# GERMANS READY TO ATTACK BRITISH

## GERMANS DESIRED TO MAKE IMPOSING ADVANCE UPON PARIS.

### DELAY CHEERS ALLIES

Troops of Foch Feel Confident of Stopping Enemy Anywhere.

Paris, June 14.—Only small local actions have occurred along the battlefield since last night, and it appears scarcely possible that the Germans will recommence serious work for the present on the line of Montdidier-Noyon. Their offensive for the capture of Compiègne, with the eventual-ly of making further progress toward Paris from the base that they hoped to attain there, may be regarded as having met a bloody check, costing them thousands of men belonging to their best divisions.

There appears no doubt that the Germans desired to make an imposing advance toward the capital and at the same time inflict losses on the French and the British before the American army was ready to take the field. They assuredly are anxious in regard to the rapidly growing forces from across the Atlantic ocean and are trying their utmost to use up the fresh, trans-Atlantic troops arrive in sufficiently strong force to turn the balance.

The heroism of the veteran troops who in these last days have inflicted such terrific losses upon the flower of the German army, has given the Allies a morale which the Germans probably will try to break through some-where else, but the allies with their armies under the command of Foch are confident that they will check the Germans anywhere.

## ALLIES PRESS JAPS TO LAND IN SIBERIA

Important Council Meets at Tokio, With Military Leaders and Premier Present.

Tokio, June 14.—An important council, attended by Prince Fushimi, Field Marshal Yamagata and Teruchi (the premier), Lieut.-Gen. Kobayashi, the minister of war, and others, was held in the general staff office. A joint conference of the staff officers and the admirals has been summoned.

The entente governments of Europe are bringing increasing influence to bear to induce Japan to intervene in Russia. Among the several officers who have arrived in Tokio to consult with the general staff is Major Pichon, who was head of the French military mission to Russia and who was demanded by the Bolsheviks. Major Pichon is striving for intervention in Siberia as a military necessity, with the same energy as he opposed Rumania's entrance into the war as an ill-advised step.

Major Pichon formerly was military attaché at Bucharest. Apparently Japan is divided on the question of intervention, but the army is undergoing severe training. Regiments frequently are heard tramping thru the streets of Tokio at night on their return from long marches and manoeuvres.

FOOD RIOTS IN RUSSIA. Bolsheviks Use Machine Guns to Disperse Crowd at Kineshima.

London, June 14.—A despatch to the Exchange Telegraph from Moscow says the central executive has summoned a meeting of the soviet deputies for June 28. The despatch adds that food riots have occurred at Kineshima, in the Government of Kostroma, where a crowd of 20,000 machine guns were used to disperse the crowd, a number of persons being killed or wounded.

DO YOU READ ADVERTISEMENTS? We are anxious that no one should elsewhere this paper on Straw Hat and Panama. The biggest kind of these—and our prices invariably lower than elsewhere. Don't miss the day pass without a visit to the Temperance and Yonge streets, long established as Toronto's leading hat-makers to particular men.

# The Toronto World

SENATE READING ROOM June 14—13001 SENATE P. OTTAWA SATURDAY MORNING JUNE 15 1918 VOL. XXXVIII.—No. 13,730 TWO CENTS

# GERMANS READY TO ATTACK BRITISH

## FRENCH CONTINUE BALKAN ADVANCE

Allies Enlarge Gains in the Region of Devoli, Near Orchida

Paris, June 14.—A French official communication says: "Army of the east—There has been activity by the artillery on the greater part of this front. To the west of Lake Ochrida we have enlarged our gains to the north and south of Devoli. We captured 71 additional prisoners during this operation."

## TONALE PASS BLOCKS AUSTRIANS' ADVANCE

Italians Defeat Strong Attempt to Force Defences of Mountain Gap.

Rome, June 14.—The statement issued by the Italian war department today follows: "In the early hours yesterday, after an intense and extended artillery preparation, the enemy attempted to force the defences of Tonale Pass by launching an infantry attack against Cady summit and the Monticello Ridge, immediately north and south of an important road. Owing to the firm resistance of our troops the assault was broken up on our advanced lines. Later our infantry counter-attacks and the deadly concentration of our artillery fire arrested the enemy and definitely drove him back."

"An enemy attack again was attempted north of the road between 11 p.m. and 11 p.m., but was promptly crushed by our barrage fire. The losses of the enemy, particularly his supports, were very heavy. We captured 139 prisoners and several machine guns.

"One enemy airplane was downed. One of our airplanes, notwithstanding difficult atmospheric conditions, carried out an effective bombardment during the operations."

## BRITISH REPEL ENEMY IN FIGHT NEAR MERRIS

London, June 14.—The war office reports: "Early this morning an attack was made by a strong party of the enemy upon one of our new posts southwest of Merris. It was completely repulsed, a few prisoners remaining in our hands.

"The hostile artillery has been active in the Villers-Bretonneux sector and in the Scarpe Valley. Patrol encounters took place to our advantage southwest of Gavrelle and northwest of Merville. As a result of these different encounters we captured several prisoners and two machine guns."

## AGRICULTURAL MACHINES FREE UNDER SPECIFIED CONDITIONS

Ottawa, June 14.—By order-in-council it is enacted that "during the period of the war and until otherwise ordered, machines for agricultural purposes, and vehicles and implements moved by mechanical power may be imported free of duty by a settler, if actually owned abroad by the settler for or before his removal to Canada, and subject to regulations prescribed by the minister of customs."

It is further provided that machines entered free as settlers' effects may not be so entered unless brought by the settler on his first arrival. Further, they are not to be sold or otherwise disposed of without payment of duty until after twelve months actual use in Canada.

## GENERAL GUILLAUMET COMMANDS ENTRENCHED CAMP AT PARIS

Paris, June 14.—General Guillaumet has been transferred from the post of commander-in-chief of allied operations in the Balkans to that of military governor of Paris, entrusted with the defense of the capital. He succeeds General A. Y. E. Dubail who has been assigned to other duties. General Dubail has been appointed grand chancellor of the legion of honor in succession to General Georges A. Florentin. This appointment is one of the highest honors bestowed by the government.

## NO MEAT IN BAVARIA. Meatless Weeks Will Be Introduced By Government.

London, June 14.—It will be necessary to introduce meatless weeks in Bavaria, owing to a serious shortage of food, the home secretary has announced, according to a Copenhagen despatch to the Exchange Telegraph Company. According to a report from Augsburg, stocks of cattle are much depleted and there is a lack of other important provisions there.

## NOTHING DAUNTS BRITAIN'S FIDELITY

Ex-Premier Asquith Declares Country Will Persevere in War Aims.

RECEIVES OVATION Liberal Leader Makes First Public Appearance After Billings Charges.

London, June 14.—Former Premier Asquith, who, since his name was drawn into the Pemberton Billing trial recently, has received many tokens of sympathy from his countrymen of all shades of politics today was accorded a great reception when he appeared as a guest at the luncheon of the Aldwych Club, an organization of advertising men. Viscount Mersey presided, and when Mr. Asquith arose to reply to a toast to his health the large assemblage cheered him again and again.

The former premier said there was no use in cloaking the fact, or minimizing its gravity, that the allies had reached a most critical point in the fortunes of war. But nothing that had happened on the western front since the last week of March, he added, would in the slightest degree weaken British allegiance to the great purpose for which the British people were fighting or their determination to press on to the final accomplishment of their aims.

Tribute to French. Mr. Asquith paid a tribute to the Anglo-French allies who have been fighting since the opening of the summer campaign, and whose retirement, he declared, "has been conducted with coolness, gallantry and unflinching readiness to take advantage of every opportunity to counter-attack, which has never been equalled in the annals of warfare."

The ex-premier, reiterating that whatever might be the issue of the present phase of the war, he was confident that the allies would emerge from the other phases of the world war, had introduced newer methods.

"Whatever else might happen in the future, all must realize that the old diplomatic machine, however honorably and skilfully worked, is a thing of the past," he asserted. "It is our determination to provide against a recurrence of the horrors which have scourged mankind and devastated the world, not only by repression and punishment, but by bringing into life and into effective action a corporate judgment conscious of common interest and common duty and subject to the restraining force of the whole civilized world."

## CANADIAN PREMIER DINES WITH SIR GEORGE PERLEY

Canadian Associated Press Cable. London, June 14.—Sir Robert Borden attended a meeting of the war cabinet this forenoon, lunching with the Duke of Connaught. The premier conferred with Gen. Currie and Sir Edward Kemp, and subsequently had an extended conference with Lloyd George. He also saw several cables, including Col. Peck, member-elect for the District of Skeena, in British Columbia.

He attended a dinner given by Sir George Perley, which was also attended by the Duke of Connaught, Lloyd George and several members of the imperial ministry.

Rowell, Calder and Meligen will visit the Canadian front next week. Sir Robert will await the arrival of Gen. McBurn and Hon. Mr. Balfour before taking a similar journey.

The King will receive Sir Robert Borden on Tuesday.

## DEFEAT ACCEPTED BY ENEMY UPON OISE

French Headquarters, June 14.—"The only enemy move yesterday was an unsuccessful attack on Courcelles. The enemy seems to have accepted defeat along the rest of the line between Montdidier and the Oise. The German advance during the last five days has been along the east of the Jatz valley. They have not only been stopped west of the valley, but in some cases have been driven back beyond their original departure line. Progress elsewhere has been due to topographical conditions favoring the enemy."

The decisive episode was the counter-attack on our left wing on June 11, which frustrated the enemy effort to gain a front line near enough to bombard Paris with their ordinary guns.

## Submarine Is Camouflaged To Look Like a Freighter

An Atlantic Port, June 14.—At least one of the German submarines operating off the American coast is camouflaged so as to present at a distance the appearance of an ordinary freighter, according to a report from the master of the Norwegian steamer Vinland, one of the raider's victims.

# GERMANS CALL OFF BATTLE ONLY CANNON SHOW ACTIVITY

## Sixth Day of Offensive Between Noyon and Montdidier Lapses Into Lull of Remarkable Suddenness—Only Small Local Actions in Night Followed by Torpor by Infantry During Day.

The attempted drive by the armies of the German crown prince toward Paris seems definitely to have been checked. With thousands of their men having been fed to the guns in the Montdidier-Noyon and Soissons-Villers-Coterets sectors in the mad rush to pierce the allied lines in these regions and thus gain a fairway to the French capital the manoeuvres of the German commanders apparently have brought to the German arms nothing more than the obliteration of the Noyon salient and the capture of a few unimportant positions southwest of Soissons near the outskirts of the Villers-Coterets forest.

Friday, the sixth day of the offensive between Noyon and Montdidier, witnessed only small local actions, the depleted German forces evidently fearing again to test the mettle of the French allied troops whose gun, machine gun and mortar work has worked such havoc among them. Less than three days was required by the allies to bring the enemy to a virtual halt south of the Aisne.

## REINFORCEMENTS MAKE ALLIED LINE STRONGER

Washington, June 14.—Members of the house military committee at their weekly war department conference today were told that the stream of Americans steadily moving to the front had resulted in a noticeable stiffening of the whole allied line. The Germans, it was said, apparently had encountered greater numerical strength than they expected to oppose their third great drive, and had suffered heavier losses than they probably had anticipated. On the whole, the legislators were informed, there were many encouraging features in the present situation on the west front.

## TUNNEL UNDER ENGLISH CHANNEL TO BE RUSHED THRU AFTER WAR

Railway May Link London With Paris, Constantinople, Calcutta, Peking, Cape Town, Without Break.

London, June 14.—One of the enterprises which will be taken up and carried to completion after the war will be a tunnel under the English Channel. Sir Arthur Peil, chairman of the house of commons channel tunnel committee, speaking at a meeting in London yesterday, explained the importance of such a railway between England and France. He thought it would be practicable for the line to run from London to Constantinople without break or change of gauges. Eventually, when normal conditions are restored, the line might be extended from London to Calcutta, to Cape Town and to Peking, he said.

## DARDANELLES RAIDED BY BRITISH AIRCRAFT

Naval Machines in Mediterranean Sea Attack Submarines, Drumm Bomber.

London, June 14.—The admiralty today issued the following official statement on naval aerial operations: "During the period of June 10-12 the operations of our air force contingents have been attended by unfavorable weather. In addition to the usual patrol, bombing operations were carried out during the day and the night time against Zeppelins, the Bruges docks and the Ostend docks. In all 18 tons of bombs were dropped. Two bursts were observed on the mole and bursts on the Zeppelins shed at Zebrugge and at Bruges. Fires were caused at several places. His also were observed at the Bruguese works and bursts were observed at the Esplanade de la Marine and the Gare Maritime, Ostend. Clouds at times prevented observation. One enemy aircraft was destroyed. One of our machines is missing.

"In our home waters, notwithstanding the handicap of fog, numerous anti-submarine flights were made, hostile aircraft was attacked and the escorting of shipping was carried out by our seaplanes, airships and airplanes. Submarines were sighted and bombed and enemy mines were located on a number of occasions. In Mediterranean waters, enemy submarines also have been sighted and attacked and enemy mines were located, an allied and neutral ship was convoyed. During the same period aircraft attached to the British Aegean squadron bombed airbases of the enemy at Drama and other places in the Dardanelles were attacked. Two of the enemy's fighting scouts were downed in flames."

## ZEEBRUGGE'S MOLE BOMBED FROM SKY

British Aircraft Destroy Ten German Machines—Low Clouds Hinder Flights.

London, June 14.—The report issued by the war office tonight dealing with aerial operations, reads: "On Thursday, low clouds and poor visibility impeded work in the air, but our machines took advantage of spells of clearer weather to make observations for artillery fire and to carry out numerous patrols and reconnaissance. Nine tons of bombs were dropped by us on the Zebrugge mole, on the Armentieres and Comines Stations and on targets in the French battle area.

"Ten hostile aeroplanes were destroyed during the day and two more driven down out of control. In addition a German balloon was brought down in flames. We lost five machines. A heavy mist prevented flying during the night."

## ENEMY TO RENEW THRUST AT AMIENS

Present Lull Presages More Violent Attack Against British Army Protecting Channel.

Washington, June 14.—The present lull on the battlefield in France only presages a new and more violent storm of attack on the allied lines in military opinion here. The impression is rapidly strengthening that the stage is almost set for renewal of the German main thrust at the British army around Amiens with the channel coast as the objective.

The thruste at Paris have been looked upon as well planned and executed feints designed to weaken the Amiens front before the final effort should be made there.

It is a battle in which the ultimate reserves will win the day, as the fight is seen here. If the German general staff considers the present situation along the west front, stretching from Ypres on the north to Rheims on the south, promising for the final effort, the ultimate German reserve is now being assembled for the attack, while fighting fronts take breath.

FAMINE IN TYROL. Both Civilians and Troops Suffer—Bavarians Spend Food.

Geneva, June 14.—The Neueste Nachrichten of Munich, a copy of which has been received here, says the Tyrol has begun to suffer from famine, both among the civilians and the troops. The Bavarians therefore have sent from their food reserves 3500 tons of potatoes and 10 tons of sugarstout to the sufferers. The fact is considered in Geneva as a possible explanation of the virtual inactivity of the Austrian troops on the Italian front.

Only Operation on British Front Takes Place Near of Baillet.

London, June 14.—The British official communication issued this evening says: "In the sector north of the Baillieu French patrols brought in a few prisoners during the night. There is nothing further to report."

STORE FOR LEASE 440 YONGE STREET Immediately opposite Carlton St., 20 x 100. Good display windows and two floors over. Immediate possession. Apply H. H. WILLIAMS & CO., 36 King Street East. Main 5450.

### SITUATION SERIOUS, SAY ALBERTA FARMERS

#### Memorialize Government Regarding Order Conscripting the Young Men.

Calgary, June 14.—Expressing their determination and willingness to do their full share and give their best services in winning the war, but clearly stating that the enforcement of the amendments to the Military Service Act would result in a serious situation among the farmers of Alberta, the executive board of the United Farmers of Alberta has memorialized the Dominion Government. The memorial was taken east by H. W. Wood, the president, and delivered in person to Hon. T. A. Crerar, minister of agriculture. Mr. Wood came to Calgary yesterday and the statement which was presented to him is the first since his departure, was released for publication. This is the official position of the United Farmers of Alberta.

"We desire to assure the government that we are willing to do our full share in giving our best service in winning this war, and do not desire to shirk any responsibility that is ours in this time of danger.

"We do, however, assure the government that the situation among the farmers of Alberta is so serious that it calls for the greatest possible wisdom in council and steadfastness of purpose to maintain the situation in a port that a loyal people owe to their government in such a time as this."

"And again, we have been compelled to view with great alarm the situation which is being created in this province by the recent military measures and especially the last order-in-council, April 20, 1918. The seriousness of this situation is only now becoming clearly apparent, and this organization feels that the government cannot duly have appreciated the far-reaching effects of the measures that have been taken. The directors of the United Farmers of Alberta, therefore, have thought it their duty to place this memorial before the government, so that before assuming any responsibility for any further measures which may now be under consideration, the government will be clearly advised as to the seriousness of the situation which has already been created.

### AMERICAN AIRPLANES MAKE BOMBING RAID

Washington, June 14.—Details of the American aircraft bombing expedition over the enemy lines June 13 were reported by General Pershing tonight. Five planes carrying out the attack dropped 30 bombs and returned safely after fighting off three German pursuit machines. The despatch said: "Bombing expedition reported in communication June 13 was executed by five of our planes. Eighty bombs were dropped. One was observed to strike a warehouse at the station. Poor visibility prevented effect of others being ascertained, but our aviators believe that all dropped in area where they are likely to have produced useful effect. Our planes were attacked by three German pursuit machines, but all returned safely."

### WILL FIGURE IN MOVIES

Chatham, June 14.—Representatives of one of the largest motion picture studios in the city today making preparations for several films of the soldiers of the soil camps in connection with the war. The best fields of Kent for the Canada Food Board. Over 350 boys under 19 years of age and from all parts of the province are under canvas for the summer in connection with this farm work.

## WAR SUMMARY

### THE DAY'S EVENTS REVIEWED

On the French battlefield yesterday there was no infantry fighting whatsoever, the artillery firing, however, was considerable in places. The chief zones under reciprocal bombardment were the area of the Hangard Wood and the line south of the Aisnes, particularly the sector between Villers-Cotterets and Chateau Thierry. The French have counted nine more guns, including heavy ones, and 40 machine guns captured from the enemy near the Oise. The allies have checked the enemy severely in these last engagements, it is certain that his higher command will strive all the more to retrieve his reverses, and before admitting defeat he is likely to attempt his most serious and his strongest blow of the campaign. He may choose to return to former fronts, where the allies have massed a powerful artillery capable of inflicting enormous damage to the German army, or, on the other hand, he may seek out some sector weakly guarded for his impending attempt. The period of the lull will be an anxious one for General Foch.

So far in the campaign the enemy has driven four wedges of varying dimensions into the allied lines. He has simply followed the method of Field Marshal Haig last year, only where Haig employed more than 15 divisions in any of his attacks, the enemy has employed from 20 up to 36 divisions. The difference in the force employed accounts for the difference in the respective territorial gains. All this work is valuable as contributing to the ultimate result of the campaign. The enemy's strategy on both sides the decision will favor the side having the strongest reserves at the last. The forcing of a fortified line of trenches is a costly as only to justify itself by the achievement of big advances as a sequel, and the easy dispersal of the allied forces. The enemy attempts to achieve this last result by compelling the allies to give battle, that is, to attack him in a general engagement. So far he has failed in this design.

According to the best of authority the enemy has only a reserve of thirty divisions remaining, or enough for the driving of a wedge on a 30-mile

### CHILD DIES IN FIRE; THREE ARE RESCUED

Cornwall, June 14.—Garfield C. Bova, the three-year-old son of Mr. and Mrs. Edward J. Bova of Massena, was suffocated by smoke in the home of Walter Carr this afternoon, and another child of Mr. and Mrs. Bova and two of the Carr children narrowly escaped death when a fire started by the children badly damaged the house. Mrs. Bova went to Mrs. Carr's early in the day, and the two women put the children to sleep, two upstairs and two down, and locked the doors and left the house. None of the children were over five years of age.

### SCARED OF RIFLE IN LUNATIC'S HANDS

#### Constables Have Made Two Attempts at Arrest, But Marksmen Won't Co-operate.

Sydney, N.S., June 14.—Altho he is not now interfering with the mails, John Campbell, the alleged lunatic at Big Pond, still at large and carries a rifle constantly. He appeared in church last Sunday with his rifle and wearing a constable's hat, which had been lost during the retreat on the second attempt to arrest him. The constables in charge have not stated when they will again visit Big Pond, altho they had planned to go today. Campbell first broke into the limelight on May 31, when he refused to allow the mail carrier to pass, a rifle in his hands adding emphasis to his order. He is said to have been in asylums both in Washington and here, and it was in order to "get back" to the government for putting him in the local asylum that he prevented the mails from going thru.

Two attempts were made by county constables to arrest him, but as they had only revolvers against a high powered rifle the attempts were not successfullly made, it is said. On the second attempt an expert rifleman was taken with them, but as the following became attached, unknown to them, he was not with them when they visited Campbell's farm. It is said that the constables had recently requested three different riflemen to accompany them, but none volunteered to go.

### Telegraphers Serve Demand Upon Western Union Co.

St. Paul, Minn., June 14.—A demand that the Western Union Telegraph Company "abide by the decision of the national labor board that operators be given the right to join unions" was made today, according to an announcement here tonight by S. J. Konenkamp, president of the Commercial Telegraphers Union of America. The demand was made by the Order of Railway Telegraphers, Mr. Konenkamp said, adding that the two "unions will stand together in the struggle against the Western Union."

### BIRD SANCTUARY ESTABLISHED

Ottawa, June 14.—The area of land known as the Point Pelee admiralty and naval reserve in Essex County, Ontario, has by order-in-council been established a dominion park and bird sanctuary.

### U-BOAT WORK LESSENS

Paris, June 14.—Enemy submarine operations have lessened greatly in the western and central English Channel since the blockading of the Channel and Ostend. The number of submarines operating has also appreciably diminished, owing to the severe losses in recent months.

### TAKE SALTS TO FLUSH KIDNEYS

#### Eat Less Meat if You Feel Back-achy or Have Bladder Trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular intake of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels, removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the serious advance it is a rheumatic twinges. The urine is cloudy, full of sediment, the channels often get irritated-obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urines, waste get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and to soothe the irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia-water drink, which millions of men and women take now and then thus avoiding serious kidney and bladder diseases.

### NIAGARA TROOPS GET TASTE OF WAR

#### Machine Guns Sent Out to Delay Advance of Infantry on Queenston.

Niagara Camp, June 14.—The camp's second route march of the season, which took place today to Queenston Heights, was combined with a tactical scheme, arranged by Col. J. I. McLaren, camp commandant, for the purpose of giving the new troops in camp some idea of service conditions; also with the idea of giving the machine gun corps an opportunity of placing the guns and tactics of their use in a practical way at Queenston with a view to fighting a delaying action against a supposed advance of the infantry.

The machine gun corps, under the command of Capt. Mess, O.C., and Lieut. L. G. Warren, represented the white force, and were at Queenston in good time to start the attack of the brown force, the infantry and railway construction depot battalion, under command of Lieut.-Col. B. H. Belsom, which left camp at 8:30 this morning.

The first five miles on the way to Queenston was practically a route march for the browns, who, however, had an advance guard, and "hostilities" did not begin till the brown force arrived within half a mile of Queenston. The instructions to the white force, which had a rearguard awaiting the advance of the browns, was to retire slowly before the advancing infantry, and delay the advance by using the machine guns, firing blanks ammunition, and the question of superiority had been settled, the opposing forces joined together in the middle of Brock's monument, and they marched back to camp in one column.

Col. McLaren, commandant, was in command of the route march and tactics. Col. H. C. Bickford, D.O.C., and headquarters staff, came over by boat from Toronto and proceeded to Queenston from here on horseback. The troops returned to camp shortly after 4 o'clock, the route march and tactics having been a gratifying success. Col. Bickford was pleased with the day's program. The railway construction corps distinguished itself by not a man in the corps being out of the march. In other infantry units there were some slight "casualties," especially among recently inducted men, a few of whom had to be given a lift in the ambulances.

### ALL THRU LONG TROUSERS

#### Left Home in New York, Went to Chatham, Stole Wheel, Now Arrested.

Chatham, June 14.—The mystery surrounding the arrest of Kenneth Aikens, the 17-year-old Chatham lad, who is being held by the local police, and who gives his home address as 25th East street, New York, had run away from home because his parents had insisted on his wearing long trousers to school. Aikens claims that he could not stand the decision which his avaricious father made, and youth made his way to Toronto, where he worked for a few days in a department store, later again hitting the trail, and securing employment in one of the boys' camp connected with the work in the sugar beet fields of Kent.

### PLAYS PICTURES AND MUSIC

#### "Mr. Barnum"

The nearest approach to a circus which local amusement seekers will find today when attending the production of "Mr. Barnum," the comedy of circus life which Edward H. Robbins and the Robbins Players, which has a cast of 42 co-actors, Thos. Wise, will present for the first time on any stage in the world, commencing next Monday evening at the Grand Theatre. There will be three matinees given during the week of "Mr. Barnum," Wednesday, Monday and Saturday. The curtain Monday evening will rise at 8:15 sharp.

### "Ramona" at the Grand

Extravagant claims that point out many unique features are made for W. H. Clune's cinema operatic production of Helen Hunt Jackson's famous romantic novel, "Ramona," which will be the first time here at the Grand next week, commencing with a matinee Tuesday afternoon.

### "Today" at the Hippodrome

"Today," the Hippodrome, is a pretty musical comedy which will be shown non-stop, Banks & Co., Lady Alice's animals, Stone and Boyle, Harry and Anna Strass and Jim Doherty complete the program.

### "De Luxe Amie"

Norm, Balmage in "De Luxe Amie" will be the feature of Lee's next week. George Primrose, Minstrels head the vaudeville bill. Dunbar and Turner, "Nut" comedians; "The Merry Men" and "The Merry Men" are also in the bill.

### At the Allen

In her latest production, "Prunella," which opens at the Allen tonight, Marguerite Clark has one of the best vehicles of her screen career. The play is a comedy of the type of a little girl who runs away with a strolling player, who soon tires of her love and leaves her. A year later he finds that he is madly in love with Prunella, but is unable to locate her. Finally they are reunited in her own home, and both learn that real happiness is found in true love.

### NEWS OF LABOR

### GENERAL STRIKE IS POSSIBILITY

#### Strikers Believe All Organizations Are With Them Against Willys-Overland.

There is a general impression among labor men in Toronto that unless the management of the Willys-Overland, Limited, meets the demands of the strikers and incidentally of the International Association of Machinists, by means of a general strike. The strikers are confident that all organized labor is with them in this.

Strikers were registering all day yesterday at the offices of the strike committee at St. James' Hall in order to be sure of their strike pay. Seven hundred registered. There were two meetings held, one at St. James' Hall and the other a mass meeting at Academy Hall, West Bloor street. The joint committee, comprising the members of the International Association of Machinists, the United Brotherhood of Carpenters and Joiners of America, the Associated Society of Engineers, which met at St. James' Hall, reported that the police had interfered with the strikers' picketing.

It was strongly insisted that the schedule presented for Mr. Russell's consideration be accepted, and no resumption of work. This schedule is practically a similar one, it is said, to that in force, between the 40 and 49 cent time at Toronto, and includes terms and rates of pay as follows:

Minimum rate for tool makers, day shift, 60 cents an hour; night shift, 65 cents an hour. Minimum rate for machinists, day shift, 55 cents an hour; night shift, 60 cents. Minimum rate for specialists, day shift, 45 cents an hour; night shift, 50 cents.

That all assemblies and all women on machines receive the minimum rate of 45 cents an hour. Girls on inspection receive a minimum of 35 cents an hour.

No man shall suffer a reduction thru the adoption of the foregoing rates.

### CHAIRMAN APPOINTED

Judge Ruddy of Whitby has been appointed chairman of the board of investigation into the dispute between the Toronto Railway Company and its machinists. Hartley Dewar, K.C., and Fred Bancroft are the other members of the board.

## —Right Here You Will Find the Best Styles in Straws and Panamas

**D. DINEEN COMPANY, LIMITED** 140 Yonge St.

### WILLS PROBATED

John Wilkie, a farmer who died on January 23, 1917, ruled in his will that his daughter Barbara might choose from the cattle which she liked best. He bequeathed his 50-acre farm, valued at \$4000, to his son, John. Two daughters, Barbara and Jean, receive respectively, \$1000 and \$500.

### MAY TAKE LEGAL ACTION

Sergeant David Hunter, vice-president of the Original Pirates' Club, stated yesterday that legal action might be taken by the club against the aldermen from spending the money collected for the original upon others. He stated his firm opinion that the money collected for Saturday Day was taken purely for the men of 1914.

### WILL INSPECT HIGHWAY

W. A. McLean, deputy minister of highways, will start Tuesday morning on a motor trip to Ottawa in connection with departmental business relative to provincial highway from Toronto to Ottawa and the Quebec boundary. The portion of the highway from Toronto to Port Hope was taken over some time ago and the question of going further will be under inspection.

### FOR INDIGESTION TRY BI-NESIA

Many people just now are complaining of indigestion, the most common met symptoms being a burning sensation in the stomach; the belching of gas or wind; acid saliva rising to the throat; flushed face and heartburn. Contrary to general belief these symptoms do not always indicate any constitutional fault in or weakness of the digestive apparatus. In fact, in nine cases out of ten it will be found that the trouble is due to a too acid condition of the stomach and consequently fermentation of the food contents. The stomach's natural digestives are not only unsuitable in such cases but they may do positive harm because they do not neutralize the acid which is the root of the trouble. For this purpose the best thing to use is a simple, harmless neutralizer, such as the pure Bi-Nesia now so easily obtainable of any good druggist. Readers who are troubled with any of the symptoms named above should get a supply of Bi-Nesia and take a teaspoonful in a little hot water after meals. It will instantly neutralize the harmful acid and prevent further fermentation. It is a sure and safe remedy. The Venzel Model is a special feature in the engagement of John S. Webber, bass, of the

### ARREST IMMEDIATELY FOLLOWS ON MARRIAGE

Following their marriage yesterday Harry Burke, aged 18, who is employed as a taxi-cab driver, of 7 First avenue, and Margaret Derry, aged 15, of 162 DeGrassi street, were arrested by Detective Thompson of East Dundas street station on a charge of perjury.

### WILL OPEN OFFICE IN CANADIAN CITY

Ottawa, June 14.—The Canada Food Board announces today that arrangements had been made for the allied buyers' purchasing commission to open an office at once in Canada to look after the purchase of Canadian food supplies for shipment overseas.

### FAIL TO DELIVER GOODS

Justice Rose at the non-jury assizes yesterday ruled in favor of the plaintiffs in the case of the Easton & Broadbent Co., Ltd. of Waterhampton vs. the Imperial Steel & Wire Co. of Collingwood, in which the British firm sought damages for failure to deliver goods according to contract.

### APPEAL DISMISSED

The Ottawa Gas Co. appealed yesterday before the appellate court against the recent judgment for \$800 made out against them in favor of a little boy and his father in respect to an explosion which resulted from the lad's inspection of an explosive in a tool box left on a rig belonging to the company. The appellate court dismissed the appeal.

## Men's Outing Suits for the Hot Weather at \$13.50

Men, be prepared for the scorching hot days. You can scoff at all the hot, sultry days of summer if you wear one of these suits. There is no need to wear clothes that are uncomfortable, and that stick to your body with an irritating sensation, when for a very moderate price you can procure a suit that is very light and airy—that is porous enough to permit a free circulation to pass over your body. Coupled with all this comfort, they are suits that possess the youthful style that the young man of today prefers. They are in natural shade, Palm Beach cloth with stripe, Eureka Kool cloth, in light grey with darker grey thread stripe and homespun in mid-grey. They are single-breasted with soft-rolling lapels; are unlined or quarter-lined, and trousers are in outing style. Sizes 34 to 44, \$13.50.

## 90 Only, Men's 3-Piece Suits, Tweeds and Serges, Today, Special, \$12.50

Here are notable values in suits specially priced for early selling today. They are made from soft-finished, closely-woven tweeds, dark grey with fancy thread stripe; also navy blue and black worsted serges, in medium width wale. All are in single-breasted, three-button sack style, and have durable linings. Not all sizes in any line. Sizes 36 to 44. Today, special, \$12.50.

Palm Beach Suits, in regular or stout men's models, in natural or grey shades, grey with thread stripe, rich green in self shade, also light fawn mixture in Eureka cloth. Priced at \$15.00.

Cravenette "Proofed Cloth" Suits. These are rain-repellent and are similar in finish to a tropical worsted. They are in grey with lighter grey stripe, also one with a black ground with grey and blue hairline stripes. They

are single-breasted and have wide, deep facings; trousers have cuff bottoms and belt loops at waist. Price, \$16.50.

At \$18.00 are soft light-weight flannel effects, in light and dark greys; cheviot in greys with colored thread stripe and light grey homespun effects.

White Outing Trousers, in three qualities of drill, in sizes 27 to 44 waist. Prices, \$1.50, \$1.75 and \$2.00.

Khaki or Olive Drill Outing Trousers, in youths', young men's and men's sizes, at \$1.75, \$2.00, \$2.25 and \$2.50.

Flannel Effect Tweed Outing Trousers, in a splendid assortment of colors and patterns. Priced at \$4.00, \$4.50 and \$5.00.

—Main Floor, Queen St.

## Another Big Offering of Men's Sennit Straw Boater Hats at \$1.25

When the sun beats down with full strength, a man appreciates the light, cool, comfortable qualities of a straw boater hat. For many men the straw boater hat will always be the most popular summer hat. If you are one of these it will pay you to see this line. They have 3 1/2-inch crown and medium width brims, also a very neat black band. These are good, serviceable hats. Sizes 6 5-8 to 7 3-8. Each, \$1.25.

### Japanese Toyo Hats

Another type of hat is this light-weight, cool and comfortable Toyo. It is in crease crown with pencil roll, welt or flaring brims; also negligé with welted or flaring brims only. Sizes 6 5-8 to 7 1/2. \$2.50 and \$2.75.

### Also an Attractive Panama at \$3.75

This is an example of the splendid values to be found in our stock of Panamas. This lot are in crease crown or negligé, with either rope, welted or flaring brims. Sizes 6 5-8 to 7 1/2. Each, \$3.75.

Caps for men and boys, in a variety of patterns and shades, made from tweed or silk fibre materials. They have either 4 or 8-piece tops, in sizes 6 1/2 to 7 1/2. Each, 55c.

—Main Floor, James St.

## Registration Card Cases, Each 35c, 50c and \$1.00

After June 22nd, National Registration Day, it will be necessary to carry your Registration Card constantly. The only way to do this which will be convenient and at the same time preserve the card, is to have a card case. In the Leather Department just such a case is being offered. It has a space, covered with a transparent surface, to hold the Registration Card, and in addition has pockets to hold cards, tickets, stamps, etc. These attractive cases are made in three qualities:

- Keratol, a strong, serviceable imitation leather, each, .35c
- Sheepskin leather, in seal grain, each .50c
- Morocco leather, each \$1.00

—Main Floor, Yonge St.

## REGISTER!

For the accommodation of the public, Registration Booths have been established in the Store on all floors, Main to Fifth inclusive, near the centre. You will find it convenient to use these booths during store hours in complying with the order of the Canadian Government that every person residing in Canada, male or female, British or alien, of sixteen years or over, must register on or before June 22nd, 1918, according to the procedure issued by the Canada Registration Board.

The deputy-registrars and assistant deputy-registrars in charge of the booths in the Store have been authorized by the Registration Board and are qualified to deal with all inquiries relating to the questions which must be answered.

As there will most likely be a considerable rush to register it is advisable that you come as early as possible.

## Have You Got Your Supply of This Remarkable Paint Offering, Quart 79c

33 popular colors in Ready-Mixed Paint, and at such a saving price there should be a painting up of houses, verandahs, steps and interiors that would make the home a delight. Thousands of quarts of this ready-mixed paint, every can of which bears the EATON label. It's guaranteed absolutely satisfactory, or your money refunded, or new paint supplied. You can buy it with every confidence, for we'll back it up absolutely. There's a color supply that should satisfy anyone, and to get it at such a price is a rare opportunity. Although the quantity first announced was tremendous, the rate it's going will soon clear out this supply. There's lots for today's selling. Come, if possible, but if you can't come order by phone or mail—we'll fill all orders while the supply lasts. 79c.

—Fourth Floor.

## Outing Shirts, 85c; Balbriggan Underwear, 43c--Two Specially Good Values

That Top a List of Summer Needs for Men and Boys

### STILL AT THE OLD PRICE, 2 FOR 25c.

Men's and Boys' Laundered Collars in 3 or 4-ply weight, come in a variety of styles, including close-fitting or cut-away fronts, with rounded corners, wing or lay-down shapes, in various depths from 1 1/2 to 2 1/2 inches in the lot, but not in each style. 12 to 18, each, 12 1/2c; or 2 for 25c.

—Main Floor, Centre.

## Examples of the Good Values in EATON Selection of Boys' Clothing

### Here Are Smart Tweed Suits for Boys at \$8.50

Realizing how hard it is for a boy to be careful of his clothes, especially at school, these suits merit particular attention.

Boys' Tweed Suits, medium or dark shades of grey, showing pick-and-pick or stripe effects. Extra well tailored, being our own manufacture. Smart trench models, showing slash pocket and loose belt at waist, which can either be worn with button or buckle. Another style having yoke and wide box pleat at centre of back only, three-piece belt and patch pockets and good strong body linings. Bloomer pants. Sizes 29 to 34. Price, \$8.50.

### Blue Serge Suits for Boys 8 to 10 Years

Knife-pleated Norfolk style, showing yoke and three knife pleats each side of front and back, sewn belt at waist and patch pockets, dark navy blue serge of medium fine twill. Bloomers are well lined and have watch pocket and expanding knee bands. Sizes 26 to 28. Price, \$10.00.

—Main Floor, Queen St.

### Boys' Suspender Rompers, Special Today, Pair, 39c

They are in many assorted stripe patterns, white grounds with plain or cluster stripe effects of dark or light blue and tan shades, pocket and bib, straps over shoulder, knee length. Trimmings of red, blue or white. Sizes 2 to 6 years. Special today, pair, 39c.

### 600 Pairs of Boys' Overalls, to Clear Today at 69c Pair

What youngsters don't delight to roll around in the grass, make mud pies, and play in the sand? But there's no need for mother to worry about clothes if the boys wear a pair of these overalls. This is a special purchase lot and priced away below usual. They are made of strong wearing materials, in blue and white stripes, with plain dark blue trimmings. They have strongly sewn seams, bib and straps over shoulder with adjustable wire fastener. Sizes to fit 2 to 7 years. Extra special today, pair, 69c.

WOUNDED SOLDIERS SEE "GENERAL POST"

Special Matinee Given by Robins Players at Alexandra Theatre.

RALPH CONNOR SPEAKS

Thinks Most of the Men Enjoy a Little Bit of Scotch.

Loud and enthusiastic was the applause and laughter which filled the Alexandra Theatre yesterday afternoon at the special matinee of 'General Post' given by the Robins Players for wounded soldiers.

The men came from every military hospital in the city—Spadina, College street, Base, Longwood, etc.; and thru the kindness of the Toronto 'Street Railway and suburban lines, also the assistance of numerous kind friends who lent their cars, they were conveyed to and from the theatre in good time.

Every word of the play was followed with a keen interest, and how the boys enjoyed the little word sallies between 'Sir Denis' and his erstwhile tailor.

To judge by its reception Mr. Robins could not have chosen a better play for his gift performance to the men who have been 'over there.'

A surprise of the afternoon was the appearance between acts of Major Rev. Charles Gordon (Ralph Connor), who appeared upon the platform in his regimental uniform, prefacing his talk with the remark that also perhaps all cannot equally appreciate anything Scotch, yet he felt sure there were many who appreciate a little Scotch, which remark was greatly enjoyed by his audience.

He congratulated the men upon their uniforms, stained as they were in many instances with the marks of battle. He counted it an honor, he said, to be able to speak to them. He urged them not to forget their comrades in the trenches, but to remember that all must still 'carry on' from this side as well.

Mr. Robins, who was generously applauded upon his appearance before the curtain, said he felt it an honor to be able to contribute to the men's enjoyment.

"They would have to enlarge the trenches if I went over," said Thomas Wise, who told the men they had been privileged to have taken part in the biggest struggle in history.

He was proud that he had been connected, both with England and America. If the war had done nothing else, it had cemented a firmer friendship between these two nations, and 'the one thing about an Englishman or an American all the world over' he continued, 'is that just at the time when they are thinking they are licked, they begin to fight!'

Bouquets Presented. Charming bouquets of flowers which were presented to 'Lady Davies and Betty' came from the conservatories of Lady Pellat, Lady Felton, Lady Meredith, Mrs. Horace Easton, Harry Ryrie and Mrs. Crowe, and the boxes and sides of theatre were draped with flags kindly loaned by the Robert Simpson Company.

At the close of the performance, Colonel Wilson moved a vote of thanks to Mr. Robins for loaning the theatre, with Mr. Robins and his company for the enjoyable afternoon, also to Mrs. Frank Ball whom he referred to as the friend of the soldiers, to whose planning and indefatigable work of connection with hall arrangements the great success of the afternoon was due.

Among those who assisted Mrs. Ball in placing her guests were Miss Church, Miss Kathleen Farrell, Miss Hemming, Miss Roper, Mrs. Crowe, Mrs. Groves, Mrs. Drummond, Mrs. Magwood, Mrs. W. Dyas, Mrs. Proctor, Miss Magwood, Miss H. M. Ball.

The hearty co-operation of the military authorities and everyone concerned made the afternoon in every way perfect without a hitch, and it was a stream of very contented and bright-faced men who entered the various cars and waiting automobiles after the performance.

Building Permits. The following building permits were issued yesterday by the city architect: C.P.R. Co., addition to engine house, also new machine shop connected with present engine house...

Thrown from Motor Car. Wet Pavement Caused a Skid and Soldiers Were Hurt.

While conveying Lieuts. Horne and Wallace of the Royal Air Force to Armour Heights yesterday, Norman Foreham, a driver for the High Park Garage, crashed into a telegraph pole opposite 2791 Yonge street.

Murray-Kay Limited advertisement featuring women's silk suits, white wash skirts, and morning-toyo panamas. Includes images of women in fashion and the company logo.

NO PAY REDUCTION IN ROYAL AIR FORCE

It was emphatically stated at the headquarters of the Royal Air Force, Toronto, yesterday, that there was absolutely no truth in the rumors that, following the present period of opportunity for members to obtain their discharges and either go back to civilian life or enter the C.E.F., a reduction of pay for air-mechanics would take place.

Among those who assisted Mrs. Ball in placing her guests were Miss Church, Miss Kathleen Farrell, Miss Hemming, Miss Roper, Mrs. Crowe, Mrs. Groves, Mrs. Drummond, Mrs. Magwood, Mrs. W. Dyas, Mrs. Proctor, Miss Magwood, Miss H. M. Ball.

Continuing Harbor Work. Acting under the authority of legislation passed last session, the Board of Control has recommended temporary advances to the amount of \$1,000,000 to the Toronto Harbor Commission to enable it to continue its work.

Thirty Private Pig Pens. Since the first of the year the sanitary division of the civic public health department has granted permits for 30 privately owned pig pens.

Live in a Worry. Worry wastes nerve force at a tremendous rate. The more exhausted the greater the tendency to worry.

They hope to be able to resume orders by the first week in July.

Telephone Economy Talk No. 17. 'They Don't Answer!'

SOMETIMES, when you ask for a number on the telephone, the operator reports "They don't answer."

Occasionally, in such cases, you are of the opinion that the operator is to blame—that if she did her duty you would get the person you are calling.

THEY DON'T ANSWER!

SOMETIMES, when you ask for a number on the telephone, the operator reports "They don't answer."

Occasionally, in such cases, you are of the opinion that the operator is to blame—that if she did her duty you would get the person you are calling.

A careful investigation made recently into 17,780 cases where the "Don't answer" report was given, showed the following results:

Person called, absent from telephone or not near enough to hear the bell... 79.6%

Person called heard the bell but did not answer... 2.1%

Person called excessively slow in answering... 10.9%

Person called has telephone inconveniently located... 0.8%

Person calling asked for the wrong number... 5.8%

It is not to be expected that "don't answer" reports can be cut out entirely, but by always answering your telephone promptly you can keep the number down, and improve the service.

The Bell Telephone Company of Canada

Telephone Economy Talk No. 17. 'They Don't Answer!'

"TIZ" FOR FEET

No More Sore, Tired, Tender Feet; No Puffed-up, Calloused Feet or Painful Corns—Try "Tiz"

Why are you limping around with aching, puffed-up feet—feet so tired, chafed, sore and swollen you can hardly get your shoes on or off? Why don't you try a 25-cent box of "Tiz" from the drug store now and gladden your tortured feet?

"Tiz" makes your feet glow with comfort; takes down swellings and draws the soreness and misery right out of feet that chafe, smart and burn. "Tiz" instantly stops pain in corns, calluses and bunions. "Tiz" is glorious for tired, aching, sore feet. No more shoe tightness—no more foot torture.

"Tiz" asks for "Tiz." Get only "Tiz."

Windsor, Ontario

The Toronto World

FOUNDED 1886
A morning newspaper published every day
except on the day of the Dominion Holiday...

Britain Arms for Peace—A New Trade Policy.

Unusual significance attaches to the reports of the various sub-committees of the British Board of Trade dealing with trade and fiscal policies after the war. They are submitted nearly two years after the Paris conference...

Register! Hurry!

Citizens should not leave it off till next Saturday to register. There are at least 300,000 people to be registered, and about 50,000 of them have already obtained their cards.

Start Towards Solution Of the Housing Problem

The special civic committee appointed to deal with the housing problem in Toronto held a meeting yesterday, when it was decided to ask the board of control to remove the residential restrictions now imposed on three-story apartment houses within the district bounded by Bloor, Parliament, Dovercourt and the water front.

Nearly Ten Million Dollars Is Paid to City in Taxes

When the figures are totaled up it is expected that the city will receive nearly \$10,000,000 in taxes. Yesterday was the last day to pay the first instalment and escape the penalty.

REVERTED TO LIEUTENANT.

Col. McBain Then Made Captain and Given an Important Mission. Colonel William McBain, of Toronto, applied recently to revert to the rank of lieutenant in order to proceed to France...

A Mother's Thoughts to the Farmers.

Can you think quietly today, and conscientiously feel you are doing, your bit, possibly it is "a bit"? Think of the wives and mothers in cities and towns who have given husbands and, yes, anywhere from one to seven of a family have been given. These, when they come back, will not have a house even left to them, far less a farm; will have to be re-educated in order to earn a living.

AMMONIA TANK BURSTS.

Near Mattland and Church streets yesterday morning a large ammonia tank, used in connection with the cold storage plant of W. H. Thorn-dyke, butcher, 475 Church street, burst, killing the building and the adjacent neighborhood with the flames. The firemen were summoned, but even with a respirator it was impossible to shut off the motor which generated the gas. Several trips had to be made into the cellar before the motor could be located and stopped.

COURT UPHOLDS BLACK CUFFS.

The manager of the King Edward barber shop recently dismissed Miss Webster from his employ because she would insist upon wearing black cuffs. Miss Webster was a manicurist, and wore the black cuffs to protect the sleeves of her white blouse which she wore under the direction of the manager.

MAY FORCE AN ENQUIRY.

That public opinion will force an enquiry in regard to the alleged perjury in taking the soldier vote canvass is the opinion of W. T. R. Preston, who was election agent for the Laurier Liberals in England last fall. He stated yesterday that there was considerable evidence to be heard yet which would reveal "frauds of the most colossal character."

SOLDIER NOT GUILTY.

Pte. Charles Hill, who was tried at Niagara Camp on the charge of using insolent language to an officer, has been pronounced not guilty and acquitted.

petition, published in some detail in our news columns yesterday. The combinations therein outlined will bring terror to the Germans and their allies. And wait till the United States follows with an outline of the policy in a similar direction.

A Scarcity of Doctors.

The call for our medical men to serve in the war has greatly lessened the number of doctors for home service. Indeed, there are parts of Ontario where those left in the work are unable to meet all their calls: a famine of doctors threatens.

Car Lines Urgently Needed For Leisurely and Hospital

"I appreciate the inconvenience the thousands of R. A. F. men at the munition plant and the new Canadian Northern yards, are up against because of the street car service," said Mayor Church yesterday.

WOUNDED SECOND TIME.

Flight Lieut. Sumner Graham, son of A. H. H. Graham, has been wounded for a second time, according to word received in Toronto yesterday. Lieut. Graham is a former member of the legal department of the City of Toronto.

FOUR ARE GRANTED EXEMPTION CLAIMS

Fourteen Refused and Sixteen Marked "No Order" at Latest Session. Justice Ferguson's exemption tribunal dealt with the cases of 38 applicants yesterday. The claims of four were granted, the claims of 14 refused, of 16 marked "no order," and of four withdrawn.

MOTHER WHO HAS GIVEN HER ALL

At present the matter is being considered by the city and Dominion government. "We are holding frequent conferences with the Ottawa authorities so as to learn their views," the mayor said.

MUST OBSERVE RULES OF CANADA FOOD BOARD

A rule which must be observed in connection with licensing regulations of the Canada Food Board is that every header, contract, order list, quotation and advertisement issued must contain the words "Canada Food Board license number..." and the number filled in as well as the license name under which the business is carried on.

POLICEMAN GETS LEGACY.

Leonard E. McPherson, 6 Clarence square, member of the Toronto staff of the Dominion police, receives \$48,000 from his father, the late George McPherson, who died at Aberdeen, Scotland, two years ago. Since that time a Scotland firm has been carrying on the business of Constable McPherson. He is a married man with four children. He was born in Bombay, India, and later lived in Egypt, 1900 and in England. In addition to serving with the C.E.F. in the present war, he has had extensive experience with the British army, the regiment he served with including the Coldstream Guards.

COURT UPHOLDS BLACK CUFFS.

The manager of the King Edward barber shop recently dismissed Miss Webster from his employ because she would insist upon wearing black cuffs. Miss Webster was a manicurist, and wore the black cuffs to protect the sleeves of her white blouse which she wore under the direction of the manager.

MAY FORCE AN ENQUIRY.

That public opinion will force an enquiry in regard to the alleged perjury in taking the soldier vote canvass is the opinion of W. T. R. Preston, who was election agent for the Laurier Liberals in England last fall. He stated yesterday that there was considerable evidence to be heard yet which would reveal "frauds of the most colossal character."

SOLDIER NOT GUILTY.

Pte. Charles Hill, who was tried at Niagara Camp on the charge of using insolent language to an officer, has been pronounced not guilty and acquitted.

DEWART MAY RUN FOR NORTH ONTARIO SEAT

Rumor has it that Hartley H. Dewart, M.L.A., Southwest Toronto, has been prevailed upon to accept the nomination as Liberal candidate in the federal by-election in North Ontario, brought about by the death of Colonel Sam Sharpe, D.S.O. The understanding is that he has been promised the solid support of the farmers and that they are keen to have him take up their banner.

MORE FARMERS' SONS ARE BEING EXEMPTED

Judging from the number of farmers' sons in Toronto military district who, after being called to the colors under the draft act, are granted 30 days' leave of absence to continue aid in agricultural production, it would seem that there is a relaxing by the Dominion authorities in regard to farmers' sons and that a very large proportion of them will be granted extensions of leave sufficiently long to enable them to continue at farm work until the early autumn.

TO MATCH WORK OF OVERSEAS MEN

Registration Day Will Furnish the Information Necessary in Fight Against Waste. An extremely interesting report from the overseas minister of militia work the other day told of the work of the salvage department of the expeditionary force, which during the past nine months has saved the people of Canada the considerable sum of \$211,055. It did this by the systematic collection of all discarded articles and their subsequent sale in bulk in London.

BOYS' CRUISER COMING SOON.

Arrival in Toronto of the schooner Pinta, which is to be used by the boys of the Toronto Naval Brigade, is looked for during the first two weeks in July. The vessel had been loaned by the British admiralty for the purpose of taking the boys on two weeks' cruises during the summer. From 50 to 75 boys can be accommodated at a time, so it is anticipated that the 600 members of the brigade in Toronto will have a chance to cruise.

TO FAIL IN EFFORT TO CONQUER WORLD Lord Milner Declares Germany Stands Today at Climax of Her Power. BRITAIN INCREASES ARMY Surprising Numbers Have Entered Field Since Battle Began.

London, June 14.—Viscount Milner, secretary of state for war, speaking at Y.M.C.A. headquarters, said it was a uplifting thought that in the fierce- of a paramount empire. This, he said, is illustrated today in the case of Russia and Rumania. It is certain the object is not attainable. (Cheers.) They will fail as has every attempt to subjugate the world by a single soul fallen from the Roman Empire to Napoleon. "Today we are at the climax of Germany's power," declared the war secretary. "We are in the right, as never before in all history—and our great and noble French allies are fighting today with every ounce of strength until the great reserve which the cause of freedom still possesses has the time to fully mobilize. The German war minister has been sneering at those reserves, saying they are not to be considered. He laughs at the thought that he will live to regret those sneers. I am confident of help coming from other could tell you of the numbers we have put in the field since the great battle began, the numbers which we are now putting in and shall put in immediately, the numbers would astonish you. But this isn't enough. No effort can be great enough where everything we hold dear is at stake." In concluding, Milner warned against criticising the allies or former allies. Nothing was more unreasonable than abuse of Russia, based on the root and greatness of our common cause," he said. "It is our most precious asset."

Summer Wash Dresses

MOST CRITICAL POINT IN FORTUNES OF WAR London, June 14.—Speaking at a luncheon at the Aldwych Club today, ex-Premier Asquith said there was no use in cloaking the fact, or minimizing its gravity, that the allies had reached a most critical point in the fortunes of war. But nothing that had happened on the western front since the last week of March, he added, would in the slightest degree weaken British allegiance to the great purpose for which the British people were fighting, or their determination to press on to the final accomplishment of their aims. Mr. Asquith evoked cheers when, in speaking of the strain of the present period, he said that this afforded opportunities for the "cruder forms of sensation mongering which found a ready market among people of low intelligence and high credulity."

WOMEN SPOKE GERMAN. Iowa Officials Have Four Fined for Speaking Over Telephone. Davenport, Ia., June 14.—Four women were summoned before Chairman White of the Scott County Council of Defence today charged with speaking in German over the telephone in violation of Governor Harding's proclamation. The defendants were ordered to pay fines ranging from \$10 to \$100 into the treasury of the Red Cross.

ASCANA RUNS ASHORE. St. John's, Nfld., June 14.—The Cunard Line steamship Ascana, with passengers, ran ashore near Rose Blanche, off the southwest coast of Newfoundland early today, and reports to government authorities here indicated that she was breaking up. There were nine passengers aboard, and all were taken off safely with the crew.

WOULD GO TO THE FRONT THE PURE OF HEART

Women's Council Endorses Movement to Establish Comrade Clubs. BOARDING HOUSE PERIL Proposal That They Should Be Licensed Under Board of Health, and Keep Register.

Brantford, June 14.—At the meeting of the national council yesterday, speaking in support of the resolution which she had been the mover, asking that local councils and federated associations urge the adoption of the women's patrol system in Canada, as it had been adopted in Great Britain and elsewhere, Mrs. L. A. Hamilton, at the opening session of the local council of women today, made a statement of the basic principles of young women had been used by what Miss Morgan had called "the lure of the khaki." The speaker described the origin and progress of the movement in England, a movement for the protection of girls and women, and stated that it had been extended to the Channel Islands and to the United States, New Zealand, Australia and Canada. In Great Britain the organization had developed a number of comrade clubs where the men are able to meet what they term "nice girls."

In Toronto the movement has been entered upon after six months' investigation. There are now between 40 and 50 women doing volunteer patrol work. The organization which at first had worked under the Y.W.C.A., is now working independently in co-operation with the social service department.

Endorsed by Military. The movement has the endorsement of the local military authorities of Toronto. The important work now before it is the forming of a unit. The women who engage in the work should have many qualities to adapt them to its needs, the chief of which is to have the grace of God in their hearts. Later might be found the opportunity for women police, the necessity for which might arise. In the United States "punch" was given the movement by having the government behind it.

In speaking of the same resolution Mrs. Plumtre described the girls' friendly society, which did work in line with that of the patrol movement, inasmuch as it was for the protection of all classes of girls. She emphasized the opinion that supervision should also be extended to the boys of the community for the general welfare.

The unanimous endorsement of the meeting went to the resolution. Reasons for the resolution asking that Ottawa be formed into a federal district were that there would be better civic government if it were removed from the field of operation and managed by a commission, and that at present there was no justification for the expense of the district. A System of Licenses. What is considered by the council one of the most pressing reforms embodied in the resolution urging the necessity for the introduction into each municipality of a system of licensing hotels, boarding houses and rooms let to lodgers, so that the management of all such places may be under proper supervision and regulated, and the use of such places for purposes as may be prevented, the license to be forfeited by a breach of conduct by the licensee, tenant, occupant or visitor.

"Every immoral train meets at the boarding house," said Dr. Patterson, who advised that the license should be done under the board of health, and that in every licensed house there should be a common register of the names of the guests, and a safeguard, as it is a crime to register falsely as man and wife. Boarding Houses Dangerous. Mrs. J. C. Harrington, in the mover of the resolution, said that the breaking up of the red light district had presented a great problem for solution. There was existing at present, she said, an unlawful companionship among young men and women at boarding houses which led to the ruin of future generations. After a discussion, in which Mrs. Edwards said that the license should be procured from the city hall, the motion carried.

Some confusion arose on the question of space in the National Exhibition to be used by the national council, to obtain which a resolution was on the agenda. Mrs. Willoughby Cummings as a member of the Exhibition board said the space had already been given and therefore the resolution was not needed. Mrs. Hamilton pointed out that the resolution had reference to the exhibition in order to give publicity to the work of the national organization, and Mrs. Huestis explained that the space given this year was at the request of the local council that a demonstration might be given of "advanced women's work, something she had not yet seen in the Exhibition. The new program, Miss Murray, of New Glasgow, advocated a national committee in connection with the National Exhibition. Mrs. L. A. Gurnett drew attention to a "women's day" to be held this year, and asked for co-operation. The V. A. D. Nurse. The subject of the V.A.D. nurse came up, as it has in other sessions, but this time in the form of a resolution moved by Dr. Patterson and seconded by Mrs. Huestis, asking for recognition of the training and standing of the V.A.D.'s and suggesting a badge or pin as a mark of the same. Miss Gordon of Kingston and Athol spoke of the great service the V.A.D.'s had rendered. Mrs. Boomer of London said that a V.A.D. should not only have a badge, but be covered with them. Mrs. Plumtre regretted that the word "nurses" had been used in the resolution, and Miss Gunn thought that the badge of a St. John Ambulance badge should be superior to any pin that could be conferred thru the resolution. Mrs. W. Tilly read the findings of the standing committee on nursing in the national council. Opinions were tossed about shuttlecock fashion to such an extent that Dr. Patterson offered to withdraw the resolution, but cries of "Question Question!" brought it again to the floor with a sweeping result in its

The Safest Matches in the World

Also the Cheapest ARE EDDY'S SAFEST because they are impregnated with a chemical solution which renders the stick "dead" immediately the match is extinguished. CHEAPEST because there are more perfect matches to the single box than in any other box on the market. War time economy and your own good sense will urge the necessity of buying none but EDDY'S MATCHES.

THE E. B. EDDY COMPANY LIMITED HULL, CANADA

favor and a seemingly unanimous passing. Bureau of Child Welfare. A short talk on the work of the Ontario Bureau of Child Welfare was given by Miss Mary Power of Toronto, to whom the meeting accorded a special hearing. She asked for a campaign to assist every community in its mother and baby work, pointing out that interest was being aroused in Great Britain where a "baby welfare week" had just been held, and that it was the hope to have co-operation that would result in an empire week with the same object in view. The speaker's emergency resolution gives support to the campaign.

Officers' Ball to be given by the Machine Gun Corps, is to be given opening day of QUEEN'S ROYAL HOTEL Niagara-on-the-Lake, June 22nd. Dancing from 7:30 to 12:30. Music furnished by the Orchestra of 1st Depot Battalion, 2nd Central Ontario Regiment. Tickets \$1.50, which admits one gentleman and ladies. Proceeds for plan for men's canteen, the Red Cross Society. Late notice applied for.

Don't Look Old! But restore your gray and faded hair to its natural color with LOCKYER'S SULPHUR Hair Restorer. This world-famed Hair Restorer is prepared by the best specialists, J. Peppar & Sons, Ltd., London, E.C. and can be obtained of all chemists. Its quality of deepening grayness to the former color is a fact. It restores a preserved appearance, has enabled thousands to retain their position. SOLD EVERYWHERE. Lockyer's gives health to the hair and restores the natural color. It softens the scalp and makes the most perfect hair dressing.

F. T. Frost, Smith's Falls; Mrs. Dennis, Halifax; Mrs. Arthur Murphy, Edmonton; Prof. C. Derich, Montreal. Provincial vice-presidents, Mrs. Carrich, Ontario; Mrs. O. G. Edwards, Alberta; Mrs. E. Day, British Columbia; Miss Manitoba; Mrs. Carmichael, Nova Scotia; Mrs. McLellan, New Brunswick.

The council elected Mrs. W. E. Sanford as its chair, and in the gift of their organization. The new trustees have been associated with the council since its beginning in 1917, and has always been a distinguished and able figure in its management and liberations. As vice-president of the international council she has travelled extensively in connection with the work of the council in all its phases. The election of Mrs. Sanford in the eyes of her electors an assured success in the matter of right direction and of distinguished appearance and is a logical and attractive speaker, her full voice being an asset of no small value in the requirements of the presidential office.

The following are the results of the election to other offices: Vice-presidents, Mrs. F. H. Torrington, Mrs. H. P. Plumtre, Mrs. Willoughby Cummings, Lady Taylor, Mrs. Freckle-Face. Here's a chance, Miss Freckle-Face, to try a remedy for freckles, with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles, while it more than gives you a clear complexion the expense is trifling. Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Barely a more than one ounce needed for the worst case. Be sure to ask the druggist for the double strength Othine, as this strength is sold under the name of money back if it fails to remove freckles.

Don't Look Old! But restore your gray and faded hair to its natural color with LOCKYER'S SULPHUR Hair Restorer. This world-famed Hair Restorer is prepared by the best specialists, J. Peppar & Sons, Ltd., London, E.C. and can be obtained of all chemists. Its quality of deepening grayness to the former color is a fact. It restores a preserved appearance, has enabled thousands to retain their position. SOLD EVERYWHERE. Lockyer's gives health to the hair and restores the natural color. It softens the scalp and makes the most perfect hair dressing.

F. T. Frost, Smith's Falls; Mrs. Dennis, Halifax; Mrs. Arthur Murphy, Edmonton; Prof. C. Derich, Montreal. Provincial vice-presidents, Mrs. Carrich, Ontario; Mrs. O. G. Edwards, Alberta; Mrs. E. Day, British Columbia; Miss Manitoba; Mrs. Carmichael, Nova Scotia; Mrs. McLellan, New Brunswick.

The council elected Mrs. W. E. Sanford as its chair, and in the gift of their organization. The new trustees have been associated with the council since its beginning in 1917, and has always been a distinguished and able figure in its management and liberations. As vice-president of the international council she has travelled extensively in connection with the work of the council in all its phases. The election of Mrs. Sanford in the eyes of her electors an assured success in the matter of right direction and of distinguished appearance and is a logical and attractive speaker, her full voice being an asset of no small value in the requirements of the presidential office.

The following are the results of the election to other offices: Vice-presidents, Mrs. F. H. Torrington, Mrs. H. P. Plumtre, Mrs. Willoughby Cummings, Lady Taylor, Mrs. Freckle-Face. Here's a chance, Miss Freckle-Face, to try a remedy for freckles, with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles, while it more than gives you a clear complexion the expense is trifling. Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Barely a more than one ounce needed for the worst case. Be sure to ask the druggist for the double strength Othine, as this strength is sold under the name of money back if it fails to remove freckles.

FRANCE POURING OUT MONEY. Paris, June 14.—In the senate budget debate the minister of finance stated that the month of May, 1917, had hitherto held the record for sales of national defence bonds, namely, 1,231,000,000 francs. This had been exceeded in May of this year when the total was 1,823,000,000 francs. Paris alone subscribed 826,000,000 compared with 805,000,000 in May of last year. These figures are most eloquent in view of the trials of France.

# Baseball Bingos 3 Toronto 1

## FOUR OF BINGOS' SIX HITS DOUBLES

### Leafs Weak With the Stick and Lost Second Game of Series.

Special to The Toronto World.

Binghamton, N.Y., June 14.—Peterson allowed but six hits here today, but four of them were doubles, and erratic fielding and bad judgment caused the defeat of the Leafs in the second game of the series with the Bingos. Beckvermit allowed but four hits, but Whitehouse singled thru the box, Wagner ended it by flying out to McLarry. Binghamton started right in to score. The first inning not a hit was registered but Binghamton scored one run. Zimmerman was hit by a pitched ball. Hartman walked and Riley sacrificed both men. Kay then sent out a long fly sending Zimmerman home with the first run. In the Toronto half of the inning Warhop and Herche both struck out, but Whitehouse singled thru the box. Wagner ended it by flying out to McLarry. Binghamton scored again in the second. After two were out Buckley doubled to left. Beckvermit doubled to right, scoring Buckley.

The Bingos did not score again until the eighth when Peterson pulled one of the rankst errors of judgment ever seen here. With one out and the bases full and Hanley at bat Peterson allowed a run to be scored that never should have been registered. Hanley hit an easy bouncer to Peterson, who should have thrown home, forcing a man and then doubled Hanley at first. But instead of that he threw to Whitehouse, getting Hanley for the second out, but allowing Riley to score when he would have been an easy out, and in all probability a double play would have been made. This gave Binghamton their third score and sewed the game up, for Beckvermit was pitching nice ball.

The game was filled with thrills. It was a long drawn out affair, requiring one hour and 57 minutes to play. At times the fielding was wonderful, but at other times the fielding was bad. In the eighth inning Herche hit an easy grounder to Hanley, who made a perfect stop and throw, but McLarry was right on a line with the sun and he could not see the ball, and Herche was hit when Thrasher lost the ball in the sun in the same inning.

Hanley, Riley and Anderson contributed some sensational fielding during the game. Bill Fischer, former Binos' catcher, has been playing left field, but yesterday Manager Hartman sent him behind the bat and he did good work, making one almost impossible catch.

Also Peterson allowed but six hits four of these were doubles and helped to swell the bases and bring in the runs for the Bingos.

Toronto scored their only run in the eighth. Herche, the first man up, hit one to Hanley, but McLarry lost the

throw in the sun and Bugs went to second. Whitehouse walked. Wagner laid down a neat sacrifice, advancing both men, and Furtell's long hit went for a sacrifice fly and Herche scored. Thrasher ended the inning by flying out to Hartman.

The game tomorrow will be preceded by one of the greatest baseball celebrations ever witnessed in Binghamton. During the game today an impersonator of Kaiser Bill was shown on the grounds in a cage, and he will be shot as a part of the ceremonies tomorrow. Activities will start at 2 o'clock, and it is expected that the game will start about 3:30 o'clock.

## Split Heats Last Day at Mt. Clemens

Mount Clemens, Mich., June 14.—After four days of straight-heat racing, the trotters and pacers which featured the get-away card decided to mussy things up a bit. In both of the all-evening events they raced until their tongues hung out, and the crowd stayed to the finish, for it is sport of the all-day-sucker variety.

Summaries:

2:20 trot, three-year-olds, purse \$500  
Bincholl, b.s., by Binjolia (Hartman) 1  
man 1  
Little Jean, br. f. (Lerch) 2  
Jeanette the Great, blk. f. (Wardner) 3  
Jack Frost, ro. g. (Gray) 4  
Time—2:19 1/4, 2:19 1/4.

2:15 pace, purse \$500  
Sunburn Pointer, b.s., by Sidney Pointer 4  
Durlies McKinney, blk. h. by McKinney (Fleming) 5  
All Direct, blk. f. (Vance) 1

Time—2:14 1/4, 2:15 1/4, 2:15 1/4, 2:16 1/4.

## LACROSSE TODAY

A fast and interesting game of lacrosse is assured for the lovers of Canada's national game who journey to Scarborough Beach this afternoon, as the new team of native born Indians, who are coaching an entering a senior team in the O.A.L.A., will attack up against the Beches L. C. The Indian team will have Jacobs of last year's Tecumseh team in their line-up and also their star goal nears baited the second game of the series in the ninth inning. The contest was loosely played, errors figuring prominently in the scoring. Manager Jack Dunn was banished by Umpire Lewis for disputing a decision. Score: R. H. E. Toronto 2 0 0 1 0 0 0 3 7 15  
Buffalo 0 0 0 0 0 0 0 0 3 7 15  
Batteries—Bull and Agnew, Schang; Sothorn and Hale.

## LAWN BOWLING

### Feature Singles For Men in Khaki

No sport is more largely represented in the allied services than lawn tennis. The secretary of the United States National Lawn Tennis Association in a letter to a Toronto friend mentions that of the ten first ranking players in that country eight are overseas and the other two are engaged directly on military duties at home. Coming nearer home is the boast of the Toronto Tennis Club that 125, or 80 per cent of its male membership in 1914, entered the Canadian or Imperial army in some capacity. One has won the Victoria Cross. Several others are winners of war. Nine have made the supreme sacrifice.

Far from resting upon its active service record the remaining members of the club have undertaken to assist the local Red Cross by promoting a patriotic tournament. The committee is very hopeful of the presence of a number of commanding officers who have granted gentlemen. The presence of several of the latter will be by the courtesy of commanding officers who have granted leave for this tournament. The singles event for men in khaki is sure to be one of the most interesting of the special features which the committee promises to announce from time to time.

### SOLDIERS' LAWN BOWLING.

Some weeks ago a box containing six pairs of bowls was received from Petrino Belmont, name being given. The sender was Mr. J. L. Englehart, chairman of the T.N.O. Railway Commission. In writing the secretary to ask if they had been received, he says: "Journals of the day re lawn bowling for soldiers cause of forwarding you a box by express from my home town, Petrolia, on May 1, which I trust has been received. They may assist in the good purpose, the return on return from overseas, where surely they have served, and in that service call to render every assistance in the largest way. With best wishes, J. L. Englehart."

### TOURNAMENT FOR MT. FOREST.

Mount Forest, June 14.—At a meeting of the tournament committee of the Mount Forest Bowling Club, it was decided to hold a Canadian and patriotic tournament on July 1 and 2, play commencing at 10 a.m. on July 1. Instead of the usual prizes the winners of the three events will receive cheques payable to the local Red Cross or patriotic society of their respective towns. A big crowd is expected to be present. The change in the prize list meets with general satisfaction and approval among local bowlers.

### OAKWOOD BEAT LAKEVIEW.

Four Lakeview rinks visited Oakwood last evening and lost by seven shots, as follows:

## Turf Oppose Fall Racing in U.S.

## DEMAREE WAS GOOD; CUBS WHITEWASHED

### Giants Celebrate—Dick Rudolph Makes It Two Straight Victories.

At New York (National)—New York raised its National League championship pennant here yesterday, and celebrated the occasion with a 7-to-0 victory over Chicago. It gave the New Yorks an even break on the series. Demaree gave Chicago only four scattered hits. Vaughn was easy for New York in the first inning, when they scored five runs on five hits, including a home run by Young. A bare-handed catch by Paekert on Holtz featured. Score: R. H. E. New York 7 0 0 0 0 0 0 0 1 6 9  
Chicago 0 0 0 0 0 0 0 0 0 0 0 0 0 0 0  
Batteries—Vaughn and Kilmer; Demaree and Hardesty.

At Brooklyn—Eddie Roush, centre fielder of Cincinnati, and champion manager of the National League in Baltimore, sprained his right ankle in the ninth inning. He was out of the game for a week or so. Brooklyn won the contest, 2 to 1. With one out in the ninth, Roush singled and Chase filed to Wheat, who threw over the plate. Roush struck out and Daubert and Myers gave Brooklyn two runs in the sixth inning. Score: R. H. E. Brooklyn 2 0 0 0 0 0 0 0 1 6 9  
Cincinnati 0 0 0 0 0 0 0 0 0 0 0 0 0 0 0  
Batteries—Bressler and Wingo; Grimes and Miller.

At Boston—Despite a ninth-inning rally which yielded Pittsburgh four runs, Boston won, 7 to 6, yesterday, taking the lead in the series. Boston's victory was a double play with Cincinnati. Rudolph held the visitors to six hits for the first eight innings. Wickland made a clean home run to far right-centre as first man up in the fifth, and with Smith at bat in the same inning, Retg got a home run to left when King overran the base in the sixth inning. Score: R. H. E. Boston 7 0 0 0 0 0 0 0 1 6 9  
Pittsburg 6 0 0 0 2 0 0 0 4 13 9  
Batteries—Bull and Agnew, Schang; Sothorn and Hale.

At Philadelphia—St. Louis and Philadelphia split even in a double-header yesterday, the locals taking the first game, 5 to 1, and St. Louis the second, 3 to 2. Cravath's home run in the tenth won the opening contest after the visitors had taken the lead in the eighth inning. Score: R. H. E. Philadelphia 5 0 0 0 0 0 0 0 1 6 9  
St. Louis 3 0 0 0 0 0 0 0 2 7 15  
Batteries—Max and Snyder; Davis, Watson, Main and Adams.

## PINCH-HITTER CAME THRU WITH TRIPLE

At Cleveland (American)—Philadelphia outbatted Cleveland in the first game of the series here yesterday, but lost, 4 to 3, in the second game. Groom was knocked out of the box in the fourth inning. Ensmann, who finished, was effective, winning his first game for Cleveland. Score: R. H. E. Philadelphia 4 0 0 0 0 0 0 0 3 7 15  
Cleveland 3 0 0 0 0 0 0 0 4 9 1  
Batteries—Garry and McAvoy; Groom, Ensmann and O'Neill.

At Washington—The Nationals' first trip here this season. Groom was knocked out of the box in the fourth inning. Ensmann, who finished, was effective, winning his first game for Cleveland. Score: R. H. E. Philadelphia 4 0 0 0 0 0 0 0 3 7 15  
Cleveland 3 0 0 0 0 0 0 0 4 9 1  
Batteries—Garry and McAvoy; Groom, Ensmann and O'Neill.

At Washington—The Nationals' first trip here this season. Groom was knocked out of the box in the fourth inning. Ensmann, who finished, was effective, winning his first game for Cleveland. Score: R. H. E. Philadelphia 4 0 0 0 0 0 0 0 3 7 15

**SOCIETY** CONDUCTED BY MRS. EDMUND PHILLIPS

His majesty's second son, Prince Albert, is now an aviator in the R. N. A. S., and is making a remarkably able showing. He served with distinction in the royal navy, and won warm praise from Admiral Jellicoe for his work at the battle of Jutland. He is only 19.

Charles Cavendish and Lord Charles Cavendish, their excellencies' children, were at Government house on Thursday with his honor and Lady Henric, en route to join their parents in Guelph.

Hon. Howard Ferguson and Mrs. Ferguson have returned from a successful fishing trip on the Canadian Northern, a two days' journey.

Mr. and Mrs. Crofton Kelly have moved over to Centre Island for the summer.

Mrs. Makepeace, Grimsby, is spending a few days with her sister, Mrs. J. B. Clark, Lower avenue.

Mrs. Johnston, New York, is paying a short visit to Mrs. Macklem, Bedford road.

The garden fête at Oaklands, Avenue road hill, under the auspices of the Teachers' Association, takes place today under the patronage of Lady Hendrie, Mrs. N. W. Rowland, Lady Hearst, Mrs. Cody, Miss Church, Lady Pellatt, Lady Falconer, Lady Eaton, Mrs. Cowley, Mrs. Ormsby.

Mr. Justice MacLaren is leaving for Cobourg today, having taken a house there for the season.

The Royal Military College, Kingston, has a wonderful flag. The dimensions are 24 feet by 18. On it there are 1100 maple leaves in green, each bearing the name of an R.M.C. boy serving overseas. In the centre, red maple leaves bear the names of those who have answered the last bugle call.

Mrs. Augustus Foy and Mrs. Webster have taken Dr. Cryder's house at Niagara-on-the-Lake for the summer.

Mrs. T. E. Morrison has been spending a week with them.

Miss Burnside, Buffalo, is visiting Miss C. E. Fell at Niagara-on-the-Lake.

Mr. and Mrs. F. ... Beardmore, Montreal, are leaving on June 27 for St. Andrews-by-the-Sea, where they will spend the summer.

The annual speech day exercises of St. Margaret's College will be held on Tuesday morning, June 18, at the college. The alumnae association and the patrons, past and present, are cordially invited to be present.

Many regrets have been expressed to the family of the late Mrs. Waldie, her extremely sudden death having been a great shock to the numerous people to whom she had been such a sympathetic and understanding friend.

The welfare of the blind cleared the satisfactory sum of over eighteen hundred dollars, by the lunch and tea rooms at the Hunt Club horse show at the Woodbine on May 24 and 25.

This Rosedale Golf course is for prisoners of war bread fund takes place today.

Mrs. Brough is in town for a few days from Niagara-on-the-Lake.

Captain and Mrs. Harold Walker, who have been staying with Sir Edmund and Lady Walker since their return from England, are at Cotswold Court for three months.

Mrs. Marsden, Niagara-on-the-Lake, gave a farewell tea for Canon and Mrs. Garrett before they left for Fort Arthur for the summer.

Miss Essie Baldwin was the hostess of a garden tea in honor of her niece, Mrs. Victor Moorehouse, who married today in April. Miss Baldwin received her guests on the veranda, assisted by Mrs. Moorehouse and Mrs. Lawrence.

War-time tea was served in the dining-room, after which the guests wandered about the beautiful Italian gardens or played tennis or croquet on the lawn. Those present included Mrs. J. Kerr Fiske, Miss Fiske, Mrs. Alfred Hoskin, Mrs. George Ridout, Mr. Lawrence Baldwin, Mrs. Charles Walker, Miss Mary Walker, Miss Minnie Walker, Mrs. T. J. McCuall, Miss Kings, Dr. Grainger, J. Baldwin, Mrs. Charles Baldwin, Major and Mrs. Grant, Mrs. Auden, Mr. K. Auden, Miss Arden, Mr. Somerville, Mr. and Mrs. W. H. Harris.

Mrs. Philip Strathly has returned from a motor trip to Beamsville.

Mrs. C. V. Stockwell and her two daughters, Buffalo, have arrived at their house at Niagara-on-the-Lake for the summer.

A wedding was solemnized at 56 Blythwood road, the residence of Mr. and Mrs. Elsie, on Wednesday afternoon, June 12, when their second daughter, Eva Lillian, was married to Mr. David Young Nicklin, son of Mrs. J. W. Nicklin, Toronto. The ceremony, which took place in the drawing-room, beautifully decorated with palms and pink peonies, was conducted by Rev. F. G. Joblin, brother-in-law of the bride, who was given away by her father. The wedding march was played by the bride's sister, Mrs. F. G. Joblin, and during the signing of the register Mrs. G. Billington sang "Oh Fair, Oh Sweet, Oh Holy." The bride was charmingly gowned in white silk and georgette crepe, trimmed with her mother's pearls, and carried a large bouquet of roses and orange blossoms. After the ceremony a reception was held, after which Mr. and Mrs. Nicklin motored to Muskoka, the bride wearing a travelling gown of sand-colored gabardine, with hat and veil to match. Mrs. Nicklin was the recipient of many beautiful gifts, in-

**REGISTRATIONS TO DATE ABOUT FIFTY THOUSAND**

Streams of people continue to pour into the various emergency registration booths that have been opened in the various police stations. Up to 10.30 last night it was estimated that 2802 people had registered yesterday. According to one official about 50,000 residents of Toronto have taken out their cards.

The registration by stations is as follows: Central office, 505; Court street, 340; West Dundas street, 225; Clarendon street, 303; East Dundas street, 284; Davenport road, 100; Cowan avenue, 100; Ossington avenue, 285; Pape avenue, 300; Keele street, 100; Main street, East Toronto, 170; and Markham street, 240.

Owing to the rush of applicants interfering with police duty in some divisions, only those who were going out of town were registered.

**ANNOUNCEMENTS**

Notices of future events, not intended to raise money, 25 per word, minimum 50c; if held to raise money solely for Patriotic, Church or Charitable purpose 40 per word, minimum \$1.00; if held to raise money for any other than these purposes 50 per word, minimum \$2.50.

**OBJECTS TO SPEED LIMIT.**

Lawyer Pleads Guilty But Protests Against Law.

Frank K. Hamilton, a lawyer from the Ambitious City, threw down the gauntlet in the Mimico speed court yesterday and said he would appeal to the Motor League and, if necessary, go higher to see if some remedy could not be found.

"I am pleading guilty to this charge, but I think checking up so closely on such a fine highway is deplorable," said Mr. Hamilton. "I think it is a shame we have to come from Hamilton to plead guilty to charges like this. The speed limit is ridiculous, and we are going to have it changed into 10. If the Motor League cannot go high enough, then we will go higher."

**PUBLIC LIBRARY BOARD.**

The public library board met yesterday in the College street library. An outline of the work done by John Ross Robertson in the matter of the historical collection was given, and a resolution of regret at his death was passed. Routine business was also transacted.

**NEW WINDSOR DAILY.**

Windsor, Ont., June 14.—It is reliably stated that a new afternoon daily for Windsor with Saskatoon capital behind it, will soon be started here.

**A NERVOUS BREAKDOWN**

When the Blood is Out of Order the Nerves Are in a Starved Condition.

The nerve system is the governing system of the whole body, controlling the lungs, the digestion and the brain; so it is not surprising that nervous disturbances should cause acute distress. The first stages of the nervous system are noted by irritability and restlessness, in which the victims seem to be oppressed by their nerves. The matter requires immediate attention, for nothing but suitable treatment will prevent a complete breakdown. The victim, however, need not despair, for even severe nervous disorders may be cured by improving the conditions of the blood. It is because Dr. Williams' Pink Pills actually make new, rich blood, that this medicine has cured extreme nervous disorders after all other treatment had failed. The nerves thrive on the new blood made by these pills. The appetite improves, digestion is better, sleeplessness no longer troubles the former nerve-shattered victim, and life generally takes on a cheerful aspect. Every sufferer from nerve troubles, no matter how slight, should lose no time in getting Dr. Williams' Pink Pills a fair trial, thus relieving their old-time health and comfort. Mrs. Victor Booth, Parry Sound, Ont., offers proof of the value of Dr. Williams' Pink Pills in nervous troubles. She says:—"Some years ago I was taken ill with typhoid fever. The attack was not a severe one and after a few weeks I was around again. But I did not recover my former strength, and my nerves began to give me trouble. The trouble went on from one stage to another until finally St. Vitus' dance developed. I was under the care of our family physician, but my condition appeared to be growing worse. It was at this stage I decided to try Dr. Williams' Pink Pills and after taking a couple of boxes I could see they were helping me. I continued taking the pills until I had used eight boxes, when my health was fully restored, and I have since continued to enjoy that blessing. I have recommended the pills to others and I always keep them at the house, having proved their great value."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 45 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**DEGREE IS CONFERRED.**

Rheoboth Encampment, No. 50, I.O.O.F., at last evening's meeting, held at Oddfellows' Temple, College street, conferred the degree of the golden rule upon three patriarchs of the encampment. Nominations were also made. The nominations will occupy the time of the next meeting of the encampment, which is being held in Hamilton next week, F. MacKerrell being elected as substitute.

The Rebekah assembly will also meet in Hamilton next week.

**CANADA LODGE PICNIC.**

Canada Lodge, No. 49, I.O.O.F., at last evening's meeting, held at the Oddfellows' Temple, College street, discussed the plans of a picnic which is to be held in the near future. Noble Grand G. G. Argo was in the chair. The members also discussed the convention which is to be held in Hamilton next Tuesday, Wednesday and Thursday. Fourteen members of this lodge are now overseas, and they will soon receive boxes of chocolates and cigars.

**YORK LODGE EUCHRE.**

York Lodge, No. 331, I.O.O.F., gave a euchre party in Broadview hall on Wednesday last. Bro. R. J. Gregory delivered an interesting address and the evening was most enjoyably spent. The prize winners were: Ladies—1. Mrs. W. F. Robinson; 2. Miss Norton; 3. Mrs. Turnbull. Gentlemen—1. F. A. Tomlinson; 2. T. Watson; 3. F. M. Hannan; special, T. H. Robinson.

**CHARGED WITH TAKING BETS.**

Charged with taking bets, Benjamin Shea, who gives his address as 148 Fulton avenue, was arrested by Morality Officers Kerr and Lawlor of the morality department yesterday afternoon. Shea was employed by the Whilysay Overland Motor Company as a foreman in the paint shop, and it is alleged that he has been running a

Walter Whitehead Went Away With the Sportsmen's Battalion.

Walter Whitehead, a member of Floral Lodge, No. 252, of the I. O. O. F., who went overseas with the Sportsmen's Battalion in 1916, has returned to Toronto after two years of the most strenuous fighting. He has lost one of his legs. A member of the lodge for more than sixteen years, he is one of its most popular members. A committee from the lodge met him on arrival.

At last night's meeting of the lodge, held at Oddfellows' Temple, College street, the officers were elected for the ensuing six months. M. Watson was elected noble grand, and the rest were elected as follows: Vice noble grand, Edward Jones; financial secretary, Francis Day Mellish; recording secretary, C. S. Stevens; and treasurer, Clifford A. Corbett.

Clifford Corbett was elected representative to the grand lodge convention, which is being held in Hamilton next week, F. MacKerrell being elected as substitute.

The Rebekah assembly will also meet in Hamilton next week.

**DEATH WAS NATURAL.**

At the city morgue last night a verdict of accidental death was returned by the coroner's jury empanelled to investigate the circumstances surrounding the death of Lawrence H. Clarke. Clarke was found dead and half dressed by the bed in his rooming house on Monday, June 10. Evidence submitted bore out the contention that death was due to heart failure. Coroner J. R. Gibson conducted the inquiry.

### Hints for Back-Yarders Vacant Lots Cultivation

#### MILK SUBSTITUTES FOR WEANED PIGS

Three Years Experiments Reveal Many Important Facts.

#### GAINS AT LOW COST

Diet Found Adaptable for Growing Hogs Under Conditions.

The use of milk-substitutes for the weaned pig has received considerable attention on the experimental farm system. An average of results of three years' work at Ottawa with tankage reveals the following facts:

1. That as an addition to a ration already containing milk, oil meal is superior to tankage.
2. That a direct replacement of milk by tankage shows the lowest gains and the highest cost of production of the five rations fed.
3. That the lots receiving no tankage usually made highest gains at the lowest cost.
4. That tankage, while useful in correcting an unbalanced ration, showed up poorly when added to rations already showing variety and fair balance, particularly illustrating the comparative value of skim-milk.
5. That grain, oil meal and milk required 137 pounds meal per pound gain; tankage and milk, 1.54 pounds; grain, tankage and water, 2.53 pounds; and grain and milk, 1.54 pounds.
6. As mentioned, these results were obtained from an experiment in triplicate and carried on similarly in three consecutive years. That tankage, however, may be regarded as a fair substitute for milk, while by no means equaling it, would be indicated by an experiment at the experimental station at Brandon.

Here three lots of pigs were fed. No. 1, grain only; No. 2, grain and tankage; No. 3, grain and buttermilk.

High gains at a low cost were particularly in evidence as the result of feeding buttermilk, a very considerable reduction in cost of production and a marked increase in gains, are seen where the tankage was added to the straight grain ration. Grain only made gains of 92 pound daily costing 9.50 per pound; grain and tankage, 1.39 pounds daily costing 7.10 per pound; grain and buttermilk, 1.87 pounds daily costing 6.00 per pound. This bears out what has been pointed out that as a balance for a ration low in protein, or for weaners, or a ration of milk, tankage has a place, but that, as an addition to an already balanced and suitable ration, no adequate return is likely from the use of the highest priced meal by-product.

A further qualified comparison of milk substitutes for weaned pigs was afforded at Ottawa in 1917. Here skim milk was fed to all lots; meal and milk; meal, milk and 10 per cent. tankage; meal, milk and 10 per cent. fish meal. The grain and milk lot gave slightly cheaper gains and was superior in condition, indicating that the addition of the concentrates mentioned was not economical.

For growing hogs fed on dry lot or outside paddock, milk showed to distinct advantage at Ottawa in 1917 in self-feeding trials. Hogs fed meal in self-feeders with skim milk in troughs gave gains of 1.05 pounds daily costing 5.30 per pound. Meal, self-fed, with tankage replacing milk with another lot, gave gains of .52 pound daily costing 10.20 per pound. The skim-milk fed lot required 179 pounds meal and the tankage fed pigs, 2.3 pounds meal per pound gain.

In the experiments referred to in the foregoing all lots were practically identical in age, weight and thrift, at the start of operations.

Skim milk is the natural food for the weaning and weaned pig. Tankage, blood meal and fish meal, where these feeds are procurable, may be regarded as fairly efficient substitutes.

By the first of July sow turnips for winter use.

Do not cut asparagus too late in the season. Discontinue cutting by the last of June.

Squash, melons and pumpkins can be safely started in the open ground by the first of June.

#### Bees That Help Make Fruit

Also They Produce Honey for the Orchardist.

By FRANK C. PELLET

A fruit grower complains that his orchard of 70 acres is not so fruitful as it should be and wonders whether the lack of bees may be responsible. There are no large apiaries near his orchard, and such wild bees as may live in the woods a mile or so distant are all the bees within reach. He wants to know how many colonies of bees should be near his orchard to insure pollination of the blossoms of his trees.

So many orchards like this one have become productive immediately upon the arrival of apiaries in the immediate vicinity that there is no longer any question in the minds of most fruit growers but that the bees are invaluable at all times. When the spring growers are warm and sunny other insects may be present in sufficient numbers to serve the purpose, but a fair set of bees, when in cold and cloudy spring, when the weather is stiff and only now and then a few hours of sunshine, orchards which are not within reach of large numbers of honeybees are likely to prove unfruitful.

As to how many colonies of bees should be within reach of an orchard is a question that is very hard to answer. So much depends upon circumstances and upon the reasons that any estimate must take into account the variations of the weather. In a favorable spring, as already mentioned, but few hives will be necessary for a large orchard, because of the presence of other insects, and also of the opportunity for an individual bee to make hundreds of visits every day. The more unfavorable the weather conditions the greater the need for the bees and the larger the number that will be necessary to accomplish the desired result. There are seasons when the bees are unable to fly during the period of fruit bloom, and so, of course, there will be but a few hours of sunshine during the blooming time, and at such times the bees demonstrate their value very clearly by the greatly increased production of the trees nearest the hives.

Bees Must Be Really Busy.

If one stops to make an estimate of the number of apple blossoms in an acre of orchard, he will see that a considerable number of hives should be present to insure fertilization during the unfavorable weather. At that season of the year the average colony probably will not have to exceed 10,000 bees. Not

### FARMING AND AMATEUR GARDENING

every blossom visited will be pollinated, even under favorable conditions; now can the bees leave the hive to gather nectar and pollen. It is safe to say that at that season more than half the bees will be needed within the hive to nurse the brood and to maintain the temperature necessary for hatching eggs and caring for young larvae. It should be considered that 6000 field bees would be a liberal estimate for the average hive at that season. If we suppose that the 70 acres of orchard contain 50 large trees to each acre we shall see that it will require a good many visits for each acre if only one hive is present for an acre of orchard.

If the orchardist depends upon the bees of others he should take care to ascertain that there is at least one colony of bees for every acre of orchard, sometimes two to three miles in search of forage, but when the fruit grower is most in need of their services they are inclined to go far from the hive. If there is another orchard at a close distance on the other side of the apiary, the chances of their visits are cut in half. Under certain conditions of topography or wind they may all go to the other orchard. A case in point was called to the writer's attention. The wind was heavy during the entire season of blooming of an apple orchard, with the result that only the trees on the side of the orchard nearest an apiary set any fruit, and those only on the side of the trees sheltered from the wind. Under such conditions it would be a great advantage to have the hives scattered throughout the orchard, so that the bees could take advantage of every favorable moment and not be compelled to fly far from the hive.

Many fruit growers who do not care to engage in honey production furnish an apiary site, rent free, to some beekeeper to secure the necessary bees for pollination of the orchard. This is a very satisfactory arrangement for both the beekeeper and the orchardist. However, it is not always possible to find a beekeeper within reach of the orchard who is willing to place his bees there, and unless the orchardist sees fit to establish his own apiary, he is likely to lose an occasional fruit crop which he might otherwise harvest.

Under such conditions it would be a better advantage than these. The scattered hives in the orchard, when the fact that the apple trees need bees in spring and that the bees need the nectar from the apple blossoms provide a community of interest that cannot be overlooked by either beekeeper or orchardist.

#### WHOLESALE FRUITS AND VEGETABLES

Cabbage—The first Canadian cabbage for this season arrived on the market yesterday from J. Atkin of Leamington to Dawson-Elliott. It was of choice quality, and sold at the high price of \$2.50 per hamper, just one dollar more than the first shipment of last season, which came in on June 15.

Strawberries—Home-grown strawberries advanced and brought a new record in this price, selling at \$2.50 per box; one shipment of particularly choice quality, coming in from Howard C. Fisher of Queensport to White & Co., but the boxes continue to be rather slack.

Asparagus—Asparagus shipments were very light, and choice quality grass brought higher prices—yesterday's receipts ranging all the way from \$1.75 to \$2.75 per 11-quart basket.

Watermelons—Watermelons, selling at \$1.10 each; a car of late Valencia oranges, selling at \$2.00 to \$2.50 per case; Canadian strawberries at 30c to 35c per dozen; green onions at 30c per dozen bunches; green peas at \$2.00 per 11-quart basket; asparagus at \$1.75 to \$2.25 per 11-quart basket.

A. A. McKinnon had a car of new potatoes, No. 2's, selling at \$5.50 per bbl.; cucumbers at \$4.50 per hamper; a car of Texas Bermuda onions, selling at \$2 per crate; tomatoes at \$2 to \$2.25 per four-basket carrier.

D. Spence had pineapples, selling at \$4.50 per case; cucumbers at \$4.75 per hamper; tomatoes at \$2 to \$2.15 per 4-basket carrier; new potatoes at \$4.75 to \$7 per bbl.

White & Co., Limited, had a car of watermelons, selling at 75c to 85c each; a car of tomatoes, selling at \$2 to \$2.15 per four-basket carrier; asparagus at \$2.25 to \$2.75 per 11-quart basket; strawberries at 30c per box; hothouse tomatoes at 35c to 40c per lb. for No. 1's and 30c to 35c per lb. for No. 2's; radishes at 15c per dozen bunches; beets at 6c to 7c per dozen bunches.

Joe Bamford & Sons had a heavy shipment of extra choice beets, selling at 80c to 90c per dozen bunches; also spinach at 40c per bushel and radishes at 40c per dozen large bunches; tomatoes at \$2 to \$2.25 per 4-basket carrier; asparagus at \$2.00 per 11-quart basket.

The Union Fruit & Produce, Limited, had a car of tomatoes, selling at \$2.15 to \$2.45 per 4-basket carrier.

The Longe Fruit Co. had hothouse tomatoes, selling at 30c per lb.; cucumbers at \$4.75 per hamper; watermelons at 80c each; tomatoes at \$2 per 4-basket carrier; asparagus at \$1.75 to \$2.00 per 11-quart basket.

Manser Webb had pineapples, selling at \$4.50 per case; tomatoes, selling at \$2 to \$2.25 per 4-basket carrier; California grapes, selling at \$4.50 per case; Canadian cauliflower at \$1 per 11-quart basket.

H. Peters had two cars of new potatoes, No. 1's selling at \$7 per bbl. and No. 2's at \$6 per bbl.; a car of cucumbers, selling at \$4.50 to \$5 per hamper; imported hothouse cucumbers at \$3 per basket.

W. J. McCart Co. had a car of tomatoes, selling at \$2.15 to \$2.25 per 4-basket carrier; pineapples, selling at \$4.50 per case.

## Register Ahead of Time Where You Can

THERE is good sound advice in the old saying—"Come early and avoid the rush." Come early to the registration booth on Registration Day—but better still—register before Registration Day, if you can.

It is going to tax the powers of deputy registrars to the utmost to handle the crowds on June 22nd. Realizing that to be so, many of these deputies are arranging to take beforehand the registration of any persons who care to present themselves.

The Board urges you to read the papers carefully for news items in regard to prior registration in your locality, and to take advantage of any facilities offered in that connection. Enquire of your employer as to the arrangements in effect for advance registration at the place where you work. He can readily make such arrangements, if he has not already done so.

### REMEMBER

That registration ahead of time is valid registration—it is complying fully with the law.

That by so registering you will almost certainly be saving yourself great inconvenience on Registration Day.

That every registration taken beforehand is so much of the job done—so much of the load lifted from the overburdened registrar—so much congestion avoided.

Study your own convenience, aid the Volunteer Deputy, obey the law, and serve Canada, by registering early in the week if you can, or, in any event, early on The Day.

**Canada Registration Board**

#### War Garden Bulletin

PRACTICAL DAILY GUIDE FOR VACANT LOT AND BACKYARD GARDENERS ENLISTED IN GREATER PRODUCTION CAMPAIGN.

Issued by the Canada Food Board in Collaboration With Experts on the Staff of the Dominion Experimental Farm.

**KEEP PLANTING.**

Don't forget about your successional plantings as the season advances. Every war gardener should make a point of having a continuous supply of fresh vegetables for the table. There should be several successive plantings, one or two weeks apart, of string beans, lettuce, radishes, spinach, sweet corn, peas, beets and carrots.

Onions to be used green may be followed by late tomato plants in the same row. A few of the onions may be removed to make way for the tomatoes. Radishes mature early, and as they are harvested the space they occupy may be used for cabbage, lettuce, cauliflower and Brussels sprouts.

Successional plantings must necessarily be left largely to the good judgment of the individual gardener. Weather conditions and the success he meets with in his various crops will largely decide the question for him. The main point to remember is that full use must be made of the ground at his disposal.

death of Lawrence H. was found dead and the bed in his room on Friday, June 10. Evidence on the contents was due to heart failure. R. Gibson conducted

REACTION FOLLOWS ADVANCE IN STOCKS

Favorable War Advices, With Good Crop Reports, Raise Prices.

New York, June 14.—Today's stock market was strong in the early and intermediate periods, but yielded very generally toward the end.

Further favorable war advices, absence of expected disturbances in the money market, and additional brilliant crop reports, accompanied the early buying and implied considerable covering of short contracts.

Steel Shares Advance. Montreal, June 14.—Further hardening of prices for Canadian securities accompanied the continued improvement in the New York market today, but trading on the Montreal Stock Exchange was small...

Cotton Consumption Shows a Shrinkage. Washington, June 14.—Cotton, exclusive of linters, consumed during May amounted to 577,285 running bales, against 615,415 in 1917, the census bureau reported today.

Montreal Produce. Montreal, June 14.—There were no new developments in the market today, prices remaining nominally unchanged. Manitoba barley was quiet and prices were steady, with a few lots of rejected quoted at \$1.30 and feed at \$1.24 per bushel, ex-store.

Persistent Selling Upon Corn Market. Chicago, June 14.—Persistent selling due largely to suspicious weather and crop conditions, forced material declines today in the market for corn. The close was unsettled, 1 1/4 to 1 1/2c lower with July 1 1/2c and August 1 1/4c to 1 1/2c.

Liverpool Market. Liverpool, June 14.—Beef, extra India meses, 37s. Pork, prime meses, western, 33s. Hams, short cut, 11 to 13 lbs., 27s. Bacon, Cumberland cut, 25 to 30 lbs., 15s. 12d.

Double Capital Stock. Ottawa, June 14.—Supplementary letters patent have been issued in...

The Toronto General Trusts Corporation

Notice is hereby given that a dividend of two and one-half per cent. (2 1/2 p.c.) has been declared upon the paid-up capital stock of this Corporation for the quarter ending June 30th, 1918, being at the rate of ten per cent. (10 p.c.) per annum, and that the same will be payable on and after the second day of July, 1918.

BONDS ATTRACTIVE INVESTMENTS. Prov. of Ontario 6 per cent. Gold Bonds, due 1922, to yield 6 1/2 per cent. City of Toronto 6 per cent. Gold Bonds, due 1919-22, to yield 6 1/2 per cent.
