harbottle, the absconding secretary of the Toronto Club, was arrested on Sunday at Havana, Cuba. Since it was reported some weeks ago that the captain had been seen at New Orleans playing the races generally enjoying himself, the police authorities of Toronto have been busy tracking him. The services of the Pinkerton agency were invoked, and the chase has been a stern one. Photographs and descriptions of the defaulter were freely distributed, and it was thought at one time that he had headed for the city of Mexico. Search there, however, revealed no trace of him, and the detectives had to take up the trail again at New Orleans. The captain has covered a good deal of ground since he left Toronto, but finally he was located in Havana, and his arrest was effected on Monday.

The Toronto authorities were immediately notified, and Attorney-General Fox was asked to secure the necessary extradition papers.

TERRORIZE CITY.

Masked Men Hold Police of Dalton, Ga., Prisoner.

Dalton, Ga., April 14.—Between midnight and 3 o'clock this morning Dalton was in control of a band of night riders, numbering over 100 men. The night riders, masked and wearing long robes, entered the town at a gallop. They proceeded first to the power house of the electric light plant and forced the superintendent to turn off all the lights. They then found the policemen on duty and marched them to the public square, where they were left under guard.

The riders then searched many houses, saying they were looking for wrongdoers, but it seemed they did not injure anyone. Finally the band called at the home of the Rev. Mr. Sims, of the Presbyterian Church, and told him that they were with him in his efforts to stop wrong-doing and urged him to continue his crusade. After the talk with the preacher the band disappeared.

There has been much lawlessness here recently, and several attempts at arson. It is supposed that the night riders invaded the town as a warning to wrongdoers.

FATALLY BURNED.

Woman's Hair Catches Fire From Gasoline.

Kries, Pa., April 14.—Mrs. William Rollins, an equestrienne in the employ of Cole Brothers' circus, died at St. Vincent's Hospital at about 11 o'clock yesterday morning, following fearful burns received yesterday.

Mrs. Rollins and a sister, who is also connected with the circus, were boarded at the home of Peter Burnett in Harbor Creek, where the winter quarters of the show are located. The woman washed her hair the previous evening, and then to dry it the more quickly, applied gasoline. There was an open fire in the room and a short time later this ignited Mrs. Rollins' hair. Almost instantly the room was a mass of flames and the sister leaped out of the window to the ground, injuring herself quite severely in so doing. When, finally, members of the Burnett household rushed to Mrs. Rollins' aid, she had been burned from head to foot.

SHE WILL DIE.

Shoots Paramour in Fit of Jealous Rage.

Albany, April 14.—William Robinson, of Old Forge, Pa., aged about 27, this afternoon shot and probably fatally wounded Ellen Moore, aged 26, a native of Scranton, Pa. The woman was removed to a local hospital, where it is reported she cannot recover. Robinson was placed under arrest. Jealousy is given as the cause for the shooting.

It is said by the police that the couple have lived together here for some time. Last night they quarrelled and this afternoon when Robinson met her in the south end of the city he is alleged to have fired a shot from which she struck the woman in the stomach.

ON THE BIBLE.

Dr. Marsh's Address in Gospel Tabernacle Meetings.

There was a large audience in Gospel Tabernacle school room last evening to hear an address by Rev. Dr. F. E. Marsh, of New York, bible teacher and preacher, on "The Bible the Word of God." Dr. Marsh said the law of God is perfect, thus the Bible was perfect as the writing of it was inspired by God himself. There may be a few errors in translation, but it was true from beginning to end, and the Holy Ghost rides in the chariot of His word. Dr. Marsh said men to-day are criticising the word of God, but should, instead, be criticised themselves by the word of God. He explained people were trying to overthrow the truth of the Bible, but not one truth had ever been undermined, and the Bible was exactly what it claimed to be, for in it were wrapped up the great truths of salvation. Finally, the speaker pointed out the way of salvation, and showed many gospel truths.

WAS AN ACCIDENT.

Jury's Finding in Case of Death of Albert Culp.

It took the jury in the case of Albert Culp a very few minutes to come to a verdict of accidental death, last night, at No. 3 police station. Coroner Baugh presided, and four witnesses were called. Culp was the man killed in the fall last Friday afternoon from a scaffolding, which gave way under him when he was thirty feet above the ground. His brother, George Culp, R. Wilson, D. De Forest and W. Lewis were called as witnesses. The stories they told all coincided with the one published. The absence of any nails in the scaffold was given by all of them as the cause of the accident, as the boards were allowed to sag and slip off the edge of the roof, where the deceased was just starting to shingle. He was in charge of the erection of the scaffold himself, and was working as a carpenter boss under Mr. Wilson, who is erecting the house, which stands on the south side of Main street, a short distance past Wentworth street.

Both Legs Taken Off.

Walkerville, April 13.—Mr. J. H. Churchill, an old gentleman, was struck by a Wabash express while walking on the track about 6 o'clock to-night. Both legs were taken off and there is slight chance of his recovery. He was taken to the Hotel Dietz, Windsor.

TO WAIT FOR AN ANSWER.

Council Decided Not to Break Off Negotiations.

Sanction Issuing of \$100,000 Debentures For Schools

And Approved of Road Work to Extent of \$16,000.

By a unanimous vote the City Council decided last night not to close negotiations, by which it is hoped to get the Hamilton Street Railway to instal a new system, until President Gibson returns from the south with an answer to the aldermen's proposition for the company to pay the city 8 per cent. on \$316,000 for two years and 5 per cent. after that on the increased earnings. The report of the special committee, which has been carrying on the negotiations, was adopted without discussion. It was probably the shortest session the Council has had this year, the aldermen cleaning the business up in half an hour.

As soon as the Street Railway report was reached Chairman Sweeney, seconded by Ald. McLaren, moved that negotiations be continued until the return of the President of the Company, and that the committee report at the next Council meeting.

Ald. Lewis wanted to know if the city was going to the company again with a counter proposition, or where it stood. He was at a loss to understand what was meant by continuing negotiations when the company had once rejected the city's offer.

Ald. Sweeney explained that Colonel Gibson before going south promised to lay the matter before the company's financial agents and give an answer on his return.

The Mayor remarked that he thought Ald. Lewis' objection was well taken. The word negotiation, he thought, should not be in the amendment. The city was waiting for an answer, and if negotiations meant a delay of two or three months, the aldermen should know.

"It says we are to report at the next Council meeting," replied Ald. Sweeney, and the report was adopted without further comment.

Want Immigration Stopped.

Just before adjourning the Council approved of a resolution moved by Ald. Sweeney, seconded by Ald. Farrar, that the Council memorialize the Dominion Government, asking it to limit immigration to Canada at present, except farm hands for the country.

In doing this Ald. Sweeney said the Government was bonusing agents to send out immigrants, and he thought the people were being brought here under a misapprehension, believing that there was lots of work when there was not.

Ald. Dickson took exception to it, and intimated that it was a political move. When an election was approaching, he declared, there were always to be found those making displays backing up certain policies of the politicians with which the Council had nothing to do. He thought the Council had no business interfering in this.

The Mayor said he thought it was something that the cities should get together on. Ald. Sweeney undertook to justify the resolution, by referring to the meetings of the unemployed held here, and the money that the Board of Works had spent providing work.

Ald. McLaren waxed rather sarcastic. He wanted to know if it were the intention to tag the farm laborers who came out or to have a man to test them on, to see how work before they were acquainted with farm work accepting them. The resolution was passed without a division.

Approve of Road Work.

Road work to the amount of over \$16,000, recommended by the Board of Works, was passed. This includes \$4,000 for a macadam road on Garth street from Aberdeen avenue to the Brantford Railway tracks. This is part of the work the city agreed to do in connection with the taking over of the Platt property. The other work approved of was as follows:

Table listing road work projects and estimated costs: Cinder roadways - Estimated cost. Wood street, John street to Wellington street - 8 706 70. Ferrie street, Bay street to Nichol street - 133 40. Macadam roadways - 574 80. Wellington street, Macaulay street to Wood street - 822 00. Florence street, Dundurn street to Sophia street - 1690 00. Gravel roadways - New street, King street to Main street - 633 25. Fairmount avenue, Aberdeen avenue to Glenora avenue - 720 00. Macadam repairs - Market street, Hess street to Caroline street - 433 50. King William street, Ferguson avenue to Mary street - 641 75. Catharine street, King street to Rebecca street - 458 25. Wellington street, Barton street to Murray street - 609 00. Cannon street, Hughson street to James street - 443 10. Wentworth street, Barton street to Grand Trunk Railway - 1283 45. Asphalt pavements - Hughson street, Main street to King William street - 1066 18. John street, King street to Main street - 944 04. Main street, Hughson street to point of switch east of Catharine street - 1673 20. Brick crossing - Chatham street, midway between Locke street and Garth street - 45 42. Total - \$12,404 72.

Ald. Anderson pointed out that nearly all this money was being spent in the west end. The streets in the east end, he said, were in very bad condition, and he asked that the Board of Works pay some attention to that district.

Chairman Sweeney said the committee had endeavored to do the work in each ward on the streets that needed it the most.

\$100,000 School Debentures.

The Finance Committee earlier in the evening had a conference with a committee of school trustees in connection with the debentures to be issued for additions to the Sophia and Pictou street schools, and the placing of fine escapes on the Hess and Victoria avenue schools. It was agreed that the Board of Education should be granted permission to issue debentures for \$100,000 and

the council granted the necessary authority.

Didn't Take the Hint.

Mayor Stewart told the aldermen that he considered it was wrong to permit anyone to address the aldermen in the council chamber. It was not permitted in Parliament or other places, and he did not think the Hamilton council should consent to it. He said he would like very much to see the council decide that for the balance of the year no one should have permission to speak in the council chamber. The committee meetings were where people who had anything to say should be heard.

The aldermen listened attentively, smiled and said nothing.

Other Matters.

The Mayor wanted to know if it was true that both the engineer and solicitor had reported against permitting residents in the county to connect with the main on Ottawa street, and if so, why the committee granted the permission in the face of that. Chairman Clark said he was not at the meeting when the permission was granted, although he understood the engineer had always reported against these connections. No one moved to rescind the clause and it was adopted.

On the Fire and Water Committee's recommendation the council consented to the laying of a six-inch main on Garth street, between South and High streets, at a cost of \$900.

The Finance Committee's recommendation that the trustees of the Sick Children's Hospital fund be requested to submit a detailed statement of the fund to date, and that the city auditors be instructed to audit the statement and report to the Finance Committee, met with no objection.

No exception was taken to the contracts for the new fire station being let.

One ounce Fluid Extract Dandelion.
One ounce Compound Salutaris;
Four ounces Compound Syrup Sarsaparilla;
Mix, and take a teaspoonful after meals and at bedtime, drinking plenty of water.

The above prescription has been found invaluable in the treatment of kidney, bladder and urinary troubles, and diseases arising therefrom, such as rheumatism, sciatica, lame back and lumbago, and we feel that the public are entitled to particulars concerning it.

A prominent physician states that the excellent results that have been obtained from the use of the mixture are due to its direct action upon the kidneys, assisting them in their work of filtering all poisonous waste matter and acids from the blood and excreting same in the urine, and at the same time restoring the kidneys to healthy condition.

He further states that anyone suffering from afflictions of this nature will find it to be very beneficial, and suggests that it be given a trial.

Not Knocking Anybody.

Lawyer—The defendant in this case is a lazy, worthless fellow, isn't he?

Witness—Well, sir, I don't want to be the man any injustice. I won't go so far as to say he's lazy, but if it required any voluntary work on his part to digest his victuals he would have died of lack of nourishment fifteen years ago.

Doctors All Advise Suitable Spring Tonic

Pays You to Get Strong and Nourish the Blood During Change of Season.

In the spring time the vigor and resisting power of the body fall very low. Instead of being rich and nourishing, the blood is thin and watery. As a result the bodily forces become less active, creating tiredness develops into over-poor weakness.

People suffering from this spring sickness feel heavy and drowsy; they don't want to eat; they don't enjoy work—about half sick and half well. This is the condition that is due to anemia, or the marvelous purifying and tonic properties of Ferrozone are quickly felt, because the blood is at once supplied with the elements it needs to become rich and red. It is ironized, vitalized, and rapidly brought to its normal strength.

The only way this can be done is by using Ferrozone, which is acknowledged to be the most efficient spring medicine. The marvelous purifying and tonic properties of Ferrozone are quickly felt, because the blood is at once supplied with the elements it needs to become rich and red. It is ironized, vitalized, and rapidly brought to its normal strength.

If you suffer from debility, insomnia, nervousness, loss of appetite, or any of the symptoms of disorderly blood, nothing will so rapidly tone you up as this great food tonic, Ferrozone. Its record of successful cures, its recommendation by the public, by druggists and doctors commends it to every thinking person.

You need Ferrozone to make you strong. Why not get your supply from all druggists; price 50c per box or six boxes for \$2.50.

HISTORIC CHURCH BURNED.

Kaiser's Favorite Place of Worship in Berlin Destroyed.

Berlin, April 13.—The historic Garrison Church, which was built in 1703, and which was the Kaiser's favorite place of worship, was completely burned this evening.

The Crown Prince hastened to the scene and co-operated with the chief of the fire brigade in attempting to rescue numerous military trophies, including many regimental flags, from the time of Frederick the Great onward, but all except one were destroyed. An adjacent warehouse was also burned.

The firemen saved the other buildings whose proximity endangered them, and through them the Royal Castle, the new cathedral, the Stock Exchange and the City Hall. Immense crowds witnessed the fire.

It is rumored that it was of incendiary origin. There have been numerous cases of incendiary fires in Berlin lately. The culprits have always escaped.

TIRED OF HIS LONELY LIFE.

Graduate of Toronto University Suicides at Yorkton, Saskatchewan.

Winnipeg, Man., April 13.—William Clark, M. A., honor graduate of Toronto University, a resident of Yorkton, Sask., committed suicide to-day by shooting himself. He was 50 years of age, and a big land owner. The husbandly life he is said to be the cause. He left a note saying that he was tired of life, and was alone to blame for his act. His body was found by the mounted police.

AN OPEN VERDICT.

Coroner's Jury Ends Investigation of Death of James Hamblly.

Orangeville, April 13.—The coroner's jury, which has been investigating the death of James Hamblly, whose body was found in a tannery vat here last week, brought in an open verdict to-night, declaring that the deceased fell into a vat and was found dead. Provincial Detective Reburn, who has been in town for some days in connection with the affair, is convinced that Hamblly's death was due to natural causes. Dr. T. H. Henry, who performed the post mortem, stated that he believed death was due to suffocation.

To cure a cold in one night—use Vapo-Cresoline. It has been used extensively during more than twenty-four years. All druggists.

REFORMS IN CONGO STATE.

If Belgium Fails by June Britain Will Take Action.

Liverpool, April 13.—If by June next Belgium has not annexed the Congo Independent State on acceptable terms, the British Government is determined, with the co-operation of the American Government, to take measures which will compel the Congo Government to observe its treaty rights, which have been openly and persistently violated. This was the announcement made this afternoon by E. D. Morel, secretary of the Congo Reform Association, at a meeting of that body.

POURING INTO CANADA.

Five Special Trains From the States Over the Soo Line.

Montreal, April 13.—Work has been received at the C. P. R. offices that the rush of Americans northward began today. Five special trains came in over the Soo line, all loaded with settlers and their effects. Two other special trains are coming from Iowa and two from Nebraska. To-morrow Kansas and Oklahoma each send a train. The destinations of all these people are said to be Saskatchewan and Alberta. "Anything north of the line," seems to be the cry.

HALF THE CROP SOWN.

Everything Looks Well at Swift Current, Sask.—Seed Grain a Benefit.

Swift Current, Sask., April 13.—Eighty-five cars of settlers' effects have been unloaded here since March 1. About 50 per cent. of the crop is in this district, and the weather for the farmers is ideal. One prominent man who has been in the district for a number of years and who has taken a great interest in farming says he has never seen the land in better condition at this time of year than it is at present.

The farmers say there is nothing but corn coming to the Government for furnishing seed grain, and the C. P. R. for the way in which the grain has been handled. The furnishing of seed grain has certainly been a great help to many in this district.

SYNOPSIS OF CANADIAN NORTH-WEST Homestead Regulations

AN even numbered section of Dominion Lands in Manitoba or the Northwest Territory, according to law, may be reserved, may be homesteaded by any person, the head of a family, or male over 18 years of age, to the extent of one-quarter section, of 60 acres, more or less.

Application for homestead entry must be made to person by the applicant at a Dominion Lands Agency or Sub-Agent. Entry by proxy may, however, be made at an Agency on certain conditions, to wit: the father, mother, son, daughter, brother or sister of an intending homesteader.

An application for entry or cancellation made personally at a Dominion Lands Agency may be wired to the Agent or Sub-Agent, at the expense of the applicant, and if the land supplied for it is vacant no receipt or telegram such application is to have priority and the land will be held until the necessary papers to complete the transaction are received by mail.

In case of "perforation" or fraud the applicant will forfeit all priority of claim or if entry has been granted it will be summarily cancelled.

An application for cancellation must be made in person. The applicant must be eligible for homestead entry, and only one application for cancellation will be received from an individual until that application has been disposed of.

Where an entry is cancelled subsequent to institution of cancellation proceedings, the applicant for cancellation will be entitled to prior right of entry.

Applicant for cancellation must state in what particular the homestead is in default.

Homesteader whose entry is not the subject of cancellation proceedings may, subject to the approval of the Agent, relinquish it in favor of father, mother, son, daughter, brother or sister, if eligible, but to no one else, on filing declaration of abandonment.

DUTIES.—A settler is required to perform the duties under one of the following plans:

(1) At least six months residence upon and cultivation of the land in each year
