England Never Will Yield, Says Joseph H. Choate

New York, Jan. 9.—"England is determined never to submit or yield. She never will make peace until the devil of militarism has been so vanquished that it will never trouble the earth again."

German Raid on Britain Certain, Says Earl Derby

London, Jan. 9.—The Earl of Derby, in a speech at Liverpool last night, said he believed a raid by Germany on Great Britain on a comparatively large scale was likely.

British and French in Terrific Drive Carry Trench After Trench

One of the Most Brilliant Feats of the War Recorded Near Soissons Today--French War Office Again Reports Bad Day For The Enemy

Paris, Jan. 9.—A terrific drive rivaling in intensity the battle of the Yser and in spectacular daring of execution the brilliant attacks in Alsace, carried the French and British forces facing General Von Cluck's left over a redoubt and two lines of the German trenches and up to the third in the region to the north of Soissons today.

Air scouts early in the day reported important concentration of troops in the rear of the German lines from the direction of Laon. Strong bodies of reserves and Landwehr troops were being moved up through the labyrinthian system of trenches on the plateau on the north bank of the Aisne.

The fighting was man to man, and the East Indian detachments did valiant service, most covered the clothing of the hostile forces, so friend was not easily distinguished from foe and the tracer on footing added new terrors to the bayonet fighting.

Paris, Jan. 9.—The French war office this afternoon reported: "To the south of Ypres, we have damaged the trenches of the enemy and reduced to silence the mine-throwers of the Germans."

"In the region of Arras and in the vicinity of Amiens, there have been artillery engagements resulting advantageously for our batteries."

"In the region of Perthes, the enemy delivered an attack which we repelled immediately by a counter attack. This movement on our part permitted us not only to retain our positions at Hill 200, west of Perthes, but also to take possession of 400 yards of the trenches of the enemy between Hill 200 and the village of Perthes."

"Along all the front between Rheims and the Argonne, our artillery has inflicted noticeable losses on the enemy."

"This has been attested by prisoners. In the Argonne we were subjected on our right, to a lively attack from the enemy, to which we replied with a counter-attack, which brought us back to our point of departure."

"In the Woivre district, to the northwest of Flixey, in the forest of Ailly and in the forest of Leprêtre, we made some progress."

"In the region of Cernay, we maintained our position. Further to the south the enemy, strongly reinforced, reoccupied Bornhaupt-Le-Haut at the expense of heavy losses."

"Mention of the battle of Lissa is particularly insulting to Italy. The Italian fleet was defeated by the Austrians at Lissa Island in the Adriatic in 1866."

London, Jan. 9.—The Daily Sketch prints the following: "Admiral Monteculi, commander-in-chief of the Austro-Hungarian navy, declares the Austrian fleet will never accept challenge from the Anglo-French fleet, because the Austrian fleet must be preserved to destroy the Italian fleet."

"Your country has need of a second victory of Lissa and it can only obtain it against Italy," says the admiral.

Toronto, Ont., Jan. 9.—The Toronto World correspondent at Salisbury Plain cables:—

"It is impossible to verify a report that the Canadians will be moved to another camp in England."

Main Paper Mill at Millerton 60 P.C. Loss in New Year's Fire

C. E. L. Jarvis, H. H. Fairweather and H. W. Frink returned last evening from Millerton, N. B., where they had been adjusting the loss on the New Brunswick Pulp and Paper Company's plant in the New Year's day fire.

The insurance, amounting to \$96,750, was placed by St. John and Halifax firms, and in addition the insurance on stock was placed through E. A. McCurdy, of Newcastle.

The adjusters report that no decision as regards the building has yet been reached, and that nothing further will be known until the directors in England consider the matter.

MATTERS OF INTEREST IN THE PROBATE COURT

Will of Andrew Malcolm—Father Connolly Estate—Geo. W. Belyea's Will

In the probate court today, the will of Andrew Malcolm was proved. He gave all his estate to his executors and trustees therein named in trust after the payment of his debts to pay to the trustees of the Bursary Committee of Pine Hill Presbyterian College, Halifax, N.S. N. B. and P. E. Handy School Association, \$100; to the Home for Incurables, \$100; the rest of the estate he gives to his wife, his six sons and his daughter, and he nominates as his wife, Phillis Deridge Malcolm and his two sons, Andrew Douglas and John Smith Malcolm, executors and they were accordingly named in Edward P. Raymond is proctor.

The matter of the estate of Rev. Thomas Connolly, V. G., came up. He died in 1892. By his will he appointed Philip J. O'Keefe and Mary W. F. Chapman executors. The first named died in 1893 and the second in last December, without having fully administered the estate. The estate consists of some \$9,000, the interest of which goes to Elizabeth Connolly, a sister, for life and after her death to the Roman Catholic bishop of St. John for the use of the Mater Misericordiae Hospital. On the settlement of Elizabeth Connolly and the Roman Catholic bishop of St. John, Right Reverend Edouard A. LeBlanc, the bishop is appointed administrator de bonis non cum testamento annexo. Thomas P. Regan is proctor.

The will of George W. Belyea, formerly omnibus proprietor, who died last month, aged ninety-eight years, was proved. He gives to his brother Elias Belyea and his wife, the testator's sister, in law, to their daughter, Annie, to his nephew, David A., son of his deceased brother John, of Pepperell, Mass., to his niece, Charlotte, wife of John Giggrey of St. John, each the sum of \$200. He directs that his lot in Cedar Hill be placed in and the rest of his estate be given to his daughter-in-law, Amanda, with whom he lived for thirty-four years. She is the widow of his son, Charles F. Belyea. He nominates her sole executrix and she was accordingly sworn in as such. Real estate consists of a lot on the south side of Britain street valued at \$1,200 less a mortgage of \$800; lot on the north side of Britain street valued at \$2,000; personalty, \$100; E. T. C. Knowles, K. C., is proctor.

MISSION COLLECTIONS. The total receipts from collections for African missions, the Holy Land, and Peter's Pence in the four city Catholic churches, Cathedral, St. Peter's, Holy Trinity and St. John the Baptist for the last year was \$699.69.

TAKEN HOME FOR BURIAL. The body of Miss Ruth Prime, aged about ten years, was taken to her late home at Hoyt Station, N. B., today for burial. She had been brought here to the General Public Hospital only a day and a half ago for treatment, and her death occurred early this morning. Her mother accompanied the body home.

DEATHS IN ST. JOHN DURING 1914. For the calendar year, according to the records of T. M. Burns, secretary of the board of health, in St. John, there were 771 deaths, as compared with 824 for the year 1913. The deaths this year were of 391 males and 380 females and the places of birth recorded showed 658 Canadians. Of those who died, 409 were single, 358 married, and four unknown. The greatest number of deaths were among babies, 214 dying under one year. September saw the most deaths, 93 being recorded for that month.

For the week closing today, sixteen deaths were registered from the following causes:—Inanition, pneumonia, heart disease, and broncho-pneumonia, two each; old age, septicaemia, Bright's disease, spinal meningitis, gall stones, angina pectoris, mitral regurgitation, and injuries from fall, one each.

STEEVES MOUNTAIN FARMER'S SERIOUS LOSS. Moncton, N. B., Jan. 9.—All the buildings of Joseph Hope, a farmer, at Steeves Mountain, were destroyed by fire yesterday afternoon. Two horses also were burned. The fire started about three o'clock in the barn. Sixty tons of hay and upwards of 500 bushels of grain were destroyed. The loss is estimated at more than \$3,000.

DESPERATE FIGHTING IN THE EAST IS REPORTED

Russians Doing Their Part Nobly Against the Aggressors—More Prisoners and Rich Spoils Also From Austrians

Petrograd, Jan. 9.—An official Russian communication says:— "On the left bank of the Vistula front at the villages of Soukka, Metaric and Mogheli, the fighting has assumed a character more and more desperate. The Germans, notwithstanding the great losses they have sustained, continue obstinate attacks at different points."

"In many places the enemy succeeded in occupying provisionally some of our advanced trenches, but our vigorous counter attacks, followed ordinarily by bayonet charges, compelled the Germans to let go their hold. Thus, in the region of Metaric and Mogheli on January 7, we drove away the enemy who pushed our advanced trenches, capturing seven officers and more than 100 men."

"In Bukowina we occupied, on January 6, Kimpoling (in Bukowina, near the Hungarian border), after an advance and fighting lasting eight days. Our troops during this fighting covered about eighty miles and finally crossed the mountain chain at the frontier between Bukowina and Hungary. During these operations, we captured more than 1,000 Austrians and also took rich spoils of war."

"On the other parts of our front there is nothing worthy of note, ON THE BLACK SEA. "On the Black Sea, on January 3, our torpedo boats discovered a Turkish cruiser of the Medjidieh type, followed by a transport, sailing east and approaching Sinope on the north coast of Asia Minor. Seeing themselves pursued the Turkish vessels turned west in flight, but we followed and sank the transport. The cruiser escaped."

FURTHER RUSSIAN PROGRESS. Paris, Jan. 9.—"The Russians have entered Transylvania," telegraphs the Petrograd correspondent of the Blatta. "The Austrians have hastily evacuated the whole of Bukowina," he adds, "leaving open roads for the Russian troops into the Hungarian provinces, particularly in the direction of the city of Maramoros-Siget, capital of the county of Maramoros, at the foot of the Carpathians, 215 miles north east of Budapest."

ANOTHER MOVE ON WARSAW. Petrograd, Jan. 9.—Taking advantage of the increasing cold weather, which has frozen the marshy land adjacent to the numerous rivers of north Poland, the Germans are now initiating another attempt on Warsaw from the north. This time the Germans' offensive is said to be en masse, including the army corps recently brought over from Belgium. It is reported here that on the Russian Christmas Day heavy fighting occurred between Miawa and Przasnysz.

WHEAT DROPS AS IF HIT WITH HAMMER. Chicago, Jan. 9.—Wheat dropped today as if struck with a hammer. Opening prices were in some cases nearly two cents a bushel lower than last night. May sold down to \$1.39, as compared with \$1.40 7/8 at yesterday's close.

Fear of the effects of talk of an embargo on the export of breadstuffs, as well as on arms and ammunition, had much to do with the sudden decline.

COLUMBIA (A. M. Belding)

The land whose love of liberty Her life to Cuba gave, And taught the Philippines to scorn The shackles of the slave, May not unmoved regard the fate Of Belgium in her war, Prostrate beneath the iron heel Of a relentless foe.

Nor yet the agony of France, The France of Lafayette, Redeemed, self-poised, republican, But now betrayed, best— Her very gardens turned to graves, Her sons in battle slain, Her peaceful homes by vengeance turned To darkened halls of pain.

The strong republic of the west, The great democracy, Where men are kings and kings be men, And all her sons are free, May not in honor stand aloof— If e'er the broken word, Of state to state, be worth the stroke Of an avenging sword.

WEATHER BULLETIN. Issued by authority of the Department of Marine and Fisheries, R. F. Stuart, part director of meteorological service.

Synopsis—An important area of high pressure is now centered in the Middle States with indications that a disturbance will soon develop west of the Mississippi and move towards the Great Lakes.

URGES GOVERNMENT TO TAKE CONTROL OF ALL CABLE COMPANIES. London, Jan. 9.—The Daily Chronicle urges the government to take over control of the cable services of all companies, as it already has taken over the railways and wireless plants. The newspaper complains that the censorship of commercial and private messages is too lenient.

Empire Fighting For Existence; Men And Guns Ready--Lord Haldane
That the empire was fighting for existence but that men were rolling up in sufficient numbers, making conscription unnecessary, and that British gun-makers were turning out an arm equal, if not superior, to the German 42-centimetre monster were features in an address by Lord Haldane at the session of the House of Lords yesterday at which adjournment was taken until parliament re-assembles on Feb. 2.
Efforts of the opposition to learn the number of men recruiting were fruitless as Baron Lucas declared such information would be of great value to the enemy.
Reports of Italy and Roumania having decided to enter the war were the features of the general war news. The youngest son of Premier Vivian of France was killed in action at Cassigny.
Confirmation of the sinking of the British steamer Charcas off the coast of Chili by the German converted cruiser Prinz Eitel Friedrich was brought to New York by Captain Norris and eight members of the crew of the Charcas, who were taken off the steamer by the Germans.

ITALIAN MEETS DEATH
Giacomo Fogdoli, an Italian, 24 years of age, while employed yesterday on the Norton Griffiths works at Courtney Bay was instantly killed by being struck by a huge crane. It swung upon him while his back was towards it. He apparently thinking himself out of reach of it. It locked him against an iron abutment, crushing his head and killing him in a few seconds. Coroner Roberts decided the death was accidental and that no inquest was necessary.
Freight Handlers' Officers
The annual election of officers for the Brotherhood of Railway Freight Handlers took place at the regular meeting last evening, and the following were chosen to act for the ensuing year: President, William Evans, vice-pres-

FULL VIEW OF AERIAL BATTLE ON CHRISTMAS DAY
Atlantic Liner Minnehaha Directly Under Battling Aeroplanes Off Sheerness — Airmen's Awful Hazards
New York, Jan. 8.—Nine passengers and the crew of the Atlantic transport liner Minnehaha, here from England, are the first persons to reach this country who witnessed the German aeroplane raid which was aimed at London, but which was repulsed by British airmen on Christmas Day.
The Minnehaha lay directly beneath the fighting aircraft. There was a dense fog and the Minnehaha, which had left London on Christmas Eve, had been compelled to anchor near Sheerness. The passengers and crew were bored and grumbling, and there was little Christmas spirit aboard. But the mist began to clear soon after midnight and the shrill scream of a warship, followed by the sound of guns.
Through the clearing mist, someone caught sight of a German aeroplane far overhead, and instantly every eye was turned toward it. Presently a second appeared out of the haze. They were travelling at great speed, headed toward London, and about them shells were hurled like firework bombs, and that, striving to get above the Germans and at the same time keep out of range of the British fire.
But instant it seemed to the watchers aboard the Minnehaha that the aeroplanes must come tumbling down, for they doubled and twisted at seemingly impossible angles, and several times pieces of bursting shell struck the German craft.
The latter at last gave up the fight and, pointing out to sea, made off at full speed. They passed directly above the Minnehaha and after them raced the British craft. In an instant all five aeroplanes were out of sight.
The Minnehaha's passengers were eagerly inquiring for news as to the outcome of the battle, wondering whether the Germans had escaped or had dropped into the sea.

WAR PUZZLE
Above will be found the picture of a modern gun of the kind that is being used in the present war. At a glance the gun and some old fess appear to be all there is in the picture, but by careful scrutiny some soldiers' faces will be found. There are 19 of them in all. Can you find them? It is no easy task, but by patience and perseverance can be accomplished.
You may use a little of your time, but as there are TWO HUNDRED DOLLARS in cash and One Hundred premiums given away, it is worth your time to take a little trouble over this matter. Remember, all you have to do is to mark the faces, cut out the picture and write on a separate piece of paper the words, "I have found all the faces and marked them."
We do not ask you to spend one cent of your money in order to enter this contest. Send your answer at once; we will reply by Return Mail telling you whether your answer is correct or not, and we will send you a complete Prize List, together with the names and addresses of persons who have recently received over Two Thousand Dollars in Cash Prizes from us, and full particulars of a simple contest that must be fulfilled. (This condition does not involve the spending of any of your money.)
Winners of cash prizes in our late competitions will not be allowed to enter this contest. This competition will be judged by two well known business men of established integrity, who have no connection with this company, whose names must be accepted as final.
Below will be found a partial list of the names and addresses of a few persons who have won some of our larger prizes in recent contests. Although these persons are entirely unknown to us, they are our references as to the fairness and integrity of our contest. An enquiry from any one of them will bring the information that our contests are carried out with the utmost fairness and integrity. THE WAR NEWS

Today's news from Petrograd indicates that Field Marshal Von Hindenburg is not meeting with success in his attempts to advance in the region of the Vistula. The Russian official report indicates that while desperate fighting continues it is of much the same character as that taking place in Belgium and France.

Teed and Mr. Berry, and is understood to have arrived at a state of mind where he is satisfied with himself. Under these circumstances it should not be extremely difficult to cultivate a kindly feeling even toward a man whose crime was that he exposed the greatest political scandal in the history of New Brunswick, and gave the province a new premier.

The local absorption of city debentures shows that there is plenty of money in St. John and that the investors believe in St. John.

A Washington despatch says that the British preliminary note in reply to the American protest regarding neutral cargoes "is phrased in a spirit of frankness and friendliness."

The court of inquiry has fixed the blame for the wreck of the steamer Navarra upon the officers. It will not therefore be possible to attribute the disaster to the dangers of the Bay of Fundy, the more so since the steamer was well out of the bay before she went on the rocks.

The steamer which it was expected would sail from Halifax some days ago with further relief for the Belgians needs fifty carloads more to make a full cargo. The Central Committee of the Belgian Relief Fund in Montreal is appealing for funds to purchase wheat to complete the cargo.

Complaints about the conduct of some of the soldiers about the streets of the city in the evening may suggest the necessity of a more rigid discipline. The great mass of men at the armory know how to conduct themselves, but there are evidently quite a number of exceptions.

The constitution of the St. John Playgrounds Association authorizes it not only to equip and maintain playgrounds but places of recreation and social centres. Until it had secured the services of a permanent superintendent it was not possible to pay much attention to the social welfare side of the work, but the new field of labor is now to some extent being opened up and a great need has been revealed.

Cured Fifteen Years Ago of Piles and Eczema

By Using Dr. Chase's Ointment—Certifies That the Cure Was Permanent.

Some people have tried so many doctors and so many treatments in their search for cure for piles and eczema that they find it difficult to believe there is an actual cure.

The strong point about Dr. Chase's Ointment is that it not only brings relief promptly, but brings about actual and lasting cure.

In 1897 Mr. Ketcheson, 38 Douro street, Peterborough, Ont., writes as follows:—"I was troubled for thirty years with itching piles and eczema. I could not sleep at night, and when I got warm the itching was terrible. Eczema covered my legs down to the knees, perfectly raw. I have tried

every preparation I could hear of. Seeing Dr. Chase's Ointment advertised, I procured a box, and this Ointment effected a complete cure." On Sept. 28, 1912, Mr. Ketcheson writes as follows:—"I received a letter from you to-day, saying that you found on file a statement made by me 15 years ago. I have always given Dr. Chase's Ointment a good name since it cured me, and shall tell you how I came to use it. I had suffered for many years from eczema and piles, and had tried doctors and everything I could hear of in vain. Reading about Dr. Chase's Ointment, I purchased it at once, and was soon completely cured. That was fifteen years ago, so there can be no doubt of the cure being a permanent one. I have met a great many people who have been cured by Dr. Chase's Ointment." Dr. Chase's Ointment, 60 cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

SYSTEM FOR SAFE-GUARDING OF LIFE IS RECOMMENDED

The jury which last night heard the evidence at the inquest into the death of Charles Godfrey, who was killed this week at Sand Point, returned the following verdict:

"We, your jury, empaneled to inquire into the death of the late Charles Godfrey, do find that the same Charles Godfrey came to his death at the General Public Hospital, on Tuesday, Jan. 5, 1915, at or about 123 p. m., as a result of injuries received on the steamship Montreal on Monday, Jan. 4, lying at No. 3 berth, West St. John. While on a ladder in No. 8 hatch, in connection with his work, he was struck by a sling of shooks being lowered down into the said hatch, knocking him off the ladder into the hold below, a distance of about twenty-two feet.

"We further find that due protection was not given by the employer to guard the life of the deceased.

"We recommend as the result of our finding, that all steamship companies and employers of labor in and about such vessels do install some system which will provide protection for or the safe-guarding of their employes to prevent such occurrences in the future."

Witnesses at the inquest, held in the city police court by Coroner Roberts included R. H. Blencherhasset, superintendent of the docks for the C. P. R., Louis Dragon, foreman of the carpenters, and the employer of the victim;

William J. Wilson, Fred J. Jones, Alphonse Fraser, James A. Beers, Dr. P. L. Kenney and Dr. Fred T. Dunlop.

A well-known author has adopted the rule that all applicants for his autograph must first furnish satisfactory proof that they have read his books. A young girl recently wrote to the novelist for his autograph. By return of post came a single typewritten line:

"Have you read my last book?" To which the young lady replied: "I sincerely hope not."

The autograph came promptly.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dizziness or struggling for breath. Ely's Cream Balm is just what sufferers from head-colds and catarrh need. It's a delight.

"FORGET YOURSELF WHEN POSING BEFORE CAMERA"

LESSONS FROM IRENE HOUGH'S BEAUTY
The Most Beautiful Telephone Girl in America

Don't Be Self-conscious Before the Camera
(By Idah McGilone Gibson.)
There comes a time in every girl's life when she wants to have her picture taken for someone she loves very dearly; naturally she wants to look her best.

When you have your picture taken try to be as unconscious of the camera as possible. When Miss Irene Hough was judged the most beautiful telephone girl in the Essexway contest there was some doubt on the part of the film people as to whether she would photograph well.

"The amateur," said Mr. Tolten, director of "The Way of the Woman," "gets stage fright when she faces a camera. But when Miss Hough made her appearance on the scene it was found that she was particularly modest and simple minded in doing just what was asked of her to make the picture play a success."

Usually when one seeks to have one's picture taken the first mistake one makes is by dressing in some strange manner that makes her picture look unnatural to friends. There is an anxiety to look her best she overdoes the smiling pose.

A frequent mistake is that of having one's hair done at the hairdresser's. The reason why actresses, as a rule, are considered beautiful is because they have learned how to face the camera and look unconscious. They are not any better looking than the average girl. Here is an important hint to illustrate this series of beauty hints that she also can do things to look like the beauty seeker.

While you remain self-conscious and self-centered you will never look well in a picture—now anywhere else.

RUSSIANS THROUGH ST. JOHN ON NEW WAY TO PETROGRAD

Chicago to Petrograd is the latest excursion trip arranged in the world-wide ramifications of the C. P. R. and at present regular runs between the western metropolises of the United States and the capital of all the Russias are being conducted. For \$24.25 any Russian in Chicago can now get to Petrograd, if he also pays the railway fare to St. John or Halifax to catch the boat. Passengers by this route will take a decidedly interesting journey. They will leave Chicago for Montreal, thence by rail to St. John or Halifax. Then they will take the C. P. R. boat to Liverpool. From Liverpool they will sail to ports in Sweden or Finland, and from there make the final run to Petrograd, in the meantime avoiding mines and German war vessels. It is not likely that the history of rail and steamship travel has ever shown a single advertised trip with so many countries and so many possibilities for so small a price.

This service has been put on by the C. P. R. owing to the large number of Russians desiring to return to their native land since the war started. In present conditions, the Russians have a preference for traveling by British routes, feeling safer under the Union Jack. Hitherto Russians coming to Canada generally journeyed via New York, but now conditions have been reversed, and on their return journey they are taking the Canadian line.

While this trip is easy for the ordinary Russian who wants to get back to a land of cheap living until present troubles are over, it is not the same with respect to the Russian reservists, who cannot take the C. P. R. from Montreal to St. John, owing to the fact that the line runs through a section of Maine. They will therefore be transferred at Montreal to the Intercolonial and go through to Halifax by that road, thus avoiding American territory. They will not in any event travel as reservists, but simply as ordinary passengers, with the privilege of becoming soldiers when they reach the Cesar's domains. Ordinary passengers will be able to continue by the C. P. R. to St. John.

Prepare for War Hazards
War time hazards are strongly reflected in the Chicago advertisements of this service. It is provided that "Passengers should have sufficient funds for maintenance in case of delay caused by international hostilities, and must have passports issued by the Russian consul."

It is said that a large number of Russians who have been in Chicago and the western states are taking advantage of this service. One party will come through Montreal and sail for Petrograd from St. John this month, another later.

Pacific Service Resumes
Another evidence of the effect of battle on the maritime commerce is shown by the fact that as a direct result of the defeat of the German fleet off the Falkland Islands, at the extreme southern point of South America, the Canadian Pacific has been able to resume its trans-Pacific passenger and freight service. Only one boat will go into commission at present, but it will be followed later on by others.

The British Admiralty has notified the C. P. R. that they have released their steamship "Monteagle" which since the opening of the war had been taken over for Admiralty purposes. The Monteagle will, as soon as she is put into shape, return to her regular run between Hong Kong and Vancouver. The other C. P. R. Pacific Empresses are still engaged in the Admiralty's business.

MOTHER'S BIRTHDAY
Today is our loved one's birthday, I like to remember it so, I like to go back in memories sweet To the dead days of long ago. I like to recall that little home Where brothers and sisters dwelt, With all such a fervent love for her At whose knee we so often knelt. How quickly the years have rolled away; How we long at times each other to see, And to clasp a loved one's hand, To have a lost brother or sister near, And talk of the things we have planned, To talk of the mother whose image is dear, Is forcibly engraved on each heart, But oh, how we long all to meet once again, And to know that we never need part

The Best Thing For Dyspepsia

Why Peppin, Pancreatin, Etc., So Frequently Fail. An international specialist whose articles on stomach trouble have been printed in nearly every language, recently stated that to treat the average case of stomach trouble, indigestion, dyspepsia, etc., by doctoring the stomach, killing the pain with opiates, or by the use of artificial aids to digestion such as peppin and pancreatin, was just as foolish and useless as to attempt to put out a fire by throwing water on the smoke. Instead of the fire, he claims, and facts seem to justify his claim, that nearly nine-tenths of all stomach trouble is due to acidity and food fermentations; and that the only way in which to secure permanent relief is to get rid of the cause, i. e., to neutralize the acid and stop the fermentation. For this purpose he strongly recommends the plan now generally adopted throughout Europe of taking a teaspoonful of ordinary bismuthic magnesia in a little water immediately after eating or whenever pain is felt. This immediately neutralizes the acid, stops the fermentation and permits the stomach to do its work in a normal manner and thus by removing the cause, enables nature to quickly restore the inflamed stomach lining to a perfectly healthy natural condition. For the convenience of travellers it may be noted that most druggists are now able to supply bismuthic magnesia in 5 grain tablets, 2 or 3 of which will almost instantly relieve the most violent attacks of indigestion.

Kasota, Minn.—"I am glad to say that Lydia E. Pinkham's Vegetable Compound has done more for me than anything else, and I had the best physician here. I was so weak and nervous that I could not do my work and suffered with pains low down in my right side for a year or more. I took Lydia E. Pinkham's Vegetable Compound, and now I feel like a different person. I believe there is nothing like Lydia E. Pinkham's Vegetable Compound for weak women and young girls, and I would be glad if I could influence anyone to try the medicine, for I know it will do all and much more than it is claimed to do."—Mrs. CLARA FRAYZER, R. F. D. No. 1, Maplecrest Farm, Kasota, Minn.

Women who suffer from these distressing ills peculiar to their sex should be convinced of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health by the many genuine and truthful testimonials we are constantly publishing in the newspapers.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

How Thin People Can Put on Flesh

A NEW DISCOVERY

"Thin men and women—that big, hearty, filling dinner you ate last night. This is true of this folks the world over. Your nutritive organs, your functions of assimilation, are sadly out of gear and need reconstruction. Cut out the foolish foods and funny sausage diets. Omit the flesh cream reductions. Cut out everything but the best of those one or two single Sargol tablets. In two weeks you'll be a different man. Five to eight good solid pounds of healthy, "stay there" fat should be the net result. Sargol charges your weak, stagnant blood with millions of fresh new red corpuscles—gives the blood the carrying power to deliver every ounce of fat-making material to every part of your body. Sargol, too, mixes with your food and prepares it for the blood in a easily assimilated form. This people gain all the way from 10 to 25 pounds a month while taking Sargol, and the new flesh stays put. Sargol tablets are a scientific combination of six of the best flesh-producing elements known to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive, and all druggists sell them subject to an absolute guarantee of weight increase or money back.

JOHN DELANEY, NOTED INDIAN FIGHTER, DEAD

Mrs. Elizabeth Brennan of Brussels Street is Sister

STIRRING TIMES RECALLED

Had Been in Many Conflicts With Redmen in Days of '49 and Afterwards—Spent Two Winters in St. John

Mrs. Elizabeth Brennan of 18 Brussels street has received from Kansas, the story of the death of her brother, John Delaney, a noted Indian fighter and overland freighter.

John Delaney, Indian fighter from 1849 to 1854, and in the government service as overland freighter and in other capacities for seven years more, died at his home seven miles south of Aitchison yesterday at 6 a. m. of old age.

No citizen of Aitchison and perhaps few, if any, of Kansas could boast of a military record equal to that of John Delaney who was too modest to boast of his.

John Delaney was born in County Tyrone, Ireland, December 8, 1838 and sailed away to the west on his fourteenth birthday and on the vessel Great Britain.

For two years, he was an apprentice to a brass and iron moulder in New York, but tired of it and in 1849 enlisted in the United States army for general service.

He was assigned to Company I, First Dragoons, New Mexico, stationed at Fernandez de Losa, above Santa Fe and saw hard service in Indian warfare for four years for which he drew a pension.

HOW I CURED MY CATARRH

TOLD IN A SIMPLE WAY

Without Apparatus, Inhalers, Salves, Lotions, Harmful Drugs, Smoke or Electricity

HEALS DAY AND NIGHT

It is a new way. It is something absolutely different. No lotions, sprays or sticky smelling salves or creams. No atomizer or any apparatus of any kind.

Nothing to smoke or inhale. No steaming or rubbing or injections. No electricity or vibration of massage. No powder; no plasters; no keeping in the house.

Nothing of that kind at all. Something new and different, something delightful and healthful, something instantly successful. You do not have to wait, and linger and pay out a lot of money.

I am not a doctor and this is not a so-called doctor's prescription—but I am cured and my friends are cured, and you can be cured. Your suffering will stop at once like magic.

I Am Free—You Can Be Free My catarrh was filthy and loathsome. It made me ill. It dulled my mind. It undermined my health and was weakening my will.

Send no money just your name and address. I will send you a card and write me a letter today. Don't think of turning this page until you have asked for this wonderful treatment that can do for you what it has done for me.

Great Step Forward Is Prohibition

Abolition of Vodka Shows Country is Making Progress—Any Alarm as to Poland Dispelled

Toronto, Jan. 9.—That England sees no menace now in the Russian move to secure an outlet at Constantinople and secure an outlet at Constantinople and secure an outlet at Constantinople.

He failed to recognize anything dangerous or unnatural in the alliance between Russia, France and England, and expressed a strong belief in the national honor and integrity of the czar's dominions.

It was originally decided that the prohibition would be permanent, though it must not be thought that the speaker himself had ordered it after a tour of the country during the recent year.

It must not be thought, the speaker pointed out, that this step was solely a war measure. It had been under consideration for many months.

CANADA'S REVENUE LOWER; EXPENDITURES INCREASE

Ottawa, Jan. 8.—The financial statement of the dominion for the month of December, the fourth month of the year, emphasizes the continued falling off in revenue, which will be serious taxation problem the government will have to solve when parliament meets.

Since the outbreak of the war there has been a decrease of nearly \$17,000,000 in total revenue, as compared with the last four months of 1913. For December, the decrease was \$3,768,226, as compared with the preceding December.

On the other hand the expenditures for the ordinary cost of administration have increased by more than \$15,000,000, and in consequence the national debt has made an unparalleled jump during the course of the year.

Gossip of The Footlights; News of Stage Interest; Players Known in St. John

Jessie Bonstelle and Berton Harrison in New Play - Paul Gilmore in Vaudeville - Sketch of Mabel Wilber - Cecil Drummond in Stock With His Wife - Local Players' Farewell - Patriotic Plays - General Budget of "Green Room" News

"In the Vanguard" the new drama of war and peace by Katrina Trask had an elaborate production last week in Rochester at the hands of an excellent company under the joint direction of Jessie Bonstelle and Berton Harrison, both well known here, the latter being a former resident of St. John. The play aims to expose the horrors of war and to preach the doctrine of universal peace and brotherhood. There is an awful lot of preaching and there are a few terrible scenes, but the production is a masterpiece of its kind. "In the Vanguard" makes a powerful impression and is well acted.

Charles Klein has returned once more to London, to work upon plays that he has agreed to write for the American stage next season. Even a failure like that of "The Money-Makers" does not daunt him; nor yet have the "Money-Makers" lost their faith. Besides, they must get plays somewhere. Gilmore an actor well known in St. John "Variety" has the following: "This well known, high-class dramatic star, has taken to vaudeville for a rest. He has been producing, acting and managing his own plays for years. His "A Friend in Need," by H. W. Aldrich, has made a big hit in vaudeville. It is 90 per cent comedy, with a strong dramatic foundation. Something entirely different from anything seen in vaudeville. Mr. Gilmore is personally appearing in this sketch, for which he carries a beautiful production of scenery and light effects. It is Mr. Gilmore's intention to produce sketches and appear in them himself in and about New York; after which he intends to put other stars in his parts and send them on tour over the different circuits. Mr. Gilmore is so well known all over the country that he should be a valuable asset to New York vaudeville in drawing out-of-town patronage."

War or no war, we are to have another fine crop of plays for children which, during recent years have competed so strenuously with the Christmas pantomime. For one thing, they do not involve a heavy outlay, either in the way of salaries or of production for the stock is in hand. So, we are to have "Alice in Wonderland" at the Savoy; "Peter Pan" at the Duke of York's; "Where the Rainbow Ends" at Hamlyn's; "The Cockney" at the Little Theatre, and doubtless others. Quite a number of London theatres may run from \$1,000 to \$1,500 a week. But they are going cheaper—London letter in New York Clipper.

The return of W. C. McKay to St. John as manager of the Opera House has been heartily received by many friends. He made himself most popular on his last stay here, and it is a pleasure to have him back again. Richard Walton, fully, author of "Omar, the Tentmaker," "The Bird of Paradise," and other plays, and who recently divorced Miss Gales, basing his action upon desertion is shortly to marry Miss Gladys C. Hanna, of Toronto. Miss Hanna is the daughter of a clergyman.

George Backus, who played here with Harkins in the role of Captain Pennington in "A Widow by Proxy," made his first appearance in the part at the Standard Theatre on Monday night. "The Merry Widow" Those who recall her as the dashing vivacious "Sonia" in "The Merry Widow" some years ago in St. John will probably be interested in the following sketch from a New York publication concerning Miss Wilber: "Mabel Wilber (Mrs. Madison Corey) who is now the prima donna of the stock company at the Park Theatre, St. John has won her way to the front on her merit, and of course, her beauty and pleasing personality have helped some. She was born in Lockport, N. Y., Aug. 14, 1882—she is not afraid to rebel, and was educated at the Sacred Heart Convent, Rochester. Her debut was made with the Kivrin Opera company in 1904-5; she sang in the "Prince of Pilsen" in this country and in London in 1904-5; was prima donna in "The Tourists" in 1905-6, and with De Wolf Hopper in 1906-7. As Madame Yelba she was in the "Songbirds," a musical satire, in 1907-8; as Sonia in "The Merry Widow" in 1908. She was married to Madison Corey, general manager of Henry W. Savage at Spokane, Wash., Feb. 8, 1909. The Corey home is in New York City.

The ninth anniversary number of "Variety," a prominent New York theatrical weekly, has been received, and is worthy of special mention. It is an attractive copy, and contains many articles of keen interest to stage-folk and the followers of the stage in general. The issue should be most popularly received and make new friends for "Variety."

The Abbey Theatre, or rather Lady Gregory and Mr. Yeats, as its managers and spokesmen, are in the full tide of a lively controversy with the authorities of Dublin Castle, over their right to produce in Ireland, Shaw's play, "Mrs. Warren's Profession," in spite of the fact that the censorship has forbidden it on the English stage. They carried the day with "The Showing-Up of Blanco Posnet" in a similar dispute. It was then agreed that the authority of the censor in London did not extend to Dublin but now the issue has been raised again. The Young-Adams Stock Company is the next to visit St. John for an Opera House engagement. They will offer two "The Great John Ganton" and "St. Elmo," beginning January 18.

Cecil Drummond and his wife, Elizabeth Delmore, who are well known here as members of the Thompson-Woods Stock's first season are with the B. F. Keith Stock in Portland, Me. They did particularly well last week in the premiere of "The Running Fight," a story of American finance and politics. The Christmas number of the "Billboard," an American theatrical weekly, contains a splendid assortment of articles relating to the various branches of the stage, all of which are nicely illustrated. The issue is of the same fine standard established by the Billboard in former Christmas numbers. A newcomer in the Bandbox Theatre (New York) Company is Janet Dunbar, who has been engaged to act the title role in the opening play, "The Poor Little Thing." Jerome K. Jerome's "The

GET RID OF PIMPLES—QUICK

By Using Stuart's Calcium Wafers—Natural Little Blood Purifiers That Work Like a Charm

Don't despair if your face is covered with pimples, blotches, liver spots, or your body is covered in spots with letter, rash, boils, etc. Just use Stuart's Calcium Wafers, for a short time and see how quickly you will clear up your skin.

He—"How swell you look!" She—"It was only removing the pimples, and Stuart's Calcium Wafers did that." Pimples and eruptions of all kinds come from the inside. The blood casts out the impurities it contains and thus pimples, boils, etc., appear. Cleanse the blood, stop the poison from developing in the blood tissues and pimples will vanish as if by magic. Stuart's Calcium Wafers contain in a natural manner the greatest blood purifier—Calcium Sulphide. Calcium Sulphide and the other ingredients of these remarkable little wafers are just what impure blood needs. You must know that the blood is rushing through our veins very fast. It takes less than a minute for our blood to cover the entire body. You can thus readily see that Stuart's Calcium Wafers, when they enter the body, have an almost instant effect upon all impurities, no matter where located, whether it be the tip of the nose or the ends of the toes. By the use of Stuart's Calcium Wafers your complexion will take on a fresher hue and a more natural color of tints than ever before. Impure blood is blue or black. Purify it and it becomes ruby red. This color showing beneath the skin is the secret of all beautiful complexions. Stuart's Calcium Wafers are sold by all druggists everywhere. Price 50 cents a box. A small sample package mailed free by addressing P. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.

"MOVIE" HERO KNOWS WHEN TO HURRY

Marc McDermott, hero of many half-breath escapes in the "movies," had an adventure recently that made "movie" acting seem tame and "safe and sane." McDermott was enjoying a matinee in a New York theatre. The shrill shrieks of a woman, the snarl of an enraged lion suddenly rent the air. Men and women rushed to the exits. McDermott rushed too, but the lion, which was one of the "actors" on the bill was quicker than he was. Before the guards could grab the beast he had McDermott's head in his claws, and the "movie" man spent the next few days in the hospital.

Canada is also in a rather great American republic, whose vital interests are not essentially different from those of the United States. Canada, according to Dr. Macdonald, has solved a great problem in that she has found a way to be fully self-governing without separation from the mother country. She has yet, however, to ask and answer the question whether there is not an even higher duty and greater career before her. The peace of Europe and the world will be furthered by every step that improves the harmony of the Western Hemisphere on a non-military basis. World Federation will necessitate some subordinate groupings. The Pan-American Union may well grow in influence and in functions, until it has led the way to a far more perfect assurance of peace and stability in the Western Hemisphere than has yet been attained. Canada's destinies are here, in American attitudes and longitudes, and cannot be shifted. Her problems of the future, however, need not be considered in the light of any national rivalries or animosities. Canada is in a position to enjoy and benefit by the most perfect relations with Great Britain, the United States and France. No other country in the world is so favorably placed. It may prove, also, that she may be the means of still further binding together in bonds of perpetual friendship these three great countries, with each one of us inevitably associated.—From "The Progress of the World" in the American Review of Reviews for January.

Left-Handed White Sure He Will Grab Light-Weight Title From Champion Welsh

Fullerton Studies Chances of Lads Who Will Meet in Big Ring Contest

Freddie Welsh

Two boys who have fought him are firmly convinced that he is much over-estimated as a fighter. Some of the experts who have studied his style are puzzled to know whether he is not good or whether he has a lot in reserve.

White has managed himself as the best left handed fighter in the country and the hardest hitter of his weight in the ring with his left. He packs a heavy punch in his right, but probably will depend upon his left to bring home the bacon.

He has one immense advantage; that is that he is absolutely confident that he can beat Welsh. He tested Welsh out in their meeting at Milwaukee and came out of the ring after missing the champion up badly in the last two rounds, expressing surprise that Welsh was not a better man.

And hundreds of others we could name. The names of such prominent gentlemen should convince all, both in the city and other parts of the province, that we will carry out our contract impartially to the letter.

George V., King of England remarked shortly after his accession to the throne—"A Nation's Health Depends Upon Its Teeth." Lord Roberts, a short time before his death said—"We Live By Our Teeth." It is probably no exaggeration to say that 90 per cent. of the people of this province neglect their teeth. The present European war has emphasized more impressively than anything else possibly could, the great and vital importance of good teeth. We are told in recent reports that the greatest hardships "the men at the front" have to contend with is the "toothache." Bobbie Burns styled it "That Hell of All Diseases." Shakespeare said: "For There Was Never Yet Philosopher Who Could Endure the Toothache Painfully."

The Only Condition Necessary for This Great Trip

A FREE TICKET, carrying a chance for this Grand Free Outing will be given to each and every person who has but one dollar's worth (\$1.00) of any kind of dental work performed at our St. John offices any time between Jan. 1st, 1913, upto and including December 31st, 1913. If you have \$10 worth of dental work done such as teeth cleaned, filled, extracted, artificial teeth made, crown or bridge-work, you will receive ten free chances, and so on, but bear in mind it is not the number of dollars spent that wins the prize—the expenditure of but one dollar for the best dentistry obtainable may incidentally win you the prize!

The same conditions as published in the press at the time of our first big prize offering will prevail, and we assume no responsibility beyond what we made public at that time, likewise reserving the same rights, as were fully explained. Should the prizes not be claimed within what we consider a reasonable time after the result has been publicly announced in the press, we will award them to the next one on the winning lists, as we do not wish to shirk our responsibility in the matter.

Every purchaser at our St. John offices of one dollar's worth (\$1.00) of our celebrated tooth wash at 25c. a tube or 25c. a bottle, will be entitled to a chance for this big trip.

People throughout New Brunswick who cannot reach us for dental work will accordingly have an opportunity of participating in this drawing and at the same time obtain the best tooth paste on the market. No family can live properly without the aid of a tooth brush and our tooth paste is just the thing, whether it be for the care and cleanliness of your natural or artificial teeth.

EDUCATIONAL CAMPAIGN!

OUR object in offering these big prizes is to imbue the public mind with the importance of looking after dental requirements which are daily becoming more and more pronounced. We wish to impress this fact most emphatically. EVERYBODY REQUIRES THE SERVICES OF A DENTIST. Incidentally—we are frank enough to admit—we are anxious to enlarge our own practice, which has already grown to immense proportions and we accordingly solicit your patronage. If perchance you do not care to patronize us or are unable to conveniently reach us, our educational advertisements will, undoubtedly, be the means of inducing you to patronize some other dentists and there are some excellent ones in private practice in this city and other parts of the province.

WE WERE THE PIONEERS OF PAINLESS DENTISTRY, and our famous Hale method, which is used exclusively at our offices, is known all over Canada, as is also our superior workmanship, both of which have brought us testimonials from Governors, Premiers, Judges of the Supreme Court, Clergymen, Physicians, Dentists and thousands of others. We were the first to advocate the examination of school children's teeth which is gradually being forced to the front, and which must receive attention in our public schools before long. The famous Hale method, which is used exclusively at our office, has become a household word throughout the Maritime Provinces.

OURS IS THE ONLY RELIABLE ADVERTISING OFFICE IN CANADA.

CONDITIONS FOR THE GRAND PRIZE

1st: To every man, woman or child who has his, or her, teeth cleaned, or who has one dollar's (\$1.00) worth of dental work done of any nature whatever, at our offices, we propose giving a free ticket, which will afford the party having work done an opportunity of obtaining this wonderful trip to England. If \$10.00 worth is performed ten free tickets will be given, and so on. PAYMENTS MUST BE CASH TO SECURE TICKETS.

2nd: Bear in mind, there is absolutely no obligation entailed on any of our patients IN ANY WAY WHATSOEVER to become participants in this contest. It is entirely optional with themselves.

3rd: Any bona fide patient may, by expressing a desire, have his or her ticket or tickets made out to any charitable institution in New Brunswick to which he or she may desire to devote the \$100.00 IN GOLD, in case of winning the prize.

4th: As this prize is for the purpose of encouraging and educating the public as to the proper care of the teeth, no one will be awarded a prize UNLESS IT IS PROVEN TO OUR ENTIRE SATISFACTION.

SHOULD the winner not wish to accept this excursion ticket to England, we will pay the winner \$100 in Gold, or if the winner should prefer, we will hand over the money to any institution in New Brunswick he or she may name.

REMEMBER, that in this drawing absolutely no charge is made for the trip. You not only receive more than an equivalent for your money in obtaining the best possible dentistry, at the lowest possible fees, but you likewise get this opportunity gratis!

THAT THE TICKET WAS OBTAINED IN THE REGULAR WAY, FOR WORK ACTUALLY PERFORMED, OR PURCHASE OF OUR DENTAL TOOTH PASTE.

5th: Whilst all patients will be entitled to tickets, under conditions herein described, which will be given freely whenever thought of by us, it will be incumbent on the patients to request them.

6th: To insure the greatest possible fairness no employee of the office will be eligible for this prize.

7th: As we are sincere in our offer of rewards it would be only justice to us that the winners, IF THEY WISH TO ACCEPT A PRIZE, permit us to make their names public.

8th: It will be incumbent on the winner to take the trip personally, or, if unable, he or she will be awarded \$100.00 IN GOLD. Exception might possibly be made in favor of a parent whose child had won the prize.

9th: Should the winners fail to make themselves known within a definite time, which will be announced at the time of the drawing, the next

in order will be entitled to it, as we are desirous to have the prize awarded, and do not want to shirk our responsibility.

10th: WE RESERVE THE RIGHT to introduce any conditions in this contest which we consider will insure greater fairness to those taking advantage of it.

11th: As these prizes are to be given gratis, WE ARE TO RESERVE ALL RIGHTS IN THE MATTER, and assume absolutely no liability. Our standing as to fairness and honesty in carrying out our part of the agreement is, we trust, such that our word is as good as a bond.

12th: All our patients know that for years we have furnished printed receipts for every payment made at our offices, hence be sure that you at all times receive one, and in case of desiring to participate in the above contest be sure and save your receipts.

13th: ATTENTION—Tickets will be given gratis for this trip to everyone who has an account on our books if ACCOUNT IS SETTLED IN FULL ON OR BEFORE FEB. 1ST, 1914.

FREE TRIP TO BOSTON

A FREE TICKET, entitling you to a chance for the Boston trip, will be given for every 25c. or multiples of 25c. spent at our St. John offices for work within the above period of time. Every 25c. purchase of our Tooth Paste or Mouth Wash at our offices will also entitle you to a free chance for the Boston trip. Hence, whilst it is rather improbable, still it will be possible for a person spending one and a quarter (\$1.25) to win both prizes. Four persons may club together and buy \$1.00 worth of our Tooth Paste, and in case of winning the big prize may arrange matters between themselves. Special attention will be paid to mail orders.

JUST THINK what a start in life for a child with \$100 in the bank! JUST THINK how good you would feel if you heard tonight that you were the winner of such a trip! How lucky others would say you were, and yet this may be yours for nothing!

DON'T DELAY! The time will soon fly. Make good New Year's Resolutions and start at once. Call and see us. No charge for examination!

CLOSE EARLY ON TUESDAYS

Some Fairville Merchants to Start Next Week

Last summer a few merchants in Fairville decided to close shop one night during the week at seven o'clock instead of nine or ten as on other evenings.

Accordingly on a certain Thursday they closed up their premises and to the surprise of most in the community, the other merchants all followed suit within half an hour and the village assumed the peaceful aspect of Sunday.

A few predicted that the plan would fall through within a short while, but instead of that, the idea of closing at least one other night a week as well as Thursday has been steadily gaining in favor and now several of the more cautious intent taking the lead again in the movement and express the intention of turning the key in the lock on next Tuesday evening at seven o'clock sharp.

There is scarcely a town or village in the province in which the stores are not closed two or three nights a week, and sooner or later Fairville must experience the same modern improvement in business life.

As one merchant said last evening, the cost alone of lighting and heating a store these long cold winter evenings, with very little trade to recompense the outlay, will figure a strong inducement in dollars and cents in favor of lessening expense at least during the winter months.

So far as can be learned in interviewing several of the interested merchants there will be no canvassing or agreement signed, but the dealers who feel the plan to be a good one, and are willing to show their desire to better conditions by taking the initiative, will simply lock up on next Tuesday the same as on Thursday, and within a very short while the general public will learn of it and do their buying a little earlier that night in future, leaving the worry altogether to the man who keeps on trying to figure where the loss and business comes in and cannot find the answer.

The Man In The Street. Still sticking by those New Year's resolutions? The fact that the commissioners yesterday looked over the ground for extension in Metcalf street should not be taken to mean that they have designs for another public building to be erected half way across it.

Little boy this week in Leinster street was found to have loaded gun in his hand. Two to one his middle name is Kitchener.

News despatched to one man in Flint, Mich., "borrowed a city watering cart." Evidently he desired to show the sincerity of a New Year's res.

Would You? A Chinaman taken to the hospital yesterday after a fall aboard steamer at I. C. B. pier on being asked his name replied "Ah Sang," but it is hardly probable he felt like doing so under the circumstances.

Many a one who has frequently said what "he would do if he were in the chief's place" now has a chance to try to get there.

If forced to it Germany may try to mint the Rheingold. A Chicago girl announces she "rang 900 miles last year," but let us hope she is not "dip-ty" from the exercise.

The Greeks who begin their New Year on our January 14 can start it without forebodings, as it doesn't begin on Friday as ours did.

News head reads "M. P's. going to front from Canada may jeopardize their seats." Yes, it's hard to say just where they might be hit.

Others Won't Do Much Better At It. Those Russian and German names have been heard in connection with the Greek, Italy and Roumania talk of coming in, the fellow who lighth shouldn't try to talk about the war news.

More About the P. P. P. Paying-as-you-enter doesn't necessarily imply that you'll get a seat inside.

The chances are certainly against you at the rush hours, even if you do have a nickel ready.

By the way, isn't it fine sharp-shooting practice trying to drop your nickel in that narrow slot when you're rushing in with a crowd behind you?

PLAYGROUNDS ASSOCIATION. Valuable Work Being Done For the Welfare of the Boys and Girls—Meeting of the Executive. The executive of the Playgrounds Association met last evening at the Y. M. C. A. with the president, W. B. Tennant, in the chair. The others present were: Mrs. H. A. Easton, Mrs. J. F. Bullock, Mrs. George L. Wetmore, Mrs. J. S. Plagor, Mrs. W. E. McIntyre, Mrs. George Duhart, Mrs. J. E. Prince, Mrs. Deinstadt, Miss Goodwin, Walter C. Allison, M. E. Agar, R. E. Armstrong, W. F. Nobles, A. M. Belding and Superintendent Howard. Written reports for the month of December were submitted by Superintendent Howard including the work of the Boys' and Girls' Club, the Travellers' Aid and Miss Hoyt for the physical culture classes.

All these reports showed a large amount of valuable work done, but that which aroused most interest was a discussion of conditions in respect to children which had come under the observation of Superintendent Howard. Two boys under suspended sentence had been placed in his charge by the court, and another boy by the parents, while in several other cases he had been called upon to visit homes and interest himself in boys. It had been necessary to quite a number of cases to provide clothing for children from a fund which was placed at his disposal, and he had discovered conditions which emphasized very strongly the need of a Children's Aid Society. Here is a typical story: A boy had been deserted by his mother, who took a smaller boy away with her and left the older one to earn his own living. This he was doing and getting along very well when she returned with the other boy to the city, enticed him away from his employment for two days, and was herself with the smaller boy, generally a public charge, since she had no home and no one would give her employment and take care of the boy at the same time. Her case was now being dealt with. Very pathetic conditions in connection with a large family of small children were also described by Mr. Howard.

The report of Miss Hoyt in connection with the work of the Travellers' Aid gave a number of specific instances which showed the great importance of having a representative at the trains to look after women and children. The employment bureau also did good work. The employment of a permanent superintendent and the taking over of the work of the Girls' Association has opened up for the Playgrounds Association a field of usefulness, only the fringe of which has yet been touched. For two and a half hours last evening the members of the executive discussed the reports and considered plans for making the work of the association more effective in that branch which relates to social welfare of the boys and girls. The Big Brother movement is to be organized in connection with the care of delinquent boys.

SAFETY FIRST A SUCCESS ON I.C.R.

Death List Cut Down to Seven in 1914 - Minor Accidents in Moncton Shops Reduced 50 Per Cent

The saving of twelve lives or an economic conservation of from \$100,000 to \$200,000, according to the value put upon the average man's life, was the concrete result of the Safety First movement on the I. C. R. in 1914. Mr. Long safety expert on the I. C. R., and one of the few men in Canada to hold down such a position, was in the city yesterday and told a Times reporter that he was almost unable to account for the unprecedented drop in fatalities during the year. The number of deaths among employees by accident in 1914 was nineteen, in 1913, seventeen in 1912, sixteen in 1911, and in 1910 completed records showed a decrease to seven. This result is very gratifying indeed and Mr. Long hopes to continue the good work in 1915. He has been safety engineer on the I. C. R. during just one year.

Mr. Long says that the results have been secured chiefly through personal contact with the men. The usual literature has been distributed and lectures given at different times but he believes most good was done by actual conversation with men in dangerous positions. As a part of the Safety First movement Mr. Long is getting out a somewhat pretentious publication known as the Canadian Government Magazine which is distributed free to every employee and which contains many fine articles, educative in character and designed to cultivate carefulness, besides many articles on general railroad matters. In addition to the practical results secured on the operating end of the I. C. R., Mr. Long said that the Safety First movement had extended to the Moncton shops and that an official there had told him recently that minor accidents which had been very frequent, and had been decreased fifty per cent this year.

EXEMPTION HAS WORKED WONDERS

Successful Issue of \$280,000 Recalls Inaugural Address of Mayor Frink in 1910 When he Advocated Exemption of City Bonds From Taxation

Mayor Frink expressed great satisfaction in the manner in which the early subscription of the \$280,000 city debentures offered to the public on Thursday morning. The exemption of city bonds from taxation had evidently secured the result he had predicted of keeping much city money home for investment instead of being sent abroad. In the course of his inaugural address in 1910, Mayor Frink said: "Scattered over the face of the globe are to be found many former residents of this city, who have accumulated considerable sums of money, and have reached that period of life where they have no desire to embark in speculative business from taxation and whose incomes are spent where they may reside. One asks these people why they have left St. John and the almost invariable answer is, afraid they would be taxed out. Large sums of money have been accumulated in St. John, even since the collapse of wooden shipbuilding. Very little of this money has found its way into local industries, but has been found lodgment in bonds, stocks and various kinds of securities in foreign lands, and it is still traveling that way, influenced in no small measure by the belief that it can be thus hidden away and escape the ever vigilant eyes of the assessors. I will venture to say the amount of bonds now assessed by the board is a negligible quantity. A proposition to exempt from taxation all bonds issued in the City of St. John or the bonds of any municipality in New Brunswick, or even wider, say the maritime provinces, provided the owner is domiciled here, is worthy of some consideration, and might be some inducement for people with money to stay here, provided always that it be agreed that this class of citizens is considered desirable."

MR. DOIG'S JOB GOING TO QUALIFIED ENGINEER

Younger Man With Experience to Become New Superintendent of Water Mains—Mr. Doig's Long Service

An outside man with engineering training and civic experience will be chosen by Commissioner Wigmore to fill the position of superintendent of mains, made vacant by the retirement of David Doig. Mr. Doig's advancing years made necessary his relinquishing the position and he retires after 40 years in the service of the water department. The commissioner will not recommend a retiring allowance.
