Berlin Admits Gravity Of Situation; Evacuation Of Belgium Openly Discussed

Paris, Oct. 3.—That the German situation on the western front is grave, the Frankfurter Zeitung admits, adding that the German front is gradually crumbling. The evacuation of Belgium is being discussed openly in Berlin, according to advices reaching here. Concerning Alsace-Lorraine, the German high command makes the suggestion that it be neutralized and joined to Luxembourg, thus making a buffer state between France and Germany.

GERMANS GIVE WAY BETWEEN LENS AND ARMENTIERES

Forced From Highly Organized Positions and Haig Is Pressing

German Retreat in Le Basse Sector Begun And Looked on as a Far-reaching Possibility—Believed Lens Given Up and Lille About to Be

London, Oct. 3.—British troops this morning resumed their attacks north of St. Quentin, Field Marshal Haig so reports in his official statement.

The Germans are continuing their rearward movement on the front from Lens to Armentieres. They are evacuating highly organized positions in that area, along a ten mile line.

In pushing after the retreating enemy, the British have reached the general line of Cite St. Auguste, Douvrin, east of La Bassee, east of Aubers and west of the Grenier Wood. The advance is continuing.

ON TO COURTRAI

Paris, Oct. 3.—General Poincaré's army, fighting on the Belgian front, is reported to be two miles from Courtrai. Despatches from the front state that Menin and Roulers are burning and that the Anglo-Belgian thrust continues in the direction of Courtrai, where the great road to Ghent opens.

London, Oct. 3.—Belgian forces on Wednesday improved their positions at various points, according to the official statement issued from Belgian headquarters last night. General Poincaré's army has captured Gheuve, near Menin, and Le Bliez, just north of Armentieres.

FOUR IMPORTANT PLACES

British headquarters in France, Oct. 3.—(By the Associated Press)—Field Marshal Haig's forces are reported to have captured Ramscourt, Goye, Le Cateliet and Sequehart. This has not been officially confirmed. More than 2,000 Germans have been taken prisoner today by the British.

LENS AND LILLE

London, Oct. 3.—Field Marshal Haig's announcement that a German retreat has begun in the La Bassee sector is commented upon as a development of far-reaching importance. It is asserted, and unofficially stated, that the town of La Bassee has been evacuated. It is also believed that the enemy withdrawal from Lens and Lille is a report, too, that the Germans have ordered that Lille be abandoned.

To the successful operations of the Belgian army and General Poincaré's forces, to the north, is attributed the enemy's movement to the rear. The Anglo-Belgian drive has brought these forces near to Menin.

BRITAIN MAKES A PEREMPTORY DEMAND UPON HUN GOVERNMENT

London, Oct. 3.—Owing to Germany's continued failure to ratify the exchange of prisoners agreement with Great Britain and her raising of questions concerning submarine boat crews which Great Britain declines to do, the British government has dispatched to Berlin peremptory demands for an immediate answer.

ALFONSO'S ILLNESS

Madrid, Oct. 3.—(By The Associated Press)—Physicians attending King Alfonso, who is suffering from influenza, issued a bulletin last night stating that his temperature during the day was 102.8.

Holland Hears Germans Are Giving Up The Belgian Coast

London, Oct. 3.—Unconfirmed reports come from Holland that the Germans are preparing to evacuate the Flanders coast and the towns behind it. The breach in the Hindenburg system between La Cateliet and St. Quentin by the British, Australian and American troops is also commented on as an incident of great importance.

CRITICAL PHASE OF FIGHTING IS NEAR

Enemy in Grave Peril in Belgium and Line in Centre Breaking While Allies Progress Near Rheims and in Champagne

Paris, Oct. 3.—While the enemy is throwing reserves recklessly into the centre of the vast battle line in a desperate effort to stave off the evil hour of defeat, the Allies continue to progress on the wings. Slowly but surely, the splendid advance of the Allied forces near King Albert of Belgium has forced General Ludendorff to withdraw his troops.

On this portion of the front the position of the Germans is getting dangerous and they must find an effective way to defend Lille, which, with Metz, is the pivot of the whole German system in France. Now that the German front line in Belgium has been broken the line of communication between Ostend and Thourout is in peril and the Roulers-Menin railroad is cut. It can be seen that the position of the enemy there is grave.

The second line of railroad from Bruges to Courtrai is under shell fire. While this German army, the fourth, is thrust back on its communications, the forces on its right are in a risky position near the sea at Neuport. Those elements on the left of the fourth army are thrown back at the same time with difficulty in defending Lille.

Latest news from the centre of the line shows that the enemy resistance there is giving evidence of failing. Le cateliet has been taken in this sector. On the right, General Berthelot is still driving the Germans away from the Rheims region and General Gouraud is pushing slow headway in the Champagne. Everywhere the signs of battle indicate the approach of the critical phase.

In addition to the general satisfaction over the situation in France, Paris is rejoicing over the news of the fall of Damascus.

LIEUT.-COL. WEDDERBURN HOME FROM ENGLAND

Lieut.-Colonel Frederick W. Wedderburn, who is reported to have returned to the 115th battalion, one of the finest units which left these shores, returned to the city on the Boston express from the Atlantic port at which he had landed. Since his battalion was broken up for reinforcements drafts, Lieut.-Col. Wedderburn has been engaged in England.

ANOTHER SUCCESS IN PALESTINE SCORED

London, Oct. 3.—(8 p.m.)—Australian mounted troops operating in the north-west of Damascus, in Syria, on Wednesday charged and captured a Turkish battery. Fifteen hundred prisoners were taken and two guns and forty machine guns were captured, according to an official statement issued today by the British command.

PTE. JOHN F. JEFFREY HIT IN LEG AND HAND

Mrs. Katherine Jeffrey, of 180 Millidgeville avenue, received a telegram this morning stating that her son, Private John F. Jeffrey, had been admitted to No. 1 casualty clearing station on September 25, suffering from wounds to the left leg and right hand. Private Jeffrey went overseas a few months ago with a draft from the First Depot Battalion and had been at the front for only a little more than three weeks.

Victoria, B. C., Oct. 3.—Dan Campbell of Victoria, a police officer who shot and killed Albert Goodwin, a draft evader, while Goodwin was alleged to be resisting arrest near Cumberland some months ago, is not to stand trial on a charge of manslaughter on which he was committed. The jury in the assize court this morning returned a "no bill" and Campbell, accordingly, was discharged by Mr. Justice Murphy.

French Win Challerange

Important Railway Junction in Champagne; Advance North of Rheims Continued

Paris, Oct. 3.—Heavy fighting continues in the region north of Rheims and the French have continued their advance, capturing Loivre, says the war office statement today.

The railway junction of Challerange, in Champagne, has been captured by General Gouraud.

West of Challerange the Germans made determined efforts to drive the French from the wood southeast of Orfeuil, but were driven back with heavy losses. The French attack in Champagne was continued today.

Detailed Report

Paris, Oct. 3.—The French statement follows: "North of the Vesle the French troops continued their advance and progressed beyond Loivre. In the region of Lauenville (north of Rheims) violent German counter-attacks obtained no results.

In Champagne the fighting began again after noon yesterday and continued until night. The French troops captured Challerange. The Germans made strong efforts to drive the French from the wood southeast of Orfeuil which they had penetrated. Three heavy German assaults were broken up by the French who maintained their gains and inflicted heavy losses on the enemy. A number of prisoners were captured by us in the course of this fighting.

"The attack was resumed at day-break today."

AN AMERICAN FRONT

With the American Army Northwest of Verdun, Oct. 2.—(By the Associated Press)—Violent artillery firing developed along the centre of the American line between the Meuse and the Aisne today. The Germans also bombarded the American positions on the right, near the Meuse, to a limited extent, but on the extreme left there was a significant silence for the greater part of the day.

Paris, Oct. 3.—The German censor at Berlin permits the German press to Bulgarianize the situation, according to advices reaching Paris. It is declared that if Austria-Hungary should give in, Bavaria might follow her example.

TO ITALIAN FRONT

Rome, Oct. 3.—Premier Orlando left for the Italian front coincident with the Bulgarian armistice, according to the Idea National. This is the plan adopted by the Italian government, it adds, "has so changed conditions on all fronts that it creates possibilities for activities by the Allied forces along new lines not heretofore foreseen."

Amsterdam, Oct. 3.—The Bulgarian peace delegates who went to Saloniki and signed the armistice agreement with the Allies have returned to Sofia, says a despatch from the Bulgarian capital.

Geneva, Oct. 3.—King Ferdinand and Queen Marie of Bulgaria were at Velea a week ago to exhort the Bulgarian troops to fight, according to Saloniki reports received here. Their efforts were of no avail, the Bulgarian soldiers throwing away their arms and retiring.

GERMANY COULD NOT HELP BULGARS

Ferdinand Had Appealed For Military Aid But It Was Impossible To Comply

Geneva, Oct. 3.—Bulgaria has not betrayed her allies, who were informed of every step she took through many European press channels, says a Sofia despatch. It asserts also that, on the conference of Sept. 22, for instance, King Ferdinand sent an urgent appeal to German headquarters for military aid, giving notice that he otherwise would be forced to open negotiations with the enemy. Germany, however, replied that it was impossible to comply.

Paris, Oct. 3.—High praise is given the French cavalry forces which have been operating in the Macedonian campaign in co-operation with the Serbs, in the Serbian statement issued at the war office tonight.

Measures provided for in the armistice between the Bulgarians and the Allies are in the course of being carried out. Germans Stand at Danube.

Paris, Oct. 3.—Occupation of Bulgaria by Allied troops is progressing normally, according to Marcel Hutin of the Echo de Paris.

Bulgarian troops resist at certain points, he says, but submit so soon as they are apprised of the fact that an armistice had been signed. German troops which have been fighting in Macedonia are moving northward and appear to be organizing a defensive line along the Danube. They have already fortified the Roumanian bank of the river. It appears that communications between Sofia and Constantinople have already been cut.

GERMANS REMOVING INHABITANTS FROM ALSACE

Geneva, Oct. 3.—German military authorities have begun to remove the inhabitants of Alsace, according to the Democratic expectation of a Franco-American attack on the frontier.

The inhabitants of twenty villages including Forrette, Goutavon and Winkell already have been sent to Bavaria. Some of the villagers have escaped across the Swiss frontier.

Fear of disorder is rampant throughout Alsace-Lorraine not only among the civilian but also among the military forces. Food is scarce and little is available.

The German authorities in Alsace-Lorraine, the Democratic adds, are afraid of a general uprising in those provinces when the Allies cross the frontier.

BRUSSELS PEOPLE LEARN THAT HOUR OF LIBERATION IS NEAR

Paris, Oct. 3.—(Havas Agency)—A despatch from the Dutch border asserts that the German government-general in Belgium has given secret instructions to the governors of the provinces to send hastily all German archives to Brussels. Allied aviators have flown over Brussels, dropping thousands of pamphlets, telling the public to have a little more patience—that their hour of liberation is near.

THE WAR SITUATION.

The probable retirement of the Germans from Belgium and the report that Turkey has thrown out new peace feelers are important features of the war news, but not more so than the story of capitulation.

concerning which people can heartily unite their efforts are vastly more important than those on which there may be differences of opinion.

COMMUNITY WELFARE.

Business men of St. John are this week seeking knowledge that will give them greater efficiency, and that is well.

Mr. Frank Stockdale has quoted to his St. John hearers the truth that where there is no vision the people perish.

A careful reading of the war news gives the greatest satisfaction.

WAR GARDEN EXHIBITS.

The war-garden exhibit which is open for public inspection today should be an inspiration to the citizens and encourage more of them to enter next year into the campaign for increased production.

The citizens should go to King square today to this evening and see for themselves the evidence of what even the amateur gardener can do.

Today's reports indicate that the Germans are preparing to meet an Allied attack along the Danube front upon Austria.

WOMEN'S INSTITUTES.

The convention of Women's Institutes which opened in Fredericton on Tuesday is an important parliament of women devoted to real national service.

During the year \$1,000 was raised for the Women's Auxiliary Army Corps, and other patriotic causes received substantial support.

It is urged with much force that county as well as provincial conventions would be of great benefit, and also that there should be a union with western Institutes in a national organization.

The Women's Institutes have justified themselves. They provide a forum and rallying point for the women of the rural communities, and are of great educational value.

THE GENIAL DRINK

Around four o'clock in the afternoon, when the body is tired and the mind is weary, and you don't quite know what to do next, there is nothing that will stimulate you so quickly and give you renewed ambition, and make the world take on a new aspect, so much as a cup of Lipton's Tea.

But be sure the Tea is Lipton's, because the quality is guaranteed. We grow it, blend it, pack it, and sell it ourselves. No other firm selling Tea in Canada may give you this guarantee.

Died of Starvation

Many a Belgian mother could have these words engraved on her child's gravestone—"Died of Starvation."

Perhaps the child has wasted away with Consumption, or has been twisted into a mockery of happy childhood by Rickets, but starvation is at the root of the tragedy.

What else can be expected for a growing child whose daily ration is the bowl of soup and two pieces of bread provided by the United States loans to the Belgian Government?

The only hope for the destitute children of Belgium is that we who can afford three meals a day will be moved to play and send help immediately. Even a small contribution will help to take some child, sinking under its load of trouble, over to Holland, where with good milk, nutritious food, medical care and loving treatment, he or she may regain health, strength and the wish to live.

GIVE—give until you feel the pinch! Don't wait until someone asks you personally. THIS is personal!

Daily Fish Bulletin

Issued by Canada Food Board.

SAVE FISH FROM SPOILING.

Fish will keep longer cooked than raw, so that surplus fresh fish should be cooked by steaming, boiling or baking. It can be reheated when needed. Or again, fish can be based in a granite pan with the addition of a quantity of weak vinegar, salt pepper and a bay leaf. This pickled fish is excellent, either hot or cold. Any left-over fish (not pickled in vinegar) can be used to make creamed fish scalloped fish, fish pie or fish chowder.

Food Board Flashes For Feminine Folk

Among the college volunteers for sugar conservation in the United States practically one hundred per cent have given up cold drinks and candy, and many are denying themselves sugar in tea and coffee.

One college girl says: "I would never have thought it possible to give up these things, but I do not indulge in them now, nor do I want them while there is a war to win."

Are you one of those who are having fewer ice cream sodas and candies this year?

Increases For Aged Ministers

Charlottetown, Oct. 2.—At this morning's session of the maritime synod, Professor J. W. Falconer, of Pine Hill, submitted a statement from the college board. He reported an attendance of twelve with six graduates. The year has been successful and the debt reduced to \$2,000.

In connection with the college report an overture from the presbytery of Miramichi was submitted in reference to the salaries of the principal and professors overseas. It was supported by Rev. L. H. McLean, Rev. T. W. Thompson and Rev. J. F. McCuaig.

Rev. Mr. Munro's motion that the overture be re-submitted to the college board for further consideration was carried.

Professor Falconer reported for the Halifax Ladies' College. The revenue was \$40,000 and the assembly \$40,000 leaving a balance of \$1,800. The college was given over for part of last year for hospital purposes. The attendance is satisfactory and the college is in a high state of efficiency. The report was adopted.

The question of a synodal evangelist was taken up. Rev. W. P. Grant opposed the order that the assembly be invited to disapprove of this movement. He moved that the synod take no action but urge upon the ministers of the synod to emphasize the evangelistic note in their ministry. This motion was carried.

Rev. W. H. Spencer reported in favor of the McLeod bequest stating that the fund is now being used by the home mission board in aid of augmented congregations.

Rev. James Ross reported for the Century church and manse building fund. The grants have been made to date from the fund to mission stations to the amount of \$12,200. The capital account amounts to \$21,841.

Rev. Mr. Rogers, reporting for the aged and infirm ministers fund, referred to the action of the assembly in appointing a committee to deal with the question and it is generally conceded that the allowance is so small that young men of brains and religious conviction are deterred from entering the ministry. We must raise the retiring allowance to at least \$1,000 a year with \$500 for widows, said the doctor. The statement was received and adopted.

Professor Falconer presented the financial statement of this fund for the year

Only Once a Year

The old adage "Christmas comes but once a year" has a deeper meaning this year than ever before. If ever the world needed a brief respite in which to "think about things," she surely needs it now.

We can all plan some little gift of remembrance—it may only be a trifle—for loved ones at home as well as overseas, and thus keep up that national spirit of Christmas which is ours by right.

Write for the Birks Year Book—don't think of it as a catalogue of expensive jewellery and silverware, but rather as a complete year-book of moderately priced and useful things needed by someone of your family—a student—a friend—or even yourself.

BEAR FOUND GUILTY; KEIRSTEAD CASE UP

The circuit court at Gagetown opened there on Tuesday afternoon at 2 o'clock. Two important cases were before Judge Chandler who presided. The first was that of Michael Bear, an Indian, for assault committed on little Dorothy Cox, this city, at Gerow's Wharf some time ago. Evidence was given by William Jones, Mrs. William Jones, Miss Hazel Jones, all of St. John, Dr. W. M. Jenkins, of Hampstead, and by Albert and Harry Black, of Gerow's Wharf. The features of these witnesses was along the lines already related. The jury were out about five minutes when they returned with an unanimous verdict of guilty. Bear has not yet been sentenced.

The next case on the docket was that of Robert Keirstead, who has been granted a second trial for the murder of his wife. The preliminary issue under discussion was whether or not Keirstead is of sane mind sufficient to proceed with a new trial. The question is one of law as to whether or not Keirstead's mental condition permits his consulting his lawyer. If not then there will be no new trial, Keirstead probably being confined to an institution. If his mental condition is such as to allow him to distinguish between right and wrong, it was argued, that the case be proceeded with.

A FIGHT FOR MILLIONS

CHAPTER VII

Choked by Bob's grip so he could make no outcry, Lawless was dragged from the parsonage, then was bound and gagged by Bob and his companions. Another instant and he was on a horse and being carried away through the forest.

WHAT HAS GONE BEFORE. Bob Hardy, mining engineer, finds a great mine on the Montana ranch of Jean Benton whom he loves. Jean, to get the millions left by her father, must marry within a year either Jacob Lawless or Walter Hyde. These men in their fight to force Jean to marry them so they can get her millions, are thwarted by Hardy. After many thrilling encounters, Jean escapes Lawless by making a parachute of her skirt and leaping off a cliff 1,000 feet high. She is again seized by Lawless and is hypnotized by a Medicine man. In this state, she is taken to a minister who starts to marry them. Bob and his friends foil Lawless by dragging him away, a prisoner.

will, declared Lawless. Hyde agreed, but laughed sneeringly. "They can't stand out against us now we've joined forces." The two again pledged the agreement with drinks and Lawless drew from a pocket the certificate he had obtained from Dr. Jones. Without this certificate of her mother's marriage and her own birth, Jean is helpless to establish her claim to the fortune. We'll take her in the morning and she'll have to marry one of us." More drinks and more boasting and plotting and the pair fell asleep across the table and Iron Star, pistol ready for use, climbed into the room, took the precious certificate from Lawless's pocket and hurried away to tell his story to Bob. Jean was awakened and being acquainted with her perils, agreed to leave at once in an attempt to catch an early morning train for the east. The minister placed his small automobile at their disposal and before dawn, Bob, Iron Star and the girl were racing along the rough mountain road toward Willow River Junction, hoping that at last they were out of the outlaw's clutches.

March-Desbarres. A nuptial event of interest in this city took place in Blackville, N. B., yesterday, when Miss Marie Desbarres became the bride of Captain John Edgar March of this city. Rev. W. G. Watson, B. D., officiated at the ceremony. There was a touch of romance to the wedding as the groom was instrumental in saving the life of his bride two years ago at Cape Tormentine. The bride was costumed in white georgette crepe with veil and orange blossoms. James McSorley and Miss Grace McManus were united in marriage yesterday in St. Anthony's Church in North Devon by Rev. Father Murphy.

In St. Peter's church yesterday morning, Rev. William Hogan, C. S. R., who was celebrant at nuptial mass, united in marriage Miss Loretta Kane and Francis Gallagher. The bride was attended by Miss Bertha Gallagher, sister of the groom, and the groom was supported by Patrick Kane, cousin of the bride. They left on a honeymoon trip to Boston and New York.

At the manse in Fredericton, on Wednesday evening last, Arthur Everleigh Barton was united in marriage to Miss Estella May Caron of Boiestown, N. B. After the ceremony they left for this city. They will reside in Fredericton.

FERRY PILING CONTRACT LET BY COMMON COUNCIL

OFFER AID TO BOSTON

City Will Ask if Help is Needed—Mooney & Son Get Extension of Time—Spruce Lake Cottage Was Sold Twice to Different Purchasers

Award of the contract for ferry piling repairs to Engineers & Contractors Ltd. at \$1,980 was recommended by the common council in committee this morning. On the mayor's suggestion the city of Boston will be asked if this city could be of assistance in combating the influenza plague.

The double sale of a Spruce Lake cottage was before the council with the rival claims of the two purchasers. No action was taken.

Mayor Hayes presided and all members of the council were present.

When the meeting came to order, tenders for repairs to the piling on the east side ferry floats were opened. Louis Stephens tendered at \$2,800.00 and Engineers & Contractors was \$1,980. On motion of Commissioner Bullock, acceptance of the lowest tender was recommended to the council.

Aid for Boston.

The mayor raised the question of sending aid to Boston on account of the influenza epidemic. He had made inquiries regarding the possibility of sending nurses but had found that there were scarcely enough for local needs. However, some might be secured. Other members of the council agreed that there were few nurses to spare. It was agreed that the mayor should inquire of the Boston civic authorities as to what assistance might be desired.

Commissioner Fisher brought up the question of repairs to retaining walls, remarking that bond issues would be required for this work.

You will get no bond issues, so you can set your mind at rest on that point," said Commissioner Fisher.

Commissioner Fisher said he was making temporary repairs to the walls.

The commissioner of public works reported a bid for repairs to the Spruce Lake bridge had been completed at a cost of \$810 and claim made on the permanent fund for their share.

Reporting that B. Mooney & Sons had completed the permanent paving work on Main street but not within the time limit, Commissioner Fisher moved that their time be extended by thirteen days. This was carried.

House Sold Twice.

Commissioner Hillyard submitted a report on the sale of a cottage on city property at Spruce Lake, which had been sold by his predecessor to a Mr. Dean and, through a misunderstanding, due to lack of record of the sale, had also been sold by the present commissioner to a Mr. Wilson for \$15. Mr. Dean paid \$20 for the cottage and had claimed \$100 damages on account of material removed by Mr. Wilson. His claim had been reduced to \$75. An opinion by the city solicitor was presented and Commissioner Hillyard moved that the claim be settled. Commissioner McLellan moved an amendment that no action be taken until authority for the first sale is shown. It was decided to let the matter stand over for a few days until further information could be secured.

Commissioner McLellan asked regarding the blockade of the Queen Square street car line in West St. John by W. E. Scully. The mayor reported that negotiations were in progress which might lead to satisfactory settlement and which would make it possible for the company to resume the service.

Commissioner Bullock remarked that his department had been maintaining the plank sidewalk in Union street, W. E. adjoining the Sand Point slip, and asked why this was not a matter for the department of public works. The city engineer will be asked to report on the matter.

The committee adjourned.

THERE ARE 185 FROM LANCASTER "OVER THERE"

United Soldiers' Helpers Planning to Remember Them Again This Christmas

Proof has never been wanting that the Parish of Lancaster has well borne its part in the war. Volunteers from that section went over with the first contingent for overseas service and since, about the first casualty was that of Pte. Rudolf F. McKel, who was killed early in 1914, and "Bud" Tippett of Fairville was among the earliest wounded men to return home, after serving on the firing line.

It will come with considerable surprise to some, however, to learn that there are now about 185 men from Lancaster overseas with His Majesty's forces. These figures were obtained from the list carefully kept by the United Soldiers' Helpers of Fairville, a purely local organization whose sole efforts have been to provide comfort and cheer for the Lancaster lads in the battle zone.

The United Soldiers' Helpers have been busy three years continuously. First representing only a few devoted women from all the churches, the next year growing into a healthy organization and this summer reaching further towards increasing efficiency by securing incorporation. For three years this society has remained the Lancaster soldiers' Christmas fund and this year expects to do so usual.

A fair or other money raising effort will be used to secure the necessary funds. That has not yet been decided, but one thing is sure, the United Soldiers' Helpers mean to look after their own particular lot of boys this Christmas as in the past.
