IT WAS A GREAT FIELD DAY AT BOARD OF CONTROL.

Continued from Page 1.

and Ald. Woods patted Ald. Burns on the back for his splendidly reasoned-out idea.

"Let us take \$1000 from the appropriation for the dredge," said the Mayor afterwards.

The Mayor's idea was finally accepted, and Council is asked to give free ferry, as well as to spend \$1000 for each, the aldermen are asked to arrange some way to squeeze both in.

The Robinson Retainer. The ferry man and the C. C. Robinson account have become inseparably, if inconveniently, linked.

In a letter, read to the bitter end, and addressed to the Mayor and Board, Mr. Robinson gave his version of the chain ferry mix-up and of his connection therewith.

He tells how he came to be retained as ferryman after the defeat of the (ferry) bill that the Mayor and myself first had a conversation upon the subject of city legislation.

Further on he tells of his services and of certain newspaper comment thereon, and after touching upon his part in the re-statement of the Palace Hotel bill, concludes thus:

"I will not say who was to blame for their defeat (most of the journals in this city jumped at a conclusion regarding that), but I will say that if they had been properly looked after from the beginning it would not have been necessary to devote so much time and trouble in order to get them reinstated and passed. I would not trouble you with this long letter were it not for the fact that several of the Toronto papers have, by suppressing the truth, not to use another word, done me most unjust and unfair, both to the Mayor and to myself."

Mr. Robinson verbally repudiated the charge that the retainer was handed him in return for campaign services rendered the Mayor.

But the issue now between himself and Mr. Fullerton was this: Mr. Fullerton withheld and had withdrawn a report from Mr. McAndrew, Registrar of the High Court, as to Mr. Robinson's claims and retainer, as to the amount he was entitled to.

Mr. Fullerton was clearly right, for he had been appointed to act with Mr. Caswell and Mr. McAndrew in framing a report, and therefore refused to send on any report made up in the absence of Mr. Caswell and himself.

His contention was acting for the city, would not constitute unbiased judges to decide upon an account against him.

"I don't think they have acted in a way to merit my confidence," he said.

Ald. Burns: But Mr. Caswell says he didn't know you were acting for the city, Mr. Robinson, and I certainly did not know it until you told me one day on the street afterwards.

Ald. Burns Understood. Ald. Burns: I certainly understood you were acting for the Ferry Co., and I told that anything you would say would be authoritative from the Board of Control, and you would appear, instead of Mr. Osler, for the company, the second time the bill was up.

Mr. Robinson denied in tone and gesture, verging almost on an oath, that he had ever in his life acted for the Ferry Company.

Ald. Woods, who once called The World a "lying sheet" for saying that "Alfred Ald. Woods" knew as well as the Mayor of Mr. Robinson's retention, here lost his presence of mind and confessed he did not know of the retainer all the while.

Newspaper Blasting. The Mayor gave his version of the matter at some length, and took occasion to say: "I think you did render us service, although there was no specific mention of 'Leave the amount of the bill to me,'" smiled his Worship.

"No, I won't say you're not competent to judge," came the response, "and, besides, you'd better leave it alone or you'll get slated over it like I have."

The Mayor: You shouldn't pay so much attention to newspaper slatting.

"Well, I've heard some things about them often enough, Mr. Mayor," was the parting shot, as Mr. Robinson walked away, impressed that nothing would be done of the three legal "experts" had reported. He left, threatening reputation of the report, but forgetting Ald. Burns' hint that the board would deal as they liked with said report, whether he liked it or not.

Soap Agreement Carried. The revised Sunlight Soap Company agreement was found acceptable, the Board ranking on the honor of the firm, and resigning incidentally that it was a case of a Fleming worked it out. Commissioner of increase in assessment gained would counteract in revenue all charges cost of work imposed on the city, except the dredging.

The New Market Joss Alone. The two architects, Lennox and Stoddard were brought together in person, and the Board soon found that they were not far apart in mind so far as the necessities and specifications for market improvement were concerned. Mr. Lennox was the more moderate of the lions in the path raised by Mr. Lennox. Where he could not explain he conceded and from apparent distance the twin were drawn together. The Board congratulated itself that it had not long ago so famously. They will advertise for tenders on the specifications as amended, at once. The tenders will be opened two weeks from Tuesday, and the contracts if \$150,000 will do them, are to be awarded expeditiously.

MAKING A SHOW OF THE NORTHWEST MEMBERS.

Mr. E. L. Richardson is a member of the House of Commons, a Liberal in politics, and the editor of The Winnipeg Daily Tribune. Both in Parliament and in his newspaper he has taken an advanced position as a railway reformer. He and the other members of the Northwest, who are nearly all Liberals, have time and again stated in the House and on the platform that the C.P.R. was a monopoly that ground down the settler of the whole Canadian Northwest, and they have appealed to the House and to the people on several occasions to save them from the grasp of that great corporation.

Some days ago The World pointed out that when the C.P.R. asked Parliament to extend Northwest Central charter to the west coast, it carried with it the members of the Northwest and the Territories suddenly withdrew their opposition and allowed the bill to go through, notwithstanding the member for East York and some others were willing to help them in the opposition to the Canadian Pacific.

All it required was a little more fight in the Northwest members and the bill could have been effectively blocked and suitable terms got for the prairie country. This franchise, as The World pointed out, is the most valuable left in the Northwest and carried with it for over 800 miles a land grant of 6400 acres, covering a country where a line could be built for \$5000 a mile or less.

The land grant is more than sufficient to build the road. The World also pointed out that when the present Liberal Government gave the Crow's Nest charter to the C.P.R. it insisted on a reduction in freight rates being given to the Northwest, as well as other concessions. The member for East York, who is a member of the committee of the charter when it was up a fortnight ago also pointed out that it was the duty of the Northwest members, and especially of Mr. Sifton, who is a member of the Government, to obtain better terms from the C.P.R. in regard to the charter in a way similar to the Crow's Nest case.

Mr. Sifton, instead of siding in with this view, attacked the member for East York, and Mr. Rutherford, who seems to be his echo in the House, as much as said the stand taken by the eastern member was gratuitous. Now, however, we have new light thrown on the situation by a despatch from Ottawa, evidently inspired by Mr. Richardson, which appears in his paper of June 22. That despatch reads as follows:

Ottawa, June 20.—It is reported that he had offered the C.P.R. aid to the amount of \$1750 per mile for the extension of twenty miles of the Great Northwest Central, as wired eastward to correct it further, and to the company's inacceptable and determined refusal to accept it. The members to make the extension of time conditional upon a statutory provision that the C.P.R. should not be allowed to take any more of the land grant.

The land grant of the Northwest Central, which is the most valuable property in the Northwest, is worth \$4000 or \$5000 per mile more than the cost of the line, even if you pay for the right of way. The Government has called upon to give the C.P.R. \$12,500,000 for the extension of the line, and has called upon to give \$1750 a mile cash besides. How long is this to go on? The Government is to be congratulated on the fact that it has not been made by railway exorbitant prices, but at once, the entire resources of the country are being expended on the country's history when prompt action should be granted to every woman.

Thousands of women who have been neglected to look after their health in a womanly way. The health of a woman is dependent upon her own health, and it is dependent upon her own health during the period of prospective maternity. The prospective mother cannot be too particular about her physical condition. If she suffers from local weakness, nervousness or loss of vigor and vitality, her children will be weak, puny and sickly. Dr. Pierce's description is the only one that is true. It is a boon that should be granted to every woman.

Dr. Pierce's Pleasant Pellets cure the delicate and important organs that are the source of life. It makes these organs strong, healthy, vigorous, virile and elastic. It makes the prospect of maternity a joy. It insures a baby constitutionally strong. It is the invention of an eminent medical specialist, who has had thirty years' training in this particular branch, during which time he and his staff of physicians have prescribed his medicine to thousands of women. Medicines differ in their action and an honest dealer will not use a product that he does not believe in.

tion was more necessary to save the people from being stripped of their heritage. Mr. Shughnessy told Dr. Douglas a couple of days ago that the company would build 20 miles this year. If the company fails to do it, it must build. Provincial aid, in view of the immense land grant, must not be given under any circumstances.

We are just feeling the octopus will crush us to jelly later on. This is strong language, but the occasion calls for strong language.

This is rather a clear-cut confession that the Northwest members were "jollied" by the C.P.R. and bears out all that The World has said. It is also the most pronounced condemnation of the policy of the Government and of the course of Mr. Sifton (all Liberals) by a Liberal journal that has yet appeared. If all this villainy is perpetrated by the Liberal party that the Northwest members support! How much longer will they consent to be "jollied"? We do not say that they can afford to join the Conservatives in this matter, but the Conservatives as a party seem to be as subservient to the railways as the Liberals. But they can stand up in Parliament and fight to the bitter end, and if they had continued the fight westward two weeks ago they would have won. As it was they allowed themselves to be "jollied!"

In the same paper in which the above despatch appears there is an editorial which says: "It is well worth reading, and we do not quite understand whether Mr. Richardson is now endeavoring to square himself with the people of the Northwest or whether he is making a real fight against the monopoly of which he complains, but we wish to point out to him and his colleagues as he claims, it was their own fault. It is not talk in newspapers or on the platform that counts, but action in the House of Commons, and the people of the Northwest must hold their members in the House of Commons responsible for what has taken place. To be a railway reformer one must be prepared to act as well as talk, and to live up to the professions he makes on the platform. A member of Parliament, who is a railway reformer in earnest must act and not merely talk. He must not only act, but must use to travel on passes, and otherwise must walk with circumspection. The World had hoped for great things from the members of the Northwest in regard to railway reform, but so far we are sorry to say we have been disappointed. There are several questions yet to be disposed of in Parliament in which the Northwest has a vital interest, and perhaps hereafter the members from the prairie and western Canada will stand up more decidedly and effectively against railway monopoly than they have in the past. We do not wish to discourage them, but we must record our disappointment at their conduct so far. Mr. Sifton has made monkeys of them so far."

AN UNPRECEDENTED REQUEST. The Government has been requested to guarantee the interest on bonds to the amount of \$1,500,000, which is the sum required for building ten vessels for the traffic of the lakes and the enlarged St. Lawrence Canal. We must confess that a request of this nature takes us by surprise. We did not expect to be told that the advantages of our new canal system are so important that it will not pay to build a line of vessels to use the system unless such line is subsidized by the Government. We are surprised to hear Mr. Bertram confess that our new 14-foot waterway cannot support its own traffic, and that it would not take the view of it at all. If our 14-foot system cannot hold its own against the Erie ditch, we have made a tremendous mistake in spending so many million dollars on the St. Lawrence canal. The request to guarantee interest in connection with a line of lake vessels is a most extraordinary one. The Government has gone quite far enough in providing the waterway. Private enterprise must provide the vessels and take the risk of running them. If the margin of profit is going to be so small that it will not be safe to invest capital in vessels adapted to the new system, we advise those who control the line to get into the business to abstain therefrom.

The proposition that the Government should assist or build a portage railway from Georgian Bay to Lake Ontario is quite different from the request for a Government guarantee in connection with the establishment of a line of vessels. The latter was referred to as an integral part of the transportation system that the Government has supplied from the head of the great lakes to tidewater. The line of least resistance in the carriage of freight from the Northwest has been found to run via the Georgian Bay. Competition is effective up to the Georgian Bay, but from that point eastward the business is controlled by the railways, who regulate rates to suit themselves. In order to afford the farmers of the Northwest effective competition to the seaboard, the Government must build a national line between the 20-foot system of the upper lakes and the new 14-foot system of the lower lakes. The building of this portage railway will provide an enormous business for a line of vessels such as Mr. Bertram speaks of. The building of this railway takes precedence to the building of any line of steamers. Our neighbors seem to dread the opening of the new St. Lawrence canal. They think Canada will get a very large share of the traffic. We think so, too, and unfortunately the contrary is established by the fact that the Government was justified in guaranteeing the investment of any private steamship corporation. The opinion of The Chicago Record is worth referring to in this connection. We quote from The Record of yesterday as follows:

The Canadian Government will open the St. Lawrence Canal in August, and by its operation the cost of transporting lake freight to tidewater will be reduced one-half. The same is equally true of all other products designed for transatlantic ports from the territory tributary to the great lakes. In this enterprise the Canadian Government has expended over a total of \$70,000,000.

According to The Record we have no doubt of this ourselves, but we think there is little or no risk in the establishment of a line of vessels such as Mr. Bertram has in view. If the Georgian Bay portage railway is built the success of Mr. Bertram's proposed fleet will be assured beyond a doubt.

Northwest and Railway Monopoly.

Northwest and Railway Monopoly. From The Winnipeg Tribune (Liberal). A few weeks ago we predicted that if the C.P.R. were granted an extension of time on the Northwest Central charter, it would hold up the country for subsidies, and that it would demand such subsidies as an inducement to its extension to its districts requiring railway facilities. Already the prophecy is being fulfilled. It is using its position to force the province to grant it a subsidy for extending the Great Western to the North-West. The province is in the interest of neither the people along the route of the Northwest Central nor the people of Manitoba as a whole.

A singular result of the granting of subsidies in which we are indulged in the manner in which it has delayed railway construction. By subsidies we placed the C.P.R. in a position to demand such subsidies as an inducement to its extension to its districts requiring railway facilities. Already the prophecy is being fulfilled. It is using its position to force the province to grant it a subsidy for extending the Great Western to the North-West. The province is in the interest of neither the people along the route of the Northwest Central nor the people of Manitoba as a whole.

No, the way to cause prompt construction on the part of the C.P.R. is, as we have learnt from experience, to place before it the alternative of either building the line or paying the cost of building another railway across the territory. Let the Government begin to construct a line from Portage in Prairie into the Northwest Central territory, or even let it give the Portage and Western line to the Northwest Central route promptly supplied with a railway.

It would be a good thing for the province, and an even better thing for the settlers who are looking for a railway, if the C.P.R. did not build the very best line. As we pointed out in a former issue, the property of any Portage and Western line depends greatly on the Province and the C.P.R. to build into the Northwest Central territory, or even let it give the Portage and Western line to the Northwest Central route promptly supplied with a railway.

THE GERMAN-AMERICAN CABLE

Berlin, June 23.-The Hamburg office of the German Foreign Office is negotiating with British firms for the laying of the proposed German-American cable.

ASSESSMENT SYSTEM

A SAD HOME. The home is sad, the flags are at half-mast. A good man has gone to his long home. He was wise as well as good. That question is answered by the amount of his insurance. If he had a policy in the Canadian Order of Foresters for \$500, \$1000, \$1500 or \$2000 his widow and children or relations are sure of that amount, debt-free and absolute. And the price of protection is so cheap in this best of Canadian Societies that one never misses the little money which makes the loved ones safe.

For further particulars, enquire of any of the Officers or Members of the Order, or address R. ELLIOTT, THOS. WHITE, H. R. C. Ingersoll, High Secy, Bramford, ERIC GARTUNG, S. O., Bramford.

KEEP THE HEAD COOL

And the bowels open, and you will be well during the warm weather.

"Keep the head cool and the bowels open" is old but eminently sensible advice for people to follow during the summer season. But the head won't keep cool no matter what you do, if the bowels are constipated.

First thing, then, is to consider the bowels. If they don't move regularly every day take Laxa-Liver Pills. They're the nicest acting little pill you ever tried. If you take one or two before going to bed, they'll work while you sleep without a grip or gripe. In the morning your head will feel cool and clear, and your brain bright and active. If you're just the thing to keep you well this summer if you are subject to sick headache, bilious spells, dyspepsia, indigestion, sour stomach, constipation or liver torpor. Miss Beattie Nasson, Clover Hill, N.B., says: "I gladly recommend Laxa-Liver Pills, as they cured me completely of constipation before I had finished the third box."

FREE! This lovely little Laxa-Liver Pills, each box containing 30 pills, is sent absolutely free to you on receipt of 3c. Dollars in latest and greatest design. PUBLIC ACCOUNTS COMMITTEE.

Hon. John Costigan Made No Address as to His Son's Case—Cost of Coste's Trip.

Ottawa, June 23.—In the Public Accounts Committee this morning it was arranged that Sir Wilfrid Laurier's examination in the Manitoba election case should take place next Tuesday, instead of to-day. Sir Charles Hibbert Tupper said he had an opportunity to look over the proceedings; the examination might be greatly shortened. The expenditure was taken in the Costigan case. Hon. John Costigan decided to make no address, saying he saw nothing in the case but absence without leave and intention, which had been severely punished by the removal from Winnipeg to Ottawa, causing a loss of \$200 a year in his son's income, a serious matter to a man of family.

Three bills were carried in short order by the Senate Banking and Commerce Committee this morning. The new White Star line, the new White Star and Western Mortgage Corporation, Canada Occidental Insurance Company. There was no other business before the committee.

KITCHENER, THE GREAT SIRDAR,

Will Be Seen by the Biograph in Toronto Next Week—All as in Life.

The crowning triumph of half a generation's war was gained by the hero of the whole British Empire, Lord Kitchener. The Great Sirdar, the Caesar of England's new possessions, has never been seen since his triumph in the life outside of Egypt, and his return to his native land, the biograph presents him next week for the first time in America on Monday, Tuesday and Wednesday at the Grand Opera House. His arrival at Calais, his boarding the packet, his triumphal reception at Dover and his return to England, all the incidents of his life are shown in the biograph. The splendid scenes of Pope Leo XIII. alone remaining unchanged.

One of the show sights of London, changing guard at St. James' Palace, can be seen in all its picturesque without crossing the ocean. The vessel, the new White Star line, and the largest steamer afloat, was launched at Belfast early in the morning. By special train and motor cars the films were hurried to London and seen at the Palace Theatre the same evening. The magnificent scenes of the Pope's daily life alone remaining unchanged.

Caught a Big Fish. Mr. Hiram Kiteley of Currie & Kiteley, mining brokers, has returned to the city after a week's fishing at Boboeyzen. He caught a 19-lb. mackinnow, which is the biggest so far for the season. He can prove that he caught it. The other members of the party were Dr. Charles Higgs, Toronto; C. E. Hart, banker, Albion, N. Y.; and F. M. Ives, grain dealer, Medina, N. Y. Mr. Kiteley left these three gentlemen at Boboeyzen fishing for some number of the deep that will weigh over 100 pounds.

Dangerous Roadway. On Bloos-street, between Yonge and Avenue-roads, the "Topsy" car is excavating to put the wires underground. Both sides of the street are mainline. Last evening a carriage containing a lady was being driven on the car tracks past the excavation. The car struck the carriage, damaging the vehicle and the horses. The driver was injured. It is suggested that the City Engineer look into this matter.

Children's Aid Society. The monthly meeting of the board of this society was held yesterday. Reports showed the number of cases coming under the notice of the officers to have been 140, in the welfare of 185 children, and 100 concerned. Seven children were placed in foster homes; 52 were received at the Shelter and 51 discharged.

Invited to Winnipeg. Rev. Charles A. Eaton, pastor of Riverside Baptist Church, yesterday received an invitation to become pastor of the First Baptist Church, Winnipeg. The membership is 500, and the salary offered \$3000.

Death of Mrs. Dowdall. Brockville, Ont., June 23.—Mrs. William Dowdall died of heart failure to-day. Deceased came to this country from Ireland in 1842 and has resided in Brockville for 57 years.

Three Attractive Services. The Western Congregational Church on Spadina-avenue will have three services to-morrow. The sermon in the morning will be preached by Rev. T. B. Hyde of the Northern Church; at 11 a.m. Rev. Morgan Wood will give one of his stirring addresses, and a former pastor, Rev. William Johnson, will preach in the evening. Special attention is given to the musical part of the service, the choir being assisted by Mrs. Mary Chivers, solo soprano; Mrs. Florence Fisher, solo contralto; (under the leadership of Mr. William Lawson, the organist) and the choir.

It is Not True. London, June 23.—In the House of Commons to-day Lord George Hamilton, answering a question in regard to the report that English soldiers in the Rangoon district had been ill-treated and had killed a native woman so that she died from her injuries, said the statement that the woman was dead was untrue.

AMERICAN SYNOD NOT OVER

Clerical and Lay Members Agreed to Expedite Business on the Fourth Day.

MANY TOPICS FAIRLY DISCUSSED.

Increase of Episcopate—Voluntary Schools—Lay Help—Committees Will Report.

The fourth day's proceedings of the Toronto Synod were not of special public interest. A vast amount of work, principally routine, was transacted, and the program practically run through at a late hour last night.

Increase of the Episcopate.

There was a long discussion on the report of the committee on this topic, which crops up year by year. The proposal is to form a new diocese of the Counties of Ontario, Northumberland, Durham, Peterboro, Victoria and Haliburton.

Ultimately this amended resolution was passed unanimously.

That in the event of the division of this diocese by the setting apart of the eastern portion thereof to form a new diocese, in three years from the date the Synod pledges itself to contribute \$2000 for five years.

On motion of Rev. Dr. Sheraton, seconded by Mr. C. R. W. Biggar, the Committee on Religious Instruction in Public Schools was reappointed.

Personal Service Society. On motion of Mr. George Bennett, seconded by Mr. A. M. Dymond, the report of the Committee on the Personal Service Society was adopted, and the committee reappointed. The object of the society is to obtain all kinds of manual, artistic and professional work for the church, and directing its disposition.

Episcopal Endowment Fund.

Mr. C. R. W. Biggar moved for the report of the special committee on this fund, the object of which is to ensure the payment of an annual stipend of \$4000 for the Lord Bishop. The total sum needed is \$30,000 from the rest of the city of Toronto and \$10,000 from the rest of the province. Comparative few answers have as yet been received. The sum of \$4321 has been received, St. Simon's, Toronto, heading the list with \$1000, then come Church of the Incarnation, \$783, St. James' \$750, St. Thomas' \$353, St. George's \$216, St. Peter's \$177, St. Philip's \$165, St. Luke's \$110, Holy Trinity, Trinity College \$93, St. John's \$86, Wycliffe College \$67, St. Paul's \$55, St. Clement's \$50, Trinity East and St. Mary Magdalene \$25, St. John's (Toronto Junction) \$20, St. Matthew's, Ont. three parishes outside of the city of Toronto had contributed, namely Cobourg \$65, Oshawa \$50, Toronto Junction \$10, St. John's \$20.

The Synod commended the action of the committee, and they were reappointed, with the addition of the name of Mr. W. E. Sumnerhayes.

Voluntary Schools.

Mr. Lawrence Baldwin moved, seconded by Mr. E. E. Hodgins, the appointment of a special committee to further consider the proposed scheme for the abolition of voluntary schools with the Ontario public school system, with instructions to confer with the various religious bodies and other corporations, and to report progress at the next meeting of the Synod.

Subjects at Great Length.

The subject is an old one, and has been discussed without any tangible result in the Synod. Prof. Clark, representative of the various religious bodies, in his address, maintained that his scheme was practicable; that it could easily be put into operation, and that it would be adopted throughout the Province of Ontario.

The Committee.

The following were unanimously elected members of the committee: Rev. Provost Field, Prof. Clark, Rev. Benjamin Jones, Rev. W. H. Clarke, Rev. R. W. Jewell, Rev. E. B. Aldred, Rev. C. L. Ingies, Mr. Frank E. Hodgins, Mr. M. Dymond, Mr. James S. Cartwright, Mr. T. E. Mohler, Mr. W. H. Lockhart-Gordon, Mr. L. M. Baldwin.

Lay Help.

Rev. J. C. Morgan moved, seconded by Rev. J. C. Davidson, that it is desirable that lay help in the diocese should be organized and extended, and appointing a committee to prepare and carry out under episcopal sanction a scheme for effecting that end. This committee was appointed: Rev. G. M. Wrong, Rev. Dr. Langtry, Rev. J. C. Davidson, Rev. J. Gilliespie, Mr. N. W. Hoyle, Mr. B. M. Dennistoun, Mr. D. W. Saunders, Mr. J. L. Kinnear.

Rev. Dr. Langtry obtained a committee to consider the advisability of enlarging the kind of securities in which Synod funds may be invested, and the territorial limits within which loans may be made.

Commutation Cases.

Rev. Dr. Sheraton and Rev. T. C. Street-Macklem obtained a committee to examine into the working of the commutation canon, and the practicability of making the fund of wider use in the best interests of the diocese.

Parochial Differences.

Heated discussion took place on the resolution moved by Rev. T. K. Patterson, that the canon on the difference between clergy-men and the laity, passed in 1868, and year, be repealed. In moving its adoption, Mr. Patterson ran into the opposition of Mr. A. M. Dymond. From a newspaper clipping he read statements attributed to Mr. Dymond, which brought that gentleman to his feet, hotly declaring that the statements were never uttered by him.

Mr. Patterson was frequently interrupted during his speech, and was also rebuked by the Bishop for not abiding by his ruling.

Rev. J. C. Davidson, the second, thought that Mr. Patterson had not received fair play; but, for his part, he firmly believed in his convictions and was not going to be put down by uproar. As members of the synod, he said, we are here to legislate, and we have a right to be heard. He charac-terized the canon as a disgrace, and said there was rottenness in its very bones. A canon like that is calculated to intimidate a man and place the clergy at the mercy of cranks and fanatics, were his concluding remarks.

Mr. A. M. Dymond spoke against the adoption of the resolution in strong terms. A vote, however, was not taken, and the meeting adjourned until this morning.

Three Attractive Services.

The Western Congregational Church on Spadina-avenue will have three services to-morrow. The sermon in the morning will be preached by Rev. T. B. Hyde of the Northern Church; at 11 a.m. Rev. Morgan Wood will give one of his stirring addresses, and a former pastor, Rev. William Johnson, will preach in the evening. FELL SEVENTY-FIVE FEET.

John Johnson of Midland Met With a Terrible Death—A Prominent Orangeman.

Midland, Ont., June 23.—At 3.30 this afternoon John Johnson, a carpenter employed at the Midland Elevator Company's factory, fell from a scaffold, which he had erected for alterations in the building, a distance of 75 feet, striking a large revolving shaft in the descent. The unfortunate man's head was crushed and his neck broken. Deceased was a prominent Orangeman and highly respected. He leaves a widow and large family.

STORM DESTROYED TOBACCO

And Killed a Young Cuban Woman in Her House. Havana, June 23.—A terrific rainstorm has destroyed much tobacco and vegetables at Guanajibes. A house was overturned, killing a young Cuban woman.

Three Lives for a Fishpole.

Danbury, Conn., June 23.—James Ham-burton, aged 65, and his wife, aged 68, and their son, aged 45, were drowned in the East Lake Reservoir, near Danbury, Conn., on Monday. The son was out fishing, and Johnson left his fishpole in the water. The father and son were endeavoring to rescue him, the boat was overturned.

Peninsular Park Hotel.

No doubt it will be of interest to those contemplating a visit to the Peninsular Park Hotel, Big Bay Point, Lake Simcoe, that the hotel has been recently renovated and has established an office at No. 9 Toronto-street, where full information may be furnished without the least trouble. From present indications Peninsular Park will enjoy a large share of patronage this summer. The new auspices doubtless account for it.

Jay Gould's Brother Dead.

St. Louis, Mo., June 23.—Telegrams from Salem, N.Y., to-day announce the death there last night of Abram Gould, a brother of Jay Gould. For many years he was purchasing agent of the Missouri Pacific and Iron Mountain Railroad Company. Mr. Gould's health has been very poor for several months. He was 56 years old.

Cucumbers and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, etc.

Those persons are not aware that they can indulge to their heart's content if they have on hand a bottle of Dr. J. D. Kiege's Dysentery Cordial, a medicine that will give immediate relief and is a sure cure for the worst cases.

May and December Cut Loose.

Columbus, Ind., June 23.—George Wray, aged 105, has been granted a divorce by Judge Ford from Susan E. Wray, aged 30. Wray had been married four times, outliving his other three wives. He said that his last wife could not be induced to take care of him if he would marry her.

Closing Week of Removal Sale.

Only five more shopping days to avail yourself of the wonderful inducements of our removal sale. As a matter of fact, contractors have already made an entrance from the old store to the new and we will next week commence removing some lines from reserve stock in the basement. It is worth telling again what the discounts are off marked prices:

- 15 per cent. off Carpets.
- 20 per cent. off Rugs and Matting.
- 20 per cent. off Curtains and Draperies.

These discounts do not apply to specials extraordinary that we are offering from day to day, where the marked price has been cut deeper than these liberal discounts. Here are special prices for immediate selling:

- Remnants of Inlaid Linoleums, best printed goods, to clear at less than half price, choice of any lot, per yard, 50c.
- About 35 heavy three-ply Imported Wool Squares, most artistic colorings and designs, by the great artist Vovsey, marked price \$18 and \$20. Choice of any lot at \$13.50.
- Wilton Carpets, attractive goods that were \$1.16 and \$1.35. Choice at \$90.

While hundreds in Toronto are availing themselves of this exceptional sale, a large share of business is also coming to us from out of the city. We ship goods to all points, all mail orders having careful attention.
