SENATE DECLARES BY DECISIVE VOTE THAT BORDEN NAVAL BILL MUST GO TO THE PEOPLE

ROOSEVELT ESCHewed HIGHBALLS AND COCKTAILS

Former President Says He Has Only Been Moderate Drinker and Brings an Army of All Classes of Men to Prove the Truth of His Assertion

EDITOR IS SUED FOR ACCUSING OF DRINKING

Summer President Kept Gentleman's Cellar at Oyster Bay, But Dislikes Whiskey, Beer and Brandy; Mint Juleps and White Wine a Favorite.

ARQUETTE, Mich., May 29.—The witness for Colonel Roosevelt, a relative, a former member of the Rough Riders regiment, and a former locomotive fireman, a news writer, and a former justice of the peace, testified today in the trial against Geo. A. Newitz, the editor of the newspaper, who is charged with having published a sensational article in which he accused the colonel of drinking.

During his campaign in Cuba Roosevelt, a relative, a former member of the Rough Riders regiment, and a former locomotive fireman, a news writer, and a former justice of the peace, testified today in the trial against Geo. A. Newitz, the editor of the newspaper, who is charged with having published a sensational article in which he accused the colonel of drinking.

A Gentleman's Cellar. The witness for the colonel's cell, Charles Thompson, a New York newspaper editor, testified today in the trial against Geo. A. Newitz, the editor of the newspaper, who is charged with having published a sensational article in which he accused the colonel of drinking.

AMERICAN LINER WENT ON ROCKS ON IRISH COAST

Passengers Landed Safely at Queenstown; Another Triumph for Wireless

Queenstown, May 29.—The American liner steamer Haverton, which left Liverpool for Philadelphia with 124 cabin and 850 steerage passengers, was wrecked on the rocks west of Cork Head this afternoon while feeling her way cautiously in a dense fog. The wireless apparatus demonstrated its efficiency and the crew rescued all the passengers.

When the last passenger was taken off there were fifteen feet of water in the hold of the vessel. Most of the passengers thought that the position of the big hole in the forward compartment. But shipping men are optimistic, and an attempt will be made by the aid of powerful tugs to tow her off at high tide. Pumping arrangements are already on the way from Liverpool.

LIBERALS OF THE WEST GATHER IN REVELSTOKE

Strong Current of Radicalism Evidenced Among a Large Number of Members of the Convention; 157 Delegates Are in Attendance

REVELSTOKE, May 29.—With 157 delegates from all parts of the Columbia Liberal convention got away here at four o'clock this afternoon in attendance at the British Columbia Liberal convention. The delegates are gathered here for the purpose of discussing the political situation in the province and the national situation.

When the number are many whose names have been connected with British Columbia Liberalism for years, including Ralph Smith, of Nanaimo; John Oliver, erstwhile leader; Harry

ALLIES AGREE TO TERMS PEACE TO BE SIGNED IN LONDON AT NOON TODAY

London, May 29.—The treaty of peace between the Balkan allies and Turkey, which will be known as the Peace of London, will be signed at noon tomorrow at St. James' Palace unless some unexpected hitch occurs. Serbia has followed Greece in reluctant orders to her delegates to sign. Turkey and Bulgaria indicated their willingness some time ago and it is asserted that Montenegro will impose no obstacles.

Greece Wanted Reservations

The protocol which Greece wanted appended to the treaty embodied reservations by the allies on points yet to be discussed with the powers, such as the financial post bellum settlement, the fate of the Aegean Islands and the frontiers of Albania.

Bulgaria and Turkey refused absolutely to have anything to do with a protocol, the former regarding it as too likely to open up fresh and undesirable discussions, the latter looking upon it as displaying a lack of deference to the powers.

STEFFANSON LEAVES CAPITAL FOR FOUR YEARS' EXPEDITION

Canadian-Born Explorer Will Be in Far North Till 1916 With Large Band of Comrades and Will Leave Esquimaux in Early Part of June

Edmonton, May 29.—Vilhjalmur Stefansson, who will head one of the largest expeditions into the Arctic regions to try to discover new territory measuring nearly 1,000,000 square miles, tonight on route to join his ship, the Karluk, at Esquimaux, B.C. He will sail for the frigid zone between June 5 and 10. He said good-bye to his friends in the city and will not see them again for three years and a half, as he intends to be away on his voyage of discovery until November, 1916.

Steffansson will spend tomorrow in Toronto consulting with a few scientific friends there. In the evening he leaves for Winnipeg, where he will address the Canadian and the appointment of a platform committee constitutes the bulk of the things done.

There is a strong undercurrent of radicalism evident, especially among the young delegates, and it is altogether possible that when the platform committee reports at a late hour tonight that there will be incorporated therein an entirely new appeal to the voters of British Columbia.

CRIME DOES NOT PAY, SAYS FORGER AFTER LONG CHASE

William Shasta, Arrested for Forgery, Confesses and Goes to Station

That crime does not pay is the emphatic verdict of William Shasta, brought back tonight by Detective Schaeppel's Chicago police from Edmonton, after a two years' flight from justice.

In Edmonton, 1911, Shasta, while acting as interpreter for a friend at the Imperial Bank of Canada, discovered the idea of not alone robbing the bank, but also taking his name and his money. When the transfer of funds arrived, Shasta presented himself at the bank and represented himself as the party to whom the money was owed. The unsuspecting bank cashier paid over the amount, \$108,80, and Shasta took a train east.

AUSTRIAN CHAMBER OF COMMERCE TO HAVE AGENT IN CITY

Establishment of Agency Temporary With the Visit of German Manufacturers to Calgary in July; Viennese Business Men Would Know

CHANNEL OF INFORMATION NOW THROUGH MONTREAL

Means Eventually Establishment of an Austrian Consulate in Calgary; Appointment May Be Made Within the Next Twelve Months

TEMPORARY with the visit of the German manufacturers to Calgary, in July, the Austrian Chamber of Commerce will establish an official agency here, and in future all commercial information from Western Canada will be sent to Vienna and other European centers from Calgary, instead of from Montreal, as at present.

This will mean eventually the establishment of an Austrian consulate in Calgary, and it is expected that this appointment will be made within a year. Although not officially confirmed, the matter is practically settled, and notice has been received by high-ranked officials of Western Canada.

MOOSE JAW NURSES NO CONTEST WANTED BY CONSERVATIVES IN BOW VALLEY

Local Leaders Are Contented to Be Represented by Hon. C. R. Mitchell, but Calgary Leaders Will Dictate Lines of Action Within a Few Days

MINISTER POPULAR IN CONSTITUENCY

Leader Michener Was in Calgary Yesterday and Went South Last Evening for a Holiday—Harold Riley May Be Candidate

Basano, May 29.—Opinion here is that there will not be a contest in the Bow Valley constituency. Local Conservatives are not enamored of the idea of another election so soon after the last and they are perfectly well contented to be represented by Hon. C. R. Mitchell. However, the leaders of the party are being directed from Calgary and there appear to be some people at Calgary who are anxious to have a contest and want to see a candidate put up to oppose the minister of public works. That is not the local feeling, however, and the Conservatives of the district would be ready to vote the right way if a battle comes they are not over anxious to enter an election campaign at this time.

CEMENT FAMINE IN MOOSE JAW

MOOSE JAW

MOOSE JAW, May 29.—The annual adjustment in the wage scale has brought about the usual strikes in the city. The bricklayers, plumbers and masons have gone on strike. The master builders and builders are standing firm, as also are the men.

What Will The Government Do Now?

THE question now is, what will the government do about the Naval Bill? The senate has rejected it, insisting that the government must get a mandate from the people before the bill becomes law.

The defeat of a bill by the senate does not make the resignation of the government necessary. The senate has already defeated two or three government bills sent up to the senate. The senate represents no class of people or any province or section of the people. Its function is to check hasty or ill-considered legislation. The senators concluded that this bill, involving such a wide departure in principle and such an amount of money, should not be passed until the people clearly sanctioned such a policy, and the people should sanction the bill, the senate of course could not reject it again.

Four courses are now open for the government. 1. To accept the advice of the senate and go to the country. That seems the most improbable. A government which would violate all the rules of the house, in order to batter through this legislation backed by its solid majority, just in order to avoid submitting the question to the people, is not likely to go to the country because the senate says so. The government is not quite ready for an election. The government cannot go to the country without a redistribution of seats, and does not care to make a redistribution of seats until the senate has become Conservative, which will be in about two years.

2. Submit the question to the people in the form of a referendum. That was the suggestion of Mr. Monk, and is favored by the Quebec people. There are certain objections to such a plan. There is the Borden policy, the Laurier policy, and the policy of no naval contribution of any kind, and many variations of each, which would find some support. It is doubtful if any one of these three would get a clear majority of the Canadian people.

3. The third course is for the commons to work some change in the senate. That would be very difficult, and could not be done very effectively without the assistance of the Imperial parliament.

4. There are certain objections to such a plan. There is the Borden policy, the Laurier policy, and the policy of no naval contribution of any kind, and many variations of each, which would find some support. It is doubtful if any one of these three would get a clear majority of the Canadian people.

LABOR TROUBLE IN MOOSE JAW

MOOSE JAW, May 29.—The annual adjustment in the wage scale has brought about the usual strikes in the city. The bricklayers, plumbers and masons have gone on strike. The master builders and builders are standing firm, as also are the men.

STOCKMEN AND HOMESTEADERS OF MAGRATH IN WAR; HORSES DRIVEN ACROSS THE BORDER

started to appear, was this true. The affair Wednesday night appears to have all the effectiveness of concentrated action. Evidently a large number of men took part in the roundup, and the cattle were gathered together in a systematic manner, something said to be entirely foreign to the nature of Indian raiders.

The homesteaders, however, declare that the Indians are particularly hostile to the stockmen because of two of their number recently being sentenced to the penitentiary for horse stealing from the ranges. Members of the mounted police have been sent out through the homesteads and ranges investigating the raids, and arrests in connection with the case are expected soon.

MAJORITY IN SENATE ASKS REFERENDUM ON NAVY BILL

The Ross Amendment Carried on Practically Straight Party Vote and the Bill Is Defeated in the Senate

ONE CONSERVATIVE VOTED WITH LIBERALS

One Liberal Voted With the Government on Question of Whether People Should Be Consulted Before Measure Becomes Law

OTTAWA, May 29.—By a vote of 51 to 27, the Canadian senate at 12:30 tonight declared that the naval bill should be referred to the Canadian people. There was one defection from the Liberal ranks and one from the Conservatives. Senator Ellis, of St. John, N.B., voted against the Ross amendment for reference to the people while Senator Montplaisir, of Quebec, voted with the Liberals. The vote came following speeches by Senator Dandurand, one of the leading Liberals; Sir McKenzie Bowell, who, despite his 91 years, spoke for more than an hour and a half in defence of the bill, and a brief speech by Hon. John Costigan. A large crowd was in the galleries to witness the final proceeding. A great many members of the house of commons were among the number. There was no demonstration of any kind and the vote was taken in absolute silence.

SASKATCHEWAN MAN TO BE HANGED FOR KILLING CHILD

Jesse Hammond Guilty of Murder; Wife and Sister-in-Law Testified Against Him

Saskatoon, May 29.—Jesse Hammond, of Wynyard, Sask., charged with the murder of his new born child on August 22, 1911, was found guilty of murder here today and sentenced to be hanged on August 14. Both the prisoner's wife and sister-in-law testified against him, stating that he had taken the child out and that they had never seen it after.

FORT WILLIAM PRINTERS STRIKE FOR SHORT TIME

Fort William, Ont., May 29.—At a late hour this morning the employers and the printers who had gone out on strike at 6 o'clock held a conference and a settlement was effected. The Morning Herald employees returned to work at once. It is understood that the strike in Port Arthur will continue.

POLICE WOULD WEAVE WEB ABOUT SEYMOUR

A Crude Mask, a Torn Piece of Cloth, and an Old Revolver Are the Clues by Which Officials Expect to Fasten Crime on Prisoner

Vancouver, May 29.—A crude mask, a torn piece of cloth, and an old revolver are held by the police in connection with the arrest yesterday of Joseph (Blackie) Seymour. Seymour was arrested by the police with three other men, following the death of Constable Archibald on a vacant Powell street lot.

The mask was found in the brush not twenty feet away from the spot where Constable James Archibald drew his last breath yesterday morning, when he was slain on the Powell street lot by thugs as yet unknown. The cloth, from which the piece to make the mask had allegedly been torn, was found in Seymour's shack. It is said that Seymour had admitted to the police that he heard some shots on the night of the murder, but the man's story is so confused that the police do not know what part of it to believe. He claims that he went to bed at 10 o'clock, but the other men who were subsequently arrested give different accounts of their own and Seymour's movements on the night of the tragedy. Seymour told the officers that he had bought the revolver recently, but he could not inform them where he purchased it. At first it was thought that no bullets had been fired from the gun, but a close examination of the weapon showed that bullets had been fired from two chambers and that the gun had been refilled. The bullets found in Seymour's revolver are said to be similar to those taken from the body of the murdered constable.

LEGAL ARGUMENT OVER ORAL TESTIMONY IN PERJURY CHARGE

Col. Sanders Kept on Stand; Learned Lawyers and Judge Argue Concerning Magistrate's Evidence in Supreme Court.

JEWISH BOY CHARGED WITH FALSE EVIDENCE

Said He was in Chinese Store When Assault was Declared to Have Been Committed; Later Said He Saw Fight Outside on Sidewalk.

May oral testimony be given to prove the happenings of a court the records of which are ordained by law to be taken down in writing? This was the question argued in the supreme court yesterday afternoon in a case of perjury, and learned counsel and presiding judge ransacked the mighty tomes near while Colonel Sanders stood in the witness box waiting their decision on this momentous point of law.

The case was one of perjury against Percy Malken, a Jew, tried before Judge Beck without a jury. James Short, K.C., appearing for the prosecution and J. J. McDonald for the defense. On April 23 Malken appeared as witness in an assault case brought by Hansen, Hansen, it was stated, had entered a Chinese restaurant with another man on Fourth street east and drank a soft drink, for which he refused to pay, and the Chinese boy demanded the money, he made the assault for which he was found guilty and fined by Col. Sanders.

Said He Was Present.

Malken said, in the evidence, after taking the oath in the Jewish form, that he was in the store and saw the money paid. Then he said he was not inside, and saw the fight from the sidewalk, where he was standing. Col. Sanders then ordered his arrest on a charge of perjury, and it was this that was up yesterday. The first witnesses were Dr. Mason, who gave evidence as to the assault, and Joe Lee, the Chinese boy, who told his story declaring emphatically that Malken was not in the restaurant on that day.

Wants Corroboration.

Col. Sanders was then called. He could not give from recollection what the accused had said in his court, and thought Mr. Short intended later to call the stenographer's record of what was said, he set out to refresh the memory of the colonel from that record. Mr. McDonald at once objected, and the judge appeared to be ready to sustain the objection. Then started the argument. Mr. Short quoted a number of cases showing that such testimony had been allowed in the past. The judge went of the opinion that this would be in a case where no written record of the proceedings in the lower court was taken.

Mr. Short was asked to state for what reason he wished to give the additional evidence of the magistrate when he also intended to call the clerk of the court and put in the records as testimony. He replied that in a previous case of a similar nature he had been asked by judge and jury to put in both testimonies, and the jury had stated that without the oral confirmation they would not have entered the verdict of guilty.

Finally the judge allowed the oral evidence of the magistrate to be taken without stating whether it would be allowed or not. He said that he would consider the matter more fully, and whatever was his decision he would take the evidence into consideration or leave it out of account altogether as the case might be. He took due note of the objections of Mr. McDonald.

TORY ALARM

Confessions of Sweating Farms of the Old Country

London, May 27.—It is the Insurance Act which has at last forced from the mouth of the Tories the confession that agricultural labor is a sweating industry.

Mr. Denison Pender, a Tory candidate, is reported by one correspondent as saying to him:

The wages paid to the agricultural laborer in Cambridge are very low. And the Morning Post correspondent was obliged yesterday to set down the disconcerting fact that

wages in the southern part of the division stand at about 18s a week (\$23.25) having quite recently been raised from 15s.

SHEEP INDUSTRY GETS ENCOURAGEMENT IN THE PROVINCE

Many Prizes are Offered as Incentive to Farmers at the Big Exhibition in Calgary Next Month; More Hags and Sheep Wanted for Show.

IMPORTANT MATTER TO CONSUMERS' VIEW

Cost of Transportation of Mutton and Bacon makes Price Extraordinarily High and Money Leaves Province Going to Outside Points.

With the local council of women endeavoring to combat the high cost of the necessities of life from a culinary point of view, one of the effective solutions of the question would seem to be the more general raising of sheep and swine in the province where feed is so abundant and grain so cheap it seems a serious mistake that Albert people should be eating mutton that is brought overseas from the antipodes and hog products that were prepared in the United States. The consumers have to pay the extra cost of the transportation charges. The wealth of the province is depleted to the extent that the importers send their money to distant points where it is paid into the pockets of producers. This money should, according to all economic reasoning, be kept in Alberta, where the urban consumer would eventually get a fair proportion of the money back which has been paid to the residents of the agricultural districts for their product.

Prizes at Exhibition.

Encouragement is given the flock-masters and hog raisers by the Calgary industrial exhibition, as in the prize list for the summer fair there has been a large number of prizes offered for these animals. Shropshires, Merinos, Leicester, Lincoln, Cotswolds, Hampshire, Suffolks, Southdowns and other breeds are all given a place in the premium list. As high as \$5 is offered for some of the classes, and there are special prizes offered by some of the breeding societies.

Hog raisers will find that they can get very suitable prizes for their best animals of the Jersey, Yorkshire, Berkshire, Chester White, Poland China, Tamworth and other breeds. A special prize of \$25 is offered by the Swift-Canadian company for the best three bacon hogs.

If the exhibition company can be in any degree instrumental in increasing the number of sheep and swine to be found on Alberta farms they will be accomplishing something which will help to solve the present oft-discussed question of the high cost of living.

BASSANO JESTS AT BILL BOARD CAMPAIGN OF THE INDUSTRIAL BUREAU

Suggests that We Try to Post Notices on the North Pole and Other Points

The Bassano News makes merry at the effort of the industrial bureau to place advertising posters of a grotesque nature upon the beauty spots at Banff. It says:

The Rockies seem to be in imminent danger of sinking into a mere background for Calgary industrial advertising. In our next Canadian Alpine Club, we expect to be confronted with a sky line billboard on the utmost summit of Sulphur Mountain being used to advertise the beauty of the province. "To pack our factory, whatever it is, into Industrial Heights, Calgary." Before we know it, Calgary will be bill-boarded the Pole, imporing the Rockies to "Make their own beauty in Calgary," strewn the oceans with billboard floaters, urging shipbuilding on the Bow; stretching industrial streamers across the far and fair forests of the Ardennes offering five acres for a box factory; obscuring the oases of the Egyptian deserts with appeals to the Arabs to "Make their tents in Calgary."

If, in their infinite material wisdom, the industrial bureau decides to hide from the market to her home it took twenty-five minutes. She couldn't get home till quarter of 6. Dinner was quarter past six. All right. It takes fifteen minutes to prepare string beans for the pot and at least ten minutes to cook them. Why say string beans, then, and then you waste almost half an hour when you get home? Why not save time? There's only one answer to that. Here's the answer: Buy a tin of stringing beans or peeling potatoes on time and you'll be home in time. Some fortunate man is going to have his share of time and that his wife has saved him a bit of money in spite of the car.

STRINGING 'EM ON A CAR

Write Prepared the Beans on her Way Home From the Market

Cleveland, Ohio, May 28.—On an east-bound Buick car this afternoon a buxom woman took her seat and proceeded to go on with her work. She was oblivious of the fact that the car was filling up; she got a place to sit and she proceeded with her knitting. Only it wasn't exactly what you might call knitting. She had purchased some string beans at the market and she was stringing them.

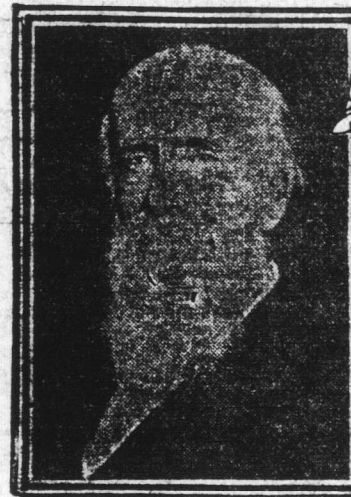

It was like this, as she explained. From the market to her home it took twenty-five minutes. She couldn't get home till quarter of 6. Dinner was quarter past six. All right. It takes fifteen minutes to prepare string beans for the pot and at least ten minutes to cook them. Why say string beans, then, and then you waste almost half an hour when you get home? Why not save time? There's only one answer to that. Here's the answer: Buy a tin of stringing beans or peeling potatoes on time and you'll be home in time. Some fortunate man is going to have his share of time and that his wife has saved him a bit of money in spite of the car.

WORLD PEACE IS UTOPIAN, SAYS DR. LYMAN ABBOTT

Asserting disarmament a "Utopian dream," Dr. Lyman Abbott, of New York, made what was interpreted as his reply to the action of the American Peace Society in severing his fellowship, when he made the opening address at the recent Lake Mohonk Conference on International Arbitration. Three hundred delegates heard Dr. Abbott's speech as chairman of the nineteenth annual meeting.

In his opening address the editor of the Outlook asserted that "the blow of the fist, the gleam of the sword, the bark of the cannon would continue until some other power greater than that of armed men is found to protect innocence from injustice."

It was for his expression of similar sentiments that Dr. Abbott's membership in the American Peace Society recently was dropped.

BLANCHE BATES, PREMIER ACTRESS, HERE MONDAY

Blanche Bates' appearance in a new play which promises to be one of the most interesting of the season, has attracted interest in the highest degree. Miss Bates comes here to the Grand for three days commencing Monday, June 2, under Charles Frohman's direction in "The Witness for the Defense." This is the drama which enjoyed a long and prosperous run in London at the St. James Theatre. It tells a story which is a veritable human episode, not only human in its plot and development but novel and unique in its treatment. It is a story of a woman with a terrible secret in her life, a woman badgered and tortured until finally she finds relief in confession. There have been numerous plays with a somewhat similar theme, but in this instance, the heroine, Stella Ballantyne, is not put on the rack in one of those melodramatic scenes of cross-examination which have formed the "big" situations of many modern plays from "Mrs. Dane's Defense" to "The Woman." Her inquisition is of a different sort and the torture she endures is of the more human and poignant because it is self-inflicted. In just such a role as this Miss Bates is always seen at her best, but it is a foregone conclusion that "The Witness for the Defense" will prove one of the really notable productions of the season.

Lightning Plays Pranks.

Eye-brow, Sask., May 29.—During a terrific electrical and hail storm which passed over this district last night, the farm house of Thomas Foulston, 11 miles north of this town, was struck by lightning, and his little son severely injured. His mother, sitting on a bench beside him, escaped without injury. A. McKillop, a neighbor of Foulston's, had a valuable team of drivers killed. The team was hitched to a buggy which was occupied by Mr. and Mrs. McKillop, the horses were killed instantly, but the occupants of the vehicle felt nothing of the shock.

Connaught Coming Back.

London, May 29.—A news agency states that the Duke of Connaught will probably return to Canada in July and perhaps will accept another 12 months term of office. This report, however, is received with doubt. Her royal highness the Duchess of Connaught is certainly on the way to recovery, but it is extremely doubtful if in any circumstances his royal highness could spare another year for Canada.

He Took the Hint

A bishop once rose to address the House of Lords, and began by saying he intended to divide his speech into twelve parts. Lord Durburn thereupon got up and begged leave to interpose for a few minutes to tell the House an anecdote. "A friend was returning home," he said, "a few nights before, and passed St. Paul's Cathedral and saw a man in a black coat looking at the clock. He said: 'That's a fine clock, but it's not worth anything unless it tells the time.'"

REGULATIONS CALL FOR SEARCH OF PRISONERS

Deane Points to Dominion Government Which Gives Instructions Contrary to Comment of Judge Beck

EVERY PRISONER MUST BE SEARCHED

Judge Beck Has Ever Before Called in Question Action of Police in Searching Prisoners; Warns and so Forth Referred from Man Arrested

The remarks of Judge Beck from the bench of the supreme court condemning the Dominion government for its failure to search prisoners are not regarded with pleasure by the Dominion government.

ALL PRISONERS TO BE SEARCHED

All prisoners (mark the impression) shall be searched on admission to the prison, and the search shall be made by the jailer and the matron, and all dangerous weapons, articles calculated to facilitate escape, and other articles not necessary for a prisoner's use while in prison shall be taken from them.

SEARCH FOR WEAPONS

Section 44 provides that when prisoners are arrested for non-indictable offenses only, search should be made for offensive weapons.

TOO LATE TO CLASSIFY

TENDERS FOR STEEL HIGHWAY BRIDGES

JOHN STOCKS

Deputy Minister of Public Works, Edmonton, Alberta, 25th day of May 1913.

NEWWOOD DODSWORTH & CO.

Deputy Minister of Public Works, Edmonton, Alberta, 25th day of May 1913.

WANTED

Some one quick at figures to take a position in a large office.

BORN

At Calgary, May 29th, to Mr. and Mrs. C. R. Latimer, a son.

FOR SALE

Small furnished cottage at 10th and 12th Sts. rent \$40 per month.

CALGARY IN BRIEF

D. A. Thomas, coal baron, of South Wales, is on his way to Calgary. He is said to be coming to investigate the coal resources of the province.

Baxter Brothers were fined \$5 and costs by Magistrate Sanders in police court yesterday morning for failing to have a proper manure box on their premises.

James Walsh was fined \$10 and costs yesterday morning by Magistrate Sanders for failing to have a proper manure box on his premises.

The school board will meet this morning at the city hall, where the report by the school superintendent, Dr. Scott, on his trip through a number of western cities, will be taken up.

A bumper crop for the entire northwest was predicted yesterday by P. E. Lassard, member for St. Paul, Lucien Bodreau, member for St. Albert, and E. St. Mary, member for Didsbury, who are at present in Calgary on their way to Banff.

The jury trials at the present session of the Supreme court for criminal cases are now all over, and yesterday afternoon Judge Beck, master of the court, informed them that they might go home and need not come back unless summoned specially.

Walter F. Corcoran, Canadian manager of the James J. Corcoran company of Pittsburg, is anticipating a trip to Roumania, where his firm stands an excellent chance of securing a contract to build 500 miles on an oil line.

Mr. Corcoran has engaged in extensive contracts in Calgary and has made many friends throughout northwestern Canada.

The hearing which P. J. McGrohan gave Ed. Devlin cost the former \$1 and legal costs in the police court yesterday morning. The pair engaged in a fist fight early in May and yesterday was the first day that Devlin has been in condition to appear in court.

Magistrate Sanders partially excused McGrohan because of the extreme aggravation in the case.

Vaccine sufficient to inoculate 20,000 men will arrive in Calgary tomorrow, and work will be started immediately on the vaccination of every employee of the C.P.R. in the Alberta division.

The work will be in charge of Dr. MacKidd, the company's physician, and the most, especially the construction laborers, have been ordered by Supt. A. Price to submit to the doctor's examination.

B. L. Robinson, chairman of the convention and entertainment committee of the industrial bureau, will send an invitation to the members of the International Real Estate convention which is to be held in Winnipeg in July, to make a visit to Calgary, and it is more than likely that the trip will be taken by a large number of real estate men who will be present from all parts of the continent.

H. M. Zavitz, 1655 College avenue, driver for the Carlyle dairy, was badly shaken up in a runaway on Ninth street early yesterday morning. He was taken home in Shaver's ambulance and later recovered from the shock.

Frank Ledhill, a Calgary bass singer, who made his debut at the King George cafe a few days ago, is attracting much attention among those who have heard him. His singing is said to be exceptionally fine.

After presenting the novel excuse that he had robbed a man to prevent somebody else doing the same thing, Fred Krontastine, arrested early Thursday morning for holding up three men in a C.P.R. box car and relieving one of a revolver and \$12.75, was sentenced to one year with hard labor in the Lethbridge jail yesterday by Magistrate Sanders. Krontastine admitted, however, that he was an amateur at the business of holding-up people.

KING'S BIRTHDAY TUESDAY

Yet another holiday comes near, and Tuesday, June 3, the King's birthday, is a Dominion holiday. As such it will be observed in Calgary. The schools will be closed, which will be a welcome announcement to the children, who were robbed of a day off by the cruel behavior of the calendar, which placed Victoria day on a Saturday. Dr. Scott last evening informed The Albertan that the schools would be closed on Tuesday.

Banks and civic and provincial offices, as well as courts and many other public buildings, will be closed for the day. It is not, however, thought likely that many of the stores of the city will close.

Though some are likely to give some of their employees a day off, the Foresters mean to have a real holiday, and have arranged an excursion to Banff during the day, and a special train will leave Calgary for the mountains in the early morning.

CROPS OF PROVINCE MAKE PHENOMENAL PROGRESS; IN SOUTH WHEAT UP 5 INCHES

EDMONTON, May 29.—Officials of the Alberta seed branch who have been touring the province reviewing the crop prospects report that the outlook is as bright at this time of the year as in other years. Up to ten days ago the crops had made very slow growth, owing to the continued cold weather, but the warm weather experienced since then has made a wonderful difference, and the growth of the crops under the influence of the sun is now so rapid that it can be marked almost every day.

FAIR

Fair, warm weather has prevailed today in the West.

Table with 2 columns: Location and Temperature. Locations include Victoria, Vancouver, Kamloops, Edmonton, Calgary, Battleford, Qu'Appelle, Winnipeg, Port Arthur, Parry Sound, London, Toronto, Kingston, Ottawa, Quebec, St. John, and Halifax.

Forecast—All west: Showers or thunderstorms in a few localities, but mostly fair and warm.

MILLIONS VOTED FOR PUBLIC WORKS OF CANADA

House of Commons Passes Nineteen Millions for Transcontinental; Two Millions for Welland, and Other Smaller Sums

GOVERNMENT MAY BRING IN PARCEL POST BILL

But Not Unless Opposition Promises to Make Measure Non-contentious; Some Discussion on Salaries of Post Masters

Ottawa, May 29.—Millions of money will be spent during the current fiscal year were voted in committee of supply in the house of commons today.

The items passed included nineteen millions for the National Transcontinental Railway, two millions for the Welland canal, one million for the extension of the Transatlantic cable for N. T. terminals at Quebec City and the Quebec-Bridges. A considerable portion of the estimates of the postmaster-general were also put through.

At 10 p.m. Dr. Neely, Humboldt, had written to the postmaster-general in his constituency, but he did not proceed very far when he was interrupted by Mr. Lemieux. It related to Mr. Pelletier's claim that he had been ill for a few days, and was still feeling under the weather.

Mr. Pelletier explained that he had been ill for a few days, and was still feeling under the weather. He was leaving the chamber, however, he did not reply to a question which had been asked by Mr. Lemieux. It related to Mr. Pelletier's claim that he was willing to proceed with this bill if the opposition.

If the discussion would keep the house in session longer than the members by the members it would not be necessary for the members of the opposition to read the bill.

The New Welland Canal. Consideration of the estimates for the railway and canal department was resumed when the \$2,000,000 for the Welland canal was taken up. Mr. Cochrane replied to a series of questions by Mr. Graham, saying that the locks in the canal would be 800 feet long by 50 feet wide. To start with, there would be a depth of 20 feet on the sill, but provision would be made for increasing the draft to 25 feet when necessary. The estimated cost is \$50,000,000, and it is hoped that the work would be completed in five years.

Contracts would be called for at once.

ON MARKET MORNING MAYOR WOULD RUN ALL CARS TO THE MARKET

Mayor Sinnott is of the opinion that the present market might be utilized to greater advantage if all street cars ran over the white line to the market on market morning. He thinks one of the reasons why market patronage has fallen off is that the present market is difficult of access from distant parts of the city.

A delegation of women of the Consumers' League waited on the mayor yesterday to discuss the market problem and to endeavor to have arrangements made for a temporary market. The mayor promised to take some action within the coming month.

Mr. Tregillus and Mr. Wells will meet the C.P.R. officials to discuss the matter of utilizing the old city power house near the railway track on Ninth street and Raymond for the production of power over the various C.P.R. lines.

At Medicine Hat there have been splendid rains and some snow, and the outlook is better than usual.

The crops in the Edmonton district are very promising, and old-time farmers say the outlook at this time of the year was never brighter. It is expected that the crops marketed this year will be splendidly grown, and with good weather at harvest time the farmers will have one of the best years on record.

CITY NEGOTIATES WITH LOWRY ESTATE FOR 50 ACRES NEAR SHAGANAPPI

Negotiations are pending between the city and the Lowry estate for the purchase of fifty acres of land lying between the C. P. R. and the Bow river, adjoining Shaganappi Park, for park purposes.

Mayor Sinnott visited the spot yesterday and was very favorably impressed with the location. A price will be quoted to the council next Monday night, when the proposition will be discussed.

The land is very heavily wooded, with unusually large cottonwoods and poplars; the central field is fairly clear and is large enough to accommodate a very large number of sporting fields.

An inexpensive footbridge across the Bow river would give access to the part from the street railway line already constructed and in operation on the north shore of the Bow river.

The land is regarded as most desirable for park purposes, being much more picturesque and extensive than St. George's Island park.

Ald. Tregillus, Ald. Costello, and physical Director Dawson, of the Y. M. C. A., also visited the Lowry estate yesterday.

DECAYED GIRDER WAS CAUSE OF THE LONG BEACH DISASTER

Long Beach, May 29.—The collapse of one girder, originally too slender to bear the burdens intended for it, and which had almost rotted away, caused the wrecking of the municipal auditorium pier last Saturday, with its loss of 37 lives. This was the explanation given by the board of three experts appointed to investigate the disaster, in its official report to the coroner's jury today.

According to this report, the pier collapsed because of the decay of a portion of the floor forming a part of the structure.

The report stated that the pier was built on a foundation of sand, and that the floor was made of small pieces of lumber, which had become decayed and rotted away.

The report also stated that the pier was not properly maintained, and that the decay of the floor was not discovered until it was too late to prevent the disaster.

The report concluded that the cause of the disaster was the decay of the floor girder, which was not properly maintained and was not discovered until it was too late to prevent the disaster.

GOVERNMENT PRICE DOES NOT PLEASE PROPERTY OWNERS

Site for New Post Office not Yet Secured; Holders Asking for Better Settlement

The new post office is still a thing of the future, and the government has failed so far to make any arrangements with the proprietors of the lots adjoining the old building on Eighth avenue.

Expropriation proceedings have been started, but have not yet been put through, and agents of the authorities are still trying to make a settlement with the owners of the lots.

George Wallace, who has a drug store there, states that while an offer has been made to himself and Mr. Van Wart, who has two lots, the deal is not yet closed, as the price offered by the government is not considered satisfactory.

The price which it is proposed to give is \$2,000 a foot, and Mr. Wallace is to get \$15,000 for his building and Mr. Van Wart \$12,000. They state that this is half the cost of the building, and they are holding out for a better price.

Three weeks ago the government offered to give the sums mentioned as a preliminary advance, and the approval of the holders, and thus the settlement is still hanging fire.

Other owners in the same vicinity, the government needing 13 lots for the new post office, have not yet settled either with the government.

ATTEMPT TO DEFEAT PREMIER BARTHOU FAILS

Paris, May 29.—An attempt to overthrow the French cabinet was made in the chamber of deputies this afternoon, under the leadership of ex-Premier Barthou, by means of a series of resolutions on the government's financial policy. Great nervousness was apparent when, after defending speeches had been made by Premier Barthou and Minister of Finance Dumont, a vote was taken. The result showed 312 in favor, or a majority of 72 in favor of the government.

ROOSEVELT ESCHEWED HIGHBALLS AND COCKTAILS

Roosevelt on Stand. On Saturday Col. Roosevelt himself took the stand in Judge Richard Flanagan's court as his own first witness in his suit for \$10,000 punitive damages against George A. Newett, a newspaper editor, who accused the former president of "lying and cursing in a most disgusting way" further declaring that "the gets drunk, too, and that not infrequently."

Facing all the society of this little mining city who, in their "gladdest days" flocked to see him grilled, Col. Roosevelt took the stand at 8:30 o'clock, and while Newett, the defendant, looked on, was immediately examined by James H. Pound, his attorney, as to his contention that he never used liquor except moderately and then on widely scattered occasions.

Under Pound's direction, Col. Roosevelt recited the history of his life, gave details of his public service during his presidential terms, and touched lightly on his experiences during his African hunt.

He then identified the copy of Newett's paper, The Iron Ore, which contained the accusations against him. He said: "Never drank Highballs. I saw the paper first in Mercy Hospital after I was shot. I have never drunk a cocktail or a highball in my life. With the exceptions noted, I never drank whiskey or brandy except under the advice of a physician. I do not like the taste of either. I do not smoke or drink beer for I dislike both. And I do not drink whiskey or brandy except by a physician's advice, unless, perhaps, after great exposure, when I feel chilled through."

"I do not drink red wine," the colonel continued. "The only wines I ever drink are white wines, Madeira, champagne, or occasionally a glass of sherry. I do not often drink a wineglass or two of Madeira, and I often drink a tall glass of white wine and Poland water. In public dinners I sometimes drink a glass of champagne; perhaps two. On an average this means that I drink champagne about once a month. I do not drink red wine."

Drinks Mint Juleps. "The only exceptions to what I have stated about drinking whiskey or brandy are as follows: Mint juleps I rarely drink. I should say that on an average I have drunk half a dozen mint juleps in a year. Since I left the White House, to the best of my memory, I have drunk mint juleps only twice—once at the Country Club in St. Louis, where I drank part of a glass, and once at a big lunch at Little Rock, where they passed around a tinny cup of mint julep. The only other occasions when I have drunk whiskey was when the doctor prescribed it. During the last 14 years I do not believe I have drunk whiskey straight or with water over half a dozen times. On my African trip the expedition took a case of champagne, a case of whiskey and one bottle of brandy. The latter was taken for me because I don't drink whiskey. Some other members of the party drank the whiskey. The champagne was used by three members of the party who were down occasionally with fever and dysentery, for travelers, missionaries and others whom we met who were sick."

Drank Seven Ounces of Brandy. "I personally did not touch the whiskey or champagne. From the brandy bottle I drank exactly seven ounces, prescribed for me by Dr. Meares on two occasions when I had a touch of fever. The last time I told him I disliked it and did not believe it helped me. Thereafter I took it and gave the brandy bottle to R. J. Cunningham, manager of our party. Eight months later, at Khartoum, he asked me what to do with the bottle, saying that out of curiosity he would measure what remained. I had drunk seven ounces of brandy in eleven months. "I do not drink brandy any more than whiskey when I am alone, at home, or hunting, but on hard campaign trips, by the advice of Dr. Rixey and of Dr. Hobbins Curtis, who attends to my throat, frequently before retiring I have drunk a goblet of milk with a teaspoonful of brandy in the goblet. If there is more than a teaspoonful of brandy I dislike the taste, and do not drink the mixture. "I do not even carry a flask of brandy or whiskey with me. I need to carry one on my hunting trips, but found I used it rarely, and that it was a nuisance. I never made a tradition of public drinking at a bar, and do not believe I have drunk at bar or inside a saloon for twenty years."

STEFFANSON LEAVES CAPITAL FOR FOUR YEARS' EXPEDITION

Steffansson leaves for his four-year expedition to the Arctic regions. He will be accompanied by a party of men and dogs, and will attempt to reach the North Pole.

BOSS WEED DID A GRAND-STAND STUNT FOR FANS

Tied Score With a Smashing Triple and Then Brought in Winning Run in Ninth

Moose Jaw, May 28.—The greatest crowd that ever witnessed a ball game here saw the best and most exciting game yet played here when tonight, with the score 4-3 in favor of Medicine Hat, in the last half of the ninth, Manager Weed hit out a long three-bagger scoring Moore who was on second, and Fortier followed by sending a slashing single down the first base line, which sent Weed over with the winning run. The 3,240 fans present went wild with excitement when the Millers pulled out with a win and a life pandemonium reigned.

REGINA BEATS ESKIMOS IN NINTH INNING RALLY

Beautiful Duel Between Clayton and Beer Results in Red Sox Win

Regina, May 28.—Both Burgess and Clayton were very untidy in the early innings of today's game. With the score even up until the fifth, two on bases and one out, Beer relieved the local southpaw, and stopped Edmonton then and thereafter. Only one more Gray Bird saw first, Skeels hitting for his third single. Clayton tightened up after the fourth and the game developed into a pretty duel.

NEILSON'S AND C. P. R. PLAY SCORELESS DRAW

Exciting Intermediate League Football Game Last Night

Last night at Mewata Park, the largest crowd of the season saw a great game between Neilson's and C. P. R. in the intermediate soccer. The result was a goalless draw. Both teams put up an excellent brand of football, the Neilson's, in the first half, being the more aggressive side. On two occasions they had hard lines in not scoring.

In the second half the C. P. R. had the best of matters, and near the end they were very untidy not to score. One shot from Counsel saw Gough stand, thinking the ball had got the sweeper for a behind on it, but it struck the post and was cleared. The same man had a magnificent save from McLeod.

C. P. R. had a fine goalkeeper in Riley, and although Gillespie was inclined to mix things at the start, he soon settled down and played a fine game. His partner, Drummond, was very steady. The three halves were all good, and there was not a weak spot in the forward line. The only thing that seemed lacking was a little more dash. Neilson's have a good many old players in their ranks and certainly possess a fine team.

SCOTS WILL HAVE A BIG TIME IN CALGARY

Big Program Has Been Arranged—Event Will Be Held in July

Alloch McVillie presided at the meeting of the Caledonian games committee in the offices of Broomfield and Seller last night, which drew up the probable program for the games which will be held some time in July. While the committee are paying particular attention to the preservation of the Scotch element in figuring out the competitions, there are many events which will be taken part in by all athletes.

Among the attractive events are five a side football competitions, and a pipe and band contest. The finance committee will look over the program and the committee will then be in a position to go ahead and arrange everything. The following events were unanimously adopted: Running Events.

100 yards (open). 100 yards (confined to Scotsmen in Calgary). 200 yards (open). 440 yards (open). Five-mile race (open). 120 yards hurdle race (open). Obstacle race. Relay race (one mile) confined to associations or clubs. Two of war, on grass (spikes barred) confined to clubs, stores or associations. Five a side football (open to Alberta). High leap. Pole vault. Hop, step and jump. Heavy Events. Putting the shot, 16 lbs. (open). Throwing the hammer, 16 lbs. (open). Wrestling (catch as catch can). Piping and Dancing. Pipe band contests for bands of 10 (open to all comers). Individual Playing. Marches and strathspeys and reels. Dancing. Highland fling. Sword dance. Shannan triubhais. Sailors' hornpipe. In addition to these there will be several running and dancing contests for juveniles, and there will also be ladies' races, with attractive prizes. A good sum of money has been promised and the gathering looks to be a great success.

Our Special Order Department

is for the man who is hard to fit—and for the man who insists on having clothes made to his individual measure. Such men will appreciate the wide range of fabrics—and the faultless tailoring—offered by reform.

GOOD-BYE PEOPLE'S SHIELD

VANCOUVER, May 29.—Nanaimo United drew first blood in the People's Shield soccer tournament at Athletic Park this evening, when they defeated the Vancouver Thistles by a score of one goal to nil in what proved to be the most stubbornly-contested and best-played football game played on the local grounds this year. In the past tournaments have attracted entries for many teams about the country, but little interest is displayed in the season, and only two teams are entered, and they will play two more games to determine the champions. With the organization of the Dominion Football association, and the affiliation with that body of all recognized soccer leagues, it is doubtful whether the People's Shield will survive another season.

HILLHURST FOR THE BIG GAME SATURDAY

The Hillhurst line-up for the big game against the Callies on Saturday 1st, at Victoria park, will be as follows: Sutton, Melville and Anderson; Fab, Ans, Wakely, and Mortimer; H. Anderson, Munro, Stan Wakely, Hampton, and Innes; Reserves, Allan, Brown, and Johnson.

The Callies team will not be picked until just before the game, but the following players will be on hand at 3 o'clock: Copper, Bennett, Grindlay, and Maclean; Hill, Campbell, Petrie, Braidwood, and Toveil; Skinner, Williams (captain), Wilson, Nesbit and Stewart.

C.P.R. KNOCKED OUT THE CALLIES IN CUP TIE

The Callies, who look likely winners in the Junior league competition, went down before the C.P.R. Juniors last night by one goal to nothing in the first round of the Junior cup competition, for the trophy presented by Mr. Macfarlane. C.P.R. got the only goal from a penalty, but all through Ackroyd, McLaughlin and Morris, kept the black and white brigade busy. During the last ten minutes of the game, the Callies pressed continuously.

JUNIOR LEAGUE SECURES MEWATA PARK GROUNDS

A meeting of the Junior Baseball League will be held in the Y.M.C.A. boys' department tonight to arrange for the opening of the league and to transact other business of interest to the teams. The league officials have all secured grounds at Mewata Park after considerable delay, and will play three games weekly until the schools are caught up.

CRICKET SEASON WILL BE DECLARED OPEN TODAY

Two Games in Calgary and
District League Schedule
to be Played

The afternoon opening games of the Calgary and district league are declared open today. The first game is at the Barracks, and Calgary A plays St. John's B at the West. The second game is at the West. The games are much stronger than last year's. The games are expected to be very interesting and to be played in the early stages of the season. It is difficult to predict the results of the games as the teams are so evenly matched. The games are scheduled to start at 2 o'clock and the players are expected to be on the grounds early.

The following players will represent the Calgary and district league: Calgary A: P. W. Johnson, T. W. Burroughs, P. J. Timms, G. H. Nettleton, J. D. MacKay, G. H. Vickers, T. W. Baker, P. W. Johnson, R. Parker, H. C. Sparks, W. E. S. Tyers.

Saskatchewan Eleven Picked

Prince Albert, May 29.—Following is the team selected today to meet the Saskatchewan eleven, which is composed of: Kenneth Weaver, Prince Albert (captain); R. W. Kirby, Prince Albert; P. W. Johnson, Prince Albert; J. Gardner, Prince Albert; R. Edwards, Regina; J. S. Higgs, Saskatoon; J. H. Heathcote, Indian Head; H. Smith, Indian Head; E. T. Bagshaw, Indian Head. The team will journey to Saskatoon tomorrow morning, returning here, nearly a hundred miles, by motor.

AUSTRALIAN CRICKETERS WIN FIRST MATCH

Victoria, B. C., May 29.—The Australian cricket team opened their tour of Canada and the United States with a victory over the Victoria district today, winning by an innings and 59 runs. Victoria batted first, and were dismissed for 57 runs, Ackerroyd being the only batsman to make any stand against the deadly bowling of Macartney and Mailey. The latter is a "geographic" bowler, after the style of Dr. Hodge, and is likely to be the most successful of the visitors in the attack. He has a puzzling action, and breaks both wrists. The Australians knocked up 222, of which they made 46. J. N. Crawford, the old Surrey captain, 54, and A. Diamond, 36. Victoria were dismissed in their second attempt for 76, five being an innings and 49 runs.

Tomorrow the combined clubs of Vancouver and Coquitlam play the visitors, and a great game will be seen. The visitors have a strong attack, several really first-class batsmen, and they field magnificently.

Tokyo, May 28.—The Tokio Asahi Shimbun publishes a telegram from Bangkok in Formosa, giving details of the suicide of ten Buddhist monks there. The monks, who had been for a long time suffering from religious mania and a general detestation of the world, set fire to the Sakisanryo temple, to which they were attached. When the whole building was well alight they recited certain prayers, and then marched in procession into the midst of the flames. "From their superstition," says the paper, "that by this death they would surely arrive in Heaven, they allowed themselves thus to be burned to death, not suffering the least agony and appearing most satisfied with the death which they had chosen."

Cincinnati	13	24	35.1	Montreal	12	17	422
				Jersey City	12	19	387

Hyatt's Record Drive.
Pittsburg, May 29.—Hyatt's home run over the right field boards, the longest in the history of Forbes field, resulted in two runs in the ninth inning today, and tied the score with Chicago. A single, a double, a base on balls, and a long fly gave the Pirates the winning run.
Chicago 900 004 000—4 3 2
Pittsburg 110 000 005—5 10 1
Humphreys and Archer; Robinson, O'Rourke, Ferry, and Simon.

Another Hamar at Boston.
Boston, May 29.—Rain stopped the Brooklyn-Boston game at the beginning of the third inning today, with the score Boston 2, Brooklyn 0. Hamar on first base, Devlin batted over the right field fence for a home run in the second inning. Two games will be played Saturday.

Johnson's Fine Twirling.
St. Louis, Mo., May 29.—Cincinnati won the opening game with St. Louis today. The home team used four pitchers, the visitors three, and all were hit freely and were inclined to be wild. Johnson relieved Packard for Cincinnati in the fourth with none out and the bases full. He walked one, struck out one, allowing one hit and then forced the side out on a double play. He was relieved by Brown in the seventh inning.
Cincinnati 100 134 211—13 7 3
St. Louis 001 401 301—10 13 1
Packard, Johnson, Brown, and Clarke; Perritt, Grier, Willis, and Burke.

Giants Beat Phillies in Fourteenth.
New York, May 29.—The Giants broke Philadelphia's winning streak today, the locals winning an exciting fourteen-inning game 7 to 6. Fletcher's long hit over Mays' head in the fourteenth drove in Shafer with the winning run.
Shafer had singled with one out. These were the only hits made off Seaton, who pitched the last six innings for Philadelphia. The defeat was Seaton's first this season. The score being 7 to 6 when he went in. The Philadelphia throw away many chances earlier.
Philadelphia 020202000000—6 12 3
New York 1002012000001—7 13 4
Alexander, Seaton and Killifer; Demaree, Crandall, Tesreau, and Meyers; Wilson.

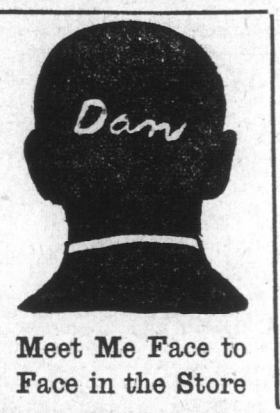

AMERICAN LEAGUE			
Won	Lost	Pct.	
Philadelphia	26	19	57.6
Cleveland	28	12	69.8
Washington	20	18	52.6
Chicago	22	15	59.4
St. Louis	19	24	44.2
Boston	15	20	42.9
Detroit	14	25	35.9
New York	9	28	28.6

Washington Bunched the Runs.
Washington, May 29.—Washington scored enough runs in the third inning off O'Brien today to defeat Boston, the final score being 5 to 2. Mullin, making his first appearance in a home game, was hit hard and was unsteady at times, but sensational catches by the outfield prevented scoring. Captain McBride was banished from the field for protesting Speaker's steal of second in the eighth inning.
Boston 000 100 003—2 4 2
Washington 103 010 000—5 9 0
O'Brien, Leonard and Carrigan; Mulken and Henry.

Falkenberg's Ninth Straight.
Cleveland, May 29.—Cleveland defeated St. Louis six to three, in the first game of the series here today, it being Falkenberg's ninth straight victory. Falkenberg was rather wild. Twice he filled the bases with two out, and each time Williams struck out.
St. Louis 202 000 003—3 5 3
Cleveland 019 100 040—6 12 2
Stone and Alexander; Falkenberg and Carlech.

Another Baker Home Run.
Philadelphia, May 29.—Frank Baker hit the ball over the right field fence in the seventh inning of today's game with New York and tied the score at five runs. In the ninth, with two out, he doubled and scored on McInally's single, which gave the Athletics a victory of 8 to 5.
New York 102 200 000—5 8 2
Philadelphia 110 002 101—6 10 0
Keating and Sweeney; Brown, Bush, and Lapp.

White Sox Beat Tigers.
Chicago, May 29.—Chicago won the first game of the series with Detroit today 2 to 2 in ten innings. The locals were outbatted by the visitors, but Russell, who appeared on the mound for the first time since he was hit by Pitcher Mitchell, of the Cleveland club, last Sunday, pitched the better ball in the pinches.
At Chicago—10 innings—
Detroit 001 000 010 0—2 10 2
Chicago 000 001 100 1—3 7 2
Willett and Stange; Russell and Schalk.

LETHBRIDGE IS AFTER DOMINION FAIR IN 1915

Believes it will Come to Alberta Town; Fight between Edmonton and Coal City

Lethbridge is going out to get the Dominion exhibition for 1915. It figures it out that Alberta will get the exhibition that year and that as Calgary has already had the exhibition, it will be a race between Edmonton and Lethbridge. The Lethbridge News says: "How would it be for Lethbridge to begin now to lay wires for the Dominion exhibition of 1915? This big show moves about the country, one year in the east and the next in the west. As The News understands it will be the turn of Alberta to get it in 1915, and the fight for location will most likely be between Edmonton and Lethbridge. Calgary having already had it, it is an attraction worth having and if all goes well with us by that time we will be in the best sort of position to handle it. "Nor is it too early to begin to think about it now. With its large fair grounds and handsome exhibition buildings, Edmonton will make a strong bid for the show, and unless we begin to do things early we may find ourselves altogether out of the running."

A Woman Cave-Dweller
Paris, May 29.—There has been discovered in the Forest of Fontainebleau, near the famous "Roche Bonoise," a female cave-dweller living or rather existing, in the manner of our prehistoric ancestors. This pitiable creature had become a semi-savage, and slept and dwelt in a cavern through which a spring of water continually flowed. She had for a large number of years fed herself on raw vegetables, roots, etc., found in the forest; her sole beverage consisted of water from the spring in the cave, and her only garment of a few evil-smelling rags roughly sewn together. She was in a most pitiful condition when discovered, but she declined absolutely to be taken to the hospital or even to quit her primitive abode, and the only information that could be obtained from her, was her name and her age, which she gave as 16.

FOUR ITALIANS ARE GUILTY OF CHARGE OF SHOOTING

Jury Finds That Two Did Actual Bodily Harm While the Other Two Assembled for that Purpose on Sunday, Feb. 16 on Street in Riverside

SENTENCE WILL BE PRONOUNCED LATER

Case Arose From the Desire for a Drink on Sunday, One of the Four Being Suspected of Being in League With License Inspectors.

The first verdict of guilty by a jury at the present session of the criminal court, was returned yesterday afternoon when four Italians were convicted, two of doing bodily harm and the other two of assembling to do bodily harm. This was the last jury trial of the session, and the four defendants were informed by His Honor Judge Black that they might return home. The first guilty men whose sentence will be pronounced by his honor, are having hold the matter over to find out about the records and antecedents of the men, are Jim Marketto, Guy Martello, Enzo Carona, and Sam Senno. They were accused of attempting to murder Bernardo Sposto on February 8, a Sunday, at the time of a magnificent gunplay among the band, and Sposto, who, for some reason or other put in no appearance at the trial, is alive to tell the tale or not to tell, as he likes to do, only by some miracle. Four bullets entered his body in the fight, one in the forehead, the second in the left hand, the third in the right hip, and the fourth in the left arm. He would have proved a useful witness in the case, but he skipped the court-room. However, a verdict was secured without his aid.

Their Sunday Drink.
It was a Sunday that the fight took place, across the river in Riverside. Carona and Senno, had been in the morning to the house of a man named Gentile, to get their Sunday morning bottle of Bass, and later dined on Sunday at the "Crown" where the other two very dry, and in need of a good glass of beer. The four then repaired to Gentile's, where they met at the table. The throats of the four, at the same time brandishing a knife.

The four then left and went down the street, but while Martello stood himself, said he went to call the police. Anyhow Sposto came down the middle of the street a little later and the four were standing on the sidewalk. According to a witness, he was called to halt while Martello calling on the others to attack, displaying a wound on his groin, while Carona shouted, according to the witness, "Shoot him down."

Martello stole across and seized Sposto by the arm. Sposto fired off a gun into the air and then numerous shots were rained on him. Marketto confessed to not being on the stand, saying he was afraid of the man. The reason that no beer was given the four was that Marketto was thought to be in the employ of the license department and looking for material rewards of giving information leading to a conviction.

Hot-Blooded Italians
Judge Black in addressing the jury said that they must reflect whether in self-defence and therefore justified in acting as they did. They should also take into consideration the excitement of the moment and the fact that Italians were more hot-blooded than were other people.

The jury retired and after an hour's consideration returned with their verdict finding that Marketto and Martello were guilty of doing bodily harm, while all four were guilty of assembling for that purpose. They were taken back to the city barracks and will be later brought up for sentence.

Ejected; Injured; Dies.
Winnipeg, May 29.—Fred Booth, who was ejected from the Strathcona hotel yesterday afternoon, by W. C. Treasurer, the porter, and who struck the pavement, fracturing his skull, died this morning. Treasurer was arrested. Booth said, a companion was drunk. They refused to leave the barroom and were put out.

Since the suppression of opium traffic in China there is an enlarged demand there for American beer and whisky. Good for trade, but bad for morals; but as it is American trade against Chinese morals, there will be many to find the case not wholly unsatisfactory.
