### TRANSCONTINENTAL RAILWAY CONSTRUCTION

Tenders to Be Invited—The Wheat Crop.

Ottawa, Sept. 28.—Late in Nov. or early in December tenders will be invited for 500 miles of the National Transcontinental Railway. As there are about 800 miles under construction now, the letting of the proposed contract will mean that 900 miles, or half the mileage from Moncton to Winnipeg, will be under construction. The portions of the line on which it is proposed to call for tenders this autumn are from Moncton westward, from Quebec bridge eastward, from LaTouche westward. This is an extension of the portion now under construction from Lake Abitibi, east and west. The Transcontinental Railway Commission has given the Transcontinental commission to understand that their line will be extended at once to handle supplies for the National Transcontinental in the vicinity of Abitibi. Tenders will also be invited for the constructed from Superior eastward. This will be a western extension of the section from Winnipeg now built by McArthur. The plans of the commissioners are therefore that work will be undertaken on the line in five new places next spring.

Reports received at the Trade and Commerce Department indicate the yield of wheat in Manitoba and Alberta and Saskatchewan will be 85,000,000 bushels from 4,500,000 acres planted. It is stated the yield would have been considerably larger but for the hot wave in August, which was most severe where the wheat area was largest. So far about 6,000,000 bushels of new crop have been inspected. Of this, 25 per cent. is No. 1 hard, 40 per cent. No. 1 Northern, 15 per cent. No. 2 Northern, or showing 80 per cent. of the yield to be high-grade wheat. The fine weather is reported to be greatly facilitating the saving of the crop. Some damage by frost is reported from Regina.

### GLOUCESTER COUNTY RESIDENTS DEAD.

Justus Hickson and Mrs. Kent Died Sunday.

Bathurst, N. B., Oct. 1.—The death of Justus Hickson occurred at his home here last evening, aged 80 years. Deceased was born at New Bandon, Gloucester county, and was a brother of the late Rev. Edward Hickson, of Carleton, St. John. Two sons, Edward, of the general passenger agent's I. C. R. office, Moncton, and Robert, of Bathurst, survive. Mr. Hickson was for a number of years fishery overseer for Gloucester county, and was a life long member of St. John's Lodge, No. 27, F. & A. M. Bathurst.

The death of Mrs. Mary Kent, widow of Joseph Kent, a respected resident of South Tetegouch, Gloucester county, occurred at her home on Sunday morning, aged ninety-seven years. Deceased was born at Padstow, Cornwall, England. She is survived by a number of children, grandchildren and great grandchildren, most of whom reside in Bathurst.

#### GOVERNOR TAFT

Is Gaining Friends Every Day—Rebels are Disarming.

Havana, Oct. 1.—Governor Taft's actions today have gone far to win him a warm place in the hearts of the people whose destinies have been placed in his hands.

Presiding this morning at the opening exercises of the University of Havana, he declared his mission here was solely for the purpose of uplifting the fallen republic and restoring it to the path of prosperity. An announcement which was received with demonstrations of delight by an audience representative of the highest society in Havana. Following this it became known that Governor Taft and Assistant Secretary of State Bacon had called for their wives to join them here, a step which will strongly cement the bonds of affection between the Cuban people and the American provisional administration. Still another act of Governor Taft is warmly commended as illustrative of his thoughtful consideration of the humble classes. Learning that many poor families occupying the temporarily disused barracks at Camp Columbia, were about to be summarily ejected by orders in preparation for their occupation by the American marines, Governor Taft directed that these people remain undisturbed for fifteen days. In the meantime a portion of the marines will remain under canvas. He personally visited the families and explained that he had not been aware of the conditions. He left the camp amid cheers and warm expressions of gratitude. These evidences of American good will have earned such general favorable comment that the landing of the battalion of marines, which will constitute the garrison here, caused hardly a ripple of excitement.

Much of the governor's time today was occupied in receiving officials of the various departments and judges of the courts. With the members of the supreme court Governor Taft held a prolonged conference concerning the drafting of a proclamation of general amnesty. This decree is of the most importance, in view of the fact at many points on the island, notably Cienfuegos, many persons are in jail awaiting the disposition of political charges. The governor today also appointed Major Eugene F. Ladd and Alexander Gonzales a committee of audit to audit the accounts of the treasury.

Jose J. Monteagudo and Carlos Hernandez, members of the disarmament commission, left here tonight to receive arms from the rebels at Santa Clara, Cienfuegos and other points in the centre of the island. The laying down of arms by rebels in the vicinity of Havana will begin tomorrow.

Washington, Oct. 1.—The battleship Texas, carrying marines ordered to Havana, which vessel had been anchored outside the Virginia Capes since last night, to await further orders from Secretary Taft, was ordered to proceed on her way to Cuba. After the Texas left Newport News a message came from Secretary Taft, saying he wanted more marines, but did not need any more battleships. Despatches were sent to him, explaining that the Texas was being sent merely as transport, and Secretary Taft then assented to the orders for the Texas to proceed.

Besides the British steamer Marian, just secured as a transport, the war department announced it had chartered the steamer Andes, now at Havana, as a troop transport. She will proceed to Tampa and will take to Havana the light battery ordered from Fort Sheridan. The transport Sumner, which will sail tonight from New York for Havana, will carry the first detachment of troops for the Cuban expedition, consisting of two battalions of infantry from the Plattsburg (N. Y.) barracks, and one battalion of engineers from the Washington barracks, 900 men in all. The troops are under command of Colonel Cowles, of the

### MONCTON MAN GETS BIG MOOSE.

One Brought Down By Fred Winters Had an Antler Spread of Fifty One Inches.

Guided by Samuel Kingston of Newcastle, Mr. Fred Winters, of this city, has been successful in bringing out the finest moose-head captured this season in the woods along the Miramichi river district. The antlers have a spread of fifty-one inches, and are perfectly formed.

The head was brought to Moncton on the maritime express this morning and at the depot was admired by many people. Mr. Winters was in the woods only a couple of days, his guide being successful in calling the moose shortly after they arrived in the forest.

Ten moose-heads, besides that of Mr. Winters were brought to Newcastle yesterday, the moose district and principally by American sportsmen, of whom there are a great number, and they are meeting with great success. —Transcript.

### TENNIS DANCE PLEASANT AFFAIR.

Hall Decorations Appropriate and Unique—A Pleasant Time.

The "At Home" given in the Town Hall last Thursday evening by the Miramichi Lawn Tennis Club was a most enjoyable affair. The attendance was large many being present from Chatham and other points.

The hall decorations were most elaborate, the club colors, rackets, and tennis net being conspicuous, while autumn leaves and greens were used to good effect.

The chaperones were Mesdames Creighton, Hickson, Maany and Russell. Stewards—R. C. Clark, A. A. Davidson, F. W. G. Anderson, J. S. Lewis, Secretary.

Dancing was kept up until a late hour. The various committees in charge are to be complimented on the success of their efforts.

### RARE PLANTS AT MILLERTON

Principal Crawford Discovered Rare Specimen's Recently Sent to Ottawa.

We understand that Mr. Wm. Crawford, the present principal of Schools at Millerton, is along with his many other accomplishments, somewhat of a botanist.

About the 15th of last month he collected several specimens of Sagittaria subulata which it is earned from Professor Fletcher of Ottawa, has never heretofore been found growing in the Dominion of Canada. And about a week later he collected specimens of Limosella Aquatica a plant that we believe is very rare in these parts.

Mr. Crawford is a energetic young man of exceptionally keen observing powers and if the school board retain his services for the coming year we should advise Dr. Cox and Principal McIntosh of the Blackville schools to look to their laurels.

5th Infantry. In addition to the troops, the Sumner is loaded with a large consignment of commissary stores. The sailing of the Sumner will be within forty-eight hours from the issuance of the orders for the movement of the troops.

**THE ORIGIN OF GALL STONES.**  
They are simply dried bile, made up of crystalline constituents of that fluid. Very common is this disease, among merchants, clerical men, shop girls, and those of sedentary habits. Prevention consists in maintaining correct action of the liver and bowels. Which is best accomplished by Dr. Hamilton's Pills. No person using this medicine need fear gallstones, nor will they ever be bilious. Sound digestion, good appetite, a clear color will evidence the health giving properties of Dr. Hamilton's Pills, which are the safest and best for general family use. A horse that had been put on board the schooner L. J. Mellick, at Summerside, owned by Henry McCall for shipment to Gaspe, N. B., decided at the last moment he would not emigrate, and while out in the stream jumped overboard. He swam across the harbor to Bectouche, where he landed safely, but his pursuers were upon him and brought him back. He appeared none the worse for his swim.

A large bull moose visited Moncton on Tuesday forenoon. Coming in by way of the back streets, it trotted quietly down a considerable portion of Main Street followed by a large crowd. It finally dashed into the river and swam across to the Albert County side. Last week two moose went through the streets of Harcourt at an early hour in the morning. These kings of the forest seem to be very plentiful this year.

A little incident interested a number of children last Wednesday at Bathurst Village when a canary owned by Francetta Thibodeau escaped of its cage, and flew out of sight. They searched for it for over an hour, then gave it up as lost. Next day about 2 P. M., as Mrs. Thibodeau was watering some potted plants on the piazza, she was surprised to see the bird hopping on the doorsteps. She at once opened the screen door, and it just took its time and dropped in, then flew to the window where its cage still hung and tried hard to get in.

**A STRONG CASE AGAINST COLLINS.**

The Murdered Lady's Kerchief Found in Prisoner's Valise—Valise Opened in Court and Contents Disclosed.

Hopewell Cape, N. B., Sept. 27.—The strongest evidence for the crown which has yet been given in the preliminary examination of Thomas Collins, suspected of the murder at New Ireland of Mary A. MacAulay, was that of Chief Clerk of St. John police force at this afternoon's session before Magistrate Stuart at Hopewell Cape. The production from a valise taken along with Collins in Team's Hotel at Musquash of a silk handkerchief on which was written the name "Mary Ann MacAulay" is in itself damaging to the case of the prisoner as are also a number of statements he made to Chief Clerk while in jail at St. John, the principal one of these was in regard to a gold watch which Thomas Lynch, of Carleton, swore he saw Collins carrying at Spruce Lake and which after the suspect's arrest was not found and has been never been located.

Mr. Clark, in his evidence, said that Collins for a time had denied ever having this watch, but later said he had thrown it away. The prisoner showed more interest in the evidence than he had ever previously displayed and especially so when the valise was opened in court and its contents told off. Then he leaned forward on the table at which he sat watching eagerly every movement and when the last article had been removed the prisoner was perspiring freely although the court room was not more than comfortably warm.

The emptying of the valise was one of the most interesting features of this afternoon's case. It was a great telescope grip and was found to contain the following articles: One pair men's drawers, bath towel, two undershirts, cotton shirt, brush and two combs and clothes brush, two neckties, six linen handkerchiefs, four men's and two ladies'. A silk handkerchief embroidered worked in one corner with "Buffalo exposition, 1901" and in the other with the name, "Mary Ann MacAulay". box soap cake, toilet soap, matches, pack of cards, razor in case, pencil and small case court plaster.

Master Raymond and Gordon Malone, after spending their school vacation at the Sisk Hotel, also returned home to Portland.

**ARE YOU SUBJECT TO STIFFNESS?**

Perhaps it is in the neck or shoulders. First thing is a good rub with Nerviline. No more speedy remedy can be adopted. When applied to the muscles Nerviline gives them flexibility and vigor; or inflammation, soreness and stiffness disappear. Whether in the chest or throat nothing can surpass Nerviline. writes O. B. Denton, Lumber Merchant at Oak Bay, N. B. "Rubbed on at night trouble is gone by morning. I have proved Nerviline a great medicine." Everyone says the same, and Nerviline always makes good, 25c. bottles sold everywhere.

**GROWING IN POPULARITY.**

The Family Herald and Weekly Star continues to grow in public favor year after year. If it keeps on at the present rate it will soon be in every home in the Dominion. It deserves it, too, for it certainly is a great family and farmer's paper without an equal on the continent. The Family Herald's new premium picture for this season is entitled "A Tug of War" and is one of these pictures one sees in an art store with a ticket "price two dollars." To get the Family Herald and Weekly Star and such a beautiful picture all for one dollar is certainly big value.

## PUBLIC WORKS ON NORTH SHORE

Bathurst Bridge Will be Thoroughly Repaired

OTHER WORKS.

Hon. Mr. LaBelle visited Bathurst, accompanied by Engineer Wetmore and Dennis Lordey, bridge inspector for Gloucester, and examined the bridge between the town and the I. C. R. station. This structure, which is 2,500 feet long, was built about seventeen years ago. Owing to the muddy foundation for the piers it has twisted considerably and the sidewalk on the outside of the bridge is now in a condition dangerous to pedestrians. It has been decided to repair the whole structure. Plans and specifications will be compiled this winter and a start made on it early in the spring.

Notices have just been issued by the department of public works calling for tenders for the section of a new bridge known as Cain's bridge across the Tabusintac river in Northumberland county. This bridge has been asked for by the people of Northumberland county for years and has been strongly advocated by Hon. L. J. Tweedie, and Robert Murray, M. P. P.

Another important work which was undertaken by the department and is now nearing completion is the new road which connects Kent Junction with the town of Harcourt. Until last year there was no sign of a highway between these two points. The new road has been built at the request of the members for Kent county and, besides providing means of intercourse, it will be of assistance in getting the lands along the I. C. R. at this point.

The substructures of the new bridge across the Jacques River in Restigouche river are approaching completion. These consist of three concrete piers with long wooden approaches. The superstructure, which will consist of two steel spans, is being built at the Chatham foundry and will soon be ready.

BRIDGE AT METAPEDIA : The idea of building a bridge for foot passengers over the Restigouche river at Metapedia in connection with the I. C. Railway bridge has been abandoned. At the request of Charles Marcell, M. P. of Quebec, and the provincial members.

## THE ADVENTURER

(Continued from page 6.)

At some two hours later, when Sercombe entered.

"Look here, Mr. Greator, said he quickly, 'if we're not careful, this little enterprise of ours will be taken clean out of our hands.'

"I thought," I observed, "that the game was over," wondering all the time what he was meaning.

"Yes, and no," said he, "but there's many a slip 'twixt the cup and the lip, and you don't know what has been happening while you've been here."

"In other words," I answered, "my friends may not have been caught as easily as myself, although you will note that I still have that key."

I fancied that he winced, but he went on hastily. "That is so, and besides, in any case, you are bound by your compact of silence."

"If you will tell me what you are driving at," I began.

"See here, sir," he broke in. "There's been a deal of talk in the countryside, and what with that mutton-faced fool Jones' suspicions, the authorities have begun to smell a rat."

"I am very sorry for you," said I dryly. "I understood that he had not a high opinion of you."

"His opinion be damned," he retorted; "but I won't have any interference—or, I take it, will you."

"No; I prefer my prison, naturally," I declared.

"What I want to tell you is this," he resumed, paying no heed to my sarcasm. "It seems that Jones and the other meddler have got wind of your disappearance. The police have been scouring the Gwent, and what must the beast do but cast his suspicious eyes on me?"

serve them but that they must make investigations in the inn."

I shrugged my shoulders. "Upon my word, I don't see what I can do for you," I said.

"Yes, you do," he replied sharply. "I have told the sergeant that you are here right enough, but he is staying with me as my guest. He swears he must see you and find out for himself. And the parson, amiably embarrassed, vows I am being insulted. However, there you are."

"Very well," said I slowly; "let them in."

Sercombe scrutinized me keenly, as though he would read my soul, and then, apparently satisfied, left the room.

In another moment a knock sounded at the door, and Hood, flinging it open, said, "Gentlemen, to see you, sir."

The little parson entered, followed by the sergeant who had called at the castle. I looked up from my books and rose instantly.

"How do you do, dear?" I said, offering him a hand. "Good day, sergeant."

"The policeman was taken aback and stared at me sheepishly, but the parson turned to him triumphantly.

"I told you so, Jones," he declared. "I am not in the habit of doubting Captain Sercombe's word."

"Gentlemen," I said, feigning astonishment, "may I ask what is this?"

"Oh, it's an absurd piece of business from the start," said the vicar emphatically.

"What is coming over the police I don't know. No man of position is safe from them."

"You would think if he had a cousin at Rugby it would be sufficient," interrupted the suave voice of Sercombe.

The vicar turned. "Precisely, captain," he said eagerly. "I think I did my best to explode the foolish notion."

"May I ask, gentlemen"—I began, but Sercombe interrupted.

"There was a notion that you were being detained by force," he said, smiling.

I laughed. "By force. Is every man who spends a couple of days with a friend to become a case of abduction?"

"Very well put, sir," approved the vicar. "I was never at Rugby myself, but I had an uncle who—"

"Excuse me, sir," said Jones obstinately, "do your friends know where you are?"

"Did they inform you of my disappearance?" I asked.

Jones hesitated. "No, sir," he said at last.

"I should think not," I replied.

A murmur of approbation came from the vicar. Jones looked abashed, but he had the proper Welsh obstinacy and still lingered. The vicar turned on him.

"Come, Jones," he said, "I think apologies are due from you to both these gentlemen, and I trust you see how preposterous your theories are."

"I beg your pardon, sir, for intruding," said Jones to me, but he did not look at Sercombe, and he made him no apology. He retired clumsily, and Sercombe burst out laughing and, throwing his hat on the table, sat down.

"Take a seat, Mr. Morgan," he said. "Let us all have a glass of wine after this trying ordeal. Greator, you'll join us?"

I declined, but the parson accepted and sat down to an amiable gossip. Branching from his uncle, who had been—I forget where—in some school, I fancy, he lingered affectionately on a friend who had been his help presump-

tive to a baronetcy, and was undoubtedly bent upon a further revelation of his connections with the aristocracy when Sercombe by cunning devices lured his tongue to another topic, in which both of us were interested. It appeared that there was a great curiosity spreading as to the castle and the events of the past weeks. Some went so far as to speak knowingly of a "mystery," but, as the little vicar said, "the lower classes are fond of talking about their superiors and imputing to them abominable crimes."

He sipped his wine and confided in us, getting back at last through all Sercombe's nets to his respectable connections. Finally he concluded in a pleasant mixture of snobbery and religion and prepared to take his leave. I got up simultaneously.

## A Serious Strike

There's "a strike on" from head to foot when the kidneys stop working properly. Dull headaches, tiredness, dizziness, puffiness under the eyes, bad skin, foul stomach, no appetite, sharp pains in the back, swollen feet—all due to Kidney Trouble.

It may be weakness, or the beginning of a serious disease.

It is DANGEROUS. Sick Kidneys make mind and body sick.

## GIN PILLS

## The Union Advocate

ESTABLISHED 1867.

NEW CASTLE, OCTOBER 3, 1906.

With this issue the Advocate enters upon the forty-first year of its existence. Established the year of Confederation it has regularly appeared each week since that time.

In looking back over the past we feel a deep measure of gratitude to the many friends who have, some for so many years, assisted us by their kind words of encouragement as well as liberal business patronage. During its forty years the Advocate has always worked in the best interests of Newcastle, the Miramichi, and the North Shore. This course it will continue and we hope to be able yet to accomplish much more in the interests of this great country, which is only now being brought to the notice of promoters of large industries and of outside capital. That the Miramichi and the whole North Shore has a brilliant future in store we are firmly convinced and expect to live to see this river lined with many large and important industries.

We have no new pledges to make. During the past year many improvements have been made to the paper. This policy of improvement will be continued so that the Advocate will be as nearly up-to-date as business warrants. If those indebted to us for subscriptions and otherwise would be prompt in making their payments we should be relieved of much anxiety in meeting business engagements. While there are many who pay regularly and promptly, there are too many others who, from want of attention rather than lack of means, allow their bills to remain unsettled, the aggregate amount of such indebtedness being a heavy load to carry. We hope those indebted will carefully read this paragraph and then forward us the needed to settle their accounts.

Official returns of the Immigration department at Ottawa, show that out of 4,174 homestead entries granted in July 1,212 were given to Americans, which is not far from one-third of the whole. This is significant of the way the Canadian west is being settled. Ontario sent 742 homesteaders, and England 610. Hollanders were more numerous than Scotch or Irish, numbering 210, while there were only 128 Scotch and 55 Irish. The total number of immigrants arriving in Canada in July was more than the arrivals in July, 1905. The indications are that the increase will be continued.—Ex.

The wholesale destruction for purposes of millinery, of certain birds threatens at no distant date to bring about the extermination of some of the rarer and more beautiful kinds which the world possesses. The number of small birds annually imported into Britain and France may be computed at 1,500,000. Germany exports yearly twenty million feathers which are worked up in Great Britain into hat trimmings—"L'Aviculteur," Paris.

## PRESBYTERY OF MIRAMICHI

The regular monthly meeting of the Presbytery of Miramichi was held in St. James' Hall, Newcastle, on Tuesday. The members present were Rev. A. D. Archibald (moderator), Rev. D. Henderson, Rev. J. M. McLeod, Rev. J. M. McLean, Rev. W. Torrance, Rev. J. R. McKay, Rev. J. G. A. Colquhoun, Rev. H. J. Fraser, Rev. B. S. Staver, Rev. G. Mitchell, ministers, and Messrs. Harper and Lowson, elders. Rev. J. McNeil, Rev. F. S. Simpson and Rev. J. Valenise were present, and were invited to act as corresponding members.

Rev. J. G. A. Colquhoun introduced a resolution, of which he had given notice at a previous meeting, regarding the establishment of a traveling expense fund. Several Presbyteries, notably the Presbytery of St. John, have found such a fund to be of great service in securing a larger attendance at Presbytery meetings. He outlined a scheme which he deemed desirable and feasible. Rev. D. Henderson seconded the resolution, which was unanimously adopted.

The Clerk intimated that Rev. Harvey Morton, a retired missionary from Trinidad, was prepared to spend the first week in October in the Presbytery. The following arrangements were made for Rev. Mr. Morton's visit—St. John's church, Chatham and Knox church, Loggieville, Oct. 7; Church Point, Oct. 8; Douglastown, Oct. 9; Newcastle, Oct. 10th; Millerton, Oct. 11th. On motion of Rev. D. Henderson and the clerk, Rev. D. Annand was nominated for moderator of Synod at Moncton, Tuesday, Oct. 2nd.

Rev. H. J. Fraser was appointed moderator of Douglastown session. The Clerk stated that Rev. J. C. Robertson, S. S. Secretary of the Church would visit the Presbytery in October. It was agreed that he should visit Chatham on Sunday the 21st and Newcastle on Monday and Campbellton Tuesday.

Rev. D. Henderson reported for the committee on legislation. The proposed act respecting the Presbyterian Church in the Province had been sent down to all the Presbyteries. It was gratifying to note that they were all in hearty sympathy with the principle and aim of the bill. Only one congregation—St. Andrew's church, Chatham—ventured to offer any criticism on the bill. And the criticism was in the form of suggestions regarding the phraseology of certain sections and clauses. A few congregations have yet to be heard from. It was agreed to receive and adopt the report, and forward it to the convenor of the joint committee of the Presbyteries of St. John and Miramichi.

The resignation of Rev. C. Hardie, Metapedia, was accepted—to take effect at the end of the month.

Rev. J. M. McLeod reported that the Augmentation Committee had agreed to allow the grant applied for, and noted with pleasure the reduction in the grant for the congregation at Tabusintac and Burnt Church.

The moderator submitted the minute prepared by the committee appointed at a previous meeting, regarding the death of Rev. J. D. Murray, late of Redbank. It was adopted, and a copy forwarded to Mr. Murray.

Rev. A. D. Archibald submitted a scheme for the visitation of all the congregations in the Presbytery before the end of the year. The scheme was adopted, and committee appointed to visit the congregations.

Presbytery adjourned to meet at Moncton, during the meeting of Synod, at the call of the moderator.

## PRESBYTERIAL VISITATIONS

The Presbytery's committee, appointed for the visitation of the congregations on the Miramichi, met with the congregation at Millerton last Wednesday evening. After devotional exercises, conducted by Rev. B. S. Staver, and an address preparatory to communion by Rev. J. McNeil, the moderator, Rev. A. D. Archibald, called forward the minister of the congregation, Rev. J. G. A. Colquhoun, the Session, and the Board of Managers, and questioned them as to the manner in which they discharged

their respective duties. The congregation was found to be making marked progress in all departments. Rev. D. Henderson congratulated the congregation on their prosperity, and emphasized in an able speech, the importance of unity of effort. He suggested that a resolution be passed authorizing the Board of Managers to increase the minister's stipend by \$50. On the motion of Mr. Weeks, seconded by Mr. Miller, the resolution was adopted with enthusiasm. The Presbytery's committee also made suggestions at Chatham and Blackville. They found the same encouraging conditions existing and made some helpful recommendations. This is a forward movement on part of the Presbytery.

## BAY CHALEUR

## HERRING BEST.

Fail Herring the Best Mr. Cowie Has Ever Seen.

Ottawa, Oct. 1.—J. J. Cowie, the Scotch Herring curing expert, who has been at work all summer in Baie Chaleur, makes a very interesting report to the department here of the season's work. He says that during the spring season, which ends with the first of August, his party caught 504 barrels and since the fall run of herring began they caught 272 barrels.

Referring to the latter, Mr. Cowie says that he never saw so fine herring in any part of the British Isles or elsewhere. They will command a good figure on the New-York market.

## Wedding Bells.

WATSON-HENDERSON.

A very pretty wedding took place Wednesday, Sept. 26th at 9 A. M. at the home of the bride, Douglastown, when Mr. Peter S. Watson, a leading merchant of St. Mary's, York Co., and Miss Ethel Henderson, and one of Douglastown's most popular young ladies were united in marriage by the Rev. Mr. Valentine. The bride wore a gown of white silk, and was unattended. The happy couple left on a honeymoon trip to Halifax and other points in Nova Scotia. The bride's dress for traveling was blue ladies' cloth and hat to match. The presents were numerous and costly. On their return from the wedding trip Mr. and Mrs. Watson will take up their residence at St. Mary's. The best wishes of their many friends follow them to their new home.

BELL-DONNOLLY.

September wedding of much interest took place Wednesday Sept. 26th, at the Methodist parsonage, Chatham, when the Rev. G. A. Sellar, joined in wedlock Mr. Robt. B. Bell, of Fredericton, and Miss Essie, daughter of Mr. and Mrs. James Donnelly, of Doaktown. The bride was gown in blue silk and blue hat to match, and was unattended.

BARRY-SCOTT.

St. Mary's R. C. church was the scene of an interesting event Wednesday morning Sept. 26th, at 8 o'clock, when Miss Annie Scott, daughter of Mr. William Scott, of Derby, was united in marriage to Mr. John Barry, Jr. of Point Pleasant. The ceremony was performed by Rev. T. Maguire, after which Nuptial Mass was celebrated. The church was very prettily decorated with potted plants and palms, and was well filled with friends of the contracting parties. The bride wore a very becoming gown of white cashmere trimmed with all over lace, and white hat. Her bridesmaid, Miss Mary Major, wore a cream voile, and black picture hat. The groomsmen were Ernest McLean.

After the service was concluded, the happy couple and guests, which included only the relatives of the contracting parties, drove to the bride's home at Derby, where a sumptuous wedding breakfast was served. After a few hours' whiled away in music and social chat, the newly wedded couple drove to their fine new residence at "Point Pleasant," near North-West Bridge.

The high esteem in which the bride is held was evidenced by the costly array of gifts, received from friends in town and surrounding districts. The Young Ladies' Sodality of St. Mary's, of which Miss Scott was president, remembered her with a very handsome present.

The groom's present to the bride was a gold locket with pearl settings. The hosts of friends of the happy couple extend congratulations.

Millions of Dollars of Damage Done and Many Lives Lost.

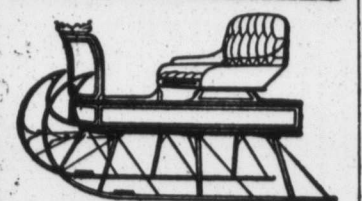

Pensacola, Fla., Oct. 1.—Not since the hurricane swept the Gulf coast as the one which struck this city Thursday morning with all impelling force and raged for twelve hours, the wind blowing at eighty and ninety miles an hour with occasional gusts of one hundred miles an hour. The known loss of life up-to-date is thirty, which will probably be increased to seventy-five while the property loss will exceed five million of dollars.

## A POET WAS

TOO FRESH.

A North Shore poet was recently charged with assaulting a young girl in Northumberland street by catching hold of her clothing. He said he was drunk at the time and knew nothing about the affair. He appeared to be harmless, and was let go on condition that he would leave town.—Fredericton paper.

The street was very fair, the poet wet,  
Reflecting sadly on the hold of her clothing.  
And she rebuked him with a frown,  
And called the cops, who ran him in  
Where maids were not and likewise gin.  
And left him there in sad commotion  
With tipsy maids, much out of tune,  
Reflecting sadly on the fate  
That comes to minstrel, so on or late,  
Who, full of wine and tuneful lore,  
Would not like birds in days of yore,  
And try from beauty to beguile  
A passing look, a kindly smile.  
'You drunken rhymester, country clown,  
I par'lon you, get out of town!  
Ife judge remarked with a heavy frown.  
'Ah! Well-a-day!' the poet said,  
'The time that all our band were dead,  
The harp that awayed the brave of old,  
Reflecting sadly on the fate  
That comes to minstrel, so on or late,  
And lordly hail and lady's bow,  
And late was tuned on the Miramichi,  
Has come to grievous shame through me.'  
His harp is mute, he rhymes no more,  
But saunters sadly on the shore  
Of the mighty stream that gaily flows,  
Regardless of his wealthy woes.  
Poets, beware of rum and rhyme;  
Your shoe will find you out in time.

## GRANGEVILLE.

Grangeville Division's officers for this quarter will be:—

W. P., Rev. George H. Beaman; W. A., Mrs. J. Irvine Blakney; A. R. S., Miss Annie West; Treas., Thomas Holten; F. S., Wilson Jones; Con., J. J. Blakney; A. C., Miss Ida Boyd; I. S., Thomas West; O. S., Allan Haines; P. W. P., Geo. A. Jonah.

LOBSTER CATCH INCREASE WAS VERY LARGE.

Twenty-five Hundred More Labels Were Issued This Year Than Last.

Fisheries Inspector R. A. Chapman has returned from a trip to Richibucto. He reports that there has been, so far, no very extensive poaching along the New Brunswick coast, although the steamer which is patrolling the water has seized a few scattered traps. Along the P. E. Island coast, however, the poaching is pretty extensive, notwithstanding that a Dominion steamer patrols the waters there as well. One seizure of one hundred and fifty traps is reported.

The increase in this season's lobster catch over that of last year is even greater than at first reported, and inspector Chapman reports that the increase in the number of labels issued was between twenty-five hundred and three thousand. The labels are issued on cases and half-cases, so it will be readily seen the catch was a tremendous one.

## BASS RIVER.

W. P., Rev. W. M. Townsend.

## KENT CIRCUIT COURT AT RICHIBUCTO.

Verdict of Not Guilty in Buctouche Assault Case.—Assessment Cases Tried.

The Kent Circuit Court opened at Richibucto Tuesday and closed Wednesday evening. Judge MacLeod presided and few cases were before the court. In the criminal calendar, the case of the King vs. Damien Gallant, of Buctouche, was charged with an indecent assault upon a girl whose mind is deranged and whose name is Zoe LeBlanc, was found not guilty. A number of witnesses were examined for the defence swore that the accused had spent the night in question at his house. The evidence of the girl was very complicated and intelligible. H. H. James and R. A. Irving prosecuted and W. D. Carter defended. In the civil list the case of Fabien LeBlanc vs. Fabien Saulnier was commenced on Tuesday and settled and withdrawn on Wednesday.

—TO THE—

FARMERS OF THE COUNTY.

We will have the

French Fort Mill

READY TO GRIND, 1st WEEK OF

OCTOBER.

Thanks to Hon. L. J. Tweedie there is a good road from the New Bridge Road to the mill. This together with the splendid reputation we gained last season, makes this the best located and most popular Grist Mill in the County.

Mr. James Jones will again be in charge this season.

As it is impossible for us to operate this mill on the old Toll system, we charge 25 cents per 100 pounds of wheat brought to the mill. All grain sent by boat or Railway will be returned same way. We will probably have a agencies down River of which we will give notice later.

real, whence he sails for England  
by the Virginian.  
He came to Canada to see how

BOB-CATS ARE  
KILLING DEER.

**The Government Should be Urged**  
**to Place a Bounty on These**  
**Destructive Animals at**  
**Once.**

During these days when the laws  
with regard to killing big game  
without a license are so strictly  
enforced it might be well worth  
while to call the attention of the  
government to the fact that many  
deer are killed each year by bob-  
cats, which infest the New Brun-  
swick woods, and that no bounty  
is placed on them. One of these  
animals was but recently shot at  
Magalloway, and it is alleged by  
the most experienced guides that  
fully twenty times as many deer are  
destroyed in this manner, the bob-  
cats finding out where the yards  
of deer are located. In the fall al-  
so the deer is followed by the bob-  
cat into swamps and marshy  
places in the woods, and there de-  
stroy them.  
Bounties have been placed by the  
government on many animals, and  
the bob-cat should be included in

the list, if our supply of big game is  
to be kept in any way undim-  
inished. No doubt many of these  
animals would be killed by the  
farmer's and hunter's were a bounty  
placed upon them—and thus  
more effective work would be done  
in the preserving of game than by  
the enforcing of license laws.

Improve Your Com-  
plexion.  
Give up Cosmetics and  
see the Cause of your  
Bad Color.

When it's easy to bring back the bloom  
of youth, to remove the blue shes and fill  
the hollows, isn't it foolish to plaster on  
cosmetics?  
Salad oil skin and fallen cheeks are  
produced by disorders of the alimentary  
canal.  
Remove the cause—correct the condition  
that keeps you from looking as you ought.  
Use Dr. Hamilton's Pills and very soon  
you'll have a complexion to be proud of.  
Just imagine how much happier you will  
feel when those pimples and murky look  
have gone.

Don't look like Miss Wooman, a  
well-known resident of Belfast, from using  
Dr. Hamilton's Pills. Read what she says.  
"My friends all admit that I have a very  
delightful complexion. This I owe entirely  
to Dr. Hamilton's Pills. I used to look as  
yellow I thought it might be jaundice.  
There was simply no color in my cheeks at  
all. Today my skin is clear and never gets  
that murky, dull appearance it had before.  
Dr. Hamilton's Pills have also given me a  
good appetite and improved my general  
health also."

Not only the complexion, but every organ  
of the body is strengthened, cleaned and  
made healthy by Dr. Hamilton's Pills.  
Bovine, vine and a feeling of vigor in-  
variably follow their use. Sold in yellow  
boxes by all dealers; 25c. per box or five

CROSSED CONTINENT  
IN 88 HOURS.

Quebec, Sept. 21.—The overseas  
mail train reached here this after-  
noon, two hours ahead of its sched-  
ule time and an hour later the C.  
P. R. steamship Empress of Brit-  
ain was on her way down the  
St. Lawrence for Liverpool. The  
overseas train left Vancouver  
Monday night at 7 o'clock, six  
hours behind its schedule time and  
arrived here today at 2 o'clock, hav-  
ing crossed the continent in eighty-  
eight hours. Allowing three hours  
or the difference in time, this is an  
average speed of thirty-five  
miles an hour. This is a long dis-  
tance record for an unbroken trip  
by one continuous train.

**Banquet Chairman Asked Earl Grey a**  
**Leading Question--His Reply.**

Vancouver, B. C., Sept. 26.—At  
a luncheon to Earl Grey which  
inaugurated the new Canadian  
Club, yesterday, Chairman F. G.  
Wade in his opening remarks, ask-  
ed "What is our destiny?"  
In his reply the Earl, referring  
to the question of Mr. Wade, said  
he had not come to Vancouver  
with any scheme of imperial fed-  
eration, but if the feeling of the  
chairman was widely shared in the  
Dominion, Canada had only to ask  
the people of Great Britain to ad-  
mit her into her councils, and if  
she was prepared to assume her  
share of the responsibilities, and  
obligations to the empire, then  
she would meet with the heartiest  
possible response and welcome  
from the people of England.

Mrs. George Cassidy carried off  
the prize, and the gentleman's  
prize fell to Mr. J. Lecouffe. The  
prize for fancy skating was won  
by Miss Kate Wiseman.  
The judges were Miss M. Le-  
couffe, Campbellton, and Messrs.  
J. Penlor, Montreal, and J. Weller  
Niagara of New York.

The band was in attendance and  
rendered a choice programme.

## \$100 REWARD, \$100

The readers of this paper will be pleased  
to learn that there is at least one de-  
ceased disease that science has been able to cure in  
all its stages, and that is Catarrh. Hall's  
Catarrh Cure is the only positive cure now  
known to the medical fraternity. Catarrh  
being a constitutional disease, requires a  
constitutional treatment. Hall's Catarrh  
Cure is taken internally, acting directly up-  
on the blood and mucous surfaces of the  
system, thereby destroying the foundation  
of the disease and giving the patient  
strength by building up the constitution  
and assisting nature in doing its work. The  
proprietors have so much faith in its curative  
powers that they offer One Hundred Dollars  
for any case that it fails to cure. Send for

## ATRAIN DE LUXE.

Anyone who contemplates a trip  
to the west should not miss the  
opportunity of travelling on the  
"International Limited," the finest  
and fastest train in the Domini-  
on of Canada, which leaves Mont-  
real every day in the year, at 9 a.m.  
o'clock in the morning from Bon-  
aventure station, for Cornwall, Pres-  
cott, Brockville, Kingston, Hamil-  
ton, Belleville, Cobourg, Port Hope,  
Toronto, Niagara Falls, Buffalo,  
London, Detroit, Chicago and other  
intermediate points. It is the  
train de luxe of the Grand Trunk  
Railway System and is known  
throughout the land as "Railway  
Greyhound of Canada." This  
train has been in existence for a  
number of years and each year it  
has been improving until today, it  
stands at the top of the list in Can-  
ada.

Its journey of nearly a thousand  
miles is made over the longest  
double-track railway in the world  
under one management, and the  
only double-track railway in Can-  
ada with as perfect a roadbed as  
can be found on the Continent.  
The train runs through the most  
thickly populated part of Canada.  
A most interesting trip, with love-  
ly scenery enroute.

First-class coaches, Cafe Parlor  
and Pullman Sleeping cars are  
part of the equipment which offers  
to the travelling public the maxi-  
mum of comfort and ease. This  
train is always on time and the  
inhabitants along the route set  
their watches and clocks as she  
rushes by. The "Intercolonial Lim-  
ited" schedule is fast, for instance,  
Montreal to Cornwall, 67 miles, 1  
hour and 20 minutes; Montreal to  
Brockville, 125 miles, 2 hours and  
30 minutes; Montreal to Belle-  
ville, 220 miles, 4 hours and 33  
minutes; to Toronto, 333 miles, 7  
hours and 15 minutes.

A passenger can leave Montreal  
on this train any morning, he in  
Toronto at 4:30 in the afternoon,  
Detroit 9:30 the same evening, or  
Chicago at 7:42 the next morning.  
It is therefore, no wonder this  
train de luxe has become so popu-  
lar, that during the summer month  
it has to be run in several sections  
to accommodate the heavy traffic  
that is offered. When you travel do  
not miss the chance of getting your  
transportation for this train or the  
Fast Limited that leaves Montreal  
Trunk operates four through pass-  
enger trains every day through  
every night at 10:30 o'clock from  
the same station. The Grand  
Montreal and Toronto, two of  
these trains being fast expresses,  
and two limited.—A word to the  
wise is sufficient.

## BENTLEY'S LINIMENT

takes hold of and quickly CURES Sprains, Strains, Kinks, Cramps, Bites, Bruises, Burns, Coughs, Colds, Croup,  
Rheumatism, Sore Throat, Neuralgia, Chapped Hands, Scalds and all pains and aches that afflict mankind. It is  
the recognized Family Remedy in thousands of Canadian homes, all of whom can testify to its remarkable powers,  
and we print herewith a few of their opinions.

Mrs. COLLE McKEENE, Kamptown, N. B., writes, January 23, 1901:  
"I have used BENTLEY'S LINIMENT for myself and children, and as a  
cure for sore throat, soreness of the chest, etc. I have never found anything to equal it."  
Mrs. MAJOR L. CHAMBERLAIN, Fort McNab, N. S., writes, November 21, 1901:  
"I recently used BENTLEY'S LINIMENT for a severe case of enlarged tonsils  
in my daughter, she had whooping cough, which greatly aggravated the trouble, and I  
became alarmed at the symptoms. I bathed her throat freely with BENTLEY'S  
LINIMENT for a few days and the cure was marvellous."  
CHAS. LEAGALLAN, Fredericton, N. B., writes, November 18, 1901:  
"I used BENTLEY'S LINIMENT and my customers prefer it to any other."  
J. H. A. SHERROD, Quebec, P. Q., writes, February 20, 1901:  
"I have used BENTLEY'S LINIMENT for a sprain and can highly recommend it."

Alfred H. HAY, 1st Regt. N. S., writes, April 15, 1901:  
"I have used BENTLEY'S LINIMENT and found it the best I ever tried, and  
can heartily recommend it."  
F. X. KIRKMAN, Warwick, P. Q., writes, July 11, 1901:  
"A few days ago, getting out of a wash at St. Bonedine, my foot slipped and I struck  
my leg against the wall and hurt it awfully. It was extremely painful and I was afraid  
it would have to lay up. However, I was induced to try BENTLEY'S LIN-  
IMENT, and two applications made a complete cure. I can recommend it with pleasure."  
F. X. KIRKMAN, representing the Warwick Clothing Manufacturing Co., of Warwick, P. Q.  
Geo. N. ATKIN, Lower St. John's, writes, August 17, 1901:  
"I have used BENTLEY'S LINIMENT and can highly recommend it. I had a  
sprain on my ankle and this Liniment gave me more relief than anything I ever had. My hand  
prevented it from healing. Two applications of BENTLEY'S LINIMENT made a  
complete cure."

## A FAIR OFFER

We know what Bentley's Liniment is capable of and to show that the above claims are not  
mere idle boasts we guarantee every bottle to act exactly as represented, or bring the bottle  
back to your dealer; he will refund your money. **We will Pay him for it.**  
BENTLEY'S is a powerful White Liniment that will not soil or injure the most delicate fabric, and the 25c. size  
is the largest bottle of White Liniment on the market. Accept only Bentley's, it is the only Liniment, no other kind  
is just as good. For sale by dealers generally, especially druggists. 2 c. Bottle, 10c.

Rev. A. D. McCully, B. A. B. D. occupied the pulpit of the Methodist church last Sunday evening.

Lt. Col. J. A. Fages Commandant of the Royal School of Artillery, Kingston and Inspector of Artillery inspected the stores and equipment of the 12th Battery yesterday.

The many friends of Mrs. Cool, Water street, Campbellton will regret to hear that she is confined to her home, and is quite poorly, and very little hope is entertained for her recovery.—Tribune.

Messrs. Flett announce the completion of the new road to the French Fort Cove mill, and the re-engagement of Mr. Jas. Jones as miller. They have abandoned the antiquated toll system and charge 25 cents on 100 lbs. of wheat.

At a meeting of the directors of the Chatham Co-operative Company held Thursday it was decided to sell the machinery and stock. Two offers have been received and Geo. Stothart and R. A. Murdoch were appointed a committee to act in the interests of the company in the matter.

In writing of the slight accident to Mr. Keating's horse last week we did not wish to imply that Mr. J. W. Miller was to blame, as he is always very careful in passing horses. On this occasion Mr. Keating was trying to break his horse to the auto and was driving back to pass it when the animal being touched with the whip kicked.

There is a white cow moose roaming about the woods somewhere in the great stretch of forest watered by the Tobique and Miramichi rivers. It has been seen within the past few weeks by several guides and sportsmen and they describe it as a genuine albino, with not a dark spot on it. Quite likely an effort will be made to procure this strange freak of nature for the Crown Land Office.

In the probate Court, Tuesday, of last week, letters of administration were granted, in the estate of Alex. Brown, deceased, to Helen Brown, M. S. Benson, proctor. Letters of administration were granted in the estate of Margaret Bubeur, late of Ludlow, to John S. Pond, Robt Murray, K. C., proctor. The hearing on the application for letters of administration in the estate of Mary Morrison, Douglastown, was postponed, as some of the interested parties were not ready.

The following paragraph of the official report of the King vs. Mary E. Curtis, has been handed to us:—Mr. Aitken:—Acting on your Honor's suggestion and with the consent of the Solicitor General, the parties in this law suit have agreed to drop their difficulties I might say, on behalf of the Defendant, that the letter was written for the sole purpose of having righted what she thought at the time was a wrong done her, and it was not intended that the letter should be used in the manner in which it was used, and in view of the circumstances that have come to her knowledge, she will withdraw the charge made in the letter. This is from the court stenographers official notes.

Another fancy dress carnival will be held in the Opera House Friday evening.

Mrs. Quilty will hold her fall Millinery opening, Saturday October 6th.

The members of the K. O. K. A. are requested to meet in Park's Hall Saturday afternoon at 3 o'clock to make plans for the coming winter.

A very successful fair of the Blackville and Derby Agricultural Society was held at the Temperance Hall Millerton, Saturday. The day was fine and large numbers attended.

Mr. B. M. Moran has received the sad news of the death of his brother, Mr. Wm. J. Moran, which occurred a few days ago. The deceased has been a resident of the United States for many years.

Rev. F. C. Simpson last Sunday occupied the pulpit of St. James' Presbyterian church at both services. The Reverend gentleman is a pleasant and forcible speaker and delighted large congregations at both services. Rev. Mr. Simpson, left this morning for Moncton to attend the Synod meeting.

Improvements are still being made to the J. D. Creaghan Co's store. The second flat is being enlarged by the removal of partitions in the rooms, papered and being painted. A ladies' toilet and rest room will be fitted up and much of the ladies' fancy goods will be carried on that floor. This enterprising company's business keeps increasing every year.

Considerable Newcastle real estate has changed hands of late, and although there is no great advance in value yet fair prices are being paid for desirable sites. The latest transfer is that of the McAllister building next door to the Post Office, which has been purchased by Mr. S. McLeod. The building is at present occupied by the Singer Co.

The funeral of James Burchill took place from his late home at Bartibogue Thursday and was largely attended by people from all parts of the country. Requiem mass was celebrated in St. Peter's church by Rev. Fr. Morrissey. The pall-bearers were Allan MacDonald, John Gordon, John Bowie, William Innis, John McMahon and James McDonald, and burial was in St. Peter's cemetery. Among the floral tributes placed on theasket were two beautiful wreaths, one from Hon. John P. Burchill, the other from Mrs. Charles Sargeant, jr.

The home of Mr. and Mrs. John Eason, Barnaby River, was saddened, on Friday last by the death of their grandson Henry Francis aged one year and seven months, the son of Mr. and Mrs. Peter Eason.

The child was a general favorite and being only a few days ill the death came as a severe blow to all. The parents have the sincere sympathy of the community.

NO NEW NAME FOR  
COADJUTOR BISHOP

Contest Still Between Canon Richardson and Archdeacon Neales  
—Laity Still Solid for Former.

Fredericton, N. B. October 1.—A large number of both the laity and clergy of the church of England arrived during the day to attend the adjourned meeting of the synod which opens here tomorrow afternoon. Those from the North and Western parts of the province will reach here in the morning at 10.30. A meeting of the Cathedral Chapter will be held and the session of the Synod will convene at 2.30 in the afternoon.

It is the general impression that no new name will be submitted for coadjutor bishop, as such a course would be a most difficult one since at the meeting in July last the nominations were closed and opening them under the circumstances means, under the canon, much proceedings. It is expected that the contest will, as formerly, narrow down between Archdeacon Neales and Canon Richardson. The laity it is said, is united as formerly with the latter, and it rests with the clergy to say whether the deadlock will continue.

At the session to-morrow Archdeacon Neales will preside, the Bishop's health being such as not to allow him taking the chair. Among the laity which arrived on tonight's train were Justice Hanington, Col. Montgomery Campbell, Col. Montgomery Campbell, known to A. C. Fife, and other.
