IS GOVERNMENT TRYING TO MAKE TERMS?

Rumor That Offer Will Be Made to Opposition to Pass Reciprocity, Postponing Its Operation a Year, an Appeal to the People to Take Place in Meantime.

OTTAWA, July 19.—(Special).—The political situation is to have a new turn, according to reports current in the lobby to-night.

When the house met this afternoon it was seen that the ranks of the members had been largely augmented overnight.

Mr. Borden interposed with the remark that a copy had already been received, and suggested that the prime minister might have brought one over with him.

Mr. Mackenzie King, in reply to a question by Mr. Blair (Peel) said that Judge Barron's report on the men not reinstated by the Grand Trunk after the strike last year had been received by the company.

Mr. Fielding, in reminding Mr. Gordon that Mr. Smythe, the member for East Algoma, had drawn the matter to the attention of the government yesterday, and that he had made a statement to the effect that the question was engaging the attention of the government.

Hon. Mackenzie King, after laying on the table a report of the conciliation board, said he was surprised to find the members from the Kootenay district this time had been present from the standpoint of party policy.

Plenty of CRITICISM OF MAY CENSUS WAS TAKEN

OTTAWA, July 19.—That alarmists who predict Canada's fuel supply is on the verge of exhaustion will be prophets without honor in their own country for some little time yet, is indicated by a geological survey report just issued.

HOUSE PEERS WILL SURRENDER

Unionist Press Admits That Obdurate Policy Would Be Suicidal—Will Create Fifty New Peers.

LONDON, July 20.—The Daily Telegraph, a staunch Unionist paper, in today's editorial, says not only that the house of lords' amendments to the bill are not only dangerous precedent to bring the crown into the struggle and it would be impossible for the king to withhold his consent if the ministers requested the creation of peers.

Practically the whole Unionist press has now fallen into line with the Telegraph in the admission that this is the only reasonable policy for the lords to follow, and that the "no surrender policy would be suicidal."

It is explained that the present government has created much fewer than the number of peers in recent years, and that therefore the creation of fifty new would little more than restore the balance.

KNOW WHO THEIR ENEMIES ARE AND WHAT THEY WANT

French-Canadian Clerical Organ Out in Crusade Against Irish Catholics.

MONTREAL, July 19.—(Special).—The die is cast; the battle is at hand, and the enemies of the French race are now in the open; hence the duty is to act, are the scare lines used by L'Action Sociale, the organ of the church in the archdiocese of Quebec, which has been publishing articles of late against the Irish Catholics of America.

Complaints From All Over the Country—No Enumerator Called on Borden—Americans Summering in Canada Counted, While Two Districts Were Missed.

OTTAWA, July 19.—(Special).—Hon. Sidney Fisher, minister of agriculture, had an interesting hour in the commons this afternoon over the census figures.

Mr. Fisher characterized the criticism of his department as reckless and unfounded. People who thought they had been omitted should notify the census commissioners.

At the present date the minister said there were 322 enumerators, perhaps a few more, owing to commissioners being allowed to subdivide the work in certain cases.

Mr. Borden created some amusement by wanting to know if he had been counted in as a citizen of Canada. Until June 15 no enumerator had called upon him. He found it impossible to believe that complaints from all over the country were without foundation.

Mr. Borden also complained of the delay in compiling the returns. In 1901 the census was taken in April and completed by August 1.

Mr. Borden returned, and he was satisfied that it would be declared illegal, and suggested a permanent labor commission to have mandatory powers to deal with such troubles.

Mr. Taylor criticized the government from all points. His animadversions were especially severe on Mackenzie King, whose department ought to be abolished, as it was useless.

PUT POETIC LICENSE AT A DISCOUNT

Police Not in Accord with the Theory that Every Horizontal Man is a Dead Man—Ambulance in Role of an Alarm Clock.

Poetic license allows one to refer to death as a sleep, but whoever the poetic license commissioners may be, they should be careful not to hazard such permits with too prodigal a hand.

Arbitration of Pecuniary Claims

WASHINGTON, July 19.—The treaty between the United States and Great Britain, providing for the arbitration of pecuniary claims between the two countries, in accordance with the general arbitration treaty, was ratified by the senate in executive session to-day.

The treaty provides that within four months each of the governments may submit to the other any claims which it desires shall be passed upon, the only condition being that the claims shall be grouped.

A tribunal of three members, one of whom is to be chosen by the United States, another by Great Britain, and the third by the first two, is provided for. It is to sit in Washington.

With the treaty there was submitted a long list of shipping claims against the British government, and a much shorter list against this government, consisting in the main of Canadian demands for the refund of hay duty.

ATLAS OUT ON PAROLE TALKS OF DARK PLOT

Will Reveal Roman Catholic Conspiracy to Seal His Lips, He Declares.

Rev. George M. Atlas, former missionary, sentenced to serve six years in Kingston Penitentiary, was allowed out of that institution on parole yesterday, on an order of the minister of justice.

Atlas declares that his imprisonment was a scheme on the part of the Roman Catholic Church to effectually seal his lips. He says he will expose the scheme. He claims his letters were opened and their contents made known to the Pope.

SIR HENRY A FARMER.

Colonel Sir Henry M. Pellatt is now a land-owner in Pickering Township, Ontario County, having bought 40 acres on the south side of the Kingston road, just east of Brown's Hill.

BURGULARS LOOT STORE OF VALUABLE JEWELRY

Believed to Be Amateurs—Safe Had Been Left Unlocked.

BROCKVILLE, July 19.—(Special).—By the use of skeleton keys the stores of T. S. Kendrick and H. Knowlton, in Athens, were entered during the night. In the former the till was ratted, but the intruders only got a few coppers.

WON PRINCE OF WALES PRIZE.

BISLEY CAMP, July 19.—(C. A. P. Cable).—The biggest individual win so far made by any member of the Canadian team for that of Pte. W. J. Clifford, of the 10th Royal Grenadiers, Toronto, who shot first in the Prince of Wales competition, thereby winning \$500, the Prince of Wales prize, and a badge.

The competition was open only to winners of the National Rifle Association gold, silver, or bronze medals, each competitor having seven shots at 200 and 600 yards.

Pte. Bibby of Dundas was seventh, winning \$25. W. O. Morris of Winnipeg was 12th. F. H. Morris of Bowmanville was 13th. Sergt. G. W. Russell of Ottawa was 23th. Major M. Harg of Vancouver was 9th. Sergeant Patterson of Ottawa was 36th. Capt. J. Trainor, R.C.R., Toronto, in 54th place, won \$15. Bibby (score 125), Clifford (score 157), Duff Stuart (score 170), Clark (score 188), Milne (score 201), each win \$2.

WON PRINCE OF WALES PRIZE.

For Alexander Prize. BISLEY CAMP, July 19.—(C. A. P. Cable).—For the Alexander prize Sgt. Killen of the Highland Light Infantry and Pte. Morris of the 6th Welsh Regiment were tied for first place. Corp. G. Mortimer of the 8th Royal Rifles of Quebec took ninth, and Lieut. E. H. Morris, 46th Regiment, Bowmanville, tenth place, each winning £5. Lance Corp. J. Trainor, R.C.R., Toronto, in 54th place, won \$15. Bibby (score 125), Clifford (score 157), Duff Stuart (score 170), Clark (score 188), Milne (score 201), each win \$2.

What has Sir Wilfrid Laurier done for his parish farmers? Why, he made Lyman Melvin Jones, who makes the farmers' implements, a senator.

CAN YOU BEAT IT?

HARRISTON, July 19.—A common house rat takes upon itself to walk a telephone wire every evening about 6 o'clock. This wire is 60 feet from the ground, and extends from a grist mill to the gas plant, a distance of 75 yards.

SIR WILFRID A VETO PEER.

LONDON, July 19.—One of the names mentioned for elevation to the lords as a "veto peer" is Sir Wilfrid Laurier of Canada.

MA BE HEARS TO \$82,000,000

Deeds in Bible 200 Years Old Counted on to Prove Claim—Baker Clan Rallies in Toronto To-day.

Hidden between the pages of a Bible 200 years old were found documents which may in the near future be used in the probation of the second largest will ever administered in British courts.

This afternoon there is to be a meeting of the hope-to-be heirs in St. George's Hall, Elm-street, at which relatives from hundreds of miles around are expected to be present and divulge information they have acquired.

Last evening The World had a conversation with S. M. Almas, 12 Denison-avenue, who claims to be a direct descendant of Baker, and who will be one of the largest beneficiaries if the estate is secured.

Mr. Almas was very much surprised to hear such news. However, he is now fully assured that the golden dream will come true.

So much faith have the Philadelphia lawyers who are investigating the matter as to the value of the estate, that a commission has been given to them with confidence that within another two years will receive the largest cheque ever issued for securing money so long standing.

Have Virtue of Longevity. In Oxford County there is an old lady named Mrs. Mary Brown, who was a relative of the original Bakers, and who remembers them about well.

The Baker family have all been blessed with long life, and even Mr. Almas of this city a man of forty-five years of age, can remember his great-grandfather, and to this day is so well acquainted with the facts that she is able to fill in any blanks that may at first sight appear to be missing.

Real Estate Upheaval. The fortune of the late Col. Baker's death was between \$50,000 and \$100,000, and during the two centuries has multiplied to the magnificent sum of \$82,000,000.

Should the will be administered as expected there will be wonderful transformations in Philadelphia. Property which is now worthless, because of the sale of all the properties connected with it.

In this Almas family there are: Mrs. Robert Wilson, Brantford; John A. of Woodstock; Mrs. W. G. German, Woodstock; David A. Buffalo; James A. Brant County; Welby of Brantford; and S. M. of Toronto.

RUMORED MASSACRE.

BERLIN, July 19.—The colonial office up to a late hour to-night had no confirmation of the report from Livingston, Rhodesia, of the massacre of a German detachment, composed of District Commissioner Von Frankenberg, two whites and 34 natives.

HYDRO WILL CUT THE RATES IN TWO

Facts Regarding Municipal Power Bylaw Placed Before Crowded Meeting of Hamilton Board of Trade—Opposition Indulges in Vague Knocking.

HAMILTON, July 19.—(Special).—Whether the citizens of Hamilton endorse or defeat the hydro-electric bylaw on Tuesday next is as yet problematical, but one thing is certain and that is that they will thoroughly understand why they are casting their vote in one way or the other.

Speaking generally, the citizens of Hamilton seem to favor the passing of the bylaw. The main contention is that the electric light rates are high and should be reduced.

No sooner is the topic mentioned than the remark is made, "Look at Toronto; what a rate there are out there on the hydro-electric came." To the great chagrin of voters in Hamilton, those who are content with result achieved without wading thru a mass of details which the citizens are demanding to know about before the fateful day arrives.

On the face of it there are no very substantial objections to the introduction of hydro-electric power into Hamilton. The basis of all these objections appear to be a sympathy for the Cataract Power Co. It is more or less an appeal to sentiment, and no argument has yet been introduced by the opponents of the power scheme to show that the rates for electric lights would not be decreased when it arrives.

Argument of Opponents. The general argument against the bylaw is something as follows: "The government are not doing so well on the hydro-electric as other cities as they had anticipated. Consequently they are trying to get Hamilton added to their list of subscribing municipalities to share the burden."

Not a single reference was made by Mr. Beckett to the fact that the hydro-electric was fulfilling its promises in practically every municipality where it is now operating.

The mayor gave a concrete example of this in the case of Hamilton itself. Some five years ago the Cataract Co. were charging the city \$85 per annum for each arc light in the city, and Hamilton was even then getting power from Niagara Falls. The civic officials thought this price was very reasonable, until the information leaked thru somewhere that Toronto was only being charged \$75 per light per annum, and the electric light company generating their power with steam.

It is very close to fur-time now and according to the authorities there will be a heavy raise in prices all around. However, furs in Canada are generally speaking, much lower than in any other country in the world.

"You know," said Mr. Dinesen, "that Canada produces three-quarters of the best furs sold anywhere in this or any other continent. We export exclusively Canadian mink, all kinds of fox, including the priceless silver fox, Hudson Bay sable, fisher, otter, beaver, baum marten, Canadian ermine, superior skunk, known as Alaska sable, Canadian muskrat, and the do not control the Alaska seals, the fishing grounds are close to the northwest coast of Canada.

Mr. Dinesen, "are regulated by London and New York markets, and therefore they are going to be higher than anything recorded so far. The Dinesen Company has been rather lucky in getting in a full stock before the foreign markets announced an unusual raise of from 20 to 30 per cent. The fact that we had a very heavy year in 1910 forced us to buy earlier than heretofore, the result being that we got in at last year's prices. Our showrooms are being redecorated and the big stock prepared for a great season of fur selling."

EARLY CLOSING

As in May and June, Store closes at 1 p.m. Saturday during July and August, with no noon delivery Saturday.

THREE THOUSAND PEOPLE AT BUTCHERS' PICNIC

Trotting Races Furnished Bulk of Sports — Weather Was Only Fairly Kind.

The tenth annual butchers' picnic, which was postponed on July 5 owing to the inclement weather, took place yesterday afternoon at the exhibition grounds.

Over three thousand were present, and the rain kept away until 5 o'clock it was not a very desirable day, and a threatening thunderstorm no doubt prevented many from being present.

A feature of the proceedings was the motor cycle race, which was won easily by H. Cole. He is only 18 years of age, and showed extraordinary nerve by the rapid manner in which he took the curves. He went a lap after the race had been won and received quite an ovation at the end of the race. Orr was second and Webber third.

The arrangements were carried out by the following committee: Reception committee—F. C. Letts, chairman; C. Webster, E. Hutton, D. Travers.

Arrangement committee—Joseph Abbott, chairman; E. J. Farnsworth, treasurer; J. Green, secretary; V. Verrill, games committee; W. Verrill, chairman; H. Longton, treasurer; A. Durie, secretary; R. Davis, starter; Controller J. J. Ward.

Judges on games—Aldermen John O'Neill and Alf Maguire, and Controller Church.

Horse race committee—R. Brennan, F. Williams, F. Dawson.

Trotting Results.

Heat 1-1, Directnell, owned by Frank Rogers; 2, Shaun Rhue, owned by J. O'Halloran; 3, Hester Schuyler, owned by J. W. Curran; 4, Billie Stewart, owned by Jas. Smith; 5, Norman Lee, owned by W. Hezlewood; 6, Gipsy Maid, owned by E. D. Famsby. Time 2:24.

Heat 2-1, Billie Stewart; 2, Shaun Rhue; 3, Hester Schuyler; 4, Norman Lee; 5, Directnell; 6, Gipsy Maid. Time 2:25.

Heat 3-1, Directnell; 2, Billie Stewart; 3, Shaun Rhue; 4, Hester Schuyler; 5, Norman Lee. Time 2:24.

Fourth and final heat—First prize, Directnell; second prize, Billie Stewart; third prize, Shaun Rhue; fourth prize, Hester Schuyler. Time 2:23 1-2.

Class B, heat 1-1, Sidney Mach, owned by P. Kelley; 2, Stroud, owned by Jas. Smith; 3, Cassie Pointer, owned by James Smith; 4, Lady Sphinx, owned by W. Hunter; 5, Walter S., owned by Chas. Wenman. Time 2:23.

Heat 2-1, Sidney Mach; 2, Lady Sphinx; 3, Cassie Pointer; 4, Walter S.; 5, Stroud. Time 2:19.

Heat 3 (final)—First prize, Sidney Mach; second prize, Lady Sphinx; third prize, Stroud; fourth prize, Cassie Pointer; fifth prize, Walter S. Time 2:10.

Half-mile trot or pace, butchers' delivery horses, 8 months at trade—1, Belle; 2, Daisy; 3, Jack; 4, Meadow Lash. Time 1:23 1-2.

Half-mile run, butchers' delivery

The Toronto World

THIS CERTIFICATE, with 25 others of consecutive dates, (Sundays excepted) if presented at the business office of THE WORLD, 40 Richmond St. West, will entitle the bearer to one WORLD COOK BOOK absolutely free. If the Cook Book is to be sent by mail, send the necessary certificates in an envelope, also inclosing 14c in stamps, to the Cook Book Editor, care of Toronto World.

Not more than one Cook Book will be given to one person.

This is an opportunity for every good housekeeper to become possessed of the very best Cook Book on the market. It is of convenient size, substantially bound, and is designed for utility.

Caution:—Not more than one coupon bearing the same date will be accepted.

Horses—1, Jack, owned by Wilson Bros.; 2, Fred, owned by Scott Bros.; 3, Minnie, owned by R. Brennan. Time 1:02.

The fancy driving was won by the Clayton Meat Co.

Slaughter House Men Won. The tug-of-war between 12 meatcutters and 12 slaughter-house men was won by the latter.

The retail butchers' delivery turnout (class B), resulted as follows—1, A. W. Holman, black mare; 2, Clayton Meat Co., chestnut mare; 3, S. A. Levack, black mare.

Class 2, wagons—1, Clayton Meat Co., bay mare; 2, Robertson, chestnut gelding; 3, Tomlin, chestnut horse.

Five mile bicycle race—1, Walter Andrews; 2, W. Smith; 3, Tom Bulge; 4, Tom Wilson. Time 23:35.

Wholesale butchers' turnout—1, A. Levack's bay mare Nell; 2, F. Hunsnett; 3, J. Fortune's bay mare; 4, F. W. Peacock.

Caused Delay to Cars. A lumber wagon belonging to the Massey-Harris Company broke down on the street car tracks just east of the King-st. subway yesterday morning and held up the car service on the street for half an hour.

Whistling Must Stop. Supt. Osborne of the C.P.R. has notified the city engineer that, in deference to the wishes of the people who live in the neighborhood of the North Toronto station, who have been complaining a great deal of late, there will in future be no excessive whistling allowed on the part of the railway engines.

WILL RACE TRAIN

Aviators Will Fly From Hamilton to Toronto.

Immediately preceding the opening of the big aviation meet, to be held at Donlands farm from Aug. 2 to 10, if the negotiations now under way result successfully, there will be a race from Hamilton to Toronto between three aeroplanes and a special train. It is very probable that the race will take place, and a handsome prize will be awarded to the winner.

While the minor details have yet to be arranged, it has been decided that the three machines will meet at Burlington Beach and before starting on the race across the lake to the aviation field, will circle the City of Hamilton at an altitude of about 5000 feet.

The special train will be waiting at Burlington and will start as the machines cross Burlington Bay. The race can be held only as far as Mimico, as trains have to go slowly between there and Toronto because of the alterations to the Grand Trunk tracks. This race, which will be the first cross-country flight in Canada, is expected to occupy about 50 mins. and will be a sensational opening to the aviation meeting. It will be one of the biggest aviation races ever held in America, and the man who arrives at Donlands first will get the big prize.

HIS SPINAL CORD BROKEN.

WOODSTOCK, July 19.—(Special).—As a result of a fall from an apple tree early last October, and by which his spinal cord was broken, Arnold J. Davis, a prominent and successful farmer of Oxford County, passed away at his home in East Zorra this morning. For nine months the deceased lay paralyzed, unable to assist himself in any shape or form. The late Mr. Davis was about 27 years of age and leaves a wife and one small child. He was a great stock fancier, and had one of the finest herds of Holstein cattle in the province.

"GRENS" LOSE TROPHIES

\$30,000 Fire in Copeland-Chatterton Building Swept Mess Rooms.

Fire in the upper story of the Copeland-Chatterton four-story building, 77 West Queen-st., caused close upon \$30,000 damage. The fire gutted the two upper flats, and so completely drenched the two lower flats with water that the loss to stock and equipment will be almost complete.

The heaviest damage was sustained by the Grenadiers' sergeants' mess, which occupied the top flat. A large number of their valuable trophies, pictures, etc., were totally or partially destroyed and most of them can never be replaced. One large painting of the sergeants of 1892, valued at \$500, was completely destroyed. The damage was made up as follows:

To building, which belongs to the Thomas Thomson estate, \$3500.

Copeland-Chatterton's stock, by water, \$10,000.

James Hartman's bowling alley, \$2000.

Oriental billiard room, \$2000.

Grenadier sergeants' mess, \$10,000.

Property Took a Big Jump. The assessment of the property of Harry H. Love on Dovercourt-road was jumped from \$2000 to \$9000, and as no reasonable explanation was given therefore, the matter was, on appeal, referred to the department for a report.

Kiddies Fond of Bathing. Upwards of seventeen thousand youngsters have patronized the various free civic bathing stations since the opening of the present season.

—And that's how the sale was lost

vacant nook in the parlor; could imagine with what pride she would receive the approving comments of her family and friends. The salesman was filling out the order blank, ready for her signature, when suddenly her eyes espied—

A Scratch

Chagrined and bitterly disappointed her enthusiasm and pleasure over the piano's fine qualities faded quickly away, leaving in their place a magnified impression of an ugly-looking scratch. Nor could she be induced to accept any other style. Her rapid revulsion of feeling had left her decidedly angry, and she quitted the store determined that she or none of her friends would patronize a place that had so cruelly disappointed her. And all because the instrument had been slightly marred in being transported via unskilful and cumbersome stairway instead of by the safe and convenient elevator. The importance of

THE piano was a beautiful design of the Louis XV period. Refined and elegant and artistic though its outward exterior, it was the rich, sonorous tone that cast its spell upon the woman and held her captivated as she listened, charmed by its melody. The purchaser had arrived for decision. The purchaser was prepared to say "yes." She could see already the instrument adorning the

to the piano dealer cannot be overestimated. Piano, more than any other article, require careful handling. To shift them from one floor to another by any other method than that provided by a smooth-running elevator is sure to be more or less injurious to their delicate mechanism, besides scratching or marring the highly polished cases. When it is found necessary to replace instruments from the stock upstairs after a sale, expedition, combined with safety can be secured by means of a freight elevator.

EXPANSIONIST, BARRED IN BETTING, WINS 'CHASE'

Follie Levy Wins Stake Race, Regon Second and Cohort, Favorite, Third.

WINDSOR, July 19.—The Windsor Jockey Club offered its patrons an eight-race program this afternoon, the features of which were the Pontchartrain Selling Stakes, a steeplechase over the two-mile course, and a selling handicap at one mile. The Pontchartrain proved a stirring contest, the winner turning up in Follie Levy, a recent arrival from Louisiana. Hibernia started two in this race, Cohort and Royal Meteor. The pair were made favorites. In the early running Cohort went to the front and showed the way until well in the home stretch, where there was a general closing. At the end Follie Levy came with a rush and won going away by a scant length from Regon, who got up in time to beat the other three. The other Hibernia entry, Royal Meteor, the other Hibernia entry, got caught in a jam at the turn into the back stretch and went to his knees. Cohort, winner of the steeplechase, was barred in the betting. The bookmakers paid off on Waterway first. Druggists second and Dr. Koch third. Waterway broke down during the running of the race and went to his knees. Cohort, who came from behind in the home stretch and beat Col. Ashmeade, but the rain held off until after the running of the last race.

up, purse \$40, selling, 1-1-16 miles: 1. Fa-Nun-Da, 101 (Gordon), 5 to 2, 4 to 5 and 2 to 5. 2. Lad of Langden, 107 (Byrne), 8 to 5, 7 to 10 and 1 to 4. 3. Topland, 101 (Sweeney), 15 to 5, 8 to 5 and 7 to 10. 4. Arcite, Romp, Baythorn, Robert Cooper and Lidewiss also ran.

Races at Lidewiss. LISTOVEL, July 19.—The opening of the race meet to-day was partly spoiled by rain, the 1:14 pace being unfinished. The results: 2:50 pace, \$250: Billy Simms, R. Scott, Toronto, 1:11. Sir James, G. P. Burnham, Kempton, 1:12. Dan Fisher, W. R. McGuire, Meaford, 1:13. Maggie Typpling, W. H. Nesbitt, Lidewiss, 1:14. Billy G. C. J. Black, Belwood, 1:15. Time—2:23, 2:05, 2:19, 2:14. 2:17 pace, purse \$250: Sylvia T. Miss Wilks, Gait., 2:11. Billy W. Ardmore & Government, 2:12. Valer K. Alf Kettle, 2:13. W. H. Wisp, E. E. Daly, Lockport, N. Y., 2:14. Time—2:17, 2:19, 2:20, 2:22.

The Olympic Card. Tom Ryan, manager of the Olympic Club, who is staging the Knockout Brown-Fighting Jack Kelly bout at the Island stadium next Tuesday night, has completed his card, as follows: Knockout Brown (New York) v. Fighting Jack Kelly (Baltimore), 10 rounds at 135 pounds. Frankie Fleming (New York) v. Tom Stouch (Toronto), six rounds at 120 pounds. Scotty McEwen (Toronto) v. Joe Trayling (Toronto), six rounds at 122 pounds. Jack McCracken (Toronto) v. Buffalo unknown, six rounds at 115 pounds.

Harry Cadman, the Toronto boy who is catching classy ball for Mobile, in the Southern League, is at present down with an attack of typhoid fever that will keep him out of the game for some weeks.

Next Rochester Excursion, Saturday, on steamer Turbulin. Leave Bay-at-wharf at 11:30 p.m. Spend Sunday at Ontario Beach, arriving home 5 a.m. Monday. Tickets \$2 at wharf. 345

GEORGE WASHINGTON JOHN RUSKIN AND YOURSELF

SEVENTH RACE—Three-year-olds and up, conditions, 5/4 furlongs: Loagize, 100 Little Father, 99 Herbert Turner, 99 Hampton Court, 117 Nimbus, 104 Champion, 107 Pivius, 106 Treadan, 107 Silly Night, 94 J. H. Houghton, 107 Double Five, 105. Apprentice allowance of five pounds claimed. Weather clear. Track fast.

One Heat at Kalamazoo. KALAMAZOO, Mich., July 19.—After one heat of the 2:17 trot for the Paper Mills Purse of \$10,000 was run at the Grand Circuit race meeting to-day, a heavy downpour of rain rendered further racing impossible. The paper mills race will be run to-morrow. To-day's storm wrecked all wire communication between the park and the city. The heat to-day was won by R. T. C. (Murphy); Douglas McGregor, M. Sanders, second; O'Neill (Snow), third. The time was 2:05.3.

Parliament Buildings Defeated St. Andrews. In the return match between the Park Civil Service Tennis Club and St. Andrews' Tennis Club, on Tuesday, the Parliament Buildings were again victorious. The results were as follows: Men's doubles—Messrs. Proctor and Burns beat Welley and Hartman, 7-5, 6-3. Trivet and McKinley beat Tibbs and Savdon, 6-4, 6-2. Ladies' doubles—Misses McArthur and O'Neill beat A. Thompson and Davidson, 6-3, 6-4. Mixed doubles—Miss McArthur and Proctor beat Miss Davidson and Welley, 7-5, 6-4. Miss O'Neill and Burns beat M. A. Thompson and Tibbs, 7-5.

Hotel Kraussman, King and Church streets, Ladies and gentlemen, will grill with music, open till 12 p.m. Imported German Beers on draught. ed.

Ladies at the Helm Vivi II. Wins Class Race for 20-footers

The lady skippers in the 20-foot class at the R.C.Y.C. sailed their second race yesterday afternoon. The course was twice around a triangle in the bay, 6 miles, starting at 4:30 p.m. A stiff 15-mile breeze blew from the southeast and put the little boats' rails under, but no one quit and the distance was covered in remarkably quick time. Vivi II, with Mrs. Norman Gooderham at the tiller, won by four seconds. Following are the starters, skippers and elapsed time: Start, 4:30. Vivi II, Mrs. Gooderham 4:30 0:57.56. Whirl, Miss E. Gordon 4:30 0:58.01. Swann, Miss Feltows 4:30 0:58.38. Sibon, Mrs. Ardagh 4:30 0:58.24. Grayling, Miss Gooderham 4:30 1:01.20. This is the second of a series of three races for a special prize and the next race will be sailed on the 26th inst.

Newark Won and Lost

NEWARK, July 19.—The Skeeters and Indians, split to-day's double-header. Timely hits and almost perfect play gave the Indians the first game by a score of 5 to 1. It was the second of a series of three games for a special prize and the next race will be sailed on the 26th inst.

Table with columns: Jersey City, Newark, etc. and rows of scores for various teams.

CIVIL SERVICE BASEBALL

Parliament Buildings Defeat City Hall 5 to 4 on Ketchum Park. In the Civil Service Baseball League the tit-bit of the season was served up yesterday afternoon on Ketchum Park between City Hall and Parliament Buildings. Manager Farley had Whelan on the mound and Chester Dives decided to send in Leigh, a youngster, who has been showing class of late. Very fast ball was played for two innings, the teams pulling off clever fielding stunts. All-weather started the trouble in the third with a hit over the fence in center field, bringing in Moore, who had singled. Farley's bullpen caught a mis-hit in the fourth. O'Reilly caught a good game for the Buildings. Wright on second base accepted everything without a miss and is slated for a position in a faster league. Leigh has improved a lot under Dives and is now a regular. Scores: R.H.E. Parliament Buildings 5 7 2 Batteries—Whelan and Moore; Leigh and O'Reilly; Empire—Perguson.

AMATEUR BASEBALL

In the Eaton Starlight League last night the Jewell Dept. took their old rivals, the Mail Order, into camp by the following score: Jewell Dept. 10 3 1 0 3 1 0-3 Mail Order 1 0 0 2 0 1 0-3 Batteries—Hughes and Nichols; Griggs and Burridge.

In the East Toronto Baseball League, the games Saturday resulted: Athletics 4, St. Anne's 2; Toronto Maple Leaf 14, Bellefairs 11. In the first game, at 4 o'clock, only five hits were made off A. Taylor, who pitched a grand game for the Athletics. A large crowd were in attendance, and were well pleased with the games.

The Judean A.C. defeated St. Nicholas at Bayside Park, as follows: St. Nicholas 0 1 0 1 0 1 0-3 Judean A.C. 1 0 1 1 1 2 0 1-7 Batteries—McCool and Jacobs; Gerson and Turley.

All members of the Lyman Bros. baseball team are requested to turn out to practise to-night at 6:30. On account of I.C.B.L. running their moonlight on Friday night, the team will practise this evening at 6:30. All players are requested to be present without fail.

Soccer Football. This evening at Eaton's Football Grounds, top of Bathurst street, a game of soccer football will be played between the Lyman Bros. and the T. & D. League, and a team from the general office of the big store. It is expected that this will be one of the best and most closely contested games yet played this season. Kick-off at 6:15.

O'Keefe's Special Ale advertisement with logo and text: 'Extra Mild, Remember. Many people would drink ale, in preference to all other malt beverages, if ale did not make them bilious.'

AUTO SNAP—FOR CASH advertisement: 'Five Passenger White Steamer in splendid running order; completely equipped; cost \$4000; new; will sell for \$775.00 cash.'

**HYDRO WILL CUT THE
 RATES IN TWO**

Continued From Page 1.
 electric appeared on the horizon, and
 the Cataract Co. made their newest
 offer, \$47.50 for a five-year contract.
 "These are saving \$3,000 per year
 as a direct result of the influence of
 the hydro-electric," said Mayor Lees
 last night. "and, even though the project
 should be turned down on Tuesday, it
 has reduced the rates substantially."
 Once the hydro-electric is installed
 and in running order we can save the
 city \$50,000 additionally," added the
 mayor amid applause.

A Glowed Meeting.
 A big crowd of meeting of the board
 of trade to-night clearly how
 vital is the problem of cheap lighting
 to the citizens of Hamilton. Mr.
 Beckett was chief spokesman for the
 Cataract Power Co. and, although not
 personally connected with the com-
 pany, he cited valuable information
 for the citizens regarding the details
 of the proposed power scheme. Mr.
 Beckett's position was, however, cir-
 cumscribed. He enquired about and
 discussed possible reasons why the
 commission might not be able to keep
 its prices down to the figures quoted.
 He could not understand how it could
 be done, and definitely expressed him-
 self as sharing the opinion that the
 hydro-electric scheme was not at all
 meeting with the success it anticipat-
 ed.

Mr. Beckett summed up his remarks
 with an eloquent plea on behalf of
 the Cataract Power Company. "Why
 should not the company be consider-
 ed?" he asked. "They are Hamilton
 people. They are entitled to consid-
 eration. They have not done anything
 to warrant such outrageous treat-
 ment as the bylaw contemplates. The
 Cataract Co. had built up Hamilton, and
 is entitled to every consideration at
 the hands of the citizens, even sup-
 posing they had no advantage to of-
 fer us. But to deliberately throw the
 company's money away, to deliberately
 play into the hands of a political

Will Cut Rates in Two.
 Mayor Lees appears to have a fairly
 good grasp of the whole power situa-
 tion. He sees the possibilities ahead,
 and how even the present rates sug-
 gested by the hydro-electric may be
 cut in two when a large supply of
 power is in demand.

"I have no desire to injure the Cata-
 ract Company," said the mayor, "but
 I do not want to see them get great
 profits on watered stock. The city
 is growing to such an extent that in
 a short time we will require all the
 power the Cataract Company and the
 hydro-electric can supply us."
 In an interview with The World to-
 night Col. Hon. J. M. Hendrie said:
 "The whole thing is dreadfully com-
 plicated. The Cataract people keep complaining
 if the bylaw is carried we will have
 the power to regulate the rates of com-
 panies, such as the Dominion Power
 and the Cataract Company. We have
 no such power, except in those cases
 that come under the Municipal Power
 Act."

The citizens of Hamilton appear
 much impressed with the thoroughness
 and exactitude with which the hydro-
 electric engineers have figured out the
 costs of the various amounts of light
 and power to be supplied. Last night
 the commission's engineer, Mr. Sifton,
 displayed a good knowledge of the
 whole system and its cost. Everything
 was figured out and at hand.
 The case will be fought out on its
 merits.

Money for Dale Church.
 Thus far the response to the appeal
 on behalf of the Dale Presbyterian
 Church building fund has not been
 kind to the letting loose of a mighty
 flood out a number of small subscrip-
 tions have been received, and Rev. J.
 D. Morrow is hopeful.

**FOUND TWO MORE BODIES
 OF PORCUPINE VICTIMS**

New Yorker and Nova Scotian
 Perished on Egan Property—
 Advices Encouraging.

Two more victims have been added
 to the toll of death in the Porcupine
 fire.

"Kindly advise members of our lo-
 cation the remains of Ed Fuller,
 Broadway, New York, and Osmond
 Butler, Tangier, N.S., both on the
 Egan property in Shaw Township.
 Burial arrangements will be made
 by the following letter from the
 relief committee was received yester-
 day by the Hon. Mr. Cochrane:
 "We are pleased to advise that the
 conditions are improving daily. There
 are only a few incidents occurring to
 mar the increasing contentment to the
 relatives of friends in the forest. The large
 area covered by prospectors, who are
 always secretive about their move-
 ments, results in making it impossible
 to secure quick information to their
 friends. Search parties sent out by
 relief committee, organized dragging
 operations in the lake, almost fail in
 finding the known death list, now
 sixty, formerly reported by us as sixty-
 three, due to errors in time books
 of the mines, and to the unidentified
 having been identified and therefore
 counted twice.

May Be Seventy Dead.
 With the exception of one body
 cremated, now definitely known as
 Criddle Creek, a western prospector,
 all bodies are identified and are steady-
 ly being shipped forward at the re-
 quest of friends. The casualties may
 reach seventy known deaths, we now
 see it, and it may be that a few will
 not be located for many a day. The
 camp is about settled down to normal
 conditions, and the prospectors are
 in inspected properties, especially the
 Tisdale, Whitney section, is now be-
 ing eliminated. Thanks to the gov-
 ernment's department of private
 individuals, there is no destitution in
 camp, everyone is sheltered, and con-
 ditions are assuming a most favor-
 able aspect.
 We desire to express thru you our
 hearty appreciation of the generous
 contributions from all parties assist-
 ing the relief fund. Please see
 this inserted in the prominent papers
 in Canada and the United States.

FORMONA is a cooling, antiseptic,
 toilet water, scientifically prepared for
 the killing of all odors and excessive
 perspiration of the body.
 All drug stores, 25c per bottle. E. G.
 West & Co., Agents.

**IS GOVERNMENT TRYING
 TO MAKE TERMS**

Continued From Page 1.

workmen and the operators taking di-
 ametrically opposite views. It was
 quite possible, therefore, that the
 strike might develop into a test of en-
 durance.

Government Neglectful.
 Claude Macdonnell (South Toronto)
 accused the government of being ne-
 glectful in dealing with the situation.
 He said that such conditions are
 threatened in the west could be pre-
 vented, if the government would re-
 serve coal areas to be operated for
 the benefit of the people, as is done in
 the United States. This would be
 blame for allowing matters to drift
 into a strike condition, to be followed
 later on by hardship. The difficulty
 had not been properly dealt with.
 J. G. Turriff (Assiniboia) said the
 opposition members were paying more
 attention to the political side of the
 question. They made no suggestion
 as to how the difficulty might be set-
 tled. He noted that in one mine the
 average wage proper to-day is \$9
 a day; yet the men went on strike and
 refused to work with non-union work-
 men.

The discussion then drifted into a
 general criticism of the labor depart-
 ment, Messrs. Blain, Middlebro, Reid
 and Parley, all condemning it. Dr.
 Reid said that his colleague the
 department had never settled one
 strike and should be abolished.

England Should Reciprocate.
 Uriah Wilson (Lennox and Addington),
 who retired a few days ago when try-
 ing to fly at Hanlan's Point.

Mr. Jackson has been in the motor
 car business for some time, so the
 mysteries of an internal combustion
 engine are well known to him. He
 therefore, will have to be in the art

 plane. He hopes to be competent to
 fly at Domlands during the aviation
 meeting.
 He is of opinion that there is a great
 opening for flyers on the American
 continent, which can boast of about
 a dozen airmen only, against over 250
 in Europe.
 The monoplane is now being put into
 working order and Mr. Jackson hopes
 to start his learning as soon as Richter
 has recovered from his accident.

**The Sting of Corns
 Relieved in a Night**

Never slit your boots—that doesn't
 cure the corn. Just apply that old
 stand-by, Putnam's Painless Corn and
 Wart Extractor. It acts like magic.
 Kill the pain, removes the corn, does
 it without burn or scar. Get the best—
 Putnam's Painless Corn and Wart Ex-
 tractor, the sure relief for callouses,
 bunions, warts and corns. Price 25c.
 As substitutes are dangerous, insist on
 getting "Putnam's" only.

**PROJECT FOR TUNNEL
 UNDER ST. LAWRENCE**

Montreal Street Railway and Cana-
 dian Northern Said to Be
 Interested.

MONTREAL, July 19.—A new project
 is reported to be on foot for the
 construction of a tunnel under the
 St. Lawrence in order to give better
 communication between the city and
 the rapidly growing district on the
 south shore, including St. Lambert,
 Brooklyn Park, Montreal South and
 Longueuil. In this district some lands
 have been purchased, while other options
 have been obtained on others by Mont-
 real Street Railway Co. interests, and
 also, it is said, by the Canadian Nor-
 thern Railway Co.

The Montreal Street Railway Co.
 has for a long time had the ambition
 to extend its service across to the
 other side of the river.
 It is also reported that the Delaware
 and Hudson, which has long looked
 forward to the time when it would
 have an entrance of its own into this
 city, instead of over the Grand Trunk
 tracks, has been purchasing lands on
 both sides of the Grand Trunk tracks
 near St. Lambert.
 The harbor commissioners are not
 opposed to the construction of a tunnel
 under the river, so long as the en-
 gineers can guarantee that it will not
 prejudice the navigation of the chan-
 nel.

If the tunnel is constructed, work
 will be commenced at a date earlier
 than it was intended to construct the
 bridge, some part of the financial cost
 being guaranteed by the different com-
 panies interested.
 Among those mentioned as interest-
 ed in the scheme are Senator J. M.
 Wilson, W. G. Ross, Duncan McDonald
 and A. Dorsey, and a meeting for
 organization has been called for Fri-
 day next in the offices of J. L. Perron,
 K.

STRUCK NATURAL GAS

Dupont-Street Man Probed Fifty-Five
 Feet and Made Discovery.

A World man paid a visit to J. Van
 Sicler, 252 Dupont-street, last evening,
 and was shown the pipe that he
 has sunk in his yard, which produced
 natural gas.
 "I believe there was water," he said,
 "for there was six feet of water in
 my cellar and I got curious. I had
 an inch and a half pipe and drilled it
 on the inside to the depth of 55
 feet. It started last Thursday after-
 noon, and it took about twenty hours
 to reach a depth of 55 feet. At the
 depth the drill was piped in the hole
 and I could go no further. It is about
 a gurgling in the pipe and put a
 match to it. A flame shot up about
 five inches high. When I got the pipe
 capped and reduced it to a jet the
 flame was two inches high."

Mr. Van Sicler is going to clear
 out 45 feet of water that is in the pipe
 and I could go no further. It is about
 10 feet of clean sand and he thinks he
 may strike a vein.
 He has already filled a large barrel
 with the gas and it is burning. Last
 night the flame rose to a height of
 over a foot.

THREE MEN AND AN AIRSHIP

Torontonians Hope to Emulate Feats of
 Aviators.

Capt. Rousseau Kleiser, J. J. Jack-
 son and Charles Murray have purchas-
 ed a Bleriot monoplane, which was
 brought to Toronto for the aviation
 meeting last year. Each has contrib-
 uted one-third of the price, and Mr.
 Jackson is to take lessons in flying
 from Carl Richter, who met with an
 accident a few days ago when trying
 to fly at Hanlan's Point.
 Mr. Jackson has been in the motor
 car business for some time, so the
 mysteries of an internal combustion
 engine are well known to him. He
 therefore, will have to be in the art
 of balancing and steering the aero-
 plane. He hopes to be competent to
 fly at Domlands during the aviation
 meeting.
 He is of opinion that there is a great
 opening for flyers on the American
 continent, which can boast of about
 a dozen airmen only, against over 250
 in Europe.
 The monoplane is now being put into
 working order and Mr. Jackson hopes
 to start his learning as soon as Richter
 has recovered from his accident.

"Cameron" a Sarnia Boy.

"Cameron" who is doing the sensa-
 tional feat at Scarborough Beach of
 sliding along a high wire and depend-
 ing on his good molar and biceps for
 safe transit, is an old Sarnia boy.
 Vasser Cameron is his name, but he
 was designated Cameron by Buffalo
 papers in 1907 when he navigated the
 Niagara gorge, achieving much fame,
 and he took the final "V" in by adop-
 tion.
 He has been doing these iron jaw
 stunts at dizzy altitudes since the
 Chicago World's Fair, so that it looks
 like a steady job.

Beech-Croft
YONGE STREET
CONSIDER THIS:
NORTH TORONTO
Beech-Croft

The things to be considered in the purchase of property for the dual purpose of
 a home site and investment, are location and future enhancement of value.

The location of Beech-Croft is ideal as a homesite, and is so situated as will
 guarantee its substantial appreciation in value.

Beech-Croft is a place where you can live and enjoy life, combining in rare balanced
 the pleasures of suburban life and the conveniences of easy accessibility to the city.

Hundreds of thousands of dollars, being invested by North Toronto and others,
 are at work on all sides of our property creating values for us as certainly and as
 substantially as if we ourselves were directing those expenditures. We are proud, and
 justly so, of Beech-Croft. We know that an inspection of the property will convince you
 of its merits. Call at our office and we will motor you to Beech-Croft.

Colonel Harry Cutler Here.
 Col. Harry Cutler, representative for
 Providence in the Rhode Island leg-
 isature, is spending a few days in the
 city as the guest of Lawrence Solman
 and Charles Comford, the latter a
 former resident of Toronto, but now
 living in New Zealand, to which place
 he will return in a few days. To-day
 he will attend the Lennox picnic at
 Jackson's Point. He is expected to
 talk on reciprocity.

This Filter Man an Impostor.
 Dr. Hastings, M.H.O., has received
 complaints that a man, who claims to
 represent the medical health depart-
 ment, has been forcing householders to
 buy water filters by saying the city
 would fine anyone who refused to do
 so. The police have been notified.

BOX 29, WORLD.

PRESTON EAST DOME
 WE wish at this time especially to call the attention
 of our clients and investors generally to the merits
 and possibilities of PRESTON EAST DOME. The
 recent developments and showings on the prop-
 erty of this company have been such as to warrant a syn-
 dicate of American capitalists to purchase a block of 350,000
 shares of this stock at a price above the current market quo-
 tations. This was done after the syndicate had received the
 reports of engineers specially employed to examine the
 PRESTON EAST DOME MINE. That these reports were
 highly favorable and indicative of immense potential value
 is self-evident, or the transfer of this big block of stock,
 above the market prices, would never have been made.
 The significance of this deal should not be lost sight of by
 the speculators and investors in Porcupine stocks. It means
 that PRESTON EAST DOME will become a great and val-
 uable property, and that its shares will likely have a great
 advance in value.
 Those who act promptly and buy PRESTON EAST DOME
 are practically certain to receive handsome returns on their
 investments by the exercise of a little patience. We expect
 to see this stock enjoy almost a perpendicular advance of
 25 points, and on every reaction it should be purchased.
 We are informed that two days before work was suspend-
 ed owing to the fire, a vein was cut at the 75-foot level in
 the main shaft, which showed free gold in sensational quantities.
 The width of this vein is not as yet known, as only five feet
 of it had been cut when the bush fires compelled the ces-
 sation of all mining operations, but by those who have seen
 and examined the vein it is pronounced to be exceptionally
 strong, powerful and rich.
 This is only one of the several veins which are known to
 exist on PRESTON EAST DOME ground, and diamond drill
 cores have absolutely proven that these go to depth and
 maintain their richness in value.
 PRESTON EAST DOME can be purchased with safety, and
 the assurance of handsome profits. Its stock would advance
 with the general Porcupine list, even were there no spe-
 cial reasons for it to do so. But THERE ARE SPECIAL
 REASONS:—
FIRSTLY—The company has one of the greatest mineral-
 ized dykes of the whole district of Porcupine, which in turn
 is cut and fractured with a network of quartz veins, bearing
 the precious metal which makes possible the development
 of a tremendous body of milling ore, as the dyke itself is
 known to carry gold values beyond the walls of these quartz
 veins.
SECONDLY—The management is efficient and progressive,
 and is aggressively pushing the development work with all
 possible despatch, backed by \$100,000 in its treasury.
THIRDLY—A mill for the reduction of its ores is already
 ordered, and within a few months will be in operation, which
 means that returns on money invested will begin, and this
 to a gold mine means big profits; and
LASTLY—The prevailing price of this stock is low, and with
 the bright prospects and tremendous possibilities before it,
 the PRESTON EAST DOME MINE has chances for appre-
 ciation such as are seldom offered.
 For these reasons, together with our abiding faith in the
 coming greatness of the gold fields of the Porcupine district,
 we strongly advise the immediate purchase of PRESTON
 EAST DOME. If you cannot get in before the stock has had
 a sharp rise—wait for the first reaction. If in doubt, AD-
 VISE WITH US and we will use our best efforts to place
 your investment in this stock advantageously.

**ORDERS IN PRESTON EAST DOME EXECUTED FOR
 CASH OR ON MAR-IN. CERTIFICATES OF STOCK IN
 OTHER COMPANIES WILL BE ACCEPTED FOR COL-
 LATERAL ON THE MARGINAL PURCHASE OF PRE-
 STON EAST DOME WHEN PROPERLY ENDORSED.**

Some Strong Spots in Gold Stocks--Big Nip Gets a Bump

Preston Takes a 5-Point Jump General List Doesn't Do Much

Porcupines Held Back by Selling from Nervous Holders--Some Declines Shown--Cobalts Quiet and Generally Easy.

World Office.
Wednesday Evening, July 19.
Trading was generally of an active nature on the mining exchange today, but outside of a continuation of the sentiment in Preston East Dome, there was little of interest evolved in the dealings.

There was a good demand for the Porcupine issues, but supporting interests were apparently not inclined to take much stock, and realizing from fixed holders held in check which have been a general upward movement.

The market has not yet fully recovered from the nervous feeling occasioned by the recent fire, and there is still scattered liquidation from apprehensive holders, who are not yet convinced that, as a potent influence in the market, the conflagration amounted to practically nothing.

Preston East Dome was the only outstanding feature, these shares continuing the upward swing of yesterday, and moving up an additional 5 points to 44. The street is still guessing as to the real reason for the movement, but there appears to be a well-authenticated idea prevalent that a big interest is after a block of the stock, and even a change of control is being hinted at. At the close traders were bidding 4 1/2 for the shares, which was half a point beneath the high figure realized.

The other Porcupines, while active in some instances, were not prolific of feature. Dome Extension was up over a point at 87 in the opening, and moved up to 88 in the later dealings, but sold off again to 86, when profit-taking intervened. Vipond was off 2 points at 52, and closed bid at that price. Eldorado was firmer, crossing 15 cents on small dealings.

The bigger Porcupines did not do much, prices in this department showing comparatively little change from the previous day.

In the Cobalts there was strength in Cobalt Lake, which got up 2 points to 24 on a sudden demand, but outside of this there was little of interest.

There was something doing in Nipissing, but just what was the matter it was impossible to find out. The shares sold as low as 9 1/2 for a broken lot, and at the close were offered at 10 1/2. This represents a loss of a dollar a share in this week. The only idea that could be gleaned in the market was that holders of the stock were selling out preparatory to investing in the Porcupines.

The Crown Reserve Mining Co. has issued its statement of the result of operations for the half year, showing a production of 1,383,947.5 ounces of silver, of a value of \$835,339, less smelting charges of \$28,493, leaving net value of \$806,846.5. Mining and other expenses took \$145,542, leaving a mining profit for the half year of \$661,304.5. Out of this amount \$47,573 was set aside for depreciation, leaving a net profit of \$613,731.5, or 20 per cent. for the half year, leaving a surplus of \$40,068.25. This was added interest on deposits in bank of \$382, and after other charges and expenses of \$265, are deducted, \$15,827.25 was left to be added to the surplus since Dec. 31, of \$659,586.51.

The company received about 32 1/2 per cent. for its silver, and after allowing 1 1/2 for mining, a clear profit of 41 1/4 per cent. is made on the entire output.

Crown Reserve Makes Report for Half Year

Surplus for Six Months Was \$45,502—Total Surplus Now \$659,986.

The Crown Reserve Mining Co. has issued its statement of the result of operations for the half year, showing a production of 1,383,947.5 ounces of silver, of a value of \$835,339, less smelting charges of \$28,493, leaving net value of \$806,846.5. Mining and other expenses took \$145,542, leaving a mining profit for the half year of \$661,304.5. Out of this amount \$47,573 was set aside for depreciation, leaving a net profit of \$613,731.5, or 20 per cent. for the half year, leaving a surplus of \$40,068.25. This was added interest on deposits in bank of \$382, and after other charges and expenses of \$265, are deducted, \$15,827.25 was left to be added to the surplus since Dec. 31, of \$659,586.51.

ENTERS PORCUPINE FIELD

Anglo-American Development Company Opens Offices in Toronto.

The Anglo-American Development Company Limited, a corporation organized under the laws of Ontario, has established their offices at No. 11 Colborne street, Toronto. This company has a paid-up capital of \$100,000, and is entering the Porcupine mining field for the purpose of financing, developing and promoting such properties as may be acceptable to their staff of mining engineers, who are now in the Porcupine district.

The president of the corporation is E. G. Gerner of Erie, Pa. Mr. Gerner is a director of the Second National Bank of Erie, Pa., and is vice-president of the Dulles-Baldwin Electric Drill Co. of Erie, Pa. He is also president and chief engineer of the Gerner Stove Works of Erie, Pa., one of the largest stove manufacturers in America. Mr. Gerner is also president of the Preston East Dome Mines Co., Ltd., of Porcupine.

The vice-president of the Anglo-American Development Co. is Mr. Z. Curtis of Erie, Pa. Mr. Curtis is secretary and treasurer of the United States Horse Shoe Co., and is secretary of the Dulles-Baldwin Electric Drill Co. of Erie, Pa.

Mr. F. K. Smart is managing director of the company, and is in charge of their offices at No. 11 Colborne street, this city. Some of the prominent capitalists of Canada are stockholders of the corporation.

300 PER CENT. DIVIDEND.

The Timiskaming and Hudson Bay Mining Co. Limited, have declared a dividend of 300 per cent., payable on July 27 to stockholders on that date. The dividend amounts to 33 per share, and is a monthly one.

Camp Will Go Ahead Faster Than Ever

Mining in Porcupine Will Make Rapid Progress--Rebuilding Already Under Way.

Porcupine City, July 17.—(From Our Man Up North).—What will happen in the way of Porcupine mining the next six months? The big question will do more work than ever and make more progress than they could have made before the fire," says Deacon Sullivan, a western mining engineer who has spent 40 years in active gold mining, and who is here as the representative of a New York house.

"The little ones in some instances will set out to the big ones, while many others will continue to work just as they are. The handicap for machinery may be removed for a time, but machinery is not the first thing needed. The burned spots must be cleaned up and new camps built. The work of progress must start at the doors and continue on up to building the mills.

"I have seen mining camps burn before where there were no rich values as soon as the fire is out, the work in Porcupine to stop the rush on to a greater and bigger camp. The railway line will be completed before the time to carry machinery arrives.

"The only sorrowful thing in connection with the cleaning up of the work by fire is the loss of lives. Could the cleaning have been done with no loss of life, Porcupine to-day would be rebuilding with as cheerful hearts as when the first boards were nailed together last summer."

What "Deacon" Sullivan outlines in the way of a rebuilding of the camp is as soon as the railway is completed, so that material can be taken to all the mines to the south and west of Porcupine Lake, is actually started along the railway line, and the mines will follow along the same line in a few days.

The dome road is being chopped out and logged, and men are on the ground gathering in piles the burned members at both the Dome and West Dome. Chas. Fox.

High Assay Obtained At Pike Lake Property

Claims in Swastika District Possess Undoubted Merit--Numerous Veins Uncovered.

SWASTIKA, Ont., July 18.—(Special).—There are three or four gold camps clustered up in the wilds of the Northern Ontario forests, all of which are showing good progress toward the stage of production. Not the least of these gold bearing districts is Swastika, which is making rapid headway, and which is fast approaching a stage where the true value of the camp will be demonstrated by actual results.

Aggressive development operations are being pursued on many properties in the Swastika belt, and it would seem that the more work that is done the better the mining properties appear.

One of the properties which has been little heard from as yet, but which is showing up remarkably well, is the Pike Lake syndicate holding, consisting of four claims, and is well situated at Pike Lake just a short distance from Swastika station.

A big quartz vein was uncovered on the property, and is well exposed, assays made from the vein matter, avoiding samples that showed free gold, ran \$127 to the ton. The test was made by Campbell & Devel of Cobalt and Porcupine.

A recent report made on the Pike Lake syndicate property by M. J. Hotchkiss, mining engineer of the firm of Grover & Hotchkiss of Haldenbury, reads in part as follows:

"On the most easterly claims, the 'stripping' has uncovered two large quartz veins, the walls of which were not determined, but in all probability will average from fifteen to thirty feet in width. These veins have a very strong appearance and may possibly be in the same zone of mineralization as a parallel zone, because the character of the quartz is the same.

"On the lower vein more work had been done, so that there was more of the quartz uncovered, and a number of panings were made across the vein, all of which showed fine colors of gold in the free state. Near the side which will probably be the 'foot' wall, some very rich tailings of free gold were paned, by me, from quartz that showed no visible gold to the eye, with a microscope.

"On the claim west of the most easterly claim, a quartz vein had been uncovered, which was about two feet wide, and was well mineralized. This is a promising vein and gold undoubtedly will be found present on further development.

"The properties are undoubtedly valuable, in fact one of the most promising in that section and the chances of making a mine are excellent."

AT PORCUPINE EASTERN

Development Will Be Continued at Once--Two Shafts Going Down.

The Porcupine Eastern Mines Co. Limited, have properties in Township 10 in the Porcupine. Up to the time of the fire a gang of men were working on the claims for two months, and had completed in all about 200 feet of stripping. Two shafts have been sunk to 25 and 45 feet respectively, and the shafts are now being worked. A sample from the working shows an ore body 7 feet wide and the ore assayed about \$18 in gold to the ton. The properties are to be thoroughly developed.

Children of To-Day.
"I suppose you know who Cinderella is?"
"Oh, yes," replied the modern youth.
"She's a character in a musical comedy."—Louisville Courier-Journal.

Tonnage Was Lower But Value Increased

Cobalt Output for First Six Months of Present Year Compared With 1910.

The T. and N.-O. Railway Commission have received their regular half-yearly report on the Cobalt output, from the pen of Mr. Arthur A. Cole, the mining engineer connected with the road.

Mr. Cole's statement of the shipments of ore from the silver camp for the six months ending June 30 last is as follows:
Jan.-June. Jan.-June.
1910. 1911.
14,868.90 tons. 11,978 tons.
The report states that there is a falling off in shipments of 2890.60 tons during the period under review, but that this must not be taken to indicate a decline in the production of the camp. The fact that higher grade ore on the average has been shipped, and that considerable bullion has been sent out, will make up for the discrepancy, and will, in fact, bring the total valuation of the shipments above those of the six months of the preceding year.

Seawall Tenders Close.
Peter Arnot, who secured the tender for the construction of the thousand feet of seawall west from the exhibition grounds, was only slightly below another of the tenders. The accepted figure for mass concrete was \$350 per cubic yard, that of the next lowest tender \$375. Peter Arnot's figure for block concrete was \$5.75 per cubic yard, that of the other tender referred to also \$5.75 by the company.

There was, however, a big difference in the figures submitted on timber. Arnot's quotation being \$29.50 per M.B.M., and the next lowest tendering \$32.75 per M.B.M.

"Have a good time of your vacation!"
"No. Nobody would believe that I am the son of a multi-millionaire."

Couldn't Feel 'Em.

"Have a good time of your vacation!"
"No. Nobody would believe that I am the son of a multi-millionaire."

Gold Spot

To its property in Shaw have now been added the two well-known Fox claims in Langmuir, trebling the acreage owned free and clear by the company.

In every camp some 10 cent stocks make good. Gold Spot now 10 cents—but we anticipate 50 cents as the real damage done in our opinion it is the one best speculative buy in Porcupine.

OUR MARKET LETTER

Those who desire to keep in touch with the actual developments in Porcupine and the various Porcupine stocks should send for our market letter issued on Friday next.

Our information is that Preston East Dome is to have a big advance and this, we think, is warranted on the showings of the Company's property.

ELDORADO is still the one best speculation in the Porcupine market.

Commercial Reports

Heavy Selling in Grain Market Prices Still on Down-Grade

Outpouring of New Wheat Too Much for Market to Withstand—Corn and Oats Go Lower.

CHICAGO, July 19.—A resiliant market of wheat and other grains was seen today despite news that exports amounted to the remarkable 1,000,000 bushels...

There were few material changes in the ruling prices of cereals on the local market on Wednesday. Liverpool cables came slightly higher than the previous day...

There were no changes elsewhere in the list, dealers holding coarse grains comparatively even par with the ruling quotations the previous day.

Local grain dealers' quotations are as follows: Oats—Canadian western oats, No. 2, 60c...

Wheat—No. 3 red, white or mixed, 80c to 82c outside, nominal.

Barley—No. 2 feed, 50c to 52c; for malting, 60c to 62c, outside, nominal.

Buckwheat—6c to 6c, outside, nominal.

Manitoba wheat—No. 1 northern, 85c; No. 2 northern, 80c; No. 3 northern, 75c; track, lake ports.

Manitoba flour—Quotations at Toronto are: First patents, \$5.30; second patents, \$4.90; strong brands, \$4.40.

Corn—No. 3 yellow, 65c; c.i.f., bay ports.

Pearl—No. 2, 78c to 80c, outside, nominal.

Ontario flour—Winter wheat flour, \$3.25, seaboard.

Milled—Manitoba bran, \$1 per bag; shorts, \$2; Ontario bran, \$2 in bags; shorts, \$1.50 in bags.

Receipts at Primary Centres. Eastern receipts in car lots at primary centres, with comparisons, were as follows:

Winnipeg Inspection. Receipts of wheat in car lots today are as follows: No. 1 northern, 29 cars; No. 2 northern, 20; No. 3 northern, 10; No. 4 northern, 5; No. 5 northern, 2; rejected, 5; winter wheat, 1; Oats, 23 cars; barley, 3; flax, 2.

European Grain Markets. The Liverpool market closed today 1/4 higher than yesterday on wheat, 1/4 lower on corn, Berlin wheat 1/2 lower, Budapest 1/4 lower, Antwerp unchanged, and Paris 1/2 lower to 1/4 higher.

Winnipeg Inspection. Receipts of wheat in car lots today are as follows: No. 1 northern, 29 cars; No. 2 northern, 20; No. 3 northern, 10; No. 4 northern, 5; No. 5 northern, 2; rejected, 5; winter wheat, 1; Oats, 23 cars; barley, 3; flax, 2.

ST. LAWRENCE MARKET. Receipts of farm produce were six loads of hay, one load of straw and several lots of dressed hogs and veal calves.

Market Notes. Farmer Baker of West York topped the market both days for hay, at \$2 per ton.

Market Notes. Farmer Baker of West York topped the market both days for hay, at \$2 per ton.

Market Notes. Farmer Baker of West York topped the market both days for hay, at \$2 per ton.

Market Notes. Farmer Baker of West York topped the market both days for hay, at \$2 per ton.

Market Notes. Farmer Baker of West York topped the market both days for hay, at \$2 per ton.

Market Notes. Farmer Baker of West York topped the market both days for hay, at \$2 per ton.

Market Notes. Farmer Baker of West York topped the market both days for hay, at \$2 per ton.

Market Notes. Farmer Baker of West York topped the market both days for hay, at \$2 per ton.

prices ranging from 41c to 43c per bushel, as to American corn was weaker, with No. 3 yellow in car lots offering at 60c per bushel...

Ontario Canadian western, No. 2, 49c to 50c, car lots, ex-store; extra No. 1 feed, 41c to 42c; No. 3 C.W., 41c to 42c.

Montreal Dairy Market. MONTREAL, July 19.—Dairy produce is fairly active at following prices:

Butter—Selected, 11 1/2c; fresh, 17 1/2c; No. 1 stock, 15c.

Montreal Provisions. MONTREAL, July 19.—The market for dressed hogs was weak and prices are 2c per 100 pounds lower.

Beef—Plate, half-barrel, 100 lbs., \$7.60; barrels, 100 lbs., \$14.50; tierces, 300 lbs., \$20.00.

Lard—Compound tierces, 57 lbs., 94c; boxes, 50 lbs. net (paraffin lined), 94c.

Pork—Heavy Canada short cut mess, 55c to 56c; 45 pieces, 52c; half-barrel, \$11.00.

Liverpool Grain and Produce. LIVERPOOL, July 19.—Closing Wheat—Spot steady; No. 3 Manitoba, 75 1/2d.

Flour—Winter patents, 27s; Flour—in London (Pacific Coast), 47 1/2d.

Beef—Prime mess, western, 72s 6d; Bacon—Cumberland, 42s 6d.

Liverpool Wheat Market. LIVERPOOL, July 19.—Wheat—the late decline in America yesterday was followed here by the opening of the cash market...

Broomhall's Cables. Broomhall cables the following: Buenos Ayres—The undertone was firm at the close of the day...

Drought in Iowa. The complete report of the Iowa Weather Bureau for the week ending July 15, 1911, reports for 81 counties. Of these, 35 say that severe drought prevails...

Change in Local Butcher Firm. The butcher business which has been so successfully carried on at the St. Lawrence Market for many years by John McNeil and Michael J. Woods, and latterly by Mr. Woods, has been taken over by Messrs. McNeil & Co. Thru their careful attention to business and the interests of their many customers, this firm have succeeded in building up one of the largest businesses in the city...

Many Building Permits. The city architect's department issued building permits to the value of \$272,000 between July 10 and 18.

Chicago Live Stock. CHICAGO, July 19.—Hogs—Receipts, 24,000; market strong; mixed and butchers, \$5.50 to \$7; good, heavy, \$4.50 to \$6.50; rough, heavy, \$4.25 to \$4.50; light, \$4.50 to \$7; pigs, \$3.50 to \$3.85.

Veal Calves. The market for veal calves was strong at \$4 to \$5 per cwt.

Sheep and Lambs. Sheep, ewes, sold at \$3.50 to \$4.50, and very early at \$5; rams, \$2.50 to \$3; lambs, \$2.40 to \$3.50 per cwt.

Hogs. The market for hogs was reported firm at \$5 for hogs, fed and watered, and \$3.75 to drovers for hogs, 600 to 800 lbs.

Representative Purchases. H. P. Kennedy and Mr. Levinoff of the East End Dressed Beef Company, both were on the market and bought 2000 to choice loads at \$3.50 and \$3.50.

TORONTO LIVE STOCK. The railways reported 23 carloads of live stock, consisting of 404 cattle, 608 hogs, 43 sheep and lambs and 11 calves.

Market for veal calves was strong at \$4 to \$5 per cwt.

Sheep and Lambs. Sheep, ewes, sold at \$3.50 to \$4.50, and very early at \$5; rams, \$2.50 to \$3; lambs, \$2.40 to \$3.50 per cwt.

Hogs. The market for hogs was reported firm at \$5 for hogs, fed and watered, and \$3.75 to drovers for hogs, 600 to 800 lbs.

Representative Purchases. H. P. Kennedy and Mr. Levinoff of the East End Dressed Beef Company, both were on the market and bought 2000 to choice loads at \$3.50 and \$3.50.

TORONTO LIVE STOCK. The railways reported 23 carloads of live stock, consisting of 404 cattle, 608 hogs, 43 sheep and lambs and 11 calves.

Market for veal calves was strong at \$4 to \$5 per cwt.

Sheep and Lambs. Sheep, ewes, sold at \$3.50 to \$4.50, and very early at \$5; rams, \$2.50 to \$3; lambs, \$2.40 to \$3.50 per cwt.

Hogs. The market for hogs was reported firm at \$5 for hogs, fed and watered, and \$3.75 to drovers for hogs, 600 to 800 lbs.

The Matheson-Porcupine Brick & Tile Co., Limited

Capital—\$200,000, divided into 2,000 shares of the par value of \$100.00 each

OFFICERS AND PROVISIONAL DIRECTORS: PRESIDENT—D. JOHNSON, Merchant (Revillon Bros. Limited), Matheson, Ontario.

SOLICITORS—PATERSON & JENKINS, City and District Bank Bldg., St. James St., Montreal.

BANKERS—MERCHANTS BANK OF CANADA, 320 St. Catherine St. W., Montreal.

CONSULTING ENGINEER—J. LEWIS THOMAS, C.E., 1120 Greene Ave., Westmount, P. Q.

AN INDUSTRIAL OPPORTUNITY. With perhaps the exception of the wonderful productive lands of the great Far West...

Unlike the vast territory of the Far West, Northern Ontario possesses two most valuable assets. Not only is its unusually rich soil capable of the new well-known Gold-fields of Ontario...

It must therefore be borne in mind, when considering any investment in industrial enterprise in this new and productive country, that should it so happen its ground and surface camps died out and became dormant industries, the farm lands in the other hand will always be a staple and ever increasing one.

From a very careful and thorough investigation, made by Mr. J. Lewis Thomas, C.E. of Montreal, one of the promoters, and who has had large experience in this class of enterprise...

It is inevitable, but nevertheless the inevitable fate of all mining camps to succumb in their initial stages to the ravages, sooner or later, of fire and flood...

The promoters, in fact, are so confident of the probability of a demand exceeding all possible supply that they will lose no time in getting the necessary plant fixed and working, there being in sight at the present time a demand for 40,000 bricks, independent of tile and other products.

The main line of the T. & N. O. Railway runs through a corner of the property, and arrangements are now being made with the Railway Company to change from Monday to Tuesday choice accommodation.

After careful thought on the part of Mr. Thomas, and as a result of several personal visits to this locality, it is also exhaustive enquiries, it is decided that Matheson is, by far, the most central point adaptable for this industry.

The principal reason given for the advance is the marked strength of the raw market. Shipments are somewhat delayed, owing to the demand for withdrawals being very heavy.

In the past the markets abroad have been influenced by unfavorable crop news from Cuba, but the best crop in Europe is now attracting the attention of traders.

The principal reason given for the advance is the marked strength of the raw market. Shipments are somewhat delayed, owing to the demand for withdrawals being very heavy.

Increased Offerings of Porkers Bring Another Decline—Cattle Steady.

MONTREAL, July 19.—At the Canadian Pacific live stock market the offerings this morning were 625 cattle, 400 sheep and lambs, 700 hogs and 700 calves.

The tone of the market for small meats was strong under a good demand and small supplies and prices had an upward tendency, with sales of sheep \$4.50 to \$6, lambs at \$2.50 to \$3.50, and calves at from \$2 to \$3 each, as to size and quality.

A weaker feeling developed in the market for hogs, and prices declined 50c per 100 pounds since Monday on account of the increased offerings.

Permits were also taken out for a \$65,000 girls' home to be erected at the corner of St. Patrick and Casimir streets by the Y.M.C.A. for a factory to be built by the C. A. Dunham Company on the southeast corner of Davenport-road and Primrose-avenue.

CHICAGO, July 19.—Hogs—Receipts, 24,000; market strong; mixed and butchers, \$5.50 to \$7; good, heavy, \$4.50 to \$6.50; rough, heavy, \$4.25 to \$4.50; light, \$4.50 to \$7; pigs, \$3.50 to \$3.85.

Veal Calves. The market for veal calves was strong at \$4 to \$5 per cwt.

Sheep and Lambs. Sheep, ewes, sold at \$3.50 to \$4.50, and very early at \$5; rams, \$2.50 to \$3; lambs, \$2.40 to \$3.50 per cwt.

Hogs. The market for hogs was reported firm at \$5 for hogs, fed and watered, and \$3.75 to drovers for hogs, 600 to 800 lbs.

Representative Purchases. H. P. Kennedy and Mr. Levinoff of the East End Dressed Beef Company, both were on the market and bought 2000 to choice loads at \$3.50 and \$3.50.

TORONTO LIVE STOCK. The railways reported 23 carloads of live stock, consisting of 404 cattle, 608 hogs, 43 sheep and lambs and 11 calves.

Market for veal calves was strong at \$4 to \$5 per cwt.

Sheep and Lambs. Sheep, ewes, sold at \$3.50 to \$4.50, and very early at \$5; rams, \$2.50 to \$3; lambs, \$2.40 to \$3.50 per cwt.

An "all-the-year-round plant" (dry press system) will be installed, so that the winter season will not retard the manufacture of products, and active operations will be carried on continuously, whereby a large stock will always be ready on hand for early spring operation.

The promoters in putting this enterprise before the public do so with the fullest confidence that they will not be slow in appreciating the value of a first-class industrial proposition and which with the careful and practical management that is fully intended the same shall have and with no competition whatever, or indeed anticipated for some time to come, nothing but financial success can attend the same.

After careful investigation as to labor, cost of running plant and other working charges, and after taking into consideration the lumber for fuel at the disposal of the company, it is estimated a first-class brick can be turned out F.O.B. yard Matheson for \$7 per 1000 prime cost.

The clay is of excellent quality and runs to a depth of 100 feet. The following analysis will speak for itself:

ANALYSIS OF DRY SAMPLES. DARK SAMPLE LIGHT SAMPLE. Loss on ignition 1.56 Per Cent. Silica 65.69 44.29 Iron Oxide 5.73 8.27 Aluminum Oxide 13.48 15.83 Lime 3.52 9.89 Magnesia 3.82 4.54 Alkali (by difference) 4.10 5.62

(Signed) ROBERT W. HUNT & CO., Limited.

Bricks have already been made from this clay and it is the opinion of experts, after seeing them, that no better bricks are made in Canada. They are equivalent if not better than best Milton.

After the allotment of shares, a meeting of shareholders will immediately be called and a Permanent Board of Directors appointed. The promoters will receive for promotion, Charter land (free of all encumbrance, etc.) the sum of \$25,000 in cash or shares at their option.

Application for shares should be made through applicant's own brokers or to any of the Brokers named in this prospectus, or direct to the Secretary. As a large demand is expected, early application is advised, and this particularly so, inasmuch that since prospectus was written the disastrous fires of the north (now well known to the Canadian public) have placed the Promoters in possession of enquiries for two million bricks. This is but an augury of what demands may be expected. The subscription list will close on or before noon of August 1st, 1911.

Making Things Fly in the Men's Store

The goal is in sight! Ten more days and we will flash past the stock-taking post, the finishing post of a six months' race.

Now it doesn't matter to you that we're near stock-taking, does it? Only you'd feel more comfortable perhaps if you knew the straight reason for the prices quoted here. We want to put a little summer stock as possible on our inventory; therefore it must be cleared before August 1st.

So men in general and automobilists in particular will benefit directly by this selling spurt. We're speeding up sales by lowering prices and the limit is just about reached when Automobile Dusters such as we're showing to-morrow can be bought for a dollar ninety-eight!

- Automobile Dusters, in Hollands and grass linens, also Satara cords and drills; fawn and tan shades; single and double-breasted; double stitched throughout. Regular \$2.50, \$2.75, \$3.00 and \$3.50; sizes 36 to 48. Friday, at 1.98
- Men's Tweed Suits, stripes, checks and Scotch tweeds; three-button single-breasted style; sizes 36 to 42. Friday 5.95
- Men's Pants, heavy tweed pattern, in grey and black mixture; sizes 32 to 42. Regular \$2.00, for98
- Boys' Two-piece Suits, double-breasted and Norfolk styles, with bloomer pants; seasonable patterns and colors; sizes 26 to 32. Regular \$5.00, \$5.50, \$6.00, \$6.50 and \$7.50. Friday 3.95
- Boys' Blazers, blue flannel, with fancy cord trimmings; sizes 26 to 29. Regular \$1.35. Friday75
- Boys' Shirt Waists, fancy percale. Regular 50c and 65c. Friday25
- Boys' Soft Outing Shirts, in fancy stripe cashmerette or plain white cellular attached collar, pocket and soft single band cuffs; sizes from 12 to 14. Regular 50c. Friday each37
