FOUR WOMEN HELD IN PLOT

Alleged Scheme to Kill Husband of One.

Startling Revelations in the Keber Case are Announced by the Cleveland Police—Charge That Assassins were Hired.

Cleveland, June 13—Four women are now formally charged with the murder of Danie F. Kaber, who was stabbed twenty-four times by hired assassins in his home in Lakewood two years ago.

Mrs. E. Colavito, thirty-two, was booked on a charge of murder early today after she had made startling revelations to the police. Others charged with the crime and who are under first degree murder charges are Mrs. Eva Catherine Kaber, widow of the slain man; Miss Marion McArdle, her daughter; and Mrs. Mary Beckel, sixty-nine years of age, mother of Mrs. Kaber.

Mrs. Colavito described in a statement, authorities say, how two days before the murder Kaber's assassins had been introduced through the back door of the house to get to the "back of the land" while Miss McArdle played a piano to drown the noise of their footsteps.

Following rapidly upon this statement, according to the officers who questioned Mrs. Colavito, she related how arrangements had been made for committing the murder and told of meetings at which plans were arranged in detail, how they were carried out and how they were re-arranged.

A pitcher of water was to be spilled from an upstairs window as a signal to men waiting below that the coast was clear," the reported confession declares. She also is alleged to have said that the assassins demanded \$5,000 for committing the crime, but that "Mrs. Kaber declared she would not pay it unless her husband was killed with some weapon so that she could collect an accident insurance policy."

This was denied by Mrs. Kaber. The alleged confession was unexpected and came after several hours of questioning early yesterday, but was not made public until today. Early yesterday she sent for Chief of Police Smith, saying: "After telling the woman's statement, it was decided to bring together all the women said to be involved in the plot, except Miss McArdle. The officers feared the daughter's influence with her mother might still Mrs. Kaber's tongue and balk their efforts."

They were confronted with Mrs. Ethel Berman, who continued an acquaintance with Mrs. Kaber after the murder and volunteered as a private detective with the object of solving the mystery. It was partly on her evidence that Mrs. Kaber was indicted for the murder.

During the grilling, which continued from noon yesterday until early this morning, Mrs. Colavito amplified her statements to some extent in Mrs. Kaber's presence. She declared that four men were employed to do the killing, two to use the weapons and two to remain outside as lookouts.

Five hundred dollars had been given to Mrs. Colavito, she said, in her alleged confession, to be paid the assassins in part. The money was given to her, she alleges, by a fortune teller, who is being held, and who is said to have acted as go-between. The \$500 was paid, she said, after she telephoned Mrs. Kaber that the men had threatened her.

The fortune teller is said to have admitted handling the money, but Mrs. Kaber contradicted both women's statements. A man who was questioned, is declared to have told the officers that Mrs. Kaber offered him a large residence in Euclid avenue, which she pointed out, if he "would do the work for her." He also said she would give him a big automobile, "if I would promise to run down her husband and kill him with it." These statements Mrs. Kaber also denied.

Attempts of the police to apprehend any of the four men, whose names they know, were unsuccessful up to an early hour today.

As Hiram Sees It

"Hiram," said the Times reporter, "I have a new respect for Hon. Peter Veniot." "What's he been doing now?" queried Hiram. "He has done nothing in this case," said the reporter—"nothing at all, not I have seen a crew at work on the road-pardon me—a crew on the road. Not at work—never at work—unless a contractor has the job and the pay envelope depends on getting something done. In the cases to which I refer, you and I and the people at large see the paymasters; and no man would so far demean himself as to give us an honest day's work for a fair day's pay. We, the people, are the government, and no man works for the government. He leans on his shovel. But we don't get the blame for the result! Veniot gets it. He is our scapegoat. Whenever it costs five hundred dollars to do a fifty dollar job, that has to be done over again next year because it is so badly done, another politician smacks his lips and says: 'Wait till I get Peter in the House next spring.' And all the while Peter is at the mercy of men who will dally with the pick and shovel and pocket their pay as if they had earned it. This is my mature opinion, after an entire demonstration of road-work in the Settlement. You may like it or lump it—as you choose."

POLITICS IN THE MOTHERLAND

By-elections Expected to Go Against Government.

Newspaper Campaign Against Lloyd George and Chamberlain—North Country Calling for Return to Liberalism.

London, June 13—The domestic political situation is obscure. The recent by-elections have been won by opponents of the government on platforms which, to say the least, indicate profound dissatisfaction with some aspects of governmental policy. Other elections expected to be easily unfavorable to the coalition are coming on.

There is a strong newspaper campaign against Lloyd George, and especially against his chancellor of the exchequer, Lord Northcliffe, and his brother, Lord Rothermere daily fill the air with criticism and complaint, not in London alone, but throughout the provinces, where the newspaper magnates have several journals under their control. Lord Beaverbrook is also developing the local influence of the Daily Express quite considerably.

Women throughout the country have been impressed by the cry that the government is spending money wastefully and have begun to vote in large numbers. In towns most of the present indications are in favor of an increased labor vote, and in the counties the government is thought to have alienated the agricultural laborers. Deceitful, it is argued, may have pleased the land owners and the tenant farmers, but for every owner-farmer with a vote there are scores of agricultural laborers, each of whom has a vote to cast, and every one of whom is threatened with a reduction in wages when decontrol comes into force.

In the north country there is a rapidly growing demand for a return to Liberalism-Gladstonian and Asquithian-Liberalism, and phrases currently employed are: "Where, it is asked, is the coalition going to turn for support? There are rumors at Westminster that the politicians who support the coalition are casting about for ways and means of making their own places secure in case the government should be again ousted from the country. Everybody is speculating as to what would be the coalition ticket in the event of a general election."

PARLIAMENT OF LABOR MEETS

Annual Convention of American Federation.

Gompers Speaks of Some of the Problems to be Considered—Irish Question Among Things to be Taken Up.

Denver, Colo., June 13—The forty first annual convention of the American Federation of Labor was opened today. It will be a gathering for the promotion and development of warfare and freedom on this continent, said president Samuel Gompers last night.

This convention, the veteran labor leader said, would deal with the "great post-war issues—confronting organized labor, which are today in the balance at the crucial moment, when the die must be cast one way or the other."

The major issues before the convention as outlined by President Gompers include: The condition of unemployment, which estimates run as high as 5,000,000 workers, the open shop movement, the railroad problem, the immigration problem, the problem of new best to meet conditions brought about by court decisions, added to these are constructive demands, problems that will be brought forth by a series of delegates affecting the trades and callings, the relationship of American labor to international bodies, the consideration of suggestions and proposals looking to the marking out of new work and new programs of action.

HEAVY HITTING IN SUNDAY GAMES

More Than Twenty in Four Contests.

Ruth's 19th Homer is Scored—Review of the Week in Big Leagues—Joe Burns Badly Hurt.

New York, June 13—More than a score of hits were made in four of the five major league baseball contests yesterday. In the National, the total for the Boston-Chicago game was 36; St. Louis-New York 31; in the American Detroit-New York 25 and Cleveland-Washington 25.

The Chicago Nationals used enough players for two teams and outpitched Boston 22 hits to 14. The Braves won, however, by a margin of three runs, three double plays aided in disposing of Cobb batsmen.

The New York Americans made 21 hits, including Ruth's 19th home run and his two doubles.

The upward rush of the St. Louis Nationals, who scored their ninth straight victory yesterday by defeating New York promises to give Pittsburgh another rival.

The Cardinals, with a pitching staff none too strong, are hitting all kinds of pitching and have sixteen victories in their last twenty contests.

New York was unable to retain its hold on first place as the Giants fell off in stick work and the pitchers failed to continue their work of the preceding week.

All the eastern national clubs had an unsuccessful week against the western clubs. Boston, Brooklyn and Philadelphia hit well, but the hits did not produce runs enough to offset weak pitching. The Reds, aided by excellent pitching, climbed out of last place at the expense of Philadelphia. It was the former's first winning week of the season.

The American League teams are displaying nothing sensational. Washington faltered in its chase after Cleveland and New York. Previous to defeating the Indians yesterday the Senators dropped three straight games. The Cleveland batters have recovered from their hitting slump. The Yankee batsmen fattened their averages yesterday against the Detroit pitchers. Boston and St. Louis are improving in play. Chicago and Philadelphia are falling back.

NEW CARDINALS

Rome, June 13—Creation of three new colleges was expected when the secret college convened here today at a sacred consistory. It was understood that Monsignor Tacci Porrioli, the papal major domo; Monsignor Ratti, the muncio to Poland; and Monsignor Laurenti, secretary of the congregation of the propaganda, would be named to receive the following by a public consistory on Thursday, at which the insignia of cardinal will be conferred on Monsignor Bagnoni, former muncio to Spain; Juan Benez Vico, archbishop of Burgos, and Monsignor Barreque, archbishop of Tarragona, who were created cardinals at the March consistory.

Pope Benedict on Thursday, completed the allocation he was to deliver today. It was said to contain a passage regarding the re-establishment of diplomatic relations with France, the Pontiff rejoicing at the conclusion of steps which would be advantageous to both the Church and the republic. In another passage the Pontiff deals with the situation in Palestine, expressing regret that conditions there were far from satisfactory, owing to the disregard of the just and traditional claims of Christianity to holy places.

Mr. Cody showed how co-operation in the course of history had replaced force in the family, the school and the relations of religion and the state; and dwelt upon its importance in the industrial conditions of today.

THE FOREST FIRES. Fredericton, N. B., June 13—The serious condition of the forest fires in the province at the end of last week has been considerably relieved over the weekend by showers, although no rain as yet been reported from some parts of the province. The fire in the vicinity of Mc-Givney has been so controlled that only twenty men have been retained to take care of it.

Reports from the northern part of the province are that all the fires along the International Railway between Campbellton and St. Leonards have been extinguished.

Another fire has been reported from Kent county, on the east side of the C. N. R. Reports say that the burned place is about a mile wide.

A small fire broke out at Oak Point on Saturday and burned that day and yesterday. Between ten and fifteen acres were burned over.

G. H. Prince, chief forester, and C. L. Tracey on a recent visit north saw at Edmundston the railway tank car stationed there for fire protection. This carries a vast amount of water, with pumps, etc., and is a great aid in fighting fires near the railway line. It is hoped that arrangements can be made to have one at Napaodagan on the C. N. R.

A small fire has been reported from Pleasant Villa, Queen county. It burned over a small piece of privately owned land. It is now under control.

IN WALL STREET New York, June 13—(10.30)—Extreme weakness was shown by prominent issues at the opening of today's stock market. The low records for a year or more were made by the United States Steel, Crucible and Mexican Petroleum.

The latter suffered most severely, an initial decline of 23-4 points soon being extended to 43-4 points. Pan-American Petroleum, Houston, Royal Dutch, General Electric, Chandler Motor, Baldwin Locomotive, and American Woolen comprised the other reactionary stocks.

Nominal gains among rails and specialties were cancelled within the first half hour.

Noon Report. Liquidation broadened during the morning, the selling embracing the largest variety of issues for any similar period since the reaction began. Equipments, doctors, utilities, shipping chemicals, and tobacco shared in the success.

### U. S. MILITARY POLICY.

Mr. John W. Weeks, United States secretary of war, adds his voice to those which proclaim that there must never be a war between his country and the British Empire. One of the policies that marks the Republican administration is that of promoting good will among the English speaking peoples, and for that Canadians are thankful. Our neighbors may pursue a fiscal policy we do not like, but that is their own affair, and it will not be affected by it, but it has no effect upon friendly relations, any more than similar action by Canada would have. It is not levelled against any one country.

Secretary Weeks took occasion, in addressing the graduating classes of New York University last week, to discuss the military requirements and a suitable military policy for the United States, and in the course of his address said: "I want to say here and now that I cannot give a moment's serious consideration to the possibility of war with Great Britain. We have lived more than a hundred years with an unprotected border line of more than three thousand miles between the United States and Canada and there has never been the slightest friction between these two countries. In my opinion, a war between Great Britain and the United States would be the end of civilization, and whatever may be the folly of the leaders in either or both nations the peoples of Great Britain and the United States would never support, indeed they would not permit a contest between these two countries. Therefore, in a word, I want to be prepared for every contingency, but I do not wish to set up a bogie man, the result of which would mean increasing the enormous expenditures now required for national preparation."

Such a statement, made by the secretary of war, is very significant. It is another intimation served upon those who would stir up ill-feeling that they might be more usefully and profitably employed. At the same time Mr. Weeks insists upon an adequate military policy for the United States, and with his presentation of the case there can be no well-founded disagreement. He would rather his department were called the department of defence than of war, and adds that he abhors war, and would welcome the time when by international agreement all the nations would disarm and scrap their navies. That time has not come, however, and he holds that it would be folly for the United States to disarm while there are active military preparations in other countries. Quoting Washington's advice, "In time of peace prepare for war," he holds that it must still apply until international action makes such preparation unnecessary. "Prudence," he says, "would not permit disarmament while others hold weapons in their hands." He reminds the people that in 145 years the United States has engaged in 110 wars, and has been involved in major wars for one-sixth of the whole period of its national existence, and also that every one of our important wars has been followed by investigations of our military systems, resulting in startling disclosures of faulty leadership, failure in coordination, excessive expenditure of public funds, needless waste of human life, and unnecessary prolongation of the struggle.

To avoid such a condition in the future he would, pending universal disarmament, have such a military policy as is defined in the National Defence Act of 1920, which calls for "one harmonious army for the United States, consisting of the regular army, the national guard, and the organized reserves, ready for instant organization in the event of war." Such a policy will undoubtedly commend itself to the nation, and it does not preclude the most hearty co-operation by the government in an international agreement to reduce the military and naval establishments to a minimum.

### MAGNA CHARTA DAY.

In an address in Toronto recently, Prof. Frederick Eby, of the University of Texas, said: "The world's danger is not in the Far East nor in Europe; but in the insidious and tragic propaganda which is endeavoring to sow the seeds of hostility between the American people and the British nation."

It is to offset this propaganda and to bind closer in sympathy the English-speaking nations, that the observance by the seven nations of Magna Charta Day, June 15, is urged. It will be observed in St. John and the churches are requested to refer to its significance at next Sunday's services and in the Sunday schools. On June 15, 1215, the barons wrung from King John the Magna Charta, the charter and bulwark of British freedom. It was confirmed by Henry III ten years later, and by Edward I in 1297. From that beginning constitutional government was developed as the centuries passed. It is for the purpose of giving expression annually on Magna Charta Day to the essential unity of purpose and initiative sense of responsibility for world welfare on the part of the English-speaking nations that the celebration is proposed.

### PREMIER LLOYD GEORGE.

It is said to be doubtful whether the state of Premier Lloyd George's health will permit him to preside at the opening of the conference of Dominion premiers this week in London. He was ordered last week to take a complete rest. A severe chill and overwork had rendered this necessary. The amazing thing is that he has been able to bear the strain so long. Added to the labor imposed upon him by the attitude of Germany in regard to reparations, and by the turn of affairs in Upper Silesia, as well as the Turko-Greek affair, and those growing out of the Irish situation and the miners' strike in Great Britain. Only a man of tremendous nerve force and staying capacity could turn from one serious problem to another as he has done, and give quick decisions of such great moment. His power of concentration, his capacity for work, and his great will-power have carried him through tribulations that would have broken any other man long before this time. There are yet great tasks before him, and no man could so ill be spared. Whatever the critics may say of him, he is today the indispensable statesman of the Empire, and his complete retirement from public life would be a great calamity. It may be hoped that before the conference ends he may be able to participate.

Hallfax Chronicle: Premier Martin has made a worthy record as head of the government of Saskatchewan. He is a young man of high ideals, progressive in his policies and with a fine sense of public duty. He had already won a national reputation for himself as a member of the House of Commons, and the friends of Liberalism all over Canada will rejoice that the electors of his province have given him such a decisive expression of approval and a continued mandate to administer provincial affairs in accordance with the principles of Liberalism.

Victoria Times: Some idea of the benefits which have followed the operation of the Mothers' Pension Act is reflected in the fact that there are one thousand widows in British Columbia are in receipt of pensions from the public treasury. At first sight the size of the bill involved may appear to be somewhat staggering, but one does not require to use his imagination to any very great extent to recognize the tremendous value of legislation of this kind.

As St. John will have several excellent athletic fields by this time next year, the necessary steps should be taken to have interscholastic sports open to all high schools in the province. Early announcement of arrangements for the meet would ensure a large field of entries and a stimulating sport throughout the province.

The anti-cigarette law is now in force in the state of Utah. It is illegal to advertise, sell or give away cigarettes in that state. The merchants have cleared their shelves and accepted the situation. Utah is the first state to pass such legislation. Hereafter the devotee will doubtless roll his own cigarettes and smoke to the health of the legislature.

One Washington correspondent hints that the new United States tariff may be even higher than that adopted as a temporary measure—if the ways and means committee of Congress can have its way. Canada is especially interested in this matter.

Chancellor Wirth of Germany seeks to lead the German people back to sanity. In a recent speech he said: "It is not memories of battlefields or new wars that point out our future paths or destination. Only intense work and production will help us win back liberty for the fatherland."

The miners' strike in Great Britain, which has involved tremendous loss, appears to be nearing an end. The reports of the last week appear to be more favorable to a settlement.

The new government of Ulster has its work cut out for it from the beginning. The carnival of riot and murder must be brought to an end.

### L. O. L. AT LORNEVILLE.

The Lorneville Loyal Orange Lodge, No. 29, enjoyed a pleasant public meeting in its hall at Lorneville on Saturday. William J. McAlister was in the chair and stirring addresses on the ideals of the Order were delivered by Rev. Mr. Bevis of Lorneville and David Hipwell of St. John. Both speakers urged the young men to become members of the Order and to stand firm for the Empire. Other speakers were also heard with interest. The life and drum band played several pleasing selections. At the close of the programme refreshments were served. There was a large gathering for the meeting and everybody had a good time.

### HENPECKER MEN TEACHERS.

London, June 18—During a discussion on the question of equal pay for men and women at a meeting of the London Schoolmasters' Association, A. N. Pollock declared that the men teachers deserved what they got for allowing themselves to be professionally henpecked by remaining in organizations dominated by women.

### A POEM.

Seeing, it is a gladdening thing;  
White birds against a morning sky,  
Blow poppies, nodding grasses,  
Light that grows and fades and passes,  
Young leaved poplars shining high.

And God be thanked that gave us hearing  
For children's laughter, sweet and bold,  
For winds that whisper in the woods,  
For every intimate sweet sound  
The quiet gleams hold.

But oh, 'tis scent that makes immortal  
The little lives of mortal men!  
Roses with haunting sweetness riven  
Incense, to lift men's hearts to Heaven,  
Lilacs, to draw them home again.  
—Margaret Adelaide Wilson.

High Gains.

Keeper—Are you aware that this water is private, and that you are not allowed to take fish from it?  
Angler (who has had nothing but nibbles all day)—Heaven! I'm not taking your fish—I'm feeding 'em!

Among the patients of a certain hospital there was a man who was disposed to take a dark view of his recovery.  
"Cheer up, old man," admonished the youthful medic attached to the ward in which the patient lay. "Your symptoms are identical with those of my own case four years ago. I was just as ill as you are, and look at me now!"  
The patient ran his eyes over the physician's stalwart frame, then shook his head feebly and said:  
"Yes, but what doctor did you have?"

"I'm sorry to see you so ill, John," said Brown. "Have you seen the doctor?"  
"Yes, I'm having three baths a day."  
"Don't know, doctor's orders. He gave me some medicine and told me to follow the directions on the bottle, which read: 'One tablespoonful to be taken three times a day in water.'"

### FARMERS REJOICE.

Week-end Rain Helps Them—Notes of the St. John River.  
Rain came with the week-end along the river. At Public Landing on Saturday evening from a little after ten o'clock till midnight the rain fell, part of the time in a heavy down-pour, and there was another heavy shower before morning. About four o'clock yesterday afternoon a few bursts of thunder were heard, heavy masses of cloud rolled up out of the northwest, and soon the whole sky was overcast. The rain came quickly, and lasted for half an hour or more. It was so heavy that for fifteen minutes the wall of rain completely hid the hills on the other side of the river. As it ceased a strong wind arose and shook the trees. Very quickly it passed, and there fell a perfect calm, with blue sky visible to the northward, but the stalks of a patch of potatoes, which had been bent over by the wind and were heavily laden with rain, did not recover their erect posture for hours after. By seven o'clock the clouds were gone, except a heavy bank over the hills across the river. It deflected the sun's rays, with the effect that those hills, which not long before had been hidden, stood out distinctly that every little patch and opening, and every shade of color was revealed with amazing clearness. The sun at length went down, and the twilight fell upon a landscape that had been greatly refreshed and invigorated by the wisheful rain.

A number of motor boats and two sailing yachts were in the Reach yesterday, and a tugboat went up with a three-masted schooner that did not leave Saturday in the city doubtless kept many people at home, but the steamers carried a good many city folk to the cottages, and the Dream and Queen this morning brought them back to town.

Native strawberries are not as plentiful as the blossoms promised. The dry weather affected them as it has the other crops. Grass on the uplands is short. Clover is in blossom and the daisies are out on the meadows. Blue and white blossoms of the bush cranberry are out. Gardeners complain of the cut-worm as well as the other insects that do damage to the fruit. The frost has done no damage at the Landing.

There will be a confirmation service this evening at the Anglican church at the Landing, of which Rev. C. W. Nichols is rector. Bishop Richardson will attend and about twenty persons will be confirmed.

### BLAME SLOWNESS OF VOYAGE ON COAL.

Mauretania Eight Days Crossing Atlantic With Mostly German Fuel.  
New York, June 13—How the miners' strike in Great Britain is demoralizing British shipping was told today with the arrival of the Cunard liner Mauretania, the vessel that holds the world's record for trans-Atlantic travel, having made the run in four days and twelve hours. That was in 1920. Today the Mauretania limped in from Southampton, taking more than eight days to make the same run.

"Bad foreign coal is responsible for our poor showing," said one of the engineers. "We could get no coal whatsoever in England because of the strike and had to go to Brest, France, where we took a board 6,000 tons. That was not coal, but the worst kind of German re-estate, as we learned it was coal France had got from Germany. It was not only bad, but dirty. Fortunately the Cunard Company induced the British government to give us 1,000 tons of Welsh coal and we mixed that with the German coal. It was pitiful to watch the stokers try to make steam with such coal, but they did, and we finally got over. If the miners don't come to terms with the government and we can't get coal, we will have to tie up."

A total of \$1,851.06 was collected on Saturday by the Salvation Army taggers. This amount will be swelled by grants from the Brunswick Royal Standard and Fundy chapters of the I. O. O. F. One tagger collected \$75.

### TENDS TOWARDS END OF STRIKE.

The Striking Miners to Vote on Wednesday.

Favorable Vote Would Have Effect in Adjusting Disputes in Other Trades—Loss by Coal Strike Eighty Million Pounds.  
London, June 13—(Canadian Associated Press)—Reports from various mining centres indicate a growing feeling among the men in favor of accepting the coal owners' latest offer. Meetings to explain details of the offer will be held in many districts before the ballot of the miners on Wednesday.

Charles Gill, treasurer of the Bristol miners, declares that the longer the miners remain out the greater will be the pressure brought to bear upon the government to force the owners to make concessions against this sentiment, is the definite declaration of Herbert Smith, acting president of the miners' union, that a two-thirds majority against the independent arbitrator, an offer necessary to continue the strike.

Negotiations between the masters and men in the cotton industry have been adjourned till Tuesday, and meanwhile half a million idle operatives have been enabled to discuss the position in their respective districts.

Something under a shilling in the pound now divide the two parties, and the workers have offered to submit this independent arbitration, an offer the employers have so far refused.

Opinion here is that if a settlement of the coal strike is reached, an adjustment of the disputes in the cotton and other trade will follow speedily.

An authoritative estimate of the cost of the coal strike to the state is eighty million pounds, including abnormal unemployment pay, twenty millions for the defence force, fifteen millions loss in the railways and twenty-five millions loss on the export coal trade.

The Sepoys thereupon fired a volley into the crowd, which scattered, but the attempt at rescue came too late to save the woman.

### AGED WOMAN WAS SACRIFICED.

Indian Rite Carried Out Despite Arrival of Troops—Riot Followed.  
Simla, India, June 13—A government report states that recently in the village of Sirohi, in the Rajputana agency, states it was caused by the offering of human sacrifice. Seven persons were killed and ten wounded.

Sepoys were sent to enforce collection, the report says, and found the Carayars had followed traditional methods of bringing the vengeance of heaven upon the state by burning an old woman alive. She had been placed upon a pyre, which was lighted by her nearest relatives. When the troops attempted to rescue the victim, the villagers opposed them with knives and swords, wounded several soldiers.

The Sepoys thereupon fired a volley into the crowd, which scattered, but the attempt at rescue came too late to save the woman.

### LAY-OFF FOR DEMPSEY AGAIN.

Challenger, on the Contrary, Starts a Week of Hard Work.  
Atlantic City, N. J., June 13—All training activities in Jack Dempsey's camp have been suspended for the time being. The champion will rest completely and he may not be admitted to the camp in the meantime.

The sudden switch in training plans caused stir, but manager Kearns offered no explanation. Camp followers were of the opinion, however, that the peak of his training. It was also generally accepted that the tenderness of the wound over his left eye is causing considerable alarm.

Manchester, N. H., June 13—The training session at Georges Carpentier's training camp today gave way to one which reads "Hard work will beat Dempsey." He will work hard every day this week and it is known that he will spar more than his custom. He will work out for two days, today and Thursday. "We don't want secrecy," trainer Gus Wilson said, "but what we do want is privacy." "It has been the custom to prohibit newspapers from the grounds on every day excepting Monday and Thursday but a lot of friends and acquaintances have been coming on these off days. They're more bothersome than anybody else and we will attempt to keep them out."

### VETS FAVOR AMALGAMATION.

At a meeting of representatives of the Great Army of United Veterans, C. W. V. A. naval veterans and army and navy veterans in Toronto on Saturday a resolution was passed urging the veterans of Canada to fall into line with the veterans of Great Britain and form a Canadian legion of ex-service men. It was agreed that Lord Byng should be offered the position of grand president.

Truro, N.S., June 12—The executive of the Nova Scotia branch of the Great War Veterans' Association in session here on Saturday declared itself in favor of amalgamation with other soldier organizations provided such action did not prejudice the Great War Veterans in the matter of political partisanship. The executive concurred with the new plan of centralization of the command and control of the organization, but decided to recommend that a more central point than St. John (N.B.) be made the headquarters of the department. Moncton or Amherst was favored.

### WOMEN TOO EMPHATIC.

New York, June 13—Women are rapidly upturning men as experts in propriety said the Rev. Christian P. Reiser, pastor of the Chelsea M. E. church, in a sermon. He said the conversation of women in subways and at home is marked by exclamations of highly explosive character.

RIGHT HON. WILL CROOKS.

who sat in the British parliament as a labor member for nearly twenty years, died recently. He was a dominant figure in English labor circles.

RECENT DEATHS

**Mrs. Patrick Driscoll.**  
The death of Joanna, wife of Patrick Driscoll, occurred at noon yesterday at her residence, 10 Somerset street, after a brief illness. Mrs. Driscoll was very highly esteemed by a wide circle of friends and will be greatly mourned. She is survived by her husband, two sons, William, who served overseas with the Canadian Engineers, and Cornelius, in Montreal; three daughters, Mrs. Florence McCarthy, Mrs. William Driscoll, and Mrs. James Donovan, all of St. John. The funeral will take place on Tuesday morning.

**Miss Ella M. Seely.**  
The death of Miss Ella M. Seely occurred yesterday at her home, 192 King street, West End, after a lingering illness. Miss Seely is survived by her mother, Mrs. Mary Seely. The funeral will take place tomorrow afternoon at 2:30 o'clock from her late residence.

**Mrs. Peter C. Murray.**  
After an illness of about two months the death of Mrs. Peter C. Murray occurred yesterday at the General Public Hospital at the age of twenty-five years. Mrs. Murray was the daughter of the late Morse Stevens, of Albert county, and was beloved by a wide circle of friends. Besides her husband and her mother she leaves one son, George, four brothers, William, Samuel, Leonard and Stanley, all of this city; three sisters, Mrs. McNiven, of Lubec (Me.), Mrs. Milton Haley and Miss Myrtle, of St. John. The funeral will take place on Tuesday from her late residence, 45 Marsh street, and the service will be held at 2:30 p. m.

**Mrs. James S. Porter.**  
Friends throughout the province and the city will be shocked to learn of the death of Mrs. James S. Porter which occurred suddenly yesterday afternoon at her residence, 197 Millidge avenue, after an illness of only a few hours. Mrs. Porter was a daughter of the late David White and Mrs. White, of Whitehead, Kings county. She was a devoted member of St. Luke's church, was highly regarded by a large circle of friends. She leaves, besides her mother and her husband, three sons, George B., Charles A. and Russell W.; two daughters, Mary H. and Audrey, all at home; four brothers, Benjamin A. and Robert J., of this city; Amias Schofield, of Whitehead, and Leonard D., of British Columbia; and two sisters, Mrs. J. E. Foster, of St. John, and Mrs. Robert Wade, of White's Mills. The funeral will take place on Tuesday morning from her late residence at 8:45 o'clock to St. John the Baptist church for requiem high mass.

**Mrs. Catherine Murray.**  
The death of Mrs. Catherine Murray, widow of James Murray, occurred at her home, 25 Harding street, yesterday morning. Mrs. Murray, who has been ill for some time, is survived by four sons, W. Edward and James P., of West St. John, Samuel R. and Charles G., of the city; four daughters, Mrs. Lillian McPhail, of New York, and Marie A., C. Louise and Winifred V., of this city; one brother, Carl P. Kemp, of St. John, and one sister, Mrs. James Covey, of St. John. The funeral will take place on Tuesday morning from her late residence at 8:45 o'clock to St. John the Baptist church for requiem high mass.

**Frederick Ferguson.**  
Frederick Ferguson, one of this year's graduates of St. Francis Xavier's University, Antigonish (N.S.), died at Truro (N.S.) on Monday, June 6, succumbing to an attack of appendicitis. Mr. Ferguson graduated from St. Francis Xavier's last month and from there proceeded to the Normal School at Truro for a six weeks course with a view to teaching the ensuing year. At St. Francis Xavier Mr. Ferguson completed a brilliant course in the sciences. A prize-winner for three consecutive years he was especially interested in advanced chemistry and at the recent commencement exercises in May was one of the class essayists, reading a paper on research work in scientific study he was one of St. Francis Xavier's most brilliant sons. His premature death blots out a career that was destined to high and noble purposes. He had been a leader in athletics as well as in his studies, having occupied important positions on the varsity football and hockey teams. The body was taken to his home at Louisburg (C.B.), where high mass was celebrated by Rev. Dr. Thompson, assisted by Rev. Dr. Nicholson and Rev. R. K. McIntyre of the college.

DESPONDENT, HE ENDED LIFE  
Gubert Felt He Could Not Provide Suitable Home for Bride.

(New York Times.)  
Despondent because he felt he could not provide a suitable home for his bride-to-be, Alfred Gubert, twenty-five years old, of 74 West Forty-ninth street, committed suicide at ten o'clock last night by jumping in front of a subway train in the station at Broadway and Seventy-second street.  
According to some of the witnesses Gubert stood near the southern end of the platform for ten minutes intently reading a white card, which he stuffed in his coat pocket just before he leaped in front of a north bound train in charge of motorman John Carr of 908 Freeman street, the Bronx.  
Carr applied the brakes so violently that the 800 passengers in the train were thrown out of their seats.  
A policeman examined the body and found the card which Gubert had been reading, was an announcement of Mrs. F. Garcia, of 74 West Forty-ninth street, of the engagement dinner of her daughter, Miss Anne Garcia, nineteen years old, which was held on Nov. 27 last.  
Another card found in the man's coat bore the request that the police notify Mrs. Aubert, Miss Garcia's grandmother, at the same address.  
A policeman was sent to Mrs. Aubert's home, where he found Miss Garcia. He accompanied the two women to the West Sixty-eighth street station,

whither the body had been removed. Soon after the arrival of Miss Garcia, Dr. Charles Norris, chief medical examiner, appeared, and, searching the inner pocket of the suicide's coat found a letter addressed to Miss Garcia. He turned the letter over to the girl, and after she had read it, she became hysterical. The letter read as follows:  
"My dearest love: I told you I am not the type of man you want. So I beg forgiveness. I am very sorry to tell you that today I will die for our love. Do not blame me, for my heart is broken. I told you that I would never love another. Once more I beg your forgiveness. Remember me to your mother and grandmother. Some day I will meet you in heaven."  
Miss Garcia told Dr. Norris that Gubert and she were born in France and that they had met while attending a class in English in a school near her home. She said they were to have been married next November and that the date of the wedding had been put off several times by Gubert on the plea that he was trying to improve his earning capacity so that he could provide the right kind of a home for a girl of her attainments.

Miss Garcia is a stenographer in a brokerage house in the financial district.

TORONTO TOT IS VETERAN AVIATRIX  
2-Year-Old Girl Who Saw N. Y. From Air Had Many Flights to Credit.

New York, June 12.—While New York city went quietly about its business one day last week, little Miss Lorraine Ericson, two and a half years old, gave the metropolis the once-over from the sky. With her father, Fritchie Ericson,

of Toronto, a sportsman and a commercial builder of planes, the child took an hour's air trip over New York. Lorraine is a seasoned flyer, with 8,000 miles already to her credit. The Ericson family came from Toronto to New York by train but Lorraine wanted to see it from above, so her father chose a seaplane for the purpose.  
The little girl took her first flight when she was 19 months old, on a hurry-up trip to the doctor's. She has often flown with her father from their summer home at Valhalla at Toronto. She flies without goggles or headgear and hangs freely over the edge when there is any interesting landscape below.  
During the war Ericson was chief engineer and designer for the British government at Toronto. Since then he has been commercial builder and motor boat racer. On one of her trips Lorraine flew through a snowstorm, to her great delight.

G. M. COHAN RETIRES.  
Quits Profession Because of Quarrel With Equity.

New York, June 12.—George M. Cohan announced his retirement as a theatrical producer. He has called in all his road companies, he said, and would not start any others in the fall. Fourteen hundred actors will be affected, he added, by this decision.  
Differences with the Actors' Equity Association, which has ordered into effect on September 1 the so-called "equity shop," whereby members of the organization are not permitted to play in casts with non-equity members, was given as the reason for his withdrawal.

ROTARIANS ASK ONE-PIECE SUIT  
Atlantic City Club Requests Officials to Ease the Curf on Beach Mermaids.

Atlantic City, June 12.—The Atlantic City Rotary Club by a practically unanimous vote here went on record in favor of permitting one-piece bathing suits. They took this action at a noon luncheon after considerable debate, in which members argued that the present beach regulations were unnecessarily restrictive. Photographs of bathing girls in parade in Venice, Calif., with all of the girls wearing one-piece costumes were circulated during the discussion. The secretary was instructed to notify Mayor Edward L. Bader and Beach Censor Charles L. Bossert of the action and to make request for a modification of the regulations.  
The bathing suit controversy, precipitated when Miss Ada Taylor, Presbyterian Sunday school teacher and President of the exclusive Ambassador Swimming Club, wrote a letter of protest to Dr. Bossert saying that bare-legged bathers attracted less attention than short-skirted, silk-stockinged wheel-chair patrons, has become the issue of the hour. The constantly growing strength of advocates of more liberality in costumes has amazed the conservative element. An effort will be made in the next few days to rally the local League of Women Voters to the support of the present regulations.  
Before the controversy reached its height, the league instructed its Secretary to write the city authorities commending them for their strict censorship

on the beach. At the time of this action details of the regulations were not discussed, and the plan of some of the conservative leaders of the league is to place the organization squarely on record in favor of the present rules, including the requirements that women bathers wear stockings.

An Outstanding Tire Achievement A New and Better Clincher All-Weather Tread Tire

Better even than the famous Goodyear All-Weather Tread Clincher which has been used as regular equipment on half the cars built in Canada using this type.

Finer in appearance—double cure process. Greater air capacity. Better able to withstand road-shocks and the battle of the miles.

A tougher tread. Practically eliminates tread separation. Practically eliminates mold pinching. This new Goodyear Tire is not an experiment. For over two years the Goodyear Company has been building it in the United States. It has been used on hundreds of thousands of cars.

Reports from motorists, dealers and Goodyear branches give this tire a consistently good record.

"These Clinchers are proving our best tires." "Mileage received from them is more than satisfactory to the user and complaints are few."

"There seems to be no doubt that they are superior." Goodyear dealers have this new tire on sale now. It is a cost reducer. It puts motoring on a more economical basis. See it today.

YESTERDAY IN THE CHURCHES

Baptist ministers of the city made usual interchange of pulpits yesterday morning. Rev. F. H. Bone, of the Central church, was in the Main street church; Rev. S. S. Poole, of Germain street, in the Central church; Rev. Brindley, of Ludlow street, took the pulpit in Charlotte street, West St. John; J. H. Jenner, of Charlotte street, the preacher in Germain street; C. T. Clark, of Fairville church, led the people of Waterloo street; Rev. Dr. D. Hutchinson, of Main street, conducted the service in the street church; Rev. G. D. Hudson, of Victoria street church was the preacher in Fairville Baptist church; Dr. J. A. Morrison of the First Presbyterian church was the preacher in the new church in the morning and R. Foote of Korea, conducted morning service in the First Presbyterian church and the evening service in the new church. Rev. W. D. Wild, secretary of the Temperance League, was the preacher in Exmouth Methodist church in the morning. The Tabernacle Baptist church in the morning. A large number of people came to the service for support in the condemnation on the question of the liquor was made by Rev. Wilson, secretary of the New Temperance Alliance, in a delivered last evening in the sole Baptist church. The conclusion of the sermon Rev. Foote also made an appeal for registration to enroll and seventy-two names on the lists which were in the entry of the church, wing the service an open air was conducted in Haymarket at which large numbers were present. The General Assembly of the Presbyterian church and church in a powerful sermon at St. Dunstons yesterday morning, Rev. J. Keenan declared church union good to which the church was and that it would reach it as early as possible and as slowly as possible. Hindrances were not of doctrine and tenets, nor of vision, but were rather prejudice and religious pride. Each would help in church union in the 500 union churches existing in Canada, in the desire in home and foreign mission in the responsibility of the when it asked the nations to agree—to see to it that it healed divisions. H. A. Holmes, of St. Jude's and Rev. A. E. Gabriel, of Trinity, suggested pulpits for the morning yesterday. In the evening Rev. Richard, of Rothesay, conducted in Trinity church and Rev. Friel was the preacher in St. Dunstons. Ven. Archdeacon A. H. was at Rothesay yesterday. Annual service of the Sons of held yesterday morning in St. Dunstons, Rev. H. A. Cody delivered excellent address exhorting to be true to the records and to the order. The text of Mr. sermon was "A tree planted by the water" mightily and evergreen. Referring to the war service the society he said 200 went from an and fourteen gave their lives. It was sung by Mrs. George Bell

and F. J. Punter, and hymns were rendered by the choir. An interesting address was delivered at St. Andrew's church last evening by Rev. Dr. Foote on the missionary work of the Korean church outside of Korea. After telling of the work done in different parts of the Orient and of the great strides being made by the Koreans, he said that for a number of years there has been a new Christian in Korea for every hour of the day but that during the last few years the rate has been so high that the congregations had doubled. In a statement made to the congregation of the Tabernacle Baptist church last evening the pastor, Rev. A. L. Pedford, said there had been considerable criticism of the way in which the building fund campaign had been conducted by Rev. F. P. Denais. The records were incomplete but this was due in many cases to people promising amounts which they did not pay. Many reports which had been circulated had been false and did injustice to Mr. Denais. A large congregation was present last evening in the Charlotte street Baptist church, West St. John, to witness the burning of the last note of the church's indebtedness. Rev. J. H. Jenner gave a sketch of the improvements to the church by which the debt was incurred over which the note was burned by J. R. Webb assisted by Ernest Brown, D. C. Clarke gave a reminiscent address.

FRASER IN FLOOD. Western River Forces Out a Dyke and 2,000 Acres are Inundated.

Vancouver, B. C., June 13—2,000 acres of farm land on Nicomen Island is under water today. The Gourley dyke broke on Saturday night under pressure of the swollen waters of the Fraser River in flood, and the farms which it protected are inundated. No casualties are reported, but the property damage may be serious, many cattle being drowned. A similar flood a year ago caused damage estimated at \$140,000. There were some new settlers in the district this year, chiefly returned soldiers, but all these had been warned and loss of life provided against. The Fraser has been threatening floods for days.

CLOSING SUGAR ESTATES IN CUBA. Kingston, Ja., June 13—The government is advised that a majority of the sugar estates in Cuba are closing down during the present month owing to the financial stringency. Thousands of Jamaicans working on these estates will have to be repatriated; many of them have worked for months, but it is declared, have received no wages except promissory notes.

SAYS IT IS POSSIBLE TO LIVE UNDER WATER. Paris, June 13—Will control of the "bronchial tubes" is easily learned, enabling man to live under water the same as fishes, according to General R. Bourgeois, of the Academy of Science. As a proof of his assertion he cited the exploit of Mayor de Lalyman, of Mezin, who today stayed under water in the Trocadero Aquarium for three or four minutes, declaring that he did not experience the slightest inconvenience. General Bourgeois declared that the secret consists in creating "a reservoir of air in the throat."

SHOT AND STABBED; WIFE ARRESTED. Italian in Toronto Has Two Bullet Wounds and Knife Cuts.

Toronto, June 13—Cenzo Giccalone, an Italian, aged thirty, is in a critical condition in the Toronto General Hospital from a bullet in his chest and another in his leg, and knife wounds in his hands and one hip. It is alleged that his wife did it and she is under arrest. The pair were separated. It is said Giccalone tried to gain entrance to the house she occupied late on Saturday night. His wife contended that he shot at her when she resisted his attempt to get into the house. She denied using a knife, according to the police, but admitted having shot him with his revolver, which he dropped while climbing a fence.

STUDENTS DROWNED. Boat Overturned as They Were on Way to Picnic.

Plattsburg, N. Y., June 13—Two high school students were drowned and another rescued only after he had clung to an overturned sail boat for more than five hours on Saturday. The two who lost their lives were Ralph Glenn and Harold Freeman, both fifteen years old. Together with Martin Fitzpatrick they started in a sail boat for some picnic grounds where school mates were to have an outing. A squall overturned the boat.

ACID BOMBS USED IN CLASS BATTLE. Hazing and Pushes Under Ban at Wisconsin.

Madison, Wis., June 13—Bombs made of sulphuric acid, sugar and potassium iodide were thrown during the annual freshman-sophomore class fight at the University of Wisconsin last Saturday night. It was testified before the student self-governing body investigating a clash which resulted in the severe injury of eight participants. After the affair the student senate voted to abolish all forms of hazing and banned the historic green cap worn by freshmen and the annual class push. A student witness said the signal for throwing the missiles, which severely burned several students, was given by the firing of a gun. Other bombs, he said, contained phosphorus, kerosene and carbon bisulphide.

MONCTON PERSONALS. W. C. Cross and Mrs. Cross, H. G. Marr and Mrs. Marr, of St. John, have been touring through Albert County by auto. While in Hillsboro they were guests of J. P. Peck.

Mrs. H. S. Thomson and daughter, Ruth, arrived in Moncton on Thursday from Toronto to spend the summer. Mr. and Mrs. Thomas Williams, who have been on an extended tour of Canadian and United States cities since March, are now in Vancouver. They are expected home some time during the early part of July.

NEW UNIFORMS AND BADGES. The police appeared yesterday in their new uniforms and presented an exceptionally smart appearance. A badge appears on the new uniforms worn by all the members of the force who have passed their first aid tests. This badge is attached to the left sleeve and is in the form of a circle with the words St. John Ambulance Association inside it. John Ambulance Association inside it. The new badges, which give each patrolman a number, also were worn yesterday for the first time. There are forty patrol men and each is numbered according to his seniority, the number appearing on the shield which bears the words "St. John Police." Policeman George Corbett, of the North End division, has the honor of wearing "No. 1."

PRaises SIMMS. London Express Says Leave Cancelled, but He Returns Home Honored by England.

London, June 13—In an editorial on the speech of Rear Admiral Wm. S. Sims, the Express says: "The remainder of Admiral Sims' leave is short, as it was cancelled. He has been sorrow-speaking his mind without attempt at subterfuge. The late Admiral Lord Bessford and the late Admiral Fisher were offenders of the same sin. There is something in the vastness of the ocean and the majesty of the unharmed elements that makes men of the sea impatient of such laws as sway smaller men of political affairs. Admiral Sims may have been indiscreet—that depends on the viewpoint—but he has done more for Anglo-American good feeling than all the studied phrases of a hundred diplomats. He returns home honored and beloved of England."

SALVATION ARMY CHANGES. Many changes are taking place in the local staff of the Salvation Army. Adjutant Ursaki is leaving but has not been placed yet and Adjutant Wells is going on furlough. COURT OF JUSTICE.

Formation of an International Body to Come Before the League Meeting in Sept.

Geneva, May 24—(Associated Press by mail)—The most important single problem that will be considered at the second assembly of the League of Nations called for September 5, is the establishment of the Permanent Court of International Justice. The statutes of the court which were adopted by the First Assembly have now been signed by thirty-three states and are in process of ratification by members of the league. While this is regarded as the most important subject, the provisional programme of the meeting which has just been distributed to all governments which are members of the league, consists of twenty-five items. Among them are amendments to the covenant, the request of Bolivia for mediation in her dispute with Chile, and the appointment of four non-permanent members of the council. Reports will be received from technical organizations of the league such as those dealing with the suppression of the opium traffic, the traffic in women and children, communications and transit, international health, registration of treaties, the economical blockade and the allocation of expenditures of the league.

Linoleum Floors. Make Housework Easy. You will find Linoleum ideal for your home, especially in summer time. Linoleum floors do not require scrubbing or heavy washing—just pass a damp cloth or mop over them occasionally and they are fresh and clean as new. They may also be treated with wax or polish—just as a hardwood floor. Linoleum floors are germ free—no cracks to harbour dirt or dust. Give Linoleum a trial in your home this summer and you will be surprised how light your housework can be made. Linoleum is moderate in price—may now be bought at lower prices than for years. If you wish a Genuine Linoleum Rug for your Living Room or Dining Room at a moderate price, ask your dealer to show you the many quiet, pleasing designs in popular sizes. Or, if you prefer, he will gladly show you a wide range of attractive patterns by the yard. Look for the strong curves back of Linoleum when buying. It is made in Canada and costs less than imported goods. Sold throughout Canada by Dry Goods, Furniture, Departmental, House Furnishings and General Stores.

A LACQUER BOX

FULL OF DREAMS OF OLD JAPAN... (By Etsu Inagaki Sugimoto)

One afternoon I returned home barely in time to save my little lacquer cabinet...

"But, madam," protested the old woman who had been housecleaning for me...

"Then I realized how my measure must look to others..."

It stands on my carved mahogany desk, and I know it is entirely out of harmony with its surroundings...

Howard and Rev. J. B. Gough left this morning and they will be followed tomorrow by the remainder of the clerical and the lay delegates.

**DEATH OF E. O. EXCELL.**  
 E. O. Excell who died in Chicago on Saturday was well known here having been in the city and throughout the province on several occasions. He was best known as a conductor of the musical part of evangelistic services carried on by the Sunday School Association, and besides being himself an evangelist was a choir leader and publisher of religious song books. Many of the anthems sung in the churches were composed by him.

**ARCHIE WELSH HERE.**  
 Archie Walsh, one of the leading Canadian bowlers in the world, arrived in the city Saturday en route to his summer home at the Cedars. Mr. Walsh owns a large bowling academy in Malden, Mass., in which he has ten alleys and four billiard tables. One of his chief assistants is George Magee, who was formerly in charge of the Y. M. C. E. alleys in this city. Mr. Walsh expects to have a number of well-known sporting men from the States visit him during the summer.

**TEN ARRESTED.**  
 C. P. R. Investigator T. O. Leggett made several arrests in Edmondston last Thursday and Friday in connection with thefts of fruit, cigars and candy from the Dominion Express and C. P. R. at that place. He made a total of ten arrests, the majority being juveniles. Last Friday one man was sentenced to two years in the penitentiary, two boys to two years in the reformatory, two boys allowed to go on a suspended sentence and the remaining three will be tried this week. It is said that some of these arrested were connected with break-ins at Edmondston, but the charges were not pressed.

**MRS. ARCHIBALD J. MACDONALD.**  
 Word of the death of Mrs. Archibald J. Macdonald, which occurred at her home in Georgetown, P. E. I., at an early hour this morning has reached here. Mrs. Macdonald became ill on Thursday, not regaining consciousness until a little before her death. She was the wife of the late Hon. Archibald J. Macdonald, of Georgetown. Her eldest son, Major Temple W. Macdonald was killed in France while in command of the 8th Canadian Siege Battery. She leaves to mourn three sons, Glen, of the Bank of Nova Scotia, Calgary; Allister, and Havelock, all in the merchant service; and survive, Marion and Gladys at home, and Mrs. H. O. The funeral took place at 2:30 o'clock this afternoon from his late residence. Service was conducted by Rev. J. H. Jenner assisted by Rev. Isaac Brindley and Rev. C. P. Clarke. Mr. Jones was a member of the Knights of Pythias and members of this society attended the funeral. Interment took place in Cedar Hill.

**A WILL CASE.**

**Court Orders Cancellation of Letters Testamentary in the Cookson Matter.**

In the matter of proof of the alleged last will of Miss Elizabeth Cookson, late of Karls, Kings, widow, in solemn form after proof of same in common form, judgment was given by J. A. Freese, judge of probate for Kings county, on Friday last. The application to have the will proved in solemn form was made by Carey W. and Leslie H. Cookson, who were represented by G. H. V. Belyea, K. C., while G. Earle Logan appeared for the executor, Medley L. C. Cookson Beaman, with Dr. J. R. M. Baxter, K. C., as counsel. The court decided against the executor, pronouncing against the validity of the will and ordering that letters testamentary issued to Hedley L. Cookson Beaman be cancelled. Costs were ordered taxed out of the estate.

The matter first came before the court in May, 1920, when the petition of M. L. C. Beaman was presented by J. Starr Tait, one of the witnesses to the will. Proof in common form was allowed. In July, 1920, application was made by the petitioners mentioned for proof in solemn form. The evidence showed that the testatrix had reached the age of eighty-six or eighty-seven years. She had left a will dated May 10, 1920, leaving all her property to Medley L. C. Beaman. A prima facie case in favor of the validity of the will was established. After some further evidence was given, his honor found that Mrs. Cookson had been under the erroneous impression that certain relatives were trying to poison her, and he felt that this idea deprived some of them from becoming beneficiaries under the will. The court found further that she was not mentally competent to make her will at the time when certain changes were made in it.

**ASKS AMENDMENT TO THE PROPOSED RESTAURANT LAW**

**H. A. Powell Before the City Council Today — Council Decides to Lease West Side Potato Warehouses—More Water Main Renewals—Pavement Matters.**

H. A. Powell, K. C. at a committee meeting of the common council today asked that the proposed by-law regarding stalls in restaurants be amended. He said he had communicated with most of the cities on the continent and in only six or seven places were stalls prohibited by law. He thought the amendment would be accomplished if a rider was attached to the proposed by-law providing the prohibition of curtains or doors on the stall entrances.

He thought that the proposed law might be interpreted not to prohibit stalls but only stalls by which persons may be screened from observation. Mr. Jones thought restaurants should be licensed and the licenses should be cancelled in case of violation of the law. Com. Thornton was asked to make a further report.

The Canadian Club asked the privilege of holding a public meeting on King square on Wednesday evening to mark the anniversary of the signing of Magna Charta. The matter was referred to the mayor and Commissioner Frink with power to act.

Residents of Germain street, West St. John, petitioned the council to have that street put into proper shape. They also complained of a dump which was offensive.

Commissioner Frink said that the C. P. R. tracks were in Germain street and they were to have been removed in 1918, but the government had failed to erect a retaining wall which was proposed. The matter was referred to the Commissioner Frink and the road engineer for report.

Commissioner Frink reported that there were vacant lots in the city which were unenclosed. He said that in many cases they were a source of danger. He referred to two places in St. James and Dorchester streets. It was decided to get the recorder's opinion as to the responsibility of lot owners. The common clerk read a by-law covering the matter, still in effect.

The mayor said the police department should take action.

**The Potato Warehouses.**  
 Regarding the application of Furness, Withy Co. for lease of potato warehouses in West St. John, Commissioner Bullock said they had been an expense to the city for the last three years. The application was for a ten-year lease at a nominal rental of \$1 a year. He recommended that the sheds be rented for five years at \$100 a year, that repairs be at the expense of the lessee, and that not less than fifteen steamer loads be shipped each season, the company to make up any revenue which a smaller number of steamers might lose to the city. He said the company anticipated twenty steamers each season. The revenue to the city was estimated at about \$225 a year.

Commissioner Frink thought that the matter should lie over until the plebiscite was taken on harbor commission. Mr. Bullock said that if harbor commission carried all agreements such as this would have to be carried out. The recommendation carried.

**New Pavements.**  
 Commissioner Frink reported on the proposal to pave Dufferin avenue, for which a petition was received from the residents. The work was estimated at \$9,273. The cost of pavement a lineal foot was \$16.53, and to the abuttor \$8.54 a lineal foot front. The specification called for asphalt macadam with concrete sidewalks and curbs. He proposed taking the matter up with the assessors before moving that the work be carried out.

Regarding the paving of Germain street between Queen and Harding streets, the total estimated cost was \$3,180, total cost a lineal foot \$12.62, cost to abuttor \$8.13 a lineal foot. He intended referring this matter to the assessors.

Commissioner Bullock asked if it was customary to charge a proportion of street costs to overhead expenses such as engineers' salary, commissioners' salary, etc. Dr. Frink replied that it was.

The Stephen Construction Co. asked for permission to open up 500 feet of the track section in Douglas avenue, in addition to the 1,000 feet already excavated, as the street railway had not followed closely with steel and ties. Mr. Thornton said that the power company was putting in ties that were rotten and not fit to be put in. The road engineer said that he had called the attention of the company foreman to the matter, but he had no authority to stop them being put in.

**A Kitchen Cabinet Means Efficiency and Satisfaction**

A KITCHEN CABINET is more than a "piece of kitchen furniture." In this age of efficiency and sanitation there is nothing which will take the place of this cabinet as a place to store your cooking ingredients and utensils.

IN TIMES GONE BY a CLEAN kitchen was all that was desired, but now we know that food and utensils exposed in the cleanest kitchen are in violation of the simplest laws of sanitation. The steps lost in the kitchen originated the drudge.

WE WANT YOU to see the Cabinets we have here for your inspection. No obligation entailed in a call.
