Old age and conservatism are generally closely associated in the minds of most people, especially in connection with a business house. Sound business principles may keep an establishment moving prosperously, but it is only the progressive, up-to-date concern that takes the highest place in the public estimation and secures the largest patronage of the public's trade.

The millinery department occupies the whole of the two top floors of the building and a big store is constantly creating new designs for the hat of the day. Any design can be reproduced here, and any suggestion of a customer carried out. On the next floor below is the showroom. It is attractive enough to delight the heart of even the most fastidious customer.

For the Housekeeper.

The old-fashioned way of cleaning silver involved altogether too many steps and was a tedious and injurious affair. The new method is simple and quick, and does not damage the silver.

PERSONAL.

SHERBROOKE, Que., Sept. 10.—(Special).—To-morrow morning the governor-general and party, comprising Lady Grey, their two daughters, and Capt. Newton and Hon. Sydney Fisher, will take train to Magog, where they will be met by Mr. and Mrs. E. Goff Penny, Mr. and Mrs. Roswell Fisher and Mrs. Routledge, and the residence of Mrs. Fisher.

When house-cleaning a room do not forget to pass a damp cloth over the mouldings. The amount of dust collected there will surprise you, and will, if left alone, shake down gradually on your clean furniture.

Gossamer of Horses and Horsemen Incident of a Trotter's Lameness

Dr. Strong, 2.05 3-4, Now A Right Again—Veterinarian's Mistake—Local Harness and Polo Meetings To Day.

That experienced and clever veterinarian and also experienced horsemen do not know it all when it comes to a case of lameness in a horse is evidenced by the fact that the gossamer trotting gelding, Dr. Strong, 2.05, that was a sensational trotter on the Grand Circuit and in the inter-city matinees a few years ago, is now racing sound down in Pittsburg, where he is owned by the wealthy Pittsburg, S. A. Pickering.

In the hands of the veteran reitman, Ed Geers, conceded to be the foremost of horsemen on the trotting tracks, Dr. Strong went lame, and after a season's trial, Geers passed him up as hopelessly broken down. Then some of the cleverest of veterinary surgeons in the State of Ohio were called in, with the result that they, too, like Geers, pronounced the horse useless as far as racing was concerned, and Mr. Pickering relegated him to a large box stall.

Charles Cohen, a young man who had been caretaker of the horse during his racing days and who was practically unknown in the horse world, requested Mr. Pickering to allow him to try his hand with the horse, and he was granted the use of the horse, with the understanding that Cohen's ideas regarding the horse's lameness were correct and that the other veterinarians were wrong.

The trouble with Dr. Strong was a series of splints that extended from the knee down to the hoof, and Cohen was successful in entirely removing them by a method peculiarly his own.

TO PROSECUTE JURORS WHO NEGLECT REQUESTS

Some of Them Attend to the King's Business in a Slovenly Way.

Coroner Crawford's jury last night returned a verdict of accidental death in the matter of the death of Oscar Britton, who was crushed between a lorry and a wall in the Star lane. The driver was exonerated.

Morton Allen, the driver, said he had tried to get the horses to go ahead, but before the traces were tightened the damage was done. John Noonan, John Adams and Chas. Collett gave unimpaired evidence.

One of the jurors had to be sent home owing to his having imbibed too freely. Several complaints, it is understood, have been made about the manner of attending adjourned inquests, some being late and some not showing up at all.

Prosecutions of delinquents in the police court may be resorted to.

FIREMEN WERE FINED.

Chief Thompson Imposed Fines on Trio for Infractions.

Chief Thompson reported to the civic fire and light committee yesterday that for "flagrant violations of the rules and regulations governing the fire department, committed while on duty, the salaries of three members of the department were approved. It being \$3 per month for months of August and September, and two, \$5 each for the month of August."

The recommendation of the chief, that 70 feet of 6-inch water main be laid down on the lane running east from Bay-street to the north of the National Club, was approved, it being explained that the main was necessary to give proper fire protection to the rear of several properties fronting on Bay, King and Adelaide-streets.

KIDNAPPED HIS CHILD.

Arrested at Ferry and Mother Gets the Boy Again.

WINDSOR, Sept. 10.—(Special).—R. W. Scott of Seaforth invaded the apartments of his wife in Detroit and snatched his two-year-old boy from the mother's arms when she was preparing him for bed. Scott ran out and boarded a car.

He got as far as the Windsor Ferry, where he was apprehended and taken to the police. The mother was notified and secured her child.

Scott was released and crossed to this city.

CHINESE POLITICS.

Influence of Yuan Shi Kai Again Demonstrated.

PEKING, Sept. 10.—The aggressive influence of Yuan Shi Kai was further demonstrated to-day. Liang Tun Yuen, one of Yuan Shi Kai's men, has been appointed minister to Washington and made an acting member of the Wu Wu Pu, or board of foreign affairs.

Numerous officials have been cashiered because of their denunciation by Yuan Shi Kai, who is fortifying his position before his arrival here of Chang Ching Tung.

THE NEW ORGANIST.

F. G. Killmaster, B. A., Appointed to Church of the Redeemer.

F. G. Killmaster, B. A., has been appointed organist and choir-master of the Church of the Redeemer, Bloor-street, and will enter on his duties this week.

Mr. Killmaster is an arts graduate of Toronto University, and for the past two years has held the professorship of music at Upper Canada College, and has been assistant organist to Dr. Albert Ham of St. James' Cathedral.

A FAST VOYAGE.

PORT COLBORNE, Sept. 10.—The steel steamer "Aman," built by Messrs. William Dobson & Co., Newcastle-on-Tyne, for the Mutual Steamship Company, Limited, operating under Dominion charter, passed into the Upper Lakes to-day. The Canadian made the fastest time across the Atlantic ever made by a lake vessel, about twelve days.

WILL STAY AT KEYS.

CHICAGO, Sept. 10.—Telegraph operators working under contracts with brokerage firms and newspapers will continue at work. This decision was reached at a meeting of such operators last night.

Western Fair, London. Only \$2.55 for round trip to London via Grand Trunk on Sept. 12; \$2.40 for round trip on Sept. 11 and 13. All tickets valid returning from London on or before Monday, Sept. 16. Secure your tickets at city office, northwest corner King and Yonge-streets.

Master Bakers Convene. CHICAGO, Sept. 10.—The National Association of Master Bakers convened here to-day. About 1000 of them were in attendance from all parts of the United States and from Canada, Bermuda and South America.

\$4000 Bail.

Bail in the sum of \$4000, was granted by Judge Anglin to John Macdonald, a farmer, of Richards Township, Renfrew County, who is charged with a serious offence against Josephine Lafleur, a girl of 13.

Farewell Banquet.

A farewell banquet was tendered to J. G. Wilson, former M. P. for the E. McLean book and law department, by the staff at Williams' Cafe on Monday night. E. S. Jackson presided.

C.P.R. Earnings.

MONTREAL, Sept. 10.—(Special).—Traffic for the week ended Sept. 7, 1907, was \$1,441,000, for the same week last year, \$1,357,000.

SHORTS ACTIVE BUYERS OF TRETHEWEY STOCK

Cobalt Stocks Steady in the Face of a Weakness in Other Markets.

World Office, Tuesday Evening, Sept. 10. The markets for Cobalt stocks to-day were under the adverse influence of irregular and weak stock markets, but despite this the active issues showed a marked steadiness after the recent rallies. The trading was not broad, interest centering principally in a few issues. Of these Trethewey disclosed the most extensively dealt in, several thousand shares of this stock changing hands on the two markets. Yesterday's rise in Trethewey disclosed a sharp interest, which was eager to cover, and the reaction to-day was a direct result of this buying. Foster was thoroly inactive, the demand involving only a couple of hundred shares. There was a fair demand for Cobalt Central, because of its activity and strength on the New York curb. The other issues were dull, with a little demand to buy as to sell, but the undertone to the list as a whole showed no loss from its recent betterment.

Plant is Enlarged.

Work has been started on the new structure of the Hanson Consolidated Silver Mine at Port Arthur, which is to contain thirty additional stamps, bringing the total up to fifty stamps. The purpose of the management is to keep adding stamps until 150 are working. A contract was closed last week for an additional air compressor, a six drill Canadian-Rand similar to that ordered and placed last month.

Increases Acreage.

The Cobalt-Lorrain Mining & Development Co., Limited, which was formed last April, has just secured ownership of some nine claims, covering 380 acres, situated in the Township of Lorrain, on Lake Temiskaming. This is said to be the largest acreage actually owned by any company in this region other than the Nipissing Mines. These claims are surrounded by, or near, a number of working and producing mines. The company is capitalized at \$1,500,000, divided into shares of \$1 par value. There has been issued only some 750,000 shares, of which a little over 700,000 shares was paid for the property. The president is C. T. Silby, formerly a large builder of fire engines in America, and who has large interests in the Cobalt camp. The vice-president is W. Channing Burbank of the New York Stock Exchange firm of E. W. Williams & Burbank, and the treasurer and secretary is A. W. Morrison, one of the vice-presidents of the Louisville & Nashville Railroad Co. The board of directors also includes Beverly Bogert of the New York Stock Exchange firm of Hartshorn, Bogert & Battelle.

New York Curb.

Charles Head & Co. report the following closing transactions and sales on the New York curb:

Nipissing closed at 7 1/2 to 7 3/4, high 9 3/4, low 7 1/2; no sales; Cobalt Silver, 1 to 1 1/4; Cobalt Central, 2 to 3, high 3 1/2, low 2 1/4; Foster, 2 1/2 to 3; no sales; Green-Meehan, 25 to 30 sold at 25; King Edward, 1/2 to 1, 100 sold at 7/8; McKinnley, 1/2 to 3/4; no sales; Red Rock, 1/2 to 3/4; no sales; Silver Queen, 7/8 to 1, high 9/8, low 7/8; Silver Leaf, 6 to 8, high 6 1/2, low 6; Trethewey, 22 to 25, 600 sold at 24 1/2; Boston curb: Silver Leaf closed at 6 to 7, high 8, low 5, 17,000; Abitibi, 8 to 9, 17,000.

The Great English Remedy. It cures colds, coughs, and whooping cough, and is the best for all respiratory ailments.

A NEW GOLD MINE

THE CRAWFORD PROPERTIES at Otto Lake on the T. & N. O. Railway, probably one of the biggest and richest in all Ontario's newly discovered Gold Fields.

THE CRAWFORD UNDERWRITING SYNDICATE

Each \$15 Membership Will Be Given 100 Shares Crawford Stock

The Crawford mining properties—partly in the northern part of Otto Township, and partly in the unsurveyed territory just north of Otto Township at Otto Lake, and consisting of six 40-acre claims on the T. & N. O. Railway, four miles north-west of Boston Station, ten miles south of the height of land, are now proven to contain immense deposits of ore—gold, silver, nickel, and lead, with other minerals.

Mr. Middleton Crawford, a careful, experienced mining engineer, has been at work with a force of men for the past three months, developing these properties.

SHAFT NO. 1 is now down 25 feet, on a vein of ore fully 4 feet wide, carrying high values in lead and silver, with some gold.

SHAFT NO. 2 is now down about 25 feet, on a vein fully 15 feet wide. Four feet of this vein is Jasper quartz carrying good average gold values, and increasing with depth. This ore should yield a depth of about 100 feet from \$30.00 to \$100.00 per ton gold. Five feet of this vein is a solid body of white iron, carrying nickel, silver, arsenic, and gold values. The rest of the vein is a fine-looking, milk-white quartz, carrying gold and silver values.

SHAFT NO. 3 is now down about 20 feet in a ledge of sugar quartz from 50 to 200 feet in width, and carrying gold values of \$10.00, \$20.00, and \$40.00 per ton up. This great ledge gives promise of becoming one of the biggest and richest ever discovered.

ALL THIS WORK HAS BEEN DONE UPON THE CRAWFORD PROPERTIES TO ACTUALLY PROVE THE EXISTENCE AND PERMANENCY OF THE VEINS OF ORE, BEFORE DOING ANY NEWSPAPER ADVERTISING FOR THE SALE OF STOCK.

BOOKS FOR SUBSCRIPTION

to the \$15.00 underwriting memberships, giving 100 shares of Crawford stock for each \$15.00 membership, will positively close September 25th, or sooner, if amount is subscribed for. After that date Crawford stock will not be sold for anything like this price.

Mr. Middleton Crawford will be the President and Manager of the Crawford Company, and Mr. D. H. Hulbert, of D. H. Hulbert and Co., will be the Secretary.

The Crawford Company will have only 600,000 shares of \$1 each.

Subscriptions for \$15.00 memberships can be paid for in full with application, or if more convenient, one-half with application and balance in 30 days.

Payment should be made to the financial agents, this underwriting will close as stated, on or before September 25, when stock will be allotted and certificates delivered to subscribers as soon as possible thereafter.

Make all applications and payments to the financial agents:

REDDICK EXTENSION GOLD MINING SYNDICATE, OF LARDER LAKE. CAPITAL \$15,000. 600 SHARES, \$25.00 EACH.

This claim, known as H. F. 32, is conceded to be one of the best in the Larder Lake district and adjoins on the west side the principal claim of the Lucky Boys, and is one claim distant from the famous Reddick and Cherterville claims. It adjoins the K. Farah (Big Pete) on the north and is equal to any claim in the Larder Lake district.

The vein on this property is 12 feet wide on the surface, the sides not having yet been found. Thousands of tons of ore are in sight, and a general assay taken from the entire width of the vein ran \$31.60 in gold to the ton.

Enough pay ore is in sight to keep the largest stamp mill running for years.

Capital only \$15,000, divided into 600 syndicate shares of \$25.00 each. A mill run will shortly be made, after which the shares will have a big advance.

Look up the capital of the adjoining properties, LUCKY BOYS (\$260,000), for instance, and others in proportion.

JUNCTION TRUSTEES MAY ADOPT CITY IDEA

Talk About Building Portable Schools—Jury's Verdict Accidental Death.

TORONTO JUNCTION, Sept. 10.—As L. J. Applethart was crossing the tracks at the corner of Keele and Dundas-streets, in his automobile this afternoon, the machine collided with a Dundas street car. The street car was backing up on the "Y" in front of Molsons' Bank and struck the automobile amidships. Mr. Applethart was not injured and although his machine was somewhat bent, he was able to proceed to the Canada Cycle and Motor Co.'s works, where he was proceeding when the accident occurred.

A live wire set fire to a telegraph pole on Dundas-street near the Peacock Hotel, about 7 o'clock this evening. The Stark T. L. and P. Co. were notified, and they sent a man to repair the insulation before any damage resulted.

On Saturday afternoon a team of horses, at the C. P. R. station, got frightened and ran away, and the driver, Wiggins, was thrown to the ground. The team started down the Weston-road at a terrific pace, and serious trouble might have resulted but for the promptness of William Brown, hotelkeeper on the Weston-road, who, at the risk of his own safety, jumped on to the wagon, and after considerable trouble, succeeded in getting the horses under control.

Mrs. Hazelwood of Cliffond, Ont., mother of Rev. Dr. Hazelwood, is visiting at her son's residence, 177 Park-avenue.

A fire alarm was sent in about 9 o'clock to-night from the C.P.R. yards, where a cord of wood was on fire. The blaze was extinguished before much damage was done.

In police court yesterday William Timney, 29 Davidson-road, Toronto, appeared on a charge of the theft of a loaf of bread from the Nasmith Co. He was allowed to go on suspended sentence.

Frederick Yott, 51 Argyle-road, was charged with disorderly conduct. He was allowed to go on suspended sentence, but was warned by Police Magistrate Ellis that the Central Prison awaits him next time he appears in court.

John George Bidolph, 314 Franklin-avenue, Toronto Junction, was charged with the theft of some lumber from the Union Stock Yards. Bidolph, who is an Englishman, who has been in this country about 15 months, was caught in the act of carrying the lumber away. He was fined \$1 and costs or 15 days in jail. He paid the fine.

The adjourned court held in the Junction to-day. Judge Morgan disposed of 22 cases. That of Goldthorpe v. Price, both residents of the Junction, who were part owners of a horse which had been sold at a loss and they could not agree to the proper division of the sale price. Price was employed by Goldthorpe as a teamster and part of the horse he should have received got mixed in with the horse money and became a hopeless muddle. Goldthorpe was the plaintiff, but after much discussion Judge Morgan gave judgment to the defendant, on the plaintiff's claim, Goldthorpe having to pay \$50 and the cost of the court.

Joseph Bone sued Robert Grey, both residents of the Junction, for damages to furniture and household effects. Bone had given the goods to Grey to put in storage, and while in his keeping they had been soaked with rain and damaged in many ways, rendering the value of the articles only about half what it should have been. The plaintiff claimed \$100 compensation, but he was allowed \$60, the greatest amount that can be granted in a division court case.

The case of D. Rowntree, Jr., for damages against George C. Hayes, executor for the Wheelock estate of Weston, was adjourned till the next meeting of the court in October.

At the regular meeting of the school board to-night, the crowded session of the schools was further discussed. In the lowest form at Elizabeth-street school there were 35 pupils present in one room yesterday. The cement floors in Annette-street school are laid and will be dry in a few days.

Miss Marion F. Ashbury of Niagara-on-the-Lake has been selected as an occasional teacher for the staff of Western-avenue school, and will be

made a permanent teacher on the approval of the supervisor. The property committee recommended that the request of the Junction school caretakers for a 5 per cent. increase in salaries be agreed to, which will give them \$1200 per year. The board after some discussion appointed Trustees Wright, Dodds and Hall as a special committee to confer as to ways and means to relieve the overcrowding that exists in all the schools at the present time.

NORTH TORONTO.
Prospective Chief Officers Make Early Application.

NORTH TORONTO, Sept. 10.—Applications are already coming in for the position of chief constable for the town even before the resignation of Chief Morris is accepted by the council. As the change for the position of chief constable has to be made, Mr. Morris accepted a position at Edmonton, some ratepayers favor the appointment of a police commissioner, consisting of the senior county judge, the county police magistrate and the mayor of the town, and thus relieve the town council of the responsibility of directing and dictating to the town's police officer. Wherever this system has been tried satisfactory work is obtained from the police force, as by this system a councillor cannot dictate to the officer and another councillor counteract the order received.

Did you leave your order for one or more copies of next Sunday's "World"? The special feature of that issue contains over three pages of descriptive and illustrated matter of the Town of North Toronto. Everybody should order a number of copies to send as a souvenir to their distant friends. Send your order to J. M. Letsche, Eglington P.O. and secure prompt delivery.

Rev. T. W. Powell, rector of St. Clement's Church, solemnized a marriage in the church last night. The parties were William H. Gossage of the town and Miss Jessie Millington, who arrived from England yesterday. The bride and groom were entertained at a wedding luncheon at the home of Mr. and Mrs. Palmer, Sherwood-avenue, on which street the newly married couple will reside.

Mr. Hartley, clerk of the local branch of the Bank of Montreal, reported for duty to-day, after spending several weeks in the hospital, to a bullet wound received in his leg by the accidental discharge of a revolver. Mr. Hartley is still walking.

It was decided at the meeting of the Brotherhood of St. Andrew, held last night at St. Clement's Church, that a men's bible class is to meet on Monday evening, and for which an invitation and reception committee was appointed.

W. A. Quinton, conductor on the Metropolitan Railway, and his sister, Miss Agnes Quinton, are spending a few days with Mr. and Mrs. G. E. Coon of Yonge-street and Eglington-avenue.

The adjourned court of revision for the lighting of Broadway-avenue as a local improvement was in session last night, and as a majority of the property-owners were against the improvement, and the mayor stated that the electors would have a chance to vote on the electric bylaw in January next, the petition was shelved.

The finance committee held a meeting last night, and recommended thirteen local improvement bylaws for the issue of debentures. The resignation of Chief Constable Morris was received and recommended to the council for its acceptance. Accounts for the small-pox patients are beginning to come in, and some totaling \$73.42 were passed to-night.

ISLINGTON.
Council Put Thru a Number of Business Matters Yesterday.

ISLINGTON, Sept. 10.—The regular meeting of the Etobicoke Township Council, held yesterday in the council hall, Reeve Evans presiding, was attended by all the members, with the exception of Councillor Warner, who was prevented through illness. The most important matter disposed of yesterday was the passing of a by-law to issue debentures for the sum of \$18,000 for the purchase of two acres of land on the lake shore, and the erection of a new schoolhouse, to be known as New-Toronto-section 13. The rapid increase in the growth of the western suburb is responsible for the necessary outlay.

The season is now so far advanced that the proposed cement sewer on Sixth-street will not be begun until next spring. Possibly the grading will be finished before winter.

Residents around Victor and Southampton-avenue want a storm sewer built to Stanley-avenue, and from that point to the creek. It was agreed that the work is a necessary one, and tenders will be advertised for at once. The railway stop opposite the residence of Mr. Davidson has been discontinued by the Suburban Company, and Mr. Davidson and others appeared yesterday to register a protest. No definite action was taken by council

In the matter, which stands over for the present. It is expected that all the members of the council will attend the joint meeting to be held in New Toronto on Monday, which will take place from the undertaking rooms of Undertaker Cobblelick to St. John's Cemetery tomorrow (Wednesday) afternoon. Deceased had been for the last two months employed as a fireman on the G.T.R., but his widow is said to be wholly unprovided for.

EAST TORONTO. Coroners' Jury Brings Verdict of "Accidental Death."

EAST TORONTO, Sept. 10.—The funeral of the Englishman named Walkinson, whose death from typhoid occurred on Monday, will take place from the undertaking rooms of Undertaker Cobblelick to St. John's Cemetery tomorrow (Wednesday) afternoon. Deceased had been for the last two months employed as a fireman on the G.T.R., but his widow is said to be wholly unprovided for.

Dr. and Mrs. Walters left to-night for Montreal, where the doctor will be for the next few days in attendance at the Canadian Medical Association meetings.

Alex. McCowan, M.L.A., was in town yesterday for a short time, calling upon a number of friends and the annual member for East York is always a welcome visitor in town.

Coroner Barton presided at the adjourned inquest held in the town hall to-night re the death of the late William J. Townley, who was killed on the G.T.R. tracks on Saturday afternoon. A number of witnesses were examined, and the jury, after a short deliberation, returned a verdict of accidental death, and each blamed to the members of the train crew.

BALMY BEACH.
Many Citizens and Neighbors Attend Funeral of Late Mr. Townley.

BALMY BEACH, Sept. 10.—The funeral obsequies of the late William J. Townley, who met with a tragic death last Saturday by being run over by a G.T.R. engine, were held from the family residence on Birch-avenue, this afternoon, and were, in spite of the inclement weather, attended by a very large gathering. The services were in charge of Rev. E. A. McIntyre, curate of St. Andrew's Church. The remains were interred in the vault in Mount Pleasant Cemetery, pending the arrival of the aged mother, who is being brought on en route from British Columbia, and will arrive on Thursday.

Deceased was a member of King Solomon Lodge, P. and A. M., the members of which were present in large numbers, and took charge of the proceedings at Mt. Pleasant.

Representatives were also present from the William Johnson, L.O.L., and from Capital Lodge, A.O.U.W.

The chief mourners were the widow, her two daughters, and brother-in-law of deceased. The funeral arrangements were in charge of Undertaker Cobblelick of East Toronto.

Beyond a few minor washouts in the southern part of the town, to-night's storm, severe though it was, is not thought to have inflicted any damage in this district.

Great satisfaction is expressed at the success which has attended the opening of the beach public school.

A. P. Allan has about completed the remodeling of his residence, "Allandale," on Lee-avenue, and will soon remove down here from the city.

SCARBORO VILLAGE.
Many Friends Pay Last Tribute to Aged Citizen.

SCARBORO VILLAGE, Sept. 10.—(Special.)—The funeral of the late John West of Smith-street, in this village, whose death occurred on Saturday, took place this afternoon. The services were held at the residence of the deceased, notwithstanding the unfavorable weather, the attendance was very large, a number of life-long friends of the deceased being present. The funeral was held from among the old neighbors of deceased, and the service was held at the home and the cemetery was conducted by Rev. Mr. Oke.

BOY WANTED.
A boy 8 years old, dressed in black cap, red sweater, black coat, black stockings and old shoes has run away from home.

Information as to his whereabouts—he is probably in the suburbs of the city—will be gladly received by the police.

WAS M'BAIN ARRESTED? SAYS "YES"; POLICE "NO"

Incident at Labor Temple, With Sequel at Police Station and More to Come.

President Alex. McBain of the Plumbers' Union and John G. O'Donoghue, his solicitor, are at odds with the police. Mr. McBain complains of wrongful arrest by Constables Dixon (274) and Townsend (170), at the Labor Temple yesterday morning; also wrongful entry of the Temple by the police.

Mr. O'Donoghue complains of wrongful ejection from No. 2 Police Station and loss of dignity.

The trouble arose when the constables, accompanied by Fred Wilber and Elmer Duff, of the Labor Temple in search of men said to be striking plumbers, and charged by the Duffs with interfering with men working on their contracts last week.

The Duffs, with the constables, went to the Temple and entered the room where the strikers were gathered in session. As they entered one of the strikers pointed out John Hutchinson, saying, "That's the man."

President McBain wanted to know by what authority the men entered, and the constable declared that they were well within their rights.

The group adjourned to the street for further argument, and McBain says that there they asked him to go to the station, and that on his refusal P. C. Townsend said, "You must consider yourself under arrest."

They were taken with them to No. 2 station, where he was told by Sgt. Charlton that he was not under arrest.

That Mr. O'Donoghue's troubles began. Informed that McBain was arrested, he went to the station, and after being told that his client was not there, he was ejected after he had refused to leave.

The police agree with this story, save that they say that McBain was never placed in custody, but went willingly to the station.

Sgt. Charlton's explanation of the circumstances follows: "It was in charge of the station at the time. McBain was not arrested; he came here voluntarily, and there was no difficulty here with McBain. He questioned the right of my men to enter the room, and to obtain addresses. Consequently, he came to the station to learn whether they had the right, while I was explaining our position to McBain, Mr. O'Donoghue came in and interrupted our conversation by shouting and interfering. He dared me to put him out. I had an officer eject him."

"This is a public station in a sense, but it's the only place we have for consultations, taking down information, etc., so, under certain circumstances, it's a private place. As to a lawyer's rights, even a lawyer has no right to see a client in custody without an order from the deputy chief constable."

"Our men didn't break into that meeting. The door was not locked, so they walked in. Contractor Duff was with them. He had complained that certain men were interfering with his men, and he wanted names and addresses of certain men. The officers got one name."

"As to his course of action in the matter, Mr. O'Donoghue says: "There will be a complaint made to the board of police commissioners. Next, a writ for damages in all concerned will be issued. These are Idaho methods, not Canadian. McBain was kidnapped this morning. Under pressure in the station he consented to allow the police to enter the meeting, and to sign an order on the District Trades and Labor Council will take the matter up at their next meeting and a protest will be made to the police board regarding what they term unlawful for officialism on the part of the police."

PAIN ABOUT THE HIPS

Is a common complaint with women. The right treatment is Nerviline, which penetrates to the seat of the pain in the affected parts. Nerviline warms and soothes the affected parts, draws out the inflammation and pain, allows the patient ease after one rubbing. No liniment so economical and safe. Nearly fifty years in use, and the demand increases every day! Nerviline must be used.

LOCAL FRUIT MARKET.
Trade was practically at a standstill down at the wholesale market yesterday, the inclemency of the weather having largely accounted for the stagnation in trade. At the close of the day's trading some 400 or 500 baskets of fruit were undisposed of, but to-day's receipts are expected to be comparatively light.

It begins to look as though there would be a fair crop of peaches and dealers expect that the close of the week will see the heaviest shipments for this season. The best ten covered baskets sold yesterday at from \$1.75 to \$2.00, and flat tops at \$1.50 a basket. St. John's are now in and selling at from \$1 to \$1.25 for good and \$1 for medium. Extra fancy might bring \$1.50. Champion grapes are worth from 90c to 40c a basket. Plums, blue, 80c to 60c; Lombards, 80c to 75c; green gage, 75c and 60c; plums, Burbank, \$1. Bradshaws are worth 90c to 75c a basket.

THE SHAMFIGHT. Will Take Place This Year in the Dundas Valley.

The garrisons from Toronto, Hamilton, Brantford and St. Catharines will take part in the military manoeuvres this year on Thanksgiving Day, but not in Toronto.

The exercises will be performed in the Dundas Valley.

Brigadier-General Otter said last night the location had been decided upon, but that the details have yet to be worked out.

The corps which may take part in the manoeuvres are: From Toronto, the G.O.R., Grenadiers, Highlanders, Body Guards, Field Battery, Engineers, Medical corps and Army Service corps; from Hamilton, the 18th Regiment and the 91st Regiment, and Brantford, the Dufferin Rifles; from St. Catharines, the 14th Regiment and the Second Dragoons; The Welland Field Battery will also probably participate. If the men turn up in force the result will be the biggest shamfight out since those held in connection with the spring camps ever held in Canada. The country chosen will be an ideal one for the purpose.

PREPARING FOR ELECTIONS.

Centre Toronto Candidates Bring Forward 297 New Voters.

The sessions grand jury were yesterday addressed by Judge Winchester and commenced to consider several of the cases.

Election agents of Edmund Bristol, M.P., and T. C. Robinson, K.C., were responsible for the names of 297 voters, who seek naturalization. Over one-half the applicants are Italians. This is the biggest list yet.
