FRANCO'S FATHER IS ATTACKED BY A MOB

People of Lisbon Thus Show Their Hatred for Portugal's Ex-Premier--Situation is Not As Encouraging As Optimists Believe--Franco Has Fled to Spain.

LISBON, Feb. 6.—The commission appointed under the dictatorship to replace the elected municipal officials has resigned. Franco's father was attacked by a mob in one of the principal streets yesterday. The king has signed three decrees. One of these repeals the decree issued by Franco which restricted the freedom of the press, another repeals a decree issued on January 31, which suspended the privilege of immunity from prosecution of members of the parliament and extended the powers of the criminal examining judge. The members of parliament now under arrest will be liberated. In spite of the recent tranquility in the capital and throughout the country and the general optimism as to the immediate future there are pessimists who believe that revolutionary activity is more widely spread than appears on the surface, and that, the situation for the throne is not improved by the combination of a young and inexperienced king under the domination of an adored mother with reactionary clerical tendencies, a make-shift ministry and a premier who is a soldier rather than a statesman. The pessimists have found an additional argument in the news that Franco, although his downfall is complete, does not intend that the campaign which he undertook against the Bonaer system of politics shall be abandoned. He is arranging for the selection of a new leader for the regenerator-progressive party that he organized, and who shall either be Senor Porto or Senor Benao, respectively the minister of war and the minister of public works in the cabinet, that has just retired. This means the continuation of the three cornered struggle from which the republicans expected to derive benefits in the future as they have in the past. Franco's admirers believe that it means his dramatic re-entry of the political scene at an opportune moment. King Emanuel has expressed, in the strongest terms, his opposition to the termination of his unswerving loyalty to the constitution and never under any circumstances to resort to a dictatorship while he reigns. It is learned that King Carlos held among other insurance policies on his life, one with the New York Life Insurance Co. for \$25,000, one with the Urbaine Company of Paris for \$30,000, and one in a South American company for \$50,000. LONDON, Feb. 6.—A special despatch from Lisbon to the Morning Telegraph says that the flight of Franco is fully confirmed. According to this despatch, the former premier left Lisbon in an automobile on Tuesday night and is now in Malaga, Spain. LONDON, Feb. 6.—King Edward heard the story of the Lisbon tragedy last night from the Marquis de Soveral, the Portuguese minister, who made part of the fatal journey with King Carlos. The minister reached London last evening, having left Lisbon on Sunday night with messages from the Marquis de Soveral was summoned to dinner at Buckingham palace. At the table he recounted the events at Lisbon before he left that city. He had been with the royal family at Villa Vicosa and returned to Lisbon with them, crossing the Tagus on the same steamer. He had farewells at the landing and drove to his hotel. Five minutes later he heard the news of the assassination. The marquis has nothing to add to the interviews he gave in Paris. Speaking, however, of the British ships at Lagos, he said it had been the intention of King Carlos to review them. SARAGOSSA, Spain, Feb. 6.—A Portuguese steamer named Laureano Figuera was arrested yesterday as he was leaving a train from Madrid. The authorities maintain the strictest secrecy, but it is understood that the prisoner was implicated in the murder of the king and crown prince. PARIS, Feb. 6.—A special despatch from Lisbon says that Franco left Lisbon secretly, departing from a small railroad station outside the capital. His destination is not known.

MAY RELEASE MACLEAN TODAY

Reported That Caid MacLean is Within a Few Hours Ride of Tangier and Freedom.

TANGIER, Feb. 6.—Caid Sir Harry MacLean, who has been in the hands of the bandit Raisuli for the past seven months, is within a few hours ride of Tangier, and probably will be released today. The British government has succeeded in bringing their negotiator, Sir Harry MacLean, to a cove and in return for the release of MacLean will pay \$100,000 to Raisuli and guarantee him protection and immunity.

BIG MILLS BURNED

CINCINNATI, Feb. 6.—The Newport Rolling Mill Company at Covington, Ky., and the plant of the Licking Coal & Iron Co., occupying the entire block on Locking River between 11th and 12th streets, burned last night. The loss is \$175,000. Bank of England.

THE ENTHRONEMENT OF BISHOP RICHARDSON

Impressive Ceremonial Carried Out at Fredericton Cathedral This Morning--Dean Schofield Installed--Rev. W. O. Raymond Appointed Archdeacon.

FREDERICTON, Feb. 6.—(Special)—Rev. John A. Richardson, D. D., was enthroned as bishop of Fredericton at the cathedral this morning with an appropriate and impressive ceremony. The edifice was crowded to the doors and the ceremony was followed with the deepest interest. Rev. Dr. Mills, bishop of Ontario took part and about thirty-five clergymen representing all parts of the diocese were in attendance. A special train from St. John arrived at ten o'clock bringing about 150 from the city. The ceremony opened with a procession of clergy down the northern aisle to the western entrance where they met the choir which led the way to the chancel by the centre aisle. During the procession the choir rendered the appropriate hymn "The God of Abraham praise." Next came prayer by Sub-Dean Street after which the choir rendered the hymn "The church's one foundation." Venerable Arch-deacon Newham of St. Stephen, as secretary of the synod read the certificate of the bishop's election, his letters of consecration and the declaration he made before the Metropolitan. Arch-deacon Forsythe read the mandate of the Metropolitan for the enthronement of Bishop Richardson. This was followed by Bishop Richardson's declaration to maintain and defend to the best of his power the rights and privileges of the cathedral. Prayer by Arch-deacon Forsythe came next after which Bishop Mills bestowed his blessing upon Bishop Richardson. The enthronement ceremony was followed by the singing of the "Te Deum." The installation of Rev. Charles Develin Schofield as Dean of Fredericton, was then proceeded with. Rev. Canon Newham read the bishop's grant to the new dean after Bishop Richardson read the instrument of installation and requested that the charge be accepted in the name of the Father, Son and Holy Ghost. Rev. Dean Schofield replied as follows: "I receive at your hands as my bishop of this cathedral now conferred upon me and I on my part do promise with God's help faithfully to discharge the duties which shall be committed to me." The new dean was then capped by the bishop. An enthrone sermon was given by Bishop Mills and was a very able effort. At the close of the sermon holy communion was celebrated by Bishops Richardson and Mills and Dean Schofield. FREDERICTON, Feb. 6.—(Special)—Rev. Dr. Raymond of St. John has been appointed arch-deacon of Christ Church Cathedral and was installed this morning.

SENSATIONAL REVELATION REGARDING GOLD STORAGE PROJECTS IN THIS CITY

An Amazing Story Which Will Be Read With Great Interest Just Now.

Frank E. Williams, in a Letter to Sir Wilfrid, Alleges That Sir Frederick Borden, George McAvity and Others Planned to Get \$90,000 in Bonuses from Dominion and Provincial Parliaments for a Plant Which Would Not Cost More Than \$80,000--Startling Exposure.

OTTAWA, Ont. Feb. 6.—(Special)—A batch of correspondence has been presented to parliament relative to the establishment of a bait freezer and cold storage establishment in St. John. The correspondence opens with a letter from F. E. Williams of St. John to Sir Wilfrid Laurier dated August 15 last, regarding his application for a bonus for a bait freezer in St. John similar to those erected in Canoe and Halifax. He said in his letter that all conditions at Canoe and Halifax would apply to St. John. W. H. Trueman was solicitor for Williams. Sir Frederick Borden induced George McAvity, of St. John, to back him up. Mr. McAvity was to use his influence with the local government to have Sir Frederick Borden's company guaranteed to the extent of \$60,000, and Sir Frederick was to have a \$30,000 grant through Mr. Fisher's department. Sir Frederick told Mr. Williams that he did not think this cold storage plant would cost over \$75,000 or \$80,000, and they would get \$90,000 out of the government and make a combination profit besides owning the freezer. Mr. Williams wrote to Mr. Emmerson and Mr. Fisher protesting strongly, and said that the company is now building the cold storage plant in St. John. In conclusion he says that Sir Wilfrid that ample time was given him to file a crown deriving suit from the government for the furtherance of the interests of a company with which he is so largely interested. I appeal to you to frustrate the scheme and put me in a position to make application for a grant for a refrigerator that cannot be criticized in the way Sir Frederick Borden's can be. Mr. Emmerson, writing on November 19th to Mr. Williams says that he (Williams) does him an injustice, as the minister was doing what he could to aid him, but did not think the proper way about it was to secure concessions from his colleagues at the point of the bayonet. On the 20th of February Mr. Williams says that the minister of marine had revoked his promise and gave the proposition a turn down. Mr. Williams repeats what he said to Sir Wilfrid Laurier about Sir Frederick Borden being in the deal through his counsel, and added that George McAvity wanted to take up with Sir Frederick. On the 9th of March, 1907, Mr. Williams writes Mr. Emmerson that he (Williams) is inclined to strike back for the treatment given him. On the 9th of April, 1907, Williams placed his grievance before Mr. Fisher, on October 5, 1907 Sir Wilfrid wrote Mr. Williams, telling him that ample time was given him to file his application so that it might be considered, but the only application received by the department of agriculture was that of the New Brunswick Cold Storage Co., which was favorably reported upon by the expert officer of the department. As there was no other application, that company received the grant. On April 11th, 1907, Mr. Fisher wrote Mr. Williams, telling him that no grant was made and that Sir Frederick had written him on behalf of the company with which he was connected. R. J. Graham, of Belleville, who was looking after the matter, amalgamated his interests with the New Brunswick Cold Storage Company. Mr. Macoun appears to have gone with Mr. Graham. Mr. Graham assigned to the company of which he was president his lease with the government for the site, etc. The officers and directors of the company are: R. J. Graham, George McAvity, L. I. Macoun, L. J. Tyneman and H. R. Ross. Borden denying that he has anything to do with the New Brunswick Cold Storage Company, and that the letters of Mr. Williams are untrue.

GOV'T TICKET A HUGE JOKE

That is How Many Prominent Liberals Regard "Hon." E. H. Allen and His Colleagues

FREDERICTON, Feb. 6.—(Special)—The government ticket selected yesterday is meeting with much criticism, and since the four men have been announced, the administration party spirit has fallen considerably. It is evident that many liberals are not in sympathy with the choice and will support the opposition party. The office holders, who are the main supporters of the ticket, and they were bound to support whatever ticket was placed in the field, are trying hard to make it appear that the liberals are at the back of the nomination. They claim that the local government had 800 majority here last election, but at the same time they forget to mention the fact that since then Mr. Crockett turned this majority into a big minority. SEATTLE, Wa., Feb. 6.—Before taking adjournment yesterday the Asiatic Exclusion League of North America framed a "memorial to congress," demanding immediate legislation looking toward the absolute exclusion of Japanese, Koreans, and Chinese, from American shores. The memorial protests against the presence of Orientals in America as a menace to labor and suggests that if congress does not act quickly the people will take the law in their own hands. In the case of Dickson vs. Dickson, referred to on page 3 of this issue judgment was rendered this afternoon in favor of the plaintiff. Allan Line steamship Sardinian, Captain Henry, sailed this afternoon for London and Havre with a general cargo. The steamer will call at Halifax for passengers.

HAULED CORPSE ON A TOBOGGAN

Snow-Blocked Roads Seriously Interfere With Funeral Near Toronto.

TORONTO, Feb. 6.—(Special)—A romantic though rather melancholy aspect was given to a funeral near Allandale on Sunday last by reason of snow blocking the roads. After the burial service the procession started for the Union cemetery at Barrie, but when it was about a mile and a half from its destination the roads became impassable. Thereupon the pallbearers lifted the casket out of the hearse, and placing it on a toboggan, strapped on snow shoes and drew it the rest of the way to the grave. Fred Logan, who on Monday, at Montreal, upheld his position as among the fastest speed skaters in the world, and who is the holder of the world's amateur championship for the mile, arrived home on today's Montreal train.

SOME MATTERS OF CIVIC IMPORTANCE

Ald. Frink May Oppose Ald. Bullock for Mayor--The City Finances--New Water Main May Have To Be Laid--What Will Be Done When Overdraft is Used.

With the civic elections only about eight weeks away interest is growing in the question of probable candidates for mayoralty and aldermanship. Ald. Bullock has been stated before is already in the field as a candidate for the chief magistracy's position and the friends of Ald. Frink have been urging him to come out in opposition to the chairman of the treasury board, Ald. Frink when asked this morning said his friends desired that he should run but he had not yet decided what course to pursue. He will probably make an announcement within the next few days. Another matter that will have to be faced in the near future is the question of laying a new water main from Little River reservoir to the Marsh Bridge, or of dividing the water system, drawing part of the supply from Loch Lomond and part from Little River reservoir. It is pointed out that the people will hardly stand for the present conditions, where breaks in the main are feared at any time, the water office being like an armed camp, never knowing when a hurry-up call will come in for a break somewhere along the line. A new main at a cost of about \$250,000 is mentioned as one solution of the trouble, and the other is to divide the system so as to reduce the pressure on the old pipes. The latter course would avoid the great expense of laying the new main. The mayor is kept busy these days with politicians and office seekers, and he is both in and out of the office, are pretty fully taken up with the affairs of his candidature for the local house. Messrs. Lantieri and Purdy have been among the callers, but it is noticeable that "his friend," Mr. Skinner, has not been around yet. In line of office of harmonizer would be amiss in the government ticket for the city. QUESTION OF BOUNDARY WATERS BETWEEN UNITED STATES AND DOMINION

WASHINGTON, Feb. 6.—Persistent efforts are to be made in congress to prevent the re-enactment of what is known as the Burton law, passed in 1906, governing the disposition of the waters of the Niagara Falls. The object of that enactment was to conserve the waters of the falls against the encroachment of commercial enterprise. It was destined, as some quarters declare, to be supplanted by a general convention or treaty on this subject between the United States and Canada, and which is intended to cover also the disposition of other waters forming a boundary line between the two countries. The Burton law expires in less than a year and a half. Those opposing its re-enactment for ten years, as is proposed in some quarters, declare it is a distinct advantage to the Canadians, who, because such a large portion of the falls are on the Canadian side of the river, are content to let existing conditions remain in preference to agreeing to a treaty which will restrict the privileges they now enjoy. For this reason, it is argued, the law should not be re-enacted, as there will be a greater incentive to delay in the execution of a general treaty on the part of Canadians. The question of signing of a treaty covering the disposition of all the waterways between the two countries, has been pending between the United States and Great Britain for a long time. Some time this month Ambassador James Bryce, of Great Britain, is going to Ottawa for a consultation with the Canadian authorities, to determine whether or not this will develop into active steps toward the formation of a treaty on the general subject is not stated. The international waterways commission which is made up of members from the United States and Canada, has turned out a mass of information on the question, which has been laid before the two governments for their consideration. The United States government is anxious that some disposition shall be reached in the whole matter and at an early date. It means a treaty prepared and ratified at this session of congress if possible. At the same time it is desirable that this shall be accomplished so that the Canadian parliament may act in the matter. All this should be done before June of next year, when the present Burton law expires. A failure to reach an understanding in the form of a treaty between the two countries at an early date will necessitate the passage of some form of legislation extending the present law, a resort to which is bitterly opposed by some New York interests.

SAYS CANADA HAS CHANCE FOR TRADE

C. H. Cahan Says There is a Good Opportunity to Develop Our Business With Mexico.

MONTREAL, Feb. 6.—(Special)—C. H. Cahan, of Mexico City, who is solicitor for the Mexican Light, Heat & Power Co. and resident director at Mexico is spending some time in Montreal in the interests of the company. He has been invited to address the board of trade here on the possibilities of trade between Canada and the Latin republics of Central and Southern America. Mr. Cahan has consented to do so, and will probably give his address in the near future. Discussing the matter Mr. Cahan said that the chances for increasing trade between Canada and Mexico were excellent as the Mexicans were much more sympathetic towards Canada than to the United States, notwithstanding Secretary Root's recent visit to that country, and the efforts of the American government to foster trade with Mexico. Mr. Cahan left last evening for Halifax, his old home.

CONDENSED DESPATCHES

MONTREAL has another bad snowstorm today. Reports from Ontario towns say that business is at a standstill, and transportation lines tied up as the result of a blizzard. Postage on daily newspapers between Canada and the United States has been reduced to one cent per lb. Montreal bankers are considering advancing bread one cent per loaf. Fire this morning did \$25,000 damage to the Langelier block at St. John's, Quebec.

BROTHER SHOTS BROTHER

ST. LOUIS, Mo., Feb. 5.—John T. Wilson, president of the International Brotherhood of Railroad Maintenance of Way employees, was shot twice tonight by his brother-in-law, Frank G. Engleman, of Kansas City, Mo., and is in a critical condition. The shooting occurred at the Wilson home. Wilson says his wife started a row and Engleman joined with her. Wilson brought suit for divorce from his wife a few days ago and Engleman came here in connection with the case.

STALLINGS BUYS NEWARK CLUB

NEW YORK, Feb. 6.—That the Newark Club of the Eastern League, recently purchased by George T. Stallings from Walter Burnham, is to be used as a "farm" for the New York Americans was according to the Herald, denied yesterday by Mr. Stallings, attending the eastern league meeting here.

Mrs. Magdalene Roach

SUSSEX, N. B., Feb. 6.—(Special)—Mrs. Magdalene Roach died at the residence of her son-in-law, John Slipp, this morning. The deceased was eighty-one years old and had been in failing health about a year. She is survived by three sons and two daughters. The sons are, George of Hartford, Conn.; Oscar and Frank, Rochville. The daughters are, Mrs. Thos. Robinson, St. John, and Mrs. John Slipp, of this place. Mrs. James Fenwick, of Berwick, is a sister. The funeral will take place Saturday afternoon at three o'clock. Services will be conducted by Rev. B. H. Noble, assisted by Rev. H. G. Kennedy.

THE TIMES NEW REPORTER

FULLY EXPLAINED. Times New Reporter: Sir—Can you tell me why Premier Robinson is sending to Toronto for experts to convince Mr. Fleming? Why doesn't the Premier invite Mr. Fleming to Fredericton and say to him: "Here, Jim—here's the accounts, books, vouchers, and all the rest of it. Dig in for yourself, and if you want to swear anybody I'll hold the book." Seems to me that would be a nice way to settle the question. Yours, FIGGER-HEAD. [The suggestion of Mr. Figger-Head has no doubt occurred to others, and all may be answered at once. It would not be a good political play for the Premier to show Mr. Fleming his hand. The Premier is a book-player and knows all the tricks of the game. Besides, Mr. Fleming might not want to charge anything for his time, and that would establish a precedent which could not be tolerated at Fredericton. The provincial funds are in such a congested state that commissions are necessary to afford relief. The most important part of a commission is its bill. TIMES NEW REPORTER.] HORRIBLE THOUGHT. ANDOVER, Feb. 6.—(Special)—After hearing Attorney General McKewen on the price of school books the government convention unanimously adopted a resolution imploring Premier Robinson not to appoint a commission to investigate the cost of school books. The stalwart election of Victoria county are afraid that the commission will report that school books are too cheap in this province and raise the price. PERFECTLY CLEAR. ST. STEPHEN, Feb. 6.—(Special)—Mr. C. N. Vroom has no present intention of running as an independent candidate. He expects a place to be made for him on the ticket. Therefore, as the Sun says this morning he "has no intention of running in Charlotte county." The government ticket will not run. It will be too far behind. DIRECTOR HUTCHINSON is meditating an other spell of tampering with the weather. This is awful.

They meant to bind us in our sleep and fire the house. I did not think there could be such a deed.

It was too obvious to question. The heap of shavings had ready for lighting.

That was why the woman was dressed to go out. I see it now. That fear of hers they were expecting the police and meant to fly on our horses.

He crawled away from my feet and slunk up the creaking staircase shaking in every limb and casting frightened glances behind him.

Volna started and clutched my arm. "What shall we do?" she asked.

It was the police, we were caught like rats in a trap. "We must break it out," I said.

who appeared to be in command. "Search them both for any more weapons," came the order, sharp and ringing.

CHAPTER X. The Hag to the Rescue. I knew enough of the methods of the police not to lay too much emphasis at the outset upon the fact that they had blundered.

As it was, only an accident prevented the incriminating papers from being immediately found. Just the luck that I had told Volna to try and burn them and had not taken them back from her.

"How did you get this?" he asked, holding up the police revolver. He appeared to attach great importance to my possession of it.

"All I want is a plain answer to my question. No long roundabout, lying story. There was no help for it, I must lie. So I did it boldly."

When two parties accuse each other, the police rule is to arrest both. The leader was obviously perplexed.

LIFE, DEATH AND THE HEREAFTER

Sir,—In your issue of the 4th, inst., is an article written in reply to one in a former issue signed "Student." I have good reason to believe that "Student" is opposed to Millennial Dawn teachings as "Alpha." I would be sure that "Alpha" has little knowledge of the writings or of the Lord who wrote in such a mixed way.

SITUATION IN MOROCCO

More French Troops Are To Be Sent There at Once. PARIS, Feb. 6.—The Matin states that on account of the gravity of the situation in Morocco, which shows no sign of improvement, orders have been issued for the mobilization of the army corps and colonial troops garrisoned in France.

HORTICULTURAL ASSOCIATION

Appointments Made to the Directorate at Annual Meeting Held Yesterday.

The annual meeting of the Horticultural Association was held in the board of trade rooms yesterday afternoon. Very little business was done beyond the reception of the reports, which were all adopted.

Mr. Allison then read his report as treasurer, showing a balance of \$1,133.83. He explained that the greater part of this money would be required to meet the expenses of the work now going on in the park.

NOW I AM WELL THANKS TO "FRUIT-A-TIVES"

Eli, Manitoba. I wish to state, for the sake of others who may be suffering like I was, that I suffered from severe indigestion and constipation for years and that there was also womb trouble with unpleasant pains in my back which made me miserable, constantly, I tried physicians and took many remedies but I got no relief.

I was induced to try "Fruit-a-tives" and I can truly say this was the first medicine that ever did me any good. "Fruit-a-tives" quickly relieved the constipation and indigestion and completely cured me of all symptoms of womb trouble.

I cannot express too strongly my great gratitude to this medicine as I am as well now in every way as ever I was, thanks to "Fruit-a-tives". It is easy to take and the effect is always rapid and sure.

Many women suffer with what the doctors call "Womb Trouble" or "Dissolved Ovaries" or "Female Complaints" etc.—when Constipation is causing all the pain. Cure the liver and make the bowels move regularly with "Fruit-a-tives" and the "Womb Trouble" will be cured at the same time.

"Fruit-a-tives" or "Fruit Liver Tablets" are sold by dealers at 50c a box or \$2.00—will be sent on receipt of price. Fruit-a-tives Limited, Ottawa.

THE INGLENOOK PHILOSOPHER OF KENNEBECASS BAY

I received a letter today from Los Angeles, Cal., in which the writer says she just found my address (unknown to her for fifty years or more), and that she at once sits down to write me. She says she is the little Ellen I used to sit on my knee and fall asleep on my arm and think I was the best and dearest of friends.

At this time she is a "gray haired young woman, somewhat stout and a grand mother." I shake my head. My little Ellen has gold red hair, violet eyes, and a form almost as slight and pliable as a willow wand. I see her very often—any time when I close my eyes and conjure her out of the past. Dear little Ellen! This hoax is a cruel one. Gray haired? Ridiculous! Stout? Monstrous! A grandmother? Preposterous! Time has no wrath against such as she. Somewhere, perhaps in Los Angeles, the earthly paradise of our age, she is still young and beautiful and happy—just as she lived in my memory.

TRAGIC DEATH OF ABRAM LONG

Well Known North End Man Was Lying Dead in His Basement While Relatives Sought for Him.

Death came in a very tragic manner yesterday to Abram Long, of 38 Victoria street. His dead body was found in the cellar of his house about 5 o'clock in the afternoon by his son-in-law, H. W. Parlee. The last time deceased was seen alive was when he went to the basement about 11 o'clock in the forenoon to saw some wood. At dinner time, when he did not appear for his meal, his wife came to the conclusion that he had left the house unobserved. Search was instituted and at time passed his wife became more and more uneasy. The services of Mr. Parlee were secured and he joined in the search, but it was not till 5 o'clock when descending to the basement he found the missing one.

Coroner was summoned and gave it as his opinion that death was the result of heart trouble. Mr. Long was a native of Head of Millstream, Kings county, and was seventy years of age. He is survived by his wife, five stepsons and one step daughter. Four sons survive: Mr. Joseph Massey, Head of Millstream; Mrs. Mary Gilchrist, of Fitchburg (Mass.), and two unmarried, the Head of Millstream. There are also two brothers, one in the states and the other at the Head of Millstream. Besides these, numerous relatives, both in Canada and the United States, also survive. Mr. Long, who was employed around the mills in the summer season, was very well known in the North End, and his numerous friends will regret to hear of his tragic death. The funeral will take place Friday afternoon.

LATE LOCALS

The bank clearings for the week ending Feb. 6th, 1903 were \$1,003,708 and for the corresponding week last year \$1,216,011.

Furness steamship Rappahannock, for London, left this morning with a cargo valued at \$33,238. She had on board 29,605 bushels wheat.

Coal steamer Cape Breton arrived this noon from Sydney, C. B., with a cargo of coal. The steamer had a very rough passage, and is considerably laid up.

Owing to derailments on the C. P. R. yesterday, the Montreal and Fredericton trains were late in arriving. I. C. E. trains were also somewhat delayed.

John Barley has been elected chaplain of the St. John County Loyal Orange Lodge instead of John Rusik as announced yesterday.

Olaf Holmberg, a Swedish sailor, was the only prisoner in the police court this morning. He was charged with drunkenness and was allowed to go on suspended sentence.

C. P. R. steamship Lake Erie, now on her way to Liverpool, from this port, took away a cargo valued as follows: Canadian goods \$213,156, foreign goods \$132,441. Total \$345,597. Among her cargo were 95,804 bushels wheat.

It will be remembered that the Salvation Army announced a special welcome-home meeting to take place last Thursday in Charlotte street barracks but owing to the Bermuda boat being late in arrival, this meeting was postponed until tonight.

Steamer Calvin Austin, Captain Pike, sailed this morning with a large freight for Boston and Maine ports. She took away 305 cases gum chloride, valued at about \$15,000, for Curtis & Son, of Portland, Maine. C. S. Stevens is her agent here.

It will be remembered that the Salvation Army announced a special welcome-home meeting to take place last Thursday in Charlotte street barracks but owing to the Bermuda boat being late in arrival, this meeting was postponed until tonight.

J. S. Ewart is expected to arrive tomorrow and will address the Canadian Club usually light during the past few days. Some Lessons from the Conference. He will speak to the Truro Club on Saturday and in Halifax on Monday. Mr. Ewart is among the most prominent men of Canada, is eminent in his profession and distinguished as a writer. His visit is looked forward to with much interest. Nearly forty names have been handed in for membership in the last day or two. These have been placed on the list at E. G. Nelson & Co.'s and all have the privilege of attending the supper tomorrow evening.

BROTHERS IN LAW SUIT

Dickson vs Dickson to be Heard in Civil Court This Afternoon.

Which is the Ananias? This is the question to be decided in the case of Dickson vs. Dickson, which was resumed in the city court this morning and after hearing of testimony, was adjourned until this afternoon when the matter will probably be decided.

PROBATE COURT

Will of Late George Nixon Probated This Morning.

The will of the late George Nixon was today admitted to probate and letters testamentary were granted to G. H. Nixon, E. B. Nixon and W. W. Hatfield, the executors named in the will. The estate is valued at \$3550 and \$7200 personal property, Clarence H. Ferguson, proctor.

OBITUARY

William Griffiths. The death occurred quite suddenly this morning of William Griffiths, an engineer in the street department, at the home of his daughter, Mrs. S. A. Morrell, 233 Main street. Mr. Griffiths had only been ill a short time and it was not thought his condition was serious until he took a turn for the worse yesterday afternoon and Dr. Roberts was called in. Aguish last night, the doctor had to be summoned as the patient was much weaker, and this morning he passed away. Heart trouble is said to be the cause of death. Mr. Griffiths was 74 years of age. He was very well known about the city and was highly regarded by all. He served as an engineer in No. 1 Wellington company of the fire department for 16 years, leaving there a few years ago to assume the position of engineer of the city stone crusher. He is survived by three sons, all residing in Boston, and by three daughters—Mrs. S. A. Morrell, Main street; Mrs. Alfred Morrell, Bellisle, and Mrs. Seely, residing somewhere up north. The arrangements for the funeral have not yet been completed.

Miss Mary F. Farnen, of Bloomfield, has left for Boston, where she will take a course in nursing in the Beverly training school.

HOUSE BURNED AT HAMPTON VILLAGE

James Logan's Cottage Destroyed This Morning—Presbyterian Church Was Slightly Damaged.

HAMPTON, N. B. Feb. 6.—(Special)—About half past seven this morning the prolonged whistle of the village mill indicated that some disaster had occurred or was in progress and in a few minutes crowds of people hastened over the road between the station and village to discover smoke and flames issuing from the residence of James Logan, situated next to the Presbyterian church.

The Hampton Village fire apparatus was quickly on hand and neighbors assisted in removing the furniture and subduing the flames, which had full possession of the story, and a half cottage, the long ell and wood house in the rear, and seriously threatened the Presbyterian church. The furniture was removed, but the furnace and an acetylene gas plant in the cellar were destroyed with the premises.

When it became evident that the main body of the cottage was in flames, the chief efforts of the firemen and workers were centred upon saving the church building and with great success that the damage was confined to one corner and that of not much extent.

The origin of the fire is supposed to be a defect in the kitchen stove, but whatever the source a snug and slightly homesteaded now lies in ruins, and a respected family for the time rendered homeless. The amount of the loss cannot be obtained at present but it is understood Logan had \$1,000 insurance and the damage to the church is covered by \$1500 insurance in the office of Jarvis & Whittaker.

BROCK & PATERSON WON. The clerks from Brock & Paterson's millinery warehouse "rimmed" M. R. A. Lid's team at an exciting game of hockey in the Glacier Rink last night.

The result of the game was 4 to 1 in favor of the B & P team, and only for the stopping qualities of the M. R. A. Lid, goal keeper, with his "big stick," the puck would have spent more of its time in their goal.

THE FISH MARKET. As a result of unfavorable weather conditions receipts in fresh fish have been usually light during the past few days. Clam digging has been almost an impossibility and the same may be said of lobster fishing.

The retail market will be fairly well supplied but those desirous of the best variety from which to select would do well to be on hand early.

Fish dealers suggest that intending purchasers place their orders this evening in order to ensure prompt Friday morning deliveries. Retail figures are as follows:—Cod 6c per lb., cod steak 10c, halibut 15c, smelt 10c to 12c, flounders 8c, haddock 6c, salmon 12 to 20c, bladders 2c per doz., kippers, 30c, herring 8c per lb., dried cod 6c, boneless cod 12c, oysters 7c to \$1.00 per quart, clams 15c, scallops 60c, lobsters 15 to 40c each.

W. C. T. U. AND UNION HALL. To the Editor of the Evening Times: Sir,—Will you kindly correct a statement in last night's Times which is misleading. I refer to the article in regard to the Union Hall you say: "The Union have always held their meetings in Union Hall and claim it was with the understanding that the moving pictures would not interfere with their meetings that the directors thought that the moving pictures would not interfere with our meetings."

By making this explanation you will greatly oblige. W. C. T. U. of St. John North.

FUNERALS. The funeral of the late Mary E. Davis was held at 2:30 o'clock this afternoon from St. Philip's church. Rev. Mr. Johnson officiated, and interment was made in Cedar Hill cemetery.

The funeral of Mrs. Margaret Mayall took place at two o'clock this afternoon from the Coronation House, Loch Lomond; Rev. A. B. Cobbe officiated and interment was made in Cedar Hill cemetery.

PERSONALS. Mrs. J. G. Bradley and Mrs. Ethel Bradley, of Three Rivers, Quebec, who will sail for England on Feb. 21, arrived in the city today. Until the date of sailing they will be the guests of Mrs. Bradley's daughter, Mrs. A. E. McGinley, of St. John west.

EVERY DAY CLUB. At the Every Day Club this evening the subject of debate will be the relative merits of city and country life. Ladies are admitted. The orchestra will meet for practice this evening at 133 Carmarthen street.
