GOOD-BYE, ROOSEVELT.

UESDAY'S American elections, which went so strongly Republican, furnish a number of interesting situations and possibilities. Perhaps the most significant thing was Whitman's great victory in New York State and the set back to Roosevelt. Malcolm Whitman, as New York's district attorney, won continent-wide notice as the convicter of Becker and his gunmen, slayers of Rosenthal. His plurality was so great that as American elections go it means much more than carrying the State. "And the Groom's Gift to the Bride Was a Twenty-year Endowment Policy in the London Life Insurance Company"

Of course it caused a good deal of comment. Some people said it wasn't in good taste. The parents of marriageable daughters thought differently—they characterized the gift as "Eminently appropriate and highly practical." While a notable business man expressed the opinion of most shrewd men by saying:-"That young fellow's career will be worth watching, not because he took out an insurance policy in favor of his wife—the law should compel every man to do that but because he invested in a London Life Policy. Mere bigness didn't get his money. The stability of the Company and guaranteed returns on his investment influenced him. Oh, he'll get along alright."

HARRISTON, Nov. 4 .- There was a large and enthusiastic gathering of the members of the annual meeting of the Harriston Curling club, last night, Noticeably many of the younger element were on hand, and the interest displayed promises well for the success of the club during the coming season. The president, Mr. H. E. Burrows, occupied the chair, and conducted the business with his well known tact and dispatch. The treasurer's report showed the finances of the club to be in a good shape with a substantial balance on the right side of the ledger. It stated that an official dispatch from Berlin said that the Yorcke on the forenoon of November 4, struck a mine chain blocking the entrance to Jade Bay and sank.

Late reports declare that 382 men, more than half of the crew, had already been saved but that the rescue work was hampered by a thick fog.
