

MANY of you have money and wish to invest it as promptly, as profitably, as privately and as conveniently as city people.

FOR these reasons we have extended our facilities for the sale of safe, reliable Bonds by mail.

UNDER our plan, we send you a list of high-grade Bonds to select from and make your definite recommendations. Then, when you have made your choice, you order the Bonds from us just the same as you would order goods by mail from a big department store. We deliver them to your bank with draft attached, so that you may inspect them before purchase. You take no risk.

BY investing in this way, you get prompt service. You have the same choice of investments as city clients and you can buy by mail on exactly the same terms as big institutions and large private investors.

REVIVAL SERVICE WELL ATTENDED
Evangelistic Torrie Gave Some Very Practical Expositions
CAMPAIGN PROGRESSING
Splendid Services of Song, Mrs. Torrie's Solos a Splendid and Striking Feature.

Rev. Alexander Torrie, B. A., and Mrs. Torrie, Evangelists.

The revival mission being conducted in the Bridgetown Baptist Church by Rev. and Mrs. Alexander Torrie of Toronto is proving most successful. The large audiences gathering each evening are delighted with Mrs. Torrie's preaching and Mrs. Torrie's singing. In spite of the unfavorable weather of last week the services were very largely attended. The Sunday meetings brought large crowds morning, afternoon and evening. The services will be continued for a week or two. The week night meetings will be held in the auditorium of the church each evening (Monday excepted) at 7.30 p.m. There will be special services next Sunday, Feb. 4th. The regular morning service will be held at eleven o'clock. Mr. Torrie will address a mass meeting, to which all the residents of the town are invited at 3 p.m. This service will be of special interest to young people. The evening service will be held at the usual hour 7 p.m. Mr. Torrie will speak at all these services and Mrs. Torrie will render a solo, in addition to special music by the choir. Three prayer meetings are held each morning in the homes of the people, with the exception of Sunday and Monday mornings from 9.30 to 10 a.m. The announcement is made each evening of the place of meeting of these prayer meetings for the following day. The public of Bridgetown and the County generally is cordially invited to attend all these services this week and next.

On Sunday morning last Mr. Torrie spoke on the subject: "Does Bridgetown Need a Revival". Essentials of a revival were from God. He sketched the Pentecostal revival. People must look beyond preachers and evangelists to God for an outpouring of the Holy Spirit. Pray for an awakening. He sketched some reasons for spiritual deadness; decadence of the prayer meeting; the lack of the family altar and discussed the thirty believers and also the thirty believers.

The need of reading God's Holy Word "The people nearest Him are the least concerned. They do not want the grace of God in their hearts. They often go to church but not to listen to the sermon. They go to observe others and spend much time in thinking over business and a hundred things not connected with Godliness.

In the afternoon the Evangelist spoke on "Choosing a Wife" and handled much humor with practical advice. Girls should be brought up to be useful in the home, not mere ornaments, spending their lives in frivolous pursuits.

In the evening Mr. Torrie spoke promptly and fluently from the words "I am the way, the truth and the light". A large congregation followed his utterances with interest. Mrs. Torrie's singing at the various services was listened to with delight.

The following tribute from the Oshawa Ministerial Association on his work in that part of Ontario speaks for itself, as follows:-

Dear Bro. Torrie—At the last meeting of the Oshawa Ministerial Association I was instructed to advise that it was moved by Rev. John Butt, pastor of Simcoe St. Methodist Church, and carried unanimously. "That this Oshawa Ministerial Association put on record its appreciation of the work done by Rev. Alex. Torrie in the recent campaign of evangelism.

"Unquestionably this campaign was the most successful our town has ever experienced, due to the efficiency and conservation of Mr. Torrie and his splendid helper, Mrs. Torrie. The messages were marked by their loyalty to the fundamental doctrines of the church, the old truths clothed in new and attractive forms which never failed to win large numbers to the Christian life.

"The absence of sensational methods and the splendid spirit of fellowship which characterizes the work of this evangelist, make him a comfortable man to work with and are largely responsible for the success which follows his efforts.

"We very heartily commend Mr. Torrie to the churches of Canada, confident that wherever he may go there will be added to the Church of Christ such as should be saved."

With warmest personal regards and wishing you every success, believe me, Your very sincerely,
H. M. GILCHRIST,
Secy. Oshawa Ministerial Association.

UNIVERSITY EXTENSION LECTURE COURSES

The University Extension Course of Lectures this year is a highly interesting and suggestive course. The Boys' Work Board is to be congratulated on being able to arrange such an excellent series of lectures. It will be seen from the advertisement elsewhere in this issue that the series consists of six lectures—two of them at least being illustrated, and the variety of topics should be pleasing to all. Last year there was an average attendance of about eighty or a hundred and it is expected that this year the average attendance will be even higher as the course is proving more and more popular each year. The lectures, with the exception of the second, will be given on Tuesday evenings commencing next Tuesday, February 6th, and with the kind permission of the trustees will be in the school room of the United Church. The next lecture will be in the Baptist Church and then alternately in the two churches throughout the course. The charge of one dollar for the entire course is made to defray the expenses of the lecturers and it is hoped that as many as possible will avail themselves of the season tickets which will be given on sale by the High School pupil exclusively. The charge for each separate lecture is 25c. It is proposed to open promptly at 7.30 and the lecture will occupy about an hour. Let all avail themselves of this splendid opportunity of improving their education.

CURLING MATCH CLOSELY CONTESTED

Eighteen Ends Played Before Orlando's Rink Wins 16 to 14.

The curling game is in full swing and some ten sets of stones have been purchased here during the past week or two. On Monday night an exciting match was played by two rinks made up as follows:

F. R. Fay G. O. Thies
Avarad Beeler Angus McDonald
Owen Graves C. B. Longmire
E. R. Orlando (skip)
W. V. Arnold (skip)

The game was hotly contested and the usual fourteen ends closed with an even score. Four more ends were played for a decision when E. R. Orlando team won 16 to 14.

H. B. Hicks' team played A. F. Little's on Tuesday night after we go to press and on Friday night the winners in these two matches play off. The losers will also play off for a decision.

CORRECTION

In the list of Constables for Policing Districts 4 and 19 the name of Boyd Miller appeared. This should read Boyd Bishop, who is also Chief of Police for the town of Bridgetown.

A CHALLENGE TO CO. FARMERS
Suggestions Made by Mr. C. S. Bothamley Excite Wide Interest in County.
LEADING POINTS MADE
Are Farmers Getting Best Results From Expenditures Made Education in Scientific Farming.

President Bothamley's address in the MONITOR of the 24th contains a challenge to the farmers of Annapolis County.

1. We note first the suggestion for a Market Day at the Demonstration Building at certain stated times—say March and November. Stock of all kinds and farm machinery could be sold at auction. This would help the man who wishes to sell as well as the man who wishes to buy. It could be made a regular Market Day for the county. It is suggested that March 17th be the first Market Day.

2. The second point noted is the fact of the ownership of the Demonstration Building by the county. Are we making full use of it? The question is well timed. The Farmers' Educational Plant includes a fine building and several acres of land, splendidly located. The plant to-day would cost well over \$10,000. Do the farmers realize this fact—if so should they not get more out of the property?

About 99 per cent. of our people complete their education in the common school, and a large percentage of them finish in the 6th Grade. The Farmers Educational Plant of Annapolis Co. offers a challenge to the producers of the county to better their condition.

A proper preparation for citizenship, for business, and for advanced farming is not possible in the small rural school. The challenge can only be met when the instruction includes and directs the attention to Farm-projects and Housekeeping-projects.

The subject matter of the courses should be related to the real problems of daily life and occupation of the pupils. Scientific and Mathematical subjects may be so taught that their application to rural life and problems may be invaluable.

The challenge may be accepted by extended Short Courses and Extension Courses in the Farmers' School, Farm Business Course, Arithmetic applied especially to farm needs, Entomology, Botany, House-keeping, etc., are subjects that are daily needed.

Mr. Bothamley has left the most important till the last. I quote—"We must move with the times, and since farming is carried on in a more scientific way than formerly, I consider it our duty to see that our children get sufficient knowledge of the up-to-date subjects so that they may hold their places in the world both commercially and socially. With a little exertion on our part, much of the needed education might be given them in this very building."

We await with interest the action of the President and Officers of the Annapolis Co. Farmers' Association to President Bothamley's suggestions.

PROGRESS.

JOIN UP WITH THE BRIDGETOWN BAND

Six to ten bright active young men are wanted to join the Bridgetown band. This is a splendid organization for the boys to join. It needs you and you need it.

That commercial failures in Canada during the year 1922 exceeded even high water mark of previous years, both in point of number and in values of liabilities involved is shown by a comparative table, compiled by R. G. Dun & Co. The total number was 3,695. The highest previous total number of failures was 2,998 in 1914. The 1921 total was 2,451.

Minard's Liniment Lumberman's Friend.

LOCAL INTEREST IN NEW PREMIER
Hon. E. H. Armstrong Representative and Connection of Prominent Co. Families.
HISTORIC REFERENCES
Brief Sketch of Career of Premier Armstrong, Fondness for Political Life Marked

Hon. E. H. Armstrong, who has been Minister of Public Works and of Mines in the Nova Scotia Government, last week succeeded the Honorable Geo. H. Murray as Premier of Nova Scotia, and this appointment of general importance is of added local and special importance in this county as Mr. Armstrong is a representative of a very old and very favorably known family of Annapolis County. He was born at North Kingston just across the county border line and received his earlier education there, afterwards becoming for a short time a pupil of the well known private school conducted by Dr. J. B. Hall and his brother, Mr. Charles F. Hall. He was a son of Edward Armstrong and of Sarah Ann Currell Armstrong and his grandfather, the late John H. Currell, conducted a flour mill at Bloody Creek for many years. So, like Sir Wilfrid Laurier, the Premier of Nova Scotia's maternal ancestors were reared alongside this historic stream. Premier Armstrong is also directly connected with the Whitman families both his grandmothers being Whitmans, and also with the Shaffers. This from the ground of family connection is of great interest to the people of the county.

He prepared for Grade "B" in the early eighties and taught school at Centreline and took lessons in classics from Rev. W. H. Warren, father of Mayor Warren. Afterwards he conducted school at South Williamston, and taught also in Hants County, attending college at Acadia during Winter months. After taking the

first two years in Arts he went to Dalhousie Law School and in due time was admitted to the Bar and commenced practice in Weymouth when he also edited the Weymouth Free Press, removing in 1892 to Yarmouth where he succeeded to the practice of Mr. R. E. Harris, who removed to Halifax and was later appointed Chief Justice.

Mr. Armstrong always took an active interest in politics and served in Yarmouth Town Council and afterwards occupied the Mayor's chair.

In 1906 he was elected to the Local House and represented Yarmouth for sixteen years, subsequently being elected as member for Shelburne. For a period of eleven years he has been Minister of Public Works and of Mines, and is generally regarded as an especially strong man.

A frequent visitor to town as a guest of his brother, Dr. M. E. Armstrong, he delivered an address here during the Centennial Celebration last September, when another brother, Rev. R. O. Armstrong, of Manitoba, was also in Bridgetown and preached at the anniversary services.

WHAT'S THE DATE ON YOUR LABEL?

A LITTLE TALK ON ADVERTISING

There is a tendency all over the Province during the dull periods of business which follow the Xmas trade, for some merchants to slow up on advertising and even when the editor discusses the matter and exhorts them to renewed effort and stir things up a bit to retort that it is all right from the editors' point of view he stands in to benefit from this. Of course he does and he will not deny so plain a truth. That, however, is only one side of the question. The whole thing winds itself around the issue "Does Advertising Pay?"

No live business man who has ever tried it carefully and consistently but will admit that it does pay. A glance over our papers and magazines and with those of ten years ago tells its own story. They tell in language that he who runs may read, that businesses of the greatest magnitude are built up by advertising and that advertising properly applied is a right arm to business progression.

The National advertisers who cover the country from Atlantic to Pacific with their advertising do not slacken up their efforts at the present time. They keep consistently in the game and do not let their patrons think they are dead or gone out of business.

Every merchant knows that careful and attentive work is necessary not only to build up a business but also to retain and hold it to say nothing about making further increases. Every merchant spends of his time, and mental energy planning to make his business bigger and better. He would not be worthy of the name if he did not do so. He does not expect tremendous results right off the bat. He knows better than that. He knows that his success depends upon constant and unremitting effort. Still it sometimes happens that the very same business man around for two minutes, dashes something down on a piece of paper, imagine he has done his duty by advertising when he spends about as much time on his ad as he does in serving a customer with a pound of cheese. Some men in every town, there are some in Bridgetown too, whose ads. are always read with interest. Everybody says, Mr. so and so writes good ads. He does, but you can believe us he spends more than three or four minutes over each one. A faint-hearted merchant says to himself: "What's the good of advertising now, there's no business doing?" If business is quiet there is all the more time for writing well thought out ads. The seed sown now will bring the business, perhaps not immediately, but the percentage of improvement will be just as noticeable now as months hence. Advertising works just as hard in February as it does in July. Given the same attention as other departments of business and you will notice results. They may not come at once but by all reliable testimony, come they will. Constant and not intermittent work is what wins out. Do not take our word for it, ask any successful business man advertising continuously and spending a proper measure of time

DIGBY HEADS WESTERN LEAGUE
The Win Over Bridgetown Hockey Cinches Matters in This End of League.
SCORE 9 TO 2.
Game Followed With Keen Interest—Visitors Have Had Unbroken Streak Of Winning.

A very good attendance was present at the rink on Friday night to see what was the last regular schedule game on local ice between Digby and Bridgetown hockey teams. The local boys as usual went in strong the first period and had the advantage of the ice for a portion of the time but were unable to score.

Melanson who played the star game for Digby secured the puck and making a big rush shot the first goal. This was followed closely by another secured by Weir. Warrington made it three. Melanson, after a little more clever stick handling, shot his second goal. First period ended 4-0 in favor of Digby.

Melanson and Weir each scored for Digby in the second period, and Digby kept up a heavy bombardment of Bridgetown goal in the third period with some results for in this period Doug Baxter shot one through. Jack Ruzgale scored for the local boys and John Roberts also made a tally. Digby added one more to the score leaving the result 9-2 in favor of Digby.

Digby has now clinched the championship of the Western Section of the Valley League and during the present season has scored 50 goals and had 7 scored against. Annapolis has a younger team than usual this first time in its history the advantage of a rink for practice.

These matters are not mentioned as a detraction for Digby. Digby has a good team and their forwards play hard on the puck and some good combination is worked. They have a good line of sub. Melanson played a star game as did a number of others. In Dug Baxter, Digby has a "comer" for a High School boy. Comer is perhaps not the right word. He is arrived, but a year or two more should put him in the top notch class.

Ernie Grimshaw handled the game well, and dished out a good many penalties.

The line-up was as follows:

Bridgetown:	Digby:	
Will Donat	Goal	B. Dunham
H. Mackenzie	L. D. W. Hutchinson	
Mel. Jackson	R. D. F. Muise	
J. Ruggles	Centre	H. Warrington
R. Donaldson	L. W. H. Weir	
(Cap.) Roberts	R. W. V. Melanson	
Subs:—		
Raymond	F. Wilson	
Jack Hoyt	D. Baxter	

CIVIC SITUATION GROWS INTERESTING

The civic situation as viewed from the outside and at present moment of writing shows signs which point to possible contests though nothing official is yet on tapis and may not be before we go to press.

The situation officially at time of writing is that Councillor H. B. Hicks has been duly nominated for the position of Chief Magistrate of the town, and has accepted. For Councillors, Mr. C. B. Longmire, member of the last and former Council, Messrs. Angus P. McDonald and Francis Graves. Both the latter are new men.

All the representatives named have made successes of their own business and those of them who have served in civic situations have acquitted themselves with honor and distinction. The same record may be undoubtedly expected of the other nominees for office. These are all good men and it is reported that some other good men are somewhere in the offing and may also enter the arena before five o'clock.

From various signs which the editor has noticed a contest seems imminent or nearly so, for the office of Chief Magistrate and may be for Council seats as well. We had

THE RIGHT THING TO DO IS TO TAKE A Tonic for the Blood.

When you become so exhausted after a day's work that you cannot sleep, or sleep fails to refresh you, it is time to look after your health.

Do not wait for a breakdown. The treatment is simple enough if you do not let your condition become too far advanced.

The most effective tonic known is Dr. Williams' Pink Pills which act directly on the blood, and with proper diet have proved of the greatest benefit in nervous troubles and all conditions due to impoverished blood.

CANADIAN PACIFIC RAILWAY PRESIDENT POINTS WAY TO LOWER FREIGHT RATES

E. W. Beatty Says They Can Only Be Effected Through Increased Railroad Traffic and Lowered Operating Expenses—Greater Population the Answer to the Problem—Better Times Foreshadowed by Heavier Freight Traffic.

E. W. Beatty, President of the Canadian Pacific Railway.

"The railway situation in Canada today is fundamental and basic in relation to the economic situation in which the nation finds itself." This is the text of an article appearing in the Annual Financial Survey of the "Toronto Globe" from the pen of E. W. Beatty, K.C., President of the Canadian Pacific Railway.

and domestic trade of the Dominion be brought closer to even terms with those of competing countries. What a Reduction Means. As an instance of what a partial reduction in freight rates means when it is not accompanied by a commensurate reduction in operating costs, it is significant that an Ottawa dispatch recently stated that on the moving of this year's Western crops the railways of the country had lost about \$25,000,000 as the result of a recent reduction in freight rates.

of every difficulty they are providing a high standard of service at a price that is all in favor of the patrons of the road. They are, moreover, carrying on the work of building up the country as they have in the past. Since 1891 the Canadian Pacific has spent between \$68,000,000 and \$79,000,000 in the encouragement of immigration. It is not fair to ask what would be the situation in Canada today had not this amount of money been spent to encourage settlement? National Aspect of Canadian Railroads. With their important foreign connections and trans-Atlantic and trans-Pacific shipping arrangements, Canadian railroads are developing Canada's overseas markets.

THE YOUTH'S COMPANION HOME CALENDAR FOR 1923

The Publishers of The Youth's Companion are sending to every subscriber who has paid \$2.50 for the 52 issues of 1923 a Calendar for the new year. The tablets are printed in red and dark blue, and each tablet, besides giving the days of the current month in bold, legible type, gives the calendar of the preceding and succeeding month in smaller type in the margin.

As earlier predictions of an abundant crop came nearer to realization the volume of trade showed improvement and the movement of general merchandise assumed healthier proportions. This in conjunction with a heavy crop movement again strained the operating facilities of the railways, themselves struggling back to normal.

As earlier predictions of an abundant crop came nearer to realization the volume of trade showed improvement and the movement of general merchandise assumed healthier proportions. This in conjunction with a heavy crop movement again strained the operating facilities of the railways, themselves struggling back to normal.

CANADIAN NURSERY COMPANY 3-11 Moncton, N. B.

POST OFFICE REVENUE The revenue derived from the stamps and cash paid on papers and circulars, at the Post Office for the year ending 31st, amounted to the sum of \$14,722. We notice a statement in the Glasgow Enterprise, that the total in that town sold during the year was \$32,000 in stamps. The Amherst News reports that the Amherst office from the same date raised \$42,696.00. This places Truro third in the list of revenue in the Province and Sydney, having first and second places.

Various small advertisements including 'What P...', 'Pleasant Memor...', 'George...', and 'Sp...'. Includes a portrait of a woman and a small illustration of a person.

BRITISH ON THE RHINE
An extraordinary tribute to the British is paid by Dr. Meerfeld, the Mayor of Cologne, and a member of the Reichstag. Cologne is the headquarters of the British army of occupation in the Rhine country, and the Mayor of the city is in hourly intimate contact with his temporary alien overlords. He tells The Manchester Guardian that it cannot be too often repeated that in the areas occupied by the British both mental and material hardships are felt the least. They entered Cologne three months after the armistice as conquerors and imposed a strict discipline on the inhabitants. Every person without a passport had to be within doors at 9 o'clock in the evening. All places of amusement had to close at nine. Every adult had to carry a card of identification, renewable every three months. The press was under censorship.

FARMERS ADVISED TO PLANT APPLES
Production Away Behind Demand, Louisiana Man Tells Massachusetts Agriculturists.

"Plant apples and keep on planting apples." That was the advice of Paul C. Stark of Louisiana, Mo., at the conference of agricultural organizations at Horticultural Hall recently, and was given as the result of a 7000-mile tour through the apple orchards of the east. Mr. Stark, who is a prominent nurseryman, declared that production had not nearly kept pace with the demand, and that for the past 10 years fewer apple trees had been planted than had gone out of bearing.

In his own State the census of 1919 showed 12,000,000 apple trees. The last census showed only 5,000,000. Similar situations existed in other States, he said, and in his opinion there was no possible danger of over-production. As a result of his trip, he went home and set out 14,000 trees in addition to 13,000 which had already been planted.

Increasing Tendency
Mr. Stark spoke of the increasing tendency in New England to grow high-quality apples, properly graded and well packed. He declared that the public was always ready to pay fancy prices for fruit of this kind. He pointed out, also, that the growers of the northwest are obliged to pay a dollar a box express on the apples which they ship east. Local growers can add this amount to their profits.

Mr. Stark's trip took him into Michigan and along the northern tier of States, through New York State and into Vermont, then through the apple-growing sections of Massachusetts and home by way of New Jersey, Delaware, Pennsylvania, Ohio and Indiana. While visiting the different sections he arranged for exhibits of apples which were later shown at various fairs. Of all the fruit exhibited in this way, the apples from New England and the Hudson River section excited the most interest and made the best impression.

The development of the orchard industry in Vermont was given particular attention by Mr. Stark, who found that state ideally situated for the growing of high-class fruit in spite of the rocks and boulders with which its fields are filled. Physical advantages are by no means necessary, as has been discovered in parts of Ohio, where excellent apples are being grown on the sides of hills so steep that they cannot be cultivated. These orchards are heavily fed with nitrogenous fertilizers and yield splendid crops.

Interesting Development
Mr. Stark found an especially interesting development of the fruit industry in Michigan and Wisconsin, where cherry growing is carried on in a large way. In order to care for the surplus fruit a method has been worked out by which the cherries can be frozen in barrels and kept for a year if necessary, being sold to bakers for making pies. Mr. Stark found that many of the apples being grown in the vicinity of Toledo, O., were being sold locally, and expressed the opinion that this plan would do much to solve the marketing problems of fruit growers in other sections.

PALMER HAS NOW DISCARDED CANE
Can Get Around Like a Young Man Since Taking Tanlac, Says Hansel Citizen.

"You don't often see a man as spry as I am at seventy-two, but judging from the way Tanlac has fixed me up, I'm sure its fine for anybody," declared Thomas Palmer, Sr., well-known retired farmer of Hansel, Ont., while on a visit in London, Ont.

"At the time I got Tanlac I could hardly walk at all, and hadn't been down town without my walking stick since last September. But I have put away my old walking stick now, and last Thursday I went down town twice without it and got about as good as many a younger man. I suffered terribly with constipation the last ten years, had no appetite and was bothered a great deal with my kidneys. Sometimes every joint in my body ached, I was badly run down and seldom got a night's sleep.

PORT LORNE
The first two weeks of the New Year has beaten any past record for severe storms—big snowdrifts and no mails. We hope to see a change for the better soon.

Mrs. Aobo, of St. John, has been called here on account of the serious illness of her mother, Mrs. Patterson Foster.
Mr. Charles Foster, of Smith's Cove, was a recent visitor at the home of his parents, Mr. and Mrs. Patterson Foster.
Mrs. Howard Neaves has been called home from Boston on account of the serious illness of her mother, Mrs. Isalah Sabean. She was accompanied by her daughter, Helen.
Rev. Asaph Whitman has been confined to the house for some time suffering from a severe cold.

Mr. Parker Banks, of Outram, who has spent some weeks at the home of Mr. and Mrs. Wm. Green, is now with Mr. and Mrs. Templeman at the Bay View House.
Mr. and Mrs. Austen Lewis have returned from Boston, where they have spent the last year.
Mr. Charles Anderson and Mr. Kenneth Corbett have gone to New Britain, Conn.
Mrs. Kenneth Corbett is visiting friends in Colchester.
Messrs. Clark and Leslie Lewis and Ellis Wilkins have arrived home from sea.
Mr. and Mrs. Z. Hall were recent visitors at the home of Mr. and Mrs. Johnson Beardsley.

FEBRUARY ROD AND GUN
A perusal of the February issue of Rod and Gun in Canada, the well-known Canadian outdoors magazine, reveals a liberal supply of entertaining and instructive reading. One thing that has always featured this national sportsmen's journal, is the diversity of subjects it covers and like the preceding numbers, the February number has something of interest and of value for sportsmen, from the Atlantic to the Pacific.
There is a feature article: "Hunting Wild Horses in Southern Saskatchewan," by Harry M. More, that is well worth reading. There is, also, too, of a high order, while such prominent naturalists and students of wild life, as Bonycastle Dale and J. W. Winson contribute fine articles. The Fishing Notes department contains an article on the light lure, that will be read appreciatively by anglers, while the Guns and Ammunition department is well up to its usual high standard, and that means a great deal. The other departments the illustrations all combine to make up additional features, the many fine magazine that will meet with instant favor.
Rod and Gun in Canada is published monthly at Woodstock, Ontario, by W. J. Taylor, Limited.

AN APT RETORT
Prof. H. A. Kent, of Pine Hill College, makes a splendid retort to the chattering Pacifists thus:—
"According to the logic of our good friends the Christian church in Europe should have said, 'Let the Saracens and the Turk do as they will, we are Christians and will not fight.' But if suspicious looking characters push their way into their houses, these same people telephone for the policeman, not for the minister."

MARSHAL FOCH AND POINCARRE DIFFER
Berlin.—It is asserted here that the difficulties the French are encountering in the Ruhr has led to differences between Premier Poincarre and Marshal Foch, the Marshal having demanded more troops owing to the unexpected resistance by the industrial magnates, and that if Foch is successful in his demand the French advance will be one of military conquest.

A BIG C. N. R. ORDER

At the present time the most favorable factor to the steel business is the announcement of the \$10,000,000 order by the Canadian National Railways for cars, which has been distributed among the Canadian Car and Foundry, Eastern Car and National Steel Car Companies. This will necessitate orders for steel which the Steel Company is in a position to supply.

AMATEUR SPORTS

There was an old trite sentence often quoted in the past that "the Battle of Waterloo was won on the football fields of Eton and Rugby". This, of course, was never intended to be taken literally, but was a well recognized tribute to the value of well directed sport in the building up of virile qualities.

Sport is good and a splendid developer of the rising generation, but for an ultimate and all round good it must be played for sport's sake. This must be kept in view more than the mere matter of winning or losing games. This is especially true of amateur sport. The professional is in the business frankly for a living and his bread and butter thus depends very largely upon his successful work or rather his winning. If he cannot fill the bill pretty completely his monetary value falls so that the element of sport alone is taken very largely out of the game and in the very nature of things he must unless in the case of a very exceptional man fall away from the true ideals. The playing of the game for the sake of the game. The ideas imbued by professionalism are all apt to permeate through amateur ranks giving too great a prominence to mere winning at all costs. This, too, may affect audiences to a marked degree, tending in many cases to lose all sense of proportion. Anyone can be a good winner but it takes qualities of another sort to be a good loser and accept defeat with the same good spirit as that felt in winning. The idea of merely winning at all cost destroys the best part of the value of sport to all the boys engaged in it. This idea has become more dominant than it should be throughout the length and breadth of the land. It might be a good plan in the case of teams of boys to award prizes not always for the most wins but also for the team displaying the best sportsmanship, win or lose. We would not for a moment discourage the matter of winning. Every team in a league is out to win, they are in for that purpose, but there should be no element of unfairness come in for the mere sake of winning. As one writer has put it: "England holds few world's championships, but

she has the fairest crown of all—the championship in good sportsmanship. We in Canada can very well take a leaf out of the book of Old England before we tend to forget and fall away from the true ideals of sport and its value in the upbuilding of national character.

CANADIAN PORTS

The Montreal Gazette frankly concedes "there is something wrong with a situation which finds the railway of the Canadian people patronizing Portland to the prejudice of St. John, an anomaly that is not likely to be long tolerated," and adds: "It is in the interest of St. John and Halifax in Winter, of Montreal and Quebec in Summer, to attract traffic of the American west passing thru Chicago to the seaboard, and no effort should be spared to develop this traffic so long as its carriage does not involve a loss. No one objects to the routing of grain by vessel from Duluth or Buffalo to Montreal for export to Europe, and the more business that can be brought to Canadian ports by both rail and water the better. Sir Henry Thornton may find it advisable to recommend sale and abandonment of the Grand Trunk section from Island Pond to Portland, but, on the other hand, he will find it good business to cultivate traffic from and to Chicago." The discussion which Hon. Dr. Pugsley precipitated is bearing fruit in a broader attention to a question which there has been a too general disposition to regard as local instead of national.

BRICKTON

Miss Ethel Stevenson, of Brooklyn, was the guest recently of her friend, Mrs. W. H. Bezanon, Jr.
Mrs. G. R. Haynes is at present at the home of Mr. and Mrs. Percy Banks.
Dr. McPhee, who has been the guest of Mrs. R. D. Stevenson, left on the 15th inst. for her home.
Mrs. R. D. Stevenson has had a telephone installed recently.
News is scarce. We wish we could say that about the snow.
Mr. Charles Taylor, Sr., has returned from his visit to the U. S.

CLEMENTSPORT

"THE QUEEN OF THE BASIN"

Mr. Ellis, representing Manchester Robertson and Allison of St. John, and Mr. Ricker, representing W. H. Warwick, of St. John, were here on Thursday, 25th inst., visiting their customers.

One of our citizens seems to think that FREIGHT is closely allied with FRIGHT, as the charge on two tons of bagged coal from Weymouth, a distance of some 3½ miles, was \$9.60. We are inclined to agree with him. This is the very reason why motor trucks are handling more freight year after year.

The Annual Parish Meeting of St. Clements' Parish took place in St. Matthew's Church, Deep Brook, on Wednesday, Jan. 24th. There were two sessions; the morning from 10 a.m. to 12.30, the afternoon 1.45 to 4 p.m. There was a good attendance considering the weather and the various reports showed excellent results. A great deal of repairs had been done to the Deep Brook Church and improvements to the grounds of St. John's Church. The rector's report showed the largest number of baptisms for any one year for many years. Regular services were also held for first time throughout the year at Upper Clements. Unity and optimism marked all the proceedings. The following were the appointments for 1923:—

Wardens—L. V. Shaw and John Farquhar, re-elected.

Chapel Wardens, also re-elected—St. Edward's, R. W. Caffery; St. John's, Wm. G. Harris; St. Matthew's, W. H. Spurr; St. Andrew's, F. K. Darres.

Vestry—Messrs. Weston Harris, R. W. Caffery, R. A. Harris, L. V. Harris, F. K. Darres, S. Currier, R. V. Dimsars, Wm. Mills, Ernest Purdy, Samuel Porter, Capt. R. H. Goodday, F. H. Dimsars.

Delegates to Synod—G. L. Benson, and W. G. Smith.

Substitute Delegates—R. V. Dimsars and L. V. Harris.

Auditors—S. J. Porter, R. V. Dimsars, W. M. Romans.

One thing the meeting unanimously decided was to recommend to the Synod that a change be made in the date of the Annual Meeting. It is simply impossible in many cases for people in the country districts to meet on the 3rd Monday in January and when they do it is only those who are really compelled to go who get there. What is wanted is a time when all can attend and learn first-hand the work the church is doing.

A resolution was passed recommending any date from the 1st of May to the 1st of November.

Those present from Bear River and Clementsport were most hospitably entertained by the members of the Deep Brook congregation at their own homes. To whom a hearty vote of thanks is extended.

The Annual Meeting of the Baptist Church took place on Tuesday, 23rd inst., in the afternoon. The reports all showed good results, and there is a bright outlook for 1923. Mr. I. D. Lytle is working hard and systematically and desires the full support of all the congregation. The officers were all re-elected. Mr. Stephen Harlow was appointed trustee in place of Mr. Major Dukeshire, Mrs. Fred Morse is Church Clerk, and Miss Grace Burns Treasurer.

On Thursday, 25th inst., Mr. Seidon Potter was taking a load of wood to Mr. Arthur Smith's. To do so he had to cross the D.A.R. track. The West-bound express was due. Fearing that an accident might occur, Mr. Howard Zwickler called to him three or four times not to attempt to cross the track. However apparently not hearing him, he started and got stuck directly in the path of the express which was rapidly coming down grade. Fortunately they saw him in time, applied the brakes and stopped. While the load was lightened and the sleds moved over the crossing, the train was held up 5 minutes. Had there been a curve there the horse and load, and probably Mr. Potter himself, would not have been there long.—STOP, LOOK, LISTEN.

The train service, while not tied up, has been much discolated of late. On Friday the East-bound express had to wait on the siding at Upper Clements for nearly 3 hours. It appears the standard rules say—that of the two first-class trains, the West-bound has the right of way. It is the superior train. The West-bound train is evidently not a mason. Clementsport has had no connection with Annapolis or Digby by telephone from Thursday night until the time of writing this Monday morning, Jan. 29th. The Tel. & Tel. men are hard at work. Telegraph connections could only be had by W. U. lines over the D.A.R. and then not east of Kentville.

On Saturday Mrs. Wm. Sanford and little son went to Round Hill to visit Mrs. Sanford's parents, Mr. and Mrs. Jas. Spurr.
We regret to learn that Mr. Chas. Hardwick, of Upper Clements, is seriously ill.

CORRESPONDENCE

Mr. Editor:—

Dear Sir:—I note in your issue of the 24th inst. that "OUR COUNCILLOR" of Clementsport, is requested to tell the people of Deep Brook why the public road leading to the Government Wharf was not kept opened to the public. I might say that my duties re this matter were performed at the annual session of the Municipal Council.

For any further information I would refer your correspondent, signed "DEEP BROOK" to the Provincial Highway Act of 1920.

Yours truly,
ELIAS RAWDING.

Clementsport, Jan. 29, 1923.

Mr. Editor:—

Dear Sir:—A good sign that people are awakening is shown by the fact that by Thursday, Jan. 25th, mail, an anonymous note came to your correspondent. It consisted of a copy of an Act to consolidate and Amend the Municipal Act—(1918) enclosed in a type-written wrapper and addressed to "The Correspondent of The MONITOR", Clementsport, Anna. Co., Care of Rev. Mr. Smith. Written on the upper part of the front of this report was the following:—"Look through this Act carefully and see if you can find where your Councillor is authorized or required to post up list of road sections in your locality any more than the Clergymen, station agents or other prominent public persons."

This note was evidently caused by reading your correspondents suggestion in last week's MONITOR, i.e. That trouble and misunderstandings

Pain?

For immediate relief rub the affected part with Minard's Liniment. It penetrates faster and further than any other, soothing and stopping pain. Two generations have crowned it King of Pain.

MINARD'S LINIMENT
The Family Medicine Chest.

CORRESPONDENT.

NOVA SCOTIA BOARD OF COMMISSIONERS OF PUBLIC UTILITIES

In the Matter of the Application of the Town of Bridgetown For Approval of an Amendment to its Schedule of Rates for Water.
PRESENT: John W. Ross, K. C., Chairman; R. T. Macleith, K. C., Vice Chairman; P. H. Collier, Member.
THIS MATTER having come on before the Board of after hearing the evidence adduced and what was alleged in support of the application and no one appearing in opposition thereto, and the Board having this day filed its decision herein:
IT IS ORDERED that the schedule of water rates of the Town of Bridgetown be amended by adding the following thereto:—

"The above rates shall be due and payable half yearly in equal proportions on the first days of January and July respectively in advance. Interest at the rate of 8 per centum per annum shall be payable on all unpaid accounts after the 15th day of the month in which such accounts became due and payable. The water supply may be turned off at any time after the 15th day of January or July from the premises of any consumer whose water rates are not paid and shall in all cases be turned off in the case of the bill remaining unpaid for 60 days after the rendering of the same."
IT IS FURTHER ORDERED that for the year 1923, the words "1st day of February" shall be substituted for the words "15th day of January."
(Sgd.) L. B. TAYLOR, Clerk.

Halifax, N. S., January 15th, 1923. 44-2f.

NOTICE

To the Voters of the Town of Bridgetown:—
Having been nominated a candidate for the office of Mayor for the town of Bridgetown for the ensuing year, I would respectfully solicit your hearty support.

During my two years as Councillor I have endeavored to conscientiously perform my duties without fear or favor. I pledge myself to fill the office to the very best of my ability ever having in mind those things that are for the vitæ good of our town. My whole life has been spent among you and I trust that life has invited your confidence and support at this time.

Faithfully yours,
HENRY B. HICKS.

WEDDINGS

Kinney-Pike

An event of more than usual interest took place at high noon Wednesday when one of Kentville's fairest and most popular daughters, Miss Caroline Beatrice Pike, became the bride of George W. Clarence Kinney, son of Mrs. Watson A. Kinney, of Toronto, but formerly of Bridgetown. The ceremony took place at the home of the bride's parents, Mr. and Mrs. Morley P. Pike, Main St. East, and was one of the prettiest of the entire season.

The parlors were beautifully decorated under the supervision of Mr. Galahar of the Experimental Farm in the cut flowers and ferns, the ceremony taking place under floral festoons with a background of ferns and cut flowers. Rev. B. J. Porter, pastor of St. Stephen's Methodist Church officiated. The bride, who was given away by her father, was very lovely in a traveling dress of sand cotton crepe and navy tricotine, and carried pink and white carnations. Both bride and groom were unattended. The wedding march was well rendered by Miss Josephine Henderson.

At the close of the ceremony congratulations were showered on the happy couple and a delicious collation served, after which Mr. and Mrs. Kinney left on the D.A.R. express, followed by the best wishes of hosts of friends, for Toronto, where they will reside. The bride travelled in a handsome conon coat with jade and gold hat.

The popularity enjoyed by the bride was fully evidenced by the numerous and beautiful gifts of which she was the recipient. The groom's gift to his bride was a handsome platinum pin set with diamonds, and to the organist he gave a lovely pearl brooch. The staff of the Accountant Office D. A. R., of which the bride was a most valued member, presented her with a very lovely piano lamp.

The out-of-town guests were Mrs. Fred Faye, Mrs. Henry Hicks, Bridgetown; Mrs. George Belliveau, Waterville, sisters of the groom, and Mrs. Everett Pike, of Halifax, sister-in-law of the bride.

Fulton-Bishop

A very pretty wedding was solemnized on the feast of Epiphany, the 6th inst., at the residence of the bride's father, when Florence Hildred, the second daughter of Reginald J. Bishop, of Round Hill, Annapolis Co., was united to Stephen Millard Fulton, of Truro.

The Rev. John Reeks, the rector of St. Paul's Church, Rosette, a personal friend of the bride's father, was the officiating clergyman. At the hour of 10.30 the bride and groom unattended, entered the drawing room where relatives and friends were assembled, whilst a well known wedding march was being played by Miss Gladys Whitman.

The bride who looked very lovely in her bridal dress, was given away by her father. Immediately after the marriage ceremony a dainty luncheon was served, and a spirit of merriment prevailed until the hour arrived for the newly married couple to take their departure amid the well wishes of their friends, for Halifax, Sydney, and other points of interest in the Province. The many presents received by the bride bear eloquent witness to her popularity and to the high esteem in which she was held in the community.—Truro Daily News.

OBITUARY

Mr. Colin C. Rice.
The death took place on Saturday at Round Hill of Mr. Colin C. Rice, who had been in rather poor health for the past two years. The deceased came to Round Hill from Bear River about twenty years ago and conducted very successfully a general store and enjoyed the friendship of a large circle of friends. He leaves to mourn their loss a wife, two sons, Kenneth of Toronto, and Jack at home, one daughter also at home, Miss Freda.

Personal Mention

Hon. O. T. Daniels was a visitor in town this week, returning to Halifax by Tuesday's express.

Mr. W. Anthony, of Bridgetown, left last Tuesday for Boston, where he will stay for an indefinite period.

The many friends of Miss Elizabeth Beardsley will be glad to learn that she is greatly improved in health.

Miss Ethel Rand, of Canard, is visiting in town, the guest of Mr. and Mrs. John P. Morse, East Granville Street.

Mr. James Moir, of Halifax, spent the week-end, the guest of his daughter, Mrs. Kenneth Leslie, Upper Granville.

Evangelist Rev. Alexander Torrie and Mrs. Torrie are the guests during their stay here of Mr. and Mrs. J. I. Foster.

Mrs. Merrill Goldsmith, of West Arlington, is the guest of her parents, Mr. and Mrs. W. C. Marshall, Clarence.

Mrs. W. C. Marshall, of Clarence, has returned home after a visit with her daughter, Mrs. Merrill Goldsmith, at West Arlington.

Miss Lillian Buckler, teacher at Dalhousie, went to Halifax last week where she was successfully operated upon for appendicitis.

Miss Molly and Miss Mary Buckler arrived home this week after a pleasant visit to their brother, A. H. Buckler, and sister, Mrs. Frank Dodge, of Everett, Mass.

Exports of Canadian farm produce to the United States during the three months ended December last totalled \$24,045,952 in value. During the corresponding three months of 1921 they totalled \$25,576,106.

PARKEE'S COVE

Owing to so much snow and the high winds that prevail the roads have been almost impassable the men folk have been kept busy shovelling snow, and lumbering and logging are at a standstill, it being very difficult to get in the woods at time of writing.

We have had no services in Sunday School for three Sundays on account of the snow storms.

Miss Muriel Bohaker, of Karsdale, has been visiting her cousins, the Misses Grace and Thelma Halliday, very recently.

Mr. Ernest Reid has returned home from Granville Ferry very much improved in health. He was staying with his sister, Mrs. Eimilia Robinson while there.

Miss Hettie Halliday, of Hillsburn, is the house guest of her sister, Mrs. Willard Anderson, this week.

Mrs. Archie MacGarvie visited her mother, Mrs. Mary Hester Halliday, of Hillsburn, over the week-end.

Capt. Delbert Clayton came home from Windsor to stay the remainder of the Winter with his family.

Mr. John MacGarvie Steward, of the tug "Otis Mack" is home for a while with his family.

VICTORY

Miss Annie Simpson is spending a few days at Bear River, the guest of Mrs. James Banks.

Miss Eva Darres has returned home from her visit at Deep Brook.

Mrs. Grace Devaney has returned to her school, after being delayed several days due to so much snow.

Mr. Lester Hewey is home from his work at Round Hill.

We are glad to report that Miss Ethel Hewey has recovered from her illness.

We are certainly having an old-fashioned Winter. We were, at last, relieved to see rain, which made the snow worse. The roads are barely passable.

Mr. Dennis Nass, of Milford, is the guest of Mr. Lester Hewey.

(Continued from Page Four.)
CORRESPONDENCE

Mr. Editor:—

I have noticed from time to time, in the items sent in by your Clements-Port Scribe, that he seems to have a mania for giving, what he, perhaps, considers good advice to any one in Public Life, from the Premier down to the overseer in charge of shovelling snow, in the County Districts. It is first the Provincial Highways Board in the matter of closed seasons, for autos, the absence of snow-plows in suburban sections and the color of lights on the construction work.

He criticizes the foremen in charge of Highways and bridge construction and offers them his wise suggestions. (No doubt his experience justifies him in this). He gives a knock-out blow to the innocent punch board, at the little corner store and finally he suggests that it is the duty of the Municipal Councillor to post a list of roads and lanes, subject to snow shovelling, to avoid controversy.

In the name of common sense, why should there be any question, in a section where no new streets or lanes have been laid out in the last ten years? Do we not all know where it has been our duty to shovel snow? Of course there are those in the district who would like to have the snow shovelled between the main street and their houses but this list would do them no good, not even the list would satisfy some people.

For my part I feel, with many others, that this gentleman who is so fond of telling everybody in general, how, when, and where, to do their work, might be more efficient in his own vocation and give better service, for his salary, and richer returns to his Master, if instead of wasting his time writing up the petty affairs or gossip of this small hamlet he would put more time in studying up his own subjects, so that those who have to listen to him might hear something seriously elevating to the home with them, instead of receiving talks in connection with funds for Colleges, Motor Cars, Furnaces, and what nots.

A. CITIZEN.

STONEY BEACH

Mrs. A. H. Covert and children, who have been visiting Mr. and Mrs. Herman Winchester, have returned to their home in Karsdale.

We are glad to report Mrs. S. H. Blaney is improving after a short illness.

Mr. Frank Reid, of Annapolis Royal, is visiting at his home in Stoney Beach.

We are sorry to report Mrs. Edward Farnsworth on the sick list.

Mr. Patrick A. Doyle, who has been to Halifax, has returned.

Mrs. Hattie Mackenzie is visiting at the home of Mr. and Mrs. Edward Farnsworth.

BEAR RIVER

Mrs. Charles Harris, who, for the past seven weeks, has been visiting relatives and friends in Boston, returned home on Tuesday.

Mr. Varion Jones, who has been visiting his mother, Mrs. S. B. Jones, left for Boston on Friday.

Mr. George Ross arrived from Boston on Friday.

Mrs. Frederick Dimars arrived home on Tuesday from Clementsport, where she has been visiting her sister, Mrs. F. Bacon.

Mr. George Peck, of the "S. S." Bear River, is spending a month at home. His place is being taken by Captain Harry Moore.

On Thursday evening, Jan. 25th, there will be a fancy dress carnival in Evangeline Rink. Four prizes are offered—two for adults and two for children.

On account of the death of the late S. S. Bear River was unable to make her weekly trip to St. John last week.

Dr. Willard Parker, who has been spending several weeks with his family here, left for West Medford, Mass., on Tuesday.

The Ladies' Circle of the Baptist Church was held at the home of Mrs. F. A. Chalmers on Tuesday evening. All reported a pleasant evening spent.

UPPER GRANVILLE

Report says Mr. Herbert Marshall has sold his farm and proposes buying a smaller place.

Mr. Ralph Henson, who has been visiting his aunts across seas for educational uplift, has enjoyed many delightful auto drives viewing chief cities and sights therein. He is expected home shortly to visit his parents.

Mrs. Bernard Elmsor is spending a month at her old home near Amherst. Whooping cough with measles are going the rounds, attacking some adults quite seriously.

Apples are being re-packed and sent forward for English market.

The "Ice Harvest" has been somewhat detained by depth of snow. The recent thaw will help matters and will probably find "Killy Bros." at their post on the pond shortly. January has done its full duty this year in giving us severe cold, heaps of snow, with ancient drifts. Some of us hope that "Spring is not far behind".

PORT WADE

Mrs. Melburne Croseup, of Bear River, was the week-end guest of her daughter, Miss May Croseup, at Chestnut Cottage.

Margaret Ryder came home Saturday from St. John after an absence of some weeks with her sister there.

Mr. David Hayden is still on the sick list. Dr. Smith is in attendance.

Mr. Edmund Mussett is also on the sick list. We hope to see these neighbours out again soon.

A big rain and thaw is in progress at the time of writing. The snow has reduced to about half and there is a fine chance again for getting wood and lumber.

Mrs. Cobbett and Miss Catherine Cronin returned home last week from their visit at the "Pines", Digby.

Winter Hard on Baby

The winter season is a hard one on the baby. He is more or less confined to stuffy, badly ventilated rooms. It is so often stormy that the mother does not get him out in the fresh air as often as she should. He catches colds which rack his little system; his stomach and bowels get out of order and he becomes peevish and cross. To ward against this the mother should keep a box of Baby's Own Tablets in the house. They regulate the stomach and bowels and break up colds. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

OBITUARY

Mrs. Henry C. Bruce.
At the home of her daughter, Mrs. Maynard Oakes, Albany, Anna Co., N. S., early Sunday morning, Dec. 31st, 1922, Lavenia, widow of the late Henry C. Bruce, passed into the Great Beyond, at the age of 79 years.

The deceased was of English descent, a daughter of Allan and Maria Croppery; was born at Prince Albert, October 8th, 1843, and was the last of her generation.

The parents moved to Nictaux, when she was two years old, and at an early age she united with the Nictaux Baptist Church. She was twice married. Early bereft of her first husband, Isaac Milberry, and their lovely little daughter, Lily Dale, she resumed her position as a teacher in the public schools and continued teaching till married several years later to her second husband, Henry C. Bruce, of West Brookly, who predeceased her only seven months ago.

She was a woman of exceptional abilities, refined by nature, cultured and enterprising; most hospitable in her home, with her heart and hand ever open to the needy, the late Mrs. Bruce had a host of friends. Always cheerful and optimistic, she overcame life's trials and troubles, and was as a shining light and a source of strength to those who knew and loved her. Never robust, and exceedingly fragile, the last few years of her life, she never murmured or complained, bearing her infirmities with wonderful fortitude. The end, though not wholly unlooked for, came as a shock to her relatives and friends, as she had been confined to her bed but one week.

The funeral services were conducted at her late home in Albany, Rev. A. H. Whitman of Lawrence town, preached a beautiful and impressive sermon from the text Job, 16th 22nd, "When a few more years are come, then I shall go the way whence I shall not return."

The music which was well rendered, was most appropriate. The hymns sung were: "Safe in the Arms of Jesus", "Sometime We'll Understand" and "After the Toll and Trouble there Cometh a Day of Rest."

The floral tributes were beautiful. The remains were conveyed by Undertaker Rupp to the Pine Grove cemetery, Middleton, N. S., and laid to rest beside those of her late husband, to await the Resurrection Morn.

Besides the many who will mourn the loss of a true friend, she leaves two sons and two daughters, Harry Bruce, Brookly, Anna Co.; Johnson Bruce, Centre, Anna Co.; Cora (Mrs. Deal) Cross Island, Lunenburg Co., and Minnie (Mrs. Maynard Oakes) Albany, Anna Co., to whom the loss is irreparable as she was unselfish, untrusting in her ministrations of love, a devoted mother, faithful in all things, both great and small.

She also leaves twelve grand children, and six great grand children.

Almost the last words she spoke were: "We'll meet again; yes! we'll all meet again, over there", leaving with the bereaved ones the comforting assurance that their loss is her eternal gain.

"We shall meet beyond the River, Where the surges cease to roll; Where in all the bright forever, Sorrow ne'er shall press the soil!"

McMILLAN WILL GO NORTH AGAIN

Boston.—Donald B. McMillan, Arctic Explorer, expects to sail about July 1st to establish permanent scientific stations in the northern part of Labrador for the purpose of studying terrestrial magnetism and atmospheric electricity, he said at the annual dinner of Boston members of the Bowdoin College alumni association.

The first expedition consisting of scientists would sail on the steamer Bowdoin, named after the college and be away a year. The Carnegie Institute, he said, and other scientific bodies have endorsed the project.

A man who does not advertise may know all about his own business, but no one else does.

KINGS MUTUAL FIRE INSURANCE CO. ANNUAL REPORT

Steady Growth and Excellent Showing Made by This Company

Below we publish the Financial Statement of the Kings Mutual Fire Insurance Company. This Company started in a small way in Berwick in the year 1904, has had steady growth up to the present time, and now extends over the counties of Kings, Hants, Annapolis, Digby, Yarmouth, Lunenburg and Queens, giving insurance to policyholders for a total amount of \$6,224,225.75.

The rate charged for insurance is only about one-half that of joint stock companies, and yet at this low rate they have paid all losses and working expenses and accumulated a Surplus of \$28,449.77 which, together with the Premium Reserve of \$25,502.80, stands to the credit of the policyholders, and from which the Insurance Company has a good income. The interest on these funds, invested in legal investments for trust funds, amounts to \$2,431.10 and provides for the salaries and general expenses of the Company.

The Company has had a year of heavy losses, but notwithstanding this is able to show a small balance on the right side of the account for the year's operations. It is one of several companies started in Berwick which have proved successful.

Balance Sheet for Year Ending December 31st, 1922.

Liabilities:	
Unearned Premium Reserve	\$25,502.80
Reserve, 1922	999.04

"Dreams never cause me a moment's thought," said a townsman to some friend while standing inside a store. Yet he turned and became very much interested when one walked by.—Alliston Herald.

LAWRENCETOWN BAPTIST CHURCH ANNUAL BUSINESS MEETING

Reports of Encouraging Nature in All Departments of Work.

The Annual Business Meeting of the Lawrence town Baptist Church was held on Tuesday, Jan. 9th, at 2 p. m., in the Church Vestry. The meeting was well attended all sections of the church field being represented. After the reading of the Minutes of the last Annual Meeting, reports of a particularly encouraging nature were submitted as follows:—

Financial—Deacon T. G. Bishop, Memorial Organ—L. D. Hanley, W. M. A. S., Lawrence town—Mrs. D. M. Bacon.

W. M. A. S., Williamston—Mrs. B. M. Shankel.

W. M. A. S., Inglisville—Mrs. L. M. Beals.

Parsonage Verandah—Pastor A. H. Whitman.

Missions—Alton Brown, Sunday School, Lawrence town—T. G. Bishop.

Sunday School, Williamston—W. A. Hunt.

Sunday School, Inglisville—F. W. Naugler.

Board of Trustees—Dea. W. B. McKeown.

Music—Mrs. R. J. Shaffner.

The report of the Finance Committee in view of the extra demands upon the Treasury during the year was gratifying, there being a sufficient sum on hand and covered by subscriptions to fully meet all liabilities.

The report of the Parsonage Verandah Committee was also encouraging—provision having been made to meet balance yet due. The addition of the new verandah to the parsonage property is a decided improvement to the appearance of the building and meets a real need.

About one hundred dollars was reported on hand for Denominational Funds.

The new Memorial Organ costing \$350 had been largely paid for and this beautiful instrument, besides being a fine addition to church property, is considered a worthy memorial to the soldier boys who offered their lives to the great cause of Liberty.

The W. M. A. Societies of Lawrence town, Williamston and Inglisville had done splendid work, several new members and life members having united with the Societies and over \$500 having been contributed for Missions during the year.

The three Sunday Schools of the church field at Lawrence town, Williamston and Inglisville were making praiseworthy progress overcoming difficulties, instituting new methods and increasing their contributions for Missions. One of the best and most profitable meetings held during the year was the Workers' Conference at Lawrence town and Williamston which meets monthly for the consideration of Sunday School methods and problems.

The report of the Executive Committee was read by Mr. T. G. Bishop and was considered, clause by clause. By a standing vote the people unambiguously expressed their confidence in their pastor, by renewing the call to the pastorate for another year.

Similar expressions of confidence appreciation were made in the re-appointment to the office of Clerk of Deacon T. G. Bishop, who has most efficiently performed his duties of that position for over 25 years, and to Deacon W. B. McKeown, who was re-elected to the office of Deacon which position he has filled with honour and satisfaction for over forty years. Mr. B. M. Shankel was recommended to the office of Deacon, which was passed unambiguously.

Hearty and unanimous votes of thanks were tendered to Mrs. Ralph J. Shaffner for her efficient and valuable services as church organist. To Mr. W. B. Bishop, of Halifax, for his splendid gift of 125 American Baptist Hymnals for the regular church services, and to Mr. Horton Pinney, of Wolfville, for his substantial donation toward the new Memorial Organ.

The Pastor's report expressed satisfaction and gratitude to God for the fine spirit of co-operation which had been manifested during the year, the members being willing and unselfish. His purpose was to minister as faithfully as possible to the 200 families of the church field. During the year he had made nearly 400 calls, conducted 140 preaching services, 96 Prayer meetings, 13 communion services—and had baptized 18 candidates having received these and several others by letter into the fellowship of the church.

The meeting closed with prayer by our Senior Deacon, W. B. McKeown, all pronouncing it one of the best annual meetings held in the Lawrence town church in recent years.

HISTORIC MONUMENT

In Pictou town during the "Ship Hector" celebration in July 1922 a "Hector Monument" is to be erected. It is to be in the form of a Highlander, gun in hand and an axe over his shoulder. The designer is John Wilson, a well-known sculptor now in New York and formerly of New Glasgow.

BELLEISLE

Mr. and Mrs. LeRoy Bent and small son spent the week-end in Tupperville, the guests of Mr. and Mrs. F. W. Inglis.

The many friends of Mr. Lorne D. Young will be glad to know he is recovering from his recent illness.

Miss Bessie Young, of Granville Ferry, spent last week with her cousin, Mrs. Ernest M. Bent.

Miss Susie M. Troop, who is attending school in Bridgetown, spent the week-end with her parents, Mr. and Mrs. Archie F. Troop.

Mr. Joseph D. Bent returned home on Thursday after spending two weeks with his sister, Miss Jennie, at Truro. While away Mr. Bent also visited Halifax.

Mrs. A. C. Marshall is visiting her sisters in Boston. From there she intends going to Regina to visit her brother, Dr. Fletcher Longley.

Mrs. John R. Winchester, of Lower Granville, is visiting Mrs. Gertrude Wade.

Some of the nicest needle work we have seen for some time is being done by Mrs. B. A. Sanborn, a lady of over seventy years. At a recent exhibition held in Trull, B.C., Mrs. Sanborn's work won three prizes.

Mr. and Mrs. Louis Walker and son Harold, were recent guests of Mr. and Mrs. Henry F. Troop.

Little Miss Nellie Bauckman, of Granville Ferry, was a recent guest of her grandparents, Mr. and Mrs. Sylvester Bent.

VICTORIA BEACH

On the last recent storm John McGrath, on the O. H. M. service, had a hard time getting from the Beal Tower to his home.

The last storm was so severe that people were compelled to stay indoors for some time. Snow is piled up so high in places that several have stepped over the telephone wire. It has been good snow shoeing and every one has accepted it and the writer has noticed a little boy making snow shoes for his cat.

Miss Lucy Ellis left Friday the 15th for St. John, where she is employed for the winter.

John McGrath had a letter from his son, H. L. McGrath, on the steamship "Paul H. Harwood" saying that their wireless operator died very sudden, of heart trouble, which cast a gloom over the ship, also saying they were having very fine weather down there, he seeing a sea with a flock of chickens.

Miss Marjorie Slocum of Port Wade, was the week-end guest of Della McGrath.

Our Primary teacher, Miss O. K. Mader, has been sick with the measles. She has not started teaching since her return from her home.

Mrs. James Ellis is on the sick list. We wish her a speedy recovery. Dr. Braine is in attendance.

PAST SEASON WAS RECORD ONE ON GREAT LAKES

Over Two Hundred Million Bushels of Grain Shipped From Twin Ports.

Port Arthur, Ont.—The 200,000,000 bushel mark was reached in grain shipments of the 1922 crop from Port Arthur and Port William, Sunday. This is a new record in the history of the twin ports.

The unprecedented record of 1922 has been responsible for heavy earnings by the steamship companies, all of which will reap a rich harvest. High rates for the carriage of grain have prevailed practically all Fall. Taking part in the movement from Port Arthur and Port William were steamers which never until this season reached the local port. They included several steamers of the Canadian Government Merchant Marine and ocean steamers operated by the United States Shipping Board. This was the first time since the two countries entered into merchant marine competition and their vessels were despatched here with orders to "take all you can".

A NATIONAL INSTITUTION

A journal that for over fifty years has grown in public esteem until it has acquired the largest number of readers of any journal in the country in which it is published may without exaggeration be said to have grown into a national institution.

By the testimony of its readers, by the testimony of the press of Canada, by the testimony of vast numbers of the thinking population and by the admission of capable journalists and other onlookers in other countries. The Family Herald of Montreal, based on its enormous army of readers, on its independence and on its devotion to the welfare of the country, has come to be regarded as one of the National assets of the Dominion.

For the year 1923 the publishers of The Family Herald and Weekly Star promise their readers better value than ever in the past, with more valued contributions and more resources in all departments. The plans involve heavy outlay for new features, but the subscription price will remain at \$2.00 per year, the extra expenditure being undertaken in absolute faith, upheld by the confidence and practical co-operation of more than half a million readers.

The New Year has opened with a rush of subscriptions that has smashed all previous records. Judging by the stacks of subscription orders that at times have threatened to choke the great Montreal Post Office, it would appear that half of Canada had selected The Family Herald and Weekly Star as the best all round journal for 1923.

THEY APPRECIATE AND ENJOY "THE MONITOR"

An esteemed subscriber in the United States writes us as follows: Mr. F. H. Beattie, Bridgetown, N. S.

Dear Sir—I am enclosing cash in dollars for my subscription to THE MONITOR for 1923, as I believe it is now about due and found few like this week was a good reminder. I surely look eagerly for THE MONITOR on each Thursday, and it is the first piece of mail that I open, even before my letters, as I want to see and learn all that is going on down in the best spot of God's footstool, and I certainly believe it is the best spot on earth. I have seen the greater part of Canada, have been in every state in the Union here out as far as the Middle West, have been doing business, met all kinds of people, etc. but when I compare what I have seen with what I know of little old Nova Scotia, the latter has them all beaten a mile, and some day soon I hope to be there too, and live and enjoy all the beauties and pleasures that you now enjoy.

I see by your paper that you have had SOME SNOW your way. Well, we too, have been treated the same way here. Over twenty good-sized snow storms so far this winter, and we no more than get DREG out when it comes another storm comes and fills us all up again. My house is on a corner with about three hundred yards of sidewalk.

I surely miss THE MONITOR when a day late, and would not want to get along without it. With best wishes to you and your readers for a banner year in 1923.

MINERS INFORMED MUST LEAVE UNION IF THEY JOIN REDS

Union Headquarters Says Expansion Will Follow if Nova Scotia Miners Affiliates With Red International.

Indianapolis.—Notice has been served on the coal miners of Nova Scotia by the international executive board of the United Mine Workers of America, the labor union now operating in most of the mine fields of the United States and Canada, that they cannot affiliate with the Red International labor organizations of Moscow and at the same time remain members of the United Mine Workers, it was announced recently.

The United Mine Workers by this step, it was declared, have put themselves directly on record against radicals who are endeavoring with Russian examples "to destroy the American labor movement and substitute therefor the principles of Bolshevism."

In case the Canadian local unions concerned attempt to proceed further with their affiliation efforts, the union's leadership has decided to revoke their present power of controlling their own local organizations and set up new ones in the territory, as was done in Kansas two years ago.

Miners of the Nova Scotian district raised the question, it was explained, by making a formal application to the executive board for permission to affiliate as a unit with the "Red International."

Further action in the matter will depend upon the compliance or non-compliance by them with the decision as announced.

Prof. H. L. Stewart, Dalhousie University, has received an award of \$4,000 as compensation for injuries received when he fell down a leadway in the Halifax Post Office more than four years ago.

Appetite-Aaa, with a smiling face,
Opened her stand in the market place.
The children came, and they ate her bread,
"We'll have these rolls at home," they said,
"What kind of flour should our mamma use?"
"FIVE ROSES," she said,
"Is the kind to choose!"

The Market Place of the ROLLS

THINK of the lightest bread sponge imaginable—brushed with sweet melted butter—baked into crisp bits of golden brown—and you think of FIVE ROSES rolls! On dining cars, steamships, in palatial hotels and cafes, FIVE ROSES is the flour used to improve in looks and flavour the rolls they serve. And there is no waste, so stubbornly do these dainty bread morsels retain their fresh porous texture. With FIVE ROSES flour and FIVE ROSES Cook Book recipes to aid you, your baking skill becomes a marvel to the home folks!

FIVE ROSES FLOUR

for Breads-Cakes-Pastries-Pasties
The famous FIVE ROSES Cook Book mailed for 30c. LAKE OF THE WOODS MILLING CO., Limited, Montreal or Winnipeg.

MT. HANLEY

Some of the oldest residents of this place say that the depth of snow has not been as much as it is now for about eighteen years.

Miss Elizabeth Slocum is the guest of her sister, Mrs. Clyde Carter, of Imperial, Halifax Co., for a few weeks.

Deacon E. J. Elliott is on the sick list at time of writing. We are hoping to see him on his mail route again soon.

News reached here that Mrs. Rufus Foster, New Britain, Conn., was seriously ill with diphtheria and measles. Friends in this place wish her a speedy recovery.

We are sorry to report that Mrs. H. L. Elliott is on the sick list with a sore hand. Dr. Sponagle is in attendance.

Mr. David Fritz, of Port George, called at the home of Mr. Frank Mosher on Jan. 10th.

George Rafuse and Benj. Barteaux called on friends in Port George on Tuesday.

We think that those who received skates this Xmas will not take much pleasure out of them as the mill pond in this place has only been good for skating a few evenings this winter. This is a great disappointment to the young people.

Messrs. William Elmore and Clarence Fritz passed through this place on Saturday last in the great storm on their way from Outram to their homes at Douglasville.

We are glad to report that Mr. Millidge Slocum who has been on the sick list is somewhat better at present date.

Mr. John W. Slocum, of Middleton, has been visiting relatives in this place the past week.

Friends in this place of Mr. and Mrs. Wilbert R. Nelly, Brooklyn, join in wishing them a long, happy and prosperous wedded life.

Mr. Orland Daniels, of Granville Centre, is the guest of his many friends in this place for a few days.

Mr. and Mrs. Charles Tupper, of Lawrenceton, passed through this place en route to Mr. and Mrs. H. L. Hins' in Cottage Cove, on Friday last.

FALELAND RIDGE

The storm king held undisputed sway here on Saturday and part of Sunday. Snow on the level is about five feet. Road breaking on Monday all day.

On account of storm no mail thru for three days, and no service in the church on Sunday.

Marion Marshall is confined to the house with a sore foot. Her sister, Florence, is teaching in her place at Hastings.

E. H. Marshall, who has been engaged at carpentering in Middleton, returned to his home here on Thursday.

PURINA CHOW FEEDS
Purina Calf Chow—Sells your milk and raises your calves.
Purina Pig Chow—Sells your pork and raises your pigs.
Purina O-Melons—Sells your melons and raises your melons.
Purina Chicken Chow—Sells your chickens and raises your chickens.

Deloro Brown Copper Arsenic Dust

Retail Price \$4.75 per 100 lb. Bag

"Made at the Mouth of the Mine"

DELORO ARSENATE of Lime which is used in the compounding of this dust has been proved by actual tests on glass to be more ADHESIVE than either LEAD ARSENATE or CALCIUM ARSENATE. It has also been proven FIVE TIMES as stable as the grades of Calcium Arsenate. In addition it contains LESS SOLUBLE ARSENIC than ordinary Lead Arsenate.

The Copper Sulphate in the new dust is in the combined form and not in the free state, as in the mixed dusts heretofore used, thus making it ABSOLUTELY SAFE on foliage under ALL CONDITIONS.

Growers who have a knowledge of chemistry will therefore realize that Deloro Brown Dust is a better sticker than the old dust could possibly be, even when mixed with lead arsenate.

Experiments at Cornell in 1922 with Copper Dust made by Deloro process showed it to be a better floating dust than any other dust heretofore produced.

Remember THIS DUST HAS EXACTLY THE SAME ANALYSIS AS THE BLUE COPPER ARSENIC DUST and is made by a chemical plant today controlling one fifth of the world's supply of arsenic and manufactured under the supervision of chemists with the analysis stamped and guaranteed on every bag leaving the plant.

Use Brown Copper Arsenic Dust for all but the early or after blossom application on apples, when Sulphur Lead Arsenate Dust should be used, in order to avoid fruit russeting.

The results obtained by growers and not the opinions of scientists or competitors made Blue Copper Arsenic Dust a success in Nova Scotia in 1919. The results obtained by growers did the same in New York State in 1922. We expect the results by growers and not the opinions of our competitors to put Deloro Brown Copper Arsenic Dust over in 1923.

A full line of 90-10 Sulphur Lead Arsenate, Nicotine Dust, Lead Arsenate, Arsenate of Lime, Green Potash Dust, Wettable Sulphur, Nicotine Sulphate, etc.

RICE-ANDERSON WEDDINGS

A wedding of much interest in social circles took place on Wednesday morning of last week when Miss Annie Anderson, daughter of Mr. and Mrs. Avar Anderson, was united in marriage to Mr. Ralph Rice, son of Mr. and Mrs. Millegge Rice.

The ceremony took place at the home of the bride's parents, at 10.30. Rev. E. Underwood officiating. The bride was dressed in a handsome navy blue travelling suit with hat to match. Both parties were unattended and the guests were made up of relatives and very immediate friends of the contracting parties. At the close of the ceremony a dainty wedding breakfast was served and the happy couple left on the express for Halifax on their honeymoon trip.

The wedding gifts were numerous and valuable.

On return Mr. and Mrs. Rice will reside at Carleton Corner.

INGLISVILLE

The funeral of Mrs. Phoebe Beals, widow of the late Jacob Beals, which took place on Jan. 20th, from the residence of her daughter, Mr. and Mrs. Arthur Miles, was largely attended. The deceased was in the 89th year of her age. Seven years ago she was stricken with paralysis, and was confined to her bed since that time. Her suffering was borne with great patience. She leaves two sons and three daughters to mourn their loss.

The W.M.A.S. intend holding their next meeting at the home of Mrs. Sidney Bayes.

Mr. Carmen Bishop, who recently purchased Mr. John Hat's farm, is no wakening possession.

We regret that our good neighbor and merchant, Mr. Asa Beals, has moved from this place to Williamston. Storms and bad roads have prevented our pastors, Rev. A. H. Whitman and Rev. H. Rackham, from filling their appointments in this place.

Mr. Carroll Young spent a week with Mr. and Mrs. Vernon Beals, en route from Springfield to Worcester, Mass.

Mr. Dudley Bartheaux, from Dysart, Saskatchewan, is spending several days at the home of Mr. and Mrs. L. M. Beals, and intends visiting his many friends in this place, his former home. He has been a very successful teacher in the West for the past fifteen years.

Mr. and Mrs. Robert Beals have gone to Somerset, Kings Co., to spend a few weeks with their son and wife, Mr. and Mrs. George Beals.

CIVIC CONTEST

Dr. Dechman has accepted nomination for Mayor, and H. T. McKenzie

OBITUARY

Mr. Howard Troop. The death occurred at his home in Granville Centre last week of Mr. Howard Troop, after an illness of some length. The deceased leaves a wife who is a sister of Mr. Sam Mack, Upper Granville, to mourn the loss of a kind husband who was universally respected and esteemed, a brother, Mr. Arch. F. Troop, of Granville; two sisters, Mrs. J. L. Amberman, of Granville Ferry, and Miss Maggie Troop. The funeral took place on Saturday and services were conducted by Rev.

Local Happenings

Eight hundred Old Country coal miners are booked to come out to work in Pictou and Cape Breton this year.

The meeting of the Women's Institute will be held on Thursday afternoon at 3.30 in the Board of Trade rooms.

The W.M.A.S. of the Baptist Church will meet in the vestry of the church Tuesday, Feb. 6th, at 2 p.m. Contributions for the Automobile Dollar Fund will be received at that meeting.

The last of the series of social gatherings under the auspices of St. James' Church Organized Bible Class will be held in their school room next Wednesday evening (Feb. 7th) from 7.30 to 10.

Middleton hockey team defeated Bridgetown on Monday night in Middleton rink by a score of 10 to 4. We would like to give a little story of the game but at time of writing the team has not arrived home.

Rev. Alexander Torrie will address the Baptist Brotherhood in the vestry of the church on Sunday at noon. His subject will be "The Key Man" and doubtless some interesting and important truths will be elaborated.

A real estate deal of importance was put through this week by the Lloyd Real Estate Agency when Mr. C. R. Longley disposed of his property on South Street to Mr. V. P. Smith, of Paradise, the latter taking over Mr. Smith's property.

The rector and congregation of St. Mary's Church, Belleisle, will hold their annual "At Home" in Belleisle Hall to-morrow (Thursday) evening, from 6.30 to 10. This family gathering is always a delightful occasion and doubtless to-morrow evening will be no exception to the rule.

We heard this week of a farmer who claimed he was too poor to take the home paper, but all the same he read a notice in a Yankee paper some one sent him, telling how to prevent a horse from slobbering, and he sent \$1.00 for the receipt. In ten days he got a letter for the dollar: "Teach your horse how to spit."

Tonight's carnival is expected to be the most interesting yet held being a Fancy Dress and Calthumpian combined. Skaters will have an excellent opportunity to exercise their ingenuity in getting up novel and attractive costumes, and four prizes are being given, two for best fancy costumes and two for the funniest and most mirth provoking.

Nat Doherty, the well-known hotel man, is now in Pictou County, and is remodelling the Ora Hotel, Stellarton, with the intention of opening this hostelry up for business. Some years ago Mr. Doherty operated this hotel quite successfully. Later he ran the Prince George Hotel in Halifax. Then he leased the Prince George and amused himself by raising poultry.

Word has been received here of the death at his home on Howard Street in Brooklyn of Dr. Fred Jewett. The doctor accompanied by his wife and two sons, motored here last Summer and spent some time in the County. The deceased who was an uncle of Miss A. G. Longley, of Upper Granville, was one of a family in which there were four doctors. He and Mrs. Jewett made many friends here who will learn with regret of the doctors' decease.

J. Frank Crowe, wife and daughter, of Halifax, N. S., Canada, arrived in our city this week and has purchased a home and will make his residence here. Mr. Crowe is a retired wholesale grocer of Halifax and the fact that he was much impressed by this country is proven by his quick purchase of a home. He contemplates investing in business and grove property here and is a welcome addition to the town. The sale of the home property was reported as being consummated by the Garrison Land Company—Halifax City Herald.

THE BENEFITS OF ADVERTISING

Who of our readers over 20 years of age has not heard of Day & Martin, the world-renowned manufacturers of shoe blacking, which was advertised everywhere in the newspapers, just as Minard's Liniment is now. But unfortunately one of its later managers decided to withdraw all their notices, as he believed it was money wasted, and the reputation of the article would continue its prosperity. Alas and alack! We read to-day that Day & Martin, the famous manufacturers of shoe blacking, who have been in operation for 150 years, are being sold out. The manager explains that up to 1912 the firm held the leadership in this trade through advertising. Its failure to advertise

GRANVILLE FERRY

Miss Dorothy Saunders, who has been visiting her grandparents, Mr. and Mrs. Reed Blair, returned to her home in Clarence on Thursday.

Miss Dortha Mortimer, of Dartmouth, is visiting her friend, Miss Lillian Bohaker.

Mrs. E. Wade returned home from Clementsport on Wednesday.

Miss Bessie Caswell left for North Easton, Mass., on Saturday. She was accompanied by her sister, Nettie, as far as St. John, N. B.

Having completed the casing in of the piers of the Granville-Annapolis bridge, Forman Kaulback and Engineer Blenus left for their homes in Halifax last week.

Mrs. John L. Amberman received word last week that her mother, Mrs. James Hutchinson, was very ill in Arlington, Mass.

Mrs. Lois Caswell who celebrated her 103rd birthday Saturday, besides having many friends to chat with her, she was the recipient of many greeting cards, booklets, etc. The following is a greeting from E. C. Bowers, Westport, this being a rhyme of his own composition:
Five score and three, it seems to be,
That few on earth can say, like thee;
Beyond the century line,—yet smart
and able yet to do your part
In keeping house, to sweep and cook,
To scan the news and read the book;
In fact to do what many a one
Of half your years, must leave undone.
In science now, you see forsooth
What was not dreamed of in your youth;
And greater mysteries yet you'll see,
In the next decade lived by thee.
But other hands than mine must send
Your birthday card, my aged friend:
Best wishes now, from E. C. B.

Mrs. Caswell's pastor, the Rev. Alexander Gibson's greeting to her was as follows:—

Annapolis Royal, Jan. 20th, 1923.

Mrs. Lois Caswell,
Granville Ferry, N. S.

Dear Sister Caswell:—It is with the greatest pleasure that we extend congratulations to you on having reached the one hundred and third anniversary of your birth. Scidom does such an event take place in the lives of human beings. Of what great privileges it speaks, of what opportunities, of what joys and sorrows.

Nine days before George III closed his long eventful reign you first saw the light of day. What great changes

have taken place in the Empire under the reigns of the five sovereigns who have followed him. What changes have taken place in the growth of Baptist Churches during that time. In 1820 there were but 1785 members, as over against the present 61,000. That year, Dec. 25th, was set apart by Baptists as a day of Thanksgiving, the first of January as a day of Fasting and prayer. The German St. Church, St. John, of which you are a member, was small and engaged in building its first house for the worship of God; now it has a membership of 625 and raises \$3,000 annually for the furtherance of the Gospel.

My wife joins with me in wishing you a continuance of good health, and the blessing of the Lord upon your life.

Yours in Christian Fellowship,
A. GIBSON.

How to Purify the Blood

"Fifteen to thirty drops of Extract of Root, commonly called *Mother Seal's Curative Syrup*, may be taken in water with meals and at bedtime, for indigestion, constipation and bad blood. Persistence in this treatment will give permanent relief in nearly every case." Get the genuine at druggists, 50c. and \$1.00 bottles.

A GREATER DEVELOPMENT OF TOURIST TRAFFIC FOR NOVA SCOTIA

The Dominion Atlantic Railway are preparing for distribution in the United States a book showing hotels and private homes in country towns and on farms where board and lodging can be obtained during the Summer of 1923 by thousands of Summer visitors.

Nova Scotia can have a Summer tourist traffic which will yield millions of dollars income, not only to proprietors of hotels but to many private homes, for a large number of people are seeking quiet and comfort in small towns, country side and fishing and hunting regions.

Send your name and address to the undersigned who will supply the necessary forms for registration.

R. U. PARKER, Gen. Agent,
Dominion Atlantic Railway,
12 Milk Street, Boston, Mass.

AESOP'S ADVERTISING FABLE

Once upon a Time there lived a Merchant Prince who inserted a small ADVERTISING Card in his local paper: "The World and His Wives rushed to the store and the Great Battle of Push and Take occurred. The Merchant Prince did such a Tremendous Business as a Result of this one Small Advertisement that He was able to Retire and Spend the rest of his Life playing at Golf."

That is a Fable!

But it still represents some folks ideas of advertising.

ADVERTISING won't make any man or firm rich over night, but if intelligently used with PERSISTENCY, it will multiply customers, increase turnover, swell profits and build such goodwill for the advertiser as nothing else will.

Get the facts from "The Weekly Monitor."

TO THE BUYING PUBLIC

A man's advertisement is your invitation and your guide. It means that he wants and appreciates your business and is proud enough of his store or service to ADVERTISE it.
