THE PROOF OF THE BLACKMAIL PLOT

Here follow extracts from the declarations, made by men of prominence and well known integrity, showing the threats Mayes made in his attempt to blackmail Hon. Mr. Pugsley into buying his dredge at an exorbitant price:

Hon. C. J. Osman, says:

"He (Mayes) stated to me that he wished to sell his dredge to the Government, and would accept \$160,000, and that unless arrangements were made to purchase this dredge before twelve o'clock the next day, he would expose a great scandal in St. John, which would be a serious thing for the Liberal party and for the Minister himself, and urged me, as a friend of Dr. Pugsley's, to interview the Minister and inform him that this exposure would certainly take place if steps were not taken to satisfy him. He also intimated that if the dredge was purchased at the price fixed by him (viz., \$160,000.00), he would be willing to make a handsome donation towards the election campaign fund in St. John."

George McAvity, says:

"That in the month of September last, I met Mr. J. B. M. Baxter, and Mr. Baxter proposed to me that if the Government would buy Mr. Mayes' dredge at a price which I thought was about \$160,000, there would be a rebate for political purposes of \$20,000. I replied to Mr. Baxter that I was through with Mr. Mayes and would have no further transaction with him." And Mr. McAvity further says: "Mr. Holt stated to me that if the Government would purchase the dredge at \$153,400, Mr. Mayes would withdraw all suits, return all checks and notes and photographs thereof, and give a letter to take no further action; otherwise he would publish a statement of a damaging nature to the Government and would take the platform himself."

John E. Moore, says:

"Mr. Thomson said he had seen Mayes and that unless the dredge was purchased at \$150,000, Mr. Mayes would send to the 'Gleaner' by special messenger, a statement damaging to the Liberal party and would himself take the platform."

F. W. Holt, C. E., says:

"I called upon Mr. McAvity and stated that Mr. Mayes wanted to sell the dredge and would take one hundred and fifty-three thousand four hundred dollars and that if the purchase was made Mr. Mayes would withdraw all suits and give up all notes and checks and notes and photographs thereof otherwise Mr. Mayes said he would make public damaging statements and take the platform himself."

Percy W. Thomson, says:

"Mayes said he would not sell for less than one hundred and fifty thousand dollars, or he would let matters take their course. He said the papers were all ready to serve, and unless he heard from me to the contrary within a few hours, the declaration of the suits would be forwarded by special messenger to Fredericton for filing and published in the 'Gleaner.'" Mr. Thomson also says: "When I called upon Mr. Moore I stated to him the whole effect of the story as detailed by Mr. Mayes, which was that there would be an exposure injurious to the Minister and to the party unless the dredge was bought right away. I had been informed by Mr. Mayes that a payment of two thousand dollars had been made by him to the Minister, and I understood it was after he became Minister of Public Works."

Hon. Wm. Pugsley, says: "Mr. Mayes is a blackmailer, and I am prepared to meet any charges he may make against me."

The force of these statements, the manner in which they agree, the standing of the men who make them, all point irresistibly to Mayes' guilt.

No wonder the Mayes' plot and Premier Hazen's blunder (or worse) in using it for political purposes, have wrecked the Conservative party here no the eve of election.

BUSINESS MEN TELL WHY THEY WILL SUPPORT THE GOVERNMENT CANDIDATES

Pugsley and Pender are the Men for St. John is the Opinion of Prominent Citizens Who Place the City's Welfare Ahead of any Party Bias.

A Times man interviewed several prominent merchants this morning and asked them to express an opinion as to why St. John people should support Hon. Mr. Pugsley and James Pender. The general opinion seemed to be that it was greatly in the interests of harbor development to have two staunch advocates of the claims of this port at Ottawa to continue the work which has been so ably carried on through the instrumentality of the minister of public works.

Pugsley Is the Man

H. B. Schofield, of Schofield Bros., Ltd., in discussing the matter, said: "After digesting all that I could of what has been said and written during this campaign, I have concluded that it is best to eliminate the scandal and slander element entirely from one's judgment. Leaving that out then, I am forced to vote for Pugsley and Pender on both local and federal grounds."

Man could talk to Mr. Morse, of the G. T. P., and hear his description of their development plans at the various lake and Pacific ports (unless he were blinded by political prejudice), he must conclude that if St. John is to share in their Atlantic business, the work MUST BE STARTED AT ONCE. Mr. Morse said that in 1911 they will have a large traffic to go through some Atlantic port. Let us get ready without delay, and how can it be done easier and quicker than by sending Dr. Pugsley to Ottawa with Mr. Pender to support him.

Best For St. John

"It is not a question of politics at all," said H. N. Coates, of the S. Hayward Company. "It is a question of what is best for St. John, and I cannot see why there should be any hesitation in St. John people supporting the minister of public works. He has shown what he can do and he has promised to advance the interests of this port. A prominent Conservative told me yesterday that he intended voting for Dr. Pugsley simply because he considered him the best representative the city could have at Ottawa, and I believe many Conservatives feel the same way about the matter."

Unwise To Change

Mayor Bullock said he thought anyone would recognize that the present government had done a great deal to advance the interests of St. John and it was pledged to do so great deal more. Dr. Pugsley had shown himself an able advocate in looking after the welfare of St. John and in his opinion IT WOULD BE VERY UNWISE TO MAKE ANY CHANGE. He questioned whether a Conservative government would do as much as the Liberal government had done and will do. Dr. Pugsley and Mr. Pender should be the city's representatives at Ottawa.

Should Be In Line

John Sealy thought the people had given sufficient reasons why they should support the minister of public works and Pender, and he did not know of any reason that could advance to make the case any stronger. THE GOVERNMENT WOULD BE SUSTAINED AND ST. JOHN SHOULD HAVE ITS REPRESENTATIVES IN ITS RANKS in order to have the good work continued.

NOMINATION DAY WAS HOT

Woodstock had a Lively Time Yesterday—Fights Were Frequent.

Woodstock, N. B., Oct. 20. (Special)—There were two nomination days by the two parties last night. The Liberals had the opera house which was crowded to the doors. N. F. Thorne was chairman and the speakers were F. B. Carvell, H. A. McKinnon, W. P. Jones, Couns. John Kinney, E. S. Gillmore, F. B. Shaw and Mr. G. W. Upham.

P. E. I. WILL STAND SOLID FOR LAURIER

Letter from the Island Province Says the Liberals Will Make a Clean Sweep.

A prominent Charlottetown Liberal writing to a friend in St. John says:—"We are certain to elect Prowse and Warburton this time. I have been through the county agent deal in the past two weeks and the changes are wonderful. We have sixty-five polls in this county, and four years ago our candidates were not represented at fourteen polls. This time we have a complete organization all over the county. Besides Prowse and Warburton last time were in the field, only three weeks. So you can see the difficulties we were under the last time; and even with all this we were beaten by only 8 votes. "As for Prince county, I have it on the very best of authority that Richards will beat Lefevre by 200 at least. "As for Kings county, Hughes' election is a foregone conclusion. No one in his life of me. I cannot see how you N. B. people keep publishing that P. E. I. will return two Liberals only. We will make a clean sweep, or I am very much surprised. I fully expect to wire you the evening of the 20th: P. E. I. stands by Laurier and progress by sending a solid four to Ottawa."

ALL ABOARD FOR THE AERIAL LINE

From Boston to New York by Airship May Soon be a Favorite Excursion Trip.

Boston, Oct. 20.—The giving of a contract yesterday for a dirigible balloon to cost about \$7,000 to Captain Thomas A. Baldwin, builder and inventor of the dirigible balloon recently sold to the United States government marks the first step taken by the Aerial Navigation Company, of which Charles J. Glidden is the leading spirit since the company was incorporated some months ago, for the purpose of operating an aerial freight and passenger line to New York.

Turin, Oct. 20.—The Duke of the Abruzzi has suddenly disappeared from Turin, and a search has failed to locate him. The report has gained circulation that he has left for America, sailing under an assumed name.

MANY KILLED BY TYPHOON

Thursday's Typhoon in China Cost Over 2,000 Lives

Amoy, Oct. 20.—The damage done in Thursday's typhoon was much greater than at first supposed. In Chang Chow 3,000 houses including the Prefecture Yamen were destroyed and 1,100 persons killed. In Lam Cheng, 15 miles west of Chang Chow, 600 houses were destroyed and 1,200 persons were drowned fifteen miles north of Chang Chow, three villages were entirely destroyed in Thursday's storm.

SIX KILLED IN PECULIAR WAY

Caboose Filled With Men Hurlled from Work Train by Heavy Cyclone.

Cheyenne, Wis., Oct. 20.—As the result of an unprecedented accident on the Union Pacific at Lone Tree Creek, thirty miles west of Cheyenne last night, six laborers are known to be dead and several others probably met death, while 25 or 30 others were injured, many seriously. A terrific cyclone picked up the caboose of a work train, tore it away from its couplings and carried it over the edge of a fill. It dropped thirty feet with its forty occupants, nearly all of whom were section laborers and terror-stricken men were piled in helpless confusion among the wreckage when it landed.

CHATHAM NEWS

Chatham Curlers Will Challenge for McLellan Cup.

Chatham, N. B., Oct. 20.—(Special)—The funeral of the late James McDonald was held yesterday afternoon and largely attended. The pall bearers were Chas. Gunn, James McLean, Joseph Dickens, Alex. MacKinnon, Robert Walls and George McFarlane. Rev. J. M. McLean conducted the services.

The funeral of Mrs. James Stothart took place yesterday afternoon from her late residence, Duke street. There were no pall bearers. Rev. George Wood officiated and interment was in Riverside Cemetery.

The death occurred on Sunday of Miss, the nine-year-old daughter of Mr. and Mrs. John Bennett, scarlet fever was the cause of death.

The annual meeting of the curling club was held last evening with a good attendance. Six new members were enrolled and the prospects look bright for a successful season. The officers elected were: President, R. A. Lawler; vice-president, James Nicoll; Chaplain, Rev. George Wood; treasurer, J. R. McKnight; secretary, A. D. McKinnon. Managing committee, R. A. Snowball, F. M. Tweedie, J. D. K. McNaughton, with president and secretary. Challenges will be sent to the Thistles of St. John for a two rink contest for the McLellan cup and to Campbellton for a four rink contest for the McCaffrey cup.

Sir Robert Brooks, an English baronet, who has been in the Lubinstak woods with his guide, John Connell, returned today with moose and caribou heads. The latter is the finest specimen ever seen in these parts. Sir Robert was so delighted with his trip that he has made arrangements to return next fall and will bring along his cousin. He goes from Chatham to Newfoundland.

EARTHQUAKES AT MANILA

Manila, Oct. 20.—Two sharp earthquakes were felt here today, followed by a third which was less severe. No damage was done in or about Manila, and as yet no reports have been received from other places on the island. The first shock came at 1:10 a. m., the second at 1:40 a. m., and the third at 3:40.

A CONSERVATIVE PAPER PICKS LIBERALS TO WIN

Predicts Laurier Government Will Have Majority of at Least Fifteen Seats—Government Will be Sustained and St. John Should not be in Opposition—Change of Opinion in West Side—Other Campaign News.

Conservative speakers and others who have been spreading in Eastern Canada the report that the West would be solid for Borden, that there would be a landslide in Ontario, etc., and have also told Western voters that the East would be solid in its opposition to the government have received a severe jolt from the Ottawa Evening Journal, a straight Conservative newspaper. The Journal asked its correspondents all over Canada for forecasts of the possible result. On Saturday last it devoted two pages of space to the publication of the reports thus received and as a result predicts that the Liberals will have a majority of at least 15 in the next house.

This, from a strong Conservative paper, shows how utterly hopeless is the Conservative fight.

Collier's Weekly, in its issue of two weeks ago predicted a Liberal majority of 25 to 32.

Not one independent or honest Conservative paper in Canada has had the temerity to forecast a Conservative victory. St. John voters should remember this. It is not a good time for this port to be in opposition to the government.

The Outlook in West Side

One of the most striking features of the present campaign is the great change in the attitude and sympathies of the people of the West Side. In former elections Liberals have always found the voters across the harbor opposed to them and Conservative majorities have been the usual thing from Guys and Brooks wards. This year, however, things are different and it would not be at all surprising if Hon. William Pugsley and Mr. Pender crossed the harbor with a majority or at least on a close term.

Many things have contributed to this result. First, the splendid Liberal organization in both wards will bring out a large vote than ever before registered. On the other hand the Conservatives are not united, especially as to Dr. MacRae and they will not go to the polls in their usual strength. The slanderous attack upon Dr. Pugsley by G. S. Mayes who himself is not any too popular in St. John west has made many new friends for the minister of public works and has done much to injure the Conservative chances.

Some party bound Conservatives have been heard to say that after the Mayes charges and Mr. Flemming's address of last Friday night, Dr. Pugsley would not dare to appear before a West Side audience. Now it is known that he will speak in Carleton City hall on Friday evening and it will probably be the greatest political gathering the West Side has ever seen. Mr. Pender will also speak and they will certainly get a royal welcome from the men of West End.

A Lively Meeting

Toronto, Ont., Oct. 20. (Special)—There have been stormy meetings in Yorkville in years gone by, but they were cast into oblivion yesterday by the nomination of W. H. Shaw, Liberal, and George E. Foster, Conservative, to contest the riding of North Toronto.

Marnadine Rawlinson, chairman, announced that it was the understanding of the candidates that personalities were to be eliminated from the speeches, but subsequently the unexpected happened and the meeting broke up in general disorder, just at the time when Mr. Shaw was holding forth and Mr. Foster wanted to jump into the limelight.

The trouble arose over a letter produced by Mr. Shaw purporting to contain information relative to commissions alleged to

have been collected by Mr. Foster while manager of the Union Trust Company in connection with funds of this company used in the promotion of the Windsor, Essex and Lake Shore Railway.

Mr. Foster was sitting close to Mr. Shaw and, jumping to his feet, he demanded the name of the informant. Mr. Shaw allowed Mr. Foster to scrutinize the letter hand showing the name of the firm, whereupon Foster demanded that Shaw publicly announce the name. "If I get the writer's name," Foster declared, "if there is any law in this country I will make him sweat." Mr. Foster having denied that he had ever received a note in any shape or form," Mr. Shaw maintained that he was not obliged to disclose the name of his informant who, he said, was a member of a prominent firm that had furnished the lumber and supplies in connection with the construction of the railway mentioned.

At this point every one wanted to talk and prominent Liberals and Conservatives who were occupying seats on the platform began to jolt each other and make accusations in which the crowd joined, demanding that the accused take the platform and make good their charges.

Mr. Carvell in Town

Frank B. Carvell, of Woodstock, Liberal candidate in Carleton County, who is to meet George W. Fowler in joint debate at Sussex, the latter's home town tonight, came in today's Montreal train. Asked how things looked in Carleton, Mr. Carvell replied with enthusiasm "splendid," and added "from every section of the county comes most satisfactory reports."

When it was suggested that the nomination proceedings had been somewhat lively, Mr. Carvell evidently felt more than satisfied with the outcome as he added laughingly, "they were a little that way."

Another of Mr. Carvell's friends accompanied him from Woodstock, among the number W. B. Morgan, a student at Queen's University, who has been campaigning for Mr. Carvell, said that reports to hand from all over the county indicated a victory by more than 20.

Co-pa a Winner in Digby

Digby, N. S., Oct. 19.—The best political meeting ever held in Digby took place in the Oddfellows Hall this afternoon immediately after the official nomination of J. A. S. Copp, Liberal candidate, and Clarence Jameson, town clerk, as Conservative candidate. The hall was crowded with a representative gathering of voters from all over the county as well as many ladies from the town and elsewhere.

H. L. Dennison presided and admirably filled the duties of chairman. Besides the chairman and the candidates, Major Daley, president of the Liberal association, and Dr. J. E. Jones, president of the Conservative association, were on the platform. The candidates, however, being the only speakers. Both were allowed one hour each for their main address and fifteen minutes each for reply.

Mr. Copp made an excellent speech and was loudly cheered by the audience, at least three-quarters of whom were evidently in favor of the present government and especially in favor of his faithful representative in Digby, who has done more for this county than any man previously elected for many years.

Mr. Jameson also made a good speech and was cheered by the Conservatives who were there. There is no question of Mr. Copp being elected, the only argument heard is the size of the majority. Mr. Copp immediately left for Sandy Cove, a drive of twenty miles on Digby Neck. There he held another successful meeting tonight which was largely attended and at which he made another excellent speech.

GOOD TIMES IN CANADA UNDER LIBERAL RULE

Bank Statement for September Shows an Improvement in Every Item Indicative of Business Activity.

Ottawa, Ont., Oct. 20. (Special)—In every item indicative of business activity, the bank statement for September shows an improvement over the figures for September of last year. The circulation increased by \$5,836,339. Deposits on demand, that is the money on deposit for current business, show an increase of \$7,229,933 over August, while the savings deposit increased by \$2,859,915. The revival in stocks is reflected by an increase of \$1,572,571 on call and short loans in Canada, while the cheapening of money in the United States is probably due to the decrease shown in call and short loans by

the Canadian banks abroad. As compared with August the banks have increased their current loans for carrying on of business in Canada by nearly two millions, while current loans abroad are three millions greater. The banks increased their liabilities by \$8,776,810 and their assets by \$9,294,245 during September.

It is announced that the department of the interior is now ready to issue to the South African veterans warrants for land or cash scrip as those entitled to received them may choose. This applies to the 1,100 veterans applications received and endorsed by the militia department and forwarded to the department of interior.

PUGSLEY, PENDER TO THE WINTER PORT

A HEALTHY HAPPY FAMILY

Since Child's Life was Saved by Psychine.

Mrs. E. Obediah of Oshewin, Ont., declares that Psychine saved her child's life. It was then suffering from Pneumonia. This was in March, 1907. On August 11th, 1908, 17 months after, she wrote:

"The condition of my family's health is decidedly good. I give Psychine to each member of my family, eight in number and I consider their good health due to Psychine which we recognize and believe to be the greatest of Tonics. My husband and myself pin our faith to Psychine because it has done so much for us in times past when hard pressed with sickness. I would be glad if you referred me to any skeptical person and you can use my name for this purpose."

No words of ours could be stronger! This is only one of the thousands of testimonials we have. Psychine is the greatest of tonics for the throat, lungs and stomach and no home should be without it. Sold by all druggists and stores at 50c and \$1.00 bottle. Free trial on application to Dr. T. A. Slocum, Limited, Toronto.

THE WHEEL OF FORTUNE

By LOUIS TRACY

Author of "The Wings of the Morning," "The Pillar of Light," "The Captain of the Kansas," etc.

(Copyright, 1908, McLeod & Allen, Toronto)

(Continued.) "Excuse me, ma'am, but have you bin long a widdy?" "Nearly five years." "By gad," said Stump admiringly, "you must be bin a small slip of a gal when you was married!" she laughed, and she wanted Stump to act exactly in accord with her own plans when they reached the town. By this time the two boats were nearly level, but separated by a hundred yards or more. The captain had half risen to hail Dick when Mrs. Haxton stopped him. "Let them go on," she cried. "They would not take my advice. Now they will find that we have beaten them by a good five minutes." Stump knew quite well, of course, that a broad-beamed English boat could not compete with the long, slim Somali craft, but he was aware also that Miss Fenshawe and Royson wished to land in company. So he grinned and sat down again. The outcome of these crew purposes was curious in many ways. As Mrs. Haxton foresaw, the jolly-boat was forbidden to land at the man wharf, and Royson discovered that the Austrian did not understand Italian. It was Irene who translated the orders shouted at them by a brigand-looking soldier, and they had to pull off in the direction of a smaller pier where Mrs. Haxton and Captain Stump had already disembarked in the midst of a crowd of jabbering natives. "Now, captain," said Mrs. Haxton, "with her sweetest smile, pointing to a white building in the distance, "that is the telegraph office. We need not both remain here until our friends arrive. Suppose you go and send your cablegram in peace. By the time you have written it we shall be close behind you. Pray don't wait on my account. You see I want to crow over Miss Fenshawe."

"Just as you like, ma'am, said Stump, lifting his cap awkwardly. He went at the busy mob like a battlement. "Shier off, you black-an-tan mongrel!" he roared at them. "Go an' get some one to play on you, you black-an-tan mongrel!" "Dye think the lady like to be pestered?" He cleared a space, and rolled away towards the town. Hence, he did not notice a stout Arab, whose flowing burnous and distinguished air singled him out from the mixed gathering of nondescripts at the landing-place, who hid his time until Mrs. Haxton looked in his direction. Then he saluted, with a courtly blend of defiance and hauteur, and she beckoned him instantly. "You are Sheikh Abdullah?" she asked in French. "Yes, madam," he replied in the same language. "Do you know the town well?" "I have been waiting here two months." "Then two more hours will not weary you. Von Kerber Effendi, or I, or both of us will meet you outside the Elephant Mosque at five o'clock. Nevertheless, should there be others with us, do not speak unless we address you." "Who is he, the red one?" demanded the Arab, gazing after the broad figure of Captain Stump. "He is the captain of our ship, a man of no importance. The Hakim Effendi is in the approaching boat. With him is Fenshawe Effendi, the old gray haired man. There is a tall young ship's officer there. His name is Royson—you will not forget?—Royson. He is dangerous. Heard him well. He might prove troublesome, or useful—I hardly know which at present. Fenshawe Effendi speaks French and Arabic, Royson Effendi French only. That is all for the present. Leave me now." "Adieu madame. A cinq heures!" Drawing back into the mob of natives, who were pressing nearer in their eagerness to offer themselves for hire to the Europeans in the boat, Abdullah shaded his swarthy face under a fold of his burnous. Royson leaped ashore in order to assist Irene to land. She, with a velvet girl gleam at emancipation from the narrow decks of the Alphonse, sprang on to the low pier at the same instant, and laughed at his surprise at finding her standing by his side. They both extended a hand to Mr. Fenshawe, who returned their aid, saying that the first breath of dry air had made him feel as young as ever. "There is no tonic like it," he said. "Look at Mrs. Haxton if you want a proof. She was a bit in London—now she is a rose." Excitement, or the prospect of success, had certainly given the lady's complexion a fine tint. Her dainty profile, offered a striking contrast to the motley crew of negroed Arabs who surrounded her. She came to meet them in a boy's coat and cap, though the fierce sun was

scorching her delicate skin through the thin fabric of her dress. "I ought to have made a wager with you, Mr. Royson," she cried, pronouncing his name very distinctly. "Our English-built craft cannot hold its own against the Somali, you see."

"Knowing nothing of the difference of opinion on board the yacht, Dick could not fathom this sudden graciousness on her part. Before he could answer, von Kerber, highly-pitched voice broke in. "Why did Captain Stump come ashore with you?" he asked.

"To send Mrs. Stump a cablegram, I believe," replied Miss Haxton carelessly. "He ought to have asked my permission first."

The petulant words drew a protest from Mr. Fenshawe. "My dear Baron," he said, "why should not the poor man make known his safe arrival to his wife? You are not yourself very busy, when it is liver or anxiety?"

"I have no special reason for anxiety," replied von Kerber, almost hysterically. "Royson came to his relief by asking for orders about the boat, but the Austrian was so unimpaired, no visible reason, I believe, he indicated, and I have answered for him."

"We have arranged to dine on shore, at the Grand Hotel del Universo," she said. "Mr. Fenshawe wishes Captain Stump and you to join us, so the boat may go back to the yacht and come for us at eight o'clock. When you meet Captain Stump, please tell him."

"Excellent!" agreed her grandfather, who now turned to Irene. "You put things so admirably that I hardly recognize my own words. Well, as that is settled, let us go straight to the Governor's house. One of these black gentlemen will pilot us."

While Fenshawe was asking his Arabic in selecting a guide from fifty volunteers Dick gave instructions to the crew. Mrs. Haxton, seeing that Irene was weary for her new and strange surroundings, read von Kerber's much-needed lecture.

"For goodness' sake gather your wits," she murmured. "You will arouse general suspicion by your fooling about the boat before five o'clock let us all gather at the hotel for tea. Slip away on phantasmic moonlight, and be gone before some pretext, and go inland to the Elephant Mosque at five o'clock. Well, as that is settled, let us go straight to the Governor's house. One of these black gentlemen will pilot us."

"By the Holy Kaaba," said he, "there goes a man! I have seen few like him, even at Khartoum, which has seen many swarthy men. But he is young, and his flesh is soft. The desert will thin his blood. And that little bull, who went before him, he should feel his dry bones. Tom of my father! if the Hakim Effendi has brought such men as these in his train, he will be a great man at the foot of the Five Hills, and I, Abdullah, the Spear-thruster, shall be there to witness them."

G. S. MAYES OWNS LETTERS ENOUGH TO CONDEMN HIM

His Statement that His 55 Cent Contract was Not Properly Obtained is Shown to be False—What the Department Records Show.

Mayes' statement that his 55-cent contract was improperly obtained is now shown by his own letter to be false.

A Telegraph reporter interviewed the Minister of Public Works last evening in regard to the statement of Contractor Mayes, that his contract for the 55 cent dredging was obtained in an improper manner, and asked him if he desired to make a statement in regard to it.

Dr. Pughly replied as follows:—"Mr. Mayes' assertion is entirely at variance with a statement made by him in a letter which he wrote me on the 21st of December, 1907, in which he claimed that I should cancel this contract and allow him ninety cents for silt, &c., and \$2.00 for boulders, the same as he was receiving under his second contract, and the same was paid to him."

"Mr. Mayes had no dredge registered in Canada, therefore his tender was irregular and might have been rejected, and the contract given to Messrs. Haney & Miller, but as the tender of Mayes was so much below that of Haney & Miller for all materials except rock and boulders, it was decided to reject both tenders and to call for new tenders, omitting the condition that the dredge must be registered in Canada at the time of tendering."

"Accordingly, new tenders were called for by public advertisement published on the 21st of August, 1908. In response to this advertisement, tenders were received from the same parties as follows:—"G. S. Mayes, \$11.00; Haney & Miller, \$5.00; solid rock or boulders, &c., \$8.69."

"The records of the Department, of which I have received a copy, show that on the 29th of July, 1905, the department called for tenders for dredging at Sand Point Slip, St. John, the advertisement calling for tenders providing that ONLY DREDGES CAN BE EMPLOYED WHICH ARE REGISTERED IN CANADA AT THE TIME OF FILING OF TENDERS. In answer to this advertisement two tenders were received as follows:—"G. S. Mayes, St. John: Rock, boulders, &c., \$8.00 per cubic yard; other materials, 48c per cubic yard."

"Mr. J. Haney & Roger Miller, Toronto: Rock, boulders, &c., \$3.50 per cubic yard; other materials, \$1.25 per cubic yard."

"Mr. Mayes had no dredge registered in Canada, therefore his tender was irregular and might have been rejected, and the contract given to Messrs. Haney & Miller, but as the tender of Mayes was so much below that of Haney & Miller for all materials except rock and boulders, it was decided to reject both tenders and to call for new tenders, omitting the condition that the dredge must be registered in Canada at the time of tendering."

"Accordingly, new tenders were called for by public advertisement published on the 21st of August, 1908. In response to this advertisement, tenders were received from the same parties as follows:—"G. S. Mayes, \$11.00; Haney & Miller, \$5.00; solid rock or boulders, &c., \$8.69."

NEW DIGESTIVE JUICES WANTED

More Gastric Juice and No Fermentation in Your Stomach Will Rid You of Dyspepsia.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch Gas and Eructate sour, undigested food or have a feeling of Dizziness, Heartburn, Fullness, Nausea, Bad taste in mouth, and Stomach headache—this is Indigestion.

A full case of Pape's Diaperin, costs only 25 cents and will thoroughly cure the worst case of Dyspepsia, and leave sufficient about the house in case some one else in the family may suffer from Stomach trouble or Indigestion.

Ask your pharmacist to show you the formula plainly printed on these 50-cent cases, then you will understand why Dyspeptic trouble of all kinds must go, and why they usually relieve a sour stomach and Indigestion in five minutes. Get a case now and eat one Triptangle after your next meal. They are harmless and taste like candy, though chemically they are clean and fresh, and you will not need to resort to laxatives or liver pills for Bilio-nousness or Constipation.

This city will have many Diaperin cases, some people will call them, but you will be cranked about this splendid Stomach prescription, too, if you ever have Indigestion or flatulency or any other Stomach misery, and eat just one Triptangle of Diaperin.

AT THE NICKEL. It would be hard to tell which feature of the new nickel attracted the biggest impression last evening—whether it was the Dramagraph Company's production of the new drama "The Despatch Bearer," the wonderfully fine Quebec picture, or the singing of Mr. Cairns and Miss Foley. Certainly it was a most magnificent show, the handsome effort the Nickel has put forth in its long career and thousands of delighted and grateful patrons will testify to it today. The historic value of the Quebec picture, with the long look of the men of the days of Jacques Cartier and Champlain, the gay courts at Fontainebleau and in the Louvre, France, the Indians in North America and the first Canadian settlements, appealed to every onlooker and hundreds went away determined to see it again and to send their friends. The Quebec of today (Trentenary week) was alone a big attraction. Throughout this long reel, the spectacle was simply charming in its completeness and grandeur. The Dramagraph put on a stirring playlet with most realistic incidents and Mr. Cairns and Miss Foley were really wonderful in their parts. The orchestra, worked in some excellent "cue music" to the various pictures the Louis XIV. court scene being particularly dainty.

P. W. Holt, C.E., yesterday received word of the death of George Ludgate, St. George. He had been in poor health for some time, but his death was unexpected, and he had been around as usual till last Friday. He was a son of the late Hugh Holt, and a brother of Mrs. Holt.

MARRIAGES. McDonald-Jones. Miss Charlotte Jones was married in Holy Trinity church yesterday morning to Archibald McDonald. Rev. J. J. Walsh performed the ceremony. The bride wore a brown broadcloth suit with a large Alice blue hat. Miss Nellie Cairns was bridesmaid and wore cream serge, with hat to match. The bride received many handsome presents, including a dinner and tea set from the employees of Fowler's ice factory, where the groom is employed. The happy couple drove to their home in Gilbert's Lane where a wedding breakfast was served.

AT THE OPERA HOUSE. A good-sized audience greeted the return of the Klark-Urban Company last night, when the bill was Justin Adam's comedy success, "The College Girls." The piece is full of funny situations and laughable dialogue and kept the house in the best of humor throughout. In the early role of Bruce Hobson, J. D. Brown, did excellent work. Harder Klark was the favorite of the evening as Billie Bullock, the coach of the college football team, and W. S. Hatt ably supported him as Dan Warrington. Miss Maisie Cecil made the most of her opportunity as Gail Haddley, and other members of the cast were suited to their respective parts. In the specialties Klark and Urban scored in a musical comedy act, Miss Maisie Cecil was dainty in song and dance and Franklyn and Hatt were excellent as lightning change artists.

AT THE PRINCESS. The very large crowd that attended the Princess last night were much pleased with the excellent performance. Scottie Brown, in his new act, again proved a hit with his new trick violin solos and comic songs. The pictures are above the average. John the idiot is a pathetic drama that abounds in thrilling sensations. The Rolling Armchair and Wanted a Colored Servant are two very comic pictures. The Football Match for the Championship of England, 1908, is a fine picture of the great game. This strong programme will be repeated today for the last time.

The slight trouble of looking for the name "Salada" on a package of tea is well repaid by the satisfaction you have in drinking it.

BENEFIT OF RURAL MAIL DELIVERY

The Farmers Will Appreciate This Boon—Post Office Department Ably Conducted.

(The Shareholder.) Hardly was the promise of the establishment of a system of rural mail delivery made by the Hon. Mr. Lemieux, Postmaster-General of Canada, before it was adopted. One section has already been adopted between Hamilton and Ancaster, and its completion has gratified the hearts of the farmers there, who have their mails delivered at their very doors instead of having to travel miles to obtain them. The news comes to us from Ottawa that the Post Office Department is busily engaged in sending out post boxes for installation along a large number of rural routes in the provinces of Ontario, Quebec and the Maritime Provinces.

This proves that the management of the Post Office Department was not an electioneering dodge, the fulfillment of the promise of the Government was a long way off. Hitherto the farming community of the Dominion has received little consideration from the Government, and it is to be regretted that the Post Office Department, under its present management, is a very different institution from what it was a few years ago. Then it was operated at a loss, and it more than pays the expenditure involved in its present management.

Daily Mishaps

MAKE ZAM-BUK A DAILY NEED.

Scarcely a day passes without some member of the family getting hurt. Maybe the bread-winner's work makes him peculiarly liable to cuts or lacerations; the boisterous youngsters are always running in to mother with bumps and bruises; and housework abounds with painful knocks, burns, scalds, and sprains for the fair sex.

Promptly dressing an injury with Zam-Buk means speedy relief from smarting pain. That's why the children like it. But it means much more—that your hurt will heal up quickly and perfectly, without festering, without gathering, and without harbouring disease germs. That's why the grown ups like it.

Mrs. Berry, of L'Orignal (Ont.) says—"Five doctors and treatment in three hospitals failed to cure me of chronic rheumatism and lumbago. They were so bad I could only walk with aid of a crutch and a stick. Zam-Buk has cured me! and I have put my crutch away. I am 73 years old and for all my life have not had anything to equal Zam-Buk." All druggists and stores sell it, or a box or Zam-Buk Co., Toronto, for price, 3 boxes for 82c. Cures cuts, burns, bruises, piles, eczema, all skin injuries and diseases.

FREE BOX. Send 10c stamp to Zam-Buk Co., Toronto, for trial box will be mailed you.

INCREASED MAJORITY FOR PREMIER LAURIER LIKELY

Indications From All Over Canada Are That Conservatives Are Marching to Their Waterloo—Fifty Quebec Seats With No Serious Opposition to Liberals Government Will Make Substantive Gains in Ontario.

Montreal, Oct. 19.—Today the nomination expected in this province, the Hon. L. P. Brodeur, minister of marine and fisheries, being elected in the County of Rouville. The Conservatives were able at the last moment to get some kind of a candidate in the other divisions.

In Quebec, East, the opposition induced Dr. Fiset to accept the nomination against Sir Wilfrid Laurier, while the gap in Bellefleur, Three Rivers, were also filled by men of straw at the last moment. In Drummond and Arthabaska the Conservatives were able to get a candidate in the other divisions.

The outlook, however, is the very best for the Laurier cause, and the opinion that the government will carry at least fifty seats in the campaign is becoming more general as the campaign draws to a close.

4,000 Cheers (Special).—Nominations passed off quietly in this district today. In this city the prime minister and Hal E. McGovern were nominated against the Conservatives, Thos. Birkett and Dr. Chabot. Sir Wilfrid was not present as he was scheduled to speak this afternoon in Rockland, where he is giving a public reception. A special despatch to the Citizen this evening thus describes the event: The celebration in honor of Sir Wilfrid Laurier took place this afternoon in the Auditorium, where upwards of 4,000 people were present. Hon. W. C. Edwards acted as chairman, and those who know the senator in that capacity can realize how enthusiastically he took the part.

SIR WILFRID LAURIER CANADA'S BEST PREMIER

Some Extracts From His Campaign Speeches Which Show Him to be a Constructive Statesman of the Very Front Rank.

As a platform orator and campaign leader Sir Wilfrid Laurier is without a peer in Canada.

The recent brief tour in Western Ontario was not less notable for the unpretentious enthusiasm displayed than for the lofty character of the Premier's deliverances.

What is the name of Laurier stands for in clearly and briefly set forth in the following extracts from his speeches during the campaign.

Our policy is Imperial unity based on local autonomy. As part of that policy we have relieved the Mother Land of the necessity of expenditure for the maintenance of garrisons at Halifax and Esquimaux. As another part we have established the bond of union between the Mother Land and the daughter nation. This is my policy which I commend to you, my fellow countrymen.

What is, after all, the criterion by which to ascertain whether, in private or in public life, there has been extravagance? There is one easy criterion. If a man has a certain income and spends within that income he cannot be called extravagant. But if a man spends beyond his income, then he becomes extravagant.

RING OF VICTORY IN THE CITY WARDS

Predictions are that Dr. Pugsley and Mr. Pender Will be Returned by Large Majorities.

The last week of the campaign finds the Liberal party in St. John more assured of a great victory than at any time since the election was called. While all along, the ward workers have felt confident of the outcome, yet now, with election day less than a week ahead, the anxious preparatory work about completed, there is no doubt that the Liberal candidates will have a great majority when the ballots are counted on Monday next.

An almost perfect organization with the ward workers laboring harmoniously together has brought about the very satisfactory conditions now existing. In a number of the wards last evening some of the workers who had been around to the various districts were figuring on the margin for the Liberal candidates.

A visit to the wardworkers last evening showed that the interest in the coming fight is keener than ever. In Berryman's Hall, where the electors of Queen, Dallas and Sney wards have their rooms today, 200 workers were assembled and the lists were very carefully gone over and any doubtful ones eliminated which then left good margin for the Liberal candidates.

There were about 150 voters present. The organization in this ward was never so strong as it is today.

third commercial nation in the world. I think I can claim that when the pages of the Constitution are turned to the future generations it will be regarded that the generations which have passed laid the foundation for the progress of the Dominion which you placed in power in 1867, the mandate of 1874, and which mandate I believe, you will renew again.

A REVIEW OF GENERAL ELECTIONS IN CANADA SINCE CONFEDERATION

How the Political Complexion of the Dominion Has Changed in the Past Forty One Years—Some Interesting Information

The general election campaign of 1898 has now less than a week to run and after that all that will remain to do will be the polling and counting of the votes which will determine whether the Liberal or Conservative government will be labelled Liberal or Conservative.

POPULAR VOTE. The popular vote in the general election of 1898 was as follows:

MILLIONS OF DOLLARS FOR IMPROVEMENTS TO HARBOR

Contract to be Let at Once for Ten Million Yards of Dredging Below Sand Point and in Courtenay Bay—Lowest Tender is 38 Cents Per Yard or Half of the Price Mayes Wanted For the Same Work.

The workers in Kings ward were treated during the evening to interesting and hopeful addresses by Patrick Gleason, of Fairville, and Dr. A. E. Walker. The attendance last evening, despite the fact that the quarters are not very large, was over fifty and all were thoroughly convinced that victory was an assured fact.

On the West Side the workers in the Gays and Brooks wards were visited during the evening by James Pender, the city candidate and in each place Mr. Pender addressed the large crowds attending on the issues of the campaign.

It is planned to make terminal provisions for the National Transportation Commission by the department of public works for use in the Fraser River (B.C.), has a capacity of 1,000 cubic yards an hour, or 10,000 yards for a day of ten hours, and dredges of even greater capacity are now being built.

LIBERAL MEETINGS 'IN RESTIGOUCH'. Public meetings in the interests of the Liberal party will be held at the following places this week:

Hon. J. Douglas Hazen, Premier of New Brunswick. My Dear Mr. Premier—I had intended leaving to the Miramichi meeting on Thursday night my examination of your record as a friend of the working classes of the city and county of St. John.

It is any wonder that the present Judge White, who was then attorney general, should have answered this wholeheartedly? You, Mr. Hazen, by the reply: "There never was a time in the history of the province when the laboring man was as free and independent as he is today. This was a day when laboring men bound themselves together and were a power in the land."

Having as an M.P. destroyed the Harris car works, throwing hundreds of the most deserving of our working classes out of employment, you entered the provincial legislature as one of the representatives from Sunbury County. Your entry was of a sensational character. You had made charges of a serious nature against the hon. Mr. R. B. Emmons, who had sought to build up a great bridge building industry in this province. You kept your charges on a par with the very best of the electioneers and then exploded your torpedo with the result that when the election came you were the victor.

Once more you entered the legislature and you tried to explain the defeat of your party by seeking to make it appear that the laboring classes had been taken by the throat by their employers all over the province, and if this had not been so the result of the election would have been different.

THE DREDGING

Having nothing better to say in reply to the announcement that tenders have been received for ten million yards of dredging in St. John harbor, including Courtenay Bay, and that one of those tenders had been recommended for acceptance, the Standard says that no money has been voted for this work and the whole affair is a mere pretence of Dr. Pugsley for election purposes.

Not being able to charge Dr. Pugsley with not doing enough for the port of St. John, his enemies fall back upon the feeble charge that he is offering to do more than he is able to do. Even if true, that would not be regarded as a very grave fault.

But what are the facts? Dr. Pugsley is minister of public works, St. John is the chief winter freight port of the Dominion of Canada. The government has already recognized the claims of the port by very large expenditures in dredging, and by letting a contract for the construction of wharves on the west side. It has the dredge fielding now at work in the channel. The Grand Trunk Pacific Railway must make St. John a terminus in order to reap the advantage of the clause in the preferential tariff which within a few years will make the preference apply only to goods landed at Canadian ports.

Terminal must be provided at Courtenay Bay for this railway. Every citizen knows that this cannot be done in a year. Dr. Pugsley says: "We will begin now by getting as much of the dredging done as possible." He would not call for tenders for so great a work without the assurance of the support of his colleagues in the cabinet. The work which he proposes in line with their great transportation policy. It is in line with the declared policy of the government and of parliament. No money is needed to carry on this work. It will be voted by parliament. Enormous sums are being spent in dredging on the great lakes, as Mr. W. Frank Hatheway has pointed out over and over again. Mr. Hatheway pointed it out in order to show that we should have more dredging at work in St. John. Now that these dredges are offered Mr. Hatheway says the work would take forty years or so, and the Standard asserts that it is all a sham.

What would satisfy these people? Nothing but the defeat of Dr. Pugsley. They would sacrifice the interests of the port to accomplish that end. They deny everything and admit nothing so far as Dr. Pugsley's efforts for the good of St. John are concerned.

Courtenay Bay will be dredged. It is the next great step in the development of St. John harbor. It will practically provide a second harbor, and vastly increase the capacity of the port for handling ocean borne traffic.

Why do these gentlemen of the opposition scoff at Dr. Pugsley? If Mr. Borden were premier the citizens would be sending delegations to Ottawa to urge him to do exactly what Dr. Pugsley is already doing. Year after year we have been told by Mr. Hatheway and others about the work being done in the St. Lawrence and on the lakes. The same government that did and is doing this great and necessary work on the St. Lawrence route is now taking up on a more extensive scale the same work at St. John. It is part of a great national transportation policy which could not be accomplished in a day, and which these petty critics apparently are unable to comprehend. If they do understand, they are subordinating the interests of St. John to the gratification of partisan feelings, which can only be appeased by the destruction of the minister of public works.

The announcement that the engineers of the public works department have recommended the acceptance of a tender for the dredging under discussion will be hailed with the greatest satisfaction by the citizens of St. John. The statement printed on another page of this issue shows that the tender is much lower than any former one, and very much lower than that of Mr. Mayes; and that if the work is carried on as vigorously here as in harbors farther west it will be completed in a comparatively short time.

The announcement is another reason for sending Dr. Pugsley and Mr. Pender to parliament, with a majority that shall firmly answer the pessimists and slanders of the opposition party.

THE REAL ISSUE

Many of the young men who will vote next Monday for the first time in a federal election may not be able to appreciate fully the changed conditions with regard to the equipment of the winter port during the last dozen years.

Even after the Liberal government came into power the citizens continued to expend money for harbor improvements, because the country under Conservative rule had not yet come to realize the strength of St. John's position as a great national port.

But as the great transportation policy of the Liberals was developed St. John came into national prominence and it was easier for the representatives of the city to impress upon the government the justice of the claims of the port for aid in the development of terminal facilities here. This aid was given, and has been given in an increasing ratio until in addition to extensive dredging the government has now awarded a contract for wharf building, and has thus finally relieved the city of the great burden of providing additional accommodation for steamships.

To Dr. Pugsley the city owes the last important step, as it does the appropriation in all of some \$730,000 since he became minister, for harbor improvements at this port. In addition he has called for tenders for further dredging on a very extensive scale, on the west side and in Courtenay Bay, to form part of a broad programme of further improvement, in addition to the vastly important work being done by the dredge fielding in the channel entrance to the harbor.

The sneering comments and disparaging or skeptical remarks of Dr. Daniel, Dr. MacRae, Mr. Hazen or Mr. Hatheway are not of much account in the face of this record of achievement and of great works in progress or projected.

St. John will honor and support the man who does things for St. John, the more so that his work is not for St. John alone, but for the benefit of the great transportation interests of the whole country.

St. John is coming into her own. One needs only to go back in thought some fifteen years to know how far we have travelled since a St. John delegation was so cavalierly treated by Hon. Mr. Foster that some of its members have never given the ex-minister of finance for his curt reception of their plea for justice to this port. But it was not until within the last five years that the port began to assume its proper relation to the great transportation system of the country, and not until Dr. Pugsley became minister that full justice was done to its claims as a national port.

Does anyone pretend to believe that the citizens will swap horses while crossing the stream, and substitute Dr. MacRae for Dr. Pugsley? Such a suggestion is surely too absurd. Give the present minister of public works another four or five years in office and the whole aspect of the harbor will be changed by the progressive policy which he has outlined. What the people have for long years demanded they are now receiving, and no petty campaign of scandal will becloud the really great local issue in this contest, which is the complete equipment of St. John as a national port. The more political enemies slander the minister the more the intelligent and progressive electors should rally to the support of the man who does things while others merely stand and sneer.

Mr. Crocket, of York, has discovered that Mr. Brown is not a joke. His smile, therefore, has faded.

MORE EVIDENCE

Another fact that is conclusive of the reckless and unfair character of the attack made upon Dr. Pugsley in the Mayes affidavit has just come to light. Mr. Mayes has stated that in his second tender he raised the price five cents per yard, and that this was for the special benefit of Mr. George McAvity. He did not state the other fact, that though in this second tender he increased the price for silt dredging he lowered the price for rock. This is shown in the records of the department. He led the public to believe, therefore, that the only change in his second tender was an increase in price, when in reality he increased it in one direction and lowered it in another.

Moreover, in a letter to Dr. Pugsley, Mr. Mayes in December, 1907, stated that he received the contract in 1903 in a perfectly regular way. The more this matter is investigated the worse it is for Mr. Mayes, Mr. Hazen, and all those who took part in the atrocious attempt to destroy the reputation of the minister. And yet this so-called scandal is still doing duty in the Conservative interest in other parts of Canada. St. John electors will condemn such tactics when they go to the polls next Monday.

DRIVEN TO THE WALL

The efforts of the opposition press and speakers in this city are now directed to the cheerless task of trying to make the people believe that the minister of public works is shaming in the call for tenders for additional dredging. How much more joyous their task would be if they could charge him with neglect of the interests of the winter port. They apparently cannot understand a man who plans large works and boldly undertakes them. Such a course of action quite takes the breath of people who are to be deprived of the cheerful pastime of calling meetings of the board of trade, petitioning the city council, writing letters to the newspapers, sending delegations to Ottawa, and denouncing the government for its neglect of this port. What will they do with their leisure time? They will have nothing to complain about. The needs of the port will be looked after by the government, as part of its great transportation policy, and the grumblers will be out of a job.

Nothing could be more foolish than the assertion that a responsible minister of the crown, who must also answer to his constituents, would outline a course he had no intention to pursue. Dr. Pugsley is well known to the people of St. John. They know him as a friend of the port, who is now in a position to do it greater service than has fallen to the lot of any representative in the last twenty years.

In an open letter to Mr. Hazen Mr. Michael McDade says:—"I shall hope to be able to show that you, Mr. Hazen, as the father, and Mr. Hatheway, as the mother of the Compensation Act, after bringing the infant into the world, strangled it at its birth, and that you have replaced the splendid Compensation Act promoted by the Hon. Mr. Pugsley by a creature that pleases neither employers nor workmen and that deserves the condemnation of all classes interested in the development of our city and province."

The Standard is still laboring to connect Dr. Pugsley with an alleged agreement between Mr. Mayes and Mr. McAvity, by which the latter was to get a rake-off. We commend to the Standard this extract from a letter written to Mr. Mayes by Dr. Pugsley, which is part of the record:—"Whether or not you owe Mr. McAvity or have overpaid him, or whether or not there shall be litigation between you and I, I beg to assure you, a matter of perfect indifference to me."

The false statement has been telegraphed to Conservative newspapers over the country to the effect that St. John ministers on Sunday in their pulpits denounced the minister of public works. This is another sample of the grossness of the slander campaign. The people of St. John should resent it, and show by their votes next Monday that they believe in a square deal.

No Conservative leader or paper has yet told us where Mr. Borden expects to find his cabinet of imbecillate statesmen, inspired by lofty ideals and gifted with the highest wisdom. But they will have another five years to grow, and much may happen in five years.

The attempt to persuade the people of St. John that the Liberal government does not intend to do justice to this port must fail in face of the evidence to the contrary.

No doubt the opposition will endeavor to spring a sensation of some sort during the next few days. The last one, in this constituency, lost them some votes.

Some people may have mourned that there were no speeches in the stuffy court house yesterday, but the newspaper men expanded their lungs and rejoiced.

St. John with two opposition members would have an especially bad head next Tuesday. Don't risk it. Defeat Daniel and MacRae.

Four days more of active work. Make them count for the good of the winter port.

The government will be sustained. There is no doubt of it. Keep St. John in line.

A few years hence Dr. Daniel will be strolling along the wharves on Courtenay Bay and exclaiming to himself:—"I never would have believed it."

The true friend of the workman is he who provides profitable work for them. That is the kind of man we have in Mr. Pender.

One fact the opposition cannot deny—the marvellous progress made by Canada during the twelve years of Liberal rule.

The government has dealt fairly with St. John, and St. John should deal fairly with the government.

It is a battle royal, all along the line, with the Liberal hosts advancing to victory.

New Brunswick should do its part to increase the Liberal majority.

Dr. MacRae has not yet brought in a moose.

A CHANGEABLE PRICE. A tourist in Brittany came to Quimper, and he found in the place beside the river an old woman selling trinkets.

"What is the price of this?" he asked, taking up an antique ring of silver and sapphires. "Six francs for your wife or your sweetheart," said the old woman.

"For my sweetheart?" "Fifty francs." "Fifty francs! Nonsense!" And the tourist turned angrily away. "Come back," said the old woman, "I'll take it for ten. You've been lying to me, though you have no sweetheart. Had the ring been for her you'd have bought it at once without regard to its price."

"I will take it," said the tourist, smiling. "Here are ten francs." So the old woman wrapped the ring up. "But you haven't a wife, either," she grumbled. "If it had been for her, you'd have beaten me down to five francs. Oh, you men!"

There was once a farmer whose corn was destroyed by the cranes that fed in his field. He grew angry and declared he would stop the nuisance. So he put up a net and caught not only the cranes, but a fine large stork that had come down from a neighboring roof to chat with the crane.

"I'll wring your necks," said the farmer. "You are pests and have hurt my fields." "Spare me," cried the stork. "I'm innocent; indeed I am. I never touched any of your belongings." "That may be true," answered the farmer, "but I find you among thieves and I judge you accordingly."

WITHIN THE DESK

Full down the rolling top and hills The labeled heaps of tasks undone; The talisman side Of sun to suit. The cares, vexations, worries, fears, That fill the day with "Woeen" and "How!" That furrow years Upon the brow.

Full down the top, but who shall say Whose hands shall lift and roll it back? The same hands may If on the track. Of life, those feet still tread the road; But what shall if the tired heart Puts down the load. And goes apart?

Ah, well! It locked within there be No orphan's sob nor widow's sigh, Whose tearful plea Meets no reply. No deed from watchful conscience hid, What need to linger o'er the sight? "Click," says the lid, "Sweet rest, you to-night!" —John L. Shroy, in Boston Journal.

RESEMBLANCE. "There are some points about your writings that resemble Milton," said the delighted author, who had brought his contribution in with his own hand. "Yes," the editor continued; "you employ almost the same punctuation marks."

HIS CONSCIENCE DICTATES. "He's forever prating about what his conscience tells him. What does his conscience tell him, anyway?" "Apparently it usually tells him what awful sinners his neighbors are,"—Catholic Standard and Times.

TOO LONG, MUCH TOO LONG. "It is related that an American merchant tried to sell a vacuum bottle to a Missourian. This is Ed. Howe's story: "It will keep anything hot or cold seventy-two hours," he explained. "Don't want it. I don't want it at all," said the Missourian. "If I have anything worth drinking, I don't want to keep it seventy-two hours,"—Exchange.

NOT TO BEAUTIFY. Mrs. Haymow—"What do you wear that mark for?"—Well, I'll tell you. I wear it so that the people I run over won't be able to recognize me.

NEVER DIVULGED. "A woman can't keep a secret!"—We read on many a page. But there is one she can keep, my brother—That's the secret of her age.

STALE. "That old senator is always telling ancient jokes and boasting of his family tree."—Peen—"I'm. I think his family tree must have been a chestnut."

DO THEY TAKE THEIR SERAIGHT. The Camel (stuffed)—Did you hear that the Prohibitionists had chosen me as their party emblem? The Hippo (enraged)—Why should they? The Camel—Because I can go days without water, I suppose.—Puck.

A PLATE YOU CAN BITE WITH. HELD IN POSITION BY OUR NEWLY IMPROVED QUADRUPLE ATTACHMENT. People don't want artificial teeth to carry around in their pockets nor keep at home in their bureau drawer so they will know where to find them when the door bell rings, they want teeth for service. If you have a plate that no dentist has been able to make fit, why not try us? We have satisfied thousands and why not you? Our teeth are so natural in size, shape, color and the expression they afford to the denture as to defy detection EVEN BY A DENTIST unless closely examined. Our new attachment holds them as solid almost as though they were riveted in the mouth.

A meeting of the common council will be held tomorrow afternoon at 2 o'clock to receive a report from the board of public works as to dredging the Basin and Point berths, making repairs to the Wiggins wharf and heating warehouses Nos. 5 and 6.

Schooner Moana, from this port for City Island for orders, with a cargo of laths, at Vincent Bay, Wednesday, reports that on October 11, when forty miles south of Matineau, experienced violent southeast gale and lost about 6,000 laths from her deck.

In the coat which was in a bundle of clothing, etc., property of the man killed by last night's Montreal train, as the result of stealing a ride, are a number of letters addressed to Wm. Lemham, As Lunenburg was seen this morning it is not he. It is suggested that it is Michael Leden, of Halifax, who was with Lemham last.

A sitting of the equity court was held this morning. An order was made making the Eastern Trust Co. a trustee in the estate of Aaron Eaton. The case of Attorney General vs. St. John Lumber Co. and W. T. H. Enesty vs. L. W. Johnson were postponed. In J. W. Allison, McCollom Grant vs. Fred Luiz et al no decision was rendered.

The New York tug Astral, which arrived here yesterday, is one of the largest out of her home port. She is lying today at the new city wharf. She is only four years old and is built of steel and iron. Her engines are very powerful. She registers 410 tons net. Captain Phinney is her commander and he has a crew of 21 men. This is the tug that picked up the sailing ship Astral (the same name as herself) ninety miles off New York recently in a dismantled condition and towed her into that port. Captain Dunham, who is master of the dismantled ship, belongs to Yarmouth, N.S. He speaks the highest terms of Captain Phinney's good work in bringing her to safe anchorage.

POLICE COURT

In the police court this morning, the case of theft against George Jones, an Englishman, was resumed.

Fred Dunham, the aged city employe who lost his pay envelope on Friday containing \$15, testified to that effect. Sgt. Baker detected the thief and saw Jones making good on Saturday and drinking. Jones stated that he picked up the envelope on Saturday and he had declared the \$2.11 found in his possession was Dunham's. He had spent the remainder. The accused was remanded to jail. Harry Shaw was fined \$20, or two months, for assaulting his wife, and the charge of damaging the sanitary arrangements in the British street lock-up adjusted satisfactorily. As he is the sole support of a wife and six children, he was later liberated on his own recognizance. It transpired that he had not acted so harshly as reported.

William White, a Terrance White were fined \$20, or two months, for public meeting, each, on Rockland Road.

MAN FOUND IN THE PARK

Early this morning John Henry, a park policeman, accompanied by Robert Johnson and Alexander Taylor, were proceeding to one of the artificial lakes north of Lily Lake via an unfrequented foot path to resume their work, when lying prostrate on the ground the trio espied a man. He did not respond to shaking, and fearing that the man was beyond resuscitation, the trio hurriedly bore him to Mr. Henry's residence, where, after extreme difficulty, he was revived by means of application of restatives and persistent chafing of his body and limbs. At half-past eight he was able to walk, and was escorted to the Central police station by Mr. Henry, where his name was ascertained to be Gregory McDonald and his home at 29 Mansion street, Roxbury, Mass. In his possession was found a ticket from Boston to Charlotte-town and several dollars. He was placed on board the Atlantic express by Detective Killen, this afternoon to resume his journey to the Island city. He has become demented through illness.

SUICIDE IN HALIFAX

Halifax, N. S., Oct. 20 (Special).—Clarence Boyce, nineteen years of age, was found dead outside of the door of the house in a yard off Dresden Row this morning. There was a bullet in his temple. He had spent the evening with two women in the house outside of which his dead body was found. These two women were taken into custody pending an investigation. It is supposed to be a case of suicide caused by jealousy. Boyce was a member of the First Regiment of Canadian Artillery and received his pay for the season last evening.

FUNERALS

The funeral of Mrs. Angus McDonald will be held from her late home, Seawater street, Bay shore, West End, tomorrow morning at 8.45 to the church of the Assumption, where requiem high mass will be celebrated. Interment will be at St. Martins.

Estate of Mrs. Maria, Single woman. Return of citation to pass accounts and for order for distribution. The accounts of Margaret M. Murphy, the administratrix, are filed and admitted. The administratrix, having elapsed since administration, the order for distribution to next of kin is first order, all expiry of such period. Homer D. Forbes, proctor.

OBITUARY
Mrs. Agnes Desmond
Hampton, N.B., Oct. 20.—(Special).—About half-past nine o'clock last evening, Mrs. Agnes Bridget Desmond, widow of the late Timothy Desmond, died at her home at Midway, Hampton, after a trying illness of complicated troubles resulting in heart failure and death in the eighty-third year of her age. Mr. Desmond died about eight years ago.

They were natives of Ireland and came to New Brunswick when quite young. During the prevalence of cholera in St. John, in 1854, they removed to Hampton and purchased the farm on which their family was raised and on which they had some of the best of their property. They were always held in deserved respect and have left a large family to bless their memory. There are still living three sons, John, Jeremiah and Daniel, the first and last in the employ of the G. & G. Pile-Driving Manufacturing Company, and the second, Jeremiah, is the proprietor of a school, which stands on part of the old estate and six daughters, Mrs. J. W. Burns, Mrs. J. Downes and Miss Edith, of New Brunswick; Mrs. William Edwards, of Dorchester, Mass.; Mrs. Gella Byrne, of Norton; and Mrs. E. A. McPherson, of Hampton. There are also twenty grandchildren.

The funeral will be held from the home-estate on Thursday and interment made in the Roman Catholic cemetery, Lower Norton. A requiem mass will be said at 10 o'clock on Thursday.

BOY THIEVES IN COURT TODAY

Before Magistrate Ritchie this morning the case against Vernon Thorne and Leonard Kingston, accused of burglary, was resumed. Amasa Stanton, a clerk in the employ of A. J. Isaacs, corroborated Abraham Isaac's testimony. Alfred Webb, the second witness, stated that he properly secured the doors and windows on the night of the robbery and on the ensuing morning (Thursday) discovered that thieves had entered the premises.

At 2 o'clock a resumption was made and Detective Killen gave evidence. The detective's testimony should be rather interesting, as it is understood the basis of the prosecution will rest upon his evidence. It is claimed that the boys confessed to the authorities and accompanied the detective to the rendezvous where they had concealed the booty.

FOREST FIRES IN THE QUEBEC WOODS

Sherbrooke, Que., Oct. 20 (Special).—Serious bush fires are again raging in the timber limits at the foot of Stoke Mountain. Owing to the dryness of the leaves and the lack of rain, the fire is spreading very rapidly. The extensive limits of A. C. Bisset and the Canada Paper Company are threatened, and unless something can be done to check the fire, the damage will be very heavy.
