

STEEL MILLS REDUCING ALL THEIR PRICES

Huge Decline in England and Scotland Announced by Big Firms.

FOREIGN TRADE IS BULLING THE MARKET

Dearer Home-Made Articles Cannot Be Sold in Competition with Cheaper Goods.

London, Jan. 21.—The steel-makers along the northeast coast today adopted a policy of drastic price cutting, the reductions ranging from 23 per cent for rails and ship plates to 24 per cent for billets. It is stated in steel circles that the reductions bring a majority of the selling prices below the actual cost of production.

The action of the northeast coast men follows that of the Scottish steel-makers on Thursday in making a reduction of from twenty to seventy per cent.

The drastic cutting in prices is said to have been necessitated by increased foreign competition, which has virtually stopped demands for the dearer home-made articles.

YOUTH AND WOMAN IN DISABLED CRAFT

Forced to Land in a Field Near Buffalo Where Customs Seizes Plane.

New York, Jan. 21.—A special dispatch from Buffalo to the Standard says: "An aeroplane bearing the insignia of the Royal Canadian Flying Corps was forced to land in a field near Buffalo yesterday. The pilot, a young man wearing the uniform of the Canadian force, as soon as he was on the ground he gave a hand to his companion and a young lady stepped out.

What He Claimed.

"I am a member of the Royal Canadian air force, making an official trip from Toronto to Memphis, Tenn," he said. "I'll be back after the machine tomorrow. Neither he nor his companion has returned. The plane bore the Royal Canadian Flying Corps insignia and these letters: 'C-200'."

Customs officials seized the plane a little later, charging a violation of the law in entering the country without the payment of duty.

Not Government Machine.

Ottawa, Jan. 21.—Official denial was given by the Canadian Air Board here tonight that the aeroplane which landed in a field in Memphis, Tenn., was a government-owned machine. All machines owned by the Canadian government bear the letters 'C-200' with two other letters. The machine bearing the inscription 'C-200' could not possibly be an official aeroplane. Officials here say that it is possible the aviator is a member of the Royal Canadian Air Force, but if so, his trip was a private one. "It is quite certain," said an official, "that the aviator was not making an official trip from Toronto to Memphis, Tenn."

ANOTHER WAR WOULD WRECK CIVILIZATION

So Declares Hon. N. W. Rowell in Address Before New York Canadian Club.

CANADA AND STATES MUST STAND FIRM

E. W. Beatty, President of the C. P. R., Reviews War Work of Transportation.

New York, Jan. 21.—In the belief of Hon. N. W. Rowell, formerly president of the Privy Council of the Dominion of Canada, and more recently one of the Canadian delegates to the assembly of the League of Nations at Geneva, as he expressed that belief to the Canadian Club, at its big gathering here tonight, a cardinal principle of Canadian policy is and should be, as follows:

"That Canada, associated with Great Britain and geographically with the United States, the daughter of one and the sister of the other and bound to both by ties of race, of language and of common ideals, should endeavor to assist in interpreting the one to the other and in promoting that cordial understanding and wholehearted co-operation so urgently needed in view of the present critical world situation, so that the men of our race, in whatever land they may dwell, and under which ever flag they live, they march together to further these ideals of peace, justice and ordered liberty for the realization of which the world waits, and upon which the future of our present civilization depends."

Mr. Rowell declared that if our civilization is to be saved, another great world war must be averted.

Mr. E. W. Beatty

E. W. Beatty, president of the C. P. R., who was a guest, sketched out the war service of his transportation service. Touching on general conditions in the Dominion, he said: "I have no fear for Canada. There is no ground for pessimism in the circumstance that unusual problems have to be met. There is every reason for effort and every ground for same optimism. Of course there will be readjustments."

"To readjust that dislocation and get back to normal as smoothly as possible is our immediate problem. This difficulty gives no excuse for pessimism, but rather to a more sober serious effort to solve it properly and every phase of it as it develops."

Rastom Rastomje, former editor of the Oriental Review of Bombay, outlined the plan by which the British government proposes to grant self-government to the people of India.

CABINET SPLITS OVER PLACE FOR J. F. TWEEDDALE

Premier Said to Favor Him for Chairman of the Prohibition Committee.

DOUBT IF CHOICE WOULD BE ACCEPTED

Former Minister Has Lost Favor by Sharp Criticisms of Present Government.

Special to The Standard.

Fredericton, N. B., Jan. 21.—It is understood the delay in naming the Prohibition Commission is caused by differences of opinion in the Cabinet as to the appointment of Hon. J. F. Tweeddale, former Minister of Agriculture, as chairman of the Liquor Commission on a permanent basis at a salary which will provide him with the living the other members of the board being called in for meetings in an advisory capacity more or less

Out With the Party.

In fact, it was predicted today that such opposition was developing to Hon. J. F. Tweeddale's appointment, that it was doubtful whether it could be "put over" when it came to a final decision. During his recent visit here, he has been busy condemning everything and almost every connected with the Government for the benefit of all who cared to listen and has laid the verbal attacks on the commission on a permanent basis at a salary which will provide him with the living the other members of the board being called in for meetings in an advisory capacity more or less

U. S. WOMAN HELD IN MOSCOW AS SPY IS FREE

Mrs. Margaret Harrison Released from "Red" Prison After Many Adventures.

KRASSIN SENDS WORD TO LORD BEAVERBROOK

First Arrest Was on Charge of Attempting to Bribe to Get Out of Russia.

Baltimore, Md., Jan. 21.—Mrs. Margaret Harrison, of Baltimore, newspaper correspondent imprisoned by the Bolsheviks at Moscow, had been released, according to a letter received yesterday by Dr. Hugh H. Young, from the secretary of Lord Beaverbrook, owner of the Daily Express of London.

Her release from prison does not mean necessarily that she may immediately leave Russia, though this is the hope of his friends.

Assurances that Mrs. Harrison had been released were sent to Lord Beaverbrook by M. Krassin, Bolshevik minister of trade, who has returned to Russia.

Imprisoned by Reds
Mrs. Harrison entered Russia about 11 months ago. Soon after reaching Moscow she was imprisoned for a while, but was released and for a time was reported as being in high favor with the Bolsheviks. Her efforts to leave the country, however, were frustrated and she was again arrested on October 24, and imprisoned on a charge of having tried to bribe her way out of Russia. Later an official declaration charged her with being a spy for the United States State Department and although this was flatly denied by Washington, all efforts to obtain her release had been unsuccessful.

Mrs. Harrison is a daughter of the late Bernard N. Baker, who was a leading figure in United States steamship circles for many years.

Hundreds of Girls Enjoyed Programme

Groups of C. I. G. T. Were Guests of Ladies' Co-operative Committee.

Over three hundred girls, comprising the total membership of the C. I. G. T. groups in the city, gathered at the Y. W. C. A. Recreational Centre, King street east, last evening as the guests of the Ladies' Co-operative Committee and the Girls' Cabinet. A varied and interesting programme was carried out, and it was a bunch of merry girls that dispersed after the serving of refreshments at the end of the evening.

The Programme
The opening number of the programme comprised a number of games which served to intermingle the different groups and establish acquaintance with all.

The Girls' Cabinet sang a song of welcome, which was followed by a play staged by the Main street Baptist group, and entitled "The Bird's Christmas Carol." Miss Rose Plummer, of German street Baptist, sang a solo, and Miss Allison, of the Maritime Girls' Work Society, taught the girls a new song.

Cup for Competition
A silver cup was exhibited by the chairman, Mrs. Hunter, who explained that it would be put up for competition amongst all the groups and would go to the one which most successfully complied with the conditions which had been drawn up.

These were: For the best original song setting forth the fourfold ideas of the C. I. G. T. programme, the most original C. I. G. T. banner or pennant designed in the club's colors of blue and white, the best four months' record in the observance of the C. I. G. T. code governing health, mental, religious and social habits.

The Arrangements
Mrs. Hunter stated that two of the events will be completed in at the next rally, and the cup will become the temporary possession of the most successful group. The cup to pass out of their hands at the next rally if defeated by another group. The competition will last for two years and then the cup will become the permanent possession of the group scoring the most points during the entire period.

The names of the winning team, the different teams who succeeded in attaining to possession for it at any time, and the names of the donors will be engraved on the cup.

Miss Allison told a story to the girls in an entertaining manner and the East St. John Group staged a scene from the book, "Little Women," demonstrating considerable talent in their presentation.

Refreshments were served by the cabinet, and the evening brought to a close shortly after 10 o'clock with the singing of the National Anthem. Before departing, the girls extended a hearty vote of thanks to their hosts.

A grand opportunity is seldom realized.

Rt. Hon. Arthur Meighen Will be the Only Member of Family Home for Occasion.

Ottawa, Jan. 21.—Next Sunday is the golden wedding day of the father and mother of Canada's prime minister, Mr. and Mrs. Joseph Meighen. The day will be celebrated very quietly at the request of Mrs. Meighen, Sr., and Rt. Hon. Arthur Meighen will be the only member of the family present. So far, the only plans for Sunday are that Mr. and Mrs. Meighen will, as is their custom every Sunday when their son is at home, take dinner with the prime minister at their home on Cooper street.

Both Mr. and Mrs. Joseph Meighen are still healthy, though Mr. Meighen is 74 and his wife 71 years old. They have six children and twelve grandchildren.

Opening of The Faraline Home

Council Meeting Next Tuesday Morning — Directors' Session in Afternoon.

An event of much interest will take place at Fredericton next Tuesday when the Faraline Home for Men and Women will be opened. The Home, which is managed by The King's Daughters throughout the Province, is for the benefit of aged couples and will fill a long-felt want in the Province.

A meeting of the Council will be held in the morning at 10.30. Lunch will be served to the directors by the Fredericton King's Daughters. At two p. m. the board of directors will meet, and at eight in the evening the formal opening will take place. The ceremonies will include the formal handing over of the deed of the building by the former trustees to The King's Daughters; a dedication of the Home by the Bishop of Fredericton; and addresses by the Lieut. Governor, the Mayor of Fredericton, and city clergy. Music and refreshments are included in the programme. Members of the Order are all invited to the opening function, and it is hoped that a number from St. John will attend.

The vacancy created in the Board of Admission by the death of Mrs. A. B. Ship of Fredericton has been filled by the appointment of Miss Miriam Colter, 634 Brunswick street, Fredericton. St. John members of this Board are Mrs. David Pugh and Mrs. Edith Stevens. There are a few rooms yet unengaged.

MRS. SOLOMON SAYS:

By HELEN ROWLAND (Copyright, 1920, by The Wheeler Syndicate, Inc.) Being the Confessions of the Seventh-Hundredth Wife.

My daughter, be not deceived by false signs. For, lo, many wonders mayest thou accomplish, and many feats mayest thou perform; but thou canst not fulfill the complacency of a BLONDE.

Neither canst thou DISCOMFIT her. Nay, though thou callest her a thousand names, so long as thou admittest that she is a "blonde," she remaineth unperturbed.

Go to! Both the Wag pronounce her "light-headed" she smilith cheerfully, and patteeth her curls. For she deemeth this the subtlest form of flattery.

Doth the Highbrow declare her "fat-witted," "rattle-brained," and "shadow-eyed"? She laugheth with delight.

For, she knoweth, that under a mass of yellow hair, no man careth whether there existeth a brain or a vacuum.

Doth the Philosopher find her "trivolum"? She greeteth his accusation with mirth-talk and pretty babblings, seeking to appear MORE frivolous.

For, in her heart, she knoweth that golden locks accord not with a Serious Soul, but with Coquetteish Columbine; and every man yearneth for a pink-and-yellow Doll.

But to be called a "Baby-Vamp," delighteth her vanity, beyond all things! Behold, a Triton-haired damsel must possess chic and wit, if she would reign in the hearts of men.

Verily, verily, and her locks turn dark at the roots, nothing can ruffle a Blonde's serenity, nor disturb her peace of mind.

For, she knoweth in her heart, that she is the Gifted of Heaven, and the Darling of the gods!

And she feareth nothing in all the world, save ANOTHER Blonde!

Parlor Meeting Of The W. C. T. U.

Session Was Held Yesterday Afternoon at Residence of Mrs. E. Ellison.

A parlor meeting of the W. C. T. U. which was held yesterday evening at the home of the superintendent, Mrs. E. Ellison, was well attended. Mrs. David Hipwell, Provincial President, had charge of the programme, which included the recitation of the Shepherd's Psalm in concert and the singing of several hymns. Miss Gladys Dykman gave a piano selection, Mrs. Hope Thompson read "Saved to Serve," first describing cottage meetings as held in Scotland. Mrs. Seymour read "Florence Nightingale's Talk on the Boposities." Little Marie Collier read "The New Cook" and a reading was given by Mrs. H. S. Wanamaker. Mrs. Hipwell spoke of the need of workers and invited guests present to join the W. C. T. U. She expressed deep regret at the departure from St. John of Mrs. James I. Davis. Mrs. George Colwell also spoke in appreciation of Mrs. Davis. In reply, Mrs. Davis said that she would continue to work in the Mon-

ton Union and that she was leaving a new member in her place in St. John, Mrs. E. Davis.

Mrs. Hipwell asked for support of the work of the Temperance Alliance. A collection was taken for material from which to make garments for the city's needy. A hearty vote of thanks was passed to Mrs. Ellison for her hospitality.

Poisoned by Uric Acid

It was the discovery by Sir Arthur Garrod, in 1848, that the blood of gouty patients contained uric acid in an excessively large amount. Later scientific men learned that in gout (also true in rheumatism), the kidneys do not work properly to throw off the uric acid poison; consequently uric acid crystals are deposited in and about the joints, where an inflammation is set up in the nearby tissues. When for any reason the circulation is sluggish, as in the joints of the toes, crystals formed from uric acid are deposited there, and one suffers from gout; or, when deposited in the tissues or muscles, one suffers from backache, muscular rheumatism or articular rheumatism. To counteract the uric acid and to throw it out of system take tablets of An-uric (anti-uric acid), three times a day.

"Anuric" was first discovered by Dr. Pierce, of Buffalo, N. Y. Send him 10c. for trial package. Sold by druggists.

A small trial bottle of 64-time "St. Jacob's Oil" at any drug store and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Rubbed and a sure swifter you'll feel "St. Jacob's Oil" has cured millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, back ache, sprains and swellings.

Woman Choked By Negro In Her Room

Boy Chased by Colored Pair for Hours Until Rescued by a Policeman.

Montreal, Jan. 21.—Mrs. Phloemone Giondenning, of 1223 St. James street, was taken to the Western Hospital this morning, suffering from a severe shock to her nervous system, which she received last night when she awoke to find a tall negro leaning over her bed. She screamed for help, but instead of frightening the man, it evidently caused him anger, for he seized her by the throat and began to shake her. In a few minutes, however, he released her and escaped.

Chased a Youth
Henri Tremblay, a young boy, who lives on Orleans Avenue, Mason-nerve, was brought into a police station this morning by a kindly constable who had discovered him in the early hours in a great state of terror. According to the lad's story, he had spent most of the night in trying to escape two negroes, who had chased him steadily since the previous evening, not giving up their efforts to capture him until long past midnight, when he finally eluded his pursuers by hiding in a barn.

Original Contract Considered Valid

Charles B. Cochrane Makes Statement Regarding Dempsey-Carpenter Fight.

London, Jan. 21.—The original contract for the Dempsey-Carpenter boxing bout is considered still valid by Charles B. Cochrane, the English boxing promoter, a party to the agreement. It was declared in a statement authorized by his own office here this morning. Mr. Cochrane's associates said they had no knowledge of authority for Wm. A. Brady, of New York, to speak in Mr. Cochrane's behalf. The statement reads: "As far as Mr. Cochrane is concerned, the original contract for the Dempsey-Carpenter fight holds. If Messrs. Brady or Rickard have withdrawn, that is beyond our control, but if it is true Mr. Cochrane offers 100,000 pounds to stage the fight in London." Mr. Cochrane said that Mr. Brady had not heard directly from Mr. Brady, but was inclined to believe the ruling of the New York State Boxing Commission as to a minimum admission fee to the fight might have caused him to "get out from under."

Hockey Surely Needed In St. John

Loyalist City Has Material But No Rink to Play in—Smaller Places Enjoy Sport.

The largest crowd that has ever witnessed a hockey match since the days of the old Capitals in 1908 turned out for the N. B. Hockey League game between Fredericton and Chatham at Fredericton Thursday night. At Moncton the other evening over eleven hundred spectators saw the home team defeat Amherst in the independent Hockey League. Large crowds in Bathurst watched the home boys play their rivals from Campbellton.

In St. John there is a rumor that hockey was once played here. Amongst documents stored in Dominion archives in the Post Office, there is an account of an exhibition game played between a picked team from St. John and a team from the neighboring town of Passamaquoddy. The game was played on the Marsh Creek, and was watched with open-eyed wonder by the local tribe of Malloets.

The ancient citizens never took the game up however, nor have any of those who have taken their place in the athletic field today. The city has three open air rinks, and enough ice on Lily Lake to make as many more, but to the boys of St. John Canada's national game still remains confused with shiny and other relics of the stone age.

It is not because there is not sporting blood in the town, in baseball St. John takes second place with none, she doesn't do so badly in what football that is played, and it would take some fine combine of the three sports to turn out a team to best her star basketball squads. But hockey! Well what St. John doesn't know a good hockey team from the viewpoint of either a fan or a player would fill a good sized Carnegie library.

St. John Skaters For Montreal

Chas. Gorman Will Represent Commercial Club at Montreal Championships.

Charles Gorman who won the senior event on South End rink last night will go to Montreal to take part in the National championships next Friday and Saturday, and will represent the Commercial Club Athletic Association. There is every prospect of Frank Garnett making the trip wearing the Y. M. C. A. colors and the old war horse, Hilton Belyea will also be a St. John representative. These three skaters should give a good account of themselves and are real representatives of St. John, the home of speed skaters.

Dempsey's Missing Bond Recovered

Found in Manager Kearns' Safe—Carpenter's Deposit With Paris Firm.

New York, Jan. 21.—The mystery of the missing bond owned by Jack Dempsey as a forfeit deposit for his match with Georges Carpentier next summer, was solved here today when the original bond and that of Dempsey's manager, Jack Kearns, were found. An Explanation. According to the explanation advanced by Dan McEstrick, local representative for Kearns the bond was filed by the latter, with other papers pertaining to the match, in a private compartment of the safe under the impression that the paper was a copy of the original bond and that the original bond had been deposited with the Central Union Trust Company of this city. Announcement yesterday by the trust company that the bond had not been posted with them led to the search. Called for Surety. The bond, which called for a surety of \$50,000, immediately after its "discovery" was placed in the hands of Tex Rickard for deposit and the promoter accepted it with the statement that the good faith and legal obligations of Dempsey had been fulfilled. The bond, which is dated Nov. 20, 1920, was issued by the Fidelity Surety and Deposit Company of Baltimore. It will be placed at once in the vaults of the Central Union Trust Company. The local representatives of Dempsey and Kearns stated that there was not the slightest doubt as to the good faith of the heavyweight champion in the matter, and that in case any legal question arose, he would be able to prove that his bond had been placed in the hands of the promoters or a depository designated by them. Among other papers found today was a letter from a local banking firm stating that Carpentier had deposited the sum of 750,000 francs with a Paris firm as his forfeit, and certifying that this was an equivalent to \$50,000 at the rate of exchange prevailing on the date the deposit was made.

Halifax, Jan. 21.—Wanderers defeated Crescents 2 to 1 in the city.

Dual Athletic Meet Is Planned

Y. M. C. A. Intermediates and Seniors Will Battle Thursday.

A dual athletic meet between the intermediates and seniors has been planned for Thursday, 27th instant, at 8.30 p. m. Last year, the intermediate trimmed the seniors by a comfortable margin, but some new blood has been introduced into the seniors this year, and chances are the tables will be reversed. A social time and musical evening will be held after the meet, when refreshments will be served. Great interest is being taken in the Senior Hexathlon Contest to be held in February, and this dual athletic meet will bring out some good material for this contest.

Crowded Schedule At Y.M.C.A. Gym

Increasing Demands Being Made Upon Physical Director for Accommodation.

Increasing demands are being made upon the physical director of the Y. M. C. A. for accommodation on the gymnasium floor, and owing to the exceedingly heavy programs being conducted, it is impossible to meet the demands. For the information of the general public, the following facts will be interesting: Thirty regular classes are conducted weekly—"Trail Blazers" and "Tusis" Conclaves, Boys' Club, Dormitory Men's and Business Men's Volley ball Leagues, and the City Basketball League, are all accommodated. Included in the programs are the following activities: Boxing and Wrestling, Tumbling squad, Swimming meets, Leaders' Corps Training, Special Development class, Beginners' swimming class. Four out of the six noon-hours in the week are taken up—two with the Noon Hour Business Men's class, and two by the intermediates Basketball team. This is an indication of their keenness, when they sacrifice their noon hour to have a work out on the floor. The Y. M. C. A. is filling a large place in the community, and the fact of these increasing demands upon the building is an indication of its sphere of usefulness and popularity. They are equivalent to "growing pains." It is gratifying to know that the Y. M. C. A. gymnasium equipment is never idle. The janitor barely has time to clean up the place before the floor is in full swing again. Amateur hockey-league game here tonight. Lieut. Boyd, of the air force, from Hamilton, Ont., starred on the Wanderers' defence.

THE POLITICAL SITUATION IN SOUTH AFRICA.

The electoral campaign which is now going on in South Africa is of more than national interest, it is being watched by the whole world, because it is recognized that upon its result rests the whole future of South Africa. The question before the people is whether South Africa shall continue as one of the component parts of the British Empire or not.

Shortly afterwards Mr. Tweeddale went to his own, but his own recollections are not and he is now a political outcast. Unlike the outcast in the past, however, who had to feed himself on his own, he is not at all inclined to be satisfied with the books of patronage, but demands that Job be found for him, and that without delay. Acting on the principle alleged to be followed by His Majesty, of being good to his own, Premier Foster is said to be in sympathy with Mr. Tweeddale's aspirations, and is anxious to create a position for him on the Liquor Commission, at, of course, a good round salary.

The fact that Premier Lloyd George is prepared to discuss the future status of Ireland with him, should convince Mr. De Valera that the British Government is not the tyrannical body that he has been endeavoring to persuade people it is. Considering the attitude he has been adopting for the past year or two, it must be admitted that if the Government is erring at all, it is on the side of leniency.

During the time he has been in the United States, the "president of the Irish Republic" has no doubt learned many things, and the knowledge thus acquired may well be of advantage to him and also to Ireland. He has learned many truths, and his mind has been disabused of many preconceived theories as to the future of the policy he had mapped out.

This united party, under the leadership of General Smuts, has appealed to the country, and with every likelihood of a sweeping success. His appeal to the Dutch population is made on a broad basis—to stand by the Constitution, to preserve self-government, co-operation with other races, and ensure peace.

THE PLOT THICKENS
That certain differences have on several occasions recently occurred between the members of the Foster Cabinet is well known, and the present situation in this regard seems to be summed up in the words "drama and more of it."

I SEE IN THE STANDARD

The Hon. A. L. (Sifton) Secretary of State for the Dominion, died yesterday at his home in Ottawa. Mr. Sifton had long experience in Canadian politics, although his speeches were less numerous than those of many a younger politician.

Seldom Made a Speech.
In the last three years at Ottawa he had not made over half a dozen speeches, but when he did rise to address the Commons, there was no fitting of members to the calm of the corridors.

Then It Happened.
"I wonder if you could" mused the Cheerful idiot.
"Yonder if I could what?" demanded the Wise Guy.

Dangerous Fish.
Jones was talking to some friends of a fishing trip he was contemplating on his holiday.
"Are there any trout up there?" questioned one of the friends.

WHAT OTHERS SAY
"Old Times Have Changed."
The manners of the old-timers—his contemporaries—are exposed by no less an authority than Charles Lamb, the celebrated English essayist, who lived in the middle of the nineteenth century.

A Ridiculous Claim.
In an effort to meet the criticism that the city of Toronto is the greatest benefactor from Toronto University and yet contributes nothing to its coffers, a statement was recently sent out over the Canadian Press wires to the effect that the city exempted the university grounds and buildings from taxation.

By CLARENCE K. STREIT. (Copyright, 1921, by Public Ledger.) Constantinople, Jan. 21.—On board the Russian yacht *Leontius*, anchored in the Bosphorus, where he is kept virtually a prisoner by the Allies for his own safety, your correspondent today found General Wrangel, consumed with anxiety over what is to become of his troops when the French withdraw their support at the end of January, but unbroken in spirit and still desirous of continuing the war against the Bolshevists.

Owner of Burned Store Promptly Arrested and Held for Trial.

New York, Jan. 21.—The Fire Department of Babylon, L. THE DIAMOND PIN

A case against Max Williams, charging him with refusing to return a diamond stick-pin deposited in his care, was postponed until Tuesday at 10.30 a.m. J. A. THE HUMPHREYS CASE

In the case of Herbert Humphreys, charged with doing grievous bodily harm to Geo. Grayby and assaulting Policeman Thomas in the discharge of his duty, Thomas was sworn and said that accused was brought into the Central Station at midnight by Sergeant Scott. He was very abusive and resisted all the way to the cells. Shortly after four o'clock the prisoner was brought up to be identified and was searched for weapons. During the search accused struck witness twice in the jaw and mouth, breaking two teeth out of a plate and cutting his lip. His head struck the wall and he was dazed. Detective Saunders took defendant to the cells. No unnecessary violence was offered. Witness was taken home in the ambulance and treated by Dr. Barry. The magistrate remarked that the only point which seemed to need explanation was why the prisoner was taken from the cell at that hour of the night.

Many Women And Girls Disappear

Estimated That More Than Two Thousand Are Lost Yearly in London.

By VIOLET BARRE. (Copyright, 1921, by Atlantic.) London, Jan. 21.—It is estimated that more than two thousand women and girls are reported missing in London every year. Every day in the London police. Three times a day the names and descriptions of these people are read out to the public before they go on duty. But the police seldom find the missing persons. How can they? A policeman has far too much to do with ordinary cases to take the time to see if she tallies with any one officially reported "missing."

Fare paid to studios at Universal City, California, tryout in the movies at \$25 per week, during a four-week period, six month's contract (or possibly longer) if suited for the work; \$100 cash consolation prize if unsuited for the work. \$100 cash prize-money also included with this prize. This prize will be given to the candidate, regardless of district, who secures the fourth highest number of votes by the end of the contest.

FIFTH CAPITAL PRIZE—Opportunity to become a movie star with the Universal Film Company. Fare paid to studios at Universal City, California, tryout in the movies at \$25 per week during a four-week period, six month's contract (or possibly longer) if suited for the work. \$100 cash consolation prize if unsuited. This prize will be given to the candidate, regardless of district, who secures the fifth highest number of votes by the end of the contest.

DISTRICT PRIZES

NOTE—After the five capital prizes have been awarded, a certain number of prizes which will be designated as District Prizes will be allotted to each district equally, as follows:

FIRST DISTRICT PRIZE—To the candidate in each of the two districts who has the highest number of votes after the awarding of the five Capital Prizes, we will give \$150 Cabinet Phonograph and other prizes to be announced later.

NOTE—In event of the candidates who win the Movie Star Opportunity prizes are not in a position to take advantage of the openings to become movie stars, The Standard will give them a cash prize in lieu of the movie star prize, the sum of cash to be the amount those prizes are costing The Standard.

In addition to the prizes mentioned above there will be a number of other prizes consisting of Cabinets of Silver, Phonographs, Furniture, Suits, etc. Arrangements are being made for the purchase of the complete prize list, at the present time, and details will be published shortly. The above partial list, however, is proof conclusive that the assortment offered by The Standard will be far above the average list of free prizes offered in Circulation Campaign competitions.

A TIP ON HOW TO WIN

First—You enter the competition by sending in an entry blank properly filled out. The entry blank is good for 10,000 votes, and only one Entry Coupon will be accepted for any one candidate. Then enlist the aid of your friends and neighbors. Use your telephone. Let everybody know that you are a candidate before they promise their help to a more enterprising competitor.

Be ambitious and determined to win from the start. If you have friends you cannot see at once, write them. It will take votes to win the free prizes—secure the votes. They can be obtained by clipping them from editions of The Standard or by securing subscriptions for The Standard (either the Morning or Semi-Weekly).

You can get votes and subscriptions anywhere.

Votes will be given on new subscriptions to The Standard and on renewals of old subscriptions that are paid in advance, also on payment of arrearages.

THE MOVIE STAR PRIZES

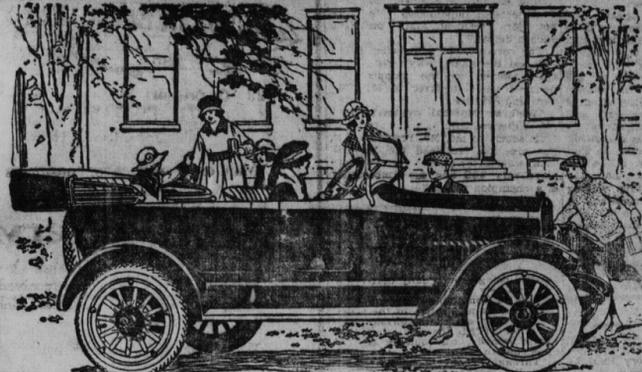

The fourth and fifth Capital prizes in The Standard's big Prize Contest are opportunities to become Movie Stars with The Universal Film Company.

Fare to the Studios at Universal City, California, are included with the Movie Star Prizes; also at least four weeks' tryout in the Movies.

At the Queen Square Theatre today and tomorrow.

See The Standard's magnificent End prizes on exhibition at the Gray Dort Agency (Wm. Pirie, Son & Co., 43 Sydney St.), from which firm it was purchased.

The automobiles which will be given away in connection with The Standard's big \$15,000 Prize Contest will not be driven around the country or city by members of the Contest Department or any other persons. We are giving away NEW cars in this contest—not second-hand machines.

We wish to make it perfectly clear that the carrier boys or newdealers are in no way affected by this Contest. They receive their commission the same as usual, even though their subscribers pay candidates.

In case of a tie, the prize will be equally divided among those polling a tie vote.

The Standard guarantees fair treatment to all contestants and should any question arise a decision of the management will be considered final and absolute.

No statement or promise made by any solicitor or agent varying from the rules or statements published in The Standard will be recognized by The Standard.

Wanted to Sell British Government 120,000 Tons at 28 Shillings Per 128 Lbs.

London, Jan. 17.—The Government sugar commission has turned down an offer of a Scotsman, E. D. Cairns, to sell 120,000 tons of refined sugar at 28 shillings per hundredweight. (An English hundredweight is 133 pounds.) Cairns informed the commission that the price of shipment would be New York. He asked for an undertaking that the sugar should not be sold outside the United Kingdom, and that the price should not be more than sevenpence less than the current price. Cairns undertook to provide transport for bringing the sugar to England. In declining the offer, the commission wrote to Cairns as follows: "You think it reasonable to expect the commission to pledge itself to buy from you sugar at a cost of some £2,500,000 without any precise definition of the terms of contract, and that you offer a guarantee is a promise to order by cable for the delivery of sugar against payment in New York. Your name, so far as the commission is concerned, is known neither to the sugar nor to the shipping market of this country, and you are offering to enter into a contract on terms which, judged by present quotations in New York, would result in a loss to you of over £1,000,000."

POSSIBLE GOOD HEALTH

By Looking After THE BOWELS. A few notions of the bowels, once or twice a day, should be the rule of every one, as the life of the body is based upon the bowels to get into a constipated condition. When the bowels are allowed to become constipated, the stomach gets out of order, and the liver does not do its work properly, as a result of which the blood is not purified. If you would escape constipation, sick and bilious headaches, heartburn, flatulency, indigestion, the many ills of the bowels, bleeding piles, and prostrating you should have your liver stimulated by the use of Miltura's Laxative Pills. These pills being purely vegetable have your liver working actively, helping it to resume its proper functions, and thereby removing the bile that is accumulating in the blood and poisoning the whole system. Retail Merchants Pass Resolution

Present Time Not Opportune to Increase Public Expenditure.

The following resolution was passed at a well attended meeting of the local branch of the Retail Merchants' Association yesterday afternoon:

"Resolved, That the present is not an opportune time to increase public expenditure and we recommend to those in authority at City Hall a policy of retrenchment and care in the spending of public money for this year and that only necessary public work be attempted, at the present time in order that the tax rate may not be unnecessarily increased."

A Neil McLean presided at the meeting, and after the matter had been fully discussed the above resolution was drafted and passed unanimously.

The meeting was of the opinion that many of the petitions for grants of money being presented to the City Fathers were deserving of the most careful consideration and should be fully investigated before being accorded aid.

Bank Managers Message

The managers of the managers of the different Canadian banks that the country was entering into a period of readjustment in which the strictest economy should be used, and the fact that commercial institutions are cutting down the cost of operation to a minimum, and curtailing all unnecessary expenditures, it was felt, should tend to put a curb on whatever tendency might be had at City Hall to enter into a liberal programme of extension. The opinion was expressed that the tightness of the money demanded a carefulness and prudence in civic administration which has not been equalled for many years.

G.W.V.A. Leader In St. John Today

Speaks Interestingly of Conditions in West—Sails on Minnedosa Tonight.

R. B. Maxwell, president of the G. W. V. A. for Canada, is in the city on route to South Africa, where he will attend a conference of ex-servicemen of the British Empire, which opens on February 23. He sails on the C. P. O. Minnedosa, which leaves here tonight for Liverpool. He was in conference with the executive of the local branch of the G. W. V. A. yesterday afternoon, dinner at the Dutton Club as the guest of Mayor Schofield, and later in the evening addressed a meeting at the G. W. V. A. room.

Conditions in West

President Maxwell described conditions in the west as rather discouraging, but the people were making the best of a bad situation and trimming their sails accordingly. There has been the unemployment problem to deal with in the west, he says, the same as in the east. It is being solved, he said, to a large extent by the co-operative plan of work.

Farmers Hard Hit

The farmers, he said, are especially hard hit. Their prices have tumbled at a very rapid pace and left many farmers in greatly weakened circumstances. Oats in Alberta were selling at 12 cents a bushel, a ridiculous low price, compared with the figure prevailing last year. The price for other farm products have slumped, but none have taken such a tremendous drop as oats.

Estimates And Grants Taken Up

Common Council Passed Some and Several Laid Over for Future Consideration.

The common council yesterday afternoon took up the water and sewerage estimates and grants. A number of grants were passed and several laid over for further information and discussion. Among those laid over were The Natural History Society, Associated Charities, Victoria Order of Nurses, S. P. C. A., Free Public Library, swimming pools, Indian town and Lancaster ferry and the Town Planning Commission.

Invitations from the G. W. V. A. to attend a meeting in their hall to be addressed by R. B. Maxwell, were received, and it was decided to comply with the request.

A request for permission to erect an electric sign on the Prince William Hotel was referred to the commissioner of public works and the city engineer.

On motion of Commissioner Bullock he was authorized to sell to Frank Garson a lot on Union street, West, now under lease to him for the sum of \$300.

Water and Sewerage

The consideration of the water and sewerage estimates was resumed and Superintendent Sewell answered a number of questions as to how a check was kept on supplies coming in. Hay which was bought loose, they got the bills for each three months and the bills of weight were attached to the statement. Oats were checked with the driver's slip on each delivery. He was sure all the supplies bought had been used at the barn. The gasoline was measured when it was put in the tanks, and each driver was charged up with what he got for his car. With their Red trucks they were able to get from 10 to 12 miles per gallon from 15 big ones, and 15 to 18 from the small ones, and from the McLaughlin passenger car they got 15 miles per gallon.

Grants Taken Up

The grants were then taken up and the following passed, all with the exception of that for repairs on the free public library building which is \$550 less, are the same as last year:

- Horicultural Association \$4,500
Riverview Park 250
Arboricultural Society 500
Seaman's Mission 250
Free Kindergarten 1,500
Baird Association 800
Prevention of Tuberculosis 500
Library repairs 600

The special grants of \$10,000 to the Great War Veterans' Association and the same amount to the Exhibition Association are cut out of the list this year. The remainder of the grants will be taken up at the next committee meeting.

Veterans' President Guest of Mayor

Gathering at Union Club Last Night—Address by President Maxwell.

His Worship the Mayor gave a dinner at the Union Club last night in honor of R. B. Maxwell, the president of the Dominion G. W. V. A. Besides His Worship the following were present: Commissioners Jones and Frink, Col. J. L. McAvity, Col. G. G. Corbett, Major (Canon) Kurling, Capt. F. J. Newcombe, J. G. Dwyer, Bud Tappet, P. G. Gaudin, St. Marie Lopez and Alexander I. Machum. Mr. Maxwell delivered a short address on the objects of the association, and spoke about his proposed visit to Capetown, where he represents the dominion in the great empire conference of returned men, which will be presided over by Earl Haig.

Mr. Lopez proposed a three-act toast to Col. McAvity as the founder of New Brunswick unit at the front, to Bud Tappet as the father of the G. W. V. A. in St. John, and to His Worship Col. McAvity and Mr. Tappet, who spoke briefly.

His Worship told Mr. Maxwell to convey his good wishes to General Haig, the man who is trying to bring the empire together.

Evidence Concluded In Knox Libel Suit

Unsettled Turn in Trial Proceedings—Plaintiff Calls Defendants for His Witnesses.

The case of W. H. Knox against ten of the local executives of the New Brunswick Temperance Alliance, which was the plaintiff's case, closed yesterday afternoon with the testimony of the last witness called by the plaintiff. The evidence was concluded in the afternoon, and the case will be argued by counsel this morning.

New Turn in Case

The trial of the case took an unusual turn in trial proceedings yesterday when the plaintiff's witness, Daniel Mullin, K.C., called to the stand as his witness six of the defendants named. The defendants to the action called were: Miss B. Agan, W. A. Lockhart, Geo. Barbour, Robt. Reid, Robt. T. Hayes, Fred W. Daniels. By these witnesses the plaintiff sought to show the formation of the executive committee of the Temperance Alliance in the interests of the cause of prohibition prior to the prohibition of July 16. It was shown by their testimony that the defendants named in the writ had been designated at a mass meeting of prohibition workers to carry on the agit in this city.

Evidence Vague

Some of the evidence was rather vague when it came to placing the responsibility of running the advertisement which had given rise to the libel suit. It had previously been testified to by the plaintiff's witnesses, Frederick G. Spencer had ordered the advertisements inserted and had paid for the same. Mr. Spencer was a member of the executive and one of the defendants named. Mr. Spencer was considered as the best equipped to handle the advertising.

Inference was drawn from the testimony that two of the defendants, at least, knew Mr. Spencer was conducting the campaign in behalf of the committee.

Motion to Dismiss

After the last of the witnesses named had testified, Mr. Mullin read his case. H. A. Powell, K.C., attorney for the defendants, then moved that the case against all the defendants, excepting Frederick G. Spencer, be dismissed on the ground of no evidence of publication.

Judge Chandler indicated he would not entertain any such motion then, but would consider it at the close of all evidence. Mr. Powell then indicated he did not propose calling any witnesses.

The jury was requested to retire and Mr. Mullin argued contra to the motion. The attorney for the defendants, H. A. Powell, applied to the judge to determine from the evidence in the case whether or not the other nine defendants mentioned were equally responsible.

Prior to calling the six witnesses mentioned, the plaintiff introduced other evidence tending to prove the sobriety of Mr. Knox and identifying the pictures published in the papers as being the pictures of Mr. Knox's children.

Alleged Chicken Coop Robbers

Thomas and Paul Carey Charged With Stealing 34 Hens Are Arrested.

There are various methods of feathering one's nest in these days of the H. C. L. but one is not looked on with favor by the limbs of the law. A man may get mixed up with the chickens and get away with it, but when he pays attention to the chickens as well, his troubles come home to roost. This was demonstrated last night when something new in the nature of charges, or at least not very ordinary, were perched on the police register. Thomas Carey and his son, Paul, were charged with setting the henhouse of Robb-Horne and stealing therefrom nine hens.

A further charge has been preferred, also on suspicion of setting together and stealing twenty-five hens from M. Soderwick, 251 Douglas Avenue, on January 8.

OLD COUNTRY CLUB ENTERTAINMENT

Excellent Programme Was Carried Out in Orange Hall Last Evening.

The members of the Old Country Club spent a very pleasant time last evening in their rooms, Orange Hall, German street. Vocal numbers were beautifully rendered by J. Rosely, the well known comedian, E. Dickson, sang "Mother Macroe" in fine style. Mrs. Sibby was heard in a beautiful rendition of the "Song that Reached My Heart." Miss M. Richmond sang with real Scotch style "My Own Wood House."

Dancing was then indulged in for an hour after which refreshments were served by the ladies under the supervision of Mrs. Horne. After dancing "The King" and "And Lang Syne," the members dispersed to their homes at midnight. A large number of the crew of S. S. Minnedosa were guests and new members were enrolled.

The Third Vice-President, H. Dickson, occupied the chair.

Wage Reduction At Cotton Mills

Cut of 12 1/2 Per Cent. Effective Monday—Local Mill Works on Reduced Time.

Beginning Monday, January 23, a wage reduction of 12 1/2 per cent. will go into effect in all the mills of the Canadian Cotton, Ltd. Such was announced yesterday by the general manager of the York and Cornwall Mill in one of the many notices operated by the Canadian Cotton, Ltd. This move by the Canadian Cotton is in line with that instituted by the textile mills in the United States and cannot be said to have come as any great surprise to the operatives of the mill here.

Prior to Christmas the local mill was placed on a schedule of four days a week in order to give employment to all their help rather than reduce their work force and continue on a full week's schedule. It is understood the reduction in wages is not to affect the four-day schedule, which will continue, for a time at least, as now.

Cause for Reduction

The management of the Canadian Cottons claim they have delayed taking this action regarding wage reduction just as long as they could. During the last few weeks however in order to prevent cancellation of orders they were forced to accept a reduction of nearly 33 per cent. on all goods for delivery after January 1st. Orders for new business are even now taken at a greater reduction.

Textile Workers Discouraged

The local textile workers are not pleased with the new order. One of them, in conversation with the press, said last night and it was a hardship to be deprived of two working days in the week. Now, on top of that, being compelled to accept a wage reduction of 12 1/2 per cent. adds a double hardship. "The bare necessities of life," he says, "have not decreased to any appreciable extent and this heavy slice from our wages makes the outlook a gloomy one for us all."

Big profits have been made by the Canadian Cottons, he said, through the energy of its employees, and it seemed to him to be rather a cold slap in the face of the workers in an unemployment situation to order this drastic cut in the pay envelope.

The F. A. Dykeman Co. receive another shipment of Duchesse Satin.

This is black and navy blue only to replace that which so quickly sold out two days ago. The navy blue is the regular \$4.25 quality and will be sold for \$1.50 per yard. This black, however, is heavier, and is similar to that sold previously for \$5.50 yard; it will go on sale at \$2.50 a yard and will undoubtedly be all gone by tonight. If unable to visit the store personally, phone orders will receive immediate attention.
