

The Guelph Mercury

DAILY AND WEEKLY.
OFFICE: 1 EAST MACDONNELL STREET.
MOLAGAN AND INNES,
PUBLISHERS AND PROPRIETORS.

The EVENING MERCURY

CONTAINING THE LATEST NEWS BY TELEGRAPH UP TO THE HOUR OF GOING TO PRESS, IS PUBLISHED AT 5 O'CLOCK EVERY AFTERNOON (SUNDAY EXCEPTED), AND MAILED TO ALL PARTS OF THE COUNTRY BY THE EVENING MAIL ON THE FOLLOWING TERMS:
Single copy, one year, \$4. Single copy, 3 months, \$1.25. Single copy, 6 months, \$2.50. Single copy, 1 week, 10c.
Copies may also be had of the News by the Evening Mercury, at the rate of 25c per copy. These subscribers are supplied at their residences by the Evening Mercury carriers.
In addition to the Telegraphic News given in the Evening Mercury will be found a vast amount of Local News, interesting articles on all the leading topics of the day. Special care will be taken to give CORRECT MARKET REPORTS. Every Business Man should read it.

"The Weekly Mercury"

PUBLISHED EVERY THURSDAY.
IT IS THE LARGEST COUNTRY NEWSPAPER IN THE DOMINION, CONTAINING 40 COLUMNS OF READING MATTER. Special care is devoted to THE WEEKLY MERCURY, and care is taken to select the best and most select reading matter for its columns. It is the Great Family Paper of Ontario, and the most popular and useful paper in the Dominion. It is a certain guarantee that our assertions are correct. Our facilities for getting up a FIRST-CLASS WEEKLY are unrivalled by even the metropolitan press, and we are determined to relax our efforts.

Letters containing money, properly registered, will be at our service.
ADVERTISERS.
Business men will find THE EVENING and WEEKLY MERCURY the most valuable advertising mediums, as their respective circulations are far in advance of any others in North Western Canada, and is the only means by which extensive settlements can be reached by the judicious advertiser.
Advertising rates are very moderate, and may be earned on application at the office.

Book and Job Printing

Executed on short notice, at reasonable rates, and in the best style of the Art. Having every facility at our command in this department, we defy competition as to style, quality and price.
MOLAGAN & INNES, Publishers.
Office: Macdonnell Street, East of the Golden Lion, Guelph, Ontario.

Office over Mr. J. T. Sandham's Confectionery Store, Wyndham Street, Guelph.
Guelph, 4th December, 1867.

Evening Mercury.

OFFICE: MACDONNELL STREET.
WEDNESDAY EVEN'G, JAN. 29, 1868.

Local News.

The Guelph Weekly Mercury

Containing a full digest of all the news of the week, both foreign and local, as well as other miscellaneous matters—editorials, poetry, &c., will be published to-morrow (Thursday) morning at 7 a.m. and copies in time for the English mail can be had at the various bookstores in town and at the office of publication Macdonnell Street, first house east of the Golden Lion.

To CORRESPONDENTS.—"Farmer," yours received. Will appear next week.

SABBATH SCHOOL ANNIVERSARY.—The Anniversary of the Wesleyan Sabbath School at Eden Mills will be held on the evening of the 13th February. A choir from Guelph will be in attendance, and addresses will be delivered by a number of reverend gentlemen. Tickets 25 cents.

BITTEN BY A DOG.—A considerable sensation was occasioned about 11 o'clock this (Wednesday) morning, by the cries of a little boy named Church, who was bitten by a dog at the corner of Wyndham street and Market Square. The boy who is apparently eight or nine years old, was running along to overtake a sleigh, probably, as is boys' wont, to have a ride; when the short-haired, savage-looking brute caught him by the arm, and did not release him without some difficulty. The cries of the little fellow attracted a crowd, and when his arm was bared it was found to have suffered badly, the flesh being blackened, the skin abraded, and a deep cut just above the elbow, where one of ugly cur's fangs had penetrated. The wound was dressed by Mr. Petrie, and then some of the crowd turned their attention to reprisals on the dog, who was owned by a Mr. Welser of Rulwich. A revolver was procured, which, together with an axe to finish the work, gave his quietus to the canine barbarian.

SOCIAL CONCERT IN PAISLEY BLOCK.

The social concert previously announced came off in the School in section No. 4, taught by Mr. John Black, on Friday night last. There was a large gathering of young and old, over 300 being present. Refreshments of the best description were served to the company; after which Mr. John Rennie was called to the chair. Then followed a choice collection of songs and recitations which were rendered by a number of lady and gentlemen amateurs from the town and the section. Among them were Miss Bruce, Miss Hood, Miss Stevenson. Messrs. Jas. Ferguson, R. S. Brodie, C. Walker, Forrest, Thain, Waterson, Jamieson, J. McCorkindale, Miller, Fordyce, Stevenson, Black, Shortreed, Cleghorn &c., although it took a long time to get through the long and varied programme, yet the interest was kept up till the close, and every one went away delighted with the pleasure and enjoyment they had experienced. We are glad to learn that the receipts amounted to near \$40 which will go to augment the library fund of the school.

WATERLOO COUNTY COUNCIL.

At the meeting of the Waterloo County Council yesterday, Charles Hendry Esq., Reeve of the Township of Woolwich was elected Warden. Before the motion was put to the Council Mr. Bowby, Esq., of Berlin made a very handsome apology to Mr. Hendry for the determined opposition he had offered to his elevation to the Warden's Chair upon two former occasions. He said he regretted for some time the course he had then taken and acknowledged that no one had a stronger claim upon the support of the Council than Mr. Hendry. There appears to be a general feeling of satisfaction both in and out of Council that Mr. Hendry has obtained the position to which his long services and ability entitle him.—Com.

Curling Match.

A friendly match was played in Aberfoyle on Saturday, 25th January, between the "Danger Point" and Aberfoyle Clubs. The following is the score:
RINK NO. 1.
DANGER POINT. ABERFOYLE.
Collin Cameron, B. Falconbridge,
Don Grant, Wm. M. Todd,

RINK NO. 2.
James Watt, James Scott,
H. McIntyre, John Black,
Chas. McIntosh, Chas. Ellis,
A. Black, skip 15. John Weir, skip 10.
Majority for Aberfoyle Club 14.

Wellington County Council.

The Municipal Council of the County of Wellington met at the Court House yesterday at two o'clock. The following members headed in their qualification and took their seats.

MUNICIPALITY.	REVE.	DEPUTY.
Guelph	Robt. Melvin	H. Peterson
Guelph Township	Wm. Whitelaw	R. Mitchell
Pineloch	D. Sturton	M. Cassin
Stratford	John Dobb	John Bell
Erin	Wm. Corbett	J. McMillan
Niagara	John Mar 2d	W. H. Hunter
Elora	Charles Clarke	E. Farnore
Pergus	Geo. McInnes	
Orangeville	Thomas Jull	W. H. Hunter
Amaranth	C. Gillespie	
Lather	D. Saunders	
Arthur	Joseph Small	R. Gordon
Peel	John Cross	Thos. McManis
Maryboro	John D. Johnson	W. S. Sutherland
Minio	James Connell	Wm. Boyd
Mount Forest	J. Swan	

The Clerk called the Council to order, and said their first duty would be to elect a Warden.

Moved by Mr. Swan, seconded by Mr. Gillespie, that John Smith Esq., be Warden for the current year.

Moved by Mr. Small, seconded by Mr. Peterson, that Charles Clarke Esq., be Warden for the current year.

The Clerk proceeded to take the vote on the first motion, when there were twenty-seven in favour of it, and five against. Mr. Smith was therefore declared in election. The Warden elect having taken the oath of office, and subscribed to the qualification, took his seat. He thanked the Council for this expression of their confidence in electing him for the first time to the honourable position of Warden. He had not looked for it, and would rather have seen some other person selected. In previous years he had claimed the support of the members in the discharge of his duties, and he had no doubt he would do it again. For his own part he would do all he could to further the interests of the county.

On Mr. Melvin, seconded by Mr. Rea, the following gentlemen were appointed a special committee to draft Standing Committees, and report to the Council to-morrow morning: Messrs. Peterson, McInnes, Swan, Clarke, Dobb, Sturton, Whitelaw and the mover.

Moved by Mr. Mitchell, seconded by Mr. Melvin, that E. Newton, Esq., be Auditor in behalf of this Council for the current year. Carried.

The Warden named W. S. G. Knowles, Esq., as second Auditor.

An application was read from Mr. James Kilgou, to be appointed Local Superintendent for the South Division of the County. The re-appointments was made on motion of Mr. Sturton, seconded by Mr. Cassin. A similar application was read from Mr. A. D. Fordyce from the Northern Division. He was re-appointed Local Superintendent for that Division on motion of Mr. McInnes, seconded by Mr. Melvin.

The Council then adjourned.

The Council met this morning at ten o'clock. Present, the Warden, John Smith, Esq., in the chair, and 27 members.

The Warden read the following address: WARDEN'S ADDRESS.

Gentlemen,—In taking my seat as the head of this Council, I beg to thank you for the honour conferred upon me by your electing me as your chairman for the current year, and in giving expression of my gratitude, I would wish to assure you that my endeavours shall be to merit the confidence you have so generously reposed in me.

An application was read from Mr. A. D. Fordyce, to be appointed Local Superintendent for the Northern Division of the County. The re-appointments was made on motion of Mr. Sturton, seconded by Mr. Cassin. A similar application was read from Mr. A. D. Fordyce from the Northern Division. He was re-appointed Local Superintendent for that Division on motion of Mr. McInnes, seconded by Mr. Melvin.

The Council then adjourned.

The Council met this morning at ten o'clock. Present, the Warden, John Smith, Esq., in the chair, and 27 members.

The Warden read a communication from the County Treasurer, giving the amount received by him on wild land tax, the amount paid, and the amount due. On motion of Mr. Dobb, the statement was ordered to be printed on the minutes.

The engineer's detailed reports on expenditure on roads in both Divisions were presented, and referred to County Roads Committee.

Moved by Mr. Peterson, seconded by Mr. Melvin, that Edwin Newton, Esq., be appointed Trustee for the Guelph Grammar School. Carried. On motion of Mr. Peterson, seconded by Mr. Melvin, that Edwin Newton, Esq., be appointed Trustee for the Guelph Grammar School. Carried.

A communication was read from Mr. Cough in regard to the evasion of tollage in the vicinity of Guelph.

On motion of Mr. Mitchell, seconded by Mr. Melvin, D. Guthrie, Esq., was appointed County Solicitor.

An account was presented from the Elora Veterinary amounting to \$70 for advertising Peel By-law.

A communication was read from Mr. Robert Campbell, of Erin, stating that he would accept \$100 for drainage done to his land in taking gravel.—Referred to County Roads Committee.

Mr. Melvin presented a petition signed by 146 ratepayers of Peel and Maryboro to assume as a County road, that portion of the Guelph and Elmiria road as lies in the Township of Guelph.—Referred to County Roads Committee.

A memorial was presented from the Township of Peel, asking the Council to assume as a County road the line from Alma along the new line between Peel and Pilkington to the point where it would tap the Guelph and Elmiria Road, and grant a sum for the improvement of the same. Referred to County Roads Committee.

Mr. Robertson presented a petition from ratepayers in Maryboro, asking the Council to assume as a County Road the line between the second and third concessions of that township from the town line of Wallace to the town line of Peel, and for aid to make the same. Referred to County Roads Committee.

The petition of ratepayers in Erin for \$100, to aid in the completion of the Drill Shed in Erin village, was referred to the Finance Committee.

Two petitions were presented from ratepayers in Maryboro, respecting the building of a bridge over the Conestoga on the Peel and Maryboro line. Referred to the Road and Bridge Committee.

The Council then adjourned till 2 o'clock.

Town Council.

An adjourned meeting of the Council was held on Tuesday night. The Mayor being absent, the Reeve took the chair. Present Messrs. Hefferman, Day, Thompson, Howard, Sayers, Chadwick, McCurry, Mitchell, Harvey and Peterson.

Mr. Thompson presented the first report of the Finance Committee which was as follows: After carefully weighing the resolution submitted for their consideration they would recommend that James Armstrong, builder, and George Hough be appointed assessors for the current year.

Your Committee would ask liberty from the Council to provide a surveyor to give proper boundaries to any lots the assessors consider improperly described; also power to apply to the Registrar's Office, for any information which your Committee may deem requisite for the perfecting of the assessment roll. They also recommended that 35 per cent. of the amount agreed upon to be paid for assessors be retained by the Council until your Committee feel satisfied that the assessors have properly carried out their instructions. Your Committee recommended that \$50 be granted in aid of the destitute fisherman of Nova Scotia.

Mr. Sayers read a report of the Relief Committee. They had considered it advisable to order the purchase of ten cords of drywood and twenty of green wood, for gratuitous distribution among the needy during that portion of the year when wood commands a high price. They desire that an appropriation of \$150 be made for them, of which sum \$90 will be required for the payment of the afore mentioned wood.

Mr. Thompson moved the adoption of the Finance Committee's report, and said that the Committee had felt it necessary to make an arrangement differed from those of other years. A great deal had been lost to the Town by improper rating and much money that the Sheriff had received by the sale of lots for taxes had to be refunded by the Council. The Council in course of preparation would be given to the assessors, but it was deemed advisable that if there were any lot not stated thereon power should be given to apply to a surveyor, as it was better to spend \$30 or \$40 to have the roll correct than to lose several hundreds. They did not blame the assessors; it was the system that was at fault.

Mr. Harvey objected to one of the assessors being charged without the other. Mr. McCurry also objected, and said that retaining Mr. Armstrong and putting another in Mr. Smith's place, was a direct vote of censure on that gentleman.

Mr. Thomson assured them, that the Committee did not find fault with any one, but they thought Mr. Hough's knowledge of assessment matters was generally fitted him for the position.

Mr. Mitchell, seconded by Mr. Harvey moved in amendment, that the name of Mr. Francis Smith be substituted in the report for that of Mr. Hough. Five voted for the amendment, viz: Messrs. Hefferman, Sayers, Mitchell, Harvey and McCurry. And five voted for the name in the report being unchanged, namely Messrs. Peterson, Day, Thomson, Howard and Chadwick. The Reeve gave the casting vote in favour of Mr. Hough. The adoption of the whole report was then moved, and after some slight objection from Mr. Harvey, was allowed to pass.

Mr. Peterson read a petition from the Batchers, praying the use of the Engine House in summer as an ice house. "They would pay a reasonable rent for it, and take proper care of it. Referred to Market House Committee.

Mr. Peterson read a petition from John Miller, of Fergus, praying for the refunding of \$10, being part of a fine imposed on him by the Police Magistrate for advertising a lottery. Referred to Finance Committee.

Mr. Chadwick, agent for the Royal Insurance Company read extracts from letters from F. H. Heward, Esq., Manager of said Company.

"I am delighted to find there is a probability of a steam Fire Engine being had for your town, as with such a supply of water and steam would be restored, it would be most effective. Mr. Silby is a most reliable man, and what he says he will do, or his engine can do will be done."

"I am glad to find something being done as to Water supply, and if the ratepayers reject it you will find it most difficult to get property insured—please let me know the result. The Royal will give one hundred dollars towards the purchase of a steam Fire Engine—see what the other Companies will do."

Mr. McCurry moved, seconded by Mr. Chadwick, that the Railway Committee be appointed a delegation to Toronto to assist in looking after the Railway interests of Guelph, at present before the Local Legislature.—Carried. The Council adjourned.

ACTION SALE OF SLEIGHS AND CUTTERS.—On Fair Day a number of excellent new and second hand sleighs and cutters, made by Mr. Geo. A. Bruce, will be sold at auction on the Market Square. Great bargains may be expected, see advertisement.

ONTARIO LEGISLATURE.

Toronto, January 28.

The following amongst other petitions were presented:

By Mr. Gow.—From inhabitants of Wellington, praying that no charter be granted to the Licensed Victuallers' Association.

By Mr. Gow.—From inhabitants of Wellington, praying amendments to the Municipal Act.

Hon. Mr. Wood moved that certain petitions, praying for amendments to the Municipal Law in respect to tavern and saloon keepers, be referred to the Select Committee on the Municipal and Assessment Laws. Mr. Wood reviewed at length the various objectionable clauses in the present Act, and the grievances of which the tavern keepers complained.

Mr. Gow, in reply to Mr. Wood, said his experience on this subject differed entirely from that of the Treasurer. In all cases where parties had been brought before the police magistrates for selling liquor without license, he had found public sentiment to be entirely against them. The argument of the Treasurer was, that you might multiply licenses to any extent, and not increase drunkenness. That did not accord with his (Mr. Gow's) experience. As regarded the hardship of excluding this class of individuals from municipal office, it was clear that when the municipal councils were entrusted with the power of regulating the houses of public entertainment, fixing the amount of license to be paid, &c., it would be madness on the part of the Legislature to provide that these men might sit at the Council Board, to regulate their own fees.

He was perfectly astonished to hear that remarks which had been made by the Treasurer on this subject. As to the other point, about the hour of closing—there might be a difference of opinion—some would say taverns ought to be closed at five o'clock, or six o'clock on Saturday evenings. But the present law had been made for the protection of those who could not protect themselves, and it would be a retrograde step to change it in the direction proposed.

Messrs. Boyd and McLeod followed, differing entirely from the views enunciated by Mr. Wood.

Mr. Coyne said that on one point on which a change was sought by the petitioners he had had some experience, and that experience led him to differ entirely from the views which had been announced by the members for West Durham and South Wellington—he alluded to the restriction as to the number of licenses. If a person wished to invest a large amount of money in building a first class hotel he was prevented by the present state of the law, as he had no guarantee that he would get a license for the house, even if it were to be kept in a superior manner.

Mr. Wilson was fully aware from all his experience in municipal matters, that if hotel keepers got the privileges now asked for them, there would be a much worse state of society than at present.

Mr. Boyd said, that the only object of the temperance men was, at as early a stage as possible, to put on record their views.

Hon. Mr. Wood contended that the temperance men endeavored to push matters too far, and some of them were, no doubt, astonished that the introduction of the petition was allowed at all. So long as the manufacture of liquor was allowed, and Government derived a revenue from it, so long would the licensed liquor-sellers have to be protected.

Mr. Gow explained that he too had been led to state his views in consequence of the expression of opinion given by the hon. the treasurer; and had, of course, no objection to the motion.

The motion finally carried and the petitioners went to committee.

Mr. Pades moved an address to his Excellency the Lieutenant Governor for a return, showing in detail all the surveyed lands unsold and now owned by the Province of Ontario.

Hon. Mr. Richards had no objection to the return, save the expense and trouble it involved.

Mr. Melvin believed it was the intention of the Commissioner to deal with these claims fairly; but it was quite impossible for him to give them the attention they required. "He thought the Government should at once take possession of the lands held by speculators and sell them."

The labor of the poor settlers in making roads was yearly improving, and the cases of these lands, while the holders raised their prices, and kept them back from settlement.

Mr. McCall (Norfolk) expressed himself in favour of leaving the settlement of these claims entirely in the hands of the Commissioner. The motion was agreed to after which the House adjourned.

Statistics of Guelph Gaol for 1867.

We are indebted for the following statistics, for 1867, of the Guelph Gaol, to the courtesy of Mr. Mercer. The total number of prisoners during the year was: Males 107; Females 82; total 189. Other particulars are here subjoined:

- RELIGION.—Roman Catholic, 66; English Church, 23; Church of Scotland, 19; Other denominations, 2.
- CIVIL LIST.—Married Males, 58; Married Females, 25; Unmarried Males, 49; Unmarried Females, 57.
- AGE.—Under the age of 16 years, Males, 11; Females, 7; Over the age of 16 years, Males, 96; Females, 55.
- EDUCATION.—Neither read nor write, 86; Read and write imperfectly, 79; Read and write well, 10.
- MORAL HABITS.—Temperate, 55; Intemperate, 114.
- OCCUPATION.—Dressmaker, 1; Farmers, 4; Bootmaker, 1; Chaise-maker, 1; Tinker, 1; Tailors, 3; Shoemakers, 3; Baker, 1; Clerk, 2; Blacksmiths, 2; Saloon-keepers, 2; Mason, 1; Painter, 1; Moulder, 1; Carpenters, 3; Cooper, 1; Cattle-dealer, 1; Indians, 2; No trade, 124.

A meeting of all the "Fraser" is called at the office of Thos. Fraser & Co., Quebec, for the organization of the "club" for the Dominion of Canada.

FATAL ACCIDENT.—On Saturday morning last says the Paisley Advocate, two of the sons of Mr. Vance, near Paisley, were chopping in the bush. The snow was deep, and the tops of the trees were likewise clad with it. They were watching the fall of a tree, they had been chopping, when the vigorous was struck down and almost buried in the snow. In falling, the tree had struck another, knocking off a branch, which in its fall hit the young man on the head. He remained insensible until his death, which took place in six or eight hours afterwards.

BY TELEGRAPH

Despatches to the Evening Mercury

BY ATLANTIC CABLE.

London, Jan. 28.—The Martello tower at Duncannon, near Wexford, Ireland, was attacked last night by a body of Fenians. The explosion fired upon the assailants, who after retreating the fire, died. No casualties reported. The Fenian Shaw has turned Queen's evidence; he positively identifies Barrett as the man who fired the fuse which caused the Clerkenwell explosion.

London, Jan. 28.—American securities quiet, Erie, 4 1/2.

Liverpool, Jan. 28.—Sugar dull; spirits—Petroleum, 1s 9d at retail, none in first hands, others unchanged.

London, Jan. 28.—The following news received from Annesley Bay. Despatches from Senafe announce the expedition, as again in motion, the forward movement commenced, and the van had already reached Goama, a native village 12 miles beyond this point. Gen. Napier will immediately put himself at the head of the column of advance and push on to Antalo, the capital of the Tigre district.

American Despatches.

Baltimore, Jan. 28.—Dr. A. G. Moore of this city was shot by Mrs. Edw. Pollard, about one o'clock to-day. Wound not dangerous.

Chicago, Jan. 28.—A fire this evening on Lake street, consumed property to the amount of about \$2,000,000.

New York, Jan. 28.—The Herald's Havana special says: By a telegram from the capital, received on 21st, it was ascertained that Gen. Porfirio Diaz had reached the seat of government, and was occupied in securing for his command fortnightly pay in advance. Legislature of San Luis Potosi authorized the levy of a forced loan on the merchants—amount demanded was \$10,000, which however was preemptorily refused. Some of the merchants were thrown into prison in consequence. There were rumors that the partisans of Ortega and other leaders were getting up an expedition within the Republic of Guatemala to overthrow the national authorities in Culapa.

New York, Jan. 29th.—The steamship City of Antwerp, with Liverpool dates to 26th, has arrived. The London Times describes the distress at, east end of London as vast and heartrending. The number of persons in receipt of out-door relief is upwards of 40,000; but the measures adopted, while they fall to meet the need, are actually increasing the amount of pauperism and are demoralizing the district. Very sad tidings have been received in Paris from almost every part of France, trade and manufactures of Lyons were paralyzed by a variety of causes, in which the uncertainty prevailing as to the political future had no small share. Hunger and destitution were making sad havoc among the operatives at Nantes, Rouen, and even in Bordeaux, where the mildness of the climate does away with one cause of suffering. So dense are the throngs of famished operatives that besiege the Hotel de Ville, clamoring for bread or employment, that the guards had to be doubled. Starvation is epidemic, and in Paris the distress was very great, but private and public benevolence was more active.

New York, Jan. 29th.—The World has the following by Cable—no location given—"I am prepared to give up all rights, an immense ovation—CANDID MILLS, PAUL A. Spoke to the people to-day; was carried a mile on the shoulders of my friends. I shall stump Ireland; Derby, Quebec, but don't stop me. Signed, GEORGE F. TRANT.

COAL OIL.

Another supply of No. 1 Coal Oil at 15 cents per gallon, and Tin Cans of any size with patent tops and spouts; also another supply of the new Burners, at John Horsman's.

Note, for the future I shall keep none but the Genuine No. 1 Coal Oil JOHN HORSMAN.

POISONED BY PAPER COLLARS.—The Locomotive Journal says that Judge Bangs, of that place, "who for some time has been under medical treatment at the Kenosha water cure, says his disease was caused by wearing paper collars, into the composition of which arsenic largely enters. Such cases are much more common than is generally supposed. The arsenic is used to give the highest glossy polish on what are known as "glazed" collars. This poisons the perspiration of the neck

THE RIVAL RAILWAYS.

We notice that a Bill to charter the Toronto, Grey and Bruce Railway Company has been introduced in the Legislative Assembly. This, as was to be expected, is the result of the agitation which has for some time been going on in favor of the construction of a narrow gauge line from Toronto to some point in the north west part of Bruce. It is quite evident from the way in which the promoters of this line have lately been agitating its construction, that they are determined, if possible, to carry it—that they are not to be put about by trifles or frightened by difficulties. They have only just concluded a series of meetings which were held at all the leading places where it is supposed the projected line would touch, and at which they were successful to a certain extent in getting up a considerable amount of cheap enthusiasm in favor of their pet scheme. Were the agitation to end here we would regard it as very harmless indeed. But the men who have taken this project in hand are not content to rest satisfied with the approving applause of public meetings, or the motions which may have been unanimously carried in favor of their line. These can often be got up to order, and sometimes are not worth the paper on which they are written. But they are also working with energy in the quarter where their efforts will tell. They are besieging the Halls of our Legislature, and seeking by every argument they can employ to convince members that the narrow gauge line is the line for the North West, and they descend eloquently on the small amount it will require to build the road, and the great advantages which its construction would confer on that portion of the country which it would traverse. Most of the Directors are prominent merchants in Toronto, or men largely engaged in business in that city. They can rightly estimate the immense advantages such a railway would be to the Queen City, as it would secure to it a large share of the trade of the North-west portion of the Province. It would open up to the wholesale men of Toronto in a great measure a new and profitable market, but above all it would be employed in transporting the grain and other products of the flourishing countries north of us. We do not wonder, therefore, that the capitalists and business men of that city have taken hold of the enterprise with so much spirit, and are using every means to carry it into effect.

It behooves the friends of the Wellington, Grey and Bruce Railway narrowly to watch the doings of those who are urging on the construction of this rival road. It would be preposterous to build the two roads, but it is equally certain that one of the two will be commenced before long. The necessities of the country north of us require a better and more expeditious means of communication than now exists. Whoever first extends a helping hand to the industrious farmers in those counties will be first welcomed, and will reap all the advantages to be derived from the connection. At the same time no one who compares the two routes, and the sections of country through which they will pass, but must be convinced that the first projected line—that of the Wellington, Grey and Bruce—is in every respect the best, the most desirable, and the one which in the end will prove most remunerative. We do not now intend to draw any comparisons between the broad and narrow gauge lines, but there is no denying the fact that there is a great deal of clap-trap used in favor of the narrow gauge. We are told how much less it will cost than the other; how easily the road can be built, and many specious promises are made which when put to the test will turn out to be mere moonshine. Let us, however, look at the two routes, and we will find that the advantage whether as regards construction or the profitable running of the road when opened, are all on one side.

Starting from Toronto, the Toronto Grey and Bruce line for the first fifty miles runs almost parallel and within a short distance of the Grand Trunk and Northern Railways. The wants of that part of the country are already fully supplied with railway accommodation, and a third line is as little required there as a fifth wheel to a wagon. It then passes through a rough, mountainous country where the construction of a railway would be most expensive, and where the grades would be very heavy. More than all that, the section of country through which the projected line would pass is about the poorest in the western part of the Province. The farmers as a general rule have but little enterprise, the land is poorly cultivated and consequently unproductive. Large tracts are but thinly settled, and the general aspect of

the country offers but poor encouragement for local traffic or travel. Here then we have a line which from the nature of the country through which it passes must cost a very large sum to build it, and when built will not be able to secure sufficient local traffic to make it pay. Moreover, look at the disadvantage—the absolute loss—of having the terminus of the road at Toronto. The dealer who wishes to ship his grain or flour or stock to any point in the west or to the States, must first take it to Toronto, then re-ship it on the Great Western Railway, by which a long and unnecessary detour is made before it reaches its destination.

Bearing in mind all these disadvantages, let us now look at the Wellington Grey & Bruce line. Having its southern terminus at Guelph, the shipper has the command of both lines of railway. He can take the Great Western to Hamilton or Suspension Bridge, or if he chooses an eastern market he has the Grand Trunk to Toronto or Montreal. He is not at the mercy of either, but is left free to choose. Then through what a thickly settled, prosperous country it passes. The farmers are intelligent, enterprising and industrious. At the distance of every ten miles or so we come upon thriving villages where are grist mills and distilleries in full operation. The railroad would skirt the great travelled route at present used to reach the towns and villages north of Guelph, and on the lakes. Thus at the very start the local traffic would yield a handsome return, and the impetus given to business and agricultural pursuits by the construction of a railway would soon largely increase it. As regards the cost we have the matured opinion of an able and experienced engineer that it will be very moderate. We published only two weeks ago the report on the survey of the south part of the line made by Mr. Low's last fall, and he says it can be built for \$15,000 a mile, which includes right of way, general management, engineering and all other contingencies. He also says:—"The district of country traversed presents no obstacle whatever to the construction of a cheap and easily worked line of railway. In fact, I know of no part of Western Canada north of the line of the Grand Trunk Railway and west of Toronto, which presents so many favourable features for the building of a line of railway at once durable and inexpensive."

We have taken up so much space in our comparison of the two roads, that we are obliged to leave to another day any remarks respecting the proposed ways and means for building them.

NEARLY POISONED.—We have learned the particulars of two cases of accidental poisoning which occurred in the township of Beverly last week, and which nearly resulted in the death of the two men. It seems that some friends had been at Mr. George Gray's last Friday. When at supper Mr. Gray wished to get some salt, and one of the inmates of the house went to a cupboard to get it for him. On the shelf was some strychnine which had been accidentally spilled out of a small bottle, and the woman who had gone for the salt mistaking it for that swept it into the cellar, and put it on the table. Mr. Gray put some of it on his food, but after a mouthful or two found it so bitter that he could eat no more, and gave what was left to the dog. The poor fellow soon swallowed it, and in a few minutes was seized with convulsions and acted so strange that the people thinking he was mad shot him. Mr. Gray meanwhile took ill also, and Dr. Flook was sent for, but having previously vomited he was somewhat relieved though some of the poison still remains in the system. But strangest of all, Mr. Gray's son-in-law Mr. D. Patterson, heedless of the warning given the night previous about the salt—or rather not suspecting that the cause of his father-in-law's sickness resulted from partaking of it also used some at his meal, and was soon dangerously ill. Drs. Flook and Lundy were called in, and though they have hopes that his life may be spared, yet they fear that the poison has taken too strong a hold of the system ever to be eradicated. This ought to be a warning to people not to leave such dangerous poison lying carelessly about. It is feared that both men will never get over the effects of the strychnine.

ACCIDENT.—On the 18th inst., a number of men were at work sawing wood with a machine at Mr. Andrew Carr's Tavern, on the Elora road, in Brant township, when a man named George Dalcy slipped and fell with his head against the saw, receiving a bad gash. He is, however, now doing well.

ERAMOSA VOLUNTEER BALL.—The annual ball of the Eramosa Volunteer Company came off at the Centre Inn Hall last Friday night, and was well patronized, their being about 80 couples present. The Hall was nicely decorated for the occasion, the music was good, and dancing was kept up till an early hour in the morning. Mr. Armstrong of the Centre Inn provided an excellent supper. The ball was quite a success and everything passed off well.

BIRTHS.—DOUGLAS.—In Guelph, on the 25th inst., the wife of Mr. Geo. Douglas, of a daughter.

SINCLAIR.—In Minto, on the 28th inst., the wife of Mr. Alex. Sinclair, of a son.

THE SUBSCRIBERS HAVE AT PRESENT A FULL SUPPLY OF

GROUND PLASTER

And while shipping is good, farmers should get their supplies. By advice from Paris, York and Caledonia, we learn that all that can be produced is already engaged, and that the demand will far exceed the supply. We have been able to secure only

300 TONS.

Instead of 500, and we would therefore advise those requiring any to purchase early.

A small lot of very fine Clover Seed on hand

WEDNESDAY EVENING JAN 29, 1868.

The Maiden's Choice

OR, THE LARD OF HIRKENCLUCH.

A Tale of the Covenanters.

"Ah, my boy, joined his wise and judicious companion, 'you are young and therefore impatient, and your impetuosity you fret because of evil doers. Fret not; possess your soul in patience; right shall in due time prevail."

"And must we do nothing to cause it to prevail?" asked Walter. "Are the people only to groan beneath the yoke? Are they to take no active measures to free themselves from it?"

"I said not that," replied Mr. Gordon, "God helps those who help themselves, and His freedom is given only to those who labour for it. But so far as I can see, her time has not come for action of the kind you allude to. A precipitate resistance would only render things worse. Be comforted with this, that such treatment as we are now receiving will help to bring on the hour of just and hopeful conflict."

"I am glad you admit the principle of armed resistance," exclaimed the youth. "And I would to God the hour for it was come, for then I should throw myself head and soul into the struggle. Oh, to meet our oppressors sword in hand!"

"And the personal name of them, in the person of Charlie Allan—is it not?" inquired the minister, with a smile.

Walter coloured. "I will not deny," he answered, "that when resistance is spoken of, my thoughts turn to him. And is this not natural? Have not our present injuries come through him? And Marlon. Think what fear and anxiety she must be now enduring. Think how unprotected she is—how—"

"Hush," said Mr. Gordon, in a broken voice. "This is a quarter in which I am vulnerable, but I have committed her to God's care. Do you the same, and believe that our trust in Him will not be misplaced."

Thus passed the day with the captives, in their prison cell, and the night came, and the day was to usher in the morning when they were to be escorted by Charlie Allan and a band of troopers to Edinburgh.

CHAPTER XI.—THE RESCUE.

Night had again set in. The moon, to longer a crescent, shone brightly, and the landscape radiant with her soft silvery light. On a solitary part of the road, about two miles from Hirkencluch, Jamie Tamson, the carrier, slowly perched his way on the back of his pony, perched, as was his wont, behind the crooks which depended from each side of his beast, and in the distance he might be seen to be escorted by Charlie Allan and a band of troopers to Edinburgh.

CHAPTER XI.—THE RESCUE.

Night had again set in. The moon, to longer a crescent, shone brightly, and the landscape radiant with her soft silvery light. Guelph Market.

MERCURY OFFICE, GUELPH, 7th JAN 29, 1868.

The market has been quite active all through the week, and produce continues to pour in steadily. Fall wheat is better supplied just now than it has been at any time during the season. On Friday last there were about 2,000 bushels brought in, and the deliveries each day may be set down at between 1,000 and 2,000 bushels. The price has undergone no change, but remains steady at \$1 75 to \$1 80. Spring wheat is abundantly supplied, and has fallen in price slightly. It was even lower in the course of the week than it is now. At present the highest price, in bills, is \$1 55, which is less by two cents than the amount paid the same day last week. Oats have been more plentifully supplied, and the demand very keen. We saw one load of black oats this morning around which the buyers were swarming. One bid the owner \$4 cents, in bills, and it was finally sold at 65 cents, half and half. Peas are but very little changed in either price or quantity. In barley there is no alteration whatever—the price remaining the same as it has been for the last two or three weeks. The deliveries of pork are falling off greatly, but there is no change in price. We do not imagine that there will be any decrease in the figures of our quotations for some time to come. The outside markets are becoming a little keener, and although there is not much of an actual advance yet there is much more steadiness than there was some time ago.

Flour, per 100 lbs.	\$2 75	\$4 00
Fall Wheat per bushel	1 75	1 80
Spring Wheat	1 55	1 60
Oats	1 10	1 15
Barley	1 00	1 05
Hay, per ton	10 00	11 00
Straw	4 00	4 50
Shingles per square	1 00	1 10
Wood per cord	3 00	3 50
Wool	2 25	2 30
Butter (fresh), per lb.	14	15
Butter (old), per lb.	13	14
Bees, each	25	30
Chickens per pair	20	24
Ducks do	20	25
Stations	0 60	0 75
Apples per bushel	0 00	0 05
Lamb per lb.	0 05	0 07
Pork per lb.	4 50	5 00
Beef, per lb.	4 50	5 00
Pork per 100 lbs.	4 75	5 25
Sheep, per head	0 50	0 75
Lamb, per head	0 40	0 45
Hides per head	0 40	0 40
