Judgment in Night Rates Application

Company To Arrange Rush Messages At Day Rates

NO CHANGE IN HOURS

Public Utilities Commission Orders Telephone Company to Give Priority to Subscribers Who Are Willing to Pay For Taste—Gas Report This Afternoon

Judgment in the application of the New Brunswick Telephone Company for permission to make their long-distance night rates effective only after midnight instead of after 6 p. m., as at present, was given by the New Brunswick Public Utilities Commission this morning. Their decision is that the rates and hours shall remain as at present, for six months beginning March 1, but that persons willing to pay day rates at night shall have priority over others who are calling. The company is instructed to submit a monthly statement showing the result of the new policy and the commission reserves the right to make a further order in the matter when they are able to determine the results of the change. Counsel for the company objected that the scheme is impracticable but the commission insisted that it should be given a trial.

A preliminary report on his investigation of the gas branch of the N. B. Power Company's business has been submitted by the commission's expert, J. H. Waterman, and this will be taken up at the afternoon session. The meeting opened at 10.30 o'clock with G. O. D. Otty presiding. Others present were Commissioner A. B. Connell, K. C. and Felix Michaud, Dr. J. B. M. Baxter, H. A. Powell, H. P. Robinson, O. J. Fraser and H. C. Gray for the N. B. Telephone Company, H. M. Hopper for the N. B. Power Company and Dr. W. B. Wallace and Commissioner Fisher for the city of St. John. J. H. Waterman, an expert who is investigating the gas plant, and A. A. MacIntyre, auditor, also were in attendance. Dealing first with the telephone matter, the chairman announced that the board had decided that they would not be justified in going to the expense of employing an expert to check the correctness of the figures submitted by the company as the amount which the company would have to spend to provide extra equipment to eliminate the congestion at present alleged at the peak hour in the evening.

The Flaming.

The chairman then read the finding of the commission in the matter, as follows:

In the matter of the application of the New Brunswick Telephone Company for approval of night rates. Upon reading the petition of the New Brunswick Telephone Company in the above matter, and upon hearing counsel for the applicant and opponents, and upon hearing the evidence adduced on the hearing of said application, it is ordered, that the rates and hours of service of the telephone company be and remain as heretofore, for the period of six months from the first day of March, instant, and that during the said period any person desirous of using the telephone of the company during the night hours and willing to pay the day rates therefor, (Continued on page 10, third column)

WOMEN'S VOTE AND THE LIQUOR ISSUE

This is Election Day in Cities and Towns in Vermont

Montpelier, Vt., Mar. 5.—The extent and effect of the woman's vote was watched with interest in the annual elections of cities and towns through Vermont today. Women were granted full municipal suffrage by the legislature last year. While some prohibition advocates expressed the hope of making the state entirely dry in local option contests with the assistance of the women voters, the campaign has not been spirited and suffrage leaders declared no attempt had been made to map the woman's vote on the liquor issue.

In Burlington, where about 1,000 women have been enrolled, no license campaigners thought they might overturn the 400 license majority of last year, and in St. Albans, where last year's liquor vote had a majority of only fifty-nine, and nearly 800 women are enrolled this year, a prohibition victory was predicted by the leaders of the party.

Eighteen Vermont cities and towns adopted the license system last year, the larger ones being Burlington, Rutland, Ferris, St. Albans and Bennington. This was a reduction from twenty-two in 1914.

RUSSELL BIBLE STUDENT CIRCLE QUARTERS RAIDED

Hazleton, Pa., Mar. 5.—American Protective League agents of this city last night raided the local headquarters of the Russell Bible Students' Circle and confiscated 200 copies of books said to contain seditious articles. William Kimmell, at whose home the students met each Sunday; Ruthen Platt and Benjamin Kimmell were placed under arrest.

Seventy in Week.

Toronto, Mar. 5.—Seventy men put in to uniform was the net result of the order of the Dominion police in Military District No. 2 for last week.

THROUGH TO THE FOURTH LINE OF HON DEFENCE

French Troops in Brilliant Surprise Attack—Australians Carry Out Successful Raid

Paris, Mar. 4.—The official statement by the war office tonight says: "East of the Meuse we carried out, despite violent opposition, a surprise attack on a large scale against the enemy positions in the Calonne trenches. Our troops penetrated to the fourth German line on a front of 1,200 metres and obtained an extreme depth of 600 metres at certain points. In the course of the attack, the enemy counter-attacked against our left flank. He was repulsed after a sharp fight in which he suffered heavy losses. The enemy lost a number of prisoners, 120 having been counted passing through our lines up to this time. We also brought back material. Our losses were extremely small.

"Northwest of Bezonvaux we repulsed an enemy surprise attack in Upper Alsace the artillery activity was very great on several sectors. We checked an enemy attempt against our trenches east of Langfen.

Australian Raid

London, Mar. 5.—Australian troops carried out a successful raid last night, capturing enemy positions at Warnet, capturing enemy positions and machine guns, says today's war office report. The raid was carried out by one of our posts in the neighbourhood of Warnet after sharp fighting. Yesterday afternoon our patrols brought in several prisoners south of St. Quentin.

EARNINGS WERE NOT SO LARGE

Nova Scotia Steel and Coal Co. Statement for Year Ended December 31

Montreal, Mar. 5.—The statement of earnings for the year ended December 31 last, issued after a board meeting of the Nova Scotia Steel and Coal Company yesterday shows contraction as compared with both 1914 and 1913. Accounting comparisons, however, are not possible as the company has this year adopted a consolidated earning statement, embracing the results of its subsidiaries as well as its own.

The combined statement shows gross profits of \$5,000,000, against \$4,222,373 for 1914, and \$3,100,000 for 1913. The balance after depreciation, writing off and in-charge, is \$1,900,000, this net profit of the combined companies comparing with the \$2,104,477 reported by Scotia as a separate entity a year ago, and \$1,575,748 in 1913.

The balance of \$1,900,000 left after allowing for the \$800,000 dividend on Scotia stock preferred, represented earnings at the rate of 8 1/2 per cent on the new common stock capital of \$1,000,000, or 16 1/2 per cent on the \$7,500,000 common stock with which the company started in the year. The corresponding earnings on the old capital in 1914 were 27 per cent and in 1913, 19 1/2 per cent.

The net profit for the year is \$1,900,000, and the stock dividend of \$800,000 declared to the holders of the common shares. When these had been provided for the company had a net credit of \$1,100,000 in surplus account, against \$832,214 at the beginning of the year. The gross profits as stated in the foregoing are given after providing for maintenance and renewal expenditures.

THE IRON HEEL UPON BELGIUM

Washington, Mar. 5.—How the Belgian people are defying their German military masters in protesting against the effort to separate Flanders from the rest of Belgium and the deportation of judges who sought to interfere is depicted in an official despatch received yesterday at the Belgian legation. General Von Falkenhayn, the military governor-general, in a letter to the Belgian government, suspended its proceedings against a protest against the arrest of the judges of the court of appeal, has called upon the action of the judges in instituting proceedings against the so-called activists, who set up the separate Flanders government was regarded as an act of hostility to the occupying power. This the Belgians construe as an official admission that the activists are German agents.

BENNY MCNEIL LOSES

Cincinnati, Ohio, Mar. 5.—K. O. Mori of Cincinnati won every round of his ten-round bout here last night with Benny McNeil of Detroit, claimant to Canadian featherweight championship, and was awarded the decision by Referee Mills. In the final round Mori had his man almost out.

Sees Advance In Peace Discussions In Speech Of German Chancellor

Lord Lansdowne In Letter To The Press TAKES UP FOUR POINTS

Does Not See, Up to a Certain Point, Why Intimate Discussions Cannot Take Place—Asks if Question Can be Settled While War is Raging

London, Mar. 5.—In the view of the Marquis of Lansdowne, expressed in a letter to the Daily Telegraph, the recent speech of Chancellor Von Hertling marks a perceptible advance in peace discussions. Lord Lansdowne thinks all the more remarkable "because the speech may be regarded as a kind of rejoinder to the depressing announcement recently made—some of us think rather gratuitously—by the Versailles conference."

Lord Lansdowne notes that the German chancellor regarded the speech made by Viscount Miller on February 21 as very conciliatory than that made recently by Walter Runciman, former president of the board of trade, and Lansdowne seems by implication, to agree with Count von Hertling.

Four points of Von Hertling's speech are selected by Lord Lansdowne for comment. First is the chancellor's wish for an intimate meeting of the belligerents. Lord Lansdowne interprets this to mean a small informal meeting, not of plenipotentiaries, but persons authorized to discuss confidentially the possibility of a more formal conference. He refers approvingly to the opinion of Foreign Secretary Balfour that it would be unwise to begin negotiations unless some preliminary agreement exists, and asks how such preliminary agreement is to be reached without preliminary conferences.

Lord Lansdowne remarks that allied spokesmen now are sternly rebuking Germany's proposal for submitting demands which are not likely to be conceded until Germany is beaten to her knees, while German spokesmen are putting forward inadmissible demands and implying selfish and aggressive aims to the Allies. He continues: "In these circumstances it seems at first sight that there is nothing for it but what Count von Hertling calls 'intimate discussions across the channel and the ocean dialogues which, after all, may be useful."

The second point is Von Hertling's intimation that peace can be discussed on the basis of the chancellor's four principles. This, says Lord Lansdowne, maintains that "we are entitled to scrutinize the manner in which these principles are being applied by Germany."

The third point is the chancellor's assurance that he would greet joyfully and co-operate gladly with an impartial and international arbitration of the war. Lord Lansdowne says this statement may do to do with the Union government, was naturally causing anxiety. MacKenzie & Mann, he said, had the most perfect political organization of any group that ever dominated any country.

DRAINED CHOLERA CUP RATHER THAN OFFEND

General Maude Victim of His Inbred Courtesy—Nation Makes Money Vote to Widow

London, Mar. 5.—The House of Commons yesterday voted £28,000 to the widow of Major-General F. S. Maude, commander of the British expeditionary forces on the Tigris front, whose death occurred in last November. Premier Lloyd George said: "General Maude died a victim to his inbred courtesy. He visited a plague-stricken area at the invitation of its inhabitants who wished to thank him for his many kindnesses. He knew the peril so well that he forbade any soldier of his escort to eat or drink during the visit. But when the ceremonial cup was offered to him as part of the welcoming festivity he ran the risk himself, rather than hurt the susceptibilities of the people. There was cholera in the cup; he died in a few days."

"General Maude will be remembered as one of the great figures of this war. Do not know what destiny has in store for the land which General Maude conquered, but I am certain that the whole course of its history will be changed for the better as a result of his victory and rule. His name will always be cherished by its inhabitants as the gentlest conqueror who ever entered a city's gates."

WAR NOTES

General Sam Steele is retiring from his command in the city this month. This is the last time since German occupation in England before returning to Canada.

Lieutenants Paul and Whitney were killed yesterday in Oklahoma when the gasoline tank of their airplane exploded and the machine crashed to earth from a great height. There was artillery fighting on the Italian front yesterday. Members of the Belgian parliament are to meet in France this month as a de facto body, the first time since German occupation.

CANDID OPINIONS OF GOVERNMENT STILL PUSHING ON IN RUSSIA

Sir Adam Beck Speaks of the Mackenzie & Mann Matter in Ontario Campaign

Chatham, Ont., Mar. 5.—Advocating the nationalization of railways before a large audience last night, Sir Adam Beck expressed some candid opinions of the dominion government. The meeting, intended as the opening of a western Ontario campaign, was held in the first Presbyterian church and was presided over by R. L. Bedford, chairman of the public utilities commission.

Public ownership, Sir Adam said, had bankrupted the railway, but private ownership had Ontario was paying sixty per cent of the losses caused by foolish and dishonest promotion of railway wards. After intimidating various governments, what they were going to do with the Union government, was naturally causing anxiety. MacKenzie & Mann, he said, had the most perfect political organization of any group that ever dominated any country.

GENERAL MAUDE VICTIM OF HIS INBRED COURTESY—NATION MAKES MONEY VOTE TO WIDOW

London, Mar. 5.—The House of Commons yesterday voted £28,000 to the widow of Major-General F. S. Maude, commander of the British expeditionary forces on the Tigris front, whose death occurred in last November. Premier Lloyd George said: "General Maude died a victim to his inbred courtesy. He visited a plague-stricken area at the invitation of its inhabitants who wished to thank him for his many kindnesses. He knew the peril so well that he forbade any soldier of his escort to eat or drink during the visit. But when the ceremonial cup was offered to him as part of the welcoming festivity he ran the risk himself, rather than hurt the susceptibilities of the people. There was cholera in the cup; he died in a few days."

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. P. Stuart, director of meteorological service

Synopsis—A severe cold wave covers the west and northern localities while a trough of low pressure extends from Colorado to the St. Lawrence Valley. Snow and rain are falling locally in Ontario and New Brunswick. Lower Lakes and Georgian Bay—Occasional rain or snow today and on Wednesday. Ottawa Valley and Upper St. Lawrence—Occasional snow or sleet today and on Wednesday. Lower St. Lawrence and Gulf and North Shore—Generally fair and cold, some local snow on Wednesday.

Partly Fair.

Martime—Moderate winds, some light falls of snow or sleet but partly fair today and on Wednesday.

Upper St. Lawrence—Fresh northerly winds, decidedly cold today and on Wednesday with some snow.

New England—Generally fair tonight; Wednesday, rain or snow; moderate north to east winds.

Parliament To Meet on March 18

IS FOR PEACE BY CONCILIATION

Arthur Henderson Also For a League of Nations

ELECTION CAMPAIGN

He Resigns Seat in Commons and is Asked to Contest Another—Advocates Destruction of Militarism Not Only in Germany But Everywhere

London, Mar. 5.—The campaign for the next general election already has been started, Arthur Henderson, former member of the war council, finding that the secretaryship of the Labor party compels him to spend most of his time in London, has decided to resign his seat in the House of Commons from the Barnard Castle division of Durham and has been invited to contest the southern division of Eastham.

Mr. Henderson addressed a meeting last night in Eastham, making a strong appeal for the abolition of secret diplomacy, for peace by conciliation and for a league of nations. He said that before the war began the people had entered into a real people's peace, and diplomats and were paying dearly for their neglect. It had to be recognized that no disaster had occurred in the course of the war than the fatal omission to do the utmost to keep President Kerevsky and his government in power in Russia. The people must be on their guard against a repetition of the same fatal policy against a wider range. It is highly improbable, Mr. Henderson declared, that the war can be ended by a decisive Prussian military triumph. It might end by a process of exhaustion and that meant a continuance of the war until the horrors until the destruction of human life and material of one or both sets of belligerents made continuation impossible. Such a termination would be a disaster of the first magnitude to mankind.

What the policy of conciliation meant was the destruction of militarism, not only in Germany but everywhere. Mr. Henderson then recited the well known war aims of the Labor party, including a league of nations, and said that such a league implied the complete democratization of the machinery of government in all countries, the suppression of the greed of diplomacy and the publication of trade, which must never contravene the stipulations of the league of nations. It meant the concerted abolition of compulsory military service in all countries to be prepared for by a common limitation of armaments, and that they must abandon every suggestion of an economic boycott or the financial or commercial isolation of Germany.

The speaker quoted a recent speech of Philip Scheidemann, the German majority Socialist leader, and articles in the socialist newspaper Vorwarts proving that there was a struggle in the Central Powers between the military caste and further than that he had permitted the greater experience of the corporal who was with him to overrule his inclinations to telephone to camp for further instructions.

In addition to the civil inquiry, the military authorities are conducting a thorough inquiry into the circumstances surrounding the young man's death.

CONDENSED NEWS

An avalanche in the Swiss Tyrols has killed twenty-five officers and men and killed twenty-five officers and men.

According to a statement in Ottawa, yesterday was to be central Canada's last leafless Monday.

There is a movement in Guelph, Ont., to have all Canadian clubs in Canada and the United States contribute by dollar subscription to a fund to perpetuate the name of Lieut.-Col. John McCrae, who died in France.

Extraordinary snowfalls are causing avalanches everywhere in the Alps. Three additional vessels sunk by the German raider Wolf are reported. One was the American schooner John H. Kirby, 1,200 tons.

Saskatoon was struck by a blizzard on Monday.

A commission is to decide on the terms of a minimum wage law for Manitoba.

The lower house of the Texas legislature is for federal prohibition.

IRISH LEADER NOT VERY WELL YESTERDAY

London, Mar. 4.—(Delayed)—John E. Redmond, who underwent an operation last Saturday, did not have a very good day, but tonight he was resting easier. Tension it is said they asked that the manufacture of light beer be allowed.

So far, it was authoritatively stated today, the government has made no change in its policy regarding the time limit. The impression prevails that any change is unlikely.

The First Time For Assembly On a Monday

IDEA IS TO RUSH BUSINESS

Probably Will Elect Speaker in the Morning and Have Ceremonial Opening With Speech From the Throne in the Afternoon

Ottawa, Mar. 5.—Parliament is called for Monday, eleven a. m., March 18.

This is the first time since confederation that parliament has been called to meet on a Monday, when a new speaker has to be elected. It has been customary to summon parliament for a Wednesday; otherwise the day has been Thursday.

The change has been made to push forward the work of the session as rapidly as possible. The plan of the government, it is understood, is to elect the speaker in the morning and in the afternoon to have the customary ceremonial opening with the speech from the throne.

The debate on the address in reply to the speech can then be proceeded with on Tuesday and practically a full week's work completed by the end of the week. It is understood that the estimates will be tabled as soon as the debate on the address is concluded.

Hon. E. N. Rhodes, ex-speaker of the House, whose re-election has been assured by the overseas vote, will be speaker. It is not anticipated that there will be any objection to his re-nomination. A deputy speaker to succeed Mr. Mainville, who was defeated, will be named after the debate on the address.

Hon. Mr. Severyn, minister of inland revenue, whose resignation is in the hands of the government, arrived in the capital this morning. He is still a minister, as his resignation has not yet been accepted. The matter of cabinet re-organization necessitated by the defeat of Mr. Severyn and Hon. J. S. Blain will, it is said, engage the immediate attention of the prime minister and a definite announcement may be made before parliament meets.

OBEYED ORDERS, THOUGH AGAINST HIS JUDGMENT

Evidence of Medical Orderly in Connection With Death of Toronto Gunner

Toronto, Mar. 5.—Out of a mass of evidence taken as an inquest on the body of Gunner A. Neale, whose death from pneumonia was attributed by his parents to be due to unnecessary removal from his home when seriously ill, one of the most significant features was the admission of Private G. C. Herring, medical orderly, who was in charge of the patient. He said he recognized they were not doing the right thing in removing the patient from his home, that he should have had higher medical advice before moving Gunner Neale, and that in taking the man away he was following his judgment. The excuse he offered was that he was but following his instructions received from camp, and that he felt he was bound to move the patient without the exercise of any judgment. He added that the medical officer had not instructed him to use his own judgment in such cases, and further than that he had permitted the greater experience of the corporal who was with him to overrule his inclinations to telephone to camp for further instructions.

In addition to the civil inquiry, the military authorities are conducting a thorough inquiry into the circumstances surrounding the young man's death.

LIKELY NO EXTENSION OF TIME FOR LIQUOR MEN

Ottawa, Mar. 5.—Telegrams are pouring in from every province protesting against any extension of the time limit for the application of prohibition. It is the intention of the government to prohibit inter-provincial trade as from April 1. Efforts are being made to have this time limit extended, further deputations of Montreal brewers and distillers waited on the war cabinet today and urged their case. In addition to time, tension it is said they asked that the manufacture of light beer be allowed.

So far, it was authoritatively stated today, the government has made no change in its policy regarding the time limit. The impression prevails that any change is unlikely.

BURIED TODAY.

The funeral of Mrs. Benjamin Wear took place this afternoon from her late residence, 13 Camden street. Services were conducted by Rev. Mr. Williamson. Interment was made in Cedar Hill.

THE ABSENT-MINDED PROFESSOR FORGOT THE COAL

From the Detroit News.

O'CONNOR ON HOME RULE

Detroit, Mar. 4.—That Home Rule for Ireland on a basis similar to that now enjoyed by the Dominion of Canada and other British colonies will prove the ultimate solution of the Irish question was the sentiment expressed by T. P. O'Connor, Irish Nationalist M. P., who spoke to the members of the Detroit Athletic Club here.

Continuing, Mr. O'Connor said in part: "The vigorous prosecution of the war has two positive enemies among the Irish population—those who demand too much and those who oppose all liberty. I belong personally to neither section."

EFFICIENT FOOD

Dr. Alexander Bryce, M.D., D.P.H. (Camb.), a famous authority in dietetics, has compiled a table showing the number of calories per ounce in different foods.

Calories are the units of food values. The number of calories per ounce contained in food proves its value.

This is what Dr. Bryce found and published—

(CALORIES PER OUNCE)

Table with 2 columns: Food Item, Calories per ounce. Items include Kellogg's Toasted Corn Flakes, Eggs (poached), Macaroni au Gratin, Milk, Oatmeal (cooked), Potatoes (baked).

Not one of these staple foods contains one half the number of calories per ounce that Kellogg's Toasted Corn Flakes do—some of them are less than a fifth efficient in calories.

This is a real test of food values.

Put Kellogg's Toasted Corn Flakes on your daily menu—they are good to eat three times a day. Delicious, digestible, nourishing.

Sold only in the original red, white and green package.

LICENSED BY THE FOOD CONTROLLER UNDER NUMBER 2-053 ONLY MADE IN CANADA BY The Battle Creek Toasted Corn Flake Co., Limited Head Office and Factory: London, Ont. Est'd 1896

The Evening Times and Star

ST. JOHN, N. B., MARCH 5, 1918.

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE CITY COUNCIL.

The city council entirely misinterprets public opinion if it believes that killing the New Brunswick Power Company's bill in the legislature is all that is required. The citizens want much more than that, and want the council to lead in an aggressive fight that will secure an increase in rates prevented until an investigation has been held, but they want the investigation. They want, also, a new charter that will safeguard the city's rights. They want such legislation as will give the municipality a measure of control of public utilities that will in future make impossible such a condition as exists in St. John today.

WILL YOU GARDEN?

The Rotary Club will take the lead in a more vigorous and better organized effort than that of last spring to give a stimulus to backyard gardening. Among the things President Estabrook suggested as possible of attainment were an early survey of available yards and vacant spaces, the purchase of some fertilizer and seeds for distribution, and a general oversight of work by committees with some knowledge of gardening.

TREATMENT OF SOLDIERS.

Today's despatches tell of the unnecessarily brutal treatment of a sick soldier in Toronto. Though ill of pneumonia he was taken from his bed at home and removed to the camp hospital, where he died. No doctor was present. The mother's pleading was in vain. The orderly who removed him admits that he did not follow his own judgment but simply obeyed orders. This case is not an isolated one. It is reported that in St. John recently a man came into town to say good-bye to his only boy, who was going overseas. The boy's mother is dead.

LIGHTER VEIN.

His Regard for Women. "Yes," remarked a conceited young bachelor, "I have the greatest admiration for the fair sex, but I never expect to marry—oh, dear, no!" "Indeed," a lady remarked. "Then I am to understand that you not only admire women, but you have a sincere regard for them as well?" "The office boy watched with keen interest the proprietor, who was hastily buttoning up his coat one afternoon while alone. "If any one asks for me I shall be back in one hour," the great man said as he was leaving the office. "Yes, sir, and how long will you be back if no one asks for you?" rejoined the boy, quickly.

LIQUOR LEGISLATION.

Speaking in Toronto last week, Hon. J. A. Calder declared that the union government would stand by all its temperance pledges. The case for a complete fulfillment of pledges, and a statement of the present situation was well put a few days ago by the Toronto Globe. It said: "The manufacturers of whiskey and beer are conducting a strong and well-sustained offensive at Ottawa. Despatches from the capital tell of interviews between members of the government and representatives of the distilling interests, who desire to dispose of their stocks before war-time prohibition comes into force. The Quebec brewers argue that as the prohibition of the retail sale of liquor in Quebec province will not come into force under Sir Lomer Gouin's legislation until June, 1918, the brewing of beer should be permitted to continue till that time at least. Some of them want to go on brewing beer indefinitely of a higher alcohol content than is contemplated under the legislation of the province.

FOR A FEDERAL DEPARTMENT OF PUBLIC HEALTH.

The policy of the present New Brunswick government in planning the establishment of a department of public health has met with substantial endorsement from an unexpected quarter. At the first session of the conference, the committee passed a resolution that the war committee of the dominion cabinet, which met in Ottawa last week a special session at the conference, is one of the most essential things needed by the country. The report of this section, which dealt also with other matters of great public health and child welfare. One of the first conclusions the committee reached was that a federal department of public health, similar to that to be formed in this province, is one of the most essential things needed by the country. The section on public health and child welfare met and Miss Helen Reid was elected convener and Mrs. W. L. Grant, secretary. There were present: Miss Gunn, Toronto; Mrs. Irene Moody, Vancouver; Mrs. George F. Smith, St. John; Mrs. John McAvity, St. John; Mrs. Arthur Drummond, Montreal; Mrs. Lister, Montreal; Dr. Ritchie England, Montreal; Mrs. Adam Shortt, Ottawa; Mrs. James George, Toronto.

Ringworm on Child's Head.

Caused Great Distress and Spread to Neck and Ears—Cure Was Speedily Effected When Right Treatment Was Recommended. There is no disease of the skin more obstinate than ringworm, and the mother who writes this letter does so fully realizing what it will mean to her if she does not know about Dr. Chase's Ointment. This remarkable cure was brought about two years ago, and as there has been no return of the distressing disease she can be sure that the cure is permanent. Mrs. D. Stebbins, Grand Bend, Ont., writes: "I am going to tell you of my experience with Dr. Chase's Ointment. My little girl had sores come out on her head which looked like ringworms. They were spreading fast, and I tried home treatment, but nothing helped her. I took her to the doctor, and he opened some of the sores, which were as big as the yoke of an egg. The same he gave me to put on was very severe, and the poor child would cry for an hour or more after an application. For six weeks it continued to spread all over her head, and came down to her neck and ears. She suffered terribly. At last some kind ladies told me about Dr. Chase's Ointment, so I got a box, and the first time I put it on she was relieved of pain, and the second time the swelling was all gone. Before we had finished the first box the sores were nearly all gone. I have told all the people around here about your Ointment, and I cannot praise it too much. It is now two years since my little girl was troubled in this way, and it never came back, so you can see she is completely cured. I am at liberty to use this statement for the benefit of others who may be suffering in a similar manner." Joseph Brown, J. P., endorses this statement as follows: "This is to certify that I am personally acquainted with Mrs. D. Stebbins of Grand Bend, Ont., and believe her statement with reference to Dr. Chase's Ointment to be true and correct."

Foley's Stove Linings.

COULD NOT STOP THE HEADACHES.

Until She Tried "Fruit-a-lives"—Made From Fruit Juices. "I feel I must tell you of the great benefit I have received from your wonderful medicine, Fruit-a-lives. I have been a sufferer for many years from violent headaches, and could get no permanent relief. A friend advised me to take 'Fruit-a-lives' and I did so with great success; now I am entirely free from headaches, thanks to your splendid medicine." MRS. ALEXANDER SHAW. 80c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price, postpaid, by Fruit-a-lives Limited, Ottawa, Ont.

Women's Conference in Ottawa Urge the Government.

St. John Ladies Among Those Considering This Matter—Important Recommendations in Interest of Health. The policy of the present New Brunswick government in planning the establishment of a department of public health has met with substantial endorsement from an unexpected quarter. At the first session of the conference, the committee passed a resolution that the war committee of the dominion cabinet, which met in Ottawa last week a special session at the conference, is one of the most essential things needed by the country. The report of this section, which dealt also with other matters of great public health and child welfare. One of the first conclusions the committee reached was that a federal department of public health, similar to that to be formed in this province, is one of the most essential things needed by the country. The section on public health and child welfare met and Miss Helen Reid was elected convener and Mrs. W. L. Grant, secretary. There were present: Miss Gunn, Toronto; Mrs. Irene Moody, Vancouver; Mrs. George F. Smith, St. John; Mrs. John McAvity, St. John; Mrs. Arthur Drummond, Montreal; Mrs. Lister, Montreal; Dr. Ritchie England, Montreal; Mrs. Adam Shortt, Ottawa; Mrs. James George, Toronto.

RAISES QUESTION OF TREATMENT OF HER SON IN FREDERICTON.

Death of Toronto Soldier in Halifax. Mrs. Sproule Hands His Letters to Rector Pending Decision as to Action—Two Other Sons Killed in the War. An investigation will likely be held into the death of another Toronto soldier, Pte. Robert Sproule, who died of pneumonia in the Halifax Military Hospital on Feb. 11. It is alleged by his mother, Mrs. Sproule, that he was not given the medical attention and his physical condition became such that he later died of pneumonia in Halifax. A letter has been received by her from a nurse in the Halifax hospital stating that at the time of his death he was in a very weak condition. Mrs. Sproule stated that she should have been sent to Halifax sooner. "In letters received from my son after he became ill in Fredericton he said that all the doctors did was to give him a few pills," said Mrs. Sproule to the Star. "The poor boy could neither stand nor walk. He should never have been taken. He was very uncomfortable in Fredericton, and when he says so I know it must be true, because he was not a boy to complain. He was not in fit condition to be drafted. When the doctors examined him at the army hospital he was discharged from the military service at one doctor after examining his heart said. 'His mother, Mrs. Sproule, said: 'Another doctor looked at him and said that he was all right. He never complained. After being placed in medical Category A2 he did not try to get exemption, even though he was in a very weak condition medically until twice before. He was willing to do his bit,' continued his mother. "Two of his brothers did their bit and are now in soldiers' graves. An investigation can do the boy no good now, but it may help the son of another mother."

TERMS OF PEACE TREATY.

How the Russian Leaders Have Submitted to the Huns. Amsterdam, Mar. 4.—The peace treaty signed between the four Central Powers and Russia, according to a despatch received here from Berlin, is a despatch mentioned "have agreed to terminate the state of war and bring about peace as quickly as possible" and that, therefore, the plenipotentiaries signed the following articles: "First—The Central Powers and Russia declare the state of war between them to be terminated and are resolved henceforth to live in peace and friendship with one another. "Second—The contracting nations will refrain from all agitation or provocation against other signatory governments and undertake to spare the populations of the regions occupied by the powers of the quadruple entente. "Third—The regions lying west of the line agreed upon by the contracting parties, and formerly belonging to Russia, shall no longer be under Russian sovereignty. It is agreed that the line appears from the appended map, number 1, which, as agreed upon, forms an essential part of the peace treaty. The fixing of the line in the west will be settled in the German-Russian mixed commission. The regions in question will have no obligation whatever towards Russia, arising from their former relations thereto. Russia undertakes to refrain from all interference in the internal affairs of these territories and to let Germany and Austria determine the fate of these territories in agreement with their populations. "Fourth—Germany and Austria agree, when a general peace is concluded and Russian demobilization is fully completed, to evacuate the regions east of the line designated in Article 3, No. 1, insofar as Article 6 does not stipulate otherwise. Russia will do everything in her power to complete as soon as possible the evacuation of the Anatolian provinces and their orderly return to Turkey. The districts of Erivan, Kars and Batoum will likewise without delay be evacuated by the Russian troops. Russia will not interfere in the reorganization of the constitutional or international conditions of these districts, but leave it to the plenipotentiaries of the districts to carry out the reorganization, in agreement with the neighboring states, particularly Turkey. "Fifth—Russia will without delay carry out the complete demobilization of her army, including the forces newly formed until a general peace or immediately disarmament. Warships of states continuing in a state of war with the quadruple alliance will be treated as Russian warships insofar as they are within Russian control. "The barred zone in the Arctic continues. In force until the conclusion of peace. An immediate beginning will be made of the removal of mines in the Baltic and insofar as Russian power extends in the Black Sea. Commercial shipping is free in these waters, and will be resumed immediately. A mixed commission will be appointed to fix further regulations, especially for the announcement of routes for merchant ships. Shipping routes are to be kept permanently free from floating mines."

NEW SHIPYARDS.

It appears now that it is probable that new shipbuilding yards may be established at favorable points by the Canadian government for the imperial munitions board. Stanley E. Elkin, M. P., who has been interesting himself in these developments with the idea of protecting St. John's interests, has had personal assurance from the office of influence in Great Britain that the port of St. John as a favorable shipbuilding point will be given consideration as the negotiations proceed.

Drowned Lepreux.

The nine-year-old daughter of Mr. and Mrs. Michael Boyne of Lepreux was drowned in the Lepreux river between the railroad bridge and the old dam on Saturday afternoon. The little girl, in company with her sister, was sliding on the river and stepped into the open water in the centre of the river. The current carried her under the ice. At 6 o'clock on Saturday the body was recovered at the dam, a distance of 300 yards from where the child fell into the water. Arthur Appleby of West St. John, is uncle.

HAS SEEN MUCH OF WORLD SINCE THE WAR BEGAN

Letter of Interest from Staff Sergt. Thos. A. McMennan

First Contingent Man

Has Been Through War in France, Lemnos, Alexandria and Saloniki and is Now in Scotland, After Illness

Mrs. Chas. McMennan of 311 New main street, has received the following letter from her son, Staff Sgt. Thomas A. McMennan, who left here with the unit attached to the First Canadian contingent. He has been on "active service" since then, having been stationed in France, Lemnos Island in the far East, Alexandria, Egypt, and Saloniki, Greece where (at the latter place) he contracted malaria fever, and for the last fifteen months he has been in various parts of England recuperating. At present he is in Perth, Inverness Co., Scotland. His letter says in part—

After spending a few days in Strabane, Ireland, I with seven other medical sergeants, was sent to the Canadian Forestry Corps, as the "boys" need medical attention here just as well as in the army, as they are subject to bruises, cuts and different kinds of sickness.

We left Strabane on Saturday, Feb. 2, and reported to the Forestry Headquarters at noon. We left there on the 10:30 p. m. for Edinburgh and arrived at Edinburgh at 8:30 a. m. next morning. We stayed in Edinburgh for the day, went to church and then visited Edinburgh Castle.

As of old, I have a mania for sight-seeing, and it was sure a great sight to see all the old bastions of ancient Glasgow and the shot still stuck in the walls, and to hear all kinds of legends from the old carter. We then went to Calton Hill and saw the monument to the great Scotch poet, Burns, also the monument to Lord Nelson, and five or six other certain scholars of ancient Scotland. I have forgotten the names as the old man told us so much.

We also saw what they call the "Disgrace of Edinburgh." It is a large monument of twelve pillars, resembling the Roman Pantheon, and each pillar cost £1,000. The monument was erected in honor of the Battle of Bannockburn, which started it in Queen Victoria's reign, and she gave a pillar, and the town could not pay for the rest, so King Edward VII (as the story goes) finished it in honor of Queen Victoria. Although it is a beautiful monument, the Scotch hate it, hence the name.

About four miles from here lies Holywood Castle. I wanted to go there, but we did not have time. We could also see what they call "Arthur's Seat," (that is Arthur of the Round Table, who went in search of the Holy Grail.) Some kind of history seems to be attached to everything around here.

As it rained in the afternoon, we had a game of billiards, and then a sleep. We were invited to a concert smoking party at 7:30, so went and had a very good time. We left Edinburgh at 8:35 a. m. next day and arrived at Sterling at 10. As we had a little time to spare, we went to Sterling Castle, before reporting to headquarters. The old carter showed us all over and he was very amusing. He told us about the entrance to the castle, and how it was quite modern, but when he next said it was built in 1400 when he went so far back as to point out where the Picts and Scots fought in 805 where the Caledonians fought in 880. As we had come through on the Caledonian Railway, we asked him if the Railway was named after them, and he informed us that Scotch History was very sacred. But we could not see where we figured on bows and arrows then and machine guns now. After seeing the interesting stone of Mary, Queen of Scots, also the dungeons, we left and reported to Queen's Gate, where our headquarters were. They took our letter of introduction and told us to get something to eat and return at 2 p. m.

Sergeants Fox and Miller went on the 7:30 train to Tulliallan, and I left on my old chums, Sergeant Miller, he is a stenographer at headquarters, and is going to be married next month.

The trip through the Highlands was very picturesque one. The snow was very deep and the weather very cold. We came through a pass called Dalnair, which is the highest point the train reaches, 1,480 feet above the sea level. We got to the foot of Gartoort Station at 4 and I had to wait

until 4:55 for my train. I arrived at Nethy Bridge at 5:20 p. m. and walked two miles to the camp.

They are finishing a saw mill and expect to have everything going in three weeks. They have been cutting for three months and expect to have about fifteen months work. I went along the sidings and they have cut some thousand feet of white chips by, bear the ring of the axe, the men shouting to the honours, and the crash of the trees as they fall.

I really think I will enjoy it immensely and forget all about the war if I stay here very long. I am feeling fit and getting fat. Remember me to everybody that I ever knew. I will close now, as it is time for "lights out," and I have to make my bed down.

As always,
TOM.

With Milk and Sugar Ready to Use

Just add water.

To Quickly Remove Ugly Hairs From Face

(Beauty Notes.)

Beauty-destroying hairs are soon banished from the skin with the aid of delatone paste, made by mixing some water with a little plain powdered delatone. This is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed to remove the remaining delatone. This simple treatment banishes every trace of hair and leaves the skin without a blemish. Caution should be used to be certain that it is delatone you buy.

Public Meeting Tonight

Pastor W. J. Thorne, of New York

Who Recently Spoke in Imperial Theatre, Lectures Here Tonight (Tuesday, March 5) on

"The World's Great Judgment Day—A Reasonable View of it—Are We in it?"

At

Bible Students' Hall, 162 Union St.

An Invitation is Extended to the Public

LONGSHOREMEN MEET.

The Longshoremen's Association, at their meeting in their room last night, with the president, Fred Daly, in the chair, decided to send three delegates to the New Brunswick Federation of Labor conference to be held in Fredericton this week. The following were appointed to attend the conference: Fred Daly, J. E. Tighe and S. Bradshaw. The following resolution was also passed: That a communication be sent to Premier Borden and Hon. F. B. Carroll, requesting that the Longshoremen's Association of St. John be represented in the commission appointed for the protection of the port. There was a good attendance of the Longshoremen at the meeting.

That \$20,000 New York school children are underfed is the gist of a report made by Dr. Josephine Baker of the Bureau of Child Welfare.

URGES GREATER USE OF MOTORS

No Need of Conserving Gasoline in This Country, is Statement from High Source

Of interest in connection with repeated rumors of a possible shortage in gasoline, restrictive measures is the following received by John P. Gagey from the general manager of Willys Overland, Ltd., Toronto:

Petroleum War Service Board Urges Greater Use of Motors.

Instead of curtailing the use of motor vehicles, as has been necessary in England and France to conserve gasoline for military uses, car and truck owners will be doing their country a service by using their machines to the fullest extent for the relief of passenger, freight and express traffic on the railroad in the United States and Canada, according to the Petroleum War Service Committee of the Council of National Defence.

The gasoline situation, which threatened last summer to result in a short economy, due to campaign recently conducted by the United States Bureau of Mines, the drilling of new oil wells, increased production of gasoline by the "cracking process," decreased use of automobiles during severe winter weather and lack of shipping facilities for export to Europe have combined to cause consumption to fall below production.

The reserve supply accumulating will tax storage facilities to the utmost before the winter is over.

A statement issued by the Petroleum War Service Committee indicates that it is desirable to use gasoline for power

MARKET WAS FIRM IN THE EARLY HOURS

New York, Mar. 5 (Wall Street) - Firmness was imparted to today's early stock dealings by advances of one to two and a half points in speculative interest. Standard shares were variable.

United States Steel and shipping prices fractionally higher, notably Transcontinental, were lower by fractions to a point. Liberty bonds relaxed moderately.

The death of Mrs. James Lynch, aged sixty-five, occurred at her home in Nelson, N. B., on Tuesday last.

BOARD AND ROOM WANTED BY married couple; central. Address K 84, care Times. 73768-3-7

The Wise Investment of Money

THESE are times when the wise investment of money, either large or small sums, is a matter of the utmost national and personal importance.

You should buy those Bonds, Debentures and Stocks which have behind them unquestionable security for the payment of interest and principal. Such securities pay a fair and reasonable interest on the investment you make and command a ready market if you should decide to re-sell at any time.

It is part of the service rendered by the members of the Montreal Stock Exchange to furnish all details of the security, earning power, and value of such securities, and to act as buying and selling agents for the general public.

No matter how large or how small the amount of money you have for investment, you should know the amount of money the security you buy, the rate of interest it will pay, the probability of its increasing in value, and how it can be turned into cash should the necessity arise. This is the service which the members of the Montreal Stock Exchange maintain.

A valuable booklet has been prepared on "Investing" and the service rendered by the Montreal Stock Exchange. The edition is limited, so write to-day for your copy. Use the form below provided for the purpose.

Form for requesting a booklet on investing, including fields for Name, Address, and City.

MONTREAL STOCK EXCHANGE

To The Secretary, Montreal Stock Exchange, Room 315 Stock Exchange Building, Montreal.

Please send me, without obligation, your booklet on "Investing."

"Make it illegal for the pitcher to hold the ball near his face or to put his hand in his pocket. Then, if he does, call a ball. That would stop the practice very quickly; so would a fine. As a matter of fact, few would violate the rule, except unintentionally, after it was made."

AT REDUCTION IS NOT SINFUL
The purpose of Beauty is to refine the stive unsmoothness of human nature. We know to its power. It is the only remedy that has no harmful shadow.

Bissell's Carpet Sweepers

You owe it to yourself to make your housework as light and pleasant as you possibly can. There's not the slightest need of the weariness and backache that go with the old-fashioned corn-broom, which serves largely to scatter the dust.

BISSELL'S CARPET SWEEPERS run smoothly and empty easily, work thoroughly, and confine all the dust. There are many kinds of Bissell's, from the plain, practical type to the most elaborate productions.

LOCAL NEWS

TO PLAY ST. P. X.
The members of the U. N. B. hockey team passed through the city today en route to Antigonish, N. S., where they will play the team from St. Francis Xavier University.

ASHORE, BUT FREED
That the schooner Winchester had been driven ashore by ice at an Atlantic port was the word received by J. Willard Smith this morning. Fortunately she was not damaged and was towed off by tugs. She has a cargo of pulp for a Connecticut port. Captain J. A. Dickson is in command.

DOG KILLS HENS
A lady who last year followed the advice to keep poultry is mourning the loss of three fine hens, just beginning to lay. They were killed by a hungry dog which got into the yard. A citizen complains to the Times that while coming through King square, a recent morning he saw a whole pack of vagrant curs that should be taken to the lethal chamber. The city is overworked with them.

WILLIAM HENRY MUEHLIG
The death of William Muehlig, a well-known resident of this city, occurred on Monday evening. He was in failing health for some time. His wife and two sisters survive. The sisters are Mrs. Robert Burk and Mrs. Lizzie Paterson, both of this city. The funeral service will be at 2.30 on Wednesday afternoon at his late residence, 265 Brussels street.

MRS. MARTHA D. H. MORSE
Many will regret the death of Mrs. Martha D. H. Morse, 88 Middle street, West St. John, which occurred on Monday afternoon. She leaves five sisters, Mrs. D. C. Wetmore, Mrs. Lieberia Jones, Mrs. Mary A. Parker, Mrs. Harriet H. Williams and Mrs. William Hanson. The funeral will take place from her late residence on Wednesday afternoon.

DEATH OF MRS. GEO. G. STARKEY
That his daughter-in-law died yesterday afternoon at her home in Fitchburg, Mass., was the sad news which P. D. Starkey of Main street received yesterday. Last week Mrs. Starkey received word from her son, George G. Starkey, that his wife was seriously ill and she left Fitchburg that evening. Yesterday noon she wired that her daughter-in-law was very low and could not recover and later in the afternoon she sent word that the young woman had passed away at a quarter after four. Mrs. Starkey, Jr., was formerly Miss Elizabeth Speir of Glasgow, Scotland. She came to this city when she was sixteen years of age and resided here until her marriage four years ago. She and her husband moved to Manchester, N. H., where they lived for two years, and then moved to Fitchburg, where her husband was foreman in a paper mill. The body will be brought here for burial and is expected in the city on the Boston train at noon tomorrow.

REAL ESTATE NEWS

Transfers in real estate have been recorded as follows:

B. R. Armstrong et al to S. J. Parkhill, property in Laundowne avenue.
George Anderson and G. F. A. Anderson to Catherine B. wife of T. D. Givern, property in Britain street.
Maitland Miller, widow of W. S. Miller, property in St. Martins.
Frederick Telephone Company, are authorized and directed to make all such rules and regulations as may be necessary to carry out this order, and shall deliver to this board a monthly statement or chart showing the amount and nature of the toll business transacted over their wires during such night hours, distinguishing the preferred calls at each exchange from the deferred calls and showing the revenue from each. And it is hereby further ordered, that this board hereby retains jurisdiction over the subject matter of the foregoing application, and may deal with the same of its own motion both before and after the expiration of the said period of six months, upon notice to the parties concerned, or, after the expiration of such period, upon the application of either of the parties hereto.

Dr. Baxter, on behalf of the company, said that he wished to say that the order regarding the deferred messages was absolutely impracticable and could not be carried out.

Mr. McConnell—"Better report on that at the end of the six months."

Mr. Otty—"I can see no reason why the man who is willing to pay extra rates could not be accommodated in preference to others who are not in a hurry. It might be impractical to interfere with messages already in course of transmission, but the others could be arranged according to this rule."

Dr. Baxter—"When a call is put in the whole machinery is put in operation and any effort to delay messages would simply be a waste of telephone mileage."

Mr. Otty—"We want to see the results of the experiment, as the records will show them from month to month. It is possible that this will have the effect of relieving the congestion complained of without further change."

The chairman announced that a preliminary report on the gas production branch of the New Brunswick Power Company's business had been submitted to the commission by J. H. Waterman, the expert, and that this report would be considered at the afternoon session.

DR. HETHERINGTON IS MOVER OF THE ADDRESS IN HOUSE

It Will Be Seconded By J. E. Michaud, M. P. P.

OPENING OF LEGISLATURE

Government Meeting in Capital Tomorrow Morning First Sitting of House on Thursday Afternoon - Lieutenant-Governor's Arrangements

Fredericton, N. B., Mar. 5.—The provincial government will meet here on Wednesday morning in preparation for the opening of the legislature which will take place at three o'clock on Thursday afternoon. Hon. W. F. Roberts of St. John, arrived here this morning and the other members will arrive today and tomorrow morning.

Dr. J. E. Hetherington, M. P. P. of Queens, will move; and J. E. Michaud, M. P. P. of Madawaska, will second the address in reply to the speech from the throne.

Mrs. Puseley, wife of the lieutenant-governor, will arrive tonight. His Honor is expected at noon on Wednesday by P. P. from Montreal. Arrangements for the reception at the Queen Hotel from four to six o'clock Thursday afternoon will then be made finally. His Honor will be attended on the floors of the house by Lieut.-Col. J. L. McDevitt and Major W. J. Osborne, A. D. C.'s and R. S. Barker, private secretary. The staff will be large and will include Brigadier-General Macdonald of St. John, and a large number of other officers. Those from St. John are expected to arrive on Wednesday night. During the session any entertainments given by His Honor will be very quiet.

DR. JOHN G. BLAKE OF BOSTON PASSES AWAY

News of Death of Noted Physician and Surgeon Received by Saint John Relatives

Many friends of the family in St. John will be sorry to learn of the death of Dr. John G. Blake of Boston, news of which came in a telegram to John McGrath and Mrs. T. Cronin, Carmarthen street, brother-in-law and sister-in-law of the noted physician. Dr. Blake was eighty-three years old. He was born in Ireland but had lived in Boston since he was ten years of age. He was graduated from Harvard Medical School and took up practice in the city of his adoption, where he had filled other positions of responsibility. In private life he was a kindly man of high character, beloved and revered. Dr. Blake married Miss Mary McGrath of Quincy, Mass., who in after years became celebrated as an Irish poetess and writer. She died ten years ago.

There are five sons and one daughter surviving—Dr. Dr. Baptist Blake, a prominent Boston surgeon; Frederick, in the insurance business in Boston; Fulton, manager of the Submarine Signal Company of Boston; Arthur, now an officer in the U. S. navy; Dr. Gerald Blake, a Bostonian practicing in Boston, and Miss Marie, at home. Fulton Blake was struck of the Harvard eight in his college days. Arthur was a noted runner. He represented America in the first visit to Greece to contest the Marathon race there. The children have all visited St. John, and Dr. Baptist Blake was here so late as last August, when he spoke at a medical convention in this city.

FINE OF \$200 IN LIQUOR CASE

Harry R. Donahue was fined \$200 or six months in jail at this morning's police court for having liquor in his office. His Honor Magistrate Ritchie, in delivering judgment, said: "There are a good many people in the court this morning and I would like to make an appeal to all to help us carry out the liquor law. Don't be afraid of being a sneak. You're doing good to your country. Ritchie said, 'We can win this war if we leave wine and women alone,' and Kitchener was right. But we cannot win it unless we do leave them alone."

Evidence was given this morning by the three detectives who accompanied Inspector Crawford—Detectives Briggs, Duncan and Biddiscombe. S. M. Wetmore, agent for the Walker building in Canterbury street, swore that he had rented the room to Donahue until May 1. Donahue was sworn and contradicted this, saying that the room had been rented to Charles Harkman on Feb. 1, and that Mr. Wetmore could not remember this and said that he had thought Harkman and Donahue were partners. His Honor said that he would have to find the prisoner guilty and imposed the full penalty.

Two prisoners charged with drunkenness were sent below to be interrogated.

DEATH OF MICHAEL MCCANN
Michael McCann, a life-long resident of this city, died this morning. He was about fifty-four years old, and for several years was employed in the L. C. R. round-house. Besides his wife, he leaves three sons, Walter of the 10th battalion and Eddie and Ronald at home; his mother, one daughter, Miss Helen; three brothers, John of the 8th battalion, and Daniel and Edward of this city; two sisters, Mrs. Mary Church of Roxbury, Mass., and Mrs. William McGuire of New Bedford, Mass.

NOT DOUGLAS STREET MAN.
James Parks, who figured in the police court yesterday, was not James Parks of 2 Douglas street, North End.

Don't you want a nice new Chair?

Dear Mary:— You asked me my opinion about chairs. Well I'll tell you; Chairs are used a great deal and should be strong and comfortable. They reflect the spirit of a hostess. I've visited where the very chairs said; "Come in and make yourself at home," and I've called where chairs "how'd you won't stay long."

So be careful in picking out your chairs. Get easy ones and they will help you make friends.

Sincerely—Helen

P. S. Today I saw lots of strong, "cumfy" chairs—stylish too—at
