VALLEY RAILWAY INQUIRY HERE ON JULY 24

Edmundston, N. B., July 6.—On the application of counsel for W. B. Tennant and the Nova Scotia Construction Co., Ltd., and with the consent of counsel representing the government, the next session for the taking of evidence in the St. John and Quebec Railway Company inquiry will be held at the court house, St. John, at ten a.m. on the 24th instant, instead of the 10th. All parties will be expected to proceed without further adjournment.

WHEAT AND CORN BOTH WENT UP TODAY

Chicago, July 6.—Wheat ascended with corn today. July option especially showed strength, but business continued to have but little volume. After opening to 2 1-2 higher, with July at 2.10 and September at 1.91 to 1.92, further gains were made that carried July to 2.19. Directors of the board of trade have ordered stopped all further trading in July corn for delivery by grain alone. A selling price of 1.65 was fixed by a committee. As a result there was a general rush today to buy the September option and other distant deliveries.

STRAWBERRIES

Cultivated New Brunswick strawberries made their first appearance in any abundance on the local market today, but were sold at the fancy price of forty cents a box. The berries were brought down the river this morning.

PIPE LAID IN SAME DAY EXCAVATION BEGAN

Prompt work on the part of the contractor, Louis Core, who began work on the water main renewal in Drury's lane yesterday morning, enabled the department to make connections at Union street and lay fifty feet of pipe. The stop-cock was placed on the street line, for easier access, according to the recently established practice of the department. The men worked until 12.30 a.m. to complete the job.

Excavation for the Lancaster water main renewal is becoming more difficult, owing to the fact that many large granite buildings are being encountered in the Moore's hill section.

Three more days will be required to complete the examination of the old wooden sewer in City road which has become choked with refuse. If it is found that the sewer must be renewed a twenty-four inch terra cotta pipe will be laid, an operation which will take two months to complete, owing to the difficulties arising from the location of the sewer under the buildings.

James and William Langley, two young desperadoes who have had a very bad police court record in this city, were arrested here this morning on the charge of being absent without leave from the Forestry Unit now in camp at Sussex. They appeared before Police Magistrate Limerick and were remanded until the afternoon of the 4th for carrying arms and attempting a hold-up in the streets of Marysville, and other offenses. Both young fellows were given a chance to join the expeditionary force at the time the last sentence was imposed, but although enlisted here in the forestry unit neither joined the unit at Sussex, leaving while en route on the train. The Langley brothers had been about the city for several days. Chief of Police Finlay commented with the officers of the forestry unit at Sussex and learned that the two had never reached that place. This morning the police heard that the two were attempting to ride the brake beams on the Fredericton & Grand Lake railway, evidently being bound for Minto. Policeman Sturgeon was detailed to round them up. He boarded the train at the Langley left at near the C. G. R. station. The policeman gave chase and overhauled James Langley whom he handcuffed and threw on a wagon which he commandeered. With the horse and wagon William Langley was pursued and finally he gave himself up, citizens helping the policeman and making it impossible for the young fellow to get away. The other put up a fight after being handcuffed but was soon quieted.

TWO CANADIANS ESCAPE FROM GERMAN PRISON CAMPS. Both Had Previously Made Unsuccessful Attempts to Obtain Their Liberty. London, July 5.—Two Canadian soldiers, at least, were in the right spirit to appreciate Dominion Day here. These were Privates P. C. MacDonald of Foxwarren, Manitoba, and J. O'Brien of Moose Jaw, who had just arrived in London after escaping from a German prison camp, where for the last year they were held. MacDonald, who enlisted in the First Mounted Rifles, Winnipeg, was captured in June of last year, after being wounded in the knee and eyes from shrapnel, but recovered from both injuries. O'Brien, belonging to the 29th Battalion, was buried for two hours in a crater, but was taken out unhurt. Both men were sent to Dulmen Camp. Wretched treatment from the officers combined with bad food and unhealthy surroundings made them determined to get away if possible. MacDonald made four attempts and O'Brien made two. Each failure was punished by periods of bread and water in dark underground cells with bare boards. Finally they managed to slip away while engaged in a working party—just how cannot be explained. They still retained their identity discs on wrists, which proved their story to Dutch authorities, who showed them every kindness. Gen. Turner assured both men that being theoretically prisoners they would not be sent to the front again. Both MacDonald and O'Brien are Canadian born.

How the War Can Be Won From the Skies. Tremendous plans are now being formed to deliver a crippling blow at Germany's military efficiency, not only "putting out her eyes," but spreading havoc by aerial armadas numbered by thousands. Vast sums are to be spent for the establishment of an American air-fleet on a colossal scale, and training-schools for air-pilots are beginning to spring up like mushrooms over night. During the past three years, there has been in Europe not only an immense development of the art of flying, but a specific evolution of the allied art of the aerial duello. In THE LITERARY DIGEST for July 7th, one of the most interesting articles is a translation from the French of Oscar Ribbel, Chief Instructor in a French "School of Pilots." This article explains in much detail, the tactics of air-fighting. It is illustrated by sketches which visualize the tactics of pursuit, offense and defense. There are many other features of unusual interest in "The Digest" this week, among which are: A Coal Crisis Would Cripple Industry. Old King Cole May Have Been a Jolly Old Soul, But the Modern King Cole Has Quite a Different Look. This Article Shows What Has Been Done to Control the Coal Stringency. Effects of Wartime Prohibition. Labor Union Comments on the Mooney Case. How Germany Views Our Army. Selling Out China. How Collars Wear Out. The Stolen Art Treasures of St. Quentin. Results of the Red Cross Drive. "Christus" on the Battle Line. "How Did You Like the Sermon?" Many Striking Illustrations and Cartoons.

A World-Tour In An Observation Car. Those of us who have traveled to any extent are familiar with that luxury of the tourist, the observation-car. It enables the voyager to obtain a clear view of all parts of the landscape through which he is passing. Its windows open impartially upon every side. It affords a panorama of the country to right and left, of the pass ahead and of the long trail winding out behind. It shows you mountain and plain, river and sea, green fields and smoky towns, and you are free to decide which of all these you prefer. There is no compulsion, no touting. Your judgment is completely uninfluenced. Through the world of events THE LITERARY DIGEST travels in precisely the same manner, giving its readers an unbiased view of all questions, all ideas, all diversities of thought. Here, as in the observation-car, you are free to decide upon your likings. There is no attempt to persuade or convince you. You are simply given a broad view of the facts. The decision rests solely with yourself. July 7th Number on Sale Today—All News-dealers—10 Cents. NEWS-DEALERS may now obtain copies of "The Literary Digest" from our local agent in their town, or where there is no agent, direct from the Publishers. AT LAST, CONSCRIPTION

The conscription bill passed its second reading in the House of Commons, early this morning, with a large majority. Twenty Liberals voted with the government against the referendum amendment, and twenty-six for conscription. Only one member voted against the bill for the six months' hold.

to the Rogers' machine, it had its counterpart in this province, with corruption funds gathered from lumbermen, contractors and liquor dealers; but it, too, is down and out.

THE WESTERN LIBERALS

The Liberals of the western provinces have decided to hold a great convention in Winnipeg on August 7 and 8, to consider what their attitude should be toward a number of serious economic and political problems arising out of conditions created by the war.

THE WAR NEWS

The Germans, in an attack along an eleven-mile front on the Chemain des Dunes, described as their strongest offensive effort since Verdun, have been hurled back by the French, leaving the ground strewn with their dead.

CHANGES IN POLITICS

We are told that the recent election campaign in Saskatchewan was not nearly as lively as has been the rule in that province. One correspondent gives the following as some of the reasons for the change:

MERCHANTS' PROTEST AGAINST HIGHER DEMURRAGE

The board of trade, on behalf of local merchants, yesterday wired a vigorous protest to the board of railway commissioners at Ottawa against any increase in railway demurrage rates.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots—How to Remove Easily—Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

A REAL CONSCRIPTION

Sir William Robertson gives us a clear conception of what is meant by the mobilization of a country for war, which is another name for universal conscription. In a speech in London on Wednesday Sir William said:

MERCHANTS' PROTEST AGAINST HIGHER DEMURRAGE

LIGHTER VEIN

Not So Desperate

Proudly the wife was showing off her new autumn costume. "It's very nice," said her husband doubtfully. "But—er—don't you think the skirt is rather short?"

His Chance

The case, as a matter of fact, was of quite a trivial nature; but, for all that, the lawyer, who happened to be a young man, and ambitious, determined to get, at any rate, some kudos out of it for himself.

Bill's Specialty

Great was the excitement in the village of the local heroes, had won the V. C. At once the vicar hurried off to tell Bill's aged grandmother and congratulate her.

Witnesses Tell Of Hamm's Death

Arsenault Had Fired on Another Soldier to Make Him Halt—Orders, He Says—Victim Had Been up on the Hill With Two Girls

Evidence in the matter of the shooting of Lance-Corporal Walter Scott Hamm, at the Fort Howe arsenal on Wednesday night, was taken in the police court yesterday afternoon, when Private Hermy Arsenault, who did the shooting, was arraigned before Magistrate Ritchie in the preliminary examination following the death of Lance-Corporal Hamm. Major Frost, commanding the 62nd Battalion, was in court, as well as other members of the local militia. Private Arsenault was not represented by counsel.

But two witnesses were called during the proceedings and the defendant was then remanded for a period of not more than three days. Both the witnesses were members of the guard which was on duty at Fort Howe on Wednesday evening.

The first witness was Private Joseph Penette. He said that at the time of the actual shooting he was within a few feet of the deceased. The lance-corporal, he said, had been up on the hill and, returning, did not answer the challenge of Private Arsenault, who was on duty at the time. He heard one shot fired and then saw Lance-Corporal Hamm run around one of the buildings. He did not hear any more of the incident, the witness declared. Private Penette said that, earlier in the evening, while he was coming down the hill, he had been fired at by Private Arsenault.

"I asked Arsenault," he continued, "why he had fired, and he replied that he had orders to fire."

He saw the shooting.

The second witness of the afternoon was Private Harold Garland, who was a member of the detachment on guard on the evening of the shooting. The witness said that Lance-Corporal Hamm had gone up the hill and remained there about two hours. He returned and then went up the hill a second time, this time taking a rifle with him. He then started for the hill at about 10 o'clock and then started to come down. The witness said that he heard Private Arsenault challenge him and he shot. He then saw the lance-corporal start to run and he dodged in behind one of the buildings. He was followed by the lance-corporal, who fired the trigger again. Hamm fell, saying he was shot, and the witness hurried off for a doctor and an ambulance. The witness said that Private Arsenault was then put under guard and he took his best when he returned. Lance-Corporal Hamm, the witness said, had been up on the hill with two women.

The magistrate—What became of the girls?

Witness—"I don't know."

Magistrate—"Are you sure you saw some women?"

Witness—"Yes, two girls."

Magistrate—"Of what color?"

Witness—"Black of the magazine at about 9:30 o'clock."

Magistrate—"Was Lance-Corporal Hamm a married man?"

Witness—"No, sir."

Magistrate—"Did you think that it might be that some of his relatives were with him, that was why I asked. That may be the explanation of the women being there."

The witness continued that after challenging the lance-corporal, Private Arsenault had waited for him to come down the hill and, at one time they were about twenty yards apart. It was very foggy and one could not tell whether or not a man was in uniform. The witness said he had heard two shots fired at an interval of about an hour, the first being when Private Arsenault fired at Private Penette.

Magistrate—"Did you ever see any skylarking between Lance-Corporal Hamm and the defendant, any fun?"

Witness—"Yes, sir. I saw the lance-corporal, during the evening, aim his rifle at Private Arsenault. Just skylarking."

Ordered to file.

The witness said that he had heard Private Penette ask Private Arsenault why he had fired at him, and Private Arsenault said he had been ordered to fire.

Witness—"I heard Lance-Corporal Hamm give orders to Private Arsenault to fire on Penette to make him halt. This was about 9:30 o'clock. The idea was to make him halt. I was there when the orders were given and the guard supposed to have a rifle?"

Witness—"No, sir."

Magistrate—"Were Lance-Corporal Hamm and Private Arsenault good friends?"

Witness—"Yes, sir. They were both nice young fellows."

The defendant was then remanded.

Lance-Corporal Walter Scott Hamm was the son of Mr. and Mrs. William Hamm, of Annapolis Royal (N. S.), and came to St. John last year and resided with an aunt, Mrs. John Shute, and a grandmother, Mrs. Rachel Moore, at 203 St. James street, West Side. He enlisted as a recruit for special service in the 62nd Battalion in August, 1916. The deceased was nineteen years of age, and was going down.

Word was also sent to the stricken lance-corporal, who was the son of the father, formerly a traveler for J. H. Estabrook, was one of the most popular men on the road in the province, and took an active part in the organization of the commercial travelers' platoon of the 104th Battalion. He was one of the first to enlist and his prompt response furnished a fine example to others who, perhaps, did not so much to sacrifice. He is now in England, and heartily sympathetic of many friends in the city and province will go out to him and the stricken mother in the loss of their eldest son.

The two sisters surviving are the Misses Doris and Grace Kierstead, and the brothers are Kenneth and Maurice.

CECIL KIERSTEAD DROWNED AT CLIFTON

The blue waters of the Kennebecis claimed another young life yesterday when Cecil Kierstead, the 12-year-old son of Mrs. J. Vernon Kierstead, now overseas with the 104th Battalion, slipped from the high water wharf at Clifton into twenty-five feet of water and did not resurface. It was not until 9 o'clock last evening that the body was recovered.

H. H. Davis, of M. R. A. Ltd., a brother of Mrs. Kierstead, and William Lazard, also of M. R. A. Ltd., carpet dealer, secured the use of the city's grappling irons and went out to Robbsey on the 2 o'clock train. They crossed to Clifton by motor boat and at once began a thorough search for the body. They worked away for an hour with the assistance of Clifton residents and finally located the body in twenty-five feet of water, near where the boy had slipped. The great depth of water probably explained why earlier attempts to recover the body had failed. This was about 8 o'clock in the evening and the body was brought across to Robbsey where N. W. Brennan, undertaker, who had been notified, was awaiting news of the quest for the body. In the absence of a coroner, there being none in Clifton, call near than Hampton, Dr. O. R. Peters, of Robbsey, was asked to examine the body. He found no marks on the body of any kind disposing of the theory that the lad may have struck his head against the wharf as he was going down.

Two men arrived here last night—Pte. James McAndrews, of this city, and Capt. Heber Turnbull, also of this city. Turnbull was a member of the 5th Canadian Artillery and is here on six weeks' leave of absence. He went right through to Fredericton last night. Reached St. John.

Five officers of the original 26th have been detailed to report to Brig. General E. L. Sweetzer by July 10 at Boston. They will be used for instructional purposes in the state of Massachusetts and will instruct the regulars in trench warfare, bombing and machine gun work. The officers are Colonel J. L. McAvity, Major G. M. Johnson, Captain F. H. Elliott, Lieut. C. D. Knowlton, W. H. Brooks.

Colonel McAvity, who is in charge of the party, had been able to get in touch with all the officers last night, but expected that all would be able and willing to go. They will leave for Boston Monday.

Members of the European War Veterans' Association who took the trip to Boston, left the Hub by boat, at noon yesterday and are due here this afternoon. It is expected that the veterans will be given a big reception on their return to the city.

Further particulars have been received of the death of Private W. J. Good, who was a native of Dalhousie and enlisted with the 182nd battalion in October of 1915. On reaching France he was transferred to another unit and was killed in action in the trenches for about six months.

In his letters home he was always cheerful, with never a word of complaint. He was nineteen years of age when he was killed and leaves his mother and father, two brothers, Signaller Allen Good of the Halifax Rifles and Walter at home, and two sisters, Mrs. Arthur McCausland of Portage Lake (Me.), and Miss Ruby at home. Much sympathy is felt for the family in their sad bereavement.

ONTARIO HOSPITAL EXTENSION GIVES CAPACITY OF 2,800 BEDS.

London, July 5, via Reuter's Ottawa Agency.—Right Hon. Walter Long, colonial secretary, today opened the new extension of the Ontario Military Hospital, the capacity of which is now doubled with accommodation for 2,800 beds. Among those present were Sir George Perley, Canadian overseas minister of militia and the agent-general of Ontario, Quebec and Nova Scotia, also General Sir Richard Turner.

LEAVE OF ABSENCE.

The quarterly meeting of the Tabernacle Baptist church was held last evening, the pastor, Rev. F. P. Dennison, in the chair. Reports were submitted by the various societies and church officers, which showed that very substantial progress had been made. In fact, he said, during the last quarter many people had been turned away for want of space. For the three months financial progress has been good. Collections from the church services alone exceeding the collections of the corresponding quarter of last year by \$264.18, not including the special collection of \$205 taken for the new church site. At the close of the service the congregation by an unanimous standing vote granted the pastor leave of absence to visit the oilfields of Louisiana and Texas. He "has been suffering from throat trouble and his surgeon advised such a change. The meeting closed with Miss Mispah's benediction.

To Speed Up Coal Imports

Ottawa, July 5.—The Dominion Fuel Controller C. A. MacGrath, who has spent the past fortnight in securing all available preliminary data with a view to present and prospective fuel supplies in Canada, announced today that one of the leading fuel and transportation experts in the United States has been secured to look after Canadian fuel interests at the United States source of supply. Efforts are being made to speed up imports of coal which are now considerably behind the normal for the district from Montreal to Winnipeg.

Mr. MacGrath states that he is now in a position to deal with deliveries and complaints and urges importers of coal who desire to make use of the fuel controller's organization to furnish immediate information regarding the amount of coal contracted for, the quantity received so far and the amount which must still be contracted for. Mr. MacGrath is arranging to get in touch with all the mines so as to enable him to accelerate deliveries in all cases where there is now delay. He expects that importers will communicate their requirements to him promptly at Ottawa.

WESTERN LIBERALS TO HOLD CONVENTION

Ottawa, July 5.—(Leased wire)—Official announcement of the calling of a Liberal convention for the four provinces west of the Great Lakes to convene in Winnipeg on August 7 and 8 was made tonight.

The text of the announcement given out was as follows:

"The parliamentary contingent of western Liberals met here today and decided to call a convention of the Liberals of western Canada to be held in Winnipeg on August 7 and 8 next. There was a full attendance of members and senators from the prairie provinces, while British Columbia was represented by Senator Bostock, leader of the Liberal party in the senate.

"The object of the convention is to consider the whole political situation, particularly as it affects western Canada interests. It was felt at the meeting that the time had arrived when it was very necessary that a convention should be held at which western Liberals could consider what their attitude should be toward a number of serious economic and political problems arising out of conditions created by the war. The time of the convention was fixed for the latest date possible before harvest.

"The unit of representation decided upon is the provincially constituency. Each such constituency in the western provinces will be empowered to send four representatives. It is expected that many of the delegates will be women. In addition the convention membership will include all dominion Liberal members and senators, dominion Liberal candidates and all Liberal candidates in the last provincial elections in the western provinces.

"Arrangements will be made whereby Liberals desiring to attend will be sent as visiting delegates. While plans have not been worked out it is understood that facilities will be afforded to every progressive element in western Canada to participate in the convention."

LOCH LOMOND PICNIC

The annual picnic of the Loch Lomond Anglican Sunday school was held on July 4, on the grounds of Daniel Johnston, Black River. The weather was ideal.

Races held resulted as follows:

Girls under twelve—Myrtle Armstrong, first; Dorothy Smith, second.

Girls over twelve—Nettie Johnston, first; Helen Johnston, second.

Young ladies—Hazel Armstrong first, Marguerite Jordan second.

Boys under twelve—Cyril Baker, first; John Lipsett second.

Boys over twelve—Robert Porter, first; John DeWolfe, second.

Young men's race—Leonard Johnston, first; Thomas Porter, second.

Egg and spoon—Margaret Johnston, first; Bessie Johnston, second.

WHOLE AMERICAN DIVISION

Paris, July 5.—The battalion of American troops which paraded in Paris yesterday has gone to the permanent American training camp. The other units of the first expeditionary force which are now at a French port will leave shortly for camp instruction.

It is expected the entire expedition will be completed by July 15. Major-General William L. Sibert will command the camp.

SHIPBUILDING PROPERTY FOR SALE

The Best Adapted Property in the Vicinity of St. John
is the peninsula at Millidgeville, on which the old Jewett mill stood, and where Mr. Dunlap built wooden ships in the days gone by. This peninsula contains 6-10 acres with nine dwelling houses, where the workmen lived. A large shed on the property, 60x30, suitable for laying down the patterns. The site on which the mill stood, which could be utilized to erect an up-to-date equipment in connection with building wooden ships today, and which would supply the power for three or four different yards situated on this peninsula.
The peninsula has on its right a cove 800 feet wide, the privilege of which goes with the property. On its left another cove 700 or 800 feet wide, with an entrance 150 feet wide. It is connected with the mainland by a bridge, therefore the entrance to the whole property can be guarded by one man, as the balance is surrounded by water.
I am in a position to sell this property and am offering it at a price that cannot be duplicated anywhere in this vicinity. I am in a position to supply the purchaser with all birch timber, footclogs, knees and all necessary spruce timber in connection with building wooden ships. In the winter time lumber can be hauled from all sections of the river, including St. John River and its tributaries. During navigation schooners can be floated to the property. If it is necessary to import larger timber that cannot be obtained in this country, it also can be floated to the property and floated to the keel of the vessel, as there is a rise and fall of tide.
No doubt the property is isolated for four months which is not as long a time as in the St. Lawrence where they have been building ships for over a year, but the building of ships could be so arranged to launch spring and fall. This property is within two miles of St. John city.
There are many other advantages this property has, but I will not go further into detail.
The price is right. The plan of the property is on exhibition in my window, 58 Prince William street.
Also a property on railway with buildings 100 feet long, with brick power house. Large lot with railway siding. A bargain.

TERS OF THE WILDS
Where the Dog is "Food Controller"—An African Story.
There is always something appealing in the companionship of man and dog. A traveler tells the story of a strange hunt that he once witnessed in the heart of Africa, the leading characters in which were a black dog and a naked Cunnahame.
At four o'clock Cunnahame and I got our chairs out in the shade. The dog lay flat on a mat of mats, and amused ourselves by scanning the plain below. Some topi and a single wild beast were grazing about 500 yards below. Suddenly they all scattered off at a great speed. Cunnahame said:
"Then we saw a black dog about the size of a pointer. Paying no attention to the topi, he took after the wild beast. The latter loped easily, but the dog fairly had to scratch ground to hold his own. It looked like a sure thing for the wildbeast, but the dog hung to it. Farther and farther they went until they became mere specks, and we had to our glasses. About two miles away the wildbeast dodged and doubled, then ran through a herd. The dog never lost sight of the one he was after, and paid no attention to the rest. At last the animal turned at bay, making short lunges and charges, which the dog dodged, trying to get in at the beast's hind quarters.
Now for the first time we noticed a savage running like smoke across the arc of the circle the chase had taken. He was stark naked, a splendid figure of a man, and carried nothing but a bow and arrows. How he could run! We saw him stop and discharge arrows, although it was too far away to see them. The wildbeast heeled, and we saw the little black speck of a dog leap for his throat. They went down in a heap, and Cunnahame and I stood up and cheered, although we were two miles away and could see nothing without the glasses.
When we sat down again it was over. The dog was sitting by the carcass, and the savage was heading for a lone bush to get materials with which to cover his prize for the night. When the meat was "bushed," he and the dog started soberly for home. The chase had lasted just forty-two minutes.

NEED REGULATION OF TRANSPORTATION

Ottawa, July 5.—The report of the special trade commission appointed last year to consider ways and means of improving Canadian trade conditions and opportunities in Great Britain, France and Italy, was presented to parliament today by the minister of trade and commerce. The commissioners who spent considerable time in Europe last year were James W. Woods, of Toronto; T. H. Wardlaw and Frank Faure, of Montreal; H. E. Ruppel, of Quebec; W. Frank Hatheway, of St. John (N. B.); George W. Allan, Winnipeg; with Roy Campbell, of Montreal, as secretary. Their report is a voluminous document dealing in considerable detail with the transportation question and the post-war opportunities for Canadian trade in Europe. Their main recommendation is for co-operative action by the Canadian and imperial governments for a radical re-organization of transatlantic transportation. The commissioners believe that imperial control should be invoked to adjust the employment of tramp steamers to meet the needs of empire trade according to seasonal demands. The established lines under private ownership, they declare, have not given the service necessary to adequately link up Canada in freight transportation with the Mother Country and her allies. The commissioners say that no subsidies, bounties or concessions should be hereafter granted to steamship companies until the transportation question had been thoroughly studied and a comprehensive plan worked out on a permanent basis for moving Canada's grain and other products. The report also urges government action towards stimulating shipbuilding in Canada and towards securing better insurance rates on the St. Lawrence route. As regards the fiscal policy the commissioners report that the prevailing opinion in countries visited seemed to favor reciprocal preferential tariff among the allies, and intermediate tariff for neutral countries and a discriminatory tariff against enemy countries. Farmers Get Stung Chatham World—"Want to buy any potatoes?" is the question asked every visitor to downtown districts is asked. Hundreds of farmers and dealers are holding stocks of potatoes that they could have disposed of a few weeks ago for a high price. And now nobody wants them, and the holders can sell them only at a low figure, certainly not for more than \$2. though buyers are offering \$3 for the new crop.

RECENT DEATHS

Mrs. W. H. Dickson. Mrs. W. H. Dickson, wife of Judge W. H. Dickson, of Salt Lake City, died suddenly from heart failure on June 30, in Los Angeles. A telegram announcing her death was received by Judge Dickson, who, with his daughter, Mrs. Irene Dickson Schuler, and grandson, William Howard Dickson Schuler, left for Los Angeles. Mrs. Dickson suffered an attack of asthma, accompanied by her daughter, left for Los Angeles in the hope of obtaining relief from the ailment. Her health improved so rapidly and to such an extent that her daughter returned to Salt Lake. Other than suffering occasionally from asthma, Mrs. Dickson's health had been of a robust character for many years and the news of her death came as a severe shock to the family as well as to her friends in Salt Lake. Mrs. Dickson was born at Grand Lake, New Brunswick, September 12, 1851. She was married to Judge Dickson and came to the United States in 1878. From 1878 until 1882 they resided in Nevada, and in 1882 they came to Salt Lake, where they have resided continuously ever since. Mrs. Dickson is survived by her husband, Judge W. H. Dickson; one daughter, Mrs. Irene Dickson Schuler, and grandson, William Howard Dickson Schuler, residing in New Brunswick. By her hosts of friends Mrs. Dickson was characterized as a most lovable woman of great strength of character, rare attainments and high ideals.

Miss Agnes C. Ramsay. Newcastle, July 5.—The death of Miss Agnes Colvern Ramsay, of Newcastle, took place suddenly at Campbellton on Saturday, where she was on a visit to friends. Deceased who was 55 years of age, had been in delicate health for some time, but her death came as a distinct shock to her many friends here. One sister, Miss Jessie Ramsay, survives, while J. Harvey Ramsay, of the public works department, Fredericton, is a nephew. The body was brought to Newcastle on Monday, and interment

was made in St. James' church cemetery, Newcastle, on Friday night, by Rev. S. J. MacArthur.

The death of Luther R. King occurred in Sackville on Friday night. He was 66 years of age and a native of Rockport. He leaves his wife, one daughter, Jennie, two sons, Frederick and Lloyd, all at home, and three sisters, Mrs. Samuel McAllister, of Sackville, Mrs. Albert Card of Dorchester and Mrs. John Smith of Fairview.

The death of Russell Estabrook occurred on last Monday in Bristol, Carleton county. He enlisted about a year ago. After a long road march he contracted a cold which developed into pneumonia, later affecting his heart. He was the son of the late Spurgeon Estabrook of Midgie. His mother, now Mrs. Theodore Rogers of Bristol, two brothers, Raymond in France and Roy of Bristol, survive. He was nineteen years old. Mrs. John O'Brien of Sackville was an aunt.

At the home of his daughter, Mrs. Stanley Douglas, in Stanley, on Monday, Angus S. Fraser died, aged 82 years.

In Highland View Hospital, Amherst, on June 29, William C. Ripley died. He was at work about his farm up until Monday morning the 29th. He was the eldest son of the late Robert Ripley of Maccan and is survived by two brothers, Jonathan Ripley of Amherst and J. C. Ripley of Maccan and three sisters, Mrs. Phiney of Parrsboro, Alice, wife of Councillor Howard Ripley of Amherst, and Esther of Amherst. Mr. Ripley married Cynthia, the daughter of the late Jonathan Richard Pipes, of Nappan, and leaves a family of nine children, five boys and four girls—Robert C., Raymond J., and Vincent on active service in France, Richard in Alberta and Carl at home. The daughters are Janie and Mildred, teachers in Sackville, and Mary and Lillian at home.

RECENT WEDDINGS

Underhill-McCarthy. Newcastle, July 5.—The marriage of Miss Mary McCarthy, only daughter of Mrs. Mary McCarthy, and Thomas Underhill was solemnized at nuptial mass at St. Mary's church at 8 o'clock this morning. Rev. P. W. Dixon being the officiating clergyman. The bride was supported by Miss Annie Underhill as bridesmaid, who wore Russian green with hat to match. Michael Aharan was best man. After the ceremony breakfast was served at the bride's home and the happy couple motored to Blackville, where they will spend a short time at the groom's home here. The bride received many beautiful and handsome presents, including a dinner set from the groom's fellow employees at George Stables' grocery, and a handsome leather chair from the staff of the Union Advocate, where the bride has been employed for the past nine years.

Smith-Smith. Salisbury, N. B., July 5.—At the United Baptist parsonage on Wednesday afternoon Rev. Norman A. MacNeill, pastor of the Salisbury Baptist church, united in marriage Weldon R. Smith, a leading farmer of Coverdale, and Mrs. E. Maud Smith, who also has extensive farming interests in Coverdale. After the ceremony Mr. and Mrs. Smith returned to Coverdale, where they will reside. Both the bride and groom have many friends in Westmorland and Albert counties who will join in wishing them much happiness and prosperity.

Comeau-Leger. The marriage of Miss Beatrice Leger, daughter of Mr. and Mrs. R. C. Leger, of Middle Sackville, and Adolph Comeau of Great Smeagoe took place on June 28.

Smith-Smith. Weldon R. Smith, of Coverdale, and Mrs. Maude E. Smith were united in marriage at Salisbury on July 4.

Blevant-Lucas. The marriage of Miss Agnes Ethel, daughter of Rev. and Mrs. Aquila Lucas, former residents of Sackville, to John Blevant, took place in London, Ontario, on June 9.

On last Tuesday, Miss Alice Smith, who long resided in Amherst, was married to James Staples of Newcastle, N. B., in the Charles street Methodist church, Halifax, by Rev. Hamilton Wigie, B.A., performing the ceremony.

FOR A WORLD WIDE JULY 4 Spokane, Wash., July 6.—To change the observance of Independence Day in the United States to a day set apart for all free nations of the earth to celebrate their freedom is the proposal of Governor Moses Alexander of Idaho. It would mark a world's holiday commemorative of emancipation of every nation.

Commenting upon a plan to give special honor on July 4 to a young man who are subject to draft, Governor Alexander briefly outlines his world-freedom idea as follows: "To those between the ages of twenty-one and thirty years who on June 5 registered it will be a glory to know that we are all equal before the law and in the battle for freedom, fighting democracy to shoulder as common citizens of a common country, in the offer of blood and life and in the defense of the noble principles for which the flag stands."

"The people who have come to be the most powerful people in the world under the emblem of liberty, the Stars and Stripes, will regenerate and emancipate mankind, and after July 4, 1917, we will not celebrate the Fourth July alone in the United States, but the whole world will join with us to make it emancipation day for the downtrodden of the world."

NEWFOUNDLAND OPPOSITION WANTS ELECTION NOW. St. John's, Nfld., July 5.—The opposition party in the Newfoundland legislature is using every possible means to block the expected proposition by the government that the parliamentary term be extended for another year because of the war. The opposition desires a general election next fall.

WILSON'S SUCCESSOR

Halifax Echo—Dr. John Grier Hibben, president of Princeton University, will be the guest of the Canadian Club of Halifax and will address the members and their friends on Tuesday evening, July 17, at the hall of the School for the Blind. This will be the first time that Dr. Hibben has visited the maritime provinces, and it is really the first time that the Canadian Club has had the head of a large American university to lecture before them. Dr. Hibben is successor to President Woodrow Wilson as president of Princeton University. He has always been strong for American participation in the war, and his subject, "Our Cause," will be a strong presentation of the facts leading to the entry of the United States into the conflict. President Hibben is in the prime of life, a splendid platform orator and a very prominent citizen of the United States. His visit to Halifax is already creating a good deal of interest. He will be accompanied by Mrs. Hibben, and before reaching Halifax they will be the guests of the Canadian Club at St. John, coming over to Halifax by the Bay of Fundy route, and spending a few days in the Annapolis and Cornwallis valleys.

Germans' Strongest Offensive Since Verdun Beaten Back by French

French Front in France, Wednesday, July 4.—(By the Associated Press)—After their strongest offensive effort since Verdun the Germans found themselves today thrown back everywhere along an eleven-mile front on the Chemin Des Dames, leaving the ground thickly strewn with their dead and having failed to take even one French soldier prisoner. The French lines remained intact and the French commanding general who watched the operations, throughout from the front trenches was able to declare tonight that not a single yard of territory had been lost.

The Germans came forward everywhere in the closest formation and in successive waves, preceded by the famous "shock" troops, who were mown down by the French fire. At the first onslaught in the vicinity of Cerny, and on the Californie Plateau the French were obliged to give way, but their yielding was only momentary and a counter-attack remedied the slight dent immediately and in addition gave them possession of some German trenches in the vicinity of Cerny, which they held.

The German infantry appeared to have all the dash taken out of them by the French defence and made no attempt to regain the ground lost by the French reaction. Their artillery throughout the day, however, maintained a sweeping fire, but its effects were minimized by the enemy's lack of observation posts.

ALLIED CAPTURES IN TEN WEEKS.

From April 15 to June 30 the Franco-British troops on the western front captured 63,222 prisoners, including 1,272 officers, says an official summary of the operations issued today. The war material taken in the same period includes 509 guns, 503 trench mortars and 1,318 machine guns.

1,500,000 GERMANS BITE DUST.

Paris, July 5.—The total number of Germans killed from the beginning of the war to March 1917 is not less than 1,500,000, according to an estimate reached by French general headquarters. This computation has been made after careful study of documents bearing on the subject.

BALANCE IN FAVOR OF BRITISH

London, July 5.—Since the beginning of the war the British have captured 177,776 prisoners, exclusive of natives taken prisoner in the African campaigns, many of whom have been released, said Major-General F. B. Maurice, director of military operations at the war office, today.

The British have lost to the enemy 51,088 men, including Indian and native troops. These figures take in all theatres of war.

The British have captured 739 guns during the war, and lost 133. Of the guns lost, 37 were recaptured and of the 96 remaining in enemy hands, 84 were lost by the British on the west front early in the war.

"THE BRITISH HAVE NOT LOST A SINGLE GUN ON THE WEST FRONT SINCE APRIL, 1915," said the general.

Mexico May Be Our Next Ally

El Paso, Texas, July 5.—Since the pro-Ally campaign in Mexico was first started by El Universal in Mexico City, the sentiment favoring the Allies has reached northern Mexico and, during the past thirty days, a well defined movement favoring an open break with Germany has developed.

A reflection of this sentiment was seen recently in the statement of Gen. Francisco Gonzales, acting commander-in-chief of the northeastern military zone with headquarters at Chihuahua. He was overcharged by a German firm for some produce. The manager was arrested and placed in the penitentiary. The German consul made a demand for his release "in the name of the imperial German government and the Kaiser," according to a Mexico official who was present at the time.

"Tell the German consul he, the imperial government and the Kaiser may all go to hell," General Gonzales answered.

Prominent Mexicans, men in close touch with the capital, predict that Mexico will declare war on Germany within thirty days.

ARGENTINE NOT FAR BEHIND.

Buenos Aires, July 5.—The newspapers here declare that if after the new demand made by Argentina, Germany continues to attack Argentine merchant ships wherever they may happen to be, the Argentine government probably will decide to break off diplomatic relations with Germany.

Poles Report Great Suffering Throughout Their Land

Stockholm, July 6.—Three Poles now in Stockholm, M. Sobieszko, formerly a member of the Russian Upper House, M.M. Sobieszki and Sobanski, have issued an appeal for aid for the Poles of Warsaw. Their appeal says people are dying in the streets from hunger.

The Associated Press is informed from other sources that conditions elsewhere in Poland are equally grave, being particularly serious in Lodz.

FRENCH BOY HEROES.

I hope somebody will write after the war, says the "Lady Correspondent" of the London Evening Standard, a record of what has been done by the boys of France. Apart from little boys of ten or twelve years who have managed to keep going the heavy work of their father's farms or bakeries, there are endless acts of heroism, actual or potential, among little fellows of the fighting and peasant classes. It was a peasant boy of nine years who was stopped the other day at the moment when he was getting into a train that he thought would take him to the front. It is a peasant boy who, although only eleven years old now, has spent two and a half years in the trenches as the mascot of three different armies. And in the matter of hard, unremitting labor, such as is necessary on the farms, it is the peasant boy who, not being old enough to give his life for his country, has done as much, perhaps even more, in giving his youth.

Be Careful What You Wash Your Hair With

Don't use prepared shampoos or anything else, that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain unadulterated coconut oil, for it is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

ROOSEVELT'S SONS ARRIVE IN FRANCE

Major Theodore Roosevelt, Jr., and Captain Archibald Roosevelt have arrived in France to join the American expeditionary force.

Major Theodore Roosevelt, Jr., and Captain Archibald Roosevelt sailed for France on June 20 on a steamship which carried nearly 200 young Americans go-

ing to do ambulance work in addition to several aviators. Colonel Roosevelt's sons were both in khaki and were seen off by their sister, Mrs. Alice Longworth and Mrs. Theodore Roosevelt, Jr.

Their departure was known at the time, but nothing was printed until the colonel announced the fact on June 24, at a meeting at Oyster Bay held in the interests of the National Red Cross.

The sons of the former president arrived in France early on last Monday morning, but the news was not received in the United States until Tuesday forenoon, when it was immediately communicated by telephone and telegram to Colonel Roosevelt. Major Roosevelt and his brother both expressed their gratification at being permitted to go with the first American troops to France, and said the order for their departure had come very suddenly, as they had less than forty-eight hours' notice from the time they left Platts-

burgh.

MR. ADAMS CONSULTED.

Thomas Adams, town planning expert, will look over the city's plot of 160 acres in Lancaster some time today and before leaving the city will make some recommendations as to the best method of sub-dividing it for the development of the locality. It is stated that he was requested by civic officials to give his ideas in connection with the matter. This plot is not all the city's property in Lancaster by any means but it is the largest piece. Mr. Adams' rough survey will probably take in the whole areas in the section. Yesterday Mr. Adams was in further consultation with W. P. Burditt with reference to the local town planning project. An appeal will be made to the municipal council for co-operation in the matter. Mr. Adams is hopeful of putting the project through here before the fall so that he will have St. John as a practical example of what systematic town planning will provide. He will meet the full board of the town planning commission at the board of trade this afternoon at 2:30 o'clock.

Compromise in Dock Strike.

Vancouver, July 5.—After a week's strike by engineers, firemen and deck hands of coast steamers, the situation showed signs of compromise tonight. Conferences are in progress and it is probable that the men will resume work tomorrow on the basis of splitting the difference between the wages demanded and what the companies offered.

WRESTLING

Lewis is Champion

Boston, July 5—Ed. (Strangler) Lewis, of Kentucky, is now the catch-as-catch-can wrestling champion, winning the title in 1 hour 23 minutes 14 seconds. Before one of the largest crowds that ever watched such an event in this city, he defeated the champion, Waldek Zbyzsko of Poland, two falls to one, at Braves Field yesterday afternoon.

When the giants went on the mat they looked to be in great shape, with the pair the favorite. As the accident to Zbyzsko in the second session eliminated the excitement that was produced by the work of the wrestling masters in the first round.

The gameness of the Pole and the fine sportsmanship of Lewis enabled the latter to see the pair start a third session, which only lasted 46 seconds. When the Pole was carried from the mat at the end of the second session in a badly dazed condition, suffering from pain in his right elbow and leg, no one expected that he would return to the mat again. His manager, seeing his condition, did not want him to, but Zbyzsko insisted. Lewis then consented to give him a longer rest than the rules allowed.

Byrd being unseated, and none of these four could finish the heat.

As Battle King, the Canadian horse, won the deciding heat, the judges ruled that none of the horses that figured in the accident could be placed, so Haley C. with two second places and standing for second money, was beaten out of the money. Ed Direct also stood for fourth money at the time.

The victory of Battle King in this stake was a severe jolt to the dopsters, for both Haley C. and Cliff Mosquette were played much stronger than the little Canadian pacer. Battle King, however, proved himself a good deal speedier than anyone expected, twice turning in miles in 2:09 3/4, and next to the fastest mile races this season on the circuit. The 2:17 trot went five heats before June Red, a rank outsider, took the measure of Frances Belmont, the favorite.

Something out of the ordinary is for an outfielder to make the put-out on a player who is caught off first by a pitcher. Amos Strunk, Athletic center-fielder, was the hero of a stunt of this kind in a game played in Washington on June 20. The victim was Charley Jamieson, whom Griff tried to remake into a pitcher this season and who now has gone back to outfielding.

"Rube" Schauer detected Jamieson taking too long a lead off first in the eighth inning and his throw to McInnis started a run down play that was completed when Strunk, who helped in it, tagged Jamieson on the line and the back.

A trick American League outfielders apparently have forgotten is to sneak

Battle King Captures 2:13 Pacing Stake at Saginaw Meet

Saginaw, Mich., July 5.—The defeat of all the favorites and a bad spill in the third heat of the 2:13 pace which resulted in injuries that may prove very serious to Abe Johnson, driver of Princess Mary, featured the second day of Saginaw's July race meeting today.

The mix-up in the 2:13 pace, the first \$25,000 stake race of the season, occurred after the horses rounded the first turn of the first lap. One driver cut in too quickly, colliding with Haley C. Driver Ernie Crummer of Chatham, was thrown high in the air, but landed without injury. Abe Johnson, handling Princess Mary, drove into the tangle of Haley C.'s sulky, and was pitched high in the air, landing on his stomach inside the fence rail. He had to be carried off the field and the full extent of his injuries could not be learned tonight. Cliff Mosquette and Ed Direct also got into the mix-up, both drivers, Hummel and

What Does The "Conscription of Wealth" Mean?

A number of newspapers, says the Toronto Star, profess an inability to understand what is meant by "conscription of wealth." But they do not quite like the sound of it, and draw back from it. Their attitude towards it is pretty much the same as that of others towards the other form of conscription. Their intuitions probably do not mislead them. The proposal is that men who stay at home shall serve, to some extent at least, as well as those

who put on uniforms and march away. The term "conscription of wealth" is meant to cover all branches of the general idea that if individual choice as regards going to war is to be overborne and done away with, the country which exercises the proprietary right over some of us shall exert the same right over all or any of us who, not placing our fighting talents at the public service, have other talents which in this crisis can be made almost as useful to the general cause.

If voluntary fighting does not meet the full needs of the case, voluntary paying has not met the needs of the case either. If a man has flat feet and is exempted from military service on that account, his purse may not be flat, and he may possess money-making talents, which he ought to use for the general good rather than his own while other men with better feet are away on the march. This gives a glimmer of the idea that is in the minds of those who favor conscription of wealth. They do not mean confiscation of that sacred thing, property. It is true that property would be confiscated by the enemy if fighting men did not ward this danger

from us. If the Kaiser could so succeed in the war as to enable him to dictate terms in Paris and London, property here would be literally confiscated even if not a German soldier set foot on our soil. So property is safe and may rest easy. It is not going to be confiscated, not unless the fighters fall in the defence they are putting up.

Those at home have the easy task, no matter what that task may be. If a man has a bad foot and cannot go to war at \$1.10 per day, or if he is over the age limit, and cannot go to war at \$1.10 a day, he can stay at home and serve in other ways. He will get more pay at home and have more comfort, but so far as the nation is concerned it should lay down the rule that whether a man stays or goes he is, during the war, working for the nation, and that the nation can step in if it needs to and tell him how much over \$1.10 per day he is to get for serving and for the general upkeep of what he is doing.

What is meant by the conscription of wealth is that the nation shall make selective drafts on the fit and suitable wealth that can best be called out to serve the country. For war needs the money that war has made should be expropriated first of all, to stop as far as it can the vast gap of the war's cost to the country. We wish to say in plain English that the opinion is widely held in this city that a fortune made out of the war disgraces the hands that hold it, and our prediction is that this view will prevail in the years to come. And

in time to come the government of today will be blamed for nothing so much as for its failure to see that the whole people should have been recruited into a great national force to both fight and pay and get the war over and done with as quickly as possible, and with as early a recovery from its effects as would be possible.

The government is, in fact, doing several of the things, and thinking of doing others, that are desired by those who advocate conscription of wealth, as in imposing taxes and appointing a Food Controller and a Fuel Controller. But these things are being done in a scattered way and half-heartedly, and with an air of unbelief in the efficacy of such effort, and without evidence of conviction as to the essential justice of what is professionally undertaken. We find Sir George Foster declaring the futility of food control one day and the government appointing a food controller the next.

What the country needs is a war government that believes in what it sets out to do, so that the country can shake off the disquieting thought that the government is, in all matters, but taking action to stave off a discontent it cannot silence. The country knows what is meant by the proposal to conscript wealth as well as men. The government knows, too, as is shown by the concessions made to growing opinion. But instead of yielding bit by bit, without conceding the general principle, it is the general principle that ought to be conceded, and not only conceded, but asserted, so that the moral case for conscription may be made strong.

LETTER OF APPRECIATION AND THANKS FROM CAPTAIN HOOPER
A letter from Rev. E. B. Hooper, Captain, acknowledging receipt of a donation from the Three K Club, has been received by Mrs. James Brown, of 78 Hilyard street. The letter is as follows:—
"I am very deeply grateful for the \$15 you sent me in your letter, just received, from the Three K Club for my wounded soldiers fund. It would be impossible to exaggerate the great good done by this fund of mine—smokes and drives and teas, fruit, eggs, oysters, reading matter, and everything a wounded lad fancies that would help him. These are the things I love to do. Fifteen hours a day I live and move among them—my 1100 sons. To them I try to be as a father and that is why I rejoice in "The Padre," as the title by which they know me. The Three K Club never gave \$15 which will do more good or be more fully appreciated, as your gift is by wounded lads and by me."

LOCAL NEWS

WIGGINS-GRANT
On Monday afternoon July 2, at four o'clock, a very pretty event took place at the home of James B. Wiggins, Ferry Point, Quebec, when he was united in marriage to Mrs. Sarah E. Grant of St. John, by Rev. Wm. U. Hatfield. Mr. and Mrs. Wiggins will reside at Perry's Point.

CIRCUIT COURT
The case of Cheeseman vs. the C. P. R. Company is being continued in the circuit court before Chief Justice McKeown and jury. The plaintiff's case was closed this morning, and the defence opened. It is not likely that the case will be finished today. D. Mullin, K.C., is the plaintiff's solicitor, and F. H. Taylor, K.C., is solicitor for the defendant.

HOME FOR INCURABLES
At the monthly meeting of the board of directors of the Home for Incurables, held yesterday afternoon, it was announced that there is one vacancy in the home and there are several applicants for admission but, as their applications had not been completed in time to be passed by the committee, no action was taken.

THEFT CHARGE AGAINST BOY
A small boy appeared before Magistrate Ritchie in the juvenile court this morning to answer a charge of stealing a store owned by Urdang and Mendelsohn in Union street and stealing four watches, some watches and a watch chain. He was warned that he was likely to spend the next four years in the Boys' Industrial Home and sent to the home at 11 this afternoon when the case was to be taken up.

THE MAY QUEEN
The Fredericton Mall has a rumor that the steamer May Queen may go on the St. John-Fredericton route. Meanwhile she is kept pretty busy. There was a good attendance at last night's excursion, which returned about half past eleven. In addition to the Brown's Flats excursion already announced the May Queen will next week take two picnics up river.

BADLY CUT WHEN HE FELL
Little Charles Mulholland, aged nine years, son of M. P. H. Mulholland, of Exmouth street, was a painful accident last evening. He was playing around the new school building which is in course of erection in Cliff street, when he slipped and fell into the basement. He received a bad scalp wound, which was sutured up by Dr. S. H. McDonald at his parents' home. The little chap is able to be out again today.

MUST DESTROY DOG
Mrs. Paul White, of St. James street, was reported for having a ferocious dog which had bitten a little girl named Marie Wallace. She said that the dog was a kind animal and she had never known it to bite or snap at anyone. The little girl, who had been bitten in the right arm by the dog, was brought into the court room, and after Magistrate Ritchie was convinced that it had been injured he ordered one of the policemen to destroy the canine.

MRS. M. DIMOCK
Many will sympathize with the death of Mrs. Melinda Dimock, which occurred last evening at her residence, 28 Erin street. She was fifty years old and is survived by two sisters, Mrs. James Blenkhorn of Canning, N.S., and Mrs. D. C. Bartlett of Union street, one brother, James Reeves of Philadelphia; two daughters, Mrs. Bertha Ryder at home and Mrs. Hollis Major of St. John, Mass.; and one son, Manning Dimock of this city. The funeral will take place tomorrow afternoon from her son's residence, 184 Duke street.

BOYS IN HARD LUCK
The march of progress yesterday overran the diamond of the junior baseball league of the Boys' Club. It was as well as that of the league of larger boys needed for shipyard purposes, and last evening fifty or sixty boys went out on the sands at the head of Courtenay Bay to play and applaud the scheduled game. They will be able to utilize the sands while the tide conditions are favorable, but Father Neptune will also chase them presently—or make them swim.

WHERE CHILDREN PLAY
Brunswick street is not exactly what a committee on health and welfare would select as a children's playground, but at dusk last evening not less than a hundred little children were playing there. One large group had the hose turned on them from a store. Perhaps a shower bath would not hurt them, but that is not quite the playground way of giving it. However, they seemed to enjoy it. As a recent census in one Brunswick street tenement discovered more than five hundred children, it may be assumed that the hundred or more in the street last night were not nearly all the available material. And Brunswick is not a long street.

WORD FROM PTE. NELSON MANNING
Pte. Nelson Manning, who went overseas with the 140th Battalion, was sent to France with the first draft to another battalion. He spent all winter in the trenches and was through the Vinny Ridge attack and in the hard fighting for ten days following. He was sent to a hospital in France on account of illness and later to a convalescent hospital in England. He is now on leave in Glasgow, Scotland, before going to Hastings for a few months of light physical training. This was the first received this week by his mother, Mrs. R. C. Manning, Waterloo street.

CANADA'S LOSSES BY FIRE IN JUNE
Toronto, July 6.—The Monetary Times' estimate of Canada's fire loss during June is \$1,184,627 as compared with May loss of \$1,163,110 and \$194,537 for the corresponding month of last year. The heaviest losses for the month were caused by the destruction of the Regina Storage & Forwarding Company's plant on June 12 with a loss of \$177,000 and by a fire in Sorel, Que., on June 19 in which the loss is given at \$200,000. There were four other fires during the month in which the loss was \$30,000 or more. Nine deaths from fire occurred during June, three of them in the burning of a house.

OAK HALL - SCOVIL BROS., LIMITED ST. JOHN, N. B.

The EUREKA VACUUM CLEANER
is the most powerful machine on the market, and has many features which place it head and shoulders above any other.
The convenient button switch, the patented dust bag, the method of attaching the hose for cleaning mattresses and furniture, place it in a class by itself.
But you don't have to take our word for it. Let us send one to your home for a FREE TRIAL; you will never let it come away again.
