

## DOMESTIC SCIENCE COURSE PROPOSED FOR WESTERN

Representatives of Several Women's Organizations Have Secured Conference With University Governors To Discuss the Subject—Question of Presidency Left Over Until Next Meeting.

At a meeting of the board of governors of the Western University on Tuesday afternoon a letter from Miss Florence Mitchell was read to the board, asking that the governors meet the representatives of several women's organizations to consider the addition of a domestic science course to the university. Toronto University has recently added a domestic science course with a most complete equipment, and it has been thoroughly patronized by the girls attending the university. At McGill and Macdonald Institute, Guelph, one of the most attractive courses is that which includes a course in domestic science, which combines cooking and housekeeping.

**Rounds Out Education.**  
Those of the fair sex who feel that they should cultivate the mind also realize that without the practical training in housekeeping their education is not complete, and it is felt by the ladies who are behind the movement that the addition of the course would be of great assistance to the Western University.

The organizations which are co-operating are the Western University Alumnae and the Municipal Club, a woman's organization which recently came into existence, and of which Mrs. Gordon Hall is the secretary. The governors took a favorable attitude to the request of the ladies and appointed Thursday afternoon at 4 o'clock in the board of trade rooms as the time for a conference to discuss the proposal.

## LONDON HEBREWS IN TWO CAMPS ON IMPORTANT POINTS

Political Theories, Cemeteries and National Subjects Have Caused Disagreements.

Result Is Two Public Schools Where One Large One Had Been Planned.

Political theories, cemeteries and national and other points of disagreement have divided the Jewish residents of the city into two warring camps, and rendered necessary two new Hebrew schools, whereas one large school was planned some time ago.

Two schools were opened in London last Sunday. Permanent school premises have not yet been secured, but classes are being held in the Richmond and Horton street synagogues. The Richmond street school has 20 pupils and the Horton street school about an equal number. The buildings, which will either be built in the near future or suitable buildings will be secured and remodelled for the purpose.

**How Trouble Came.**  
Several months ago a committee was appointed to secure a suitable building site and have plans made for the erection of a new school. It was hoped that all the Jewish residents would co-operate, but old feelings of rivalry between the local synagogues broke out afresh. Richmond street synagogue is chiefly attended by English, Canadian and German Jews, Horton street synagogue is attended largely by Russian and Polish Jews. Theologically speaking, all the Jews in London are Orthodox Jews, that is to say, there are no Reformed Jews in the city. But it is on political theories and doctrines that marked cleavages occur. A great many of the Russian Jews are Socialists, and the English or Canadian Jew rarely is in sympathy with socialism. On the other hand, the Jews who hold radical political faiths regard the conservative Jews as being unnecessarily narrow and restricted in their viewpoint.

**Dispute Over Cemeteries.**  
An old point of disagreement has also been revived, namely, the dispute over the Jewish burial grounds in Woodland Cemetery.

The Richmond street congregation until recently had all the Jewish funeral business of the city. The Horton street congregation, however, has recently purchased a plot adjacent to the land held by the Richmond street congregation. The latter congregation propose rebuilding a board fence seven feet high between the two properties. The Horton street congregation object to this, and it is said refused to join in the united school project unless the fence were removed.

The Zionists, who recently organized a society in this city, are divided in regard to the dispute, some of them siding with the Richmond street people and some of them with the Horton street synagogue.

A member of the Arbeiter Ring, the local radical organization, denies that the Horton street congregation holds generally to radical political faiths, and states that the extreme radicals do not belong to either synagogue.

## PLAN TO INCREASE ALL FREIGHT RATES

Eastern Railways Laying Matter Before Interstate Commerce Commission.

Washington, D. C., May 14.—Eastern railroads took the first step toward attempt to increase freight rates, when representatives of fifty-two lines east of the Mississippi and north of the Ohio and Potomac conferred today with the interstate commerce commission on a formal application to reopen the "eastern advance case," which was decided against the railroads two years ago.

**Question of Presidency.**  
The governors occupied a portion of the time discussing the question of a head for the university. No more applications have been received, but it is proposed to decide the matter as soon as possible. Owing to the absence of Chancellor Meredith from the meeting, it was decided to leave the matter over until the next meeting.

The question of a site for the university was not discussed, the report of the committee not having been received.

**The City's Grant.**  
Mr. T. J. Murphy was appointed to interview the city council in reference to increasing the grant to the university. Mr. Murphy attended the meeting, and through his arguments the council decided to grant the sum of \$10,000 instead of \$7,500, as had been proposed. Ald. J. G. Richter was the first one to propose that the grant to the university be increased from \$5,000 to \$10,000, and the governors feel grateful to the members of the council for showing their faith in the institution so substantially. The grant means the interest on \$200,000 to the university, and will do a great deal to increase the efficiency of the departments.

The governors present were: Messrs. J. W. Little, T. J. Murphy, T. H. Smallman, T. H. Pardon and C. R. Somerville. Mr. Somerville acted as secretary in the unavoidable absence of Mr. Dromole.

## MUST RESIDE IN CITY OR ADVERTISE WHEN BEING WED

Non-Resident Couples Must Publish Their Intention in Papers.

New Marriage Law Goes Into Effect on Thursday Morning.

This is the last day when the indiscriminate issue of marriage licenses will be permitted in Ontario. Tomorrow the amendments to the marriage act come into force, under which parties, either one of which is not resident in the district where the marriage is to take place for at least fifteen days prior to the issue of the license, cannot obtain that dispensation until advertisements have been published, once a week for three consecutive weeks.

**Checkmate For Elopers.**  
Despite the lamentations that have been heard from clergymen at Windsor, Bridgeburg and Niagara Falls, the requirements of the new law cannot be met, the department reserves to itself power to waive the conditions, but this can only be done upon application to the proper authorities at Toronto.

**The New Clause.**  
The clause in question reads: "If the city, county or district in which it is intended that the marriage shall be solemnized is not that in which either of the parties has for the space of fifteen days immediately preceding the issue of the license or certificate, had his or her usual place of abode, the license or certificate may nevertheless be issued upon the production of an affidavit by one of the parties stating that notice of the intended marriage, stating the name, occupation, usual place of abode of each of the parties, has been published once a week for three consecutive weeks immediately preceding the application of the license or certificate in some newspaper published in the municipality in which the marriage is to take place, or if there is no such newspaper, then in a newspaper published in the nearest adjoining municipality, and accompanied by the production of such newspaper containing such notice."

**Claims 40 Acres of Valuable Land**  
Hamilton Man Loses Appeal, But Will Go to Privy Council.

Toronto, May 14.—A suit involving 40 acres of land right in the centre of Hamilton was decided today, when the appellate division at Osgoode Hall dismissed the appeal in the action brought by Mr. John Keith Stuart against the Bank of Montreal.

Mr. Stuart, whose appeal is dismissed with costs, alleges that the property belonged to his father, John Jacques Stuart, and that since it has wrongfully come into the hands of the bank of Montreal, the bank has realized a surplus of \$30,000 over the \$20,000 mortgage upon it.

The family recently waged an action against the bank involving the payment to Mrs. John Stuart of the neighbourhood of \$250,000. That action was unsuccessful in the Canadian courts, but was won before the privy council. It is likely that the present case will be carried to the highest court.

## BOY IN DEEP SLEEP FOR ALMOST 4 WHOLE DAYS

Case of Clarence Tayles Somewhat Puzzling to Physician For a Time.

To sleep almost continuously from Saturday morning until Tuesday night, has been the strange experience of 8-year-old Clarence Tayles, son of Mr. and Mrs. W. Tayles, of No. 4 Egerton street.

The little lad took sick Saturday morning with what is believed to be stomach trouble. His sickness produced intense drowsiness, and for the next three days he slept the greater part of the time. His case puzzled the attending physician, and caused considerable anxiety to his parents. However, the rest cure seems to have been efficacious in this instance, and the boy was much improved this morning and enjoyed a walk outdoors.

## LONDON'S TAX RATE FOR THE YEAR 1913 HIGHEST ON RECORD

Twenty-Four and Nine-Tenths Mills Will Be Levied on Property—Mayor Seriously Argues That Bargain Rate Will Appeal to People.

Twenty-four and nine-tenths mills was passed as this year's tax rate by the city council Tuesday night. By-laws were passed calling for the issue of debentures for the waterworks extensions, the grant to the Alexandra Sanatorium, the Victoria Hospital addition and heating plant, and the new motor fire truck, as provided in the city of London bill, and for the new Aberdeen School, the Talbot Street School heating plant, the Chesley Avenue School addition, and the new Riverview avenue school site, as provided for in this year's estimates.

**Wants Rate at 25 Mills.**  
Ald. Glass moved that the rate be made 25 mills, with a view to providing a larger contingent fund. The passing of a tenth of a mill off was small and unnecessary, he said. His motion was seconded by Ald. Stein.

"You have peeled down the estimates for repairing and patching up the roads. The amount for that is entirely inadequate, and you may need a supplementary grant. Cutting off the tenth of a mill is a small piece of cheese-paring," said Ald. Glass.

"Notwithstanding close economy and without efficient service, No. 2 committee exceeded its estimates last year. This year the amount provided is even less than last year."

**Mayor Against It.**  
Mayor Graham, however, claimed that the contingent fund was already ample.

"If all the by-laws carry, an extra tenth of a mill will be necessary to provide for sinking funds," said Ald. Richter.

"What difference does a tenth of a mill make?" asked one of the aldermen.

"It makes a lot of difference when you advertise your tax rate throughout the country," said Mayor Graham. "Something like a 99-cent bargain," said Ald. White.

**The Mayor's Bargain Philosophy.**  
"Well, I've been in the retail business long enough to know that the people bite at those bargains, much as they ridicule them," said the mayor, very seriously.

"On a vote being taken Ald. Glass' motion was lost, and the tax rate was fixed at the bargain figure of 24 9-10 mills."

## GOVT. TO HELP SCOTT'S WIDOW

Supplementaries Will Contain an Item for Polar Hero's Wife.

**PARCEL POST GOES OVER**  
[Canadian Press.]  
Ottawa, May 14.—The Prime Minister today announced that provision would be made in the supplementary estimates for a contribution to the Scott memorial fund.

The bill increasing the maximum of annuities from \$500 to \$1,000 was before the Commons today. There was some criticism of the award of the contract for display posters to the William Stone Company at \$15,000 per year, for two years, without tender. The Postmaster-General explained that it was work for which the Stone Company was especially qualified. The contract for annuities last year declined \$25,000.

## Water Commission Wants More Room In Spencer Block

Would Require Addition to West End to Meet Their Requirements.

The water commissioners met with the city hall committee this morning to consider the question of altering the west end of the Spencer block for the water and electrical departments. The water commissioners claim that the west end of the building does not run far enough back from the street to suit their purposes, and an addition would have to be built. Plans and estimates will be prepared and considered at another meeting. If the cost is too large the department will secure more central premises, where their salesroom might be located to better advantage.

## GIRL RE-ENACTS AN ACCIDENT

Demonstrates To Lawyer How It Happened on the Car Tracks To Amusement of Throng.

An interested but puzzled group of spectators gathered in front of The Advertiser office this morning attracted by the strange proceedings of a young woman, who apparently was giving a demonstration of some of the modern dances on the pavement not far from the car tracks.

She side-stepped, swayed, and executed other difficult manoeuvres in most approved fashion, every motion being closely watched by a well-known lawyer of this city, who manifested great interest in the proceedings.

**Every Movement Puzzling.**  
It was clear to the onlookers that the girl was re-enacting an accident.

## MAYOR FIRST TO OPEN HIS MOUTH ON INCINERATOR

Calls Letters Appearing in The Advertiser Regarding Transaction as "Ridiculous."

"We Knew What We Needed and We Got It," Is His Explanation of No Tenders.

Other developments in connection with the failure of the city of London to call for tenders for the \$40,000 incinerator which other companies say they would have built for from \$20,000 to \$25,000 had they been given a chance to tender, are expected within a short time. The letters published in The Advertiser have not yet been publicly discussed.

Mayor Graham, however, is the first man to open his mouth in connection with the matter.

In a local paper the following article appears:

"Mayor Graham is not at all alarmed by the criticism of certain persons, who claim that the contracts for the incinerator were not properly awarded.

"The stories are simply ridiculous," declared his worship. "For some time the council and the board of health have been investigating the best method of disposing of garbage. After going into the matter thoroughly, the council of last year decided on the kind of incinerator that was wanted, and purchased it. This is the same policy which was followed by Westmount, Ottawa, Calgary and other cities. We got what we considered the best and most economical, and that is all there is of it. We knew what we needed, and we got it."

The mayor might explain why a motion to call for tenders for the incinerator was defeated in the council. Two of the present aldermen sought to have this done, but failed. The mayor advised that there was only one incinerator to be considered. His reply scarcely explains the question that citizens are asking.

One citizen stated that in his belief the whole transaction could be thrown out as illegal.

## Big Difference in Book and Net Costs

Report on Steel Production Presented to President Arouses Interest.

Washington, D. C., May 14.—Part three of the report of the Bureau of Corporations on its extended investigation of the steel industry, dealing particularly with the cost of production, was submitted to the President today by Acting Commissioner Francis Walker.

A discussion of the vast difference between "book costs" and "net costs" featured the report, figures being given for Bessemer and open hearth steel manufacturing companies usually include in their statements of costs of production large profits paid to subsidiaries and transportation concerns.

For Bessemer steel, for instance, the report stated that the average book cost of the United States Steel Corporation was \$21.53, while the actual net cost, excluding the inter-company profit on transportation and material, was only \$15.87. Similar differences were shown in the manufacture of other steel products.

Parts one and two of the bureau's report were submitted during the Taft administration by former Commissioner Herbert Knox Smith.

A comprehensive abstract of part three was contained in Acting Commissioner Walker's letter of transmittal.

## CAUGHT IN MACHINE

Hamilton Shirt Maker Had Close Call From Being Scalped.

Hamilton, May 14.—While a number of girl employees were at work in the Regal shirt factory yesterday afternoon the hair of Miss Agnes Jackson got caught in a rapidly-revolving wheel. She grasped Miss Margaret Cowan, who was near her, to save herself from being pulled into the machinery. Miss Cowan gave a scream and fell into the arms of a third girl. Another employee stopped the machinery in time to save Miss Jackson from being scalped. Miss Cowan suffered so much from nervous shock she had to be taken to her home, where she is still under a doctor's care.

## TOMORROW—FAIR AND COOL.

Forecasts.  
Toronto, May 14.—8 a.m. Fresh northeasterly wind; fair and cool today, then becoming showery.

The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today:

Locations	High	Low	Weather
LONDON	57	45	Clear
Quebec	58	46	Rain
Calgary	48	32	Clear
Winnipeg	44	30	Cloudy
Port Arthur	44	24	Clear
Toronto	61	40	Clear
Ottawa	58	36	Cloudy
Montreal	58	36	Cloudy
Quebec	54	40	Cloudy
Father Point	50	38	Clear

**Weather Notes.**  
A pronounced cold wave is situated over Lake Superior, while a widespread depression is centred in Kansas. Rain has fallen heavily in parts of Alberta and Saskatchewan while showers are reported from Eastern Quebec and the Maritime Provinces.

## \$80,000 CHURCH FOR MR. INKSTER

Splendid New Edifice To Be Erected by Victoria Congregation.

HAS HAD GREAT SUCCESS

His hosts of London friends will be gratified to learn that The Advertiser received a dispatch from Victoria, B. C., today, stating that the First Presbyterian Church there had decided to commence work on the erection of a church to cost \$80,000.

The First Church is the one to which Rev. J. Gibson Inkster went from this city several months ago. It was stated that the congregation felt so encouraged through Mr. Inkster's work that it had decided upon the new building Tuesday night.

The present church at Victoria is 50 years old.

## Thrown From Horse London Lady Hurt

While riding a horse, which belongs to her father, in Exeter Sunday afternoon, Mrs. Gavin Jones, whose home is on King street, this city, was thrown to the ground and rendered unconscious.

She had just climbed into the saddle when a sudden turn of the horse caused the accident. In falling she struck the side of her head and injured her neck. It was thought at first that she was seriously injured, but during the past two days she has progressed favorably.

## Meet Fire With Fire Is Order of Police

Cincinnati, O., May 14.—The first effort to operate cars since negotiations with the strikers were broken off were made by the traction company at 9 o'clock this morning. Surrounded by police on foot and mounted three cars were started from the Avondale barns for the downtown district.

In addition police and detectives were stationed along the route. No police rode on the cars. Mayor Hunt told the cars in his automobile.

Before the cars started on the trip the police were given instructions to act vigorously in case of trouble. They were told to meet force with force and to fight fire with fire.

## FOUR KILLED

Cylinder in Engine Room of Torpedo Boat Exploded.

Heligoland, Germany, May 14.—Four German bluejackets were killed and three others seriously injured today by the explosion of a high pressure cylinder in the engine room of torpedo boat "S-148." While the vessel was participating in maneuvers near here, the two torpedo boat flotillas returned to Heligoland with their flags flying at half-mast, and left the injured for treatment at the naval hospital.

## SMALLPOX OUTBREAK

Many Foreigners Ill on Steamer Canada at Quebec.

Quebec, May 14.—The outbreak of smallpox on the Astor-American steamer Canada is much more serious than was given out last evening.

There are quite a number of foreign passengers on the steamer, and with the disease, and it is quite possible that whole of the 2,195 passengers will have to disembark at quarantine.

## SHRINERS ELECT

Wm. Irwin Was Chosen Imperial Potentate at Dallas Meeting.

Dallas, Texas, May 14.—With the election of officers and naming of the 1914 convention city the Shriners brought their annual meeting to a close today. Inasmuch as the officers move up consecutively each year, the only contest was over that of imperial commander.

## JACK JOHNSON GUILTY OF SEVEN WHITE SLAVE CHARGES

His Conviction Will Result in New Laws to Prevent Marriage Between Whites and Blacks—The Big Pugilist Faces a Long Term in Prison.

Chicago, May 13.—Jack Johnson, champion heavyweight fighter, tonight was found guilty of violating the federal white slave law in transporting Belle Schreiber from Pittsburg to Chicago in 1912. He was convicted on all seven counts in the indictment. The jury returned its verdict after an hour's consideration.

If you should find this defendant not guilty, knowing as you do the evidence in the case," said Assistant District Attorney Harry Parkin, "I do not see how any of you can go home and look squarely into the face of those you respect and admire."

**WILL MEAN REFORMS.**  
[Canadian Press.]  
Chicago, Ill., May 14.—That the conviction of Jack Johnson, the negro prize-fighter, last night, for violation of the Mann act against trafficking in women, is the forerunner of laws forbidding miscegenation, was the assertion today of Assistant United States District Attorney Harry Parkin, who conducted the case for the Government.

"This verdict will go around the world," he said, "it is the forerunner of laws to be passed in the United States which we may live to see—laws forbidding miscegenation. This negro, in the eyes of many, has been persecuted. Perhaps as an individual he was. But his misfortune is to be the foremost example of the evil in permitting the intermarriage of whites with blacks. He has violated the laws. Now it is his function to teach others the law must be respected."

In his instructions to the jury United States District Judge Carpenter emphasized the fact that the character of the prosecuting witness must not be considered.

"The fact that the prosecuting witness is a discarded mistress, an abandoned woman, does not affect the issue in this case," the court said. "We have had many unfortunate people here in this case—trainers, fighting camp hangers-on and women of the underworld—but because of their status in life their evidence must not be disregarded."

"It is as much an offense under the Mann act to transport a hardened woman as an innocent girl. It is not necessary that a person accused of violating the act shall receive a profit through transportation of a woman."

## MAD CAMPAIGN BY SUFFRAGETTES HURT THE CAUSE

Striking Evidence of Extensive Operations Given at Leaders' Trial For Conspiracy.

Three Bombs Were Found in Express Bound For London.

[Canadian Press.]  
London, May 14.—Striking evidence as to the extensive operations of the suffragettes engaged in the militant campaign, and of the bad effect on the women's cause of the outrages committed by them, was given during today's resumed hearing at Bow street police court of the charges against the suffragette leaders of infringement of the malicious damage to property act, the former business manager of the prisoners' enclosure were Miss Harriet Rebecca Kerr, Miss Agnes Lake, Miss Rachel Barrett, Mrs. Beatrice Saunders, Miss Annie Kenney, Miss Laura Lennox, and the analytical chemist, Clayton. The case against "General" Mrs. Flora Drummond was postponed until July owing to her illness.

**Damaged the Mails.**  
Testimony was given by letter-carriers and postoffice officials as to the great damage done to the mails by chemicals and other fluids being poured into the public letter boxes.

The former business manager of the suffragettes gave evidence as to the responsibility of the various prisoners for the different departments of that newspaper. The witness explained that his services were dispensed with by the militants, as Mrs. Pankhurst thought it was better that only women should conduct the paper.

**Circulation Fell Off.**  
The witness' evidence as to the loss of circulation by the Suffragette after militant acts had been committed was somewhat surprising. He said that at first 30,000 copies had been printed, but the sales were only 17,000. The circulation then dropped to 7,500, but 3,000 copies were circulated in other ways. Just before last Christmas he told Mrs. Pankhurst that this falling off was due to the letter box raids, but the suffragette leader shrugged her shoulders and said that could not be possible because when the women were most militant they were most successful.

**A Secret Fund.**  
Archibald Bodkin, counsel for the treasury, attempted to elicit from the charged account, who had audited the books of the Women's Social and Political Union, what had become of the so-called secret service fund of \$1,250,000 of which the paper, the Suffragette, had announced the raising. The accountant, however, was unable to throw any light on the subject, which he said had not come within his knowledge.

The account, while on the witness stand, produced the salary book of the Women's Social and Political Union, from which it appeared that the salaries of the leaders of the militant movement were no more than Miss Annie Kenney received \$21 weekly, "General" Mrs. Flora Drummond and Miss Harriet Rebecca Kerr \$17.50, Mrs. Beatrice Saunders \$15, Miss Laura Lennox \$10, Miss Christabel Pankhurst, who is living in Paris, drew, according to the books, \$55 in the last four months.

**ARSON SQUAD BUSY.**  
[Canadian Press.]  
London, May 14.—A militant suffragette "arson squad" was tonight destroyed by a large unit of police, "The Highlands" at Sandgate-on-Sea, near Folkestone, on the English Channel. Postcards addressed to the "Disobedient Primrose League" and to the "Disobedient Reginald McKenna, Home Secretary," were left lying about on the premises. There was also a postcard bearing the words, "We hope this is not a poor widow's house."

**FOUND BOMBS.**  
[Canadian Press.]  
London, May 14.—Suffragette bombs were found today in one of the passenger cars of a local train running between Kingston-on-Thames and London on the South-Western Railway, making the third outrage of the kind on the same line within two months.

On the arrival at Waterloo terminus Continued on Page Eleven.

## MARINE

Sault Ste. Marie, Mich., May 13.—Up: Ishpeming 11:30 Monday a.m.; Walsh, Hartwell, 12:30 p.m.; Stein, 1:30; Corey, 2:30; Palmer, 3:30; O. Mills, 4:30; Eads, Krupp, 5:30; Earl, 6:30; Geo. Owen, 7:30; Schoolcraft, Kourke, Yale, Tionesta, 8:30; Nettleton, 9:30; Townsend, 10:30; Ream, 11:30; Yosemite, 12:30; George Peavey, 1:30; Matia, 2:30; J. J. ## Purest on the Market

The Bonnette Sanatorium, J. V. Bonnette, M.D., Alexandria, La., Sept. 28, 1912. The Duffy Malt Whiskey Company: Gentlemen—We consider Duffy's Pure Malt Whiskey the purest on the market, and always use it where an alcoholic stimulant is indicated. Respectfully, J. V. Bonnette, M.D.

Duffy's Pure Malt Whiskey is of a higher standard of purity than is required by the U. S. Pharmacopoeia. It was the only whiskey taxed as a medicine by the Government during the Spanish War. Because of its known uniform purity it is depended upon by doctors. It is unequalled for coughs, colds, grip, bronchitis, pneumonia and all throat and lung troubles. For digestive and stomach troubles nothing is as good as Duffy's Pure Malt Whiskey.

The Duffy Malt Whiskey Company, Rochester, N. Y.

## Youth Killed Guard To Get Out of Jail

Fifteen-Year-Old Eugene Matheau Then Hid in Furnace.

[Canadian Press.] Montreal, May 13.—That 15-year-old Eugene Matheau had battered his head on the bars of the prison at an attempt to escape from the Reformatory School on East Demontigny street was revealed today at an inquest over the remains of the dead man after he had been laid out in his home for burial. The lad was arrested, charged with murder, and pleaded not guilty.

According to one of the brothers, who are in charge of the school, Matheau was found hiding in a furnace, and he had admitted assaulting the guard, so that he could get the keys and get away. He is a native of Quebec, a big husky chap, doing a term of five years for theft.

## Aimed to Develop Its Export Trade

President of Steel Corporation Shows How Much Higher Prices Were Secured Abroad.

[Canadian Press.] New York, May 13.—James A. Farrell, president of the United States Steel Corporation, resumed the witness stand today as a witness for the defence in the hearings of the Government suit to dissolve the corporation as an illegal combination.

## Prince Albert Is Coming to Halifax

Will Sail for England on Training Ship Cumberland.

[Canadian Press.] Halifax, May 13.—A cable from Bermuda today announces the sailing from there for this port of the British training ship Cumberland, on board of which is Prince Albert, the King's second son.

The Cumberland will arrive here on Thursday, and will remain in port for fifteen days. The Prince, who is undergoing cadet training, will remain with the ship until she sails for England July 10, after cruising in Canadian waters. The course lasts for six months.

From Halifax the Cumberland will sail for Charlottetown, thence to Quebec on June 5. She will be at Gaspe from June 14 to 16; Sydney, June 17 to 19; St. George's Bay, June 20 to 22; St. John's, Nfld., June 23 to 25; sailing thence for Devonport, England, where she is expected to arrive on July 10.

Another British cruiser that will call at Halifax this month is the Melpomene, of the North Atlantic squadron. This ship will arrive on May 22, and will remain a few days, sailing from here direct for England.

H. M. S. Sirius, of the Newfoundland revenue service, will also be here this month, arriving on May 23. There will then be three of the British navy in port at one time, an incident which has not occurred for some time past.

## IT IS PERILOUS TO NEGLECT A COUGH OR COLD

It sows the seed for grippe, pneumonia or consumption.

Don't trifle with syrups and nostrums; take Scott's Emulsion which effectively drives out colds and builds strength and resistance force to avoid sickness.

## Mob Took Negro Who Killed Young Farmer From Jail.

[Canadian Press.] Hogsansville, Ga., May 13.—Sam Owensby, a negro, who yesterday shot dead Brooks Lane, a young farmer, was taken from the Hogsansville jail late last night and lynched. He was hanged to a tree near the jail and his body riddled with bullets.

Lane was killed on his plantation, near Franklin, Ga. His trouble with the negro was said to have resulted from a discussion over the trading of a cow.

## SHOE MANUFACTURER DIES.

[Canadian Press.] St. John, N. B., May 13.—Edward F. Greaney, in his day a prominent boot and shoe man here, died today, aged about 80. Four daughters, one of whom is Miss Katherine, a teacher of elocution, Montreal, and one son, survive.

SPECIAL SALE TODAY. TOOTH BRUSHES, 15c. AT TOILET COUNTER.

DEMONSTRATION THIS WEEK. "The Rival" Pinless Shirtwaist Supporter.—Main Floor.

## THE POWER BACK OF THINGS AT THIS STORE

IT TAKES a thousand tons of coal a day to feed a giant steamship to carry you from New York to Liverpool in five days. While enjoying the luxury of travelling on one of these floating palaces, have you ever thought of the power behind; of the hundreds of stokers constantly feeding the roaring furnaces, and of the perfect system and discipline of the entire crew?

WHO EVER THINKS OF THE MACHINERY REQUIRED TO RUN A STORE? How to a great extent human machinery replaces the great iron horses, which, coupled with perfect system, is the power behind. Yet no small amount of white coal is consumed here daily, keeping in constant motion by the turning of an electric switch the five large electric elevators, the scores of sewing machines, and the rapid pneumatic cash system, which makes shopping a pleasure at this store.

## Trimmed Millinery for Summer Wear

A BEAUTIFUL display of summer styles awaits your inspection this week. The turn of the season has come from spring to summer, and the white and cooler, more airy styles are replacing the heavier and more glaring effects which has characterized the millinery this season. Many new models which are shown in this summer display are our own designing, with distinctive little features copied from French models.

Flower-Trimmed White Hats (also black), and jaunty little bows of Paris favor tucked in here and there. Milan Hats with gorgeous bows. Hats with quantities of tiny flowers, and Hats with a few single blooms. Hats all white and Hats gay with color, correct in every detail, up to the last moment in style. See summer models. ... \$6.00 to \$12.00 Second Floor.

## See Display of Bridal Linens (Dundas Street) Windows

BEAUTIFUL "Fleur-de-Lis" Brand, with the trademark woven in every piece. If you could visit this mill as our buyer does twice a year, and see the beautiful flax used in the hand looms to produce "Fleur-de-Lis" linens, you would not wonder at the world-wide reputation they have gained. It is with these high-grade linens this store has made an enviable reputation for bridal outfits, and a new and beautiful assortment, specially selected for 1913 June brides, has just arrived.

No. 1379—A most popular number is selected, most people giving special orders. A handsome design, American Beauty rose with plain centre and double border effect with bow knots; opens up beautifully.

Cloth, 2 1/2 x 2 1/2, price \$8.50; 24-inch Napkins to match, \$11.50; set \$20.00.

Cloth, 2 1/2 x 2 1/2, price \$10.00; 27-inch Napkins to match, \$13.50; set \$23.50.

Also same damask and design with round, scalloped edge, hand-drawn work in centre, beautifully embroidered in pretty design. Cloth 2 1/2 x 2 1/2, price \$26.00; 27-inch Napkins, hand-scalloped \$20.00; set \$46.00.

No. 1479—One of the daintiest designs shown for bridal outfit, empire style, hand-embroidered, with neat hand drawn work centres; hand scalloped circular cloth, 2 1/2 x 2 1/2, \$16.00; 27-inch Napkins, hand-scalloped, \$19.50; set, \$35.50.

No. 1525—Another pretty damask design, water lily with radiating spots, circular design with hand-embroidered centre and hand-scalloped edge. Cloth 2 1/2 x 2 1/2, \$17.50; 24-inch Hand-Scalloped Napkins, \$19.00; 27-inch hand-scalloped Napkins, \$21.00; set, \$40.00.

Cloth 2x3 yards, \$6.50; 24-inch Napkins, \$8.50 dozen; set, \$15.00.

## SPECIAL—Round Scalloped Damask

Cloths, \$2.75

12 only of these 72-inch Circular Scalloped Damask Table Cloths, choice designs, holly, chrysanthemum and pansy. Specially priced, \$2.75 each; Napkins to match, \$2.50 dozen.

See Display of Porch Furniture and Gurney-Oxford Ranges. Third Floor.

## MET AT GODERICH

Daughters of the Empire Heard Address on Boundary Lines.

[Special to The Advertiser.] Goderich, May 13.—The monthly meeting of the General Brough Chapter, I. O. O. E., took place this afternoon in the jury room at the courthouse, the regent, Mrs. D. Macdonald, in the chair. After the business was attended to by Mr. J. P. Hume, principal of the Collegiate Institute, gave a very interesting address, his subject being "The Boundary Lines of Canada and the United States."

Mrs. Hunt, of London, is the guest of Mrs. Lionel Elliot. Mr. John Pullen and Mr. J. Balfour Thom, who have been visiting in Goderich, left yesterday for Montreal.

Miss Rita Jordan, who has been the guest of Miss Gladys Elliot, left today for her home in Montreal.

Mr. and Mrs. Wm. Sharran left today for a trip to the coast.

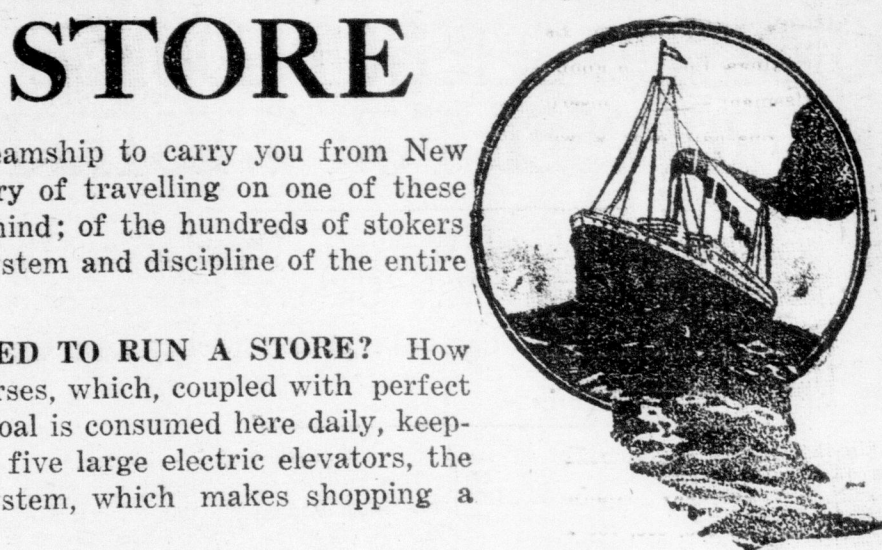

## MASONIC FUNERAL

[Special to The Advertiser.] Lorne Shier Was Buried With Full Honors at Port Elgin.

[Special to The Advertiser.] Port Elgin, May 13.—The funeral of Lorne Shier, who died at Gorrie, held from his father's home in Port Elgin, was largely attended. The Masons had charge of the burial service, and the deceased was accorded full Masonic honors. The late Mr. Shier was a native of Port Elgin, having conducted a drug store here, but lately was a well-known representative of the Davis & Lawrence drug firm at Montreal. He is survived by a wife and little daughter, aged 6; also his father, mother and sister.

## THORNDALE.

Thorndale, May 14.—The Women's Missionary Society, at its regular meeting, appointed Mrs. J. H. Wheaton delegate to the annual convention, which is to be held in Chatham next week.

## BUT THE GREATER POWER BEHIND IS THE SYSTEM OF DOING BUSINESS FOR CASH ONLY

The inception of which some 15 years ago began the serving of the public in a larger way, which brought about many advantages and special privileges to our customers. For instance, the return of whatever they bought and take back the cash paid.

Half a century ago, when the first store in America made this announcement: "Cash Only and the refund of money on goods purchased," his end was prophesied by financial critics and merchants held up their hands in pity for the lunatic adventurer who had missed his vocation. But the move was followed by such success that they too soon followed in his footsteps, but many still are plodding along the backwoods road of merchandising.

Help us to still further the rights and privileges of customers at this store by encouraging the system of Cash Only and the refund of money on unneeded goods.

## Special Skirt-making Ends Tomorrow \$1.69

THURSDAY will be your last opportunity this season to have your skirt made to measure at this special price.

Orders have come faster than we expected, and we are therefore obliged to stop sooner than was intended, so that all orders taken up to Thursday night may, if possible, be finished for the holiday next week—Saturday, May 24.

## Japan Will Await Gov. Johnson's Reply

If He Signs Proposed Bill, Further Representations Will Be Made.

[Canadian Press.] Washington, May 13.—The Japanese ambassador will take no further steps in the protest against the California anti-alien land law until Governor Johnson acts upon the bill before him. Should he sign it, it was learned today that Japan without making further representations to the state department will wait a reasonable time to learn what the federal administration intends to do to meet its complaint against the measure.

It was indicated today that Japan would not move to test the constitutionality of the law, but inclines to the view that it is incumbent upon the United States to take up that phase of the question.

Although it is understood here that Governor Johnson has thirty days to act, officials believe his answer to Secretary Bryan's last communication will be received within a week.

The Japanese situation was discussed today at the cabinet meeting, but no conclusion was reached.

## Hood's Pills

Cure Constipation Billiousness Liver Ills

This year on Saturday at the river flats, Mrs. Hall, of Kingston, is visiting her daughter, Mrs. C. Felt.

Miss J. Kennedy, who has been attending university in Kingston, is home for her vacation.

A splendid new bridge is to be built over the Wye Creek this summer.

FOREST. Forest, May 13.—C. S. Woodworth, P. S. principal, spent the week-end with his wife in Detroit.

Milton McCordic, of the public school staff, Sarnia, spent the week-end here with his mother, Mrs. H. McCordic.

Earl Wilson, of Alisa Craig, spent Sunday at his home here.

Alex. Cavanagh, of Winnipeg, visited with his mother-in-law, Mrs. H. Wilson, Broadway, recently.

Mrs. Louis Wood, of Chicago, is visiting her mother, Mrs. Pettick.

John Jones has moved his family to their summer home at Hillsboro.

## KATHERINE LESLIE'S HOME CHAT

### Folding and Collapsible Furniture.

The prevalent desire of people to give up houses and to take to flats has resulted in many ingenious things in the way of furniture for the more limited quarters that a flat gives. Accommodated to the larger spaces of the flat dweller, the furniture of the flat has its limitations and disadvantages in the matter of room for furniture, and it takes much time and thought to place articles in the rooms so that there will be space enough for freedom of movement on the part of the flat dwellers. But the big shops have begun to realize the needs of the flat dweller and have provided all sorts of tempting conveniences to meet the demands of this new class of people. Folding and collapsible furniture are amongst the necessities of the flat dweller. The folding bed has long been familiar even to the house dweller, and has by no means escaped the eye of the caricaturist. But the old fashioned folding bed, which was quite as hideous as it was dangerous, has been sent to the limbo of the second-hand furniture man, and the

bed-davenport has taken its place. To look at these handsome davenports you would never suspect that a turn of the hand would convert them into a comfortable bed. By day they are handsome and goodly couches, with high cosy backs and arms. Covered with leather or tapestry, according to the taste of the buyer, and the price asked, they may be placed in any room, and it would take a Sherlock Holmes to find the bed under the davenport. The spring mattress and ordinary mattress are most artfully arranged to fold up and when opened down look deliciously inviting and comfortable. Needless to say, the rule of best being always most economical in the end, holds with these as in all things.

Other ingenious, and attractive, and really necessary articles of furniture for the flat include the table in varying sizes and shapes with folding leaves. These are a perfect boon in any household. They are made in all the best woods, in square, oblong or rounded shapes. Those in mahogany are the most beautiful, but the walnut and the fumed oak are a little less in price and are remarkably good looking and desirable. They are ideal tables for afternoon tea.

## PROBLEMS OF THE FAIR SEX SOLVED BY CYNTHIA GREY

[Correspondents are requested to make their inquiries as brief as possible, and to write on one side of the paper only. It is impossible to give replies within a stated time, as all letters have to be answered in turn as they are received. No letters can be answered privately.]

### He Lost His Fortune.

Dear Miss Grey: I am 35, worked hard to make a home, but in a disaster and prolonged illness lost all my fortune. Do you think it is excusable for a man of such circumstances to look for a woman of means? I know that there are many women of good financial standing that desire a husband of good character and habits, no matter if he be poor. If you consider it not dishonourable, what would you advise me to do in getting acquainted with that kind of a woman? Is there any other way better than advertising and matrimonial papers? I live in a small town that hardly presents a favorable chance. Will it be better for me to stay bachelor?

"C."—I think any man who marries for money is too despicable for words. There might be and many times are conditions where it is almost imperative for women to marry for money, but as I see it there is absolutely no excuse for a man to do so. The real foundation for a successful marriage depends on love. Without it marriages are not very successful.

### We Are Seven.

Dear Miss Grey: I am going to ask you seven questions now, and hope to see them answered. You must be very patient to answer so many questions.

1. In what month, and what date of the month did Good Friday come on seventy-nine years ago?
2. How many colors, and what colors has the rainbow?
3. My hair breaks and splits at the ends, what can I do for it?
4. In what year was the "Donnelly murder"?
5. I am eighteen, five feet three inches tall, how long should I wear my dresses?
6. My house balsam has not flowered this winter, the buds come, but do not mature. What can I do to make it flower?
7. I have a white silk mohair hat. It has become soiled. Could you give me a home remedy to clean it?

Thanking you in advance, I remain, ROSE.

A.—1. Gracious, child! I was not in the land of the living seventy-nine years ago, so am unable to give you the information.

2. There are seven colors, red, orange, yellow, green, blue, indigo, and violet.

3. Procure a good hair tonic at a drug store, and apply it regularly for a time. Keep the scalp perfectly clean and stimulated by nightly brushing. Before commencing the tonic treatment, clip off the split ends, or have someone do it for you. This encourages the hair to grow.

4. Upon the night of February 4, 1850.

5. Four to six inches from the ground.

6. Probably the plant needs fresh soil. I would report it, I think, and put a little fertilizer at the roots. Or use one of the liquid fertilizers in the water about twice a week. This should help the plant and encourage bloom.

7. Rub powdered starch well into the braid and place the hat away in a drawer for several days. Then take out and brush off all the powder you can. Repeat the treatment once or twice and the hat should be surprisingly clean.

### Pertinent Questions.

Dear Miss Grey: Will you please answer these questions for me?

1. What would be a suitable name for a reading club for girls?
2. We are going to take a trip out West next fall, what clothing would be necessary?
3. What salary do motion picture players receive, and is it a respectable position?
4. What is the meaning of Catherine, Harriet, Mona, Anastasia, and Louis?

Thanking you in advance, and hoping to see this in print soon, we remain, yours truly,

SPAREBIRDS AND GRAY.

A.—1. The Book-Lore Club; Girls' Literary Society.

2. As you are going away in the autumn you will need warm and serviceable clothing. Heavy serges are popular for one-piece dresses, and cheviot is also good. Would suggest

## Mrs. Depew's Italian Croquettes

Mrs. Chauncey Depew had the reputation of giving the best chafing dish suppers in Washington while her husband was in the Senate.

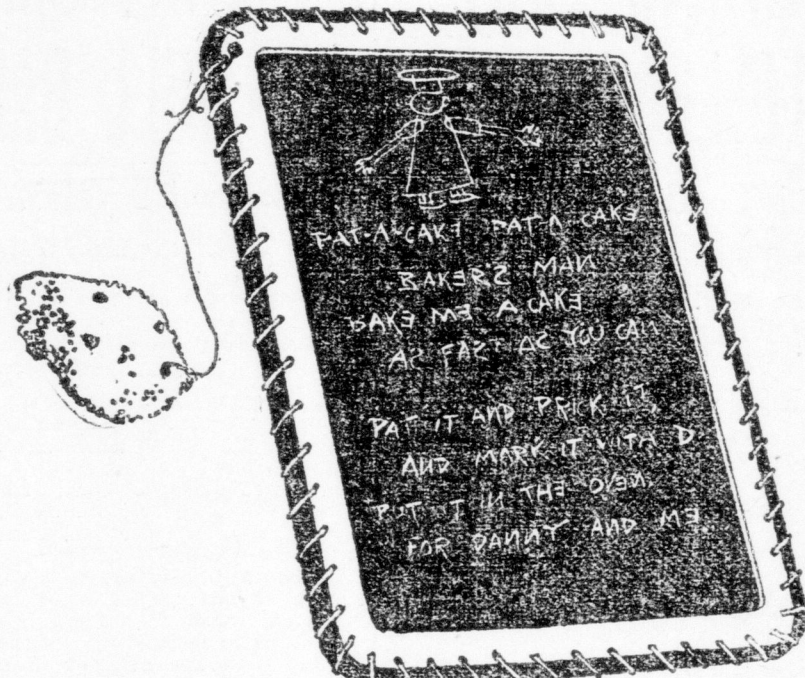

Mrs. Chauncey Depew makes very delicate things on her chafing dish, and one of her most successful dishes is that of Italian croquettes.

She has some macaroni cooked for her which she cuts into small rings, when cold, to make two cups. After a half a cup of butter is melted in the chafing dish, an ounce of flour is stirred into it until smooth, and then half a cupful of milk is added. This whole is now stirred rapidly over the lamp until it boils and thickens. Finally the macaroni is put in the sauce, together with two ounces of Parmesan cheese and half an ounce of grated Gruyere cheese. The yolk of an egg is whipped lightly and added at last with a tablespoonful of paprika and pinch of salt. After boiling the whole mixture for a few moments it is removed from the lamp, and when cool enough is shaped into round balls, brushed over with white of egg and bread-crumbs and fried brown in hot oil in the chafing dish. Each of these smoking croquettes is served on a dainty lettuce leaf.

MRS. CHAUNCEY DEPEW.

## The Children's Hour

BABY'S RHYME.

### MRS. HIPPO'S VISIT.

Mrs. Hippo had come to see Mr. and Mrs. Zebra's new baby.

Of course, Mr. and Mrs. Zebra were very pleased to see her, and the baby cried with delight; but all the same Mrs. Hippo was such a big lady that the Zebra's house seemed hardly solid enough to bear her.

First of all she tripped over the doormat and fell into the room. Mrs. Hippo didn't get up this time. She just rolled over and over to the door and out of it.

Mr. Zebra and Mrs. Zebra sighed with relief as they went to pick up

herself once more on the floor. The Zebra baby couldn't help laughing; he thought it was all a lovely game on purpose to amuse him.

Well, when Mrs. Hippo was helped up again she felt rather shaky on her feet, and she caught hold of the window curtain to steady herself.

Crash! Down it came, and down came with it Mr. Zebra's beautiful violin, which was hanging on the wall. Mrs. Hippo didn't get up this time. She just rolled over and over to the door and out of it.

Mr. Zebra and Mrs. Zebra sighed with relief as they went to pick up

## REAL FASHIONS ON REAL PEOPLE ON THE STAGE

The Stage in This Country Holds the Looking Glass Up to Fashion If It Does Not Always Hold the Mirror Up to Nature.

Here are three "lovely ladies" who are showing some frocks that can be copied by the up-to-date girl.

If you are a tall and slender girl and can wear your hair with a Greek fillet, an evening dress along Greek lines will be especially charming.

MISS ANNA WILKS, in the "Purple Road," is wearing this kind of a costume, simply long breadth of pale blue embroidered chiffon gathered about the waist and bound below the hips with a silver cord. The bodice is cut all in one piece and trimmed with silver cords. With this Miss Wilks wears silver slippers and a silver fillet about her waist.

MISS CONSTANCE HUNT, in "The Sunshine Girl," is wearing a beautiful black satin gown with a loose coat of black faille brocaded in silver. This coat is tied at the waist with a wide black sash and has revers of shadow lace.

Miss Hunt wears with this costume a large black hat, the white rose in front. This suit will be copied most charmingly for a tall girl, in navy

## Millinery Opening Summer, 1913 Drooping Models Popular for Summer Wear

GRAY'S

Panamas come in many new shapes. Milan, Tagel and Chip the summer straws. New distinctive styles on display Thursday, Friday and Saturday.

GRAY'S

THE summer hat will be larger. This is an early prediction which is coming true, and the extremely small hats which were shown earlier in the season are giving way to models more in keeping with comfort for summer wear because they afford more shelter to the face.

The panama is to be the popular hat, and the many new chiffons and silks in varied colors and figures which are being used for trimming, give it an added beauty.

Flowers will be much used. Many of the panamas will be trimmed with these. Flowers and ribbons will be the main trimming of almost all smaller hats. Plumes will be used to a certain extent.

THIS display on Thursday, Friday and Saturday of this week, heralds the opening of the summer season.

Glorious spring is here in all her beauty of varied colors and beautiful creations. Never before have the spring and summer styles seen such riotous colorings and bright effects.

The models on display in our showrooms will portray for you the newest and prettiest styles of New York, London and Paris. An authentic display of the season's latest styles.

Be sure to not miss seeing this display. It will be worthy of your inspection, and when you are ready to choose your summer hat, remember that our styles are the latest, our assortments the largest, and our prices the lowest.

## Daily Menu

BREAKFAST.  
Hot Pancakes. Maple Syrup.  
Coffee.  
DINNER.  
Hamburg Steak.  
Mashed Potatoes. Buttered Parsnips.  
Dressed Lettuce.  
Rice Custard.  
SUPPER.  
Jellied Chicken. Potato Salad.  
Fresh Currant Biscuits.  
Preserved Cherries.  
Tea.

Rice Custard.—Cook 4 tablespoons of dry rice in 4 cups milk until soft; then add yolks of 2 eggs, 2 tablespoons of sugar and a pinch of salt; grate a little nutmeg over the top, and cook until custard is set. Beat the whites of the eggs, sweeten, spread over the custard and brown in the oven.

Chicken Leaf.—Cut in small pieces what remains from the frittess of the day before, mix with it a little clear stock, or a cupful of not water in which a little clear gelatine has been dissolved. Season with pepper, salt and a little summer savory. If the hot water is used, instead of the stock, add a generous lump of butter. Slice a hard-boiled egg into the bottom of a dish, turn the chicken leaf heated, into it, place a weight on the dish and set in a cool place. This is also a good way to use up "left-overs" of other kinds of meat.

## Tea-Table Talk

"Are you a suffragette?" asked the doctor, when after discussing the weather we had got fairly launched upon a real conversation.

I assumed a look of guiltlessness. "I think I am too young to be a suffragette," I replied.

"Good! I am glad to hear it," I hope you will always be too young to be one," returned the doctor quickly, beaming on me quite warmly. "Really," said I, "and why?"

"The suffragettes are a band of fanatics," snapped the doctor. "They are extremists; they have absorbed the one idea 'votes for women' so long, and so thoroughly, they can't talk or think, or feel anything else. They are obsessed with the one thought."

"But," said I, "do you not think it is wise to concentrate upon things? Personally I have a great admiration for the person who undertakes a thing, and carries it through. For instance, if I were desirous of learning French, grammar within a given period, I would not go to confuse my mind with two or three other languages at the same time."

"The cases are not parallel," replied the doctor, "but in anything, I do not favor becoming an extremist. To do so is to endanger one's mental capacity to sometimes an alarming extent. I find it so among members of my profession. There is Dr. A. He studies and experiments with nothing but nerves. If a person goes to him for medical attention, he at once declares it is the nerves, never the heart or stomach, that is out of order. Again, there is Dr. Z., with him every ailment is liver complaint. These men are extremists. Their professional perspective is too narrow."

"And you," I said softly, "I presume you take a wider view of things. You are not an extremist yourself?"

"I flatter myself that I am not," responded the doctor with a bland smile at me, "but I have a hobby. Mine is monkeys."

"I nearly fell off my chair. What?" I gasped, looking about fearfully.

"Monkeys," he repeated. "For years I have been trying various phases of them, inoculating them with different germs and endeavoring to produce such diseases as scarlet fever, and diphtheria. Last year I—"

and here the doctor wandered off into a glowing description of his experiments on the unfortunate monkeys in his possession. His face shone and his eyes fairly danced, as he recounted various phases of his success. Then finally, "Come out into the yard and see them for yourself. I have three monkeys out

there in little cages I made with my own hands. This way, please."

So I followed willingly enough, but without extremely curious, in the depths of my being as to just how far one may cultivate a hobby and not become an extremist! I have not solved it yet, and some day I'm going to ask the doctor. But he'll not know, bless you—he'll still be talking monkeys and condemning the advocates of "women's rights."

Doesn't the new heading of this column appeal to you? Personally, I think it rather clever, and I thought it out all myself. But I don't want to have to do the "talking," and this column is open at any time for discussion on any phase of feminine life in the home, in the school, and in business. If some particular subject appeals specially to you, and you would like to see an article on the same, or hear the opinion of other women and their experience in the matter, I shall be glad to hear from you. In this way the column can be made one of mutual benefit, interest, and entertainment to all readers.

### YE BANKS AND BRAES.

Ye banks and braes o' bonnie Doon,  
How can ye lie so lowly,  
How can ye chant, ye little birds,  
And I see fu' o' care?

Thou'll break my heart, thou bonnie bird,  
That sings upon the bough;  
Thou'lt mind me o' the happy days  
When my fause love was true.

Thou'll break my heart, thou bonnie bird,  
That sings beside the mate;  
For sae I sat and see I sang,  
And I wist na o' my fate.

A' hae I roved by bonnie Doon,  
To see the woodbine twine,  
And Ika bird sang o' its love,  
And sae did I o' mine.

W! lightsome heart! I paid a rose,  
Frae aff its thorny tree;  
And my fause love stae the rose,  
But left the thorn wi' me.

—Burns.

## TIGERS BADLY BEATEN

St. Louis Browns Won a See-Saw Contest From Clark Griffith's Senators.

Cleveland, May 13.—New York won from Cleveland, 8 to 5, today, when the locals went to pieces in the seventh inning, and allowed four runs to come in. Chapman's error and two singles filled the bases. Blanding passed Ford, and Mitchell, who replaced Daniels, forced in another run by walking Daniels; Sterrett fanned, and then Catcher Carisch threw to right field trying to catch Daniels off first base, two more runs coming in. Chase and Jackson each got three hits in four times at bat. Manager Birmingham directed the team from the bench, resting his broken leg on a stool. Score:

Time—1:55.

**MULLIN BATTED OUT.**  
Detroit, May 13.—Boston today knocked Mullin from the box in less than three innings and defeated Detroit 6 to 1. Boston won the game in the first inning. Speaker tripped in the third and again in the seventh, and each time he scored on a sacrifice fly by Lewis.

Lake, who replaced Mullin, gave way to Zambach in the eighth, and the recruit kept the champions from crossing the plate. Cobb made two unsuccessful attempts to steal home.

**THE SENATORS BEATEN.**  
St. Louis, May 13.—St. Louis won an exciting game from Washington today, 7 to 6. After St. Louis had a five-run lead in the third inning, Washington tied the score and won out in the seventh. Score:

ST. LOUIS	A. B. H. O. A. E.	WASH.	A. B. H. O. A. E.
Batteries—Basham, Enloe, Bostall, Alt-rock and Althoff, Williams, Hamilton and Agnew.			

## KEEP BABY'S SKIN CLEAR

With  
**CUTICURA  
SOAP**

Alifetime of disfigurement and suffering often results from the neglect, in infancy or childhood, of simple skin affections. In the prevention and treatment of minor eruptions and in the promotion of permanent skin and hair health, Cuticura Soap and Cuticura Ointment are absolutely unrivaled.

Cuticura Soap and Ointment are sold throughout the world. A liberal sample of each, with 25-page booklet on the care and treatment of the skin and scalp, sent post-free. Address: Pottery Drug & Chemical Co., Dept. 193, Boston, U. S. A.

## Sensational Playing of the Phillies Surprises the Critics

One Year Late in Making Good the 1912 Prediction of Critics, "Red" Dooin and His Team Are Upsetting the National League Now.

Well, well, just look at those Phillies!

Ever since the season opened Charlie Dooin's gonfalon chasers have been climbing, and here they are up in front and going away just as if they were not one year late. For late starters Dooin's darlings are hitting on all six cylinders without a skip. When the training season was on last year the Phillies were the sweetest-looking team in the National League. On form they should have participated in the world's series, but the pitchers went wrong and the fine looking prospect proved a disappointment. Incidentally the troubles of H. Foote, president, may have had something to do with the showing.

The men who are setting the pace in the National League: Above, Pitcher George Chalmers, First Baseman Luderus, Pitcher Tom Seaton, the sensational recruit. Below, Pitcher Grover Alexander, looking through the group, Manager Charlie Dooin.

This spring, with memory of 1912 before them, few critics picked the Phillies to win the pennant. They liked Pittsburgh, with New York second choice, and the Cubs an unknown quantity.

And now look it over. The Phillies have walked the eastern teams, and are on their toes sprinting like a lot of quarter horses. Perhaps they won't be able to hold the pace and maybe they will fool everybody and prove they like the full distance. The difference between the team this year and in 1912 is that the pitchers are now going smoothly instead of hitting "thank-you-mams" every time they are unblanketed. The team is playing a tight fielding game and hitting the ball opportunely. If Dooin can out-game misfortune there is a good chance of the Philadelphia dream materializing—that of a world's series right at home, with the Athletics representing the American League.

Other footballers who wind up their undergraduate days are "Red" McEwen, the quarterback; Jack Lewis, the outside wing; "Bert" Wilkes, one of the spares; "Pud" Argue, the manager of the footballers, and "Nick" Kirby, assistant manager.

Hockey suffers through the passing of Bert Sargent, a former captain and right wing, swimming by the graduating of Skelton, ex-captain and star goalier of the polo team; basketball loses Duffield, while the track will miss Hollinshead, sprinter. Herbie Thomson, a past president of the athletic association, received his M. A. degree, as did A. R. McEwen, who, in times past, upheld McGill's honor at the mile and half-mile distance. The boxers lose Mais and Hugh Jones.

**GIANTS HAMMER CHICAGO TWIRLERS**  
Toney and Reulbach Were Landed on Freely By McGraw's Men.

Brooklyn Continues Winning Streak, While St. Louis Nosed Out Boston in Close Game.

New York, May 13.—New York easily defeated Chicago here today, the score being 8 to 2. Toney, the first Chicago pitcher, went well for two innings, but the champions hit him freely later. Reulbach, who finished for Chicago, was hammered even harder than his predecessor.

PHILADELPHIA, May 13.—Pittsburgh met with its seventh straight defeat in the east, when Magee won today's game here for Philadelphia with a home run drive into the left field bleachers in the eighth inning, the final score being 5 to 4. The visitors twice held the lead, and they

## DIVORCE CASES ARE INCREASING FAR TOO QUICKLY

Senate Absolutely Refuses Request of Andrew Lorne-Hamilton, Bank Manager.

Forty-One Applications This Season, as Against Only Seven Before.

Ottawa, May 13.—The application for divorce of Andrew Lorne-Hamilton, bank manager, of Quebec, after having been favorably reported by the divorce committee, was thrown out by the Senate today after considerable discussion. The same action was taken on a similar application two years ago.

In moving approval of the divorce committee's report recommending this divorce, Senator Kirchhoff sketched the work of the committee.

**A Big Increase.**  
The number of applications for divorce, he said, had grown from seven or eight a session to the alarming number of forty-one. This threw a great deal of very hard and unpleasant work upon the committee. They were constantly faced with the possibility of having their judgment overturned by the members of the Senate, who from religious conviction were opposed altogether to divorces. Still, in only two cases had the recommendation of the committee been refused. One was many years ago, and the other was a previous application of this same Hamilton case. Two years into the case was up, and members were solicited to refuse the findings of the committee, and a majority had done so. Since then the Quebec courts had granted separation and had given custody of the children to the father.

**Painful Evidence.**  
The committee on this occasion had heard a great deal of evidence of a painful character, and had decided that divorce should be granted, and he hoped that in dealing with the finding of the members of the Senate would consult their judgment only.

After considerable discussion the Senate divided, and the motion for divorce was refused by a vote of 20 to 24. Those who voted for divorce were: Hon. Mr. Loughheed, Sir Macdonald, Bell, Senator Ross (Mid-dleboro), Corby, Curry, McSweeney, Sir G. W. Ross, Ellis, McKeen, MacLaren, Owens, Frost, Kerr, Derbyshire, Kirchhoff, Bland, Taylor, Mitchell, Daniels, Edwards—20.

Those who voted against were: Senators Polier, Legris, Coffey, Prowse, Riley, Farrell, Talbot, Rat, Donville, Jettav, Gibson, Costigan, Douglas, Montplaisir, Cloran, Lavergne, Flset, Power, Davis, Belcourt, Beth, Deboucherville, Boyer, Dennis—24.

**AN OPPORTUNITY TO VISIT CINCINNATI, OHIO, AT SMALL COST.**  
The Grand Trunk Railway System will issue round trip tickets at reduced rates to Cincinnati, Ohio (via Detroit), account convention of Young Men's Christian Association of North America, to be held at Cincinnati, May 15-18, 1913.

**District and Dates of Sale.**—(a) From stations Kingston, Renfrew and West in Canada, May 13, 14, 15. (b) From all stations east of Kingston and Renfrew, May 12, 13, 14.

**Return Limit.**—All tickets valid to return to original starting point not later than May 31, 1913.

**Stop-over.**—Stop-overs will be allowed at certain points. This is an excellent opportunity for those desiring to take a holiday at small cost. Fast trains run daily between Montreal, Toronto, Hamilton, Brantford, Woodstock, London, etc., to Detroit, over the only double-track route, carrying through coaches and electric-light Pullman sleeping cars.

Direct connections are made with trains leaving Detroit for Cincinnati. Ask nearest Grand Trunk agent for full particulars, berth reservations, etc., or write C. E. Horning, district passenger agent, Union Station, Toronto, Ont. R. E. Ruse, city passenger and ticket agent, phone 80.

**Rev. Mr. Heatherington Is Going to Brandon**  
[Special to The Advertiser.]  
Muney, May 14.—Rev. Mr. Heatherington, of Oneida, has been offered the position of assistant superintendent of the Brandon Indian Institute and will accept, subject to the approval of the London Methodist conference.

**Big Fish Was Tugging at Line in Dead Man's Hand**  
Youth Dragged Overboard and Drowned Kept Hold of Rod.

[Canadian Press.]  
Eau Claire, May 14.—Fishing zeal resulted in the drowning of Silver Larson, 22 years old last night, when, in his eagerness to land a promising "bite," Larson rose in the boat and in the tussle with the fish lost his balance, toppling over backwards into the water and was drowned. He retained a death clutch on the pole, however, and when the body was recovered a large-sized fish was tugging at the end of the line.

**Eccentric Yachtsman Is Very Seriously Ill**  
His Boat Has Been Moored Off Brightlingsea Since 1889.

[Canadian Press.]  
London, May 14.—Baird Brown, an American, whose yacht has been his home for more than 23 years, is reported seriously ill on his vessel off the British coast.

Brown, an eccentric character, was once prominent in New York society. One day he set forth on his yacht for a cruise around the world. A mile or so from Brightlingsea, England, he moored his yacht, and there it has ridden the seas since 1889. Sometimes he went ashore, and won such a reputation as a philanthropist that borrowers and charity seekers were accustomed to put off in boats to the yacht Val-freya, in search of loans, etc.

**HON. ALEX. MURRAY DIES AT WINNIPEG**  
Had Been Prominent in Western Politics Ever Since 1874.

[Canadian Press.]  
Winnipeg, May 13.—Hon. Alex. Murray, speaker in the fifth Alberta Legislature, and one of the best-known men of that province, died here today, aged 74. He represented St. Charles in the Federal House for two terms from 1874, afterwards being elected to the Legislature and made speaker.

Beauty Pattern Company.

9535.—A Simple Frock for Mother's Girl—Girls' Dress With or Without Sleeve.

Plain and practical styles are always most comfortable for the growing girl. The design here shown is easy to develop, and suitable for many of this season's fabrics. Galatea, lawn, percale, chambray, gingham, silk, linen or line may be used, while panama, shepherd checks and other light weaves are equally appropriate. The dress closes in front, which is a very practical feature. The sleeve may be omitted. The sleeve may be fashioned in full length or shorter, the pattern supplying a suitable cuff for each. The pattern is cut in four sizes: 6, 8, 10 and 12 years. It requires 3 1/2 yards of 40-inch material for an 8-year size. A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps.

PATTERN DEPARTMENT OF THE ADVERTISER.

Please send above-mentioned pattern, as per directions given below, to:

Name .....

Town .....

Province .....

Measurement—Bust.....Waist.....

Age (if child's or misses' pattern).....

**CAUTION.**—Be careful to include above illustration, and send size of pattern wanted. When the pattern is sent, you need only mark 22, 24 or whatever it may be. When in waist measure 22, 24, 26, or whatever it may be. If a skirt, give waist and length measure. When misses' or child's pattern, write only the figure for the size of the body. Patterns cannot reach you in less than one week from the date of order. The price of each pattern is 10 cents in cash or in postage stamps.

**King and Queen Had a Very Close Call**

Explosion of Gunpowder at Aldershot Threw Earth in All Directions.

London, May 13.—Owing to a chance in the day's program, says The Daily Mirror, the King and Queen escaped an alarming and possibly dangerous experience at Aldershot. The Queen was to fire a mine consisting of 150 pounds of gunpowder by means of an electric button from an iron shed fifty yards away. The charge was too dangerous to leave unattended, so when it was known that their majesties would be unable to carry out that part of the program, the order was given to fire from the danger zone. It was understood to be a circle about fifty yards in diameter, with the mine as the centre. Owing, it is said, to a strong wind and other causes, the explosion caused dense masses of clay to rise high in the air and fall mainly on the high road, a distance of more than one hundred yards. Quantities of earth fell near the shed where the Queen would have been, and on a point of the roadway where the King would almost certainly have been watching the explosion. The explosion was heard by the Queen, who was nearest the mine, was covered with clay from head to foot. His camera was hardly recognizable.

**TODAY'S RIDDLE**

**WHAT FACES ARE THE MOST STRIKING TO LOOK AT?**

(ANSWER)

THE FACES OF THE KING AND QUEEN.

**MRS. WINTERS DIED AFTER LONG ILLNESS**

Wardsville Woman Only Recently Celebrated Her Golden Wedding.

[Special to The Advertiser.] Wardsville, May 13.—Mrs. Winters, one of Wardsville's oldest residents passed away today. Mr. and Mrs. Winters celebrated the fiftieth anniversary of their wedding last St. Patrick's Day. Mrs. Winters had been very ill for several days with heart trouble. Interment will take place on Wednesday in Florence, near where they spent most of their married lives. The orchards suffered severely during the recent heavy frosts. Six degrees of frost is reported here. The indications are that the fruit crop now will be very light.

The Glencoe High School baseball team paid the local high school boys a visit recently. The cold north winds failed to check the enthusiasm of the teams or of their accompanying rooters. Both teams are credited with some brilliant plays as well as some errors, but the laurels fell to the local team, the score being 7 to 18, in favor of Wardsville. A return match will be played in Glencoe on Friday evening.

**WOMEN'S INSTITUTE**

Mrs. R. M. Lowry Is President of Port Elgin Society.

[Special to The Advertiser.] Port Elgin, May 13.—The Women's Institute held in the library, arrangements were made for the summer meetings which are to be held in Port Elgin May 30.

The election of officers resulted as follows: Hon. president, Mrs. M. C. Tavish; president, Mrs. R. M. Lowry; vice-presidents, Mrs. J. H. Wiseman and Mrs. R. Munro; secretary-treasurer, Mrs. J. S. Cameron; directors, Messrs. J. A. Kitchin, G. Smith, H. Monaghan, J. Henderson, Christian, G. Black, M. E. Robertson, C. Nicholson, P. W. Elliott.

**LEADER RESIGNS**

Miss Annie Patterson Was Soloist in Windsor for Two Years.

[Special to The Advertiser.] Windsor, May 13.—Miss Annie Patterson, who has been choir leader and soloist of St. Paul's Church for the past two years, sent her resignation to the managers last night, to take effect June 1. Mr. G. Kastner, on behalf of the managers, and Mr. J. M. Nicol, on behalf of the session, directed the secretary to express to Miss Patterson the high esteem in which her services have been held. Miss Graham, of Barrow Bay, is the guest of Miss Lamont. The new McClure Block is progressing rapidly, and will likely be ready for occupation by July 1.

**FOREIGN CAR SERVICE**

The C. P. R. Observation Car Service, which has been inaugurated last year, and which proved so successful, will be resumed on more extensive lines this season. The service for 1913 commenced on the first of May and will continue until October. Eight cars will be in operation, named, respectively, Austria, Asia, Africa, America, Australia, Britannia, Canada and Europa. There will be three regular services, viz.: Between Toronto and Salsburg via Salsburg; between Innsbruck and Trieste; and between Salsburg and Trieste. Probably the service between Innsbruck and Trieste will be extended to Zurich, Switzerland, negotiations to that end now being under way with the Swiss Government. The Salsburg-Trieste service will furnish convenient and homelike accommodation for tourists using the C. P. R. Atlantic steamships to and from Trieste, as the cars on that run pass through the most picturesque districts of Tyrol.

**BRUCEFIELD.**

Brucefield, May 11.—Mr. Frank Lane, who broke his leg several weeks ago, is able to go around on crutches, but it will be some time before he will be able to do much work. Mr. John Kitchen, of the 2nd concession of Stanley, had the misfortune to fall on his shoulder on Tuesday, fracturing his collar bone. He did not think much of it at the time, but after a few days it began to pain him. He consulted his doctor, who discovered the fracture. It is badly needed in this section, as the recent frosts have set the grass back and everything wants moisture. Owing to the prevalence of whooping cough the Sabbath school was closed on Sunday, but will be reopened next Sunday.

Messrs. Alex. Mustard and Geo. R. McCarty shipped a carload of cattle on Saturday to the Toronto market. Mr. Mustard accompanied them. The concert given by the choir was very much enjoyed. The ladies had served a delightful lunch, consisting of sandwiches and pies of various descriptions, and then followed by an appropriate selection by the choir after each reading. The proceeds amounted to \$26, which will be used to supply books for the choir.

Miss Jessie Grainger, trained nurse, is taking a few holidays at her home here. Miss Anna McIntosh has returned home after a two months' visit to relatives.

Miss Marks attended the funeral of Miss Rothwell, of Toronto, who was buried at Goderich recently.

**LAMBETH.** Lambeth, May 13.—Miss Penella Adams is visiting Mrs. W. Dingman. Mothers' Day was observed in the Methodist Sunday school by an open school. All the centre seats were occupied by mothers. Solos and quartettes were beautifully rendered. Everyone was delighted with the prospect of the school.

Mr. and Mrs. Kains, of Shelden, were the guests of Mrs. Meek for the week-end. Mrs. M. Thorndicroft is very ill at the home of her son, Mr. G. F. Thorndicroft.

**For All Occasions.** We can furnish swell turkeys. Palace Livery. Phone 338. Ross & Boss, proprietors.

**New York Canadians Elected Officers**

Big Annual Meeting of the Club Was Held at the Waldorf.

New York, May 11.—Officers were elected by members of the Canadian Club at their meeting at the Waldorf Astoria last evening. T. Kennard Thompson was re-elected president. E. M. Sweeney and J. Emery McLean were elected vice-presidents. Edwin B. Benham was elected as secretary, and H. F. Ballantyne as treasurer, while Andrew P. Johnson, Robert N. Graves and William N. Dignan were made trustees for the ensuing year. A pleasant evening's entertainment was provided after the business meeting. Col. John S. Mallory, of the United States army, told bridge some incidents of the China relief expedition, of which he was a member; Col. Farnsworth, secretary of the New York Bankers' Association and president of the Michigan Society, delivered an address, and Miss Mary L. Jobe, of New York City Normal College delivered an interesting address illustrated by excellent stereoscopic views. Her account of the adventures of the Canadian Alpine Club, to which she belongs, on the expedition in which the views were obtained, was highly appreciated.

**Peace Delegates Leave Washington**

Secretary Bryan Gave British Empire Members a Farewell Address.

[Canadian Press.] Washington, May 13.—Foreign delegates in this country preparing for the centenary celebration of the Treaty of Ghent, departed today for Philadelphia, after being the guests of John A. Stewart, of New York, at breakfast at the Army and Navy Club.

Secretary Bryan today bade the delegates from the British Empire farewell in the name of the United States. In the course of his remarks he said the preparations for the peace celebration were in the nature of the building of the greatest super-Durham, and that it was called "Friendship." "It is compass is the heart," said Mr. Bryan in describing the allegorical peace of peace, "its shells carry good-will, its missiles are projected by the smokeless powder of love, its captain is the Prince of Peace. I want you to drink with me to the battleship of 'Friendship.' No target will withstand that which 'Friendship' sends abroad."

**Mrs. G. B. Sage Gave Address at Windsor**

Women's Auxiliary of Essex Deacons Holding Annual Meeting.

[Special to The Advertiser.] Windsor, May 14.—Mrs. G. B. Sage, of London, president of the Women's Auxiliary of the Diocese of Huron, gave her annual address at today's session of the Deacons' Women's Auxiliary. The tenth annual convention of the Sunday school, church workers, and Women's Auxiliary of the Diocese of Essex was opened in the St. John's Church schoolhouse here yesterday with a large attendance of delegates. The first session was devoted principally to the reading of reports from the various organizations connected with the body, and to the presentation of an address by Mr. D. M. Rose, of Toronto, secretary of the Laymen's Missionary Movement. The closing service was celebrated this evening, the sermon being preached by Rev. T. B. Westgate, of German East Africa.

**SOLD TO MINORS**

Dover Township Hotelman Was Found Guilty on Two Charges.

[Special to The Advertiser.] Chatham, May 13.—Cyril Daniel, proprietor of the Dover Hotel, was found guilty on two charges of selling liquor to minors on April 17. The charges were made by the Dover Police. The defendant did not deny selling the liquor, but claimed that the youths had told him that they were of age.

**ACUTE PAINS IN THE BACK**

Caused by Lumbago, a Form of Muscular Rheumatism.

Lumbago is sudden in its attacks and is so intensely painful that the sufferer is often unable to move, even to turn in bed or rise from a chair. The trouble chiefly occurs among working men, among whom it numbers thousands of victims. As the attacks come on quite frequently and are so torturing, this disease means much loss of time and money as well as the endurance of much suffering. No victim needs to be told that liniments, plasters and outward treatment will not cure the disease. This kind of treatment is merely a waste of time and money. The trouble is really a species of muscular rheumatism, and is due to poor blood, and can only be cured through the blood. It is for this reason that Dr. Williams' Pink Pills are so successful in curing this trouble, and those who are afflicted by it should lose no time in giving the Pills a trial. If the treatment is persisted in the disease will be driven from the system and the cure be made permanent. In substantiation Mrs. Alfred Derby, Pittsboro, Ont., says: "A few years ago I was attacked by excruciating pains in the back which the doctor called lumbago. I was not able to do a bit of work about the house, and suffered dreadfully every time I moved about. I took the doctor's medicine all winter and used liniments, without getting any relief. In a thoroughly discouraged condition I began using Dr. Williams' Pink Pills. After using six boxes I was better and able to do all my own work, and have not been afflicted with the trouble since. I now always recommend Dr. Williams' Pink Pills to those afflicted."

These pills are sold by all medicine dealers or may be had by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Company, Brockville, Ont.

**Canadian Asks for Settlement of Claim**

Accident Theft On Great Lakes May Mean Fortune For H. J. Bethune.

[Canadian Press.] New York, May 14.—Theron Rudd, when he absconded with \$5,000, less \$133, awarded to a British shipowner for the seizure of his vessel on the Great Lakes two weeks before the outbreak of the war of 1812, not only impoverished the United States district court of New York, of which he was clerk, but also started a controversy that has existed since. The case now has come up before the international tribunal for the settlement of pecuniary claims, which is in session here. Henry James Bethune, of Canada, is the claimant. He is the heir of the shipowner, and he has pressed his claim under many administrations and before many congresses. Its legality never was seriously questioned, but for some reason or other the legislation necessary to meet it always has failed. The \$5,000, minus \$133, plus 6 per cent compound interest since 1812, more than a century, reaches a handsome amount. "Just how much is it?" a British member of the tribunal was asked today. "My word," he ejaculated, tearing up a bit of scrap paper on which he had jotted a small army of figures, "Don't ask me. But it makes a bally good bit."

**Cincinnati Strike Is Not Yet Settled**

Militia Called Out to Prevent Any Disorder in Streets.

[Canadian Press.] Cincinnati, May 14.—The following proclamation was issued today by Mayor Hunt after he found it impossible to adjust the differences between the street car company and its striking employees. "The Cincinnati Traction Company and its employees have not settled the strike. I have called upon the company to operate its cars. I urge all citizens to refrain from disorder, from congregating in crowds, and to assist the police in every way to maintain order. 'I ask the citizens to demonstrate to the country that in a crisis such as confronts us our people have sufficient self control to avoid the destruction of life, limb and property, which too often accompanies street railway strikes.'"

**Saves Elderly People From Kidney and Bladder Miseries**

Sleep-Disturbing Bladder Weaknesses, Backache, Stiff Joints, Rheumatic Pains Disappear After Few Doses Are Taken.

While people along in years are naturally more subject to weak kidneys, they can avoid the tortures of backache, and rheumatism, and be saved the annoyance of getting up at night with disagreeable bladder disorders, for the new discovery, Croxone, quickly relieves the most severe and obstinate cases. Croxone cures these conditions because it removes the cause. It is the most wonderful remedy ever devised for ridding the system of uric acid. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. Croxone makes the kidneys filter the blood and sift out all the poisonous acids and waste matter that cause these troubles. It soaks right in and cleans out the stopped-up inactive kidneys like water does a sponge, dissolves, and drives out every particle of uric acid and other poisonous impurities that lodge in the joints and muscles and cause rheumatism. It neutralizes the urine, so it no longer irritates the bladder, overcomes unnecessary breaking of sleep and restores the kidneys and bladder to health and strength. It matters not how long you have suffered, how old you are, or what else you have used. The very principle of Croxone is such that it is practically impossible to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it, and all your misery and suffering soon disappear. You can secure an original package of Croxone at trifling cost from any first-class druggist. All druggists are authorized to personally return the purchase price if it fails in a single case.

# MOTION TO IMPEACH BLONDIN LOST ON STRAIGHT PARTY VOTE

Liberal Speakers Scored  
Deputy-Speaker for Favoring His Party.

Navy Bill To Come Up  
for Its Third Reading  
on Thursday.

Ottawa, May 14.—On a straight party vote and with steam-roller methods always in evidence, Parliament late last night voted down by a count of 98 to 74 a Liberal motion to impeach Deputy Speaker Blondin for conspiring with the Government to override the rules of the House and abrogate the rights of the minority, contrary to all precedent and constitutional usage under the rules, even restricted as they now are.

Mr. E. W. MacDonald, of Pictou, made the motion of censure, and at the head of the Nationalist representative leveled a charge of bad faith and faulty performance. This is the first time in Canada a party has felt compelled to take such action against a presiding officer.

The charge was made when the naval bill was called for the third reading.

**Hansard Doctored.**  
Mr. Bolvin charged that Hansard had been doctored in order to put the deputy speaker and the Premier formally in order. The facts, however, as everyone present knew, did not bear out the report of Hansard. Mr. Carroll had caught the chairman's eye and had begun to speak when the Premier rose, and the latter had sat down to hear what he said. It was only when Mr. Meighen told Chairman Blondin that his eyesight was bad and his judgment was wrong that the latter had given the floor to the Premier. Deputy Speaker Blondin had then swallowed his own decision. "A doctored and doctored Hansard," cried several Liberal members.

**Col. Currie Speaks.**  
Col. Currie declared that changes in the rules had become necessary. That was evident from the fact that the latter had given the floor to the Premier. Deputy Speaker Blondin had then swallowed his own decision. "A doctored and doctored Hansard," cried several Liberal members.

The chair maintained Col. Currie was simply carrying out the will of the majority. Parliament was not a court of law. It had the right and the power to make its own rules and regulations, and change them at any time.

"Whether fair or unfair?" inquired Sir Wilfrid Laurier.

"Yes, whether fair or unfair," repeated Col. Currie, "but they are not likely to be unfair."

commented Dr. Pugsley.

Col. Currie further stated that the rule under which the right to speak was recently taken from Sir Wilfrid Laurier "was a hundred years old."

Hon. Mr. Oliver stated that the action of the Chair was a part of the policy of the Government, and this being the case, the Government was entitled to a share in the censure.

The new principle which the Government is asserting, said he, "is the right of might. The policy is for the chairman to observe the rules when it suits them, and to violate them when it suits them."

**Takes Responsibility.**  
Premier Borden stated that the Deputy Speaker had been a trying position, and it seemed to him that he had "conducted himself in a dignified and impartial manner."

He argued that Mr. Carroll could have discussed the bill previously. If the Liberals had permitted the clauses to be passed, then Mr. Carroll could have moved his additional clause. Mr. Borden said he took the responsibility himself for pressing his motion to report the bill, but sought to disclaim any intention of discourtesy to Mr. Carroll.

**19% MILL RATE**  
Toronto Taxes Higher This Year—Owing to Increased Salaries.  
Toronto, May 14.—After 15 hours' discussion of the city estimates and salary increases yesterday, the city council concluded its work today with alterations, which, when balanced, practically left the tax rate 19% mill, the figure fixed after the board of control's consideration of the figures presented by the committees.

**MET AT DORCHESTER**  
Mrs. A. George Is New President of the Ladies' Aid.  
[Special to The Advertiser.]  
Dorchester, May 14.—The annual election of officers of the Ladies' Aid Society resulted as follows: President—Mrs. A. George. Vice-President—Mrs. J. Rath. Secretary—Mrs. G. Kirkpatrick. Treasurer—Mrs. W. B. Lane.

The financial report was exceedingly gratifying, there being \$70 in the treasury. The society intends holding its annual talent tea in the basement of the church on Wednesday evening, May 21.

**LORD'S DAY ALLIANCE ACTIVE.**  
Very busy with the good work, but no more efficient than the old reliable Putnam's Corn Extractor, which cures corns, and warts in one day. Fifty years' use proves the merit of Putnam's. Use no other, 25c, at all dealers.

In Sealed Lead Packets Only.  
Black, Green and Mixed.

## W. H. Weber Killed By Falling 40 Feet

New Hamburg Manufacturer Leaned on Rail Which Gave Way Suddenly.

[Special to The Advertiser.]  
New Hamburg, Ont., May 13.—The collapse of a handrail which guarded a gangway between buildings three stories in the air, resulted in the death here this afternoon of W. H. Weber, manager of the Electric Metal Stamping Works of this place.

In the course of his duties, Mr. Weber had occasion to go from one building to another at the company's plant, and being on an upper floor of one structure at the time, he started to cross a short, narrow plank, protected by railings, which was used as a means of communication for the employees.

When about midway between the buildings he leaned too heavily on one of the rails, and his weight caused the frail wood to snap.

Mr. Weber struggled wildly to maintain his balance, and in the effort he fell to the ground, a distance of nearly 40 feet, and life was extinct before men standing near by were able to reach the spot. His neck was broken and his skull and several ribs were crushed.

Mr. Weber was a native of the county of Waterloo, and had been successful in business both as a retail merchant and as a manufacturer.

For some years partner in a felt boot industry, he was later managing director and secretary of the Metal Stamping Works. Liberal and a Roman Catholic, he was about 45 years of age, and is survived by a widow and one child. Interment will be on Friday at New Hamburg.

## Californian Problem Difficult to Settle

If Solved It Will Be a Lesson of Value of Arbitration.

[Canadian Press.]  
London, May 13.—"It is true that Japan is a power to be reckoned with," said the Japanese ambassador here today, "but we must not forget that the Californian problem is a difficult one to settle."

The ambassador, who is here on a visit to the United States, said that the Japanese government was deeply concerned over the situation in California, and that it was anxious to see the problem solved by arbitration.

The newspaper and Japanese are to have free entry to the Pacific coast. It means eventually the extinction of white labor from that region.

"If the Chinese and Japanese are to have free entry to the Pacific coast it means eventually the extinction of white labor from that region."

arbitration in the world. The Japanese government is deeply concerned over the situation in California, and that it is anxious to see the problem solved by arbitration.

**It fits better**

That perfect fit and comfort which you are assured when you ask for your size in Pen-Angle Underwear (the kind knit to fit) greatly improves the look of your outer garments, and gives you a feeling of being well-dressed from the skin out.

Other underwear is more or less of a makeshift—it bulges, sags, loses shape, shrinks,—but

**Pen-Angle Underwear**

hasn't even one of the faults you are used to paying good money to bother with. Just try Pen-Angle once and learn how it surely does solve the underwear question for man and woman and child. Ask the store you trade at.

**PENMANS LIMITED, PARIS, CANADA**  
HOSIERY, SWEATERS, UNDERWEAR

Receipts are fairly large, and prices steady. Fresh lots in good demand. Butcher prints, 25c to 35c; interior, 15c to 25c; creamery, 25c to 35c; for rolls and 25c to 35c for choice. ## IMMIGRANTS TOOK BEDS CITY PROVIDED AND DISAPPEARED

Nine Out of Ten Beds Placed in East End Hall Have Not Been Found—Seventeen Families Arrive Friday.

The recently-formed Welcome League decided to assist newly-arriving immigrants to get locations in the city and assist them to get new homes here. Seventeen families are expected on Friday, and they will be provided temporary quarters in the East End Hall and in the fair grounds.

**Nine Beds Disappeared.**  
Some of the families who have recently occupied the East End Hall seem to have thought that the beds were theirs to take away when they started housekeeping for themselves. Out of ten beds put in the hall by the city, nine have disappeared. Measures will be taken to have them returned at once. The mayor said that if the city provides the new-comers with accommodations for two weeks free, and at the end of that time if they cannot find a suitable house, they should be charged rent for their quarters. After two weeks the immigrants should be able to look after their own families, and no longer be a charge to the city.

### W.C.T.U. Meets In New Rooms

The Woman's Christian Temperance Union held their regular meeting at 3 o'clock Tuesday in their new home at 432 Park avenue. There was a good attendance, and the president, Mrs. Hubert Ashplant, was in charge. The minutes of last meeting having been read and approved, the president of the Y. W. C. T. U. announced that these young ladies intended to have a sale of home-made cookery at that place on Friday, the 16th inst. She advised the ladies not to make any preparations for Saturday or Sunday until they scanned the good things which would be provided.

The topic was "Missionary Enterprise," and though confined almost entirely to Ontario, it made one realize that the day of noble deeds did not wholly belong to the far distant past.

### WAS 92 YEARS OLD

William Barton Dies in Ingersoll After a Short Illness.

[Special to The Advertiser.]  
Ingersoll, May 14.—William Barton, aged 92, for 40 years a resident of Ingersoll, and for over 10 years a resident of West Oxford, died at his home here today after an illness of about a month. He came to Canada from England when a youth of eighteen. Six sons survive, Samuel, of Woodstock, W. H. of West Oxford, Fred in Ingersoll, Walter of Cedar Rapids, Iowa; Charles in Minneapolis, and David in Baltimore.

### VACANCIES FILLED.

[Special to The Advertiser.]  
Kincaid, May 14.—A. Wm. Hunter has been chosen as reeve, and Frank Colwell as councillor to fill the positions made vacant recently by resignations.

## In the Spring the Blood Is Thin

The body of man can be influenced in health or disease only through the medium of two channels—the blood and the nerves.

When the blood is thin and watery, as it usually is in the spring, the nerves are starved and depleted, and every organ in the human body is less capable of performing its natural functions.

The action of the heart weakens, breathing is weaker, the gastric juices of the stomach do not flow regularly, the liver, kidneys and bowels are less active, and, in fact, the whole body falls an easy victim to disease.

## Dr. Chase's Nerve Food

Fifty cents a box, six for \$2.50, at all dealers, or Edmanson, Bates & Co., Limited, Toronto.

Dr. Chase's Nerve Food goes directly to the formation of new, rich blood, and on this account is a restorative of exceptional value. You can scarcely conceive of a treatment better suited as a spring tonic to enrich the watery blood and put new vim, vigor and energy into every part of the human body.

There is no trouble from headaches, neuralgia, sleeplessness, irritability, nervousness and despondency, when the nerves are properly nourished with an abundance of pure, rich blood. The use of Dr. Chase's Nerve Food is the most certain means of getting the blood into perfect condition.

## Not Even a Little Benzine Buggy For Chief John Aitkens

Mayor Professes Horror at Prospect of Spending \$800.

Fire Chief Aitkens' little dinky runabout is not yet in sight, although Ald. Rose, chairman of No. 2 committee, made a valiant endeavor to have \$800 included in the 1913 estimates for the purchase of a small car. Assuming horror at the suggestion of such extravagance, Mayor Graham exclaimed: "If the council vote for an auto for the chief in the face of the tax rate for this year—well, I have nothing to say."

**When the Auto Truck?**  
"But when are we going to get the auto truck?" asked Chief Aitkens.

"It will be ready for delivery May 20," said the mayor.

"Was the tender let for it?" asked Ald. Stein.

"No, not completely," said his worship, "but the manufacturer went ahead with its construction pending the passing of the city of London bill."

"No, really, the city could not afford to provide an auto for the chief. But Ald. Ashplant was sympathetically inclined toward the project, and he suggested that the chief sell his little red wagon and a couple of horses, which could be disposed of with if he had an auto, and purchase a car from the proceeds."

"Perhaps you will let us sell a few feet of hose also," said Ald. Rose.

"I thought the building inspector was to get the little red wagon," said Ald. Saunders.

### CHAIRMAN DECIDES IT.

On a vote being taken, Ald. Rose's motion to provide for the purchase of an auto was lost, the chairman, Ald. Moore, breaking a tie by voting nay. The vote stood: Yeas—Aldermen White, Stein, Rose, Saunders, Glass; Aldermen Johnston, Ashplant, Richter, Spittal, Moore and Mayor Graham.

### CAWTHORPE—FERRIS

Thamesford Girl Becomes Bride of Young Edmonton Citizen.

[Special to The Advertiser.]

Thamesford, May 13.—A pretty wedding was solemnized at the home of Charles Cawthorpe, M.L.A., of Balfour, recently, when his sister, Helen, of Thamesford, became the bride of Mr. Ferris, of Edmonton. After a sumptuous repast the newly-married couple left on a wedding trip to points west.

Mr. John McKenzie, of the 11th line of Nisour, was married yesterday to Miss Blanche Pearson, of Kintore. About forty guests were present. They will be at home to friends on the groom's farm, 11th line.

### BENEFIT ON THURSDAY

Stagelands Will Put on Big Vaudeville Show at the Grand Opera House.

Owing to an error, it was stated in Tuesday night's edition that the stage benefit would be held on Monday night next. This should have been Thursday next. The stage employees have secured twelve good vaudeville acts, and the bill is said to be one of the best that has appeared in the city. The house is expected to be sold to capacity.

## \$10,000 GIVEN FOR UNIVERSITY

Captain F. J. Murphy Induces Council to Give Full Amount.

### ONE GRANT INCREASED

Ten thousand dollars will be granted to the West End seniors this year by the city. Capt. F. J. Murphy, of the board of governors, waited upon the finance committee of the city council Tuesday night, and urged the claims of the university to an increased grant. Previously the annual grant has only been \$5,000, and this year it had been proposed to increase it to \$7,500, but following Capt. Murphy's presentation of the West End seniors' case, the committee agreed to make the grant \$10,000.

**One Grant Increased.**  
Grants to charitable organizations were made last evening by the city council. The exception of the grant to the Women's Christian Association for the Aged People's Home, which was increased from \$200 to \$500.

The assembly's grant was granted an increase from \$12 to \$15 a week. The East End market was laid over, and if opened up this year, will have to be constructed along with other improvements. The contingent fund, which reaches the grand total of nearly \$7,500.

The Western Fair receives a grant of \$5,000.

**Message of Sympathy.**  
On Ald. Rose's motion, a message of condolence will be sent to Stratford expressing sympathy in that city's loss of Fire Chief Durkin and Police Chief McCahey in the morning's fire. Fire Chief Aitkens will represent the city at Chief Durkin's funeral.

## "Quality" Is Method of Centre Methodist School Workers

Progress All Along the Line Shown by Annual Reports of Different Departments.

Mr. C. E. German was unanimously re-elected superintendent of the Dundas Street Centre Methodist Sunday school at the annual meeting of the teachers and officers held in the church parlour on Tuesday evening. The reports of the various officers were presented for the year, which showed very satisfactory results and progress all along the line.

**Excellent Attendance.**  
The general secretary, Mr. L. A. Keenleyside, then presented his report, which showed an aggregate attendance of 19,975 during the year, an average per Sunday of 385. For the past six months there was an average attendance of 424 per Sunday. The largest attendance for the year was on anniversary Sunday, when 624 were present. The school is made up as follows: Officers 24, teachers 44, orchestra 20, primary department 92, junior department 81, intermediate 107, senior 140, adult 72, Chinese 15—a total of 595 in the main school. The home department has 94 members, and the circle roll 58, making a grand total of 727.

**Financial Report.**  
The financial report was presented by the treasurer, Mr. L. W. Weber. The receipts for the year totalled \$1,156.35, and the disbursements \$1,135.25, leaving a net balance of \$21.10, included in the receipts are missionary gifts amounting to \$300.

The report of the superintendent of the home department, Mr. J. H. W. McRoberts, showed a membership of 94. Lessons during the year were numbered 2,827. The receipts amounted to \$69.01.

Miss Lucy McMechan reported for the year a membership of 107, which showed marked progress during the year. In all \$32.48 was raised during the year, and the department aims to raise \$100 next year.

Librarian W. W. Holmes reported over 1,014 books in the library, and an increasing demand for same. He has six assistants in his department. The average circulation of books per Sunday was 95.

The report of the Chinese department was given by the superintendent, Mr. W. W. McRoberts. He said, for the year had been very satisfactory.

The election of officers was then proceeded with and resulted as follows: Superintendent—C. E. German. Associate Superintendents—W. H. Weber, J. V. McRoberts, J. H. W. McRoberts. Superintendent of Classification—M. W. Althouse. General Secretary—Lew A. Keenleyside.

**Membership Secretary—C. M. Wortman.**  
Assistant Secretaries—Roy Thomas, Ben Scandrett, J. H. W. McRoberts. Treasurer—J. W. Noble. Missionary Treasurer—Miss Lucy McMechan.

Assistants—Miss Yola Penhall and Miss L. W. Holmes. Assistants—Bert Hannah, R. D. Boyle, W. Sedgwood, Geo. McLeach, Cyril Thomas, J. H. W. McRoberts. Superintendent of Temperance—Mrs. J. P. White.

Pianist—Miss Mae Perrin. Musical Director—J. Parnell Morris. Leader of Orchestra—C. C. Irwin. Auditors—M. W. Althouse and J. H. W. McRoberts.

**Teachers—Senior Department—C. J. Beal, Miss Bluns, J. H. Bowman, Miss Tanton, Mrs. Althouse, John Higgins, Miss Brown, F. E. Perrin, Miss German.**

**Intermediate Department—Miss Bell, Miss Steele, G. F. Copeland, Mrs. Adams, B. E. Wilson, J. M. Freeman, C. C. Clark, R. C. Kingswood, E. N. Hannah.**

**Junior Department—Mrs. Tanton, Miss Talbot, Miss Cuthbertson, Miss H. H. W. McRoberts, Mrs. Myrtle Cuthbertson, Mrs. Collamore, Mrs. Bailey, Miss Baker, Miss Jenkins, Miss Wilson, Miss Vance, Miss Ashplant, Mrs. C. C. Clark, Mrs. H. W. McRoberts, Miss Barker, assistant; Miss Truce, Miss McCulloch, Miss L. McCulloch, Miss N. Harrison.**

**Chinese Department—Miss Creighton, superintendent; teachers, Miss McMechan, Miss Edna Martindale, Miss Ethel Martindale, Miss Braund, Miss Phipps, Miss Bell, Miss Freeman, Miss Hanley, Miss Lane, Miss Closs, Mrs. Wm. Creighton and Charles Hales.**

**Home Department—J. H. W. McRoberts, superintendent; visitors, Mrs. Udy, Mrs. Skinner, Mrs. Fitzgerald, Mrs. J. Allen, Miss Holmes, Miss Tanton, Mrs. German, Miss McLeod, messenger, Reg. Daly.**

## Daughters of Empire Royally Welcomed

Received By Members of the Council, and Taken Sight-Seeing.

[Canadian Press.]

Winnipeg, Man., May 13.—Delegates to the Daughters of the Empire convention did not really get down to serious business yesterday. The chief feature of the afternoon session was the verbal report of Mrs. Armstrong, of Quebec, on the work of that chapter during the year. Mrs. Featherstonhaugh reported for the Montreal Chapter, and a report was received from St. Catharines Chapter, newly organized there.

Mrs. Clutterbuck, of Toronto, told of the work of L. O. D. E. Chapter, Toronto. This chapter, organized in 1912, now has a membership of 1,567.

Following the business session, the delegates were the guests of the city for an auto sight-seeing trip around the city, ending at Assiniboine Park, where they were received by prominent members of the city council.

## Loss of the Titanic Reduced Dividends

Directors Regret the Retirement of Mr. J. Bruce Ismay.

[Canadian Press.]

London, May 14.—Owing to the loss of the steamer "Titanic," the laying up of the steamer Olympic for repairs, and because of labor disturbances, the annual dividend of the Oceanic Steam Navigation Company, owners of the White Star Line, is only one-half that paid last year. The dividend for 1911 will be 6 per cent. The company paid a dividend of 3 per cent in March, but owing to the loss of the "Titanic" and other troubles, no final dividend was recommended. A sum of \$340,750 was written off on account of the sinking of the "Titanic," ascribed as "the proportion of loss on the first cost of the Titanic."

The report of the directors expresses regret at the retirement of J. Bruce Ismay as managing director of the White Star Line.

## Famous Naturalist Died in Rhodesia

Brown Was Given Big Tract of Land For His Services.

[Canadian Press.]

Lawrence, Kas., May 14.—William Harvey Brown, naturalist, writer, and soldier, died April 3 in Rhodesia, South Africa, according to word received here. He was 50 years old.

After Brown's graduation from the University of Kansas in 1880, he had charge of the United States National Museum at Cincinnati. Later he went to Africa on a collecting expedition for the Carnegie Institute. While there the Matabele broke out, and he enlisted with the British. In recognition of his services in the war he was given 13,000 acres of land in the concession that afterwards became Rhodesia. He remained there and became a naturalized British subject. He served as mayor of Salisbury.

## American Musicians Elected Officers

Joseph N. Weber, of New York, Was Chosen President.

[Canadian Press.]

Toronto, May 14.—The convention of the American Federation of Musicians was held today, the appointment of an assistant to the president. It was urged that the appointment should be made immediately, and that the official should be a resident of New York city. The main question, and the question of his salary, was the subject of amendment after amendment.

The election of officers of the international resulted as follows: Joseph N. Weber, 210 East Eighty-sixth street, New York, president; George W. Robe, Outlook Building, Columbus, Ohio, first vice-president; M. B. Hasard, Pittsburgh, second vice-president; C. L. Bayler, Los Angeles, third vice-president; Owen Miller, 3535 Pine street, St. Louis, secretary; Otto Oster, St. Louis, treasurer.

The district officers will be: Thos. F. Gamble, Providence, R. I.; S. E. Ressett, Rochester, N. A. Hayden, Washington; Theodore Perry, Indianapolis; E. C. Foster, Milwaukee; Chas. A. Phinney, Kansas City; R. Olson, Ottawa; Frank Borget, San Francisco; D. A. Carr, Toronto; E. F. Marston, Atlanta.

## BRAKEMAN'S DEATH WAS ACCIDENTAL

Jury at Kincaid Exonerated Grand Trunk From All Blame.

[Special to The Advertiser.]

Kincaid, May 14.—A verdict of accidental death, exonerating the railroad from all blame, was returned by the jury, which yesterday afternoon McCrimmon investigated the death of Walter Green, the young G. T. R. brakeman, killed at Ripley on Saturday. The jury consisted of Messrs. Kelum, Durward, Shelton, McCulloch, Buckingham, Bain, Farley, Adams, Colwell, Batman, Pinkerton and McGaw.

The evidence given was not very definite, as none had seen the occurrence. The first one to notice the mangled brakeman was the engineer, who saw him crawling out from beneath the car.

**NEW HEATING FOR CARS.**  
Canadian Pacific Railway trains are being equipped with an entirely new heating system. The main features of the new system will be the possibility of regulating the heat in the cars, and preventing overheating in mild weather. In very cold weather the maximum heat is turned on and no one suffers from the cold. The method is known as the Chicago Car Heating Vapor System, and it is in operation on several American lines. The arrangement is simple enough. It consists of a series of separate heating pipes, which are controlled separately by intake valves. These valves are turned on and off according to the condition of the car. In sleeping cars the arrangement is a little more complicated. The heating apparatus for the parlors and toilet rooms is distinct from that of the main sleeping apartments. This is to allow of the sleeping apartments being kept cool, without discomfort to those who wish to remain out of bed.

## The Best Cook in London

undoubtedly uses Strong's Baking Powder. The best cooks everywhere generally use the best materials, and Strong's Baking Powder is the best material for cooking. Government analysis proves it. This baking powder insures lightness, whiteness and deliciousness in every kind of biscuits made. Costs but 25 cents a pound.

## Strong's Drug Store

184 DUNDAS STREET. Our new Cook Book, 18th edition, free. All housekeepers should have one.

neath a truck, but he knew nothing of how the accident happened. All other evidence given was just as indefinite.

## CONSERVATIVE ELECTED.

[Canadian Press.]

Winnipeg, May 14.—With four polls to hear from Taylor, Conservative had a majority of 811 in Grand Provincial by-election, over Eggerton, Liberal.

## BREAK WHISKEY'S GRIP ON YOUR LOVED ONES

Drunkards will tell you with tears of sincerity that they do not want to drink. The craving coming from the inflamed membranes of the stomach drives them to it. Acura will soothe the trembling nerves and remove the craving that is ruining your home and stealing your health. It costs only \$1 per box, and if it does not cure or benefit after a trial the money will be refunded.

# SISTER SAVES HER BROTHER BY PULLING HIM FROM RIVER

Alfred Trueman, 11 Surrey avenue, fell into the River Thames in the vicinity of Blackfriars' dam about 3 o'clock this afternoon, and it was reported that he had been drowned. The fire department were notified and help was immediately sent. The boy, however, was pulled from the water in safety by his little sister, who was with him at the time, before the firemen arrived on the scene.

The boy was playing with his little sister on the dam when he fell in. When she pulled him out, Charley Smith, a boy living in the neighborhood, rolled him to get the water out of him.

## CALL CONFERENCE TO TRY AND SETTLE CAR STRIKE

Trades and Labor Council Will Endeavor to Get Fort William

## LONDON AND DISTRICT

Repaint the Bandstand.—The parks board Tuesday decided to repaint the bandstand in Victoria Park. A communication from Mr. Abell asking for permission to pasture a horse and cow in Thames Park was filed.

Address by Lieut.-Col. Gartshore.—The Men's Social Service Club of New St. James' Presbyterian Church will be addressed by Lieut.-Col. Gartshore in the lower hall of the church at 8.30 this evening.

Benefit is on Thursday.—In an article announcing the stagehands' benefit performance, to be held in the Grand Opera House, it was stated that it would be held on the night of Monday, May 19. It should have read tomorrow (Thursday).

Andrew—Chedy.—Rev. W. R. McIntosh officiated at a quiet wedding Tuesday afternoon at the home of Mr. James, 527 King street, when Miss Maud Chedy and Mr. William Andrew were united in marriage. In the presence of a number of friends, Mr. and Mrs. Andrew will take up their residence on King street upon their return from a short honeymoon tour.

## AMUSEMENTS

Annie Russell's Old English Comedy Company.

Annie Russell's Old English Comedy Company will open its engagement at the Grand Opera House on Friday, May 16, with Oliver Goldsmith's famous laughing comedy, "The Stoops to Conquer," in which Tony Lumpkin, Kate Hardcastle and the youthful Marlowe stand firmly planted in our memories as the eighteenth century play characters. The piece will be repeated on Saturday afternoon, "The Rivals," Richard Brinsley Sheridan's famous comedy, will be the second offering of the Old English Comedy Company, and will be produced on Saturday evening. As in her production of "The Stoops to Conquer," Miss Russell has aimed in mounting "The Rivals" for simplicity, good taste and quaintness.

PROGRESSIVES TO SUPPLY REPORTS TO NEWSPAPERS

One Journal Alleged to Have Altered Report of Ald. Bennett's Speech.

The Advertiser Given Credit For Fair Report of the Mayor's Address.

Upon the motion of Dr. C. E. Axford, the South London Progressive Association, at a regular meeting held on Tuesday evening, decided to exclude the reporters from the meetings to be held in the future, and Mr. T. W. Collister was appointed press correspondent and his duties were to furnish the papers with an unbiased account of the proceedings each week.

Mr. E. H. Dunn introduced the question, and said that the reports of the last two or three meetings had been greatly altered by the Free Press to suit their own interests. Mr. Dunn referred in particular to the report of the address given by Ald. Bennett two weeks ago.

Advertiser Reports Fair.

"The Free Press, in reporting that meeting," said Mr. Dunn, "misrepresented the statements of the speaker in many ways. The Advertiser, in the reports of both this meeting and the one before, which was addressed by Mayor Graham, gave correct reports."

Mr. Axford referred to the discussion at the meeting of the East London Progressive meeting last Thursday, in which the hospital trust was censured for making long-needed improvements to the buildings. The South London organization placed on record their confidence in the expenditure of money by any organization with which Lieut.-Col. W. M. Gartshore was connected.

"I don't think that any organization in which Col. Gartshore is interested," said Mr. W. H. Biggs, "should be accused of misrepresenting the public mind. It is a good, honest and straight man, and will look out for the best interests of the city at all times. If the progressive organizations criticize such men and actions they will certainly be a detriment to the city. There are not enough of this class at the present time, despite the sarcastic remarks of some of the leaders."

Home, Yet Admired and Envied; Her Secret

The convention crowd in the lobby made a path for her, cast admiring side glances, then with long eyes followed her to the elevator. It was at the Ponthartrain in Detroit. The hotel was recalled when I changed to sit across table from the woman. What was it about her that caused all that commotion? She wasn't handsome; she was lacking in form and feature. Yet she did seem marvellously fascinating. Her complexion must be the secret. Really, I've never beheld its equal. Venturing to pick up acquaintance, I learned the reason.

"I know I'm not built for beauty," she confided, "but I've tried to make the most of my face. I've learned that men admire make-up and artificiality. I have cosmetics; there are just two things I ever use and they produce natural loveliness and youthful appearance."

When my complexion begins to age, I get an ounce of mercurized wax at the drug store, apply at night like cold cream and wash it off in the morning. This gradually takes off the outer skin; then I have a brand new complexion, magnetically beautiful, as you see."

"Wrinkles never bother me. At their inception I bathe my face in a solution made by dissolving an ounce of powdered axolite in a half pint of which hazel. It works like magic."—Mona Morrow, in Town Talker.

ing public officials. If these men cannot stand criticism let them resign from their offices.

Indorse Trust's Action.

Upon the motion of Mr. W. Gray and E. Dunn, the association indorsed the action of the hospital trust in making improvements to the hospital.

Mr. Lawrence thought that the association should indorse the stand taken by Dr. Shaw in investigating the educational affairs of the city. Mr. Lawrence, by the process of evolution, commenced at the Collegiate Institute and reached the industrial school. He thought that the industrial school curriculum embraced too many subjects, and that the school nurses received too large a salary. At though no motion was placed before the association, the members of the organization thought that the industrial school was filling a long-felt want in the education of the young people of the city and that such an institution was not deserving of criticism. The work accomplished by the school nurses had resulted in so much good that their salaries were not considered excessive.

The Gerry Flats Matter.

Mr. Lawrence also explained the letter he wrote to the association in connection with the purchase price of Gerry Flats paid by Hon. Adam Beck. The writer admitted that he had inadvertently made several omissions in the wording of the epistle.

The city council will be asked at what date the Ridd street pavement will be commenced. President Gerry was given power to secure speakers for the next three meetings. It is anticipated that the association will be addressed by ex-Mayor Stevely and ex-Ald. Tancook in the near future.

Dusty Bibles in Homes of Many

Rev. William Spurgeon Deplores Lack of Scripture Reading at Present.

"How many of you have dusty Bibles in your houses?" asked Rev. William Spurgeon in a sermon on "Personal and Relative Religion," in the Adelaide Street Baptist Church Tuesday evening.

The speaker deplored the lack of Bible reading in most homes today. "Religion is not only a personal affair. It concerns your relatives and everyone you come in contact with," he said. "How can we expect to know anything about God if we do not read and study His Book?"

The speaker was of the opinion that more reading of the Bible would tend to increase the spirituality of the life. "Strive straight for Christ, and you cannot go wrong," he said in conclusion.

EMPIRE DAY AT SCHOOLS

Inspector Edwards Issues Circular to School Principals.

Public School Inspector Edwards has issued a circular to school principals requesting that patriotic exercises and programs be arranged in the city schools for Empire Day May 25.

Shifres and medals won in the Strathcona competition in military drill and physical training will be presented. Victors have also been sent out regarding the same prizes to be competed for this year. Contestants will be divided into three classes, 7 to 12 years, 13 to 15 years, and 16 years and older.

Canadian Club for patriotic essays will be awarded on Empire Day. Subjects for competition are: "The Jesuit Mission," "Evangelism," "Frontenac," "Gov. Simcoe," "Sir Isaac Brock," and "The Future of Canada." All essays must be written before May 16.

A booklet sent out by the Education Department, Ontario, contains patriotic poems and articles on "The Flag of the Empire," "The Meaning of Empire," "The Livingstone Centenary," and "The Death of Capt. Scott."

## INDIGNANT WOMEN ARE CALLING UP BOARD OF HEALTH

One Told Dr. Burdon She Would Leave Garbage Until City Collected It.

Purity of City's Ice Supply Again Discussed By Members.

There is considerable doubt in the minds of the members of the board of health as to whether the ice men of the city should be allowed to sell the ice that was harvested from the ponds in this vicinity last winter.

The board of health, according to provincial laws, must give the ice men a permit to sell ice, that is, if the product is considered pure, but so far this year that permit has been withheld.

Dr. Amyot, provincial analyst, came to this city several months ago and made an inspection of the ponds from which the ice was taken. He did not take any samples of the water, but on his return to Toronto he sent a communication to Dr. Hutchinson asking that samples be sent to him. It was then intimated that the ice crop was not just as pure as it might be.

On motion of Mr. J. Hill, it was decided to write Dr. Hill, of the institute, to learn why a written report had not been sent to the board.

The question of having the institute make tests of the milk supply of the city was also brought up, and a communication will be sent to Dr. Hill, asking when he will be ready to test samples which may be sent to him. It is the intention of the board to make a thorough inspection of the milk sold in the city, and Dr. Tamin is to inspect all the dairies from which the milk is secured.

Dr. Burdon is quite indignant, and so is Mr. Haslett over a number of proposals which have been received about garbage collections.

They claim that people have been collecting garbage in their backyards, and that the city would be ready to make garbage collections after the 1st of May, and that as a result their garbage cans have been overflowing.

One With a Sharp Tongue.

"One woman became quite abusive," said Dr. Burdon, "and told me that she would have her garbage taken away until the city came after it. This board is not in the collecting business. It is only here to see that the health regulations of the city are observed, and we intend to see that they are. If those people do not have their garbage taken away we will see to it that they are prosecuted."

Mr. W. Spettigue, who conducts a rendering works on East street, was present, and made application through his solicitor, Mr. P. E. Burdon, for a permit to continue the business within the city limits. He was formerly in the county and had a permit from the township council.

Complaint on the part of residents of that section about obnoxious odors from the works led Mr. J. Luntan, health inspector, to investigate.

He found the works conducted in a sanitary manner, but discovered that Mr. Thomas Flannigan was conducting a slaughter-house in that vicinity, and that the number of hogs butchered there. He immediately ordered the hogs removed outside the city limits and the slaughter-house closed up.

Until the incinerator is operating Mr. Spettigue's plant is an absolute necessity to any city, as he destroys dead animals and the refuse of shops and the majority of the board thought it would be unwise to close it up. The members, however, were doubtful as to whether it had been granted to grant the permit. They will ask the city solicitor's opinion, and in the meantime will inspect the plant.

Every member of the board is of the opinion that Dr. Tamin should have an automobile to travel through the country and make his inspections of dairies and herds. One of them was at last heard from about expressing the opinion that some city officials who need an automobile much less than the doctor does, were given cars, and that Mr. Tamin should have one.

Dr. Hutchinson was silent on the last suggestion. It is their contention that the men who keep dairies are notified by neighbors through the rural telephones of the inspector's proximity, and so arrange things before he arrives.

An automobile would enable him to reach the places in a hurry and before word of his whereabouts was scattered broadcast.

Contagious Diseases.

The health of the city is good at present, according to Dr. Hutchinson, who reported four cases of scarlet fever during April, and one case of tuberculosis. There are now twelve patients confined to the hospital with the former disease.

A petition from residents of the south side of Central avenue, between Adelaide and Elizabeth streets, asked for a sewer. As the C. P. R. owns most of the property on the north side of the street and refused to sign the petition, it was insufficiently signed.

The board, however, recommended that it be laid over.

A recommendation from Inspector Luntan to have a sewer be constructed on Lyman street, between Richmond and George streets, was also discussed, and the council will be asked to have it laid.

Complaints about the odor emanating from the chic factory on Clarence street, and dust from the Thorne carpet cleaning factory in East London, were also discussed, and will be investigated thoroughly.

Dr. Hutchinson reported that the city's water supply during the month was absolutely pure.

DID MORE TO BEAUTIFY CITY THAT ANY MAN IN 25 YEARS

That Any Man in 25 Years

This Was the Praise Bestowed Upon the Retiring Parks Commissioner, Mr. William Dilger, When Friends Held a Banquet.

Friends of Mr. William Dilger, retiring parks superintendent, tendered him a complimentary banquet at the Travelers' Club Tuesday night. Not in the least was the enjoyment of the evening lessened by the coincidence that thirteen friends sat down to the banquetting table at the date was May 13, 1913.

Ex-Mayor Samuel Stevely presided, and all present expressed their appreciation of Mr. Dilger's work in the beautification of the city parks.

Mr. Philip Pocock, chairman of the board of water commissioners, said that Mr. Dilger, in his work as a landscape artist and parks designer, was, perhaps, too large a man for London. He had done excellent work in the city for which he would be long remembered, and the citizens generally would appreciate his efforts in years to come.

Receive Diamond Links.

Mr. Dilger was presented with a pair of diamond cuff links, Mr. Pocock making the presentation.

Mr. H. E. Buttery and Mr. E. Rechner both said that where Mr. Dilger in his work and plans had contributed

thousands of dollars to the city's beautification, he had, in his advice and instruction to the citizens, contributed tens of thousands to the beautification of private lawns and gardens. Everyone had appreciated his valuable and efficient service.

Mr. Thomas Gillen said that Mr. Dilger had quietly done more to beautify London than anyone else in 25 years.

Appreciates Kind Words.

Mr. Dilger, in reply, expressed his satisfaction at knowing that his work in London had not been unappreciated. He was grateful, he said, for the friendship he had made in London, and he would be glad to meet any and all of those present in Detroit, which city would be his permanent address, as hitherto.

During the evening musical selections and songs were rendered by Mr. W. Skinner and others. A toast to the chairman, Mr. S. Stevely, concluded the program of the evening.

Those present were Messrs. H. E. Buttery, W. Davidson, Charles Abbott, Willis Cox, W. Skinner, W. Dilger, Philip
