Control of Ocean Rates Will Be Sought In Bill

SENATE REFORM

House's Attention Is Called To Matter of Equalizing Freight Rates

Canadian Press Despatch.

OTTAWA, Ont., Feb. 5.—His Excellency, the Governor-General, in the Speech from the Throne, which opened Parliament this afternoon, announced parliamentary sanction would be sought for the calling of a conference between the Federal and Provincial governments for amendment of the British North America Act "with respect to the constitution and powers of the Senate, and in other important particulars."

Other announcements of the Government programme as outlined in the Speech from the Throne, were:

1. Attention of Parliament to be called to the desirability of equalizing railway freight rates as between provinces and localities.

2. Submission of a measure to afford the Government of Canada a control of ocean rates.

Equipment of Ports.

3.—Equipment of important ports on the St. Lawrence and on both the Atlantic and Pacific coasts as to enable them to meet all requirements of modern navigation.

4.—Steps to be taken to further colonization and settlement in fertile regions such as those of the Peace River.

5.—The speech observes that the economic situation throughout the world has notably improved and that for Canada the year 1924 was a year of substantial progress.

"The present year," continues the speech "opens with prospects of sound and steady development. The financial and trade situation justifies the expectation of an early return to the gold basis."

The Speech indicates the submission of a new grain act and legislation "in other important matters."

The Speech contains no surprises. Practically all legislation indicated in the speech of previous sessions.

Speech From Throne.

Honorable members of the Senate: Members of the House of Commons: I have pleasure in welcoming you to the fourth session of the fourteenth Parliament.

Since protraction of the economic situation throughout the world has notably improved. For Canada, the year 1924 was a period of substantial progress.

In trade alone, the excess value of exports over imports was more than \$260,000,000. The present year opens with prospects of sound and steady development. The financial and trade situation justifies the expectation of an early return to the gold basis.

Living Cost Problem.

The problem of the cost of living is the most important that my ministers have in mind at the present time, and every effort is being made to improve conditions with respect thereto.

It is apparent that even the most rigid economy in public expenditures will not suffice to solve this pressing problem. Their ultimate solution lies largely in increased production and the development of new and wider markets.

It is to be hoped that in the mind that the existing burden of taxes is due mainly to uncontrollable expenditure in the nature of payments and obligations arising out of the war, and to the encumbered position of the National Railways.

Immigration Need.

To aid in an increase of production, throughout the development of our vast resources, every effort is being made to attract the right class of immigrants to Canada, and to secure their settlement in the undeveloped areas served by our great transportation systems. In due course steps will be taken to further colonization and settlement in other fertile regions such as those of the Peace River.

Equality of Freight Rates.

The cost of production of raw materials and the necessities of life has been lessened by the reduction in the tariff and the sales tax effected at the last session. It is becoming increasingly evident however, that quite as important a factor as the customs tariff is their effect upon production and living costs are transportation costs and rates by land and sea. It is the opinion of my advisers that the attention of

Says Blondes Fail In Cities

LONDON, Feb. 5.—W. J. Perry, a British authority on cultural anthropology, says that in the great urban centres, such as London, he has found that the tall blond people are dying out and that the race is not so much to the strong as those who are short, dark-haired and brown-eyed. The Nordic blood gets along all right in the country, he said, but the dark peoples thrive and multiply best in the city. They cope better with urban conditions.

Georgia Tenant Farmer Takes Legal Action Against His Landlord.

GRiffin, Ga., Feb. 5.—(United News).—T. H. Ernest has asked that he and his family be allowed to abide in the local jail. He told officers he had been severely beaten and his wife choked by a mob of unidentified men, and feared further attacks. G. M. Rawles, on whose farm Ernest was a tenant and against whom the beaten man had instituted legal proceedings, denied knowledge of the flogging.

Find Whiskey Tanks In Roof

ATLANTIC CITY, N. J., Feb. 5.—Prohibition agents dug through a newly plastered wall in the Arctic Cafe and discovered a copper pipe running from the bar to the roof. Three tanks, alleged to have contained whiskey, were discovered at the upper end of the pipe, the lower portion of which terminated in a spigot concealed behind the bar. The bartender was held in \$1,000 bail.

QUEBEC MEMBER WOULD REDUCE PROVINCES FROM NINE TO FOUR

QUEBEC, Q., Feb. 5.—C. E. Gault, Conservative M. L. A. for St. George, Montreal, in the debate on the budget speech yesterday, said he believed that we are over-governed, and thought a good way to help matters would be by combining up some of the provinces, namely, putting the three Maritime Provinces together in one province; Ontario and Quebec in one province; Manitoba and Saskatchewan in one; and Alberta and British Columbia into one province. These with Ottawa would mean five governments in Canada, and that should be sufficient.

ROBBERS' AUTO IS GUARDED BY POLICE OFFICER

Detective Shares in Loot After Store Holdup to Get Evidence.

ROBBERY EPIDEMIC IS BROUGHT TO END

New York County Chief Tells of Method Employed to Catch Bandits.

NEW YORK, Feb. 5.—A Nassau County detective guarded an automobile for two robbers while they held up a clerk in a chain grocery store in Lindenhurst, L. I., on Saturday night. He even drove away with them and took \$16.50 of the \$50 loot as his share.

But Chief McCahill of the Nassau County police announced that the detective, whose name was not revealed, would never have to face any charges. He said that when the pair of alleged robbers, Richard Rezell of Freeport and Henry Sprague of Hempstead, with the latter's brother, Albert, were held without bail for the grand jury in Lynbrook on charges of robbery, felonious assault and violation of the Sullivan law.

Chief Explains.

The reason that no charges will be placed against the detective is this: For five months the Nassau County police have been trying to capture two men who have been holding up chain grocery stores all over the county. For a time the robberies were at infrequent intervals, but after the first of the year they increased. On Feb. 2 the pair held up a store in Baldwin. Chief McCahill decided that it was time to put an end to their work, and assigned the unnamed detective to hunt the bandits.

The detective after several weeks managed to discover that Rezell and Sprague were making frequent night trips in a new automobile they had bought. He suspected that they were the robbers but did not have enough evidence. By Saturday night he had become such a firm friend that the two men decided to take him along with them to help them hold up the Lindenhurst store, according to Chief McCahill. As their automobile drew up at the curb near the store, however, the chief said they evidently decided that they had better not tell him of their intention to commit a robbery.

Bind and Gag Clerk.

"Just going to get some cigars. Be back in a minute." Keep an eye on the car, one of them said to the detective as the pair hurried into the chain store.

Ten minutes later, the chief said, after the pair had bound and gagged the clerk and taken \$50 from the cash drawer, they calmly climbed into the automobile where the "unfortunate" was waiting a captive. Sprague pulled out the money and started to count it. The detective knew at once that they had held up the store, but he wanted to get a good opportunity to make the arrest. When Sprague offered him \$16.50 as his part of the loot, he pocketed it and kept quiet. As they were driving through another town on their way to their home, the pair wanted to rob another store, but the detective said that they had done a good night's work and as they had put him down near Sprague's home, the detective hurried to get a rigorous questioning, to see if Chief McCahill's "detective" was indeed a good job in cleaning up a gang that has been bothering us a long time.

France to Establish A "Penguin Island"

PARIS, Feb. 5.—(United Press)—The "Penguin Island" as conceived by Anatole France will shortly be a reality. The republic of France, by decree signed by President Doumergue, has set aside Kerguelan Island, one of the southernmost islands in the Indian ocean, as a refuge for antartic animal life.

The Kerguelan island is now chiefly inhabited by penguins. Vessels rarely call there, usually months apart. Expeditions in the past have practically cleaned out the animal life, but penguins flourish there, and now they are going to be protected, and allowed to thrive unmolested.

The French Government has taken this step to prevent the extinction of sea lions, sea cows, penguins and other forms of antartic animal life which have been decimated because of lack of safe breeding grounds.

Mrs. Snowden Asks That Some Engagements Here be Cancelled

Arrives Tired After Journey and Declines to Speak of Mission.

Mrs. Philip Snowden, wife of a former Chancellor of the Exchequer of the Labor Government in Great Britain, arrived today on the C. P. R. from Montreal and was met at Union Station by Mrs. E. Atherton Smith, president of the St. John Women's Canadian Club.

Mrs. Snowden, when met at the train, would not say whether or not her mission to Canada had been a success. She smiled and said that she had made up her mind not to be interviewed by anyone and left the inference that she would tell what she thought of Canada and Canadians at this evening's lecture. Mrs. Snowden told Mrs. Smith, who met her, that she could not possibly accept all the social engagements that she had made for her today as she was weary after her long trip and must rest for the evening. It was not stated which engagements would be given up, but Mrs. Snowden went to the Union Club to luncheon, where Mrs. Smith's guests awaited them.

Entertained at Luncheon.

Mrs. Smith entertained at the Union Club at luncheon for Mrs. Snowden, giving several of her friends an opportunity to meet Mrs. Snowden informally. Among these were several of Mrs. Smith's friends from out of town—Mrs. C. E. Macpherson of Winnipeg, Mrs. Robert Brehm of St. John's, Newfoundland, and her niece, Miss Bessie Grimmer of St. Andrew, and Mrs. George McLeod of Pictou, N. S., who is visiting friends here.

It had been earlier arranged that Mrs. Snowden would spend an hour at St. Andrew's rink this afternoon with the ladies' club curling. It had also been arranged to go to the Misses' entrance to a reception with Mrs. Smith.

This evening Mrs. Snowden will speak in the Pythian Castle on "Boiled Down from Personal Observations." She will sail for England tomorrow on the S. S. Montclair.

Steps to Solomon's Temple Discovered

LONDON, Eng., Feb. 5.—Steps to the temple of Solomon have been discovered during modern excavation in Jerusalem.

MARITIME CASE OVER CROW'S NEST AGT HEARD

R. E. Finn Presents Argument for New Brunswick and Nova Scotia.

APPEAL MADE AGAINST RAIL BOARD DECISION

Claims That C. P. R. Should Have Extended Rates to N. B. in 1897.

OTTAWA, Feb. 5.—(Canadian Press)—R. E. Finn, M. P., Halifax, argued before the Supreme Court today the case for Nova Scotia and New Brunswick in the appeal against the decision of the Railway Commission in setting aside the Crow's Nest Pass Act.

Mr. Finn claimed: 1.—That the Crow's Nest Pass Act was a special act; 2.—That it was statutory; 3.—That the act was binding upon the board of railway commissioners; 4.—That the Crow's Nest rates were limited in application to those points on the C. P. R. in 1897 when the act was effective; 5.—That the provisions of the Crow's Nest Pass Act in so far as they conflict with the Railway Act, override the same; 6.—That the C. P. R. wrongfully interpreted the Crow's Nest Pass Act in not extending to the Maritime Provinces the rates to points on the Canadian Pacific Railway in 1897.

Favor Canefax To Beat Hopper

As a result of his sensational victory over Walter Cochran, balking star, in a three-cushion game at the Strand Academy Monday, Bob Canefax, the world's three-cushion champion, has been made the favorite at 6 to 5 for his 600-point three-cushion test against Willie Hoppe, which opens at the Friars Club on Feb. 14. Canefax outplayed Cochran by 60 to 29, making the total in fifty-seven innings and having a high run of 7. Cochran rates with the best three-cushion players and Canefax's fine exhibition came as a big surprise. A few days before the Hoppe-Canefax match, which was scheduled to start on Jan. 19 but was cancelled, Hoppe was the favorite at 7 to 5 but the odds later shortened to 6 to 5 on Hoppe and now have been reversed.

EXONERATE THREE MEMBERS OF GIANTS

Asst. District Attorney Brothers Finds They Were Not Implicated.

NEW YORK, N. Y., Feb. 5.—Three New York Giant players—Frankie Frisch, Ross Young and George L. Kelly—named by Jimmy O'Connell as implicated in his attempt to bribe Heinie Sande, Philadelphia National League shortstop, are completely exonerated by Assistant District Attorney George N. Brothers in a report made to District Attorney Banton following the termination of the state's investigation of the scandal.

The assistant district attorney contends that O'Connell may be guilty of a violation of the penal law governing such cases, by virtue of his own testimony and the testimony of Sande, but that the question of indicting O'Connell would await the return of Commissioner Landis from Panama, where he went on a brief vacation.

Storm Washes Ashore Relics From Vessel Sunk Many Years Ago.

LONDON, Feb. 5.—A storm has washed ashore at Hillsdale, West Jutland, a quantity of peculiar boot soles, similar to those recovered by divers in 1869, when the sea washed the sand from the hull of the British frigate, the *Thetis*, which was sunk with 300 men in 1807, when carrying provisions and stores to the British fleet in the Sound on the occasion of the second battle of Copenhagen.

Probably the recent great storm has cleared more sand from the 17-year-old wreck. Divers probably will now descend to seek further treasures from the *Thetis*, which had considerable value on board.

Fusiliers Spon Match Won by McLaughlin

Last evening the Fusiliers held a spon match on the Army range in two classes, C. Q. M. S. McLaughlin's score of 97 being the highest for this season with gallery ammunition.

Lieut. Grant won the spon in "C" class and also graduated to "A" class. Pt. Gray and Lieut. Clawson graduated to "B" class.

Next week another match will be fired in the Regimental League between company teams.

Nationals Win Game From the Martellos

A fine exhibition of hockey was served up to the fans in the Intermediate League last evening when the Nationals defeated the Martellos 2 to 1. The game was keenly contested and showed that the boys are fast rounding into real exponents of the game. The match was staged in the Arena. Shannon for the losers guarded the nets like a veteran.

PHILADELPHIA, Pa., Feb. 5.—George Burns, former New York Giants and Cincinnati Reds outfielder, who was released by Cincinnati last year, has been signed up by the Philadelphia National League team, President Wm. F. Baker announced yesterday.

Heir's Lose By Too Long Wait

JACKSONVILLE, Fla., Feb. 5.—Heir who lost property by too long wait until property increases in value from \$300 in 1818 to \$20,000,000 a hundred years later have no right to any part of the property, said decision by Federal Judge R. M. Call.

Members of St. Peter's Y. M. C. A. and friends enjoyed a skating party at the Arena last evening. From the Arena they proceeded to Fairville hall for W. J. Scott where a musical programme was carried out and refreshments served.

BAXTER LODGE PLANS.

At a meeting of Baxter Lodge, L. O. B. A., on Tuesday evening in Orange Hall, Fairville, with Worthy Mistress Mrs. Edward Duffy presiding, visitors were present from Dominion and Roxborough Lodges and degree works were practiced. Plans were made for the lodge to entertain the Booster Club of Willis Lodge, L. O. B. A., this month and also to hold a supper in the new hall on Wednesday, to be served by the members of Baxter Lodge.

WEDDING ANNIVERSARY.

Captain and Mrs. Clarendon Maxwell were pleasantly surprised when a large number of relatives and friends in Orange Hall, Fairville, in Main street and made them the recipients of several beautiful remembrances of their wedding anniversary. Hearty congratulations were extended in an address to which both the Captain and Mrs. Maxwell responded feelingly. During the evening a musical programme was carried out and games enjoyed, after which refreshments were served.

Boy Wins Historic Pas Dog Derby Race

THE PAS, Man., Feb. 4.—Emil St. Goddard won the Pas Dog Derby tonight when he arrived at the Pas Hotel, the whole population turning out to welcome him. The time for the 204 mile course was 35 hours and 45 minutes.

The winning "musher" is only 18 years old, and has never taken part in a long race before.

Curse of Pharaoh Falls on Theatre

LONDON, England, Feb. 5.—(United Press)—The curse of the pharaohs took a new victim when an act was omitted from "The Punch Bowl," a revue at the Duke of York's Theatre.

A skit was in preparation, featuring Miss Gwen Farrar, one of the best of London's music hall stars, in a playlet founded on the life and times of Queen Neferiti, the mother-in-law of King Tut, who invented the "shingle bob."

First one of the actors fell ill. Then the musician went on strike. Then the conductor quarrelled with the director. Finally Miss Farrar herself came down with influenza.

And so the whippers went to work, telling the world that the curse of King Tut was still in force.

And the skit was removed from the bill.

DODD'S KIDNEY PILLS CLEARED UP JOSEPH LESSARD'S KIDNEY TROUBLE.

Quebec man tells how and why he is now enjoying all his old-time health and vigor.

ST. LEON, Quebec, Feb. 4.—(Special)—"It gives me pleasure to tell you how satisfactory your Dodd's Kidney Pills have been to me," Mr. Lessard states in an interview. "I have had boils for the past eight months and have spent over \$50 for treatments, which did not relieve me of them. After taking five boxes of Dodd's Kidney Pills my boils have disappeared. I also had violent pains in my kidneys and they have gone with the pills. I am now feeling fine and am quite well. I would like to recommend Dodd's Kidney Pills to all persons who suffer with similar complaints to my own. Dodd's Kidney Pills stimulate and strengthen weak kidneys. PORT COMMITTEE

Taxpayer Says Committee Reduced Harbor Revenue at Citizens' Expense.

In the press on Tuesday night of this week, a taxpayer wrote that the reduction in harbor revenues meant that the citizens would have to make up the shortage.

Shipping not being our line, we are not prepared to argue this point, but we do know that the reduction in the price of milk does not increase the taxes of our citizens.

On the other hand, the Purity Milk Company, by forcing down the price, have given citizens more money with which to pay their taxes. The saving Purity has given the people actually amounts to more than the total of some of the milk consumers' taxes. One lady stated that Purity had saved her over \$40 a year on the price of her milk.

With the support of the public, Purity can hold down the price. Make your saving secure by calling up Main 6000 and telling the Purity teams to leave your daily supply.

Price of Weekly Street Car Pass to Be Increased Starting On Next Monday

To Our Patrons—

We have always endeavored to put before the public the fact that our three utilities are interdependent, and that any material change in the earnings of one operating expenses of one department is bound to be reflected in the other departments. The directors of this company have realized for several months that an increase in the price of the weekly pass was unavoidable, unless the rates of the Civic Power Commission for electric service, were played on a basis where they would at least pay the cost of operation together with interest and sinking fund.

In face of the report of Messrs. Price, Waterhouse & Company which disclosed a deficit of over \$70,000 in the operation of the Civic Power Commission for the year ending June 30, 1924, which deficit must be made up out of future earnings, the Civic Power Commission have made no effort to increase their rates. To prevent further inroads on our business by this unfair competition, which is made possible by using the financial resources of the city, to distribute hydro at less than cost, we have been forced to meet the hydro rates.

In an effort to avoid the necessity of increasing the price of the weekly pass, and to save the city the expense of partially reconstructing its distribution system, we addressed a communication to the Mayor and Commissioners on January 8th, in which it was suggested that a conference between the representative of the city and our company be held to discuss the situation. As we have not received an acknowledgment of this communication, we assume that the Mayor and Commissioners do not desire such a conference. It is with great reluctance therefore that we are forced to announce that, effective on Monday, February 9th, the price of the weekly pass will be increased from \$1 to \$1.25.

There is the assurance on the part of our directors that if satisfactory arrangements can be made with the City Council, whereby the existing wasteful competition can be avoided, the price of the pass will be immediately restored to \$1.

Yours very truly,
NEW BRUNSWICK POWER COMPANY.

MARITIME CASE IS NEW TO MANY

(Continued from page 1.)
me to lunch at the Saskatoon Club today. There I met business and professional men who were much interested in the Maritime Provinces' situation. One said the presentation of the case was, in a large sense, news to him, and had given him much to think about.

Sheriff L. G. Calder proved a stout champion of the Canadian ports idea, and a greater spread of knowledge regarding each other's problems between the extreme East and the West.

I asked these gentlemen if there was any real recession sentiment in the West, and their views were that any such talk was confined to very few who were feeling keenly the pinch of depression. Blue ruin talk was especially denounced, because it made capital timid and the banks were bulging out with money that ought to be busy all the time.

Two Impressive Questions.
When one man remarked that where business began sentiment ceased, he was set upon for presenting a doctrine that would shatter Canada into fragments.

One business man said he was greatly impressed by two points, the loss of the money spent for steamship supplies and labor at American ports, handling Canadian goods, and the drift of our people out of the country because they cannot be employed at home. The West, as well as the East, has

Co-operation Necessary To Get Results

"I BELIEVE it's the best possible thing you could have done," declared John McKinnon, business agent of the Longshoremen's Union, discussing the Maritime Mission yesterday afternoon with The Telegraph-Journal.

"If we can get the co-operation of the governments and the railways," went on Mr. McKinnon, "there is no reason in the world why the port of St. John should not jump right ahead."

"One big factor already in our favor is the cost of labor. In this we are cheaper by fifteen cents an hour than any United States port. As a matter of fact the Americans get 30 cents an hour for an 8-hour shift, whereas our men get 65 cents an hour for a 9-hour shift. And on top of that I might say that we can handle cargo faster than any United States port; even faster than Montreal."

"I have no hesitation in saying that if other charges were in proportion to that of the stevedores this port would be the cheapest in the country."

lost money. The area around Saskatoon had a poor crop last year, although some portions of the province fared better. Business here is quiet, but the people are cheerful.

I am told that one of the troubles of the West is that too many people come here expecting to amass wealth in a few years and then get away instead of farming and settling down with the intention of remaining.

Problems Within Province.
We in the East talk of the problems of a province, but here there are problems in different parts of the same province due to varying crop conditions. One can have no right conception of this vast country and its difficulties, who has not traversed it, and talked with its leaders in business. They are so absorbed in their own affairs and so new, that the story I have to tell, in many of its aspects, is strange to most of them, but when the chord is touched, while they are insistent upon their own rights, their Canadianism rings true.

Speaking of this country being new, Superintendent McKay, who came West forty-three years ago, saw the last of the Red River carts which were the medium of transportation in those days, when all west of Winnipeg was practically a wilderness. Now there are railways in all directions, but more than thirty million acres of land within 10 miles of a railway are still unoccupied.

Saskatoon is about the breaking point as to transportation East and West, as between Port William and Vancouver. It does business in grain both ways on about the same basis in regard to freight rates.

In face of handicaps, Canadian Pacific freight rates are lowest on the continent

ONE of the expensive factors in operating a railway in Canada is that the big movement of grain and livestock is practically confined to four months, from September to December inclusive. The Canadian Pacific must be prepared to take care of this traffic when it is ready to be moved. It must keep on hand literally thousands of freight cars and hundreds of locomotives, many of which lie idle for eight months in the year.

Not only does this equipment lie idle waiting for the big rush, but most of it must be hauled empty one way because, unfortunately, there is little if any more traffic from the opposite direction than at other seasons of the year. If this equipment could be kept busy, and earning, the year round, operating costs would be greatly reduced.

Yet in face of this handicap and its consequent effect in raising the cost of operation, freight rates in Canada are lower than in any other country, while the earnings of Canadian roads per ton mile are lower, due to the much longer hauls and sparser population in Canada.

Canadian Pacific Railway average receipts per ton per mile for freight in the year 1923 were .929 of one cent.

Railways of the United States average receipts per ton per mile of freight for the year 1923 were 1.125 cents or 21.10%

greater than the average of the Canadian Pacific.

Railways of Great Britain average receipts per ton per mile of freight for the year 1922 (the last year reported) were 3,351c., or 260.7% greater than the average of the Canadian Pacific.

Only good management and sound, economical financing of the Canadian Pacific, by which capital charges have been kept at a minimum, have made possible these low rates in face of low per-ton-per-mile earnings.

Canadian Pacific rates are the standard of all rates in Canada, so that the whole public is deriving the benefit of the Canadian Pacific management and financing.

The Canadian Pacific, for forty years, has led the way in the development and settlement of Canada and today, more than ever, it is a dominating force in the progress of the Dominion.

WHY NOT THE MARITIMES ALSO?

Some noticeably casual rather than constructive references to the Maritime Provinces were made in a speech delivered by Mr. E. W. Beatty, President of the C. P. R., in Montreal at the end of last week.

We have done that, and are going to continue to do it in a greater degree. If we hadn't been strong on self-help we wouldn't be alive now.

Why not give East and West the same treatment? Let us see. A great deal of local energy was necessary to get the Admiral Beatty built in St. John, which is the Atlantic terminus of the C. P. R.

The chain of tourist hotels established by the C. P. R. in the Maritime Provinces, namely, at St. Andrews, Digby and Kentville, can hardly be said to be of the same class as the C. P. R. has established through the Rockies.

The whole hotel situation throughout Canada both from the standpoint of the Canadian National as well as the Canadian Pacific Railways is a remarkable one.

The Maritime Provinces' money, through legislative action over which the Maritimes had no control, has gone in to build the Fort Garry, and is going in every day to help continue its operation.

Hundreds of thousands of dollars have been spent, and very properly spent, by the C. P. R. to build up the Canadian West in so far as immigration is concerned.

The Federal Government is warned by the Manitoba Free Press that if "national poverty is to be urged as an excuse for leaving the terminus of the Hudson Bay Railway in the wilderness ninety miles from tide-water, the Ministry may expect to hear something not to its advantage from Western Canada."

We all recognize that the C. P. R., through having its terminal facilities in St. John, has been a great factor in whatever prosperity we have enjoyed.

setting it from the Parliament of the country, nor from either of the big transportation systems.

RUM AND NATIONAL PRIDE.

We have never heard that the Norwegians, as a race, have any particular or deep-rooted feeling of horror with respect to rum.

Why now and then there comes, like a breath of outdoor air in contrast to the heavy perfume of the greenhouse, a simple tale of simple folk unfolded with real humor that sends chuckles through the heavy perfume of the greenhouse.

Now, Norway is a small nation, but evidently it is jealous of its good name. Far greater nations, with far more ships engaged in rum-running, may not be disposed to take the Norwegian example seriously.

"Norway has spoken words of boldness which do it much credit," and that: "Other nations, being larger Powers, may perhaps pay no attention to them, but we, perhaps, hold the view that there can be no discredit to their flag, which is a very comfortable view indeed, and may think that the example of little Norway means nothing.

The British note which is to be sent to France regarding war debts is generous in principle and friendly in tenor.

The former Kaiser has written a piece saying that only the restoration of the monarchy can save Germany, and he coyly intimates that he knows a man who would make a fine Emperor.

The Federal Government is warned by the Manitoba Free Press that if "national poverty is to be urged as an excuse for leaving the terminus of the Hudson Bay Railway in the wilderness ninety miles from tide-water, the Ministry may expect to hear something not to its advantage from Western Canada."

Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

Life (Phoebe A. Naylor in Buffalo Commercial.)

When of old the great Paulinus sat in Edwin's Castle Hall, Round that hall—and out again, While around him thames and chief-tains,

As he spoke of life and labor, Death and immortality; Came a bird through unglazed window Which in flight went instantly Round that hall in a circle;

Quick Paulinus saw the symbol, And he showed to King and men How the bird's flight transitory Round that hall—and out again, Symboled life—in from the outside— Just once round—then out again.

Well, It Isn't Incredible. (Toronto Globe.)

The elevation of Mr. Asquith to the House of Lords may form the subject of some interesting comment by Margaret.

Revised Version. Since a Jew named Kabotzky was allowed to change his name to Cabot, in spite of the objection of some who bore that name, a revised version of a familiar verse has appeared. It is as follows:

I come from the City of Boston, The land of the bean and the cod; Where Lowell has no one to talk to, For Cabots talk Yiddish to God.

Original version: I come from the City of Boston, The land of the bean and the cod; Where Lowell talk only to Cabots, And Cabots talk only to God.

A Play of Real Fun. (Boston Post.) The glittering show, the play of tense sea warfare, the biting wit of the satiric comedy—these are the commonplaces of our theatrical seasons.

Are Juries Intelligent? (New York Times.) For what one can pretend was a rather mysterious reason, there was a good deal of excitement in a Jersey City court, last week, after the trial of a man accused of assaulting another.

FOOLING THE PUBLIC A HYDRO PASTIME. Of late, the Gas Service of this Company has figured in the advertisements of the Civic Power Commission, and some amazing statements have been advanced therein.

For instance, it is stated that to operate a "Hydro" electric range costs much less than gas.

Which shows either a curious lack of knowledge on the part of the Civic Power Commission, or a willful attempt to deceive the public.

Gas Much Cheaper—The Proof. Let us see how Manufactured Gas compares with electricity in this regard.

The following table is based on the British Thermal Unit of heat, the standard usually accepted in such cases:

1 cubic foot of Gas has a potential heat value of 580 units. 1,000 cubic feet of Gas have a potential heat value of 580,000 units.

1 K.W. Hour of Electricity has a potential heat value of 3,412 units. 170 K.W. Hours of Electricity have a potential heat value of 580,000 units.

BUT— 1,000 cubic feet of Gas in St. John costs the customer \$2.25. WHILE— 170 K.W. Hours of Hydro Electricity, at 2 cents per K.W. Hour, costs the customer \$3.40.

THEREFORE— On the basis of actual heat producing value, Hydro costs \$1.15 more than Gas—or 51 per cent, more.

DO YOU KNOW? That in Toronto, which also has Hydro, there are 350,000 Gas Ranges in use; or an average of about one to every family?

GOOD BUSINESS FOR CONNORS BROS. LTD.

Shareholders at Meeting Hear Excellent Reports of Year's Activities.

The annual meeting of the shareholders of Connors Bros. Ltd., was held here on Tuesday at the offices of Inches, Weyman and Hazen.

Among the out-of-town shareholders present were C. H. Eason, Toronto; Harold P. Ritchie, Toronto; B. M. Hill, Fredericton, and J. D. McKenna, M.L.A., Sussex.

The old board of directors was re-elected, and at a subsequent directors' meeting A. N. McLean was elected president; P. W. Connors, vice-president; J. M. Scoville, secretary, and Allan McLean, treasurer.

Lewis M. Lingley was elected chairman of the committee to promote export business. The financial statement for the year showed the company to be in a very healthy condition.

The working capital of the company showed a very marked increase for the year. Ample reserves were set aside for depreciation. P. W. Connors, who is in full charge of the operation at Black's Harbor, was unable to be present owing to the inclement weather.

Allan McLean is at present in the West Indies looking after export business.

There have been several mysterious fires in Waterford recently and it is thought that there is a firebug at work. The loss of the school, which was valued at \$2,000 and insured for only \$500, will be heavily upon the rate payers of the district.

Store at Charlo Burns. RIVER CHARLO, N. B., Feb. 4.—The schoolhouse at Charlo, N. B., in the locomotive was the first alarm given residents of this place, near Dalhousie, of the burning of the Farmers' Co-operative Company store here today.

The burning of the Farmers' Co-operative Company store here today and the warning no doubt saved adjoining buildings which include a warehouse, Beaton's blacksmith shop and others.

The building, which is of wood, had a concrete basement and the upstairs section was a splendid hall.

COMPLETE COURSE.

J. F. Calder, of Campbellton, Dominion Fisheries Inspector, arrived in the city last night from Truro where in company with three inspectors and 15 fisheries officers from this province and seven from Nova Scotia, he had attended a short course at the N. S. Agricultural college on fisheries problems, conducted by Dr. Knight, chairman of the Dominion Biological Board. The course had been a very successful one, Mr. Calder reported, and one from which all those in attendance reaped a great benefit.

"Side by side we have a Gas Range and a Hydro Range," said Mrs. Kennedy. "The Hydro Range wins on every kind of comparison." "The Hydro Range is far cheaper to run than the Gas Stove. BRANDON, Jan. 31.—(By mail)—In previous correspondence I referred to the fact that on the staff of Brandon College are Professor Wright, formerly of Moncton; Professor Hill, formerly of Hampton, and Miss Leaman, formerly of St. Andrews. I referred also to George F. Doig, formerly of St. John, to whom I am indebted for great kindness. In Mr. Doig's dry goods store I met A. I. Doak, formerly of Fredericton, and K. A. Dunphy of Fredericton, who is in the C. P. R. employ here as divisional engineer.

I also met Austin Belyea, formerly of Woodstock. In the C. P. R. offices I met F. E. Scott, who was born in a house on Hazen street, St. John. His father lives in Fort William, and a brother is in newspaper work in Calgary. Dr. J. C. Clark and J. E. Matthews are from Prince Edward Island. J. M. McDonald, manager of the Bank of Montreal, is well known in St. John and Halifax. Joseph Whitehead, proprietor of the Brandon Sun, is a grandson of Joseph Whitehead, who was a contractor in the building of the

At a luncheon tendered me at short notice, in Winnipeg, by the executive of the Maritime Provinces Association, which has several hundred members, I met Judge Walter H. Trueman, E. R. Chapman, Professor Chester Martin and Fred E. Campbell, formerly of St. John; Dr. and Mrs. C. E. Kennedy, of St. Andrews; Dr. Ellen Douglas, of Stanley; Judge Harrison Dysart, and A. K. Dysart, of Cocagne; A. N. Charters, of Memramook; Dr. J. H. Manchester, of Apohaqui; F. S. Parlee, of Sussex; N. R. Desbrisay, of Bathurst; D. C. Harvey, of Cape Travers, P. E. I.; H. S. Murray, of Halifax; Walter B. Lawson, of Windsor; J. E. Gallant, of Bloomfield, P. E. I.; Professor J. N. Finlayson, of Miramichi, N. S.; Miss Mary Bayne, Mabou, N. S.; Dr. Annie S. Former Sussex Boys.

Calling at the store of W. N. Robinson, formerly of Sussex, I met P. M. Crothers, of Miramichi. He said he had met a young man named Matthews from Apohaqui, the night before, and that there were at least a dozen former Sussex boys in Winnipeg. Fred A. Lawson, formerly of St. John, and whom I once saw plunge off S. L. Kerr's yacht in the St. John River to rescue one of Mr. Kerr's boys who had fallen overboard, is prospering in Winnipeg and placed his car at my disposal for part of an afternoon. Manager Riley, of the Bank of Commerce, a Yarmouth man, gave me an invitation to meet several public men at lunch, but I was unable to accept.

Walter Belyea, brother of G. H. V. Belyea, and a prosperous merchant in Winnipeg, carried me off to supper one evening, where I met not only his charming family but his sister, Mrs. R.

WEDDINGS

Met Some More.

"Here's another St. John man," was the greeting I got as I entered the train for Brandon, and found myself shaking hands with Mort. Wilson, formerly of St. John and now head of the Wilson Shoe Company, of Vancouver. He introduced me to J. C. Pauc, of Halifax, who lives in Regina, and then grew reminiscent of the years when he was with Waterbury & Rising and the scenes and incidents of the old days.

In London, Ont., I met Rev. George Wood, once a minister in Chatham, and Jack Gilmour, formerly of St. John. In Toronto the first newspaper man who called on me was a brother of the late Dr. McNally, of Fredericton, who gave up book and magazine work in New York to become a special writer on the Toronto Star staff. In Brantford a young newspaper man named Murray told me he was from Stanley, York county, and had attended Rothsay College. His father was a minister in Stanley but now lives in Texas.

Thus, wherever I have gone, I have found Maritime Province people and as I go farther west I am told I will meet them in still larger numbers. All of them sympathize with their home provinces and I find that everywhere they are regarded as most valuable citizens of this western country.

DEATHS

Anne Margaret Wason.

The death of Anne Margaret Wason, widow of Edward Wason, occurred at Devonshire Place, Bath, Eng., after a lingering illness on Jan. 16. She was in her eighty-third year and was the only child of Richard and Martha Ormond Llewellyn. She was born at Honey's Park in the Parish of Carew, Pembrokeshire, South Wales, in 1863.

she was married to Edward Wason, of Minehead, Somersetshire, and lived most of her married life in the neighborhood of Bath. She leaves to mourn five daughters and two sons, the Misses Geraldine and Harriet, at home; Miss Maud in Switzerland; Miss Florence, in London, and Mrs. Hugh McMurtrie, of Cheyton Mendip. The sons are Dr. R. L. Wason, of Clevedon, Somerset, and Rev. L. J. Wason, of Welford. Her husband predeceased her five years ago and two daughters and one son died several years ago.

The funeral took place on Jan. 19, Ernest at home; also one sister, Miss interment being made in the cemetery of the parish church at Inglescombe.

John Thompson.

The death of John Thompson, a well-known and respected resident of the "Midlands," Queens Co., occurred at his home there on Tuesday, January 20th, after an illness extending over a year. Mr. Thompson was 70 years of age. He leaves to mourn his wife, four sons, Albert, of Fredericton, Commerce; the same is true of the lines connecting Rutland with the surroundings country.

Food for Thought

Starting with the fair supposition that a remedy costing 25 or 50 cents a bottle frequently saves a \$3.00 fee.

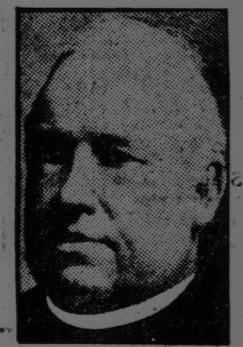

There is nothing so positively good as this doctor's prescription for Grippy Colds, Bronchial Colds, Sore Throats, Cramps, Chills, etc.

It is not unreasonable to assume that many a 25 or 50 cent bottle of Johnson's Anodyne Liniment has saved a 25 or 50 dollar total of expense.

Why is it that little children—pale, thin and under weight—grow round and rosy by taking Father John's Medicine?

For the same reason that a baby thrives on milk but cannot digest the concentrated butter-fat in cream or butter.

HEART WAS WEAK NERVES ALL GONE

Mrs. J. H. Hallenbeck, 117 1/2 Wellington Avenue, St. Catharines, Ont., writes:—"I was in a gas explosion; it left me with a weak heart, and my nerves were all gone."

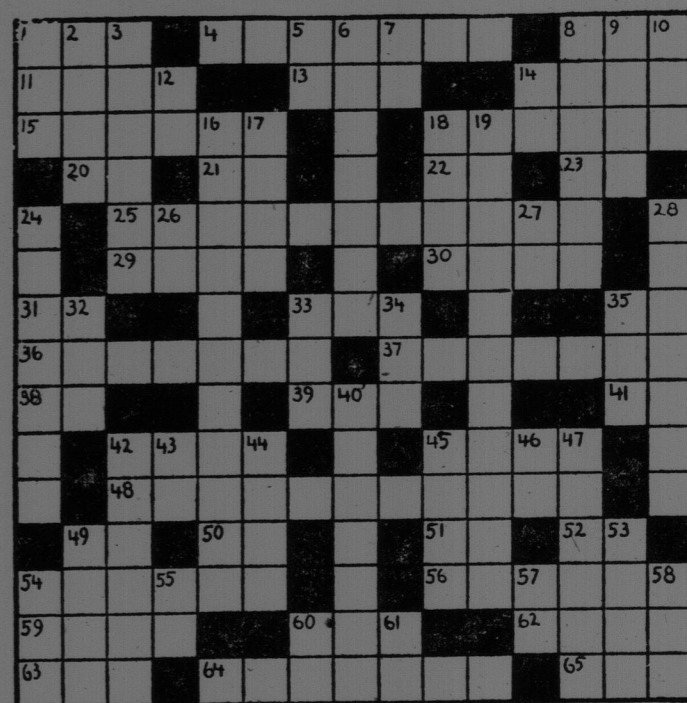

"I can't run," said the frog. "I only hop." "Then why don't you hop?" said the dragon.

PRESENTATION OF REGALIA AT ANNIVERSARY

Dominion Lodge, L. O. B. A., Has Celebration of Thirtieth Birthday.

MAYOR PRESIDES AT CEREMONIAL

Excellent Programme Given at Assemblage in Simonds Street Hall.

The 30th anniversary of Dominion Lodge, L. O. B. A., was celebrated last evening in Orange Hall, Simonds street, when Mayor Potts, who was chairman, made the presentation of regalia to the officers of the lodge and extended hearty congratulations. Worthy Mistress Mrs. Thomas Baird presided at a short business session and introduced Mayor Potts as chairman.

Present Regalia. His Worship was then called upon to make the presentation of regalia to the officers of the lodge and was assisted in carrying out the presentation by Mrs. T. Vallis, director of ceremonies. Those

receiving regalia were honorary and charter member, Mrs. Charlotte Sweet; worthy guardian, Mrs. Thomas Rogers; deputy mistress, Mrs. T. H. Bird; chaplain, Mrs. A. Everett; recording secretary, Mrs. Mary Patrin; financial secretary, Mrs. J. Stacey; treasurer, Mrs. George Melvin; lecturer, Miss Marian Lane; deputy lecturer, Mrs. Frank Lodge; inside guard, Mrs. McLeod; outside guard, George Melvin; first lady on committee, Mrs. Carr; director of ceremonies, Mrs. James Lamb.

Thirty Years Old. Dominion Lodge was organized on Feb. 6, 30 years ago, and its first worthy mistress was the late Mrs. Charles Stockton. The charter members now living are Mrs. Charlotte Sweet, Mrs. Edward Moran and Mrs. S. G. Logan. Since its small beginnings in the early days the lodge has flourished greatly and its present membership is 108. It has also a flourishing sewing circle, of which Mrs. J. Brown is president. A presentation of a Past Mistress' jewel to Mrs. Albert McKinnon was postponed owing to her illness preventing her attendance. Refreshments were served during the evening under the direction of Mrs. Kempton Rushton and Mrs. Alban Thorne. The programme of the evening consisted of the following numbers: Piano duet, Miss O'Dell and Miss Hannah Marshall; recitation, Miss Parks; comic songs, Jock Simpson with Medley Beaman as accompanist; piano solo, Miss Lella Alcorn; vocal duet, Miss Ruby Splane and Miss Sylvia Hamm, accompanied by Mrs. James Splane; vocal solo, Miss Estella Earle, accompanied by Mrs. May Seely; vocal solo, Hayward Sparks, accompanied by Mrs. O. Brentnall; violin and piano duet, Mr. and Mrs. George Wallace; vocal solo, Miss Alva Roberts, accompanied by Mrs. May Seely; recitation, Hayward Sparks; instrumental number with drum, violin and piano, Mr. and Mrs. Wallace and Ronald MacLaren; vocal solo, Mrs. O. Brentnall with Mrs. A. Everett as accompanist. Mayor Potts thanked those who had taken part in the programme and on the motion of Mrs. J. Stacey, seconded by Mrs. O. Brentnall, thanks were extended to the Mayor for presiding.

Mrs. Hugh Cannell Chosen Duke of Rothesay Regent

Work of Year Reviewed at I. O. D. E. Chapter Annual Meeting.

The annual meeting of the Duke of Rothesay Chapter, I. O. D. E., was held yesterday at the residence of Mrs. O. R. Peters in Rothesay with the retiring regent, Mrs. John McIntyre, presiding. The officers elected were as follows: Regent, Mrs. Hugh Cannell; vice-regents, first, Mrs. William Allison; second, Mrs. A. W. Daniel; secretary, Miss S. R. Pichers; Echoes and assistant secretary, Mrs. W. R. Hibbard; treasurer, Mrs. F. W. Roach; educational secretary, Mrs. J. W. Davidson; child welfare convener, Miss H. MacMurray; standard-bearer, Mrs. John McIntyre; councillors, Mrs. Walter C. Allison, Mrs. R. deB. Carr, Mrs. Thomas Bell, Mrs. W. R. Mathers and Mrs. Harold Ellis.

Secretary's Report. The report of Miss S. R. Pichers, secretary, told of the additional contribution of \$200 made to the I. O. D. E. War Memorial, bringing the chapter's total to \$1,100 and in local educational work 40 books, a bookshelf and picture were given Golden Grove school, while Rothesay Consolidated School was given an Empire library of 47 books and the three Rothesay schools were given anniversary banners. The total amount contributed in educational work was \$365. Appeals to which the chapter responded included passage money for an English soldier, assistance for a soldier's widow, headstones for Fernhill, the expenses of a League of Nations Society speaker, St. John G. W. V. A., the entertainment of the Provincial I. O. D. E., and renewal of membership in the League of Nations Society. The sum of \$500 was added to the chapter's War Memorial fund, bringing the total to \$1,763.

Social and Personal Notes

Miss Marion Maxwell, daughter of Mr. and Mrs. George H. Maxwell, who is one of the nursing staff of the D. S. C. R. hospital at Ste Anne de Bellevue, is spending a short vacation with her parents in this city.

Mrs. A. M. Peters was hostess yesterday afternoon at an enjoyable small bridge of three tables at her residence, Lenister street, in honor of Mrs. A. K. Harvie, who with Mr. Harvie, is moving to Winnipeg in the near future. The prizes were won by Mrs. F. R. Taylor, Mrs. A. K. Harvie and Mrs. G. Fred Fisher. At the tea hour Mrs. W. C. H. Gimmter presided at the table which was prettily arranged with spring flowers. Those present were: Mrs. Harvie, Mrs. James F. Robertson, Mrs. H. A. Powell, Miss Hooper, Mrs. H. E. Puddington, Miss Mabel Gilbert, Mrs. Ernest Barbour, Mrs. G. Fred Fisher, Mrs. Brehm, Mrs. C. B. Allan, Mrs. Daniel Mullin and Mrs. F. R. Taylor.

Mr. and Mrs. W. E. Bowman, who were recently burned out of their residence on Princess street, have taken an apartment in Carville Hall, Waterloo street.

Miss Mary Blizard left last evening on a visit to New York.

Many friends took the opportunity to call on Mrs. Ralph Stephenson, formerly Miss Frances Smith, when she received for the first time since her marriage yesterday afternoon at her residence, 21 Orange street. Quantities of lovely Ophelia roses were used for decoration in the drawing room.

roses and sweet peas. Miss Jean Smith and Mrs. W. J. Stephenson ushered the guests to the dining room where Mrs. Walter Morris and Mrs. F. G. Spencer presided at the tea table, which was prettily arranged with spring flowers and yellow lighted candles. Assisting were Mrs. H. A. Stephenson, Miss Margaret Gleason, Miss Florence Warwick, Miss Margaret Gilmour, Miss Louise Smith, Miss Evelyn Hanson and Miss Daisy Stephenson. Little Miss Frances Read opened the door Mrs. Stephenson will receive again today.

WINTER PICNIC

Further Events in Connection With Anniversary of Exmouth Street Church.

A winter picnic for the Sunday school and congregation of the Exmouth street Methodist church was held last night in connection with the anniversary celebration. An attractive programme was carried out under the direction of E. E. Thomas, superintendent of the school. Refreshments were served. The mite box opening on Tuesday evening showed a total of \$71.20 for missions. Mrs. M. Bonnell, the president, was in the chair. Mrs. Charles Buttin gave the study talk on the "Smoke Stacks of China." Arrangements were made for celebrating the 40th anniversary of the W. M. S. next month.

Sheriff Prepares For Williams' Execution

Sheriff J. B. Hawthorne, of Fredericton, who was in this city today, is proceeding with his preparations for the execution of Harry J. Williams which is set for April 23. He expects to go to Montreal soon to arrange for the gallows. A petition is being circulated in York County asking that all executions take place in Dorchester penitentiary. Lady Ashburnham and Mrs. Harvey, of Fredericton, are said to be investigators of the petition.

ALL EYES ON BASSEN'S TOTAL ECLIPSE SALE

We are through taking stock and find we have oceans and mountains of goods in every line we carry. And we are using the best theory—New Goods Every Season. We eclipse the old idea of carrying goods from season to season. We prefer handling the cash immediately. This is Our Policy: Low prices, Cut Prices, or any other prices that will sell the Goods. We are giving the public a ten day drive, commencing Feb. 6. Don't miss the opportunity. But take a run into BASSEN'S LTD. 17-19 CHARLOTTE ST. And look at the bargains that eclipse all price cutting records. To avoid expenses. We can only quote a limited amount of bargains.

MONTREAL, Feb. 5.—Canada
Cement proved a sensation at the opening
of the local stock market today,
rising a point to a new high at 101
and being more in demand than any
other leader. Consolidated Smelters
was a close second in activity, but was
unchanged at 65. Asbestos Preferred,
with an advance to 88 was up 1 1/2.
The most substantial gain, however,
was scored by Dominion Canners,
which, in two board lot transactions,
jumped 3/4 to 94. Other changes in-
cluded a rise of 1/2 to 8 1/2 in Mac-
donald and a decline of a point to 46
in Ontario Steel products. Other price
variations were of a fractional nature.

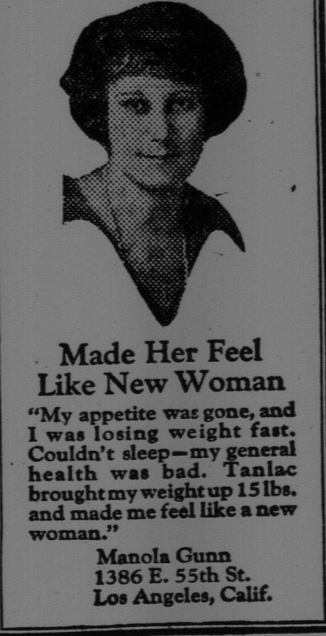

NEW YORK MARKET.
NEW YORK, Feb. 5.—Stock prices
displayed a strong tone at the opening
of today's market. The shipping
shares assumed the leadership of the
advance, Marine Preferred rising 1/2
index one, both to the highest levels
since 1923. Southern Railway touched
a record top for all time at 90 1/2.

Tanlac puts flesh
on scrawny folks

YOU simply can't expect to get
back your health and strength as
long as your body is scrawny and
underweight. Let Tanlac put some
good solid flesh on your bones, put
your stomach in shape again and purify
your blood. Then see how much
better you feel.
In our files are more than 100,000
glowing letters of praise from men and
women who credit their present vigor-
ous health to Tanlac. What it has
done for them it can surely do for
you.
Tanlac is Nature's great tonic and
builder. It is compounded after the
famous Tanlac formula from roots,
herbs and curative herbs. It gets right
to the seat of trouble—makes
you feel a lot better right from the
start.
Don't put off taking Tanlac another
day. Don't go on dragging your poor,
sickly body around when this great
tonic and builder is ready to help you.
In cases of torpid liver, rheumatism,
Itly, Tanlac will accomplish wonders.
It gets the very day and start
feeling better tonight!

Miss Winifred Ernest, Box 46, Blockhouse, N. S.,
writes:
"Ever since I was a little child, I suffered with eczema on my
face. At times my face was completely covered with large sores,
and I tried nearly every
kind of medicine that I
heard of with no result.
This lasted for over twenty
years, until one day I asked
the advice of my druggist,
who bade me give Dr.
Chase's Ointment a trial.
After using the Ointment
for a few days, the sores
began to heal, and soon I
was completely relieved of

CHARLIE GORMAN INJURED AND MAY NOT RACE AGAIN THIS SEASON

APPALLING NEWS REACHES CITY ABOUT LOCAL SKATING IDOL

Fred Logan Wires That Champion is Suffering From a Bad Strain and He Advises That He Discontinue Racing.

Appalling news was flashed over the wires this morning in the form of a message from Fred Logan, who notified the committee of the St. John Amateur Skating Association in charge of the St. John entries in the International speed skating championships at Saranac Lake, that Charlie Gorman is in bad condition. Mr. Logan's telegram was as follows and speaks for itself:

Charlie is in bad condition. He badly strained himself at Toronto and is now only skating on his nerve. At present I am doing all I can for him. For his own benefit I would advise that he should not skate. Advise me what to do. FRED LOGAN

The news stunned the members of the local committee who have been backing the international champion in his quest for more laurels for his home town. A meeting was quickly called and the following telegram was rushed to Mr. Logan:

Consult best physician. Get his views and be guided by his decision. The committee wish to convey sincerest sympathy. Wire us his report. Out For Season.

From this it will be seen that Charlie Gorman, the idol of local skating enthusiasts and St. John's chief contender for international honors, is evidently

out of the game for the remainder of the season. St. John's hopes must now centre on the intermediates who have already won marked honors for themselves and their home town.

Word from Mr. Logan as to the physician's report will be awaited with the keenest anxiety. Gorman hurt his leg while training and again strained himself at Newburgh during the Middle Atlantic Championships on New Year's Day. He sustained his injury by a fall off a bicycle and at the time said he feared it would interfere with his skating.

Letter Received. A letter received by the local committee from Charlie this morning seemed to foretell bad tidings and judging from the writing indicated that he realized the injury was coming back on him and might seriously handicap him in his efforts to retain his title. The letter in part follows: "I arrived at Saranac tonight (Tuesday) and am feeling just fair. I hope I will have real good luck during the next two weeks. How did they make out in the drive? I hope you did well."

St. John Entries Win Honors At International Skating Meet

Off To Battle Fat

Mr. and Mrs. George Herman Ruth, baby daughter and dog, as they left New York bound for Hot Springs, Ark., where the "Baby" will take the hot baths in an effort to get rid of excess weight. The big bambino is out to break his home-run record this season, as he feels that this will probably be his last chance.

Along the Sport Trail

By RAY HANSEN

disappointed when they learned that the best Charlie Gorman did in the big scratch classic at Saranac Lake was to win second place in the 220 yards. Little did anyone realize the reason for this. Wire reports merely indicated that he had a day off and could not apparently get going. From this it looked as if the "irony of fate" had taken a hand and on the very day that Charlie should have been at his best, if he hoped to retain his international crown, he was away off form. Such, however, was not the case. Although suffering from a badly strained ligament, he gamely went to the scratch and gave his best efforts to live up to the expectations of his many friends. He made a gallant fight for the 220 yards, but evidently faltered as he neared the tape. Instead of losing any honors, Charlie has more firmly entrenched himself in the hearts of all sport lovers. To put it simply, he did under such trying conditions is highly commendable. St. John has some wonderful junior skaters fighting for honors, and in them will rest the hopes of local fans.

BABE RUTH, "the mighty king of swat," is southward bound to get into condition for the coming pennant race in the American League. The famous home run hitter believes in starting early, for he realizes that he is prone to flesh and must work hard if he is to get down to weight and in proper condition to maintain his position as the greatest long distance hitter of all time. News of his departure for the sunny south will recall to the minds of fans that the annual spring training season is at hand and in a short time all of the major league clubs will follow suit. On February 21 one week later the infielders and outfielders will depart. From all indications baseball is to enjoy another banner season. Major league magnates strengthen their teams, and as a result many former stars in minor leagues will be given a chance to make good in various capacities in the senior organizations.

BARNEY OLDFIELD, former racing demon and one of the greatest automobile drivers in the world, has entered the big \$10,000 speed boat contest to be staged at Miami Beach on March 20 and 21. Speed boats of a runabout type are being built for this race, and 10 noted auto drivers have been invited to pilot them. Oldfield has never driven a speed boat, but is enthusiastic over the prospect of the race. He is at present in California, but has not been in any auto races for some time.

BOXING fans will be interested to learn that Peter Maher, one of the greatest heavyweights in the day of the famous John L. Sullivan, is a night watchman on the Hudson River piers in New Jersey. Maher was recently seriously ill and friends had to contribute funds to get medical treatment for him. Maher made considerable money when he was in prime, but in all of his wonderful encounters he never realized as much as he expected. It is only right that some of them should now come forward and help him chase "the wolf from the door."

Record Purses For 1925 Grand Circuit

CLEVELAND, Ohio, Feb. 5.—More money will be distributed on the Grand Circuit in 1924 than ever before, it was indicated today in the announcement by Secretary Win H. Kinnam of these \$25,000 stakes.

MARITIME TITLE WON BY FLAHERTY

HALIFAX, N. S., Feb. 4.—With a short right hook to the jaw, Martin Flaherty, 19 year old waterwetter from Lowell, Mass., knocked out Dick Hunt, Maritime champion, in the second round of their scheduled 40 round bout here tonight.

Hunt was making one of his typical rushes when he collided with the New Englander's deadly right and revived in his dressing room several minutes later. To Fight McKenna. It was Flaherty's third win in as many weeks since he came to Halifax some weeks ago.

W. E. Stirling Heads Maritime Committee. W. E. Stirling, of St. John, has been appointed secretary of the Maritime Amateur Championships Committee, the personnel of which has just been announced by President A. C. Mills, of the M. P. B. A. A. L. C.

CHARLIE GORMAN LOSES TO BOYD IN CLOSE FINISH

O'Connor and Frankie Logan Win Events—Other St. John Boys

St. John entries won signal honors at the international speed skating championships at Saranac Lake yesterday. In the senior events Charlie Gorman took second place in the 220 yards, being nipped at the tape by Leslie Boyd. In the junior events Clement O'Connor, who is representing St. Peter's Y. M. A. of this city, won the 220 yards for boys of 18 years. In the three-quarters mile he fell and although he gamely tried to make up for lost ground failed to place.

A Sensational Finish. In the three-quarters mile Willie Logan was beaten by Dan Van Nortwick of Saranac Lake in a sensational finish. Francis Logan won the 440 yards for boys under 12 years. Thomas Tebo finished third in the 440 yards for boys under 16 years. In the mile event for boys under 14 years George Fowler of this city, won third honors.

Boyd's Victory a Surprise. Boyd's victory in the 220 yard race was the surprise of the day. The event generally was considered as the sole property of Gorman. Gorman had things his own way to the finish line, but he failed to count on Boyd's spurt and the New York skater slid over the line winner by a narrow margin.

The one-mile event was anybody's race right to the tape, five skaters being bunched at the finish, which was by far the most spectacular of the day.

Series of Mishaps. The one-mile race was hampered by a series of mishaps. In the second heat of the semi-final Referee William Black called back the skaters and told them to quit stalling or all would be disqualified. The warning had the desired result as all picked up speed.

Senior Events. 220 Yards.—1st, Leslie Boyd, New York; 2nd, Charlie Gorman, St. John; 3rd, Wim Steinmetz, Chicago. Time 19 seconds.

One-half mile.—1st, Francis Allen, Chicago; 2nd, Valente Bialis, Lake Placid; 3rd, O'Neill Farrell, Chicago. Time 1:17.4-5.

Another Record Broken By Nurmi

NEWARK, N. J., Feb. 4.—Pavro Nurmi added another record to his list last night at the games of the Newark, A. C., when he passed the 4,000-yard mark of his two and a half mile race in 10 minutes, 55 seconds, bettering the mark set by Alfred Shrub of England, more than a decade ago. Phil Granville of Montreal, Ont., captured the two mile walk in 14 minutes 32.5 seconds, defeating Willie Plant, United States champion, who dropped out after half a mile's walk.

LADIES TO SEEK MARITIME TITLE

Winners of Local Basketball League Will Compete With Outside Teams.

That ladies' basketball is proving very popular was shown by reports given at a meeting of the St. John Girls' Basketball League held last evening at the office of A. W. Covey.

Newton Fanjoy, president of the league, was in the chair. Others present were: Murray Sterling, secretary; Misses Dot Norwood and Gladys Johnston, representing the Rovers; Fred Hastings, representing the Exmouth street team, and Mr. Covey. Mr. Sterling looked after the interests of the East St. John team.

It was decided that instead of the first and second teams in the league standing playing off for the championship, as had been intended, the leading team would be declared city champions and would then go after provincial and Maritime honors. It was reported that the league was in a satisfactory condition and that the organization plans made in March were being successfully carried out.

Lamatis; 3rd, George Fowler, St. John. Time 42.5.

Boys 12 Years and Under. 440 Yards.—1st, Francis Logan, St. John, N. B.; 2nd, James Mahoney, Malone; 3rd, J. Gashler, Saranac Lake. Time 42.5.

Boys 10 Years and Under. One-sixth mile.—1st, B. Mussen, Saranac Lake; 2nd, Walter Nutter, Saranac Lake; 3rd, Tommy Cantwell, Saranac Lake. Time 41.4-5.

Today's Events. SARANAC LAKE, N. Y., Feb. 5.—The two mile and three quarter mile events headed the programme of the international Amateur Outdoor Speed Skating championships here today. Indications were that the favorable weather conditions of yesterday again would aid the contestants.

CARLETON CURLERS WIN IN BONSPIEL

MONCTON, N. B., Feb. 5.—In the provincial curling bonspiel for the Blair trophy here yesterday afternoon and evening eight clubs competed with the result that Newcastle, St. John Thistles, St. Andrew's and Chatham were eliminated, leaving Carleton, Sackville, Campbellton and Moncton clubs to play the semi-finals and finals today. In the morning Fredericton defaulted to Moncton. In the afternoon Carleton defeated Newcastle, 28 to 17, Campbellton defeated the Thistles 23 to 20, Sackville defeated Chatham 25 to 13 and Moncton defeated St. Andrew's, 26 to 16.

J. FRASER GREGORY CHOSEN PRESIDENT

Will Head N. E. Improvement League; Strong Board of Directors and Officers.

The North End Improvement League has been incorporated and last evening held their organization meeting. By-laws were adopted and directors and officers elected. The directors elected were as follows: R. P. Hamm, J. Fraser Gregory, W. H. Turner, J. A. Kennedy, John Thornton, Angus McDonald, C. F. Stevens, W. R. Scott and Thomas A. Armour. They in turn then elected the following officers: J. Fraser Gregory, president; C. F. Stevens, first vice-president; Angus McDonald, second vice-president; R. P. Hamm, treasurer, and T. A. A. Armour, secretary. Plans for the season were discussed and considerable improvements will be made to their grounds.

CHURCH MEETINGS

Women's Organizations of Several Congregations Assemble—Presentation Made.

The W. M. S. of St. David's church has made 82 garments and given them for distribution among the children of the free kindergartens and at its recent thank offering service \$73.55 was received. These very gratifying reports were presented at the regular meeting held yesterday afternoon with Mrs. George Younger, president, in the chair. The devotionals were led by Mrs. Younger and Mrs. A. Morrison. "India" was the theme of the missionary programme, in which Mrs. R. A. Jamieson, Mrs. W. P. Thompson and Miss Emma Harrison took part.

Victoria Street.
The W. M. S. of the Victoria street Baptist church held a meeting in the parlor of the church on Tuesday evening. Rev. G. B. Macdonald, pastor, led the devotional service. Mrs. William Purvis, president, was in the chair. India was studied with Mrs. Macdonald, wife of the pastor, giving the leading paper. Mrs. G. Ducey, Mrs. Hudson White, Mrs. T. Vernon Thorne and Mrs. Joseph Culver gave readings. Mrs. Percy Ferris sang a very pretty solo.

PAINS ACROSS THE BACK

Relieved by Lydia E. Pinkham's Vegetable Compound
Mitchell, Ontario.—"I have taken your medicine for a number of years. I do not take it steady all the time, but I am never without it. I always keep it in the house. I took it first for pains in the abdomen and bearing-down pains, headaches and pains across the back. I have my home to look after and many a day I could not get up at all. I saw the advertisement in the paper about Lydia E. Pinkham's Vegetable Compound, and Mrs. John Miller told me about it, too. Every time I take it, it makes me feel better and I always recommend it to my friends. I am willing to answer letters from women asking about this medicine and you may use this letter as a testimonial."—Mrs. F. J. WASSMANN, Mitchell, Ontario.

DOES EVERY MEAL CAUSE YOU DISTRESS? IF IT DOES YOU SHOULD TAKE BURDOCK BLOOD BITTERS

Mr. M. P. Eldridge, Beaver Harbor, N. B., writes:—"I was troubled with my stomach for some time, and everything I ate seemed to distress me. I tried many different medicines, but without any results. Finally I was advised to try B. B. B., and after having taken several bottles I was completely relieved of my trouble. I can now eat anything I wish, thanks to B. B. B."

Burdock Blood Bitters puts the stomach into perfect shape by promoting proper digestion; and during the past 46 years it has been on the market has made a reputation, second to none, for relieving all stomach troubles.

If Food Causes Stomach Trouble

If bloating, gasiness, heartburn, sour stomach or such distressing follow meals be sure to use Stuart's Dyspepsia Tablets. A good appetite for the savory dishes, come what may, or as they say, "from the stomach," is one of life's chief enjoyments. Then, on the other hand, the most common complaint of a life's chief disappointments. To enjoy the pleasures of eating, the stomach should follow meals with Stuart's Dyspepsia Tablets. They aid digestion, they stop sour fermentation, they take up the sour risings effect and they also stimulate secretions in the stomach and intestines. Beans, sausage and buckwheat cakes, mince pie and cheese, or the foods that most people complain of making the stomach uneasy and sour, are experienced that happy state of enjoyable, solid comfort. Stuart's Dyspepsia Tablets at the drug store. They eat heartily of all the good things of the table. It is surely the best road to continued good health.

G. M. LAWSON IS LOWEST BIDDER FOR CITY JOB

Tender For Construction of Stables in Rothesay Avenue is \$5,377.

LOW MAN GETS IT, IS ANNOUNCEMENT

New By-Law Limits Distance of Signs From Sidewalks.

The City Council this morning dealt with the tenders for the new city stables in Rothesay avenue, and the contract goes to George M. Lawson, who was the lowest bidder.

The meeting also passed a by-law providing that no sign should be less than eight feet above the sidewalk and decided to send a bill to the Legislature to give the Civic Power Commission authority to sell electric ranges and hot water heaters in the parishes of Lancaster and Simonds.

Tenders Opened.
Tenders for the city stables in Rothesay avenue were opened as follows: George M. Lawson, \$5,377; Stephen Construction Co. Ltd., \$6,152; J. A. Grant & Co. Ltd., \$6,650; John M. Powers, Fredericton, \$5,588.72; B. Mooney and Sons, \$6,400; S. A. Williams, \$5,900; H. G. Clark, \$6,177; John A. Adams, \$6,385; John Flood and Sons, \$6,388; Frank E. Wetmore, \$6,022.50; Kane and Parker, \$6,187; B. H. Williamson, \$7,599.45; J. M. Belue, \$6,500; J. S. Porter, \$5,750.

The tenders were referred to Commissioner Frink and the road engineer, with power to act. The commissioner announced he would award it to the lowest tenderer and that W. A. Munro had been appointed inspector for the work. The work was to be completed within 90 days and the contractor must enter upon the work inside of 10 days from the acceptance of the tender.

Matter of Signs.
Commissioner Frink said the matter of signs over the sidewalks of the city had been brought to his notice and a complaint made against these obstructions. He had taken the matter up with the city solicitor who recommended that the by-law relating to signs be amended by adding a provision that none should be less than eight feet from the ground. Commissioner Wigmore asked what about signs for electric signs were dealt with in another section of the by-law. The proposed amendment was read a first and second time and ordered passed and ordained. This will come into effect in twenty days from this date.

Commissioner Harding moved that a bill be sent to the Legislature to give the Civic Power Commission authority to sell electric ranges and hot water heaters in the parishes of Simonds and Lancaster. This carried.

Mayor Potts called attention to the blocking of Princess street, where the recent fire was and Commissioner Harding said he would look into the matter.

BOY SKATER HURT

Parnell Stack Has Leg Cut and is Out of The City Championships.
Parnell Stack, 11-year-old son of Thomas Stack, Fair Vale, who finished third in the 12-year-old class in the elimination races for the city championship, met with an accident last evening which will keep him out of the finals in this event. While skating on the Rothesay rink he was accidentally struck below the knee by another skater and received a wound which, it is said, may lay him up for three weeks.

HERE FOR ALCOHOL

Gemma Arrives at St. John From Halifax to Take on 1,500 Cases.

The steamer Gemma arrived here this morning from Halifax to take on a consignment of 1,500 cases of alcohol brought here on the steamer Welland County last Saturday from Rotterdam. The alcohol was said to be in tin. The Gemma also has on board about 1,150 kegs of whiskey and more than 1,000 cases of beer loaded at Halifax. This liquor, which is in bond, is consigned to Georgetown, British West Indies.

The Gemma is a British trawler and she has been running out of Halifax to the West Indies for many months. She is of 149 tons net register and is commanded by Captain Bower.

SAND AND ASHES.
The sand man made his appearance yesterday and this made the walking safer for those citizens who had to be out. Some criticism of the fact that ashes were mixed with the sand was heard. It was said by the street superintendent, C. Price, that, owing to the severe weather which had frozen the sand on the beaches, it was necessary to mix the ashes with it. He said that in Moncton cinders were used exclusively on the streets and gave satisfaction.

Lauds Maritime Trade Mission And Urges Energetic Follow Up

R. H. McKay, Director of C. N. R., Here Today, Commends Enterprise.

That an energetic follow-up was to ensure the success of the campaign undertaken by the Telegraph-Journal and Times-Star to place the claims of the Maritimes prominently before other parts of Canada was said here today by R. H. McKay, of New Glasgow, a director of the Canadian National Railways, prior to his departure for his home.

"Highly Successful."
Mr. McKay said he had met A. M. Belding, of the staff of these newspapers, when he arrived in Montreal on the first leg of his journey. "I have followed with a great deal of interest the newspaper reports of the trip, and it seems to me to be highly successful," said Mr. McKay. He expressed the opinion that to consolidate what had been gained by the trip, the attention of the public should be directed to the fact that the idea back of the mission.

New Glasgow Hydro.
Mr. McKay was in town yesterday on private business and left today at noon for New Glasgow. He said New Glasgow was being supplied by a hydro plant, but if the present cold spell continued much longer, the authorities would be forced to use a steam standby.
