BELIEVE CHILD  
SLAIN BY MANIAC

School Girl's Throat Slashed  
and Heart Pierced.

Body of Janet Lawrence,  
Missing After Visit to  
Neighbor, Found Behind  
Log in New Jersey Woods.

Madison, N. J., Oct. 7.—Pierced by 29  
knife wounds, apparently the work of a  
maniac, the body of Janet Lawrence, a  
twelve-year-old school girl, was found  
early today concealed behind a log in  
woods near here. Her throat had been  
slashed and her heart pierced.

The child was reported missing yester-  
day afternoon when she failed to re-  
turn from the home of a neighbor, Mrs.  
Joseph Sandt, where she had been eating  
with the Sandt children.

At that time the girl's younger brother  
was sent to find out what was detaining  
her. Searching parties were organized  
when he reported his sister had started  
home several hours before she was found  
by Chauncey Griswold.

Search for the child's slayer had been  
taken up under the personal direction of  
John M. Mills, public prosecutor of Morris  
county.

Council Detective Edward Drenna,  
after going over the scene of the crime,  
declared he had several clues which  
might lead to the early arrest of a  
suspect.

BAPTISTS TO  
ASSEMBLE IN  
FREDERICTON

Convention to Open Next  
Week—Game Law Case—  
Potatoes Rule Large.

(Special to Times)

Fredericton, N. B., Oct. 7.—The annual  
meeting of the Baptist Association will  
be opened here on Oct. 15 and will close  
on the following Tuesday. The Baptist  
Ministerial Institute will have its ses-  
sions a day earlier.

The annual convention sermon will be  
preached in the Brunswick Church on  
Sunday morning by Rev. Dr. Spilde, of  
Wolfville, N. S. During the conven-  
tion the devotional meetings will be led  
by Rev. Dr. H. A. Porter of Atlanta, Ga.,  
former pastor of Fredericton. W. F.  
Porter and A. C. Porter of Fredericton  
and Rev. K. S. Porter of St. John are  
brothers.

Three charges of violence of the game  
act are being heard at Long's Creek,  
Coles Island today. These are for hunt-  
ing during the close season. Two men  
named Fisher and one named Starkey  
are the defendants. It is said they were  
shot during the first week of September  
while hunting.

Official reports from Upper St. John  
Valley are that the potatoes grown in  
both New Brunswick and Maine this  
year are about twenty per cent. over  
the average price of potatoes quoted by  
the shippers in that section, has been \$2  
per barrel on the American side of the  
line, and \$1.60 in New Brunswick.

The potato crop of Aroostook County  
is estimated at 125 per cent. When it is  
culled and prepared for shipment, there  
will be a good average crop.

Dr. J. J. Pugsley has returned from the  
fairs at Port Elgin and Monmouth,  
where he was one of the judges.

All the local fairs in Madawaska  
County, attracted good attendance. Vis-  
tors from the American side were num-  
erous. It is reported that there is talk  
of Edmundston having a big county  
exhibition in future years.

Yield Politics.

The nominating convention of the pro-  
gressive party in York-Sunbury has  
been called for Saturday, Oct. 15, in this  
city.

The Conservative convention an-  
nouncement is expected in a short time.  
Mrs. Anne Hanson, widow of James  
Hanson, died in Boston, and her body  
will be brought here for interment. She  
was aged fifty five years. A daughter  
of the late Colin Campbell of Frederic-  
ton, Mrs. Daniel Elliott, of this city,  
is a sister.

McGraw To Send In  
Fred Toney Today

Likely to Be Opposed by the Powerful Shawkey,  
in Third World Series Contest—Some  
Comment on Yesterday's Game—Giants' Captain  
May Switch Catchers.

New York, Oct. 7.—Behind their third  
pitching act, Fred Toney, who bails  
from the hills of Tennessee, Joe McGraw's  
Giants will attempt today to  
scuttle the boat in which the Yankees  
have charged two knots toward the  
world's series triumph.

Though held scoreless through two  
games by the great ivy-wringing pair of  
the Americans—Mays and Hoyt—McGraw's  
hearties have by no means given up hope.  
As exemplified in their regular season  
games, they fight to the last ditch and  
they are determined to throw off the  
Yankees' pitching as they have done today.

The Giants have been following the  
same old and same idea in the first two  
games of the series, but they will be out today  
to try the sensational. "We've got to  
take some chances," declared Assistant  
Manager Jennings. "We have lost them  
during the regular season and turned  
many a defeat into a victory. Against  
such pitching as we have faced this year  
there is no other alternative. We've got  
some ideas along that line and may be  
they'll calve our boys a bit."

Bob Shawkey, whose queer, clod-pup-  
ping walk and red flannel undersleeves  
are a sure sign in other world's series, is  
most likely to be on the mound today  
for the Yankees. Bob had a bad spell  
last night when he pitched against the  
Giants.

Shawkey has great speed. When he  
is in form he is regarded as one of the  
best twirlers in either league, ranking  
along with Alexander, Adams, Adams,  
Adams, Mays, Hoyt, Tony and Neff.

Neither of the Giants' catchers, Snyder  
and Neff, has been in the home club to-  
day. The Giants will be the home club to-  
day and the stalling backstopping qualities  
which they had been credited, both  
have been replaced by two first-class  
fielding ends. In yesterday's game Smith  
made a bad muff of Neff's heave when  
McGraw was in the batting cage. He  
caught Bob easily. He also made a  
bad throw to second when Ruth pil-  
tered and was slow in sending the bat  
to Frisch when the Babe stole third.

McGraw was expected to switch back  
to Frisch today. He has been in the  
Gaston in the second string and might  
call on one of them if Snyder continues  
to pitch.

Wallie Schang, while short in the bat-  
ting department, has performed admir-  
ably behind the plate for the Yankees,  
and so far his work has surpassed that  
of either of his highly rated opponents.

As Hiram Sees It

"Hiram" said the  
Times reporter to Mr.  
Hiram Howland, "I  
learn that diplomatic  
relations between Salva-

which were somewhat  
strained, are once more

"Pete Smithers, out

Reserved Case For  
Spellman; O'Brien  
Is Arrested Again

Three Points in Spellman Case to Go Before Full  
Court—O'Brien Now Charged with Robbery  
in Matter of Bottle.

There were two developments in the Albert Norris case today. One was the  
arrest of Edward P. O'Brien on a charge of robbery, in the matter of a bottle of  
liquor which played an important part in the case, and the other was the grant-  
ing of a reserved case in the matter of Spellman, which was granted by Mr.  
Justice Barry on application of Daniel Mullin, K.C., counsel for the defendant.

Two of the local detectives arrested O'Brien a little after noon today on a  
warrant charging him with robbery of a bottle of liquor from Albert Norris. It  
was thought he would probably be brought up in the police court this after-  
noon to answer to the charge.

RESERVED CASE IN  
SPELLMAN MATTER.

Mr. Justice Barry, at a sitting of the  
court held here at noon today, allowed  
the application of D. Mullin, K. C., coun-  
sel for the defense, for a reserved case  
in the matter of the King vs. Thomas James  
Spellman, in which a verdict of man-  
slaughter was returned yesterday by a  
jury. The case will come before the  
Appellate Court in Fredericton on the  
second Tuesday in November. In the  
meantime Spellman was remanded. The  
court was adjourned to meet in St.  
John again on November 1. Spe-  
llman will not be pronounced on Spell-  
man until after the hearing of the reserve  
case.

Mr. Mullin appeared on behalf of the  
prisoner along with G. Earle Logan, Dr.  
W. B. Wallace, K. C., crown prosecutor  
was also present.

The application was based on six  
grounds, three of which were withdrawn.  
The three of which the application was  
allowed are as follows:

O'Brien being called to tes-  
tify for the prosecution and objection  
being raised that he was not a competent  
witness on the ground that he had been  
jointly indicted with the accused, he  
should not have sworn.

O'Brien having stated that he did not  
wish to testify and, being jointly indicted  
for the same offense, he was not  
allowed to testify.

Physicians tried to treat the jury but  
were unable to do so and said it would  
be necessary to administer an anesthetic  
before they could complete the operation.

The judge read extracts from his  
charge in connection with the evidence  
of Mrs. Truscott and began to read  
Power, which appeared to clear up the  
two objections made on those points and  
Mr. Mullin agreed to withdraw them.  
Judge Barry also read from his charge  
regarding his instructions to the jury in  
the matter of corroboration of O'Brien's  
evidence and this ground was also with-  
drawn by Mr. Mullin. The judge re-  
marked that yesterday, when he had  
completed his charge, he asked Mr. Mul-  
lin if there were any other points on  
which he would like to instruct the jury  
and Mr. Mullin had replied in the  
negative. "I thought I was doing my  
full duty to your client when I asked if  
there was any other point on which  
you desired attention to the jury,"  
the judge said.

He said that there was one point which  
he would like to instruct the jury on  
being compelling, he had an open  
mind. It was evident that he was not  
satisfied with the charge as it stood,  
and he was anxious to have it amended.  
Speaking of the quotation from his  
charge, mentioned by Mr. Mullin in the  
third point, Judge Barry said that he  
would stick to that statement but the  
point could go. He said, however, that  
the whole charge must come before the  
court when the matter was considered as  
it was not sufficient to judge on one  
sentence taken at random from the whole  
charge.

He therefore made a reserved case  
on the three points mentioned and re-  
manded the prisoner until after the case  
was decided. The court was then ad-  
journed until Tuesday, November 1 at  
10 a. m.

MOTHER'S DYING WISH  
FIGURES IN ROMANCE

Brockton, Mass., Oct. 4.—A romance,  
hastened to its culmination by the dying  
wish of the girl's mother, led to the  
wedding next Monday morning of  
Miss Camille Mros of Brockton and  
John M. Chaplin, Avon, Mrs. Mros  
died last week. For a long time she had  
urged her daughter to marry the young  
man, and when her last illness came  
upon her, she renewed her pleadings that  
the marriage take place before she died.  
But on this and another led to delays,  
and finally a severe fever carried Mrs.  
Mros away and left her wish ungratified.  
Her last words were a whispered request  
that Camille marry young Chaplin. So  
the wedding was planned.

COMMENT IN ENGLAND  
ON UNEMPLOYMENT

London, Oct. 7.—(Canadian Press).—  
"Labor," the new official weekly publica-  
tion of the Labor party, severely con-  
demns the exploitation of the unemploy-  
ment by the communists as a "heartless,  
swicked game."

The present unhappy condition of  
affairs, it says, "is due in a large meas-  
ure, not to the failure of political ac-  
tion, but to its misuse by government."

PREMIER MASSEY HOME

London, Oct. 7.—(By Canadian Press).—  
A Reuter despatch from Wellington, N. Z.,  
says that both houses of the legisla-  
ture extended to Premier Massey the  
most cordial of welcomes yesterday upon  
his return from London. The leader of  
the opposition said that no party lines  
could be drawn when the affairs of the  
Empire were considered. Premier Massey  
paid an eloquent tribute to the work  
of Lloyd George.

PINNED IN WRECK,  
DIRECTS RESCUE

Engineer Freed After Four  
Terrible Hours.

Not Likely to Recover—Doc-  
tor Tends Him and Clergy-  
man Administers the Last  
Rites of the Church as He  
is Held in Trap.

Rochester, N. Y., Oct. 7.—Dying and  
held beneath a heavy engine which top-  
pled into a ditch at Churchville, twelve  
miles from here, wrecking another loco-  
motive and a freight train, Michael Ger-  
ber, fifty, a New York Central engineer  
of Newark, N. Y., directed his rescuers  
for more than four hours today, while  
a physician rendered medical aid and  
the Rev. Philip Golding of Churchville  
administered the last rites of his  
church.

Gerber was finally rescued by mem-  
bers of a wrecking crew cutting through  
the heavy steel mass that held him  
prisoner. Two other men, R. C. Schurr  
and W. Rogers of Syracuse, brakemen, were  
injured, but not seriously.

Throughout the slow process of his  
rescuers cutting their way through the  
wreckage, the doomed engineer sum-  
moned all his energy to hold the heavy  
door of the firebox from swinging open,  
and emptying its hot coals upon him.  
Escaping steam made the work of rescue  
crew hazardous. The position of the  
man beneath the engine made it impos-  
sible to use a hoisting crane to lift the  
wreck, due to the danger of the fire fall-  
ing upon Gerber.

The engineer collapsed just as the  
men completed their task of cutting  
through to him. He was taken to the  
General Hospital here on a special train.  
Gerber is dying, surgeons at the hospital  
say. His legs are crushed, and, in addi-  
tion, he is suffering deep lacerations to  
the head and scalp and is badly scalded.  
The wreck is considered by railroad  
officials as one of the worst happenings  
in this section in some time. Ger-  
ber was pilot of the first of two engines  
hauling a freight train of eighty-eight  
cars, in charge of Conductor Charles  
Brownell of Syracuse. The train was  
near Churchville at moderate speed  
when it ran into an open switch, it is  
said, throwing the first engine and its  
cars into the ditch.

TRAFFIC CASES

A Bit of a Breeze—Shortage  
of 60 Cents in Fine.

Several traffic violation cases were  
dealt with in the police court this morn-  
ing. W. A. Wetmore appeared to an-  
swer a charge of exceeding the speed  
limit at 11:30 p. m. on the night of Sep-  
tember 30. He pleaded not guilty.  
Policeman Dykeman testified. In answer  
to a question by the plaintiff as to how  
he knew he was traveling fifteen miles,  
the witness said he had been to the  
scene of the violation. Pressed to explain  
how he was so sure you were going over  
twelve miles. At this point, Magistrate  
Ritchie spoke about hurrying along with  
the case, and the plaintiff said: "I didn't  
come up here to be bull-dozed by any-  
one. I am asking a civil question. The  
case came up here to have this man prove  
me guilty." To Magistrate Ritchie, he  
said, "A person is presumed to be inno-  
cent, is he not, until proven guilty?"  
The magistrate said he would have to  
set for the case of \$100 or go to jail, whereupon  
the defendant said he would go to jail  
rather than pay the fine, as he had not  
been proven guilty.

Cedric Stockford was charged with  
stopping his automobile within fifty feet  
of a white pole in Market square. He  
pleaded not guilty. Policeman Chisholm  
testified. A fine of \$10 was imposed.

Abraham Levine was charged on a  
"whirl-a-charge" and pleaded not guilty.  
Policeman Chisholm testified that he  
had stopped about fifteen paces from the  
pole, and he had warned him to appear  
in court the following day, but he did  
not show up. The defendant called a  
witness William Merritt, who swore  
that the automobile was at least fifty or  
sixty feet from the pole. There was a  
lively tilt between the policeman and  
the witness. The defendant then took  
the witness to the pole and there was a  
perjury develop out of it. The case was  
set aside until next week, and the de-  
fendant told to make a deposit for his  
appearance.

John Summers and Arthur Watson  
were fined \$10 for not displaying their  
license numbers.

A touch of comedy was added to the  
scene when one of the men was asked to  
pay up. After going through his pockets,  
he collected some change and then  
borrowed a dollar. He passed it over to  
the clerk to count and the magistrate  
told him it would be all right and al-  
lowed him to depart. After the clerk  
had sorted out the nickies, dimes and  
cents, he found he was short sixty cents  
of the amount.

FIRE LOSSES

Toronto, Oct. 7.—Fire losses during  
September, according to the Monetary  
Times estimate, reached \$24,040,000,  
which is almost \$600,000 less than Au-  
gust, 1921, and \$700,000 less than Sep-  
tember, last year. The total for  
September is only three millions short  
of the losses for 1921 which exceeded  
the 1920 record.

SCIENCE EVOLVES CHICK  
WITH BLACK SKIN

New York, Oct. 7.—A chicken, black-  
skinned from drumsticks to comb, has  
been developed at the Carnegie Insti-  
tution's Experimental Evolution Sta-  
tion at Gold Springs Harbor, I.

The bird popped into the world while  
scientists were playing put and take  
with chromosomes, germ plasma whose  
change in number and shape is held  
responsible by biologists for racial color-  
ing.

The dusky chick is not easily dis-  
tinguished from the ordinary white-  
skinned garden variety of chicken, for  
it is fully clothed in regulation feathers.  
By lifting these feathers, however, the  
skin is revealed jet black, warranted not  
to run.

COMMENT IN ENGLAND  
ON UNEMPLOYMENT

London, Oct. 7.—(Canadian Press).—  
"Labor," the new official weekly publica-  
tion of the Labor party, severely con-  
demns the exploitation of the unemploy-  
ment by the communists as a "heartless,  
swicked game."</

ATTEMPTED HOLD-UP

Sussex Record—On Sunday last, about noon while Charles Keirstead of Highfield, and his two children, were driving in an auto on the Long Creek road, about two miles this side of Cady's, he noticed a pile of stones in the middle of the road and slowed his car up. When he was almost up to the stone pile, two men stepped out of the woods and demanded the driver of the car to stop and throw up his hands.

Both men had their faces covered with handkerchiefs and carried sporting rifles. Mr. Keirstead, instead of stopping his auto, put on a full force of gas, and telling his children to crouch in the back seat, got away from the scene of the attempted hold up as speedily as possible.

The hold-up men did not shoot while he was making his getaway. On arriving at Cady's, Mr. Keirstead endeavored to raise a posse to go back and try and round up the bandits, but was unsuccessful in doing so, as no one appeared anxious to run up against two men carrying rifles.

WAVING THE FLAG

The political flag-waving has extended to St. John. The Standard this morning prints the Union Jack on its front page, with the motto, "What we have we will hold."

This is not the first time the Tories of Canada have used the flag as a cloak. It ought to be the last, for the people's verdict should be so decisive as to discourage even the most reckless player of the game.

But is not the Standard in error when it displays the Union Jack? Should it not be the Canadian ensign? Has not Mr. Meighen boasted of Canada's nationality, and are we not told by Mr. Baxter that "Canada for Canadians; now and forever," is good enough for him?

The loyalty of Liberals and Farmers is not in question. The war proved its quality. The same loyalty today demands that Canada have a government able and ready to solve its problems without fear or favor. It will prevail.

PROHIBITION. Sir John F. Fraser, in the London Chronicle, discusses at length the situation in regard to prohibition in the United States. He finds that the law is not well enforced, and tells of the ease with which liquor may still be procured by those who desire it; but he disagrees entirely with those who say the constitution will be changed. We quote:

"Officially that famous 18th amendment to the United States Constitution is going to remain where it is. Technically, America is 'dry,' and it will never go 'wet' again. Prohibition, to use the exaggerative language common over there, has 'gone into effect.' The overwhelming mass of the American people are against any renewal of the drink traffic. Many people believe there will be a compromise by an agreement that wines and beer be permitted, but the sale of spirits prohibited. Personally—and I have been all over the United States since prohibition was enacted—I see not the slightest sign of a compromise. The total prohibitionists are in a vast majority."

MEIGHEN AND THE PORTS. Premier Meighen may be a sea-lawyer, but he takes no chances with sea-sickness. That may be why Hon. Mr. Baxter had to cross the Bay of Fundy in solitary state to attend the Digby meeting—and it may not have been arranged that Mr. Meighen would go by sailing him. At all events he preferred a train that was very late to a steamer that passed the unfinished breakwater at St. John. Perhaps he remembered his experience winter before last, when he and the other western members visited the city and went down the harbor toward the breakwater. Or perhaps Hon. Robert Rogers had told him how on the occasion of his visit to St. John some nine years ago he went down the harbor in a tugboat and on his return declared to the Board of Trade that one of his first tasks here would be to complete that breakwater. Or perhaps Mr. Meighen, having seen this harbor when seeking heretics, felt that to gaze upon an empty harbor and empty grain elevators, when grain is being sent to American ports for shipment, would feel himself unable thereafter to enlarge with his accustomed fervor upon the patriotic necessity of trading east and west in-

stead of north and south. And yet he missed a great opportunity. How impressive it would have been to be handed down the gang-plank along with Mr. Baxter by Hon. Mr. Wigmour, amid the applauding shouts of the admiring on-lookers and the tootle-toots of the harbor craft. But Mr. Meighen decided to see Halifax first, and the Recorder kindly converted their into a guide-book to tell him what he would see there. We quote:

"It will be an eye-opener to him when he steps from his ministerial car at the station to see how kind the tory government has been to Halifax. He will see (in his mind's eye) a palatial building which only took eleven years to erect—with a handsome dining-room on one side, and beautifully fitted-up washing rooms for ladies and gentlemen on the other. And as he walks through the station, resplendent with vari-colored lights to the main entrance, he will see (in his mind's eye) hundreds of men, women and children who have either arrived from or are leaving for the old country by the long line of steamers at the piers. He will also observe on the front of the station, 'Erected by the Borden and Meighen governments at this gateway of the Dominion.' He will also see the magnificent steel frame erected at a cost of not less than \$400,000, where 'free air' is provided for immigrants, and every provision made to enjoy the invigorating sea breeze. He will probably allude to these features in his speech on Wednesday evening and urge the electors to vote for his government which never failed to carry out its promises."

By a similar stretch of the imagination, when he comes to St. John, Mr. Meighen may be able to see our new railway station, the completed breakwater, the needed grain conveyors, the new wharves for the C. N. E., and many other evidences that the government keeps its promises. The citizens will hear him, and no doubt cheer him, but they will also say to him:

"Go west, young man, go west."

POLICEMAN IS EXONERATED

Spotter Had Made a Theft Charge—Now Reported to Have Disappeared. North Bay, Ont., Oct. 7.—Judge Valin yesterday acquitted Policeman Fleming of a charge of theft laid against him by Alexander Solloway, a C. T. A. operator. Solloway contended that when he and a fellow "spotter" were arrested by Fleming for possession of the motor vehicle act, he had \$120 in his possession when searched and that only \$20 was returned. Solloway had disappeared from town.

U. S. ARMY BILL ON RHINE NEXT TO THAT OF FRANCE

Paris, Oct. 7.—The cost of the U. S. army of occupation on the Rhine front from the armistice until April, 1921, was second only to that of France, according to figures of the Reparations Commission, which has established gold marks as the standard. The figures are as follows:—France 1,270,450,838 gold marks; U. S. 1,197,297,800; Great Britain 991,016,829; Belgium 194,706,228; Italy 10,064,961.

QUEBEC BOY OF 7 ELECTROCUTED

Quebec, Oct. 7.—Elsaar Larose, aged 7 years, son of Honore Larose, 5 Marie Louise street, was electrocuted here under very unusual circumstances. An airplane in which Captain Geo. Veinina and J. M. Landry were flying made a forced landing near Scott's Bridge and in doing so collided with some electric wires were torn down. One of which became entangled in a wire fence nearby and Elsaar Larose, while climbing over the fence was electrocuted.

BOY STEALING RIDE KILLED BY AUTO

Whitman, Mass., Oct. 7.—Erick Glinicz, nine-year-old son of Frank Glinicz, was struck by an auto driven by Fred Gardiner, who is employed by the government in transporting mail between the Postoffice and the railroad station. It was greatly congested with steamers seeking heretics, felt that to gaze upon an empty harbor and empty grain elevators, when grain is being sent to American ports for shipment, would feel himself unable thereafter to enlarge with his accustomed fervor upon the patriotic necessity of trading east and west in-

IN LIGHTER VEIN. They Thought They Knew

The lesson was from the "Prodigal Son," and the Sunday school teacher was dwelling on the character of the elder brother. "But almost all the rejoicing," he said, "there was one to whom the preparation of the feast brought no joy, to whom the prodigal's return gave no pleasure, but only bitterness; one who did not approve of the feast being held, and who had no wish to attend it. Now, can any of you tell me who this was?" There was a breathless silence, followed by a vigorous cracking of thumbs and then from the chorus, "Please, sir, it was the fatted calf."

Too Much Speed.

A young man from Sunny Italy was testifying in the Assize Court, in a case in which he was plaintiff, and true to his race, was excited and talked at great length. The English language would permit. Looking down at the stenographer for the first time to tell him what he would see there. We quote:

RECENT WEDDINGS

Baldwin-Baldwin. A pretty wedding took place at St. Paul's church, Chatham Road, on Tuesday afternoon, when Miss Edith Baldwin, daughter of Mr. and Mrs. William Baldwin of Douglasfield, was united in marriage to John Baldwin of Douglasfield. The ceremony was performed by the Rev. Archdeacon Forsythe of Chatham.

Duffy-West.

A wedding of much interest took place at the home of Mr. and Mrs. Bliss Duffy, Hillsboro, on Wednesday evening, when the daughter of Mr. and Mrs. William Duffy, Hillsboro, was united in marriage to Lloyd Evans West of Hillsboro. Rev. A. S. Bishop of the First Baptist church performed the ceremony.

VERDICT OF MANSLAUGHTER

Jury Out 85 Minutes in the Spellman Case—Defendant Claims No Knowledge of the Crime. "Not guilty of murder but guilty of manslaughter" was the verdict returned by a jury in the case of the King v. Thomas Joseph Spellman, charged in connection with the death of Albert Norris on September 8. The jury was out thirty-five minutes considering the evidence before the foreman, F. A. Wesley, announced the verdict.

MAN DEAD, WOMAN ILL BY POISONING

Carried to Hospital from the Same House—Both Said to Have Been Sick—Took Different Medicines. Everett, Mass., Oct. 7.—The police are investigating a case of double poisoning in this city, as the result of which Albert Zabransky, 29, chemist, is dead, and Mrs. Myrtle M. Gray, 30, is at the Massachusetts General Hospital. Both roomed at 79 Bucknam street. Zabransky died at the hospital in Boston soon after arrival there, of strychnine poisoning. Mrs. Gray was made ill by taking the contents of a capsule of calcium. Both are said to have complained of being ill to occupants of the Bucknam street house and that both required medical attention as a result of attempts to mitigate their sufferings, appears to be a coincidence.

MEETING WAS NOTABLE ONE

Most Representative Ever Held in St. John.

Packed Castle Hall Last Night in Interest of Home Visitation—1,288 Volunteers for Work Today—Great Credit to City.

Last night and this morning one heard every hand something about the wonderful meeting of those interested in the Saint John Home Visitation held last night in the Pagan Castle Hall. The universal opinion expressed is that it was the most representative meeting ever held in Saint John.

Several hundred extra seats were crowded into the hall, all of which were taken, the gallery filled, every inch of standing room that the fire ordinances would permit was taken, and the three entrances to the hall packed out into the street. So great was the interest taken that even those standing outside the door remained until the last word was spoken. This large audience was made up of men from among the most representative people of all faiths—Protestants, Catholics and Jews, representatives of the educational, social, commercial and civic organizations. The St. John Rotary Club, The Knights of Columbus and many other organizations. No movement has ever secured such widespread interest as this religious work.

The first call for volunteers was for 600, and 1,288 have volunteered. This is a credit to Saint John, and it is expected that the work will be completed in most sections in one hour, instead of two hours set apart for it. The plans seem well nigh perfect. The city has been divided into eighteen districts, with a headquarters in each, and a chairman in charge of each headquarters. Every block has been diagrammed on a block envelope, and two visitors assigned to each subdivision. Those in charge will be able to tell in a few hours after the work is completed, if a single block in all the city has been missed. The visitors will take their cards back to the headquarters from which they receive them, where some classification will be done, and then all cards will be taken to the general headquarters at the Board of Trade and a committee, made up of representatives of all faiths, will go through them carefully and deliver them to the pastors, priests, rabbis, and organizations for which preference is expressed. It is believed that nearly all of the cards can be delivered to the pastors before the headquarters closes tonight. No such organization has ever been seen in this city in any line of work—political, civic or religious.

Regardless of the crowded conditions and unusual situation at the hall last night the meeting opened promptly on time, all work was done and it closed promptly on time. Many were heard to say that if all meetings, religious and otherwise, were handled as that one, there would be more people who would attend them. L. W. Simms, President of the T. S. Simms Company, Ltd., is the general chairman of the St. John Home Visitation, and presided at the meeting. Mr. Simms is also a member of the International Home Visitation Committee, under whose direction Mr. Durham promotes the work. Canada has been divided into districts, and the work is being done in a very brief address. Other cities interested.

Several visitors were present, who are leaders in the home visitation work in other cities. The Rev. W. P. Broderick, of Edward Island, among these was Waldo C. Macnam and H. S. B. Strother. Many of the other cities are anxious to have the home visitation to be observed in their communities, and it is believed that it will be extended to all sections soon. The visitors began their work at two o'clock and great results for good are expected for all interests in Saint John.

The body of Felix J. Cyr of Keegan was found in the St. John river on Sunday, after a two-day search. He was a young and prosperous merchant of that community. Mr. Cyr went fishing on Friday, and when he did not return, inquiries were made by his wife. He is believed to have been struck by a log, which struck his chest and three sisters. Seven children were badly hurt, four

others less seriously hurt, and twenty likely to die. The accident was caused by the breaking of one of the rod supports of the car, and also the fracture of the crown plate. The device had been condemned before. There are several St. John men at the fair, but none were injured.

**DEMAND FOR LABOR MUCH IMPROVED**

Increase of 21 Per Cent in September Over August—Applicants Averaged 1482 Daily at Boston Employment Office.

(Boston Globe.)  
The gradual improvement in business noted in August continued through September, according to the monthly report of the Boston Public Employment office which was issued yesterday from the new headquarters at 28-25 Pearl street, near Postoffice square.  
The number of persons called for by employers showed an increase of 21 per cent over August, but a decrease of 50 per cent from September a year ago. The number of working days averaged 1482, which is a slight increase over the

25 working days in August. During the month, 2,236 ex-service men called at the office and 85 of them secured positions. There has been a demand for painters, and a fair demand at reasonable wages for laborers. In the boys' department wages have dropped considerably, and the demand, while it has been heavier during the latter part of September, is not sufficient to take all the supply. There has been an increased demand for minors in the women's department at small wages, with practically no supply, due no doubt to the opening of the schools.

**POLLS OPEN BUT NO VOTES CAST**

It is necessary for those wishing to vote at the advance polls to make an affidavit to the effect that they will be absent from the city on Monday. The city poll is at the sheriff's office and that for the county at W. Albert Nelson's residence. The advance polls will be open this evening and also Saturday evening.

**LOCAL NEWS**

The case involving trouble in a north end family which had been before the police court was settled yesterday afternoon in the police court through the good offices of Magistrate Hittich. The affair was not dealt with severely, at the request of the person who had had the information, and the parties involved left the court after receiving a severe reprimand.

The co-operative committee for girls' work, at its annual meeting last evening, agreed that a six weeks' training course for leaders should be held in the city this winter. Miss Mary Allison addressed the meeting on girls' work. The following officers were elected: President, Mrs. J. D. Hunter; vice-president, Miss Helen Sime; secretary, Miss Florence Cummings; treasurer, Miss Katherine Amos; representatives to the girls' council, Miss Jean Somerville and Miss Greta Holman; representative to the Y. M. C. A., Miss MacKenzie.

The New Brunswick Power Company has communicated with the councilors of the parish of Lancaster to the effect that the reconstruction of the Fairville spur had been considered by the directors of the company, and it had been found that between \$2,000 and \$3,000 would be necessary to put it in condition. The company will not make this expenditure unless the rates are prevented from running to Fairville. The board of management of the parish will meet to consider the power company's communication.

The Currie Construction Company commenced work on the paving of the Marsh road yesterday. Nine men are at work and fifty yards of earth were excavated by last night. The road machinery which the company use is on the way here. The plant is capable of finishing 2,000 yards of concrete a day. The natural Trinidad asphalt is to be used for the surface. Lewis Cory is the general superintendent of the work.

In his recent judgment in the O'Brien case, Mr. Justice Barry was reported as quoting O'Brien, as follows: "I did know the blow was to be struck." This is a typographical error and should have read in the negative form, "I did not know that the blow was to be struck," the words O'Brien used.

**BUSY SESSION OF FUNDY CHAPTER**

The Fundy chapter of the Imperial Order of the Daughters of the Empire accomplished much business at its meeting last night, which was the first of the season. The meeting was held in the G. W. V. A. rooms with the regent, Miss Alice Fairweather, presiding. Miss Helen Short, the treasurer, reported that the chapter had given \$107 in relief to the families of soldiers and others who were in need during the summer months when there were no meetings. Cases where relief had been given were also reported by the Misses Ross, Barber, Taylor and Borden. In reply to a request for volunteers to help in the Protestant Orphanage fair several members volunteered. Fourteen of the members joined the Navy League and the sum of \$11 was voted to the league to complete a contribution of \$25. The sum of \$50 was voted to the milk fund for needy babies which the local Council of Women has established. This sum is sufficient to enable the chapter to support or "adopt" a baby for one year. Miss Frances Alward gave an interesting report of the Municipal Chapter meeting and in it made a strong appeal for assistance in placing a library in a Grand Mann school. In response to the appeal the chapter voted \$5.  
Miss Grace Fleming, educational secretary, outlined the plans for presenting prizes to children in the schools at East St. John and Brookville and it was decided that patriotic pictures and a flag chart should be presented to the kindergarten in Prince Edward street. Miss Bolton as Education secretary, reported that eight new subscribers had been listed and Miss Barber told of having presented her copy of Echoes to the Church of England Institute.

The regular meeting of the W. M. S. of the Queen square Methodist church was held in the church parlors yesterday afternoon with the president, Mrs. C. W. Dickinson, in the chair, and a large attendance of members. It was "dye day" and many members observed the day in approved fashion by paying their fees. An interesting programme was carried out. Mrs. Isabelle Blizard gave an excellent report of the district convention recently held in Sussex. Afternoon tea was served after the meeting and a social hour enjoyed.

**BIG SIX FOR ARBITRATION**

(Canadian Press Despatch.)  
New York, Oct. 6.—"Big Six" the New York local of the International Typographical Union, has decided by a vote which was practically unanimous, to arbitrate its differences with the New York Employing Printers' Association concerning a new wage agreement.  
Under the expiring agreement the printers got \$30 a week. They wanted a new agreement under which they would receive \$35 a week. The employers wanted one under which the printers would get \$40 a week. Pending arbitration proceedings the scale of \$30 a week will continue until December 1.  
John McFarland, president of the international body, advising the printers Sunday, said that a strike in New York would be fraught with possibilities too grave to be entered upon lightly. He said the executive council is collecting and disbursing in excess of \$900,000 monthly for strike and other benefits throughout the country.

**PREMIER WILL NOT GO TO WASHINGTON**

(Canadian Press Despatch.)  
London, Oct. 6.—Premier Lloyd George said definitely that it would be impossible for him to attend the Washington conference in a telegram sent to the ambassador at Washington, which is quoted by the Melbourne, Australia, correspondent of the London Times as having been read by Premier Hughes in the house of representatives. The prime minister's view, as further set forth in the telegram, was that the British delegation should consist of Mr. Balfour and two others.  
The correspondent adds that Premier Hughes said one of the others was the first lord of the admiralty, but the third man had not been named, because he had not yet consented to go.

**SIX DELEGATES IN BRITISH PARTY AT WASHINGTON**

(Canadian Press Despatch.)  
Melbourne, Aus., Oct. 6.—The British delegation to the Washington conference will consist of six delegates, including three dominion representatives, Premier Hughes announced in the house of Representatives here today. The premier said he had received the information in a cablegram from London.  
The Australian government has appointed George Foster Pearce, minister of defence, as its representative.

**WARNING TO MERCHANTS**

**ORPHANAGE FAIR DAILY NEWSLETTER**

St. John, Oct. 7, '21.  
To the Protestantia of N. B.:  
Greetings.—During the next week solicitors will be calling on the city merchants and others soliciting contributions of any kind, cash or goods, for the Protestant Orphanage Fair to be held in St. Andrews rink from the 17th to 27th under auspices of all fraternal societies. The net proceeds of which are to be distributed pro rata among all the local institutions. This appeal is only intended for protestants though help from any others will be duly appreciated.  
In order to provide against any unlawful solicitation authorized solicitors will be furnished with official printed questionnaire forms (and credentials) which contributors will be asked to use. It will be well to refuse assistance to any others unless well known to the individual.  
The executive of the Retail Merchants' Association have sanctioned this movement and recommend it to the attention of any members who may feel disposed to assist.  
As to the nature of the contribution solicited, we will gladly accept anything out of which we can make even a nickel. We must raise at least \$10,000 which necessitates a very generous support from all.  
James E. Arthurs, Secretary, P. O. Box 15, City.

AMALGAMATION OF ORPHANAGES

The board of directors of the Protestant orphanage met yesterday afternoon and considered further details in connection with the amalgamation of the Britannia street home with the Provincial Memorial Home. D. C. Clark, the chief officer, was in the chair. The chief matter under discussion was the means of accommodating the children from the Memorial Home in Britannia street and West St. John buildings as the Memorial Home building will not be taken over. It was finally agreed that a separate building in West St. John should be rented to accommodate the infants. A committee was appointed to locate a suitable building and arrange for its lease. The children will be moved about November 1.

1900 P. C. GERMAN SURCHARGE ON TARIFF OWING TO MARK'S FALL

Berlin, Oct. 7.—Owing to the depreciation of the mark, it is semi-officially announced, the surcharge on import duties will be raised on Oct. 20 from 900 to 1,900 per cent.

The revised gold surcharge, the Allgemeine Zeitung observes, will materially raise the prices of foreign-made articles in Germany. That newspaper, which is the organ of Hugo Stinnes, the financier, and whose article is the outcome of the removal of economic sanctions and will bring flooding Germany with foreign luxury goods.

The standard for successive increases in the surcharge has been the value of the dollar as compared with the mark.

Washington, Oct. 7.—A motion was made by Solicitor General Beck in the supreme court to advance the hearing of a case which the government has pending against John D. Rockefeller.

The government won the lower courts in its effort to recover an amount it claimed due under the Income Tax law as a tax on the excess of the market value over the par value of certain shares of stock. The government asked that this and several other income tax cases be heard together next week.

#### POT DYNAMITE IN GREENSBURG.

Greensburg, Penn., Oct. 7.—The victim of enemies, Steve Bartock, thirty-five years old, of Slickville, a town of the Cambria Steel Company just north of Greensburg, was blown to death when he attempted to take his automobile from the garage. While in the act of starting his machine, the battery blew up. Officers investigating the case believe the battery was charged with dynamite.

On the rear seat of the machine were Bartock's three children, ranging in age from five to seven years. Mr. Bartock was leaning over the side of his car when the explosion occurred. Although his body was almost torn in two, Bartock was still living when assistance arrived, but died shortly thereafter. The front and side of the machine was demolished.

The three children were blown out of the car but were not seriously hurt. Contusions and lacerations covered their bodies and they suffered severely from shock. Mrs. Bartock's illness prevented her from making the trip her husband had planned. This probably saved her life, as she would have occupied the front seat of the car.

#### THEVES STEAL TUGBOAT FROM JERSEY CITY PIER.

New York, Oct. 7.—The theft of the tug Britannia, from Pier B, at the foot of York street, Jersey City, Saturday, was reported to the Jersey City police. #### TOLLS TALE OF ROBBER GANG IN ONTARIO.

Hamilton, Ont., Oct. 7.—Wilfred Mehar, on trial here for the murder of Dr. E. J. Whitworth at Blinbrook in last December, told yesterday on the witness stand of hold-ups staged in that month by a gang made up of himself, Lloyd and Lorne Martin, Geo. Horning, Edward Dickenson, Clarence Spaulding and a man named Smith from Toronto. Mehar declared that he had taken part in store hold-ups, had held up farmers on the highway, and had assisted in breaking into a short near Caledonia, and on all these occasions, he said, he had furnished a revolver to scare the victims. Smith, he added, had been the ringleader.

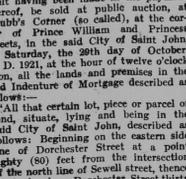

Concerning the hold-up of the store at Blinbrook, where Dr. Whitworth had been fatally shot, Mehar told a story which conflicted somewhat with the version of Edward Dickenson, who was acquitted on Tuesday of murdering Whitworth. Mehar testified that while Dickenson and the doctor were struggling near the cash box he had shot his revolver to scare the doctor, but as the doctor made no sign of releasing his hold on Dickenson, he (Mehar) advanced to help his accomplice and the revolver was accidentally discharged during the encounter. He told of dividing the money stolen from the store after getting back to their car.

Americans Take Second

The New York Yankees climbed another step towards the championship of the world yesterday afternoon, when they duplicated their feat of the opening game and again shut out the Giants a score of 3 to 0. Hoyt was on the mound for the winners, and held his opponents to two hits, while Nehf, who tried for the Giants, also pitched a shut game, only allowing three hits. The Yankees again played errorless ball, and the Giants had three errors, which proved costly. The attendance was put at 35,000, and there was a little more enthusiasm than at the opening game. Prior to the beginning of play, Governor Miller was escorted across the field, led a block after which Captain Peckinpaugh of the Yankees was presented a set of silver.

The box scores:

Thrills of 1920 Series

In the world's series last fall between Cleveland and Brooklyn, which the Indians won, five games to three, the several high lights worth recalling at a time. The outstanding feature was an unassisted triple play made by the Yankees in the fifth game, which was scored at Cleveland. Kilduff was on second and Miller on first, when Mitchell made a line drive to Wamby. He caught a ball, stepped on second, retiring Kilduff, who had started for third, and Miller touched out Miller, who was racing the midway. Elmer Smith, the Indians' right fielder, realized the dream of all ball players by hitting a home run with the bases full. That, too, was the fifth game. The series was accomplished in the first inning. The Yankees won three of the five games and the American League, who thought the Indians had but five hits in each of the games.

LIBERAL LEADER ON THE ISLAND

Campaign Starts at Charlottetown—Premier in Pictou County—Local Labor Organizing.

The Liberal campaign was started in Prince Edward Island last evening by Hon. W. L. Mackenzie King and his associates, A. R. McMaster, of Bruce county, Que., and William Duff of Lunenburg together with the Liberal candidates in Queens county, who addressed two large meetings at Charlottetown. Mr. King declared that the tariff policy of the Liberal party, which was a policy of tariff for revenue, as against the high protection tariff policy of the Meighen government, was one of the issues of the campaign. Mr. King said there should be a standard gauge railroad throughout Prince Edward Island. The speakers were all enthusiastically received.

Mr. Meighen in Pictou. Premier Meighen gave a short address at Westville yesterday while enroute from Pictou to New Glasgow. At the latter place he addressed a meeting of 2,000 people. In opening the Premier referred to a denial by Hon. W. L. Mackenzie King that the Liberals had voted against the bill granting votes to women. He claimed he did not say they voted against it, but had spoken against it. He asked the audience what would happen to the steel and coal industry if the tariff commodities were removed? He said the tariff now in force was a moderate one.

Hon. F. B. McCurdy referred to the reactionary business conditions of the present day. He maintained that the steel and coal business had developed New Glasgow under the fiscal policy of the present government. Hon. J. B. Baxter claimed that if the tariff barrier was pulled down Canadian people would have to move to the United States.

Labor Organizing. An independent labor party, and organization for political action, was formed at a meeting of labor men held in the Trades and Labor Council hall evening. The object of the meeting was to consider the possibility of placing a Farmer-Labor ticket in the forthcoming federal election. Among those who spoke were: Magnus Sinclair and C. J. O'Donnell of Toronto, F. A. Campbell president of the Trades and Labor Council, J. E. Tigh, J. J. Donovan, A. D. Colwell, C. Stevens and J. Montague. It was decided to hold a public meeting in the Opera House when permanent officers of the organization will be elected.

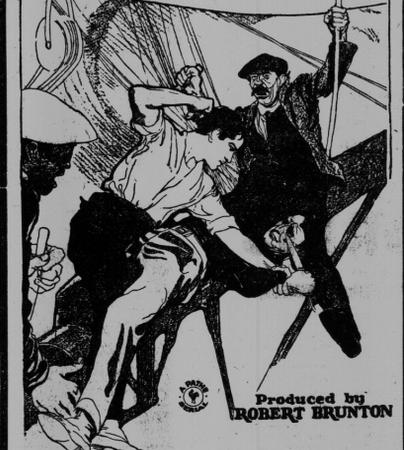

LEAP FROM AUTO TO PLANE FATAL Long Branch, N. J., Oct. 7.—While attempting to make a flying leap from a speeding automobile to an airplane, Miss Madeline Davis was so badly injured that she died from a fracture of the skull in a hospital here. Her home is in Fort Pierce, Fla. Miss Davis lost her balance, as she reached for the bottom rung of a rope ladder suspended from the airplane and fell from the automobile, landing on her head. She was practicing the stunt under the direction of Ruth Law, well-known aviator, when the accident happened. She had appeared at fairs in the west in parachute drops, her companion said.

**PROHIBITION IN HALIFAX.**  
 To the Editor of the Times:  
 Sir—A recent flaring advertisement in the columns of the Standard and Globe quoting certain statements of the Rev. Harold T. Roe to show that prohibition in Halifax was a failure is pretty effectively answered by the following telegram received by the subscriber this morning and which I trust you will publish:  
 "J. Willard Smith,  
 Saint John, N. B.,  
 "No sane man here would think of returning to old conditions. Mature judgment teaches business men is that city greatly profited by prohibition. Chief of police says would not go back to prohibition days with respect to drunkenness. Simply no comparison. He knows."  
 (Signed) P. F. MORIARTY.  
 I might add that Mr. Moriarty is the head of the Y. M. C. A. in Halifax and his judgment is unquestioned. I have no doubt any or all of the claims which appear as anti-prohibition advertisements can be as effectively refuted.  
 Thanking you for the space so kindly given, I am,  
 Yours respectfully,  
 J. WILLARD SMITH,  
 St. John, N. B., Oct. 7.
