CHATHAM, ONT. TUESDAY AUGUST 21, 1906.

NO. 200.

A CARLOAD OF.... LINOLEUMS

During the past season we were scarcely able to keep our stock of Linoleums up to the point to supply the immense demand. The values we offered, the styles of designs and the careful way in which we laid them, all contributed to create this great trade.

Our values for this season are better than ever, variety of designs is greater. We have just received direct from the makers the biggest shipment of Linoleums ever taken into this store. The lot includes:—

PRINTED LINOLEUMS 12 ft. wide, at Per Square Yard 50c, 58c, 65c. and 75c.

INLAID LINOLEUMS, 6 ft. wide, at Per Square Yard, 85c, 90c, \$1.10 and \$1.25.

Dress Goods and Silks

We have already passed through the customs immense early shipments of Dress Goods and Silks, so that we are now fully prepared for early buyers in these lines.

DRESS GOODS—

Shadow Plaids	Worsted Overchecks
Plain Cloths	French Cheviots
Fancy Armures	Toile de Laine

SILKS—

Black Peau de Soie at 75c, \$1.00, \$1.15, \$1.25
Black Taffetas at 50c, 75c and \$1.00.
Chiffon Taffetas at 75c, \$1.00 and \$1.25.
Plain and Shot Messalines.

THE COUNCIL MAY ADVERTISE FOR SALE OF MARKET SCALES

Interesting Discussion On An Important Question—
Matter Was Referred To The Property Committee To Bring In Report

What shall be done with the city weigh scales on the market?

This was the question which troubled the minds of the aldermen at their meeting last evening. The matter was brought up by Ald. Potter, who rightly thought that it was his duty to report to the council that the scales at present were not paying expenses, and were in fact a serious menace to the city in the way of a deficit.

"For some time," said Ald. Potter, "I have been considering the city's position in reference to these scales, and the more I think of it the more I consider it my duty to bring the matter before the council. It is time that we were considering our position in reference to this question."

"We have now in dues outstanding on the market \$202.75, and we have collected in fees \$35.60. We have collected from the weigh scales during the past six months \$159.40, and taking into consideration the weighmaster's salary, that shows a deficit of \$80.20 in six months."

"This state of affairs has been going on for the past two years at least, and I see no reason why the city should go on and stand a deficit from year to year in this department. We are not bound to run the scales unless we see fit, and I think we should put a stop to this expenditure. This deficit does not include the expenses for light and heat which would make it much more."

"Mr. Northwood tells me that he does not think that conditions will improve in the next six months, because there are so many private

scales in the city doing business in opposition to the one on the market. I am satisfied that this will continue, and that the market scales will never be even self-supporting again. I have thought the matter over and I came to the conclusion that I could do nothing else than report to the council. The business does not go there, and we cannot expect the weighmaster to do the business if there is no business to be done."

"I have no other remedy than to ask for tenders for the scales. I am not anxious to see a revenue, but I think that they should be self-supporting. The committee can recommend nothing definite, but I would like the feeling of the council on the matter."

The Mayor thought that even if the scales did not return a revenue to the city, they should at least pay expenses, and if they do not, then the city should discontinue running this department. They are a benefit to the city all right, but the city should not be forced to pay too much for them.

Ald. Austen—Could you not consolidate the office of weighmaster and caretaker of the market. With a little additional salary, one man could look after the duties of both the positions.

Ald. Stone—When the Finance Committee looked over the estimates we found that there was a deficit last year of \$386 in the weigh scales dept. I would not throw the position on the caretaker, but I would advertise for tenders for the sale of the market scales. I am satisfied that we would not lose one cent if we did this. There is no complaint against Mr. Northwood. He is a good man but cannot do things which are impossible.

It was suggested that the matter be referred to the Property Committee. Continued on Page 8.

TENDERS FOR THE MARKET

Were Referred To The
Property Committee To
Report On

NATURAL GAS SUPPLY

Tenders for the renovation of the old market front were opened and read at last night's meeting of the City Council. The tenders for the most part were commented on as being very high, and there are only a few of them that are complete. The following are the tenders submitted, the work to be done according to the plans and specifications prepared by J. L. Wilson & Son.

Hugh Gallagher & Son—Work and material, with the exception of brick and stone work, \$4172. Placing bell in tower \$25 extra.

Robert Cucksey—Carpenter work and lat. and iron work \$2249. Work complete \$6559.

James A. King—Iron and tin work \$430. Metal ceilings \$175.

J. C. Wanless—Galvanized iron work \$525, plumbing \$375, metal ceilings \$195.

Campbell & Crump—Metal ceiling \$525, galvanized iron work \$335.

C. R. Bowers & Co.—Plumbing \$320. Barfoot & Braddon—Electric wiring \$59.02.

J. W. Bowers—Work and material with the exception of metal ceiling \$6,426.

Hugh Gallagher & Son—Complete work \$6,522, placing bell \$25.

Hugh Gallagher & Son—Carpenter work \$2,070. \$140 deducted from this if the old tower is left on.

Jas. Watt & Son—Plumbing \$375. Dunkley & Guetion—Painting, glazing and material \$670.

Oleste Binnie—Lathing, plastering and material \$800.

Western Bridge and Construction Co.—Steel and iron work \$180.

Tilt & Hildreth—Painting, glazing and material \$800.

John McKay—Plumbing \$265, electric wiring \$60.

W. H. Carswell—Carpenter work, steel work and material, \$2,100, painting and glazing \$795.

Geo. Stephens & Co.—Cornice, piping, troughing, etc., \$471.92; piping for corner of building \$44.10.

ROUTINE OF THE COUNCIL

Small Matters Which Were
Acted Upon By Aldermen Last Evening

ARCH'T RUTLEY'S BILL

The routine of last night's Council meeting was short and unimportant. Several matters of a minor nature were brought up and disposed of.

A number of estimates for local improvements were ordered paid.

An account in favor of Hight & Fielder, on the Head St. pavement, was referred to the Board of Works.

An account from William Chrysler, for \$75, for cleaning out dump boxes, was referred to the Board of Works.

John Liddy was granted a rebate of \$2 on his taxes, he being a veteran fireman.

A number of ratepayers on Poplar St. asked that the granite sidewalk on that street be laid over for a couple of years.

The Mayor—Is it necessary for this walk to go down?

Ald. Edmondson—One part is all right and the other part is dangerous.

The Mayor—If a walk is needed it will have to go down, petition or no petition.

Ald. Edmondson—From Donovan's property west a new sidewalk is certainly needed.

The Mayor—Then it will have to go down from Sheldon avenue 556 feet east.

This was made a motion and carried unanimously.

The Warren Bitulithis Paving Co. offered to put down their pavement on Emma St., with a concrete foundation, at \$2.49 per square yard, and 55c. per foot curb and gutter.

The Engineer's reports on a granite sidewalk on Fourth St. and a sewer on the south side of Head St. were received.

A letter was received from the Fourth Vice-President of the Grand Trunk Railway, acknowledging the receipt of the Council's communication relative to hose pens.

The M. Wilson Cordage Co. wrote the Council asking for a rebate of their business tax of 1905. They had not been in business that year, and the assessment was therefore unjust.

Ald. Stone—Mr. Wilson called on me and told me that he was not in business that year, and he had delayed payment of the taxes on that account. In the meantime Mr. Ran-

nie sent a bill to collect the amount, and had added considerable costs, which Mr. Wilson was called upon to pay. I am prepared to deal with the matter to-night.

The matter was referred to the Finance Committee.

PROPERTY COMMITTEE.
The Property Committee reported as follows:—
1—That in reference to the bill of

FORMER RESIDENT OF CHATHAM SUES FOR BREACH OF PROMISE

Mrs. W. A. Dixon Well Known Here Has Entered An
Action Against A United States Senator—
Had A Career In Canada

Mrs. W. A. Dixon, formerly of this city, is suing a United States Senator, for breach of promise. Dr. W. A. Dixon and his wife will be remembered by many of our citizens as residents of this city for about two years. The doctor had his office in part of the building occupied by John Pigott & Sons. At that time Mrs. Dixon was leading her husband a merry dance, and without any warning to his friends the doctor and his wife left the city.

The following is a New York Despatch:—

Senator Patrick H. McCarren, who a month ago was sued by Mrs. Mary A. Dixon for \$200,000 for alleged breach of promise of marriage, gave a new and interesting turn to the suit yesterday by producing an affidavit from Dr. William A. Dixon, who says he is the woman's legal husband, and securing from Justice Dickey an order for the examination of Dr. Dixon before a referee on Aug. 30.

Dr. Dixon is a physician living at 722 St. Nicholas avenue, this city. The discovery of Dr. Dixon was due to a trip to Canada of John J. King, who was sent there by McCarren's attorneys to investigate the antecedents of Mrs. Dixon.

In his affidavit Dr. Dixon asserts that he first met Mrs. Mary A. Dixon at Toronto in 1893. Continuing,

"I then lived in Toronto and was there engaged as a young practitioner in the practice of medicine. The plaintiff herein was also at that time a resident of Toronto and a writer for the Toronto press. She was then known as Minnie Downs La Ferte."

"She represented herself to me to be the widow of a Dr. Donald T. La Ferte, claiming that she had been married to him in January, 1891, and to have lived with him for two years at Detroit, in the State of Michigan."

"She delivered to me a paper which purported to be a certificate of her marriage to said Dr. La Ferte on Jan. 9, 1891, also a paper which purported to be a copy of the will of Dr. La Ferte and another paper which purported to be a copy of the inventory of his estate. She told me

the said estate amounted to about \$150,000, and that her share of it amounted to about \$50,000. She also produced a baby, telling me that it was her child by said Dr. La Ferte."

PAPERS ALL FORGERIES.
"She subsequently, and after my marriage to her, confessed to me that the certificate of marriage, the copy of will and of inventory were forgeries, and she confessed to me that said child was not her child."

"She was married to me at Hamilton, in the Province of Ontario, on Dec. 23, 1893. The Rev. C. E. Whitcomb performed the marriage ceremony, and George S. Rennie and the Rev. R. F. Dixon were witnesses to the marriage. At the time of the marriage the plaintiff herein gave her name as Minnie Downs La Ferte, and then and there declared that she was a widow and that she was the daughter of Thomas and Emma Downs of Belleville, and that her religious denomination was that of the Church of England."

"After the marriage we lived first at Toronto, then at Alpena, Mich., and then at Chatham, in the Province of Ontario, where we separated in the year 1895."

"Soon after our marriage I learned that her representations of having a share in any such estate were false and that she was wholly without any property and means. She was very extravagant, and in a short while incurred debts against me in Toronto to the amount of about \$4,000. She often attempted to extort money from my father and mother by false representations, and by letters and telegrams to which my name was forged."

NO LEGAL SEPARATION.
"I finally became so disgusted and disheartened by her misconduct that I refused longer to live with her. Therefore, in December, 1895, she instituted an action against me for alimony in the high court of justice, common pleas division at Chatham, Ont., which action I defended and in which action she was awarded judgment on March 17, 1898, for six dollars a week alimony."

"There has never been any legal separation or divorce between the plaintiff herein and myself; and no action or proceeding for a separation or for absolute divorce has ever been instituted by either of us against the other."

King, who went to Canada, states in an affidavit that he saw the record of the birth of John Embury Dixon, the child of Mrs. Dixon, born Dec. 30, 1896. This child, he says, was born a year after Mrs. Dixon began her suit for alimony.

WILL BE A FAST GAME

Preparations Being Made
To Meet The Corinthians
Thursday

LOCAL MEN PRACTICING

The Corinthian Football Team, which comes to Chatham on Thursday day to play the All-Kent team, are meeting with great success in their Canadian tour. Captain Parrott says that they will have the hardest game of the tour in Chatham.

The local men are out every night practicing for the game, and it is expected that they will make a creditable showing. The Corinthian team is a strong one, but the local boys are in good shape and are looking forward with a great deal of confidence to the contest.

The Chatham lineup will include two men from the St. Andrew's team of Detroit, and a goal keeper named Bass, of Walkerville. Bass is one of the fastest men in the business, and a great deal depends on him on Thursday.

The band of the 24th Regiment will play at the game and will discourage music at different intervals during the game.

Mr. Percy Pigott, who with William McDonald of Detroit, arranged for the Corinthian visit, deserves great credit for bringing this fast team to Chatham and they should receive every encouragement in their enterprise. There is no doubt that they will be greeted with a very large crowd of spectators on this occasion.

OLD OFFENDER CAUGHT.
Impossible to escape being cured if you apply Putnam's Corn Extract to the worst corn on record. Painless, safe and costs only a quarter in any drug store.

Minard's Liniment cures Colds, etc.

MITCHELL.—At her late home on Wellington St., today, Mrs. Malinda Mitchell, aged 76 years.
Funeral takes place to the First Baptist Church, King St., Thursday at 2 p.m.

LOCAL

Miss Eva Dyer, St. Clair St., is spending a few days vacation with friends in Walkerville.

The highest registered by Turner's thermometer yesterday was 92 in the shade.

Clifton Northwood has been appointed manager of the Dresden branch of the C. Austin store.

Miss Gertrude Hillman left on Saturday for Ingersoll and Woodstock, is spending her holiday in Detroit.

For Sale.—A Standard Edison Phonograph, with large horn and records. A snap. Be quick. Apply to R. Gouzas, Dover St.

Paties having accommodation for boarders should leave name, address and rates at Business College this week.

Mr. and Mrs. Arthur Oldershaw, of Arranville, are in the city, and leave to spend a few days at the Eau Claire as guests of Miss Young.

Mrs. S. E. Park Taylor Ave., has returned from Richmond and other points in Indiana, where she has been visiting relatives and friends for the past month.

Dr. Sullivan went to Toronto this morning to be present at the meeting of the British Medical Association. It is his intention to visit the hospitals in Boston and New York before returning home.

Better Than Spanking

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box 4, Windsor, Ont., will send free to any mother her successful home treatment with full instructions. Send no money, but write her to-day if your children trouble you in this way. Don't blame the child; the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

Mr. and Mrs. W. A. McGeachy, of Harwich, left last evening on a three months' trip through the Northwest. Mr. McGeachy is taking the trip in the interest of the Fruit Growers' Association.

ARE YOU SUBJECT TO STIFFNESS

Perhaps it is in the neck or shoulders. First thing is a good rub with Nerviline. No more speedy remedy can be adopted. When applied to the muscles Nerviline gives them flexibility and vigor; inflammation, soreness and stiffness disappear. "Whether in the chest or throat nothing can surpass Nerviline," writes O. B. Denton, Lumber Merchant at Oak Bay, N. B. "Rubbed on at night, it proved Nerviline a great medicine." Everyone says the same, and Nerviline always makes good. 25c. bottles sold everywhere.

A play with Unique Novelties—Great Flood Scene—Old Character Parts—Bright Dialogue.

PRICES—25c, 35c, 50c and 75c
Seats on sale Thursday.

DOMINION BANK

The Dominion Bank will open its doors to do business in the Scane Block, in the premises lately occupied by the Bank of Montreal, with G. E. Kingsford in charge, in the corner of the bank building. There are about fifty agencies throughout the Dominion, and the latest is one now being established in Dresden in a building owned by Dr. Wiley, and W. A. Peace, of the Toronto office, has been placed in charge. Mr. Peace was in the city on his way to Dresden, and his assistants will arrive in the course of a day or two.

The work on the new Dominion Bank building in this city will be commenced at once, but until its completion the bank will occupy the premises on King St. East. The contract for the new building calls for its completion by the 1st of March, 1907.

At the Chatham Grand—
Just Struck Town—Aug. 25.

JUST STRUCK TOWN.

Several thrilling effects are promised on the presentation of Elmer Walters' great comedy-drama, "Just Struck Town," at the Brisco Opera House on Saturday.

This play is said to be quite unique in its construction, with some very laughable situations. Chief among the comedy parts is a Swedish servant girl and a Swedish country constable lover—the latter is an uncommon youth, though serving in an official capacity for the county in which he resides. He has never loved the taste of liquor to pass his lips. After his first arrest his associates prevail upon him to smoke his first cigar, which brings forth much fun, as does also the lovers' quarrel in the fourth act.

The scene is said to be quite attractive and the company bears evidence of being a painstaking one.

THAT GAS FRANCHISE

The Committee appointed by the Council to deal with the different natural gas companies relative to supplying the city with gas, met this morning with the following present: Chairman Sennard, and Alds. Austin, Stone and Bensen.

The committee drew up a number of conditions which must be complied with by the company securing the franchise. They were that the tender must state the maximum rate to be charged to the consumers of the gas, for heating and lighting. They will have to undertake to start work within 60 days, and to deliver gas on the first of October next. They will have to give bonds for the proper performance of their undertaking. The franchise will not be exclusive, and will not exceed the term of 20 years. The Committee would suggest to the Company receiving the franchise that they be either provided with a certain amount of free gas or that the city shall be entitled to a percentage of the gross receipts after they have reached a certain sum.

TOLL FOR A WEEK

Officials Murdered, and In Addition 43 Were Wounded—50 Bomb Depots Unearthed.

St. Petersburg, Aug. 21.—Last week's statistics show that fifty-eight officials were murdered and forty-three were wounded in Russia proper; that fifty bomb depots were discovered; that six safes were rifled of money, and that sixty-three persons were robbed. These official figures do not include the pillaging in the country, nor do they give the number of military executions, or arrests of agitators and revolutionists, and there are no figures showing the number of persons sent into exile.

The St. Petersburg Gazette says that 2,300 persons were banished on Saturday from St. Petersburg alone, and that 750 were placed on trains bound for the interior.

Miners Riots End in Bloodshed.

Ukraine, Province of Yeasterehlay, Aug. 21.—Two scores of dragoons yesterday night began to disperse a meeting of Vyatka miners when several shots were fired from back of the crowd, which numbered several thousand. The dragoons replied with five volleys, killing and wounding many of the miners. Eighteen ringleaders of the disturbance have been arrested.

GUCHKOFF'S ESTIMATE.

Intentions of Czar Good, But He Does Not Comprehend.

Moscow, Aug. 21.—In an interview yesterday, Alexander J. Guchkoff, who is regarded as one of the most capable Conservative Liberals in Russia, and who many times has been mentioned as the natural premier in a Conservative Cabinet outside of the bureaucratic circles, spoke yesterday in a desponding tone of the future.

He said there could be no doubt of the Emperor's good intentions, but the great misfortune was that he did not comprehend the situation. Guchkoff said that personally he had the highest respect for Premier Stolypin, but feared that his capacity would avail little against the influences of the court and Ministers who surround him.

In his opinion there was little chance of a thorough-going amalgamation of the Constitutional Democrats and Octobrists. While the ultimate object of both parties was practically identical, namely, the achievement of a constitutional monarchy, the Russian, their alliances were totally different. The Constitutional Democrats had gone too far with the revolutionists to draw back, and the course of the Government was bound to drive them farther and farther away from the methods to which we are committed.

A 20-MAN REVOLUTION.

Negro General, Quintin Bandero, at the Head of Them Against Palma.

Havana, Aug. 21.—An inspection began Sunday night in Havana Province, when Gen. Quintin Bandero, the negro, who distinguished himself in the war for independence, left Arroyo Areo, twelve miles west of Havana, with a force estimated at over twenty men, which it is believed, was largely augmented yesterday by a band armed with guns and ammunition, which set out from Havana.

Gen. Bandero was the first man who crossed the Spanish frontier which shut off the Province of Pinar del Rio from Havana Province. The Government admits that Bandero has taken up arms. Fifty rural guards from Havana and 100 from Santa Clara were sent to Pinar del Rio yesterday.

Leaders Arrested.

Santiago de Cuba, Aug. 21.—Gen. Demetrio Castillo, who was Governor of the Province of Santiago, and J. G. Gomez, one of the editors of La Lucha, Havana, were arrested quietly by rural guards at El Caney Sunday night, charged with inciting a revolution. They started for Havana yesterday on a special train, which was heavily escorted. Both men disclaim treasonable intentions, and assert that their recent activity has been solely in the interest of the reorganization of the Liberal party.

Anarchists After French President.

New York, Aug. 21.—A special cablegram to a morning paper from Marseilles, France, says that the police Sunday arrested an Italian anarchist of the name of Cirillo Franco, a boot-maker, on suspicion of being in a plot to assassinate President Fallieres on his approaching visit to the Marseilles exposition. When Franco's lodging was searched the police found 340 grains of fulminate, 500 lead screws and other bomb accessories, all of which had been brought from Italy. The arrest was the result of the receipt of an anonymous letter denouncing the plot.

BattleShip Damaged.

Halifax, N. S., Aug. 21.—A report reached Halifax on Saturday that the battleship Dominion had gone ashore on her way up the St. Lawrence and that she would return to Halifax to be dry-docked. The dry-dock will be ready on Wednesday, and that information was transferred to the commander of the Dominion. It is believed the Dominion has suffered some mishap since entering the St. Lawrence, as was not intended that she should return to this port after leaving Charlottetown.

Convention Opens To-Day.

Toronto, Aug. 21.—The British Medical Association opens here to-day. The order paper contains the notice that speeches to-day must not exceed 15 minutes each, and papers are limited to 15 minutes. Toronto's own Dr. Reeve will be inducted to the presidency, from which Dr. Franklin will retire in a voluntary address. The Lieutenant-Governor, the mayor and others will take part in the formalities.

King St. Residence For Sale

CONDITIONS AT VAPARAIISO

Story Of The Earthquake As Told By Refugees.

SCENES OF DISTRESS

London, Aug. 21.—The Chilean legation yesterday received a cable message from Santiago, dated Sunday, reading as follows.

"On the evening of Aug. 16, a severe earthquake was felt between Valparaiso and Talca. The loss of life was not very great. Some of the property was considerable at Valparaiso, but was less at Santiago. Public order has been entirely maintained. The authorities and private persons are succoring the distressed people. The foreign legations are wholly unaffected by the earthquake. A Liverpool firm yesterday received the following despatch from Santiago: 'We do not think that there has been any loss of life or personal injuries among the English residents at Valparaiso. The fires and shocks are apparently over.'"

800 Dead.

Santiago, Chile, Aug. 21.—Five hundred persons are dead at Valparaiso as a result of the earthquake shocks, according to the latest advice based on the reports of refugees who reached this city yesterday morning.

The monetary affairs at Valparaiso runs into the millions. Six or eight other cities have been destroyed. The railroad, street railway, telegraph, and telephone systems are thoroughly demoralized.

Losses May Not Be Great.

Santiago, Chile, Aug. 21.—Carlos Edwards, one of the proprietors of the Mercurio of Valparaiso, has arrived here on horseback from that city. He confirms the reports that all the Mendral quarter and the principal avenue of Valparaiso have been destroyed. The railroad, street railway, telegraph, and telephone systems are thoroughly demoralized. But according to his estimate the number of lives lost was small, when the extent of the catastrophe is taken into consideration. At one depot he saw fifty bodies. The main hotel was standing, and the guests escaped injury. A telephone message received here from Vina Del Mar announced that the portion of the town between the Royal House and customs house is not seriously damaged, but that the rest of Vina Del Mar is almost totally destroyed.

Damage Elsewhere.

A great deal of damage has been done at the mines in the Nogals and Calera districts. A number of houses have fallen at Talca, fifty persons were killed there and 150 were wounded.

At Llalilal seventy houses fell, and a number of small villages in the Terremote district were totally destroyed. At Terremote the populace, after the earthquake, tried to pillage the business house of Rose Innis, which had remained standing, but the employees of the firm saved the place from pillage.

It was at the request of Madame Pedro Monti, wife of the president-elect, that the municipality of Iquique has decided to divide the sum of money which had been subscribed for the celebration of the election of Senor Monti to the relief of the earthquake sufferers.

A train which left Santiago from the north yesterday arrived without any difficulty at Calera. Contrary to reports the tunnels were not wrecked, and it is hoped that trains will be running regularly to-day.

The Government has authorized the provincial governors to spend all the money necessary to help the sufferers in their districts.

Prisoners Escaped.

When the earthquake first shook this city the prisoners in the penitentiary began singing hymns. There was no loss of life among them, so far as is known, but at Valparaiso the prison walls fell and crushed 100 prisoners to death.

Used Dynamite Against Fire.

Rio Janeiro, Aug. 21.—The free use of dynamite, according to despatches received here, was very effective against the fire at Valparaiso. The firemen were thoroughly exhausted when the flames were finally subdued. Hundreds of people took refuge on the ships in the harbor.

It is stated that a new danger is threatened by the volcano, Woinin, which has become very active.

Half Gone.

Paris, Aug. 21.—A brief despatch from the French consul at Valparaiso, received at the Foreign Office yesterday morning, says that half that city was destroyed by the earthquakes and fires.

Business Suspended.

New York, Aug. 21.—W. R. Grace & Co. of this city received a message from their agents in Valparaiso, yesterday, saying that the centre of the earthquake disturbance was in Valparaiso, and that business in Valparaiso has been suspended for two weeks.

TERIBLY DISTRESSING.

Nothing can cause more pain and more distress than Piles. No wonder many Pile sufferers say their lives are burdens to them. Ointments and local treatments may relieve but cannot cure.

Dr. Leonard's Hem-Roid is guaranteed to cure any case of Piles. If Hem-Roid doesn't cure you, you get your money back.

Hem-Roid is a tablet taken internally, thus removing the cause. \$1.00.00 guarantee goes with every bottle.

A month's treatment for \$1.00, at all druggists, or the Wilson-Fyle Co., Limited, Niagara Falls, Ont.

DRYDEN'S OPINION

Ireland as a Farm Land Is Better Than Ontario—Ex-Minister of Agriculture Much Improved.

Toronto, Aug. 21.—John Dryden, ex-Minister of Agriculture, has returned after a visit to the old country as one of the representatives of the Imperial Government on the commission appointed to investigate the working of the Department of Agriculture and technical instruction in Ireland.

"Without seeming to be disloyal to the splendid agricultural achievements of our peerless Province of Ontario, I would sooner, as a paying proposition, have my farm located in Ireland than here," he said yesterday.

"I was very favorably impressed with the agricultural possibilities of Ireland. I do not think it would be easy to find a better agricultural district of its size than that found in Ireland. In fact, I quote two areas, that of the great bog district, whence is secured the peat which takes the place of much of the coal and timber for fuel, and which is termed the Connemara district—hardly expressive of the real condition, for it is but sparsely settled. It is situated on the west coast, and is mountainous, rugged and stony—the little patches of tillable soil having to be worked with a spade, as it is impossible to use machinery.

Grass Land Magnificent.

"The balance of the country compares very favorably with any other agricultural district I know of. Some of the grass land is magnificent, and the climate is lacking in extremes. It will, in my judgment, grow almost anything.

"For some years practically no attention has been paid to the organization of agricultural classes. They have carried on the work of yeoman, as their fathers did before them, a good many of their holdings are small, and as a result the best was never brought out of it. It is the hope to make the new department a modern and wide-awake institution, and in time the effect of it will be very beneficial.

"What they need and what they should receive soon is education in modern methods, and a little more co-operation among the agriculturists themselves.

ROUTINE OF THE COUNCIL

Continued from Page 1.

Arch't. Rutley, on the market building, that a compromise be made by which Mr. Rutley will receive \$400 in full of account.

Chairman Potter reported that he had gone into the matter carefully with Mr. Rutley, and this was the result of the consultation.

Ald. Austin.—How much has he been paid already?

Ald. Potter.—He has been paid \$500 in full for all the work he has done on the building.

The report of the committee was adopted.

The following accounts were presented:

Pay sheet, Com., \$54.
Cemetery, \$24.85.
Mr. Charles, \$1.60.
R. J. Danlop, \$11.25.
J. H. Oldershaw, \$531.62.
J. H. Oldershaw, \$85.55.
Light & Fielder, \$75.
W. R. Baxter, \$12.75.
W. T. Stewart, \$7.61.
Shea & O'Keefe, \$2.65.
C. P. R., 29c, R. F. to Finance.
The News, \$148.34.
Bad Gibson, \$53.50.
Geo. Jamieson, \$3.
D. Nagel, \$9.32.
R. G. Hanning, \$25.
G. O. Deane, \$16.
R. E. T. Pringle, \$292.50.
McDonald Furniture Co., \$3.
G. T. R., \$14.04.
Shea & O'Keefe, \$7.
Electric Mfg. Co., \$3.25.

GIRL WANTED.—Good girl wanted for general housework. Apply to Mrs. Wm. Foreman, Adelaide St.

NOTICE TO CREDITORS

In the Matter of the Northwood Company.

Notice is hereby given that Edgar B. Northwood, of the City of Chatham, in the County of Kent, carrying on business there as Produce and Commission Merchant, under the name and style of The Northwood Co., has made an assignment under J. S. O. 1897, C. 147, of all his estate, credits and effects to John R. Gemmill, of the said City of Chatham, in the County of Kent, aforesaid, for the general benefit of his creditors.

A meeting of his creditors will be held at the office of the said assignee in Harrison Hall, in the City of Chatham, in the County of Kent, on Tuesday, the 28th day of August, 1906, at the hour of two o'clock in the afternoon, to receive a statement of affairs, to appoint inspectors and fix their remuneration, and for the ordering of the affairs of the estate generally.

Creditors are requested to file their claims with the assignee, with the proofs and particulars thereof required by the said Act, on or before the day of such meeting.

And notice is further given, that after the 22nd day of September, 1906, the Assignee will proceed to distribute the assets of the debtor amongst the parties entitled thereto, having regard only to the claims of which notice shall have been given, and that he will not be liable for the assets or any part thereof, so distributed, to any person or persons of whose claim he shall not then have had notice.

Dated the 18th day of August, 1906.

J. R. GEMMILL,
Assignee.

LEWIS & RICHARDS,
Solicitors for said Assignee.

KING ST. CHATHAM.

Corsets! Corsets!

We have corsets made by all the leading Canadian Manufacturers—the E. & T., D. & A., B. & C. and C. B. C. and B. & I., in all the new Paris models. The new corset for fall is a little higher bust, and longer hip than the spring and summer styles. The demand for the high bust corset is owing to the Princess Dress and new tight-fitting coat, but a great many will stay by the low bust corset for the comfort they give the wearer.

\$1. For One Dollar, \$1

We can give you a corset made of the best heavy cantil or fine basiste in grey or white, trimmed with lace and satin ribbon in all the leading styles with two pair of supporters, all sizes, fit any figure from the slender to the stout. Choice \$1.00 a pair.

75 CENTS

We can give you a corset in white or drab, long hip, straight front, with two pair of supporters, all sizes.

75c. a Pair

AUSTIN SPECIAL 59c. A PAIR

This corset is made of fine cantil, all steel filled straight front, dip hip with heavy supporters, in white only, all sizes, 59c. a Pair.

Tape Girdle Corsets, all sizes, 18 to 26—35c. Pair

Bias Filled Corsets \$1.00 to \$2.50 a Pair—All sizes, makes a perfect fitting corset for any figure.

NEW FALL DRESS GOODS!

For the past two weeks we have been marking New Dress Goods for the Fall and Winter Trade.

New York authorities are predicting a big trade in Plain Goods.

Chiffon, Venetians, Broadcloths, Satin Duchess, Panneau Cloth, French Cheviots, Black and Colored Satin Cloths, Cream, Navy and Black Serges, the better qualities, being the favorites.

Shadow Plaids and Plain weaves in Tweed will be very popular for suits and separate skirts.

This season we are showing a splendid assortment of the Celebrated Harris Dress Tweed. Dark Mixtures, the strongest for tailored suits.

No trouble to show these goods.

3 Three Specials in 3 Parlor Tables.

The supply is limited, and cannot last long at the prices quoted.

BUSINESS TRANSFER

Wesley Parrot has purchased the Knight Bros' grocery, King street east, and the store will be re-opened on Wednesday. The new proprietor is popular and well-known throughout the city and with many years of experience in the grocery business he will be able to sustain the high reputation of the gentlemen who have decided to retire.

SUMMER CATARRH.

Hot Weather Seems to Have Had Effect Upon Some People.

It is generally recognized by physicians that many people suffer more with catarrh during the summer than in the winter. The hot, dry weather and the change from the hot days to cool nights seems to have a bad effect upon the disease.

Even after the usual methods of treating catarrh have been unsuccessful, Hyomei will cure the disease, and catarrh sufferers should take the treatment.

In many instances Hyomei has cured catarrh when the patient has suffered since childhood. Quite a number of people in—[?] who for years have been unable to get a good night's sleep on account of the disagreeable itching and drooping at the back of the throat, have obtained quick relief from a few treatments of Hyomei and the continued use has made a complete and lasting cure.

There is no stomach dosing when one uses Hyomei. Simply breathe the moderate air through the pocket inhaler that comes in every outfit and all germs will be killed and the mucous membrane will be healed.

The complete outfit costs \$1.00, extra bottles 50c.

For sale by all dealers. The R. T. Booth Co., Buffalo, N. Y.

No nation can be destroyed while it possesses a good home life.

TENDERS FOR THE MARKET

Continued from Page 1.

to report on at a meeting to be held later—Carried.

A special meeting of the whole Council will be called for Wednesday night to consider the Property Committee's report on the matter.

OTHER MATTERS.

The Mayor asked Ald. Scullard as to what had been done at the recent meeting of the Finance Committee to consider the natural gas proposition. Ald. Scullard replied that he could only report progress, as at the time it had been impossible to get a full meeting of the committee for unavoidable reasons. Two new applications had been since received; one from Niagara and the other from Bradford.

Mayor Marshall said that he did not think it wise to delay the matter any longer than possible, because some of the companies had gas and some had only hopes of getting gas. They could not afford to keep the citizens waiting for the product while the applicants were hunting for it.

Ald. Scullard said that the Committee were quite as anxious as the Mayor to deal with the matter as soon as possible. He said that he expected to have a report ready for the council at their next regular meeting.

Ald. Benson drew attention to the state of the King street pavement, which he said had been left in a deplorable state by the C. W. & L. E. Company's workmen. He thought that it was certainly time that the company were doing something towards fixing up the pavement. The present state of the pavement was a disgrace to the city.

Ald. Austin said that he had some time ago spoken to the retiring general manager about this matter, but he had been told that the company would attend to the street just as they had a decision from the Railway Commission with regard to the G. T. R. crossing. From what he could learn it would be October before this decision would be handed down by the Commission. He had also written a letter to the manager of the road, which that gentleman had promised to forward to the president of the road, but he had since heard nothing further from the company.

It was moved by Ald. Benson, seconded by By Ald. Austin, that the council be instructed to notify the railway company to repair the street as per their agreement, giving them till the first of the month to commence the work, and if it is not commenced by that time, that the work be done by the city and the cost charged up to the railway company.—Carried.

Ald. Scullard remarked that the Steam Heating Company should receive a similar notice with regard to city boulevards, which had been torn up and had not yet been put in proper shape.

The Mayor instructed the City Clerk to notify the Steam Heating Company at the same time as the Railway Company were to be notified.

Ald. Austin wanted to know why it was that stones left on Grey St. by a paving company had not been removed.

Ald. Edmondson said that he had notified the City Engineer about the matter. He said that he would investigate the matter at once.

Ald. Potter drew attention to the condition of the floor in the upper story of the police court, which he said was so constructed that it had spread apart, leaving spaces between the planking and allowing the dirt to fall through to the floor beneath whenever sweeping was in progress above.

Mayor Marshall—That Police Court was a peculiar piece of work in the first place. I think, however, as we have nothing mentioned in the estimates for this matter, we should leave it over for another year.

Ald. Austin said it could come out of the debentures for the market building.

It was moved by Ald. Potter, seconded by Ald. Austin, that a sum be taken out of the debentures for the purpose of repairing the Police Court floor.—Carried.

Even guesswork is hard labor for some people.

It isn't a good thing to repeat half you hear.

Arrest Liberal Leaders.

Havana, Aug. 20.—Half a dozen highly prominent leaders of the Liberal party have been taken into custody on the charge of conspiracy against the Government and plotting to assassinate President Palma.

Canadian Youth Suicides.

Watertown, N. Y., Aug. 20.—Frank Hudson, 19 years of age, who came here recently from Arden, Ont. (Frontenac County), committed suicide Saturday night by shooting.

THE WATCHTOWER OF WOMEN.

Modesty is woman's watchtower. Whatever threatens her delicate sense of modesty, frightens her. For this reason many women permit diseases of the delicate womanly organs to become aggravated because she cannot bring herself to submit to the ordeal of unpleasant examinations, offensive examinations, and obnoxious local treatments, which some physicians find necessary. Doubtless thousands of the women who have taken advantage of Dr. Pierce's offer of free consultation by letter, have been led to do so by the escape thus offered from a treatment repugnant to modesty. Any sick woman may write to Dr. Pierce, Buffalo, N. Y., in perfect confidence, all letters being treated as strictly private and sacredly confidential, and all answers being sent in plain envelopes without any advertising or other printing upon them. Dr. Pierce's Favorite Prescription has been long hailed as "a God-send to women." It makes weak women strong and sick women well. "Favorite Prescription" contains no alcohol, neither opium, cocaine or other narcotic.

Willoughby Cowper's Body Found.

Hamilton, Aug. 20.—The body of Willoughby Cowper of Dundas, the old man had been missing for a week and a half was found yesterday morning in the marsh in the rear of the cemetery, by George Larmer and William Norton of Dundas, who were out looking for the missing man. Roland Cowper, son of the deceased, was nearby at the time, and he recognized the body as that of his father. The police were notified and the remains were removed to the city morgue. Coroner Baugh was notified, but he considered an inquest unnecessary, as there was every evidence that the deceased was demented.

STOMACH MEDICINE IS USELESS

Impossible to cure catarrh in the nose by dosing the stomach. Send the healing vapor of Catarrhazone after the germs and you at once accomplish good. Any case of catarrh is curable, all that is necessary is to inhale Catarrhazone—you stop hawking, nostrils are cleared, throat is healed and freed of phlegm; every vestige of the trouble is forever driven from the system. If you want permanent cure for catarrh, throat trouble or bronchitis, Catarrhazone is a stand-by. Two sizes, 25c. and \$1.00, at all dealers.

HAS A SENSE OF HUMOR

LORD MOUNT-STEPHEN, FORMER CANADIAN, CHARMING.

Delighted in Retelling Humorous Stories, But As President of the C.P.R. Has Faced Many a Serious Situation With Both Calmness and Anxiety—His Lordship Never Forgets Friends—Celebrates 78th Birthday.

"The poor-house or a palace," was the exclamation of Lord Mount-Stephen when he put his hand to the construction of the C. P. R.

It proved to be a palace on Drummond street, in which His Lordship, who was seventy-eight years of age a week or two ago, dispensed a noble hospitality.

Lord Mount-Stephen was originally a dry goods clerk. He came of wholesome stock, but like so many eminent Scots, he was of the people.

By hard work, the patient watching of opportunity, he grew in wealth and

power. His association with his cousin, Lord Strathcona, in the old St. Paul and Manitoba Railway, and his later connection with the C. P. R., were the first two large things which he grasped when the opportunity came his way.

His Lordship never lost his native simplicity. Fresh of color, springy of step, clear of eye, he walks briskly, stopping to talk to this or that friend or acquaintance.

His Lordship dearly loved a joke, and his laughter was infectious. He had, of course, good reason to be an optimist, but temperamentally he was very buoyant and light of heart. He could be tremendously serious, too, and as president of the C. P. R., he has faced many a serious situation with calmness, but also with anxiety.

He had, however, the pawkie Scottish humor, and he loved to spring a joke or a story upon his friends. He would button-hole an old friend on the street, and say to him—"Come into my office. I have something important to tell you." And then, with great solemnity, he would tell his story, which was enhanced in value by the owl-like seriousness with which the narration was made.

When His Lordship was president of the C. P. R. he liked, in the relaxed moment, to get off little jokes upon the officers.

In this position he won respect and admiration. The system was nothing like what it is today, but the duties were exceedingly onerous for all that, while the fact that the system was just getting on its feet, so to say, made the position of president anything but a sinecure.

His Lordship rarely forgot a face. He could instantly recall the name or face of any person whom he had seen in the past.

And there was this fine thing about His Lordship—he never forgot his friends. All the people with whom he was intimate, were sure of a hearty handshake, while those indeed were honored in the most delicate manner.

His Lordship, indeed, delighted to do good by way of surprise. He loved to be the unknown benefactor. It could be said of His Lordship with perfect truth, that he "did good by stealth and blushed to find it fame."

He used to wear a tweed suit, which he did not change too often; but after his elevation to the peerage he became a little more particular, and invariably wore a silk hat, galloons over his patent leathers, and kid gloves. Not that there was any change in his manner to old Canadians. Indeed, he always insisted, when among his intimates, upon being called by his Christian name. He was exceedingly thoughtful of the comfort of all who were in any way dependent on him, and in his business career he was always willing that the "other fellow" should have a chance. He would put a good thing in the way of a friend. He had the art of turning what he touched into gold, but he did not want all the gold for himself.

The Royal Victoria Hospital at Montreal will constitute an imperishable monument to his generosity.

For many years past, Lord Mount-Stephen has made his home in England. He remarried there, and has several country seats in addition to a New London residence. He divided some years ago, among his relatives, a large sum of something like five millions, in order that he might see the effect of the disbursement while still in life.

WIPED OUT WHOLE TOWN

Forest Fires Do Immense
Damage In New
Brunswick

FIRES MAKE HEADWAY

Campbellton, N. B., Aug. 21.—Forest fires are doing considerable damage in this vicinity and the air is thick with smoke.

It was reported that the Village of Caplan, in the County of Bonaventure, about 70 miles from Campbellton, with another settlement just back of it, have been wiped almost out of existence. Very meagre particulars are to hand, but it is said about seventy buildings have been destroyed and a large number of persons rendered homeless.

The damage to crops and timber lands in that vicinity is heavy and the fire is still spreading.

Another fire is still spreading near Balmoral, but so far as can be learned it has not reached the settlement, though the damage to lumber land is considerable.

Still another fire is burning and spreading rapidly just back of Campbellton near the Sugar Loaf Mountains. The flames can be seen leaping up the side of the mountain in two or three places. Unless there is a heavy fall of rain shortly much valuable timber land will be laid in ashes.

The thermometer registered 96 in the shade here yesterday.

A WINNIPEG WRECK

Two Excursion Trains Collide Head-On—One Man Killed and Six Passengers Injured.

Winnipeg, Aug. 21.—A head-on collision occurred on the Winnipeg Beach Line between two excursion trains last night. One train was standing on the siding and the other ran into it owing to a defective switch. Wrecking crews have left for the scene.

Later particulars learned of the wreck indicates that it was much more serious than at first reported. An unknown man, who was evidently stealing a ride on the blind baggage, was killed, and his body is still beneath the wreckage. Six passengers were injured, some seriously. The damage to rolling stock is considerable, both locomotives, baggage cars and three passenger coaches being wrecked.

Drowned While Bathing.

Quebec, Aug. 21.—While swimming in the St. Charles River, a St. Sauveur young man, named Pageau, aged 17 years, was drowned yesterday morning. Walked into Hole; Drowned.

Hastings, Aug. 21.—James Clarke, aged 18 years, son of Councillor Geo. Clarke, of Alnwick Township, was drowned while bathing in Rice Lake Sunday. With others he was walking in shallow water on a sandbar. Coming to the end of the bar, he dropped into a hole fully 12 feet deep and never appeared again. The body was taken out about an hour afterwards.

French Sailor Drowned.

Quebec, Aug. 21.—Maurice Collin, a sailor of the French fleet, was drowned by the upsetting of a small boat.

Infant Killed in a Runaway.

London, Aug. 21.—The infant daughter of Mr. and Mrs. Charles Odell of Inkerman street, was killed and Mrs. Odell seriously injured while driving to the home of friends when the horses ran away and all the occupants of the rig were thrown out.

Blinded by Dynamite.

Quebec, Aug. 21.—Arthur Dumais and Louis Laroche of St. Sauveur were seriously injured in an explosion at Seven Islands on Thursday last. They had five hundred mines to explode and had but one left when a premature discharge of dynamite caught them. Dumais will lose the sight of both eyes and Laroche one eye.

Brakeman's Accident.

Guelph, Aug. 21.—Yesterday morning a brakeman on the Grand Trunk named William Wiggins, Guelph, was caught between two cars. He loses an arm.

Drinks Too Much Laudanum.

Dundas, Aug. 21.—Fred Walker, Sr., took an overdose of laudanum on Saturday and was a pretty sick man for a time. He had been troubled with his stomach, and took the opiate to relieve the pain, and must have miscalculated the dose. Medical aid was summoned and after working with him some time the doctors pronounced him out of danger.

Ald. Forristal Injured.

London, Aug. 21.—While returning from Halifax, Ald. Forristal injured one of his knees in a fall at Quebec and is in the hospital in the city.

THE COUNCIL MAY ADVERTISE FOR SALE OF MARKET SCALES

Continued from Page One.

be referred to the Property Committee.

Ald. Potter—We will gain nothing by throwing it back on the Property Committee. There is only the remedy of asking for tenders, for either the either the sale of the scales outright, or to sell them to a man who can conduct some other business along with the scales.

Ald. Benson—I do not think that the other scales in the city are taking the business away from the city. I think the lack of business arises from the fact that many of the farmers are doing their own weighing at home.

Ald. Edmondson—The reason for the deficit last year was the fact that the scales were not running during the busiest season. I think there will be an increase now, and I would be in favor of delaying action until the end of the year until we see how we come out.

Ald. Stone—I am given to understand that there has been a deficit now for the last three years.

Ald. Scullard—I think that the proper committee should carefully consider this matter, but now that the leak has been brought to our attention, we should do our best to stop it. I favor Ald. Stone's idea of asking for tenders.

Ald. Edmondson—Why not let the Property Committee bring in a report on the different deficits?

Ald. Scullard—They might bring in a definite report on several years back, and let the council know just where they stand in this matter.

Ald. Austin—The weighmaster has instructed me that the reason that there has been a deficit for the past three years is that the govern-

ment ordered that no hogs can be weighed except in wagons, and the buyers prefer to have them turned loose and weighed. The outlook is not much better, and the present state of affairs is likely to continue. Maybe Mr. Northwood could get another business to go with it, so that he would not be out of a job.

Potter—Stone—That the council advertise for tenders for the sale of the market.

Ald. Edmondson moved in amending that the matter be laid over.

Ald. Massey—Those scales are there for the protection of the public. If we hand them over to another they will become a private scale. As it is now a man can get his stuff weighed there and swear by the figures, while a buyer does not have to take the figures of a private weighmaster.

Ald. Stone—The man who gets the scales will have to take them subject to the rule of the council. He will have to be a man who is not in any business in opposition to any person who will patronize the scales.

Ald. Massey—It does not look to me like a good way to do business. If you are going to do that you might as well advertise for men to run the scales and put in a bid and let them trust to the fines for their salaries.

Ald. Austin—The official would be under the control of the council, and he could be dismissed at any time.

Ald. Potter—His tender could be cancelled at any time if he did not do right.

Ald. Stone—For years the market was sold by tender, and it always brought a revenue to the city.

Ald. Massey—If you hand out that office with the lowest tender having the privilege of keeping an office you will run into trouble. You will be using the city's property to enter into competition with the land owners of the city, and we started out trying to avoid this in conducting the affairs of the market.

As Ald. Massey was getting up for the fifteenth time to speak, Ald. Benson, who evidently saw that the discussion was not helping the aldermen to arrive any closer at a conclusion, rose to his feet, and addressed the chair in pleading tones. "Mr. Mayor, how often are the aldermen going to speak on this question?"

The Mayor then evidently realized that some of the aldermen had been overstepping the limit of parliamentary order, and closed the discussion by putting the amendment that the matter be laid over, and it carried.

"What is sufficient to build a human body is sufficient to keep it in repair."
