MORE ESTIMATES
IN HOUSE TODAY

Discussion on Saturday Over
the Canals.

Western Progressive Member
Asks if Any Steps Have
Been Taken for Removal of
F. B. Carvell from the Rail-
way Commission.

(Canadian Press)
Ottawa, June 12—Today in the Com-
mons Government bills and resolutions
on the order paper will be taken up.
Afterwards the House will be con-
sidering for a time the speakers
to be followed by the department of
state, department of trade and com-
merce, and remaining items of the post
office department. The Senate will not
sit.

On Saturday in the Commons esti-
mates of the department of railways
and canals were taken up. The first
sum of \$8,000,000 for the Welland Canal
construction was discussed at some
length.

L. M. Martell, Liberal member for
Hants, suggested that in view of the
financial situation, the work might be dis-
continued for a time. The speakers
objected to following this course.

John Millar, Progressive member for
Quebec, moved that the vote be
reduced by half. If the government
wished to spend money, there were
many branches of railway badly needed
in the west. Employers now engaged
on the canal could be transferred to
railway construction work and unem-
ployment would thus be alleviated to
the same extent as if the canal construc-
tion work was continued.

John Evans, Progressive member for
Saskatoon, seconded the motion to re-
duce the amount of the vote.

Hon. R. J. Manion, Conservative, for
Fort William, said that it was unpre-
cedented for the government to refuse
the St. Lawrence waterways scheme with
the U. S.

Premier King replied that the govern-
ment had not refused to discuss the
matter, but had said that the time was
not opportune to enter into a treaty.

The amendment was finally declared
lost, and the item of \$8,000,000 carried.
On an appropriation of \$400,000 for
a storehouse for the Rideau Canal at Ot-
tawa, Hon. A. K. Macdonald suggested
that the minister should make up his
mind to part ownership with this water-
way and present it to Ottawa, reserving
the lower portion for railway pur-
poses.

"It is as idle as a painted ship on a
painted sea," he said, "the money spent
on it might just as well be spent in
purchasing soap bubbles."
Hon. George Graham, minister of de-
fence said that there was a danger in
regarding everything as a matter of dollars
and cents point of view. The Rideau
Canal passed through one of the most
beautiful lake districts on the north
American continent. Tourists from the
United States were attracted by its
beauty. The vote was taken at 10.30
and among other appropriations for canals,
a vote of \$50,000 for surveys and
investigations on the St. Lawrence ship
canal was carried.

RAILWAY COMMISSION

After a lengthy debate the house
approved a vote of \$221,635 for the
board of railway commissioners.
E. G. Coote, Progressive, McLeod,
asked if Hon. W. R. Motherwell had
any steps looking to the removal
of F. B. Carvell from the board.
Hon. George Langley had informed one
of the house committees that Mr. Mother-
well had made an election promise to
this effect.

Hon. H. H. Stevens, Conservative,
Vancouver Centre, and Hon. George
Graham said that there was a constitu-
tional way open.

A vote of \$7,000,000 to cover deficit on
Canadian government railways brought
a renewal of the discussion of the Hud-
son Bay Railway. The item was ap-
proved.

Hon. W. C. Kennedy, minister of rail-
ways, said that an announcement as to
the board of directors of the Canadian
National and Grand Trunk railways
would be made soon and that this board
would consider the problem.

Estimates of the post office depart-
ment to the amount of \$28,838,000 were
approved. Hon. Charles Murphy, post-
master general, said that a proposal to
establish an aerial mail service to the
Yukon was under consideration.

INDIAN THREAT
ALARMS PEOPLE

Declare They Will Take For-
sible Possession of Point
Pelee, Ontario.

Leamington, Ont., June 12—Historic
Point Pelee, the scene, bygone days,
of bloody conflicts between the Red-
man and the whites, may again become
the centre of open warfare for the pos-
session of the valuable soil. Three hun-
dred Petawawa Indians from the vicinity
of Alvinston have served notice on the
park police that they will on June 18
take possession of the point in defiance
of law and order.

Indians in great numbers have been
seen here recently and it is said that
camp equipment, arms, etc., will arrive
by wagon train on Tuesday. It is not
known what action the government is
taking but people resident in the neigh-
borhood are thoroughly alarmed.

"I'M GOING A-MILKING, SIR," SHE SAID

—Knott, in the Dallas News.

As Hiram Sees It

"Hiram," said the
Times reporter to Mr.
Hiram Hornbeam, "I
hear you were at a
dance the other night
with Governor Pugsley
and Premier Fisher."
"I was there—but not
an' the gov'nor didn't
dance. They didn't hev
no square dances like
me an' him used to go
to out to the settlement
—so we jut looked on
for a spell. I was kinda
struck on some there—
but Hanner kep' an eye on
me—an' I s'pose I'd a-
tramped on their toes if
I'd tried to do them there fox-trots an'
dances like that. I guess they wasn't
wanta' to take no chances, neither. Han-
ner kep' nudgin' me when I was beatin'
time to the orchestra. I guess she was
afraid I'd break out if we was there
long enough—an' we didn't stay the full
evenin'." When I see young folks hev-
in a reel good time I sort of feel I'd like
to be right with 'em. Hanner says a
little dance once in a while is all right,
but when folks wants to be doin' no
touch of they're gettin' off their feet
long enough to hev their heads exam-
ined. I aint sayin' but what she's got
the right end of it, too—By Hen!"

All Agreed on Re-
Irish Constitution
Is London Report

Asserted that Griffith Will Go to Dublin Tonight
With Articles and Announcement Made To-
morrow—Southern Elections on Next Friday.

(Canadian Press Cable.)
London, June 12—The articles of the new Irish constitution
have been revised so satisfactorily, the Evening Star asserts, that
Arthur Griffith will return to Dublin with them tonight.

It adds that Secretary Churchill may postpone his statement in
the House of Commons until tomorrow in London and in Dublin.
Elections Next Friday.

Dublin, June 12—This week will be
one of speech-making in Southern Ire-
land, preparatory to the parliamentary
elections on Friday. Many meetings
were held yesterday, including one at
Cork, where Eamon De Valera opened
the campaign on behalf of the Sinn Fein
candidates. If the panel candi-
dates agreed upon between the factions
represented by De Valera and Michael
Collins were rejected, the speaker said,
England would say that Ireland's pre-
sent representatives did not represent the
country truly. Therefore, it was neces-
sary to re-elect those who during the last
four or five years had brought the Irish
people along the straight line toward
freedom and progress.

There is nothing at present on which
to base a prediction of the result, but
indications in many quarters are that
the panel arrangement is disapproved and
that the people would prefer giving a
direct vote for or against the treaty.
Nevertheless, the panel candidates will
not be supported.

As there were recently rumors that
Collins was abandoning the treaty and
throwing himself on the De Valera side,
so now there are rumors, equally un-
founded, that De Valera and his sup-
porters contemplate abandoning the treaty
for a republic. From those who
do not indicate the report, however, say
that such a change could not occur at
the present stage or before it is seen
clearly in the electoral area, and
there is a general disposition to expect
that most of the contests will pass off
quietly.

Churchill Statement
London, June 12—Parliament reas-
sembled today after an eleven day re-
cess, with public interest mainly cen-
tered on Colonial Secretary Churchill's
expected statement regarding the Irish
situation.

Prior to the meeting of the house, ar-
ranged, and in view of the optimistic
statements issued on Saturday it was
assumed in some quarters that this meet-
ing might result in an agreement en-
abling the secretary to tell the house that
a complete understanding on the ques-
tion of the Irish constitution had been
reached.

On the other hand there were reports
this morning that Arthur Griffith, lead-
ing Irish delegate, may have to return
to Dublin to consult his colleagues be-
fore the matter is entirely straightened
out. There were no developments over
Sunday on which to base any reliable
forecast of the tenor of Mr. Churchill's
pronouncement.

Killed in Office.
Belfast, June 12—Ed. Devine, man-
aging director of a bakery concern in
Belfast, was shot dead today in the firm's
office. Three men forced entrance to
the office and shouted: "Hands up."
Devine rushed at them, whereupon they
shot him dead.

WORTH \$1,200,000
Spring Catch of Lunenburg
Fishermen far Ahead of
Last Year.

Halifax, N. S., June 12—With all the
Lunenburg fishing vessels in after their
spring trip the total catch for the fleet
shows 142,000 quintals, \$1,000,000 greater
than last year, and with an esti-
mated value of \$1,200,000. Practically
the whole fleet went to the banks this
year.

If the summer catches run according to
tradition of the spring, Lunenburg's pros-
pects are said to be very bright.

REVISE THE
NAVY LEAGUE
CONSTITUTION

was to WED THIS
WEEK; KILLED

Sad Announcement Made on
Sunday in Church at Roth-
essay.

(Canadian Press)
London, June 12—(Canadian Press)—
The constitution of the Navy League
has been revised.

A year ago there was a movement by
certain members to advocate through
the league reduction of armaments. The
council of the league has now amended
the constitution, the main objects of
which as set for are "to secure com-
plete naval protection for British subjects and
commerce all the world over," which
means that the league will maintain its
old standard and aim.

A campaign is being instituted in the
British dominions to raise an endowment
fund of £100,000 for the league.

AGED NEW GLASGOW
MAN IS BADLY HURT
AT A FUNERAL

New Glasgow, N. S., June 12—Peter
A. McGregor, eighty-one years of age,
son of the firm of R. MacGregor &
Sons, wholesale grocers, and also known
as a veteran cricketer, sustained two frac-
tured ribs and a fractured skull when a
motor car, in collision with another,
damaged its steering gear, and running
wild, struck and ran over Mr. MacGregor.
He was walking in a funeral procession
at the time. Mr. MacGregor's
condition was apparently good today. A
member of the injured man, James Mac-
Gregor, is in hospital in Montreal.

BATTLE RAGED
IN THE OUTSKIRTS
OF ASUNCION

Buenos Aires, June 12—Government
troops and Paraguayan revolutionists
are locked in a sanguinary battle in the
outskirts of Asuncion, the capital of
Paraguay, a despatch from Formosa,
La Nacion from Asuncion, says the govern-
ment forces have sustained the at-
tack of the revolutionists against the
capital. The rebels were compelled to
retreat, abandoning guns and ammuni-
tion. Prisoners were taken.

SUN YAT WILL
NOT COOPERATE

Amoy, June 12—The South China
government at Canton, under the presi-
dency of Sun Yat Sen, will refuse to co-
operate with the new northern govern-
ment of Peking in its plans for unifika-
tion of China, so it is officially announced
here on behalf of the minister of foreign
affairs in the Canton government.

WEATHER
REPORT

Issued by auth-
ority of the De-
partment of Ma-
rine and Fisheries.
R. F. Fitzgibbon,
director of meteor-
ological service.

Synopsis—The disturbance over the
lower St. Lawrence valley last night has
moved to the Gulf of St. Lawrence.
Pressure is also low over Saskatchewan
and Arizona and is high over the cen-
tral portion of the continent. The weath-
er has been unsettled, showery in
eastern Canada and generally fair and
warm in the west.

Forecast—Showery and warmer.

Maritime—Strong winds or moderate
gales from northwest and north, cool
and showery tonight. Showery strong
northwest winds, Tuesday but some
warmer.

Gulf and North Shore—Strong winds
or moderate gales from northwest and
north, cool and showery tonight. Tues-
day strong northwest winds, showers in
a few localities, but mostly fair.

New England—Fair tonight and Tues-
day; cooler tonight. Strong westerly
winds, diminishing tonight.

NO STATEMENT BY
CHURCHILL TODAY

London, June 12—Winston Churchill,
the colonial secretary, announced in the
House of Commons this afternoon that
he would be more convenient and in the
general interest if he deferred his state-
ment on Ireland, which it had been ex-
pected he would deliver today, until
Tuesday or possibly Thursday.

Fifty Dead in Storm
Which Sweeps Over
New York State

Pleasure Boats Swamped, Swimmers Drowned,
Ferris Wheel Buries Several in Ruins, Cities
Flooded—Boston Hard Hit Also.

(Canadian Press)
New York, June 12—Daybreak this
morning found hundreds of paniced
children and relatives still standing vigil
at the docks at City Island, awaiting
the arrival of police boats which, during
the hours of darkness, had searched the
waters of Long Island Sound for victims
of a terrific storm which raged yester-
day. Powerful searchlights played over
the water as the ghastly quest went on
but the swift tide apparently had born
away the bodies not recovered last night
and today the police reported that the
list of known dead had not been aug-
mented.

The wind attained a velocity of eighty-
eight miles an hour.
Fifty Dead.
More than fifty persons were thought
to have lost their lives and upwards of
100 were more or less seriously injured
in the storm, which roared over the
bills of Northern New Jersey, beat the
Hudson into foam capped breakers swept
across New York City and then seemed
to centre its wild energy on City Island
and its vicinity.

Thousands of rowboats and launches
dotted the south of City Island just be-
fore the breaking of the storm. When it
had passed the water was shrewn with
upturned craft, and the buildings on
shore resembled a battle torn village in
the war zone in the world conflict. Many
parties hurrying for safety saw people
struggling in the water, but dared not
stop for fear of capsizing their own craft.
The rescue work started immediately
but darkness and the panic stricken
crowds hindered the labors of the volun-
teer life savers.

Property damage estimated at
\$1,000,000 to several times that amount
was done by the tornado.
The storm followed a day of intense
heat, and was as sudden as it was violent.
Long hanging clouds across the Hudson
River were observed, but they seemed
to pass away and danger was unforeseen.
Then, like magic, the western heavens
took on a sinister aspect, the clouds
seemed to dip toward the earth and
before the frightened people exposed to
the elements could reach places of safety
the wind came.

Ferris Wheel Tragedy.
Classton's Point, a pleasure ground
near City Islands, was in the direct path
of the hurricane. A ferris wheel, heavily
loaded with children and young
people, had just begun to revolve with
its passengers when the wind struck it.
So sudden was the transition from a
bright June sky to inky clouds that the
men in charge of the wheel could not
stop it and discharge the people in the
cars before the top of the wheel was
torn away and the remainder crashed to
the ground, a tangled skein of steel.
Dozens were buried in the wreck. Six
bodies were later taken out, and more
than two score were attended by am-
bulance surgeons. A seventh victim died
this morning.

The wheel, 100 feet in diameter, was
constructed only recently, park officials
said and was considered one of the best
in the country.
In the Bronx, the wind lifted a small
bungalow from its foundations, carrying
it more than 100 feet into a neighbor's
yard and then smashing it to the ground.
The occupant, Mrs. Hilda Dunlap, was
taken from the ruins, seriously injured.
Electric signs seemed special targets
of the cyclonic wind. A huge sign in
Broadway extolling the virtues of an
automobile tire, was torn loose from its
moorings, toppled over into a skylight,
carried a smaller sign with it, in its
plunge and started a fire from discon-
nected wiring. The force of the crash
started an automatic burglar alarm and
a company of firemen responding soon
had the fire under control.

WOMAN WADES INTO
NIAGARA; SWEEP
OVER THE FALLS

Niagara Falls, Ont., June 12—A woman
waded into the Niagara River just
above the Horseshoe Falls. She left
on the bank a note which said:
"I am going to see the falls. If I get
dizzy and fall please notify Wm. Jones,
Orchard Park, N. Y."

The note was signed "D. J." At the
Jones home relatives said that she had
been despondent because of ill health.

BRITISH REPLY TO
FRENCH PREMIER

Correspond on Matters Rela-
tive to Hague Con-
ference

Avoid Political and Diplo-
matic Questions—Asserts
That Private Property in
Russia Should be Restored
or Paid For.

(Canadian Press Cable)
Paris, June 12—The British reply to
Premier Poincare's letter setting forth
the French attitude agrees that the
Hague conference should be composed
of experts and should avoid political and
diplomatic questions. As to Poincare's
demand that the Soviet government
withdraw its memorandum of May 11,
Great Britain holds it is superseded by
the Soviet's later declarations and that
in any case request for withdrawal
should have been before the Russians
were invited to the Hague.

The British government considers that
the Cannes conditions should be the
basis of the programme and asserts that
private property in Russia should be re-
stored to its owners or that they should
be fully compensated, but that Russia's
sovereignty should be respected, and no
programme along that line should be im-
posed upon her in advance if her indis-
pensable co-operation was to be expected.
Great Britain considers it necessary that
Russia's war debt should be reduced in
part.

The private interests that must be
counted on to open credits to the Soviet
says the reply, will need guarantees and
the government can aid them to secure
these guarantees. There is no question
of capitulation by Europe, the note says,
for the statesmen taking part in the at-
tempt to restore Russia are quite cap-
able of protecting their own interests.

In view of the British contention that
the preliminary conference at the
Hague shall be only routine preparation,
the French government may abandon its
plan to have M. Benist, French minister
at the Hague represent France and may
follow the British example of sending
only experts who will act throughout
all the sessions.

HOOVER'S TIME
NOT A RECORD

Meirhof and John O'Neil
Some Seconds Faster—
Baseball Tour of Japan.

(Canadian Press)—Walter
Hoover's time of seven minutes and
twenty-four seconds, in winning the
Philadelphia changing cup, was not a
record, although it was announced
as such after the race on last
Monday.

In August, 1909, the National Associa-
tion of Amateur Oarsmen changed the
distance for its championship races from
a mile and a half to one and a quarter,
and in the first regatta under the new
conditions, rowed at Detroit in August
of that year, Wm. Meirhof of the Nassau
Boat Club, New York, won the single
scull event in seven minutes and
25.8 seconds, exactly the same time.
These are said to be the best records on
the book of the association.

BASEBALL TEAM OF JAPAN

Chicago, June 12—The proposed tour
of Japan by a baseball team composed
of major league players, as invited to
the Orient by Waseda and Keio univer-
sities of Japan, has been given the Ameri-
can League's official o. k. by President
Johnson.

The club is to be composed of players
from both the American and National
Leagues, but selection will not be made
until the championship race in the two
leagues is over.

CONFERENCE

Sackville, N. B., June 12—The minist-
rial conference preliminary to the gen-
eral conference of the Methodist church
of N. B., and P. E. I. will open here to-
morrow afternoon with Rev. Geo. Ross
of Hampton, N. B., the conference presi-
dent, presiding. The general conference
will open on Wednesday afternoon.
About 150 delegates are expected. The
conference sermon will be preached by
Rev. J. W. Graham, D. D. Toronto, gen-
eral secretary of education for Canada
for the Methodist Church. The station-
ing and statistical committees are to
meet tonight to make final arrangements
for the conference.

The delegates will, as in previous years
be billeted at the ladies' college and
meals will be provided by the college
staff. The conference sessions will be
held in the Sackville Methodist church.
At the ministerial conference six young
men candidates for ordination will be ex-
amined, also several probationers.

The fair in the St. Andrew's rink under the auspices of the Trades and Labor Council, got away to a good start on Saturday night when more than 700 people attended the opening ceremonies. The fair was officially opened by Commissioner Wigmore, who acted in place of Mayor McLellan, who was absent from the city. The games were all well patronized and the officials in charge of the affair are looking for a successful week. The rink was decorated for the occasion and the booths presented an attractive appearance. The St. Mary's Band was in attendance and furnished music during the evening. HARD COAL FOR ST. JOHN FROM ENGLAND

Local Firm Importing Welsh Anthracite Expect to Retail Better Than American Anthracite Prices.

The Furness Withy Company have just recently chartered the steamer "Whittington" to load a cargo of hard coal at a Welsh port for the Consumers Coal Company, this city. The Consumers Coal Company inform the "Times" that they have been considering this move for some time, not only on account of the American strike and the short supply of American anthracite, but as a regular source of supply. Welsh coals are the highest grade coals mined anywhere in the world and this local coal firm anticipates being able to supply both furnace and small sizes to the St. John household, at a price lower than that now charged locally for the regular grades of American hard coal. Apparently England not only has the quality, but she has the ability to send coal and other goods long distances to compete with the world in prices.

A New Idea In Chesterfields. Picture first a symphony of forest-hued foliage and blues on enduring Cretonne. Cushioned wing backs and springy arm rests also on both fireside chairs. Full web inside framing with coil springs and hair and moss filling to give greater comfort still. Then think of three frontal tiers of tuft upholstery curved into a Cupid's Bow. Think of all this in a \$925 suite. Of course we have them as low as half this, but we feel you would really like to come to see. J. MARCUS, Furniture, Rugs, 30-36 Dock Street.

DE VALERA ON THE AGREEMENT. Speech at Mallow—He is to Visit Scotland—Guarding Cabinet Members. Under the abnormal conditions of the past five years, said Mr. De Valera, individuals and groups of individuals, under the necessity to assume immediate responsibility, had taken powers upon themselves, very often for the good of the nation, which would only be tolerated in time of war. Those powers now must be relinquished to a central authority established by the nation, and it was to achieve such a result that he was to address the controversy had come together. May Go to Scotland. Dublin, June 10.—Eamonn De Valera, the Irish Republican leader, accompanied by Austin Stack, will visit Scotland next week to address a number of meetings, it was announced today. Since Mr. De Valera has been barred from speaking publicly in Glasgow, he will speak at Dalmeir, just outside the city limits. British Cabinet Guarded. London, June 11.—Several members of the British cabinet are being closely guarded by special detectives from Scotland Yard, as a presumed result of renewed activity on the part of Irish extremists, said the Illustrated Sunday Herald today. Winston Spencer Churchill, secretary of state for the colonies, was declared to be one placed on the protection lists. Some ministers, the newspaper asserted, have received anonymous letters, making serious threats against them, if the Irish negotiations do not result favorably. Pettigo Prisoners. Belfast, June 10.—A score of civilians, understood to be prisoners taken in the occupation of Pettigo, were marched this morning under heavy escort to the Enniskillen station for conveyance to this city. They included a uniformed man, said to be one of the leaders of the irregular Irish Republican army forces.

YESTERDAY IN CITY CHURCHES

The sadness of coming parting gave an added impressiveness and solemnity to the evening service in St. David's church last night when Rev. J. A. MacKegan delivered his farewell message and preached his last sermon as minister of the church, concluding a ten-year pastorate.

Mr. MacKegan, speaking intimately to his people, said the closing service of a supremely happy pastorate had come and he would like to express an appreciation of many things which he had received from the congregation in the last ten years.

Twice yesterday Mr. MacKegan was made the recipient of gifts and tokens of high regard. At the close of the morning service the members of the choir presented to him a handsome umbrella, the presentation being made by Edward Currie, the organist and choir leader.

Those who had some special part in the very pleasing programme were: Fern Ring, Frances Munro, Myrtle Jones, Louise Bentley, Agnes Jones, Doris Ferris, Hazel Lessemore, Olivia Sargeant, Annie Lessemore, Beatrice McKenzie, Muriel Chown, Vicars McLaughlin, Doris Corbett, Mabel Chown, Lucille Bromfield, Ruby Logan, Luella Sargeant, Isaline McKeith, Arthur McLaughlin, Willie Bromfield, Charlie Clarke, John Cowan, Walter Folkins, Eugene Irvine, Malcolm Matheson, Joyce Spinney, Phyllis McConnell, Bertie Bromfield, Margaret Kennedy, Vivian Armour, Etta McKinney, Edmund Foster, Arthur Irvine, Arthur Thomas, Ronald Chetley and Willars McConnell.

At the morning service in the church of St. Mary's, the Rev. Mr. Haslam, curate of St. Mary's church, also was among those ordained yesterday at Fredericton.

Trinity Sunday was duly observed in the Anglican and Catholic churches in the city yesterday and in Trinity church at Fredericton.

It's Purity Means Strength

Rich, pure cocoanut and palm oils are skillfully blended into Sunlight—making it the most efficient of all laundry soaps.

Chip half a cake of Sunlight into your washer, stir into a lather, then put in your clothes and start the machine. You will have the snowiest, sweetest and cleanest wash you ever saw, for the dirt just runs away in the rinsing.

BETTER THAN HARD COAL Soft coal so free from soot that it does not make whiskers on stove covers or pipes and does not mat or clog when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

A NOTABLE VICTORY.

The decisive victory won by Mr. A. F. Bentley in the by-election in St. John county on Saturday was not only a fine personal tribute to him but a convincing vindication of the Foster government.

THE GAMBLING EVIL.

The province of Ontario has gathered in nearly half a million dollars as its share of the fruits of gambling on the race-tracks. From the standpoint of provincial revenue this may appear to some people, but there is another aspect of the case.

THE PRACTICAL SIDE.

Dr. Hastings of Toronto told the Commercial Club last week that every young man should have himself thoroughly examined by a physician once a year, and older men twice a year.

THESE FIELDS AT EVENING.

These wear their evening light as women wear their pale proud beauty for some lover's sake.

The moon comes like a lover from the hill leaning across the twilight and the trees; And finds their grave and beautiful and still.

FLIRTING WITH BALTIC STATES

European Powers Especially Attentive Since Rapallo Treaty Signed.

Riga, May 18.—(Associated Press special)—More friendly attention has been heaped upon the Baltic States by various European powers since the Rapallo treaty, the trade agreement between Russia and Germany, was signed on April 17, than during all the time since their creation by the Treaty of Versailles.

Soon after the signing the Germans started the ball rolling by a "hand shaking" expedition headed by Herr Blucher, Berlin's commissioner for the Baltic.

Herr Blucher visited Kovno, where he spent several days with the Lithuanians, thence on to Riga for conferences with the Latvians, giving assurances in Riga, as he did in Kovno, of Germany's friendly and peaceful intentions which, he said, in the end would bring only good, economically and otherwise, for the young republic which lies between East Prussia and Russia.

Upon the heels of the Blucher mission quickly came the recognition de jure of Lithuania by France, and since then French missions of various kinds have been pouring into Kovno, arranging for the opening of trade relations on a most friendly basis.

The French mission in Riga and Estonia have increased their personnel, and are planning to improve the Baltic rail-road service which, indirectly, connects Berlin with Moscow.

WOMAN IN BLACK DOLES OUT CAKE

Montmartre Church Frequented by a Former Parisian Stage Beauty.

Paris, June 12—Every morning and evening when the deep notes of the great "Savoyard" bell boom forth over Paris from the Campanile of Sacre Coeur on the summit of Montmartre, there comes to pray beneath the great dome a woman dressed all in black. Of unassuming bearing, she would pass unnoticed even by the crowd of beggars who, with monotonous chanting voices ask for alms at the doors of the Basilica, but for the original form she carries, the thin, shapely, and because of this the better folk, who are quite unaware of her identity, have dubbed her: "Our Lady of the Cakes."

Yet not so long since she was one of the leading stars of the Parisian stage—Eve Lavalliere, whose exceptional beauty, great talent and charm of personality, brought her to the world's attention. Yet, having conquered Paris, she in 1917 abandoned the capital by suddenly returning from the theatre and announcing her intention to enter a convent.

The mystery which surrounded Eve Lavalliere's disappearance was never solved even by her closest and best informed friends. Gossip had it that she had entered a Carmelite convent, but in August last year, a Paris correspondent quite by chance discovered her living in a cottage in the little village of Thales, Notre Vitte in the Vosges. It was said falling health had rendered it impossible for her to take the veil and she therefore was leading a cloister-like existence, spending most of her days in church and visiting the poor and dispensing alms. All attempts to interview her were fruitless. A servant, however, said she had left with Paris.

Now, although a fresh chapter has been opened by Eve Lavalliere's presence in Paris the mystery of her hecatomb appears no nearer solution. Some ascribe it to grief caused by a man she loved passionately having fallen in the war. Others say the cause was the attachment she had conceived for a diplomat belonging to a foreign embassy until the outbreak of the war.

But whatever the reason there is no indication that Eve Lavalliere, who shuns the limelight of publicity as shunningly as ever, has any idea of returning to the scene of her former triumphs.

GIRL WANTED IN THE WARD CASE

White Plains, N. Y., June 11—Deputies from Sheriff Werner's office today are searching for George S. Ward and Ralph D. Ward, father and brother of Walker Ward, confessed slayer of Clarence Peters, former sailor.

Subpoenas for Ward's father and brother have been issued, but they had left the elder Ward's home in Spayten Duxbury, a few hours before the services were held.

The authorities want to question the father of Walker S. Ward regarding the blackmail plot, said by his son to have caused the killing of Peters, in a fight on the Kenosha reservoir, May 16.

Another witness also being sought is a French governess, said to have been in the employ of Walter S. Ward, and to have left a day or so after the killing of Peters. She is supposed to have taken the place of the regular governess who was on vacation. The subpoena for her is made out in the name of "Mrs. Zeigler."

RECENT WEDDINGS

At the Esplanade street Methodist parsonage, on June 7, at 8.30 o'clock, Janet Lella MacLeod, daughter of the late Norman S. and Elsie MacLeod, of Carletonville, Kings county, was united in marriage, by Rev. H. E. Thomas, to William Ray Cosman, son of Mr. and Mrs. H. S. Cosman, formerly of St. John, but now of Vancouver, both of this city. Mr. and Mrs. Cosman left on the Halifax train for a tour of the Annapolis Valley. On their return they will reside in this city.

RECENT DEATHS

The death of Miss Jane Sanction occurred on Saturday at the Home for incurables after a lingering illness. Miss Sanction was the daughter of the late Thomas and Sophia Sanction; she was born in this city and lived here nearly all her life. She is survived by one brother, Robert H., of this city, and one sister, Miss Annie, of Bridgetown (N. S.). The funeral will be held this afternoon at 2.30 o'clock from the Home for Incurables. The interment will be in Fernhill cemetery.

Dr. W. Simpson Duthie, died on Saturday afternoon at his home in Moncton after an illness of over three months.

Dr. Duthie, who was fifty-five years of age, was born at Aberdeen, Scotland, and came to this country fifteen years ago. He practiced medicine in the south of England, having received his profession at Marischal College, Aberdeen. He was also for some years, physician on several of His Majesty's Steamships. For the past seven years Dr. Duthie has been in the employ of D. Walton Kerr, a local druggist. His duties here brought him in contact with a large number of people who came to value his acquaintance and friendship. He was at all times genial and all will mourn the loss of an upright citizen.

Dr. Duthie is survived by his wife who was formerly Miss Fisher of Shubenacadie (N. B.), and one daughter Ellen at home. He leaves also a sister, Mrs. (Capt.) Lea, of Perth, Australia. One brother, Rev. Mr. Duthie, a Presbyterian minister, died in Aberdeen, Scotland, several years ago.

An interesting visitor to the city is Squadron Leader R. C. Sherron, M. C., for the past two years serving with the Royal Air Force of the British army in India on the northwest frontier. Mr. Sherron was formerly a member of the staff of the main office here of the Bank of Nova Scotia. He enlisted in the 5th Battalion, and on going overseas joined the Air Force in May, 1918. He served on the Western front with distinction.

THIS DOCTOR DECRIES MILK FOR ADULTS

London, May 21—(Associated Press, by Mail)—"Is there any one subject today upon which doctors agree?" asks a sceptical newspaper commenting on the advice of Dr. Cecil Webb-Johnson, who has said: "Never drink milk, it is an unnatural food save for the young."

Giving his reasons for this revolutionary opinion Dr. Webb-Johnson, a specialist on diet, said to a questioner:

"We are the only animals in the world who drink milk after infancy. The domestic cat, it may be pointed out, drinks milk after it has grown up, but this is purely a domestic habit."

"The idea has been handed down through generations that milk is a good thing to drink when you are ill. I think hard food always. Frequently—sometimes habitually—people will go whole days without hard food of any description. That, for one thing, is bad for the teeth. Celery, apples and other things that make you bite should be on the table every day."

"Milk is good for the body in addition to ordinary food. It makes one fat, and a fat person cannot be healthy."

"Nature does not intend milk to be taken after the purpose for which it was provided has been fulfilled. I prefer hard food always. Frequently—sometimes habitually—people will go whole days without hard food of any description. That, for one thing, is bad for the teeth. Celery, apples and other things that make you bite should be on the table every day."

MESSAGE RETURNS FROM SEA AFTER LAPSE OF TWO YEARS

On the trip north from Demerara to St. John, more than two years ago in the Chaleur, of the Royal Mail Steam Packet Company's line, Dr. M. P. Harrington, of Bridgewater, was a passenger. He wrote a note and placed it in a bottle, throwing it overboard.

The following was written in the note: "On board the steamer Chaleur, on voyage Demerara to St. John (N. B.), Sunday noon, April 11, 1920, latitude 80.00N, longitude 65.25W, 391 miles to St. John, making nine miles an hour, wind north-east. A full cargo of sugar and molasses and a full passenger list. Not much sea sickness on board, everything going well, and expect to reach destination on Tuesday 19th inst.—M. P. Harrington, Bridgewater (N. B.)."

Will the one who finds this bottle please communicate with the above address."

Recently Dr. Harrington received a letter post-marked Bahamas, May 25, 1922, with the note enclosed in the bottle, and written on the same note were these remarks: "Picked up at Castle Island Light Station, 3.15 p. m. 18th May 1922. M. Sawyer, light keeper."

WOMEN FAT FIGHTERS TELL OF THEIR BATTLES

At Reunion in Dr. Copeland's Office Some Admit Defeat Through over-eating.

(New York Times.)

There was a reunion yesterday afternoon at the Health Department Building of Health Commissioner Copeland's fat reducing class. About twenty-five of the women called upon the Commissioner and reported progress. Some had no progress to report and it would appear that love of good eating and not lack of exercise was responsible for several having gained in weight since the class disbanded last fall.

The women went through the same exercises they were taught in the class. Then followed an "experience" meeting and every one of the twenty-five told of their efforts to keep down

Clean Cut Victory For The Foster Government

A. F. BENTLEY CARRIES ST. JOHN COUNTY BY BIG MAJORITY

Defeats Dr. J. H. Barton, 2,051 to 1,780—Enthusiasm at Nominations in Kings—Government Candidate Thru Scores Heavily in Debate With Opponent.

A striking tribute was paid to the cause of good government in this province on Saturday when the voters of St. John county, in the by-election contest, elected A. F. Bentley over Dr. J. H. Barton, the opposition candidate, by a majority of 271. The vote was 2,051 for Mr. Bentley and 1,780 for his opponent.

Seldom in the history of the county has such a sweeping majority been recorded. Traditionally, a district where close contests have been the rule, the electors of the county threw to the winds the practices of former years and voted to sustain the enlightened and progressive policies of the present government under the able leadership of Hon. W. E. Foster.

At the provincial general elections of October, 1920, Mr. Baxter barely escaped defeat by Mr. Bentley, who was the government candidate at that time. His majority was eight votes—the count being, Bentley, 1874; Baxter, 1882. This time, the voters made no mistake, and Mr. Bentley received not only 177 more votes, but also captured three of the four county parishes and lost the fourth one, Simonds, by the very slim margin of three votes. In St. Martin's, Lancaster and Musquash, Mr. Bentley received majorities. In St. Martin's, it was 874 to 871; in Lancaster, it was 22; and in Musquash, it was 22. One of the surprising features of the vote is the splendid turnover in favor of the government at Lorneville, the opposition stronghold. There the government standard-bearer turned a defeat by 37 votes at the last election into a majority of 15 in Saturday's contest.

Slow Vote. The balloting was very slow, according to Sheriff Wilson, chief returning officer, who visited several of the polls during the morning hours. In many cases, hardly five per cent of the electors had cast their ballots. The total number registered as electors is about 7,500. Had the vote been heavier, it is reasonable to suppose that Mr. Bentley's majority would have been proportionately larger.

Spilled Ballots. The number of spoiled ballots was large—nearly fifty-eight. Musquash, Glen Falls, East St. John and Fairville were the chief offenders in this regard, the first-named contributing seventeen; the second, ten; the third, ten; and Fairville, eleven. The parish of St. Martin's did not report a single spoiled ballot. It was estimated that the total vote cast in the provincial general election was 9790, or slightly less than Saturday's vote.

No untoward incidents at the polling booths are reported. They were open from 9 a. m. to 5 p. m., daylight time, and 8 a. m. to 4 p. m., Atlantic time. The first-named of the first returns were from East St. John. The outlying districts were prompt in sending in the returns. By 7 o'clock, the final result had been made known. The announcement of the election of Mr. Bentley is as follows:

Parish of St. Martin's. Bentley 874, Barton 871. Total 1745. Parish of Lancaster. Bentley 22, Barton 0. Total 22. Parish of Musquash. Bentley 22, Barton 0. Total 22. Grand total. Bentley 2051, Barton 1780. Majority for Bentley, 271.

Previous Election Results. A comparative table of the ballots cast for government candidate and opposition candidate at the provincial elections of October, 1920, and the vote polled for Mr. Bentley, who was the government candidate and who was only beaten by eight votes, follows:

Parish of St. Martin's. Bentley 874, Barton 871. Total 1745. Parish of Lancaster. Bentley 22, Barton 0. Total 22. Parish of Musquash. Bentley 22, Barton 0. Total 22. Grand total. Bentley 2051, Barton 1780. Majority for Bentley, 271.

The Issue. It is a great triumph for the government forces. The opposition speakers on every occasion did their utmost to discredit the policies of the administration by criticizing the expenditures of the government. They bitterly assailed the health act—an act that has attracted the most favorable attention of the United States—and condemned the hydro-electric programme. The issue as laid down by the government and the whole province looked on and eagerly awaited the result of the election. The county has spoken and answered the opposition critics most effectively and in a most crushing manner. Mr. Bentley on every platform declared his wish that he be returned purely on the record of the administration and for no personal reasons whatever. The opposition orators asserted that the election of Mr. Bentley would be taken as an endorsement of the government policies. Mr. Bentley's sweeping majority is the answer to this appeal and its effect is bound to have great weight in the final of the three by-elections—Kings—which will be held next Saturday.

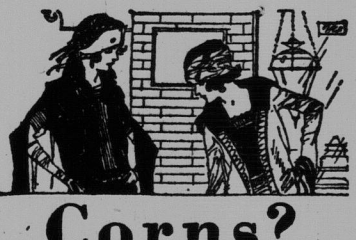

Kings County. "On to Kings" is the slogan now for the government party. Dr. L. J. Violette having taken Madawaska by acclamation and Mr. Bentley being the victor in St. John county, the government's hope of winning Kings and increasing the house majority by four is naturally stronger than ever. Mr. McKenna, the government candidate, is putting up a great fight in Kings and the news of Mr. Bentley's smashing majority was received at Hampton, Sussex, Apohaqui and other Kings county centres with great pleasure on Saturday night.

The New Member. Allister Fraser Bentley was born at Stewiacke, Colchester county, Nova Scotia, on Jan. 21, 1884. He was removed in early life to St. Martin's (N. B.) and there engaged in the lumbering industry and at present is head of A. F. Bentley & Son, Ltd. He is a strong temperance advocate and until recently represented the temperance sentiment on the provincial liquor board. He was first elected to the legislature at the elections of July 20, 1919. He has four children: Wendall B., Mabel, Anna and Margaret. He is prominent in the affairs of the Presbyterian church.

Speeches at Headquarters. In the Liberal headquarters in the Furlong building in Charlotte street the returns were received with great gratification and enthusiasm. The workers

NEVER DRUG A CLOGGED LIVER—IT ONLY NEEDS CLEANSING

A sluggish, congested liver is always made worse by frequent dosings with strong cathartic drugs. This merely irritates the liver and bowels to temporary, violent and convulsive action, only to leave them weaker than ever, like whipping a tired horse. Instead, use something more natural and lasting. Try the pleasant-tasting medicinal drink produced by dissolving Alkali Saltrates (powder form) in plain water. Eminent medical men, after subjecting this treatment to the most thorough tests, have pronounced it to be the equal of any ever perfected for cleansing, stimulating, and regulating the liver. Similar both in composition and effects to the medicinal water of famous hot springs. All chemists keep Alkali Saltrates in stock. Get a few vials today for trial. Its cost is very low. Drink a tumblerful of this medicinal water occasionally and see how easy it is to break the pill habit and rid yourself of biliousness, lassitude, headaches, skin troubles, or any other disorders due to impurities in the system. You can thus enjoy full bodily and mental efficiency at all times. Advt.

Leaders Comment on Victory

Premier Foster was naturally gratified at the result of the by-election on Saturday but modestly gave due credit to others. "The victory was due very largely," he said, "to the splendid efforts of the loyal and devoted workers who gave so liberally of their time during the campaign and who worked so energetically at the polls on election day." "The result, however, must be regarded as an emphatic declaration of approval of the administration and its policies, as opposed to the empty-handed campaign of the opposition, together with past records." "I cannot see how nor why Kings county will not do likewise on Saturday. Certainly no arguments have, as yet, been forthcoming from the opposition to show why the electors of Kings county should not give their approval of the present government in a similar manner."

Mr. Bentley. In a statement last evening, A. F. Bentley, the successful government candidate, expressed deep gratification that the government had been so splendidly vindicated. He said: "I wish to thank most heartily the electors of St. John county for the hearty approval accorded me in Saturday's contest. I wish especially to thank the workers who, at great sacrifice of time and labor and at material loss to themselves, so enthusiastically and tirelessly worked to secure victory. It is none of my affair, but it is mine, their approval of the present government in a similar manner."

Leaders Comment on Victory

Premier Foster was naturally gratified at the result of the by-election on Saturday but modestly gave due credit to others. "The victory was due very largely," he said, "to the splendid efforts of the loyal and devoted workers who gave so liberally of their time during the campaign and who worked so energetically at the polls on election day." "The result, however, must be regarded as an emphatic declaration of approval of the administration and its policies, as opposed to the empty-handed campaign of the opposition, together with past records." When the liver becomes slow, sluggish and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and live troubles follow among which are, sick or bilious headaches, heartburn, water brash, jaundice, floating specks before the eyes, pain under the right shoulder, coated tongue, bad breath, yellow eyes, etc.

Dr. L. M. Curran, M. P. P., who took a leading part in the contest, was greatly pleased to represent not only those who voted for me but the whole county. But far exceeding any personal gratification is my deep pleasure to learn that the efforts of Premier Foster's government to give the province over to progressive, efficient and honest management have been so well received by the people as an endorsement of the present administration in a voice so strong and clear as to be heard throughout the whole province and beyond.

Irritable Husband Wrecks Business and Home

Days He Was Weak, Wornout and "All In" as a Result of Nerve Force Exhaustion

How you can quickly help put new nerve force into worn out exhausted nerve cells, and remarkably increase your strength, power and endurance, often in two weeks time.

For sometimes I had noticed that I was getting nervous. I often annoyed my wife at home, my wife would occasionally say that this was a sign of age, and she still more, I knew I was undernourished, but never thought of nerve force. I was a strong, vigorous man like I was, could get along with my usual work, but one day this happened to me, and very suddenly I was in an irritable mood at home, my wife would occasionally say that this was a sign of age, and she still more, I knew I was undernourished, but never thought of nerve force.

A truck belonging to the Purdy Ice Cream company and the rear end of a sloven at the head of King street were in collision this morning. As both vehicles were moving slowly no damage was done to either.

BUSINESS IMPROVING.
Robert K. Fleet, manager of the Maritime Freight Bureau, arrived in the city this morning from Sydney, where he has been engaged in the company's business. He said that business conditions in that locality seem to be improving.

TO LOAD HERE.
The American schooner Cynthia J. Griffen, formerly the Canadian schooner Maria G. Douglas, now discharging at St. Stephen, has been chartered to load lumber at this port for New York. She is owned and commanded by Captain Charles B. Griffen, formerly master of the six-masted schooner Wyoming, which is the largest sailing vessel in the world.

ARCHIE WALSH HERE.
Archie Walsh, of Boston, Mass., has arrived in the city and will leave this evening for the Continent where he will spend the summer months. Mr. Walsh is one of the leading candle pin bowlers in the world and last winter established a new ten string record, while in competition with Paul Poehler and other crack players. While in the city Mr. Walsh is re-creating old acquaintances.

HELPING FINE CAUSE.
In order to show their appreciation of the kindness of the Marty Dupree company in entertaining the boys at the Lancaster hospital recently, the G. W. V. A. sent to the male members of the company complimentary tickets, which admit them to all the privileges and courtesies of the club. Yesterday the company staged a benefit concert at the Synagogue to help the work of the Jewish Ladies' Auxiliary.

FIRST COMMUNION.
An impressive ceremony was held in St. Peter's church yesterday morning when sixty little boys and girls received their first Holy Communion. Rev. James Woods, C.S.S.R., who instructed the children, was reluctant at mass, which took place at 7:30 o'clock. In the evening an eloquent sermon was preached by Rev. J. O'Brien, C.S.S.R., after which he spoke to the children on the importance of the occasion, their duties, etc. The little ones were dedicated to the Blessed Virgin. The ceremony was brought to a close with Benediction of the Blessed Sacrament. In the Cathedral on Saturday 180 children made their First Communion.

DICKIE-McINTYRE.
A pretty wedding took place at half past two o'clock this afternoon in St. David's Presbyterian church, when the pastor, Rev. J. A. MacKeigan, united in marriage, Miss Nellie Gertrude, daughter of Mr. and Mrs. R. C. McIntyre of 142 Charlotte street, to Edward Arlotte Dickie of this city, son of the late Mr. and Mrs. John W. Dickie of Gagetown. The bride, who was unattended, was charmingly dressed in a navy blue travelling suit, with hat and ornaments. She carried a beautiful bouquet of Killarney roses. Mrs. J. M. Barnes presided at the organ and Miss Elinor Climo very sweetly sang "Because" during the signing of the register. The church was prettily decorated for the occasion. After the ceremony Mr. and Mrs. Dickie left on a motor trip through the province, at the conclusion of which they will reside in the city. Many useful and beautiful gifts were received, including a case of silver from the New Brunswick Power Company, with which the groom is employed.

PRINCE ON LAST LAP OF HIS TOUR

Renown on Way to Malta and Gibraltar; Then Home—Visit to Cairo on Friday and Saturday.

Port Said, June 12—The British battle cruiser Renown, bearing the Prince of Wales, sailed from here today on the last lap of the prince's eastern tour. Only short visits at Malta and Gibraltar will break the remainder of the voyage. London, June 12—Reuter's correspondent says that the Prince of Wales, who arrived at Cairo on Friday, exchanged visits with King Fuad on Saturday. The prince, seated in a motor car beside Viscount Allenby, the high commissioner, merrily acknowledged the hearty cheers of groups of English people gathered along the route.

Egyptians were few and most of them were searched by the police as the prince's car appeared in the distance. Fund returned the visit ten minutes later. On Saturday afternoon the prince visited the native bazaars. Later he played Number 1 on Pasha Yury's polo team against the Ninth Lancers, scoring two goals. A gold cup won by Yury's team was presented to the Prince of Wales on behalf of King Fuad. Viscount Allenby also received a gold cup. The prince and his party had tea at the clubhouses, where they witnessed a soldiers' boxing tournament.

MACKEREL SCHOOLS HEAD FOR P. E. I. AND BAY CHALEUR

Halifax, N. S., June 12—Large schools of mackerel have arrived at the Magdalen Islands and are approaching towards Prince Edward Island and Bay Chaleur on the border between New Brunswick and Quebec, according to wireless messages received from the Canadian government scout cruiser Ariensax.

Frederickton, N.S.—Mrs. Kinghorn and two little daughters, of Vancouver, and Mrs. Kinghorn's mother, Mrs. St. George, of Montreal, are visiting Mrs. Ketchum at Elnorport.

MIX UP IN A BARBER SHOP

Three men leaving a barber shop and three hats on the rack. It would seem to be a perfectly satisfactory arrangement of apparel and wearers but it caused a great deal of trouble in a tonorial establishment in the city about the end of last week for each of the three men got another man's hat and each was dissatisfied with the arrangement as the owners favored different styles, sizes or shapes and the new owners could not adjust themselves to the changed headgear. The trouble started with one man who was in a hurry and grabbed what he thought was his hat. He had hung his on a rack on which the only other article of headwear was a summer straw, while his hat was a nifty light brown felt. He had his hair cut and shampooed and jumped up to get out in a hurry, taking with him the only felt hat on the rack. This hat, being to another man who was not being able to find his own hat, took the one that was most like his and went his way, much to the sorrow of the second owner who refused to wear what was left and went home bare-headed. The barber shop was kept in a turmoil with calls from the various chapeau chasers, much exchanging of names and addresses and attempts to arrange a three-cornered meeting at which each might be restored to his rightful headgear. One declared after his third trip to the barber shop that he never got his own hat back, the one he had was better.

ONE OF BECK'S MEN COMES TO ST. JOHN

Gordon Kribs, B. S. C., Toronto, Engaged by Our Hydro Commission.

The New Brunswick Electric Power Commission has engaged the services of Gordon Kribs, B. S. C., electrical engineer, who has been for six years on the staff of Sir Adam Beck in Ontario as assistant engineer, supervising municipal operations. Mr. Kribs graduated from Toronto University in 1905. Previous to his employment with the Ontario Hydro he worked for the Westinghouse Company in Hamilton and Montreal as an assistant chief engineer on two operations, one in Portland, Oregon, and one in Texas, and also with the Toronto Municipal Power Commission. He is highly recommended by Sir Adam Beck, Mr. Gaby, chief engineer of Ontario Hydro, as a competent official who has had considerable success in the establishment and management of electric railways and gas works and he is thoroughly familiar with all phases of the application of electricity to commercial and manufacturing requirements. He will be the chief electrical engineer for the commission and will arrive in the city in about a week. The section of the embankment that was washed away at Musquash has been replaced and the repairs to the penstock will be completed this week. The testing of the West Branch penstock has been carried on quite successfully during the last few days, and with the completion of the repairs to the east branch it is probable that the penstock will be ready for operation in ten to fifteen days.

POLICE COURT

John P. Ryan, charged with wounding his wife, appeared this morning in a penitent frame of mind and told the magistrate that he was ashamed of himself and his children with the stipulation that her husband was not to be in the hospital. This proved to be not the case as she had been home in bed. He said the accused had been before the court on several occasions on charges of assault and in this case the charge was one of wounding. The law allowed a fine of \$200 or six months in jail or both with the provision for whipping. The wife, he said, felt that it was impossible for her to live longer with her husband and it looked very much like a separation.

Ryan said it was only a family quarrel but that he was quite willing for a separation. He said that only a few days ago he had given his wife \$100 for herself. He was losing valuable time being kept in jail and he had four men waiting the streets waiting for him to lay out work for them. The magistrate suggested that as it seemed impossible for the accused and his wife to live together amicably they arrange some sort of separation. To this the accused signified his willingness and it was arranged that Mrs. Ryan should get \$20 weekly for the support of herself and her children with the stipulation that her husband was not to attempt to see her or annoy her in any way. A fine of \$50 was allowed to stand.

Seven men charged with drunkenness were fined \$8 or two months in jail. The case against Samuel Swanton, charged with being out at an unreasonable hour and not giving a satisfactory account of himself, was resumed. Swanton announced his solemn intention of becoming a total abstainer and the case was dropped.

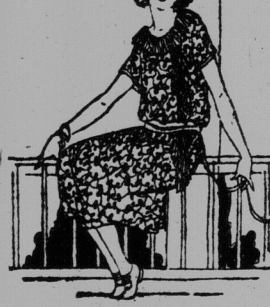

WOMEN'S INSTITUTE

At the annual meeting of the St. John Branch of the Women's Institute, held this afternoon in the rooms of the Natural History Society, reports were received from the various committees of the institute as well as the annual report of the secretary, Mrs. John Owens, and the treasurer, Mrs. R. J. Hooper. The president, Mrs. J. W. V. Lawlor, occupied the chair. Several papers were read, among them being one entitled "In Its Time" by Mrs. Hooper. The institute is wholeheartedly behind a movement to encourage the growing of flowers in New Brunswick and to educate the people to the fact that many flowers thought to be impossible of cultivation in this province, really flourish here. An interesting and instructive address was given by Miss H. T. Melkieson, superintendent of public health nurses in New Brunswick. Matters in connection with civic improvement also were dealt with and the annual election of officers held.

ANOTHER SITE FOR THE ORPHANS' HOME

Application for Parcel of City Land in Lancaster Dropped

No Exemption of Chautauque License Fees—More Applications for Labor Bureau Post—Sisters of the Good Shepherd Write re Rebecca Street.

The application of the New Brunswick Orphan Home for a deed to a parcel of land in Lancaster owned by the city has been withdrawn, according to an announcement made by Mayor McLellan and a committee meeting of the common council this morning. It is understood that the directors are negotiating for another site on the side of the Manawagonish road opposite to that owned by the city. Commissioner Bullock explained, and expected to get the deed without any restrictions as proposed by the city parcel.

The mayor presided and all the commissioners were present. Mayor McLellan asked Commissioner Thornton to instruct the police to put a stop to promiscuous automobile driving around King Square while tonight's hand concert was in progress. He said he had received many complaints regarding this matter and it was said that the honking of horns at times made it impossible to hear the concert. Commissioner Thornton said he would look after the matter.

A letter from the Russian Relief Administration enclosing food requisition application blanks to be used in connection with aid to a family in Russia, one member of which was living in West St. John, was ordered received.

A further application from Julia T. Pirie on behalf of the Chautauque, asking for exemption from the city license fees of \$10 a day was read, but on motion of Commissioner Thornton it was decided to reply that the city by-laws required that the fee be collected and the city could do nothing but comply.

In reply to a letter from the C. N. R. asking that consideration be given to the N. B. Rolling Mills in placing orders for materials, Mayor McLellan received a letter saying the purchasing agent would do his best in the matter.

The mills had asked for exemption from taxation and it was in order to help in the matter of unemployment that he had made the request.

Letters were read from the Victoria Hospital in Fredericton and the county secretary in connection with the case of Henry McLaughlin of St. Paul street, this city, who was a patient in the Fredericton institution. The superintendent said that he had entered on June 2 and had been operated on for appendicitis and he was not able to pay the fees of \$31.8 a day for attendance and \$20 for the operation, he asked that this amount be paid by the municipality.

The matter had been referred to the county secretary, who wrote asking that the residence of the patient be investigated. The papers were referred to Commissioner Thornton for report.

E. J. Conlin applied for the position of superintendent of the federal labor bureau. He was four years in the army and Royal Flying Corps, and had considerable experience in handling men. He, the last two years he was with a contracting firm and presented references for that company. His application and also that of John T. Richards for the same post were ordered to lie on the table with other applications.

C. G. McNeil, secretary of the dominion command, G. W. V. A., wrote on behalf of the Dominion Veterans Alliance, asking that the city support their request for federal and provincial legislation to remedy unemployment.

On motion of Commissioner Wigmore it was decided to write Mr. McNeil that the council approved.

A letter was read from the Monastery of the Good Shepherd, stating that the Sisters were trying to secure four properties located in Rebecca street, and asked:

(1) If the properties were secured, if the city would allow them to close Rebecca street and use it as a playground for the children in the home; or

Application for Parcel of City Land in Lancaster Dropped

No Exemption of Chautauque License Fees—More Applications for Labor Bureau Post—Sisters of the Good Shepherd Write re Rebecca Street.

The application of the New Brunswick Orphan Home for a deed to a parcel of land in Lancaster owned by the city has been withdrawn, according to an announcement made by Mayor McLellan and a committee meeting of the common council this morning. It is understood that the directors are negotiating for another site on the side of the Manawagonish road opposite to that owned by the city. Commissioner Bullock explained, and expected to get the deed without any restrictions as proposed by the city parcel.

FAIL TO IMPOSE NEW TAX ON THE TOURIST IN ROME

Rome, May 25.—(Associated Press, by Mail).—Seeking the money of the tourist in Rome, the municipality be thought itself of collecting from him a tax of 10 per cent. of his hotel bill, simply for the privilege of sojourning in the city. But there was violent opposition from the public in general and hotel keepers in particular, with the customary references to the killing of the goose that lays the golden egg, and the proposal, for the time being at any rate, has been shelved.

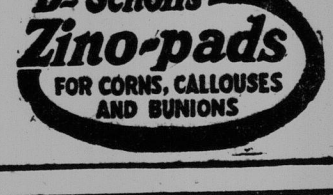

Germany to Give a Zeppelin to U. S. Craft Will Inaugurate Transcontinental Air Service.

Berlin, June 12.—The United States will have its first Zeppelin passenger air cruiser in a few months. After spending some millions in its own and British shipbuilding yards with discouraging results, the United States is to be given a German Zeppelin, the latest construction with all the most modern development, by Germany, free. Negotiation between the American and German governments for the construction of the new Zeppelin have come to a conclusion today.

WAR FIGURES SHOW KILLED MOSTLY YOUNG

Paris, May 20.—(Associated Press, by Mail).—There was less danger of death in the late war, to officers who fought in the air than to those who combated on the earth. French statistics show that 29 per cent. of infantry officers were killed, while 21 per cent. of aviation officers lost their lives.

BREWERS MUST PAY

(Toronto Globe.)

Breweries in the province are not in that dire financial position that their representatives tried to lead the legislature's municipal committee to believe when they made their request to the committee for a change in the assessment act, reducing their tax from 75 to 25 per cent.

Hon. H. C. Nixon, provincial secretary, asked that a clause in the assessment act to this effect be struck out, and in doing so, made known some of the returns of profits the brewers had filed with him.

"One company admits paying 8 per cent. dividend, another 11 per cent. on its common stock, and 7 per cent. on its preferred stock, and a third company, which did not pay a dividend, reduced its bonded indebtedness by \$186,000," said Hon. Mr. Nixon. Another company, he said, distributed bonuses of \$3,000 to \$22,000.

afford to pay the tax of 75 per cent. A reduction down to the manufacturers' rate of 60 per cent. might be considered, but 25 per cent. is out of the question," he said.

Joseph Thompson said it was absurd to expect the breweries to pay the same business tax as in former years. "How can you reconcile the statements of managers of the breweries made in committee, with the returns to the provincial secretary?" Mr. Thompson was asked.

Hon. Thomas Crawford declares brewers were quite able to pay the tax and said there was no necessity for reduction.

"It seems to me, in the face of these returns, the brewing companies can well afford to pay the tax of 75 per cent. A reduction down to the manufacturers' rate of 60 per cent. might be considered, but 25 per cent. is out of the question," he said.

Latest available statistics show that 54,000 people normally earn salaries and wages in the factories of the Maritime Provinces. Add their dependents to realize what manufacturing means to the people. Over 225 million dollars of capital is invested in manufacturing in these provinces and the annual value of the articles made in the factories is 246 million dollars.

The members of the Association in the Maritime Provinces are especially urged to come to the Annual Meeting of their national organization.

INTERNATIONAL ADVERTISING

Establishing of Better Relations Among Nations—Address Today at Milwaukee Convention.

Milwaukee, June 12.—Among the most important accomplishments of commercial advertising is that of establishing more friendly relations between nations, asserted L. J. Cunniff of the McCann Advertising Agency of Toronto in addressing a great general session of the convention of the Associated Advertising Clubs of the World here, this forenoon.

A failure to understand the people of a country when appealing to them through advertising increases their misconception of the advertiser and his fellow countrymen, and by the same token, favorable experience with the advertising and wares of another country tends to create good will and more friendly relationships.

Much is being said at the world convention of advertising, which opened here yesterday, concerning the better understanding between nations, which is resulting from international trade, and

What do you most desire in Tea? — FLAVOUR!
"Salada" Tea is rich in the essential oils of Flavour and will always give genuine satisfaction.

emphasis is laid upon the fact that truthful advertising and fair and generous dealing, as well as an understanding of the tastes and the customs of the people dealt with, rapidly promote friendly feeling; and every firm which undertakes to advertise in another country and misses the mark is assuming a grave responsibility, for he is making it harder for his fellow countrymen to sell in that country, while also failing to make his own investment pay.

Mr. Cunniff, "assumes the duty of studying the needs and preferences of the people and the responsibility of conducting its selling, its advertising and other business transactions in a way which will violate no traditions of this country and which will please prospective purchasers in the new market."

is so careless or ignorant as to offend people by its business methods or its advertising messages, but injures the efforts of all of its fellow citizens trying to market their products in the same countries and renders all similar efforts less effective, both foreign and domestic.

Quite Easy to Succeed.

"It is quite easy to do the right thing. It is not necessary to be skilled in diplomacy or schooled in international politics to advertise successfully in a foreign country. The matter is quite simple. If you will go about the same way as you prepare your domestic campaigns; if you apply the same taste you apply to domestic campaigns, ninety-nine times out of 100 the outcome will be all right. Advertising men, who have so many times in the past thrown the weight of their influence on the side of progress, who have helped establish higher standards of living, more strict codes of business ethics, truth in advertising, truth in merchandising, honest goods and honest prices, will find it well worth while to lend the weight of their influence so that international advertising may mean only more profitable sales and more prosperous firms, but that it may also help bring into being a more tolerant, more friendly and more neighborly family of nations."

HOW EXPORTERS OF THE DOMINION WILL BE HIT

To show the striking extent to which the new United States tariff now before the Senate at Washington will affect Canadian exports to the United States, the tariff department of the Canadian Manufacturers' Association has prepared a statement, comparing the present and proposed rates on the principal commodities exported. These indicate heavy increases in nearly every item, many goods which have hitherto figured on the free list being placed on a duty basis, while others which have been moderately taxed are now to be subject to much heavier rate of duty.

1921. The rates of duty will be raised on many other articles, and while the exports of each such commodity to the United States are not great, the aggregate of these exports represents a very considerable total. Total exports of Canadian produce to U. S. A. for year ended March 31, 1921, were valued at \$542,504,456. Total of main articles of Canadian produce exported, on which gate of these exports represents a very considerable total. Total exports of \$294,924,254.

MANY MEN ARE NOW EMPLOYED

Snowball Company Shipping Lumber to Montreal, Toronto and Overseas — Will Soon Start Big Mill.

(Chatham World)

Our reporter took a walk down around the Snowball plant yesterday to see the activities that were going on there and the evidences of renewed business was very gratifying when we considered the quietness that existed in this locality last season. We found Mr. George Groat busily engaged installing a new Allis Chambers engine that will develop about 600 H.P. This is replacing the engines that were put in the mill when it was first built in 1912. Mr. Groat expects to have the mill running about the middle of June. He is now waiting for the new belt that is on the way from the makers. He has twenty-two men employed on mill repairs.

We also found the machine shop running to full capacity with about ten men employed. Loading was going on at the planing mill which is a new plant replacing the one that was burned last year and Mr. W. B. Snowball, who was here, told us this mill was giving good satisfactory and one day had turned out 48 m. of stock which had been re-sawed at the resaw, planed and tongued and grooved and that he had orders on hand for a large quantity of similar stock going to Montreal and Toronto markets and he hoped to be able to keep this plant continuously running. There are about ten men employed in this mill besides four loading cars. Rough lumber was also being loaded for Toronto and Montreal, about two cars each day going out.

We saw lumber being unloaded from cars and on asking found that this was being brought from Tracadie mill by rail the first time they have been able to get a satisfactory export rate from that point and Mr. Snowball stated he had sixty-five cars on the way for the S. S. Drott now loading at the wharf. This was being argued by barges also coming from Tracadie.

So far this season, this firm has loaded the Canadian Trapper, carrying about two and a half million superficial feet; Canadian Challenger, carrying about four million, and have the Drott loading at the wharf, that will carry about three million superficial feet.

Our reporter asked Mr. Snowball how many men he had on the pay-roll and he stated the permanent staff that was in connection with car loading, tug boats, machine shop and mill, was about one hundred and the last time sheet, which also had the steamer men, had two hundred and thirty-two names.

We also noticed the Grasse Trader loading at the Canada Wharf for this firm which was taking a cargo of boards for Montreal. This vessel, the owner stated, would probably make several trips to the Miramichi this season.

When the big mill gets going, employing another 100 men, this section of the town will present a very busy appearance.

Don't neglect those cracked walls and ceilings another day

You can repair them most economically with Beaver Board. Just nail the big, flawless Beaver Board panels over the old plaster. Apply paint if you want a decorated job, add the finishing wood strips, and you have an attractive, livable room at surprisingly low cost.

And remember, walls and ceilings of genuine Beaver Board can't crack, chip or fall. For Beaver Board is a real lumber product, made of white spruce logs. Each panel is sized by the patented Sealrite process which provides a perfect painting surface.

There are a thousand and one uses for this knotless, crackless manufactured lumber. It is ideal for transforming attics, making new rooms, erecting partitions, enclosing offices, remodeling of all kinds and new interior construction.

Beaver Boarding is not only the most economical kind of work, but also the quickest, easiest and cleanest. Once done, it's as permanent as the building.

Any carpenter or lumber dealer in town will tell you about Beaver Board and advise you as to its use. Ask one of them about it.

Be sure you get genuine Beaver Board. You can tell it by the trade-mark on the back. You can't expect Beaver Board results without Beaver Board itself.

LIMIT IS VICTOR

Halifax, June 11—Limit, owned by Harold Briggs, won the handicap race here Saturday for the Brookfield Cup in the opening event of the season of the Royal Scotia Yacht Squadron. Seven boats competed.

HORSE LED LOCOMOTIVE

Raced in Front of Speeding Trains for Miles.

Hampton, N. J., June 12—Chief of Police Willis Ulschell of Riverside, has in his possession a horse, ownership unknown, which may some day wear the laurels of Man of War.

As the engineer of a Pennsylvania Railroad train here in sight of Riverside station he saw a horse on the tracks several hundred yards ahead. Blowing the whistle, the engineer expected to startle the animal off the tracks. Instead it began running ahead at top speed.

After a mile at this rate the train gradually crept up on the horse. Continuously whistling failed to scare the animal off. The engineer slightly cut down the speed, and for two more miles the animal tore along, with the tug-of-war, schooling boys' relay race and a 220 yards handicap for novices.

The championships will be staged by the Calgary Caledonian Games Society and the pageant and highland dancing contests, so dear to the Scots, will figure largely in the programme.

The national championships events to be decided are—Running, 100 yards, 220 yards, 440 yards, 880 yards, one mile and five miles; jumping, 120 yards hurdle race (10 hurdles, 3 ft. 6 ins. in height); running high jump, standing high jump, running broad jump, standing broad jump, hop step and jump; walking, one mile; pole vault, throwing 16 lbs. hammer; heavy events, throwing 16 lbs. weight for distance, throwing the discus, putting the 16 lbs. shot, tossing the caber, relay race, one mile, four men, for which gold, silver and bronze medals are awarded teams winning first, second and third.

All entries must be made on the entry form issued by the A. A. U. which may be secured from A. A. U. officials in every province. It is necessary for athletes to be registered amateurs of the A. A. U. or amateurs of any of the affiliated associations, leagues, unions or clubs, in which case the entries must be made by the secretary of their respective clubs.

The traveling expenses allowed are limited to first-class railway fare, including parlor car and single berth sleeping car fares actually paid, and the amount actually paid for meals and lodgings, which amount shall not exceed \$5 a day. No payment for loss of wages or time shall be accepted directly or indirectly. J. W. Jenkinson, Hon. Secretary of the Calgary Caledonian Games Society, 219 Burns Building, Calgary, Alberta, will furnish any information desired.
