IN VARIOUS DEPARTMENTS OF LITERATURE.

ON SALE BY

JOHN BRITNELL,

298 YONGE STREET - TORONTO, CANADA.

NOTICE.—We received upwards of twenty letters and telegrams from various parts of the continent for several important items in our last Catalogue. We regret exceedingly that any of our customers should have been disappointed, and whenever opportunity occurs in London the books will be secured. With myself, it has ever been, and will continue to be, a pleasure, as well as business, to supply the best Old Literature wheresoever the same may be appreciated, and whenever any of the books indicated come to hand, no advantage of any kind will be taken as to price.

Our correspondents will please bear in mind :—

1. The annexed prices are net and do not include Postal or Express charges.
2. We have by far the largest stock of the best old European literature in Canada.
3. Professional bookselling is not with us a business in which large profits are made or extortionate prices charged. *We have no fancy prices.*
4. We pay ready money and sell at the lowest possible remuneration to all customers for cash. Vast quantities are being purchased by ourselves in London all the year round.

Perronet (M.) DESCRIPTION des PROJETS et de la CONSTRUCTION DES PONTS de NEUILLY, de MANTES, d'ORLEANS, etc., du PROJET du CANAL DE BOURGOGNE, pour la communication des deux Mers par Dijon, et de celui de la Conduite des eaux de L'Yvette et de Bievre a Paris, EN SOIXANTE-SEPT PLANCHES. Fine portrait, 2 very large and thick imp. folio vols., calf, gilt, and the beautiful folding plates being unspotted and clean, 10.50. Paris, de L'Imprimerie Royale. 1782. 1

JEAN R. PERRONET was a Fellow of the Royal Society of London, and became the FIRST ENGINEER of the ROADS AND BRIDGES OF FRANCE, 1750. The above magnificent volumes contain his masterpieces. The proper place for this work is not in the library of a private individual, however desirable that may be. They should be secured for the Engineering or Architectural Department of a good Public Library.

Sismondi (Sim. de.) HISTOIRE DES FRANCAIS. *The fine Paris edition.* 31 vols, including the Index vol. A beautiful set in bright half calf, gilt, marbled edges, 21.00 Paris, 1824-44 2

Aikin (John, and William Enfield.) GENERAL BIOGRAPHY; or, Lives, CRITICAL and HISTORICAL of the most EMINENT PERSONS of all AGES, COUNTRIES, CONDITIONS and PROFESSIONS. 10 vols, 4to, half calf, a sound set, 4.50. 1799-1815. 3

Malte-Brun. GEOGRAPHIE UNIVERSELLE, entierement refondue et Mise au courant de la science, par TH. LAVALLEE. Numerous fine steel engravings of towns, cities, etc. *A very fine edition of this celebrated work in 6 thick royal 8vo vols, half French calf, 4.50.* Paris, 1858. 4

Humboldt (Baron A. Von, et AIME BOUPLAND.) VOYAGES AUX REGIONS EQUINOXIALES DU NOUVEAU CONTINENT, fait dans les Annees 1799 a 1804. Sixieme Partie, PLANTES EQUINOXIALES, recueillies au Mexique, dans l'Ile de Cuba, etc., ouvrage redige par A. BOUPLAND. Plates 1-113, *with letterpress to same*, in 2 vols. MONOGRAPHIE DES MELASTOMES et autres genres du meme ordre. 81 *beautifully colored plates numbered, not quite consecutive*, with letterpress to same, in 2 vols. together 4 fine volumes, Colombier folio, uniform, blue calf, gilt, gilt edges, broad margins of gilt on sides, 14.50. 1809-22. 5

It will be understood the above is *not complete*, but forms the greater and most important part of the BOTANICAL SECTION of a work which has no parallel in modern literature. Originally issued in parts or divisions, it extended over a number of years, and very few complete sets are in existence, in fact, Vol. 4 of the PREMIERE PARTIE was never published, and sections, sheets or plates of the work are often missing. The original owner received no titles, and consequently there are none bound in the above volumes. The plates are unspotted and perfectly clean, and to THOSE WHO MAY BE ACQUAINTED WITH THE WORK, *this is a genuine bargain.*

Kingsborough's (Lord) ANTIQUITIES OF MEXICO. Vol. 4, also Vol. 7 of this Renowned and Magnificent Work. Imperial folio, half calf, edges uncut, 18.50. 1830-31. 6

Vol. 4 has 149 plates of ANCIENT PRE-COLUMBIAN MEXICAN ANTIQUITIES of all kinds. Vol. 7 contains HISTORIA UNIVERSAL DE LAS COSAS DE NUEVA ESPANA. Both volumes have the original margins uncut, and either is worth all the charge for the two.

Encyclopaedia Metropolitana ; Or, Universal Dictionary of Knowledge. An Entirely Original Work, by the Most Eminent Writers, *with 600 plates and INDEX VOLUME*, 30 vols, 4to, half russia, 18.50. 1845. 7

Amongst a host of learned men who contributed, we mention The Great Dr. Arnold (including his history of Rome (complete), Prof. Airy, Babbage, the great Mathematician, Bishop Bloomfield, S. T. Coleridge, Prof. De Morgan, T. L. Donaldson, Bishop Hampden, Sir John Herschel, Thos. Hartwell Horne, Dr. Lardner, Dr. Richardson (including his great English Dictionary complete), Dr. Roget, Bishop Stanley, Archbishop Whateley (including his Logic and Rhetoric), and Mr. Justice Talford.

Brewster's (Sir David) EDINBURGH ENCYCLOPEDIA, *with some hundreds of fine engravings*, 18 vols, 4to, half calf, *in sound library condition*, 12.50. Edin. 1830. 8

In comparison with the contents their cost is almost *nil*. It is folly to argue that these fine works are out of date, because no man of science who writes a book can afford to ignore those who originally propounded the ideas, made darkness light, and brought the knowledge to our doors. They are books of reference, and will be wanted from time to time, so long as men think, speak, and write, and the Public Librarian who secures them, although only doing his duty, will be honored for casting bread upon the waters of time for the intellectual development of succeeding generations.
