DREADFUL SHIPWRECK.
Extract from the log-book of the barque Eliza-
beth, Capt. Orr, from the Clyde—on the 26th
January, lat. 43 north, lon. 1° west, at 3 P. M. saw
the masts of a wreck ahead; took in all studding-
sails, and at half past 4, passed her stern. There
appeared to be several men under the main top-
sail and under her lee—lowered the boat—the
captain went aboard the wreck. She proved to be
the brig Anna Maria, of Whithy, timber-laden,
water-logged, foremast gone, and jib-boom out.
On the main cat-harps, which were surrounded
by a piece of old sail, there was a most awful
sight presented to view—four putrid bodies, quite
black, lying huddled together; one arm and parts
of the body of a female, which had been cut asunder
and was hanging under the top; a bundle of
canvass which appeared to contain the body of a
child much decomposed—this was lying between
the futtock shrouds and the main rigging. Above
it there were a pair of women's and a pair of child's
corsets, tied to the futtock rigging to screen them
from the blast. On the fore part of the top, lay
on a piece of canvass, the wasted remains of an old
man, whose last horrid case appeared to be to se-
cure his portion of the mutilated female body, hav-
ing one of the legs lying partly under him, which
he had been gnawing. A watch-pocket was hang-
ing through the cat-harps, and the captain's
pocket. It contained a silver watch, embossed sil-
ver, and chased back, in the centre of which the initials
W. F. are engraved; a small brass key attached by
a bit of black tape. The whole of the unfortunate
creatures appeared to be but scantily clothed, and
from all appearance might have been dead a conside-
rable time. The night approaching, the captain
turned on board having taken nothing from the
wreck but the watch—*Journalist's Chronicle.*

PILES, &c. HEMORRHOIDS—NO CURE NO PAY! Price \$1—Hay's Liniment—No Fiction. THIS extraordinary chemical composition, the result of science and the invention of a celebrated medical man, the introduction of which to the public was invented with the solemnity of a death-bed bequest, has since gained a reputation unparalleled, fully sustaining the correctness of the lamented Dr. Gridley's last confession, that "he dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend and attendant, Solomon Hays, the secret of his discovery. It is now used in the principal hospitals and the private practice in our country, first and most certainly for the cure of the Piles, and also so extensively and effectually as to baffled credulity, unless where its effects are witnessed externally in the following complaints: For Dropsy—Creating extraordinary absorption at once. All Swellings—Reducing them in a few hours. Rheumatism—Acute or Chronic, giving quick ease. Sore Throat—By cancers, ulcers or colds. Croup and Whooping Cough—Externally, and over the chest. All Bruises, Sprains and Burns—Curing in a few hours. Sores and Ulcers—Whether fresh or long standing, and fever sores. Its operations upon adults and children in reducing rheumatic swellings, and loosening coughs, and tightness of the chest by relaxation of the parts has been surprising beyond conception. The common remark of those who have used it in the Piles, is "it acts like a charm."

THE PILES.—The price \$1 is refunded to any one who will use a bottle of Hay's Liniment for the Piles, and return the empty bottle without being cured. These are the positive orders of the proprietor to the Agents, and out of the many thousands sold, not one has been unsuccessful. CAUTION—None can be genuine without a splendid engraved wrapper, on which is my name, and also that of the Agents. I. I. SIMS, MUSSON & SAVAGE, BEGG & URQUHART. Quebec, 9th Sept.
