Friday morning four rinks of Camp-
bellton curlers went to Newcastle,
when that afternoon and evening they
were scheduled to play Newcastle for
the Archer Cup.

The first games were played during
the afternoon and were watched by a
large number of interested spectators.
These games ended with a lead of 5
for the visitors in closely contested
matches.

made.

The visitors ended up by increasing
the afternoon lead seven points, win-
ning the Archer cup by 12 points.

Among the Campbellton curlers
there were six who were born or at
some time lived on the Miramichi.

After the games the visiting curlers
were escorted to the St. James' church
Sunday school building where the lad-
ies of that church had prepared a re-
past, which was much enjoyed by all.

After the inner man had been at-
tended to, the King was toasted and
then followed other toasts which were
responded to by Newcastle and Camp-
bellton curlers. Mayor C. Morrissey of
Newcastle in a very pleasing speech
presented the Archer Cup to Mayor
Andrew of Campbellton.

Mr. Harry Smith of Campbellton
favored the company with a recitation
and upon being encored, responded by
giving "Hock der Kaiser" which was
loudly applauded.

The Campbellton curlers returned
on the Maritime the same night, all
being enthusiastic over the enjoyable
trip to the Miramichi.

Chatham rinks are expected here
Friday to play for the Archer cup.

HEAVY FIGHTING ON EASTERN FRONTIER

Russia Reported Gaining in Bat-
tle Raging Since Feby. 7th.—
Many Turkish Casualties

(Special to Graphic)
Geneva via Paris, February 11th.—
The battle which began in the Car-
pathians on February 7th, still is rag-
ing fiercely on a front of 60 miles
from Mount Polovina to Mount Mak-
oe. The Russians are reported to have
gained several miles in the valley of
Lyutya, which borders on the northern
slopes of Polovina. They have also
advanced over half a mile in the val-
ley of Laborez, where the railroad
passes. In a single charge by the
Russians upon the Austro-Hungarian
trenches, 1500 men are said to have
been killed and wounded in three hours
beyond fighting.

London, February 11th.—The popu-
lation of Interburg in East Prus-
sia has been advised by the military
authorities to leave their homes.

Paris, February 11th.—The evacua-
tion of Lodz by the Germans has been
confirmed. Stores, offices, commissar-
iat and transport are being hastily
removed to Kalisz. A refugee who
escaped to Czenatochowa is credited
with the statement that the Germans
have resumed with redoubled vigour
the construction of heavily fortified
lines which work was suspended six
weeks ago.

Petrograd, February 11th.—More
than fifty Turkish sailing ships were
sunk by Russia's Black Sea fleet dur-
ing its recent operations. At Trebiz-
ond, which was bombarded on February
8th, heavy damage was done by Rus-
sian warships, which succeeded in
smashing three batteries operated by
Ottoman gunners defending the port.

The entire shore of Asia Minor be-
tween Piana and Bih, a distance
of over 60 miles has been shelled by
the Russians and three important
bridges destroyed.

HOCKEY NOTES

(From our special reporter)
Campbellton Boys' Club Defeat Dal-
housie 2-0

The Campbellton Boys' Club won
from Dalhousie on Saturday after-
noon, a large crowd assembled to
watch the game. Three twenty min-
ute periods were played. Sansom
kept the score down for Dalhousie,
making many brilliant stops. Thomas
scored in the second period by a pass
from T. White and Henry scored the
second after a mix-up near the visitors
nets. No scoring in the third period.

The game ended 2-0 in favour of lo-
cals. Game was handled by Zeb Payne
to the satisfaction of all. A number
of penalties were handed out, among
whom were G. Mott 2, Eislerger
and Killam 2, Mott 2. The game was fast
and much credit is given to the vis-
itors for the improvement they have
made since their last visit.

Campbellton Bankers Win From Dal-
housie

On Saturday evening the Camp-
bellton Bankers visited the shiretown
in reply to their challenge. The game
was very fast and exciting and was
considered the best ever played there. It
was closely contested in all three pe-
riods, ending in a victory for the vis-
itors, 4 to 3. The score was tied until
Malcolm rushed and succeeded in fool-
ing the Dalhousie goal tender by pass-
ing to Lingley who netted the winning
goal for Campbellton. The game by
periods.

The first was very fast and a num-
ber of penalties were dishied out. A
friendly quarrel ended this period,
neither side scoring. In the second
Payne substituted for Lingley. A
quarrel arose, but Zeb having worked
on the snow train was proclaimed a
snow banker and allowed to play. Sansom
for Dalhousie shot the first
goal, but G. Thomas tied the score
after a few minutes of play. Sansom
again scored for Dalhousie and the
period ended 2 to 1 in favour of the
locals. In the third period T. White
substituted for G. Thomas and Lingley
for F. Thomas. In this period the
good work of Lingley at centre was a
speciality, and the many rushes of
McLean and Malcolm soon wore their
opponents out. The score would have
been enlarged but for the good work
of Trudell in goal. Lingley scored the
second goal for Campbellton after
five minutes of play, and the third af-
ter a pass from White. Sansom shot
the third goal for the locals tying the
score. The Bankers were eager to
win, but were unable to score because
of the good work of Trudell, then
with two minutes to play Malcolm

STRANGE CASE IN MEDICAL CIRCLES

Surgeons Instruments Left in
Patient and Part is Recovered
Two Years After Operation

That "Truth is stranger than fic-
tion" has been recently proven here in
a most interesting medical case, that
of Mr. Scott Moffat. Some two years
ago Mr. Moffat was operated on in a
Montreal hospital, and previous to the
operation was put under the X-rays
on several occasions. The operation
was considered successful, but he did
not make a complete recovery as
expected, and has been ailing more or
less all along. Lately he was again
under medical care, and during the
course of his illness a large swelling
or lump developed on his side. While
dressing this part, the nurse in charge
felt some foreign substance strike her
hand, and called the attention of the
physicians to the fact. They immedi-
ately investigated the circumstances
and on operation they removed from
the wound two surgeon's forceps or
instruments used for holding arteries
or tendons. The top of the instru-
ments however had rusted or broken
off, and Mr. Moffat is now in Montreal,
where search will be made for the
missing parts. He is being treated
there, and on regaining his strength
in some measure an operation will be
performed to remove the other parts
of the instruments. Although Mr.
Moffat had a previous operation in a
Boston hospital, the fact that he was
under the X-rays in Montreal, would
lead one to the conclusion that the
instruments must have been left in
the wound after the Montreal opera-
tion. It is not often a case like this
comes under the public's notice, and
much speculation is indulged in as to
the culpability of the hospital authori-
ties.

pass from him just as the gong rang
for the end of the game. Final score
4-3. The line up.

CHURCH LEAGUE

In the second game of the new
Church League, the Presbyterians won
out against the Catholics by a score of
5-1. The play was not as one-sided
as the score would indicate, and a lit-
tle more combination work on the
Catholic team would have altered it
greatly. McLatchy for the Presby-
terians played a heady game, though
not very closely watched. Asker also
played a good game, hurting his knee
badly in a clash with Malcolm. While

BATHURST RETAINS THE McLELLAN CUP

Two Chatham Rinks Unable to
Wrest the Trophy From the
Nepisiguit Town

Bathurst, Feb. 10th.—By a score
of 34 to 27, Bathurst curlers clinched
their hold on the McLeLellan Cup to-
night against two rinks of the best
that Chatham could send.

The ice was a little heavier than
either club is accustomed to, but the
games were, nevertheless, very closely
contested all through.

Hockbert of Chatham started off
well against Stout of Bathurst, count-
ing three on the first end and four on
the second, but he did not score large
ends afterwards, getting only two
with a score of two each and five that
only counted him one apiece. He
came out two ahead of his Bathurst
rival, however, with a total of 16 to
Stout's 14.

McKenly of Chatham also did well
the first few ends, but the redoubtable
Thibideau got a big start on the 15th
end with a count of 5, and finished 9
ahead with the score standing 11 to 20.

None of the rinks were playing in
their usual form, but the Chatham
boys must admit that they are not a
match at the "roarin' game" when the
lads of the coming town when it gets
down to a real hard-fought battle.

"Stonewall" in goal can always be de-
pended on. The playing of Fred
Thomas and White, who are both new
to the game, is causing a lot of fa-
vorable comment among the fans. Mc-
Lachy rushed hard, but did not seem
to gain any headway, getting several
hard bumps. Matthews did not get
proper support from his defence, both
leaving the goal open at different
times.

WOMAN IN TERRIBLE STATE

Finds Help in Lydia E. Pinkham's Vegetable Compound.

Cape Wolfe, Canada.—"Last March I was a complete wreck. I had given up all hope of getting better or living any length of time, as I was such a sufferer from female troubles. But I took Lydia E. Pinkham's Vegetable Compound, and today I am in good health and have a pair of twin boys two months old and growing finely. I worried doctors and neighbors for they all know what a wreck I was."

"Now I am healthy, happy and hearty, and owe it all to Lydia E. Pinkham's remedies. You may publish this letter if you like. I think more women would use your remedies they would have better health." Mrs. J. T. Goss, Lot No. 7, Cape Wolfe, P.E.I., Canada.

Because your case is a difficult one, and doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has remedied many cases of female ills such as inflammation, ulceration, displacements, tumors, irregularities, periodic pains, backache, and it may be exactly what you need.

The Pinkham record is a proud and peerless one. It is a record of constant victory over the most obstinate of women ills that deal out despair. It is an established fact that Lydia E. Pinkham's Vegetable Compound has restored health to thousands of such suffering women. Why don't you try it if you need such a medicine?

THE Belgians will have to hide their meagre food supplies. When "kultur" becomes hungry it will think nothing of snatching the bread of charity from the Belgian's hand.

WORLD-POWER and the unsatisfied cravings of hunger do not go well together.

For Sick Headache, Sour Stomach, Stagnant Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which acids and ferments like garbage in a barrel. That's the first step to misery—indigestion, foul breath, yellow skin, mental fever, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

PASPEBIAC

Mr. and Mrs. Bouillon spent a few days at Grand River last week.

Mr. E. C. LeQueune returned on the 26th from Newport, where he had been spending some time with friends.

Three of our Paspebiac sports, viz. Mr. L. St. J. LeSeclleur, Mr. F. LeBas and Mr. S. LeGrand, regardless of the extreme cold, drove to Port Daniel Saturday evening, returning safe and sound the following night.

During the last week quite a number of commercial men were in town, among them being Messrs. S. K. Codner, Poirier, Simmonds, Trudel, Armstrong and Lesperance.

We regret to announce the death of Mrs. A. V. LeSeclleur, wife of the proprietor of Bay View Spring Hotel, who passed away on Jan. 24th, after a very short illness.

Deceased was widely known and highly respected in the neighborhood. The funeral took place on Wednesday morning and was largely attended. Much sympathy is felt for Mr. LeSeclleur in his sad bereavement.

Messrs. MacMurray, Helleur and Descelle were in town on Monday and Tuesday.

GASPE VILLAGE

It is with feelings of deepest regret that we announce the death of Richard Coffin, who passed quietly away in his sleep on Saturday morning, Feb. 6th, at the early age of 23. He was the eldest son of Mrs. Abner Coffin, his father having passed away a few years ago. He took a fatherly place to a large family of brothers and sisters, and nobly did his duty. Esteemed and loved by all, he will be greatly missed. The loving sympathy of all is extended to his mother and brothers and sisters, and in this hour of their sorrow, may they be comforted with strength from on High.

A. McG. McDonald reports they are making many friends through the QUICK benefit which Campbellton people receive from the simple mixture of buckthorn bark, sycamore, etc., known as Adler's-Ka. This remedy became famous by curing appendicitis and it is the most thorough bowel cleanser known, acting on BOTH the low and upper bowel. JUST ONE DOSE of Adler's-Ka relieves constipation and gets on the stomach almost IMMEDIATELY.

GOOD RESULTS

An advertiser in notifying us of the sale of articles he was advertising said "you must have a large circulation on the Gaspé coast, as we had a very large number of replies from that section." The Graphic covers the entire Bay Chaleur district, and an adv. in our columns is bound to bring results.

ANNUAL MEETING.

The annual meeting of the Leasbury Co., Ltd., was held at their office at Newcastle on Wednesday, and nearly all the shareholders were present. The sales for the year showed a substantial increase over the previous year, due in a large measure to the increased sale of automobiles. The usual dividend was declared. The directors for the ensuing year were elected as follows:—W. G. Clark, President; C. C. Hayward, Secretary; Edward Hannay, H. H. Warman, and J. H. Dunlop. Other shareholders present were: E. A. LeGallais, Campbellton; R. S. Curll, Chatham; G. H. Lounsbury, St. John; M. E. Rees, Campbellton; F. E. Lock and J. J. Barron.

FOR ENLISTMENT

Young men desiring to enlist for the mounted infantry now being recruited, should make application at once to Capt. A. T. LeBlanc.

NEW PRESIDENT

At a meeting of the Agricultural Society Division A. of the County of Bonaventure held on the 3rd inst., L. P. LeBel, Registrar, was unanimously appointed President of the said Society in the place and stead of John Clement, Esq., who had resigned.

BUSINESS GOOD

Hon. John Hall Kelly, M. L. C., of New Carlisle, P. Q., in a recent interview, stated that business conditions in the county of Bonaventure and along the coast of Quebec were, in comparison with other parts of the province, very good. So far this season, he says, there has been a decrease in the cut of timber, owing chiefly to the fact that money has been very tight.

RAILWAY ACCIDENT

Early Friday morning, a serious accident occurred near Millstream, on the North Shore division of the I.C.R., where the last three cars and the van of No. 75 north-bound East Freight jumped the track and bounded down a steep embankment along the top of which the train was running at a fairly good rate of speed. Although all the cars were upset, no one sustained any serious injuries. The wrecker was sent out and replaced the wrecked equipment on the rails.

HEAVIER CUT

Most of the New Brunswick manufacturers report that they are taking out a heavier cut of logs this winter than last winter and that the outlook for 1915 trade in connection with the English market is the best that it has been in many years. It is believed also that the United States market, on account of the situation in Great Britain must show a similar upward tendency or go without Canadian lumber. Reports in regard to stock on hand at mill points vary greatly, but indicate a reduction in general as compared with last year.

MARRIAGE

The Church of the Angel Guardian at L'Ardoise, Nova Scotia, was the scene of a pleasing event on Monday morning, February 1st, at nine o'clock, when Miss Mary Rose MacNeill, daughter of the late Alexander and Mrs. MacNeill, was united in marriage to Mr. William Sidney Sullivan, formerly of Campbellton, N. B., but now of Montreal. The marriage ceremony was performed and Nuptial High Mass celebrated by the Reverend J. A. Boudreau. The bride, who was given away by her cousin, Mr. William MacNeill, was becomingly gowned in a navy blue tailored suit with hat to match, and was attended by Miss Agnes Sampson as bridesmaid, while Mr. Walter Martell supported the groom. A reception was held at the home of the bride's mother, after which the happy young couple left on the evening train for a short trip through Nova Scotia before returning to their home in Montreal.

CHEERING REPORTS

The following paragraphs are taken
from reports received by the "Canada
Lumberman and Woodworkers" from
various New Brunswick lumber man-
ufacturers.

We are taking out about 40 per
cent, more logs this winter than last
winter. The outlook for trade during
1915 is good. The demand from the
English market is the best that it has
been in years. The United States
must respond or go without
Canadian lumber. Prices last winter
averaged from 5 to 10 per cent. less
than during 1913 and profits showed a
reduction of about 20 per cent.

Our log output this winter will be
much larger than in previous years.
The outlook for 1915 is good.

Our log output this winter will be
the same as last winter. The outlook
for the lumber business during 1915
is exceptionally good. Lumber and
shingles are rather dubious. The
trade with Great Britain last year
was excellent, but that with the United
States was very bad. Profits last
year on long lumber were better than
in 1913 and on short lumber they were
poorer.

We will take about 20 per cent.
more logs this winter than last winter.
The market in Great Britain during
1915 will depend entirely upon the
war situation. The prospects in con-
nection with the United States market
are that prices will be low. Our pro-
fits last year were about the same as
in 1913.

Our log output this winter will be
about 90 per cent. of that of the pre-
vious winter. The outlook for 1915 is
favorable at present for shipments to
Great Britain. United States and
western Canada markets are weak.
Profits in 1914 were about the same
as in 1913. Prices were probably 10
per cent. better. Our stocks now are
a little lower than a year ago.

We will take out twice as many logs
this winter as last winter. We consid-
er the outlook for 1915 pretty good.
The market in Great Britain last year
was characterized by increasing val-
ues and the United States market was
a weakening one. Our profits were
better for 1914 than for 1913 and the
volume of our trade was greater.
Long lumber was 50c per thousand
higher. Laths were 15c per M. better.

but shingles were not so good.
In conversation with some of the
lumbermen in the past week, the op-
inion is expressed by all that the com-
ing summer will be a splendid one,
and granted proper shipping facilities,
more lumber will be sent out from
this port than in previous years.
This is indeed good news and should
help wonderfully to restore the spirits
of those who were pessimistic.

Speaking before the Experimental
Farm Superintendents recently assem-
bled in convention at Ottawa, Mr.
Geo. H. Clark, Dominion Seed Commis-
sioner, sounded a note which is of
special interest at the present crisis
in Canadian agriculture. In prefacing
his address he said: "Unfortunately
farming during the last ten years
or more has been less attractive to
young men of good ability and to
capital than other industries in urban
centres. The problem of farm labor
has been an exceedingly perplexing
one and in consequence farm systems
have been modified so as to require
the minimum of labor for the maxi-
mum yield of net returns. City indus-
tries have completely outbid the
farm in the matter of labor, and it is
probably true that at least one-third
of city working men have had experi-
ence in farming. I would like to say
to those men now that if the oppor-
tunities in the cities looked brighter
during the past ten years, the next ten
years in my judgement, assuredly be-
long to the farm, and the sooner they
realize that the better for themselves
and for all concerned."

We print this week a letter from a
Dalhousie correspondent, which we
give to our readers for what it is
worth. We do not think our corre-
spondent is in earnest, however, "He
who runs may read."

At New Capisle on Jan. 30th, in-
fant son of Mr. and Mrs. Jamieson E.
Coul.

ARMENIAN COLLECTORS

Newcastle was visited the other day
by one of more Armenians who claim-
ed to be ministers, and who were col-
lecting money for the children of their
native country. While it is known
that the Armenians people have suf-
fered greatly at the hands of the
Turks, still there have been so many
of these so-called ministers who have,
upon investigation, been proved fakirs
that it would be well for those who
would contribute to beware. These
collectors may be what they represent
themselves to be, or they may not.
However, it is best to be on the safe
side and avoid them, giving what can
be spared towards funds we know to
be worthy, as the Patriotic Fund and
the Belgian Relief Fund—Advocate.

BUSINESS AS USUAL

SHIGAWAKE

The Red Cross Branch which has
been organized since Oct. 12th, 1914,
has been very busy. On Oct. 23rd 3
large bales of clothing of all kinds,
including bedding, were sent to the
Belgians. The Society then began
working for the soldiers, and up to
date have a bale ready to send, com-
prising the following articles:— 51
pairs of mitts and gloves, 31 pairs of
socks, 5 pairs of pyjamas, 5 night
shirts, 3 shirts, 1 scarf and 1 pneumo-
nia jacket.

This bale was contributed by the
members alone. An entertainment
was given by the members on Jan. 19,
for the purpose of buying yarn and
material with the funds. But owing to
the inclemency of the weather
many were hindered from coming.
On Jan. 22nd it was repeated with
several new additions to the program.
Again the weather was against us, a
storm the day before making heavy
roads, and only a small number were
present. However the program was
said by all who attended to be excel-
lent and worthy of mention.

The sum of \$36.00 was realized, for

The costumes were simply gorgeous,

Owing to the delightful weather,
many of our friends from neighboring

TROOPS AND NURSES PASS THROUGH HERE On Special Train Saturday Morning en Route For Halifax

About fifty Red Cross nurses from Ottawa and Quebec and about one hundred and fifty men of the Royal Canadian Engineers, Kingston and Toronto, passed through here on Saturday morning by special train en route to Europe, via Halifax. The nurses were accommodated with four sleeping cars at the rear of the train. The troops were commanded by Captain Morrison, of Kingston.

The special train arrived in Moncton about 11.45 and left again for Halifax at 12.20. It consisted of a locomotive, baggage car, three colonist cars, the diner "Oromoto" the sleepers "Gaspe", "Rimouski", "Pictouville" and "Painsec" and a van. It will thus be seen that the soldiers and nurses travelled in style, and that every means was taken to ensure their comfort during the journey. Several spoke in appreciative terms of the splendid train placed at their disposal by the Intercolonial Railway.

Forty-five of the nurses come from Ottawa and the remainder from Quebec. They are a portion of a contingent of seventy selected by the militia department for service in France.

The train arrived, unfortunately at an hour when Monctonians were for the most part unavoidably detained elsewhere, so that there was not so large a crowd at the depot as might otherwise have been the case.

The troops showed great eagerness to get at the very latest news from the front and within five minutes of arrival had cleaned the station news stand out of every daily paper in stock.

Soldiers and nurses alighted from the train and stood on the platform, conversing with spectators until the bugle sounded the "fall in" and the train pulled out of the station.

ANNUAL MEETING SHINGLE ASSOCIATION Held at Bathurst.—Year Closed Showed Marked Improvement. —Officers Elected

The Annual meeting of the North Shore Shingle Association was held at Bathurst recently, and was well attended, practically all the shingle mills of Eastern Canada from Chatham to Gaspe being represented. The executive elected for the ensuing year was as follows:—Angus McLean, Bathurst Lumber Co., President; W. P. Napier, Shives Lumber Co.; R. B. Ross, Forest Reserve Pulp & Paper Co.; W. P. Eaton, Miramichi Lumber Co.; and F. E. Blackhall, Secretary-treasurer.

The North Shore Shingle Association was formed early in 1912 so that this meeting was the third annual and afforded a good opportunity to compare records and note results. Each year has shown marked improvement both as to volume and quality of business handled, and notwithstanding the money stringency that prevailed during the latter part of last year, sales kept up as usual and collections were excellent.

The total output of the mills forming this association reached approximately 250,000,000 shingles during the season.

The value would approach \$600,000 at the mills. The stocks at most of the mills were pretty well cleaned up, except where winter sawing is being done. In these cases the wintered stock is greatly appreciated by the trade as it enables them to take care of early demand in the spring before the mills start.

The demand for extras has been exceedingly good so that there is but little of this grade to carry over.

The demand for second clears usually exceeds the quantity turned out. The past season has been no exception in this regard. Since the association was formed, standard grading rules have been adopted and the quality of shingles at association mills has been much improved.

Along with uniform quality, uniform prices and terms have been maintained and with such large supply to draw from the mills are in a much better position to handle large contracts promptly. This is something that is appreciated by large buyers.

Considerable publicity in the way of newspaper advertising will be done during 1915 as the association feels that the merits of white cedar shingles should be placed before the consumers. Particular buyers all over Canada as far west as Ontario and over the eastern States insist on New Brunswick or eastern Quebec white cedar shingles, but at the same time they specify well-known brands that they know to be well manufactured.

In regard to the output for 1915 it will be fully up to, or exceed that of 1914 and stocks in dealers' hands are practically nil. Stocks at the mills are lower than they were this time a year ago so that, taking the situation all together, things should work out pretty satisfactorily during the season of 1915.

FUNERAL OF MRS. FIRTH ON SATURDAY Memorial Service Held in St. Andrew's Church on Sunday Evening

The funeral of the late Mrs. D. C. Firth was held last Saturday afternoon a large gathering of mourners attending. The service at the house was conducted by Rev. T. P. Drumm Moncton, assisted by Rev. F. C. Simpson and Rev. W. G. Firth. The service was very impressive, the choir of St. Andrew's church assisting in a beautiful musical service attired in their robes, and wearing white and pink carnations. After the benediction they filed past the remains of their late member and deposited their flowers in the casket. Many beautiful floral tributes were received, among them being wreaths from St. Andrew's choir, St. Andrew's Kirk Session, Board of Trustees of St. Andrew's, and the Curling Club, as well as many beautiful flowers from private parties.

Interment was made in Campbellton Rural cemetery, the pall-bearers, being Messrs. W. F. Yorton, John M. McLean, M. A. Kelly, W. D. Duncan, A. G. Adams, Jas. G. Craig, Peter S. Gerrard.

On Sunday evening a memorial service was held in St. Andrew's church. Rev. F. C. Simpson in the course of his address paid fitting tribute to the late Mrs. D. C. Firth and to Mrs. MacNutt, who passed away the previous week. At the close of his sermon the reverend gentleman said:

"Twice in the few days I have been with you I have been required to stand by the open grave. In the first case to commit to their last earthly resting place the remains of one who lived an unobtrusive life of Christian faith. For some years infirmity deprived her of a share in the larger life of activities of the congregation. Her life was chiefly spent in the seclusion and sacredness of her own home, ministering to her own beloved ones, seeking gladly to do her part, living and dying in the faith of Jesus Christ. Our sympathy is given to those left behind. Some of us know what the loss of a good mother means. She has entered into her rest."

Again, death has taken yet another one who filled a very large place in the life of this congregation, one who had ability and opportunity to show her love for her Master in a wider sphere, and she was always ready to offer good work. This is the testimony regarding her. Her removal is a distinct loss to this whole community, for her good works were not circumscribed by any narrow or ecclesiastical lines. It is a severe loss to this church which has been enriched by her many labours of love and who can measure the loss in that home which is left so desolate. Our profoundest sympathies are given to the one who is left to mourn; our consolation must be in the truth that our loss is her infinite gain and our hope is that others, inspired by her good example, may come forward to take up the work she has laid down. Who will step up and fill up the breach that the ranks may be closed? So that the Masters' work shall not suffer.

For all of us there is in these events an admonition. If we have ears to hear, let us hear what the Lord is saying to us. "Be ye also ready for in such an hour as ye think not, the Son of Man cometh."

After the benediction the organist played the "Dead March in Saul", and the choir rendered some of the late Mrs. Firth's favorite hymns very beautifully. The sympathy of everyone in town is extended to Mr. Firth in the hour of his great sorrow.

RED CROSS NOTES
Tomorrow afternoon, Friday, at 2.30 o'clock, an invitation is extended to the ladies of the town and vicinity to meet at the "Red Cross Rooms" to make marching belts for the soldiers. Light refreshments will be served to the workers.

It will be necessary to prepare for many months more of war, and as long as this dreadful campaign lasts, so will comforts be needed for the troops and money needed to purchase necessities for use in the hospitals, and near the trenches, where the wounded men are given first aid.

So much can be done in the way of knitting circles, entertainments, contests of various kinds, and those who unselfishly give up some of the more frivolous enjoyments of life and take up the more serious ones as befits the present period in our national history, will be rendering a service to their country and countrymen, as valued as those who are actually engaged in the force of arms.

FINE NEW RINK FOR DALHOUSIE Structure Erected During Last Summer a Credit to The North Shore

Dalhousie now has one of the finest combination skating and curling rinks in the province.

In May last a company known as the Dalhousie skating and Curling Co., Ltd., applied for and received a charter, the capital being \$5000. Early in the season the construction of the new building was undertaken.

The size of the rink is 180 feet long x 90 feet wide, and cost \$6,200 including land. The rink is a combination for curling, skating and hockey. The skating and hockey ice is in the centre, 65 feet x 50 feet, and the curling ice is at each side full regulation. There is four ante-rooms one on each side of the rink. Opposite the curlers rink there is one on each side, main entrance for ladies and gentlemen. These rooms are 20 x 25 and the main entrance is 10 ft. x 25 ft. Besides these ante-rooms there is a banquet hall 50 ft. x 20 ft., with gallery in front of the banquet hall 10 ft. x 50 ft.

The committee of management, of which Mr. W. F. Comeau was the untiring leader, are to be congratulated upon their effort.

The first foreign match played on the curling ice was that between Campbellton and Dalhousie on Monday, Jan. 25th. The Campbellton curlers were loud in their praise of the new rink.

FUNERAL OF MRS. YOUNG
The funeral of Mrs. Wm. R. Young, who died on Friday was held on Sunday afternoon, Rev. J. E. Purdie officiating. The pallbearers were Mr. Edgar Shirley, Mr. Charles Killadi, Mr. Andy Matthews, Mr. Edward Price, Mr. Alexander Ferguson and Mr. Archibald Ferguson. Mrs. Young leaves a husband and a young family to whom every sympathy is being shown.

At a special meeting of Restigouche Div., No. 530 of the G. I. A. to the F. of L. E., held at the home of the President, Mrs. D. C. Gallan, on Wednesday afternoon, the 19th, the following resolution was unanimously adopted:

Whereas, it has pleased Almighty God in His Divine way to visit the home of Brother Wm. Young and call away by death his beloved wife and helpmate, which sad event occurred on Friday, the 5th of Feb'y., Be it resolved:

That the members of this Lodge extend to Brother Young our heartfelt sympathy in the great loss which he has sustained, and while realizing the emptiness of mere words, we would assure our Brother that our hearts go out to him in his hour of grief and sadness with the hope that amidst the heart-ache and loneliness that must be his at this time, there will come to him the consciousness that our Heavenly Father, in whom alone we live and move and have our being is too wise to err and too good to be unkind.

And further resolved that this resolution be entered upon the minutes of this Lodge and that a copy be forwarded to Brother Young, also that it be published in the local newspaper.

EDITOR'S MAIL BAG

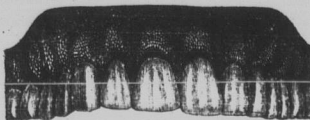

Dalhousie, Jan. 30, 1915.
To the Editor of the Graphic,
Campbellton, N. B.,

Dear Sir:

In your issue of the past week, I notice an Editorial headed "Why is This?" about Dalhousie being one of the recruiting centres for the 3rd contingent. I cannot give the reasons that the Minister of Militia had for deciding, but have confidence enough to believe he had good ones. It was reported here that The Inch Arran Hotel was to be leased for that purpose, this is a mile out side of town with suitable land for training purposes, and ample accommodation for a large number of volunteers, there is no such place to comfortably house the volunteers at or near Campbellton. Next, the Minister of Militia has strong temperance views and no doubt is aware that Dalhousie has only two licensed hotels, and that his instructions regarding the sale of liquor will be carried out, and that it has no dines or restaurants where intoxicating liquors are sold all hours of the day and night, Sunday included, as in Campbellton. He evidently also has a British Admiralty chart, and knows that any transport afloat can come to Dalhousie, and that only a very small one could go to Campbellton and that at Spring Tides only. He will have a list of the homes and addresses of their points from all over the Dominion and knows by it that the list of volunteers as published in your paper is absolutely false, and that you are endeavoring to mislead the public by claiming all volunteers from Restigouche and Bonaventure Co's. as Campbellton volunteers. There are several mothers in Dalhousie that have sons both in the 1st and 2nd contingent, and many from the surrounding district. Trusting that you will publish this letter and in future give credit where credit is due as regards our Restigouche and Bonaventure volunteers, and by so doing will greatly stimulate recruiting.

Yours truly,
(DA'HOUSE).

CLIMBS FROM TRAIN INTO A SNOWBANK

Toronto Lady Tells of Miraculous Escape From Recent Maritime Wreck

Mrs. Starr, wife of Dr. F. N. G. Starr, of Toronto, who was a passenger on the Maritime express, which was wrecked at Campbellton, on Friday, considers herself extremely fortunate to have escaped with so little injury.

"The two sleeping coaches turned three-quarters over," said Mrs. Starr to the Toronto Starr. "It was about three o'clock in the morning, and everybody was in bed. There was no fuss or hysterical excitement at all. We climbed out of a window on the upper side of the coach. It was the first time I ever realized that snow was warm. We had very little, of course. We managed to find our stockings. The train crew helped everybody through the windows and then we were all taken up to the mail car, which had not left the track. Here the worst hurt were fixed up with a place to lie down. The trainmen rummaged around in the overturned cars and got some more of our things, and then we were taken to Campbellton, seven miles away, where the railway people had doctors waiting to look after us. It was really a marvellous escape. There was no serious injuries. I was quite badly bruised but that was all. The train crew behaved splendidly."

Mrs. Starr, who was formerly Miss Annie C. Mackay, of New Glasgow, was returning from attending the funeral of her brother in New Glasgow.

TORTURED BY CONSTIPATION

"Fruit-a-tives" Cured Paralyzed Bowels and Digestion

ST. BONIFACE DE SHAWINGAN, QUEBEC, Feb. 3rd, 1914.

"It is a pleasure to me to inform you that after suffering from Chronic Constipation for 2 1/2 years, I have been cured by 'Fruit-a-tives'. While I was a student at Berthier College, I became so ill I was forced to leave the college. Severe pains across the intestines continually tortured me and I was unable to eat. I could not sleep, I was down all day, and my Digestion became paralyzed. Some one advised me to take 'Fruit-a-tives' and at once I felt a great relief. After I had taken four or five boxes, I realized that I was completely cured and what made me glad, also, was that they were acting gently, causing no pain whatever to the bowels. All those who suffer with Chronic Constipation should follow my example and take 'Fruit-a-tives' for they are the medicine that cures."

MAGLOIRE PAQUIN

"Fruit-a-tives" are sold by all dealers at 50c. a box, 5 for \$2.50, trial size, 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

THE EFFECT OF MEADOW WEEDS

Weeds growing in hay crops may actually increase the tonnage of cured hay. But if the farmers had parts of plants of wormseeded mustard, false shepherd's purse, mayweed, etc., finely ground and mixed with their hay, they would better appreciate why dairy cows of horses toss weedy hay out of their mangers. Some inconsiderate farmers chop weedy hay in a cutting box thus preventing their stock from picking it over and avoiding the weeds. They do not seem to realize that many such weeds are in-wholesome or even poisonous and that when forced to eat them animals fall to make gains, or yield a small quantity of badly flavored milk and become generally unthrifty. If forced to eat such feed they will consume only sufficient for their existence. The most economical gains are obtained from feeds which are not only highly nutritious but are also relished by the stock. This is a condensed item from the introduction to "Fodder and Pasture Plants" copies of which may be procured by Canadian Farmers from the Government Printing Bureau, Ottawa, for the nominal price, 50c. This book has twenty-five full-page illustrations showing the principal grasses and clovers in their natural colors.

What Cures Eczema?

We have had so many inquiries lately regarding Eczema and other skin diseases, that we are glad to make our answer public. After careful investigation we have found that a simple wash of Oil of Watergreen, as compounded in D. D. D. Prescription, can be relied upon. It would not make this statement to our patrons, friends and neighbors unless we were sure of it and although there are many so-called Eczema remedies sold, we ourselves unhesitatingly recommend D. D. D. Prescription. All druggists have D. D. D., 25c, \$1.

Drop into our store today, just to talk over the merits of this wonderful Prescription, \$1.00 a bottle. Ask also about D. D. D. Soap.

IDEAL MOTHERHOOD

Written by Mrs. Richards and read at convention at St. John, Sept. 15th, 16th, and 17th, 1914.

The inuance of the mother in the home is great and therefore every mother should strive to fill her position as worthily as possible. She is described as the Queen who sits upon her throne crowned and accepted as none other can be. Her environment is complete, her reign unrivalled and the moral issues of her empire are eternal.

Truly, her subjects are sometimes rebellious, yet she rules them with marvellous patience, winning tenderness and unending love.

Her memory is sacred while she lives and becomes a perpetual inspiration even when the bright flowers bloom above her sleeping dust. Scotland, with her well known reverence for Motherhood, has said, that "An ounce of mother is worth more than a pound of claret." Napoleon also cherished a high conception of a mother's power, and believed that the mothers of the land could shape the destinies of his beloved France.

There is one vision that never fades from the soul and that is the vision of mother and home. John Randolph was once heard to say that only one thing saved him from atheism, and that was tender remembrance of the hour when a devout mother, kneeling by his side, took his little hands in hers and taught him to say "Our Father who art in Heaven."

Realizing all this, it is not unusual that all fathers should have an ideal motherhood ever before them, and strive to reach, as near as possible, its standard. There are so many apparently conflicting demands upon the time of the average mother, that there must be wise planning and persistent loyalty to it, together with considerable independence of the opinions of our neighbors, if we would find time to attend to the inspiring, as well as the disciplining, of our children.

I think a mother's duty to her little children comes first. Certainly her duty to her home is greater than that to the community, and grownups in the home are able to be more independent than the child, and are less seriously affected by neglect than children.

Then, as to the ideal mother. First of all, I would have her serene, able to meet emergencies to deal with, and four things at a time without becoming cross and able to steady and help a petulant and unreasonable child with out losing her self control. It takes grace to be serene and it also takes something more, for serenity rests upon a physical as well as a spiritual basis. It requires fresh air and sleep and wholesome meals to produce it.

Next, I would have her so affectionate that her children might always feel certain of her love, even when weak and naughty. But this affection should never interfere with absolute justice, else the children would grow up with the idea that wrong doing is atoned for and forgiven by caresses.

Third, I would have her a ruler. Reverent obedience of the child to parents is the preparation for reverent obedience of the man to God. Authority is not tyranny. As the authority of God is not tyranny, neither is the authority of a mother when rightly used. If it is rightly used it will be used under the feeling of tender love and affectionate interest. The children themselves will more and more come to feel that, and feeling it to render a cheerful and willing obedience to it. We mothers should rule in love, in Christian love. But, we should rule.

Fourth, I would have her sympathetic, taking an interest in all her children's affairs. The mother who is never too tired or busy to bend a sympathetic ear to listen to her little one's childish griefs, is quite sure to obtain and hold her child's full confidence through childhood and young womanhood or manhood, as the case may be.

Fifth, I would have her thrifty, of course, but I should be afraid of having her too fine a house keeper. Some-how excessive devotion to an immaculate home does not seem to create the best sort of atmosphere for active boys and girls. It is apt to make them think that some other child's mother is not so fussy as theirs, and therefore they can have a better time in some other place. And when children once get the idea into their heads that their mother and their home are not the best in the world, the very foundations of society are endangered.

Too many injunctions, not to touch this, and not to get that onto the floor, is down right perilous. If it results in nothing more, it is quite certain to provoke a distaste for over-aidness, which generally ends in slovenliness.

Gifts carried to excess in the parents generally produce the balancing faults in the next generation, and so the average is maintained.

Sixth, I would have her give a portion of her time to outside interests, those interests which would be of benefit to her family as well as herself. I think she should take an interest in the schools her children attend, and let them know that she is interested in their studies. She should endeavour to get a little time for reading. As her children grow older, she does not seem to have time to read and it is then that she really needs to read and be interested in the literature she wishes her children to read.

Then, I think, every mother owes it

CRIPPLED BY RHEUMATISM

334 N.Y. Ave., White Plains, Ind. Jan. 28th.

"Will you please send me a box of Gai Pills? When I sent for the last box, I was all crippled up with Rheumatism and my face was so badly swollen, that I could hardly see out of my eyes, but after taking about six of the pills, I felt some better, and after a few days I had no more pain. I have recommended Gai Pills to some of my friends who are troubled in the same way. I never intend to be without them as I have tried so many other pills and got no result."

Mrs. ED. DEAN.
