BAPTISTS WILL ERECT A NEW BUILDING

Site is Purchased on Church Street, Near Wilton Avenue, and Modern Publishing House Will Be Built—Plans for New McMaster University Will Soon Be Considered

Toronto Baptists are about to build a publishing house on Church street for their newspaper and other literature. A suitable site has just been purchased in Church street, south of Wilton avenue. The money for the office has been provided by prominent Toronto Baptists. The project will be formally announced at the annual convention at Brantford next week.

BEAT INEBRIATES SAYS FATHER MINEHAN

A Good, Honest Castigation Best Remedy for Men Who Are Partially Enslaved, and Prison Farm for Advanced Cases—Reclamation of Fallen Women.

(By Kenneth Douglas.)
MONTREAL, Oct. 11.—(Special.)—At this evening's session of the conference of charities and correction, delinquents, including women offenders and inebriates, were discussed.

Rev. Arthur French of Montreal said that upon the preservation of civility depends the well-being of society in all its complex relations.

Should Thrash Drinkers.
Rev. Father Minehan of Toronto defined the inebriate as one who had become more or less enslaved by intoxicating liquor, the man who could not keep his job, and the special feature he proposed as a remedy was a thorough beating for the offence. This might be regarded as a piece of humor, but he spoke in all seriousness, and in his view he had the support of authoritative medical experience.

The chairman, Hon. Recorder R. S. Wells of Montreal, who presided, in the day of support of his family, was advocated. The endeavor of science to eradicate the traces of alcohol from the blood must be assisted by religion and hard work, for the inebriate is often the victim of moral depravity and of an exaggerated egotism, both of which must get rid of.

"The Pink Lady" Business is Big.
Manager Sheppard reports the business of the musical comedy "The Pink Lady," which is at the Princess this week, exceedingly big. The engagement concludes with a matinee this afternoon and tonight's performance.

MURDER WITNESS REARS FOR LIFE

LONDON, Oct. 11.—(Can. Press.)—Thomas Coupe, the eye-witness of the Rosenthal murder, is expected to sail for New York tomorrow on board the Mauretania in the company of Assistant District Attorney William DeFord. Coupe returned to his home in England with the intention of joining Mr. DeFord at Liverpool tomorrow. He makes no secret of the fact that he considers his return to New York a very dangerous undertaking.

SPREAD OF WAR MAY YET BE CHECKED

Continued Inaction of Balkan States Gives Rise to Hope That Warnings of Powers Are Heeded—No Further News of Frontier Fighting Has Reached London.

LONDON, Oct. 11.—(Can. Press.)—No news was received in London tonight concerning the operations of Montenegro in the direction of the Turkish town of Scutari or of hostilities on any of the other Balkan frontiers. The legations of the Balkan states in London were without any advice either of a military or diplomatic nature.

The continued delay by the states other than Montenegro in declaring war has revived hopes in diplomatic quarters here that a general war in the Balkans may yet be averted. It is said that a much more hopeful view of the situation prevailed in the British foreign office tonight. No tangible reason was assigned for this optimism, but it seems to have been based on the idea that the warnings of the powers may have caused the Balkan states to pause.

AUSTRIA IS READY.
VIENNA, Oct. 11.—(Can. Press.)—That Austria-Hungary is making military preparations in anticipation that the Balkan conflict may involve the larger powers was indicated today by the reply of the minister of finance to the Hungarian delegation to a criticism by Socialists that the extraordinary military credits requested by the government implied warlike designs. While protesting that the government's policy was a most pacific one, the minister of finance said:

"We are of the opinion that internal deliberations regarding the consequences of a war in the Balkans may ensue, and in that case we probably would make our voice heard more successfully if we were well armed."

CONSTANTINOPOLE, Oct. 11.—(Can. Press.)—The Porte is not expected to reply to the note of the powers concerning the trouble in the Balkans before Sunday. It is believed this reply will acquiesce in the views of the powers and accept their offer to submit a program of proposed reforms in Macedonia. It is presumed, however, that the Porte is not unwilling to gain time by prolonging the discussion, knowing that each day gained means so much added to Turkey's strength.

IN MACDONALD TODAY.
The election in Macdonald (Manitoba) today turns mainly on reciprocity. Mr. Richardson (Lib.-Ind.) made it so and Hon. Mr. Rogers and all the government's friends joined issue with him. Secondary issues are the school question, C.P.R. nickel, Mr. Richardson's record. Three-fourths of the voters are farmers, the rest residents of Winnipeg.

TOOK PARIS GREEN.
Ernest Carpenter of Parry Sound is in a dangerous condition at Grace Hospital and his recovery is doubtful. Carpenter swallowed about two ounces of Paris green yesterday morning near the foot of John street. He is about 25 years old.

OPENING OF PARLIAMENT.
OTTAWA, Oct. 11.—(Special.)—The date for the meeting of parliament will be fixed on Monday. This statement was given out by Premier Borden following today's meeting of the cabinet.

HEARD BECKER MAKE DEATH THREAT

Maurice Lubau, Denizen of Underworld, Released From Prison to Give Startling Evidence—Identified Two Gunmen Who Fired Shots at Rosenthal.

NEW YORK, Oct. 11.—(Can. Press.)—The first testimony implicating Charles Becker in the murder of Herman Rosenthal was given at today's session of the trial of the former police officer accused of instigating the murder of the gambler. It was testified by Maurice Lubau, a hanger-on of the underworld, that Becker had said to Jack Rose about three weeks before the murder:

"If that Rosenthal is not croaked, I will croak him myself." Lubau, who was also an eye-witness of the murder, identified in court today "Gyp the Blood" and "Lefty Louie" as two of the men who fired the shots that killed Rosenthal and William Shapiro as the driver of the murder car. Gyp and Lefty, he had known for more than a year, he said, and he also swore that "Dago" Frank, likewise an acquaintance, was in the group when the shots were fired. The witness also knew Rosenthal. He proved to be such a star witness for the state that John F. McIntyre, chief counsel for the defendant, spent two hours and a half trying to break down his testimony.

Released From Jail.
Lubau was only discovered by District Attorney Whitman a day or two ago, with his brother Jacob, in jail in Newark, N.J., on a forgery charge. The brothers claimed to have been "framed up" by somebody. The New York authorities secured their release on parole, and, according to Maurice, the witness, promised to "help them in every way if they would prove their frame-up."

Lubau said that he heard Becker utter his alleged death threat against Rosenthal in the steam room of the Lafayette Baths, and that he stood within two or three feet of the police officer at the time. He did not know Becker well, he conceded, but had seen him in a gambling house on Allen street. Lubau added that Becker was talking at the time with "Denny Sly Fox," an underworld character, who is expected to be a witness in the trial.

Giovanni Stanich, another eye-witness, had previously identified "Whitney" Lewis as one who fired at Rosenthal. Thomas Ryan, a chauffeur, disappointed the prosecutor by refusing in a frightened manner to identify any of them, although he too had seen the murder.

ARE YOU AFTER \$2250 AUTO CAR?

Contest Entries Break All Past Records, and Publication of New Proverb Pictures is Anxiously Awaited.

Wednesday, Thursday and Friday have proved record-breaking days in The Toronto World's Great \$5000 Proverb Contest. Orders for The World have poured in by the thousands from all over the city and every nook and corner of the province.

New orders for The Daily and Sunday World, and the demand for back copies of the Proverbs have been so large in the past few days that it has required special effort to fill them promptly. Contestants who have ordered back pictures and coupons and Proverb Books by mail are requested to exercise a little patience, as their demands are being complied with as rapidly as possible.

So keen is the interest in the contest that many contestants say they can hardly wait until each new Proverb Picture of The World arrives. A few competitors seem to think that the pictures are entirely too simple and easy, and fear that everyone will be in line for the \$2250 Touring Car. However, these contestants will change their minds in the near future when some of the more difficult proverb pictures are published.

Need Statistical Experts

OTTAWA, Oct. 11.—(Special.)—In view of the tremendous mass of statistics submitted by the railway companies at the recent sittings on the western freight rate enquiry, and the somewhat formidable task with which counsel for the Dominion and provinces are confronted in sifting and weighing the value of such evidence, in the short time allotted to them before Nov. 4, the opinion has been freely expressed in legal circles here that two or more experts in railway statistical work should be secured by the government, regardless of cost, to aid counsel in the work.

HALL DIED THRU BLOW STRUCK BY MATE

Jury Under Dr. Hopkins Showed Its Disapproval of the Medical Attention at House of Providence Received by Victim, and Censured Sister and Doctor in Charge.

"We find that Charles Hall came to his death on October 5, 1912, as a result of a blow struck by Arthur Macdonald at the House of Providence on the afternoon of October 5, 1912. We also consider it was the duty of the sister in charge to have called a doctor again, and we more especially censure the doctor for not giving the deceased more attention." By the above verdict, Coroner Dr. Hopkins' jury, investigating the death of Charles Hall at the House of Providence, showed its disapproval of the medical attention the victim received after he was assaulted by Arthur Macdonald.

Evidence was adduced showing that Macdonald was a frequent visitor at the institution. He also was a cripple. After the assault Hall was carried to the infirmary and Dr. C. J. Copp diagnosed the case as concussion of the brain. This was about 2:30 and the old man was hurt about 11:30. That was the last time the doctor saw Hall alive. He died on Saturday morning.

Three sisters from the House of Providence did not think it was their duty to interfere with the doctor's work. As a matter of fact, had they known the condition of the patient to be so serious they would have had the house doctor attend him. In spite of this testimony, the jury censured the sister in charge also. Macdonald is still in jail on a charge of manslaughter.

Vacant Senatorships for Ontario

OTTAWA, Oct. 11.—(Special.)—There are three vacancies in the senate from Ontario: Wilson (Eglin), Cartwright (Kingston), Sullivan (Kingston). There are 24 seats from the province. Of the 21 now in 4 live west of Toronto, 6 in Toronto (all Liberals). 11 east of Toronto. The members of the lower house who have claims for promotion to the red chamber are Broder (Dundas), Crothers (Eglin), Sproule (Grey), Henderson (Hull), Baker (Hamilton), Beattie (London). Because of the oversight from the east only one at most is likely to go to that end. Mr. Broder therefore has a good chance. Crothers and Sproule of the western M. P.'s look best. But Mr. Dingham of Stratford is pressed by many newspapers and journals for a vacancy. And there are the defeated candidates and the old friends' list: Mr. McCall of Simcoe is one of the former. And there must be a lot of aspirants from Toronto, where there are six Liberals and not one Conservative!

WOMAN CHARGED WITH FORGERY

Mrs. Isabella Harley, a young woman refused to give her address to the police other than that her home is in Toronto, was arrested by Detective Newton yesterday charged with uttering forged documents. It is claimed that she tried to pass a cheque for \$700 on the Imperial Bank with the signature of James McBride, a local lawyer, endorsing it. The money was to be paid to a fictitious character by the name of James G. Cooke.

The woman yesterday afternoon rang for a messenger boy at Harbor street and Spadina avenue and directed him to take the cheque to the head office at the Imperial Bank and there have it marked. The teller found that the signature did not tally with that of the real Mr. McBride, so the police were notified. Detective Newton accompanied the messenger back to Harbor street, where the woman was awaiting. The boy's return, and placed her under arrest. She is described as being exceedingly attractive of an appearance and about 27 years old.

CHIEF JUSTICE SIR CHAS. MOSS OF ONTARIO COURT OF APPEAL DIED LAST NIGHT IN TORONTO

Sir Charles Moss, chief justice of the court of appeal for Ontario, who died in Toronto yesterday.

Brilliant Law Scholar and Renowned Judge Passed Away After a Prolonged Illness From Stomach Trouble—Was Vice-Chancellor of Toronto University—He Will Be Buried on Monday.

Sir Charles Moss, LL.D., chief justice of Ontario, passed away at his residence, 547 Jarvis street, late last night. He was in his 73rd year. The late judge had been considerably indisposed since last January, and under the circumstances could not take his seat in the court of appeal, which sat in the newly-constructed wing of Osgoode Hall. He departed for an extended tour thru England and Ireland last June, where he stayed during the summer months, but the trip was not productive of any appreciable results. Since his return, about a month ago, he had been confined to his bed, where, during the past two or three days, he had suffered a relapse, but the end came suddenly, as he was expected to recover. His medical attendants attribute his death as due to stomach failure, brought on by acute indigestion.

A BRILLIANT STUDENT.
The late Sir Charles was born in Cobourg in 1840, and came to Toronto early in life, subsequently graduating from the university here. He was a brilliant law student, and held the Law Society's scholarships in 1865, '66, '67 and '68, being called to the bar in 1869. He was lecturer and examiner to the Law Society of Upper Canada from 1872 to 1879; was appointed a bencher of the Law Society in 1880, which he retained until 1897, and became a Queen's counsel in 1881.

SUCCEEDED JUDGE ARMOUR.
In 1881 he was elected president of the York Law Association, which post he held until 1892, being appointed a justice of the court of appeal in Ontario in 1897, and became chief justice five years later, succeeding the late Chief Justice Armour. The University of Toronto conferred the degree of LL.D. upon the late chief justice in 1900, and he was vice-chancellor of the university from 1900 to 1906. He was appointed to the university senate the same year.

Before taking his seat on the bench, he was for many years in partnership with the present Chief Justice Falconbridge and Sir Alan Aylesworth and the late Walter Barwick, K.C., as head of the firm of Moss, Falconbridge & Hoyle. In 1871 he married Emily, the second daughter of the late Hon. Robert Baldwin Sullivan, judge of the Queen's Bench Court, who now survives her husband. Three sons—Charles A., George F. and Thomas—and two daughters—Mrs. W. F. Davidson and Miss Adelaide Moss—all reside in Toronto, also survive.

The funeral will take place next Monday afternoon from his late residence to St. James' Cemetery.

SHOT SON WHILE ON COON HUNT

Walter Woods, Farmer, of North Crosby, Tripped, and Gun Was Discharged.

BROCKVILLE, Oct. 11.—(Special.)—News has reached here of a fatal accident which occurred in the Township of North Crosby, near Westport, when Walter Woods, a farmer, accidentally shot his son, a lad of fifteen years, with whom he was coon hunting, a short distance from their home. They came across a coon and tried to kill it. The father had loaded his weapon and was about to fire. Just then the coon moved from one limb to another necessitating the father changing his position. As he was doing so he tripped and fell, the gun discharging, and the boy fell, shot thru the back. The father carried the boy to the house and summoned a doctor, but death ensued in twelve hours. Woods had been a hunter and trapper all his life and this is his first accident.

M'GILL MEN FIGHT POLICE

Spectator Seriously Hurt by Flying Brick—Many Students Arrested for Rioting.

MONTREAL, Oct. 11.—(Can. Press.)—One man suffering from concussion of the brain in the Royal Victoria Hospital, six youths arrested, many cuts and bruises and many police uniforms badly in need of cleaning was the result of a mix up between the students of McGill University and the police this evening. Thomas Marsh, 62 years of age, while walking home along Sherbrooke street, was struck on the head by a flying stone and knocked unconscious to the sidewalk. He was conveyed to the Royal Victoria Hospital, where it was stated that the doctors suspected concussion of the brain.

The first trouble occurred at about half past 8 o'clock, after the conclusion of the annual sports, held on the grounds of the M.A.A.A. at the corner of Comely and St. Catherine streets, where the students commenced their old practice of holding up the street cars by pulling off the trolley poles. A Dawson, a student, was placed under arrest, and this was the signal for an uproar. The student was taken to the police station, and the students made a strenuous effort to get into the building, but the police formed a cordon and kept them away.

A Serious Clash.
There was a running fight between the students and the police on St. Catherine street eastward. The police, reinforced, patrolled the route to see that no damage was done and they were pelted with rotten eggs by the students. All street car and vehicular traffic was held up on McGill College avenue. At the corner of Burnside place the second battle occurred, when stones were thrown and five other arrests made.

A huge crowd had gathered on McGill College avenue and it was into these that the students allege a patrol wagon laden with reserves was driven at full speed, knocking two of the students down. While it was stated that they were injured, none of the local hospitals reported receiving them for treatment.

TWO ARRESTS ON EVE OF POLLING

Liberals Allege Purpose is to Intimidate Richardson's Workers—Final Strenuous Appeals.

WINNIPEG, Oct. 11.—(Can. Press.)—The arrest of two more Liberal workers by the provincial police today was the feature of the windup of the Macdonald campaign and added fuel to the bitter controversy now raging as to whether these arrests are justified, or are merely to intimidate the opposition candidate's organization. The arrests were made at Cardinal, in the French-Canadian district of Macdonald riding. R. J. A. Prince, one of the men arrested, is a Winnipeg law student, whose parents are respectable French-Canadians, living across the river at St. Boniface. He is charged with having given a voter ten dollars.

An evening paper says that Frank Tascotte, now of Winnipeg, is the same man who ran in the Conservative list against Turgeon in Duck Lake at the recent Saskatchewan general elections. R. L. Richardson, the opposition candidate, comes out with a final appeal to the electors in which he says that his victory will be the definite formulation by the west of a demand for a square deal in terms which the Dominion Government will be obliged to respect. He appeals from the "Coast" Government in the Province of Manitoba to the integrity and intrepidity of the unurchinable citizens of Macdonald.

Roblin's Warning.
On the other hand Sir Rodmond Roblin warns the electors against the "hordes of hoodlums and brabbers from Saskatchewan sent to Macdonald by the Saskatchewan Government to sway by illegal means its foreign vote." Attorney-General Cross of Alberta, is quoted by The Tribune in rebuttal as saying that a prominent member of the Edmonton Liberal Association endorsed his own view that there are no crooks in Macdonald from Alberta.

The Telegram, after saying that reciprocity is a dead issue, and the record of the Borden government fine, concludes that there is no national purpose to be served, no principle to be vindicated, nothing save the personal ambitions of a ruined group of politicians.

Property Committee of Board of Education Will Ask for \$150,000 for Twenty-Nine-Room Building, Which Will Do Away With Overcrowding in East End.

Whether to build a twenty-nine or a nine-room school on Williamson road, New Beach, was decided yesterday afternoon in favor of the twenty-nine-room building.

The property committee of the board of education opened tenders for a one-story building of nine rooms, for a three-story building, with the upper stories incomplete, and for a complete three-story building of twenty-nine rooms.

Chairman Hodgson and Trustees McTaggart, Ellis and Dr. Noble agreed that the ratepayers would save about \$30,000 by having the larger school building completed.

The estimates for the one-story building totalled \$38,600; three-story building complete, \$149,621.

The committee unanimously decided to ask the board of education to increase the vote of \$50,000 for the Williamson Road School to \$150,000 in view of the amount which would ultimately be saved.

More Overcrowding. Superintendent Bishop pointed out that Balm Beach School is overcrowded and Kingdara's Avenue School, New Beach, has to use temporary frame buildings erected in the playground and part of the basement.

By the time the Williamson Road School is completed the demand in the immediate neighborhood and the surplus from the other schools at the beaches would occupy all the classrooms in the new building.

Superintendent Bishop applied for permission to put up an additional classroom in the basement of Beach Avenue School.

Effective Protect. Dr. Noble protested effectively. He quoted the resolution of the board against any more classes being opened in basements and permission was refused.

In the meantime Superintendent Bishop will report on Dr. Noble's proposal that first book classes be only taught half-days.

The following tenders were accepted: Malvern High School, mason work, \$25,000; G. T. Gates, carpenter work, \$11,000; Cross and Le Drew, plastering, \$8,000; Beaver & Co., roofing, \$373. A. Mallin, Limited, iron stairs, \$3,000; Canadian Ornamental Iron Co.

Hung Club Races today. See advertisement on sporting page.

TIGERS TACKLE ARGOS MEN TODAY

Opening Interprovincial Game at Rosedale This Afternoon—Rugby News and Gossip.

Toronto Rugby fans will get their first taste of Big Four Rugby this afternoon, when the Hamilton Tigers tackle Argos at Rosedale. The Tigers have in years past had a habit of giving the Argosmen a beating on the green at Toronto's prettiest suburb, but the Argos this year have a team that promises to get hard to beat in their own back yard.

Last Saturday's win from Montreal has boosted the Argos' stock and it will be a big crowd that will journey to Rosedale. With Jack Newton at flying wing and calling the plays, the Argosmen will put their best efforts forward to give Hamilton their second defeat of the year.

They will have only one change from the team that trimmed the M.A.A. team, Laflamme replacing Clarkson at outside wing.

The team will line-up as follows: Flying wing—Newton. Halves—Lawson, Ross and Lockhart. Quarter—Jarvis.

Scrimmage—Addison, Sinclair and Murphy. Tackles—Kinsella and Gale. Middle—Heather and White. Outlets—O'Connor and Laflamme.

Outside wings—Glasford, Gatenby. Parkdale leave for Hamilton at noon today to coach the Senior O.R.F.U. season. The Parkdale tackle the fast Alert team and Hughie Gall is putting his strongest line-up to try and beat last year's winners on their own playing grounds, a real trick to turn.

The O.R.F.U. will get its opening in Toronto next Saturday, when the Toronto team will tackle Parkdale. This should be one of the most strenuous affairs of the season.

The Tiger team to play Argos at Rosedale this afternoon will be as follows: Flying wing—Burton. Half backs—McKetter, Mallett, McNair.

Quarter—Arvy. Scrimmage—Neville, Pfeffer, McCann. Tackles—McFarlane, Fotticlar. Middle wings—Wilson, Isbister. Outside wings—Glasford, Gatenby.

Varsity left for Ottawa yesterday morning, where they will look up with Father Stentop's fast College Fourteen today. The varsity will play the Ontario team at 3 o'clock this afternoon.

Players and supporters of the High Park Rugby club are requested to be at the C.P.R. tracks, off of Yonge street, at 2 p.m. and thence will go in a body to Glen Grove to play North Toronto.

Pickering College of Newmarket play the University Schools this morning at the stadium.

The North Toronto Intermediate Rugby team will play High Park on Beaumont avenue field. Game will start at 2 and will all players be out at 2 for final "snarl practice". The High Park team will please notice place for game.

The Junior team play Capitals at Jesse Ketchum Park, meeting there at 2 o'clock. University Schools III. defeated St. Andrew's III. on the latter's grounds yesterday by score of 17-7. Altho the A.C. team were superior in strength the latter's speed and spirit of the boys proved the better. Battery of the U.T.S. team was the best man on the field, kicking away several times, and gaining. Winners' line-up: Halves, Horne, Kimmer, Kowinlock; quarter, Batten; scrummers, Landau, Knoken, Bertram; wings, Garrett, Lyon, Davis, McCreary, Shey, Walker; flying wing, Lyon.

Late Lacrosse. An important meeting of the Riverdale Lacrosse Club is called for this afternoon at 2 o'clock on the Don Flats. All players are requested to be in uniform and on time.

What promises to be one of the most exciting games of the year will take place at Weston this afternoon, when the locals will entertain the fast Braebridge Pulvered team. The Westonians have a rather large lead to overcome, but are sure of winning the game from the opening whistle.

Amateur Baseball Today. Eaton Park, champions of the Northern League, and Wellingtons, champions of the City Amateur League, meet at Dufferin Park today in the first of a series of three games. Empire Dooney Harry will call the game at 2 o'clock.

The batters will be: For Eaton, Slatley and Tolley; for Wellingtons, Hawkins and Copman. The Rooters' Club of the Strollers' B.C. will meet at the corner of Parliament and Queen streets at 1:30 p.m. to go to Victoria College grounds.

Goulding Walks Today. With a full entry list of over 100, including Goulding, in an exhibition mile race, and the addition of 20 students from O.H.C., Guelph, the intercollegiate games of Varsity stadium this afternoon promise to be better than ever. Rivalry runs high between the different faculties and close contests with a couple of new records are expected. The games will be out in full force and intend showing their former friends from Guelph how to spend a pleasant afternoon. The score of the Varsity-Ottawa game will be bulletin-board news, so that the rooters can follow the fortunes of the blue and white in this important game.

CORNWALL, Oct. 11.—(Special).—At the age of 77 years, Dominic Fallon died here today from pneumonia. Deceased had lived in Cornwall for a number of years, previous to which time he carried on a wood business. He lived in Kingston 66 years, and is survived by his wife and seven sons: Philip H. P. Fallon of London; Father James Fallon, Ottawa; Frank Fallon, London, and Charles Fallon at Toronto; Mrs. M. and Joseph Thomas and Vincent in Cornwall. The funeral will take place on Monday in Kingston.

Harvest Thanksgiving Services. There will be harvest thanksgiving services in Trinity East Church tomorrow night at 8 p.m. Dr. O'Meara of Wycliffe College will preach in the morning and the Rev. Dr. Lwyd of Trinity College will preach in the evening. There will be special music.

DOMINIC FALLON DEAD. Bishop Fallon, London, One of Seven Sons, Who Survive.

COMMITTED FOR TRIAL

Three Men Face Four Charges of Burglary. Oliver Brown, William Snow and William Little were committed for trial yesterday on four charges of burglary. Detective Wallace related in the police court his discovery of \$200 worth of jewelry in the hollow leg of a table at 236 West Queen street. The presence of all three men at the house and in addition to the jewelry, goods stolen from the G. T. R. and the J. Northway & Sons' Cloak Company were also found in the house.

LATREMOUILLE REMANDED. O. H. Latremouille was remanded till next Tuesday in the police court yesterday morning on a charge of holding up proprietors of two liquor stores last Monday night at the point of a revolver.

TO BUILD LARGE SCHOOL AT BEACH

Property Committee of Board of Education Will Ask for \$150,000 for Twenty-Nine-Room Building, Which Will Do Away With Overcrowding in East End.

Whether to build a twenty-nine or a nine-room school on Williamson road, New Beach, was decided yesterday afternoon in favor of the twenty-nine-room building.

The property committee of the board of education opened tenders for a one-story building of nine rooms, for a three-story building, with the upper stories incomplete, and for a complete three-story building of twenty-nine rooms.

Chairman Hodgson and Trustees McTaggart, Ellis and Dr. Noble agreed that the ratepayers would save about \$30,000 by having the larger school building completed.

The estimates for the one-story building totalled \$38,600; three-story building complete, \$149,621.

The committee unanimously decided to ask the board of education to increase the vote of \$50,000 for the Williamson Road School to \$150,000 in view of the amount which would ultimately be saved.

More Overcrowding. Superintendent Bishop pointed out that Balm Beach School is overcrowded and Kingdara's Avenue School, New Beach, has to use temporary frame buildings erected in the playground and part of the basement.

By the time the Williamson Road School is completed the demand in the immediate neighborhood and the surplus from the other schools at the beaches would occupy all the classrooms in the new building.

Superintendent Bishop applied for permission to put up an additional classroom in the basement of Beach Avenue School.

Effective Protect. Dr. Noble protested effectively. He quoted the resolution of the board against any more classes being opened in basements and permission was refused.

In the meantime Superintendent Bishop will report on Dr. Noble's proposal that first book classes be only taught half-days.

Huether's Wuerzburger Pilsener. The next time you are beer thirsty try Huether's Wuerzburger or Pilsener. We stake our reputation as brewers on your judgment of either.

The Germans can certainly brew beer, but nothing finer or more delicious comes out of Germany than these two brews.

The Berlin Lion Brewery, Limited, BERLIN, ONT.

SATURDAY MORNING, OCT. 12, 1912

THE MACDONALD BY-ELECTION.

Today is polling day in Macdonald and the result of the by-election will be awaited with interest in every part of Canada. Liberal leaders of Saskatchewan and Alberta have taken an active part in behalf of Mr. R. L. Richardson, while the campaign for the Conservative candidate, Mr. Alexander Morrison, has been conducted with great vigor by Hon. Robert Rogers, Sir R. P. Roblin and the members of the Roblin Government. The warm exchange of personalities between Premier Roblin and Acting Premier Carter would almost suggest that the contest is one between the government of Manitoba and the government of Saskatchewan. The fight has been mainly on the reciprocity issue, against which Macdonald pronounced by a small majority at the general election of 1911. Should the Conservative candidate today have a largely increased majority, and especially should he make a better showing than did Mr. Staples in that part of the riding which is outside of Winnipeg, the government may claim with reason that the strong sentiment for reciprocity manifested by the voters of Saskatchewan last July is not co-extensive with the prairie provinces.

A year ago the Conservatives carried eight out of the ten seats in Manitoba over the reciprocity issue, and the election of Mr. Richardson, if he is elected, will doubtless be due rather to dissatisfaction in the west over the railway situation and the apparent apathy of the government on the C. P. R. melon issue than to any great change of public opinion respecting reciprocity. The railway grievance is the real grievance of the west.

Sweeping charges of fraud, corruption and intimidation are being made by both sides, as so often happens when a by-election is bitterly contested. The fact that the Conservatives control the election machinery in Manitoba will be made much of by the Liberals in explaining a defeat in Macdonald, just as the control of the election machinery by the Scott government is supposed to explain the Conservative defeat in Saskatchewan.

So long as we permit election machinery to be controlled by one political party or the other, instead of having it administered by a bi-partisan or non-partisan commission, we must be prepared for the scandalous charges sometimes made against election officers in the western provinces which recall the election rascalities of Ontario in bygone days.

A MORE BUSINESS PARLIAMENT. Why should parliament assemble each year on a fixed date, say, the first Thursday of November or some other day, to be fixed by statute? This would not interfere with the prerogative of the crown, to summon parliament at any time on any emergency. Neither would it prevent parliament from adjourning, from time to time, instead of being prorogued, so that it would not be in the power of any government to prevent parliament from coming together frequently for the discussion of public affairs.

Again there seems to be no good reason why at every session all business should begin afresh as to a new parliament had met. If a bill which passes the house of commons does not get through the senate at one session, why should it not be taken up by the senate at the next session, instead of starting all over again by being re-introduced as a new bill in the house of commons? Many public bills of interest and importance to the country make good progress in the house and might pass if they could be pressed to a vote. But they are shunted to a siding by resolution, giving government orders the right of way, to the exclusion of all other business. The Laurier government led many a bill to the lethal chamber of the senate; or, after reaching the order paper for a third reading, permitted it to perish from inanition.

Perhaps all governments save themselves from hasty action and embarrassing situations by such devices, but would not parliament be more interesting, and perhaps, more important, if the order paper were taken up at the beginning of a new session, where it was left at the close of the preceding session of the same parliament?

FINISH THE JOB NOW. Frivolous indeed are the arguments raised against the immediate annexation of North Toronto. A sewerage system has been established in the

town at a cost of some \$200,000, about half of which was spent in the disposal beds and casements for the trunk sewers. In justice, the city must assume the cost of the latter half, so that say \$150,000 is in dispute. North Toronto people will be called upon to pay a share of the city's trunk sewers and other sewer cost in addition to that raised by local improvement, from which they can get no benefit. A saw-off therefore is fair to both. North Toronto ratepayers can have no objection to paying for the drains fronting the property of each, and as there is in general only an eight-inch pipe the cost would be small.

North Toronto's water mains are paid for as local improvements, and as these are provided at the general expense in the city, North Toronto will have to be relieved of this present local tax. These obstacles are too insignificant to delay annexation and, as Mayor Geary said, let the annexation be confirmed by the Ontario Railway Board and remedial legislation, if necessary, can be obtained later. Annexation of North Toronto is too vital a question to be put off longer and any opposition can only be construed as emanating from monopolistic interests. Let's get a few things done; not delayed.

IN THE BRITISH PARLIAMENT.

Notwithstanding the quarrel between the ministerialists and the Labor party of the United Kingdom over representation, no indication has been forthcoming that it will affect the strength of the coalition majority. As The World noticed, not long ago, Mr. Ramsay MacDonald, the Labor leader in parliament, made it perfectly clear that he had no intention to make the party the catspaw of the opposition. This attitude is not wholly attributable to government affiliations. It is due, even more, to sympathy with the Irish demand for self-government. Indeed, on the three leading questions now before parliament, the Labor representatives are in accord with British Liberal sentiment.

The theatrical demonstrations in Ulster are not going to alter the parliamentary situation. The houses of lords did not need their stiffening for it has all along been assumed that the Conservative majority will exercise their limited power of veto to the end. If the government outlasts this resumed session and carries out its program, the chances are that it will confront parliament in 1913 delivered from the unpopularity which meantime attends the national insurance scheme. This the opposition knows, and the knowledge will make the struggle now in progress all the more bitter and spectacular.

THE CITY COUNSELLORSHIP.

Mayor Geary has been indicated by The Telegram last night in an inspired news story as "the only man in sight" for the position of corporation counsel. There is only one man who has prevented the appointment weeks ago of a much better man. The man who has stood in the way of the choice of a first-class lawyer is Mayor Geary himself. We are to be forced to believe that Mayor Geary thinks himself really the best man for the post. If he does not believe himself to be a better lawyer than the several eminent counsel who have been mentioned for the position, he is false to his trust as mayor of the city. Does Mayor Geary really believe that, no better man can be got than himself to fill the corporation counselship? He can only answer that question with his tongue in his cheek.

Mayor Geary was elected mayor by the influence of the Toronto Street Railway. The Star at that time was his chief supporter. The Telegram has now been chosen as the agent of the company's influence. The astute general manager has caused a genial glow to pervade the Bay street editorial sanctum and the warmth and cordiality has been turned upon Mayor Geary as he struggles towards the legal chair. For three years he has put brakes on the city wheels and sand on the city tracks and things have been going slow enough to satisfy the corporation policy of obstruction to the city plans. If Mayor Geary can be hoisted into the corporation counselship he could play the game of legal delay to perfection, and he would not need any brilliant legal ability to do it. That is the view taken by most of the insiders in city hall politics.

Mayor Geary's supporters would have us believe that he is a public-spirited young gentleman whose sole interest in life is to serve the people. But none of them can explain satisfactorily why, if he really desires to serve the people, he does not break the deadlock on the board of control and have a first-class lawyer appointed as city counsel.

It is said that the whole deal is to be consummated on Monday and that the aldermen are ready to deliver the legal interests of the city into Mayor Geary's hands. It appears he need not even resign to be appointed. The dice are loaded and the box is being rattled for the cast.

Will the aldermen stand for it?

C.P.R. AND THE MAINTENANCE-OF-WAY MEN.

Editor World: I noticed in The Ottawa Citizen an article copied from your paper of Oct. 5 attacking the

JOHN: If it wasn't for Billy Maclean the city over the Don wouldn't be anything but Landmarks like you an' me!
JAFF: An' forby him Adam Beck 'd been in the lockup lang sync.

HIGH PARK RATEPAYERS

The High Park Ratepayers' Association meet on Monday night at Argyle Hall, Fernmanagh avenue, to nominate officers for election at the next monthly meeting. R. Home Smith will be present and will explain the Humber River driveway project. This association has grown from a very small to one of considerable size and influence, and, lively as well within as without, much interest is taken in the choosing of the officers who are to guide its policy for the ensuing year.

BUSINESS SCIENCE CLUB

The Toronto Business Science Club held their first dinner for the 1912-13 season last night at the Brown Betty restaurant. Rev. Ben H. Spence of the Dominion Alliance gave a most interesting and illuminating talk on the business side of the alliance work. He was followed by Mr. Macgregor, a former traveling passenger agent in railway work, who gave some interesting personal reminiscences of life on the road. Mr. Farmer concluded the evening's instruction with an illuminating talk on character analysis.

During the evening vocal selections were splendidly given by Messrs. Dancy, Kussick and John Alexander. The next dinner will be held Friday evening, the 11th, when John A. Copley, of London will be the chief speaker.

ONLY ONE WAY TO CURE RHEUMATISM

It Must Be Treated Through the Blood and the Poisonous Acid Driven Out. The twinges and tortures of rheumatism are not due to cold, damp weather as so many persons suppose. The real cause is a poisonous acid in the blood which every sufferer should realize.

There is only one way to cure rheumatism—it must be treated through the blood. At the University of Michigan and elsewhere, the use of the Williams' Pink Pills for Pale People is the only scientific method of curing rheumatism, and it is the only method that is not only safe, but is also the most effective.

SILVER SPIRIT LAMPS

of the English type are useful for the den and library. They are handsome, useful and smokeless. Prices average about \$10.

WANLESS & CO. Toronto's oldest Jewellers 402 YONGE ST., TORONTO

TO REGISTER OLD MEMBERS

Grenadiers' Books Will Be Kept Open Two Weeks Longer to Receive Names of Former Members. Arrangements have been made for keeping the registration books of the Royal Grenadiers open at the armory until Oct. 21. It is desired to close them on this date if possible. Over 20 former members of the regiment have registered to attend the big banquet on Nov. 2, and take part in the church parade on Nov. 3.

Information is particularly desired of the members of the Grenadiers, who served in the Penian Raid of 1896 and the trouble of 1870. It will be a great pleasure to receive names of those who will be left behind for the pleasure of these old members, who will be requested to remain in the city and form a feature of the church parade. Any information concerning veterans of these historic times will be appreciated by Col. A. E. Gooderham and the officers of the Grenadiers. A large number of letters have come in during the week from all parts of the country with the pleasing intimation, "I will be there."

The bandmen of the Royal Grenadiers hope, to have the majority of the former members of the band on parade on Sunday, Nov. 3, when it is the intention to have the largest single regimental band that ever paraded the streets of Toronto. Arrangements are being made for accommodation of the old members, and nothing will be left undone to make their stay in Toronto a pleasant one.

"Cartoons"

The cartoon is one of the most strikingly interesting phenomena of present-day journalism. The political cartoon came first; then the domestic cartoon, and the "Thomas" or the "Thomas Edison Jr." school. Finally appeared the sporting cartoon and the woman's cartoon. The philosophy of it all is that everybody likes to look at pictures. Playing upon this simple and natural trait, a Chicago magazine entitled "Cartoons" was launched some months ago, and it must be said that it is now one of the pleasantest visitors that come to this office. Cartoons from newspapers all over the country give the political situation more vividly than the written word; cartoons from the college papers bring samples of untapped vein of humor; cartoons from abroad reveal angles of vision that are as strange as they are educative.

Advance Theatre Programs.

Editor World: May I call attention, thru the medium of your valuable paper to a matter which I think is of interest to your readers? I refer to the lack of an advance program of events scheduled to appear at the different theatres.

The manager of one of the leading theatres in the town told me recently that his stage was booked right up to the second week in June, and in view of this I cannot see why the public should not be able to know several weeks in advance, just what play is coming in any particular week. It would greatly facilitate the arrangements of many, who, no doubt, wish to take a good seat for one or two weeks, while they would not be so anxious to attend when the play was only a secondary one.

By all the provincial theatres in England an advance program is issued, and since the theatres depend for their prosperity upon the public, they should surely do what they can to accommodate their patrons. This is one of the ways in which they might. Why not?

Entertainment at St. Anne's. An entertainment of some dimensions will be held in St. Anne's Church Hall, Gladstone Avenue and Dundas Street, which is the second largest hall in Toronto, on Monday night, when the band of the 48th Highlanders will entertain the choir. The arrangements are under the supervision of the Church Men's Association.

Woman's Realm --- the Household, Fashions and Society

SOCIETY

Many hundred friends of Ontario's most popular college were at Upper Canada yesterday afternoon for the distribution of prizes and the tea given by Principal and Mrs. Auden. The Misses Gibson were present, attended by Major Clyde Caldwell, Miss Gibson receiving a bouquet of pink roses. The beautiful rooms of the college were lovely with autumn leaves, berries and flowers, and the tea table was done with sweet clover and scarlet leaves. Those assisting were: Miss Kittmaster, Mrs. Graham, Miss Carolyn Warren, Miss Joyce Hutton, Miss Scott, Miss Dora Ripout, Mrs. Auden wore a gown of gold and blue silk with embroidery to match and black hat. Miss Heath, the new lady superintendent, who also received, was in heliotrope dress and black velvet hat. Miss Arndt also gave a very nice tea at the Preparatory School, where the pretty rooms were beautifully decorated and the hostess wore a becoming gown of gray satin with embroidery to match, pearls and white lace. The tea table, set in the hall, was decorated with berries, and the boys were most attentive in looking after the guests.

The Toronto Hunt Club gymkhana and steeplechase take place at the Hunt Club at 2:30 this afternoon. Sergt. B. Donald Bowling Macpherson, who was 22 years with the Royal Scots Guards, and thirteen years of that time pipe major, has kindly consented to play the bagpipes during the intervals. He is coming in regimentals, with all his medals.

Mrs. Temple, 161 Warren road, has issued invitations to an at home on Friday afternoon, Oct. 26, from 4:30 to 7 o'clock.

Mrs. Harold Bickford was the hostess of a charming little affair, made in her pretty home in Forest Hill road for Miss Norton, her guest from England. The house was artistically decorated, and the guests danced all over the ground floor to an excellent orchestra. Supper was served at 10 o'clock. Mrs. Bickford, assisted by Major Bickford, received the guests, when she was wearing a violet gown with white eries of Brussels point de gaze. Miss Norton looked very pretty in white satin and mignon, with orchids. Mrs. Home was also present in a gown of gray-blue satin, with white eries. Other guests in the house for the dance were Mrs. McCullough of Galt, and Miss Constance Turbott of Hamilton.

Mrs. Gibson Le Touzel (Miss Elizabeth Lamport), who is the guest of her aunt, Mrs. A. A. Allan, 496 Sherbourne street, will receive with her on Monday.

The patriotic societies' excursion to Brock's Monument leaves the Union Station by the G.T.R. at 9 o'clock this morning.

The annual autumn tea of the Women's Literary Society of University College takes place this afternoon at 4 o'clock in the hall of the building.

The marriage of Miss Isabel Murray to Mr. G. S. Hodgson takes place today.

St. Mildred's College Old Girls' Association will hold the first business meeting on Tuesday at 8 o'clock at 28 Walmsee road. Special business is to be discussed.

Mr. and Mrs. William Gregory of 21 Homewood avenue announce the engagement of their daughter, Miss John Gordon Anderson. The marriage will take place quietly the latter part of October.

At the Arena concert last night, Miss Alice Nelson looked lovely in sea green and gold brocade, short sleeves of white lace and a large scarf painted with flowers falling from the shoulders. Miss Jaska Swartz wore a most effective gown of pink satin, the bodice and sleeves of white lace outlined with crystal embroidery, the train of the alashed skirt being of rose embroidered chiffon. She received a bouquet of pink roses. Those in the government house box were His Honor the Lieutenant-Governor and Lady Gibson, the Misses Gibson, Major Clyde Caldwell, Miss Mortimer, Mrs. Charles, Miss Jean Alexander, Prof. Mavor, Col. Crowe of the R.M.C., Kingston.

MISS BURGER HONORED
Principal of Joseph Workman School Given Pearl Brooch.

Miss Ada Burger, formerly assistant principal of Alexander Muir School, who was recently placed in charge of the Joseph Workman School, was yesterday made the recipient of a valuable token of esteem in which she was held among her former associates. The teachers arranged a little gathering in one of the school rooms and presented Miss Burger with a brooch set with pearls and amethysts. The new principal of the Joseph Workman School is leaving to take up her new work among the orphans of that institution, and will take with her in an unusual degree the good wishes of her associates.

The Daily Hint From Paris

SMART TAILORED COAT.

Especially designed to give the slender effect, this coat was made in large in the upper part. The armholes extend nearly to the waist line, but the sleeves themselves taper to a rather close fit. The joining line of the skirt and upper part is just above the hip, and three very large buttons close the garment snugly. A heavy-weight gray material, showing fancy stripes on a smooth surface, was used, and careful tailoring was a feature of the garment.

IMPORTANT ORIENTAL RUG SALE

Next week will bring with it the first important sale of Oriental rugs for this season. The Toronto public are now thoroughly informed regarding the artistic quality, the workmanship and durability that characterize these products of eastern looms and the inherited skill of the craftsmen. This particular collection, comprising 800 numbers, is one of exceptional interest and value and contains fine and select specimens of all the most noted fabrics. In order to display them the art rooms of Charles M. Henderson & Company, who will conduct the sale, have been decorated with them in a manner that suggests the interior of a Turkish or Persian palace.

The collection will be on view in these rooms, 37-39 East King street, today, Saturday and Monday, preparatory to the sale on the immediate following Tuesday, Wednesday and Thursday. In it are examples of the highest grades of Kermansah, Meshed, Jaruk, Garavan, Mahal, Bokhara, Sporca, Malabar, Balala and other choice weaves. Attention may be particularly called to an antique Royal Bokhara, the finest and most magnificent piece catalogued, in deep lustre, with shades of and exceedingly close texture, which has been valued at \$1000. Another carpet, especially noteworthy is of the finest grade of Persian Mahal make, in rich royal blue, of little less interest are beautiful specimens of rich and delicate colorations in rich and delicate colors of the principal Oriental looms. The rugs are well worth a visit of inspection from the public.

The honorary governors who will visit the Toronto General Hospital during the week commencing on Oct. 12 are: Col. Sir Henry M. Pallant and Mr. J. P. Eby.

Makes Face Young—Tightens Love Ties

"(Aurilla) in Woman's Sphere)
A careful expression, a wrinkled face and a faded complexion do more to drive the male members from home than is commonly supposed. It was one of my greatest difficulties when I had overcome all that, but I have changed my mental attitude, and I am cheerful. Due partly to this, my appearance has so improved I look fifteen years younger than I fore.
A simple face lotion made by dissolving an ounce of powdered sassafras in a half-pint of witch hazel, proved a wonderful wrinkle-chaser. I use this occasionally. To renovate my skin I purchased an ounce of ordinary mercurochrome, and before using this up, a marvelous transformation had taken place. It was like removing an unsightly mask, revealing a new face, youthful complexion of delicate delicacy, clear, white and velvet before applying the wax like cold cream before retiring, waiting it off mornings. Ten days' treatment sufficed.

The Nursery Two Baby Gifts

The list of gifts available for the new baby is so limited that it is soon exhausted. And no matter how carefully you plan and prepare your gift, you are always haunted by the thought that it is sure to be duplicated. In one sense this is a splendid thing for baby, because he can very well stand duplication in the matter of stockings, booties and long and short kimono; but when it comes to mugs and spoons and pins, the best-natured baby may well become "peevish."

Among some old magazines the other day I found one in which two gifts were described. They sound splendid and in case you are preparing a baby gift, or better still, a baby trousseau, I am giving you the benefit of my find. The first gift is a crib quilt made of two yards of silkoline, a roll of cotton batting and some fine wool. The silkoline had a design of pink chrysanthemums and when cut in half made the centre of each side of the quilt. A 6-inch border of any pretty blue and black. The hat has a crown of shot silk and is trimmed with two made plumes of the plush. A small black plush hat, extremely dashing in effect, has a white satin band inside the brim and three fancy black feathers at one side.

Trim the edges, turn the two outer edges together and stitch with pink thread in a fine running stitch. The other gift was a creeping rug for the nursery. It was made of a piece of double-face dark red canton flannel, 51 inches wide by 1 2/4 yards long. The ends were bound with black braid. The rug was decorated with a procession of animals to form the border. Every person has a collection of animal pictures. Trace the desired pictures on cardboard or thick paper. Cut these out and use this stiff pattern to cut the animals out of gray or tan felt. Arrange the procession on the rug with pins, then baste them in place and hem the edges with thread to match the felt.

Elmer Murray

IF THIS IS YOUR BIRTHDAY
Avoid sudden chills, as your health seems in danger. In material things good fortune is indicated and some valuable friendship co-operations will be formed. These born today will be well liked and successful and well known in public life. Generosity and extravagance will keep them from accumulating great fortunes.

MARIE DRESSLER APPEARS TONIGHT

Funniest Woman on English-Speaking Stage Will Be Headliner at Last Arena Concert.

The great festival at the Arena which has delighted thousands this week, will wound up tonight with a unique feature, in the form of comedy recitations and a series of imitations of most of the noted artists of the week by the operatic comedienne, Miss Marie Dressler, who is admittedly the funniest woman on the English-speaking stage, is a capital one. It is the aim of Miss Dressler to give the public something of a higher order than mere broad burlesque. Those who saw her imitation of Terzastini last season will remember how exasperatingly funny it was, but her imitations of the singers to be heard here during the festival will be marked by more artistic finesse; for, while she is primarily a purveyor of mirth, she has also serious ambitions, and the it is not generally known, a most thoroughly trained musician, familiar with every detail of her art. This training began with early childhood, for she is a daughter of Professor Keeser, at one time one of the best-known musicians in Ontario. It is this musical training that enables her to so skillfully imitate the prima donnas of the day. Born in 1871, she has been on the stage since the age of fifteen, and all her early training was musical and operatic. Burlesque came later when she had fully developed all the technique of her art. At the age of sixteen she sang the fine contralto role of Kalista in the Mikado, and for ten years with the Bennett Moulton Opera Company, the Lithian Russell Opera Company and similar organizations she appeared in the entire repertoire of classic light opera. In truth, it may be said that it is the essentially unctuous and humorous qualities of her personality that have not marked a career for her in comic roles, she would have won distinguished success as a vocalist. Her contribution to the festival will, therefore, be of immense interest to the critics and the public.

Velvet is trimmed with a black leather belt, dull leather with a gilt buckle. The shape is extremely smart. A rather high-crowned, narrow brimmed hat of two-toned iridescent plush is in blue and black. The hat has a crown of shot silk and is trimmed with two made plumes of the plush. A small black plush hat, extremely dashing in effect, has a white satin band inside the brim and three fancy black feathers at one side.

TO PUT SERVICE ON GERRARD STREET

Board of Control instruct Commissioner Harris to Make All Arrangements for Cars at Once — Option re Glen Stewart Withdrawn.

That a service should be provided on Gerrard street civic car line as soon as possible was decided by the board of control yesterday morning, when Commissioner Harris was authorized to secure the necessary equipment at once. Mayor Geary suggested that three or four cars and a snowplow be obtained and that in order to save time the commissioner be given a free hand to make all arrangements. It was estimated that the service could be commenced in six weeks' time.

Commissioner Harris stated that the St. Clair avenue and Danforth avenue lines would not be ready for the cars till spring. This brought forth a protest from Controller Church, who urged that a bus service be operated along these roads until the lines were ready. The works department, he said, should make a special effort to rush the work of laying the steel, because without some kind of transportation the people in the districts bordering the routes would suffer a great inconvenience. The commissioner stated that he could have the rails laid on St. Clair avenue in six weeks' time, but he would not advise installing a service this winter.

Glen Stewart Withdrawn. Senator Cox wrote to the board stating that he would withdraw the option he had given the city for the sale of his Glen Stewart estate at \$200,000. The option was given about three weeks ago at the request of a special committee of aldermen who were authorized to deal with the question. At the last meeting of the city council the board of control was instructed to bring in a bylaw to acquire the property, but the board was not prepared to make the recommendation. The withdrawal of the option simplifies the situation as far as the board is concerned and the city will likely have to adopt the expropriation method if it wishes to acquire the estate now.

Want Wider Street. In dealing with the committee on works report with respect to the recommendation to widen and extend Crutcher street from Queen street to Davenport road, at a width of 66 feet, the board decided to recommend that the matter be again referred back until the assessment department had provided an estimate of what it would cost to widen the thoroughfare to 88 feet from College street north.

Stores on Avenue Road. Mayor Geary, Controllers Hocken and Church consulted the majority of the board who favored removing the residential restrictions from the west side of Avenue road, between McPherson avenue and Cossington street. A recommendation to this effect was sent on to council.

Apartment House Trouble. Ald. Audin introduced a denunciation of residents from the vicinity of Grenadier road and Keele street, who objected to G. Garfunkel's proposal to place a departmental house on that corner. The latter received his permit.

Skin-Tortured Little Ones

Mothers! Are your little ones suffering from itching, burning eczemas, or other torturing, disfiguring skin troubles? Are you, yourself, worn out with long, sleepless nights and ceaseless anxiety in caring for them? Then you should know that, in most cases, a warm bath with

Cuticura Soap

and a gentle application of Cuticura Ointment bring immediate relief, the little sufferers sleep, tired, fretted mothers rest, and peace falls on distracted households.

Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a postal order to "Cuticura," Dept. 23, Boston, U. S. A., will secure a liberal sample of each, with 25¢ worth of ointment and soap, and treatment of their affections.

to build before the district was made residential by virtue of the recent by-law, but one of the terms of his deed for the land states that only a detached house can be erected. The city have already had an injunction issued to prevent the work, and it was decided to follow this up in the courts.

Wolfe's Monument. It was agreed to recommend that the city contribute \$2500 toward the monument which is being erected at Greenwich in memory of Gen. Wolfe. The cost, which will be about \$30,000, is being provided by private subscriptions.

Want Tile Pipes. E. M. Trowen, secretary of the Retail Merchants' Association, headed a denunciation which protested against the clause in the new plumbing bylaw specifying that all sewage pipes must be of iron. They claimed that there was no evidence produced to show why this change was necessary. The board, however, assured them that this feature of the bylaw would likely be killed in council.

New Engineer. Commissioner Harris notified the board that J. D. Shields, the engineer in charge of the sewer branch of his department, had resigned. He recommended that William R. Worthington be promoted to the position at a salary of \$1800 per annum, and the board agreed.

MANY FEDERALS SLAIN

Force of One Hundred and Fifty Men Ambushed by Mexican Rebels.

LAREDO, Tex., Oct. 11.—(Can. Press.)—A rebel force numbering 1800 ambushed and practically annihilated a force of 150 federals near Herma late yesterday.

Of the federal force only 17 are said to have escaped. After killing Colonel Tello, the rebels hanged his body to a telegraph pole.

Eighteen federals were captured and their ears cut off. The federal flag-bearer was offered his liberty if he would surrender the flag which he kept after he was captured. He refused and was shot.

RUGBY PLAYER KILLED

Captain of Westmount Academy Team Succumbs to Injuries.

MONTREAL, Oct. 11.—(Can. Press.)—After being knocked out by colliding with another player this morning, H. Calvin McCallum, captain of the Westmount Academy football team, continued in the game.

He then became unconscious again and died after being taken home from a hemorrhage of the brain.

LOW RATES FOR HUNTERS VIA GRAND TRUNK RAILWAY.

Fares—Single first-class fare for the round trip from all stations in Ontario (except north of Gravenhurst and west of Pembroke), also from Detroit and Port Huron, Mich., Buffalo, Black Rock and Suspension Bridge, N. Y.

Going Dates—Oct. 7 to Nov. 9, inclusive, to all points on Temiskaming and Northern Ontario Railway, Temagami, etc., and to certain points in Provinces of Quebec, Nova Scotia and New Brunswick, also State of Maine.

Oct. 17 to Nov. 9, inclusive, to Muskoka Lakes, Lake of Bays, Georgian Bay, Magnetawan and French Rivers, Kawartha Lakes and points on Grand Trunk Railway, Severn to North Bay inclusive, Madawaska to Parry Sound, Lindsay to Halliburton, Argyle to Cobocok, Penetang, Midland and Lakefield.

Eczema Cured Three Years Ago

Best City Doctors Failed, But Cure Was Effected by Use of Dr. Chase's Ointment.

Mrs. A. T. Smith. You apply Dr. Chase's Ointment for eczema and feel the benefit as it by magic. It may take some days to get the sores cleaned out and the healing process fully established, but from day to day you can see the old trouble gradually disappearing and know that you are getting rid of it. Mrs. A. T. Smith, 1 Mt. Charles St., Montreal, Que., writes: "I had eczema on my leg for four years, and tried many remedies and doctors in Montreal and Boston, without any benefit. I used three boxes of Dr. Chase's Ointment and was cured completely. This was three years ago. Since then I used Dr. Chase's Ointment for irritations and eruptions of the skin, and easily got rid of them with two or three applications. Dr. Chase's Ointment is a wonderful preparation."

AT THE THEATRES

"The Senator Keeps House."

It is quite a while since William H. Crane has been seen upon the local stage and on this account there is more than the usual pleasure offered in the announcement that comes to the Princess Theatre all next week and will offer for the first time here his newest success, "The Senator Keeps House."

This latest Crane triumph is a comedy in four acts by Martha Morton, which is located in Washington at the present time and in which Mr. Crane is to be seen once more as a member of the United States senate.

Joseph Brooks, who is directing the Crane tour, selected the vehicle for Mr. Crane and was associated with him in the original production of it at the Garrick Theatre last season, where Mr. Crane scored such a pronounced hit that he remained for four months and devoted the greater part of the season

William H. Crane in "The Senator Keeps House."

to New York City alone. For the current year he is booked for an extensive tour which Mr. Brooks mapped out for him not only because of the popular success of his latest hit but for the very happy circumstance that this happens to mark the fiftieth year that Mr. Crane has been a citizen of the stage.

It is pleasant to contemplate in commemoration of that event that Mr. Crane has a comedy offering entirely worthy of him. The verdict in New York was that it presented him at his best. The story is domestic in its greater purpose with just a dramatic spur traced to a land claim the senator is asked to get through congress contributing to the action. Miss Martha Morton, the author of the play, has contrived some splendid situations out of these basic forces and she has also woven in the required character contrasts but above everything else the humor which is so necessary in a typical Crane offering. With Mr. Crane in a congenial role and a play that appeals directly to an audience the combination offers enough to warrant a pleasant engagement in every respect.

The same production and the same company that were features of the metropolitan season will be in evidence here. In the cast will be found Marlon Kerby, Mabel Bert, Lorraine Frost, Ziegler Tibburs, William W. Jefferson, Harry Harwood, Charles Riegel, Jack Devereaux Bud Woodinore and others.

"Excuse Me."

With a laugh for every turn of the wheel, which runs a Pullman car two thousand miles across the continent, Henry W. Savage's production of "Excuse Me," comes to the Alexandra Theatre for a week's engagement beginning Monday night. Just how many laughs there are in this delight-

Gertrude O'Brien in "Excuse Me," Alexandra, next week.

ful satire of travel, none has ever been able to count, but there are at least ten a minute thru the two and three-quarter hours, which the play lasts, and no grudge, no matter how deep seated, has ever been able to resist the appeal of this play.

All the scenes take place in a Pullman car, and the three acts are known as the three sections of the train. There are a dozen humorous types of travellers, including the newly married couple, a minister and his wife, who are trying to conceal the fact that the husband is a clergyman, a self-important Englishman, a fat man who has been imbibing, not wisely but too well, and last but not least, the Pullman car porter, an old-time-before-the-war dandy, whose every gesture is a laugh, as well as every speech he utters. The story of the play is a series of incidents which are the logical outcome of the failure of a minister to marry a young couple, before the train starts for the west. Resolved not to be separated, they board the train, determined to find a minister en route to marry them man and wife. Their adventures and the attempts of sympathy and aid of the other passengers form the chief points of the plot.

Mr. Savage has never sent on tour a company or production which was not of the highest class. In this company will be seen many of the players who were seen last year, while the other roles are played by the originals of the New York Company, including Willis P. Sweatman as the porter. Others in the cast are: Jacqueline Blaine, Gertrude O'Brien, Edna Mayo, Vivian Blackburn, Lucille Lennon, Marguerite Rand, Joseph Yanner, Thos. J. McMahon, Harry Lane, Edward Bagley, Wilfred Seagram, Leroy Clemons, George Fisher, Charles Barron, Robert Stirling, and a dozen others.

The International "Ben-Hur."

A splendid welcome awaits the international production of "Ben-Hur," which Klaw and Erlanger, after its triumph in London, have brought back for the delectation of Toronto citizens. The beauty of the scenery, its accuracy and ardence, its fidelity to the dramatic and atmospheric conditions in and around Palestine, the gorgeousness of its trappings and the sheer beauty of its costumes, won immediate and magnificent success in the presentation of the great drama at Drury

The Paper Carriage

on the Burroughs Visible adding machine is as easy to operate as a typewriter carriage.

Drop the paper into the chute and turn the platen—two sets of rubber pressure rollers catch the paper and guide it into place, ready for work.

This carriage can be put on or taken off with a screw-driver in 30 seconds—any one of three standard carriages (3 1/2, 12 1/2 and 20 inches) can be furnished.

We'll be glad to show you this machine, any time, anywhere.

Burroughs Adding Machines Co.
D. W. Saxe, Sales Manager,
148 Bay Street,
TORONTO, ONT.

lane in London last January. That historic old stage, which has been tread by the greatest actors England has produced and which has stood as a monument to the energy and greatness of the English theatrical world and its producers, furnished Klaw and Erlanger vast space for their new presentation of the Lew Wallace spectacle. Last year when these gentlemen—the greatest American entrepreneurs—determined to invade the British capital and show the Londoners that American had advanced with tremendous strides toward perfection in staging—they called together the experts among the army of their employees, artists and artisans, scientists and literateurs, to design and to bring forth setting that would rival the wonderful story of the Christ influence in Palestine and show to the Englishmen what had been accomplished along the lines of theatrical production in America. The success of the venture is now a part of the history of dramatic events in London. In order to fulfil obligations to their loyal followers on this side of the Atlantic and to see that every part of the great production was in absolutely perfect condition in every respect, Klaw and Erlanger assembled all the parts of the work and in four of the large American cities—New York, Baltimore, Philadelphia and Boston—sent their own countrymen last season the first sight of what they believed to be the greatest production ever set on an American stage. It is the fruit of years of work by a vast number of skilled men and women, which the Toronto public will see when the production of "Ben-Hur" arrives at the Princess Theatre on Monday, Oct. 28, when a week's engagement will be inaugurated. The magnitude of the new production is best told by the fact that there are only twenty theatres in the United States equipped with stage room which "Ben-Hur" in its new form can be produced.

"The Littlest Rebel."

"The Littlest Rebel," Edward Peple's stirring and interesting war play, in which William Farnum plays the leading masculine role, will be presented at the Princess Theatre under the direction of A. H. Woods, on Monday evening, Oct. 21. This play, which has had a long run in New York and Chicago, is said to be one of the most realistic war dramas ever produced on the stage. It has an abundance of heart

interest, clever wit and humor and many stirring and spectacular scenes. In the third act there is a battle scene which is said to be very realistic and a large number of soldiers are employed.

"Everywoman."

The work is under way now that the modern morality play, "Everywoman," has achieved such a triumph in London, of having the piece translated into German for an early production in Berlin and Vienna. "Everywoman" has already been done in Australia and Henry W. Savage soon expects to have it running simultaneously in all quarters of the globe. "Everywoman" will be offered here shortly by Mr. Savage with the original New York production and nearly all the members of the original New York cast, including H. Cooper Cliffe and Adele Wood.

"Mutt and Jeff."

You can no more make a success out of bad material than you can keep a good thing down. "Mutt and Jeff" is a pronounced hit at the first performance. Why? Because the play possessed real merit, and the people instantly recognized the fact. That success has been growing and reaching out until the report from every corner of the country says: "The one big hit of the season." Not only the people, critics and newspaper comment pronounce it a hit, but the heads of the great theatrical syndicates who control the booking of the thousands of theatres throughout this vast country, send

"Mutt and Jeff," who will open a musical festival week at the Grand Opera House on Monday.

out the report "Mutt and Jeff" the success of the year." Think of it, overshadowing the success of all the great "stars," little "Mutt and Jeff" leads them all. Is it any wonder that everybody wants to see it? The reports of the newspaper critics nor the report from the syndicate did not make "Mutt and Jeff" a success. The people made it a success because it was just the sort of entertainment they wanted to see.

The Merry Widow.

The great never-surpassed international opera, "The Merry Widow," will be offered by the original producer, Henry W. Savage, as the attraction at the Royal Alexandra for the week beginning Monday, October 11. Mr. Savage has assembled many of the original players for the new version. Mabel Walker, one of the first Sontags in New York, will again be here

Charles Meakins, who will be seen in his original role in Henry W. Savage's production of "The Merry Widow," at the Alexandra Theatre, week of Oct. 21.

and the prince will be sung by Charles Meakins. Oscar Pignam will be the very funny ambassador, and F. J. McCarthy will again play the role which he created at the New Amsterdam Theatre, New York.

There will, of course, be a new bevy of Maxine girls and the special "Merry Widow" orchestra will help the local theatre organization to an adequate rendering of the beautiful score.

Tom Miner's "Bohemians."

Tom Miner, who is looked upon as one of the foremost show owners in the burlesque field, is very successful in all his ventures, which is due to the fact that he studies the wants of the public, then gets the material to satisfy their demands. The next step necessary is to find people capable of interpreting the parts and conveying them in an impressive manner, to the public. The play and people now obtained, Mr. Miner begins to draw on his bank account and orders the costumes, scenery and mechanical effects, sparing no expense, and the final result is a burlesque show sure to please anybody. "The Bohemians" this season present

"CEETEE"

PURE WOOL UNSHRINKABLE UNDERWEAR

You can face all sorts of weather

WITH IMMUNITY IF YOU ARE PROPERLY CLOTHED.

The basis of all clothing is, of course, the underwear.

The only material that will protect you against the sudden changes from heat to cold or from cold to heat, without harm, is pure, clean wool. All medical men advise woollen material to be worn next the skin. It absorbs the perspiration rapidly and evenly and does not get clammy and damp as does any material which is made from vegetable products.

"CEETEE" PURE UNDERWEAR

is manufactured from only the finest of the finest Australian Merino Wool.

This wool is combed and sorted and combed until every particle of foreign matter is taken out and every strand of wool is clean as it is possible to be made. It is put through process after process on expensive and exclusive machinery, and when finished each garment is in such a state of perfection that it has earned the reputation of being unequalled of the world over.

Each garment is full fashioned and made to fit the human form. Every job is carefully KNITTED together, not sewn, as is the case with other underwear.

Made in all sizes and weights for Men, Women and Children

of the World"; Miss Lena Mason, formerly of the Aborn Opera Company; Gertrude Taylor, who has been identified with musical comedy, and the cast, played by David Abraham.

This is an elaborate production, having four sets of scenery. Forty persons appear in this mammoth condensed musical comedy.

Don't the talking Dog, is the special extra attraction on the week's bill, coming direct from his sensational engagement of eight weeks at Hammerstein's Roof Garden and the Victoria Theatre, New York City. This is Don's first engagement outside of New York, and the principal cities of Germany and Russia. The crowds flock to hear Don talk. He speaks seven or eight words in German, which are translated into English to the audience by Lonny Haskell, the monologist. Don is eight years old. He is a German hunting dog, and is the property of Miss Martha Haberland, who puts Don thru his paces on the stage. He speaks such words as under (shunger), tube (rest), kuechen (cake), distinctly. European scientists have examined Don and are at a loss to explain his phenomena. Don returns to Europe after a short tour of the principal cities of America. The entire press of New York and of Berlin pronounce him a wonder. His life is insured for \$5,000.

WHAT THE INTERNAL BATH IS DOING FOR HUMANITY

Under our present mode of living the large intestine cannot get rid of all its waste that it accumulates—so it clogs up, and then biliousness, constipation is the result, and that lack of desire to do, to work, to think, to enjoy life. This waste in the colon, as we all know, is extremely poisonous, and if neglected, the blood takes up the poisons—and brings on countless very serious diseases—appendicitis is directly caused by waste in the colon. If the colon is kept clean you will always feel up to "concert pitch." There is just one internal bath which will keep the colon as sweet and clean as nature demands it to be for perfect health—that is, the J.B.L. Cascadia. Dr. Tyrrell's method of treatment is being explained at the Owl Drug Stores in Toronto: 79 Queen east; 481 Parliament street; 232 College street; 1251 Dundas street; 990 Bathurst street; 1219 Bloor west; 722 Yonge street; and also at Rutherford's Drug Store, 2 King east.

Many thousands are using it, and doctors prescribing it with great success all over the world. This "assistant-to-Nature" treatment is most interestingly described in a booklet called "Man of Today is Only 50 per cent. Efficient," which you should read for. It will be sent free upon application to Chas. A. Tyrrell, M.D., Room 444, 280 College street, Toronto.

G. T. R. Laying Rails on Old Belt Line From Don to Yonge Completing Loop Around City

Work Will Be Done in Two Months--Opening Up Factory Sites--Suburban Service on Line From Davenport to Rosedale Expected.

The old belt line is to become a belt line in fact.

Work has been started on the section from the Don to Yonge street, and inside two months the old road-bed, unused for a score of years, will have Grand Trunk trains running over it.

Yesterday two dozen men were cleaning off the old right of way at the Don and laying ties and spiking rails. They have about two hundred yards done, but work was not being rushed because but very little material had arrived.

It is at Yonge street that the old belt is busiest. Here two trains yesterday dropped off rails and ties, which are being piled up for the commencement of the work down to meet the men coming up from the Don.

Two switches have been laid down just east of Yonge street and north of the old tracks within the last few days, and a big gang of men is at work clearing the way for two more switches. Already the spot looks like a real railway yard and the liveliness of the locality is heightened by the work on new freight warehouses and coal sheds.

The new switches are being laid down to take care of the increasing traffic in building material that now is most felt at Yonge street, but is sure to make itself apparent, as other districts along the line are built up.

One of the biggest features of the opening up of the belt line from the Don to Davenport is the laying open of factory sites along its route. Trains will soon be able to make a complete round with their freight, and a far better and more regular service can be given when the line is open from end to end and is not, as now, a sort of blind switch.

"Factory belts," said one railway man yesterday, "have worked most toward developing the outskirts in cities of the States, and the Grand Trunk is going to be able to give a service suitable to factories around the top end of the city on the old belt line."

Apart from freight service the opening of the old belt line forecasts a suburban service. While local G.T.R. officials won't talk on this phase of it, a suburban service along the old belt line is expected in the very near future by a great many well-informed people.

Making use of a motor truck in place of a horse in plowing is one of the new ideas in farming methods in Deerfield, Mass. Edward Lamb of that town had some plowing to do last week, so he hitched his motor truck to the plow, and while his sister steered the truck he held the plow handles.

It has been discovered recently that as early as 1847 efforts were made to exterminate the mite that causes scabies. A patent was granted by the United States to an "Eradicator," whose invention covered several forms of it.

BABY'S BEST FRIEND

Baby's Own Tablets are baby's best friend and the mother's greatest aid. They cure constipation, simple fevers, break up colds, expel worms and regulate the stomach and bowels. Concerning them Mrs. Napoleon Pelletier, St. Marcel, Que., writes: "I have used Baby's Own Tablets for constipation and simple fever for both my little girl of three years and my boy of four months and have found them entirely satisfactory and always keep them in the house." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Gerrard Cars In Six Weeks

City Gives Notice That It Will Take Over Part of Kingston Road Line on November 15th.

A feeling of cheerfulness, mixed with thankfulness to those who brought the matter to a head, pervaded the Gerrard street district yesterday when it became known that Works Commissioner Harris has been given a free hand to go ahead and give a temporary service over the civic line tracks. The line will be completely finished in six weeks and the residents feel assured that Mr. Harris will give a good service temporarily until regular equipment is installed. Mr. Harris, in offering to give a temporary service, was prominent in calling the attention of the city authorities to the urgent need of action.

As foreseen in The World, the city has given notice to the Toronto and York Radial Railway that it will take over the Main street tracks and the Kingston road line from Main street to the Woodbine on Nov. 15. These tracks will be operated as part of the Gerrard system.

APARTMENT FOR PARKDALE

Sixty Suite House Will Go Up at Corner of Queen and Close--Unaffected by Bylaw.

The first large apartment house to be built since the city council passed its bylaw restricting them from about ninety-five per cent. of the city is to be erected at the southeast corner of Queen street and Close avenue in Parkdale, at a place not covered by the bylaw.

Fanner and Gates yesterday sold that plot, which has a frontage on Queen street of 100 feet, and a depth of 138 feet, to James E. Cherry, who is to erect a sixty suite house on the land. The apartment will be built with a court in the centre.

The price paid was \$230 a foot, and the vendors were Dr. Fanner and George E. Southcott.

ORGAN RECITALS

First of Series in Convocation Hall Next Wednesday Afternoon.

The University of Toronto announces a series of organ recitals to be given upon the fine organ in Convocation Hall throughout the academic year. During the fall term the recitals will be given fortnightly upon alternate Wednesdays at 5 p.m.

The first recital takes place next Wednesday, Oct. 16, when Mr. F. A. Moore, the bursar of the university, will be the player. These recitals, which will be about an hour in length, are entirely free, and the public are invited to attend them.

There are a present invested no less than \$30,000,000 in electric vehicles, of which sum about \$25,000,000 represents the outlay for trucks and delivery vehicles, and \$5,000,000 the value of pleasure cars.

BOARD OF TRADE FAVORS HUMBER VALLEY PROJECT

R. Home Smith Explained His Proposition to Conference Committee, and Resolution Was Passed Asking City Council to Pass Bylaws on Monday.

"Whereas the execution of the Humber boulevard scheme was prevented by a minority in council, and whereas further delay in endorsing the proposition involves great danger of losing the Humber Valley as a recreation grounds, entailing the destruction of the natural beauty of the valley; this board would strongly urge upon the city council that the necessary bylaws be passed, and that matters be put into execution without delay."

The above resolution was almost unanimously carried by the board of trade committee of one hundred, at their luncheon at the St. Charles yesterday. R. Home Smith was the guest of the day, and he completely carried the meeting by his enthusiastic and straightforward talk on the Humber boulevard scheme, which for over eighteen months he has endeavored to put thru the city council.

His first efforts along the lines of turning the Humber Valley into a park, he declared, involved no real estate proposition whatever. He had fallen back to the real estate side of it as a last resort. He related the history of the proposition since the first time he

brought the matter before the city council in May, 1911, when it was subsequently approved by the council, thru all the subsequent dilatory delay of that body, until up to two weeks ago when the council ordered "the information which they had received in June, 1911."

"I have not one complaint to make against the city council," declared Mr. Smith. "I have always been received courteously by the board of control, and all the aldermanic members."

"The property I will turn over to the city is worth easily \$200,000 today, and in course of time it will be worth half a million," he continued. "The council does not accept this proposition now, in about five or six years' time it will be expropriated at enormous cost for park purposes, and I and my associates will be in somewhere about \$250,000."

Mr. Smith pointed out that the two terms in the agreement objected to were, first, the expropriation of the two pieces of property which he had been unable to purchase. In buying up the property he declared he had successfully dealt with 86 owners, but two he could not deal with. Second, the expenditure of the minimum amount necessary to put the property in condition for park purposes.

"This sum," he declared, according to the Toronto engineers, represented about \$125,000, or an expenditure of \$25,000 per year for five years.

Up to the Citizens. "Now, gentlemen," said he, "this matter is up to you and to the citizens of Toronto. So far as dollars and cents are concerned, I don't care two straws which way it goes. If you want that park, you can have it, but if you don't want it you don't need to have it."

Alderman May, who has consistently opposed the scheme in council, rose and declared that his opposition was honest. He thought the figure of \$125,000 arrived at by the engineers was ridiculously low. "I'm willing to spend two millions on the Humber if I can see that we are going to get two millions' worth," he declared.

Mr. Smith, answering the alderman, pointed out he agreed with Mr. May that the \$125,000 was not going to complete the whole project. "But what I want," declared he, "is this sum expended as a sort of thin spreading of the butter over the bread. After five years you can take two hundred years before you spend anything more on it if you wish."

When the motion was put only four hands in the room rose to oppose the motion.

That Money of Yours will be well invested if you buy now in

Patricia Park

THE BEST BUY OF TO-DAY
To purchase Toronto property without first having seen Patricia Park is to miss the best opportunity now presented in Forest Hill realty. It lies advantageously on the west side of Bathurst Street, just north of Eglinton Avenue, and at the prices asked is below the present market value. A purchaser is assured of good profits and a first-class, sure investment.

\$16 per foot is the price
Small cash payment. Easy terms.

Good opportunities are within your reach if you will but grasp them. We know of no better investment to-day than Patricia Park, and advise immediate purchase at these very low prices.

A few dollars down is all that is necessary to become an owner of one of these choice lots. They are in a direct line with the city's growth, and a look is sufficient to make you anxious.

CITY TO ACQUIRE THE SCARBORO RAILROAD... Portion Within the City Will Be Taken Over on Nov. 16, and May Be Linked Up With Gerrard Street Civic Car Line - Wilton Avenue Extension.

On the expiration of the franchise of the Toronto and Scarborough Railway Company on November 16, the city will take over that portion of the line within the limits of the municipality. City Solicitor Johnson stated yesterday that the necessary notice had been served on the company.

Mayor Geary does not have to resign to be appointed corporation counsel, according to City Solicitor Johnson, who claims that as long as the mayor's resignation is in before he accepts the post his position is quite legal.

Survivors regarding the proposed extension of Wilton avenue from Broadview east to Coxwell avenue are now being undertaken by the assessment department. With the projected street the proposed new Wilton avenue car line will give a service to a large and growing section of the east end.

Undertaker's Body Found by Tracks... Marmaduke Terrill, Well Known in Trenton, Was Killed by Train.

License is Transferred... Albert Harris Receives \$45,000 for Store on Broadview Avenue.

Canadian Militia Veterans' Church Parade... The militia veterans of the city intend observing the centennial anniversary of the death of Major-General Sir Isaac Brock by attending divine service on Sunday evening at St. James' Cathedral.

Gets \$350 Damages... The jury yesterday awarded Albert Amory \$350 and his daughter \$500 damages in the action brought against Samuel Good, grocer, in the civil assizes court.

Enactment of Richard Third's Reign

—Under a law passed in the time of Richard the Third, Judge Lebour, in the circuit court today, gave judgment against the corporation of bailiffs for \$3 as the result of negligence on the part of one of the corporation's members. The ancient law declares that the bailiffs are responsible for each other. The action was brought by Leon Kaster, a musician, who, in the spring of 1910, came to Montreal with an Italian opera company, which performed at the Arena. Kaster sued for his wages, \$50, and obtained a return against the company which was entrusted to a bailiff named Aumais, who in turn turned the property over to another guardian named Thomas. During the night the company and property vanished and the action against the corporation followed.

The ancient law declares that the bailiffs are responsible for each other. The action was brought by Leon Kaster, a musician, who, in the spring of 1910, came to Montreal with an Italian opera company, which performed at the Arena. Kaster sued for his wages, \$50, and obtained a return against the company which was entrusted to a bailiff named Aumais, who in turn turned the property over to another guardian named Thomas. During the night the company and property vanished and the action against the corporation followed.

Enactment of Richard Third's Reign

—Under a law passed in the time of Richard the Third, Judge Lebour, in the circuit court today, gave judgment against the corporation of bailiffs for \$3 as the result of negligence on the part of one of the corporation's members. The ancient law declares that the bailiffs are responsible for each other. The action was brought by Leon Kaster, a musician, who, in the spring of 1910, came to Montreal with an Italian opera company, which performed at the Arena. Kaster sued for his wages, \$50, and obtained a return against the company which was entrusted to a bailiff named Aumais, who in turn turned the property over to another guardian named Thomas. Mining Stocks Not Affected by Acute Financial Depression

War News Sends Wheat Market Higher Again

Developments in Balkan Crisis Favor Bull Side—Sharp Advance in Prices in Chicago Pit—Corn and Oats at Advance.

CHICAGO, Oct. 11.—Renewal of fear that the Turkish war might have a dangerous spread brought about a material advance today in wheat. Closing prices were nervous, 1/4 to 1/2 to 1/4 higher. Corn scored a gain of 1/4 to 1/2, and oats a rise of 1/4 to 1/2. In provisions the outcome was an upturn of 1/4 to 1/2.

Wheat speculators took the break in British consols to be enough warning that Balkan hostilities might entangle some of the chief European countries. Bullish sentiment was increased by the fact that export business from this side was being done at better terms than could recently have been obtained and that a substantial share had fallen to Chicago houses with connections at Duluth.

An all round increase of investment buying had considerable effect toward advancing the price of wheat. The market felt the influence also of disturbed conditions in the security list. From grain to manna no important reaction took place.

Wet weather heightened the anxiety of shorts in corn, but wheat strength and European war business received greater attention. Consoling firms absorbed all surplus offerings.

Active merchandising and export trade buoyed up the future market for corn. Provisions were higher owing to the scarcity of hogs at the yards.

Northwestern Receipts
Receipts of wheat at various points, with usual comparisons, follow:

European Receipts
The Liverpool market had to bid higher on wheat, and 1/4 to 1/2 higher on corn. Antwerp wheat closed unchanged. Bussines was higher, and Berlin wheat higher.

Duluth Grain Market
DULUTH, Oct. 11.—Wheat—No. 1 hard, 84c; No. 2, 83c; No. 3, 82c; No. 4, 81c; No. 5, 80c; No. 6, 79c; No. 7, 78c; No. 8, 77c; No. 9, 76c; No. 10, 75c; No. 11, 74c; No. 12, 73c; No. 13, 72c; No. 14, 71c; No. 15, 70c; No. 16, 69c; No. 17, 68c; No. 18, 67c; No. 19, 66c; No. 20, 65c; No. 21, 64c; No. 22, 63c; No. 23, 62c; No. 24, 61c; No. 25, 60c; No. 26, 59c; No. 27, 58c; No. 28, 57c; No. 29, 56c; No. 30, 55c; No. 31, 54c; No. 32, 53c; No. 33, 52c; No. 34, 51c; No. 35, 50c; No. 36, 49c; No. 37, 48c; No. 38, 47c; No. 39, 46c; No. 40, 45c; No. 41, 44c; No. 42, 43c; No. 43, 42c; No. 44, 41c; No. 45, 40c; No. 46, 39c; No. 47, 38c; No. 48, 37c; No. 49, 36c; No. 50, 35c; No. 51, 34c; No. 52, 33c; No. 53, 32c; No. 54, 31c; No. 55, 30c; No. 56, 29c; No. 57, 28c; No. 58, 27c; No. 59, 26c; No. 60, 25c; No. 61, 24c; No. 62, 23c; No. 63, 22c; No. 64, 21c; No. 65, 20c; No. 66, 19c; No. 67, 18c; No. 68, 17c; No. 69, 16c; No. 70, 15c; No. 71, 14c; No. 72, 13c; No. 73, 12c; No. 74, 11c; No. 75, 10c; No. 76, 9c; No. 77, 8c; No. 78, 7c; No. 79, 6c; No. 80, 5c; No. 81, 4c; No. 82, 3c; No. 83, 2c; No. 84, 1c; No. 85, 0c; No. 86, 0c; No. 87, 0c; No. 88, 0c; No. 89, 0c; No. 90, 0c; No. 91, 0c; No. 92, 0c; No. 93, 0c; No. 94, 0c; No. 95, 0c; No. 96, 0c; No. 97, 0c; No. 98, 0c; No. 99, 0c; No. 100, 0c.

World's Estimates
Broomball estimates wheat and flour shipments for the week, exclusive of North America, at 8,000,000 bushels, against 5,800,000 bushels last week. Of this, 2,000,000 bushels will be about 1,000,000 bushels into the United Kingdom, about 5,000,000 bushels. Total shipments last week 14,000,000 bushels, and last week 8,800,000 bushels. He predicts moderate changes on passage.

Foreign Shipments
Australia wheat shipments this week 2,000,000 bushels, against 1,700,000 last week and 1,700,000 last year. Indian wheat shipments this week 1,000,000 bushels, against 1,000,000 last week and 1,000,000 last year.

HOLLINGER DOWN AGAIN GENERAL LIST STEADY

Mining Market Very Little Affected by Depression in Financial Circles—Hollinger Drops Below \$14—Cobalts Continue in Demand.

HOLLINGER DOWN
Mining stock reflected the downturn in the bigger security markets to a certain extent yesterday, but on the whole gave a good account of themselves. On the morning board Hollinger declined rapidly, selling as low as \$13.75 and this in a measure induced an easier tone in the other Porcupine issues. The loss was partially made up later on but the close was below the previous day. Cobalts continued firm with the recent advances maintained practically in their entirety and with the public good buyers at the higher prices.

THE COBALT RECORD.
The production of the Cobalt camp for the first half of 1912 amounted to 14,288,406 ounces of silver, valued at \$7,986,600. This, compared with 15,231,989 ounces, valued at \$7,844,200 produced in the corresponding period last year. It is thus quite apparent that the present year will see a new record established by the camp. Such facts as these will aid the upbuilding of public confidence in the Cobalt stocks. This is already under way, as is evidenced by the advancing prices in the stock markets.

Small-Sized Panic in Stock Markets—C.P.R. Down \$11 a Share

SEMI-PANIC IN TORONTO MARKET

Depression Abroad Brought Precipitate Slump—General Electric and Brazilian on Toboggan.

A semi-panic prevailed in the Toronto stock market yesterday, brought about by the acute depression in the European exchanges, the weakness in Wall Street and more particularly the big slump in C. P. R. and resultant heavy slump in Montreal. Prices for the speculative issues dropped rapidly with the status of the market, plainly evidenced by the fact that at the close such stocks as Brazilian and Toronto Railway were offered right at their low point of the day, with no bids in evidence. General Electric was one of the weakest spots in the list.

Outside of the 11-point drop in C. P. R. in the New York Exchange and a similar easing in Toronto, the most significant feature was a 4-1/2 point decline in Brazilian, which sold off to \$2. The lowest figure since its listing, under selling which was started by London and later on extended until it was general here. In all 3461 shares were thrown on the market, and the price simply dropped under this weight of stock, with supporting interests absolutely unable to take care of the security. At the close offers were still in evidence at \$2, with no bids reported.

As was to be anticipated the brunt of the decline was borne by the recently boosted issues. Toronto Railway, which had been held up by Montreal interests, sold off 3 points to 140, and closed offers there, with no bids. R. and O. dropped back to 115-1/4, a similar loss, and Detroit United, Twin City, Bread and Steel Company were all lower. General Electric was conspicuously weak, under selling emanating from London. The price dropped back 1-1/2 points to 114-1/2, and at the close was off 5 points to 115, and the preferred double that amount to 150.

BORROWERS' PLANS UPSET BY WAR SCARE

LONDON, Oct. 11.—The war atmosphere is upsetting the plans of public borrowers; 75 per cent. of the Sao Paulo Electric 5 per cent. bond issue was left with the underwriters, Queensland, New South Wales and New Zealand are all anxious to make public issues, the three months ago the public took only ten per cent. of Queensland's ten million dollar 3 1/2 per cent. loan.

BIG DECLINE IN MONTREAL STOCK LIST

Depression Abroad Brought Precipitate Slump—General Electric and Brazilian on Toboggan.

MONTREAL, Oct. 11.—After holding fairly steady in the face of the foreign market and the decline in C.P.R., the local stock market developed pronounced weakness today and prices broke sharply in most of the active issues. The close was heavy with final prices at or near the low price of the day. C.P.R., which led the break, sold off 10 1/4 from yesterday's close. The final sale at 94 showed a net loss of 9 1/2, with the close weak at 283 asked, 282 1/2 bid; London cables showed a decline of 3 3/4 and heavy selling set in here.

Considering the extent of the decline, dealings here were on a moderate scale only 270 shares, but local houses were heavy sellers in New York, where trading in the stock was 43,900 shares, a record for the current year.

Declines among the other leaders in the market, influenced by the break in C.P.R. and under no other apparent reason, extended up to 4-3/4 in the Montreal Power stocks. Lauriat's of the high-priced issues, alone held its ground. Steel, considering the large floating supply, also acted well, the close at 82 showing a loss of only 1-1/8. Among the more severe declines were 3-3/4 for Richelleu, which went off to 112 1/2 and closed at the low; 3-1/2 points for Soo and 2-3/4 for Toronto Railway. Textile and Detroit were off 1-1/2. Canadian General Electric made one of the widest movements, dropping abruptly to 114 1/2, 3 points below its high of the week, and a net decline of 1-1/2 for the day.

Total business 18,176 shares and \$27,850 bonds.

THE DROP IN C.P.R.

Erickson Perkins & Co. (J. G. Beatty) wired: Stocks were very weak in the late trading influenced by a sensational break in Canadian Pacific, which extended to 11 points. Other international stocks were also heavy, with most pressure in Steel, Union Pacific and Reading. Fear of war developments over the double holiday were before. The break will probably bring some good buying for Canadian account.

TICKET SPECULATORS ARRESTED

NEW YORK, Oct. 11.—(Can. Press.)—A dozen men charged with ticket speculation in police court. The operations of the grounds today, were fined \$10 apiece in police court. The operations of the grounds today, were fined \$10 apiece in police court. The operations of the grounds today, were fined \$10 apiece in police court.

FOREIGN CRISIS BROUGHT SLUMP

Big Decline in Wall Street Due to Action of European Markets—C.P.R. Led the Movement.

NEW YORK, Oct. 11.—The foreign situation loomed larger on the local financial horizon today. Overnight news from London and other European points was largely of an alarming tenor and these advices were followed by enormous sales of American stocks in London, Paris and Berlin. The German and French capitals were centres of demoralization, and London, as usual, had to bear the brunt of their heavy outpourings.

Sales here for European account were estimated at 100,000 shares, but there is authority for saying that the total liquidation was much in excess of those figures, as many large blocks of stocks were taken over by American bankers in direct purchase.

C. P. R.'s Heavy Slump. Canadian Pacific was the storm centre of the market, declining 3 points in Berlin, closing with half that loss in London and opening here with a decline of practically five points. From this level it made some recovery, only to sell lower with the balance of the market in the late afternoon and closing with a net loss of 10 1/4 points.

Union Pacific was weakest of the leaders, but the Hill issues, granular, United States Steel and Coppers were only slightly less affected, the range of losses in some of these issues approximating three points in the last hour.

FOUR P. C. DIVIDEND ON CONSOL. SMELTERS

The annual meeting of the Consolidated Mining & Smelting Co., held yesterday, was chiefly interesting through the announcement that the directors had deemed it advisable to declare a dividend of 4 per cent., payable Oct. 17. The dividend was for no special period, and the directors did not report the establishment of a fund for the shares on a regular basis. It was stated that further dividends might be expected from time to time. The retiring directorate was re-elected.

BIG C.N.R. LOAN FAILURE IN LONDON

LONDON, Oct. 11.—Underwriters of the new Canadian Northern Railway \$10,000,000 five per cent. loan, issued at 106, will have to take 77 per cent. of the issue. The operations of the market today, were fined \$10 apiece in police court. The operations of the grounds today, were fined \$10 apiece in police court.

HANDLE IT GINGERLY

Charles Head and Co. to J. E. Osborne: Canadian Pacific, owing to the over-extended bull position and the fact that it is too largely held abroad and commands such a high premium, was sold in a quantity by the foreign houses with a resulting 3 points break. While intrinsically Canadian Pacific is one of the most valuable railroads listed, it must be handled gingerly during the present war excitement, and we would not recommend buying until the position definitely clears.

CANADA BREAD DOWN TO NEW LOW RECORD

Canada Bread common sold at 32 for a block of ten shares in the Toronto Stock Market yesterday, thus recording a new low record level. The decline in the stock was boosted up to 38 1/2 some time ago, but is feeling the effect of the present depression in common with other speculative issues. The range is as follows:

| | | |
|--------------|--------|-----|
| July | High | Low |
| July | 38 1/2 | 35 |
| Aug. | 38 1/2 | 35 |
| Sept. | 38 1/2 | 35 |
| Oct. to date | 38 1/2 | 35 |

In May last Bread was selling on the curb considerably under \$30 a share.

SEPTEMBER BANK CLEARINGS

Table with columns for bank names and clearing amounts. Includes entries for Toronto, Montreal, and other regional banks.

PANICKY FEELING IN THE EUROPEAN STOCK MARKETS

PARIS, Oct. 11.—A panicky feeling prevailed today at the opening of the Bourse, and heavy falls were almost general. Renten dropped 65 centimes (15 cents). Rio Tintos opened at 191, a loss of 56 points, but later recovered to 187. Baku petroleum dropped 160 points. Turkish and Serbian stocks fell sharply. The market closed with further losses.

HEAVY SLUMP IN LONDON MARKET C.P.R. IN LEAD

LONDON, Oct. 11.—Money was in better demand today. Discount rates were firmer on the gold shipments. The Balkan outlook continues an easy opening on the stock exchange. Liquidation of weak accounts on top of heavy Paris and Berlin selling drove prices down everywhere. Rio Tintos, Canadian Pacific, Metropolitan Ralls and Balkan stocks were especially weak. The conclusion of the settlement without a failure steadied sentiment, but the markets closed uneasy and near the lowest. Consols lost five-sixths of a cent.

ELEVEN POINT DECLINE IN CANADIAN PACIFIC

MONTREAL, Oct. 11.—Cables on Manitoba spring wheat were stronger, at an advance of 34 per quarter. The demand was good and some business was done early, but the advance of 10c at Winnipeg checked exporters from making further sales later in the day, as late cables were no higher. American corn on spot was weaker and 20 lower, but even at this reduction the demand is slow. Oats firm under a fair demand for small lots. Foreign demand for Manitoba barley is good. Flour steady under a good local demand, but export trade quiet. Butter fairly active and strong. Cheese firmer and more active under an increased demand from English buyers. In provisions, compound lard has declined 1/2c, and pure has advanced 1/2c.

MONTREAL PRODUCE

MONTREAL, Oct. 11.—Cables on Manitoba spring wheat were stronger, at an advance of 34 per quarter. The demand was good and some business was done early, but the advance of 10c at Winnipeg checked exporters from making further sales later in the day, as late cables were no higher. American corn on spot was weaker and 20 lower, but even at this reduction the demand is slow. Oats firm under a fair demand for small lots. Foreign demand for Manitoba barley is good. Flour steady under a good local demand, but export trade quiet. Butter fairly active and strong. Cheese firmer and more active under an increased demand from English buyers. In provisions, compound lard has declined 1/2c, and pure has advanced 1/2c.

Table titled 'BIG RECEIPTS OF LIVE STOCK' showing receipts for various types of livestock like cattle, sheep, and hogs.

City Decreases 142 Cars, Union Increases 152 Cars, Compared With Same Week of 1911.

The total receipts of live stock at the Union and York Yards for the past week were as follows: Cattle, 1772; Sheep, 1797; Hogs, 1659; Calves, 88; Pigs, 68; Total, 4386. Compared with the same week of 1911, the total receipts were 4528 cars.

At Osgoode Hall ANNOUNCEMENTS

Peremptory list for divisional court for Monday, 14th inst., at 11 a.m.: 1. Gettsman v. Werner. 2. Phillips v. Conger. 3. Acton v. Parker. 4. Chichignat. 5. Schwartz v. Nivinsky. 6. Re Corbett estate.

Table titled 'LIVERPOOL MARKETS' showing prices for various commodities like wheat, flour, and sugar.

Winnipeg Grain Market

WINNIPEG, Oct. 11.—Wheat prices were again affected by the war gossip and there was heavy buying in futures at prices generally higher than the high points. The market opened 1/2c to 3/4c higher and closed 1/2c to 3/4c higher. The cash demand was good and prices firmer, contract grades advancing 1/2c to 3/4c following the rise in futures. Shipments were liberal and export enquiry fairly active. Oats and flax were also firmer. Receipts from making further sales were being inspected on Thursday and 1000 in sight for today.

It's Pleasant to Possess The Simpson Style of Overcoats

The satisfaction of comfort on cold days, of smartness on dress occasions, of long service and of knowing that

you paid the "inside" price for it; that's what buying at Simpson's means.

This season has been more prolific than any in our memory of materials and cuts that are English or American, yet perfectly adapted to Canadian weather. Come and see what's new. No place else has so comprehensive a showing of the best makes.

New Fall Weight Overcoats for Men

The amount of genuine satisfaction you receive from wearing Simpson Overcoats is due to the satisfactory materials, the excellent workmanship and the low-price at which these garments are sold.

Brown is so closely associated with natural Autumn tints that almost every fancy Suit or Overcoat is made in one of the many shades of brown; this lightweight overcoat is a rich brown English tweed, in Raglan style; good linings and best workmanship. Monday price, 15.00

A Popular-priced Overcoat--It is made from a two-tone brown English overcoating, in a diagonal weave; single-breasted Chesterfield style, with good-wearing linings and best tailoring. Price, 12.00

A Rich Two-Tone Brown Overcoat--In a smart single-breasted Chesterfield style, self collar, beautifully tailored. Price, 20.00

Overcoat of Heavy English Tweed Overcoating--In light brown color, showing a diagonal weave; single-breasted Chesterfield style, to button through, English Raglan shoulders, leather buttons, self collar, excellent garment. Price, 28.00
