et, N. S. In placing before the Public the first edition of their Business Directory containing the names of business men and women in the cities and towns along the lines of Railways in the Provinces of Nova Scotia, New Brunswick and Prince Edward Island, the publishers can affirm that they have used their best endeavors to make it a reliable work, but at a great expense. Although well supported, the small figure charged for the publication will not pay them for the amount of labor expended.

There will no doubt be found errors, as in all such publications, especially directories, are the last of all books to look for perfection, errors will creep in not detected by the most competent writers.

The publishers have considered it not requisite to place before the public an Historical Sketch of the Provinces, as no doubt purchasers of this work will have in their possession such historical matter that it would be impossible for the publishers to make any improvement.

The publishers most heartily thank all their supporters, but most especially those who have placed their advertisements within its columns, as in such publications advertisements are in reality the main support.

They also beg to state that an improvement will be made in their second edition which, they hope, will entitle them to a much greater support than they have received in this their first edition.

HENRY DeLOWIS,

Soap & Tallow Chandler,

DEALER IN ALL KINDS OF

SOAPS,

And Sole Manufacturer of the Celebrated Nova Scotia

GRANULATED SOAP.

Important to Housekeepers!—Now is the time to practice economy those hard times, by using the CELEBRATED NOYA SCOTIA GRANULATED SOAP, a pure Soap Powder, put up in one pound packages. For Washing, Cleaning and Laundry purposes, it is the best and most saving Soap for Washing clothes and general household use ever invented in this country, being entirely free from all adulteration, and I will guarantee it to give perfect satisfaction. One trial will prove its quality for washing and house-cleaning use. It becomes a staple wherever introduced for cleaning clothes; painted wood work, painted walls, glass, marble of all description, &c. There never was a soap or washing preparation ever offered to the Public that can excel the celebrated Nova Scotia Granulated Soap. It is cheaper than any other soap; one pound will do more washing and house-cleaning than two pounds of the best Bar Soap, and do it quicker, easier and better, besides do what Bar Soap can never be made to do. This soap is as cheap as any other good soap, and if used as directed will save time and money to every family. The great superiority of the CELEBRATED NOVA SCOTIA GRANULATED SOAP over all other soaps for like purposes consists in the fact that Bar Soap contains too many injurious ingredients in its manufacture to make the soap cheap to suit the market. Those adulterations are injurious to clothing, and the hands as well. I will guarantee that the celebrated Nova Scotia Granulated Soap is free from all adulterous matters, and acids of all descriptions. This soap contains nothing but the very best stock for soap manufacture. Full directions accompany each package. Hotels and other institutions, where economy in labor, and time is a consideration, will do well to give this article a fair trial. For domestic use it has been pronounced indispensable in every family. Hundreds of unsolicited testimonials to the superiority of this soap could be adduced, but I prefer, however, in practical use, it shall prove for itself as I have guaranteed all that is

Sold by all Grocers in the Dominion. Ask for the CELEBRATED GRANULATED **SOAP**, and if they have not got it, tell them where to get it if you know.

Overwhelming Testimony to the Value of SPENCER'S VESUVIAN LINIMENT. No Men of Straw are permitted to testify.

John McGillivray, of Bailey's Brook, Antigonish Co, N. S., informs me under date of March 22, 1876, that a valuable horse belonging to him has been cured of Spavin by the use of one bottle of Vesuvian Liniment. D. D. Macdonald, Esq., of the same place, says Mr. McGillivray's statement can be verified, and that, personally, he can testify to its great value as a family medicine.

James McLeod, Hampstead, Q. C., writes June 10th, 1876: "The high reputation of Spencer's Vesuvian Liniment induced me to purchase a bottle a few weeks since, the use of which completely cured a long standing rheumatic affection in one of my knees. With the utmost confidence I recommend this Liniment to the use of the general public."

JAMES SALMON, Esq., of Newcastle, Grand Lake, writes, May 3rd, 1876: "I have been terribly afflicted with Rheumatism, and after expending over \$200 with the doctors and for patent medicines without avail, have found a cure in Spencer's Vesuvian Linimant. Accept the thanks of a poor but grateful man for your great discovery."

T. LUNRIGAN, Brussels Street, certifies to the cure of a Bunion that had troubled him for many years, by a few applications of Spencer's Vesuvian Liniment. Also, that it is an excellent remedy for Rheumatic pains in the limbs, &c., &c. It is worth its weight in gold. No family should be without it.

worth its weight in gold. No family should be without it.

DAVID CHALMERS, of Kouchibouguac, testifies that he has found Spencer's Vesuvian Liniment invaluable for cracked and chapped hands. Fishermen, and others who are much exposed to the weather, cannot do without it.

W. D. B. CAIN, Sussex, N. B., writes, Jan. 25, 1876: "Great relief has been derived from your Vesuvian Liniment by those in this neighborhood who have used it for Rheumatism, etc. We keep a supply on hand, and find it a useful medical friend."

CHARLES McMann, Esq. of Little River, Q. C., writes, May 2nd, 1876: "I have been completely cured of Rheumatism by the use of Spencer's Vesuvian Liniment, and recommend it to all the afflicted as a sure, safe and speedy remedy."

J. McKay, Esq., proprietor of the Temperance Hotel, Annapolis, N. S., states that by the use of one bottle of Vesuvian Liniment, he "put new legs" under a favorite horse that was badly sprung in the knees. 30 cents expended,—30 dollars would not cover the benefit derived. Mr. McKay finds the Vesuvian Liniment as necessary as oats in his stables, it being a certain and speedy cure for sprains, cuts, harness galls, etc.

DAVID PURTLE, of Cardwell, King's, writes: "I have been laid up with Rheumatism for eight or ten months—so severe in my shoulders that I was unable to lift my arms or perform any kind of manual labor. By the use of one bottle of Spencer's Vesuvian Liniment, which I procured from you, I am now, thank God, entirely cured."

GEO. A. KNODELL, Book and Job Printer, Church Street, St. John, testifies that Spencer's Vesuvian Liniment is a positive and immediate cure for Mumps, now so prevalent among our juvenile population. One 30 cent bottle will cure a half dozen in a few hours.

VITAL ALLEN, Esq., of Neguac, testifies that a lame arm which had given him much trouble, a neighbor with a badly sprained wrist, and another with an ulcerated finger, were cured by the use of one bottle of Spencer's Vesuvian Lindert. Three cures for thirty cents! Ten cents each! And yet many suffer from similar ailments, because they are not acquainted with the virtues of this wonderful medicine.

A. G. Harris, Esc., of the Bay View Hotel, Bathurst, writes, Jan. 26, 1876: "I had the satisfaction, a few days since, of curing a horse with a badly sprained and swollen leg, with two twenty cent bottles of Spencer's Vesuvian Liniment. It is good for man and beast, and unquestionably the best Liniment in the world."

Registered Letters.

Letters intended to be Registered, when addressed to places in CANADA or NEWFOUNDLAND, must be prepaid by stamp, 2 cents each, in addition to the postage rate. To the UNITED STATES 5 cents each; and to the UNITED KINGDOM 8 cents each. All Letters for Registration should be posted fifteen minutes before the hour of closing the mails.

REGISTERED LETTER STAMPS have been issued of the denominations of

2, 5, and 8 cents, which may be obtained at Stamp Office.

Registration is applicable to Letters and Parcels, whether they contain articles of value or not. Registration is not an absolute guarantee against the miscarriage or loss of a letter; but a registered letter can be traced when one unregistered cannot, and the posting and delivery or non-delivery can be proven. A registered letter is thus secured against many of the casualties which from incorrect address, forgetfulness of the receiver, or other error, may affect an unregistered letter. "Moreover, the safety of an unregistered letter is dependent on the integrity of a post-office clerk during the whole time it remains in his custody, frequently for hours, and even days; whilst a registered letter will almost invariably have to be acknowledged at the moment of its passing into an officer's hands, and cannot therefore be suppressed without leaving him individually accountable for its disposal." "If the consequences were limited to the mere risk of the loss of the money so sent, the senders of money in unregistered letters might reasonably urge, that if they choose to encounter the risk, they should be free to do so; but higher considerations are involved in the question, and the chance of loss to the

Newspapers and Periodicals.

Newspapers and Periodicals addressed to places in Canada, Newfoundland, or the United States.

careless remitter is really but the smallest part of the evil associated with the practice." The attentive perusal of the above remarks by those who are in the habit of sending money by mail in unregistered letters is strongly recommended,

and it is further suggested that letters containing money should invariably be

secured with wax, and not by the usual method, by mucilage, or self-sealing

Printed and published in Canada, and posted from the office of publication, or News Agency, to actual Subscribers or News Agents (including Exchanges), are subject to a rate of once cent per pound, gross weight, which must be prepaid by the Publisher at the time of posting. Such periodicals must be issued not less frequently than once per month. Newspapers for England will be sent to Subscribers at the same rate.

Transient Newspapers and Periodicals addressed to places in Canada, Newfoundland, and United States.

On all Newspapers and Periodicals other than those from the Office of Publication, including all Newspapers and Periodicals published less frequently than once a month, the postage rate is one cent per 4 ounces in weight, which must be prepaid by postage stamp.

Newspapers and Periodicals weighing less than one ounce may be posted singly; if prepaid by postage stamp, one half cent each.

Newspapers posted for City delivery will not be delivered by Letter Carriers.

Newspapers published in the United Kingdom, and re-mailed by News Agents to regular Subscribers, may be re-mailed free. This will apply to Newspapers only, and not to Periodicals.

Transient Newspapers and Periodicals addressed to Great Britain.

Newspapers addressed to places in the United Kingdom must be prepaid by postage stamp two cents each. Periodicals two cents each number if published in Canada; if published elsewhere, at Book Post rate. Such papers, if via New York, will be liable to one penny each on delivery.

Parcel Post.

The postage on Parcels addressed to places in Canada continue at former rates, which must be prepaid by postage stamp, viz:—Not exceeding ½ lb weight, 12½

cents; 1 fb weight, 25 cents; 1½ fb weight, 37½ cents; 2 fb weight, 50 cents. And

so on in like proportion.

Parcels intended to pass through the Mails should not exceed four pounds in weight or twenty-four inches in length, and should be marked "by Parcel Post." Parcels may be registered by affixing a 5 cent Registered Letter Stamp thereto, in addition to the postage.

Miscellaneous Postal Matter.

Books and Pamplets, Printed Circulars, Prices Current, Hand Bills, Book and Newspaper Manuscript, Printers' Proofs, Maps and Prints, Engravings, Sheet Music, Photographs, Insurance Policies, Militia and School Returns, Seeds, Cuttings, Bulbs, Roots, Legal Papers, etc.

Canada and United States.

When posted addressed to any place in Canada or the United States, must be prepaid by postage stamp at the rate of one cent per 4 ounces in weight, and must be put up so as to admit of inspection. Such Books, Papers, Returns, &c., must not be accompanied by any instructions or directions. Bank notices, advices of goods in transit, and personal notices, are liable to letter rate, because intended for the information of a particular person.

POST BANDS with an impressed one cent stamp, for this purpose, may be ob-

tained at any Stamp Agency, at the rate of four for 5 cents.

All goods manufactured in bond shall, if taken out of bond for consumption in Canada, be subject to duties of excise equal to the duties of customs to which they would be subject if imported from Great Britain and entered for consumption in Canada; and whenever any article, not the produce of Canada, upor which a duty of Excise would be levied if produced in Canada, is taken into a Bonded Manufactory, the difference between the duty of Excise to which it would be so liable, and the Custom duty which would be levied on such article, if imported and entered for consumption, shall be paid as a duty of Excise, when it is taken into the Bonded Manufactory.

Stevedore's Bill for Loading.

Stevedore loading \$1 00: lighterage of cargo 80c to \$1 00 per standard; or Stevedore will load ship. (owners paying for labor) charging 8 cents per register ton for his services.

Laborers get \$2 00 per day, and 40 cents per hour; Caulkers, Riggers and Carpenters, \$2 00 per day. Vessels loading for South America, United States or West Indies, have cargo delivered alongside free. Discharging ballast, 30 cents per ton. Water, half a cent per gallon. Fresh Beef, 5 to 8 cents per pound. Vegetables, &c., usually low.

The Time Ball on Top of the Custom House Building, St. John, N. B.,

Will be hoisted half its elevation each day (Sundays excepted) at fifteen minutes before one o'clock. At 1 minute before 1 o'clock it will be hoisted its full height; and at 1 o'clock, mean time, the Ball will be dropped. A Chronometer keeping correct Greenwich time, should then show 5h. 24m. 15s., and the difference between this and the time shewn by a Chronometer, is its true error on Greenwich time at the moment. As the above hour of 1 o'clock, when the Ball drops, represents 5h, 24m. 15s. at Greenwich, the error of a Chronometer may be ascertained, no matter where the ship is lying. Masters of vessels arriving at Saint John, should compare their Chronometers by the Time Ball, as it will enable them to get the sea rate, which frequently varies from harbor rates. Latitude 45d. 16m. 42s. N. Longitude 5h. 24m. 15s. West.

STATISTICS, &c., RELATING TO P. E. ISLAND.

Prince Edward Island contains an area of about 1,250,000 acres, nearly all of which is fit for cultivation. It is divided into three Counties, sixty-seven Townships, and 15 Electoral Districts. The population, by the census of 1871, is 94,021, of whom about 42,651 are in Queen's County. The population of Prince County is 28,022; and of King's County, 23,068. Charlottetown, the capital of the Island, is in Queen's County, and contains about 8807 inhabitants; Georgetown and Royalty, 1056; and Summerside and Township No 17, 3,562. The House of Assembly is composed of 30 members, and the Legislative Council of 13, all of whom are elected by the people. The Executive Council is limited to 9 members. Responsible Government was granted in 1851. The number of Schools now in operation is 397, attended by about 19,000 children. In 1852, when the present Free Education Act was passed, the number was 160. There are besides the Prince of Wales Collegé (public), St Dunstan's College, Christian Brothers and other schools (Roman Catholic), the Wesleyan Academy (Denominational), a County Grammar School in Georgetown and Summerside, and eighteen similar Schools throughout other parts of the Island. The whole cost of public instruction, which is under the control of a Board of Education, consisting of nine Members and two Examiners, is defrayed out of the Provincial Treasury. There is a School Visitor for each County, who reports to the Board, and the latter to the Government. In 1871 an Act passed the Legislature, authorizing the Government to construct a line of Railway from Alberton to Georgetown, with branch lines to Souris and Tignish. This Road—measuring 197 miles—was completed and handed over to the General Government of Canada, in December, 1874. On the first day of July, 1873, the Island entered the Union, and became part of the Dominion of Canada.

The Septennial growth of the population is as follows:

Year	Population	Year	Population
1797	4,500	1848	62.678
1833	32,292	1855	71,496
1841	47,034	1861	80,857
