ASQUITH MUST LEGISLATE
COAL NEGOTIATIONS OVER

Minimum Wage Bill Will Be
Railroaded Thru House in a
Week and Opposition of Labor
Members to District Arbitra-
tions Will Not Avail—I.S.
Anthracite Operators
Men in Deadlock.

LONDON, March 15.—(Can. Press).—
The government's efforts to secure a
settlement of the coal strike by effect-
ing an agreement between the coal
mine owners and their employees have
failed. After three days of joint confer-
ences the negotiations were broken
off this evening and legislative action
now will be invoked to secure a mini-
mum wage for all the underground coal
workers.

The government's minimum wage bill
will be read in the house of commons on
Tuesday, hurried thru all the various
stages and probably become a law by
the end of the week. It is understood
that it will virtually establish a court
of arbitration in each district and pro-
vide penalties for employing men or
working them below the minima fixed
by the district boards.

The Labor party is opposed to com-
pulsory arbitration and on this ground
probably will oppose the bill. It will
be unable to defeat the measure, how-
ever, as it is believed that if the pro-
posed safeguards are deemed adequate,
the Conservative opposition will not
embarrass the government by opposing
the bill. Everything, however, still de-
pends upon the exact terms of the bill,
which are not yet known.

King Deeply Concerned.
It is said that King George is keenly
concerned over the crisis and intends
to keep in the closest touch with his
advisers until the trouble is ended.
Hence the cancellation of some of his
home engagements as well as contem-
plated foreign visits.

Enoch Edwards, president, and Thos.
John, secretary of the miners' feder-
ation, in interviews to-night, both
agreed that the collapse of the joint
conference today was mainly due to
the opposition of the Welsh and Scotch
mine owners, and that nothing was left
to end the strike, but a resort to legis-
lation. They say that they hope be-
fore long the miners will resume work
under conditions they have striven so
long to obtain.

The views of the mine owners are in-
dicated by an interview had with B. A.
Thomas, head of the Cambrian Com-
panies, whose opinions are shared by all
the South Wales owners. Mr. Thomas
said he could not help regarding the
government's action as a great triumph
for revolutionary syndicalism.

In making this announcement to the
conference to-day Premier Asquith
said:
"The government have done all in
their power to secure a settlement of
the controversy by an agreement and
they have come to the conclusion, with
great regret, that this is impossible and
that other measures must therefore
be taken."

Loss Already Incalculable.
The official account of to-day's con-
ference, issued to-night, says that Pre-
mier Asquith pointed out that the stop-
page of work in the coal mines had
now lasted more than a fortnight and
was producing incalculable inconve-
nience and loss, and in some parts of
the country actual suffering; that hap-
pily it had not been attended by disorder,
the premier added. Considering the
number of persons directly or indirect-
ly affected by the dispute, the situation
was growing every day more serious
and would continue a menace to the
well being of the country as long as
it lasted.

After reviewing the abortive attempts
to secure a settlement of the strike by
an agreement between the interested
parties, the official report continues:
Reasonable for Both.

"The prime minister stated that the
government would ask from parliament
a legislative declaration that a reason-
able minimum wage, accompanied by
adequate safeguards for the protection
of the employer, should be made a
statutory term of the contract of em-
ployment of people engaged in under-
ground coal mines. As regards the im-
portant question of how such minimum
wage may be ascertained for any par-
ticular area, the prime minister, with-
out pledging the government to any
precise form of machinery, indicated
that district minima should be locally
fixed by a joint board of each district,
consisting of representatives of employ-
ers and employed, with a neutral in-
dependent chairman who might be se-
lected by the parties themselves, or, if
necessary, by the government. Such a
body would, in the opinion of the gov-
ernment, be the best method of secur-
ing a fair and equitable settlement."

Government Steamer
Imprisoned

OTTAWA, March 15.—(Spe-
cial).—Information has been
received here by the depart-
ment of marine and fisheries
that the government steamer
"Albatross" is caught in the ice at
the mouth of Sydney harbor.
The steamer, which sailed on Saturday
last, was reading with mail to
the An Islands. How-
ever, she is well provisioned
and located, so the crew will
not suffer.
For ten days the steamer
"Albatross," belonging to a New-
foundland company, has been
in the same place, in the same
position. It is stated they may
have to remain there for weeks
until the thaw.

MOVEMENT FOR
UNION HAS
FAILED

Outcome of Referendum on
Church Union Will Be an In-
creased Federation Along
Missionary and Publication
Lines — Methodists and
Presbyterians Cannot Agree
on Basis.

Rev. Dr. McKay, moderator Presby-
terian General Assembly, and Rev. Dr.
Carman, general superintendent Meth-
odist General Conference, both now ad-
mit what was announced several days
ago in The World that the present
church union movement has failed.

The Presbyterians in three hundred
churches have given 2,768 for union,
and 10,536 against. In addition to this
substantial minority, the presbyteries
are refusing to accept the basis of union,
because they claim it would give a
greater ministerial representation to
the Methodist ministers than the Pres-
byterian in the annual conference.
This is because supernumerary and
ministers without charges, are members
of the Methodist conference, while
clergymen have to be actively engaged
in the ministry to be members of a
presbytery.

The outcome of the church union re-
ferendum will, however, it is stated in
high clerical authority, will be an in-
creased federation along missionary
lines.

SWEDEN DRIVES OUT MORMONS.

LONDON, Mar. 15.—(C.A.P.).—The
Mormon propaganda in Sweden is
about to receive a deathblow. Both
chambers of parliament have agreed to
a bill dealing with the subject and
henceforward all Mormon missionaries
will be expelled from Swedish terri-
tory. Some 100 agents now have found
a more congenial field for their efforts.

Parliament granted a large amount
toward the expenses of the anti-Mor-
mon crusade.

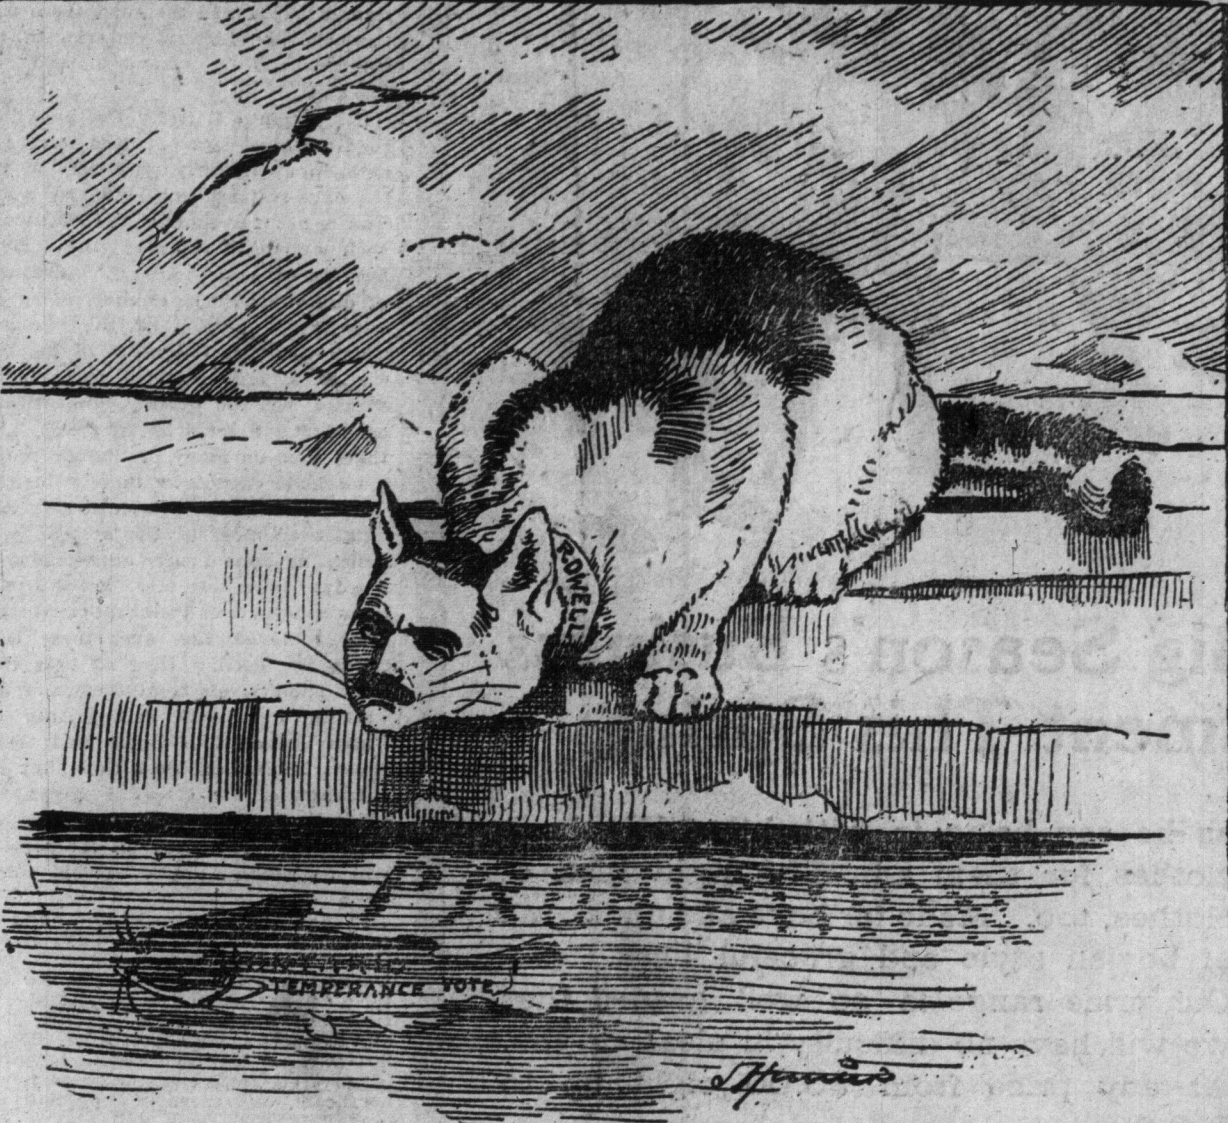

Mormon propagandists also have been
requested to quit two Midland towns
in England.

CALL ON BOURASSA TO LEAD
CATHOLIC PARTY AT OTTAWA

Manitoba, Sectarian Insurgents Are Understood To Have
Asked Him To Start a Strong Movement for Sep-
arate Schools—English Speaking Catholics
Not Likely To Join.

MONTREAL, March 15.—(Special).—
There is a serious movement on foot to
establish a purely Catholic party in the
house of commons with Mr. Henri
Bourassa as leader as soon as he can
obtain a seat.
It is understood that the organizers of
the recent movement in the west, which
found energetic expression at a recent
gathering in Manitoba Hall, Winnipeg,
have communicated with the National-
ist leader here, informing that lead-
er that they count on him to lead a
greater movement which should, in
their opinion, start from this city, as no
relief can be expected from the two old
political parties.
Altho the Nationalist leader has not
yet given his answer, his friends here
believe that he will accept the invita-
tion which comes to him from the west-
ern parties, and that he will drag Ar-
mand Lavergne into the contest for

OPPOSITION CAT: But I want to get it without goin' in the water.

FORGED NAME
OF COMRADE

Man Arrested Says He Cashed
Order and Was Holding the
Money Pending Friend's
Return.

Charged with forging the name of
Wazlo Chrick to a money order for
twenty-five dollars, Philip Orinovich,
29 Sydenham-street, was placed under
arrest last night by Detective Miller.

In August of last year Chrick and
Orinovich lived at 16 Eastern-avenue.
Chrick had to go to Montreal and
several other places on business, and
told Orinovich that a money order
would be coming for him thru the mail
and asked him to forward it to Mont-
real. The order came, but instead of
re-addressing the envelope Orinovich
opened it and forged the name of the
man to whom it was made out to and
then cashed it.

His story to the detective was that
he had kept the letter for some time
expecting to hear from Chrick and
that he then cashed it and was still
holding the money for him. The order
was dated Aug. 24 and came from
Montreal and was cashed here on Aug.
21.

NIAGARA ICE BRIDGE SWEPT
AWAY.

NIAGARA FALLS, Ont., March 15.—
(Special).—An ice bridge that formed
immediately after its predecessor
broke away on Feb. 4, carrying three
people to death, went out early to-day.
The bridge began breaking up Tues-
day, but only this morning did it
finally break away from shore and go
down stream.

Congress Declares for Free
Sugar

WASHINGTON, March 15.—
(Can. Press).—The Democratic
free sugar bill passed the house
to-day, 128 to 122. Its passage
was helped by 24 insurgent
Republican votes, altho this
was offset by the defection of
seven Democratic votes against
the bill by members from Louis-
iana and Colorado.

SPECIFICATIONS
NEARLY READY

Assessors Will Complete Their
Draft for New Million-Dol-
lar School Some Time
To-day.

Principal McKay of the technical
school, expects that the assessors will
complete their draft of the specifica-
tions to-day for the architects' com-
petition for the new million dollar tech-
nical school building.

In the report of the technical and
commercial education committee of the
board of trade, with respect to the new
technical school, emphasis is laid on the
importance of having it well lighted.

BETTER SYSTEM
OF RURAL MAILS

OTTAWA, March 15.—(Special).—
The new rural mail scheme organized
by the Hon. L. P. Pelletier, postmas-
ter-general, will probably be brought
down to the house next Monday, and
will be of an important character.
The short in its provisions, the new
scheme provides that the present tre-
mendous and cumbersome system of du-
plication will be abolished and an up-to-
date rural mail delivery given to the
people.
In order to specialize the new scheme
it is understood that it will be placed
in the hands of a special commissioner
with a department who will have rank
almost equal to a deputy minister.

St. Patrick's Day

The day of all days is here
again, and The Sunday World
has not overlooked the fact.
The premier feature this week
is a full page in green, illustrat-
ing Artist Lou Skuue's concep-
tion of an Irishman, with the
flag and harp of Erin. With this
piece of resistance, we give some
gems of Irish poetry. It is a
page that will make every Irish-
man swell with pride to-mor-
row.

DR. FORBES GODFREY SAYS
GOVERNMENT IS MISERLY;
MIMICO INQUIRY CLOSED

Mimico School Enquiry

Dr. Forbes Godfrey, M.L.A.,
says: "The school would have
more cottages, but that the
government is so miserly and
mean that they won't spend the
money."

He said Supt. Ferrier is hu-
mane, but would not say he
approved of handcuffs on a boy
for a month.
Dr. Helen MacMurphy "views
with abhorrence and detesta-
tion certain things at the
school."
There are ninety defectives
in the school.
Supt. Ferrier: "Handcuffs
are a thing of the past; the
'side table' (where bread and
water were the diet) has been
abolished. Boys will be strap-
ped only on the hands."

STORM DELAYED
TRAINS AND
TRAFFIC

Eight inches of Snow Fell in
24 Hours, Resulting in Tie-
up of Main Railway Lines—
Telephone and Telegraph
Wires Were Down and Street
Cars Were Held Up.

In the last 48 hours' delay and
damage, due to a return visit of the snow
king, has been the lot equally of those
dwelling in and around Toronto, and
these in adjacent townships. The
heavy snow was the cause of much
interruption to the services of the tele-
graph companies and to the operations
of the railway, telegraphic, signaling
corps. The packing of the snow around
the glass insulators and on their cross
supports caused many cases of ground-
ing or short circuiting the current.
Some important trunk wires were put
out of action for some time altogether,
and for many hours communication
was altogether stopped or badly inter-
rupted. The G.T.R. lines to Winnipeg
and Chicago were out of commission
for many hours, and the operators,
when communication had been restored,
had a large accumulation of "night
letters" as well as the usual day traffic
to deal with. It was difficult, some-
times impossible, to get thru to Mont-
real or Buffalo, and not easy to keep
in touch with New York. The G.N.W.
had to contend with similar difficulties,
their direct wire to Chicago being
blocked completely for some time.
Messages to points on this service,
however, were got thru over other
wires, but the disorganization due to
the storm caused very much delay.

The railway communication also was
worked under conditions of much diffi-
culty, and the trains were therefore
Continued on Page 2, Column 5.

NEW OFFICERS
OF ENGINEERS

J. E. Ritchie was elected president
of the Engineering Society of the S.
P. S. in the Varsity Gymnasium last
night after a warm contest. The pro-
technics of other days were not no-
ticeable, the medals and arts did not
interfere, shoe polish was not put into
order, the hydrants were not put into
use, and altogether it was somewhat
lame. There was lots of basketball
and other sports, with a grand wind-
up of dancing. The music was fur-
nished by the "school" orchestra.

William Curtis was chosen 1st vice-
president and the new 2nd vice-presi-
dents are S. S. Rutherford (civil and
architectural department), G. M. Smyth
(miners and chemists) and M. S. Ver-
ity (electrical and mechanical depart-
ment). H. R. Mackenzie was elected
treasurer; C. V. Ross, corresponding
secretary; J. M. Macdonald, recording
secretary, and G. Rankin, curator.
The representatives chosen were: 4th
year, H. Hawley; 3rd year, H. N. Mac-
pherson; 2nd year, T. W. Crane; re-
presentative of varsity board, senior,
J. A. P. Marshall; junior, Mr. Emer-
son.

Superintendent Ferrier Issues
Statement Giving His Side
of the Story in Connection
With Spain Boy—Dr. Helen
MacMurphy Views With
Abhorrence and Detesta-
tion Certain Things at the
School.

After the commission enquiring into
the conditions at the Mimico Industrial
School and charges of cruelty to boys
at the institution had declared that it
was thru hearing both evidence of fur-
ther cruelties and evidence in the shape
of endorsement of Supt. Ferrier and the
conduct of the institution, it reopened
yesterday to hear a number of wit-
nesses who came forward to declare
their confidence in Mr. Ferrier and his
methods of conducting the school. One
voluntary witness, who criticized the
conduct of the school, was also heard.

Dr. Helen MacMurphy, who came to
tell of the percentage of mentally de-
fective children in public schools, and
in schools like to the Mimico institu-
tion, declared that she "viewed with
abhorrence and detestation certain
things which had taken place at the
Mimico school." She was not allowed
to go on to say what these things were,

but said that there were things which
had come to her knowledge two years
ago when she was conducting an in-
vestigation into "backward" children in
the public schools and the Alexandra
Industrial School for girls.

Dr. MacMurphy declared that in a
list of 117 such children from 51 of the
city schools, including 14 from the
Alexandra School, all proved to be
mentally defective. She had received
no names from the Mimico institution,
but had found that in four German
schools there was a high percentage of
defectives. In one, out of 200 boys, 75
only were normal. In the second, the
percentage of defectives was 41, in an-
other 27, and in another 10 per cent.

She said that both defective and
geniuses were more numerous among
males than among females.
Should Be Segregated.
The doctor declared that she firmly
believed in the segregation in a sci-
entific institution of such defectives. She
said that their mentality was retarded
and that with an age of 16 years, it was
common to find mental development of
five or six. These could be taught to
perform valuable manual services un-
der supervision, but were utterly unfit
to be allowed at large. She said that
a significant fact was that such de-
fectives were to be found in maternity
homes.

The doctor doubted that 70 per cent.
of the boys who passed thru the school
had turned out to be good citizens.
When asked what she thought of 5 per
cent. being found in the central prison
and 1 per cent. in Kingston, she asked
in what other prisons some of them
might be found.

Dr. Forbes Godfrey, M.L.A., brother
of John Godfrey, counsel for Supt.
Ferrier, and medical attendant at the
Mimico School, said that he had not
read much of what has appeared in
the newspapers regarding the place,
but declared that Supt. Ferrier was a
wise and kindly man. He said that
if a boy were fed plenty of bread and
water for a month he did not think it
would hurt him. He filed a list of 99
defective youths in the school. He de-
clared that he believed that the in-
vestigation should have been held 50
years ago, and that he did not know
how boys were to be kept from run-
ning away from the school in any other
way than by the use of handcuffs.
He did not believe in cells for deten-
tion.

The Leather Strap.

Shown the belt leather strap he said
that he did not think it was a danger-
ous or cruel one. He ridiculed the idea
that it was like the "paddle" of the
Marquette prison. Supt. Ferrier later
explained that the holes in the strap
were those which had been there to
join the ends of the belt from which it
had been cut. The doctor was not
prepared to say that to handcuff a
boy for a month strapping him ten
days after the handcuffs had been put
on was humane treatment. He said
that he would have to be there to see
the circumstances and said that if he
declared that he thought this was hu-
manity.

16 to 28 HAYDEN STREET

"Canada's Leading Horse Market"

AUCTION SALES NEXT WEEK OF 550 HORSES

MONDAY March 18th 300 Horses

THURSDAY March 21st 250 Horses

Sales Commencing Each Day at 11 a.m.

Advices to hand indicate large and numerous consignments for next week's sales. We are assured of their good quality, and our shippers state they have a large number of good mares.

If you need a horse, or a carload, you should visit our stables before purchasing, for never were there better horses coming into Toronto stables than those we have been selling during the past few weeks. Remember, if you cannot attend our auction sales, we are only too pleased to show you them at any other time. You can get the same warranty purchasing privately as you get at public auction.

We shall also sell on Monday and Thursday a number of workers and drivers consigned to us by city people who have no further use for them. These will be sold without reserve.

Important Notice

On Tuesday and Wednesday, April 2nd and 3rd Next, we shall hold an IMMENSE TWO-DAY AUCTION SALE of

The Livery Stock of Mr. P. Maher

Consisting of HORSES, CARRIAGES AND HARNESS. Bear the dates in mind, as everything will be sold without reserve.

ALL HORSES sold under warranty are returnable by noon the day following sale if not as represented.

P. MAHER, Proprietor. GEO. JACKSON and GEO. FITCH, Auctioneers.

NEW COMPANIES

Thirty new companies were incorporated this week, according to The Canadian Gazette. They are:

- Canadian Vending Machine Co., Toronto, \$200,000; H. Mueller Manufacturing Co., Sarnia, \$200,000; Hotel Kingston, Kingston, \$210,000; Gedrich Furniture Co., \$150,000; Litho-Print Ltd., Toronto, \$20,000; The Urban Securities Co., Toronto, \$100,000; Frisco's, Limited, Toronto, \$100,000; Kams & Co., Brantford, \$100,000; Moose Jaw and Western, \$100,000; Construction Service Co., Toronto, \$20,000; Lapey-Morris Agencies, Limited, Toronto, \$40,000; The O. P. McGregor Paper Co., Toronto, \$40,000; Danforth Heights, Limited, Toronto, \$40,000; Transfer and Registrar Co., Toronto, \$40,000; American Eagle Mining Co., Nipissing, \$40,000; E. Cutler, Limited, Welland, \$40,000; The Toronto Creamery Co., \$40,000; The Bolton Realty Co., \$40,000; Smith & Durkee Diamond Drilling Co., Sudbury, \$40,000; Citizens' Forwarding Co., Gan-

Gorging Is Suicide

In these words a prominent graduate of Harvard Medical School, E. R. Morse, M.D., calls attention to the habit of "overeating" which is resulting in the shortening of so many useful lives.

Every day you read of deaths of persons in middle life caused by acute indigestion, peritonitis, appendicitis or Bright's disease. All of which result from "overeating" the digestive organs.

The liver gets sluggish, the bowels become constipated, and the whole system is poisoned by the fermenting waste matter.

You can overcome this poisoned condition by using Dr. Chase's Kidney-Liver Pills. Then turn over a new leaf. Eat only the best, particularly of meats, poultry and highly-seasoned foods. On Kidney-liver pills occasionally at bedtime will keep the liver and bowels active and insure the healthful working of the organs of digestion.

anque, \$40,000; The Twin City Co-Operative Association, Berlin, \$10,000; Peterboro Baseball Club, \$10,000; The Paris Co-Operative Society, \$10,000; Clachan Co-Operative Hall, \$5000; The Labor News Publishing Co., Hamilton, \$5000.

The Canadian City and Town Properties, Limited, a company incorporated in England, is given a license to do business in the province.

WANT LORD'S PRAYER

Leon Worthall Will Again Endeavor to Convince Labor Council.

Leon Worthall will again introduce his motion that the proceedings of the District Trades Council open with prayer. Mr. Worthall's proposal was rejected at the last meeting, but he now claims to have additional data for his argument.

"The Wardens' Union of the American Federation of Labor use an opening prayer," said he, "and I believe organized labor would be better off if the workers showed an inclination to respect religious matters." "Many delegates," said Mr. Worthall, "were afraid to support my resolution, but I hope to swing them into line this time."

HIGH-CLASS UPRIGHT PIANOS.

Big Reductions in Manufacturers' Prices.

Between twenty-five and thirty-five upright pianos bearing the names of leading United States and Canadian manufacturers, and all guaranteed in good condition, are offered for sale by the old firm of Heintzman & Company, Limited, 198-195-197 Yonge-street, at a very large reduction from manufacturers' prices. Easy terms of payment will be made with purchaser. Our readers are invited to call at the handsome warehouses of this firm and see these instruments for themselves, or if out of town writing asking for lists.

Dominion Steel Dividends.

MONTREAL, March 15.—(Contractors.)—At a meeting of the directors of the Dominion Steel Co. this afternoon the regular quarterly dividend of 1 per cent. was declared, payable April 1 to holders of March 20. The usual dividend was declared on Steel preferred.

Canada's meteorological service has been making observations of the under air with sounding balloons. Of sixteen balloons sent up eight have been recovered. The lowest temperature recorded was 91 degrees below zero, Fahrenheit, at an altitude of about 3.7 miles.

HELENE WINS HANDICAP BEATING ROYAL REPORT

Favorites Show Improvement at the Charleston Track—Mexico Results.

CHARLESTON, March 15.—Favorites fared better to-day, winning a majority of the races. An exception was in the last event that went to Rey at 9 to 1. Helene, second choice, beat Royal Report in the handicap. Following is the summary:

FIRST RACE—Two-year-olds, purse \$500, maidens, half mile. 1. Yorkville, 14 (Butwell), 7 to 2, 6 to 5 and 1 to 2. 2. Insurance Man, 11 (Hopkins). 3. Fort Sumter, 14 (Wilson), 12 to 1, 5 to 2 and out. 4. Gentry, 10 (Star), 12 to 1, 5 to 2 and out. 5. Miss Velma also ran.

C.W.A. Want to Send Team of Four to Sweden

Olympic Race One of 200 Miles Around Lake Malär—Annual Meeting to be Held on April 6.

The executive of the C.W.A. met last night at Hotel Paltoneer and decided to send a team of four men to compete in the race at Sweden.

The bicycle race is over a distance of 200 miles around Lake Malär. Four men constitute a team and both individual and team prizes will be allotted.

Applications for umpire and scorer should be made to the secretary at the city hall before the schedule meeting, which takes place on April 2.

ABIT OF HISTORY

Sandy Macdonald Special Liqueur Scotch Whisky 10 Years Old

HISKY—the liquor distilled from grain and malt, probably originated among the Celtic inhabitants of Scotland, as the name is from the Celtic, meaning "Water of Life."

Very few whiskies could now be truly known as "water of life" as many of the concoctions sold under the label of Scotch Whisky are positively dangerous to health and life.

SANDY MACDONALD SCOTCH stands out in strong relief amongst the many brands offered for sale on this market, as it is medicinally recognized as a pure, tonic and invigorating drink of quality, flavour, strength and purity.

ASQUITH MUST LEGISLATE COAL NEGOTIATIONS OVER

Continued From Page 1. Government, afford what they have always regarded as all important—a means for securing an end to the controversy between the employers and employed.

After the adjournment of the conference the miners' federation issued a statement to the effect that they have been empowered by their executive committee to consider the government's bill in order to safeguard the interests of the workmen.

From many other districts come evidence of the growing desire of the miner to return to work, more particularly among the non-unionists, who are not receiving any strike pay.

Feeling Poverty's Pinch. More than 4,000,000 people are already affected by the strike, and every organized relief fund is hard pressed taking care of its dependants.

Civil Service Baseball League Annual Meeting. Walter Trivett Again Elected President and George Farley Secretary.

The annual meeting of the Civil Service Baseball League was held last night in the city hall, President W. F. Trivett in the chair.

Patrons—Hon. Dr. Reame, Mayor Geary, W. B. Rogers and C. Thompson. President—W. F. Trivett.

Secretary—R. B. McGill (P.B.), T. Benson, (P. Mason), A. O. Galbraith (P.O.), W. J. Woods (City Hall).

The Garret baseball was again unanimously adopted as the official ball. The league games will again be played in Jesse Ketchum Park.

REORGANIZING LIVE STOCK DEPARTMENT.

OTTAWA, March 15.—(Special).—Hon. Martin Burrell, minister of agriculture, has practically decided to divide the work which was formerly undertaken by Dr. Rutherford, live stock commissioner.

Absolute Deadline, Says White. NEW YORK, March 15.—"All negotiations with the anthracite coal operators are off," declared John P. White, president of the United Mine Workers of America, at the adjournment of the meeting this afternoon, which was held in the city hall.

Child Was Strangled. CORNER Gilmour's jury, which has been sitting since the death of a three-month-old baby which was found on a pile of lumber at the rear of a West Toronto hotel, returned a verdict last night that the child was strangled by some person at present unknown.

Berlin Banker Promoted. BERLIN, Ont., March 15.—(Special).—J. K. Ball, manager of the local branch of the Bank of Toronto, has been appointed manager of the Vancouver branch, and also superintendent of the British Columbia branches.

Too Busy to Bother With Stories of Resignation, He Says. OTTAWA, March 15.—(Special).—Official circles are not at all disturbed over the reports of the Hon. L. P. Pelletier, postmaster-general, intends to resign his portfolio.

Cabinet Ministers for England. OTTAWA, March 15.—(Special).—Official circles are not at all disturbed over the reports of the Hon. L. P. Pelletier, postmaster-general, intends to resign his portfolio.

Effort to stimulate interest in school teachers of Ontario in Imperial Conference of League of Empire in London, Next July, O.E.A. Will Consider Plans Next Month.

An effort to stimulate interest in school teachers of Ontario in Imperial Conference of League of Empire in London, Next July, O.E.A. Will Consider Plans Next Month.

STANLEY CUP HOLDERS FOR BOSTON

President Percy Quinn of the Dominion Lacrosse Association announces that the first meeting of the Big Four will be held on April 8, in Toronto, at the Prince George Hotel and not at Montreal, as was first supposed. The schedule will be drafted at the meeting, and general business done there with, such as the naming of referees and judges of play for the coming season, and the players for the four teams will have to be settled on by that time.

STANLEY CUP HOLDERS FOR BOSTON

QUEBEC, March 15.—Traveling in a special car attached to the afternoon express on the Canadian railway, the Quebec hockey team left today for Boston, where they will open their series of exhibition games with the other teams of the N.H.A. The Quebec team's first game will be with Ottawa and will be played on Monday night. The team will be in charge of M. J. Quinn.

CHILD WAS STRANGLED

Gibson's jury, which has been returning to the death of the child, which was found dead in a trunk of lumber at the rear of a front hotel, returned a verdict of death by strangulation by a person at present unknown.

Banker Promoted

Mr. C. H. Fisher, manager of the local branch of the Bank of Toronto, has been promoted to the position of branch manager of the Vancouver branch, and also superintendent of the British Columbia branches.

Cabinet Ministers for England

Mr. Asquith, minister of marine and fisheries, has been appointed to the post of secretary of state for the colonies, and Mr. Fisher, minister of marine and fisheries, has been appointed to the post of secretary of state for the colonies.

EATON'S

This Classy Gunmetal Calf Boot, \$5

Here's an admirable boot to wear to business. Note its good points—the shape, stylish, yet not extreme, the new Ribbo full raised toe, giving ample space for the toes to lie flat in a natural position, the medium heel, the neat toe cap, the short vamp, the nice dull gunmetal finish. And—what one cannot tell from the illustration—It's of a very desirable Spring weight; sizes 5 1/2 to 11. In popular widths. Price \$5.00 Second Floor—Queen St.

THE T. EATON CO. LIMITED

St. Michael's..... 5 Burns..... 11
St. John's..... 5 Kinella..... 13
St. Patrick's..... 5 Wylie..... 13
St. Andrew's..... 5 Akery..... 11

MORRIS SPIEGEL IS CONVICTED

Fire on His Premises Must Have Been in Progress Before He Left the Building.

"I have struggled with myself to find a reasonable doubt for the prisoner, but I cannot do so."

With these words of Judge Denton, the last hope of Morris Spiegel, proprietor of the National Boys' Clothing Company and charged with arson, for an acquittal departed.

"No number of employees giving favorable evidence can disturb the damaging fact which stares the prisoner in the face, that the fire must have been in progress before he left the building," continued the trial judge.

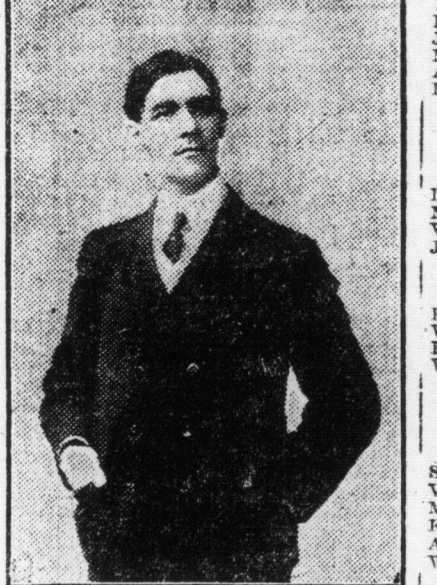

"The case in a nutshell amounts to whether or not to put credence in Policeman Clark," said his lordship. "The officer swears that he followed Spiegel on the night of the fire until he reached the lane next the factory on Shepherd-st."

Spiegel was remanded for sentence on \$4000 bail in the sureties of his wife and Henry Goodman.

"How about \$2000?" asked Mr. Curran.

"I want good, substantial bail," said Crown Attorney Greer, "as it would probably be worth that to this prisoner to skip out. This is one of the most serious charges possible."

Spiegel was taken into custody today, pending the arrival of his bondsmen.

Pete Griffin, who scored such a big success this week as the eccentric dancer at the Star Theatre with the Williams Imperial Burlesque Co.

NIGHT HAWKS WIN ROLL OFF AND M'MILLAN CUP

Defeat Fishing Club in All Three Games Deciding the Central League.

In the T. B. C. Fivepin League last night, the Tea Peas won all three games from Neophites. Manager Yeardeley of the latter, however, was perfectly satisfied with the showing made by his "bopes" in their initial performance, and promises bigger things on their next appearance.

"Pres." McKinley, for Tea Peas, was high for the night, with 204, while Manager Yeardeley was the big getter for his team, with 264. Scores:

Neophites—	90	120	210
Gunton	122	104	226
Yeardeley	138	126	264
McKinley	138	126	264
Totals	588	507	1095

Business Men's League

In the Business Men's League, at the Toronto Bowling Club last night, St. Lawrence (Limited) won two out of three games from Owl Shoes. Armstrong, for St. Lawrence, was high for the night, with 208. Eddie Bird second, with 143, while Yeats, for the Owls, was third, with 124. Scores:

Owl Shoes—	1	2	3	T.T.

NEW ARRIVALS HAVE READY MONEY

Wealthy Immigrants With Thousands of Dollars to Invest Are Arriving in Toronto, and Are Entitled to Best Protection the Ontario Government Can Afford.

Wealthy immigrants with thousands of dollars each to invest are arriving in Toronto, and letters of enquiry respecting Toronto investments are also being received from English capitalists. Names, particulars, and actual correspondence were placed before the World yesterday afternoon by Albert Chamberlain, whose name had become known to the enquirers thru his work in the establishment of the British Welcome League. In view of the announcement that 7000 British immigrants have or are about to sail from Great Britain for Canada, Mr. Chamberlain said that both those with capital to invest and those who had merely their labor to sell, should have the best protection from sharks that the Ontario Government could furnish. Probably the press by its exposure of fake propositions was the only protection, outside of the scrutiny of Hon. W. J. Hanna's department, of applications for clients.

In relation to the labor-seeking immigrants, it would be a shame if they were again left to the tender mercies of the ordinary employment agencies. "I am glad," said Mr. Chamberlain, "that the provincial government is to spend \$5,000,000 on New Ontario in making the land fit for a British immigrant to live in."

Sidelights

Ormsly won three games from Dublin in the Sheet Metal Workers' League last night by default.

Match game between Glen Armstrong and E. Emery on College alley this afternoon; 10 games, total pins to count, for a purse of \$100.

Irish Smoking Concert at Rosedale. The Irish members of the T.L. and A. intend holding a smoking concert at the club house in Rosedale on Monday evening. Members and their friends are cordially invited. Mr. Richard Keegan, who was born in the city of Cork on March 17, will preside. This is the only notice that will be given.

Dead Men

The man lacking in the vital power nature gave him, debarred by weakness from functional enjoyment of his most important functions, merely a burlesque upon strong, robust, virile manhood, is, in a sense:

A Dead Man

Life has lost its zest, the gold of enjoyment is absent, it is not worth the price of the pain it cost to live. Every weak man knows this is true. Thousands of men in all walks of life restored to full manhood. Do not delay, but consult me to-day.

Hickey & Pascoe Spring Showing

Of High-Grade Wearing Apparel For Men.

During the past week we have been busy passing into stock new Spring goods, in clothing and furnishings, and we can safely say our showing and creations from the latest English and American markets were never before gathered in such volume as will be found here in our first SPRING SHOWING.

We invite your careful inspection, and feel that we can satisfy the wants of the most particular buyer.

Our stock of Spring Suits for men has never been duplicated in this city. We have the new English models and the newest creations from New York, all designed for our own exclusive selling. The materials are of imported English Worsteds, Saxony's and Bannockburn Tweeds, in all the newest colorings of browns, greys, and new peculiar shades of tan. We are making a special showing in these different models and colorings, at popular prices, and we feel justified in laying claim to the best values in the city at our special prices for Men's Suits of \$12.50, \$15.00, \$18.00 and \$20.00.

We have carefully considered our buying in furnishings, and we have a display in men's wants well worthy of our efforts.

New Spring Shirts, in hairlines and fancy designs, \$1.25, \$1.50 and \$2.00.

New Spring Hosiery, Neckwear, Underwear and Gloves of an endless variety. Our stock is most complete, and a visit to our store will convince you that the world's latest styles are here at popular prices, for you to choose from.

INSPECTION INVITED.

SATURDAY MORNING, MARCH 16, 1912

A MENACE TO THE WEST.

Mr. R. B. Bennett, M.P. for Calgary, told the Canadian Club at Montreal the other day that the two evils which afflicted the west were American immigration and the many opportunities there were in that country to get rich quickly. He said in this connection that the American immigrants were, as a rule, in favor of low tariff, and brought with them a feeling of unrest. They made first-class Canadians, he said, but not good Britishers.

Mr. Bennett's remarks will be received with some surprise. Every new country holds out to the enterprising spirits of the world the hope of acquiring wealth instead of earning a bare livelihood. It may be that some individuals are injured rather than benefited by making money too fast, but that land is most fortunate where every boy has a chance, or at least the possibility, of becoming a rich man. Every soldier in Napoleon's army was said to carry a baton in his knapsack; he might never become a corporal, but there was always a possibility of his becoming a marshal.

Mr. Bennett should know what he is talking about, but his fear of the American settlers seems to be a trifle unwarranted. If Canada is a British country, and they become good Canadians, what more can be asked? They will not have the same feeling for Britain as people who came here from the old country, but that is to be expected. Nor would it be practicable to exclude all immigrants with leanings toward free trade; to do this would be to exclude many English and Welsh radicals, who become prominent as grain growers in the prairie provinces.

Mr. Bennett has the right pig by the ear, however, when he associates the American invasion with the opportunity to get rich quickly. Pass the word around that you can no longer get rich quickly in the Canadian west, and the rush of immigrants will trouble us no longer.

THE PARK COMMISSIONERSHIP.

No good reason has yet been advanced why the next in command should not be advanced to the position of park commissioner for Toronto. The principle of promotion is an excellent one to follow in the conduct of the civic services and should not be departed from unless the public advantage cannot be otherwise conserved. That possible and proper exception can be eliminated from the matter of the park commissionership. In Mr. Chambers, who enjoyed the complete confidence of the late Mr. Wilson, the city council has an official admirably qualified to pursue and to develop it on the lines that have met with public approbation. Attempts have been made to deny Mr. Chambers' qualifications on the ground that he has had office training only. This assertion is without warrant, as has been abundantly shown. Mr. Chambers has acted as park commissioner during the period of the vacancy and for a considerable time before it occurred was associated with the active duties of the post. His record has had the emphatic endorsement of those whose practical knowledge and experience entitles their opinion to full consideration on the part of the city council. There can be no doubt that Mr. Chambers' appointment would be heartily welcomed by the public. What actual park development can be placed to the credit of the candidate recommended by the board of control?

WHY THIS RELUCTANCE?

In his third term the mayor seems bent on destroying any reputation he may have made in his first two years of office. Recently he has been spending most of his time in endeavoring to prevent Mr. Home Smith securing from the legislature the right to build an electric railway line at his own expense over his own private right of way to serve his own properties. The railway committee having passed the bill, the mayor makes himself ridiculous in the evening papers by attacking, first, the railway committee, which laughed at his arguments; secondly, the city papers in not abetting his know-nothing tactics; thirdly, the city members of the legislature for not accepting his views of the bill and helping him to fasten the same of "Hogtown" more firmly on Toronto; this, also the mayor did not like sufficient interest to present himself at the last meeting of the committee, and, lastly, by an attack on Mr. Home Smith, accompanied by a threat, in

SAVED FROM THE SURGEON'S KNIFE

"Fruit-a-tives" Cured Appendicitis. NEWBURGH, Ont., Feb. 12, 1910. "Just about a year ago, our daughter Ella (fourteen years) was taken with terrible pains in the right side. We at once put her under the care of a first-class doctor, who pronounced it a case of appendicitis and advised an operation. We took her to a hospital in Kingston where she was again immediately examined by an eminent specialist. He said she had appendicitis and must be operated on at once, if we wanted to save her life.

At Osgoode Hall

ANNOUNCEMENTS.

Peremptory list for the division court for Monday, March 18, 1912, at 11 a.m.: 1—Connors v. Reid. 2—Hawkins v. McDougal. 3—Greene v. Brown. 4—Benoi v. Foucault. 5—Emerson v. Cook and cross appeal. 6—No. 1 will be taken first by order of the court.

Master's Chambers. Before Carver, K.C., Master. Re A. O. U. W. and Riddell—A. G. F. Lawrence, for the society, F. Ayiesworth, for John Riddell, T. N. Phelan, for Adelia Riddell. Motion by the plaintiff for leave to pay into court \$1000 less costs. Judgment: It is now alleged that Adelia was not the granddaughter of the deceased, but only of his wife, and that the testator spoke of her as his granddaughter and not as his grand-mother. It is clear there must be an issue to be tried at next sittings at Osgoode Hall or some other convenient place. In this John Riddell is the plaintiff and Adelia Riddell defendant, the issue being simply if she is a granddaughter or not of the deceased, and in the earlier part of the jurisdiction cannot under the circumstances be required to give security for costs.

Leopard v. Imperial Steel and Wire Co.—Bowen (Du Vernet & Co.) for defendants. Motion by defendants, on consent, for an order dismissing action without costs. Order made. Hay v. Sutherland—G. B. Balfour, for defendant. Motion by defendant, on consent, for an order dismissing action without costs and dissolving injunction. Order made. Legomino v. Torre—J. Montgomerie, for defendant. Motion by defendant on consent, for an order dismissing action without costs and vacating certificate of his residence, and the order appointing plaintiff receiver. Order made. Gowganda v. Kemmerer No. 1—Bristol (Blenkiron) v. plaintiff, G. M. Clark, for defendant. Re Kemmerer, E. E. Brown, for defendant Brodie and Boisseau, H. S. Murton, for defendant Greig, Z. Gallagher, for defendant Willis. Motion by plaintiff for an order amending statement of claim. At Mr. Brown's request, motion enlarged until 19th inst.

Sioman v. Koropp—R. J. MacLennan, for sheriff of Toronto, J. Montgomery, for defendant. Motion by defendant on consent, for an order dismissing action without costs and vacating certificate of his residence, and the order appointing plaintiff receiver. Order made. Mitchell v. Heintzman—T. N. Phelan, for defendant. Motion by defendant for an order striking out paragraphs four to seven of statement of claim, or for payment of damages and injuries. Referred to trial at the non-jury sittings. To be tried at Osgoode Hall. Harrison v. Knowles—S. G. Crowell, for plaintiff. D. H. King, for plaintiff. Motion by plaintiff for an order changing venue from Toronto to London. Reserved. Wood v. Grand Valley—C. J. Holman, K.C., for defendant. Patterson, J. G. Sweet, for plaintiff. Motion by defendant Patterson for an order for the trial of the issues raised by third party notice. Order to go to trial. Leave to Patterson to amend statement of defence by payment into court.

Before Falconbridge, C.J. Re Yinettes—F. W. Harcourt, K.C., for infants. Motion on behalf of infants for a fiat for payment of certain monies raised in this fashion, ought not to cost us much more than \$750,000 a year—a mere bagatelle in comparison with Mr. Maclean's straight-out gift of ten millions—also in comparison with the fifty-five millions the late Government were to spend in ten years, and get nothing for it but a quarter of thirty millions, they can stand the time, will come when a wealthy, populous and mighty Canada will regard it as a flea-bite.

Editor World: There are census enumerators in New Ontario who have not yet got one cent of pay for their work. Can you tell them why they are not paid? "One Shrug."

Editor World: Will you, in behalf of the many admirers of the incomparable George Cruikshank, help in the locating of "The Drunkard's Children" (made up of eight plates like "The Bottle") to which it is a sequel which with "The Bottle" had a sensational run of success as etchings, is in the possession of my mother as a series of oil paintings executed in masterly style by Geo. Cruikshank late in life. Touching these I doubt if there is as unique a set of paintings—as splendid and sympathetic as a depicting of character, hope and tragedy, on this side of the Atlantic as beyond, except it be found in "The Bottle" series. Allowing that a vast amount of time was spent in the painting of "The Drunkard's Children," it would be a matter of some wonder if Cruikshank did not also give us "The Bottle" in oils. If he did not paint "The Bottle," we must conclude that he estimated the time to be too short to allow of his finishing both series ere his end came. Perhaps you, sir, will make inquiry of your readers, many of whom own from the old country. We are making inquiry in the States and England. I will give \$100.00 to the person who locates "The Bottle" series. Don Bank House, of Cambridge avenue, Toronto.

THE BUDGET AND THE NAVY.

Editorial, Montreal Star, March 14: The business man's finance minister has given us a business man's budget. Nor does he see any clouds on the horizon. Mr. W. P. Maclean proposes to take ten millions of our surplus and send it to London as a contribution to the imperial navy. Mr. Maclean is quite right in regarding the naval question

The Light Beer in the Light Bottle

Keefe's Pilsener Lager

The Lager that advances as imported Beers retreat.

Sold by all leading Hotels, Cafes and Dealers.

THE O'KEEFE BREWERY CO., LIMITED, TORONTO.

which I interpret to mean until an actual sale of the household property is made by the executors if by reason of Frank's death the right of the executors to sell arises on the expiry of 15 years from the date of the will, when Frank himself, if then living, is entitled to sell or to think the 15 years is the expiry limit; but if by reason of Frank's death the property is sold earlier the right to the legacy then ends, and the annuitant will instead thereof receive the pecuniary legacy given in the earlier part of the will. The costs of all parties may be paid out of the estate.

Livingston v. Livingston—J. F. Hellmuth, K.C., and J. H. Moss, K.C., for defendant. W. Nassib, K.C., H. S. Oler, K.C., and W. A. Cameron, for plaintiff. An appeal by defendant and a cross-appeal by plaintiff from the certificate of report of G. Kappelo, K.C., an official referee. Not concluded.

Before Clute, J. Magnusson v. L'Abbe and Bangsten. A. E. Cole (Port Arthur) for plaintiff. A. J. McComber (Port Arthur) for defendant. An action to recover damages sustained by plaintiff while working for defendants in a trench at Port Arthur by reason of a log falling upon plaintiff. An appeal by plaintiff from the judgment of the referee, G. Kappelo, K.C., an official referee. Not concluded.

Divisional Court. Before Falconbridge, C.J.; Britton, J.; Middleton, J. A. Grey v. Victoria Printing Co.—S. H. Bradford, K.C., for defendants. J. Jennings, for plaintiff. An appeal by defendants from the judgment of Mulock, C.J., of Dec. 20, 1911. This was an action for damages for breach of contract, the cancellation of his subscription for 200 shares of stock in the defendant company on the ground of false representations of the company and the state and condition of the company where he was induced to pay to defendant company the sum of \$200, for repayment of plaintiff of the said \$200, and for damages against defendant, Purrier and Wilson, for their alleged misrepresentation of the company.

At the trial judgment was awarded plaintiff for rescission of the contract, cancelling his subscription and ordering repayment by the company of the said \$200 with interest, and against the company and dismissing the action without costs as against Purrier and Wilson.

Judgment: It is now settled by a series of cases that "misrepresentation is no ground for setting aside an executory contract, unless such misrepresentation would be not only sufficient to afford ground in equity for rescission of the contract, but also is a deceitful in contemplation of a court of law; or as Lord Selborne stated it, unless there is a fraud or misrepresentation which would be allowed. No costs to company of either the action or appeal.

Services at Elm-street Church. There will be special services at Elm street Methodist Church to-morrow, in the morning, Rev. Dr. J. H. Hazlewood will preach a W.M.S. anniversary sermon and in the evening Rev. Dr. W. F. Wilson, the pastor, will address members of the Irish Protestant Beneficial Society.

A Blow at the White Plague. Just think what it would mean if even half the deaths from consumption could be saved. It is surely not too much to claim that at least this many cases are directly due to neglect to cure cough.

It is a simple matter to control a cold when you have Dr. Chase's Syrup of Linseed and Turpentine in the house. Many thousands have found this out by experience, and this is why no treatment for coughs and colds has anything like the sale in this country that this well-known medicine has.

Group, bronchitis, whooping cough, sore throat and chest colds soon yield to the healing, soothing influence of this great medicine. You can readily see why it will then understand why this treatment is so popular.

The Remington Co. announces that

Merry War Between Typewriter Cos.

Underwood and Remington Concerns at Loggerheads—Price Cutting May Follow.

One of the greatest fights in the history of industrialism on this continent is now being waged between the two big typewriter companies across the border. It opened about two weeks ago with the announcement by the Underwood Typewriter Co. that it had made an unprecedented sale, 10,000 machines, to the Western Union Telegraph Co. The Remington Co. replied with a volley of grape shot in the form of a statement that the sale had been made at a greatly reduced price, and that consequently profits had been eliminated, and the contract accepted as a means of advertising. This in turn was denied by the Underwood interests.

The latest feature in the campaign is the absorption of the Monarch and Smith Premier Companies by the Remington Co. This means, in effect, that the typewriter business across the border grows itself down to a fierce fight between the two con to a fierce fight considered that the two companies have a combined capitalization of \$31,000,000, and that the latter is to be one to the death, the magnitude of the competitive strife is readily manifest.

FEMALE FARM HANDS FROM ENGLAND
 Arthur Hawkes Punctures Popular Fallacy That Visible Supply to Be Drawn From is Large.

Ottawa, March 15.—(Special.)—Judging by the inquiries which are being received by the immigration department and the rural members, there is going to be a big shortage in farm labor this spring. Arthur Hawkes, special commissioner, who has been investigating immigration questions, who is in Ottawa to-day, does not hold out much hope for Canadian farmers getting much relief from England.

"There is a mistaken idea," said Mr. Hawkes, "in regard to British farm laborers. It is the general impression that there is an unlimited supply in the old country to be secured if proper means are adopted. The agricultural population of England is comparatively limited. It is the industrial portion of the old land which is overworked. Then there is a movement in England to encourage the development of agricultural industry. Hon. Lloyd-George has recently had a bill passed providing for the spreading of several millions with the view of establishing small farms. The supply is very limited and farm hands are really hard to get."

Mr. Hawkes has completed his report and it will be presented to Hon. Robt. Rogers at once. In the meantime he is busily engaged in the completion of the report ends Mr. Hawkes' work for the government, although it would not be surprising if he was later appointed to an important position in the immigration department with a view to carrying out some of the recommendations he has made.

WOULD STOP STEAM TRAWLERS
 N. S. Legislature Urges International Prohibition on Atlantic Coast.

HALIFAX, March 15.—(Can. Press.)—The Nova Scotia Legislature this afternoon adopted a unanimous resolution memorializing the Dominion Government to take steps to secure an international prohibition of steam trawling on the Atlantic coast of Canada. The motion was moved by J. C. Tory, a government member, and seconded by J. W. Margeson, opposition.

The federal government will be memorialized to set in motion the powers of diplomacy thru the imperial government to bring about an international convention between the countries immediately concerned, (Great Britain and France) for the suppression of the said manner of trawling in the open seas.

A delegation leaves for Ottawa to interview the government on this matter.

New Sunday World Feature
 A series of word puzzles, consisting of acrostics, charades, word squares, etc., next Sunday.
 For the correct solutions we will give a book valued at \$1.25.
 Neatness will be considered in awarding the prize.
 You will find the Webster's Dictionary, elsewhere advertised in this paper, a great aid in the solving of these problems. If you have not already obtained a copy, see that you get one right away. The possession of which will more readily enable you to win one of the above Free Prizes.
 There is no entrance fee whatever in the puzzle competition.

SCHOOL GRANTS IN PUBLIC ACCOUNTS
 Dr. F. W. Merchant, being somewhere in New York State at the present time, was not on hand, as had been requested by N. W. Rowell, when the public accounts committee met at the parliament buildings yesterday morning. Deputy Minister Colquhoun explained that after his report on English-French schools in the province had been handed in, Dr. Merchant was sent over to New York in connection with the inspection of some industrial schools there. The deputy minister said he might be there for a week or two or three weeks yet, but if there was any information that the committee wanted regarding salary, expenses, etc., he could produce it in about a week.

J. C. Elliott suggested that the education department should find out in the meantime, Dr. Merchant could arrange to be in Toronto in about a week and the public accounts committee could then have him make his own statements. This was decided on, so Dr. F. W. Merchant can make a fitting trip to Toronto anytime soon, everybody will be glad to hear.

Mr. Elliott then centered his attention on some grants mentioned in the public accounts, that had been made to the school sections in the township of Springerton, including the township of Springerton, numbered one, two, three, four and five. The public accounts show grants to one, two, three and four, with the fifth omitted. Mr. Elliott wanted to know if any grant had been made to the fifth section, and if so, why had it been left out.

Mr. Colquhoun explained at this point that the grant in question was made to the township of Springerton, and the subsequent year, the fiscal year ended. Hence it would be in next year's accounts.

One of the sections showed the amount of the grant to be \$25.50, while another section got \$188.

"How do you account for the difference?" asked Mr. Elliott.

Mr. Colquhoun replied that he hadn't heard the specific reasons for this difference, but he would be glad to hear of them if the inspector's report.

At this point J. W. Johnson, West Hastings, interrupted, saying, "What do you insinuate?" he enquired from Mr. Elliott. "Why are you concentrating all your attention on this item?"

"Now, surely, the hon. gentleman doesn't want us to take that remark of his seriously!" was Mr. Elliott's response.

"Well, you are creating suspicion," replied Mr. Johnson.

"Yes, and we have here the means of clearing it up," was Mr. Elliott's parting shot.

When Mr. Elliott asked to see the correspondence connected with the grants to the school sections in the township, both the chairman, G. H. Ferguson, and Hon. I. B. Lucas said that the papers he required should be sent to him.

Mr. Elliott also asked to see the papers in connection with the purchase of the new site for government house. Hon. Dr. Reame will see that the request is granted.

Dr. Merchant is Away, But the Deputy Minister Promised to Produce Any Papers and Correspondence Asked For—J. W. Johnston Did Not Like Insinuations.

Course of Canada.
 Mr. Strohmeier assumed the property qualification in municipal election contests.

"When I ran for the legislature I didn't need to have the price of a toothpick," he said, "but to run for the legislature I need to have the price of a toothpick."

When you advocate these reforms you have to be radical, and you have to be radical to work for. You then place yourself above party politics."

Artificial Respiration.
 Dr. E. M. Richter and E. A. Beasley, Chicago, have devised a motor-operated device for maintaining artificial respiration during operations of major surgery. The compressor element of the apparatus is employed to furnish air at a pressure of 6 mm to 12 mm of mercury, and the control valve is attached to the lungs, to simulate natural respiration, is effected by an electro-magnetically operated valve, the circuit of which is closed at intervals by clock-work. The period of this artificial respiration can be regulated to suit the needs of the patient.

Victims Can Cure Themselves With Dr. Williams' Pink Pills.
 With the coming of March people who are afflicted with rheumatism begin to have unpleasant reminders of their condition. The weather is changeable, balmy and springlike one day, raw, cold and piercing the next. It is such sudden changes of weather that set the pains and tortures of rheumatism, lumbago and sciatica going. But it must be borne in mind that although weather conditions start the pain, the trouble is deeply rooted in the blood and can only be cured through the blood. All the lotions and liniments in the world can't cure rheumatism. Rubbing may seem to ease the pain while you are rubbing, but there its value ends. Only through the blood can you cure rheumatism. That's why Dr. Williams' Pink Pills have so many thousands of cures of this trouble. The weather is changeable, balmy and springlike one day, raw, cold and piercing the next. Woman's Realm--the Household, Fashions and Society

SOCIETY

Mrs. MacGregor Young was the hostess of a large tea this week. Mrs. Hay has sailed for England and Miss Margaret Hay is visiting her aunt, Mrs. Braithwaite, in Montreal.

The Heliconian Club gives a dinner at the St. Charles this evening. Mrs. Thomas Galbraith Weston gives a tea this afternoon.

Mr. and Mrs. Bernard Ryan have returned from their wedding trip and are at the Queen's. Madame Beatrice Le Palme passed thru Toronto this week on her way to Montreal from Detroit.

The 28th annual exhibition of the Arts and Crafts at the W.A.A. gallery, Jarvis street, will be opened at 1 o'clock this afternoon by Lady Gibson.

The 4th Highlanders and the Royal Grenadiers give an exhibition of some of the armories at 8.30 this evening, after which General and Mrs. Colton will receive in the mess room.

Miss Beatrice Bethune, St. George street, gave a small bridge party last night. A large theatre party was given at the Princess this week for the attendants at the Rose-Taylor wedding which takes place this afternoon.

Sir Lyman and Lady Melvin Jones, Rev. T. and Mrs. Crawford Brown and their little son will spend the summer abroad. Mr. and Mrs. Wm. A. Casar announce the engagement of their daughter Margaret J. (Bibi) to Mr. Herbert M. (Bert) Upton.

Mrs. Mackelton and Miss Agnes Dunlop have returned from a visit in New York. Mrs. Nason, who has been visiting Mrs. Rupert Pratt, Markham-st., left.

YALE MEN'S OPERA SCORES. NEW YORK, March 15. (Can. Press).--"Mona, the Girl of the Year" American opera written by Prof. Horatio Parker, of Yale University, to a libretto by Brian Hooker, a Yale graduate, had its premiere tonight at the Metropolitan Opera House.

The Twins Liked Their Mugs

The World yesterday received the 100th application for one of the Silver Mugs which are being presented to babies born in Canada on the 28th of February last. As all coupons must be in by the 31st of March, there is yet half a month to go, and the award this year bids fair to reach the 150 mark.

The first pair of Leap Year twins received their mugs and were highly delighted, as may be seen from the following letter: Owen Sound, Ont., March 14th, 1912. Silver Mug Department, Toronto, Ont.

Dear Sirs: Having received your Silver Mugs for the little Healy babies, would say they are far beyond our expectations when we first heard of your gifts to Leap Year babies. We feel very thankful for the kindness you have shown towards us, and this we shall never forget for the years to come.

HOME HELPS

Connect an electric light bulb with several feet of wire, long enough to reach to any part of the kitchen, and you will have a convenient light over sink, table, range or cupboard as you need it.

When you are busy and have something in the oven, a newspaper or a sheet of paper, dredge out a little flour and half a teaspoonful of salt. Bake with two crusts.

Orange and banana salad--Slice three oranges thinly, or with a sharp knife cut the pulp out of the sections. Scrape the pulp of three bananas free from coarse threads and beat with a fork.

Countess of Warwick. Among the noted women of England none stand out more prominent than the Countess of Warwick, who will appear in Missy Hall on Friday evening, the 22nd, on the occasion of the "New Era in the Old World."

Readings and Monologues. The junior students of the Conservatory School of Expression were presented in an interesting and entertaining program of readings, scenes and monologues.

Printers and Bookbinders. A meeting of representatives of the Master Printers' and Bookbinders' Association and the Pressmen's Association and the Bookbinders' Association in affiliation with the Canadian Federation of Labor, was held last night in the board-room, Wesley Building.

AT THE THEATRES

First Time Here of the "Ziegfeld Folies." The largest musical organization in the world, viz., "Ziegfeld Folies," presented by the most famous musical comedy producer of a decade--Florenz Ziegfeld, Jr.--will be the attraction extraordinary all week at the Princess Theatre, starting Monday night, March 18, and with matinees at special popular prices on Wednesday and Saturday.

This is the first time the "Ziegfeld Folies" have ever played on Canadian soil. These revues, as they have been called in the past, have been in existence for over five years. Each summer at his Jardin de Paris, New York, Mr. Ziegfeld produces a new "Folies," they play from June until the middle of September, then go direct to Chicago for ten weeks, then Philadelphia six weeks, Boston eight weeks, Pittsburgh, Cincinnati, St. Louis, Cleveland and sometimes Buffalo.

Manager Sheppard has been trying for several seasons to arrange bookings for the "Ziegfeld Folies" could play here, as it has the reputation of being far superior to all other musical entertainments. Besides being more massive from the production standpoint than any other two companies put together, it contains the names of enough musical comedy stars to make half a dozen other companies.

A special feature, besides its wonderful cast, are the "seventy-five Ziegfeld beauty girls"; they are the pick of the best of the combination of life and limb. The company, which numbers over one hundred, has as stars such celebrities as Leon Errol, Mamie J. Kelly, Fanny Brice, Hoss Sisters, William Bonelli, Stella Catalina, Chas. A. Mason, Betty Schriener, the Gorman Sisters, Olga Roller, Peter Swift, Clara Hanson, Dave Abrams, Lottie Vernon, Fawn Conway, Brown and Blyer, Arline Bonner, and the Williams.

"Ziegfeld Folies" is in two acts, words and lyrics by George V. Hobart, music by Maurice Levy and Raymond Hubbell. The original cast included the personal supervision of Mr. Ziegfeld, musical numbers arranged by Gus Solara, and book, Mason. The entire entertainment is in scenes, which move with the usual Ziegfeld rapidity. From a production standpoint, it is a special treat with four bargains offered to carry its material.

"Bunty Pulls the Strings." If mail orders count for anything, especially when they contain cheques, there is a special feature on the bill and he is assisted by dainty Mabel Russell. Mr. Leonard is a prime favorite with Shmeesters and on this visit will appear in a combination of new songs in his own delightful and peculiar way.

"With Edged Tools." "With Edged Tools" is a modern play adapted from which is the play of the same name. It is up to the second as regards wit and brilliance, form, and dramatic situations and surprises, and yet, the glamour of romance pervades the whole.

Leap Year Birthday Mug Coupon. For silver mug awarded by The Toronto World to babies born on February 29, 1912. Name of Parents, Address of Parents, Name of Baby, Date and Hour of Birth.

OLD DRUG ALMOST CRAZY WITH ECZEMA

A Remarkable and Convincing Statement of the Success of Cuticura Soap and Ointment in the Treatment of the Pain, Itching and Burning of Eczema.

"I, the undersigned, cannot give enough praise to Cuticura Remedies. I had been doctored for at least a year for eczema on my foot. I had tried doctor after doctor all to no avail. When a young girl I spread my ankles three different times, paying little or no attention to it, when five years ago a small spot showed upon my left ankle. I was worried and sent for a doctor. He said it was eczema. He drew a small hole from the ankle about the size of a pinhead and about an inch long. The small hole grew into a sore and the eczema spread to the knee. The doctors never cured it. The itching was persistent. The whole foot ran water all the time.

"My husband and my sons were up night and day watching me from some one to another in the hope of finding me some relief. I would sit for hours at a time in front of the fireplace hoping for daylight. The pain was so intense I was almost crazy. In fact, I would lose my reason for hours at a time. One day a friend of mine dropped Golden Ointment on my ankle. I was surprised by its effect. I rubbed it on my foot and the itching stopped. The doctors and their medicines, and not being cured, I bought Cuticura Soap and Ointment. I used it for three days and the itching stopped. I was in heaven. After using the Cuticura Soap and Ointment I was restored to health, thanks to the Cuticura Soap and Ointment. I have had no more of it since. I have written a succession of catchy airs.

Billie Reeves Heads London Company. Manager Shea has a great bill of novelty acts for next week at the Theatre, headed by Fred Karno's London company in "A Night in an English Music Hall." This is the first time the original company are one long Toronto and with Billie Reeves, the original inebriated waltz. A miniature version of the original London Music Hall performance is in place and the boxes are filled with devotees to the music.

Ideal Comedians. Rollicking fun, catchy music, pretty faces, and capable prima donnas mark the performance of Williams' ideal comedians who will appear at the Star Theatre all of the kind on the road, and equalled in many excellent burlesque productions of the Western West.

The Winning Widow. "The Winning Widow," this season's latest burlesque comedy hit, comes to the Gayety next week with Hardeen, the great hand-cuff king, as a special feature. "The Winning Widow" is presented by Max Spiegel, who has engaged a company of 30 people, and who has also given it sumptuous scenic equipment.

Organ Recital. Another of the series of organ recitals by Mr. Richard Patterson of the Conservatory of Music will take place this afternoon, at four o'clock, in the Music Hall of the Conservatory. A most interesting program has been prepared. Invitations may be obtained on application at the office of the conservatory.

Must Have Sea. Bad times would be United States, there is the world over. It is not on the judgment and of pride that ought to come. It is not on the judgment and of pride that ought to come. It is not on the judgment and of pride that ought to come.

BURNS CUTS SORES Etc. The most popular and satisfactory ointment on the market. It is reasonable in price and irrefragable in its statements. The public are wise. 25c. all druggists, or Foster-Drum Co., Limited, Toronto, Ont. Mecca Ointment

BABY'S OWN TABLETS CURE CONSTIPATION. The growing of teeth for seed in Poland was started thirty years ago and it has brought to a certain perfection. The local and foreign, and in many cases has turned out much better. BLACKBURN'S PATENT TABLETS 276 COLLEGE ST.

Leap Year Birthday Mug Coupon. For silver mug awarded by The Toronto World to babies born on February 29, 1912. Name of Parents, Address of Parents, Name of Baby, Date and Hour of Birth. I hereby declare the above facts are correct. (Name and address) Attending Physician. All Coupons Must Reach The World Office by March 31, 1912.

OTTAWA, March 15. The official report of the Maclean, M.P., in the budget debate, is a masterpiece of the art of the speaker. I have listened with interest to the speech of the Minister of Finance in regard to the question of the Imperial defence. The question of the Imperial defence is a matter of the greatest importance. The Imperial defence is a matter of the greatest importance. The Imperial defence is a matter of the greatest importance.

IMDECILE, IDIOT PUMPING COST IGNORAMUS HIGHER THIS AND THEN YEAR SOME

Rev. Ben H. Spence Thus Characterizes The World Man Who Wrote an Article Regarding the Appointment of an Organizer for the Temperance Party.

One Cent Per Thousand Gallons More on Account of Increased Expenditure — Revenue Estimated at \$3,809,555 — No Water to Spare for North Toronto.

"Imbecile! Idiot! Mischief-maker! Ignoramus!" were among the flowers of speech with which Secretary Ben H. Spence, the ordinary Methodist minister, regarded the Alliance office staff when he read the exposé in The World yesterday of the machine scheming to quietly put the political action committee to sleep with his loaded up general executive.

Mr. Spence, who is a member of the Alliance office staff, and who is also a member of the political action committee, stated yesterday that he had not heard of the scheme. This was quite natural, in like manner. Contrary to the charge, Mr. Spence is not a member of the political action committee to sleep with his loaded up general executive.

Mr. Spence, who is a member of the Alliance office staff, and who is also a member of the political action committee, stated yesterday that he had not heard of the scheme. This was quite natural, in like manner. Contrary to the charge, Mr. Spence is not a member of the political action committee to sleep with his loaded up general executive.

According to the report of George Mitchell, the rating clerk of the city waterworks department, it will cost six cents per thousand gallons to pump and distribute the water this year. Last year the cost was about five cents per thousand gallons, but the difference is due to the increased expenditure in connection with the intake and filtration plant. The report was read at the meeting of the special committee appointed to deal with the water rates yesterday afternoon.

The report suggested a tariff for water as follows: 1 1/2 cents per 1000 gallons for the first million used; for any additional consumption, 7 1/2 cents per 1000 gallons, with a 20 per cent discount.

The estimated cost for the water this year was \$343,242 and the estimated revenue for the year is \$3,809,555. This would leave a balance of \$2,886,313. The amount of water pumped last year was 16,578,947,433 gallons.

Mr. C. H. Wright stated to The World last night that he would accept the position of parks commissioner should the board of control and the city council offer it to him.

"I have you anything to say as to the conditions upon which you would accept this position?" he was asked.

"No, I am in the hands of the mayor and the board of control," he said. "I have discussed the matter with the mayor, but I have not made application for the position."

None to Spare.

City Engineer Rust stated yesterday that it would be impossible for the city to spare any water for North Toronto until the new mains are laid from the John-st. pumping station. The North Toronto Council, at their meeting on Tuesday night, decided to use the city's water and to erect the necessary pumping plant and lay what mains are required.

Poles Removed.

Because the Toronto Electric Light Co. erected eight poles on Victoria lane without receiving any permission from the city, the city engineer's department sent out a gang of men yesterday morning to dig the poles up again, and the electric light company may be billed with the cost of the work. The city has again warned the electric light company that in all such cases they must first obtain permission.

The proposition made by Manager R. J. Fleming that the city should purchase 17 feet of land on the north side of Dundas-street, between Lansdowne-avenue and the bridge for additional car tracks, will cost \$7000, according to the city engineer. Mr. Fleming suggested this idea in order to provide for a switch near the bridge, and thus prevent the possibility of another street car collision.

Mayor Geary stated yesterday that the city had no intention of permitting boat-houses to be built on the 46 acres of the western channel, which will be leased to the city by the harbor commission. A number of applications have been received for space in this area, but none have as yet been considered.

For neglecting to provide a temporary floor for the riveters immediately below where the riveters are working the architects and builders of the new C. E. R. building at the corner of Yonge and King-streets have been summoned to court by the city architect. A city by-law requires that these precautions be taken.

WHO GAVE ORDERS?

Postoffice Motors Must Make Fast Time, Says Driver.

A. McLeod, a mail automobile driver, was charged in the police court yesterday afternoon with ignoring the uplifted hand of an officer ordering him to stop his machine.

"Your honor, I am being used as a buffer by the police and the postoffice officials in this case," said the accused from the box. "If I fail to make a certain speed I will lose my job, he continued, producing a schedule of his wages and allowances from the Union Station to the postoffice.

"Who gave you orders to travel at this rate?" asked Magistrate Kingsford.

"Four or five of the postoffice officials," was the reply.

"Well," said the magistrate, "you go down stairs now and issue a summons to each of the officials to appear before me and give evidence."

The postoffice will, no doubt, be well represented in to-day's court.

Another Big Distribution of World Dictionaries—Come and Get Yours.

Another large consignment of Webster's New Illustrated Dictionaries will be placed upon the counter in the business office of The World for distribution among its readers. We want every one who desires a copy to take advantage of the great opportunity this paper is offering for they have never before had such an offer presented to them.

There is money in The World's dictionaries. Neither is it intended to convey the impression that in order to urge the sale of the volume by purchasers The World has adopted the method of the mother of the soldier boy who hid his dollar bills in the pages of his Bible.

Some salesmen are said to work on the same principle as the man who made a phenomenal sale of machinery because the reason was that there was a head of every barrel, as a present to the engineer who would purchase no other brand. The dictionary is not sold on this principle.

The World, however, reiterates that there is money in the dictionary, of the addition of which it is disposing of rapidly.

The World does not need to "slip dollar bills under the covers of its dictionary."

The World has learned that the contents are of sterling worth and no extra inducement is needed.

There are thousands of words in The World dictionary, and the dictionary that you will need some time in your content. The World dictionary is rich in your store.

Six coupons and a small expense bonus.

It is the price of The World's dictionary.

It rightly used its contents are priceless.

Many ladies who are handed a dictionary, before they get a chance to read it, and that is about three times as well as Rheumatism, and you can use this letter wishes for your success.

Neuralgia, Lumbago, etc. It improves the women.

Real Estate and Building--News and Opportunities

All Phases of Traffic Problem To Be Covered in Report

Experts Who Will Investigate Conditions in Toronto Intend to Deal With Present, Proposed and Radial Lines, and Movement of Traffic Generally.

Outlining the nature and scope of the proposed expert traffic report, a letter was read from the New York firm of experts, Ford, Bacon & Davis, whose engagement in connection with the city's transportation problems has been recommended by the board of control. According to the letter, every phase of the city's traffic will be dealt with and suggestions given as to the most feasible method of dealing with the situation. The report will be based upon the present and the probable future needs of the city. It will include data and suggestions regarding the best methods of dealing with the present street railway, the proposed civic car lines, radial lines and the movement of the traffic generally.

The experts propose to advise the city regarding different extensions, schedules, changes of routes, number of cars needed and the distribution of the various cars. The expenditures which their proposals will involve will also be dealt with in the report.

The idea in securing such a report is to obtain data which would not only be of service in connection with the civic car lines and other municipal undertakings, but also to obtain reliable information and suggestions from experts which could be presented to the Ontario Railway Board in an effort to secure an adequate service from the street railway.

The controllers were not all favorable to the proposition. It was claimed by Controller Church that the present Ontario Railway Board would ignore the information, and hence it was only wasting the \$30,000 which the report would cost. Controller Foster also argued that the report would accomplish nothing.

Improve Conditions.
According to Controller McCarthy, the city had already proved that the present street car system was inadequate. He claimed that the city should now offer suggestions to the railway board as to a method of improving the traffic conditions. It was decided,

however, at a former private session to send the matter on to council.

Scope of Report.
"It is evident that any report on the transportation situation to be of permanent value must take into account not simply the existing conditions, but the probable future transportation needs of all of that area between which and the business centres transportation will be required. Consequently, it will be necessary to study, in the light of past history, the probable future movement of the residence and business districts, not only within the present boundaries of the City of Toronto, but also the adjacent communities tributary to the city. Any narrower scope would result in plans which by leaving out of account a portion of the traffic which will result from the eventual extension of the city's transportation system beyond the old 1891 city limits, would probably fail to use the various streets in the way best calculated to obviate future congestion and to provide the most desirable transportation routes looking to the convenience of the majority of the passengers to be carried."

Plan of Report.
"We would propose to carry on an investigation along approximately the following lines:

Item 1--Count of Traffic: For the purpose of determining the direction and volume of the traffic to be provided for, we would make counts of traffic on each line, and in addition, special counts and studies of points of present congestion.

Item 2--Sufficiency of present service: For the purpose of determining sufficiency of the present service, we would make comparisons with the results of the counts of the number, frequency, size and regularity of the car service furnished by the present company and reach conclusions based upon desirable modern practice.

Item 3--Population: We would make studies of the present and past movement and growth of the population in the residence, manufacturing, retail,

RAPID STRIDES IN PORT McNICOLL

EARLY BUYING MEANS EARLY PROFITS

There is a limit to all things, and the good property in Port McNicoll is fast being taken up. When navigation opens in the Spring, all the close-in properties in Port McNicoll will advance at least 25 per cent. Keeping this in mind, we announce now that if you are to secure your lot at present prices you must act promptly. A purchaser of lots at present prices will receive good profits in a very short time. Buy now and take your profits when the C. P. R.'s big fleet starts to run into Port McNicoll.

Residential \$250 Factory \$500
Lots Cost Sites Cost

In another thirty days we will have sold out our entire holdings. You will then be in line for advanced prices, and we will sell your lot for you. If you have lots well located, come in and see us. Port McNicoll's time is now. Buy your lot to-day and sell in the near future at a substantial advance. Since our last talk, the Dominion Government, by act of Parliament, has made Port McNicoll a Government Customs Port, in order to assist in the moving of freight and grain.

PORTABLE CHURCHES

Temporary Buildings to Be Erected Where Population is Scattered.

Residents of Toronto are to be treated to something new in the way of churches. Several city churches have made arrangements for portable buildings to be erected on street corners and in districts where the population is scattered. The first of these new places of worship will be put up at the corner of Gerrard street and Golfview avenue by the Methodist church and will accommodate about 150 people. Other churches have made similar steps and by the first of April it is expected that there will be quite a number of these structures in the city.

MANSLAUGHTER CHARGE

William Davidge Committed for Trial by Magistrate Denison.

William Davidge will be tried on a charge of manslaughter in connection with the death of his wife, Esther Davidge, who died some days ago from an illegal operation.

J. R. L. Starr, K.C., counsel for the prisoner, objected to the ante-mortem statement of the late Mrs. Davidge yesterday in police court, but was overruled by Col. Denison, who committed Davidge for trial without any preliminary investigation.

I am offering properties in a Western City at one-half the price asked for adjoining properties. It won't cost you a cent to get particulars.

Will Not Build On Big Block

Says Canadian Northern Owners—Deny They Are Trying to Buy It.

Sir William Mackenzie, Sir Donald Mann and Col. Davidson all denied yesterday that the C.N.R. was endeavoring to secure the centre block from Toronto to Church-street on King and Court-streets.

Col. Davidson stated that while the C.N.R. would not build on the block, they owned the Toronto street frontage, and had for a long time, they were not seriously considering the erection of a new building, not just yet.

Sir Donald also said that they had not considered their new building yet. Col. Davidson told The World that two places adjoining to the east, the Woodbridge and Toronto Furniture Company, would be remodeled along the same lines as No. 68, which is at present occupied by various C.N.R. departments and two or three Davidson & McKee companies. These and other two properties are also owned by Davidson & McKee. The three buildings, when alterations are completed, will be connected by doors thru the intervening walls.

These alterations will commence May 1, by which time all the present occupants will have vacated.

The changes and decorations of 63 East King-street are quite elaborate and costly and have an appearance of stability.

Col. Davidson said he had not bought the Nasmith property, but he learned that Nasmiths bought this from Cav. three or four months ago for \$45,000.

The T. Woodbridge property has been sold and to Col. Davidson. The price is not disclosed.

Riverdale Masons To Have Building

The Masons of Riverdale have secured a site on Gerrard-street, near Loan-avenue, and will erect a three-story brick hall.

The cost of the structure will be \$30,000, and it will be entirely devoted to masonic purposes. The building will be 40 feet by 75 feet.

ELK LAKE BRANCH

T. and N. O. Commissioners Will Open Tenders on Thursday Next.

Tenders for the Elk Lake branch of the T. & L. O. railway will open next Thursday. The commission will hold a special meeting that day to choose the contractor who will do the 39 miles of road.

It is expected that the new line will be completed and in operation by October next.

Favorable Reports from Porcupine Mining Markets Easier

Semi-Panic in Wheat Market Pit Was Deluged With Selling

Closing Out of Big Accounts Brought Two-Point Break in Prices—Corn and Oats Lower;

CHICAGO, Mar. 15.—Almost panicky selling of wheat to-day shattered prices. The result was to explode at least in part long-cherished theories of the value based on estimates purporting to show a world-wide scarcity of material for bread. Quotations to-day went to a bushel below the high level at the beginning of the week, and finished at a decline of 1-1/2 to 2c under last night. In corn there was a net loss of 3-4 to 1c, and for oats a decline of 3-4 to 3-8c. The outcome as to crop products varied from 5c off to an advance of 1-1/2c.

Wheat began to break at the top of the bell. The buying of cargoes to come back to Chicago from lake ports, the poor cash demand and the unusual supply of wheat covering in the winter crop states all tended to frighten holders and to put more stamens into the bears than had been the case for months. Continued heavy receipts in the northwest warned speculators of a big load to be carried in May, and the poor cash demand and the unusual supply of wheat covering in the winter crop states all tended to frighten holders and to put more stamens into the bears than had been the case for months.

Despite stormy weather weakness spread to the corn crowd, where big houses were free sellers. Confidence of holders was badly shaken. There were no improvements in word of the first shipment of new corn from Argentina. May fluctuated from 69 1/8 to 71 3/8, and closed firm, but 1c down at 70 3/8. Cash grades were weak. Mild conditions in the wake of the storm dissipated fear that seeding of oats would be unduly delayed. This with the break in other grains, pulled down the market. Upper and lower levels reached for May were 63 3/4 and 65 1/2, with the close at 64 1/2. Selling by packers weakened prices. At the end of the day prices averaged 1 1/2c decline.

Northwest Receipts. Receipts of wheat in cars at primary centres were as follows: Week, year to date. To-day, year ago. Chicago, 1,000,000, 1,000,000. Duluth, 1,000,000, 1,000,000. Minneapolis, 1,000,000, 1,000,000. Winnipeg, 1,000,000, 1,000,000.

Argentine Shipments. The weekly Argentine shipments, with comparisons. This week's last year. Last year. Wheat, 2,752,000, 2,752,000. Corn, 1,000,000, 1,000,000. Barley, 1,000,000, 1,000,000. Peas, 1,000,000, 1,000,000.

ST. LAWRENCE MARKET. On account of the storm there were no receipts from farmers' wagons or sleighs. The prices given in table are nominal.

Wheat, fall, bushel, \$0.95 to \$0.97. Wheat, spring, bushel, \$0.95 to \$0.97. Oats, bushel, \$0.50 to \$0.52. Barley, bushel, \$0.85 to \$0.87. Peas, bushel, \$1.15 to \$1.17. Beans, bushel, \$1.15 to \$1.17.

EATON'S A Good Strong Crotch Breeding Team Harness, \$38.50. Made of best brands of Canadian leather in our own factory, under careful supervision. Suitable for heavy work of any description.

EVERYTHING IN ORDER AT HOME STAMP MILL

Crusher Already at Work Preparing Ore—Wheels Will Turn on March 20.

PORCUPINE, March 14.—(From Our Man Up North.)—The first two days the Dome stamp mill is in operation, March 20 being the starting time, visitors will not be allowed in the mill. The constructors of the plant want to know that the machinery is doing its duty right, and to be able to make any necessary adjustments required unhampered by onlookers.

The small crusher has been in operation for three days, crushing rock to be used as a starter. On this is being used as a starter. On this is being used as a starter. On this is being used as a starter.

1070 Horse Power. The Dome power plant is capable of turning out 1070 horsepower. The stamp mill will be run by this electricity furnished from the Dome's own power plant. The electrical devices are now in place.

On that date perhaps not all the batteries will be set in motion. One battery will be set in motion in the morning. With no hitch in the working of the first battery, another of 10 stamps will be set in motion. And, should everything work out as Supt. Hansen expects, the whole four batteries of 10 stamps each will be in operation before night time.

Something as to the man who built the Dome may be known from the fact that Supt. Hansen has been stamp mill contractor for 20 years and that some of the biggest and most perfect operating mills on the continent were built by him.

Realizing Mr. Hansen's worth as an operator of stamp mills, as well as a builder, the Dome Mining Co. engaged his services by contract for one year. He will be in full charge.

CHICAGO GOSSIP. J. P. Bickell & Co. from Logan & Bryan. "There was a mild selling panic in wheat this morning, without any special reason, but it was temporary."

Chicago Markets. On the Chicago Board of Trade: Wheat—Open, High, Low, Close. Prev. Wheat, 101 1/2, 101 1/2, 101 1/2, 101 1/2, 101 1/2.

Profit-Taking Disposition Brings Reactionary Trend

Natural Set-Back in Porcupine Stocks—Consistent Demand Still in Effect—Nipissing Scores Advance.

World Office, Friday Evening, March 15. A tentative lull in the buying demand in the mining markets to-day, inspired a profit taking movement in the Porcupine stocks which have been most active of late, and brought about a number of declines. Selling was pretty general throughout the whole list, but prices did not prove vulnerable to any great extent and the recession consequently did not have a material effect on the Porcupine stocks.

After the sharp advance of the past few days, the reaction may only be accepted as a purely natural occurrence. Many holders who bought in prior to the rise must have had good profits on their purchases, and it was only to be expected that selling from these interests would come into the market sooner or later. That the liquidation was absorbed as well as it was, spoke volumes for the demand which was in evidence, and in the opinion of most traders was to be expected as a good augury for the future.

Measure of Buoyancy. The market showed a measure of buoyancy in the early dealings and some of the favorites got up to new prices for the movement. It was not long, however, before the profit-taking disposition made itself felt, and from that time on prices gradually sagged. Hollinger sold down to \$11.50, a loss of 15 cents; Dome Extension was off 2 1/2 at \$18; Crown Chartered reacted to 20 1/2, and Vipond, after moving up to 50, dropped a full 3 points, and closed at its lowest level since the start of the year.

Porcupine central, Northern and Southern were all strong at a sharp advance, each of these issues moving up to new prices. The advance in Northern was particularly noticeable, as it was widely held in Toronto, the rise did not attract any particular interest.

An advance in Nipissing, which sold up to 88, was the feature of the Cobalt, and the movement was consequently unexpected, outside of the dividend yield which the stock affords.

Standard Stock Exchange. Open, High, Low, Cl. Sales. Cobalt—Beaver, 47, 47, 47, 47, 47. Cham. Fer., 14, 14, 14, 14, 14. Crown Char., 20 1/2, 20 1/2, 20 1/2, 20 1/2, 20 1/2.

COBALT CAMP SHOWS RECORD PRODUCTION. Cobalt is well on the way to pinning up a new record for production this year. If the statistics for the first two months be utilized as a basis for the whole twelve months, Bullion shipments during January and February were 1,000,000 ounces, or more than double the bullion shipments for the corresponding period of last year.

ACTIVITY IN THE ELK LAKE DISTRICT. Evidence of the benefits expected by the railway to Elk Lake is exhibited in the activity among the mines in the Montreal district. Many of the mines which have been idle for some time are now opening up and again operating.

PORCUPINE HANDBOOK

THE LAST WORD on the Porcupine Gold District. Complete statistics of all the mining companies, maps of each township, high and low prices, geological report, record of discovery, etc. EVERYTHING ABOUT PORCUPINE FINELY ILLUSTRATED—76 PAGES. Price, 25 Cents Per Copy. THE PORCUPINE NEWS DEPOT 40 RICHMOND ST. WEST TORONTO, CANADA

A RECORD OF ACHIEVEMENT IN MINING. WILL BE FOUND IN THE ELABORATE ANNUAL REVIEW EDITION OF MINING SCIENCE, WHICH HAS RECENTLY LEFT THE PRESS. Send 10 Cents for a copy of this issue, which deals comprehensively with the progress of the mining industry during 1911. It contains complete statistics of production, covering all the precious and allied metals. It is authoritative, it is exhibited in convenient form the evidence of last year's prosperity in the mineral industries. It constitutes, in itself, a valuable work of reference for future consultation. Secure a copy while the Edition lasts.

The Woman's Inheritance of Beautiful Belongings

There needs no other evidence than the wonderful collection of clever and exquisite garments that are selling in our mantle section—and at prices that are little more than an inheritance tax.

WOMEN'S SUITS AND COATS

Now being displayed include adaptation from Paris models in all the most favored materials.

A most attractive model is shown in a plain tailored navy serge, out on semi-fitting lines with patch collar and revers, patch pockets, and finely tailored throughout. The skirt is six-gored with panel back and front, ornamented with buttons. Very special value 15.00

IMPORTED MOTOR COATS

Of rubber lined corduroy, in mole and navy, are thoroughly waterproof and very suitable for general utility coat. English raglan cut, hanging loose from shoulders, mannish turn-over collar, sleeves with adjustable tabs at wrist and slash pockets. Very special value, \$21.00 to \$25.00.

SERVICEABLE COAT

For spring and summer wear, of black and white shepherd's check, is made on semi-fitting lines, with shawl collar and deep revers of black satin, tailored sleeves, and fancy patch pockets. Monday 13.50

A STRIKING SKIRT MODEL

Comes in a splendid quality all-wool imported serge, in the new tan and navy tones. The style is one of the latest, a four-gore model with panel back and the new one-side effect on front panels, finished with rows of narrow tucks and ornamented with fancy buttons of self material. Price is 6.00

WAISTS of Messaline Silk

Smart black and white striped silks; two, good tailored styles, one with front fastenings and pleated side frill, shirt sleeve, tailored collar and cuffs; the other design with three-quarter sleeve, strapped seams, back opening and piped with banding of black silk also black silk buttons. Regularly 2.95 \$4.00. Monday 1.98

New Lingerie Blouses

Of fine white lawn, whole front of embroidery and Cluny lace insertion, new "set-in" sleeve, three-quarter length, tucked back rows of lace insertion and lace collar. Sizes 34 to 42. Special Monday 98c

ANOTHER OF FRENCH PANAMA

Has coat semi-fitting both back and front, with the one-sided rolling collar, outlined and inlaid with black novelty trimming; mannish sleeves with turn back cuffs to match; lined with good quality of silk. Skirt has the new gore with "over-piece" side. Colors navy and black. Monday 17.50 Other models ranging in price from \$25.00 to \$45.00.

Elaborate Use of Ribbons

Dame Fashion insists that during the spring of 1912 medium width ribbons are to be used as a trimming for the "New Gown," and the "New Hat." Therefore, velvets, taffetas, and satins from 1/4 inch to 4 inches are much in demand.

A pure silk taffeta of perfect heavy weave, in all colors. Width, 3/4-in., 30; 1/2-in., 40; 1-in., 50; 1 1/4-in., 60; 1 1/2-in., 100; 1 3/4-in., 120; 2-in., 180. per yard.

Duchess Satin of beautiful finish, all colors. Width, 1/4-in., 40; 1-in., 70; 1 1/4-in., 100; 1 1/2-in., 120; 2-in., 180. per yard.

Satin Back Velvet Ribbons, with rich silk pile, black, 3/4 inch to 2 1/4 inches. Colors, 1/4 inch to 2 1/4 inch, 50 to 250 per yd.

Genuine Persian and Caucasian Rugs

A particularly attractive consignment of silky deep pile Kazak rugs are just to hand in the sizes ranging from 6.0 x 3.6, and 7.0 x 4.0, up to 8.0 x 4.8. They are all choice picked pieces and represent the best types of this mountain district's products, and it is only in conjunction with our other large purchases of these Eastern rugs that we are enabled to obtain the "first-choice" pieces at prices of "whole bale lots," and to offer such a sale at this price. 27.50

ENTIRELY NEW DRAWING-ROOM RUG

Exclusively manufactured for us, will be found in the "Salon Rug," woven in one piece without seams. It presents a strikingly handsome appearance similar to the famous hand-made Savonnerie carpet woven by the French Government experts at Beauvais, France, and yet at a fraction of the cost.

Delicate rose trellis centres with grey borders, beautiful medallion design on plain blue, grey, green, and rose grounds with handsome bodies in excellent proportion. 8.0x10.6 \$43.85 9.0x12.0 \$50.00 10.0x13.6 \$65.00
