Major H. D. Smith, Now at Front, Paid by Dealer.

HAD NO OBJECTIONS

Dr. Hinman, the Vendor, Said He Mentioned the Subject First.

WINNIPEG, Oct. 25.—That Major H. D. Smith, veterinary surgeon, now in England or France with the Canadian forces, accepted \$175 from Dr. Willett Hinman, horse dealer, the amount being fixed by Dr. Hinman as \$5 for each of 35 horses which Dr. Smith inspected and passed for the Canadian Government from Hinman's stables, was the evidence given by Dr. Hinman this afternoon before Sir Charles Davidson, at the first session in Winnipeg of the war supplies investigation.

Dr. Hinman said he collected \$10 from the owners of each horse which was sold from his stables; for "expenses," he told the owners. After the 35 horses had been purchased, Dr. Hinman said, he asked Dr. Smith if he would object to taking \$5 per head on them. Dr. Smith, according to the evidence, said he wouldn't object, and Dr. Hinman paid his \$75 and later \$100. John Thompson, K.C., counsel for the commission, was asked to know why he paid the money, since Dr. Smith didn't ask for it.

ACCOUNTS OF CREATION SHOW WIDE VARIETY

Comparing the two accounts of creation, as set forth in the first two chapters of the Bible, the Rev. George Shaw Cook, in a lecture at the Third Church of Christ, last night, showed that the account of the Bible is essentially different from that of the material which was lost sight of in recognition of the former fact. The University Avenue Church was crowded with between 700 and 800 people. The speaker was introduced by W. H. Parker.

ARMENIAN MURDERS DELIBERATE POLICY

Turk Government Made Up Mind to Destroy Whole Christian Population.

LONDON, Oct. 25.—Viscount Bryce, speaking at Manchester today, in condemnation of the Armenian massacres, said: "The Turkish Government made up its mind immediately after the war started to destroy the whole Armenian population. Pan-Islamism had nothing to do with it."

To Put on Flesh And Increase Weight

Most people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folk eat very lightly and keep gaining all the time. It's all about you that this is the nature of the individual, "isn't Nature's way at all. Most thin people stay thin because their powers of assimilation are defective. They absorb just enough of the food they eat to maintain life and a semblance of health and strength. Stuffed won't help them. A dozen meals a day won't make them gain a single "stay there" pound. All the fat-producing elements of their food just stay there in the intestines until they pass from the body as waste. What such people need is something that will prepare these fatty food elements for their blood and absorb them and deposit them all about the body—something too, that will multiply their red blood corpuscles and increase their blood-carrying power.

NEWS OF SPECIAL INTEREST TO WOMEN

WELFARE OF CHILD INTERESTS WOMEN

Forty per Cent. of Births in Toronto Not Registered, is Claim.

AT NATIONAL COUNCIL

Memorial to Miss Cavell Placed in Hands of Committee Appointed.

Executive meetings preceded the general session of the National Council of Women at Victoria College yesterday.

The subject of child welfare arising from a postponed resolution from the Vancouver Local Council took up a good deal of the afternoon. Mrs. Norman brought in a report showing the necessity for the establishment of a "Child Welfare Committee."

Speaking as president of the Toronto Council, Mrs. Huestis, while deeply interested in the welfare of the children, was opposed to the establishment of a special committee on the ground that present committees such as those on education, conservation, parks and playgrounds, etc., should cover the work.

After more discussion the matter was referred to a small committee, consisting of Mrs. Norman and the convenors of existing committees at present concerned in different phases of child welfare work.

An interesting visitor was given three minutes in which she managed to epitomize a good many points. Miss Christal Macmillan, who was introduced by the president, said she was glad to be again in Canada.

Miss Macmillan was one of the delegates and secretary of the international peace meeting at The Hague, and has been received by the "representatives" of many of the European nations.

Would Erect Monument. Referring to the resolution introduced by Mrs. Torrington, at the Sunday night recruiting meeting, on the death of the heroic nurse, Miss Edith Cavell, the suggestion was made that a national monument might be erected to her memory from a penny collection among the 600 school children of Canada.

The report on domestic service and unemployment was read by Mrs. L. Hamilton. The trained domestic, she stated, need never be out of employment. If many business firms had any knowledge of cooking or housework, they need not have gone hungry as they had done in the past winter.

WILL HEAR COMPLAINTS. As many complaints have been received regarding the cost of installing private drains and making water connections, a special meeting of the board of works will be held on Tuesday evening, Nov. 2, at 8 o'clock, when complaints will be heard.

Mayor Church's remarks made on Sunday as to the taking of a census of the city to find out how many men are eligible for overseas service have caused considerable excitement. The mayor maintains that the police commissioners have the right to take such a census, but when seen yesterday, City Solicitor Johnston refused to give any opinion.

"I direct my executors to pay to St. Jude's Church, Wexford, \$100," reads from the will of Mrs. Sarah McBeath, a widow, who died in Toronto, Sept. 4, last. The estate, which covers relations, amounts to \$6,868.

How To Prevent Premature Grayness

It is logical to assume that care which will prolong the normal health of the scalp will prolong the years during which your hair will retain its natural color. It is logical to assume that neglect of the hair and scalp, and that neglect of the various scalp troubles which always accompany dandruff, must impair the pigment-carrying cells, and thus hasten grayness.

ROME, Oct. 25.—An official statement issued today says: "Enemy aeroplanes made two attacks, separated by a short interval, upon Venice last night, throwing many bombs, some of which were incendiary. The first attack was about 10 p.m."

"One bomb fell on the roof of the Church della Scala. It crashed through the ceiling, which was ornamented with beautiful sculptures of Tiepolo. An incendiary bomb fell upon the piazza of the Cathedral of St. Mark, in front of the ducal palace, without doing any damage. Five other bombs fell either in canals or upon places in the city, where only slight damage was produced."

"The aeroplanes returned at about 11 p.m. One bomb fell in the court of an almshouse and set fire to houses of wood. Two other bombs exploded without doing any damage. No one was hurt."

WINNIPEG, Man., Oct. 25.—The investigation into the construction of law courts and central power station in Winnipeg, opened today before Chief Justice Mathers, sitting as commissioner, with the introduction of correspondence and tenders.

The National Construction Company, which C. H. Simpson was president of, was offered the contract but they refused to sign, stating there had been an error in their tender.

SIR SAM ESCORTED TO ARENA GARDENS

Members of I. O. O. F., Civic and Military Officials Form Parade.

VETERANS LOOKED FINE

Gathered at South African Monument and Marched to Great Meeting.

With 500 uniformed members of the Independent Order of Odd Fellows as an escort, the band of the Q.O.R., and the 19th Brass and Bugle Band, playing patriotic airs, General Sir Sam Hughes made a triumphant entry into the Arena Gardens last night, where he addressed the huge recruiting meeting held under the auspices of the I.O.O.F.

The procession, which was along King, Yonge, Shuter and Mutual streets, was witnessed by crowds who lined the streets, and in many places along the route the multitude was so great that it was difficult to keep the procession moving.

Cries of "Hurrah for Sam Hughes!" and "Good boy, Sammy!" were heard along the entire route. The start was made from the King Edward Hotel at 8.15, and was headed by a carriage drawn by four horses, which Sir Sam Hughes occupied, in company with B. Hooper, grand master; Joseph Oliver, past grand master; and Colonel Leslie. A second carriage followed with Premier Hester, Mayor Church, Past Grand Master John Hornbrook, and E. M. Clapp.

Numerous other carriages conveyed prominent citizens, military officers and officers of the order. The escort consisted of the two Ontario cantons of the order, with representatives from Hamilton and other Ontario cities, and was under the command of Dr. G. M. Hamilton.

After concluding his address at the Arena, Sir Sam was met by the same escort, which accompanied him down Yonge street to the Union Station, where an enthusiastic crowd cheered him as he left for Ottawa aboard one of the government coaches.

SEIZE ENEMY SHIPS IN NEUTRAL TRADE

British Order in Council Sees Protection of Non-Belligerent Flags.

WILL STOP ABUSES

Article Fifty-Seven of Declaration of London Formally Repealed.

LONDON, Oct. 25.—An order-in-council was gazetted today abolishing the force of article 57 of the declaration of London, which provides that the neutral or enemy character of a vessel is determined by the flag she flies. In lieu of this article British prize courts henceforward will apply the rules and principles formerly observed by them.

The reason given in the order for this change is that "it is no longer expedient to adopt such article, as gazetted, according to official information, in order to prevent the capture of a large number of vessels which are trading under neutral flags, but in reality are owned wholly or in part by Germany."

The order-in-council was expedited, according to official information, in order to prevent the capture of a large number of vessels which are trading under neutral flags, but in reality are owned wholly or in part by Germany.

Some British-owned vessels under Swedish flags, it is said, may be seen in the Baltic or other dangerous areas, but most of these vessels are now leaving such waters, as the season has closed.

A dispatch from London last Saturday said that the British cabinet had passed a list of 41 neutral vessels, 10 of which were American flags, together with a warning to British ships against chartering them, owing to the belief that they were engaged in neutral service.

They were engaged in neutral service, trade only with the belligerent allies or in unsuspected neutral trade would be eliminated from the list, the warning being to A. Jensen, or the American Transatlantic Co.

This is a market fortified by large margins, and with new buying power constantly coming in. Attempts to force realization meet with little success, and sales from abroad are all promptly absorbed, and with small commotion. This movement, and nearly all conditions justify such a continuation, with broadening of the market until it includes activity in all good stocks.

FAY CONFESSES ELABORATE PLOT

Four Arrests Follow Disclosure of Details of Big Conspiracy.

FOUR MEN ARRESTED

Another is Sought by Police—Secret Service Backed Plot.

(Continued from Page 1.)

thru was well received by the German secret service, that he came well enough supplied with money to act on his own responsibility, and that he talked with Captain Von Papeu, military attaché, and Captain K. Boy-Ed, naval attaché, and German embassy, about the plan, but they had refused to have anything to do with it.

The confession of Fay, who said he had been decorated with the Iron Cross for fighting in the Champagne district in France, covers his arrival in the United States on April 23 last, his making of clock-worked bombs since then and his activities in experimenting with explosives along the Hudson River.

The confession of Fay, who said he had been decorated with the Iron Cross for fighting in the Champagne district in France, covers his arrival in the United States on April 23 last, his making of clock-worked bombs since then and his activities in experimenting with explosives along the Hudson River.

Two other men were arrested today and another, making the fifth, was named in the complaint, but he had not been apprehended. The new arrests are:

Paul Daeche, Jersey City, N.J., who said he was a graduate of Cologne University and came to the United States in 1912.

Dr. Herbert Kienzle, 28 years of age, manager of a clock company; charged in the complaint with having aided in procuring explosive materials used by Fay; committed to the Tombs for examination Nov. 4.

In his complaint to Commissioner Houghton, Chief Flynn stated that Paul Scholz, formerly of the German army, had become a government witness.

The men are charged with conspiring to violate a section of the United States criminal code which says:

"Whoever upon the high seas or in any other waters within the admiralty and maritime jurisdiction of the United States, by surprise, or by open force, maliciously attacks or sets upon any vessels belonging to another with intent unlawfully to plunder the same or to deprive the owner thereof of any moneys, goods or merchandise laden on board thereof shall be fined."

Fay's Confession. Police announced that Fay had made a complete confession of his activities during his stay here, and that the prisoner gave out a statement to the newspapers. In that he said:

"My only object when I came to this country was to interfere with the enormous shipments of artillery ammunition to the allies. Being a manufacturer of clock-worked bombs, I was working for months on a reorganization of the traction services of Toronto, including radial street cars and trolleys, municipal owned lines in the city, and new radials to be built or acquired by the Hydro-Electric. That report may be of a very radical and sweeping character. According to a statement made by an official under Mr. Gaby, who is refusing to say any commission will hand in their report and recommendations on Nov. 1.

The report, it is understood, is still a secret and will be secret until handed in; but the mayor and controllers, it is believed, have been advised to hold up everything until the report is published, and this line of delay includes the tearing up of the rails of the Metropolitan, refusing to lay any city tracks in the meantime in their place or doing any real work on the Mount Pleasant Civic Line, and of fighting in the courts wherever possible.

Sir Adam Beck may have a big plan for radials including the Metropolitan and it may fit in with his policy to hold up everything till the report of the commission is put in.

The citizens may yet be willing to stand for the inconvenience that they have suffered if something quick, substantial and progressive is to be upheld.

INSPECT NEW BRIDGES NEARING COMPLETION

A visit of inspection was made yesterday by the York Township Council in connection with the opening of three fine new bridges, now nearing completion, one on the Lansing side road west and the other a big culvert to the east of Yonge, and a quarter mile further north on the end concession of East York.

The Lansing structure will be known as the W. A. Clarke bridge, in honor of the clerk of the township. The cost will be about \$6000. Another culvert between Markham and York will cost \$700.

LEAMINGTON STARTS CAMPAIGN.

LEAMINGTON, Ont., Oct. 25.—The campaign in progress here for the benefit of the British Red Cross Fund is being energetically pushed along. A thorough canvass is being made. The society expects to be able to send a sum amounting to about \$3000 from the Town of Leamington and a like amount from the Township of Mersea. Large amounts have been subscribed, crowning the first day of the campaign with success.

Veterans in Parade. To the tune of "We'll Never Let the Old Flag Fall," the veterans of '66, their breasts glittering with medals won thru "doing their bit" for their country, swung along last night in their parade to the Arena, where they attended the recruiting meeting.

The parade, which was in charge of Capt. J. K. Macdonald, gathered at the South African Memorial in the city and in line, many of whom had to support themselves by walking sticks, the roll was called.

With William Gibson bearing the flag, which was presented to the society by the women of Toronto, and the Grenadier Band playing patriotic airs, the parade passed along Queen, Yonge, Shuter and Mutual streets to the Arena.

YORK COUNTY AND SUBURBS

FIGURES FOR YORK UNDER EXPECTATION

About Eight Thousand Dollars Contributed for British Red Cross.

ACCOUNT FOR THE DROP

Many Who Reside in Township Work in City and Gave Here.

York Township Council did not realize the substantial amount aimed at for the Red Cross by the members of the council in the township, as well as the receipts of the British Red Cross Society. While no specific sum was named by the committee, it was hoped in the earlier stages of the canvass that \$25,000 might be raised. The amount, however, the collectors have not yet returned is \$8,000.

The apparent discrepancy is accounted for in the fact that hundreds of men who were employed in the city and are resident in the township, gave their contributions in the larger municipality, hundreds of them their day's pay, which was a long way toward raising all the money which the township council had set its heart on.

On the part of these representatives, however, last night there was nothing but commendation for the showing made under the circumstances. "No man is more worthy than he," said the township council, "and while it swells the city's total it reaches the same end. In the long run it is all right."

LATE MRS. P. KLINE BURIED YESTERDAY

The funeral of the late Mrs. Peter Kline, whose death took place at "Kingswood" on Oct. 24, was held yesterday from the residence of C. F. Wright, a son-in-law, 175 Western avenue, to the cemetery. There were present a large attendance of relatives and friends. Rev. R. J. Trethewey, pastor of the Church, officiated. The floral offerings were beautiful.

EXPLAINS THE MIDDLE OF YONGE ST. RAILWAY

Citizen Says Engineer's Report Secret Until Handed in—Meantime, a Hold-Up.

"I can explain the street railway middle up Yonge street in only one way," said a citizen last night.

A commission of three engineers, Harris (city), Gaby (Hydro-Electric) and Gaby (Hydro-Electric), has been working for months on a reorganization of the traction services of Toronto, including radial street cars and trolleys, municipal owned lines in the city, and new radials to be built or acquired by the Hydro-Electric. That report may be of a very radical and sweeping character. According to a statement made by an official under Mr. Gaby, who is refusing to say any commission will hand in their report and recommendations on Nov. 1.

The report, it is understood, is still a secret and will be secret until handed in; but the mayor and controllers, it is believed, have been advised to hold up everything until the report is published, and this line of delay includes the tearing up of the rails of the Metropolitan, refusing to lay any city tracks in the meantime in their place or doing any real work on the Mount Pleasant Civic Line, and of fighting in the courts wherever possible.

Sir Adam Beck may have a big plan for radials including the Metropolitan and it may fit in with his policy to hold up everything till the report of the commission is put in.

The citizens may yet be willing to stand for the inconvenience that they have suffered if something quick, substantial and progressive is to be upheld.

INSPECT NEW BRIDGES NEARING COMPLETION

A visit of inspection was made yesterday by the York Township Council in connection with the opening of three fine new bridges, now nearing completion, one on the Lansing side road west and the other a big culvert to the east of Yonge, and a quarter mile further north on the end concession of East York.

The Lansing structure will be known as the W. A. Clarke bridge, in honor of the clerk of the township. The cost will be about \$6000. Another culvert between Markham and York will cost \$700.

LEAMINGTON STARTS CAMPAIGN.

LEAMINGTON, Ont., Oct. 25.—The campaign in progress here for the benefit of the British Red Cross Fund is being energetically pushed along. A thorough canvass is being made. The society expects to be able to send a sum amounting to about \$3000 from the Town of Leamington and a like amount from the Township of Mersea. Large amounts have been subscribed, crowning the first day of the campaign with success.

Veterans in Parade. To the tune of "We'll Never Let the Old Flag Fall," the veterans of '66, their breasts glittering with medals won thru "doing their bit" for their country, swung along last night in their parade to the Arena, where they attended the recruiting meeting.

The parade, which was in charge of Capt. J. K. Macdonald, gathered at the South African Memorial in the city and in line, many of whom had to support themselves by walking sticks, the roll was called.

With William Gibson bearing the flag, which was presented to the society by the women of Toronto, and the Grenadier Band playing patriotic airs, the parade passed along Queen, Yonge, Shuter and Mutual streets to the Arena.

WYCHWOOD RESIDENT GIVES HIS OPINION REGARDING ERECTION OF NEW FIRE STATION.

"Now that the plans are passed and the sum of \$30,000 appropriated by the city for the erection of the new Wychwood Fire Station, it is a pity that the money could not be saved and employment given if operations were commenced as soon as possible," said a prominent Wychwood resident yesterday.

"I figure," he continued, "that at the present time the city is spending \$20,000 on the new fire station, while the weather is open and material is cheap. In the winter, when the roads are closed and the price of material is high, it would be a large number of portable hoists. The new fire station is almost one and a half miles from the city, and it is a pity that the money could not be saved and employment given if operations were commenced as soon as possible."

SIXTY-SEVENTH ANNUAL REPORT OF THE CONSUMERS' GAS COMPANY OF TORONTO

Year Ending 30th September, 1915

In view of the many adverse conditions which have surrounded all classes of Public Utility undertakings, your Directors believe that although there has been a slight decrease (1.2 per cent.) in the revenue from gas sales, the result of the year's operations of this Company, ending on the 30th day of September, 1915, will be satisfactory to the shareholders.

Owing to the retarded activity in the development of suburban districts and the reduced number of new buildings being erected, there has necessarily been a smaller mileage of street main extensions needed, than in some of the former years. However, 15 miles of mains have been laid during the year, and 3124 new services have been installed.

Operating costs have increased, items of additional expenditure being generally of an uncontrollable class. These items are principally, either directly or indirectly, War Taxes. The imports of raw materials have been increased, and have been made subject to a special tariff imposed by the Dominion Government of nearly 25 per cent. In Municipal Taxes. There has been an increase of nearly 25 per cent. in Municipal Taxes.

Having these important facts in mind, the Shareholders will realize the necessity for every Department of the Company being operated at a maximum of efficiency, and at a minimum of expense. In these respects the officers of the Company have endeavored faithfully to carry out the policy of the Company, with the result that the revenue derived from the sale of the Company's products has been sufficient to cover operating expenses, the actual cost of repairs and renewals, interest charges, and dividends.

More than two hundred of the Company's employees have enlisted for, and are engaged in, active military service, and your Directors have considered it their duty to grant liberal financial assistance to the wives and families of these employees, making it unnecessary for any of them to become a charge upon any public fund.

The Shareholders are asked to confirm the action of the Directors in this regard, and also to express their approval of a subscription of Two Thousand Dollars (\$2,000.00) made by the Directors, on behalf of the Company, to the Belgian Relief Fund.

Among the employees who have not enlisted for active service special subscriptions for patriotic purposes have realized the sum of Three Thousand Three Hundred Dollars (\$3,300.00).

The following statement for the past, as compared with the preceding year, shows:

Table with 3 columns: Year ending 30th September, 1915; Meters; Gas Sales. Shows an increase of 2,900 meters and a decrease of \$29,498.27 in gas sales.

The following gentlemen were unanimously re-elected Directors for the ensuing year: A. W. Austin, H. Campbell, Sir Wm. Mortimer Clark, K.C., L.L.D.; Wellington Francis, K.C.; F. L.M. Grassett, M.D.; John Hoskin, K.C., L.L.D.; D.C.L.; Herbert Langlois, Thomas Long, Sir Edmund Osler, M.P.

At a meeting of the Board held subsequently, Mr. A. W. Austin and Mr. Wellington Francis, K.C., were unanimously re-elected President and Vice-President, respectively.

Mr. T. A. Crow of Toronto is also showing his well-known horses there, too. Lady Beck (saddle horse), Mr. Bob Graham (ponies) and Mr. J. J. Dixon (harness horses) are three Canadian jockeys at New York, where over \$50,000 will be offered in prizes.

The sale of the famous Elmendorf stud, property of the estate of the late James B. Haggin, Lexington, Ky., takes place on the farm there Thursday, Oct. 28, when seventy brood mares and thirty yearlings will be sold, also the famous horse, Ballou, formerly owned by Mr. Madden, who may probably be purchased.

It is probable that Ballou will bring something in the neighborhood of \$50,000. Mr. Robert Davies will probably be a Canadian purchaser at this sale.

Dode Burkart was out with T.R. & A.A. last night, and the rest of the team reported in good shape after Saturday's strenuous battle.

HOCKEY WAR GETS UNDER WAY. PATRICKS FIRE FIRST GUN.

The Patrick's have carried out their threat. The hockey war between the Coast League and the N.H.A. is on. Frank Patrick wired Harry Holmes, the Toronto net guardian, yesterday, to name his terms to play at the coast this winter, and also stated that several other eastern stars will be approached, few, if any, of the eastern players have signed contracts to date, and the war will have a tendency to increase the salaries in the east. Holmes is undecided yet where he will play.

Quebec Amateur Athletic Officers

MONTREAL, Oct. 25.—At the annual meeting of the Quebec branch of the A. U. of Canada, held in the M.A.A.A. clubhouse, the recommendations of the board of governors that alterations be made in the boxing rules, principally that the length of the rounds be reduced from four minutes to three minutes, and that an official handicapper for the branch be appointed, were the principal items of interest discussed.

Reports were heard from the boxing championship committee, permanent committee, and board of governors, all of which were satisfactory.

Two new clubs were granted affiliation with the branch—the LeViolette Club of Three Rivers and the Paquette Association of St. Bonasid.

The following clubs were represented: P. J. McCrory and J. J. Ryan, Shamrock; Fred Davison and H. A. Clark, M.A.A.A.; A. S. Lamb, S. Baldwin, R. Wollatt, E. G. Cushing, and Dr. McMillan, McGill University; N. J. Grandchamps, P. Langer, L. A. D'Amour, H. Dice and E. Taylor, 1184 St. Lawrence; C. N. Chamberland, La Casquette Association.
