Constantine also made that the request of former Queen Sophie that she be allowed to nurse her son was not answered. Former King Constantine and the former queen are suffering greatly from shock. They receive no visitors. Messages of sympathy have been sent to them from rulers of various countries. Two masses were said today for King Alexander.

SCORES SYSTEM OF ASSESSING AREAS

Difficult to Fix Value of Rear Lots, Is View of Department.

The present system of assessing inside areas in the downtown business district on a basis of 20 per cent. less than the frontage, was criticized yesterday before the court of revision by R. S. Gourlay. He cited the assessment of \$113,333 on the land occupied by Gourlay, Winter & Leeming at 138 Yonge street. This lot is 22 feet 8 inches by a depth of 82 feet 6 inches, and the rate is \$5,000 per foot frontage. The lot adjoining, belonging to the T. Eaton Company, Ltd., is 193 feet frontage by a depth of 165 feet, and is assessed at \$6,000 a foot. This figures out about \$60.36 a foot for the Gourlay lot and \$36.36 a foot for the Eaton lot.

Mr. Gourlay thought the time had arrived for a readjustment of the taxation on highly valued commercial areas.

Mr. Nixon, representing the assessment department, said it was a difficult matter to fix the value of rear lots and different systems were used in different cities. Judgment was reserved.

A lawyer who happened to be present, gave W. T. Standish free legal advice. Mr. Standish had appealed against his business assessment on the Standard Phonograph Company, of which he said he was the sole owner. His entire income was derived from this business and he objected to paying both a business and an income tax. The court thought Mr. Standish had a kick, but could not do anything for him. The lawyer then suggested that he should declare a dividend to himself instead of drawing a salary and he would thereby be exempt on income tax.

Several appeals against the 60 per cent. assessment of rear lots are being heard by the court.

cent. assessment on businesses were heard and adjourned for the gathering of further information. Among them were the Nordheimer Piano Company, Huyler's Chocolate Company, Mason & Bisco, John Northway & Sons, Limited, and the Gourlay, Winter & Leeming firm. A. J. Thompson, for the Nordheimer firm, suggested that firms might be forced to organize two separate companies to overcome the tax; while Huyler's representative contended that his firm was really two separate businesses and should be taxed as such.

POLITICAL CLUBS FOR U.F.O. MEMBERS

Farmers' Party May Now Legally Collect Campaign Fund.

This week's Ontario Gazette contains the announcement of the incorporation of the East Elgin U.F.O. Political Association, for political purposes alone, to promote by political action and principles of The United Farmers of Ontario, and to elect to parliament and the legislature candidates professing the principles of The United Farmers of Ontario, with head office at the town of Aylmer. There will be no share capital. The new organization, which is the forerunner of others to be formed throughout the province, is made necessary by the election act of last session which provides that no funds may be raised for election purposes except by a political organization regularly constituted. There is an election pending in East Elgin.

FISH BUSINESS SHOWS SURPLUS

Improved Administration by Province Proves to Be Profitable.

Hon. F.C. Biggs, minister of public works, announced yesterday that in future the fish and game departments will be administered by the minister of mines. In turning this branch of the government over, Mr. Biggs also gives with it a surplus of some \$100,000. This is made up principally from royalty and furs and from the fishing business conducted by the province. When this last was established about two years ago by the late government it had in the first twelve months a deficit of about \$24,000, while last year it broke even and this year shows a surplus. No changes have been made in the business as established by the late Hebert government and the surplus is simply the result of the way it is now being administered.

CUSTOMS REVENUE IN TORONTO SHOWS DECLINE

Restriction to Standard Hotels Only Is Again Extended.

Removal of the war tax duty of 7 1/2 per cent, which existed prior to May last, lower invoiced values of goods imported and falling off in the general importation of goods are reasons advanced by Collector of Customs Berttram to account for a falling off of October revenue. For 23 days they aggregate \$3,228,552. This includes about \$300,000 excise and sales tax on imported goods. A decrease for the month of about \$235,000, as compared with October, 1919, is anticipated, making the lowest total since April, 1919, \$2,768,333. The September returns totaled \$2,825,022. In October United States imports have declined from providing 75 per cent. of the total receipts to 66 per cent., while British imports show an increase.

MAY STILL SELL TEMPERANCE BEER

Restriction to Standard Hotels Only Is Again Extended.

Grocers and others may still continue to sell temperance "two per cent" beer. At the last session of the legislature an act was passed restricting its sale to standard hotels after Sept. 1. This was subsequently extended to Nov. 1, and yesterday a further extension to Dec. 1 was granted. The attorney-general would not say if any more extensions would be granted. Kathleen Kirkham is finishing the organization of her own company.

The Toronto World

FOUNDED 1827. A morning newspaper published every day in the year by the World News-Print Company, of Toronto, Limited.

Harding's Election Would Make Canadian Free Traders Sit Up.

The Farmers' Advocate is a free trade paper, but its leading editorial this week marches to the music of Protection. The Advocate tells us that if the Republicans carry the presidential and congressional elections on Tuesday next we must look for a high tariff against the importation of wheat, cattle and wool from Canada.

Now all this goes to show that the Canadian producer will be more and more up against hostile tariffs all over the world, and he must, therefore, be assured of a permanent and profitable home market. It is idle to whine about Great Britain or the United States looking out for themselves. We cannot make or change the laws passed at Westminster or Washington, but we are supreme at Ottawa.

Help Them Out! Everybody knows now that there must be a readjustment of prices; also that the sooner it is over and apportioned the sooner will business start again on normal and profitable lines.

Atrocities in Hayti. There is probably some foundation for the report of American atrocities in Hayti. Atrocities often do occur, or at least are reported, whenever white men come into contact with other races.

How Uncle Sam Can Help! What about wheat? The American farmer's surprise at the fall in the price of wheat has made him generous to the broken allies of Europe who cannot buy wheat at three dollars, or two dollars for that matter. So the American farmer has begun to say to Uncle Sam: Look here, old chap, you know you didn't take your share of the war and you made the most of the profits out of it. We are willing that you buy our wheat at three dollars and sell it on credit or really give it free to the broken people of the countries of Europe and help them on their feet again.

Remarked in Passing. An I.O.D.E. leader in Winnipeg issues a call for more modest dressing for Canadian women, and just as she speaks along comes winter to give point to her remarks.

made him more picturesque than popular. Tearing an infant from its mother's arms, cracking its skull against a tree trunk and spilling his brains on the ground while he burned the woman's husband at the stake, and chopped her into small bits with his tomahawk, were diversions that may have exhilarated the perpetrator, but caused the average American to agree with General Sherman when he said that the only good Indian was a dead Indian.

Of course, what the Indians did will not justify the United States expeditionary force in shooting up or hanging up the unfortunate blacks of Hayti. The trouble in Hayti, moreover, prompts the suggestion that the committee of one hundred should visit that locality before proceeding to Ireland. Charges and counter-charges of atrocities have been the verbal brickbats hurled back and forth for a century, between English and American newspapers, and, no doubt, many of them might be subject to discount. The moral for the United States many people believe to be the counsel of seclusion.

The more strictly the United States attends to her own business the less likely will she be to get into trouble. Mr. Harding, the Republican candidate in the coming election, although often inconsistent, is quite consistent in saying that he will never approach the British government on the complaint of Ireland, nor will he, as president, permit the British government to approach him on the complaint of the Filipinos or any other American citizens.

Canada is probably unique among the nations in never having been charged with atrocities. We did nothing more severe to the Indian than to put him on the "Indian list." Of that he can no longer complain because we have placed ourselves upon the list with him. Members of the legislature, and even members of parliament, often murder the King's English, but these are bloodless atrocities. High court judges go from one glare town to another finding nobody to try at the assizes, and county sheriffs complain bitterly of the ever-increasing cost of white gloves.

It is rumored that the ladies are going to run a woman in each ward in the next election of city councilors. Father is going to get plenty of practice at washing the supper dishes while the campaign is in progress.

Now that campaigns against smoking and the drinking of unfermented grape juice are really under way in the United States, it will be advisable to go ahead and plant a grape vine or two and a few tobacco plants in the back yard next spring.

The so-called diabolical tyranny of England somehow loses some of its horror when her avowed enemies are permitted to peacefully parade thru London carrying the flags of their cause and accompanying the body of the man who they claim was murdered by the state.

BURNHAM CERTAIN ALBANIA SUFFERS

Montreal, Oct. 29.—(Can. Press)—Letters from Col. Fred E. Burnham, of Winnipeg, who went out to Serbia with a Red Cross mission, continue to be received by friends of his here and reveal a desperate state of affairs in Montenegro and Albania. In a communication, dated Sept. 30 last, from Scutari, Albania, where he had been forced to fly from Montenegro because of his efforts to help the Montenegrs, he says of that country: "The state into which our loyal little ally has fallen by reason of the neglect of those for whom she has endured five years of warfare should excite the sympathy of the civilized world. Only those who visit the homes can know the depth of misery to which the population has been reduced. Hunger, poverty and distress are the order of the day. Reports to the contrary are a tissue of falsehoods and misrepresentations. Day by day they hope and pray for the word that their country shall be free."

STOP LIQUOR CARGO DESTINED FOR STATES

Brockville, Oct. 29.—Customs and police officers seized two automobiles belonging to Ogdensburg people at McCarthy's wharf, east of here, as the men were unloading a cargo of whiskey, champagne and alcohol into rowboats, destined for the American side. The men escaped, but the cars are being held by the customs authorities for having been used for commercial purposes, while operating in Canada under New York State license. The seizure is said to have broken up the activities of an organized band of liquor runners, who have been transporting liquor from Quebec to a point east of here, whence it was taken across the river.

Two Brothers Asphyxiated In Sherbrooke Lunch Cart

Sherbrooke, Que., Oct. 29.—Asphyxiated in their place of business in a lunch cart, two brothers, Emile and Ernest Boutin, were found dead by passersby this morning. It appears that the two men had started to prepare their breakfast, and had put a pot of coffee on a gas burner to boil. It is assumed that they fell asleep and the contents of the pot boiled over, putting out the flames, and allowing the gas to escape.

Action of French Socialists Against Russian Intervention

Paris, Oct. 29.—Decision has been reached by the administrative commissions of the Socialist party and the general confederation of labor to cement relations and demand that the league of the rights of man join with them in order to take action against intervention in Russia and to establish definitive peace among the peoples. Meetings with this purpose in view are planned in all sections of France.

Declares Serbians Devastate Neighboring Country With Fire and Sword.

Montreal, Oct. 29.—(Can. Press)—Letters from Col. Fred E. Burnham, of Winnipeg, who went out to Serbia with a Red Cross mission, continue to be received by friends of his here and reveal a desperate state of affairs in Montenegro and Albania. In a communication, dated Sept. 30 last, from Scutari, Albania, where he had been forced to fly from Montenegro because of his efforts to help the Montenegrs, he says of that country: "The state into which our loyal little ally has fallen by reason of the neglect of those for whom she has endured five years of warfare should excite the sympathy of the civilized world. Only those who visit the homes can know the depth of misery to which the population has been reduced. Hunger, poverty and distress are the order of the day. Reports to the contrary are a tissue of falsehoods and misrepresentations. Day by day they hope and pray for the word that their country shall be free."

Members of Company Resign—Are Dissatisfied With the President.

Ottawa, Oct. 29.—An interesting turn in the affairs of the Northern Canada Traders' Limited, an Ottawa organization formed for the purpose of carrying out airplane trading between the more settled parts of Canada and northern Quebec and Ungava, came with the resignations, in a body, of all members of the directorate.

STOP LIQUOR CARGO DESTINED FOR STATES

Brockville, Oct. 29.—Customs and police officers seized two automobiles belonging to Ogdensburg people at McCarthy's wharf, east of here, as the men were unloading a cargo of whiskey, champagne and alcohol into rowboats, destined for the American side. The men escaped, but the cars are being held by the customs authorities for having been used for commercial purposes, while operating in Canada under New York State license. The seizure is said to have broken up the activities of an organized band of liquor runners, who have been transporting liquor from Quebec to a point east of here, whence it was taken across the river.

THE HOUSE 'ROUND THE CORNER

By GORDON HOLMES

CHAPTER XIII. (Continued.)

He felt now that another crisis had arisen, yet the past yielded no ray of guidance. He glared at the poor laborer, who, all unconsciously, was fate's herald in this new adversity, for he was instantly aware, without other spoken word, that Marguerite Ogilvie had fled. The man's troubled face showed that he feared he had done wrong.

"I'm main sorry, sir," said he, "if I've said ov'er vex ye, but, hearin' the talk of Miss Meg, I thought—"

"You've done right," he said. "I am very much obliged to you. I have a stupid habit of allowing my mind to wander. Just then I was thinking of something wholly unconnected with Miss Garth's disappearance, which will arouse Mrs. Jackson's wrath because of bacon and eggs frizzled to a cinder. I must go and console with her."

"Telegrams for Garth and Whittaker," he said. "Any answer, sir?"

"Well, wait a few minutes. There may be some reply."

He went into the dining room. So sure was he that Marguerite had gone away that he had not the slightest hesitation about opening the telegram addressed to "Garth, The Grange, Elm-dale." As he anticipated, it was from Mrs. Ogilvie. It had been dispatched at seven o'clock from Tavistock, and read: "Arriving tonight if possible. Don't take any action until I am with you."

"The early hour at which it had been sent off—from a town, too, which he rightly estimated as a good many miles distant from Waregan, showed that Mrs. Suarez had contrived to get a telegram thru to Cornwall the previous night, so Percy Whittaker's mischievous interference had proved quite successful."

With lightning clarity came the belief that Percy Whittaker was responsible for Marguerite's flight. Armathwaite scouted the notion that she had such a thing in her mind when she came to him in the garden. Her nature was incapable of guile. Had she formed some fantastic scheme during the watches of the night she would never have put her troubles aside to share in his light-hearted planning of a new and glorified garden. In fact, he recalled her sudden dismay because of her seeming neglect

ATHLETICS McGill 62 Varsity 55

COLLEGE TITLE IS TAKEN BY MCGILL

Intercollegiate Track Meet in Chilly Weather—Records Are Broken.

In weather more suited for the Dominion rugby finals than track athletes at Annuity Stadium yesterday, Manitoba University sent down a strong team; McGill, Queens, R.M.C. and Varsity were the other competitors. It ended up in a tight between McGill and Varsity for the championship. Manitoba are not members of the union and their points did not count and Queens and R.M.C. failed to send eight men, which, under the rules, is the smallest number a university can send, to be counted in the running for the honors.

McGill sent up a strong team but Varsity battled them all the way, and McGill only won the honors by the narrow margin of seven points, 62 to 55. Toronto had the honor of criticizing the individual champion, when Foster carried off the honors, with 16 points. Kennedy of McGill was second, with ten points.

One new Canadian record and two new college marks were set up, despite the biting wind and adverse conditions. Meredith of Manitoba threw the discus 139 feet 6-1/2 inches for the new Canada record. In the hurdles, the college record was lowered twice and the best upset of the day took place. Carstairs, the good Varsity hurdler, won his heat and set a college record and then fell before Farthing and McGill in the final and Farthing again lowered the record.

Legs of Varsity took the three-mile run and set a new time for the distance. The results:

100-yard dash—First heat—1, Van Vliet (Man.); 2, Kennedy (McGill); 3, Breen (Toronto). Time, 10 3/5.

200-yard dash—1, Johnson (McGill); 2, Carson (Toronto); 2, Rutherford (Man.). Time, 10 2/5.

Final—Johnson (McGill); 2, Carson (Toronto); 3, Van Vliet (Man.); 4, Kennedy (McGill). Time, 10 1/5.

Half-mile—1, Croft (Toronto); 2, Hamilton (McGill); 3, McLeod (Man.). Time, 24 3/5.

Pole vault—1, Anstiff (McGill); 10 feet 2 inches; 2, Hogg (Toronto); 9 feet 8 inches (Man.); 4, Foster (Toronto); 5, Campbell (McGill).

220 yards—First heat—1, Hay (McGill); 2, Smith (Queens); 3, Breen (Toronto). Time, 24 3/5.

Second heat—1, Johnson (McGill); 2, Rutherford (Man.); 3, Sparrow (Toronto). Time, 25 1/5.

Hammer throw—1, McLean (McGill); 112 feet; 2, Foster (Toronto); 103 feet 8 inches; 3, Steel (Toronto); no distance given for third.

Running high jump—1, Kennedy (McGill); and Posa (McGill), tied for first, 5 feet 1-4 inches; 2, Henry (Man.); 4, Meredith (Toronto).

One mile—1, Sutherland (R.M.C.); 2, Jamieson (Toronto); 3, Long (Man.); 4, Croft (Toronto). Time, 4:45.

Shot put—1, Foster (Toronto); 36 feet 5-14 inches; 2, Van Vliet (Man.); 34 feet 7-3-4 inches; 3, McLean (Man.); 34 feet 3-4 inches; 4, Breen (Toronto); 34 feet 3-4 inches.

Running broad jump—1, Kennedy (McGill); 21 feet; 2, Shely (Toronto); 20 feet 3 inches; 3, Van Vliet (Man.); 20 feet 5 inches; 4, Wells (McGill); 19 feet 6 inches.

Discus—1, Meredith (Man.); 2, Foster (Toronto); 3, Carruthers (Toronto); 4, McLean (Man.). Distance, 119 feet 8-1-2 inches for Canadian record.

440 yards—1, Johnson (McGill); 2, Hay (McGill); 3, Sutherland (R.M.C.); 4, Urey (Toronto). Time, 51 2/5.

120-yard hurdles—First heat—1, Carruthers (Toronto); 2, Henry (Man.); 3, Connolly (McGill). Time, 16 4/5.

Second heat—1, Farthing (McGill); 2, Van Vliet (Man.); 3, Osborne (R.M.C.). Time, 17 3/5.

Final—Farthing (McGill); 2, Carruthers (Toronto); 3, Van Vliet (Man.). Time, 16 2/5 (again breaking college record).

Three miles—1, Leigh (Toronto); 2, Biglow (R.M.C.); 3, Stephenson (Toronto); 4, Anstiff (McGill). Time, 16 15 1/5.

Relay race—1, Varsity; 2, McGill. Time, 3:42 4/5.

OSLER ACTIVITIES

A good turnout of seniors were on hand at Osler Centre Wednesday night, this being the opening session of the 1929-30 season. Practically all of the championship O.R.F.U. champions were on hand. The club can boast of their second consecutive city championship. A real stiff drill to commence, followed by basketball and volleyball made up the evening's activities. If this opening is any criterion of what the future nights will be, Osler looks to be in for one big season. Next Wednesday will see all house leagues in full swing, and there is bound to be a big turnout.

SARNIA AND SECOND TIGERS

JENNINGS ASSISTANT MANAGER N. Y. GIANTS

New York, Oct. 29.—High Jennings, who for many years was manager of the Detroit American League team, signed a contract today to assist manager of the New York National League Baseball Club. This was announced officially tonight by Vice-President and Manager John J. McGraw. No details as to the terms of the contract were given out.

Jennings was born at Pittston, Penn., in 1876, and first played professional baseball with the Detroit Tigers club in 1899. The following year he signed with the Louisville American Association as first baseman and shortstop. In 1904 he was traded to the Baltimore Nationals, and four years later to the Brooklyn Nationals, in which team he played first base. An injury to his arm, which he received in a diving into a swimming pool at Cornell University, prevented him from returning to his regular position as shortstop.

In 1907 he became manager and captain of the Philadelphia Nationals, and two years later he returned to the Detroit American League Club, playing second base and shortstop until 1927, when he was drafted by Detroit American League. Since that time Jennings has acted as manager of the Detroit team since the close of the present season, when he resigned.

FISHING CRAFT READY TO RACE

Rules Announced for Sailing Event That Starts Today Off Halifax.

Halifax, N.S., Oct. 29.—Captain Tommy Himmelman and his husky crew, gay in suits of white and blue, are here, along with the Delawans, Lunenburg, fleet defender, in the international ocean fishing schooner race series, which commences today off Halifax harbor tomorrow. Their ship came in this afternoon at the light mist that hung at the harbor mouth, and craft and crew were given a warm welcome. Thus cheered, they are primed for the fray.

Captain Marty Welch and his Gloucester crew are ready, too. They had a run out today, sailing around one of the courses last night. Esperanto showed speed, the waterfront watchers said, and two of the experts who were taking a very casual glance at the racing machinery set their noses seawards, opined that the Delawans were no slouch when it came to finding the wind. There was no regular breeze—certainly not the "gale wind" that both crews so ardently wish—but there was enough to let the wharf-world know that Marty handles a ship that can move along right smartly in light weather.

The conditions governing the race are as follows:
1. One vessel only to represent Nova Scotia and one only to represent Gloucester.
2. Crew to consist of twenty-five men, including master, also one representative of the opposing boat. Owners to have the privilege of taking two invited guests on each boat, one of whom may be a pilot if desired, making a maximum total of twenty-eight on each boat.
3. The trophy cup is to be a perpetual challenge trophy—the cup to remain in possession of a municipality or some responsible organization. A formal document is to be prepared stating that the cup is open to yearly challenge. The present series is to be the best two out of three races. The trophy to be raced for this year and next year, off Halifax, and afterwards in accordance with the deed of the gift.
4. Except to be at 9 a.m. Time limit 9 hours. In case of a later start and the race is not concluded it is to be called off at 4 p.m.
5. Lacing rules—the regular rules of the road.
6. Length of course—forty miles. Weather conditions permitting, one of the first two races shall be a windward or leeward race, the other to be a triangular, over the course laid down by the committee to have full jurisdiction over the race and to notify competitors one hour before the starting time is selected. Races every day until the trophy is won.
7. Dates 1929 race: Saturday, Oct. 30; Monday, Nov. 1; Tuesday, Nov. 2.
8. The trophy cup is to be used which specifies one of the following:
9. Ballast—Hocks or iron, owners option. No shifting of ballast allowed off the boat.
10. Guns—One at fifteen minutes before the start, one at five minutes before the start, and the starting gun, competing schooners to be notified of any postponement of the time of starting.
11. All times to be taken from the forecast of the vessel.
12. Gloucester to appoint a representative to act on the race committee—Arthur I. Millett appointed.

MUST IMPROVE KITCHENER RINK

Kitchener, Ont., Oct. 29.—(Special.) There is a possibility that the Kitchener senior hockey team will have to find another city in which to play its O.H.A. games this season unless there are considerable improvements made to the Auditorium Rink, in which the games are played, according to a decision reached by the local board of health at the regular meeting here this afternoon. Senator Inspector Rau reported to the board that the rink building is in a most unsatisfactory condition, that following an inspection of the building, he would recommend that the rink company be forbidden to open the rink to the public until radical changes have been made.

TO SETTLE ADRIATIC QUESTION

Rome, Oct. 29.—Direct negotiations will begin early in November between Italian and Jugoslav representatives to settle the Adriatic question, according to a semi-official note issued today.

CLOSE FIGHTS SECOND NIGHT

Newton and Bull Are Forced to Limit to Win Their Bouts.

The semi-finals of the Classics' international tournament was a great improvement over the first night and the finals tonight should provide a good evening's boxing.

Ten bouts were staged and six of them were full of action, one was a burlesque and the other three were stopped by the referee.

The semi-final in the 135-lb. class, between Walter Newton and Bowerbanks of the States, was the hardest bout of the evening. Bowerbanks, a green boy, had stopped Newton (unattached), in one round and then gave the crowd a surprise by giving Newton the battle of his life. There was not much science displayed, but the boys slugged each other all over the ring. Newton finished stronger and got the decision.

Another exciting bout was a good battle, with Atkins always the best. Fern Bull stopped J. Butt, a claimant from the States, in the first round, and then took on a new boy, Heming, of the Welsh Rugby Club. Bull had a big lead in the first round, but Heming came out to life and dropped Bull for the count of nine and gave the Classics boy a battle for the remainder of the bout, but experience and condition (old) and Bull went into the finals. The other bouts, between Hookett of St. Catharines and Bartlett of Classics, was the most amusing bout of the evening, with the decision going to St. Catharines.

Percy Platt gave Murray of Cleveland a bad licking in the middleweight contest and had him on the floor taking the count, when the final gong sounded. T. Coyne and T. Colbourne, both of the Classics, were the only pair in the 125-lb. class. Coyne was much too clever for the Scotchman and will go up against Walter Newton tonight.

N. Smith of the Classics was not in condition to last only about five minutes against C. Miller, a claimant, while Russell Young had no difficulty in winning against Mandell of the Arlingtons, in the 110-lb. class.

110 lbs.—C. Miller (Classics) beat N. Smith (Classics), first round; R. Young (unattached) beat Mandell (Arlington), decision.

125 lbs.—F. Coyne (Classics) beat F. Colbourne (Classics), decision.

135 lbs.—N. Atkins (Classics) beat E. Gordon (Classics), decision; Bowerbanks (Riversides) beat Robinson (unattached), decision; Newton (Riversides) beat Burt (Classics), decision.

145 lbs.—F. Bull (Classics) beat J. Butt (unattached), first round; Hackett (St. Catharines) beat Bartlett (Classics), decision; F. Bull (Classics) beat Hemmings (Welsh Rugby A.C.), decision.

155 lbs.—P. Platt (Classics) beat M. Murray (Cleveland), decision.

Draw for finals at Riverdale Arena tonight:
100-lb. class—Doig (unattached) vs. Collins (Arlington).
115-lb. class—Adams (Classics) vs. Polard (Riversides).
125-lb. class—Coyne (Classics) vs. W. Newton (Riversides).
135-lb. class—Atkins (Classics) vs. W. Newton (Riversides).
145-lb. class—Hackett (St. Catharines) vs. Bull (Classics).
155-lb. class—Platt (Classics) vs. Chief Hightower (Buffalo).
165-lb. class—Doulton (Classics) vs. Black (Classics).

ATTELL SAYS OTHER WORLD SERIES FIXED

Montreal, Oct. 29.—That he was not responsible for the arrangements made to take the world's series between Chicago and Cincinnati, because he was incapable of carrying out such an undertaking owing to lack of funds, and also because one of the "master minds" was, and is, protected on account of his financial position, are features of a statement made today by Abe Attell, who has been staying in the city for some time, eluding reporters and refusing to talk. Attell's statement added further that the world's series of 1919 was not the first occasion upon which big ball players were persuaded to "lay down" to their opponents. Attell contends Rothstein made \$60,000 or \$70,000 out of the series, besides expenses.

PIMLICO RACES OPEN MONDAY

The Ten Thousand Dollar Steeplechase Features Next Tuesday.

Baltimore, Md., Oct. 29.—Patrons of Pimlico will find much to interest them during the coming autumn meeting, which begins Nov. 1. Racing Secretary Frank J. Bryan has prepared an excellent program for the short session of eleven days, with the customary daily steeplechase as a popular feature. Pimlico was the first track in the country to hold a race over the jumps every day, and in consequence practically all of the leading cross-country stables will be on hand. The fourth renewal of the Manly Memorial Steeplechase, a handicap for four-year-olds and upward, over the long course of two miles and half, \$10,000 added, is set for Tuesday, Nov. 2 (Election Day). Two of the principal candidates, Joseph E. Davis' Brooks and Joe E. Widener's Duetiste, each have a leg on the gold cup that goes to the winner. Howard Lewis are leaving nothing unturned to have Duetiste fit for the supreme effort of their lives. In addition to the Manly Memorial, the Maryland Jockey Club will offer two \$10,000 races on the flat. The Walden for two-year-olds, one mile, and the Autumn Handicap, for three-year-olds, one mile and a quarter, and the Pimlico Cup, two miles and a quarter, each have \$5000 added, and other valuable stakes are three Pimlico serial weight-for-age races, at distances ranging from six furlongs to one mile and a furlong, and the Elkridge Steeplechase, for three-year-olds, one mile and a quarter.

A number of stables will be shipped to Pimlico direct from New York, including the base of S. C. Hildreth, A. J. Zeigler, R. T. Wilson, Jr., P. T. Chinn, J. Fitzsimmons, F. A. Clark, Frederic Johnston, S. McNaughton, R. O. Miller, Steve Lawler, G. M. Odum, F. D. Weir and T. J. Shannon. The string of W. S. Kilmer, headed by Exterminator in charge of W. McDaniel, has been in Pimlico for several weeks, and Exterminator is receiving a special preparation for the long-distance events. Arrivals at Pimlico on Tuesday included John J. Grier and his "Whiney" stable, including Enfilade and Audacious.

Eddie Fitzsimmons Out in the Tenth Round

New York, Oct. 29.—Willie Jackson of New York scored a knockout over Eddie Fitzsimmons of New York in the tenth round of a fifteen-round match at Madison Square Gardens tonight. Before Bill Brown stopped the contest with Fitzsimmons hanging on the lower rope, as the bell ended the round. The two boxers were among the foremost contenders for the world's lightweight championship, and it was understood that the winner would meet Benny Leonard, title holder. Fitzsimmons received considerable punishment, but plucky through it. He appeared as though he had weakened himself in making weight for the fight. The men weighed in at under "135." Jackson scored a knockout in the sixth round with a right to the jaw. Fitzsimmons taking a count of eight. In the tenth, he was forced to take another count of eight, and went down again before a rain of blows just before the bell. He was unconscious and had to be carried to his corner. The two men had opposite styles of fighting. Fitzsimmons, a left-hander, standing with right foot foremost.

The members of Central Y. Swimming Club are very busy these last few days getting themselves in shape for the big open swimming gala to be held in their tank Wednesday night, Nov. 17. The following events will make up the evening's program: 25-yard juvenile handicap; 25-yard junior handicap; 40-yard intermediate handicap; 50-yard senior boys' handicap; 100-yard open handicap; junior diving; juvenile relay; junior relay; intermediate relay; senior boys' relay; open relay; long plunge. Twenty-nine medals and 44 awards will be given to the winners in the above events.

An enthusiastic swimmer has offered a diamond medal to the first Y.M.C.A. member who swims the hundred yards under the minute mark. This should bring out all the hundred-yard men in the city, and there should be a great contest between such swimmers as F. Woods, G. Lindsay and G. W. Cole. During the evening the Hunter Olympic Challenge Cup will be presented to F. Woods, the winner.

NEXT PROFESSIONAL BOXING SHOW

The next professional boxing show in Toronto will be staged under the auspices of the district council of the Great War Veterans at the arena next Friday night. Ten rounds between Benny Valger of New York and Jimmie Burns, a highly regarded middleweight contender, Valger is the man who defeated Nick Michaels of Toronto. He showed he could hold his own in the past four times and he outboxed him all the way. Burns is the best lightweight in the east, but all his bouts out there were four rounds, the coast limit. Valger arrived yesterday and commenced to work out last night at York College.

TO TRY BASEBALL REORGANIZATION

Loyal American Leaguers Have Counter-Proposal to Tasker Plan.

Chicago, Oct. 29.—A counter-proposal to the "Tasker plan" for the reorganization of baseball was made here today by the board of directors of the American League in executive session. The proposal was in answer to the ultimatum of the National League and three American League clubs—Chicago, New York and Boston—which declared they would organize a twelve-club league if the five American League clubs loyal to President Ban Johnson did not join in the plan before November 1. The plan decided upon today is for a committee of nine members—three each from the National League, American League and National Association of Professional Baseball Leagues (minor leagues) to work out a project of reorganization. Two reasons were given for rejecting the Tasker plan, which calls for control of baseball by a civil tribunal, three men, not financially connected with the game. One objection is that the scheme does not give the minor leagues any voice in the proposed reorganization. The other is that baseball cannot be efficiently managed by a board of men, however eminent, who know nothing about baseball. The Washington, Detroit, Cleveland, Philadelphia and St. Louis clubs were represented at the meeting today.

OWES HER LIFE TO TANLAC, SHE SAYS

Mrs. Nelles Declares It Has Restored Her Health After Suffering 25 Years.

"I firmly believe I owe my life to Tanlac, for it has completely restored my health after suffering for 25 years," was the statement made by Mrs. S. Nelles of 208 Parliament street, Toronto, Ont.

"During all those years I hardly knew what it was to eat a good meal without suffering dreadful pains in the pit of my stomach and also palpitation of the heart afterwards. My life was a misery and I was troubled a lot with nausea. I generally woke up in the mornings with a fearful headache and had such spells of dizziness that I had to hold on to the furniture to save myself from falling. I was just tired out and weary all the time and every now and then had such a sinking sensation come over me that I thought my end had come. In fact, I was almost confirmed invalid, and used to lie awake for hours at night worrying about my condition, and never expected to be well again.

"But the way Tanlac has built me up has been really wonderful. The first few doses seemed to do me good, for I began to sleep better and had less distress after my meals. After taking eight bottles of this medicine I can honestly say I am as well as I ever was in my life. All my stomach trouble has disappeared, I sleep fine at night, and am so much stronger than I can do my housework with ease. I have recommended Tanlac to lots of my friends, and am glad of this opportunity of telling everybody what a grand medicine it is."

Tanlac is sold in Toronto by all Tamblin drug stores and by an established agency in every town.

CANADIAN FLOWERS CARRY OFF PRIZES

Speaker at Rotary Club Gives Insight into Notable Industry of Dominion.

An insight into the flower industry was given at the Rotary Club yesterday by H. G. Dillemlund in his address on "Say It With Flowers." Twelve and a half million feet of glass was, he said, devoted to flowers alone, while over two million was used by vegetable growers in Canada.

The florist telegraph delivery service was well organized that any city on the globe could be reached. All steamships, trains, hospitals, etc., were met and an order filled in Toronto could be executed in Chicago in a very short time.

Miss Jean Hay, who won first prize in the vocal competition at the Exhibition, sang during luncheon, and her clear soprano was heartily appreciated.

The Glue Club gave a selection also, under the able leadership of Dr. Fricker.

The six large bouquets of flowers which Mr. Dillemlund provided as decorations were later given to the Toronto General Hospital.

PUBLIC ALOOF FROM WALL STREET TRADING

Available Funds Show Further Depletion, While Evidence Accumulates of Setback in Industry—Short Covering Causes Rally Towards Close.

New York, Oct. 29.—Business on the stock exchange today differed from the important essentials from the irregular and hesitant movements of the preceding sessions of the week, the professional element again dominating the market.

Aside from occasional pool activity in some of the local utilities and miscellaneous specialties, dealings centred in oil, steel, equipments and transportation, the last named mainly of the lighter grade. Short covering accounted for the brisk rally at the close, such stocks as United States Steel, Bethlehem Steel, Baldwin Locomotive, Southern Pacific and Mexican Petroleum scoring net gains of one to almost four points.

SPECIALTIES WERE WEAK GAS SHARES HIGHER

The weight of offerings of speculative stocks was distinctly felt again on the Montreal Stock Exchange yesterday, and the prices made on the eastern market were closely followed on the Toronto exchange. The issues mainly concerned were sugar and the papers, with the former in the lead in point of weakness.

FIRMER PRICES MADE FOR MINING STOCKS

The Toronto mining market yesterday was again quiet, but the undertone was steady to firm and a contrast from that of the previous day. The immediate news had no bearing on prices, but what was looked for in the early labor equipment of those gold mines now undermanned.

REPORT BETTER TONE IN MONTREAL TRADING

Montreal, Oct. 29.—Short covering and less urgent selling in the late trading was responsible for a better tone in today's market on the Montreal exchange.
