## SIFTON'S REIGN IS MANAGED IN ALBERTA

### Privy Council's Decision in Great Waterways Railway Case Is Serious Embarrassment, While Democrats' Open-Door Policy May Shatter Reciprocity Plank.

OTTAWA, Feb. 2.—(Special).—Recent events have drawn attention to the general elections in Alberta, which will probably occur within a few months. The Conservatives are hopeful of carrying the province and the prospect of an early electoral contest will not be without its influence upon the course of the government and parliament at this session.

It will be remembered that the Rutherford government was returned to power almost without opposition in March, 1909. A year later the scandal connected with the Alberta and Great Waterways Railway disorganized the government, and Hon. Arthur L. Sifton resigned as chief justice of the province to become prime minister. The Sifton government passed a statute repealing the act incorporating the Alberta and Great Waterways Railway and impounding the \$7,400,000 which had been realized from the sale of the railway's bond guaranteed by the provincial government. The Royal Bank, which held \$6,000,000 of the money, appealed to the courts, and has obtained a judgment from the imperial privy council. This judgment cannot but embarrass the Sifton government.

Storné Clouds Across Border. The government bids fair to be still more embarrassed by the prospective tariff legislation of the incoming U. S. Congress, which will be convened in extra session almost immediately after the inauguration of President-elect Wilson. If the Democrats carry out their tariff reduction platform it is more than likely that the western farmers and Canadian producers generally will obtain access to the American market, with the result of eliminating the reciprocity issue from Canadian politics. With this reciprocity issue out of the way and the Alberta and Great Waterways Railway declared invalid as contravening the Bank Act, this fact may cause some examination to be made of the conflict between the Bank Act and provincial statutes. In Ontario, for example, the statute giving wage earners a preference where a manufacturing concern becomes involved, is practically set at naught by section 88 of the Bank Act, giving a first lien to any bank which may be a creditor.

Another effect of the impending contest in Alberta may be the display of stronger interest in legislation dealing with the railway grievances of the west.

## TWICE-A-DAY MAIL DELIVERY STARTS IN NORTH RUNNYMEDE

OTTAWA, Feb. 2.—(Special).—Instructions were sent today by the postmaster-general to George Ross, chief post-office inspector at Toronto, to commence a delivery service in Scarlett Plains or Runnymede north district, a suburb of West Toronto. There will be two deliveries by carrier every day. This district is north of Runnymede district. It is bounded on the east by Jane street, on the west by Runnymede road, on the north by the old Belt Line Railway, and on the south by Bloor street.

## LLOYD GEORGE TO 3,000,000 PARCEL BECOME LEADER? POST PACKAGES

### Chancellor's Utterance on Land Question Interpreted by Unionists as Protest Against Asquith.

LONDON, Feb. 1.—(Can. Press).—The speech last night of David Lloyd George, chancellor of the exchequer, before the National Liberal Club, on the land question, has caused a considerable sensation. The Conservatives declare that it was a protest against Asquith's refusal to make the liberal program of this session after home rule, and that Lloyd George is attempting to supplant Mr. Asquith as party leader by appealing for the party's support against his chief.

The report of his investigating committee is awaited with the deepest interest, and in the meantime a small coterie of Conservatives are contriving to the gale of the nations by conducting what they call "a radical p. o. enquiry."

Unionists' Counter-Move. They assert that great manufacturers who are prominent in the Liberal party and "newly rich" land owners treat their workmen and tenants far less considerately than do the old aristocracy. They have sent to them a series of questions designed to prove this, and propose to publish the results alongside the report of the chancellor's commission.

During the course of his speech, Chancellor Lloyd George asserted that the reports of his commission would prove conclusively that "hundreds of thousands, if not millions, of men, women and children are living under conditions with regard to wages, housing and labor conditions, which ought to make this great empire hang its head in shame."

TO ESTABLISH MINIMUM WAGE. LONDON, Feb. 3.—(Can. Press).—The Daily News understands that the intention is in the land campaign inaugurated by Chancellor Lloyd George to propose the statutory establishment of a minimum wage for agricultural laborers, or at least one pound (£1) per week, and provision for every laborer of a cottage and plot of land, held independently of farmer or landlord.

### Plenipotentiaries of Porte Will Remain in London Until War Has Been Actively Renewed—Balkan States Will Seek to Drive Turks From Europe.

LONDON, Feb. 3.—(Can. Press).—The Porte has ordered the Turkish plenipotentiaries not to leave London until hostilities are resumed, and has instructed the army to await the attack before firing a shot.

Thus the Ottomans, who, with the exception of the Montenegrins, are the only delegates left in London, remarked today that nobody could accuse them of not having done all that was humanly possible to come to terms.

Dr. Danef, head of the Bulgarian delegation, before leaving the capital, recalled what he had said in his first statements on arriving in London, that the Monroe doctrine to his peninsula, as applied to become the Americans of Europe. They had inaugurated a policy of sincerity and straightforwardness as was proved by their frank conduct in the peace conference.

The Balkan representatives would not have waited to their own disadvantage so long before resuming hostilities, but for genuine regard which Balkan kingdoms held for the powers, said he. Dr. Danef again rejected the idea that even a small fraction of the Balkan states, she will become the friend," said Dr. Danef in conclusion.

## GETS BEIT PRIZE

It will be a good deal of gratification to the friends of A. L. Burt, B.A., to whom the Rhodes scholarship was awarded in 1910, to learn that the Beit prize of £50 has recently been awarded him.

The prize was established by the late Alfred Beit in 1905, as part of his scheme for promoting the study and teaching of colonial history. The prize is awarded annually for an essay upon some subject connected with the advantages of imperial citizenship or with colonial history.

### German Ambassador at London Points to Evidences of Friendship For Britain.

LONDON, Feb. 1.—(Can. Press).—Prince Charles Max Lichnowsky, the German ambassador to Great Britain, speaking at the German emperor's birthday dinner at London this evening, dwelt upon the consistent efforts of the emperor to foster good relations between the kindred island people. Especially during the last three months he said, the German Government and the emperor regarded it as a paramount duty to work in accord with Germany's allies and with the friendly British Government to maintain peace in Europe, and therefore hopes that the meeting of the ambassadors in London would lead to the preservation of peace, the desired goal.

They had counselled the Balkan States to observe moderation with a view to preventing further bloodshed.

WILL OBSERVE NEUTRALITY. BERLIN, Feb. 1.—(Can. Press).—The weekly review of The Norddeutsche Allgemeine Zeitung says: "Hope has not yet been given up that the powers will be able to prevent further blood-letting in the Balkans, but in the event of the renewal of hostilities, Germany will continue to observe the strictest neutrality."

The Cologne Gazette's Berlin despatch says that the powers will endeavor to the last moment to prevent hostilities, Germany setting a good example by her advice to the allies.

Prinz Oskar Returns to Philadelphia For Repairs—No Lives Were Lost.

PHILADELPHIA, Feb. 2.—(Can. Press).—The Hamburg-American liner Prinz Oskar, which sailed from this port yesterday for Hamburg, has a large hole stove in her port bow, and the four-masted schooner City of Georgetown is at the bottom of the sea, as a result of a collision early this morning near Five Fathom Bank, beyond the Delaware breakwater. The schooner, laden with a cargo of salt from New York for Savannah, sank within eight minutes.

Capt. A. Slocum and his crew of seven men succeeded in lowering a boat and left the schooner just before she sank. They were taken aboard the Prinz Oskar, which returned to this city. The liner, which carried about 75 passengers, was listing to starboard when she reached the yard of the New York Shipbuilding Co., where she will be repaired.

When the Prinz Oskar arrived here two anchors and much of the forward rigging of the schooner were wedged in the hole caused by the collision.

Light Caused Collision. The big light from Five Fathom Bank Lighthouse is said to have been responsible for the accident. The City of Georgetown was heading towards Cape Hatteras Lightship in the southeast, while the steamer's course was set toward the northeast, in a great circle toward the transatlantic steamship route. The light shone between the two approaching vessels and when the lookouts perceived each other, it was too late to avoid the collision.

Fortunately the wind was from the shore and the sea was unusually calm, enabling the schooner's crew to launch their boat and escape in record-breaking time.

GOULD CANDIDATE IN LANARK. SMITH'S FALLS, Ont., Feb. 1.—(Can. Press).—J. Simson Gould, president of the local Conservative Association, has announced his candidature for the South Lanark seat in the Ontario Legislature, made vacant by the death of Hon. Col. Matheson. He is a former mayor of the town, which has one-third of the entire vote in the riding.

LONDON, Feb. 3.—(Can. Press).—The Berlin correspondent of The Express understands that the German Emperor has sent personal instructions to the German minister at Sofia to advise King Ferdinand to abandon his policy of obstinacy regarding the peace terms offered by Turkey.

The Constantinople correspondent of The Times says that the Turkish Government is anxiously seeking financial assistance, but the manager of the Deutsche Bank says that no advance will be made before the conclusion of peace. The national defence committee contemplates a levy of five per cent. on the capital possessed by wealthy citizens.

## NESBITT FUNERAL THIS AFTERNOON

### Doctor's Remains Will Be Interred in St. James' Cemetery After Services at the House.

The remains of the late Dr. Beattie Nesbitt will be interred this afternoon at St. James' Cemetery. The funeral will take place from his home, 71 Grosvenor street, at 2 o'clock, and will be under the auspices of L. O. L. 791, of which the late doctor was a member. Rev. Archdeacon Cody of St. Paul's Anglican Church will conduct the services at the residence, and District Master George Rowe of North Toronto will officiate at the graveside. A large number of wreaths and flowers were placed alongside the casket yesterday by friends of Dr. Nesbitt. It is expected that the funeral will be largely attended by both Orangemen and Roman Catholics, among whom Dr. Nesbitt had a great many friends and admirers. The pallbearers will be Dr. Graham Chambers, Dr. Walter McKewen, Mr. Nesbitt, Mr. Robert Martin, Capt. Tom Wallace, M.P., Commissioner J. E. Starr, Dr. R. J. Wilson, C. Heath, and Dr. Thomas Wylie.

## STOLE JEWELRY IN BALTIMORE

### Traveler Arrested in Toronto—Much of Stolen Property and Pawn Tickets Recovered.

Acting on information from the Baltimore police, Detectives Twigg and Montgomery have arrested Julius Schawlow, 113's possession were found three watches, one ring, three chains, one diamond pin, 14 pawn tickets for watches and rings and other valuable articles. Schawlow is charged with one of the stolen watches, one ring, three chains, one diamond pin, 14 pawn tickets for watches and rings and other valuable articles. He is alleged that he secured a position with a large firm in Baltimore by selling out his small business to them. He was appointed a salesman for the company. The firm claims that from time to time Schawlow secured valuable jewelry, totaling somewhere about \$1400. This he is said to have pawned in Canada, where he hoped to be safe from the American authorities. Detectives Twigg and Montgomery recovered as much of the property as possible for the firm. The prisoner was extradited by American officers on Saturday and taken to Baltimore to stand trial.

## YORK COUNTY AND SUBURBS

### EIGHTY-SIX FOOT WIDTH FAVORED

**North Toronto Ratepayers Take Stand on Yonge Street Widening.**

**TO MEET CONTROLLERS**  
Committee Will Sound City on Road Thru Mount Pleasant.

Considerable interest was shown at the North Toronto Ratepayers' Association meeting in the town hall last Saturday evening. T. A. Murray, C.E., was invited to be present, but he was unable to attend as he was out of town. W. G. Ellis said that Mr. Murray would stand by and defend the town's sewerage system. Regarding the charges that the system was not laid deep enough to drain the cellars, Mr. Murray, later Mr. Ellis, said that there are only about 12 or 13 houses in town so peculiarly situated that they cannot be drained, and that the system had been laid deep enough to allow the draining of these houses. It would have entailed an enormous cost to the town.

The executive committee presented a lengthy report for the evening's discussion, and the first clause taken up was the question of widening Yonge street. The recommendation of the executive committee, presented to the association for consideration, favored the widening of this street to 86 feet from Davenport road northward to the city's limit, as Teraulay street and Victoria street will be widened as far north as Davenport road.

**Ten Feet Enough.**  
H. H. Dan was in favor of the improvement. The only question with him was the system of paying for it. He thought that the widening of this thoroughfare would be a permanent benefit and the defraying of the expenses should also be public instead of local. However, he was not so sure that it was necessary to widen the street by 20 feet, and thought that perhaps ten feet would be sufficient, speaking on the proposal to widen Yonge street from Davenport road to the C. P. R. crossing, as stated that if Teraulay street is being widened to Davenport road it would be an easy matter to connect the same with Yonge street at the C. P. R. crossing by a diagonal road via Ramsden Park, which would be a great improvement. The widening of Yonge street between Davenport road and the C. P. R. crossing, he was utterly opposed to a 24 feet depth of the Yonge street widening, and maintained that it should be at least 18 feet.

**An Obstacle Ahead.**  
W. G. Ellis saw danger in this Yonge street improvement unless the Metropolitan Railway agrees to give up certain privileges now enjoyed, such as running steam railway freight cars on Yonge street, and to agree to give running rights to the city car system.

E. V. Donnelly thought that this association should stick to the original ten feet for the widening of Yonge street, and to ask the city to make use of the options received by the late town council before they expire.

Frank Howarth was in favor of only ten feet widening, and contended that a shallow lot could ill afford to have 20 feet taken off it, and he wondered if Yonge street should be the only street in this district which ever have.

Thomas Banton's idea was that the widening of Yonge street to 86 feet would be a cherry for widening Yonge street to 76 feet now and to 86 feet a few years hence; it should be done now.

A vote, being taken the recommendation of 86 feet was adopted.

The next question for discussion was the extension of Mount Pleasant road thru the cemetery on a straight line on the surface, instead of depressed. There was much surprise that the proposition to purchase the local electric light plant and sidemen had paid away so early.

Messrs. Frank Howe, John Kleiberger, H. H. Ball, W. G. Ellis, Thomas Banton, D. D. Reid and C. Cole were appointed a committee to wait on the board of control tomorrow at 11 a.m. to urge the extension of this cemetery road question up at once.

The recommendation to interview the board of health re the stringent rules of the health department was at first strenuously opposed. It was shown that the rules, as laid down by the M. H. C., would entail an annual expenditure of \$12 to the small property owner, who could ill afford to have such an extra tax put on his little property.

### BRITAIN DIDN'T KEEP PROMISE

### REAL GENUSES RARE IN HISTORY

Archdeacon Cody Says Most Men and Women Are "Average."

### So Say Balkan Delegates Who Expected Stronger Stand For Peace.

### EAGER FOR CONFLICT

### MISTAKE GOD'S PROMISE

Those Who Think They Are Not Clever Should Not Worry.

**While Turks Still Profess to Have Strong Desire For Peace.**

LONDON, Feb. 1.—(Can. Press).—Altho the Balkan delegates thanked England in glowing terms for her hospitality, some of them do not think that England gave as much assistance as she might have. They point out that they came a great distance from the Balkan states to London, which in some ways is not adapted to intercourse between delegations, only because they trusted that British influence in favor of peace would make itself strongly felt. The delegates of this mind oppose the idea of returning to London for the conclusion of peace, if the war is renewed.

The Turkish delegation have received instructions from their government to renew the declaration of their representatives of the powers and to the British foreign secretary, Sir Edward Grey, that Turkey desires peace and has made great sacrifices to attain this object and, furthermore, to show deference to the powers' wishes, but cannot be expected to accept terms wounding her dignity and causing international disorders.

Rehad and Nizami Pasha, speaking to the ambassadors, said to the foregoing statement such strong expressions of their desire for peace and such condemnation of what they called "the ungenerous conduct" of the allies, and the advisability of the belligerents reaching a compromise that they gave the impression that they were ready to accept any terms which would include Constantinople, Dr. Danef, head of the Bulgarians, said:

"We leave England, having shown the world that the Balkan union is not a bluff, but a real and important factor in the eastern politics. We intend that our alliance shall remain alive and intact.

"The man or woman who has felt that he is not clever, or not being rich, or does not expect to be as good as he should be, or that he is not so well favored as the other, should be more favorably situated, misfortune is the lot of the few, but the gift in talent, he is large or small, appreciates his share of responsibility toward the rest of the world, and God, and therefore is faithful to the honor reposed in him, may well be content to hear the words of the Lord when this life ceases, he or she shall 'enter into the joy of the Lord,' and commence upon a new life in the world to come, and the reward of usefulness.

Convocation Hall was well filled with students to hear the eloquent archdeacon, Principal Gandler of Knox College conducted the service.

### This Wife and Mother

### Wishes to tell you FREE How She Stopped Her Husband's Drinking

By All Means Write to Her and Learn How She did it.

For over 20 years James Anderson of 421 Elm Avenue, Hillburn, N. Y., U.S.A., was a very hard drinker. His wife, Mrs. Anderson, less one, but ten years ago his wife in her own little home, gave him a simple remedy which stopped his drinking entirely.

To make sure that the remedy was responsible for this happy result she also tried it on her brother and several other neighbors.

It was successful in every case. None of them had touched a drop of intoxicating liquor since.

She now wishes everyone who has drunkness in their homes to try this simple remedy for the feels sure that it will do as much for them as it has for her. It can be given secretly if desired, and without cost she will gladly and willingly tell you what it is. All you have to do is write her a letter asking her how she cured her husband of drinking and she will reply by return mail in a sealed envelope. As she has nothing to sell do not send her money. Simply send a letter with all confidence to Mrs. Margaret Anderson at the address given above, asking her to write your name and full address plainly. (We earnestly advise every one of our readers who wishes to cure a dear one of drunkenness to write to this lady today. Her offer is a sincere one.)

### CORTEGE IMPRESSIVE

Hundreds of Friends March to Cemetery — Ministers' Strong Tributes.

GALT, Feb. 1.—(Special).—The funeral of the late Hon. James Young took place yesterday afternoon from "Thornhill," the splendid old family residence, the "servants' talents" commanding a view of the town in the valley and the picturesque environment of forest-crowned hills.

Around the casket stood old friends and distinguished career had shed lustre on the town of his birth.

The obsequies were conducted by Rev. Hugh Macpherson, pastor of Chalmers Church, Toronto, assisted by W. Macdonald of the same city, a prominent elder, Rev. Canon Ridley, Trinity Church, Galt, and Rev. J. F. Gigney, Glenora. The house services were deeply impressive. In brief addresses the clergymen dwelt on the amiable, estimable qualities of the deceased statesman in public and private life, besides extolling his exalted Christian character and eulogizing his invaluable services as a public man.

### LONDON BUILDER DIES SUDDENLY

William Tytler Succumbed From Heart Disease Soon After Reaching Home.

LONDON, Ont., Feb. 2.—(Can. Press).—Wm. Tytler, one of London's most prominent builders, died last evening suddenly. Mr. Tytler left the Nova Scotia building on Richmond street at 6:15 o'clock and fifteen minutes later was dead. He took a street car to his home, and was apparently well when he entered his home and was greeted by the members of his family. In a few minutes, however, he passed away. He had been troubled with his heart for some time and this attack, coming upon him without warning, proved fatal.

The late Mr. Tytler was in his 69th year. For 45 years he had been a resident of London. He was born in Aberdeen, Scotland, and removed to London in 1844. He was a member of the St. James' Presbyterian Church and an old member of the A.O.U.W.

"You should be as careful of western real estate as you are of a rattlesnake. An investment in a western subdivision lot will prove a loss in 90 times out of 100, if not 99 out of 100. Beyond all question of doubt the placing of unwarranted subdivisions on the market has done more to hurt the west than anything else."

Sir James Outram of Vermillion, Ala., the Englishman who is the leading spirit in the development of the farming section in Vermillion district, comprising more than 2,000 acres, is on the warpath against western land sharks, and spoke on the matter in no uncertain terms when seen by 'The World' at the King Edward Hotel last night.

Not only did Sir James see the evil very distinctly, but he also had a remedy that he believes would put a stop to further sharp practices. This, he states, would be to put restrictions on the distance from town in which subdivisions could be started, this to be determined according to the population of the town. In addition to this, all western towns should be vested with authority empowering them to pass upon all projected subdivisions before they could be placed on the market.

**More Immigrants.** Sir James stated that the near future would see a large increase in the number of English men of the upper class locating in western Canada. Their numbers were growing greater in the west, and it was a good thing both for them and the country. He considered that the future would see more of these men in the middle west.

In regard to British immigration to Canada Sir James stated that British workers in the building trades would do well to come to the west, especially in the west, did not come anywhere near the demand. In fact, in some portions of the west it was practically impossible to obtain them. Business clerks and men

of similar callings would not better themselves in the regard in Canada, although, of course, there was room for shop clerks. "Canada is a splendid place for the Britisher who has a little bit of capital," he said.

**Mixed Farming.** He took a strong stand in favor of mixed farming in the west over wheat raising. Not only was it better for the country, but the men themselves can make more and surer money by it. If it is a bad year for wheat the grain grower loses heavily. With the mixed farming, however, the man who grows his hay crop will be a heavy loser. He knew of one man who had fed his frozen wheat to his horse, and it was in this way worth a dollar a bushel to him.

**The Right Policy.** While Sir James did not wish to assume the responsibility of voicing an opinion on sentiment of the west on the navy question, he stated that as far as he was personally concerned the policy as outlined in recent speeches of W. F. Macdonald, M.P., was, in his opinion, the right one. He thought, however, that the British navy should be adopted.

The raising of several million dollars in England to be used in the development of mixed farming in the west is the object of Sir James' trip east, and he is leaving for England via New York. He has already organized one investment company for the development of the Vermillion district, and has grown to such an extent that he has decided to form an additional company while in England. He is also obtaining British capital to start a bank and loan company in the west, which will loan money to the farmers of that district. Another project for which he is obtaining capital is for the organization of a produce distributing company, which will gather in the produce of the Vermillion district, taking in everything from grain to cattle.

### ALBERTA RICH IN TAR SAND DEPOSIT

**Sir James Grant Gives Picture of Wealth North of Edmonton.**

**GREAT COAL FIELDS RICH AND POOR ALIKE**

**Capital For Development Will Make Poor Men Rich, He Says.**

**NEW YORK, Feb. 2.—Sir James Grant, K.C.M.G., and former member of parliament, is at the Murray Hill Hotel after having made a 600-mile trip through Canada from Ottawa to Victoria and return. Sir James is a former president of the Tuberculosis Association of Canada, and physician to the Princess Louise, sister of the Duke of Connaught, Governor-General of Canada. He has made a number of trips to the north-west of Canada and said that the possibilities and opportunities awaiting the coming of the west were unlimited.**

"The development of that country is truly wonderful," he said. "There never was a time when 'Hell' Columbia and British Columbia were so bound together and taking such an active part in the development of the west. Two most significant discoveries that came under my observation were the tar sand deposits, or asphalt, of Northern Alberta, and the beginning of the development of the coal fields there."

**Tar Sand Deposits.** "These tar sand deposits are on the Athabasca River, 280 miles north of Edmonton. The outcrop runs for more than 100 miles. The thickness of the deposit is said to vary from 25 to 225 feet. These deposits are reached by rail to Athabasca Landing as far from Edmonton, and thence by river to Athabasca. A railway has been projected from Athabasca Landing as far as the coast. The construction of this has not been commenced. The percentage of bitumen in these deposits varies from 12 to 20 per cent. They should supply large quantities of paving material and possibly have other uses. The great quantities of gravel were discovered through the building of the new Transcontinental Railroad. At the present time Edmonton is paving some of its streets with asphalt brought all the way from Trinidad.

"This entire area is held by the Canadian Government and is ready for investigation and sale. The discovery of coal is a recent one. The coal fields lie between Edmonton and three-quarters of a mile from the Grand Trunk Pacific on a road line, and the coal vein is about 100 feet thick. The coal is said to be of the best quality and covers some 100,000 acres. It is estimated by engineers that the area contains the deposit is 800 acres and contains more than 25,000,000 tons of coal."

**Await Capitalists.** "Mr. Hudson, mining engineer, and I have examined the deposits and have made a report upon the properties to the government. He said that from the spot and tubing to Edmonton, it would be possible to supply all the light, heat and power for the city. "This property is held mostly by poor people, those who have come into the west for fortune, while they are waiting the arrival of capitalists to take over the property. "I want to solve this question of the rich and poor in Bond Street Church and make this place where the rich and poor meet. The Lord is the maker of them all."

"I've been in churches where the choir sang so snobbishly that I was ashamed to go in. The Lord is the maker of them all. You that are prosperous must cheer and comfort and help those that are poor and miserable. The law of Christ. It is better to reform the church than crush her. For a man who knows the rescue of weakness. If you find unselfish people among the Jews they are Christians, for unselfishness is Christian."

**Caught between two freight cars while making a coupling in a train at Mimico yards, Saturday afternoon, James Mitchell was so seriously injured that he died on the way to Grace Hospital. The man was about 65 years of age, and lived with his wife and family at 232 River street.**

**Mitchell was by rating a conductor, but for some time past had been working as a brakeman. He was employed on the transfer train and when additional cars were to be picked up on one of the sidings in the yards he ran along the track to open the coupler on the first car.**

**It is usually the custom for the brakeman to open the clasp and then step back until the top parts of the train meet. Instead of doing this Mitchell must have become a little careless or failed to notice that the train was rapidly backing into the cars.**

**A short time after the train was connected the crew found Mitchell on the track which he had fallen after being caught in the couplers. The injured man was rushed to Toronto on a special train. When the train arrived at Bathurst street the police ambulance was in waiting. A few minutes after reaching Grace Hospital Mitchell was pronounced dead by the doctors.**

**Coroner Dr. Rows opened an inquest into the death of Mitchell on Thursday afternoon. The jury adjourned until Feb. 5.**

**Struck by Motor Car.** While crossing the road on Jarvis street, just below Wellesley, on Saturday afternoon, Mrs. Sarah Redding, aged 60, was struck by a motor car and seriously injured. A passing auto took the woman to St. Michael's Hospital, where her condition was reported as critical. She was taken to St. F. Pool, 20 Scarth road, was driving south on Jarvis, and there was another car proceeding north. The woman was seriously injured from behind the car going north right in front of the one driven by Mr. Pool.

**Before he left the morgue Mrs. Redding, who had struck the woman, stumpled and broke his right leg. The auto traveling north returned and conveyed Mrs. Redding to the hospital.**

### THE UNIVERSITY WOMEN'S CLUB

On Saturday evening, the University Women's Club met at Annesley Hall and had the privilege of listening to Miss Alice Raper, Hill, who has been so cordially received in Toronto. The members of the club were discussed and illustrated. The characteristics of a nation are universally reflected in its toys, and a striking relationship found to exist between the numbers of toys and the people's art, ideals and heroic qualities. There is a strong appeal in the jingle to the child's innate sense of rhythm, and many early lessons are learned from the apparently frivolous words of nursery rhymes. The speaker urged a deeper interest in the normal child, in health rather than in deviations from health, and in furnishing a worthy and suitable outlet for the natural, healthful play-instinct in children.

### BELMONT'S BRIDE WANTS DIVORCE

**Ethel Loraine, Actress, Lived With Millionaire just Two Weeks.**

**CHARGES NON-SUPPORT**

**Elopement Resulted in Protest by Raymond Belmont's Angry Father.**

**NEW YORK, Feb. 2.—The romance of Ethel Loraine and Raymond Belmont, who eloped and married in Jersey City last November, is about over after various interruptions by the bridegroom's angry father, August Belmont.**

**It was learned today that the papers in a separation action brought by Mrs. Belmont against her husband, will be filed during the week.**

**The former actress is suing on the grounds of desertion and non-support. The plea will include a demand for large alimony. After the marriage the young couple lived in the Gosford Apartments for two weeks and then he suddenly disappeared.**

**Efforts extending several days to serve Raymond Belmont with a summons in the case have failed and today vacation in South Carolina. Application will be made to the supreme court next week for permission to serve him by publication.**

**Mrs. Belmont, who continued her residence in the Gosford Apartments under the name of Ethel Loraine, left that address last week without giving any indication of her new address. Her lawyers say they are aware of her present address, but decline to give it out at her request.**

**Offers Them a Home.** Albert Loraine, father of Mrs. Belmont, reiterated his offer today to provide a home for the pair in case they ever come together. "As far as I can see it," he said, "it is only the young man's father who stands between them, and if he could be brought around to agree to their happiness, I would do everything that I could for them. They are quite welcome any time to take up their abode at my home."

**The romance between the two commenced three years ago and culminated in their elopement to Jersey City. The young man's father had been steadily opposed to the marriage all thru and when the marriage was announced it was said that he insisted that Raymond give up his wife.**

**New York Excursion, February 18.** A great many Torontonians have been looking for a special excursion to New York, and will be pleased to hear that the popular Lackawanna Railroad has arranged for an excursion on Thursday, Feb. 14. "The Boy and the Anthracite," which is exclusively patronized by "Miss Phoebe Snow," the young lady of another railroad excursion, will now come to Toronto travelers. The special round trip tickets will cost \$14.25 from Toronto, will be valid for 14 days, and will include C. P. R. trains of Feb. 13, and good for turning to reach Toronto any time to Feb. 22, inclusive. These special excursion tickets will be sold at all Grand Trunk and C. P. R. offices in Toronto, and at Grand Trunk and T. & E. R. offices in Hamilton. Arrangements have been made to sell the round trip tickets at rate of \$13.25 from Hamilton.

**The Lackawanna City Office, located at 75 Yonge street, has diagrams for the sleeping cars from Buffalo, thus enabling patrons to see the route and Pullman tickets in advance. This office will be pleased to furnish all desired information regarding time of trains, assist in arranging for hotel accommodation in New York and look after all details of the trip, in fact, just call up Main 4700 and you will be furnished the information will be forthcoming at once.**

### BONAR CHURCH IS 23 YEARS OLD

**Special Services Marked the Anniversary Which Was Celebrated Sunday.**

**PASTOR IS GRATIFIED**

**Condition of Church and Sunday School Gives Great Satisfaction.**

**Twenty-three years ago the Bonar Presbyterian Church, at the corner of College street and Lansdowne avenue, was founded with a membership of 46. Today it has 820 members. On the first anniversary of the church its Sabbath school enrolment was 77 young people. Today its enrolment is 118. These figures show the growth and progress of the west and of the church.**

**The "excellent" music of the 23rd anniversary yesterday with appropriate services. Rev. Alexander McNeill, pastor, presided. The church is now exceedingly prosperous. The value of the church property is \$75,000, and last year the church received \$11,000. One fact that stands out in high relief is that the Sunday school of the church is supporting a foreign missionary and his wife in Formosa.**

**There were three services on the occasion of the church's 23rd anniversary yesterday. In the morning the Rev. H. A. MacPherson preached a sermon the subject of which was "The Mission of the Church as a Watchman and as a Leader." He addressed the Sabbath school in the afternoon. His subject was "Growth." In the evening Dr. Gutz spoke of "The Prominent Value of Religion in the Home. All three services were appreciated by large congregations. Every seat in the church was occupied. The condition of the church and church property showed the thoroughness of the training it has received from M. C. MacIntyre, the capable choir leader. "The condition of the church gives me great satisfaction," said the pastor last night, "and especially the condition of the Sabbath school is very gratifying to me."**

**THREE NEW MEN IN LEGISLATURE**

**Two Make First Appearance Tomorrow and George Neely Comes Back.**

### NO MAN CAN EVER LEARN TOO MUCH

**Rev. John McNeill Advised Students to Work Hard at College.**

**"GOOD-BYE, RELIGION"**

**"See You Next Sunday," is Attitude of Some Church-Goers.**

**"Good bye religion. I'll be back next Sunday!"**

**That's what a great many church-goers say as they file out of God's temple after Sunday evening service, declared Rev. John McNeill of Cooke's Church at Convocation Hall last night. The preacher was condemning false pride and mistaken dignity as so-called Christians sometimes exhibit it.**

**"I have often faced big congregations where every face had a long, wise look, intended to be fitting to the solemnity of the occasion. To me the wisest expression of common sense and humility was to see worshippers suggest vacancy. Frequently those wearing it are at the same time wearing for the benediction and their next meal," said he.**

**Mr. McNeill deplored the unnatural pose Christians take on when meeting for common worship. He said he believed in the hearty smile, even at the most solemn moments, and it was his wish that the Master believe in it, too.**

### THREE MILLION LEFT TO MUSEUM

**James B. Hammond, Aged Typewriter Inventor, Bequeathed Estate to Art.**

**NEW YORK, Feb. 2.—The will of James Bartlett Hammond, the aged typewriter inventor and manufacturer, made public yesterday, leaves his estate of Art. He died last Monday at Augustine, Fla.**

**The estate, consisting of Mr. Hammond's typewriter factory and business, is not unlikely, it is said, to be appraised in excess of \$3,000,000.**

**It is reported that the Metropolitan Museum may have a long legal fight on its hands. Mr. Hammond had no children so far as any of his friends in this city know. He was married early in life, but was divorced many years ago.**

**A fight over the will, if it comes, will be made, it is said, by some person other than the divorced wife. She has never figured in any litigation with Mr. Hammond since the court separated the couple. He leaves two brothers and two sisters.**

**TOWING "MEXICO" TO PORT.**

**HALIFAX, N.S., Feb. 2.—(Can. Press.)—The Mexico, in tow of the Dev'nan, is not expected in port before late Monday night or Tuesday morning. The vessel was received today from the captain of the Mexico, in which he said: "Weather very bad all day yesterday. Sea high and rough. Holding on well." At that time the Mexico was 200 miles from Halifax.**

### BEATING C.P.R. TO IT

**LONDON, Feb. 2.—(C.A.P.)—The Times Vienna telegram says: "The Austro-American Steamship Company, which is financed mainly by the Deutsche Bank thru the Wiener Bankverein, announces it will institute monthly sailings from Trieste to Canada from March onwards. The destination will be St. John in winter and Montreal in the summer."**

### CHARGED WITH FERGUSY

**Clyde D. Ash, 246 Banton street, was arrested on Sunday by Detective Young, charged with forging the name of the Dominion Express Company.**

### HOTEL BURNED

**GUESTS ESCAPE**

**Cash and Jewelry Are Abandoned to Flames at Aiken, S.C.**

**AIKEN, S.C., Feb. 2.—(Can. Press.)—Park-in-the-Pines, a large hotel, was destroyed by fire at noon today. So rapidly did the flames spread that few of the forty-four guests had time to save any of their personal effects. All prominent couples without injury. Col. E. Dick, manager of the hotel, was overcome by smoke and carried from the building. The loss is estimated at \$100,000. Numbers shut off from escape went down fire escapes.**

**Mrs. John W. Nary of Trenton, N.J., left on her dressing table about \$2000 worth of jewelry. Several other guests reported large losses of jewelry and clothing. Deposited by the guests in the office safe was about \$2000 in cash, but so rapid was the progress of the flames that the clerks did not have time to save it, although the safe was opened at the time.**

### FIREMAN FATALLY HURT

**ERIE, Pa., Feb. 2.—(Ca. Press.)—Fire tonight destroyed a building of the Erie Forge Co. causing a loss of \$100,000. A fireman was probably fatally injured.**

### STOLEN AUTO

**ERIE, Pa., Feb. 2.—(Ca. Press.)—A young man whose name could not be learned received scalp injuries while skating on Grenadier Pond yesterday afternoon. He was taken home to a motor car by friends.**

### SHOT IN LEG

Single Rinks Play to Form In Second Round on Good Ice

Quebec Ottawa and Wanderers Win in N.L.U. By One Goal Each

SIXTEEN SINGLE RINKS REMAIN

Curlers Play Saturday on Fair Ice—The Fourth Round Tonight—Scores and Records.

The Toronto single-rink competition was reduced to the 16 on fair ice Saturday night. There was nothing surprising in the results, the games going generally as expected. There were three rounds and also one-sided contests. Three Grand Prix rinks won away from home, Wilson and Beatty, Ross of Toronto beat his club-mate by 20 shots.

Snow had to go an extra end to beat Cronyn. Trow led Blaylock with a four on the sixteenth, and had two corners partly guarded until the Aberdeen ship by a spectacular shot with his last stone.

District Cup Games Called For Tuesday

Magistrate Brunton, umpire in District No. 1, has called the teams together for tomorrow at 10 a.m. to start play for the cup. The draw will be made tonight at the Granite at eight o'clock, when clubs intending to compete are asked to have representatives present.

T.C.C. TEAMS PLAY AT ARENA TONIGHT

Both T. C. C. teams tonight will be in decisive battles at the Arena. The Juniors will meet Varsity at 7:30. The red-jersey Juniors need a victory to give them the district, while a win for Varsity will put the series up to the Juniors.

Ottawa Ice Races Saturday Card Today

OTTAWA, Feb. 2.—The Saturday card at the Hull Driving Club's meet had to be postponed until Monday, owing to the condition of the track. The horses broke thru the shell ice when they began to speed down for the first heat and then refused to start. The entire card was carried over.

Cap Loss on Sunday

NEW YORK, Feb. 2.—Jose B. Caplan, the Cuban chess champion, after winning ten straight games in the national chess tournament, today suffered his first loss today, meeting defeat at the hands of Charles Jaffe of this city. He still has a point and a half lead, however. Marshall, Janowick, Whitaker and Liebenstein defeated Tenenwurze, Kirle, Morrison and Zapolski respectively. Rubenstein-Chajes contest was adjourned.

Varsity seniors are scheduled to play in Kingston tonight, but should have no difficulty in trimming Jimmy Sutherland's pets.

Varsity Basketball Team Wins in London

LONDON, Ont., Feb. 1.—Toronto University won the basketball game here tonight. It was the opening intercollegiate series of the Ontario Basketball Association between the Western University five and Toronto University. The final score was 28 to 18 in favor of the blue and white. The Western University boys led at half-time by 14 to 9, and should have won the game, but their rough-house tactics lost for them. Line-up: Toronto (left)—Forwards, Favot, Brunat, Cleveland, third, Time 7:03. Ottawa (right)—Forwards, Favot, Brunat, Cleveland, third, Time 7:03.

DETROIT FIVE BEAT ESTONIAN TOURING BASKETBALL TEAM GET REVENGE FOR DEFEAT IN HAMILTON—THE PRELIMINARY

Coming from Hamilton, where they were defeated by the Y. team on Friday night last, the Detroit Y.M.C.A. basketball team took revenge by beating the West End five Saturday night on the local floor by 19 to 10. The boys were first to make their appearance, and gave a favorable impression in their particular red striped jerseys. The boys in the blue and white lined up practically the same as the week previous, when they played at the Arena. The exception being that Munro played forward in place of Ham. Play was fast and close, and when half-time was called Detroit were leading with the score 10-13.

CHICAGO SKATER WINS TWO TITLES Outdoor Speed Championships Decided on Saturday in Montreal

MONTREAL, Feb. 1.—The Canadian outdoor speed skating championships were held here today over the keenest possible competition. The Canadians held the high wind prevailing, the skaters made fairly fast time. The champions were as follows: 1000 yards, H. Jackson, M.A.A.A., won; R. McLean, Chicago, second; Time 21:35. 1500 yards, H. Jackson, M.A.A.A., won; R. McLean, Chicago, second; Time 31:35. 2000 yards, H. Jackson, M.A.A.A., won; R. Varsity Football Wins Over Peterboro

Varsity trimmed Peterboro Saturday afternoon at the Arena in a Senior O. H. A. fixture by the score of 8 to 0. The college boys were extended to the limit in order to win, and it was only after trying up the score several times that they were able to pull out a victory. Both teams put up a grand battle, and Peterboro did some of the best football seen in this city for some time. The varsity boys were the stars, and they displayed some pretty good football. Line-up: Varsity (left)—Forwards, Favot, Brunat, Cleveland, third, Time 7:03. Peterboro (right)—Forwards, Favot, Brunat, Cleveland, third, Time 7:03.

TORONTO AS GOAL BAND

MONTREAL, Feb. 2.—Going at top speed from start to finish, it was not until within forty-five seconds of the expiration of time that the Wanderers nosed out a three-to-two victory over the Toronto on Saturday night. For the second time this season, Oie Cleghorn, through one of his brilliant rushes, saved overtime being played by securing the overtime goal. The Wanderers were the victors in the opening game of the return to several months ago, when they were defeated by the 3000 persons in attendance at the Arena were treated to a surprise. The Wanderers took the result of the game as a foregone conclusion and looked for a one-sided victory. From the commencement of the play, Jack Marshall's hand of counters became the aggressor. The Wanderers were the aggressors, and the Toronto were the aggressors. The Wanderers were the aggressors, and the Toronto were the aggressors. The Wanderers were the aggressors, and the Toronto were the aggressors.

QUEBEC BEATEN IN OVER-TIME—SEVEN MAN HOCKEY GETS BAD SEND OFF IN LOOSE GAME

Tecumseh received another setback in their championship aspirations Saturday night at the hands of Quebec, who pitched the winning goal after thirteen minutes of overtime, beating the locals, 7 to 4. About 4000 fans saw the contest, and were ready to decide whether or not they favored six or seven man hockey. This was the opener of the seven-man game in this town in the N.L.U., and certainly proved freely. As an exhibition of hockey it was rank, especially of the seven-man game, and the fans naturally became prejudiced against the new style. It was like trying to make a pacer be a trotter. The old style clung to the game, and they could not get into the new style. There was another man on the ice, and the forward line was not as strong as in the old style. Both teams nearly always had three men on the defence, and no combination was made at all. The game was a physical and naturally not adapted to the new game, and, of course, they did not play the game. Another thing that helped to sound the knell of the new style was the checking back of the Quebec players, which they have never shown here before in any of their matches.

NEW MEN HELP OTTAWA TO BEAT CANADIENS

OTTAWA, Feb. 2.—Ottawa took the closest game of the season from the Canadiens, at the Laurier avenue Arena last night, winning by one goal to one. The checking was hard and close, so much so that it was not spectacular hockey and there was little combination on either side. Canadiens secured a lead of one goal five minutes after the start on a long shot from Donald Smith's stick and afterwards they played mostly a defensive game. There was no score thereafter in the first, none in the second, but in the third Ottawa presented the play and after four minutes' hard work Denison tied it up on a pretty play.

College Boys Win a Nip-and-Tuck Feature in Final Minutes of Play

Varsity trimmed Peterboro Saturday afternoon at the Arena in a Senior O. H. A. fixture by the score of 8 to 0. The college boys were extended to the limit in order to win, and it was only after trying up the score several times that they were able to pull out a victory. Both teams put up a grand battle, and Peterboro did some of the best football seen in this city for some time. The varsity boys were the stars, and they displayed some pretty good football. Line-up: Varsity (left)—Forwards, Favot, Brunat, Cleveland, third, Time 7:03. Peterboro (right)—Forwards, Favot, Brunat, Cleveland, third, Time 7:03.

QUEBEC BEATEN IN OVER-TIME—SEVEN MAN HOCKEY GETS BAD SEND OFF IN LOOSE GAME

Tecumseh received another setback in their championship aspirations Saturday night at the hands of Quebec, who pitched the winning goal after thirteen minutes of overtime, beating the locals, 7 to 4. About 4000 fans saw the contest, and were ready to decide whether or not they favored six or seven man hockey. This was the opener of the seven-man game in this town in the N.L.U., and certainly proved freely. As an exhibition of hockey it was rank, especially of the seven-man game, and the fans naturally became prejudiced against the new style. It was like trying to make a pacer be a trotter. The old style clung to the game, and they could not get into the new style. There was another man on the ice, and the forward line was not as strong as in the old style. Both teams nearly always had three men on the defence, and no combination was made at all. The game was a physical and naturally not adapted to the new game, and, of course, they did not play the game. Another thing that helped to sound the knell of the new style was the checking back of the Quebec players, which they have never shown here before in any of their matches.

INVESTIGATE BANKING CONDITIONS

In all parts of Canada, support is being given to the proposal made by Mr. W. F. Maclean, M.P. for South York, that before the Bank Act is renewed, an expert committee be appointed to investigate the situation in Canada, in the light of twentieth century knowledge and experience.

PREMIER WHITNEY AND TAX REFORM.

There is a great deal more unanimity on both sides of the legislature on the question of land tax than there is in the English House of Commons on the question of woman suffrage.

REVISION OF THE CANADIAN BANK ACT

This is the second of the three articles in regard to the Bank Act revision and submitted to The World by a western business man, located in Winnipeg. The World believes they are worth reading.

Canadians have an instinctive dread of an absentee proprietor. For them, the worst evils of Ireland are summed up in the phrase "absentee landlord."

Little did the Lower Province dream that a few years ago it would be a federal union, their home money and credit exchange institutions should be extinct or absorbed, their home industry under control by a central bank.

The time has come when the injured will fight to protect themselves. They have a reader means at hand than any other means.

There ought to be no difficulty in complying with the suggestion of ex-Congressman Spence regarding the proposed Spence at College and Spence avenue.
