

COPIES OF CORRESPONDENCE
Between His Excellency the Lieutenant
Governor and his Executive Council, on
the subject of the
Dissolution of the General Assembly,
May 1856.

Copy. No. 1.—(A)
Memorandum for the Executive Council.
His Excellency the Lieutenant Governor
desires to recall the attention of his Council
to the Act which was passed last year to pre-
vent the importation and manufacture of, and
traffic in intoxicating liquors.

This Act has now been, legally speaking,
in operation for some months; but practically
it is wholly inoperative for the purpose for
which it was passed, for although liquors
can no longer be imported through the Custom
House, and the Revenue suffers in conse-
quence, it is a notorious fact that liquor is
sold with impunity, although in violation of
the law, in every part of the Province.

The Lieutenant Governor is aware that in
some instances legal proceedings have been
taken against parties charged with the sale
of liquors contrary to law.

But these are exceptional cases, and the
punishment of a few individuals for acts
which multitudes may and do commit with-
out punishment and without question, only
aggravates the evil; for when justice ceases
to be even-handed it ceases to be justice.

If the Prohibitory Law be capable of en-
forcement, the Executive Government is
bound to enforce it, for it is their especial
duty to uphold the authority of the law.

If, on the other hand, the Prohibitory law
is incapable of enforcement, it should not
continue on the Statute book; for the existence
of a Statute, which is not and cannot be
enforced, especially when that Statute is an
important Statute, and of recent enactment,
is calculated to engender habits of lawless-
ness among the People, and to bring into
contempt the legislature as well as the law in
general.

The Lieutenant Governor does not seek
to argue in favor of either one of the above
propositions as against the other, but he does
not hesitate to express his conviction, that a
continuance of the existing condition of
affairs is fraught with peril to the best in-
terests of the community, and that it calls
imperatively for a remedy.

In the opinion of the Lieutenant Governor
this remedy is only to be found in an im-
mediate appeal to the People; and in inviting
his Council to express their views on this
subject, he calls their attention to the fact
that the supporters and the opponents of the
"Prohibitory Principle" alike lay claim to a
preponderance of public opinion in favor of
the views which they respectively advocate.

Mr. Attorney General.—The question
to which the enclosed Memorandum relates
is, in my opinion, of pressing and primary
importance, and I doubt whether the decision
on it can properly be postponed even until
the 20th instant, the day suggested to me
for holding the next Council. At all events
I think it necessary at once formally to call
the attention of my Council to the subject,
and to save time I have directed eight copies
of my Memorandum to be made, one of
which will be transmitted by me to each
Member of the Executive Council.

I desire to receive from my Council, as
speedily as possible, a reply to my Memoran-
dum. You will be good enough to com-
municate with your colleagues, and unless I
hear some reason to the contrary, I purpose
calling a Council for the 15th instant.

Memorandum of Executive Council in Committee.
To His Excellency the Honorable J. H. T.
Manners-Sutton, Lieutenant Governor,
&c. &c. &c.

The Council in Committee having had
under their consideration Your Excellency's
Memorandum relative to the Act to prevent
the importation, manufacture and traffic in
intoxicating liquors, have to observe,

Your Excellency's conclusions are based
upon the supposition that the law, for the
purpose for which it was enacted, is wholly
inoperative; an opinion in which the Council
do not concur.

But even assuming that your Excellency
is correct in the opinions expressed in the
Memorandum, the Council would not feel
themselves justified in advising your Excel-
lency to dissolve the House of Assembly,
with a view of testing public opinion upon the
Prohibitory law. An election at the present
time would not, for many reasons, indicate
the true state of the public mind on that
subject.

A dissolution would protract the agitation;
and should a new House repeal the Law, it
would not settle the question in the country.
If the law fails to accomplish the results an-
ticipated by its supporters, the Council are
of opinion that it will be repealed by the
present House.

The excitement and expense consequent
upon a general election, and special Session
of the legislature, together with the delay
which would necessarily arise in the arrang-
ing and prosecution of the contemplated pub-
lic works, are additional reasons, in the
opinion of the Council, to influence them in
advising your Excellency against a dissolu-
tion.

Memorandum for the Executive Council.
His Excellency the Lieutenant Governor

has given his full and anxious attention to
the Memorandum of the Executive Council
in Committee, in which the Council recom-
mend his Excellency not to dissolve.

A difference of opinion between the Lieut-
enant Governor and his Council, must be at
all times a subject of regret to him; and his
Excellency feels the greater regret in an-
nouncing to his Council that the opinion
expressed in his Memorandum of the 6th
instant remain unchanged; because he is
aware from what passed in conversation
when he met his Council on Saturday last,
that the announcement will be followed by
their resignation.

But the Lieutenant Governor retains the
strong conviction that a continuance of the
existing condition of affairs in connexion
with the "Liquor Law" question is fraught
with peril, and although it is very possible
that a dissolution may not settle wholly and
for ever this question, yet the Lieutenant
Governor sees no reason to believe that the
Constituencies are generally indifferent on
the subject; or that they will, when the
opportunity is afforded to them, fail to pro-
nounce their opinions, either in favor of or
against the Prohibitory Law, in the election
of their Representatives.

The Lieutenant Governor therefore con-
tinues to regard a dissolution as the proper
and constitutional remedy for the great and
growing evils, to which he has called the
attention of his Council in his Memorandum
of the 6th instant.

Memorandum of the Executive Council in Committee.
To His Excellency the Honorable J. H. T.
Manners-Sutton, Lieutenant Governor,
&c. &c. &c.

The Council regret that any difference of
opinion should exist with your Excellency in
regard to a dissolution of the House of As-
sembly at the present time. The Council
adhere to their advice already tendered, and
trust upon further consideration your Excel-
lency will recognize the propriety, in view
of all the circumstances, of acting upon that
advice. Should your Excellency continue
to adhere to and act upon the opinion ex-
pressed in your Minute, the Council will
then adopt such a course as they conceive to
be due to their position and the interests of
the country.

Memorandum for the Executive Council.
His Excellency the Lieutenant Governor
adheres to the opinions expressed in his
Memorandum of this morning's date. The
Executive Council are aware that while on
the one hand they are responsible during
their retention of office for every act of the
Lieutenant Governor, on the other hand they
may at any moment relieve themselves from
all responsibility by the resignation of office.

If, therefore, the Executive Council are
prepared to be responsible for the issue of a
Proclamation dissolving the Assembly, the
Lieutenant Governor directs this Proclama-
tion to be issued, and the Secretary will pre-
pare it in the usual form; but if on the other
hand the Executive Council are not prepared
to be responsible for this Act, then as the
Lieutenant Governor has never contemplated a
dissolution of the Assembly without the
concurrence of responsible advisers, he is
entitled to expect that the Members of the
present Council will at once place him in
the position to seek for other advisers, and
that they will thus allow the public business
to be conducted in a constitutional manner.

(Copy) No. 6.
Memorandum of the Executive Council in Committee.
To His Excellency the Honorable J. H. T.
Manners-Sutton, Lieutenant Governor,
&c. &c. &c.

The Council have considered your Excel-
lency's Memorandum of the 19th instant,
half past 5 o'clock, P. M.

The Council continue to regard a dissolu-
tion of the Assembly in the present state
of public affairs, as an act highly injurious
to the interests of the Province.

While the Council would feel themselves
relieved by an immediate resignation, they
are of opinion that there has as yet been no
act on the part of your Excellency upon
which they can constitutionally justify such
a course to the people of the Province.

The Council would observe, that your
Excellency has not even expressed a determi-
nation to dissolve the present Assembly.

If your Excellency has determined to dis-
solve, Your Excellency is aware that you
can dissolve on your own responsibility,
when the resignation of your present advisers
will, as a matter of course, immediately
follow.

Memorandum for the Executive Council.
His Excellency the Lieutenant Governor
has received the Memorandum of the Execu-
tive Council in Committee of yesterday's date.

The Executive Council have reminded the
Lieutenant Governor that he possesses the
power to dissolve the Assembly. This
power is undoubtedly vested in the Lieut-
enant Governor by Her Majesty's Commission,
and for the exercise of it the Lieutenant Gov-
ernor is responsible to the Crown, and the
Executive Council, for the time being, are
responsible to the people.

It would have been more in accordance
with the feelings of the Lieutenant Governor,
and more consonant with the practice in Eng-
land, where the responsibility of the Ministers
to the people is complete, and yet does not im-
pede the constitutional exercise of the prerogative,
if the Executive Council had relieved the
Lieutenant Governor from the necessity
of directing them to take a step of which they
have avowed their disapproval; but the course
which the Executive Council have pursued
leaves the Lieutenant Governor no option.

His Excellency therefore directs that a
Proclamation be immediately prepared, dis-
solving the Assembly, to be countersigned in
the usual manner by the Provincial Secretary
and transmitted to His Excellency.

To His Excellency the Honorable J. H. T.
Manners-Sutton, Lt. Governor, &c. &c.

The Council having received Your Excel-
lency's Memorandum of the 21st instant, ob-
serve that your Excellency calls upon the
Council to prepare a Proclamation dissolving
the General Assembly.

The Council submit that it is no part of
their duty to prepare a Proclamation, and
having advised your Excellency against a
dissolution, can assume no responsibility in
the matter.

If your Excellency has determined to dis-
solve the House upon your own responsibility,
your Excellency can direct the proper of-
ficer to prepare the Proclamation.

a real pleasure to us to speak favorably of
this article known almost universally to be
a good and safe remedy for burns and other
pains of the body. It is valuable not only
for colds in the winter, but for various sum-

WEDNESDAY, JUNE 4, 1856.

All other subjects being of minor impor-
tance at the present moment, we have thought
it advisable, as the great majority of the peo-
ple have few opportunities of perusing
official State documents, unless they are copied
into the journals of the day, to omit our
usual synopsis of news, in order to make
room for the important correspondence be-
tween the Lieut. Governor and the Executive
Council, and which we therefore lay before
our readers in extenso.

If proof were wanting of the deep interest
which his Excellency takes in the welfare
and well being of the Province, and of the ut-
ter worthlessness of the arguments which the
(now) opposition press, have during the past
week been seeking to sustain their ridiculous
charges against him; the production of this
correspondence supplies it in ample measure.

It proves to demonstration that the question of
the dissolution of the House, is not only not
a question between the Governor and the
people, as it has been sought to make it ap-
pear; but that it is not even so much a ques-
tion between his Excellency and the Council,
as one between the Council and the people.

Not even the most rabid Radical or Tee-
totaller will venture to deny that great ex-
citement exists respecting the Prohibitory
Law,—that the affairs of the Province gen-
erally are in a most unsatisfactory state, or
that a very large proportion, if not a majority,
of the people are desirous of having the op-
portunity, by a General Election of constitu-
tionally expressing their opinions on these
matters. How then does the case stand? Is
it the Lieut. Governor or the Fisher Council
who are seeking to stifle the voice of the peo-
ple in the management of their own af-
fairs? His Excellency says, and all men
must admit it to be the truth:—"that a con-
tinuance of the existing condition of affairs is
fraught with peril to the best interests of the
community, and that it calls imperatively for
a remedy, and that the remedy is only to be
found in an immediate appeal to the people."

The Council on the other hand say, "that a
dissolution of the House in the present state
of public affairs would be highly injurious to
the interests of the Province;"—(that is, in
other words, injurious to their individual
selves); but how or why they conceive this
injury should accrue, their correspondence
fails to inform us:—the onus of proof, how-
ever, to make good their position, should rest
with them, unless, indeed, they intend to as-
sert that the "state of public affairs" is per-
fectly satisfactory, which they will hardly
have the effrontery to do. No! it is not to
be denied our excellent Representative of
Her Majesty is a liberal (in the true sense)
and enlightened Governor, desirous to ad-
minister the affairs of the Province according
to the well understood and expressed wishes
of the people—willing to stand or fall, (as he
must do), by the result of his appeal to the
Country; while on the other hand, the Fisher
crew, are a contemptible craven set, willing
only to make sure of their salaries for an-
other two years at whatever cost of misery to
the country; if they could continue to do so
without facing the ordeal of an appeal to the
people, though they must acknowledge, that
such an appeal would, if they are right in
the position they assume respecting the Li-
quor Law and other questions, confirm them
in power with a vastly increased stability.

We maintain therefore that in the existing
state of affairs with so numerous signed Peti-
tions before them, praying for a dissolution
of the House, that it was their duty to have
assented to the representations of his Excel-
lency, and to have retained their offices until
the voice of the people had been taken on
all those important questions, which have
arisen since the last election, and upon which
they have never had an opportunity of ex-
pressing their opinions constitutionally.—
This they have been afraid to do, thus doubly
proving themselves by their desertion from
their posts, as unfit and unworthy to hold
them, as all their acts have forced men to
believe they were.

We have only space now left earnestly to
exhort every voter when he comes to the
Polls, to record his vote in favor of those can-
didates who will pledge themselves to support
the Governor in the noble dignified, and dis-
interested course he has taken.

confidence of a large number of the Free-
holders of this County, and having again
been strongly urged to offer myself, I have
determined to announce thus early my wil-
lingness to become your Representative,
should you think proper to elect me.

In doing so, I do not hesitate to express
my opinion that the course pursued by
his Excellency the Lieutenant Governor, in
dissolving the late House of Assembly,
meets with my warm approval, that I deem
the conduct of the majority of that House
in many instances such as the Prohibitory
Liquor Law—the Education Question, and
the Provincial Railway Scheme unwise,
and inconsistent with the true interests of
the Province.

My opinions on these and other matters
I shall be prepared to declare openly and
fearlessly on the hustings, and should they
meet with your approbation, I shall feel
proud of the honor of becoming one of
your Representatives and will pledge my-
self to discharge its duties to the best of
my ability.

As from my long residence in this Coun-
ty, and my having solicited your suffrage
on former occasions, my character and op-
inions must be well known to most of you,
it will not be necessary, nor indeed should
I have time in the short interval before the
Election, to visit you personally at your
homes, but I shall be happy to attend any
meetings that may be held in the different
sections of the County, and explain more
fully my views and sentiments on the sub-
jects which now agitate the public mind.

Should I have the honor to be elected
one of your Representatives, I shall feel it
my duty to make myself particularly ac-
quainted with your local wants and circum-
stances, and to devote my unwearied at-
tention to the promotion of the interests of
this County in particular, and as far as lies
in my power of the Province in general.

I am Gentlemen,
Your faithful servant,
GEO. D. STREET.

TO THE INDEPENDENT ELECTORS
OF THE COUNTY OF CHARLOTTE.

Gentlemen,—
His Excellency the Lieut. Governor,
having in the exercise of his prerogative dis-
solved the House of Assembly, you are now
called upon by his proclamation to elect fit
and proper men to represent your interests,
individually and collectively.

Gentlemen, I have served seventeen years
as one of your representatives, and feel proud
to say, with but few exceptions, to your
entire satisfaction; and if it should be your
pleasure to again return me, I trust I shall
be spared long enough, to complete the full
term of twenty-one years.

The old mill is good yet, never misses fire,
and if I do not sink at every shot, I am pretty
sure to hit.

The inhabitants of this Province have, for
the last three years been embroiled with agi-
tation on the temperance question, a question
which in my humble opinion, should never
have been legislated upon—what has grown
out of it? Prohibition, accompanied by acts
of tyranny and oppression, such things will
not do for free born Britons, rouse up then
in your strength, send such men to represent
you, as will allow one, and all of you, to sit
under his own vine, and under his own fig
tree, none daring to make him afraid. To
my numerous friends on the Islands, I would
say, be as true to me as I have been to you,
and all will go as smoothly as the marriage
bell—don't forget protection to the spawning
ground, the continuance of which shall be
secured to you so long as I have the honor to
represent you, it is to you a mine of wealth,
it is a nation's bountiful feeder, which with
prudence and industry will secure to you, all
the temporal blessings that you can require.

To the Agriculturist, the Lumberman, the
Mechanic and the Merchant, I would say, the
County of Charlotte requires practical men,
men of liberal views to represent them; a true
liberal as a representative is a safe man, a spu-
ritous liberal is to be abhorred, he is ambitious
for his own aggrandizement, and perfectly in-
different as to yours. Religious questions should
if possible, be kept out of the Assembly, they
are productive of no good; but should such
questions unfortunately arise, all denominations
shall receive at my hands equal justice.

The Country is now, and has been for years
cursed with a bad system of Education; a
better system was expected from the late ad-
ministration but nothing was done, indeed it
is a difficult subject to grapple with, but let
us hope that the next change will be for the
better, worse it cannot be. The time given
for this Election is so short, I regret that I
cannot call on all the Electors personally, I
will, however make the most use of my time.
I have been unexpectedly called to St. John,
and cannot commence my canvass until the
next week, look out for me, I am coming—I
have my boilers well filled, wooded up, and
if no part of the Engine gives way, I will
dash ahead, keeping always to the right—
The great question now to be decided is Pro-
hibition or no Prohibition, let that be the
rallying cry, that is the question on which the
dissolution has taken place, and that question
will be best answered by the men you
return, and I think I am well enough ac-
quainted with you to know that you will do
your duty; you have tried me and proved
me, and all I require, is an opportunity to
be tried again.

I am Gentlemen, very respectfully,
Your old and staunch friend,
JAMES BOYD.

St. John, April 16. W. E. STRONACH

TO THE FREEHOLDERS OF CHARLOTTE.

Gentlemen,—
At the forthcoming election of rep-
resentatives for this County, I intend to offer
myself as a candidate for your suffrages.

Time will not permit me to visit you per-
sonally.

My political views have recently been
expressed both in my address and at the Hus-
tings, that I need not repeat them: I will
again announce them at the Hustings.

The present state of this Province (arising
in a great measure from bad legislation) is
deplorable, and it must be the work of time,
prudence, and reformation to restore it to
a better condition.

If you think I can serve you in this emer-
gency you can say so by returning me, I wish
no man to vote for me from personal feeling
to myself, but simply and solely from the con-
sideration that my services may be useful to
the country in its present depression.

Should I be honored by your confidence, I
will not betray it. I will only profess what
I feel—and honestly try to fulfil what I pro-
mise at the Hustings.

I am Gentlemen,
Your obdt. servant,
GEO. J. THOMSON.

A MARVELLOUS REMEDY FOR A MARVELOUS AGE!

Holloway's Ointment.

THE GRAND EXTERNAL REMEDY.

By the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the Kidneys, disorders of the Liver, affections of the Heart, inflammation of the Lungs, Asthma, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

ERYSIPELAS, RHEUMATISM AND SCROFULA HUMOURS.

No remedy has ever done so much for the cure of diseases of the Skin, as this Ointment. Scurvy, Sore Heads, Scrofula, or Erysipelas, cannot long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

SORE LEGS, SORE BREASTS, WOUNDS & ULCERS.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumours. Professor Holloway has dispatched to the East large shipments of this Ointment, to be used in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years' standing.
