THE CONFERENCE.

Before the Provincial Wesleyan this week reaches the hands of the major portion of its readers, Conference, it is to be presumed, will have nearly, if not quite, finished its task, but at the moment of writing it has only fairly begun its work.

If we cannot at this date say much about the work of the Conference, we are in a position to state that the proceedings of the Preparatory Committees and the results arrived at by them, have been of an interesting character.

The investigations of the Book Room Committee disclose some pleasing results. The financial condition of the Book Room establishment was found to have still further improved during the year, so much so as to warrant the belief that in a couple of years, all its encumbrances will be removed.

The Home Mission Fund Committee brought to light circumstances of the most grateful character. It ascertained that the income of this exceedingly important Fund for the year just ended, reached the respectable figure of \$10,000, showing an increase beyond the income of the preceding year of \$1,400.

The celebration of the White-tide holidays—The movement among Agricultural Labourers—The celebration of the Jubilee—The Shakspeare Festival—The return of Dr. Punshon, and his first service in City Road Chapel.

Up to the moment of writing, the Conference weather has been all that could be desired, dry and warm, without being overpoweringly hot. Fredericton, too, and its surroundings have been looking their best.

A wise man will desire no more than what he may get justly, use soberly, distribute cheerfully, and live upon contentedly.

DEAR MR. EDITOR,—Sir Wilfrid Lawson's Permissive Bill has again been discussed in our Imperial Parliament, and success by an overwhelming majority.

The promoters of the measure are not at all inclined to abate their efforts or abandon the enterprise. They can now fully estimate the mighty influences which are arrayed against them, and have occasion to rejoice in the steady increase of help financial and personal, which flows in from the Church of God, and earnest thoughtful workers in all departments of social reform.

Clubs, Benefit Societies, and all kinds of organizations, appear in public, and for the greater part of the week the working population of England participated in an almost universal holiday.

The receipts of the Home Mission Fund were found to be nearly double those of the previous year being \$10,703.71 or an increase of \$1,681.28 over last year.

The Foreign Mission Fund Committee met at 7 p.m. It was found that the receipts of this Fund had decreased during the year some two hundred dollars.

CHARLOTTE-TOWN, P. E. I., JUNE 21, 1873.

DEAR MR. EDITOR.—The annual session of the P. E. I. District was brought to a pleasant and successful termination on the afternoon of Thursday the 13th inst.

On Tuesday and Wednesday evenings respectively, Bros. Phinney and Johnson preached in the basement to large and interested congregations.

Not yet may it be deemed improper to state that in recognition of the services of Mr. J. H. Cranford, who has been discharged from his position, especially noticeable in the fact displayed during examination exercises, we presented our esteemed chairman, Mr. J. H. Cranford, with a testimonial.

The Convention met in Grace Church, Wednesday, June 11, at half past nine o'clock, and organized by the choice of Rev. Joseph W. H. Brown, D. D., president of the Wesleyan University, for chairman, and Rev. A. McKewen and William A. Brannan for secretaries.

President Cummings, on taking the chair addressed the Convention on the difficulty of awakening an interest in our own institutions conducted under our own auspices.

Rev. E. O. Haven, of New York, Corresponding Secretary of the Board of Education of the Methodist Episcopal Church, addressed the Convention on the "Educational Work of the Church," taking the ground that the purpose of the Church was to educate in the fullest sense, and is itself the "Great Teacher," and its commission extended to "the world."

The study of the subject of education in connection with the history of Methodism was discussed by the Rev. J. H. Cranford, who was asked at the very first Conference of Wesleyan ministers, was Shall we provide for the education of our preachers?

The Family.

HEIRSHIP.

Little store of wealth have I;
Nor a mansion fair and high;
Nor a nation of land I own;

I have neither pearls nor gold;
Musive plate, nor jewels rare;
Broodere like of worth untold;

Yet to an immense estate
Am I heir, by grace of God—
Richer, grander, than doth wait
Any earthly monarch's nod.

Heir of all that they have wrought,
All their stores of empire high,
All their wealth of precious thought.

Every golden deed of theirs
Sheds its luster on my way;
All their labors, all their prayers
Sanctify this present day.

Heir of all the faith sublime
On whose wings they soared to heaven;
Heir of every hope that Time
To Earth's fading sons hath given:

Aspirations pure and high,
Strength to dare sinners to endure—
Heir of all the Ages, I—
Lo! I am no longer poor!

brokenness of heart? If thou couldst repent,
weep, and mourn like others, there would be
hope, but where is thy sorrow for sin?

church.

"Certainly," I answered, "and at once.
Where does he live?"

with green blinds; you cannot miss it."

asleep from weariness and weakness, being at
the time in bad health, and lurching against
another passenger, who woke him with much
suddenness, and complained bitterly of the in-

Much practical philosophy lies in the saying
of one little boy to another, "Don't speak so
cross; there's no use in it." Truly no use for
anything beneficial or pleasant, but much use
for the inflaming of discord and establishment
of malice. Especially in domestic life is the
sharp answer of Satan's chief engines for the
creation of all uncharitableness. And those
who can refrain from it under provocation
have achieved a great victory over themselves.
