PUTS HEALTH AND VIM INTO WOMEN

So Says Mrs. MacPherson of Lydia E. Pinkham's Vegetable Compound

Brantford, Ontario.—"I was always tired and the least exertion would put me out for a day or two. I had a pressing pain on the top of my head, pain in the nape of my neck, and when I stooped over I could not get up without help, because of pain in my back. I did not sleep well and was nervous at the least noise. I kept house, but I was such a wreck that I could not sweep the floor nor wash the dishes without lying down afterwards. A friend living near me told me what Lydia E. Pinkham's Vegetable Compound had done for her. I began to take it. With the first bottle I felt brighter and got so I could wash dishes and sweep without having to lie down. Later I became regular again in my monthly terms. I have taken ten bottles all told and am now all better. I can truly say that your wonderful medicine cannot be beaten for putting health and vim into a woman."—Mrs. James H. MacPherson, 329 Greenich St., Brantford, Ont.

If you are suffering from a displacement, irregularities, backache, or any other form of female weakness write to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario, for Lydia E. Pinkham's Private Treatise upon "All Women's Diseases." It is free.

OBITUARY
 J. B. Caine

Beelingham Herald, July 21.—J. B. Caine, aged 55 years, passed away in Vancouver, B. C. Saturday afternoon, July 21st, after a short illness. Mr. Caine was formerly in the mill business in Beelingham and also had interests in Vancouver, and has spent the past 22 years in these cities. Surviving are his widow Evelyn Caine of Beelingham and one sister Mrs. Nellie Donnelly of Saint-John's. The body will be received in Beelingham Tuesday morning July 24th by the Harlow Mortuary Home where funeral services will be held Tuesday afternoon at 2 o'clock by the Rev. Cot. and interment made in the family plot in Bay View Cemetery. Pall bearers are William Carson, Charles H. Srinch, Charles B. Adams, W. A. Archibald, Earnest Brown and A. Keechly.

FORESTRY MEN IN THE WOODS
 Shanty Dinner and Other Entertainment For Visitors.

Tuesday, July 31, the Miramichi district was favored with a visit from the delegates of the Empire Forestry Conference and undoubtedly this will be a very great advantage to this section of Canada. These gentlemen, who are touring Quebec and New Brunswick before the conference in Ottawa begins, came by automobile from Bathurst to the J. B. Snowball depot camp on the Bathurst Road. There they were welcomed by prominent lumbermen of the Miramichi and were given an opportunity of partaking of a genuine "woods dinner." After a very satisfying meal prepared in Cook Morrissey's best style, W. B. Snowball, who presided at the dinner, proposed the toast "The King," which was honored in the usual manner and then the health of the visiting delegates was coupled with it by the name of Lord Lovat who responded in a very happy way and concluded by proposing the health of Mr. Snowball in having such a body of distinguished men present. Lord Lovat and Mr. Forbes expressed the thanks of the party to all who had contributed to the enjoyment of the best day of the itinerary.

The day's programme was concluded by a pleasant sail on the river on board the Alexandra, which returned to her wharf about ten o'clock, when the delegates boarded the train. At eleven o'clock the journey to St. John commenced.

The members of the conference, who came from all parts of the Dominion, were headed by Major General Lord Lovat, and among them were James Calder, Col. Coulthope, M. P. Howard, many other noted men connected with forest conservation. The party was accompanied by Col. T. G. Loggie, Deputy Minister of Lands and Mines, and G. H. Prince, chief forester. The minister, Hon. C. W. Robinson, and the General Tourist Agent continued with them to St. John.

The Dominion Government was represented by E. H. Finlayson, Acting Director of Forestry, and the C. N. R. management had committed the comfort of the delegates to C. E. Howard, General Tourist Agent of the National lines.

Local arrangements for the visit and entertainment of the conference members were in the hands of Messrs. W. B. and R. A. Snowball, of the J. B. Snowball Company and Mr. J. W. Brantley, general manager of the Miramichi Lumber Company, and everything possible was done to make the visitors' stay in this district a very pleasant one.

"NO BANANAS" SONG EARNS \$60,000
 Million Copies Have Been Sold Already—Their First Musical Success.

New York, Aug. 6.—"Yes, We Have No Bananas" is a \$60,000 tune. When a squawking fruit hawkker disturbed the late morning sleep of Frank Silver, leader of a jazz band in a New York food and noise emporium, he started something. Silver and his pianist, Irving Cohen, banded together and taking a tip from the fruit vendor's plea made a life sized song hit. It will net them between \$50,000 and \$60,000.

The piece already has sold into million copies and it is generally estimated that another million copies will be sold. Stacks of phonograph records have been purchased. The music sells for player pianos. The method together would be nearly as long as an expense account.

"Banana Boys" Cohen ever sold. They had written many before. When they took it to a prominent publisher he offered them the usual \$200 advance. They were so sure they had a hit they held out for an advance of \$1,000 and got it. They get a royalty of 2 cents per copy, and a royalty from each record and music roll sold. On top of that, they jumped from comparative obscurity into musical fame and are now known as the "banana boys."

It is their first flash according to the tradition of Tin Pan Alley—where songs are made or "broke," it probably will be their one and only.

SAYS BILLION FEET OF LUMBER DAMAGED BY RECENT FOREST FIRES

Boring Insects Begin to Threaten Merchantable Lumber Left—Starting Crews to Cut Damaged Timber.

Fredericton, Aug. 8.—The Minister of Lands and Mines, Hon. C. W. Robinson, who left the Empire Forestry Conference here, was at his office today engaged in consideration of the problem of the removal of the timber for the large area of the province which was covered by the fires of the early summer. Col. T. G. Loggie, I. S. O., deputy minister, was in conference with the minister. An area of 700 square miles was covered by the fires and one billion feet of lumber is estimated to be standing in a more or less damaged condition. The problem is how to remove that timber in so short a time as possible so as to preserve its merchantable qualities to as great a degree as possible.

Dr. J. D. Tothill, of Fredericton, who is in the Dominion Entomological Service, has returned from the headwaters of the Tobique, where he inspected a considerable area of the fire-swept timber land. He stated that eggs of the boring insects which cause the damage to the burnt timber as it stands, have been laid in immense quantities and that the prospect is that the borers will work their will on all timber which cannot be removed. Many of the operators who have limits in the country covered by the fires already have started crews to log the burnt trees. Only a minor portion of the damaged timber can be logged in the present season, possibly 400,000 feet. During succeeding seasons the damage by the boring insects will be so great that the timber can be disposed of only as damaged and at a reduced price.

"THAT'S GOOD, READ MORE" WERE HARDING'S LAST WORDS

Dead President Was in Bed Listening to Mrs. Harding Reading an Article in Which He Was Mocked When the End Came Without Warning.

San Francisco, Calif., Aug. 8.—"That's good, go on read some more." These were the last words uttered by President Harding to Mrs. Harding. Mrs. Harding was at his bedside reading aloud when she passed and looked at the President, according to Alfred Holman, San Francisco publisher and close personal friend of the President, who visited the sick room a few moments before the end came.

Mr. Holman told interviewers that the President's hand relaxed as he asked Mrs. Harding to continue reading. Instantly his expression changed. He was dead.

Mrs. Harding was reading an article entitled "A Caim Baiter" of a Caim Man, in which President Harding was the main reviewed.

After writing the song the composer played it for three months in the cafe in which they jazz with their musical comrades each night. It was a tremendous hit. The audience joined in the chorus each night.

From Coast to Coast.

Now it is whistled and hummed from the Battery to the Golden Gate. Prize fight crowds are entertained with its idiotic words. Staid waiters in wholesale restaurants have left their tip-grabbing jobs because they feared insanity from being at the joke's end of the season's bromide a thousand times a day. Bananas and cream have become friends again and the produce merchants claim sales have mounted so rapidly they almost have to say—"Yes, we have no bananas today"—then another host load arrives.

Publishers of the song had to forego the hit on their Chicago representatives and California refused it flatly. That was at first. Now in three months the unusual song had seeped into every hamlet and thousands of copies are being sold daily.

It started an epidemic of "crazy songs" and one may expect to hear most any crazy title announced within the next few weeks. Already the "Yes, We Have No Bananas Blues" has arrived.

 Quebec, Aug. 5.—Upwards of 170 Danish farmers arrived here on the S. Monday afternoon. They are in charge of Carl Jacobsen, who has brought out other parties of farmers from Denmark, "but never in such large numbers as the present contingent," he said.

STUDEBAKER
 The Verdict of 81,880 Buyers

During the first six months of this year, 81,880 buyers named STUDEBAKER as their choice of motor cars. This volume of business was the largest ever accomplished during any six months' period in Studebaker's history of 71 years.

Sixment did not influence the preference of these eighty-one thousand buyers. It was simply a case of selecting the car that offered the highest quality and value.

Thousands of buyers are daily turning to the Studebaker Light-Six, for example. At its price of \$1395, this car offers the greatest motor car value on the market and a type of six-cylinder performance that was formerly confined to the very highest priced cars. Extensive manufacturing facilities, large scale production and the elimination of middlemen's profits through complete manufacture in Studebaker's own plants, make possible in the Light-Six, the combination of high quality and low price.

To be able to buy a Six, practically free from vibration, for less than \$1400 is an opportunity not duplicated anywhere in the world. Elimination of vibration adds immeasurably to the life of the motor. It is one of the reasons for the universal high resale value of the Light-Six.

The Light-Six is durable, powerful, flexible, affords smooth, quiet operation and can be throttled down to a walking pace in high gear. It is easy to drive, convenient to park, takes the hills on high and holds sustained speed over long stretches hour after hour.

Stop in and let us prove what a vast difference there is between the Light-Six and other cars at about the same price—or between the Light-Six and cars of other makes costing several hundred dollars more. There's a reason for that difference. It's worth knowing.

First HA REACH
 About 6,000 Ft. Provincias I TV

Winnipeg, Aug. 8.—Eight persons were instantly killed and two fatally injured late yesterday afternoon when a train crashed into an automobile truck carrying a picnic party in Winnipeg, Pella. Mrs. Camille Capretto and her five little children, including a 3-year-old boy, were killed. Angelo Bartolo, 35 years of age, and a lady were also killed. The husband of the dead woman and another man were fatally hurt.

Capretto had banded his family into his automobile and invited several friends to accompany them on a picnic to Lawson Heights to eat their evening meal. As the truck was leaving the city at the Sugar road crossing of the R. W. & O. a passenger train struck the vehicle squarely and smashed it to kindling.

Flesh and blood were scattered along the track for yards. Every automobile in the city responded to the alarm and several parties were on the scene almost as quickly to administer the last rites.

Five Killed.
 Wildwood, N. J., August 6.—Four men and a boy returning in an automobile from a fishing trip were killed late Saturday when their machine was struck by a Pennsylvania railroad train at Burleigh Crossing, seven miles from this city.

They were residents of Gloucester and Westville, N. J.

One Escapes.
 Teaneck, N. J., August 6.—Two persons were drowned and a third sustained injuries that prove vital when an automobile in which they were riding along Fort Lee turnpike, early yesterday, got out of control, plunged into a brook 12 feet deep. The driver of the machine escaped injury.

The dead are Mr. and Mrs. N. S. Johnston, of Teaneck, and Mrs. Peter Erickson, of Bogota.

Johnson and his wife were dead when taken from the wreckage. Mrs. Erickson died after she had been taken to her home. Her husband, a banking executive, was at the wheel, but jumped before the car struck the water.

BENJAMIN SPENCE WON LIQUOR PRIZE
 "Canada's Pussyfoot" Disgustingly Hurls Bottle of Whiskey to Deck.

London, Aug. 7.—Benjamin H. Spence, of Toronto, secretary of the Canadian anti-liquor movement, has arrived in England and has been promptly hailed as "Canada's pussy-foot." Spence has come to England to attend a meeting of the Supreme Lodge of Good Templars to be held in London, August 9 to 17, after which he will go to an international conference at Copenhagen. "I am British to the core," he said, "and a great believer in the people of Britain and the British Empire, but if Great Britain wishes to relax supreme among the countries of the world she must adopt prohibition, especially if we are to hold our own against the 'United States.'" He expressed the opinion that it was only a question of time before this country would be dry.

During the voyage Spence won the first prize in a deck quota competition, and for this some passengers presented him with bottles of whiskey. He smashed it on the deck by disgust, much to the distress of the onlookers.

FIRST HARVESTERS REACH MANITOBA

About 6,000 From the Maritime Provinces Expected There To-day

Winnipeg, Aug. 6.—Responding to the Dominion call for harvest help, nearly 6,000 harvest laborers from Great Britain are expected to arrive within the next three weeks to help harvest the grain crops of the Prairie Provinces, according to Canadian National Railway officials here. The first group of the Britishers have reached Canada and are now speeding westward.

CITIZENS OF KEDGWICK SAY REPORT NOT TRUE

Ask Graphic to Publish True Statement of Trouble at Kedgwick, Which We Gladly Do.

Kedgwick, N. B., July 31st, 1923
To the Editor of Campbellton Graphic
Dear Sir:—
We the undersigned citizens of Kedgwick, read with considerable surprise the article contained in your paper dated the 28th day of July, 1923, in which you stated that Constable Blaquiere had his pants torn and Constable Smith was hit by one of the Martell brothers. They finally put handcuffs on the prisoners and put them in a truck wagon that one of the citizens offered and were followed to the lockup by the usual crowd of curious small boys and men. There was no interference by the citizens of the village of Kedgwick, comprising a population of three hundred or more, the citizens of the locality where the arrest was made, were quite content to see these fellows locked up.

U. S. PRESIDENT DIED SUDDENLY

President Harding Passed Away Friday Evening at San Francisco.

San Francisco, Aug. 2.—It was just 7:20 tonight when a Secretary notified the President's apartment that he had died. The President died at 7:20 p.m. Mrs. Harding and the two Mrs. Gann were in the room at the time. Mrs. Harding was reading to the President, when he collapsed and all recognized that the end had come. A stroke of apoplexy was the cause of his death. Within a few moments all of the President's official party had been summoned.

Black Lands

The weather here for the past week has been very favorable and farmers are busy with their hay. Owing to the dry weather the hay is not very good. Miss Marion Dickie and Aldra Dickie, Black Point, were the guests of Mrs. Duncan MacCormack last week. Mr. A. Jackson Miller has gone out west on the harvest excursion and from there he is going to Salem, Oregon with his aunt, Mrs. Geo. H. Walker. Mrs. Geo. H. Walker and family Stanley and Ernestine of Lebanon, Oregon, have returned home after having spent their vacation with her mother, Mrs. Donald Nichol. Mrs. Harrison and family, James and Christine of Boston, are the guests of Mrs. Jas. R. MacMillan. Mr. John Hurlbut is quite often the guest of Mrs. W. Cook. Mr. Clinton Miller is busy getting his house fixed up. Mr. Jack McNeil has bought a new car.

GETS PARTICULARS OF BROTHER'S DEATH

Letter to Mrs. Harry Lyons With Information About Brother's Death.

The following letter has been received from the Arlington Hospital, Arlington, Washington, giving particulars of the death of Lind say Adams, which was caused by an accident early in June—
July 23, 1923
Water Street,
Campbellton, N. B.
My Dear Mrs. Lyons:
Please accept my apology for not replying to your letter in reply to this time. The letter came to the hospital and was handed to me by the head nurse, and in the rush of business, was laid upon my desk and overlooked.
Your brother was in a rather severe type of accident. You undoubtedly know, he was working on a side hill with three other men, on a 40% grade, when a big log, probably four feet in diameter, and about forty feet long, started to roll down the hill. One of the boys was killed instantly, and eighteen persons united with the church on profession of faith. The log rolled over Lindsay to such an extent that his back was badly crushed, and his kidney ruptured, before he was taken to the hospital. He was rushed into the hospital from the camp, which is twelve hours distant, where after a careful examination, I decided the only thing to do was to take out the ruptured kidney, as he was bleeding to death. I explained the dangers to him, and Mrs. Gilbert MacWhirter, who reside in Moncton, N. B. had been visiting possible to save his life. His end old friends in New Richmond. Those present were Mr. and Mrs. Gilbert MacWhirter, Mr. and Mrs. Robert Hardy, Mr. and Mrs. Wm. Cochrane, Mr. and Mrs. James Montgomery, Mrs. George Leitch, Mr. and Mrs. Alex. Fairbairn, Mr. and Mrs. Robert MacWhirter, Mrs. James MacWhirter, Mrs. Arthur MacWhirter, Mr. and Mrs. Wm. MacWhirter, and Mrs. George Watt of Port Daniel.

OBITUARY

John J. Young.
Bathurst, N. B., Aug. 2.—John J. Young, one of Bathurst's well known merchants, passed away on Tuesday morning at the age of seventy-four, after an illness of more than two months. The late Mr. Young was born in Colquhoun and since his marriage he had been residing in town. Besides his wife, he leaves four sons, James, of Moncton; George, of Millville; Wm. Thomas, at home; and Alexander, of Los Angeles. The body was taken to the Sacred Heart Church this morning, where Rev. Father Wheten conducted the services. The pall-bearers were Joseph Roy, Arthur Nick, Oscar Penney, William Sawney, Thomas Satter and J. A. Buckley.

New Richmond

A series of evangelistic meetings held respectively in Black Capes and Grand Caspeledia under the leadership of the pastor, Rev. Alex. MacKinnon, and Rev. E. G. Rattee of Windsor Mills, Que., and Rev. Mr. McClintock and Mr. Weaver in New Richmond came to a close July 27th. These meetings were most interesting and impressive and were well attended. On Sabbath, Aug. 5th the Sacred Heart Church was filled and Rev. Mr. MacCrush, and his kidney ruptured, before he was taken to the hospital. He was rushed into the hospital from the camp, which is twelve hours distant, where after a careful examination, I decided the only thing to do was to take out the ruptured kidney, as he was bleeding to death. I explained the dangers to him, and Mrs. Gilbert MacWhirter, who reside in Moncton, N. B. had been visiting possible to save his life. His end old friends in New Richmond. Those present were Mr. and Mrs. Gilbert MacWhirter, Mr. and Mrs. Robert Hardy, Mr. and Mrs. Wm. Cochrane, Mr. and Mrs. James Montgomery, Mrs. George Leitch, Mr. and Mrs. Alex. Fairbairn, Mr. and Mrs. Robert MacWhirter, Mrs. James MacWhirter, Mrs. Arthur MacWhirter, Mr. and Mrs. Wm. MacWhirter, and Mrs. George Watt of Port Daniel.

Escuminae

Mrs. Neal left last week for her home in Denver, accompanied by her niece, Miss Margaret Glover who will attend school in that place. Mrs. Walter Letourneau and children of Campbellton are visiting here. The Women's Missionary Society was held at the home of Mrs. David Glover last week, quite a number being present. Mrs. Alfred Garret and son Frank of New Carlisle, are the guests of William Gaslin. Miss Violet Ray of New Carlisle, is spending a few days with Mrs. J. H. Gaslin, Gas. Ridge. Miss Myrtle Court is visiting friends at Pleasant. Mrs. Harrison and daughter, Mrs. Fred Hood and child of Ballston, N. Y. are visiting the former's brother, Mr. John Elliott. Miss Edna Green of Maple Green is visiting relatives here.

Black Lands

The weather here for the past week has been very favorable and farmers are busy with their hay. Owing to the dry weather the hay is not very good. Miss Marion Dickie and Aldra Dickie, Black Point, were the guests of Mrs. Duncan MacCormack last week. Mr. A. Jackson Miller has gone out west on the harvest excursion and from there he is going to Salem, Oregon with his aunt, Mrs. Geo. H. Walker. Mrs. Geo. H. Walker and family Stanley and Ernestine of Lebanon, Oregon, have returned home after having spent their vacation with her mother, Mrs. Donald Nichol. Mrs. Harrison and family, James and Christine of Boston, are the guests of Mrs. Jas. R. MacMillan. Mr. John Hurlbut is quite often the guest of Mrs. W. Cook. Mr. Clinton Miller is busy getting his house fixed up. Mr. Jack McNeil has bought a new car.

TRAVEL IN THE WOODS Registration Certificates for travel in the woods of this province are again available and can be procured at many stores and from all fire wardens.

GOOD FISHING Mr. J. R. McKenna had good fishing on the Bayman water yesterday. He caught eight salmon before noon. Considering conditions this was exceptionally good sport.

OCCUPIES PULPIT Rev. Hugh Miller, M. A., occupied the pulpit at both services in St. Andrew's Presbyterian Church on Sunday last. At the evening service a solo, "Praise, Tremble and Fear," was beautifully rendered by Mrs. Hugh Miller.

LOCK YOUR DOORS Reports are current of attempts being made to enter several houses in Campbellton during the past week. A number of frames have been seen about town, and it would suggest that the night police be on the alert.

RAIN NEEDED Although there have been a few light showers in this vicinity, the lack of rain is being keenly felt. The town water supply is rapidly lowering and every care should be taken if we are to get through the dry season without resorting to the expensive mode of pumping water from Walker Brook.

CLEMENTS-MANN The marriage took place at Montreal on August 1, 1923, of Louise Hildred, youngest daughter of Mr. and Mrs. Albert Mann, 710 St. Paul St., to Dr. Clifford Gibson Clements, son of the late Charles Henry Clements and of Mrs. Clements of Wapello, Sask. The Rev. J. Adams Montgomery of Kensington Presbyterian Church officiated.

SALMON PLentiful Fresh salmon appears to be more plentiful this season than for some years and retail at a lower price. Competition from far off British Columbia is said to be the reason for this. A Halifax concern is handling British Columbia dressed salmon and it is said to have made heavy shipments to St. John during the last month. B. C. dressed salmon retail at twenty five cents a pound and the price for Mr. Smith's dressed salmon has been brought down to twenty cents in order to meet the competition from the west.—Newcastle Advertiser.

RESIGNATION ANNOUNCED The resignation of C. O. Foss, member and chief engineer of the C. N. B. Ryrs Commission, was officially announced this afternoon by the government. The question of filling the vacancy had not been dealt with, it was said. Mr. Foss, who was recently married again, and who settled in his native state, New Hampshire, was chief engineer of the Valley Railway and was a district chief on the Transcontinental and was chief engineer on the Musquash development. S. B. Weston, who was assistant to Mr. Foss, is acting chief engineer of the N. B. Ryrs Commission.—Globe Tuesday.

BORN To Mr. and Mrs. Wesley Dobson at the Soldiers' Memorial Hospital on Tuesday, August 7th, 1923, a son.

NO NEW DEVELOPMENTS There is nothing new in the Blackie murder case. Detectives are working on the case, but there is nothing to report up to this morning.

LEAVES SOME ESTATE On page nine of this issue will be found an article in reference to the death of Henry Collins. The Graphic learns that later particulars state that the deceased left a considerable estate.

SECURED RIGHTS FOR MARITIME PROVINCES The House Manufacturing Co have made arrangements with Mr. W. S. Montgomery of Dalhousie, N. B., to manufacture his dresses for the maritime provinces. This dress is said to be the best upon the market, and there is no doubt will have a tremendous sale.

WATER EXTENSION Tenders are being asked for the building of a reservoir at Walker Brook and the laying of pipes to connect the new reservoir with the town system. When this work is completed and every care should be taken if we are to get through the dry season without resorting to the expensive mode of pumping water from Walker Brook.

POKER CLUB We wish to call the attention of the police to the fact that, not a mile from the Graphic office there is in the neighborhood a poker club which should be visited, and put out of business. It will be remembered that about a year ago the Graphic was obliged to give the police similar information, and the "club" went out of business. But with three policemen on the job should it be necessary for the local police to act in these matters. If the police were efficient, surely this club could not flourish for long.—Newcastle.

TEARFUL Miss Belle Buchanan takes this opportunity to thank the people of Campbellton and the surrounding district for their help and encouragement which she received from them during the Graphic circulation campaign which has just closed. Also to thank her friends and relatives in the States for the large number of subscriptions sent in as well as the young men at the different cook houses where she canvassed. Considering the fact that the first period was over before she entered the contest she is well pleased with the prize received and as she had previously won a \$15. cash prize making \$65. in all. She wishes to make special mention of subscriptions received from J. F. E. C. of Monmouth and the Combined Piano Co., of Amherst and to thank the whole Graphic staff for their many kindnesses also Mr. and Mrs. Hull for the use of the "Forgetting Law" at the Opera House next Wednesday and Thursday.

RECEIVED NEWS OF PRESIDENT'S DEATH U. S. Consul Woodward Got News By Radio Thursday Night. American Consul G. C. Woodward probably received word of President Harding's death at San Francisco as early as any one in Canada. With his family Mr. Woodward has a summer cottage at Cross Point. His car has installed a radio apparatus and while using it Thursday evening about midnight the family distinctly heard the news broadcasted. Taking into consideration the difference in time between here and San Francisco Mr. Woodward received the news as quickly as it could possibly be put through. Needless to say Mr. Woodward was pained upon learning of the President's death. Early the following morning he received news officially from Charles E. Hughes, Secretary of State.

STREET PAVING WORK PROGRESSING Stephens Construction Co. Making Good Progress With Contract. The work of paving Water Street is progressing rapidly, and the Stephens Construction Co. seem to be making a good job of the work, with a large crew of men. The street is completed from J. A. Alexander's corner up to the Cedar Street, while work is being carried on above Andrew Street intersection. Contract Signed. The necessary bond as a guarantee of the work has arrived and was satisfactory so that His Worship Mayor McKay yesterday signed the contract for the work and things will likely be rushed. The town's interests are now safeguarded in every respect, and it looks as if Campbellton will have a street which will be a credit to the town.

FUNERAL TRAIN AT WASHINGTON Thousands Wait Hours to Pay Silent Tribute to Beloved President. Washington, Aug. 7.—President Harding's funeral train reached Washington at 10:22 o'clock tonight. Although the train was nine hours late, thousands jammed the station, waiting for hours, packed against the iron fence which abuts off the train platform, to be first to give their silent tribute to the dead chief.

SITUATION IS EASIER Little Hope, However, of Agreement Between Britain and France. London, Aug. 7.—While little tangible evidence is at hand to indicate the probability of British and French agreement at present on a method of solving the Ruhr and reparations problems British government spokesmen declared today the situation was not so serious as the week-end press reports and comment had seemed to indicate.

MOTHER DIES UNDER A TRAIN TRYING TO SAVE BABY'S DOG. Mrs. Meade Hamilton, 35, was killed when she was struck by the locomotive of a Lehigh Valley train on the Cayuga Lake Division, bound from this city to Auburn.

SULLIVAN'S FEAT WAS MARVELLOUS Took Fourteen Hours to Do Last Six Miles of Channel Swim. Dover, Eng., Aug. 7.—Observers who were in the small boat that accompanied Henry Sullivan, of Lowell, Mass., on his swim across the English Channel, say that in the final stages of his great effort the American athlete showed a marvelous degree of dogged determination.

Five Recipes for Selectable And Seasonable Salads

The popularity of salads is ever-increasing and the search for new recipes is always on with women who make their table a study.

The wholesome salad has much to recommend it and it stands high in the balance ration in the estimation of the home dietitian.

The lettuce diet is one of the new fads for reducing flesh. By giving up meats and sweets and eating three or more heads of lettuce a day, exercising and so on, the trick is done.

But for those who object to so strict a green diet, a compromise may be made in a plentiful amount of salad in the diet of mixed variety. The best of oil seasonings, the freshest of lettuce, and other salad materials, are necessary. If the salads are to be crisp, inviting and healthful.

ASPARAGUS SALAD

Trim freshly boiled asparagus stalks down to the tender point. Then cover them with marinade of vinegar, a half-bushel of garlic, pepper, salt, a half bay leaf, two cloves and a small sliced onion. Set aside to chill. When ready to serve, drain and lay the stalks on lettuce leaves, allowing the five to portion. Get a teaspoonful of chopped pepper, celery and onion mixed on each portion and a tablespoonful of French dressing.

JELLIED ASPARAGUS SALAD.

Prepare the asparagus as directed in the marinade and allow it to stand for three hours. Then drain it. Have ready a package of lemon gelatine dissolved in a pint of boiling water and cooled. Arrange the asparagus in a wetted mold that has been smeared with a coat of the gelatine, which has stiffened in place. Put sliced boiled egg between the stalks and scatter in a few washed capers. Then cover with the jelly. When hardened and ready to serve, turn out with a hot sharp knife cut in slices, or cubes, and serve on lettuce leaves with a little heap of mayonnaise on top of each portion. This makes a hearty lunch-salad.

STRAWBERRY SALAD

Wash and top a small box of ripe strawberries. Then cut them into halves. Add a cupful of minced celery and fold the minced mayonnaise that is made without mustard and lightened to fluffy texture with whipped cream. Add a teaspoonful of sifted powdered sugar to the mayonnaise just before it is used. Serve in white lettuce leaves and garnish with sprays of fresh mint leaves that have been washed, then dusted with a little sugar.

VEGETABLE SALAD

Boil and dice six young carrots, one new turnip, two potatoes, a cupful of finely cut young string-beans, a half-cupful of peas and tablespoonful of finely cut chives, dust with pepper and salt and a teaspoonful of sifted powdered sugar. Fold in mayonnaise and serve on lettuce leaves. Garnish with olives stuffed with peppers.

CHEERRY SALAD

Take two cupfuls of ripe stoned cherries and set to drain and chill. When ready to make the salad, add:

Clean to handle. Sold by all Druggists, Grocers and General Stores

The question of frying-pans happened to be brought up recently during a club meeting, and a remark made led one woman who did her own cooking to suspect that she had missed some important points in connection with frying-pans. So she determined to hunt out the very next day on a still hunt and pick them up.

She did so, and learned that the frying-pan family is a much larger one than she had any idea and that there were kinds she knew nothing about—and even modern improvements on her own reliable frying-pan.

Though doctors say "Throw out the frying-pan," their is not a single woman who takes their advice literally, and makes, broils and roasts all food, mangled, for just as delicate and dainty cooking may be done in the right sort of a pan as can be cooked in any other way. Besides deep-fat frying, if done in the right way, is not unhealthy.

To start with, there are the reliable old steel pans with a lip on one or both sides, and the trouble with their short handles is that they overheat and, if they have long handles, they extend too far from the stove.

Long use and careful polishing make the pans as smooth as skin in side and they do not burn the foods if ordinary care is taken.

The English version of the same pans is oblong—except for fish frying. But they are better for a coal than a gas stove.

The old copper pans, tin-lined, have a tight cover and a tubular handle. But they have fallen out of favor because of their weight, expense and the difficulty in keeping them polished.

Modern pans have supplanted them in nearly all kitchens. No cook can deny the fact that they are ideal as cooking—a fact that has endeared them to French chefs. But they are too heavy for women to handle comfortably. The very shallow ones, oblong in shape—are excellent for omelettes.

The deep fryer is a high-sided pan that is equipped with a crane on which the wire basket is hung. As soon as the food is fried, the crane raises the basket so that any excess fat may drip right back into the pan again. Those are the approved pans nowadays for deep frying of all sorts, and we do not need to use a large quantity of fat as we used in the kettles to do the work.

The agate ware pans come in all the best shapes and with various patent handles that defy heat. The wooden handles are not favored, for if care is not used with them over a gas flame, they are apt to catch fire. Some have adjustable handles that are not added until ready to remove the pans from the fire—the same idea as the camp, folding-handled frying-pan that the Boy Scouts use. There are several qualities in this ware, but only the best pays.

The white enamel ware pans are very dainty, and many women keep them as special pans for all milk cooking, nursery and invalid cooking. They are pretty so long as they keep new and white, but when they begin to turn brown they lose their charm. The pans are to be had in all of the best shapes.

There are separate twin pans made of the best steel that can be used for various purposes and require but one gas hole for both. One may be used as an omelette pan, while the other may be kept for fish cooking.

The old-fashioned iron spicery is still extant, and if one makes her own caramel in the old way, or still makes her own soap, these pans are invaluable, but they are black and ugly looking and too heavy for general use.

The folding aluminum omelette-pan is a good investment. If the family eats many omelettes. They are so smooth inside and remove all risk for the inexperienced cook in the art of folding her omelette. But if any omelette is only an occasionally-used food, then a small omelette pan can be used as well and will be useful for other things also.

It pays to look before buying, for their is a choice even in frying-pans.

three-quarters of a cupful of minced celery. Fold in very stiff mayonnaise made without mustard, and serve in lettuce leaves arranged in straws. The salad should be served at once before the fruit juice thins the mayonnaise.

SEES END OF BOLSHEVISM

London Merchant Believes Church Union Will Overturn Soviet.

F. R. Salton, a London merchant, who has spent many years in Russia, as representative of his firm, declared that the tide has turned against Bolshevism, and that there are forces at work which will undermine the Bolshevist Government.

"The overthrow of Bolshevism will not be a spectacular thing, coming all of a sudden on a rising tide of fury," said Mr. Salton, who has been at the Hotel Pennsylvania. "The feeling against it is insidious and will be affected by small things which seem insignificant to the outside world. In my opinion the greatest factor in the overthrow of Bolshevism is going to be the union of the Roman and Russian churches. That is a probability much more imminent than you think. It would not affect all, but it is difficult to accomplish, because the two churches differ only slightly in certain matters of doctrine. It is quite possible that these churches of belief can be over-

come. Personally, I feel sure this consummation is much nearer than anyone thinks. If it comes to pass it will be a frightful blow—possibly a death blow—to Bolshevism.

"Even as it is I am convinced that Bolshevism will not spread to any other countries. I think it has spent its force in Russia. Lenin is a sincere but misguided idealist. Trotsky is a militarist and a fanatic, very much like the German Kaiser. The Bolshevist Government has some excellent men working for it, but they are always watched. There are spies everywhere, but Bolshevism will fail. Its death knell has rung.

You can't understand the Russian situation unless you understand the Russian people. For centuries they had no voice in the Government. Then led by a brilliant few, they took things in their own hands. A new government cannot be formed in a day—one which works well never has been. Bolshevism is an experiment. It is a stop toward a saner, more representative Government. It represents Russia in a certain stage of her development.

"It will fail, and a more adaptable Government will take its place. But remember this: The people won't rise against it in spite of its horror. Under the present has his hand, which is more than he ever had before. They know nothing of representative government, so why should they bother with such things. The mind must adjust itself to the new order of things, must come slowly to realize that there is something amiss. Bolshevism will collapse slowly, as a result of silent, tedious processes, the progress of which can neither be stopped nor its influence estimated."

CRAZY SLAYER OF PRIEST ESCAPES

Geoph, Ont. Aug. 6.—John Congrove, the deaf mute, slayer of Father Ciolek, of Proton, eluded his guards on Saturday and is still at liberty. In company with several others from the insane section of the reformatory, who were being exercised in charge of guards, Congrove managed to secrete himself behind some bushes. When missed, some time later, the alarm was promptly given and in a short time every available guard was sent out and the whole countryside has been scoured, but without the slightest clue being obtained. He was never tried for the murder of Father Ciolek as he was adjudged insane and sent here for safe keeping.

New Beauty for Dainty Fabrics

and much longer wear

The two worries you have in washing fine fabrics, dainty garments, are removed. You can launder them now with full confidence that fabric will not be harmed, or delicate colorings dulled.

Silks, satins, crepes, and dainty, expensive cottons come from the wash with new brilliancy and beauty. In thousands of homes women are using PALMOLIVE PRINCESS SOAP FLAKES.

These pure white, crinkly flakes give a wonderful "whipped cream" lather that dissolves dirt magically.

And save money in two ways: By giving longer wear from fine fabrics; and, being nothing but pure soap, they last long—cutting soap cost.

You can't find anything better for use in the washing machine—nor, in fact, for all laundry or household use.

In handy one-pound packages or bulk. Order some today and begin saving next time you wash.

RIOTS AT MANSION HOUSE IN DUBLIN

Delegates to Irish Trade Union Congress Witnessed Wild Scenes To-day.

Dublin, Aug. 8.—Wild scenes occurred in Dublin to-day in connection with the Irish Trade Union Congress. Delegates going to the Mansion House found the approach blocked by a crowd of demonstrators who tried to seize the building, shouting "Release the prisoners," "Up Larkin" (The Irish labor leader).

WILL DELIVER ADDRESS

The address of Mr. Y. Menzies on Provincial Valuation will probably be delivered on the second day of the convention of New Brunswick Municipalities, to be held at Campbellton on August 21, 22, 23. Should time permit Mr. Menzies will also give a talk on his recent trip to the Western provinces.

KEEP AT HOME

The dollar that goes out of town never comes back, and the money spent at home is used to develop the town and help make improvements. If home trading were discontinued entirely there would be no towns in the country, and even the occasional dollar taken outside hampers the growth of the community.

Sound Reasoning

Village Doctor (to the old lady who is paying a call): "But surely, Saunders, you will have a drop of something before you go?" Saunders: "No, thank you, doctor. I've three good reasons for refusing your hospitality. First, I'm the chairman of the local temperance society; second, I'm just given' 'as a gift, meeting, and third, I've just had one."

ALL THE NEWS DALHOUSIE, N. B., AUGUST 2, 1923 EVERY WEEK

FORMER RESIDENT REVISITS DALHOUSIE

After an Absence of Many Years Mr. Theo. Therault Again Here.

Dalhousie, N. B., Aug. 7.—Mr. Therault Therault of Watertown, Mass., who left Dalhousie after the big fire of Nov. 4th, 1886, and cast his lot in Boston, arrived here last week with his family, after an absence of thirty six years. Mr. and Mrs. Therault are natives of Gloucester Co. the former a native of Grand Anse, and Mrs. Doucet was born in the town of Bathurst. She is a sister of Mrs. Joseph Doucet of Dalhousie, and the late Rev. Joseph Doucet, formerly parish priest of Lamouche, N. B., and one of New Brunswick's greatest preachers was a brother. Mr. and Mrs. Therault are accompanied by their four daughters, the Misses Florence, Fosalma, Blanche and Alma and their two sons Leo and Joseph. They are all the guests of Mr. and Mrs. Joseph Doucet, in their cozy little home, situated at the west end of the town. Mr. Therault finds very few old friends left in the shiretown, who are here when he left, but is favorably impressed with the growth of the place.

Happenings of The Week

Hay-making has begun, but the weather is far from ideal. The crop is very light owing to the long continued drought, the yield promising only about fifty per cent of last year's cut.

Restigouche Lodge No. 25, F. & A. M., attended divine service at St. John's Presbyterian Church on Sunday afternoon when the Rev. Hugh Miller, Grand Chaplain, of St. John, preached an appropriate sermon.

The W. A. of St. Mary's Church held a successful garden party and sale of work on the rectory grounds, Thursday afternoon and evening, when the sum of about \$50 was taken in a table of home-cooking, a table of fancy and useful hand-made articles and a fish pond were among the attractions. Ice cream, tea, cake, sandwiches, candy and strawberries and cream were served at small tables.

In our Dalhousie page last week attention was called to the fact that after an interview with the Hon. P. J. Veniot, Messrs. D. A. Stewart and Henry Dignan had been able to get a collecting for the ferry service. This is not according to the facts. If the people of Dalhousie waited until these gentlemen proceed with anything for such a service they would wait a long time.

Social and Personal News

BEAUTIFUL SEA-SIDE RESORT

Carleton on the Bay—Chaleur is Full of Interest to Summer Visitors.

Dalhousie, N. B., Aug. 6.—At this season of the year there is no more enjoyable trip than a sail to Carleton Place, a distance of about twelve miles from Dalhousie. There is a fascination in seeing a place where the people of long ago have lived. Carleton is one of the oldest places in the Bay of Chaleur. When one contemplates the cross that stands on top of the Tracadiegash Mountain to the rear of Carleton it reminds us of the time when Jacques Cartier entered the Bay of Chaleur and planted his symbolic cross with its emblematic shield bearing the royal lilies of France, and to remember that here his banners were first unfurled to the breeze of this western land.

A writer describes Carleton as follows: "The country from New Richmond to Carleton, at the foot of the majestic Tracadiegash Mountain, is full of interest and beauty. Gray sand, dark fir seeking a foothold on the mountains and the blue-black distant range, over-capped by clinging clouds and the steamy vapor in long filaments lining the folds of the hills that fade away into distance to right and left are all fair to behold. The pure white wings of the sea birds, even when far away, are outlined with sharp cut distinction against the lofty mountain background.

Here and there a tiny little hamlet hides modestly behind the sheltering green, and the first glimpse of its presence is often the top of the church spire barely showing through the leafy canopy. Under a few dark roofs peep out from over the trees of leech growth, and down the shore are light-houses and neat little wharves for vessels and steamers. Owing to the long and narrow dimensions of the farms, and their subdivision for various crops, the shore often presents the appearance of a great checker-board, the dark and light patches frequently alternating with exact regularity.

Carleton is a pleasant and cool little spot, spreading out crescent-shaped on the shore at the foot of the hills and the bay, bounded by a clean sand beach. The village is peopled mostly by descendants of the Acadian French. It lies almost in a north-south line, and is a fine sheet of water, with the peaks of Migouas and Tracadiegash at its western and eastern boundaries. It is a good place for sea fish, and the brooks and streams inland are stocked with trout."

Carleton, the pretty little place where tourists enjoy the best that can be found, is a beautiful spot. At first glance one realizes the beauty of its situation which makes distinctly the location of ideal homes, but the most striking feature to the eye of the tourist is the vast range of mountains which loom up as a background. The villages nestle at the base of this great ridge, which is washed by the famous Bay of Chaleur.

In Carleton is seen the first convent built in the Gaspé District. A late merchant and Ex-Member of Parliament, a native of Halifax, N. S., the late John Meagher, who for many years carried on a successful mercantile business in the parishes of Carleton, Maria and Nouvelle, was travelling in the West Indies in the year 1836 and was attacked by fever, and attended by the Sisters of Charity, whose attentive care he owed his life, moved to tears at such courage and disinterestedness, for they refused to accept a certain sum he offered them in compensation, he then formed the resolution that if God should give him health, he would establish a convent for the Sisters of Charity.

Faithful to his generous and pious determination he carried out his design and executed the work. Thus the convent, in Carleton, Co. of Bonaventure, P. Q., directed for the last fifty-five years by the Sisters of Charity, is a monument of his zeal for the education of youth and the welfare of society.

In Carleton is round a large manufacture of leather goods, owned and managed by Mr. R. E. Cullen. There are several good stores and two large hotels. The hotels are located in close proximity to the Bay and the bathing facilities cannot be surpassed. There are great advantages for fishing, and boating just in view of the hotels.

Messrs. Frank and Paul Cullen who are in charge of the hotels are doing their utmost to make summer life all that can be desired by pleasure and health-seekers. Both hotels are crowded this summer.

ADDICT ASKS JAIL IN HOPE OF CURE

Montreal, Aug. 6.—Steadily losing the battle he has been waging to free himself of the narcotic habit, Albert Desjardins walked into police headquarters today at noon, invited the police to search him, and on a desk and a little package of cocaine being taken from his pockets pleaded guilty to having drugs, so that he could get six months in Boreaux jail where he hopes to be cured.

"I have one of the best jobs in the jail office."

"Will that be enough?" asked the Recorder, giving Desjardins six months in jail, \$200 and costs or one more day. "Yes, that will do," replied the man who thanked the court for the sentence.

For The After-Supper Hour

When the sun is sinking to rest among the crimson-tinted clouds along the western sky-line and the fresh, cool winds of evening make soft, sedative music in the tree-tops — that's the hour when folks like to sit quietly on the veranda and watch the old day out.

TRAIN IN FRANCE IS BIG AD. FOR CANADA

Montreal, Aug. 7.—Never has Canada had a greater place of advertising than she is at present getting in France by means of the Canadian exhibition train now touring that country. This is the impression gained by Senator Dandurand, who has just returned from a visit to France. The train in question is composed of thirty motor trucks and has the advantage of being able to plant itself in the most favorable location in each of the French cities being toured.

The Senator says that tens of thousands of people are thronging to visit the train, pamphlets are being distributed, the natural resources of the Dominion being explained, and everything possible being done to give the French people an idea of what can be obtained in Canada.

At Lille a Belgian delegation visited the train and the suggestion was made that the train extend its tour to include Belgium.
