AMERICANS WIN DOUBLE HEADER

Score 3 to 2 in Each Game Splendid Work by Batteries of both Teams in Fine Contest

The baseball fans had a feast on Monday when they witnessed a double header between the local team and the Arlingtons or otherwise known as the Boston Travellers and some of them could travel.

The Bridgetown team got the short end of the score in both games but with the narrowest possible margin.

A rather peculiar coincidence was the fact that in each game the score was 3 to 2. Malcolm did all the heavy lifting for the local team except in the first innings of the second game.

Smith was on the mound for the Arlingtons in the afternoon game while in the evening Kerrigan, a comparatively new man in senior company, went on for the Travellers.

He was found to be freely by the local batters and Geary went into the box in the second inning and finished out the game in good style.

In the afternoon match Malcolm, with good support, led the visitors to no score for seven innings while Bridgetown scored one run in the fourth when Jack Austin who batted splendidly sent out a nice drive to right for two bases.

Harry Donaghy followed with a good hit scoring Austin. In the eighth the Travellers began to do some travelling and a little hollering as well.

Tommy went up got a single. Flaherty following got first but Tommy was thrown out going to second. Pontoni got hit. Philip caught out on foul fly to Austin.

Gorman went to first on an error of the left fielder. Flaherty caught home. Pontoni also reached home plate but the ball was in ahead of him.

He was allowed the run on the ground of interference in running from third. Ryan hit a two bagger scoring Gorman.

The visitors scored on no other innings but these proved sufficient. Bridgetown added a second tally in the eighth.

Grimshaw going to first on error by right fielder, stealing second and scoring on a hit by Mansfield.

Hits off Malcolm 7, Smith 10. Strike outs, Malcolm 7, Smith 10. Bases Edmund Stratton. In the evening game all scoring was done in the first innings.

Robert pitching for the locals and Kerrigan for the visitors. Both Malcolm and Geary pitched good games and there was good fast playing.

PARADISE

Mrs. W. S. Smith and son, Gordon, recently visited friends in Clarence.

Mrs. Edward Brooks and baby daughter, and her brother, Lloyd McGilvary, of West Somerville, Mass., are guests of Mrs. Jessie Brooks.

Rev. W. S. Mercer, from Newfoundland, visited last week at the home of Mr. and Mrs. J. S. Longley.

Mr. Mercer is on his way to Labrador to resume his duties there.

Inspector Foster visited the school on Friday.

Mrs. T. Marshall, Middleton, visited her sister, Mrs. H. D. Starratt, last week.

Anthony B. Banks spent the past week with his brother at Morristown.

Mrs. Ada Dodge is visiting Mrs. S. Eagleson, Bridgetown.

Mrs. Lucy Phinney, Windsor, is visiting her son, J. C. Phinney.

Mrs. F. W. Bishop and daughter, Miss Marion, have returned from an extended visit with friends and relatives in Massachusetts.

Mrs. C. J. Lichen of Seattle, came back with them for a visit.

Miss Ella Wilson, Mr. Jerald Covert, Mr. H. P. Layte, and Mr. and Mrs. O. P. Covert, were at their summer cottage in Clementsport during the week-end.

Eleven High School pupils of the ninth and tenth grades are writing the Provincial exams, at Bridgetown this week.

There is on eleventh grade writing this year. Four students of Mrs. F. H. Balcom will write the "A" French paper.

Our smaller boys played the Sub-Junior of Lawrenceton on Friday afternoon at Lawrenceton, winning with a score of 13-11.

Miss Isabelle Miller, of Waterville, was a week-end guest at the home of Mr. and Mrs. E. L. Balcom.

Miss Nina Banks, Lawrenceton, spent the week-end a guest at the parsonage.

EXTENSION OF TRAIN SERVICE

Wire From Dr. Lovett, M. P. Announces "Owl" Train Will Run Daily from July 1st

A wire from Dr. L. J. Lovett, M.P., to The MONITOR, conveys the intelligence that after many strenuous meetings and interviews with the C.P.R. officials and the Railway Commission he has been successful in having the "Owl" train service restored from Kentville to Annapolis covering the period from July 1st to October 31st.

The matter of a resumption of service by this train to Annapolis has been a vexed question for some time as this route extended March 31st, 1921, has not been extended throughout the Valley.

Boards of Trade throughout the Valley have been more or less busy on the matter for some time back and manager Geo. E. Graham of the Dominion Atlantic, had one proposition put up to him some time ago for a restoration of this service for three days per week.

This proposition he took under advisement till some time around the middle of June. The arrangement as concluded through the services of Dr. Lovett give a daily service for four months.

This, of course, is better than a tri weekly provided it is maintained the year round and the service once restored as a daily one for the next four months after a break of fifteen months will no doubt lead to renewed efforts to secure a winter as well as a summer service.

The "Owl" service as extended to Annapolis instead of Kentville is a boon to the travelling public, is a boon to business generally in the town which it serves.

This is especially true during the eight months not covered by the recent concession given. In the case of Bridgetown, and of other towns as well, the present service does not admit of the public from outside doing business in them without a prohibitive loss of time which means that a good deal of money will go to departmental stores outside which should be spent right here in the Valley and add to the general convenience by everyone.

The added convenience by the increased service is not by any means a small item to all towns between here and Kentville.

THEY ALL ADVERTISE

A hen is not supposed to have much common sense or tact. Yet every time she lays an egg, she cackles forth the fact.

A rooster hasn't got a lot of intellect to show. But none the less most roosters have enough good sense to crow.

The mule the most despised of beasts, has a persistent way of letting folks know he's around by his insistent bray.

The busy little bees they buzz, Bulls below and cows moo, The watchdogs bark, the ganders quack, And doves, and pigeons coo.

The peacock spreads his tail and squawks, Pigs squeal and robins sing And even serpents know enough To hiss before they sting.

BUILDING AT ANNAPOLIS

The new Atlee block at the junction of Victoria and St. George Streets has been so far completed that H. F. Northrup expects to take possession of his fine grocery store next week.

It will certainly have a dandy establishment, fronting eighteen feet on St. George Street and running through to Victoria, a depth of forty-three feet on one side and thirty-five at the other.

When he gets his new stock displayed there will be some show. The rebuilt spire of St. Luke's Church and straightening up of the weather vane besides reshingling of the roof have been quite an improvement on the down town landscape.

The new residences of Dr. Crowe and F. W. Harris on School Street are beginning to loom up large in the vista of that vicinity.

A glassed-in front verandah a bit different from the usual and having large squares of glass now beautifies the facade of the residence of Collector of Customs Buckler on Upper St. George Street.

An ornate summer house has been erected by F. W. Pickels in rear of his handsome bungalow on St. George Street—Annapolis Spectator.

WEDDING BELLS

GOLDSMITH-MARSHALL

A quiet but interesting event took place at the Baptist parsonage on Thursday evening, when Rev. Clyde W. Robbins united in marriage Merrill W. son of Mr. James Goldsmith, of this town, and Katherine W., eldest daughter of Mr. and Mrs. Wheelock Marshall, of Beauséjour.

Both bride and groom were unattended. The bride was dressed in navy blue with hat to match.

After the ceremony at the parsonage, the happy couple left for Halifax and other parts of the Province. Both bride and groom have a host of friends in this community who will join in wishing them many, many years of happy wedded life.

On Thursday evening, June 29th, a "shower party" is to be held at the home of Messrs. Cyril and Vernon Marshall, Granville St. East, in honor of the bride and groom to which all members of Senior B.Y.P.U. and the Young Ladies' Guild, are cordially invited.

COBBITT-MORRISON

A large company assembled at the home of Mr. and Mrs. James F. Morrison, Thorne's Cove, on Saturday evening, the occasion being a wedding reception in honor of their daughter, Watly, who had been married a few days before in St. John, to Mr. William Corbitt, a popular young man of that city.

The bride, who is one of our most highly esteemed and attractive young ladies, was the recipient of many valuable and useful gifts, including cash. She was dressed in pale blue silk with pearl trimmings and pink roses.

A dainty luncheon including ice cream was served and music and pleasant conversation whittled away the evening. We extend best wishes and hope a long and happy married life is before them.

A party of serenaders made lots of noise outside.

Several notable fox farmers have visited this fox ranch and their opinion is that the Dunn-Rice Fox Farm is thoroughly an up-to-date one and that the location for business is one of the best they have ever seen.

Mrs. W. M. Dunlap has left to visit her mother in Musquodoboit. Enroute Mrs. Dunlap will stop at Halifax to spend a few days.

Mrs. F. W. Ward is visiting in Halifax, the guest of her sister-in-law, Mrs. Howard Roach.

ATTITUDES OF MIND

Dr. Frank Crane, of New York, who is well known on the North American continent as a leading publicist, is, at present, visiting the Old Country, where he is being "lionized" all round the place.

He is consequently making characteristic speeches at various social gatherings. At a recent luncheon he enlarged on four delusions, which, he said, were almost universally believed in:—

- 1. That virtue is unpleasant. 2. That work is an affliction. 3. That force is effective. 4. That happiness is obtainable.

Dr. Crane countered these errors by the following enunciation of truth as he sees it:—

- 1. The desire to be good is eternal and constant; the desire to be bad is fluctuating and temporary. 2. The bulk of the happiness of the world is a by-product of work. 3. China is the only nation that has not tried to defend itself by arms, and is the only nation that has continued.

Aspirin in handy tin boxes of 12 tablets, and in bottles of 24 and 100. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monacetylacetic Acid of Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

SEEK LOWER RATES FOR EXPORT TRADE

Valley M. Ps. Memorialize Committee on Railway Transportation Cost

The Federal Members for the main fruit growing districts of Nova Scotia, Messrs. L. J. Lovett (Annapolis and Digby), E. W. Robinson (Kings), and L. H. Martell (Hants), are moving to have the freight rates reduced on apples for export and below is given a resume of their arguments as presented before the Special House of Commons Committee appointed to consider Railway transportation costs. To the Chairman and Members of the Special Committee of the House of Commons appointed to consider Railway Transportation costs.

Mr. Chairman and Gentlemen: The undersigned feel it is not necessary for them to call your attention to the fact that fruit growing is one of the basic industries of the Province of Nova Scotia, and, in fact, is one of the most important, if not the most important, in the Counties of Hants, Kings, Digby and Annapolis. This industry has suffered greatly through excessive Freight Rates, and the object of this Memorandum is to set before you a few facts in regard to the matter with the hope that you will be in a position to do something to ameliorate the conditions at present obtaining.

The Hon. F. B. Carvell, P.C., K.C. Chief Railway Commissioner, in his judgment to be found in General Order No. 308, dated the 6th day of September, 1920, states, inter alia, as follows: "Until the 31st day of December, A.D., 1920, I would give a general increase of 40 per cent. in Eastern Freight Rates and 55 per cent. in Western Freight Rates." (Vide Vol. X, No. 13, Pg. 391, Lines 6 and 7, Order 308).

In the same judgment the Hon. Mr. Carvell says, inter alia: "Commencing the 1st day of January next, and until there is another revision of rates, I will reduce these percentages on freight to 35 per cent. in Eastern territory." (Vide Order 308, Vol. X, No. 13, Pg. 391, Lines 12 and 13).

It will be seen from the foregoing that by the Order referred to, dated the 6th day of September, A.D., 1920, there was a general increase in Freight Rates obtaining prior to the date of the Order, of 40 per cent. in Eastern Canada, with the direction that from the 1st day of January, 1921, the 40 per cent. increase cease and be replaced by a rate to be 35 per cent. increase over the rates obtaining prior to the date of said Order No. 308. This Order, No. 308, applied to both what are known as Domestic and Export freights.

Order 350—By General Order No. 350, dated the 24th day of November, A.D., 1921, the increase in Freight Rates granted by Order No. 308 was reduced so as to make the rates to be charged 25 per cent. over the rates in effect prior to the coming into effect of Order No. 308, insofar as Domestic Freight rates were concerned. That is to say, the said rates were to be 25 per cent. on Domestic Freight in excess of rates in force prior to September 13th, 1920. This Order became effective December 1st, 1921. (Vide Order 350, Vol. 11, No. 17, Page 330, Lines 44-45 and 46 and lines 1 and 2 et sequitur page 331).

But said General Order No. 350 made no reduction in Export Rates in Eastern Canada. As the Counties of Hants, Kings, Annapolis and Digby are within the Eastern radius, the effect of these Orders is that the rates at present obtaining on Fruit are 25 per cent. over the rates in effect prior to September 13th, 1920, insofar as Domestic Freight is concerned, and the freight on fruit for export is 35 per cent. over the rates obtaining prior to September 13th, 1920, as fixed by—Order 308.

THE TORTURE OF INDIGESTION Thousands Made Miserable By This Trouble

"FRUIT-A-TIVES" Relieves It

What is indigestion and what causes it? As you know, solid food must be changed into a liquid by the stomach before it can be taken up as nourishment by the blood. The stomach acts as a churn. It is covered by a strong, muscular coat and lined with a soft, delicate membrane which secretes the Gastric Juice which digests or dissolves solid food. When food enters the stomach, the muscular coat squeezes and presses the food from end to end, or churns it, with the gastric juice to dissolve or digest it.

But—if the stomach muscles are weak—or if the dissolving fluid is poor or insufficient—then food cannot be digested properly and you have indigestion. "FRUIT-A-TIVES" is the most wonderful medicine in the world for strengthening the stomach muscles and providing an abundance of pure, full-strength dissolving fluid to completely digest "every meal."

"FRUIT-A-TIVES" does this because it keeps the blood alkaline, the bowels regular and the blood pure, which insures pure Gastric Juice. "FRUIT-A-TIVES" will correct your indigestion or Dyspepsia and enable you to enjoy every meal. Try it.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent post paid by Fruit-a-tives Limited, Ottawa.

because if such a reason is permitted to obtain it would mean that Transportation Companies, where they have no competition, will be permitted to muzzle the general public and laden industry with burdens grievous to be borne, in the way of Freight Rates. It is an old maxim that "Competition is the life of Trade," and where Transportation Companies have the Railway Commission to appeal to to fix their rates, and the general tenor of the decisions of the Railway Commission is such as to give the undoubted and irrefutable impression that rates are fixed with a view to permitting the Transportation Companies to earn large, if not excessive, dividends on Domestic Freight where there is competition, then why cannot the same rate obtain over the same line when the goods are intended for export and are transported in such a manner as to cost the Transportation Companies, in many cases, much less expense than freights called Domestic Freight.

On reference to the evidence of Sir Edward Beatty, President of the Canadian Pacific Railway, which is to be found in Part 2 of the Official Report of Evidence taken by the Special Committee appointed to consider Railway Transportation Costs, it will be found that Sir Edward Beatty offered as a proposed alternative to the Crow's Nest Pass Agreement, that the Railways would grant certain reductions on what has termed "basic commodities." On inquiry by an Honorable Member of the House and of the Committee, as to whether or not fruit was to be regarded in the proposed alternative as a basic commodity, Mr. Beatty replied that fruit was not. The undersigned submit that this was a very erroneous statement to make if one regards things to be basic industries which are truly basic industries, and not restrict, as Mr. Beatty would like to restrict, if there is one industry that affects

SAVED HER FROM AN OPERATION

So Thinks Mrs. Tracey of Ontario, Regarding Lydia E. Pinkham's Vegetable Compound

Knightsbridge, Ontario.—"I took Lydia E. Pinkham's Vegetable Compound for life for troubles that women often have at that time. I had not been well for a year and was not really able to do my work. A friend who had taken the Vegetable Compound herself recommended it to me and I think its use saved me from an operation. I highly recommend it to all women who have troubles like mine, and am willing for you to use my testimonial."—Mrs. DANIEL J. TRACEY, Knightsbridge, Ontario.

Some female troubles may through neglect reach a stage when an operation is necessary. But the more common ailments are not the surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same. When disturbing symptoms first appear take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles.

SEES LOWER RATES FOR EXPORT TRADE
 (Continued from Page Two)

western Nova Scotia in particular it is the apple-growing industry. It is an important industry to the people of western Nova Scotia, and the undersigned submit it should receive every possible encouragement. Lumber, coal-mining, potato-raising, etc., are regarded by Mr. Beatty as basic industries, and how he can make an argument for the elimination of apple raising and shipping from the list of basic industries the undersigned are at a loss to understand, and feel quite confident that any argument made along that line by him in behalf of his company is ridiculous, or is intended, so far as Nova Scotia is concerned, to enable the Dominion Atlantic Railway to mulct the orchardists by excessive Railway Freight charges. Fruit is a perishable article and the orchardists are compelled to ship it within a certain time and to certain markets. This is the case of the apple-growing in Nova Scotia. In the Province of Nova Scotia they are at the mercy of the Dominion Atlantic Railway, which has no competition, owing to the fact that there is no other Railway running through the fruit growing sections of that Province.

Moreover, it is asserted by the undersigned, without fear of successful contradiction, that the rates charged by the Dominion Atlantic Railway on fruit, known as Domestic Freight, are more than sufficient to pay them a legitimate return, and they are a great burden on the orchardists. These Freight Rates should be reduced and the Export Rates should receive a much greater cut if the fruit industry in the Province of Nova Scotia is to survive.

It is further submitted that the shippers are also compelled to pay Switching Rates and any other terminal charges involved. Moreover, the Railway Companies, in every wise, contract themselves out of contingencies, either ordinary or extraordinary, which probably would arise in transit, so as to make their liability very little, such as loss by fire, frost or otherwise, and by deterioration. The only way one can get at the Companies—they have so protected themselves by contracting out of their Common Law liability—is by proving the crassest negligence, which it is often very difficult to do. In fact, the orchardist takes all losses and pays the shot and the Railways take the money.

To use the statement of one prominent apple-grower in Nova Scotia: "When we pay for spraying, fertilizer, plowing and harrowing, then picking, packing and barrels, and last but not least, for marketing and freight, which amounts to fifteen shillings per barrel, there is not much left for the orchardist. No Daylight Saving Time for him."

It can thus be seen that if the fruit industry is to be made in any way profitable to the orchardist, drastic reductions in Railway Rates must take place.

To recapitulate, we ask:—

1. That Order 350 of the Railway Board be made to apply to fruit for export.
2. That rates be made to apply on the Dominion Atlantic Railway, where there is no competition, in the same way as if there was competition.
3. That fruit must be regarded as a basic industry and entitled to that ground to preferential treatment apart from the general system of reduction in Railway Rates.

We append hereto a list of distances from the leading places in the fruit-growing district to Halifax, the port of export.

All of which is respectfully submitted in behalf of our constituents.

Signed by Messrs:
 L. H. MARTELL,
 M. P. for Hants;
 L. J. LOVETT,

NOTES ON OUR EARLY HISTORY

Bloody Creek Massacre on December 8th, 1757, by M. E. Armstrong, M. D.

After the expulsion of the Acadians in 1755 the only inhabitants left in this county were the soldiers and officers of the Annapolis fort and the few people of the small town thereabouts; the French Acadians who had escaped deportation and the Indians who were not very numerous. The two latter elements continued to give considerable trouble to the garrison.

In the fall of 1757 the regiment that had been doing garrison duty at Annapolis Royal was removed to Halifax and their place was taken by six companies of the 43rd Foot Regiment who had come from Dublin via Cork that fall. There were close to 500 of these under Col. Demetrius James. As they were entire strangers here and knew nothing of this new land we can imagine to some degree the disadvantages they were at in trying to make their way up and down the river or to investigate lawless actions on the part of the French refugees and Indians.

They were wonderfully impressed as they came into the Basin and on up to Annapolis Royal for the first time, and beheld the orchards of apples and pears with their trees bending with loads of fruit as we can well imagine in October days, beside these orchards were the ruins of habitations destroyed two years before.

They gathered into the fort bags and sacks of apples and gave it as their opinion that this early "that finer flavored apples and greater variety cannot be produced in any other country". They soon realized "that the French habitations had been at great pains here in planting orchards and that cherry and plum trees too were abundant with the fruit rotten about them".

In the country away from the fort they found large cleared areas where here and there clumps of spruce trees, large and spreading had been left.

As winter advanced groups of these soldiers were sent out to cut fire wood but it was always necessary to accompany them with an armed guard for fear of Indian and French surprises.

On December 6th of that same year a party was sent across the river to what is now Granville Ferry, to get wood, and while they were having their noon day lunch they were suddenly surprised and fired upon and two killed and seven taken prisoners, by these refugees—French Acadians. Amongst these taken prisoners was a prominent local officer, John Esson, Port carpenter. Those that escaped, returned to their boats and gave the alarm at the fort, but as there were not boats sufficient at Annapolis Royal to take across to Granville a sufficient squad to be of any service it was decided by the officers to send a detachment up the Annapolis side of the river and hope to cut off the French with their prisoners in the vicinity of Bridgetown.

One hundred and thirty were selected that afternoon including several town people, who acted as guides. At night fall they started, and in great darkness groped their way through the woods by the rough road to the saw mill creek stream, they had to wade at low water, still up to their knees.

At Rosette they held up for the night but for fear of being seen no fires could be allowed and in a cold rain and frozen sleet storm of that December night, wet to the skin, they shivered till morning. They walked about all night with their rifles in their hands waiting for daylight, that they could push on, and endeavoring to keep warm by knocking their feet together. In the morning "through very difficult and disagreeable forests, some rough and others swampy", they reached the Bloody Creek bridge about one o'clock in the afternoon. Keeping on they attempted to ford the river near the Ricketson place, at what was called the "Freshes" but finding too much mud and water here they were unable to cross to the north side of the river as their guides had hoped.

They camped for the night on the wooded hill in the vicinity of the John Piggott place making beds of fir boughs around a centre fire in a thicket of the dense woods, and here they kept comfortable for the night while sentinels changed hourly, and visited by the officers every fifteen minutes guarded their camp.

In the late afternoon while some officers were attempting to find a fording place on the river they came upon a flock of thirteen sheep, which had belonged to a former Acadian farm, and now roamed without a shepherd or owner. They were captured and killed and divided among the men. Quarters were roasted by holding in the fire on a sharp stick.

As they were without salt the mutton was wellished with the Kings salt pork, which they carried, the latter being broiled over the fire to bring out the salt.

Don't Guess about your BATTERY

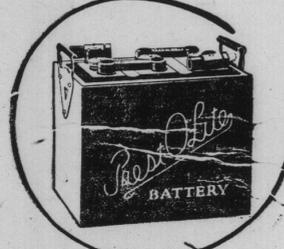

THE Plate is the backbone of any Storage Battery, and a large percentage of battery troubles are due to poor Plates.

The Prest-O-Lite Plate represents the greatest advance in battery-making in recent years. Prest-O-Lite Plates, the backbone of the Prest-O-Lite Battery, have the strength and porosity essential to the ideal Battery Plate—strong, so that heat will not buckle it and jolts will not affect it—porous, so that it will provide the reserve power necessary for cold weather starting and emergencies at other times.

Every part of a Prest-O-Lite Battery is made with the same extreme care—the same precise insistence upon perfection in every way. Jars, separators, containers—every part is made and assembled with the same scrupulous insistence upon excellence. It represents the greatest value you can buy—yet Prest-O-Lite Batteries are sold to-day at less than pre-war prices.

RECORD CATCH OF LUNENBURG BANKERS

The wharves and fish firms are very busy at present. All the fleet are now in with fares discharged and are taking in salt and stores for the final trips of the season. The spring trip of 142,000 quintals is the largest on record, surpassing last spring's trip by \$1,000 quintals. The commercial value is estimated at one million two hundred thousand dollars. The McKenzie King, Captain Burke, arrived with 2100 quintals, and the Arthur Balfour with 1000 quintals. Those are the last two of the fleet.

The crews of the frozen baiting vessels have all been paid off, and some crews have received as high as \$175.00 per man, for a month's work. This is considered very good. There have been seventeen hundred men paid off and there are a large number of fishermen who have also received their money.

Last year the spring catch of 61,000 quintals came in much later in the season, and the men did not get their money until later in the summer. This year there were only a few schooners carrying frozen bait. Should the present prosperity continue it is expected that business conditions will be considerably improved in this town.

GRAND LODGE ELECT OFFICERS

In the election of officers at the final sessions of the Grand Lodge of Masons held at Lunenburg, Mr. J. H. Winfield, of Halifax, was elected Grand Master; Mr. J. H. Anderson, of Lunenburg, Deputy Grand Master; George H. Wright, of Halifax, Senior Grand Warden; W. H. Hood, of Yarmouth, Junior Grand Warden; John H. Potter, Grand Lecturer; R. V. Harris, Historian; J. E. Webster, Grand Tyler; Rev. E. A. Harris, Master-at-Arms. The remaining officers will be appointed by the newly elected Grand Master at a later date. They are the officers of Grand Superintendents of Works, Grand Director of Ceremonies, Grand Organist and Grand Pursuivant. The officers elected were installed immediately, and then a session of the Grand Lodge unsurpassed in the annals of Masonry in Nova Scotia was held.

BEST RUN OF MACKEREL SINCE 1906

Canoe, N. S.—The run of mackerel in the traps here since the fish struck in this spring has been a very heavy one, and the large catches along the coast has shored the price to the fishermen away down. In fact, in some cases during the past week fishermen have found it difficult to dispose of their catches, the local buyers being overstocked. Captain Barkhouse of the Scout C. G. S. Arras, in conversation with your correspondent recently, said that the run of mackerel on the coast inshore this spring has been the greatest since the bumper year of 1906, and he is of the opinion that mackerel may be plentiful on the shore all summer. He says that the small fish known as "Pill-Eyes", on which the mackerel feed, are in great abundance on our coast this year.

MT. HANLEY

The marriage of Miss Elva Maud Slocumb to Mr. Clyde Leroy Carter, Middleton, is going to take place June 28th at the home of the bride's parents, at 7:30 o'clock.

Miss Mable Pierce and Mr. Archie Pierce are spending this week with their sister, Mrs. Hardy Elliott, Kentville.

Those who attended the Association at Bridgewater from the Mt. Hanley Baptist Church were Rev. M. W. Brown, D.D.; Mr. and Mrs. B. M. Armstrong, Reacon and Mrs. E. J. E. Mint, Deacon; Rev. Marshall, Mr. and Mrs. R. B. Miller, and Mr. L. E. Armstrong. These all report a good time.

Guests at Mr. Israel Fritz's, June 17th and 18th, were: Mrs. Mary Akeroed, Berwick; Mr. Norman Milbury, Hampton; Mr. and Mrs. Leslie Strong, Lawrenceville; Mr. Charlie Clark and son, two daughters, Scotch Village, Hants County; Mr. and Mrs. John Fritz, daughters Zelma and Evangeline, Port George.

LAWRENCETOWN

Berwick defeated Lawrenceville 7 to 3 at Berwick. Umpires were Clarke and J. B. Jefferson.

Batteries for Lawrenceville, L. Messenger and W. Phinney, for Berwick, Wigmore and Hart.

Lawrenceville at the bat, first, Phinney up, struck out Burke, got a hit off Wiggle, was put out going second. Saunders M. put out going to first.

Berwick at the bat. They scored three runs in this inning, two men were struck out by Messenger. Second inning—The next two men up were put out going to first. E. Poole up next, got a nice hit off Wiggle, stole second base. He scored the first run for Lawrenceville on a two base hit by J. Saunders. G. Messenger was put out on a hit, to first baseman. Wigmore made a wild pitch to second baseman. Berwick did not score any runs in this inning. Third inning—

Hall at bat, got a nice hit off Wigmore, but was put out going to second. Phinney got a crack at ball, got to first, stole second base but got put out going to third base. Burke walked on balls but was put out going to second base. Berwick did not score in this inning. Fourth inning—

Neither team scored a run, but M. Saunders had a double play put to his credit. Fifth inning—Lawrenceville did not score a run, but Berwick scored three runs. In this inning when Lawrenceville was at the bat, J. Saunders sent a fly ball up in the air between the home plate and first base, and Wigmore and Thomas both went after it, but they both bunted together like two mad sheep and missed it, letting J. Saunders to first, safe. Sixth inning—Lawrenceville did not score a run, but Cook on the Berwick team scored one run for them. This was the last run Berwick got in the game. Lawrenceville scored two more runs in the eighth inning. This leaving the score 7 to 3 in favor of Berwick.

Count of game two base hits, Lawrenceville one, Berwick one. Hits off Wigmore nine, Messenger seven. Double plays, Lawrenceville two, Berwick one. Sacrifice hits, Lawrenceville three, Berwick none. Strick outs by Messenger four, by Wigmore six. Stolen bases, Lawrenceville five, Berwick one. Base on balls, Messenger three, Wigmore two. There were seven errors for Berwick. Four errors for Lawrenceville.

These double plays that were for Lawrenceville were credited to M. Saunders. The game lasted one hour and fifty minutes. Neither team played a good brand of ball. One thing that I saw about Berwick is that all the boys are just like Wigmore.—(Com).

A few comments given in the account were deleted. The gist may be summed up saying that no good sport is a squealer, let those whom the cap fits get wise, play ball, and cut out features which disgust the public on whose patronage the success of baseball depends. (Ed. Monitor).

WORDS OF PRAISE FOR

BABY'S OWN TABLETS

No medicine receives such great praise from thankful mothers as do Baby's Own Tablets. Once a mother has used them for her little ones she will use nothing else. The Tablets are a mild but thorough laxative. They regulate the bowels and stomach; drive out constipation and indigestion; relieve colic and simple fevers; promote healthful sleep and make teething easy. Concerning them Mrs. Omer LeBlou, Maddington Falls, Que., writes:—"I am well satisfied with Baby's Own Tablets and will always use them for my little ones." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

OBITUARY

The death of Isalab S. Munro occurred at his residence, Lake Munro, on Sunday, June 18th, at the advanced age of eighty-three years, two months and fourteen days. The deceased had been in failing health for about a year, but had not been confined to his bed, until a few days previous to his death. The late Mr. Munro was well known in Annapolis County, was a Free Mason, and in politics a Conservative. He leaves to mourn their loss a widow and five children: three sons and two daughters, all of whom were with him at the time of his death. He leaves also six grandchildren.

The funeral service was conducted at his home on Tuesday afternoon by Rev. Mr. Steeves, pastor of the Clementvale Baptist Church, with the Masonic services at the grave, Keth Lodge A. F. & A. M., Bear River, of which the late Mr. Munro was a member, attending. The bearers also were members of the Masonic fraternity.

OBITUARY

In the passing away of Mrs. Isalab Ramey, Bridgetown has lost one of its oldest residents. Martha Taylor was born in East Parish in the year 1845 and was married to Isalab Ramey in June, 1870. They moved into Bridgetown in the year 1884, where they have resided ever since. Their married life has been a very happy one indeed, with no break in their family since Nathan, a son, at the age of eight years, passed away some forty years ago. Many happy years were spent in the old home-stead and the children grew to manhood and womanhood under the Christian influence of a dear loving mother, and although the family has been widely scattered, yet there was always that turning of the thoughts and feet towards home and mother.

The late Mrs. Ramey became a member of the Salvation Army soon after they opened their work in Bridgetown. She was a faithful worker and during the Army's stay here, worked hard and faithfully in its interests and when the Army left the town, the names of Mr. and Mrs. Isalab Ramey were to be kept on the Roll until their decease, because of their faithfulness. For the last five years the late Mrs. Ramey has been unable to attend church as she so much desired and loved to, owing to weakness of the body that developed some few months ago into the illness that brought her dear life to a close. In her sickness she endured everything with that fortitude and patience that always characterized her life and even in her weakest moments her continual thought was "Others". The late Mrs. Ramey was unable to read or write, but God blessed her with a wonderful retentive mind, scripture once read to her left a lasting impression. She loved the Bible and welcomed any and every opportunity of hearing the reading of its beautiful pages.

Prayer was indeed the breath of her life. Her confidence in prayer as a means of reaching the heart of God was never doubted, and many midnight hours found her praying for her children.

The funeral service was conducted by the Rev. C. W. Robbins, pastor of the Baptist Church. Her favorite hymns were sung: "My Jesus, I Love Thee" and "Jesus Saviour Pilot Me". The last verse of the latter hymn was repeated by Mrs. Ramey not very long previous to her death. Mr. Robbins spoke from the words "She Hath Done What She Could." There words were indeed very applicable to the one whom we had gathered to pay our last respects to. Ensign Curry, a son-in-law, also paid a tribute to her as a good wife, a good mother, and a good Christian.

The family do not mourn as those who have no hope—they have the glorious hope that their loved one who was a true soldier of Christ has laid down the sword only to take up the crown. The beautiful smile on her countenance in death, betokens beyond all doubt that she who loved and was beloved by many is resting in peace.

Besides her family, three sisters, residing in the States: Mrs. John McArthur, Mrs. Ellen Matthews, Mrs. Naomi Orde, are left to mourn her loss.

OBITUARY

Edwin J. Elliott, of Clarence, Annapolis County, after an illness of two years, which he bore with Christian fortitude and resignation, passed from the "Home-stead Home" to the "Heavenly Home" and rest on the evening of June 16th, 1922, aged 75 years.

Early in life he united with the Paradise and Clarence Baptist Church (Wilnot) which he served in the office of deacon for more than forty years honorably and well. Loyal to the church and Christ—sollicitors for the spiritual, mental and moral condition of all—ambitious for the educational advancement of those around him, ever striving for the betterment and good of young and old.

He owned a large farm and early in life was interested in raising and shipping fruit. Was extensively engaged in exporting apples for many years, which business he conducted with integrity and honor.

He is survived and mourned by his wife, Ella M., daughter of the late Benjamin Miller, West Clarence; one son, E. Stewart, who owns the late Israel Elliott farm; five daughters: Winnie (Mrs. Eldon Marshall, Clarence Centre); Mable (Mrs. V. C. Morse, Paradise); Sarah and Edwina teachers of the School for the Deaf, Halifax, and Nellie, at home; one brother, Leonard W., of Clarence. Also many relatives and friends who regret the severance of these earthly ties.

The funeral services were held at his late home on Sunday, June 18th, a very large number being present. Rev. W. Steadman Smith, his pastor, preached a very comforting and impressive sermon from Psalm 102:24, also conducted the service at the cemetery. Undertaker W. E. Reed, Bridgetown, interment at Pinegrove cemetery. Underbearers for Church, Deacons Joseph and Norman Longley, Son-in-law Eldon M. Marshall, Dr. V. C. Morse; nephews Joseph W. Elliott, Dr. M. R. Elliott. There were beautiful floral tributes from the church and friends.

CAMPERS GUILTY OF KILLING THE FOREST

Apropos of the wholesale destruction of forest areas already this year by careless campers and other users of the woods, the Canadian Forestry Association puts this query to every Canadian lover of outdoors: "Horses couldn't drag you to a hunting trip in a treeless wilderness; or camping out in a treeless valley. Isn't it about time that the call of the outdoors is the call of trees? The hospitality of nature means little to any man except when associated with living trees. Last summer hundreds of parties of campers struck an unfair blow at the rights and privileges of fellow campers, fellow sportsmen and nature lovers by starting at least 2,500 damaging forest fires. Camp fires that were not put out, matches and smokes thoughtlessly thrown on the inflammable "floor" of the woods—these personal acts killed the camping, fishing and hunting in many thousands of square miles of Canadian forest. Don't be a kill-joy. The forest is made for the fellow who follows after you. Enjoy the woods! There's nothing to fear except fire. And mightily few fires except what you start. Remember: all big fires start as little ones. One minute's care may save a century of waiting."

KEDDY ELATED OVER HIS NEW LEASE ON LIFE

Dartmouth Blacksmith Says He Was Almost Past Working When He Got Tanlac and Was Then Entirely Relieved of Stubborn Stomach Trouble.

"I simply have been given a new lease on life and I don't believe money could buy a better medicine than Tanlac," said Nathan Keddy, Wentworth St., Dartmouth, N. S., machine blacksmith for the Starr Mfg. Co.
"I was in a very run-down condition for six years, had no relish for my food and what I did eat seemed to do me no good. I lost thirty-two pounds. In the mornings I felt so worn out I would rather have taken a beating than get out of bed, and I was so languid and drowsy all day I almost fell asleep at the forge. I was just about down and out, and right on the point of giving up my job.
"Statements of Dartmouth people started me taking Tanlac and six bottles have put me on my feet again. My appetite is fine, I eat like a lumberjack and never have that tired, drowsy feeling any more. Nine hours solid work comes easy now, and I don't hesitate to give Tanlac a 'big boost.'
Tanlac is sold by all good druggists.

CAMPERS GUILTY OF KILLING THE FOREST

Apropos of the wholesale destruction of forest areas already this year by careless campers and other users of the woods, the Canadian Forestry Association puts this query to every Canadian lover of outdoors: "Horses couldn't drag you to a hunting trip in a treeless wilderness; or camping out in a treeless valley. Isn't it about time that the call of the outdoors is the call of trees? The hospitality of nature means little to any man except when associated with living trees. Last summer hundreds of parties of campers struck an unfair blow at the rights and privileges of fellow campers, fellow sportsmen and nature lovers by starting at least 2,500 damaging forest fires. Camp fires that were not put out, matches and smokes thoughtlessly thrown on the inflammable "floor" of the woods—these personal acts killed the camping, fishing and hunting in many thousands of square miles of Canadian forest. Don't be a kill-joy. The forest is made for the fellow who follows after you. Enjoy the woods! There's nothing to fear except fire. And mightily few fires except what you start. NOTES OF OUR EARLY HISTORY

(Continued from Page Three)

Thus the second night was spent for their missing comrades war had been captured by the stray French Acadians the previous day.
In the morning further effort was made to cross the river but although they went as far up as Paradise and beyond every where they found the river current too swift and deep to admit of their reaching the other bank. They, however, saw some horses and heard random signal shots fired by the enemy.
They at last decided the only thing to do was to return to Annapolis the way they had come and by noon on the 8th inst they reached the vicinity of Bloody Creek, then called Foret River. The bridge over this stream at this time was located half way between the present highway bridge and the old mill dam and the road led up the steep embankment on the west side of the Creek.
As the advance soldiers were crossing the narrow bridge, which consisted of two logs side by side, they were suddenly fired on from the high bank ahead of them with a dreadful fire of ball and buck shot seconded by a horrid yell. The commanding officer, Capt. Peter Pigou, a sergeant, and twenty-two men of the rank, were instantly killed, while the rest fell back hurriedly in the open space in the hollow.
Recovering order and with the next officer in command it was decided they must take the hill from where the deadly musket fire had come at all hazards. This they did with some further loss. The enemy making away into the thick woods on either side and no further trouble occurred in their return to Annapolis.
The men who were surprised and taken prisoners on the 6th inst at Granville Ferry were taken to Petford, N. B., and from there to Miramichi and the following year escaped and were able to supply to some extent further details of this disaster. The prisoners reported that a Frenchman had climbed a tree in Granville and had seen the British soldiers pass up and had given their signals for a rally to cut them off. Hiding their prisoners in a small hut in the woods on the north bank of the river opposite the mouth of Bloody Creek, about fifty of them crossed the river and took their position where they made their attack as the detachment of soldiers as they were filing over the fatal trap bridge. The French lost in this engagement seven men.
Mr. Eason and his companions were kept at Miramichi until the next spring being fed on "salt fish and tallow". After their escape Mr. Eason went to Quebec and helped at the capture of that fortress in 1759. He then returned to his family at Lequille and was the brave and distinguished progenitor of the Eason family of this county. A grandson, Alexander Eason, lived at Bridgeport and his son, Mr. Chas. H. Eason, General Manager of Standard Bank of Canada, Toronto, a Bridgetown boy that has made good, comes of the same heroic stock.
This disaster at Bloody Creek seems to have escaped the notice of all our historians either of Annapolis County or of the Province.
The first New England settlers came here less than three years after it was founded and were familiar with the bloody tale and they told the story to their children most graphically, how the creek ran blood. As the soldiers fell into its swift flowing stream fatally wounded but in the long years since those distressing eventful days on the river, here the particulars were wanting, as told us by our grandfathers and they are only possible now through the regaining quite recently by the Champlain Society of Canada, of Knox's Journal.
Lieut. Knox was an officer of this 43rd regiment and while at Annapolis with his regiment kept a diary. From here he went to Quebec where he participated in the siege and capture of the fortress in 1759 and where he also kept a journal. On his return to England his Journal was published about 1765 and the edition being very limited it is very rare at the end of one hundred and fifty years.
Lieut. Knox says in his preface that his object in publishing his journal was for the sake of a record, and he asks the readers of his day this pertinent question: "Though the facts here recited are known now, how long will that knowledge continue if they are trusted merely to memory?"
We have seen how true this is regarding the story of the Bloody Creek disaster. Both the date and circumstance and details of it had been obliterated save a very dim tradition and it was never recorded in our own Nova Scotia or county histories. No doubt the more important events such as the capture of Louisburg the following year, and the siege of Quebec the next with the close of the French Colonies in the North American continent over shadowed these minor tragedies in this vicinity and thus escaped the attention of early writers. The intention of our celebration committee to reproduce this Bloody Creek battle scene and to mark its location and to hold at that

Is Yours A Marconi?

Marconi is the outstanding name in the wireless world and is now making the pioneer move in Radio in Canada. Their large factories and extensive laboratories are now working to capacity turning out the wonderful Marconi Radio Receiving Sets and accessories. For some years they have gradually been securing more and more exclusive patents along the radio line until today they have something over two hundred Canadian patents which makes Marconi Radio products distinct and most advanced.

A Marconi Broadcasting Station

A Marconi broadcasting station is being erected in Halifax. From this station we shall give musical concerts of all kinds, lectures, sermons on Sunday, etc. The latest news will be sent out several times daily. Results of sporting events, stock market reports, weather reports, etc., will be sent out at stated periods daily. All matters of interest or good amusement will be available from this Halifax Marconi Broadcasting station to anyone in Nova Scotia if they own a Marconi Radio Receiving Set. In fact, our broadcasting will be heard many miles beyond the confines of this Province. This means that the owners of Marconi Receiving Sets will not only hear the programme given in many American cities, but will also get the Halifax programmes as well. It is all very wonderful.

Present Stock Situation

For many months it will be impossible for the Marconi factories to catch up with the tremendous demand. Until the time arrives when surplus stock will be available all orders must be booked in advance. This means that for a long time to come it will only be possible to secure Marconi Radio equipment by placing your order with your dealer, which order will be filled from each shipment of stock received by us according to dates orders are received. At the most the present situation indicates that this will only mean a delay of from two to four weeks after order is received before it is filled. We have arranged for this Province to get a particularly generous share of the Marconi output at all times, which will place us in a better position than possibly any other Province in Canada in respect to filling orders.

Wholesale

Place your order early and avoid disappointing delays. We are now appointing representatives to cover Western Nova Scotia. All inquiries receive prompt attention. Address all correspondence to Wolfville, N. S.

location, a public demonstration should ensure it ever being again lost in our historic records.
In the next paper I hope to say something of first English settlers who came here to occupy the vacated lands of the Acadians descendants of whom in many cases still occupy the lots granted to their New England ancestors.

LADIES HIKING IN A GOOD CAUSE

Miss Mary A. Chesley, B.A., B. Sc., London University and late student of the Sorbonne, Paris, and Mrs. Eunice Buchanan, Secty. Kings Co. Russian Relief, are on a walking tour from Berwick to Digby in the interest of "Save the Children Fund." Miss Chesley is addressing the school children and showing Russian photographs at picture shows. After leaving Digby Miss Chesley intends finishing the tour in the western counties by train. She, with Mr. Grierson, has been speaking in Halifax and Cape Breton.
Tramping the road is no novelty to either Miss Chesley or Mrs. Buchanan. Miss Chesley has hiked in British Columbia, Scotland, England, France and other countries, and last fall walked through the Valley. Mrs. Buchanan has walked 500 miles in France.
During their canvass of Bridgetown Miss Chesley and Mrs. Buchanan were guests at the homes of the Misses Chesley and Mrs. John McCormick, Granville.

HOME BREW ILLEGAL WHEN THIS GOES THROUGH

Ottawa—"Home brew" will shortly be illegal in Canada, if the House of Commons, in committee on the budget resolutions, passes one of the proposed amendments to the Inland Revenue Act placed before it by Hon. W. S. Fielding. The effect of the amendment will be, according to officials of the Department of Inland Revenue, that once the amending bill has passed the House and receives assent, thousands of licenses issued to individuals allowing them to brew beer for their own use will be void. After the bill comes into effect no one except brewers regularly licensed as such by the Department of Inland Revenue will be permitted to brew beer.
Officials decline even to estimate the number of licensees who will be affected by the amendment to the act, but admit that they will total several thousand. Until the bill passes the House and Senate and receives assent it does not become law, however, so there is a short respite for those who have been making their own beverages.

ANNAPOLIS CHANGES FOR METHODIST CLERGYMEN

Among the changes made in stationing clergymen as made at the Methodist Conference on Sunday the following relate to Annapolis County:
Rev. H. T. Jones, of Lawrence County, is transferred to Truro and is succeeded by Rev. Harry Rackham from Riverport.
Rev. C. A. Munro, of Annapolis, is transferred to New Aberdeen. Glace Bay, C.B., and is succeeded by Rev. M. H. McIntosh from Clifton, Colchester.
Rev. Harry Patterson, of Granville Ferry, goes to Woodlawn, and is succeeded by Rev. R. B. Thomas, of Bermuda.

Business nowadays is for the "go-getter." The men who crawled into their shells to wait with the least possible expense, for better business, are still in their shells. They don't know that business is picking up and the time they cautiously peer forth the "go-getters" will be leagues ahead of them.

At the regular meeting of the Baptist B.Y.P.U. held on Friday evening last, Miss Marion Cr6we was the leader, and the subject for the evening was "Cultivating Contentment."

Mrs. Dennis Whitfield returned to Hampton on Saturday after a visit to her husband who is engaged in building operations at Berwick. Mrs. Whitfield also visited friends in Bridgetown.

Mr. Leslie Strong, of Lawrence-ton, recently sold his farm at Williamston to John and Harry Hatt, purchasing another from James V. Sanford, Williamston, afterwards disposing of this to Mr. George McDonald, of Berwick, and then buying a farm at Lawrence-ton from Mr. Harry Phinney.

On account of the unusually large civil docket this year the Supreme Court has been obliged to continue its sittings on Wednesday, July 5th. Among the out of town lawyers in attendance this week were: A. L. Davidson, W. G. Parsons, of Middleton; J. M. Owen, of Annapolis Royal, and B. W. Roscoe, of Kentville.

The Women's Auxiliary of St. James' Church propose making their initial bow to the public to-morrow (Thursday) afternoon and evening with a lawn party and strawberry festival on the grounds of Dr. Muir, Carlton's corner. Whilst strawberries and cream will be the outstanding feature, "afternoon tea" also be served. If to-morrow is stormy the function will be held on Friday.

Another vessel arrived in port recently on her first trip in the coastwise trade to this port. The steamer Grace Hankinson, Captain Powell, has taken up a route from St. John to Freeport, Westport, Centreville, Little River, Sandy Cove and Weymouth. She will arrive at St. John every Thursday. She is a neat little vessel of fifty-eight tons net register. Capt. Powell was formerly of the original Westport and is well known in Digby as her master—Courier.

Miss Gladys Newcombe, who has conducted the Kindergarten department here with much acceptance and now leaves for her home at Port Williams, was, on Friday afternoon, welcomed by the members of the teaching staff, headed by Principal Archibald who in a short speech voiced the general appreciation of her services and her popularity with staff and pupils and in behalf of those present presented her with a handsome ring. Miss Newcombe made a suitable acknowledgment, expressing her appreciation of this memento of esteem and spoke feelingly of the pleasant relatives existing between members of the staff and of her regret at leaving Bridgetown.

Mr. G. K. Dodge has just received word that his brother, Arthur C. Dodge, who graduated from the Bridgetown High School with the class of 1908, and who now resides in Santa Monica, California, has received the degree "Bachelor of Arts" from the University of Southern California. Mr. Dodge was one of thirteen in a graduating class of five hundred and eighty to be graduated Magna Cum Laude. Recently he was elected to membership in the Scholarship Society of the University of Southern California. This society corresponds to the Phi Beta Kappa. Just before the graduation exercises, the President of the University introduced Mr. Dodge as Madam Ernestine Schumann Heink, who was to receive the honorary degree, Doctor of Music, calling her attention to the young man's words for "Taps" which appeared in the "Los Angeles Times" on Memorial Day. The great diva complimented the author on the high character of his words stating that they were the most satisfactory that she had seen. The words are as follows:

Miss Edna Price is taking the course at the New England Baptist Hospital.

URGES CANADA BE MADE INDEPENDENT OF UNITED STATES

Ottawa.—P. M. Draper, Secretary-Treasurer of the Trade of Labor Congress of Canada, in speaking at a meeting of the Trades and Labor Council on the coal situation, not only charged that the price paid by people for coal was excessive, but strongly urged that the Government should set up a board of experts to evolve some system whereby the potential electrical power of the country could be converted for heating purposes, and so make Canada independent of anthracite coal imported from the United States.

H. S. Crosby, a son of H. S. Crosby, Provincial Manager of the North American Life Insurance Company, is in Bridgetown for the summer, as Assistant to Dr. N. R. Warey, Dental Surgeon. Dr. Crosby had a remarkably distinguished career at the Dalhousie Dental College, and was the winner of the Nova Scotia Dental Association's prize for the highest standing in his year. He served gallantly overseas with the Canadian Field Artillery, being badly wounded and gassed. A very successful career is predicted for this young man. It is the intention of this paper to give a series of talks on Preventive Dentistry in the child.

This summer she received a welcome visit from her son, William Cropley, of Lynn, Mass. He is seventy-five years of age but hale and hearty.

HOW TO BEST TREAT STOMACH TROUBLE

A Tonic Medicine is Needed to Strengthen the Stomach

The old-fashioned methods of treating stomach diseases are being discarded. The trouble with the old-fashioned methods was that when the treatment was stopped the trouble returned, often in an aggravated form. The modern method of treating indigestion and other forms of stomach trouble is to tone up the stomach and glands to their normal work. The recovery of the appetite, the disappearance of pain after eating, the absence of gas, are steps on the road to health that those who have tried the tonic treatment remember distinctly. Dr. Williams' Pink Pills are a tonic which through their action on the blood are helpful in building up the digestive organs, and therefore the best remedy for simple or chronic cases of stomach trouble. The success of the treatment is shown by cases like that of Mrs. Joseph Leclere, Wellington, P.E.I., who says:—"I have been a great sufferer from indigestion and a stomach trouble, and nothing that I took for it did me any good until I began Dr. Williams' Pink Pills. I was so bad that I did not want to eat, and when I did take food it lay like a weight on my stomach, often causing me much pain and misery. I saw in an advertisement what Dr. Williams' Pink Pills had done in a similar case and began taking them, with the result that after taking the pills for five or six weeks, I am feeling better than I have done for years. I hope my experience will help other similar sufferers."

MAY MERGE THREE PHARMACEUTICAL MTFME BODIES

St. John.—Arrangements are being made for the holding of a joint meeting of the New Brunswick, Nova Scotia and Prince Edward Island pharmaceutical associations in Moncton, on June 27th, 29th and 29th. It is expected that the matter of amalgamation of these associations into a Maritime Province association will be discussed, and perhaps decided on. Several representatives from this city are expected to attend the meeting.

DOUBLE HEADS AT MIDDLETON

Bridgetown Wins Morning Middleton Afternoon Large Crowds Present

About four hundred fans from this town journeyed on last Saturday and witnessed the first season to Middleton. Two games were first at eleven o'clock and at five-thirty.

The first game was ever played in the Valley witnessed by one of the crowds of the season. They were announced as follows: Bridgetown—Malcolm and Middleton—Dodge and A.

No score was made up to the fourth inning, but during the fifth Bridgetown was batting racy and getting two men to the base. In the sixth Middleton tied and excitement at this point fever heat. Dodge began and in the seventh he was freely and our boys scored four runs. Malcolm won his own game in when he made one of the hits of the season, getting and bringing in Donaghy shall. Middleton succeeded in getting one man home in the sixth score six—three town's favor.

Malcolm pitched one games this year and was ported and his batting day was a surprise to even set supporters. Both the outfield played excellent were on their toes all the while no errors occurred.

Middleton used two pite morning game. Dodge and Reagh. Dodge pitched and was relieved at the eighth when Vanghe into the box. Both pitched good support but the of Bridgetown's players much for them.

Malcolm had nine strike credit, and Dodge five. Seven hits were secured nine of Dodge. Dodge men and Malcolm none.

One regrettable feature of the game was when t of the defeated team had Kenzie ordered off the trying to settle an argument a decision handed the base umpire. The Manager to apologize after the did not please Harry many friends who apology through the public manager was not even in his action was unsupported regretted by the executive ton's team.

Davidson, from Berwick the game to the entire so both teams, and Max Y town, as base umpire.

The second game was interesting as the first, as became a forgone conclusion so, before the fourth reached. In the third, the boys got a line on Good three hits in succession man down and scored to the fourth inning the s from bad to worse as eight men up to bat, scored. Middleton's run was scored in the fifth boys gave good support was found very freely in fourth and seventh in Davidson, of Berwick, of Kentville, handled the satisfaction of all.
