### TOTAL ATTENDANCE AT NATIONAL FAIR SMASHES RECORDS

Thanks to Weather, H. R. H. and Management 1,201,500  
500 Pass Wicket.

Total Exhibition attendance 1,201,500  
Total last year 1,013,500  
Saturday's attendance 122,000

An accumulation of records placed the Canadian National Exhibition far ahead of any other year with an attendance of 1,201,500. The nearest approach to this was in 1913 when the figures were 1,009,000 or 192,500 below those of Victory year. Saturday's crowd was a record-breaker for a last day of the fair, being 122,000. Only on one day, Friday, was the attendance of last year not exceeded.

A combination of fortunate circumstances was responsible for this year's phenomenal result. The royal visit, the ideal weather, the removal of war anxiety, and an Exhibition of inclusive merit were the factors which produced the great success, which will be hard to beat in any fortnight again. The officials worked assiduously in preparation for the big affair, and equally zealously since the gates opened on August 23, and to them can be ascribed a large measure of success for such a signal triumph as the Canadian Exhibition of 1919.

### MADE SPECIAL EFFORT

Torontonians and others were not dead to the call to make a special effort to round off the fair in the way it should be, and Saturday's attendance of 122,000 was an exceeding gratifying. The crowd was gradual in coming in the early part of the day, but after noon the people began to swarm in in their thousands to the athletic sports and other attractions, and from then onwards the grounds presented a stirring appearance. In honor of the late King, the band kept up open till eleven, and the famous Grenadier Guards band, whose efforts won unstinted admiration all along, gave an excellent performance for 10 p.m. Thousands congregated around the bandstand, and after the playing of "God Save the King," about 11,000 were led to a large extent over the instrumentals and cries of "Good old Williams." Captain Williams in a few appropriate remarks, congratulated the enormous mass of the band.

### SOME BIG GUNS TO STAY

Some of the big guns and at least one of the Eastern Ontario artillery will probably remain on the Exhibition grounds as a permanent war exhibit. Dr. A. G. Doughty, Dominion architect, to whom charge of a large extent over credit for the wonderful collection of trophies shown on the

### ACTORS' STRIKE ENDS BOTH SIDES SATISFIED

#### Recognition of Associations and "Open Shop" Please Both Managers and Actors.

New York, Sept. 7.—New York's "Great White Way" blazed brightly last night after the partial eclipse caused by the actors' strike. The problem of nowhere to go was solved for thousands of theatre-goers by the opening of a number of houses which had been forced to close during the thirty days' war between actors and managers, which ended Saturday morning.

According to the claims of the various parties to the war, it ended in a victory for everybody. The Actors' Equity Association was triumphant, because it gained recognition; the managers pointed with pride to the fact that protest for an "open shop" was included in the treaty of peace, and the Actors' Fidelity League, which supported the managers, proclaimed its satisfaction that it was also recognized. The new contract with the Equity will run for five years, terminating in June, 1924, and all existing agreements between managers and actors are to remain in force. All actors whose places were not filled during the strike will be reinstated, and those whose places were filled will receive theatre-goers' plays, a cash settlement, or any arbitrate.

All lawsuits resulting from the strike, including the \$500,000 in suits brought against leading members of the Equity by the Shuberts, are to be withdrawn. There will be an "open shop," no "black list" and recognition of the treaty. There will be three forms of contracts with actors—a "standard" Equity contract for Equity members; an Actors' Fidelity contract for members of that organization formed during the strike; and an individual contract for actors not affiliated with either organization. The Chorus Equity, organized during the strike, will be recognized.

### SIR ROBERT BORDEN IS SLIGHTLY ILL

Ottawa, Sept. 7.—Sir Robert Borden caught a chill on his trip to the coast and is confined to his home. The premier was able to sit up today, but it is not expected that he will be out for a few days. Dr. F. F. Kidd is attending Sir Robert, and last night declared that his condition gave no cause for anxiety.

### Candidate Scores Government on Nickel and Development of Resources — Dewar Gives Startling Facts re Soldier Settlement.

#### Special to The Toronto World.

Lanark, Sept. 6.—Party agents who make confident reports of the state of political feeling in the province are not close observers or else wish to please their employers.

The provincial riding of North Lanark invites better inspection. It is certain there will be three candidates in the field; it is probable there will be four. This shows deep disturbance in both the old parties. And yet Dr. Preston, the sitting member, is in the confidence of the Hearst administration and classed as a party man, whilst among the Liberals the party platform has given complete satisfaction and Hartley Dewar's speeches from the platform have been read with general approval and he is hailed as a genuine popular leader.

Under the new franchise act there are about eight thousand voters in North Lanark, evenly divided between men and women, and also as between farm electors and those in the towns and villages.

There is a feeling that the U. F. O. can figure out for themselves from which side the farmer candidate may pull the most votes. But if the U. F. O. does not enter into the fray, all Dr. Preston would either be beaten at the polls by a Liberal or defeated at a more independent Conservative candidate.

#### Temperance Strong Factor.

Temperance is an strong factor in North Lanark as the farmers' party. There is no doubt that here, as elsewhere, the farmers are the most implacable foes of beverage in any form. It is a fact that the U. F. O. does not say that it is his own or Premier Hearst's stand on temperance. He has failed to satisfy the temperance people in North Lanark. The only thing he knows is that he is not a strong politician as he has been and he is working hard all over the constituency to strengthen his defenses.

T. A. Thompson, secretary of the Eastern Ontario Farmers' Association, writes to The Central Canadian, Carleton Place, to say that "at the request of a large number of the electors of North Lanark" he has decided to allow his name to go before the Liberal convention, and he assures Dr. Preston, "if I am the nominee of the convention I will be a candidate at the coming provincial election and I will then appeal to the electors of the constituency for their support."

That is an indication how amicable affairs are in the Conservative household. On the Liberal side the probable U. F. O. candidate is Frank McCreary, a Liberal, and there is no doubt he has a following. But as against this several of the leading temperance men

### PRINCE AT NIPIGON HAS CAMP DE LUXE

#### Royal Party Has Good Fishing—Forty-Three Indian Guides.

Canadian Press Despatch.

Nipigon, Sept. 7.—Fishermen's weather has been the lot of the royal party for the last 24 hours of the Prince of Wales' sojourn in the Nipigon waters. Showery and cool under gray skies, the weather has been favorable for good fishing, and reports from the party indicate that the catch has been good.

The camp at Pine Portage, from which the royal party are proceeding on their trip to the highest of the mountains in the district. Forty-three Indian guides alone are required to pilot the fleet of twenty-two canoes through the rough waters of the Nipigon. The tents are set in a wide circle about the spot, which is the camp. It is a camp de luxe, which has been prepared by the outfitting house of McKirdy, in Nipigon. The Indian chef is a cook, and the beginning of the guides are famed for skill and daring in negotiating the rapids of the river, and the young pilot, Jack McKirdy, is a famous fisherman.

The Prince will return to royal train with suite Monday morning at Cameron Falls, and will proceed west to resume official program, beginning with Fort William and Port Arthur Monday afternoon.

### GOVERNMENT'S REFUSAL OF GRATUITY CONFERENCE CAUSING INDIGNATION

#### National Officers of G.W.V.A. Keenly Disappointed — Say "Sorrow Pass" When Commission for "Racing Game" Granted But Not for Veterans.

Ottawa, Sept. 7.—Keen disappointment was expressed by the national officers of the Great War Veterans' Association this evening at the refusal of the government to establish a royal commission to determine the practicability of further financial assistance in the re-establishment of returned soldiers. The final decision of the government was communicated by the prime minister last Friday in the Dominion executive committee and was received with indignation, as the request had been considered, in the view of existing circumstances, as quite reasonable.

Acting upon the mandate of the annual Dominion convention held in Vancouver last July, the Dominion executive committee recently waited upon the premier to urge the creation of the commission advocated by that convention to deal with the widespread demand for a bonus to returned soldiers. Sir Robert Borden stated that the government was not prepared to give favorable consideration to any proposal which would involve further expenditure than that already proposed for the work of re-establishment, but that the request of the association for a bonus to returned soldiers with an early date. The executive committee of the veterans then deputized a special committee to remain in Ottawa awaiting this decision. The premier, however, in his final announcement, stated that it was not consistent with the responsibilities of the government to engage into facts already within its possession.

Telegrams of protest. Judging from the numerous telegrams which have been received in

### LASTING GRATITUDE OF EUROPE'S PEOPLE

#### Hoover Has Earned It, Says Lloyd George in Message to Departing Director

London, Sept. 7.—Herbert Hoover, director-general of the international relief organization, sailed aboard the Aquitania for the United States. Before his departure Premier Lloyd George sent a message to Mr. Hoover, as follows:

"At the moment you are relinquishing your official duties and returning to the United States. I wish to express to you warm thanks and great appreciation for the work you have done for the world and the associated powers. The fidelity and energy you have shown in directing the economic relief of the populations stricken by the war, has been of inestimable value, and has earned for you the lasting gratitude of the peoples of Europe."

### CARTER MONUMENT DEDICATED BY KING OVER CABLE WIRE

#### Historic Ceremony in Montreal — Messages From His Majesty and Lloyd George.

Montreal, Sept. 7.—From His Majesty the King, from all over the empire, and from every province of Canada came greetings yesterday on the occasion of the unveiling of the monument in this city to Sir George Etienne Cartier. The sister nations of Canada in the empire, South Africa, New Zealand, Australia and Newfoundland, sent messages that told that the works of Sir George had gone beyond the confines of the Dominion and had played a mighty part in the development of the empire.

The King's message was as follows: "In unveiling the Cartier monument, which ceremony, thanks to the marvellous agency of electricity, I am able to perform at a distance of upwards of three thousand miles, I am glad that the people of the Dominion of Canada in commemorating the centenary of their illustrious fellow citizen, whose name will ever be closely associated with the consolidation, progress and prosperity of the Dominion." (Signed) "George R. I."

The following message was sent to His Majesty by the Duke of Devonshire: "To His Majesty King George V., Balmoral Castle, Scotland: "Your subjects in Canada, assembled in honor of the centenary of Sir George Etienne Cartier, beg to tender to your majesty their heartfelt thanks for your gracious act in unveiling of the monument and gratitude for your majesty's message. They pray you to accept the assurance of their devotion and loyalty." (Signed) "Devonshire."

From Premier Lloyd George came the following: "It is fitting that the ceremony of unveiling the national monument to the memory of Sir George Etienne Cartier, which was unavoidably postponed owing to the exigencies of the war, should now be discharged. I trust your celebration on the 28th of September may prove to be in every way historic. The rise and greatness of Canada will always be associated with the name of Sir George Etienne Cartier."

### INCENDIARIES FIRE UNOCCUPIED HOUSE

A two-story brick house, 46 Murray street, belonging to Simon Robinson, 244 McCaul street, and rented by Mr. Pink, a leather goods store-keeper, of 49 West Queen, was in the early hours of this morning gutted by the fire with a loss of at least \$1,000 to the building and \$400 to contents. The house was unoccupied, the fully furnished and the cause of the fire was undoubtedly incendiary.

Patrol-Sergeant Marshall and Policeman Annis entered the building as soon as the efforts of the firemen would permit and found a quantity of cushions and other combustible material soaked in gasoline and coal oil, together with certain indications showing that the blaze started in the recess under the front staircase.

According to neighbors, a motor car was seen to leave the vicinity some half-hour before the fire alarm was given.

The police are busy hunting the incendiaries.

### SUGAR PRICES JUMP IN CITY OF HAMILTON

Special to the Toronto World.

HAMILTON, Ont., Sept. 7.—In the majority of stores here Saturday sugar jumped in price from 12-1/2 to 15 cents a pound. The increase has been expected as the grovers have been intimating for the past week that there would be a boost. To make matters worse the retailers say that they will have to charge 18 cents when they purchase new stock as the wholesale price will also be up.

### GLASGOW CONGRESS TO DECIDE FATE OF BRITISH INDUSTRY

Glasgow, Sept. 7.—The most intense interest is being displayed in tomorrow's Trades Union Congress, which will be the greatest ever held in Great Britain. Five and a quarter million workers are represented by 850 delegates, who have a number of questions to decide which will have the most important bearing on the future of British industry. The most significant subject for debate refers to direct action by the workers to obtain nationalization of the mines, which is strongly demanded by a powerful group of underground workers. It is said that Robert Smillie and Robert Williams will champion such action, but they will be met by antagonists such as Arthur Henderson, J. Havelock Wilson, John Robert Clynes, James Henry Thomas, William Thomas and William Bruce. The debate, it is understood, will occur on Tuesday.

Virtually the entire labor party of the house of commons will be present at the congress and will participate in the debates, including those on resolutions affecting nationalization of the banks and the industrial output, and the war debt, recognition of police unions, housing reforms and finally, the problem of the industrial output.

The action of the congress on resolutions, it is said in parliamentary circles, will be the most valuable indication of how the thinking working man as represented by the trades unions, will act in the coming parliamentary campaign. G. H. Stuart Hanning, secretary of the Postmen's federation, will preside at the congress.

### L. L. P. TO CONTEST IN TWO RIDINGS

At a meeting of the Independent Labor Party at the Labor Temple on Sunday it was decided to contest two constituencies—North-east Toronto and Riverdale—at the coming provincial elections.

The meeting was private and was devoted entirely to political discussions and the election of candidates. It was also intimated that the Ontario section of the Canadian Labor Party would contest three ridings, including West York and Parkdale. John Vick was elected to run in the Riverdale constituency and W. Buckley in North-east Toronto.

### BERESFORD, FAMOUS ADMIRAL CALLED SUDDENLY BY DEATH

#### Expired While on a Visit to Duke of Portland From Attack of Apoplexy.

London, Sept. 7.—Admiral Baron Beresford died last night while on a visit to the Duke of Portland at Lansdowne, Calne, Wiltshire. He was well, Calne, Scotland. Death was due to apoplexy. Admiral Beresford was created a baron by King George V. in 1915. He assumed the title of Baron Beresford of Metemeh and Curraghmore.

The late Baron Beresford became distinguished at sea as a fighter in the British navy and then became famous for a great British navy to control the seas. He was a son of the Marquis of Waterford, and entered the navy in 1819, became a captain in 1832, and attained post-rank in 1807. He commanded the Condor at the bombardment of Alexandria, and distinguished himself by running his vessel, although small, under the forts and engaging them, eliciting from the admiral the signed tribute, "Well done, public." He was a popular naval hero of England and a rear-admiral when he was retired in 1911 at the age of 65 years.

He was an eventful life. Scarcely a year passed out some act of gallantry won him new honors. He led his naval brigade across the desert to Kivertoun in the vain attempt to rescue General Gordon. He commanded his sailors in the battles of Abu Klea, Abu Kiru and Metemeh. Sir Charles Wilson's party in the "Saida," for which parliament commended him in 1859, became a captain in 1832, and attained post-rank in 1807. He commanded the Condor at the bombardment of Alexandria, and distinguished himself by running his vessel, although small, under the forts and engaging them, eliciting from the admiral the signed tribute, "Well done, public." He was a popular naval hero of England and a rear-admiral when he was retired in 1911 at the age of 65 years.

Joe: Why, Brother?  
Stoort: We canna carry Harist an' Roule an' Prohibition unless th' thirties can import a little free Montreal!  
Joe: That was the original intention of the Ontario Temperance Act, and Sir Robert Borden wiped it out by the order-in-council.

Joe: Ratify the treaty and restore liberty!

Wales (the late King Edward) as naval aide-de-camp on his trip to India. He served in the same capacity to Queen Victoria in the jubilee naval review in 1897. It was here that he ran afoul of a strict rule which prohibited anyone from showing private signals from the royal yacht.

The fleet was passing in review when Lord Beresford hoisted the signal, "Can't be home for dinner." It was intended for his wife on another vessel. It is related that the Queen became furious and sent word to Beresford that he might go home to dinner immediately.

The far-sighted admiral kept a watchful eye on the far east. He was sent by the associated chambers of commerce of Great Britain to study the complicated commercial conditions existing in China in 1898. His observations appear in his book, "The Break-Up of China." Another book of his that has taken high rank is "The Life of Nelson and His Times."

He represented various constituencies at different times in parliament, and from 1895 to 1898 he was a lord of the admiralty, resigning on the ground that his colleagues were not providing the proper organization for the navy. In 1900 he was second in command in the Mediterranean, and in 1903 he commanded the Channel fleet, and in 1915 he became commander-in-chief in the Mediterranean. In 1909 he visited Toronto and opened the Canadian National Exhibition.

### MINERS ENVOYING BIG PROTEST STRIKE

#### Nova Scotia Voting is All for the Nation-wide Walk-Out.

Sydney, N.S., Sept. 7.—In a telegram to J. B. McLaughlin, secretary-treasurer of district 26 of the United Mine Workers: Robert Baxter, president of the district, and David Ryan, vice-president, both of whom are at present absent from Glace Bay, have approved of the plan to call a general strike in Canada if the Winnipeg strike leaders are not released from jail on bail by September 17. A statement to this effect was made to the press Saturday by Mr. McLaughlin. Mr. McLaughlin stated also that the proposal to have the U. M. W. men in Nova Scotia go out on strike in the event that bail is still refused by the Winnipeg men has been endorsed by the locals in Cumberland county, at Inverness, New Waterford, Sydney Mines, and in the Glace Bay districts. Word has yet to be received from Pictou County locals. The expectation at U. M. W. headquarters at Glace Bay is that the Pictou men will take the same attitude as has been taken by the locals elsewhere and that the strike will come if the Winnipeg court does not change its attitude and grant bail.

### NOT BOLSHIEVISTS, SANE CANADIANS

Following is a notice conspicuously posted at many corners of leading thoroughfares by returned soldiers:

WE ARE NOT BOLSHIEVISTS. WE ARE SANE DEMOCRATIC CANADIANS AND WE DEMAND OUR RIGHTS. WE FIGHT FOR JUSTICE AND NOW WE WANT TO ENJOY WHAT WE SUFFERED FOR.

FOR THE MEN WHO FOUGHT IN FRANCE, GOD BLESS THE KING AND ALL THAT IS BRITISH.

### DETECTIVE RUNS DOWN JAIL FARM BREAKER

Fred Brown escaped from the jail farm last week, where he was serving a term of one year. Last night Detective-Sergeant Walter McConnell saw Brown on King street. Brown started to run when he saw McConnell, and the latter took after him. His own run down several lanes thru alleys and over backyard fences, but seeing that the detective was sticking with him in a last effort to maintain his freedom, he called an eight-foot fence. McConnell went over after him and Brown surrendered. He will be charged with escaping from custody.

### WELFARE OF PEOPLE OF THE WORLD IS PEACE

The main point for the contentment and welfare of the people of the world is peace," he declared. "Peace is absolutely essential."

He accompanied the Prince of

### CANADIAN FIGHTERS MEET IN LONDON

#### Officers Fresh From Murransk Front Are Entertained at Banquet

London, Sept. 7.—What will probably be the last of the Canadian old London of Canadians fresh from the fighting front took place yesterday when Col. John Leckie entertained those who were twelve months back, joined with him for the Murransk expedition. Col. Leckie also included among the guests officers representing the French, Serbian and Italian forces, who were with the Canadians.

The proceedings were quite informal. It was striking, however, to note that there was throughout pronounced intense sympathy and good will toward Russia, the health of the unhappy country being drunk fervently. Col. Leckie had good things to say of every officer and everybody had good things to say of Col. Leckie. Behind the host was displayed a Bolshevik flag captured by the Canadians. One of the guests, Lieut. Horlock, now a Canadian officer, was originally serving with the Polish legion, was captured by the Germans, and later was captured by the Bolsheviks.

### PRINCE NOT LIKELY TO VISIT AUSTRALIA

London, Sept. 7.—The National News is informed that nothing is known either at the consular office or among the royal entourage to bear out the Australian report that the Prince of Wales will visit Australia next spring. On the contrary, it is considered most unlikely. There is good reason to believe that his royal highness will go to India before visiting Australia. It is expected that his majesty will shortly direct that an official statement be issued on the subject.

### SERBIA IS ORGANIZING A NEW MIXED ARMY

Vienna, Sept. 7.—Belgrade advices state that a new Serbian army is being organized, composed equally of Serbs, Croats and Slovenes. The army will consist of 8 infantry regiments, four battalions each with eight cavalry and seven artillery regiments.

### TOTAL ATTENDANCE AT NATIONAL FAIR

(Continued From Page 1.)

Exhibition grounds together with many others, which could not be brought here because of lack of space, and the exhibition, which was managed by Kent and President T. A. Russell this morning and it will likely be accepted by the board of directors. In addition the government will receive other trophies and relics of the great war from the government for disposal about the parks and public places in the city.

### More Guns Arrive

Another shipment of 76 big guns arrived in the city yesterday and will together with three cars of German pointers and 2,000 German shell cases. The shipment was due here some time ago but shipping troubles in England delayed them. They will be added to the national collection and the balance of the guns will be sent to the cities throughout the Dominion after the selection for the national museum has been made.

### Heavy Shipping Costs

As an indication of what the display made by the government at the Exhibition means in dollars and cents in transportation charges alone it is announced that Dr. Doughty has just made out a cheque for \$20,000 for shipping expenses on the exhibit. Each large gun sent here cost \$400 from England laid down in Toronto, while the expenses on the tank were enormous, and the shipping charges being exceptionally heavy.

### ARCHITECTS SOUGHT FOR NATIONAL FAIR

Conditions governing the award of prizes for the best plans for the future development of the Canadian National Exhibition were decided upon the board of directors at their noon meeting Saturday, as follows:

1. Prizes to be: 1, \$500; 2, \$250; 3, \$150.
2. All plans must be submitted with scale drawings and typewritten memorandum in explanation of the drawings.
3. No names to appear on any sketch or memorandum.
4. The Exhibition Association to be entitled to make use of any plan suggested which may be offered in the competition, even though the person submitting it does not receive a prize.
5. Judges may refrain from awarding any of the prizes if they consider plans submitted are not of sufficient merit.
6. Plans to be received by Nov. 1, 1914.
7. The executive committee of the association to constitute the committee of awards.
8. It is suggested contestants should

### GERMAN SOLDIERS ROW WITH BRITISH

Cologne, Sept. 7.—Serious disturbances between German and British troops at Euskirchen, 20 miles southwest of this city, resulted in a soldier being badly injured. The leader of the Germans, a man named Kupper, was court-martialed and sentenced to three months in prison. The town was fined 100,000 marks.

### ONTARIO ADVANCES IN CATTLE RAISING

With a generous distribution of bouquets all round, and a suggestion to the federal and provincial governments as to their needs in the future, the last directors' luncheon was held in the administration building at the Exhibition on Saturday.

President Henry said that the end of the Exhibition was reached with a feeling of relief, and yet with something of depression. "This day," he said, "draws to a close the greatest Exhibition we have yet held." The million mark had been topped without the exhibition being a success. It was admitted by the thousands in the both the Prince of Wales and General Currie.

### PRINCE OF WALES SENT ATTENDANCE RETURNS

The following wire was sent last night to H. R. H. the Prince of Wales by Mr. T. A. Russell, president of the Exhibition:

Col. E. W. Grigg, military secretary to H. R. H. Prince of Wales, on board special C. P. R. train, was on board Saturday and the pleasure of his visit to the fair was held here. "When they have come to a solution I am sure that the provincial government will not be backward in giving them whatever assistance is necessary to make the new show into a really interesting one. There is no reason why we cannot in this province have a show along the lines of the great international show in Chicago."

### ONLY TWO ARRESTS ON FAIR'S LAST DAY

Eleven o'clock at the "Ex" on Saturday night was a very busy time to all concerned, but to the police it presented no insuperable difficulties. Two arrests had been made, and in the evening one of a Detroit pickpocket, who had arrived on the 10 o'clock "to do the Exhibition," and the other a Coburg boy, who had charged him with non-support. Lost children were listed in fair numbers, but were troublesome rather than numerous, one in particular, a Canadian 15 months old, crying so long and bitterly that recourse was finally had to the "Ex" hospital in the fact that it had probably caught the colic.

### MARKHAM FARM LANDS FETCH SUBSTANTIAL PRICES

There seems to be a big movement in the sale of farm lands these days in Markham township, and at substantial prices. One of them is a 100-acre farm belonging to Henry Smith, on the sidewalk a mile and a half west of Unionville, containing 112 acres, and which was sold the other day to Oscar Cox of Amber post-office, on the townline, for \$15,000, or at the rate of \$150 an acre. The soil is a heavy clay loam, with a new bank barn and good outbuildings. Mr. Smith will retire to Markham village.

### VETERAN RESCUES WOMEN FROM FIRE

Woman About to Undergo Operation Loses Saved Doctor's Fee.

An outbreak of fire from some unknown cause recently took place at the residence of J. Anthony, 545 Westmount avenue, in the township, causing damage to the extent of \$1,500 to the building, a two-story frame structure, and to the contents. A sad feature of the occurrence was the loss of \$150 in money withdrawn from the bank on the previous day by Mrs. Anthony, who is seriously ill and was about to undergo an operation. The money was to pay the doctor's fee. Mrs. Anthony had a sister-in-law and her baby, a few weeks old, were rescued from the burning building by a disabled vet. man before the arrival of the Earls Court fire reels, which were promptly on the scene.

### REV. MR. WARD'S FAREWELL

Rev. (Corporal) John Ward preached to large congregations at the Earls Court Central Methodist and North Earls Court churches on Sunday, previous to his departure to his western home. Mr. Ward was one of the original members of the church at the Earls Court and has been under treatment at the Christie Street Hospital.

### CONDEMNED PROFITEERS

Rev. W. F. Roadhouse, pastor of the Bloor Avenue Baptist Church, preached a sermon on Saturday morning on profiteering, which he condemned in no uncertain language, giving many specific instances of poverty caused by the greed of the profiteer, both during the war and since.

### BACK FROM HOLIDAY

The rector, Rev. A. J. Reid, has now returned from his vacation at Muskoka. Mr. Reid is still awaiting a reply from the Ontario Railway Board to his communication requesting that their order be carried out by the Toronto Railway Company re laying the tracks.

### MARKHAM FARM LANDS FETCH SUBSTANTIAL PRICES

There seems to be a big movement in the sale of farm lands these days in Markham township, and at substantial prices. One of them is a 100-acre farm belonging to Henry Smith, on the sidewalk a mile and a half west of Unionville, containing 112 acres, and which was sold the other day to Oscar Cox of Amber post-office, on the townline, for \$15,000, or at the rate of \$150 an acre. The soil is a heavy clay loam, with a new bank barn and good outbuildings. Mr. Smith will retire to Markham village.

Woman About to Undergo Operation Loses Saved Doctor's Fee.

An outbreak of fire from some unknown cause recently took place at the residence of J. Anthony, 545 Westmount avenue, in the township, causing damage to the extent of \$1,500 to the building, a two-story frame structure, and to the contents. A sad feature of the occurrence was the loss of \$150 in money withdrawn from the bank on the previous day by Mrs. Anthony, who is seriously ill and was about to undergo an operation. The money was to pay the doctor's fee. Mrs. Anthony had a sister-in-law and her baby, a few weeks old, were rescued from the burning building by a disabled vet. man before the arrival of the Earls Court fire reels, which were promptly on the scene.

### PAPE CAR DELAYS CAUSE MUCH INDIGNATION

Regarding the Pape avenue car line, Ald. R. Honeyford is still awaiting a reply from the Ontario Railway Board to his communication requesting that their order be carried out by the Toronto Railway Company re laying the tracks. The quantity of rails is not sufficient for the Pape avenue line, the city might advance the extra quantity required to finish the work and charge them up to the Toronto Railway Company.

#### DIED FROM INJURIES INFLECTED BY TRAIN

Alexander Miller, Run Over at Yards, Lived Few Minutes.

When he was run over at six o'clock Saturday night by an engine in the yards at the Union Station, Alexander Miller, aged 32 years, of 42 Mercer street, was so badly injured that he died while being carried to the emergency of the Western Hospital. Miller was employed as a car cleaner for the Grand Trunk Railway. He was crossing the track when an engine that was backing up ran over him. His leg was so badly crushed that it was the intention of Dr. Beatty to amputate. Miller died from shock and loss of blood. The body will be removed to the morgue, where a coroner's inquest will be opened Monday evening.

On a warrant charging him with obtaining \$200 from the Sterling Bank of Canada by fraud, Reginald Watson, 169 College street, was arrested Saturday afternoon by Detective-Sergeants Archibald and McIntosh. #### Galt Women and Workmen Boycott Against Milk Prices

Special to The Toronto World. Galt, Sept. 7.—There is a movement on foot among workmen in foundries and women's organizations to boycott milk vendors who a week ago advanced the price 2c a quart, to 14c. In one foundry a petition was circulated and signed by 180 men, who promised, commencing Monday, not to buy any milk from vendors who advanced their price. It is claimed that the increase of 2c a quart was exorbitant and not justified.

#### SETTLEMENT REACHED BY THEATRICAL UNION

The Theatrical Managers' Protective Association Saturday granted the demands for increases in wages of from \$5 to \$8 per man per week to the members of the Toronto Theatrical Protective Union. The chairman of the grievance committee of the union is pleased at the action of the managers, as he stated they were in quite a good position thru one house playing stock, another being "dark," and another playing pictures, to offer stiff opposition. However, he said, on the other hand, their former agreement with the managers expired on Labor Day, and technically, they should not have returned to work that day unless under a new agreement. But they considered the public, because of the busy times arising out of the Exhibition and the prince's visit, and they turned up at the theatres on Labor Day as usual, feeling that they would get fair treatment eventually without having to resort to "rough-neck" methods, and without inconveniencing the public. Now they have been given their demands and have lost no prestige with the managers.

#### LOCAL THEATRES BREATHE EASIER

There was some chance Saturday morning that the strike of actors in the United States might affect one of Toronto's leading theatres—the Alexandria. An order was received yesterday morning from New York by the local branch of the International Alliance of Stage and Employes and Moving Picture Operators that none of their members were to work in any Shubert Theatre or for any of its productions. The order read: "No member of this alliance shall in any way give service to any of the theatres, attractions or concerns connected with the Shubert concern, as specified until further notice from this office, under pain of instant expulsion." This is issued on the authority of the international executive. The only house in Toronto in which the Shuberts have any interest is the Royal Alexandria. Lol Solman, seen by The World Saturday, was a happy man as he was able to announce that whilst the above order was on its way to Toronto matters had been fixed up in New York and the men would continue to work as usual. In fact there was no

#### N. F. GUSHO KILLED BY AN AUTOMOBILE

Running from behind a west bound King street car directly in front of a motor car driving in the same direction, N. F. Gusho, aged thirty-two years, living at 100 Mutual street, was struck down and killed Saturday afternoon. Gusho, the police said, was standing on the south side of the street and in crossing to the north he ran behind the street car, but failed to see the fast approaching automobile. He was removed from beneath the car dead. His skull was fractured. Detective-Sergeant Nichols, interviewed the driver of the automobile, Charles B. Grier, broker of 12 Summerhill avenue, Quebec. Crown Attorney Corley was informed and he allowed Grier to go. The police removed the body to the morgue and an inquest will be held.

# WHY CANADA SHOULD RAPE THE TREATY OF PEACE ENTIRE

## Colonel Frederic Nicholls Tells in the Senate How Canada Will Benefit by Prompt Agreement With the Allied Powers.

Ottawa, Sept. 4.—The following is the official report of the speech of Hon. Frederic Nicholls in the senate on Tuesday, Sept. 2, on the ratification of the peace treaty. The senate ratified the treaty on the Thursday night following.

The senate on Tuesday proceeded to the consideration of his excellency the governor-general's speech at the opening of the session.

Hon. Frederic Nicholls: Honorable gentlemen, in rising to move that a vote of thanks be presented to his excellency the governor-general, in reply to the speech from the throne, I want first of all to thank the honorable leader of the government for the honor accorded to me in selecting me to make this motion, particularly because I believe the present session of parliament marks an epoch in the advancement of Canada to a dignified position among the great nations of the world. The fact that for the first time in the history of this country we have departed from the status of a colony and have entered upon the status of one of the great powers is evidenced by the fact that the parliament of Canada has been called together to consider a treaty of peace and to ratify it if so elected.

Another reason why I consider that this is a very important session is because we have recently been honored by the visit of his royal highness the Prince of Wales, who yesterday laid the corner stone of the lower of the two parliament buildings. In his speech from the throne his excellency refers to this visit, saying:

"In this, his first visit to our Dominion, his royal highness the Prince of Wales at once renews happy associations with his comrades of the Canadian army, and at the same time undertakes the important duty of making himself acquainted at first hand with the resources and development of our country, and with its ideals and aspirations of our people."

The Prince of Wales.

In 1860, fifty-nine years ago, Albert Edward, then Prince of Wales, laid the corner stone of the old parliament building, which a few years since was destroyed by fire. The Prince of Wales that day afterwards succeeded the throne as his majesty King Edward the Seventh, reigned wisely and well, was beloved by his people during his lifetime, and was sincerely mourned at his death. Yesterday, we all attended a brilliant function when the corner stone of the new parliament building, which we hope soon to occupy, was laid by his royal highness the Prince of Wales. Many material changes have taken place in the history of the Dominion during the time that has intervened between these two important functions. But honorable gentlemen will agree with me when I say that no change, whatever has taken place during this interval of fifty-nine years in the progress of the Canadian people to the British Empire, to our King, and to the royal family; and, honorable gentlemen, the manifestations of loyalty and affection which have been witnessed during the recent visit of his royal highness prove to my mind beyond all doubt that British connection is our chosen destiny.

His royal highness, while young in years, has played a man's part during the war, and notwithstanding his exalted station has served with distinction at the front; and, in my opinion, the fact that during part of that time he was attached to our Canadian army and also the fact that since his arrival in Canada he has expressed the desire to be known as Canadian in sentiment, will redouble in our hearts the words "I love you" and "good-bye."

Canada's Progress.

There have been many material changes in the life of Canada since 1860; for seven years thereafter a nation was born, when the act of confederation was passed, which brought together the scattered provinces of British North America; and since that time so many changes, always for our betterment, have occurred, which heighten the most optimistic of those virtuous and far-sighted statesmen who have since come to be known as the fathers of confederation could not have conceived of the important role Canada was destined to play during the lifetime of a single generation.

Honorable gentlemen, I have here an official copy of what I believe to be the greatest document the world has ever seen; a copy of the treaty of peace with Germany, and in the terms under which the league of nations will be called together. Who would have dreamed at the time of confederation, fifty-two years ago, that we today would have been called together to consider a document of such enormous portent? As this has only been recently distributed and cannot have been considered very fully by the majority of the members of this house, I will read the names of those countries which are banded together. The fact that this country is one of the signatory parties, and that our own prime minister sat at the imperial council of peace during the time this important document was being framed, should redound to our national credit and appeal to our national pride.

The countries which I have mentioned are as follows: the United States of America, the Kingdom of Great Britain and Ireland, the Dominion of Canada, the Commonwealth of Australia, the Union of South Africa, the Dominion of New Zealand, India, the French Republic, the Kingdom of Italy, the Empire of Japan, the Kingdom of Belgium, the Republic of Bolivia, the Republic of Brazil, the Cuban Republic, the Republic of Ecuador, the Kingdom of Greece, the Republic of Guatemala, the Republic of Haiti, the Kingdom of Hedjaz, the Republic of Honduras, the Kingdom of Liberia, the Republic of Nicaragua, the Republic of Panama, the Republic of Peru, the Polish Republic, the Portuguese Republic, the Kingdom of Rumania, the Republic of Servia, the Republic of Siam, the Republic of Uruguay.

These honorable gentlemen are the names of the different signatories to this peace treaty; and, while there are some objections to it, it is a wonder to me that, when such vast questions are to be considered and decided in such a very short space of time, the objections were not more numerous than they have been found to be.

Action Imperative.

His excellency also refers in his speech to the necessity and the wisdom of considering the peace treaty at the earliest possible moment. In that, so far as I am personally concerned, I am in complete agreement with the president of the United States and the foreign relations committee of the senate, at which he was questioned as to whether or not any part of difference that had arisen in the discussion in the United States Congress, and the president of the United States, in addressing the conference, stated:

"I welcome the opportunity for a frank and full interchange of views. I hope, too, that this conference will serve to expedite your consideration of the treaty of peace. I beg that you will pardon and indulge me if I again urge that practically the whole task of bringing the country back to normal conditions of life and industry waits upon the decision of the senate with regard to the terms of the peace."

I venture then again to urge my advice that the action of the senate with regard to the treaty be taken at the earliest practicable moment because the problems with which we are confronted are of such a nature that our national life are of the most pressing and critical character, will require for their proper solution the most intimate and disinterested co-operation of all parties and all interests and cannot be postponed without manifest peril to our people and to all the national advantages we hold most dear."

In these sentences I think the importance of expedition is exemplified most thoroughly.

War and No War.

In an editorial in the same paper on the same date, the following appears under the heading of "War when there is no war":

"The president's conference with the members of the senate foreign relations committee, should send the treaty unchallenged to immediate ratification. In the address with which he opened the conference, Mr. Wilson pointed out to them that our present condition is that of a nation in which there is no war; but with possibly many advantages in it, with possibly many disadvantages; but we must consider that if we are going to enter into an undertaking which is for the purpose of assuring us eternal peace, we cannot assure this to ourselves without assuming some responsibilities. I believe, honorable gentlemen, that after this treaty of peace has been discussed and ratified after this parliament has prorogued, we will settle down to attend to all our material affairs, which have been neglected during the stress of war, we shall find that Canada will advance much more rapidly in the future than it has advanced in the past. We in Canada are not looking for any monetary recompense as a result of the war, but we have done something for the sake of freedom and humanity."

Not Too Severe.

A very brief perusal of the terms of the document, the treaty of peace, is able to gather together, leads me to disagree with those who think that the terms of peace are severe against Germany. One should remember that the factories are all intact, the railways like those of France and Belgium, which it will take many years to reconstruct in order that they may compete with the other nations of the world. But serious as those terms may be, we in this house shall have to give them consideration, and I have the largest in the history of the exhibition, and everything points to a record fair this year.

At least for a period, the aggressive power of Germany is destroyed, her huge army of approximately four million men, which she held as a

threat over the world in 1914, only a remnant of 100,000 is permitted to her. The second navy in the world is reduced to a total personnel of 15,000. No military or naval air forces are permitted. Thus on land and sea and in the sky her real might is broken, and in that breaking lies the chief immediate guarantee of peace. She has lost her colonies, covering one and one-half million square miles, and has been deprived of territory on the Rhine bridgeheads, which she has been forced to recognize the full sovereignty of Belgium over the contested territory; but we may not forget that her government of the territory comprising all the rich Saar basin in favor of the league of nations, and has been defined in article 41 of the treaty. In fifteen years the inhabitants of this territory are to exercise the right of self-determination and to elect the sovereignty under which they desire to be placed. Farther south Alsace and Lorraine are restored to France and the French eastern frontier runs again as it did before 1870. The character of the Rhine as a natural boundary is emphasized by the stipulation that east of the river Germany must not maintain or construct any fortifications at a distance of less than six kilometers from the right bank, and as a guarantee of the execution of the treaty, German territory west of the Rhine, together with the Rhine bridgeheads, will remain an allied occupation for fifteen years, with certain exceptions, subject to the faithful performance of Germany's obligations.

So much for the west. In the east there are radical changes. Poland has a new western boundary. All that remains of the Prussian east of the Vistula is the northern fringe of West Prussia and Poland, together with the northern half of the old province of East Prussia. In the southern half of East Prussia the inhabitants are to decide by vote to which state they wish to belong. Similarly in a specified area in West Prussia, the choice between East Prussia and Poland will be decided by the determination of the inhabitants. Danzig is free city, and the inhabitants of a certain portion of upper Silesia are to decide by vote between being entrusted with the territory, thus being seen that the principle of self-determination is prominent in the peace settlement.

The summary gives some indications of the many problems involved in reaching an agreement covering such vast interests as those which Germany has undertaken. It is clear that greater dissensions have not occurred. The credit of Canada today is probably as high as that of any nation in the world. The peace which we are to bring to the world has been agreed to by the people of the world. As I have stated, we have immense natural resources, and I repeat that, dating the future of Canada, we commence a new era. We probably cannot foresee any more than the Fathers of Confederation foresaw, our tremendous strides which we may make, say during the next half century, but we are sure to see the spirit of achievement and the key to accomplishment. Let us all hope only continue to progress, and let us do nothing to mar the honorable and dignified position that she occupies today.

PICKPOCKETS EARN FAT SALARIES

Amount Taken During Exhibition Fortnight Runs Up Into Thousands.

It was estimated roughly last night that the loss during the two weeks of exhibition thru operations of pickpockets and people dropping money amounted to thousands. During the exhibition the police, detectives working from the central office were kept busy in search of a gang of "dips" working on a big scale.

The largest sum lost by an individual, reported to the police, was \$1,700. A foreigner had closed his account with a bank on Bay street and had placed \$1,700 in his hip pocket.

At C.N.E. The officers in charge of the Exhibition squad stated that the largest amount of money was lost during the two weeks. A number of complaints of small sums being stolen and purses lost were received.

Considering the crowds that were in the city during the fair the police did good work. Several suspects from the United States are being held in custody, and Inspector Guthrie and his men are worthy of praise for the efficient way in which his men doubled up, doing extra duty.

POLICE OFFERED HUNDRED RECRUITS

Accession of Men Will Bring Force Up to Pre-War Strength.

Applications of 100 recruits to join the Toronto police force will be presented to the board of police commissioners when they meet Tuesday afternoon on the suggestion of Chief Graseu, the board of control granted extra allowances for the strengthening of the department.

It is rumored in police circles that Patrolmen William Ward of West Dundas street station is to be promoted to the rank of patrol-sergeant. It is the intention of a number of the inspectors of the new system inaugurated in the plain-clothes ranks. The suggestion to be brought before the commissioners is the promoting of several well-known plain-clothesmen to the rank of patrol-sergeant, but to have them continue on duty in civilian clothes.

These men will direct the plain-clothesmen of the divisions when raids on houses and liquor dives are to be made. If the scheme is approved by the board, Ward will be placed in charge of operations.

Ward is considered too good a man to be wasted in uniform, and in his line of work he has probably the best record of convictions of any in the force. Inspector Bond is anxious to have Ward remain at West Dundas street station.

Uncle Wiggily and the School Books

BY HOWARD R. GARIS. Copyright, 1919, by McClure Newspaper Syndicate.

HARK! What is that noise?" suddenly asked Uncle Wiggily Longears, the bumpy rabbit, as he sat in his hollow stump bungalow one morning, eating his breakfast of orange oatmeal.

"What noise?" asked Nurse Jane Fuzzy Wuzzy, the muskrat lady housekeeper. "All I hear is a bell ringing."

"That's the noise I mean," said Uncle Wiggily. "Why is the bell ringing? Is there a fire?"

Nurse Jane Hetened. Then she laughed. "Oh, that's just the school bell," she said. "The lady mouse teacher, in the hollow stump school, wants the animal children to come back to their lessons after the long summer vacation."

"Oh, ho! So it is the school bell!" exclaimed Uncle Wiggily. "Well, I must hurry thru with my breakfast and go out to see my friends, the animal children, going to school. Some of them I have not seen for a long while."

Uncle Wiggily finished eating his breakfast, then with his tall silk hat, and his red, white and blue striped rheumatism crutch, away he hopped, hoping to meet some of the animal children.

Uncle Wiggily began to hop toward the hollow stump school, where the lady mouse heard lessons, and the bumpy rabbit gentleman was about half way there when, all of a sudden, just as he turned around the corner by an old stump, there he saw Lulu and Alice Wibbiewobbie, the two duck girls.

"Good morning, girls," spoke Uncle Wiggily most politely. "Good morning!" quacked Lulu and Alice.

"Why are you standing here?" Uncle Wiggily wanted to know. "Why don't you go to school? Don't you know that the bell has rung?"

"Oh, yes, Uncle Wiggily," said Lulu. "We heard the bell, but we weren't going to school!"

"Why not?" Uncle Wiggily wanted to know. "It can't be because you don't know your lessons. For this is the first day of school, and you will not have to recite any lessons until tomorrow."

"Oh, it isn't that!" quacked Alice. "The reason we are afraid to go on is because just ahead of us, on the path, is the bad old Pipsiwah. He's asleep now, but if we go too near he'll wake up and catch us."

"Yes," agreed Uncle Wiggily. "I believe he would." "And we can't go around any other path without taking a very long one," said Lulu. "O, what shall we do?"

She stood there with her school books under one wing. Alice had her books under her wing, also. "I'll take a look at the Pip," said

Mass Meeting at Queen's Park Determines on Fight to Finish.

Will Boycott Globe Unless Editor Retracts Editorial of Saturday Against \$2,000 Grant.

That the returned soldiers are going to make a fight to a finish to secure the \$2,000 gratuity was the keynote of a mass meeting of the men held in Queen's Park yesterday afternoon. It was also practically decided to form a gratuity society composed of all the men of the various veteran bodies. It was further intimated that the government having refused to appoint a commission to enquire into the whole question, the fight will be carried to the floor of parliament.

Professors and slackers were scored at intervals and a strong plea was made for payment of the gratuity to widows of fallen men. The Globe came in for some scathing criticism in connection with an editorial on Saturday which the returned men regarded as a nasty knock for the gratuity. The editor of the Globe is to be given an opportunity of making the amende honorable, falling, which the veterans promise some very drastic measures.

Comrade R. J. Jones presided and there was a very large attendance, especially considering the short notice. A Russian who had lost a leg was the first speaker.

"Makes Plea for Widows" "What we want is action right away," declared Comrade Melroy. He then gestured to Mayor Church this morning with a view to getting the \$2,000 grant. He spoke in a thoroughly representative mass meeting to force the claim on the government for the \$2,000 gratuity. They must all get together irrespective of what association they belonged to and there must be no compromise of \$400. They wanted the \$2,000 to which they were entitled without going on their hands and knees begging to Ottawa. Then there were the widows and the men who had fallen and who had not got a cent. They should also have the \$2,000. (Applause.) Are we going to fight for the \$2,000?"

"Yes, we are going to fight for the \$2,000," declared the speaker. "And no compromise!"

"No," was the quick shout. "Comrade Baker, a disabled man who said he had only been home two weeks, urged the men to all work together irrespective of party affiliations. If the war had gone on another year, he declared it would have cost the government far more than to give the returned men \$2,000. # Simpson's Autumn Opening

of Millinery, Silks, Dress Fabrics, Velvets and Corsets.

## The Modes in Millinery

*The picturesque vies with the practical---the portrait hat with sweeping plumes goes side by side with the chic little beret.*

*Soft crushed and draped effects predominate---and the whole presents an assemblage of surpassing loveliness, suggestive of the sumptuous modes of the eighteenth century and truly in keeping with the joyous spirit of the first peace Autumn.*

### Exquisite Paris Model Hats

—Express the ingenious artistry of such noted designers as Evelyn Varon, Louise, Hermance, Marguerite and Leonie and Germaine.

### Exclusive Originations from New York Designers

—Bearing the labels of the renowned Rawak, Bruck-Weiss, Hyland, Fisk, Salinger, DeMarinis, or Farrington and Evans, with a host of extremely clever models from our own designers, compose a noteworthy collection.

### The New Dress Fabrics

—of surpassing charm are calculated to make every woman buy more than she really needs this autumn just for the sake of possessing them.

Masterpieces of the weavers' art gathered from the looms of the world—their velvety-surfaced fabrics and exquisitely harmonizing colors far eclipsing anything we have hitherto shown—yet priced within restraint.

This page lists a few of the dress, suit and coat materials in today's opening display.

### Rich Autumn Colorings

—with a marked tendency toward deep browns and blues—while the wonderful shadings of the nasturtium known as Capucine and a glorious new green similar to reseda, but of lovelier hue, are shown in many hats.

These, in exquisite silk and panne velvets, plushes, duvetyns and metallic brocades need only the dash of burnt goose, the softness of un-curved ostrich or the smart feather aigrette to lend them indescribable charm. Prices so various as to meet all needs. Today, \$15.00 to \$125.00.

### The New SILKS

reveal great beauty in their glittering metal and tinsel brocades—the rarity of color combinations—the intricate designs printed on their lustrous surfaces. Upholding, too, the reputation for distinctiveness and exclusiveness for which Simpson silks are renowned.

Many weaves featured in the opening display today are listed on this page.

Do not miss the joy of seeing and of buying these perfect silk materials for afternoon or informal wear or for the many important social functions that are sure to dominate the coming winter season.
