SIXTEEN PAGES—ONE CENT

HARD COAL MEET MAY WORK ON MONDAY

Lewis Sure of Favorable Vote Early Today

Says it Will be Ninety Per Cent in Favor of Ratification of Agreement—An Appeal Made to Women for Conservation of Fuel.

Wilkesbarre, Pa., Sept. 9.—President John L. Lewis of the U. M. W. of America and the presidents of the three anthracite districts were confident today that the agreement with the operators would be satisfied by a decision majority when it came to a vote, probably before noon today.

Other leaders assert that Mr. Lewis' estimate was conservative. So confident are the leaders that it was reported late last night that arrangements have been made for a meeting of the point scale committee of the miners and operators tonight either in Wilkesbarre or Scranton for the purpose of signing the new scales, clearing the way for resumption of work on Monday morning.

Syracuse, N. Y., Sept. 9.—An appeal for the assistance of women in conservation of coal was made yesterday by William H. Woodin, state fuel administrator. The difficult problem, during the coming winter, the statement said, will be to keep children, women and men warm.

Cincinnati, Sept. 9.—According to a telegram given last night by Ernest F. Healey, president of the American Export and Inland Steamship Company, with offices in this city, an agreement has been entered into with representatives of Henry Ford of Detroit, by which sufficient amount of coal will be forwarded to the Ford plant to operate a shut-down.

GRAND TRUNK CHIEF PRAISES PERSONNEL

Toronto, Sept. 9.—"Each day is bringing forth fresh evidence of the splendid manner in which the personnel of the Grand Trunk has thrown itself into the work of advancing the interests of Canada's nationally owned railway."

This was the striking statement made by W. D. Robb, vice-president and general manager of the Grand Trunk Railway system, who yesterday made his first official visit to Toronto in his new office to confer with Sir Joseph Flavelle, chairman of the board of directors of the railway.

"In my fifty years of experience through the various grades of the railway's service," continued Mr. Robb, "I have learned to appreciate to the full the efficiency of the Grand Trunk men. They have always worked hard and intelligently, often under difficult circumstances. They are now responding with enthusiasm to the call that we have made to them to support in every way possible the great new national organization of which they are so important a part."

FOR NEXT YEAR AT THE EXHIBITION IN TORONTO

Toronto, Sept. 9.—"Young farmers" from England and the United States will be given opportunity at the Canadian National Exhibition next year to demonstrate their skill in judging livestock. While the livestock competition at the exhibition have not been promoted on a large scale, more than ordinary interest has been manifested in the contests at smaller fairs.

Mr. Sillver got off the jitney while it was in motion, in an slamming the door caught his coat-tail. The coat was ripped badly, but the cloth held long enough to drag him several feet.

A TORPEDOED TRANSPORT.

The steamer Missinable, a sister ship to the Metagana, was torpedoed by a German submarine four years ago yesterday. Lieut. "Bud" Tippett of St. John was on the torpedoed ship. The steamer was hit at midday in thick weather in a heavy sea, and sank inside of seven minutes after being hit, and only two boats succeeded in getting safely away.

ARCTIC AIRMAN RETURNS.

Vancouver, Sept. 9.—Lieut. E. G. Fullerton, Edmonton, formerly of the Canadian Air Staff here, who in company with a Norwegian aviator, was to have piloted Captain Amundsen's monoplane in the trans-Arctic flight from Alaska to Spitzbergen, has arrived back in Vancouver from Alaska. Lieut. Fullerton says that Captain Amundsen had decided to make the flight with only one pilot and will make the attempt with Lieut. Ousabak.

Smyrna Under Fire Of the Turkish Guns

CITY IN PANIC AS PEOPLE FLEE ON APPROACH OF ENEMY

Greek Soldiers Reported Contending for Places on Refugee Ships—Allies Taking up the Matter of Armistice.

(Canadian Press Cable.) Athens, Sept. 9.—Smyrna is being bombarded by the Turkish Nationalists. Nine airplanes from the Greek naval base there arrived here today, the airmen telling of their departure from the city under artillery fire. As they left the Smyrna airdrome an enemy shell damaged a tenth plane which was just leaving the ground. The machine was unable to continue, and the aviators were ignorant of the fate of their comrades.

PANIC THERE AS TURKS APPROACH. Athens, Sept. 9.—Smyrna is being evacuated amidst scenes of great disorder, according to refugees, 2,200 of whom have arrived here. Paule reigns as the Turks approach the town, it is declared, and Greek soldiers are contending with the civilians for places on the outgoing ships.

Rioting is reported among the troops in the Bursa sector, in the north, where the Greeks are embarking at Mudania, on the Sea of Marmora. M. Kaloeropoulos, the premier-designate, is expected to present the names of his ministers to King Constantine tonight. "The only programme we have is to try to extricate the country from the present critical situation," he declared.

General Hadjanestis, former commander-in-chief in Asia Minor, who was succeeded by General Trikoupi, now a prisoner of the Turks, has arrived in Athens yesterday. He is quoted as declaring: "The defeat of our army was inevitable and fatal. I will speak when the moment arrives, and show that I was not responsible for the defeat. My advice and suggestions were not acted upon."

Panics, Sept. 9.—Demobilization of the Greek army will take place immediately after the complete evacuation of Asia Minor, only the two younger classes being retained under arms, according to Athens advices to the Havas Agency. The police are said to have ordered the closing of all music and dance halls in the "Greek capital."

Smyrna, Sept. 9.—It is believed here that Mustafa Kemal Pasha, the Turkish Nationalist leader, can enter the town in two days. The situation here is extremely grave. Bands of Greek soldiers, Armenians and Turks are committing acts of incendiarism, pillage and murder. The allied fleets have arranged a plan for concerted action.

Constantinople, Sept. 9.—The Allied high commissioners, in informing the Ankara government of the request of Greece for an armistice, proposed that the preliminaries be discussed at Yarmouk, the British section of the occupied neutral zone on the Asiatic side and that the commission consist of three officers each of the Allied, Greek and Nationalist armies.

Rome, Sept. 9.—The Italian foreign office continues to persuade France and Great Britain to invite Greece and Turkey to a joint conference to be held in Venice. The purpose of the conference would be to discuss preliminaries for peace in the present Greek-Turkish conflict. An armistice or a truce is suggested by the Italian government during the period to the preliminary negotiations.

SO. IRELAND PARLIAMENT IS IN SESSION

Only Anti-Treaty Member Present at Opening was Lawrence Ginnell.

Dublin, Sept. 9.—The provisional parliament for Southern Ireland provided under the Anglo-Irish treaty met today in the new semi-circular parliamentary chamber in Leinster House.

The crowd which gathered to watch the arrivals was very small, and general calm prevailed. Few of the members are widely known by appearance in Dublin, which accounts in some measure for the absence of a popular demonstration such as formerly marked the assembling of the Dail Eireann.

The day's programme called for formal organization, with the election of a speaker and other officers. The only anti-treaty member present when the session began was Lawrence Ginnell. The various military chiefs, including Richard Mulcahy and Owen O'Duffy, were in civilian clothes, the only uniform seen being worn by Captain Sean McGarry.

The roll call showed that nearly every pre-treaty, independent and labor member was present. "MAKE IT LIFE, JUDGE!"

Detroit, Sept. 9.—"If I give your wife a divorce I shall restrain you from remarrying for two years," said Judge Richter, in Circuit Court. "Make it life, judge," responded Fred S. Hamilton, with a world-weary air.

Hamilton had slipped into the court room during the divorce session. His wife, Jennie I. Hamilton, had told with tears that her husband had neglected herself and six children for race-tracks. "He is a racehorse fiend," said Mrs. Hamilton.

The war in Asia Minor goes badly for the Greeks. The Turks are now threatening to continue their march until they over-run the province of Smyrna and capture the sea-port of that name, here shown. Thousands of Christian refugees are crowding into the city.

WOULD CHANGE CHURCH CANON

Important Amendment to be Proposed to the Synod of Ontario.

London, Ont., Sept. 9.—An important amendment to the canons of the Anglican Church is to be proposed at the meeting of the Anglican Provincial Synod of Ontario to be held in this city on September 26, when an effort will be made to change the laws so that a bishop may permit a minister of another denomination to preach in an Anglican pulpit. The more is regarded as in accord with the appeal of the Lambeth Conference to all Christian people.

HUN NOT TO BLAME

Sentinel Fired on by Belgian Who Had Been Drinking

Brussels, Sept. 9.—Germans were yesterday absolved of all blame in connection with the death of a Belgian soldier and sergeant at Ober-Cassel, in Belgium occupied territory.

WINS TROPHY AS BATHING BEAUTY

Mary K. Campbell Crowned at Atlantic City Pageant

Atlantic City, Sept. 9.—"Miss Columbus" (Mary Katherine Campbell), last night was crowned the most beautiful bathing girl in America in the finals of the beauty pageant of the third annual "Longshoremen's Union" yesterday.

DEADLOCK OVER 'LONGSHORE PAY'

New York, Sept. 9.—Representatives of steamship owners and the International Longshoremen's Union yesterday were deadlocked on the question of renewing the wage agreement expiring on September 30.

LAKE SLOWLY DRYING.

Budapest, Aug. 20.—(Associated Press, by Mail)—The biggest lake in Hungary, Lake Balaton, covering about 800 square miles, would appear slowly to be drying up. In some places the water has receded a mile from the old shore line within a few years and the shrinking continues. There has been plenty of rain recently. Geologists say that volcanic changes in the bed of the lake are responsible for the drying up.

CLEAR OUT NEWSPAPER PLANT AT PISTOL POINT

Mexico City, Sept. 9.—The entire plant of the newspaper El Universal was forcibly shut down early yesterday morning as the last editions were being printed when members of the Graphic Art Syndicate and the recently organized reporters' union drove out all the employees at the point of guns and destroyed all the printed papers.

TRIES TO COLLECT BILL. HAS ONE EAR CUT OFF

Windsor, Ont., Sept. 9.—Police are searching for Joseph Rutley, who is said to have severed one of the ears from the head of Charlie Hong, Chinese tailor. Hong said Rutley owed him \$4 for work he had done, and when Rutley came into his shop he demanded payment. According to Hong's story, Rutley swung a tin pal at his head, which cut off one of his ears.

SMYRNA FEARS THE TURKS

The war in Asia Minor goes badly for the Greeks. The Turks are now threatening to continue their march until they over-run the province of Smyrna and capture the sea-port of that name, here shown. Thousands of Christian refugees are crowding into the city.

COUNTRESS IS CHLOROFORMED AND ROBBED

Former Alma Loeb of New York Loses £1,250 in German Hotel.

London, Sept. 9.—A despatch to the Express from Berlin says the Countess von Blucher, formerly Alma Loeb of New York, has been robbed at a hotel in Freudenach, Rhenish Prussia. The thieves broke into her room and chloroformed the countess and took £1,250. A message to the Daily Mail from Berlin says the countess was found in a room at the hotel, and that her jewels had been stolen from beneath her pillow.

PLEDGE A BIG DEFENCE FUND

Illinois Miners and the Herrin Massacre—Forty-eight Indictments.

Perris, Ill., Sept. 9.—Illinois miners in executive session here yesterday pledged one per cent of their total earnings, or \$250,000 a month in defense of any members of the U. M. W. who may be arrested for participating in the Herrin massacre.

FOR SEPARATE DEPARTMENT OF FISHERIES

Vancouver, B. C., Sept. 9.—The advisability of creating a separate department of fisheries in Ottawa was discussed at yesterday's sitting of the parliamentary commission which is investigating conditions in British Columbia's fishing industry.

JURY DISAGREE IN THE SEWELL CASE

The jury disagreed yesterday in the case of Samuel Sewell charged with obtaining money under false pretenses. The accused was remanded to jail and the case will be taken up again next Thursday. The jury stood ten to two for convicting C. Arthur Amund and John Bates held the prisoner "not guilty". H. A. Powell, K. C., appeared for the defense and W. M. Ryan for the prosecution.

MINERS DEMAND WAGE CONTRACT

Sydney Mines, N.S., Sept. 8.—It is understood that President Hartigan of the Indian Cove Coal Company, has communicated to Secretary McLachlan of the United Mine Workers, District 26, a willingness to pay the striking miners in their employ 1921 rates for an indefinite period, but that the men, at a meeting today refused to go to work until a contract has been signed. In the meantime the men have asked the locals to assist them while the strike is in progress. Mr. McLachlan is expected to arrive in Sydney Mines tomorrow.

WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries. R. F. Stupart, director of meteorological service. Morning Paper Report. Maritime probabilities—Moderate winds, fair; not much change in temperature. Northern New England—Partly cloudy and warmer, Saturday; Sunday, cloudy, probably showers, moderate east to south winds.

MIGHTY WORK OF BROWNS WITH BAT

Far Ahead of Their Rivals, New York Yankees

Sisler Still on the Rampage—Ruth has 29 Home Runs, but Williams has Boosted His Figure to 36—Hornsby's Good Week.

(Canadian Press) Chicago, Sept. 9.—With the Yankees and Browns neck and neck in the home stretch of the American League pennant race today, the batting averages of the two contending teams reveal the startling fact that the St. Louis batters have connected with 154 more hits than their Yankee rivals; scored ninety-nine more runs, stolen eighty-three more bases, and have been excellent only in sacrifice hitting.

The figures show the Browns have connected with 1,471 hits, as against 1,317 for the Yankees, and have scored 765 runs, as compared with 668 for New York. In home run hitting, the Browns with Ken Williams in the lead, have belted out 87, while the Yankees, with their mighty Ruth, are trailing with 83.

George Sisler, first base star, is not alone in the hitting drive of the Browns. Johnny Tobin is fifth in the list of league leaders with an average of .383, while Williams, who has cracked out his 36th homer of the season, is batting .326. Severold is batting .319, while McManus, Jacobson and Pat Collins, pinch hitter, all are above the 300 mark.

The batting of Sisler last week enabled him to boost his average from .413 to .421, which makes it an almost certainty that he will finish the season well above the .400 mark. In his last eight games, Sisler connected with 19 hits, five of which were doubles and one triple. On the paths Sisler raved across the plate 12 times, which gave him the lead as the best run getter. Sisler has registered 120 times, while Blue, of Detroit, has counted 117. The St. Louis favorite stole five bases during the week and is far ahead of rivals Ken Williams, for the base stealing honors, with 47. Williams has stolen 8. Ruth cracked out his 29th four bagger, but he still trails Walker of Philadelphia, who has 34.

The averages include games of Wednesday. Other leading batters for 95 or more games: Cobb, Detroit, .361; Speaker, Cleveland, .376; Heilmann, Detroit, .377; Tobin, St. Louis, .391; Galloway, Philadelphia, .381; Williams, New York, .383; Miller, Philadelphia, .382; Pipp, New York, .327; Harris, Boston, .327; Williams, St. Louis, .326.

"Hack" Miller, former San Francisco slugger, is giving the National League a run for its money. He is doing his bit in keeping the Chicago Cubs among the contenders for the pennant. Miller is batting .340, among the leaders, with an average of .366, according to figures which include games of Wednesday.

Hornsby enjoyed a profitable week, increasing his average from .389 to .391, for the leadership. He smashed out fourteen hits in his last eight games, including a total of 294. Besides his thirty-five home runs, Hornsby has made thirty-five doubles and thirty-one triples.

Max Carey, whose speed has shown him falling off, has stolen thirty-nine bases and is the leading scorer, having counted 118 tallies for the Pirates. Other leading batters in ninety-five or more games—Fleming, Pittsburgh, .376; Miller, Chicago, .356; Grimes, Chicago, .354; Bigbee, Pittsburgh, .351; Hollocher, Chicago, .340; Daubert, Cincinnati, .340; Carey, Pittsburgh, .338; Duigan, Cincinnati, .333; Gooch, Pittsburgh, .333.

YANKES AGAIN LEAD.

New York, Sept. 9.—The New York Yankees were leading again today in the battle with St. Louis for the American League pennant. The Yankees held a margin of a half game as a result of yesterday's victory over Washington, 8 to 1, while Detroit pounded the Browns to leading pitcher, Shocker, and won, 8 to 5.

Ken Williams kept ahead of Hornsby, his National League rival, in the home run race by ranning Art Nehf, and winning 8 to 6. The champions kept their advantage over Pittsburgh, however, as the Pirates dropped a hard hitting encounter to Chicago, 10 to 7.

St. Louis hit Johnny Couch hard to defeat the Reds, 6 to 1. Hasty of the Athletics, held the Red Sox to four hits, but lost 2 to 1, while Eddie Collins' batting featured Chicago's second straight victory over Cleveland, 7 to 2.

CHICOUTIMI WHARF FIRE; LOSS \$25,000

Chicoutimi, Que., Sept. 9.—Fire which broke out at the western end of the government wharf has caused damage to the extent of \$25,000. The offices, the sheds and waiting rooms were destroyed. It is said that a cigarette but inadventently thrown among rubbish was the cause of the fire.

BRITISH ASSOCIATION TO MEET IN TORONTO IN 1924

London, Sept. 9.—(Canadian Press).—The British Association, in annual session yesterday in Hull, accepted an invitation to hold its meeting in Toronto in 1924. Next year's meeting will be held in Liverpool.

MILL TO RE-OPEN.

Ware, Mass., Sept. 9.—George E. Tucker, agent for the Otis Company mills, last night announced that the plant will be re-opened on Monday morning, Sept. 11, with wages at the rate prevailing prior to February 13. The mills were closed on March 8, following a strike of 100 weavers and about twenty yard men. The shutdown threw approximately 2,500 employees out of work. Two wage cuts have been put into effect since last fall, the first 22-1-2 per cent, and the last twenty per cent, announced Feb. 15. The new wage rate will be twenty per cent in excess of that in effect when the mills were closed.

# POOR DOCUMENT

## MC 2035

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, SEPTEMBER 9, 1922

### SOLDIERS AND ORPHANS GUESTS AT EXHIBITION

All Greatly Enjoyed the Outing—Estimated That 100,000 People Have Attended This Year's Fair—Art Exhibit Prizes Announced.

### Today at The Exhibition

- 2.00 p.m.—Live cattle sale in front of grand stand.
  - 3.00 p.m.—Dancing in Dance Hall.
  - 3.30 p.m.—Free acts in front of grand stand, music by Carleton Cornet band.
  - 5.00 p.m.—Concert in main building, music by Carleton Cornet band.
  - 7.30-8.30 p.m.—Concert in main building, music by Carleton Cornet band.
  - 8.00 p.m.—Dancing in Dance Hall.
  - 9.00-10.00 p.m.—Concert in main building by Carleton Cornet band.
- (Time Given is Daylight Saving.)

It is expected that when the exhibition is over this evening more than 100,000 people will have passed through the turnstiles since the fair opened. The perfect weather which has held throughout the week has been a large factor in ensuring a success. Thanks to the New Brunswick Automobile Association disabled veterans from the Lancaster and East St. John military hospitals were taken to the fair by members and then returned to the hospital. The men greatly enjoyed the outing. In addition to this the orphans from St. Vincent's orphanage and the West Side Protestant Orphan's Home were the guests of the exhibition association, as were the soldiers. The latter were the guests of the Red Cross hospital committee at supper in the dining room.

The dining room is being operated by the women of the Tabernacle church, the proceeds to be devoted to a fund for the building of a new church. The committee very graciously deducted ten per cent from the bill for the soldier boys' supper, an act which was greatly appreciated by the hospital committee. The veterans were then taken, as guests of Walter Allison for a tour of the midway attractions, a treat which they greatly enjoyed, and for which they were particularly thankful to their host.

Refreshments were provided for the orphan kiddies, for those from St. Vin-

### MR. A. U. BRANDER

TEACHER OF SINGING  
Studio—36 Queen Square  
Season opens September 18, 1922.

cent's by the Women's Institute committee in charge of the tea rooms, and the others by the exhibitors in several of the booths in the building. The kiddies then enjoyed a whirl on the merry-go-round, the aero swings, the ferris wheel and the whip. Needless to say the children enjoyed the day to the fullest and expressed their thanks to those who had made their visit to the show so entertaining.

The little ones were particularly interested in the tables on which their own handwork was displayed in the women's department and the fact that they recognized some of the pieces which their own tiny hands had fashioned and which now bore cards indicating that this thing or that had been awarded first or second prize, caused their faces to beam with joyful satisfaction.

Before leaving for home both the orphans and the soldiers were each treated by the Purity Ice Cream Company to a big cone of ice cream, and as they trooped towards the exits partaking of the delightful refreshment there was a look on their faces which seemed to say, "This is indeed the end of a perfect day."

Entrance fees for the orphans' exhibits were paid, those of the Catholic children by Mrs. J. H. Doody and the Protestants by H. Usher Miller.

**Art Exhibit Awards.**  
Announcement of the prize awards in the art division were made yesterday as follows:  
**Professional Painting.**  
Oils—Duncan Davidson, diploma.  
Water colors—Percy N. Woodley, diploma.  
Pastels—Percy N. Woodley, diploma.  
**Amateur Painting—Oils.**  
First, Mrs. J. B. Kenney, still life study; 2nd, Julia T. Crawford, portrait from life.  
**Amateur Painting—Water Color.**  
Portrait from life—1st, Helen Ryan; 2nd, Mrs. R. B. Travis.

### SHORT'S "Dyspepticure"

ACTS LIKE MAGIC IN ALL STOMACH TROUBLES

Thousands of bottles have been sold without any advertisement whatever, because it relieves the most stubborn cases of INDIGESTION and CHRONIC DYSPESIA.

Pamphlet free on request. Price 50c. and \$1.25. Mailed anywhere on receipt of \$1.25.

SHORT'S PHARMACY, 6-10 St. 63 Garden Street

### Try Old Dutch for Windows

A small amount folded into a thin dry cloth cleans and polishes the glass.

Old Dutch is soft and flaky, won't scratch.

Makes Cleaning Easy all through the house.

**Show card in black—1st, Gladys C. May; 2nd, C. D. Lockhart.**  
**Show card in color—1st, Gladys C. May; 2nd, Marjorie Johnston.**  
**Bookbinding—1st, Fred G. Jones; 2nd, Miss C. Ethel Hawker.**  
**Cartoons in Pen and Ink.**  
**Best original study—1st and 2nd, Wallace Brander.**  
**Vocational Work.**  
**Best example architectural drawing—1st, Willard M. Mitchell; 2nd, E. H. J. Barber.**  
**Extra Prizes For Juniors.**  
**Betty Jordan, age 11, watercolor figure, copy.**  
**Beatrice McKinney, age 11, water color, still life, copy.**  
**Alice Lee, age 11, water color scene, copy.**  
**Eleanor Foster, age 11, charcoal, still life.**  
**Donald Gunn, age 9, charcoal, still life.**  
**Herbert Lake, age 9, water color, still life.**  
**Marjory Evans, charcoal, cast drawing.**  
**Lola Fairweather, pen and ink outline drawing.**  
**Manager Congratulated.**  
**H. W. Robinson, of Toronto, who judged the light horses at the St. John Exhibition, before leaving for his home on Thursday, called upon the manager, H. A. Porter, and congratulated him highly on the class of the entries shown. So enthusiastic was he over the specimens that he offered two cups to be presented at next year's show for the pony class, one for the best entry with boy rider and the other for a pony ridden by a girl. Mr. Robinson has always taken a great interest in the St. John show and his offer was greatly appreciated.**  
**Manager Porter announced that it had been decided to auction the prize products in the agricultural section this evening at 7 o'clock.**  
**The Yorkshire hog used to illustrate an address delivered on Thursday by Peter Brodie was bred, owned and exhibited by Thomas A. Barrett, of East St. John.**  
**The work of the police has been highly recommended. Their task is no light one in dealing with such large numbers. While there are vast numbers inside the gates the people have to get in somehow and it is here that the work of the policeman "Sandy" Chisholm comes in. For three exhibitions he has had charge of the front gates, keeping things running smoothly as the people pass through the turnstiles. In this connection it must be remembered that there are two transactions to be gone through, the buying of the ticket and the buying of the war tax. Assisted by two "specials" Policeman Chisholm has performed yeoman service and a great deal of credit is due this courteous and obliging officer.**  
**Notwithstanding the half-holiday on Saturday, the Brasley Drug Company closed down at a o'clock yesterday afternoon so that their employees might take in the exhibition while the festivities were at their height. The action of the management was much appreciated by the staff.**  
**It was announced yesterday that a special train, carrying exhibits from the St. John Exhibition to the Woodstock show which will open on Tuesday, will leave St. John on Sunday afternoon about one o'clock. So far eight cars have been taken up and it is expected that the train will carry at least ten carloads of cattle and other exhibits.**

**Minard's Liniment for Dandruff.**  
**POINCARÉ IN LONDON WAS WELL GUARDED**  
**Nearly 100 Detectives Took Care of French Premier on Recent Visit to English Capital.**  
**London, Aug. 23—(Associated Press, by Mail)—All the precautions taken to guard the crowned heads who from time to time have visited London, paled into insignificance compared with those taken to protect the French premier while here recently by his best to try to make Germany pay up. It is said they were due to the discovery, before he left Paris, that he had been marked down for murder by the German plotters who killed Dr. Rathenau.**  
**Nearly 100 detectives were detailed to guard M. Poincaré, the equivalent of London's Scotland Yard. Day and night ceaseless watch was kept over him. The hotel at which he stopped was surrounded by police. Several detectives were stationed at the hotel as guests, the better to look out for any suspicious characters who might try to approach him. Even the preparation of his meals was superintended by chiefs who were brought over from Paris.**  
**When the time came to leave the hotel each morning for the conference at Downing street, he was accompanied downstairs from his suite—he never used the elevator—by as many as eight or more detectives who surrounded him and escorted him to his motor car. He was simply rubbed into the automobile and at once the streets through which he was to journey were cleared as if by magic and speed limitations were ignored.**  
**During the French premier's stay detectives scoured Soho and other haunts of anarchists or Communists, listening and searching for any word or move that might denote a conspiracy against M. Poincaré's safety. Perhaps he himself had nothing to do with it, but such extraordinary precautions certainly conveyed the impression that while in London he was in deadly fear of his life.**

"Meanwhile, let us have a sip of tea. The afternoon glow is brightening the bamboos, the fountains are bubbling with delight, the soothing of the pines is heard in our kettles."—Okakura Kakuzo, Japanese aesthete.

### "Premier Knight" All Steel Kitchen Range

is the best present day value on the market

It has all the points of superiority which characterize the various Davidson Ranges. White enameled panels or tiled back and oven door, nickel plated trimmings. It is constructed to burn coal, coke or wood. A roomy oven has braced bottom to prevent warping—fire box has cast lining and duplex two-piece grates—one side for coal and coke, and turned over, is suitable as a temporary summer grate for wood. Cast-iron fire door and ash-pit door, both heavily nichelated. "PREMIER KNIGHT" can be supplied with or without high shelf and Persian closet. A thoroughly competent and reliable grate, yielding even combustion of coal and maximum heat for cooking. Well insulated and well ventilated, ensuring quick baking.

Write for Catalogue F-5—"Davidson's Stoves and Ranges" featuring other Premier Stoves—"Marathon," "Leader," "Argus," "Royal," "Chieftain."

### Less Fuel-Less Labor-More Heat!

Enjoy the long months of winter in a comfortably heated home. This can be accomplished by installing a Findlay Pipeless Furnace. It takes only a day—no tearing out walls—one single register is all that is required.

We guarantee every Findlay Pipeless Furnace not only as to materials but as to results.

Findlay's pipe and pipeless FURNACES burn coal, or wood

The Findlay Pipeless Furnace has many exclusive features which give you more heat and at the same time save you labor and fuel. Don't imagine that any furnace will do. The Findlay is guaranteed to furnish every room in your home with warm moist air. Complete comfort all winter in any temperature.

Be guided by the experience of others. We have scores of letters on file from people who have learned what Findlay comfort means after years of discomfort through inefficient heating.

We would like to send you our illustrated booklet and testimonials, also guide sheet which will enable you to furnish sketch of your home, from which we will supply plan and estimate suited to your need. No charge—no obligation. Merely write your name and address on this advertisement and mail to us.

FINDLAY BROS. CO. LIMITED, Carleton Place, Ontario.

### POINCARÉ IN LONDON WAS WELL GUARDED

**Nearly 100 Detectives Took Care of French Premier on Recent Visit to English Capital.**  
**London, Aug. 23—(Associated Press, by Mail)—All the precautions taken to guard the crowned heads who from time to time have visited London, paled into insignificance compared with those taken to protect the French premier while here recently by his best to try to make Germany pay up. It is said they were due to the discovery, before he left Paris, that he had been marked down for murder by the German plotters who killed Dr. Rathenau.**  
**Nearly 100 detectives were detailed to guard M. Poincaré, the equivalent of London's Scotland Yard. Day and night ceaseless watch was kept over him. The hotel at which he stopped was surrounded by police. Several detectives were stationed at the hotel as guests, the better to look out for any suspicious characters who might try to approach him. Even the preparation of his meals was superintended by chiefs who were brought over from Paris.**  
**When the time came to leave the hotel each morning for the conference at Downing street, he was accompanied downstairs from his suite—he never used the elevator—by as many as eight or more detectives who surrounded him and escorted him to his motor car. He was simply rubbed into the automobile and at once the streets through which he was to journey were cleared as if by magic and speed limitations were ignored.**  
**During the French premier's stay detectives scoured Soho and other haunts of anarchists or Communists, listening and searching for any word or move that might denote a conspiracy against M. Poincaré's safety. Perhaps he himself had nothing to do with it, but such extraordinary precautions certainly conveyed the impression that while in London he was in deadly fear of his life.**

### SHARES CREDIT WITH CO-WORKER

**Toronto Doctor Declines to Accept All the Glory for Discovery.**  
**Toronto, Sept. 8—(I never would have been able to do anything had it not been for him.)**  
**This was the tribute paid yesterday by Dr. F. G. Banting to Charles Best, M. A., his partner in the work of developing the new insulin extract for the treatment of diabetes.**  
**"It would appear from articles that have appeared in some papers," said Dr. Banting, "that Mr. Best was not associated with me in my research work until after some progress had been made. I would like to correct that impression. Mr. Best was with me from the first. The idea first came to me."**

### Exhibition Week

Visitors to the Exhibition will be interested in the large stock of fine furniture we have on our floors. These goods comprise some beautiful Chesterfield Suites, parlor and living room suites, dining and bedroom suites, etc., at exceptionally low prices.

Everyone welcome to our store, whether you buy or not. No trouble to show goods.

YOUNG CANADIAN GIVEN BIG TASK  
V. G. Cardy Will Manage the New Hotel in Montreal.

Montreal, Sept. 9.—At a meeting of the directors of the Mount Royal Hotel, Frank A. Dudley, president of the United Hotels Company of America, announced that the manager of the new hotel would be Vernon G. Cardy, at present manager of the Clifton, Niagara Falls, Ont.

The Mount Royal is said to be the largest hotel in the British empire, and one of the largest hotels in the world, in view of which fact it is interesting to note that its manager is one of the youngest hotel managers in the business, and a Canadian.

Mr. Cardy's rapid rise in the hotel business marks the achievement of another graduate of the famous old Taschery School of Galt, Ont., the alumni of which have contributed no small part in shaping the business and political history of this country.

Vernon G. Cardy was literally "born in the business," for his father is widely known as proprietor of the Imperial Hotel, Galt, Ont., which he owned and operated for twenty-five years.

Following eight years with the Ritz-Carlton Hotel Systems in Montreal, Mr. Cardy joined the executive staff of the United Hotels Company in 1917, when he became assistant manager of the King Edward Hotel, Toronto, which position he filled for five years. He has managed the Clifton, Niagara Falls, Ont., for the last two seasons, and was for one year manager of the Royal Connaught, Hamilton.

TIME CHANGES ON C. N. R. LINES

In Effect on September 10, Affecting Trains in and Out of St. John Station—Some Suburban Trains Discontinued.

Time changes on C. N. R. lines effective September 10th affect the schedules of some of the trains in and out of St. John Station and travellers are requested to note the following:

No. 18 local train to Truro, will depart at 7.05 a. m. instead of 7.10 a. m.

No. 14 train for Halifax will leave at 1.40 p. m. instead of 1.50 p. m.

No. 20 train for Moncton (Maritime Express connection), will leave at 6.15 p. m. instead of 6.10 p. m.

No. 10, the night train for Halifax, will leave at 10.45 p. m. instead of 11.03 p. m.

Suburban No. 192 will leave for Hampton at 12.12 noon, and No. 24, the Sussex train, will leave at 5.15 p. m.

No. 9 train from Halifax will arrive at 7.40 a. m.

No. 19 from Moncton (Maritime Express connection), will arrive at 1.55 p. m.

No. 17 local train from Truro will arrive at 9.00 p. m., instead of 9.30 p. m.

No. 193 suburban from Hampton will arrive at 2.40 p. m.

The Sussex train, No. 24, will arrive at 8.55 a. m.

No. 9 train will make all suburban stops between Hampton and St. John, and No. 10 will do the suburban work between St. John and Hampton. All suburbs other than those above mentioned will be discontinued. The Sunday trains, No. 49 and 50, will make the last trip of the season on Sunday, Sept. 10th.

On the Valley Railway train No. 51 will leave as usual at 4.40 p. m. (Atlantic time), arriving at Fredericton at 8.00 p. m. Through service to Quebec will be on Monday, Wednesday and Friday, as usual, leaving Fredericton at 8.55 p. m. No. 52 train will arrive at 12.55 (Atlantic time).

Service to Prince Edward Island will be by No. 18 train, leaving at 7.05 a. m., and by No. 14 train, leaving at 1.40 p. m. The double daily service to the island will continue until the fall change of time, October 1st. 9-14

HONEYMOONERS HELD.  
Youthful Runaway Couples Arrested at Border.

Windsor, Ont., Sept. 9.—Romance with orange blossoms about her neck and tulle hair still in her hair, ran counter to business-like reality at the Windsor ferry dock when police and immigration officials arrested two bride parties as they were about to drive on the boat, and a honeymoon drive under Canadian stars was changed to four police coats.

The quartette were youthful, being Rupert Blackburn, nineteen years of age, and his bride, Ethel May Blackburn, also nineteen, and Mr. and Mrs. Vance Lynn, twenty-two and eighteen years respectively.

The young folks said it was the first trouble they had had in a wonderful double elopement.

The two couples ran away from their homes in Clay, Ky., and were married. They told the police that in leaving home they took an automobile belonging to Lynn's father, but Vance said he could not see anything the matter with that, because his father had told him he could use the car any time he wanted it.

The quartette were taken to Detroit, where the two men were held as fugitives, and the girls were detained pending advices from Kentucky authorities.

SECOND WIFE WISHES FIRST TO SHARE GOLD  
Seeks and Finds Early Partner of Husband Who Found Fortune in the Klondike.

Chicago, Sept. 9.—Mrs. Lottie Bock, mate of John Bock, wealthy Californian in the days of his poverty, is today a step nearer a share of his fortune wrested from the gold fields of Alaska after he deserted her to bestow the comforts of wealth on a new wife, Eleanor.

Sought by wife No. 2, who insisted that the woman whose place she took should share in Bock's fortune, the first wife, found after a wide search in the obscure village of Dresser Junction, Wis., was with her hearthstone successor.

The two women met, according to Attorney John T. Duffie, in his office.

where preliminary arrangements for dividing the Bock fortune were made.

With her search ended, Mrs. Eleanor Bock now shuns the publicity upon which she depended to find the companion of John Bock's lean years.

The two wives came to Chicago together, Attorney Duff said, and after the first conference in his office went into hiding until another meeting. Bock readily agreed to Eleanor's plan, and as far as Alaska gold will do it, is ready to pay his debt to the girl he left behind when he staked his claims in the Klondike years ago.

THE MASSACRES OF THE CHRISTIANS

"The massacres of the Christians continue," is an announcement which has appeared in more than one despatch concerning the rout of the Greek troops in Asia Minor and the rapid advance of the Turkish forces.

Although the course which Greece followed at the time of the Great War, and afterwards, was not such as to arouse the gratitude or approval of the Allied nations, and though the war against the Turks was discouraged by the Allies, the Christian nations of the world cannot view with equanimity the defeat of the Greeks, when that defeat results in placing in the power of the relentless Turk defenceless Christian peoples.

For as many centuries as the conflict between Moslem and Christian has continued the story has been the same, and Christendom has not yet found a way to put an end to it. As a fighter, the Turk is entitled to respect for his prowess, and the Allied nations are not anxious to make the sacrifices which war against him would involve, and in diplomacy and intrigue the Turk has shown himself a match for the rest of the world.

DENTISTRY AND GOOD HEALTH

It is only within the last few years that the importance of the teeth as a factor in good health has been established definitely. Today, every one knows of cases of hitherto mysterious illnesses which have been traced to defective teeth and which have been cured when that source of trouble has been eliminated.

THE BAD SAMARITAN

"The Turk," says the Toronto Globe, "accuse the Greeks of violating the most elementary principles of humanity. Their evidence may be untrustworthy, but they are experts on the subject."

IMPERIAL FEDERATION

During his tour of the west, Lord Shaw of Dunfermline, a member of the Judicial Committee of the Privy Council, has spoken on various occasions concerning Imperial relations.

"Imperial federation is the ultimate thing for all parts of the Empire. It has always favored home rule for Ireland, and with the creation of an Irish state, I think it only a matter of time until Scotland and Wales will have home rule. Then the time would be ripe for an Imperial federation parliament to deal with questions affecting the British Empire at large."

The distinguished visitor also is quoted in favor of continuing the custom of carrying appeals from the Supreme Court of Canada to the Privy Council, as a link binding Canada to the Empire.

LIGHTS AND VEIN

An Englishman, for instance, for the sake of a small town in Kentucky just at evening. Approaching a long, lean Kentuckian, who was holding up a fence outside a corner grocery store, he said in a low voice:

COMPROMISE

"Whenever I sing the dog howl," "The instinct of imitation, my dear."

THE OPPOSITE EFFECT

"Do you know, young man, that my daughter is accustomed to getting everything she wants?" "Jack Poore—" "I'm glad to hear that, for I know she wants me."

NOT STRICTLY TRUE

"Simpson says that he owes everything he has in the world to his wife." "Nonsense. He owes the butcher, the grocer and the landlady, and he has been owing me \$10 for the last 15 years."

THE TROUBLE

"What's the trouble?" "Pa's sore." "What's happened?" "Ma kept at him until she got him to teach her to drive the car."

GREAT VACATION FOR WILLIAM

"From the Boston Transcript." Jones was discussing vacation with his wife. "Doc Parsons tells me," he said, "that a separate vacation is the best for married folk. We've been married now for nearly twenty years. Think of what a change it would be for both of us to get away alone—to see nothing but new faces. A change, a thorough change, is what we require, Doc Parsons says."

MINARD'S LIMENT FOR SUBJECT EVERYWHERE

A SEARCHING QUESTION

"From the Manchester Guardian." The prime minister, whose eloquence is seldom at fault, said many true things finely yesterday in the war-memorial hall of the University College at Aberystwyth. The most searching thing that he said was the question—as to the death of nearly a million young men of our own in the war, and some ten million from all Europe—"Was it too high a

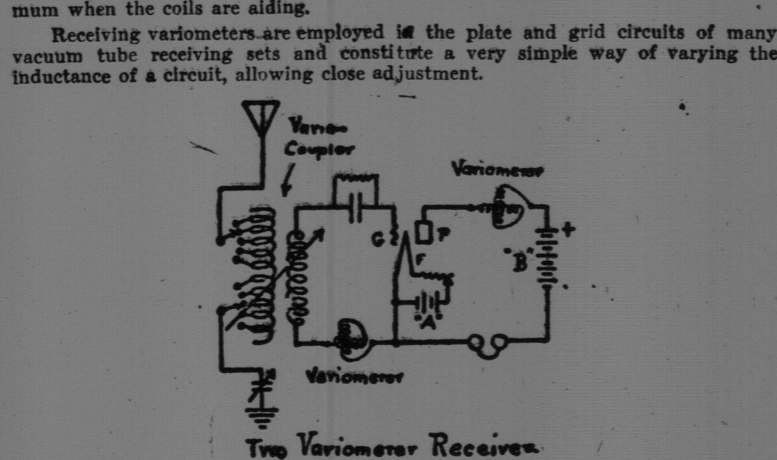

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis Formerly Technical Electrical Expert For U. S. Government

Lesson No. 100. THE VARIOMETER AND ITS USES.

(All Rights Reserved by United Feature Syndicate. Reproduction Prohibited.) In general, the variometer consists of two coils of wire connected in series, whose relative positions may be varied thereby changing the inductive relation.

Around every coil of wire carrying a current there is a magnetic field, if alternating current passes through the coil there is an alternating magnetic field, if direct current passes through the coil the field is of unchanging intensity.

Two Variometer Receivers.

Variometers are also employed in many modern types of transmitting equipment where accurate adjustment of two circuits to resonance in order to secure maximum efficiency is desired. In sending circuits the variometer is usually inserted in the antenna circuit, which is tuned to resonance with the closed oscillating circuit.

MADE LANDLORD REGRET RAISING RENT OF HOUSE

New York, Sept. 8.—Chiam Zalowitz stands out among his fellow men as one who quickly made the landlord regret raising the rent. Naturally thousands will ask immediately, "How did he do it?"

INN 300 YEARS OLD

WOMAN BETRAYS MURDER GANGS

Alleged Disclosure of Prisoner of Entrapping Visitors to Montreal - Drugged and Robbed.

Montreal, Sept. 8.—The confession of a prisoner at Bordeaux Jail implicates a gang of Italians from Trieste in the case of Patrick Carey, fifty-two years old, of 210 Maryland avenue, Buffalo, N. Y., who was drugged to death and robbed of \$20,000 here on July 28.

According to the confession the gang operated at least two dens in the vicinity of Bonaventure station, and making their living by drugging and robbing unsuspecting strangers to the city, who are lured into the dens under the impression that they are going to taste the sweets of "bootleg" whiskey.

Betrayer by Woman.

The prisoner who made the confession, and who is an admitted member of the gang, was betrayed to the police two weeks ago by the sole woman member of the dope ring. It is alleged that the woman quarrelled with the men over the division of the gang's spoils.

The prisoner told of his part in the Carey affair in the presence of Dr. Hugh F. Carey of Chicago, brother of the dead man, and two members of the local detective force. Later he repudiated his statements.

The dope ring now believed to have murdered Carey had apparently been informed beforehand that he was coming to the city with a large sum of money. The police are convinced that the local gang is a part of a large international ring the various sections of which operate and keep one another informed of likely victims.

BUT SHADOW OF FORMER SELF

The Glamor of London's Chinatown No Longer Exists.

London, Aug. 22.—(Associated Press, by Mail)—London's Chinatown is fast disappearing. Four years ago 2,000 Chinese seamen were living within a stone's throw of the West India Dock gates. Now it is doubtful whether there are 100, says the Daily News.

During the war London's Chinatown had its most prosperous days, for quite a number of British ships were manned by Chinese crews. But when the war ended the edict went forth "British crews for British ships," and as the Chinamen were paid off they either went back to China or to some other country where their labor was in demand.

The result was that Chinese traders in Chinatown began to suffer, and one after another had to put up their shutters. Then suddenly there came a boom. A beautiful actress died while attending an opium party. Stories were printed about the thrills to be experienced in Chinese opium dens. Public attention was focussed on the sinister alleys and by-ways of Chinatown. Restaurants in which Chinese dishes could be obtained opened here and there in Chinatown. Many Americans visited them to see how their own Chinatown and curiosity led a number of English folk and various European visitors to do likewise. One night they were often filled to overflowing.

Commercially minded Orientals invested their money in the exploitation of what was a new craze and for a time they prospered exceedingly. But gradually the novelty wore off, the glamour faded, and people came to the conclusion that there was all sorts of cooking that was really much nicer than Chinese cooking. Visitors became fewer, and Bateman and there was only one or two shabby restaurants left in London's Chinatown. What remains of it is but a shadow of its former self.

PEACHES ROTTING

St. Catharines Growers Offer Fruit for Taking Away.

A despatch from St. Catharines, Ont., under date of Sept. 6, says:—"Many peaches in the Niagara fruit belt will rot on the trees this season, while the rest of the country is clamoring for the fruit. The intense heat of the last day or two has ripened the fruit and the problem of getting it harvested and shipped is hard to solve.

"Many growers are offering their peaches to anyone who cares to pick them, at very low rates. The growers here will not be all harvested by the carload. Thousands of baskets are going out daily from the fruit belt, but the vast crop, perhaps the largest on record, is in the case of plums the high carrying rates will be responsible for most wastage, because growers, discouraged by small returns, will refuse to ship. Some have already stopped, reports claim.

"Marketing activities, generally speaking, however, are widening. This week Niagara peaches started on their way to England, and if the experiment proves successful it is expected that the Old Country market will prove a profitable one."

NEWS FROM SIMONDS

The annual meeting of the Otter Lake branch of the Band of Hope was held on Thursday evening at the school house at Otter Lake. The weather was favorable and there was a good attendance. Three new members were enrolled. The children gave a programme of recitations which was followed by a helpful address on loyalty by Mr. Bridgewater. Rev. C. W. Follett was chairman and spoke of the mission which is to be held in the parish at the beginning of next month, and which will be conducted by Fr. Mercer William and Fr. Kenneth Viall of the Society of St. John the Evangelist, Boston.

The proceeds are to go toward the expense of the coming mission. The meeting closed with the national anthem. The Band of Hope is a temperance society for the children in the Parish of Simonds.

Printing Costs Question. Montreal, Sept. 9.—Difficulties attendant upon the establishment of standard costs in the printing trades were discussed at the quarterly district meeting of the Sixteenth Canadian District, United Typothetae of America yesterday. Divergence of opinion between Montreal and Toronto delegates resulted in deferring action on the question. The meeting authorized a petition protesting the application of the sales tax to printing, in its present form.

Miss Anita Clark of Calais, Me., was united in marriage to Lyander Richmond of Springvale, in Calais last Saturday by Rev. Mr. Palmer. Miss Helen Smith, St. John, was one of the bridesmaids. Mrs. Ripp of St. John, was present at the wedding.

What One of the Best Known Travelers in Canada Says. "Now I am going to give you an uncolored testimonial as they say in the patent medicine advertising. Heretofore I have had a profound contempt for patent medicines, particularly so-called liniments. Perhaps this is due to the reason that I have been blessed with a sturdy constitution, and have never been ill a day in my life. One day last fall after a hard day's tramp in the slush of Montreal, I developed a severe pain in my legs and of course like a man who has never had anything wrong with him physically, I complained rather boldly. The good little wife says: "I will rub them with some liniment I have." "Go ahead," I said, just to humor her. "Well, in she comes with a bottle of Mercier's Liniment and gets busy. Believe me the pain disappeared a few minutes after, and you can tell the world I said so." (Signed), FRANK E. JOHNS, Montreal.

Wanted: A person to take charge of the printing of the sales tax to printing, in its present form.

RECENT WEDDINGS

Gillis MacLennan.

(Campbellton Tribune, Wednesday.) Campbellton, Sept. 8.—A wedding of more than local interest was solemnized in St. Andrew's Presbyterian church on Wednesday afternoon at five o'clock, when Margaret Euphemia, daughter of Mr. and Mrs. Alex. MacLennan, became the bride of John Gillis, son of Mrs. John R. Gillis, of St. John. The bride was given away by her father, and wore a wedding gown of ivory chiffon veiled with French tulle frills edged with silver. The court train is velvet and she wore the conventional veil and orange blossoms and carried a shower bouquet of opelia roses and sweet peas. Miss Jean MacLennan, sister of the bride, was maid of honor, and the groom was supported by Eric Thompson, of Halifax. Mrs. H. Lunan presided at the organ and during the signing of the register Miss Irene Currie sang "All Joy Be Thine." After the ceremony a reception was held at the home of the bride's parents, Roseberry street. Among the invited guests were Mrs. John R. Brook, Mrs. Reginald Wright, Mrs. J. L. McAvity and Miss Ellen Gillis, sisters of the groom; Miss Dorcen McAvity, all of St. John, and H. Grimmer, St. Stephen.

Brown-McDonald.

At the Church of the Precious Blood, St. Martin's, August 30, Rev. H. L. Coughlan married Miss Bernice, youngest daughter of Mrs. Annie McDonald, Hillside, Kings County, and Lawrence E. Brown, Upland, Kings County. Miss Hazel Brown acted as bridesmaid and the groom was supported by William McMackin, Mr. and Mrs. Frederick Bateman, the town engineer. They left for St. John on Wednesday morning, where a reception was held at the home of the groom's sister, Mrs. George O'Brien. They will reside at Hillside.

Bateman-Doucet.

In the Sacred Heart church at Bathurst on Monday, Rev. Father Wheten united in marriage with nuptial mass Miss Agatha Doucet, and Frederick Bateman, the town engineer. They left for a honeymoon trip to St. John.

Richmond-Clark.

Miss Anita Clark of Calais, Me., was united in marriage to Lyander Richmond of Springvale, in Calais last Saturday by Rev. Mr. Palmer. Miss Helen Smith, St. John, was one of the bridesmaids. Mrs. Ripp of St. John, was present at the wedding.

What One of the Best Known Travelers in Canada Says.

"Now I am going to give you an uncolored testimonial as they say in the patent medicine advertising. Heretofore I have had a profound contempt for patent medicines, particularly so-called liniments. Perhaps this is due to the reason that I have been blessed with a sturdy constitution, and have never been ill a day in my life. One day last fall after a hard day's tramp in the slush of Montreal, I developed a severe pain in my legs and of course like a man who has never had anything wrong with him physically, I complained rather boldly. THREE C. P. R. SHIPS REACH QUEBEC

Victorian, Empress of Britain and Melita Arrive Within Few Hours - Immigration from Scotland.

Quebec, Sept. 9.—Three big Canadian Pacific liners, the Empress of Britain, Victorian, and Melita, arrived at Quebec between 9.15 o'clock on Thursday night and 4 o'clock yesterday morning.

The 10,680 Victorian from Liverpool arrived first, in command of Captain W. Henderson, with 387 cabin passengers and 19 third-class and after landing third-class passengers proceeded on to Montreal. The cabin passengers comprising returned Canadians, British and a large number of Americans. The Victorian and Melita, the Canadian Cricket team that sailed from Montreal in July, to play matches with crack British clubs.

Among the returned Canadians were: P. F. and Mrs. Henriksen, Fredericton; The Right Rev. Dr. MacInnes, Bishop of Jerusalem; and Webster, were also cabin passengers on the Victorian, as well as Lady Parkin, and family of Toronto.

The 16,000 tons Empress of Britain arrived at ten p.m. Thursday, with 659 passengers from Liverpool, in command of Captain J. Turmell, C.B.E., N.R. He did not land her passengers until Friday morning. Like the Victorian the Empress of Britain, brought out in her saloon list, a large number of Americans, as well as returned Canadians, and prominent British people.

Among the Canadians were A. B. Brown, Toronto, and Miss Bruce Taylor, Halifax. The 14,000 tons steamer Melita, Captain G. Hamilton, from Antwerp and other cities, buying up the cheaper cut stones. By ingenious ways these diamonds—some of them can be called diamonds—are sent to Moscow, and there put on the market. Russian diamonds have been extensively advertised in Europe and the United States. Owing to misfortune many wealthy families, when reverses came, sold their jewels at prices far below their worth. But time has brought about a change in conditions. There were many diamond bargains in

the Rockies. Speaking of the conditions in Scotland, he said agriculture was back to work and business in general looking good. He said it was the land proprietors who were suffering the most from taxation to meet war demands, and he knew of twenty-four of twenty-six estates in his living vicinity which were up for sale, on account of excessive taxation, which the owners were unable to meet.

Speaking of Scottish emigration to Canada, Sir Arthur said he expected to see a large number of the Scottish people come out to Canada, next year. This was due to over-population in Scotland, and the people of his country preferred to emigrate to Canada, in preference to any other country.

Six children of the west side, Margaret MacVicar, Doris Whipple, George Trearlin, Melvin Colwell, Ellis Burke and Agnes MacVicar, held a bazaar this week at 17 Lancaster Heights. The sum of \$15.50 was turned over to the West Side orphanage to provide a treat for the children.

Stores open 8.30 a.m.; Close 5.55 p.m. Friday 9.55 p.m.; Saturday 12.55 p.m.

Reflect Your Personality Through Your Choice of a Gift For The Autumn Bride

There are many more and your inspection of them is invited. (Art Room, Germain Street Entrance.)

Manchester Robertson Allison Limited KING STREET GERMAIN STREET MARKET SQUARE

FARMER ACCUSED OF MANSLAUGHTER

Alleged to Have Caused the Death of Girl While Driving Truck.

Montreal, Sept. 9.—Illego Cloutier, a farmer, of Ste. Rose, was arraigned before Judge Amedee Monet on a charge of manslaughter in connection with the death of Anita Lawless, seven years of age, who died in the St. Justine Hospital on August 29 from injuries sustained two days before when Cloutier is alleged to have run over her while driving an auto truck. Cloutier was held criminally responsible for the girl's death by a coroner's jury.

Evidence showed that the child was crossing the street near her home at 474 Visitation street, when she was knocked down by the truck, sustaining a badly fractured leg. Blood poisoning complications resulted in her death at the St. Justine Hospital. A warrant for Cloutier's arrest was sworn out on the order of the coroner. He denied the charge of manslaughter when brought before Judge Monet and was remanded for preliminary hearing on September 13. Bail was set at \$1,000.

AGED FARMER'S SON SHOOT'S ASSAILANT

John McDonald Felled in Alleged Attempt at Robbery.

Windsor, Ont., Sept. 9.—John McDonald, thirty-six years old, 804 Brant street, was shot tonight when he attempted, it is alleged, to hold up and rob John McAuliffe, farmer, at Midstone Cross, nine miles east of Windsor. McDonald, who was a passenger in an automobile driven by Clayton Pastorius, Windsor taxi driver, was hearing McAuliffe, according to the police, when Cyril McAuliffe, twenty-three years old, son of the aged farmer, drew a 38-cal-

**WOULD COMBAT THE CAUSES OF POOR EYESIGHT**

New York, Sept. 8.—A campaign to rid the nation of the enormous waste caused by defective eyesight will be begun in the near future by John J. Tigert, United States commissioner of education, aided by a group of prominent educators who have just been elected to the board of councillors of the eye-sight conservation council of America.

This announcement was made after a visit of Mr. Tigert to Columbia University, where for the first time university summer classes in eye conservation were held this year.

The council, which is composed of men prominent in industry, in education and in the public service, will, according to the announcement, co-operate with Mr. Tigert in the work of eye conservation, which is to be intensively carried out in the class-rooms and workshops of the nation.

**GEORGE RETURNS, NO JUBILATION**

Prince of Yugoslavia a Bit of Worry to King Alexander

Belgrade, Yugoslavia, Aug. 15. — A. P., by mail.—Prince George has com-

back to Belgrade from Paris, and there are some people here who wish that his indolent, care-free life in the French capital of recent years had proved sufficiently attractive to keep him there.

George is the eldest son of the late King Peter. As for the throne, he has renounced it, and his brother Alexander is sitting there with his new queen, Marie of Roumania, at his side. Together they are busy with the formalities of court life.

George has said in substance: "Here am I, George, son of Peter. I would like to have the status of my relationship to this government definitely fixed. I have not the means to live properly, either here or abroad. My brother the king has denied me my legitimate allowance. In the meantime, I would like a commission in the army. How about it?"

And of course George has friends, some of whom have interpellated parliament as to why George is not granted the position to which his birth entitles him.

George presents a knotty problem. King Alexander is credited with wishing that he would go to the United States, or some other distant land, and refrain from embarrassing the government.

**LOCAL NEWS**

Five affidavits need to be sworn out and then all the petitions circulating in regard to the recall of Mayor McLellan will be complete. An effort will be made to clear up the whole matter over the week-end and have the lists in the common clerk's hands for checking next week.

It was announced yesterday afternoon by H. A. Porter, manager of the St. John exhibition, that reduced rates would be put into effect for entrance to the big show today. Instead of thirty-five cents for adults, the charge for adults today will be twenty-five cents and the children's fee will be reduced from twenty-five to fifteen cents. Entrance to the grand stand will be free. The full open-air programme will be given in front of the grand stand at 8:30 o'clock, but there will be no evening programme, as the performers will leave on the afternoon trains to show in other places.

So far from typhoid being unusually prevalent this season, there is much less this year than last year, according to the statistics which are filed at the office of Dr. William Warwick, medical officer for the sub-district board of health. This year there were eight cases of typhoid reported in August, and last year there were sixteen. Several of the sixteen, however, were in the county and not in the city.

For residents of the city the doctor was specially urgent in his recommendation that they guard against fly-infected food.

A verdict of not guilty was returned by the jury in the case of Archie Caswell and Herbert Hamilton, charged with interfering with a church service at Brown's Flats on July 2. The three brothers were charged by Rev. C. G. Pincombe with riotous behaviour and with breaking up a religious meeting at Brown's Flats by refusing to allow the minister to enter the church. Mr. Pincombe is in charge of the circuit which includes Brown's Flats, Oak Point and Jerusalem. B. L. Gerow conducted the prosecution and G. H. V. Belyea and Francis Kerr were counsels for the defendant.

**FINE OLD MANSION BURNED.**

London, Sept. 9.—Greatford Hall in Stamford, Lincolnshire, a fine example of a fifteenth century mansion, was destroyed by fire this week. The owner, Major Fitzwilliam, and his wife and children and servants lost everything they had in the place, including all their clothing.

Summer time brings many children back to the old home—among pleasant memories renewed will be the Tea they used in childhood—"RED ROSE."

RED ROSE Crushed COFFEE pleases particular folks.

**BEAVERBROOK SCHOLARSHIPS ARE ANNOUNCED**

This year's awards of the Beaverbrook scholarships were decided upon yesterday at a meeting of the committee held in St. John and the successful can-

didates have been announced as follows: Miss I. Harriet Roberts, St. John; Miss Florence Raymond, Fredericton; Fred J. Forbes, Sussex; Miss Edith C. Hallett, Sunny Brae, and Byron W. Flegers, Chatham. The scholarship gives \$325 a year for four years to each of the successful candidates to enable them to attend a non-denominational college. Miss Harriet Roberts, who is the successful St. John candidate, has also won the St. John High School Alumnae scholarship, the Corporation Gold Medal and was the valedictorian of the high school graduating class in 1922. Miss Raymond was the leader in the high school at Fredericton and Fred J. Forbes led the province in the matriculation examinations.

The Beaverbrook scholarships have been awarded for three years and there are now fifteen New Brunswick students whose college education is being aided by the Beaverbrook scholarships. The committee which selects the candidates consists of Judge Crochet, chairman; His Honor the Lieut.-Governor William Pugsley, F. B. Ellis and S. Dow Simmons, of Fredericton, the secretary. The committee had twenty-five applications to consider this year.

St. Andrews-by-the-sea, N. B., Sept. 8.—Before a large audience gathered for the occasion, Miss Van Horne, daughter of the late Sir William Van Horne,

presented to Scoutmaster Stevenson the keys to the new clubhouse built by Miss Van Horne for the use of the Boy Scouts of St. Andrews. The structure is situated on Prince of Wales street and occupies two town lots.

**What Sanitization Means To Purity**

When you take the best ice cream mixture that can be produced and freeze it in an atmosphere 100 times purer than ordinary air, make up your mind there's nothing purer known to science.

That's how PURITY Ice Cream is made, with rich, fresh, heavy cream, natural flavorings and other good things, just as pure. The test is in the trial.

Ask the Purity Dealer at the Exhibition, or anywhere in town.

PREST-O-LITE reputation is a constant reminder of Prest-O-Lite performance. The satisfaction that this performance creates is evidenced by the increasing number of car owners who have chosen Prest-O-Lite Batteries as original equipment. The majority of Canadian-built motor cars have Prest-O-Lite Batteries as original equipment, and the list is increasing steadily.

Prest-O-Plates, an exclusive feature of Prest-O-Lite Batteries, make them batteries of unusual endurance.

Prestilite Service and Distributors.  
Sub Service—H. S. Robinson, Main St., Fairville.

**A COMPLETE OCEAN Service**  
—the WHITE STAR DOMINION Way

A half-century of carrying ocean travellers has brought White Star Dominion service to the highest standard attainable. This service is exemplified in the Magnificent, swiftest, second and third class passengers; in the new Regina, and the Canada and Ontario.

Other services in England and the Continent are provided by the White Star, Red Star and the American Line steamers sailing from New York every Saturday.

NAGLE & WIGMORE, 147 Prince William Street, St. John, N. B.

**DODGE BROTHERS MOTOR CAR**

A constant unremitting process of betterment has been Dodge Brothers policy from the first. Consistent with that policy, the body lines of the car have recently undergone a new and distinctive revision in design.

The new radiator is singularly smart and graceful. The cowl is higher, and more vividly expressive of the car's roominess and abundant power.

Further improvements in the vital mechanism have notably increased the excess margin of strength which has always characterized the car in every rugged detail of its structure.

Glenn Mawr Residential and Day School for Girls

Principal—MISS J. J. STUART. Large, well-ventilated house, pleasantly situated. Highly qualified staff of Canadian and European teachers.

MOST SOLDIERS DOING WELL ON FARMS OF N. B.

Few Failures, But These Were Due to Exceptional Causes, Says C. W. Cavers of Ottawa, Who Came to St. John Last Night.

C. W. Cavers of Ottawa, of the Soldier Settlement Board, arrived in the city last night after visiting a number of the farms throughout the maritime provinces upon which soldiers have settled.

Mr. Cavers said that it was a little early to talk about the results of this year's work on the farms as the crops had not yet been all gathered. A good deal of hay, Mr. Cavers said, had been destroyed by the recent frost and the hay crop and, generally speaking, the veterans on the farms are making satisfactory progress.

Last year, owing to the failure of the hay crop and the market conditions many settlers found that they had little feed for their stock, while under the plan laid down by the Dominion parliament for stock and equipment over a long period of years.

Mr. Cavers expects to leave the city on Monday to go to Woodstock, where he will look over conditions on the farms under the supervision of the Settlement Board, after which he will return to Ottawa.

In speaking of the maritime provinces Mr. Cavers said that up to August 1 of this year there were 605 men settled in New Brunswick under the Soldier Settlement Board with loans aggregating \$1,869,176.

Throughout Canada a total of 28,369 men had been settled on farms by the board and notwithstanding this large number there were many applications being received from men who wish to go on the land.

The soldier patients in the Lancaster Military Hospital visited the exhibition yesterday early in the afternoon and remained until late at night, enjoying themselves to the fullest extent.

Some cases of failure were due to the fact that the land was not suited to the branch of farming undertaken. Forty number three were not successful in very small comparison with the number who are doing well and who will eventually be able to discharge in full their obligations to the government.

**LOCAL NEWS**

**TO BE A NURSE.**  
Miss Annie V. Flynn of 22 Millidge street, has entered the General Public Hospital to train as a nurse.

**MATCH AT HAMPTON.**  
Two fast games of baseball will be played at Hampton this afternoon, when the Telegraph and Times aggregation cross bats with the Hampton team.

**TRAFFIC CASES.**  
Karl C. Fraser, reported by Policeman Young, and Lorne Hasen, reported by Sergeant Rankine and Policeman Sheehan for traffic violations, did not appear this morning to answer to the charges against them.

**WON FIRST PRIZE.**  
Mrs. Teresa Hansen, 28 Douglas avenue, was awarded first prize for a landscape oil painting in the art division of the exhibition. This award was inadvertently omitted in the copying of the prize list.

**A SISTER SHIP.**  
Angelo Costanzo, arrested some time ago on complaint of the captain of the steamer Wage, and who had been in the hospital suffering from pleurisy, was before the court this morning, having been brought from the hospital yesterday. The steamer has sailed, but there is another of the same line in port, and it is expected that he will be put aboard that when she is ready for sea.

**POLICE COURT.**  
One man charged with drunkenness this morning was fined \$208 or eight months in jail. Another man arrested on the same charge was not in a condition to appear.

**GIRLS IN LEAD.**  
The girls greatly outnumbered the boys in the list this week, there being twenty-four of the former and only nine of the latter, a total of thirty-three. Thirteen marriages were performed during the week.

**DIED TODAY.**  
The death of Mrs. Fannie Fleming, widow of William Fleming, occurred early this morning at 268 Prince Edward street. She leaves one sister surviving, Mrs. Samuel Cochrane, of this city. Funeral arrangements have not as yet been completed. Many friends will be sorry to learn of her death.

**TRANSFER COMPLETED.**  
Transfer of the Wiggins Male Orphan Institution property to the Roman Catholic Bishop of St. John was completed yesterday. It will be used as a school in St. John the Baptist parish, of which Rev. J. J. McDermott is pastor. Father McDermott said today that renovations will be made, but the building will not be ready at least before the next school term.

**SEVENTEEN DEATHS.**  
Deaths to the number of seventeen were recorded in the city during the week, from the following causes—Cholera infantum, one; pneumonia, mena, uremia, inanition, malnutrition, chronic nephritis, bronch pneumonia, infarct of lungs, pulmonary abscess, pulmonary edema, one; typhoid, one; apoplexy, shock, carcinoma of stomach and liver, carcinoma of stomach and intestines, cancer of face and throat, congenital heart disease, one each.

**IN THE MARKET.**  
Business was just fair in the city market this morning. The following prices were quoted—Beef, 20 to 30c; veal, 15 to 20c; lamb, 20 to 35c; mutton, 12 to 18c; pork, 25c; ham, 30 to 35c; bacon, 40 to 45c; chicken, 40 to 45c; fowl, 25 to 30c; green tomatoes, 25 to 35c; beans, 30c; prunes, 10c; squash, 8c; peck; cauliflower, 10 to 20c; cabbage, 10c; celery, 10c; lettuce, radish, mint and parsley, 5c; beets and carrots, 7 and 8c a bunch; onions, 10c; squash, 4 to 6c; green peppers, 10 to 15c; a pound; blueberries, 10c; cranberries, 12 to 15c; a quart; corn, 25c; a dozen; eggs, 45 to 55c a dozen; butter, 30 to 35c a pound.

**WATER DEPARTMENT WORK.**  
The work which has been carried on in Queen street under the direction of the water and sewerage department, is to be completed this afternoon. Commissioner Wigmore said this morning that good progress was being made in all the work of the department. A new connection was being placed at the corner of Queen and Pitt streets. A bad leak was discovered in the gate house at Spruce Lake. An attempt was made yesterday to make repairs, but there was some obstruction in one of the wells, the work will have to be done later. It is expected that a crew will be on the job on Sunday afternoon. One of the twenty-four-inch wells will have to be closed and the well drained before repairs can be effected.

**L. O. B. A. VISIT.**  
On last Wednesday evening Talk Lodge, No. 136, L. O. B. A., Kings Co., paid a fraternal visit to Dominion Lodge, No. 18, L. O. B. A., in their hall in Simonds street. In the afternoon the members took in the exhibition. Mrs. Geo. Oram, Mrs. Oscar Brentnall and Mrs. E. H. Stacey entertained the visitors to supper, after which they went to the hall, where a nice programme of music was enjoyed. The meeting was then called to order by the W. M. of Dominion Lodge. Mrs. J. Tracey, W. M. of Talk Lodge, was called to the platform. Two of the members of Moncton Lodge were also given a welcome by the worthy mistress on behalf of the lodge. There were also present members from Johnstone, No. 19; Cullon, No. 36; and Baxter Lodge, Fairville. One new member was initiated. Ice cream and cake were served by the members at the close. Mrs. Oscar Brentnall and Mrs. Stacey were responsible for the programme. All voted a very enjoyable time.

**COTTON INVESTIGATION.**  
Washington, Sept. 9.—A broad investigation by the senate agricultural committee into the methods and practices employed in the marketing of cotton was ordered by the senate yesterday in the adoption of a resolution by Senator Smith, Democratic, South Carolina, which seeks to determine whether there is interference with the law to supply and demand in the cotton market.

**MORE NEWS ABOUT PROPOSED LINE TO SOUTH STATES**

Talk About Potato Ware house Here—Another Meeting on Next Thursday.

Mr. Cunningham, dominion plant pathologist and potato inspector for New Brunswick, who attended the conference at Sackville Thursday, relative to steamship service to the Southern States, a report of which was published in the Times yesterday, was in the city since that meeting, and called on the secretary of the Board of Trade, seeking information along production and export lines.

In connection with the proposed steamship service, the matter of a frost proof potato warehouse at this port, has again arisen, and according to Mr. Cunningham an agreement has about been completed between the government and the C. G. M. M., that if the proposed route is established, the much needed building will be erected.

The public works department, upon inquiry, say that they have no notice of any such move, but J. C. Chesley, agent of the marine department, is in Ottawa at the present time, and it is thought that this matter may be under discussion between the agent and the department, and he may have an announcement to make when he returns.

As this year's crop may be disposed of in the southern market if prompt action is taken, a meeting of producers and dealers along with those who were in conference at Sackville, has been called for this city on Thursday, so it was announced this morning. It is hoped to have W. A. Cunningham, general freight agent of the C. G. M. M., present at the meeting. As yet, no official announcement has been made that this service will be taken up by the C. G. M. M., more than any other line, and the local office have no particulars, but as the office of the line taking an active part, it is presumed that they expect to establish such a route. After the meeting on Thursday, interesting announcements, both as to the line and the warehouse, may be expected.

**DISORDERLY HOUSE CHARGE**

In the police court this morning, Mrs. Frances Cobell was charged with being the keeper of a disorderly house in Chapel street, and Mand Thompson, Elizabeth O'Brien, Gordon Paris and Aaron Craig were charged with being inmates. All pleaded not guilty.

Sergeant Sullivan said that in consequence of complaints he had the house under observation and this morning about one o'clock, with Policeman Gaudet and Kilien he visited it. He said there had been drinking there in the afternoon. He said they had found an undesirable condition of affairs there. He said he thought Paris belonged in Halifax. He thought Craig belonged in Millinocket, Maine.

Thomas Mulse said he lived in another part of the same house and that the general reputation of the woman's house was bad. People had come up and down stairs the back way and he had seen a drunken man going in there. They had danced there last night. They had tried to get his sister to go upstairs and drink.

Bernard McCormack said he lived down stairs. He had heard women cursing and swearing. He had seen drunken men go out at three o'clock in the morning. In the daytime he had seen both white and colored men going in and out. He had heard two men break in the back way and go upstairs. He had heard a noise upstairs but did not know if there was fighting or not. He was subjected to a lively cross-examination by Mrs. Cobell.

All the accused were remanded.

Two children, one aged ten months and another three years, the children of Mrs. Thompson, were taken to the Children's Aid this morning by Police Matron Miss Ross.

**PRIZE WINNERS AT ROTHESAY TENNIS**

The prizes for the Rothersey Tennis Club championships played off this year will be presented to the winners this afternoon on the club courts by Premier Foster. They embrace both the senior and junior tournaments although only the prizes for the ladies' singles were finished in the senior division.

The prize winners were: Hazen L. Short, in the senior men's singles; Mrs. D. MacLaren, in the senior ladies' singles; Jack Frith, in the junior men's singles; Miss Margaret Henderson, in the junior ladies' singles; Jack Frith and George Cudde, in the junior men's doubles; Miss Margaret Henderson and Miss Lois Fairweather, in the junior ladies' doubles; Miss Henderson and Jack Frith, in the junior mixed doubles.

It had been intended to play men's, ladies' and mixed doubles in the senior tournament but the poor weather kept the play back too far for this to be possible. The Turnbull cup for handicap mixed doubles will be played for next Saturday and players are requested either to post their entries in the clubhouse or to hand them to Miss Barbara Jack or Hazen Short.

**WRIT SERVED ON SHOPMEN'S HEAD**

Chicago, Sept. 9.—An informal meeting of western railway executives with Daniel Williams, president of the Baltimore and Ohio, the return here of B. M. Jewell, leader of the striking shop crafts and the failure of the roads to take any definite action looking toward peace marked the progress of the country-wide strike yesterday.

As Mr. Jewell stepped from the train, he was given official service of a temporary injunction issued against the shopmen by Federal Judge James Wilkinson last Friday. He accepted service without comment. He was accompanied by William H. Johnson, president of the International Brotherhood of Machinists, who also was served with the writ, and Martin F. Ryan, of the railway carmen's association. Mr. Jewell and the other leaders refused to comment on the situation in advance of the meeting of the shop crafts committee on Monday.

**There's an Old World Charm about the New Fall Hats**

Designers have gone back through the centuries for millinery ideas, and have adapted them with exquisite originality and charm for fall.

You will exclaim with joy when you view the many different models here—suited to ones own type and personality.

Are you light or dark—tall or small? We've a hat that's meant just for you awaiting your selection.

**QUALITY M. A. Mulvay Bros. Co. SERVICE LIMITED**

Children's Barber Shop—4th Floor. Sept. 9, '22.

MANY HAVE REDUCED ARMAMENTS

Reports to League of Nations Assembly—Haitian Holds Meeting by Eloquence. Geneva, Sept. 8.—Reports presented by the council of the League of Nations on reduction of armaments yesterday afternoon to the third assembly of the league show that in more than a score of countries which furnished figures, restriction of military outlay has been begun. Great Britain reported a reduction of 55 per cent. in naval tonnage, France 98 per cent., Italy, 46 per cent., and Japan, 59 per cent. In land armaments, France reported a reduction of 200,000 men under arms and shortening of the term of military service by one year. Sweden also reported cutting her military service in two. Italy reduced the period of service and suppressed eighty-eight battalions of infantry. Poland reduced her army of a million men but failed to give figures, while Switzerland reduced from 70 per cent. to 55 per cent. the proportion of her men eligible for military service. Delegate Bellegarde of Haiti made the most eloquent speech of the session. He reviewed the work of the council and demanded an investigation of the operations of a punitive expedition sent by the South African government some time ago against the natives of Southwest African territory for which South Africa has the mandate. The Haitian impressed the assembly as if it were possible that women and children could be slaughtered by airplanes, bombs and machine guns operated by maniacs under the authority of the League of Nations.

APPROVE OF MARTY WELSH'S SCHOONER

Gloucester, Mass., Sept. 9.—The schooner Elizabeth Howard, sailed by Captain Marty Welsh, twice skipper of the U. S. entry in the international fishermen's race, has qualified as challenger for the 1923 trophy in case she is the victor of the U. S. elimination trials over her early next month. This announcement was made today by the U. S. committee after receipt of a telegram from H. R. Silver of Halifax, saying that the Nova Scotia trustees had accepted favorably on the schooner. She is one of the fastest of the Gloucester fleet. A telegram said that the plans of the Mayflower sailed to Halifax at the request of the trustees had not arrived, and consequently no action had been taken regarding the Boston schooner, which was ruled out of the race last year. At a meeting here last night 300 gentlemen entered the contest as the U. S. challenger should she win the trial.

TWO SAILORS SACRIFICED TO SAVE SUBMARINE CREW

Stockholm, Aug. 21.—(A. P. by mail).—Two men were drowned from a submarine under singular circumstances during the recent Swedish coastal fleet manoeuvres. They were really sacrificed to ensure the safety of the whole crew. The submarine Ilern, it appears, fired a torpedo at a movable target and then came to the surface in order to see the effect produced. Four of the crew came on deck, but trouble suddenly occurred in the ballast tanks, and the commander immediately closed the hatch and submerged, leaving the four to their own resources. Three of the men were washed off the deck, but the fourth clung to the submarine's periscope. The submarine rose again quickly and this man was rescued. Two of the men in the water, including a son of Admiral Ancarona, were caught in the wash of the battleship Sverige and drowned. The other man was picked up by a naval cutter. It is reported that the entire crew of the submarine would probably have been lost if the commander had failed to submerge immediately the trouble was discovered.

CLAYTON CO. Undertaker, Embalmer

Phone No. 718 81 Princess Street

Notices of Births, Marriages and Deaths, 50 cents.

BIRTHS

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

NOTED ARTISTS HERE MONDAY

St. John People Have Remarkable Music—Feast in Store. The concert to be given at the Imperial Monday will be noteworthy by reason of the eminent conductor, Augusto Vannini; the brilliant personnel of the orchestra and the wonderful attractive programme which has been arranged. Maestro Vannini is known throughout the country for his long and useful service as a leading member of the Boston Symphony Orchestra with which organization he has been associated for over thirty years. As one of the prominent members of the New England Conservatory of Music Faculty he has developed artists who are commanding attention in the states as well as in Canada. The players of the Boston Symphony Ensemble are artists of note. They are soloists on their instruments and the various compositions chosen display their marvelous qualities and technique and tone. What a privilege to hear the French horn as played by Mr. Wendler, who is the leader of the French horn section of the Boston Symphony Orchestra! There are four French horn players in the orchestra, and Mr. Wendler is the soloist of the quartet. How many of us are familiar with the oboe with its quaint shepherd-like tone? The oboe is invariably used by the great composers to give an atmosphere of mystery. Mr. Stanislaus, who for many years was a member of the King's Court Orchestra and is considered one of the leading authorities on his particular instrument will play the solo passages. Then we will hear all the instruments of the string section; the violins, viola, cello and double bass, performed by the Ensemble. Such a combination of artists presenting a programme of the greatest variety is a reason for the interest shown in the forthcoming appearance of the Ensemble.

The steamer Sachem is due to sail from Halifax for St. John on September 20, and the Digby on October 7. The steamer Gran is still in the stream awaiting orders.

The White-Star liner Canopic is due at Quebec tonight and at Montreal tomorrow. Among the passengers is R. M. Smith, a buyer for Manchester, Robertson, Allison, Ltd. The steamer Caronia arrived at New York from Cherbourg on Friday.

The steamer Albania sailed from Liverpool for Montreal and Quebec on Thursday, with 392 cabin passengers. The steamer Saturnia sailed from Montreal for Glasgow on Friday.

The steamer Ausonia, from Liverpool, was held up by fog, and will not arrive at Montreal until Monday.

Farmers and U. S. Tariff. Washington, Sept. 9.—Farmers of the U. S. want the tariff rates proposed by the senate for agricultural products retained in the administration bill, the executive committee of the house farm bloc was told yesterday by a delegation representing thirty national farm, livestock, dairy, wool and poultry organizations. The house farm bloc leaders were urged to insist that the house accept the senate rates which are now in conference.

BOY IS KILLED. Soo, Ont., Sept. 9.—Jack Parish, seven years of age, son of Mr. and Mrs. J. H. Parish, 103 Lansdowne avenue, was instantly killed yesterday near Point Aux Pins, when a double-barrelled shotgun was accidentally discharged as he was taking it from a rowboat to go duck shooting.

BISHOP TO KENT COUNTY. Rev. Roy McDonald returned home last evening after accompanying His Lordship Bishop LeBlanc on the pilgrimage to St. Anne de Beausse, Quebec. His Lordship did not return to the city but went to Kent county on a confirmation tour. He is expected home in about a week.

THE BATTLESHIP IRON DUKE TO SMYRNA

With the battleship King George, the Iron Duke has been ordered to Smyrna, the seaport in the province of the same name to protect British interests in the trouble of the Greeks and Turks. French, Italian and United States war ships are also on the scene.

A BIG WINTER AT SOCCER EXPECTED

Wealth of Talent for English Football Season

Rules Remain Unchanged, but Closer Check on Foul Play, With a Black List—Reports from the Prominent Clubs. London, Aug. 26.—(By mail to the Canadian Press)—Already we are with the excitement of the great winter game of soccer. The gap between soccer and another game seems to grow less and less every year. Practice games are in full swing for a month before the opening of the official season, and under the conditions laid down by the football association for summer play, the coffers of various charities are benefiting by the proceeds from such of these games as are open to the public. This indeed, is their saving grace, for August football annually calls down a storm of protest from summer sports enthusiasts who aver that it is unfair, unnecessary and unwanted. Whether it is unfair or unnecessary is, of course, open to question, but an emphatic answer was given early in the month to the last assertion when 10,000 enthusiastic spectators assembled at Stamford Bridge to watch Chelsea's first public exhibition of the season. There is no doubt about the popularity of soccer at any time. With regard to the laws of the game, these remain unaltered. An attempt by Scotland towards the end of last season to alter the rules met with strong opposition from the English governing body and consequently was not pressed. The English authority, however, has given much attention to another matter, which is necessary reform—legislation dealing with foul play, of which there were many last season. In future referees and linesmen will have greater power in dealing with unsportsmanlike conduct on the field and the very fact of a referee cautioning a player, necessitates a report to headquarters on the matter. A black list will be compiled containing the names of all such delinquents. By this means it is hoped to stamp out anything that may bring the game into disrepute. Another incident of the close season not yet finally cleared up is the reduction of players' wages by the F. A. At the time there was every indication of a strong resistance on the part of the players and rumors of a strike were current. However, from the fact that the answer to the call by headquarters it would seem that no strong measures are anticipated by the Players' Union who following so many adverse financial reports from the clubs, have perhaps been persuaded that the reductions were, to a certain extent, justified. As a sequel to these reductions was the presentation of some sort of a case by both supporters and players for reduced admission fees (now shilling), but this reduced its deathblow by the revelation that last season's attendances were far below the average and receipts consequently not nearly sufficient to cover expenses. All this had one inevitable result—directors wielding the economy axe at every possible opportunity. Wages have been drastically cut down and a strong reaction against the exorbitant transfer fees of last season has not set in. Many big clubs are arranging special facilities for the cultivation and encouragement of local talent in the hope that they will not require to buy players at all. This is good for evil—for the practice of demanding thousands of pounds for a player was nothing short of evil. A glance at the fixture list shows that the ensuing winter is likely to be as crammed with interest and excitement as any of its predecessors. There is a wealth of talent available, the professional ranks having been swelled by the influx of many youthful exponents who despite the lowered wages, seem to think football a more desirable and lucrative means of livelihood than that of following a trade. This influx, together with the clubs' action of cutting down their list of paid players has resulted in those players who have not re-signed with their old clubs finding some difficulty in securing fresh engagements. Reports from the clubs are generally encouraging.

AT THE WINNIPEG POLICE GAMES

An interesting and interested group of spectators at the Winnipeg police games recently held. Left to right: Chris H. Newton, Chief of Police; Mrs. John Bracken, wife of the Premier of Manitoba with one of her sons; Premier John Bracken with another member of his family; Sir Hugh John Macdonald, Police Magistrate of Winnipeg, and son of the late Sir John A. Macdonald.

NO ONE HURT.

Employees on the new rink in Dufferin avenue had a narrow escape from serious injury this morning when a large girder which was being hoisted fell.

LOCAL QUITS

The members of the Thistle Quits Club are about concluding a successful season on their rink near the Thistle Curling Club rink, where some twelve young men have been playing two evenings a week throughout the summer. In an interesting match the other day Gamblin and Ricketts defeated Murphy and Copp and McIvlen and Colgan won from Ryan and Kelly. McIvlen and Colgan then defeated Gamblin and Ricketts. Then came the play off for prizes between Colgan and McIvlen, the former winning a pipe as first prize and the latter a box of cigars for second. In a match last month, Murphy and Colgan defeated Gamblin and Copp by twenty-one to nothing, something unusual in the game.

FERRY TRAFFIC LIGHTER

The traffic on the Carleton ferry showed a marked falling off during August compared with the corresponding month last year. The passengers carried totalled 114,187, with a revenue of \$1,764.27, a decrease of 44,706 passengers and \$722.57 from August last year. The number of teams carried was 8,862, a falling off of 2,148. The total loss in revenue from August of last year was \$881.16.

MARY A. HOWE.

After a short illness, the death of Mary A. Howe occurred on Saturday morning, September 2, in the General Public Hospital. Mrs. Howe was seventy-five years of age. She had been sick only a short time and her death came as a great shock to many friends and relatives at home, where most of her married life was spent. Mrs. Howe was the widow of Charles B. Howe of Norton, and is survived by two sons, one daughter, and two brothers. The sons are R. W. Howe of Avonmore and W. C. Howe, Chicago; the daughter is Mrs. Albert Wiles, St. John, and the brothers are John Mercer, Norton, and Thomas Mercer, Torryburn. The funeral took place on Monday afternoon from her late residence, Norton. Interment was in River Bank cemetery.

LATE SPORT NEWS

New York, Sept. 9.—A contest between Pancho Villa, Filipino boxer, and Johnny Buff, American flyweight title-holder, for the flyweight championship of the world will be held on Sept. 12 at Ebbett's Field, Brooklyn, so it was announced today. New York, Sept. 9.—Boxers of obscure reputation who are signed for bouts under the jurisdiction of the New York state athletic commission, must hereafter be one of a number of Whites, and advance of contests in which they are to appear, according to a new rule adopted by the commission.

FROM OLD FILES

Among the few newspapers in the world that can print daily news stories or editorial utterances that appeared in its columns just a hundred years ago is the London Times, and it is keeping up this interesting custom. On Aug. 19 these examinations of what had been buried for a century consisted of some remarks—curiously calm—on the question whether the Londoner ministry, just dismissed, was or was not to be succeeded by one of the Whigs, and of a decidedly merry tale about a breach of promise case which had been tried and was decided the day before in the town of Bath. The suit was notable then, as it would be now, because the plaintiff was regarded as he would be now, as a ridiculous and incomprehensible creature, but the Times hinted, instead of expressing its derision, and treated the proceedings with well affected gravity. The matter of money with which to mitigate the pain of the jilting he had suffered was one Thomas Seymour, an officer in the navy, and the defendant was Mrs. Lucy Garside, widow of a major, and described as "in every way deserving of attention—handsome, accomplished and of considerable fortune"—unquestionably a real and serious loss. The promise to marry was not denied, and admitted, too, was what caused the lady to change her mind. She had discovered after entering into the engagement, she claimed, that Seymour's family was "in trade"—that his mother had married a wine merchant who also sold at retail, his "pub" being known as "The Bunch of Grapes." Apparently this awful fact had been concealed from her during the courtship, which was brief but vehement. At any rate, she decided the reason she gave for refusing to marry Mr. Seymour, and he and his counsel did not think it adequate. Neither did the jury. They decided that the gentleman's grievance was a real one and that the innocent fair one should pay him forty shillings. Probably he took it—a man who in any age would sue for breach of promise—or any woman either, for that matter—would take anything.

STOP THE TONGUES OF THE GOSSIPS

(Bangor Commercial). Everybody knows that of making laws there is no end, but if ever a law was justified and deserves recommendation to other states it is the one against slander which has been in operation in Indiana for a little more than a year. It is a law which is unlawful for anyone to repeat a false and defamatory statement, even if it is repeated as the word of some other person, if the statement is such as might subject the victim to prosecution for a criminal offense or should injure him or her in reputation or credit. Much criticism has been directed against the law, and are doing their utmost to encourage local talent. Derby County. Steve Bloomer back again and putting all players through strenuous training. Bloomer says his impression is that Canadian football has made great strides but has some way to go yet before it reaches English standard. Queen's Park Rangers. Signed on more new players than ever before, including Leach, halfback from Aston Villa. Swansea. Prospects good. Secured Ward, a half-back from Chelsea, among others. Watford. Move to new ground is hoped to bring increasing success. Northampton. Thirty-nine players signed. Newton of Bradford City and Brown, last year's Swansea captain are included in newcomers. Fulham. No radical changes. Players have all re-signed. Millwall. Twenty-six professionals engaged, including eleven new men. Heavy programme to get through—League and 3 cups. Clapton Orient. Mainly relying on last year's players. Defence very strong, but forward line weak. The engagement of a "class" centre-forward would bind team together. Much criticism at letting half-back Pearson go. Newport County. Making a bold bid for championship. Much enterprise is shown in the engagement of new players. Brantford. Twelve new men entered on list. Hopeful of improving on last season's position. West Ham. Ten new players engaged. Forward line reconstructed. New men include...

JUVENILES IN COURT. Some juvenile cases were scheduled to be taken up this morning in the police court behind closed doors. Six boys were charged with desecrating the Lord's Day by playing ball in a yard off Bentley street last Sunday. They were reported by Policeman McFarland. James A. Springer was reported for striking a ten year old girl. Her mother is the complainant. Three juveniles were reported for desecrating ornamental trees in Queen Square last Thursday by Special Policeman Leo Blizard.

A String Holder. Paint the old funnel white and use it in the kitchen to hold a ball of twine, the end coming out the spout. It will save that everlasting hunt for an elusive piece of string when you are in a hurry.

THE POPE ON FASHIONS. The Pope has ordered instructions to be prepared regarding the "present immodesty of fashions" and sent to all Catholic bishops, says a report from the Vatican. In recent years all Popes have condemned many twentieth-century customs and fads. The most notable condemnation was that of Pius X. (1903-1914) in his famous diatribe against modern dancing, especially the Tango. The present Pope, Pius XI, is the first specifically to take exception to women's dress, though former Pontiffs several times exhorted women to return to more modest ways. Pius XI began his campaign during a reception to the Roman aristocracy when he invited the women of the nobility to join in a crusade against certain present fashions, which he described as "scandalous and indecent."

Use the Want Ad. Way. It is well known that this is a point on which the Pope feels strongly, and the more because he has the highest opinion of women and is a strong believer in their value as a powerful factor in the struggle of humanity to reach a higher plane. When Archbishop of Milan he once said, "Women are a great power for good. It is merely the few who, by keeping themselves always conspicuously before the eyes of the public, give cynics and cheap humorists their chance to throw mud at women in general. But a world without woman's refining influence is a thought terrible to contemplate. Women should agree not to allow a few of their number to bring discredit upon them all, and the Church should do all in its power to prevent bad from contaminating the good."

ALL'S WELL OVER SPEECH OF LLOYD GEORGE RE INDIA

Council of State Defeats Motion Expressing Apprehension and Disappointment.

London, Sept. 9.—(Canadian Press Cable)—The India legislative assembly, says Reuter's India correspondent, on Thursday by a vote of 48 to 34 passed a resolution expressing grave concern as a result of Premier Lloyd George's recent speech in the house of commons in reference to the future of India, as conflicting with previous declarations of British policy regarding self-determination for India and the Indianization of the civil service. Premier Lloyd George was reported to have said that India would require the guidance of the present civil service organization for an indefinite period. In reply to criticism from India, the premier later declared that his speech should not be interpreted as a change of British policy with regard to India. London, Sept. 9.—Following a keen debate the Indian Council of State, by a large majority rejected without a dissenting vote, a motion expressing apprehension and disappointment over Premier Lloyd George's speech relative to India's future, according to a Reuter despatch from Simla. The rejection of the resolution was the result of the earnest appeals by several Indian members of the council of state to their colleagues to drop the matter as their fears were groundless, and an appeal from Sir William Vincent, representing the home department of the executive council of the governor-general, for the maintenance of the hour's reputation for sobriety and wisdom. One Indian member declared that he would have wanted the civil service for years to come. There were cries of "no" when Sir William Vincent asked whether the house wished to cease recruiting British officials.

LUNCH AT THE UPTOWN TEA ROOM

The other day, being in town at lunch hour, I dropped into the Uptown tea room for a cup of tea. Upon picking up the menu I decided to try their 85c dinner. I ordered the soup, which happened to be my favorite, and seldom have I tasted it so well seasoned. It being Friday, I took the fresh salmon and vegetables, which were served to me at daintily and appetizingly as if I were home. Lastly a pot of fresh tea and a delicious slice of pie was placed beside me. I came out thanking the fate that I was so favored, and seldom have I had received for only 85c.

PERSONALS

Rev. J. A. Swetnam of Waterloo street Baptist church has returned from his vacation and will preach at both services tomorrow. Mrs. Lyden and little son, John, returned today from St. Anne de Beausse, where they attended the annual pilgrimage. The Misses Clair McLean, Winifred Morrow and Gretchen Myers of this city and Miss Mary Murray of Boston will be among the passengers leaving on the S. S. Governor Dingley for Boston tonight. Miss Mary Scovell of Fredericton, who has been the guest of Rev. A. H. Croft and Mrs. Croft during exhibition week, is to leave for her home this evening. Winifred Kelly of Charlottetown, Mass., who has been spending the summer with his uncle, William McGeivern, Britain street, will leave on the S. S. Governor Dingley tonight for his home in Lynn, Mass., after visiting Mrs. Bedford's family. Mrs. Kelly will accompany Mr. Kelly as far as Boston. While in the city Mr. Kelly has been a valued member of the Telegraph-Times ball team. Miss Annie Travis returned home yesterday from a pilgrimage to the shrine of St. Anne de Beausse. She was accompanied by Miss Elizabeth Joyce, of Philadelphia. The Rev. D. J. Fraser, D. D., principal of the Presbyterian College, Montreal, is the guest of Col. and Mrs. M. B. Edwards, Sydney street. Mrs. H. O. McInerney, who with her family, has been summering at Georgetown, E. I., returned to the city last evening accompanied by her sister, Miss Gladys Macdonald. Judge McInerney spent a few days on the island and returned with his family. Mrs. Kenneth Bedford and son, Master Leslie, will leave on the S. S. Governor Dingley for their home in Lynn, Mass., after visiting Mrs. Bedford's family. Mrs. J. Irwin, 50 St. James' street. Mrs. A. M. Taylor of 53 Paradise row, left on Thursday evening for Montreal to spend two weeks vacation, and was accompanied by Miss Etta Stratton of Montreal. The Harding, wife of the president of the United States, was taken seriously ill on Thursday night and complications set in. Grave concern was expressed yesterday by the four doctors in attendance on the case. Miss Addie Kiernan, who has been visiting her aunts, Mrs. E. Ballard and Mrs. D. Lynch, Bridge street, will leave this evening on the S. S. Governor Dingley for her home in Boston. Miss Helen Irvine and her sister, Marion, are visiting in Halifax.

**U. N. B. LOOKS FOR FAVORABLE YEAR**

About Forty Expected in First Year Class—New Equipment Obtained—Hope to Start Memorial Hall Next Spring.

Fredericton, Sept. 8.—The University of New Brunswick will be open for lectures on Monday, Sept. 18, Dr. C. C. Jones, the chancellor, announced today. The outlook for a good year is very favorable and a first year class of about forty is expected. Some few of the old students are dropping out as is always the case, but the majority of those leaving are from the sophomore class. Several new students will enter the more advanced classes, however, coming to this university to complete courses started in other institutions.

The faculty will be exactly the same as during last year, but several additions to equipment have been made, among them new apparatus for the electrical laboratory and a new motor in the mechanical department.

On Sept. 14, 15 and 16 supplemental and matriculation examinations will be held and on the following Monday lectures will start.

During his recent trip to St. John Dr. Jones conferred with Messrs. Brodie, architects, who will prepare the plans for the new memorial building to be erected in honor of those students and graduates of the university who gave their lives for their country.

It is hoped by those in charge that it will be possible to commence building the new hall early next spring. The exact location has not been definitely decided but the probabilities are that it will be placed between the arts and engineering buildings so as to complete the quadrangle.

**PRIESTS OF THE CHATHAM DIOCESE ARE TRANSFERRED**

(Special to The Telegraph.)  
Bathurst, Sept. 8.—Announcement has been made by the appointment of several well known priests of the Chatham diocese to new fields of labor. Rev. J. P. Levesque, the energetic curate at Bathurst for the past two years, has been appointed parish priest at Val d'Amour, Restigouche county. Rev. Auguste Allard is given the post of parish priest in the newly formed parish of St. Mary's, East Bathurst. Rev. Cletus Elhatton is appointed parish priest at Barraby river. Rev. Wilfred Cyr, who has been at Rogersville, will succeed Fr. Levesque as curate at Bathurst. Rev. John Doucet, of St. Charles, Kent county, is transferred to Tracadie as chaplain of the convent and lazaretto, and his parish will be taken by Fr. Bergeron, the present chaplain. The changes take effect in the week commencing September 17.

camp some generations ago, started out to find the treasure armed with spades, picks and shovels. They returned empty handed.

The rumor of buried treasure followed the capture of a stranded launch which was found to contain five cases of rye whiskey and five of Scotch. When the launch was brought to shore and its occupants taken into custody, three of the cases were missing.

**Y. M. C. A. NAMES NEW OFFICIALS**

Outlook Good For Busy and Successful Season in St. John—Mr. Pendleton Goes to Charlottetown.

The Y. M. C. A. is looking forward to a busy and successful season and is preparing for a record year. The announcement of the staff for the coming season was made last night. A. M. Gregg, who was formerly boys' work secretary for the St. John Y. M. C. A., and later has been active in the wider field of boys' work secretary for the maritime provinces, takes over his duties as general secretary of the Y. M. C. A. on Monday. He will be on familiar ground and will receive a hearty welcome from the members.

The assistant general secretary, office and social secretary will be Clarence McCully, who has been with the Bank of Nova Scotia for about five years and resigned from a position with the "Truro" branch of the bank to take up his new work for the St. John Y. M. C. A. Mr. McCully's home is in Pettitodiac. He attended the Y. M. C. A. summer school at Lake Couchiching this summer and will arrive in St. John to take over his new duties on Sept. 15.

The new boys' work secretary will be Arthur Horwood, of London, (Ont.), who has been in Association work for about three years and served first as assistant physical director and afterward as assistant boys' work secretary in London. He comes to St. John very highly recommended and will take up his new duties on Sept. 18.

Harold Williams, of St. John, son of J. G. Williams, of Hawthorne Avenue, will be the assistant boys' work secretary. He was graduated from the St. John High School this year and has spent the summer doing excellent work with the boys in the city supervised playgrounds.

Captain William Bowie will be at his post as physical director and the physical programme is sure to be a good one.

Last year R. A. Pendleton was acting general secretary and he has now accepted the general secretaryship of the Charlottetown Y. M. C. A. His friends in St. John wish him all success in his new home.

Workmen are busy completing the interior repairs, and in a few weeks' time the Y. M. C. A. will throw open its doors for another busy winter season.

The floor of the swimming tank is being beautifully tiled and put in first-class shape for the use of the large membership. The tank is noted for its filtered water and clean appearance, and the tiling will be the last word in having the equipment up-to-date.

Other improvements have been made throughout the building.

**PLUCKY WOMAN SAVES HORSES IN STABLE FIRE**

Is Knocked Down by Frenzied Equines, but Continues Work.

Aurora, Ont., Sept. 8.—A spark from a stove in the saddle-room caused a fire which destroyed the stables on Hinchburn farm, the country home of Aemilius Jarvis. Stable Manager Stevenson, with the assistance of his wife, succeeded in rescuing the eighteen horses in the building. The flames spread so rapidly that it was with difficulty they succeeded in getting the animals out. In trying to bring out two horses at once Mrs. Stevenson was knocked down and

badly bruised by the frightened animals. She stuck to her task, however, and managed to save them. Several pure-bred Airedales and six foxes perished in the flames. Aurora Fire Brigade responded to the alarm, but there was no chance of saving the building. Categat, a famous horse purchased by the dominion government for \$10,000, was in the building at the time, but was one of the first animals to be released. He is an English horse and the sire of seven Derby winners. Fire this year has taken heavy toll of the barns on the farms of wealthy Toronto citizens. At Oakville there have been a series of barn fires and a number of very valuable horses have perished.

**WASPS AND BEES LOSE THEIR HOMES**

Quarryville, Pa., Sept. 7.—Harry Good, of the Buck, while out cutting weeds recently, struck his scythe through a bumble bee nest. He managed to beat the enraged insects off with his straw hat, but was badly stung. He moved a little further down the field and began his weed-cutting again. This time his scythe struck a nest of yellow jackets. He barely lasted through the ensuing battle, his face being covered with stings. The farmer leaned up against the fence to rest. His beagle pup came along on the trail of a rabbit and ran right into the still angry and homeless bees. The dog reversed and when he reached the house he was swollen twice his natural size. Just then four cows and a bull came meandering down for a drink at the spring. The bees lit on them. The bull deserted and the quietest suffered the same fate as the dog.

**BREEDER AND HERD ARE LOST TO CANADA**

Toronto, Sept. 8.—Thomas A. Barron of Brantford has sold his choice little

**Bilious Attacks**

Are Usually Due to Constipation

When you are constipated, not enough of Nature's lubricating liquid is produced in the bowel to keep the food waste soft and moving. Doctors prescribe Nujol because it acts like this natural lubricant and thus replaces it. Nujol is a lubricant—not a medicine or laxative—so cannot gripe. Try it today.

A LUBRICANT—NOT A LAXATIVE

herd of Holsteins, except Bella Pontiac (world's champion yearly record butter cow), to John E. Glaser, Paterson, New Jersey. The sale includes a son, two daughters, one grandmother and the dam of Bella Pontiac.

As soon as Mr. Barron can make satisfactory arrangements for the disposal of his own farm, he will leave Canada to take charge of Mr. Glaser's farm and herd at Goshen, New York. Bella Pontiac will go to Goshen, but still remains the property of Mr. Barron. The reported price for the eleven head included in the sale is \$18,900.

**BOOSTS THE PORT OF SAINT JOHN**

The September issue of The World Ports, official organ for the American Association of Port Authorities, the European Harbor and Dock Association, and the Pacific Coast Association of Port Authorities, has come to hand and contains an article, written by R. E. Armstrong, secretary of the local board of trade, on the "Potentialities of a Permanent National Port—St. John, N. B." In this article, Mr. Armstrong points out the strategic location of this port and advocates development here. The American Association will hold its annual convention in Toronto on Sept. 14, 15 and 16 and an attractive programme has been prepared. Delegates from all parts of the United States and England will be in attendance.

**SMALLER TIMOTHY CROP IN THE UNITED STATES**

The timothy seed crop this year is estimated by the United States Department of Agriculture to be 8-15 per cent less than that of last year, primarily because of a small decrease in acreage. A slight reduction in yield per acre is also indicated, notwithstanding the fact that seed ripened prematurely last year, but the output of threshing machines will determine whether estimates of the yield made at the time of harvesting are correct.

Extreme heat and drought during June in some of the more important producing sections thinned many of the meadows. However, this condition was remedied to a considerable extent by rains the latter part of June and the first half of July, when growing conditions were unusually favorable.

Chevrolet Sedan \$1195

F. O. B. OSHAWA GOVERNMENT TAXES EXTRA

**Beauty—Comfort—Power and Great Economy**

This beautiful Chevrolet 4-door Sedan is a car that anyone can be proud to own. At the same time it is the world's lowest priced, high-grade Sedan, providing the privacy of a limousine at less than the cost of most open cars. The chassis is powered with the famous Chevrolet valve-in-head engine—the car foundation with which Chevrolet is breaking all world's records for the sale of standard equipped automobiles.

The body is strictly high-grade Fisher production—superior in style, comfort and durability. The Chevrolet Sedan is light in weight and splendidly balanced. It is an ideal, all-season car for the Canadian family, equally well adapted for city or country use. Its purchase price includes complete equipment—there is nothing to buy but the license, gasoline and oil.

Investigate the Difference Before You Buy.

Comparisons Sell Chevrolet Consider the equipment of this Sedan: Standard Rear Axle construction—strong, quiet, spiral bevel gears. Standard Transmission—three speeds forward and one reverse. Standard Electrical System—starter, electric lights, Remy ignition. Standard Cooling System—pump circulation, large honeycomb radiator. Demountable Rims with extra rim. Cord Tires, Speedometer, Ammeter, Oil Pressure Gauge, Turnabout window regulators, dome light, robe rail and door locks.

**The Long-Life Battery**

The actual performance of a battery in your car and not a paper "guarantee" is what counts. Since the days of the first storage battery (which was an Exide), the Exide has been earning its reputation as the long-life battery. Ask some Exide owner—they are all about you, for more cars leave the manufacturers' hands equipped with Exides than with any other battery.

The dependable, long-lasting power of the Exide means more to you even than comfort—it means dollars and cents economy.

When you get a new car you have a right to a battery of Exide quality—in other words, an Exide Battery. In replacing an old battery in your present car, insist on an Exide and if you have any trouble in getting one, write us or our nearest district distributor.

THE LONG-LIFE BATTERY FOR YOUR CAR

**McLAUGHLIN Buick**

The Standard of Comparison

**The Finest Model "45" McLaughlin-Buick Ever Built**

The 1923 McLaughlin-Buick "45" Special has taken the country by storm. Always a favorite, this model reaches the highest pinnacle of value ever attained. It is a beautiful car—it is luxurious—it is a mechanical masterpiece. Stand off and note the snappy lines, the higher hood, the new bumper, the full crown fenders, sturdy artillery wheels, drum type head and cowl lamps, the low top made of English burbank. Then sit in the car. Here is comfort equalled only in the costliest automobiles.

Look about you—the upholstery and trimming are of the finest quality, the instrument board is equipped with richly finished instruments, the control lever is at finger's end, the cowl ventilator control and windshield wiper are within easy reach.

And the chassis shows far-reaching improvements. Test the new rear cantilever springs—you will be amazed at the difference in riding comfort. Lock the handy transmission control and know that this feature, with others, gives McLaughlin-Buick a low rating by insurance underwriters. Even the famous McLaughlin-Buick Valve-in-Head motor shows important changes—higher cylinder block, longer connecting rods and pistons, with pressure feed to main bearings.

These are just a few of the sweeping improvements in the new McLaughlin-Buick "45" Special. From the newly designed radiator to the combination tail and stop lamp, the McLaughlin-Buick "45" Special is a new and finer car—more than ever the standard of comparison.

BIG POTATO CROP IN UNITED STATES

Large Increase Over Normal Harvest Is Now Officially Reported. (Toronto Globe.) According to the August estimates of the United States acreage and crop condition, present indications are for a large crop of potatoes. Acreage is estimated at 4,228,000 acres, or 5 per cent. above the average for the five years 1916-1920. The August crop condition is estimated at 84.3 per cent. compared with a ten-year average for August at 81.3 per cent. This indicates a bumper crop, the Aug-

AN ATTRACTIVE C. N. R. EXHIBIT

Across Canada Via the National Was Theme of Notable Display at St. John's Big Show.

Across Canada, via the "National way," is the theme of a very attractive exhibit of the Canadian National Railways. It represents travel—and travel along the lines of the Canadian National Railways, traversing Canada from the Atlantic to the Pacific, and passing here and there to admire scenes that charm the eye and attract the attention. Eleven years ago the Intercolonial Railway had an exhibit in St. John, but now we have the Canadian National with its rail services of the finest and most modern—a Transcontinental highway from the Atlantic to the Pacific—a National line—owned and operated by the government of Canada—for the benefit of the Canadian people. The very attractive display of colored film photos gives some idea of the variety of the varied scenery of this great dominion. Finely arranged in a series of cedar bark panelling, the views are enhanced by a system of interior lighting that beautifies and attracts. There are seashore views, pastoral valleys, lakes and rivers, mountains, great cities, hunting and fishing scenes, farms and gardens, terminal docks and elevators. The construction of the exhibit compels attention. It is novel as well as artistic. The cedar bark panelling is a

pleasing departure, and the interior illumination very effective. The exhibit was erected by men of the railway department, under supervision of A. H. Lindsay, advertising agent of C. N. R. eastern lines. C. A. Melick, traveling passenger representative, is in charge of the display at the exhibition. Illustrated booklets are being distributed which contain descriptive matter pertaining to the various districts that the railway exhibit is popular is evidenced by the crowds constantly assembled before it.

Financial District Methodist Meeting Held in Sackville

Sackville, Sept. 8.—The financial district meeting of the Sackville district of the New Brunswick and Prince Edward Island conference of the Methodist church was held here yesterday afternoon. The chairman of the district, Prof. W. G. Watson, of Sackville, presided and Rev. G. W. Glendinning, the financial secretary, took the minutes. There were present besides those already mentioned: Rev. Messrs. J. F. Rowley, Point de Bute; A. F. Chapman, McColly, C. Stewart, Moncton; Dr. Seccord and Mrs. Humphrey, Sackville; Rev. J. A. Ives, who is supplying at Shediac, was made a corresponding member of the district. The condition of the missions of the district was considered and grants were recommended. The chairman of the district gave a report of the general missionary fund, showing that despite the general economic depression the church had contributed last year \$1,083.00, an increase of \$847 over the previous year. The church is carrying on home mission work in Canada and Newfoundland and foreign mission work in China and Japan. The Japanese work has been carried on for fifty years and the Chinese for thirty years. An important mission is also being carried on among the aliens in Canada. The other funds of the church were considered and the assessment and allocations were adopted by the district. Rev. H. S. Strothard, Sackville, was appointed statistical secretary. A committee was appointed to arrange a programme on the state of the work for the November district meeting.

WORKMAN FALLS FROM DERRICK AND BREAKS HIS LEG

True, N. B., Sept. 8.—Joseph Mossey, of True, aged about thirty-five and married, fell from the third floor of the addition to the main building of Stanfield, Ltd., this afternoon, breaking one leg and losing his shirt and the lower part of his face. He was taken to the Colchester hospital. The unfortunate was one of those employed in constructing the new addition. He was working on a derrick, lifting a large timber, when the back guy broke and, slipping over, threw him off his balance. He fell thirty-two feet. Three feet from the ground he went through an open space in the planking, striking one leg and his chin against an end of a plank.

PROTECTION IS URGED FOR THE B. C. SOCKEYE

Victoria, Sept. 9.—The questions involved in the salmon fisheries of the Fraser River system are similar to those in the fur seal case, which, being international in nature and not provincial or state questions, must be dealt with upon broad, national lines in the interest of the people of Canada and the United States, declared Hon. William Sloan, in a statement read before the Fishery Commission, in which he reviewed present and past conditions of the fisheries in British Columbia coast waters and rivers.

Mr. Ernest Shipman, a Canadian by birth and for many years a successful producer, made SIX CANADIAN PICTURES, all earning good profits for the local companies and successfully advertising their particular parts of the country.

Pictures taken in September will be Screened and Sold in November.

For Prospectus and Application Forms apply to EASTERN SECURITIES CO., LTD., or J. M. ROBINSON & SONS, LTD.

"Canada Permanent Bonds"

The Bonds of this Corporation are designed to meet the needs of all classes of investors. They are issued in sums of \$100 and upwards for terms of one or more years. They are made payable on any date desired, and may be renewed at maturity. You cannot invest your money more safely than in these bonds, which bear a specially attractive rate of interest, for which coupons, payable half-yearly, are attached. The experience of more than sixty-seven years has been brought to bear upon the investment of all moneys and the selection of securities thereof. CANADA PERMANENT MORTGAGE CORPORATION New Brunswick Branch, 63 Prince Wm. Street, St. John, N. B. R. F. WRIGHT, Manager. T. A. McAVITY, Inspector

Urging greater protection for sockeye salmon, Hon. Mr. Sloan said: "Owing to reduced runs to our northern waters during the last two years, the fishermen have earned little, if anything, more than their living expenses. No other conclusion can be drawn from a study of conditions, past and present, in our northern salmon waters than that an alarming reduction has taken place in the number of fish seeking the spawning areas and consequently the runs will be destroyed unless the salmon are given much greater protection than has been afforded them in recent years."

U. S. CROPS

Washington, Sept. 9.—This year's important farm crops in the United States were forecast yesterday by the department of agriculture basing its estimate on September 1 crop conditions, as follows (expressed in millions of bushels): Spring wheat, 277; all wheat, 818; corn, 2,975; barley, 194; buckwheat, 13.5; white potatoes, 438; sweet potatoes, 108; tobacco (pounds) 1,383; flax, 11.7.

JOE WALL ON REPORT OF UNION AMALGAMATION

Montreal, Sept. 8.—Internationally organized railway-clerks, freight handlers and station employes form but a corporate guard of those organized under the Canadian Brotherhood, said Joe Wall, general organizer for the province of Quebec for the latter organization here yesterday. The comment followed publication of a report from Cincinnati, that a conference is to be held here soon to amalgamate the two organizations. According to Wall, the Canadian Brotherhood has a membership of 20,000. The president is A. R. Mosher of Ottawa.

To Holders of Five Year 5 1/2 per cent Canada's Victory Bonds Issued in 1917 and Maturing 1st December, 1922. CONVERSION PROPOSALS THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5 1/2 per cent interest, payable half yearly, of either of the following classes: (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927. (b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932. While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE. This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue. W. S. FIELDING, Minister of Finance. Dated at Ottawa, 8th August, 1922.

**SPORT NEWS OF  
A DAY; HOME  
AND ABROAD**

**BASEBALL**

**Fredericton Wins.**

Fredericton, Sept. 8.—Fredericton again trimmed Casey's All Stars from Neponset (Mass.) this evening to the tune of 12 to 1, batting two pitchers out of the box. The local club started off with a rush, obtaining a big lead and then eased up, taking things easy throughout the latter part of the game.

Ben Smith, who has done good work for Fredericton during the day here and who pitched two games against St. Peter's on Thursday, was on the bench but not in uniform. He leaves for his home in Madaket tonight.

Score by innings:

R. H. E.	
Casey's All Stars	0100000—1 3 2
Fredericton	4800000—12 18 2

Batteries—All Stars: King, Ware, McNeill and Buchanan and E. McCarthy; Fredericton: Paynter and Cummins and Olsen.

This was the last game of the season and was very largely attended.

**Christy Mathewson.**

Factoryville, Pa., Sept. 9.—While visiting at the home of his parents here recently, Christy Mathewson, whose mighty right arm turned back team after team in the National League, and who is slowly recovering from a lung affection, lived his boyhood days all over again.

Factoryville, where "Big Six" was born is a rural village nestled between green hills and surrounded by farms and fields of wild flowers. During his visit "Mat" recalled the days of his youth and took delight in roaming the hills and fields with neta, who, as boys, were his playmates.

The once famous pitcher is a lover of wild flowers and while here added twenty-six varieties to his already large collection. When moving picture men came to Factoryville to "get" Christy, they found him in a field with a clergyman gathering flowers.

**American League—Friday.**

Detroit, 8; St. Louis, 3.  
Boston, 2; Philadelphia, 1.  
New York, 8; Washington, 1.  
Chicago, 7; Cleveland, 2.

**American League Standing.**

Won.	Lost.	P.C.

Boston	10	.104

**International League.**

Baltimore, 6; Jersey City, 4.  
Buffalo, 6; Rochester, 3.  
Syracuse, 4; Toronto, 3.

These were the only games played in the International League.

**Amateur Title Game.**

The Commercial and St. George's will clash this afternoon on the Queen Square diamond to decide the senior amateur championship of the city. Kerr and Cox for the Commercial and either Ross or Stirling, with Gosnell, for St. George's.

**Match This Evening.**

The second game of associated football between the St. John S. O. E. Football Club and the Central Athletic Association, will be played this evening on the Allison grounds, at seven o'clock. On Labor Day the Centrals defeated the Sons of England 9 to 0, but the latter feel that they can put up a much better contest tonight, and before the end of the season hope to stand up against the best.

Clippers vs. St. George's Intermediates.

The East End Clippers will clash with the St. George's Intermediates this afternoon on the East End diamond at 2:30 o'clock. Both teams will present their strongest line-up, and a fast game is expected.

**AQUATIC.**

**Willis Logan Home.**

William Logan, son of Fred Logan, who won the three-quarter mile single sculls at Halifax, returned home last night with the cup presented to him for the race.

**TENNIS.**

**Champions Win Events.**

At the opening of the singles championship on the Germantown Cricket Club courts, Philadelphia, W. T. Tilden, U. S. title holder; W. M. Johnston, the western star, and Gerald L. Patterson, world's champion, all won their way through the first round of play. Tilden and Johnston are expected to meet in the final round.

**HOCKEY.**

**Agreement Reached.**

Calgary, Alta., Sept. 8.—(Canadian Press)—A satisfactory working basis was entered into between the National Hockey League and the Western Canada Hockey League yesterday. The World's series games will be played alternately in each league in the coast league in 1923; N. H. L. in 1924, the Western Canada League in 1925, provided that artificial ice is available in the territory of the Western Canada League. It was agreed that the N. H. L. should have first claim on certain well known amateurs in the east and any promising new players in Quebec and in the maritime provinces.

**AQUATIC.**

**Race Today.**

Oyster Bay, N. Y., Sept. 8.—Eight six-metre yachts, four flying the Union Jack and four the Stars and Stripes, will race on the Long Island Sound course off here today in the first of a series of six races for the British-American cup emblematic of the world's six-metre yacht championship. England won the trophy in the first international race last year, held in British waters.

Possession of the title cup will be de-

**MOVIE GIRL IN  
MURDER CASE**

**Alice Thornton Makes Number Three in Arrests for the Killing of Jack Bergen.**

Hackensack, N. J., Sept. 9.—Alice Thornton of New York, 18-year-old movie actress, late yesterday was indicted for murder by the Bergen County grand jury together with George Cline, location scout, and his brother-in-law, Charles Scullion, in connection with the shooting of Jack Bergen, the devil of the movies, at Cline's Edgewater home on August 23.

Miss Thornton was arrested yesterday when she appeared to testify before the grand jury. She was in the Cline home on the night Bergen was killed and was alleged to have informed Cline that Bergen had attacked his wife at Saranac Lake, N. Y.

Cline, who is alleged to have shot Bergen, and Scullion, who is said to have brought him a pistol, previously had been arrested. The three will be arraigned before supreme court justice Parker in Hackensack on Tuesday.

**HOMESICK FOR QUEBEC.**

Sherbrooke, Sept. 9.—That Quebec is on the eve of a considerable movement of French-Canadian people from the United States is the opinion of Joseph L. Courtemanche, a native of the province, who has recently returned from New Hampshire to take up land near Boynton. Mr. Courtemanche secured a farm from the Soldier Settlement Board and tells the Record that he is delighted with his proposition and glad to be back in the land of his forefathers.

"In my opinion," said Mr. Courtemanche, "there are many people of my race in the Eastern States who would be glad of such a chance as I have had to come back to Canada. I have met many men in the mills who have told me that they longed to return to Quebec. They went across the border, attracted by the high wages paid in the mills and the promise of steady work. But there has been a change. The wages are not so good, and many of them have lost a good deal of time through the partial closing of many of the mills, so that money is not as plentiful as it was during the war and the year after.

added on a team basis. The series will occupy a week, providing there are no interruptions. The programme calls for the second race Monday and others on Tuesday, Thursday, Friday and Saturday. Today's race, starting at 1:30 p. m., will be sailed twice over a six mile course, three miles to windward and three to leeward, a total of twelve miles. This course will be alternated during the series. Yachts must finish the course within four hours to score. If no craft finishes inside the time limit, the race will be sailed over on the next day. The yacht finishing first receives eight points, the second seven points and so on. The entire series will be raced regardless of the outcome of the earlier heats.

**TURF.**

**Halifax Horses at Presque Isle.**

Halifax horses won both the 2:17 events at the closing day of the Presque Isle races. Summary—

2:12 mixed, purse \$800—Won by Sacharose, three in four heats; best time, 2:10 1/4.

2:17 mixed, purse \$800—Won by Little Peter, straight heats; best time, 2:14 1/4.

2:17 trot, purse \$800—Won by Peter Verde, straight heats; best time, 2:15 1/4.

**Grand Circuit Racing.**

Peter the Brewer captured the Charter Oak stake at the grand circuit races at Hartford, yesterday. Summary—

Three-year-old trot, purse \$3,000—Won by Hope Frisco, two in four heats; best time, 2:11 3/4.

2:10 pace, purse \$1,000—Won by Albedale, straight heats; best time, 2:08 1/4.

2:07 pace, purse \$1,000—Won by McGregor the Great, straight heats; best time, 2:05 1/4.

2:03 pace, purse \$3,000—Won by Margaret Dillon, straight heats; best time, 2:04 1/4.

2:07 pace, purse \$1,000—Won by Trampsafe, straight heats; best time, 2:06 1/4.

**Charter Oak Stake.** 2:11 trotters, purse \$10,000—Won by Peter the Brewer, two in three heats; best time, 2:06 1/4.

**Hartford Handicap,** mile and quarter, two dashes, purse \$1,500 for each dash—Won by Major Riser and Escotillo; time 2:46 and 2:8.

**GOLF.**

**Evans vs. Sweetzer.**

The Country Club, Brookline, Mass., Sept. 9.—Jesse Sweetzer of New York, metropolitan champion, and Charles E. (Chick) Evans, of Chicago, best of the west, will meet today to decide the national amateur golf championship for 1922. They advanced to the final round of a twenty-sixth United States golf association tournament for the title yesterday in semi-final matches that were marked by their mastery both of the mechanics of play and of the human element represented by opponents of high rank.

"Bobby" Jones of Atlanta, champion of the south, went down seven holes short of the 36 hole distance before the sweeping and record-breaking strokes of Sweetzer. The golfing artist of "Chick" Evans which has brought him one national open and two national amateur titles, the championship of France and the leadership in the west, was exemplified anew at the expense of Little J. Knepfer of Sioux City.

**Ladies' Championship.**

Toronto, Sept. 9.—With ninety-two ladies competing, play for the seventeenth annual ladies' open golf championship of Canada will be commenced on Monday on the grounds of the Toronto Golf Club at Long Beach, and will continue throughout the week. In addition to prominent Canadian players, Miss Edith Leitch of England and Miss Alexia Stirling of the United States are numbered among the contestants. There will be three consolation matches—the championship consolation composed of the sixteen players who are beaten in the first round of the championship and two consolation composed of players returning the third and fourth sixteen gross scores made in the qualifying round.

**RING.**

**Bout in Boston.**

Boston, Sept. 8.—Louis Bogash of Bridgeport, Conn., was given the decision over Pal Reed of Natick in a ten-round bout here tonight. The men are middleweights.

**Imperial Theatre's Juveniles**

The Dancing, Prancing, Singing, Laughing  
**ROSSLEY KIDDIES**

By this time Canada's Cleverest Troupe of Family-Folk Youngsters

Starting Today **ONE WHOLE WEEK** Starting Today

To Help Celebrate the Opening of Our Tenth Year

Here's What the Show's Going to be Like:

**Wonderful Youngsters**

St. John people know by this time that the Rossley Kiddies always put on a clean and surprisingly clever performance. They are the talk of the Maritime Provinces and have had many offers to play elsewhere, but naturally for family reasons they cannot go. This time the precocious McAlash children have been brought from Montreal to repeat their hits of last year, so settle back for an even better, prettier little extravaganza than ever before. The costumes are all new, the dances and songs not done before by the children.

**GRAND OPENING CHORUS**

"Away to the Maypole, Si!"

**SCENE I**

The dear old Farmyard with Dainty Dairy Maids, Merry Haymakers, Sturdy Blacksmiths, the latter introducing a Novelty Anvil Chorus. The New School Teacher arrives on the scene. The children all settle down to be real good, but—

**SCENE II**

Now we're in the Village Schoolhouse. It is Examination Day. Georgie Boliver and Sis Hopkins are the star pupils (we don't think). The School is left in charge of Georgie for a while. Farmer Green brings in his daughters from New York to dance for the children.

**SCENE III**

The children of the village were so infatuated with the entertainment of the Green Girls that they take a few lessons and put on a show of their own, which they name "The Pierrots' Carnival." Boys Oh Dear! but these kids can dance and sing and laugh and "kid" one another! Amazing Finale.

**Some of the Song Numbers:**

- "Kiss Your Goozie"
- "George Took Me Walking"
- "Tennessee"—A Parody
- "I Live Up Town"
- "Cherry Blossom Time"
- "Maid of Genoa"
- "Just Like Bein' at Home"
- "Sivvy Sea"
- "Everybody Step"
- "Yoo-Hoo"
- "He'll tell you where to go"
- "Nice Old Man"
- "Irish Folk Song"
- "Twenty-one"
- "Turn Off Your Light"
- "Mamma's Kisses"
- "Dance-o-Mania"
- "Leave Them Smiling"

The outpost opens fire and when a disc is hit it disappears. But more of the enemy is constantly arriving, three more discs appearing every ten seconds during the minute the contest is being waged. When the number of discs in view exceeds that of the outpost, the whole team is put out of action. The team with the fewer number of discs exposed at the end of the minute wins. It is a most interesting method of com-

petition, and it has attracted a large number of entries.

**CLOSE BERLIN MOVIES:**  
THE TAX IS TOO HEAVY  
Berlin, Sept. 9.—All the moving picture shows in Berlin are to be closed after September 22, in accordance with a decision reached by the Association of Cinema Theatre Owners, owing to the excessive amusement tax.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, SEPTEMBER 9, 1922

## TWO CANADIANS ARE IN PARTY

Plans for Studying Eclipse of the Sun

British Expedition to Australia to Observe Phenomena on September 21—How the Einstein Theory Will be Tested—Wonderful Instruments.

(Canadian Press.)  
Montreal, Que., Sept. 9.—(Written for the Canadian Press by R. H. Babbage.)—Prominent astronomers from all parts of the world, many of whom have traveled many thousands of miles, have assembled on the northwest coast of Australia to observe the phenomena of eclipse which will occur on September 21.

Professor A. Chant, professor of astronomy at the University of Toronto, and Dr. R. K. Young, astronomer in the Dominion Astrophysical Observatory at Victoria, B. C., are the Canadian scientists who will make observations during the few brief minutes of the eclipse. They arrived at their destination in the latter part of July. The chief instrument Professor Chant has taken is a camera with a lens of six inches aperture and a focus of eleven feet, mounted equatorially like a telescope and driven by an astronomical clock.

Great interest is being taken in the eclipse this year owing to the opportunity presented to obtain conclusive evidence either for or against what is known as the Einstein theory of relativity.

By the aid of the specially constructed telescope it will also be possible to study the corona, the remarkable solar appendage of pearly white color extending out some 200,000 or 300,000 miles which can be seen only when the sun is completely hidden by the moon.

The Canadian astronomers were joined at Perth by a New Zealand government astronomer and by a party under W. W. Campbell, director of Lick Observatory in California, the latter an experienced eclipse observer.

Professor Einstein, it was thought, might join a Dutch party from Java, which will observe from Christmas Island, where the Greenwich party will take up their positions. The path of the eclipse begins in Abyssinia, on the east coast of Africa, passes eastward over the Maldives Islands, Christmas Island and Australia, ending a short distance beyond New Zealand.

The northwest coast of Australia is, astronomically, the best point from which to observe the eclipse and to make the photographs of the light rays from the stars beyond the sun, because the duration of totality there is longest, the minutes, eighteen seconds; the altitude of the sun above the horizon is greatest, fifty-eight degrees; and the weather conditions are the most favorable, the coast of the Great Sandy Desert being virtually rainless and cloudless during September.

A subject that has been responsible for a large amount of scientific discussion and some public interest for the past few years is what is known as the Einstein theory, that a ray of light is influenced by a large gravitational field and is deflected by it. This theory, by the way, did not originate with Einstein, who is a German mathematician, but was collected by him from the observations of physical scientists in past centuries, its basis being the law of gravitation that a body left without sustaining support falls toward the earth at a fixed and established rate.

However, Einstein's assertion is that a large body like the sun will pull a ray of light from a star which passes near it out of its course, so that the star will appear to us to have shifted its position. The amount which the star will be displaced depends upon the gravitational pull of the body near which it is traveling, and can be calculated.

Although it is known that the sun is traveling through space at the rate of approximately thirteen miles a second, carrying the earth and all the other planets with him, yet so far as our system is considered, he is a fixed body around which all the planets revolve in more or less circular orbits.

Were it possible to banish the enormous amount of light from the sun, it would be seen projected on a background of stars just as we see Sirius (which is a larger sun than ours), amongst the neighboring stars. The earth makes a complete revolution in a year so that the sun appears to follow a well-defined track (known as the ecliptic) returning

See what you can do with 15¢

You can take any of your lighter garments—gowns, waists, negligees, ties, stockings, etc., and give them new life and exquisite color no matter what material they may be. Silk, wool, cotton, linen or mixed goods—SUNSET cleans and dyes them all at the same time, the same depth of color in the same dye bath, and the job is permanent. It won't wash-out-fade-streak-crock-or-run.

Isn't it well worth 15c to appear in a new 'creation' of your own making? Heavier goods require a little more SUNSET. Everything dyeable can be dyed better with SUNSET, the Real Dye.

It's a REAL Dye Ask your dealer to show the SUNSET Soap Card. If he can't supply you, mail us 15c. We'll send you a sample. Don't accept substitutes. Our Home Service Department will help you solve your Dyeing Problems if you write.

to the same place, with respect to the stars, each year.

The moon revolving around the earth follows nearly the same track in the sky, but is in reality somewhat inclined to it, with the result that it is sometimes north, sometimes south, of the sun's path.

Should it happen to cross this path at the point which the sun occupies, it passes between us and the sun, covering that body, and resulting in an eclipse of the sun.

On such occasions when the light from the sun is shut out by the moon, the surrounding stars appear. At the eclipse of the sun, the brightest star in the constellation of Leo, Leo may be recognized as the sickle-shaped group of stars to the west of Jupiter. Regulus is situated in the handle.

Testing The Theory. Members of the British and Australian parties have just completed a series of photographs of this part of the sky by means of the large telescopes with which photographs will be taken at the eclipse and it is hoped to obtain many of these stars on the plates.

If the positions of the stars are shown to be the same in both negatives, the theory of relativity will be considered erroneous in this fundamental point. If, on the other hand, the stars appear to the eye and to the lens of the stellar camera to be in a different position during the presence of the sun in front of them to that in which they appear on the photographic plates made by night previously, then the theory of relativity will be considered to have received great impetus, and astronomers will have to revise their ideas of the structure of the universe and the placement of a number of very important celestial bodies therein.

Perhaps a few details of what is known as the corona referred to at the commencement of this article, may be of interest. The corona is not arranged in concentric layers like an atmosphere, but is made up of complicated systems of streamers in general stretching out radially from the sun, but often curved and somewhat resembling auroras. Many of those who have seen it declare that its finely detailed structure resembles the great nebula in Orion. The coronal streamers often have their bases in the

regions of the active prominence. That they are in some way connected with activity on the sun is shown by the fact that the form of the corona changes in a cycle of about eleven years the same as that of sunspot activity.

When the number of spots is at a maximum the coronal streamers radiate from all latitudes almost equally. As the maximum passes, the streamers gradually withdraw from the poles of the sun and extend out to greater distances in the sunspot zones. When the number of spots is at a minimum the corona consists of short rays in the polar regions curved away from the solar axis and streamers extending out in the equatorial plane. At present the sun is near one of the periods of minimum sunspot activity and a corona of the latter type will probably be seen.

According to present ideas, the corona consists of dust particles, liquid globules, and small masses of gas which are widely scattered. From what is known it has been calculated that there is one particle of dust to every fourteen cubic yards of the corona.

The excessive rarity of the corona is shown by the fact that comets have plunged through hundreds of thousands of miles of it without being sensibly retarded. It is these small particles that reflect the sun's light and allow us to see the details of that beautiful object.

The form of the corona shows that its condition is not at all similar to that of an atmosphere like the one surrounding the earth. It is incapable of slow, though, doubtless, the pressure of the sun's light, and the effect of electrical forces upon the small particles, which it is composed are opposed to the force of gravity. The radial structure and periodic variation in form are without satisfactory explanation.

The opportunity of studying the

corona is one of the reasons for the great scientific interest in eclipses.

The Equipment. The British expedition which is making observations on Christmas Island is under the direction of H. Spencer Jones, chief assistant at Greenwich observatory, together with H. J. P. Melotte, who discovered the eight satellites of Jupiter. Most exact instruments, capable of registering the minutest detail of the eclipse of the sun, have been sent out from England and have been erected. The great telescope included among these instruments has been handled almost exclusively by native coolies under the supervision of members of the expedition.

The photographs taken on September 21 will be used in connection with a set taken in South America and West Africa in May, 1919, which indicated that the Einstein theory was correct. However, the reliability of the instruments used on that occasion has been questioned, hence the proposed observations.

The astrophysical telescope that has been transported from Greenwich to Christmas Island is probably the most highly valued of the numerous treasures of the British Observatory. In previous similar experiments it has been found necessary to point the instrument away from the sun, the photographs having been secured through the use of a mirror, which allowed for a slight miscalculation and fault in the results. In this instance the Christmas Island camera will point directly at the sun and through the use of a delicate mechanism will follow the sun through the eclipse.

The expedition from the United States is under the direction of Dr. W. W. Campbell, director of the Lick Observatory of the University of California, on Mount Hamilton, and left San Francisco on Sept. 1 bound for Perth, Australia, where they were transhipped to a vessel of the Australian navy placed at their disposal by the government of Australia, and proceeded to Ninety-Mile Beach on the north-western shore of Australia, landing in surf boats at a point about 200 miles north and east of Broome, the last landing place on that coast and only a small village itself.

The fruits of the elaborate and expensive preparations will mean much to the world's store of astronomical knowledge and it is hoped that the occasion of the eclipse will not be hoodwinked by rainy weather, at least not for a few hours before and after the phenomena.

## PROTECTION FOR THESE POOR FISH

Authorities of Pennsylvania Find That Sewer Pollution of Rivers and Streams is Bad for the Fish.

Harrisburg, Pa., Sept. 8.—Investigations made by wardens and inspectors of the state department of fisheries have developed the fact that one of the most serious of all pollutions entering the streams is from sewers from cities and boroughs, according to Commissioner of Fisheries Nathan R. Buller.

In the last two or three weeks the department's anti-pollution officers have reported to Mr. Buller they have visited 150 manufacturing plants, and the co-operation of these establishments by installing basins and filters is mentioned.

Eight prosecutions have been brought under the pollution act of 1917, but in other cases, Mr. Buller states, "a thorough investigation was made by the officers, and we are satisfied that many of the fish died from natural causes, due to the extremely low water in many of the streams."

It is likely the cases where sewage pollution killed fish will be taken on during the winter.

The fisheries department will have twelve messengers on the road distributing young fish, including catfish, minnows, frogs and trout, "this fall for planting" as long as the streams remain open.

## CHOICE TABLE GRAPES ARE HERE

The finest variety of table grapes, the blue Wordens, are ready. Grown in the Niagara Peninsula, the garden of Canada, they have unrivalled flavor and zest. Have a dish on your table to-night and give your family a treat. Be sure the grapes you buy have the stamp of the Niagara District Growers on the basket. It stands for better quality, careful grading and careful packing.

NIAGARA DISTRICT GRAPE GROWERS LTD. ST. CATHARINES, ONT.

You can make many interesting and delicious things from grapes if you have our booklet. Write for a copy. It's free.

## THREE MURDERS IN ONE FAMILY; FEAR VENDETTA

Identification of Body Leads to Theory of Old Italian Feud.

St. Catharines, Ont., Sept. 9.—Though the man whose body was found in the Welland Canal above Thorold, has been identified, the reason for his murder is still clouded in mystery as deep as ever.

A Welland Italian identified the body as that of Joseph Scaroni of Brantford, Ont., brother of Dominic Scaroni, who was shot to death near Lewiston, N. Y., four months ago. The present murdered man the Welland Italian said, is a blood relative of the Italian found murdered near Oakville, Ont., about the same time.

Believe Vendetta is Cause. The Italian gave it as his opinion that the murders were the result of an old family feud or vendetta, commenced in southern Italy years ago. What brought Joseph Scaroni to this district is a mystery, as it appears he was not acquainted here. This, therefore, strengthens the view that he was killed in some other part of the country and the body rushed to Thorold in an auto.

A fine gold watch that Scaroni usually carried is missing. Near the canal bank, in the vicinity where the body was found, the police discovered a freshly dug grave, not very deep. This indi-

cates that the murderers probably intended to bury their victim, but were frightened away, and so threw it into the canal in their flight.

## DIES FROM SEVERE BURNS IN FURNACE EXPLOSION

Brantford, Sept. 9.—George Purran died in the General Hospital after suffering frightful burns, inflicted when a gas furnace at the Happy Thought foundry exploded. The furnace would not light when Purran first turned the gas on and he went away, leaving the pipes
