GUTELIUS TO BE HEAD OF THE I.C.R. Announcement of Management Change Soon WILL HAVE MUCH POWER

Some of Present High Officials to Be Retained Under Him is Story Published Today - Former C. P. R. Man

(Canadian Press) Montreal, May 3.—The Star today says: By the terms of an order-in-council, which is to be passed by the government at Ottawa almost immediately, the board of management of the Canadian government railways, the Intercolonial and the Atlantic, is to be dissolved and the management hereafter vested in one commissioner, F. P. Gutelius. Mr. Gutelius will be given plenary power in the direction of the system and will have headquarters in Montreal. For the present, at least, the other members of the board will likely remain with the road as officers under the commissioner in charge. Mr. Gutelius will have full power to employ such staff as he deems advisable and assign to them their duties and functions. In the board as heretofore constituted, A. W. Campbell, as deputy minister of railways, was chairman. He will continue as deputy minister, but will not be directly connected with the administration of the government railways. The positions occupied by F. P. Brady, E. T. Ryan, D. Pottinger and J. B. T. Carson are to be abolished, though certain of the officers will continue as assistants to Mr. Gutelius. The latter, however, will be the whole authority, inasmuch as he will be responsible to the government for the system and will have authority to appoint and dismiss all officers. The new commissioner was formerly superintendent of the C. P. R. in Montreal and previous to that held many responsible positions on the same system. For the last year and a half he has been a member of the commission investigating the construction of the National Transcontinental Railway. This inquiry is almost completed, and Mr. Gutelius will be able to very soon report on his findings. He will be paid a very handsome salary.

TOPICS IN DESPAIR Bonar Law in Gloomy Message to The Primrose League

Curzon Equally Pessimistic--Government Could be Returned to Power at Any Time by Increased Majority--Important Matters of the Hour in England

(Times Special Cable) London, May 3.—England today is in a despairing mood. This was echoed yesterday at the annual meeting of the Primrose League in Albert Hall, when Bonar Law wrote: "Every principle which the League has been formed to promote is now in danger. The constitution has been destroyed. The church is threatened, and the integrity of the United Kingdom is again imperilled." Lord Curzon, who presided, was equally pessimistic, saying that they were going nearer and nearer the catastrophe every day. A few months hence, perhaps a few weeks hence, the thunder of the cat-eract would probably be heard unless they stopped. There would be civil war in Ireland. The suffragettes' campaign against the militants is being met by the women with defiance. They have ignored the government announcement of suspension of their paper, The Suffragette, and yesterday while the printer of the paper was being tried in Bow Street station, motherly-faced women outside were offering it for sale as the entrance of the court, in the immediate presence of the police. The newspaper owner formally protests this morning against the government's assumption that the authorities have a right to extinguish a valuable newspaper property because some issues of it contain matter to which the authorities have a right to object. It is evident that the government by the line taken by their prosecuting counsel have raised questions of tremendous constitutional importance, which will be fought legally to the utmost, and which will necessarily raise against the authority the powerful influence which have no sympathy with militant methods. Yesterday afternoon the suffragettes triumphantly re-entered their headquarters.

PLANS FOR HOMES IN LANCASTER

Announcement of Extensive Project of Development and Building

Extensive developments for their property in Lancaster are being planned by the Canadian Consolidated Land, Ltd., and it is their intention to make this one of the most desirable residential districts in and around the city. Harold Groom, who will be the local manager, has arrived here and engaged temporary offices in the Stockton building. He will be followed, in a fortnight, by the company's consulting engineer, George Miller of Montreal, who will spend the summer and fall in St. John supervising the improvements to the property. Their land is in Lancaster near Tilson's corner and is approached by Dunn avenue, which will be extended to make the main street through the property. It is also approached by Charlotte street extension. The streets have already been surveyed and these will be laid out and graded and sidewalks laid. The boulevard idea will be adopted in laying out the property and the streets will be landscaped. Groom says that the property is the most valuable of all they have and it is for this reason that they are planning to spend a large amount of money in its development. A new subdivision at Rothsay is being offered for sale in lots by Keith & Gates. This was formerly the Thompson property and fronts on the road leading to Golden Grove. The lots average 50 by 220 feet.

SIR W. P. LEVER'S FINE FIFTY IS ACCEPTED

London, May 3.—The offer of Sir W. P. Lever, some magnate, to give Stafford House to the government, has been accepted. It will be used as a home for the London Museum and as a guest house for distinguished visitors.

POPE IS ANXIOUS TO HEAR ABOUT EUCHARISTIC CONGRESS

Rome, May 3.—Pope Pius X. continues to progress in health. Every day he depends to his library and devotes several hours to his work. It is known that one of his first acts was to appoint Dr. Andrea Amici his own private physician. His Holiness expressed the warmest desire today to receive Cardinal Ferrata who has just returned from Malta, and to hear from him everything concerning the Eucharistic congress.

BEHEADED BY PROPELLOR OF A HYDRO-AEROPLANE

Oakland, Calif., May 3.—Herman E. Jensen, a Los Angeles aviator, was beheaded by the whirling propeller of an hydro-aeroplane yesterday, while assisting to start the machine.

WOMEN'S COUNCIL Playgrounds and Schools Have Attention Today

MISS PETERS WINS APPLAUSE

Miss Ritchie Urges Better Pay For Teachers in Schools—Women's Place of the School Board

Montreal, May 3.—Recommending the formation of a national association of play for the promotion of children's playgrounds, more support for the propaganda work, and the training of children to prevent crime, Miss Mabel Peters of St. John, N. B. was the most important figure at the session of the National Council of Women of Canada. She reported on behalf of the playgrounds committee. Miss Peters won warm applause when she said: "In submitting this report, I desire to express my appreciation to the members of the national council that the basic principle upon which this committee is founded is that of prevention. It is not a reformative as opposed to a preventive, it seeks to prevent crime by the removal of the causes. The juvenile delinquent, the girl and the boy who are the cause of the crime, are the result of the social conditions of the day. The state of rural schools in the best of the world is a disgrace. The serious flaw in the educational system of the country, reported Miss E. Ritchie, Ph.D., convener of the standing committee on education, is the lack of a national system of education. She said living wages must be paid to the teachers to get them to prepare themselves for the arduous task of conducting a country school. The better pay and advantages offered by the far away were paying eastern Canada and the maritime provinces by their best teaching material. Reports from the committee at school had also been considered by the committee, as well as the overworking problem. The committee also considered the appointment of inspectors, cultural, energetic women as school commissioners. There was no department of human endeavor which would have more right to labor than this, there were few in which their influence would be more productive of good to the community. The afternoon sitting yesterday was devoted to preliminary and routine business of the national council at St. John, N. B. The Canadian Consolidated Land, Ltd. was the subject of the provincial vice-presidents were forthcoming only from the western provinces, Madame Dandurand, of Quebec province, and Mrs. McLean, of New Brunswick, were too ill to prepare reports. Miss Carmichael, of Nova Scotia, is in Europe, and the report of Mrs. Wadsworth, of Ontario, was lost in transit. Mrs. Edwards of Alberta, recorded the formation of a strong local council at Calgary as the result of several years of effort. It was expected that another would be organized at Lethbridge, while preliminary work was being done at Red Deer and Prince Albert. Mrs. Macaulay of British Columbia, described the exceptionally strong council at Vancouver, with sixty affiliated societies and the flourishing council at Victoria and Vancouver. Miss McEwen, of Manitoba, reported progress in the securing of a national council. (See page 2 for Miss Peters' report)

President of Haiti is Dead

Port au Prince, Haiti, May 3.—The president of the Republic of Haiti, general Toussaint Louverture, died last night after a brief illness.

THE BATTLE LANE

St. S. Treble, Captain Starratt, for Swansea, sailed from London today.

BARBARA FRIETCHE'S BODY TO REST BY HUSBAND'S

Frederick, Md., May 3.—The body of the heroine of Whittier's famous poem, "Barbara Frietche," which has rested in the old Reformed graveyard here since 1822, was removed this week to a vault in Mt. Olivet Cemetery to be reinterred beside that of her husband.

EVERY DAY OF DELAY MAKES PEACE OUTLOOK BRIGHTER

(Canadian Press) London, May 3.—Austria has not yet moved against Montenegro, and in Vienna it is believed that she will not do so until after Monday's conference of the ambassadors in London. Instead of the crown council, which was to have met in Vienna, there was a meeting of the principal ministers at the close of which it was said that the situation was being changed. Every day's delay brings a better chance of the difficulties being arranged, and European feeling, except in Vienna, is becoming almost optimistic. A despatch to the Chronicle from Vienna says a report has reached that city from Avlona that the troops of the provisional government have surrendered to the army of the Turkish general, David Pasha. It adds that the members of the provisional government had been arrested and court-martialed and that David Pasha had appointed Colonel Shobah, former commander at Istanbul, as prefect of Avlona. The Vienna correspondent of the Times says he hears that the ministerial council has decided that military action against Montenegro should begin Tuesday. He adds that he has been unable to verify the statement.

HER LITTLE FINGER BECOMES HER NOSE

Los Angeles, Calif., May 3.—Mrs. Mabel Johnson was discharged from the Pasadena Hospital yesterday with the little finger of her left hand knitted on her face and doing duty as a nose. Mrs. Johnson told her nose in an operation. The finger tip was placed between the eyes, the bone removed to make nostrils and now she is breathing easily.

TAKE ST. JOHN'S CASE TO OTTAWA

West Side Harbor Facilities Committee Decided Today to Recommend This Course

The committee on West Side harbor facilities met again in the mayor's office this morning, and it was decided to recommend that a delegation from the board of trade and city council be sent to Ottawa to lay clearly before the government the whole situation. There is a general feeling that the Connelly wharf under construction will not be available with tracks and warehouses for next winter's business, even if the new wharf for which tenders are to be called were constructed to a sufficient extent to afford protection for vessels lying at the Connelly berth. It is imperative as a first means of relieving the congestion that grain conveyors be erected at berths No. 5 and 6, and there is a dispute as to who should construct them. It is also contended by steamship people that the extension of berth No. 6 could be straightened out in time to provide there a 900 foot berth. It is also felt that the best way to make the government fully aware of the serious condition of affairs is to send a delegation to the capital.

MORE SILK WORKERS ON STRIKE

Between 6,000 and 8,000 Near Jersey City—Two Hours Off Day, Increase in Pay

Jersey City, May 3.—Responding to appeals of silk mill workers in Paterson, where a strike of 15,000 workers has been in progress for several weeks, between 6,000 and 8,000 workers in the silk mills in Northern Hudson County near this city went on strike late yesterday. The employees make the same demands as the Paterson strikers—an eight hour day and an increase of about twenty per cent in wages. Ten hours is the present day's work.

RAILWAY SHEDS SET FIRE TO AND LOSS OF \$500,000 CAUSED

Bradford, England, May 3.—Extensive sheds of the Midland Railway, containing quantities of freight, were burned down here during the night causing a loss of \$500,000. Mysterious fires have broken out in these sheds on three successive Friday nights. The militant suffragettes were suspected of arson, but there was no proof of this.

TWO FRENCH BROTHERS FATHERS OF 53 CHILDREN

Paris, May 3.—Two brothers named Brogniez, of the village of Saint Ursy, have the record as French fathers. Together they have had fifty-three children. Jean had seventeen boys and one girl by his first wife and seven boys and five girls by his second wife. Claude had eighteen children, of whom nine came in three sets of triplets by his first wife and five children born to his second wife. Of the family ten children have died.

COUNTESS OF COTTENHAM FOUND DEAD IN WOOD; BULLET IN HER HEART

Tragedy of English Noble Life is Mystery—Whether Murder or Suicide Not Known

Henley, England, May 3.—The Countess of Cottenham, wife of the fourth Earl of Cottenham, was found dead this morning with a wound from a revolver bullet through her heart, in a wood near the family residence in Oxfordshire. The tragedy is a mystery and it could not be ascertained whether she had been murdered or had committed suicide. The countess was Lady Rose Nevill, a daughter of the Marquis of Abergavenny, and was born in 1868.

RECIPROcity BETWEEN CANADA AND AUSTRALIA PRACTICALLY AGREED ON

New Zealand and Commonwealth Also Have Made an Arrangement

London, May 3.—The Daily Telegraph's Melbourne correspondent cables: "A provisional reciprocity trade agreement has been concluded by New Zealand and Australia, subject to the approval of the respective parliaments, which, it is fully anticipated, will be readily obtained. Negotiations for reciprocity between Canada and Australia are proceeding between Hon. George E. Porter and the commonwealth government, the general principles have been accepted and the ministers authorize me to state the agreement will undoubtedly mature soon."

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Sheppard, director of meteorological service. Maritime—Fine today and on Sunday.

APRIL DEATH RATE HIGHER

Was Above Average of The Three Previous Years

MORE FROM TUBERCULOSIS

Doctor Melvin Gives Sound Spring Advice on Cleanliness and Healthily Urges Citizens to Act on City's Offer For Removal of Garbage

Dr. G. G. Melvin's health bulletin for April is as follows: The following cases of contagious disease were reported from the city during the month. The figures for April last year and the average for three years are also added.

Table with columns: Disease, April-1913, April-1912, 3 yrs. Average. Rows include Diphtheria, Scarlet fever, Typhoid, Measles, Tubercular diseases.

The following table exhibits the death rate from all causes. The rate is the highest for the year, so far, and is slightly above last year's and that of the average for three years. The estimated population is 42,880.

Table with columns: Age Group, M., F., Total, Rate per 1,000. Rows include Under 1, 1-5, 5-10, 10-15, 15-20, 20-25, 25-30, 30-35, 35-40, 40-45, 45-50, 50-55, 55-60, 60-65, 65-70, 70-75, 75-80, 80+.

There was one death from diphtheria in which the deceased was between fifteen and twenty years of age. In April, 1912 there was one death from diphtheria. The average deaths from diphtheria in the last three years is six.

There was one death from diphtheria in which the deceased was between fifteen and twenty years of age. In April, 1912 there was one death from diphtheria. The average deaths from diphtheria in the last three years is six.

Many other things, harmless in themselves, when in large quantities, become dangerous when thrown into yards and vacant lots and exposed to the rain, sun and moisture of the ground.

Old bedding, such as mattresses and so forth, will rot and ferment and harbor disease germs, when so abandoned. Tin cans, when thrown out, will become partially filled with water, and this water soon becomes exceedingly foul and a dangerous poison. As the hot, dry weather things become mixed with the air and blown about, and are almost sure to contaminate the food we eat.

As so often expressed in these notes, this poisoning of the food, milk especially, may not prove so serious to grown-up people, but it is really deadly to little children.

For the Children's Sake Two years ago, in August, nearly one-half of all who died in that month in this city were children under five, many of whom owed their death to this very thing. If the yards and vacant spaces in the city could all be thoroughly cleaned and kept clean, even so short a time as one year, would show a substantial decrease in infant mortality.

The life of an infant, in one sense, is of more value to the state than that of a middle-aged person. The latter has already spent half his time and more than half his energy, while the infant is endowed with the possibility, even a fair probability of full fifty years' of useful service to his fellow-citizens, once he passes safely over his first five years.

This generous offer of the city authorities to cart away, without expense, all refuse and garbage offered them in barrels or other containers, on May 15, should be universally taken advantage of.

The writer of these notes would again try to emphasize the importance of keeping all garbage, and especially stable-manure in fly-tight receptacles, and protected by water-tight covers from the rain. The contents should be taken away at frequent intervals, and any that may be spilled about in the operation should be carefully raked up and removed with the rest.

CHEAP MONEY FOR THE FARMERS; NORMAL SCHOOL FOR SASKATOON

Saskatoon, Sask., May 3.—Premier Scott announces that the next sitting of the Saskatchewan legislature will be either in November or January. He said that some action would then be taken regarding cheap money for the farmers, also that he believed the next normal school to be built in Saskatchewan would be in Saskatoon.

REPORT BY MISS MABEL PETERS

Playgrounds Work Throughout Dominion of Canada. GROWTH OF INTEREST.

Special Reference to What St. John Has Done and is Doing - An Interesting Presentation of Conditions Before Women's Council.

made to induce the London school board to take over the playground work in the school yards in order that the association may be free to extend the benefits of its work to young people employed in factories who now have no opportunity for legitimate recreation.

"In Amherst, N.S., the children of the various schools have all been organized into teams which hold interscholastic contests and give evening exhibitions in the school-houses to the entertainment of the parents. This is the nucleus of the social centre whose ideal is provision of united family amusement for all ages.

"The Playground Committee of St. John was instrumental in the formation of a Playground Association organized by its equipment valued at \$200, Association, but holds itself intact, although its members are officers in the new association, which at once affiliated with the local council of St. John. A grant of \$1,000 has this year been made to the association by the city for the neighborhood playground. Two thousand dollars or more will be expended on Rockwood Park playgrounds, which was dedicated August last by His Royal Highness, the Duke of Connaught, governor-general of Canada, with interesting ceremonies. The land for the playgrounds were materially increased by the proceeds of a play 'Alice in Wonderland,' given under the auspices of the association; by a ball given by the ladies of the city at Easter, and by hand-sewn quilts, tea, and personal contributions. Three new playgrounds will be opened this year. The association has engaged a play expert and expressed the hope that a National Playground Association would soon be organized, as it was unanimously approved by all the association with which she had communicated. She noted the fact that three Women's Councils had during the year been organized, and expressed their desire to undertake playground work. Regret was expressed that the National Council had never provided any funds for publicity work. Last year she had suggested that the various provinces be requested to establish playgrounds in normal schools to train playground teachers, and this had been done, and the communication to the various provincial boards of education. Continuing Miss Peters says:

"During the year the convener has visited the cities of St. John, Ottawa, Toronto, Hamilton, London and Walkerville from individuals. For instance, the late Captain William Fleming, of Truro, N.S., had a fine piece of land donated for playground purposes, and hearty promises were made for immediate action by Mr. Sumner and Rev. Mr. Lawson, well known and influential citizens. An invitation has been issued for the first time, through an address on playgrounds in Truro, N.S.

"The surest indication that the playground and its co-ordinator are in the public mind in Canada is shown by the remarkable growth of appropriations in Montreal and other cities. For instance, the late Captain William Fleming, of Truro, N.S., had a fine piece of land donated for playground purposes, and hearty promises were made for immediate action by Mr. Sumner and Rev. Mr. Lawson, well known and influential citizens. An invitation has been issued for the first time, through an address on playgrounds in Truro, N.S.

"Reports made to your convener of work done and projected are inspiring. Ottawa has formed a Playground Association, the executive of which includes some of the members of the Council's Playground Committee, the committee turning over to the new association the remaining funds. The example of Ottawa in having on the executive board both men and women is one which your convener cannot too earnestly urge.

"The Playground Association of Toronto has this year asked for an appropriation of \$20,000 exclusive of that asked by the board of education. The latter has playgrounds only during vacation. The association's grounds will be open from May until October. One of the grounds has a field house which cost with equipment, \$20,000, and this is open the entire year under the supervision of a man and a woman, and caretakers. This year Toronto will have a total of twenty-six playgrounds, seven of these being new, the instructors of which will act under a general supervisor. The Toronto Association has joined the local council. Your convener urged that this action be taken in order to secure co-operation and united work by men and women.

"The attendance in the playgrounds of Hamilton last year was 40,000, of which 25 per cent were foreigners. Canadian flags were presented to each group by the Canadian Club, Daughters of the Empire and other citizens.

"Port Arthur has formed a playground committee and the convener has been given authority by the city to visit other cities and ascertain the latest developments in playground circles and to advise the authorities concerning Port Arthur's playground needs. It is already decided that land for playgrounds shall at once be purchased in three sections of the city. One playground is in use and skating rinks were in vogue last winter. Port Arthur has one supervised playground.

"London has this year featured open air rinks of which it has several. The association has induced the water board commissioners to flood a large open area in one of the big parks which the board supervises in winter and keeps free of snow for winter sports. An effort is now being

If You Have to Purchase a New Range Come and See The Celebrated Canadian Glenwood Ranges. Canada's Champion Cast Iron Ranges, with several exclusive GLENWOOD features. The GLENWOOD Ranges are made in St. John. No trouble in getting repairs when wanted, and the largest variety of styles to choose from. We have a range at any price, from \$20 to \$80, fitted to burn coal, wood or gas, with tea shelf, mantle shelf, hot closet or reservoir. Come and examine the GLENWOOD combination for coal and gas, the most up-to-date combination on the market. McLEAN, HOLT & CO, Limited 155 Union Street. St. John, N. B. Store open every evening till after May 1st.

A MODEL FLAT furnished throughout with good substantial furniture for about the same price that would ordinarily furnish but 2 rooms. Come in and let us show you our "4 Room Outfit." It's the greatest bargain you ever saw. The furnishings are the best to be had in their class.

J. Marcus, 30 Dock St.

Canada, and restored happiness to hundreds of homes. Read what Mrs. G. — of Hull says of it and what it did for her:

"It is four months today since I started to use your remedy. I followed the directions and had the best of results. One week after I started using your remedy the patient stopped drinking and has not drunk a glass of liquor since. I hope you will accept my heartfelt thanks. Hoping God will bless your remedy wherever tried, I remain, Mrs. G. —, Hull, Que."

(Name withheld by request.) Now, if there is anyone in your town who needs this Remedy tell them of it. Practical philanthropy can take no better form. If you have a husband, father, brother or friend who drinks, help them help themselves. Write today.

A FREE TRIAL PACKAGE of Samaria with booklet giving full particulars, directions, testimonials, price, etc., will be sent in a plain sealed package to anyone mentioning this paper. Correspondence secretly confidential. The trial package alone has often cured. My arms looked like Samaria Remedy Company, Dept. 59, 49 Colborne street, Toronto, Canada.

Sacramento has chosen a woman as mistress of education. Her name is Mrs. Johnston, and Sacramento makes the claim that she is the first woman ever chosen by any city which has adopted the commission form of government.

South Africa has a total population of nearly six millions. Approximately one in every five is a white or European.

Winnipeg has this year appropriated \$18,000 for recreation purposes. There are and conference playgrounds with a staff of forty-five teachers besides caretakers. Winnipeg has a commissioner of recreation and has a special city supervisor for girls.

"To your convener the most far-reaching and important playground development in Montreal is that McGill University included in its summer session, 1912, a special playground course for teachers. This is a valuable example to other educational institutions of the domain, and meets at once the greatest need of Canadian playground needs—Canadian trained teachers. Co-operation of playground workers in Montreal with other associations having the interests of children at heart is shown by the success of the Child Welfare Exhibition held in Montreal the past winter. This exhibit also afforded an opportunity to teach the public the educational value of child's play, the juvenile court, the jail and the reform school for the young of our land. Education is now agreed that the public supervised playground and recreational social centre stimulates and guides a child's life in a way which no other factor of modern living can do.

"In submitting this report your convener desires to again impress upon the council members that the basic principle upon which this committee is founded is that of prevention. Its work is formative as opposed to reformatory. It seeks to eventually dispense with the curfew, the juvenile court, the jail and the reform school for the young of our land. Education is now agreed that the public supervised playground and recreational social centre stimulates and guides a child's life in a way which no other factor of modern living can do.

"Your committee would surround children with conditions which will prevent their being robbed of their childhood. It would give youth and adult opportunity for social enjoyment, and it welcomes to its assistance all who believe in dealing with causes and not with consequences.

DRUNKENNESS CAN BE CURED Old Fallacy That Drunkenness Cannot Be Cured Exploded

Many men drink who desire to stop the habit. Whiskey, however, has undermined the constitution and created a craving that is not to be denied, and the man must have whiskey or something that will remove the craving and build up the system and restore the nerves.

Samaria Prescription stops the craving, steadies the nerves, builds up the general health and makes drink actually distasteful and nauseous. It is tasteless, and odourless, and can be given with or without the patient's knowledge, in tea, coffee, or food. It is used regularly by Physicians and hospitals. It has cured thousands in

THE SPIRELLA CORSET. Modish, comfortable, economical. Made to measure, fitted by trained Corsettes. Accentuates graceful full lines; subdues irregularities.

The Spirella Boning. A permanent boning; is guaranteed soft and comfortable. An exact fit; will soon restore, tone and firm the flabby curves and Spirella Boning is your best, without doubt or question on your part. Appointments to your convenience.

MISS ALGUILLE 66 Sydney St., Phone 635-11. Send the Spirella measurements to Ladies Home Journal, 1000 Broadway, New York and Chicago.

Is Your Skin Tender?

The soothing purity of Vaseline Cold Cream makes it invaluable for delicate complexions.

Vaseline Cold Cream

Unlike other cold creams, it never becomes rancid. It is especially beneficial when rubbed in gently before and after motoring or diving, protecting the face from the roughening effects of dust and wind.

In order to avoid impure substitutes, always ask for Vaseline Cold Cream, and insist on getting it in the original packages bearing the Cheesbrough Manufacturing Company's name.

Put up in porcelain jars and tubes. For sale in all the leading drug stores.

CHEESEBROUGH MFG. CO. (Incorporated) 1840 Chabot Ave. Offices: MONTREAL, NEW YORK, LONDON

RASH ON ARMS ALMOST UNBEARABLE

Looked Like Raw Meat. Itched and Burned So Badly Could Not Rest Night or Day. Arms Sore from Wrist to Elbow. Cuticura Soap and Ointment Completely Cured.

Lower Blanford, Nova Scotia.—"Three years ago I became troubled with sore arms. It came on at a rash, and I was unable to rest at night or day. My arms were so sore from wrist to elbow. Cuticura Soap and Ointment Completely Cured.

"I used several cures which were recommended to me but without any avail. I saw how I could get a sample of Cuticura Soap and Ointment which I did. I used the samples and found an improvement. Whenever I applied the Cuticura Ointment the itching and burning ceased. I got a full-sized box of Cuticura Ointment and a cake of Cuticura Soap and only used about half when it disappeared and since then I have not been troubled. That was six months ago. Cuticura Soap and Ointment completely cured me." (Signed) Miss Elsie E. Zwick, Mar. 7, 1912.

Cuticura Soap and Ointment do so much for pimples, blackheads, red, rough skin, itching, scaly scales, dandruff, dry skin and falling hair, chapped hands and shapless nails with painful finger-ends, that it is almost criminal not to use them. A single cake of Cuticura Soap and box of Cuticura Ointment are often sufficient when all skin has failed. Sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post card Potter Drug & Chem. Corp., Dept. 4812, Boston, U. S. A.

THE GOODYEAR TIRE & RUBBER COMPANY of Canada, Limited. Head Office, TORONTO. Factory, Bowmanville.

GOOD YEAR Bicycle Tires

WITH this tire you can make a sharp turn on a wet road. You can speed along safely over slippery pavements or muddy roads. You feel safe because this Non-Skid holds the road. And your wheel runs easier because the tires grip.

This new Bicycle Tire is built like our famous Auto Tire—the leading Non-Skid—from the same tough, white rubber—the best wearing rubber we make.

See it at the Goodyear Dealers'. 163 THE GOODYEAR TIRE & RUBBER COMPANY of Canada, Limited. Factory, Bowmanville.

WOMEN CURED AT HO!

Women's disorders always result from the very beginning of the life action of Orange Lily. Within two or three days after commencing its use the improvement becomes noticeable, and this improvement continues until the patient is completely cured. Orange Lily is an applied or local treatment, and acts directly on the woman's organs, removing the congestion, toning and strengthening the nerves, and restoring perfect circulation in the diseased parts. In order to convince all suffering women of the value of this remedy, I will send a 25-cent box, enough for ten days' treatment, absolutely FREE to each lady who writes me her address. MRS. FRANCES E. CURRAN, Winsor, Ont.

UNHAPPY TORIES

The British tories have not been in such a bad way since the Duke of Wellington on a famous occasion predicted awful ruin as a result of what would now be considered an extremely mild measure of reform, relating to the franchise.

THE FARMER'S PROBLEM

The scarcity of farm labor has become a very serious problem in the province of Ontario. A bulletin just issued by the department of agriculture of that province says that help on the farm is reported scarcer than ever, with wages having a still upward tendency.

The city council is to be congratulated for the hearty manner in which it is co-operating with the Playgrounds Association to provide the West End with one of the best equipped playgrounds in the city.

The following paragraph from the Square Deal of Toronto is an interesting contribution to the discussion of taxation: "Regina will very soon join the roll of cities in which no taxation is levied on buildings."

The announcement that another German scientist has discovered a serum which has produced remarkable results in the treatment of tuberculosis will give great encouragement to those who would like to believe that even advanced cases of the disease may be cured.

The decrease in the number of milk cows is the direct result of the scarcity of farm help. Farmers are obliged to practice the line of farming requiring the least help.

chinery. Farmers generally are said to be in a very good financial position. In some districts it is noted that farmers have resorted to ranching instead of cultivating the land, and in others more attention is being given to fruit farming.

It is unfortunate that such a condition of affairs exists in the fine farming province of Ontario. Despite the activity of the agricultural department, which sends trained men into the country to get in personal touch with the farmers and give them the benefit of the latest scientific knowledge, the allurements of the outside world continue to drain the farming communities of their best blood.

A resident of Carleton told the Times yesterday that there was not a vacant tenement on the west side of the harbor, and he believed hundreds could be added to the population on that side if it were possible to house them.

There may be a race between the big city of St. John and the little city of Moncton to see which will be the first to install a modern system for the destruction of garbage.

The new mission hall at East St. John, with its baths, gymnasium, library and reading room, writing tables and moving picture machine, will do in a small way what ought to be done on a larger scale by the churches, either unitedly or in connection with their several institutions.

It is very evident that the militant suffragettes in England have many sympathizers, and aiders and abettors, who are not of the female sex. They have no difficulty whatever in securing funds and their campaign is prosecuted with a courage and persistence which compel the unwilling admiration even of those who are opposed to their demands as well as to their violent methods.

The following paragraph from the Square Deal of Toronto is an interesting contribution to the discussion of taxation: "Regina will very soon join the roll of cities in which no taxation is levied on buildings."

The announcement that another German scientist has discovered a serum which has produced remarkable results in the treatment of tuberculosis will give great encouragement to those who would like to believe that even advanced cases of the disease may be cured.

The decrease in the number of milk cows is the direct result of the scarcity of farm help. Farmers are obliged to practice the line of farming requiring the least help.

It is pleasing to note, however, that some farmers say that with improved machinery they can do with less help, and that barns are now so constructed that one man can do as much as two used to do. Wood outlines are also done by man-

BIRTHDAYS OF NOTABILITIES

Colonel O. C. Pelletier, of Quebec, one of Canada's prominent military men, and a son of the late Sir C. A. P. Pelletier, was born in Quebec on May 3, 1862.

Hon. J. R. Stratton, was born in Millbrook, Ont., fifty-six years ago today. He was for many years interested in newspaper work, but later entered politics and represented Peterboro both at Toronto and Ottawa.

His Honor Hector C. Macdonald, judge of Queen's county, Prince Edward Island, was born on May 3, 1836, at Flat River, P. E. I. He was for a time a member of the provincial government.

LIGHTER VEIN HAD TOUCHED HIM. "Shortleigh's made a failure of everything he ever touched."

A PROMISING WRITER. Gibbe—You say your friend is a very prolific writer of fiction. What sort of fiction? Dibble—I. O. U.'s mostly.—Boston Transcript.

NICE. Willie's Mamma—"Is James a nice boy for you to play marbles with?" Willie—"Sure, I can beat him every time."—Lippincott's.

UNCONVENTIONALITIES. "I suppose you're the gas meter inspector or if you say so, but you look more like a snoring dog catcher."

LADY-LIKE EFFORTS. A lady came down from upstairs and asked the manager of the hotel if she could get a glass of water.

"I don't like to trouble you," she said, "but could I get another glass of water?" "No trouble at all, madame," said the affable manager, handing her another glass.

Two minutes later she appeared again in the office again. "I don't like to trouble you," she said, "but could I get another glass of water?"

"No trouble at all, madame," said the affable manager, handing her another glass.

Two minutes later she appeared again in the office again. "I don't like to trouble you," she said, "but could I get another glass of water?"

"No trouble at all, madame," said the affable manager, handing her another glass.

W.H. THORNE & CO. LTD. MARKET SQUARE & KING ST.

IN PARLIAMENT

Ottawa, May 2.—In a discussion of western freight rates in the house today the government was censured by the opposition for the long delay in forcing the railways to justify the rates, which are alleged to be excessive.

Mr. Martin, of Regina, moved that the house go into committee to consider the matter. He first read a statement from the counsel for Alberta and Saskatchewan denying that he had instructions not to press the case. He said that the heavy freight rates had caused a difference of thirty-five cents a bushel in the cost of grain in small western towns and for the same grain in eastern towns. A difference of \$1.87 in the cost of cement in Regina was ascribed to the same cause.

He said that evidence brought out before the railway commission in 1912 had established that the western rates were from 25 to 75 per cent higher while the cost of transportation was lower and the density of traffic greater.

The extra rates charged meant a loss of millions of dollars to the west and their reduction would do much to improve conditions. Reduction would also be of great benefit to eastern manufacturers by enabling them to compete with products from the factories of the United States.

De Neely and Hon. Mr. Oliver supported the contentions of Mr. Martin and Hon. Mr. Cochrane and Hon. Mr. Rogers were heard in defence of the government's delay. When the house opened Premier Borden, reply to Mr. Bennett, denied that the government had received any intimation from the British admiralty that it would not be well to force the naval bill through the house by closure.

During the course of a discussion on a resolution providing for a board of trustees for the national art gallery several suggestions were made regarding the gallery. W. H. Bennett of Simcoe urged that it be kept open on Sundays and was supported by Hon. Mr. Lemieux. George Kyle of Richmond, N. S., suggested that the trustees purchase some remarkable pieces of tapestry worked by Cape Breton ladies sixty years ago, which Dr. Thompson (Yukon) said were the equal of some of the most famous tapestries of Europe. Mr. Burnham (Peterborough) called attention to not having given sufficient encouragement to Canadian artists and hoped there would be an improvement in this respect.

FIND BABY MARKET EXISTS IN CHICAGO

General Assembly Committee Brings to Light Astonishing Conditions

Chicago, Ill., May 2.—As part of an investigation into maternity homes and institutions where babies are kept, which is being made by the general assembly committee, a system of fee splitting between physicians and sanitarians, based on the number of babies, was disclosed. It also developed that Chicago is the market centre for babies born and not retained in nearly every city throughout the nation.

Physicians, it was discovered, recommending a given number of babies, received one-third of the money she paid into the institution for expenses while there. Testimony before the committee in the last few years were matters of record before it was born, signing, in doing so, a contract by which she agreed never to see it again after its birth.

The mothers, it was related to the committee, immediately after the birth of their own children, were employed to nurse the children of wealthy mothers. Dr. Charles S. Wood, of the Union Park Maternity Home, was one of the chief witnesses. He testified that after a child once left his institution no records of its whereabouts, its treatment or what eventually became of it were kept.

It was testified that more than eighty-five per cent of the cases were those of girls from outside the city. Dr. Wood said he had received 600 women in 1912, most of whom he sold for \$100 to \$300 each. He had done, he said, \$1,000 worth of advertising, mostly in farm papers. It developed that there were more demands for babies than the institutions could supply.

THE BEST MEDICINE I HAVE EVER USED

"The best medicine I have ever used," is what thousands of mothers say of Baby's Own Tablets. Once a mother has used the Tablets for her little ones she will use no other medicine and never fails to recommend them to her friends. Concerning them Mrs. John Thompson, Coon, Alta., says: "I have given Baby's Own Tablets to my baby for constipation and think them the best medicine I have ever used. Please send me two more boxes as I would not care to be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

MORNING LOCALS

The number of incoming settlers for New Brunswick who have registered at the government immigration office totals 697 for the four months ended April 30, as compared with 750 during the twelve months of 1912. In addition to these there are many others of whom the office has no record.

The results of the recent A. Class examinations at the Provincial Normal school, have been announced as follows: 1st, Fred Manning, of St. John; 2nd, Miss Belle McAuley, of Forest Glen, Westmorland County; 3rd, Miss Jean McBean, of Bonaventure, Kent County; 4th, J. Whitford. Wilfred Gouthro, who was taken care of by the police in Hastings-on-Hudson the St. John union of International Longshoremen's Association, worked at the west side here this winter and left about two weeks ago. His family moved to St. John about fifteen years ago. It is believed, however, that his name is not Wilfred but Joseph.

The Manitoba Free Press under the heading New Bank for Selkirk, says: "The Bank of British North America has established a branch for Selkirk under the management of Albert E. Burnham. In view of the fact that the opening of the St. Peter's Indian reserve is expected soon, which would give a big impetus to business at Selkirk, several banks have been thinking of opening branches there." Mr. Burnham is a St. John boy, the son of A. G. Burnham, and his friends will be glad to hear of his success.

FLAGS Made of the Best Grade All-Wool English Bunting

"Success" Hand Vacuum Cleaner \$15

This little machine will work wonders if you will only use it to help with the spring house cleaning. You will not have to take up carpets or rugs as this machine cleans them while on the floors as effectively as any power driven machine and runs as easily as an ordinary sweeper.

MANCHESTER ROBERTSON ALLISON, LIMITED.

PLAY IN INSTITUTIONS

Writes one, "Of those crippled children, blind, deaf, dumb, and idiotic, who are so numerous in our institutions, it is a very narrow one, one that he is not very observant. He has not seen children beggars in a hospital, not of the infinite possibilities of imperfection a cripple possesses, he does not dream of the sublime power of the dramatic instinct to burst the bonds of time and place and personality, perhaps he has even read James Whitcomb Riley's pathetic poem of him with 'curvature of the spine'."

So much has already been done to provide recreation in institutions not only for the cripple, but for the deaf, the blind, the insane, the prisoner, and so much remains to be done that the Playground and Recreation Association of America, at the Recreation Congress in Richmond, Virginia, May 6 to 10, 1913, will bring together a number of experts in institutional life who will tell of the rare power exerted on the unfortunate by adequate recreation. At the Pittsburgh Play Congress in 1909 a report, the result of serious investigation of play in institutions, was presented. Interest has since increased and as a result the last four years have seen remarkable development.

Schools as Social Centres

Miss Margaret Woodrow Wilson, daughter of the president, has written in an open letter of her interest in the social centre as a new kind of political machine developed, an organization made up of persons who all others may not have on equal terms. The best way to form such machines is to rally and organize the forces of democracy, the forces of self-government. The public schools are the most natural places in which to do this, because they are the most democratic institutions we possess. We are all equal owners of the schools. Social centres are also very worth while for recreation. They supply wholesome amusement balls.

Edward Ward, in his book, "The Social Centre," just issued by D. Appleton & Company, develops this idea in a masterly way. The basis of his book is the many practical applications of the twentieth century idea of utilizing hitherto wasted values, that of making the schoolhouse the social and civic centre of the neighborhood. Mr. Ward also believes that the schoolhouse, being community property, should be utilized for community purposes. It should be the polling place, and before that, the place for the discussion of political ideas. It should be the social centre of the community, serving adults and children alike.

This book is of timely interest and of special value to all who are interested in this constructive work.

About half a million foot passengers pass the Mansion House, London, daily.

When Buying A Bedstead Spring, Why Not Get The Best?

THIS one has frame of bronzed steel bicycle tubing, with adjustable malleable castings, which enables it to be fitted to a nicety on any bed. The famous "Kinney" patented fabric is absolutely guaranteed not to break or sag. Being made entirely of metal, it is positively sanitary and vermin-proof.

CARLETON-VICTORIA TEACHERS

The third session of the Carleton-Victoria Teachers' Institute was held in Woodstock yesterday. Papers were read by Miss C. P. Fawcett on penmanship and by Miss F. L. Robertson on Physical Drill. Major Bull gave an address on military drill and Principal W. T. Denham dealt with the importance of arithmetic. Resolutions of regret at the death of Dr. Hay and Dr. Brittain were adopted, and votes of thanks were passed to those who had assisted in making the institute a success. The election of officers resulted as follows:—W. T. Denham, president;

25 Cents to Stop That Itch

Does it not seem strange that so many people suffer year in and year out with eczema? A 25 cent bottle of a simple wash stops the itch and will surely convince any patient. If you want relief tonight try a bottle of 25c. on our personal recommendation. Ask us, too, about D.D.D. Soap, E. Clinton Brown, Union and Waterloo D. D. D. PRESCRIPTION. We do not retreat.

THE RUSH TO CANADA

British Immigrants Coming by Way of the States

Reason For Change of Route of The Cymric and Changing First Class Accommodation to Second Class Berths

(Times' Special Correspondence) London, April 23.—Men are wagging how big will be, this year, the emigration to Canada, which is taking people's breath away, and amounting to "fatal figures" in the opinion of many. It will top the record, of course, but by how much?

LADY DURAND IS DEAD

London, May 3.—Lady Durand, wife of Sir Mortimer Durand, late British Ambassador at Washington, is dead.

PRESENTATION TO THE COUNTESS OF ASHBURNHAM

The Strike Situation in Fredericton—Kewick Drives Have Hard Time

(Special To Times) Fredericton, N. B., May 3.—The Countess of Ashburnham last evening received from the provincial chapter of Daughters of the Empire a beautiful silver engraved card case.

PERSONALS

Frank J. Elliott, of Douglas avenue, has returned home after a trip to Detroit.

Friends of Mrs. J. E. Angevine will be glad to learn that she was able to return to her home in Hampton today, after spending several weeks in the General Public Hospital, where she underwent an operation.

James Robinson of Miramichi, who was in St. John yesterday, left again this evening.

Frank D. Ballou of the C. P. R., West End, will leave on Sunday evening for Montreal.

J. J. McGaffigan returned this morning after an extended trip through the south.

Mr. and Mrs. H. R. McDonald of Boston arrived in the city this morning to spend the summer at their summer residence at McDonald's Point on the river.

Rev. Miss Howland of Fredericton arrived in the city this morning and was greeted by friends. He will enter at once upon his duties as priest in the Cathedral.

Mr. E. O. Parsons, the well known West End dry goods merchant, has decided to continue in business here instead of locating in western Canada and is now having his store restocked with an up-to-date line of goods, his object being to make it the finest store on the West Side. Doubtless this will be good news to the West End public and they will show their appreciation by a liberal patronage.

In the Opera House last evening the cast in the presentation of the opera "The Lily of Killarney" honored Miss Marion Higgins, who has been acting as pianist for the production, by presenting her with a handsome basket of flowers. The presentation was made by Harold McGuire, who expressed appreciation of Miss Higgins' efficient services, on behalf of those who associated with the presentation of the opera.

Mrs. E. C. Wesley, accompanied by Miss Jean Currie, left this morning for Boston to attend the commencement exercises of the Emerson College of Oratory.

Six hundred women are studying medicine in French universities.

SIR THOS. SHAUGHNESSY IN ENGLAND; AN INTERVIEW

(London Evening Standard)

Sir Thomas Shaughnessy, president of the Canadian Pacific Railway, has just arrived in London on his annual visit in connection with the rapidly growing business of the company.

"I try to come over once a year to keep in touch with affairs on this side," said Sir Thomas. "My visit, however, is very largely in the nature of a holiday, as things are moving along so satisfactorily in Canada that there is very little to do this time."

"As to immigration, I think present indications are that the number of new settlers is going to be larger than ever before, while there is also a very satisfactory increase in the number of people from this country as compared with the continent."

"The land and settling policy that we adopted last year will be the future policy of the company. That is, we propose to sell our lands only to actual settlers, and instead of requiring the lands to be paid for in ten instalments covering ten years, we propose to give settlers twenty years to pay, and so make it easier for them."

"The business outlook throughout Canada is extremely good, although we have been having such unusual prosperity that we have got something to live up to. No doubt building operations will not be as active as they were, but a very large amount of building will be done in all sections of the country."

"The new mail contract," went on Sir Thomas, "has now been practically settled. It is only for one year, and is merely a tentative arrangement. Instead of making a contract as with the Allan Line as in the past, the contract is now held by all four lines having first-class passenger steamers—the Canadian Pacific, Allan, Canadian Northern, and the White Star. A more frequent service is thus obtained: 2 1/2 mails a week instead of two in the summer months, and two a week instead of one in the winter months."

Speaking of the proposal to place 25-knot boats on the Atlantic to Canada, capable of being used as auxiliary cruisers, Sir Thomas said that that was one of the reasons of his visit. "Instead of 20-knot steamers, we thought that boats of 2 1/2 knots, considering our shorter distance across the Atlantic, will compete with anything of the 25-knot standard."

Mr. E. O. Parsons, the well known West End dry goods merchant, has decided to continue in business here instead of locating in western Canada and is now having his store restocked with an up-to-date line of goods, his object being to make it the finest store on the West Side. Doubtless this will be good news to the West End public and they will show their appreciation by a liberal patronage.

In the Opera House last evening the cast in the presentation of the opera "The Lily of Killarney" honored Miss Marion Higgins, who has been acting as pianist for the production, by presenting her with a handsome basket of flowers. The presentation was made by Harold McGuire, who expressed appreciation of Miss Higgins' efficient services, on behalf of those who associated with the presentation of the opera.

Mrs. E. C. Wesley, accompanied by Miss Jean Currie, left this morning for Boston to attend the commencement exercises of the Emerson College of Oratory.

Six hundred women are studying medicine in French universities.

AT SINGAPORE TODAY ON ROUND-THE-WORLD TRIP

(C. P. R. Press)

Singapore, May 3.—The steamer Empress of Russia with 109 Canadians on a round-the-world trip, arrived here today. The handsome ship is much admired and the C. P. R. never gave a more satisfactory service.

TOO LATE FOR CLASSIFICATION

AWAY ON HOLIDAY TILL NEXT SPRING

Superintendent and Mrs. Downie to go West, Then to England and Scotland and France

General Superintendent William Downie of the Atlantic Division of the Canadian Pacific Railway, is about to take a long and enjoyable holiday. On the 8th of this month he and Mrs. Downie will leave for Vancouver to spend about a month. They will then return to the east and will sail to the old country, spending the summer in England and Scotland. They will then go south and spend the winter in the south of France, returning to St. John the following spring.

ENDORSED DRAFT AND NOW ARE OUT \$75

Local Business House Experience With Traveler—Another Case With \$25 Involved

A local business firm is mourning a loss of \$75 as a result of their kindness in endorsing a draft for a stranger. A man giving his name as M. O. Shear and representing himself as a traveler for the American Standard Jewelry Company of Toronto, recently called on S. L. Marcell & Co., Union street, and after his other business was concluded told a story of delayed remittance and asked them to endorse his draft on his employers for \$75.

The local firm insisted upon some authority before doing so, and Shear left their store and returned some time afterwards with a telegram addressed to himself and signed by the jewelry company instructing him to draw on them for \$75 and to ask Marcell & Co. to endorse the draft. This seemed in order and the endorsement was made and the cash paid over to the traveler by one of the clerks.

In a few days the draft came back uncashed, and, in the correspondence which followed the Toronto people denied having sent such a telegram and added that Shear's account with them was not such as to justify such a draft.

A warrant was issued for the arrest of the man and the police have been scouting the province for him, but so far without success.

A local real estate firm was victimized last time ago by a traveler for an upper Canadian firm with whom they had done business before and of whose probity they were assured. They endorsed a draft for \$25 which was promptly discounted and almost as promptly returned with a request for the real estate man to pay up the traveler's employers explaining that it was one of their unbreakable rules that none of their employees should draw a draft without specific authority and, furthermore, that the man in question had left their employ.

LOCAL NEWS

A NICE TRIP. Harry Ervin will leave this evening on a vacation trip to Boston. He will return as a guest on S. P. Gerow's fine yacht, now at the Hub.

WAS POSTPONED. Rev. W. Gaetz's lecture, "Life on the Labrador," which was to have been given last evening in Zion church, was postponed until next Friday evening.

CONTRACT AWARDED. The contract for building the new power station in DeLorge has been awarded to D. A. Stewart who is to have the building finished by the middle of August. The contract price is in the vicinity of \$8,000.

ELEVEN DEATHS. At the board of health office this week, eleven deaths were recorded, resulting from the following:—Paralysis, bronchitis, mania, eclampsia, pleuro-pneumonia, lobar pneumonia, heart disease, heart failure, gastric ulcer, pneumonia, and tubercular meningitis.

BACK FROM IRELAND. James Thompson, formerly a mail carrier in this city, and his sister, Miss Thompson, who left St. John last spring to spend their declining years in Ireland, returned to St. John this week and will spend the rest of their lives in the city of their birth.

JUNIOR BASEBALL. The Giants and King Street East Stars met this morning for the deciding game of a series of three at the foot of Orange street. The Giants were the winners of the game and series with a score of 11 to 9. The batteries were:—For the winners, Christie and McQuade, and for the losers, Knodell and Shaw.

IS VERY ILL. Friends of Dr. E. A. Preston will regret to learn that he is seriously ill at his home in Synlay street. He was taken ill with gastritis about six weeks ago and has been confined to his bed for about a month, during which time he has grown gradually worse. This morning it was reported that he was very low and but slight hopes are held out for his recovery.

NO CHANGE YET. There has as yet been no change in the price of coal with local dealers, as spring shipments have not yet arrived. Considerable difficulty is reported in the matter of freights, which are quite high. Charges at present are \$1.75 to this port and \$2.25 to Fredericton. Although a drop of twenty-five cents has already taken place in American stocks across the border there will probably be no reduction here for a fortnight or three weeks.

GERMAIN STREET SUNDAY SCHOOL. Excavation work was commenced this morning on the site of the new departmental Sunday school building to be built in connection with Germain street Baptist church. R. A. Corbett has the contract for the preliminary work and the brick and masonry construction. His part of the contract is to be completed by October 15 and the whole contract will be completed as rapidly as possible. When completed the new building will be a valuable addition to the equipment of the church.

IMPORTANT DEALS IN REAL ESTATE

John O'Regan's Purchase and Possible Plans—Other Transfers of Interest

The transfer of an important piece of property in Drury lane has just been completed, and John O'Regan becomes owner of a valuable block of land in the centre of an important commercial district, a large freehold property with buildings thereon. He has just completed the purchase of the large brick building occupied by G. E. Barbour & Co. and this gives him possession of a block of land eighty feet in Synlay street, eighty more in Drury lane, and eighty in Union street.

Mr. O'Regan said this morning that he had not yet determined as to what he should do with the property he had acquired, but there was a possibility after a time that he would tear down the Bryden building building which is occupied by the Barbour company, and in their place erect a big brick building which would be used as an office and warehouse. The Barbour company have still a year to run on their lease.

Four lots in Douglas avenue were offered for sale by auction by F. L. Potts at Chubb's corner at noon today, but all were withdrawn. Two near the Suspension Bridge were withdrawn at \$1,175 for the two, the auctioneer announcing that he had higher private offers for them, and another pair, one facing Douglas Avenue and the other in the rear and fronting on Margaret street, were withdrawn at \$900 each.

The Roman Catholic Bishop of St. John has purchased from Mrs. Mary Graham a freehold property, including a dwelling house and barn, situated in Brunswick street, adjoining the school building on the corner of Erin and Brunswick streets. It is said the property has been secured with the intention of using it eventually as an extension to the school playground.

The following transfers of freehold properties have been recorded:—

Ansie and William Amos to A. C. Evans, property in Rodney street, West End.

G. E. Barbour Co., Ltd., to John O'Regan, \$5,000, property in Drury Lane.

City of St. John to J. A. Paul et al., property in Orange street.

S. A. Corbett to Edward Hogan, property in Cliff street.

James Elliot and G. W. Badgley to John Irvine, property in Simonds.

Frances M. and John M. Hay to Isaac Williams, property in Howland street.

Edward Hogan to J. L. Toole, property in Cliff street.

G. A. Kimball to R. C. Bishop, of St. John, property in Coburg and Cliff streets.

J. A. Paul, et al., to City of St. John, property in Grand street.

Mrs. Jane Puddington to Mrs. A. L. Fowler, property in Germain street.

W. B. Tenen to Mrs. W. J. Fraser, property in Brookville.

Transfers of freehold properties have been recorded as follows:—

Mrs. Sarah Bartlett to Mrs. Mary Graham, property in Brunswick street.

Mrs. Mary Graham to R. C. Bishop of St. John, property in Brunswick street.

J. B. Quinn to Mager-Whitman, \$680, property in Somerset street.

The Thomas White dealing with two lots of land at Fair Vale has been purchased by Thomas Gaetz. John W. Hunter has purchased a lot at the same place and intends to build immediately.

BEER CASES HEARD TODAY

Three Reports and in Two of Them There is Defence

Three cases came up in the police court before Magistrate Ritchie this morning, when Miss Bertha Astel, John J. Ketter and Miles Carroll appeared to answer charges of selling beer last Saturday night after 5 o'clock.

Miss Astel, who has a licensed beer shop in Brunswick street, pleaded guilty and was fined \$50 or one month in jail, but the magistrate told her she could make arrangements to leave the city at once if the fine would be dropped.

In the other case Ligon License Inspector Jones and Deputy Chief Jenkins gave evidence. The Carroll case came up first.

Inspector Jones said that on Saturday night last he visited the premises of Miles Carroll in Union street with Deputy Chief Jenkins and found the place full of men drinking beer. There were about twenty-seven men there. They were being supplied with beer from two counters. "We came out and returned about half an hour later and the place was still crowded. We went across the street and I counted 95 persons coming out in a half hour. I saw a piece of ham while I was in."

Deputy Chief Jenkins said that he accompanied the inspector to Carroll's store and saw thirty-two men there, nearly all drinking beer. Some were drinking Pilsener. "We made a second visit to the place about a half hour later. There were twenty-nine men there then. We went across the street and I counted ninety-seven men going in in half an hour."

This closed the case for the prosecution and the case was adjourned until Tuesday afternoon at 2 o'clock.

In the Ketter case the first witness was Inspector Jones. He said that he visited Ketter's premises in Union street on Saturday night with Deputy Chief Jenkins and saw a number of men drinking beer.

Deputy Chief Jenkins said he accompanied the inspector and saw twenty-nine men drinking beer in the store.

The case was adjourned until Tuesday afternoon at 2 o'clock. K. J. MacRae is appearing for both Carroll and Ketter.

LOCAL BOXER AWAY TONIGHT TO BOSTON

Tom Barrett, local boxer, will leave by train tonight for Boston, where he will take part in the amateur boxing championships next week. He will be accompanied by a large number of boxing fans from the city. Among those who will make the trip will be John T. Power, who is acting as Barrett's manager and trainer; W. E. Baxter, H. J. Sheehan, James D. Driscoll, Harrison Driscoll, Roy Driscoll, James E. Barrett, D. J. Barrett, and W. A. Owens.

John McDonald, of Sydney, champion of the world in the 125 pound class, has arrived in the city, accompanied by his trainer and manager, D. J. Smith and J. McEntyre, and will leave this evening to take part in the championships.

Both Barrett and McDonald had a workout last night and it was said this morning that both seemed to be in the best of condition and the opinion was expressed that they would take a fair share of the honours in the tournament.

Store open tonight till 11 o'clock

Besides this strong two reel feature we will show Lubin's feature drama "A FALSE FRIEND" and an Essanay screaming comedy "FINNEGAN."

INDIANTOWN TO HAVE FIRE BELL

Money Provided for in Estimates, Says Mr. McLellan

THE RIVER YACHTSMEN

Preparations at Marble Cove and Millidgeville—E. J. Mahoney to Be Married in June—Personal and Other Notes

Ever since the removal of the old fire bell which hung on the tower at the head of the public steps at Indiantown there has been a demand from the people of that section of the North End for another alarm bell. At present the nearest bell is that on the fire station in Portland street, and it is too far away to be heard in Indiantown. The residents of the lower end of Main street, with recollections of previous conflagrations in their mind, feel that they have cause to be a bit nervous about the prospect for an alarm bell, was able to announce that provision has been made for the cost of the bell in this year's estimate, and that it will be provided before long. The only cause for delay now is the selection of a site, and as soon as that can be settled, the sound of the fire bells will again re-echo in Indiantown.

To many people not only about the North End, but throughout the city as well, Marble Cove and Millidgeville are the centres of much interest these days, the quarters of the St. John Power Boat Club and Royal Kennebec Yacht club respectively. Owners of boats are busy with the brush and scraper getting them in trim for the season of "Happy Days," and already some of them have been put in the water, while several others are about ready. The boats are being given a new coating of red and are a touch here and there in improvement before they will slip from their moorings into the water. There is talk of additions to the fleets of both clubs.

The snug little harbor of the Power Club at Indiantown is being greatly improved for the opening. This will probably take place officially about May 24 in both clubs. A dredge has been at work cleaning the harbor so that it will be much wider, stretching more to the left and providing more accommodation for the rapidly increasing craft composing the club fleet. An improved scheme for the provision of berths has been also worked out, whereby the name of the boat or the owner will be inscribed on a pole at the head of each berth, and these will be scattered over the whole stretch of berths, which will be of convenience and attractiveness.

An engagement of interest to many friends in North End and the city is announced by Mr. and Mrs. S. L. Lyford, of Woodstock, parents of the bride, in the announcement of the marriage of their daughter, Miss Marie A. Lyford, to Edward J. Mahoney, of Calgary, Alta. The wedding will be early in June. Both young people are well known in this city and have many friends here who will wish them all happiness. Mr. Mahoney is a former North End boy who has been in the west for some time and has done well.

The run of gasperaux has fallen off somewhat within the last week in the harbor, and the men from along Strait Shore, with possibly one or two exceptions, who are deeply concerned in the fishing industry, have had little to reward their efforts. It has been a good season for the "gaspers," however, and up to date the catches have been very large, boat-loads of the fish being caught at each favorable tide. Slad have not yet commenced to run, but the men connected with the fishing industry about North End, say that there should be some coming almost any time now. A stray few have been caught in the nets, but the heavier arrivals will not commence for a fortnight or so.

This was a particularly busy week about North End with many people engaged in the process of moving. The number seemed to be greater than ever. A scarcity of houses is being felt in that section of the city, and it is realized by many that more should be erected, as the demand for them would have changed their residence this year about North End but for difficulty in procuring more suitable quarters.

Many new buildings have been erected within the last year or more, substantial structures of brick or wood, two and three stories in height, but these have been rented long before they were finished. Plans have been under way for the erection of new buildings, most of them owing to the action of the council in respect to the erection of three-story wooden dwellings. Several citizens were contemplating construction of one or more of these houses and are reluctant to change the plans so that only a two-story building would be put up. It is said that a petition against the movement will find support amongst property owners in North End.

Miss Daisy K. Gayton, of North End, has resigned her position as demonstrator with the St. John Street Railway Co. and will practise her profession of nursing. She is a graduate of a prominent American hospital. Her friends will wish her success.

The many friends of Mrs. Timothy Short were shocked to learn of her sudden death on last Wednesday and Mr. Short and his family have the sympathy of all in their sad bereavement. The Short family moved on April 30 from Harrison street to the corner of Victoria and Adelaide streets, and during the morning of the moving day, Mrs. Short was in good health and took an active part in the work of preparing the new home, but in the afternoon she became ill and passed away that night despite all efforts on the part of medical men who had been summoned. Mrs. Short, who besides her husband is

HE'S YOUNG AGAIN AT SIXTY-THREE

WHAT DODD'S KIDNEY PILLS DID FOR JOSEPH AYRE

Grand Old Man of Theford Tells Where and How He Found New Youth and Abundant Health

Theford, Ont., May 2.—(Special)—Sixty three years old but feeling like a young man, Joseph Ayre, a highly respected resident of this place gives all the credit for his splendid health to Dodd's Pills.

"Twenty-two years ago while working in the coal mines," Mr. Ayre states, "I caught cold working in water. Rheumatism set in my arms and back, and my kidneys got so bad that it was a trouble to go to work."

"The company's doctor could not do me any good and I was off work three or four days every month."

"Reading of cures by Dodd's Kidney Pills I decided to try them. By the time I had taken five boxes, I felt like a new man. I gained in weight twenty-six pounds and I could get up on the plate and nail rafters without getting dizzy."

"Now I feel like a young man. I can walk four miles an hour with my kit of tools on my back."

"I cannot recommend Dodd's Kidney Pills too highly. They are worth their weight in gold to me."

Keep the kidneys right with Dodd's Kidney Pills and the pure clear blood coursing through your veins will make you feel like a young man.

UP RIVER WEDDINGS.

THE STAGE AND ITS PEOPLE; MANY WELL REMEMBERED HERE

GERALDINE FARRAR SAYS SHE WILL BE MARRIED IN THE FALL

Opera Singers Away to Europe—Praise Won by Daughter of W. S. Harkins—Percy Haswell Given a Hearty Welcome in Baltimore

"Who's Who in Opera" constituted a large part of the passing list of the Kaiser Wilhelm II. sailing yesterday from New York for Bremen.

Geraldine Farrar, for the 50th time in her career, decided that she was going abroad to wed a count, duke or prince. In her career, Mary Garden and Caruso occupied the only three suites on the upper deck. Caruso had troubles with his baggage which prevented his seeing the steamer before 6 a. m. He had expected to get a night's sleep on board, but friends prevented.

Others among the opera folk making their annual flight to Europe were Directoress Gatti-Casazza, his wife, Mme. Francoise Alda, Pauline Grisi, American basso who is to sing for the German Emperor, Emmy Destinn, Fricka Hempel, Charles Balmores, Paul Boyes, Arioso Toccanti and Alfred Hertz.

Many Garden, radiant and slimmer than ever, left for the Highlands of Scotland and the bonnie glens of Paris. It was close to sailing when she boarded the Kaiser Wilhelm II and went to her stateroom.

Grace Goodall, a favorite in the days of Jelenka in this city, is playing next week at the Davidson Players in Columbus, Ohio. They opened there this week in "Get-Rich-Quick-Wallington."

Tom Harkin is organizing a summer vaudeville road show and will play a two weeks' tour of the White Mountains and the Adirondacks. There will be six well-known vaudeville acts, a light orchestra, and two special attractions.

Paul Gilmore is to have a new play, "The Man in the Moon," written by the author of "The Man in the Moon," which has been accepted by him for presentation next season. This is Mrs. Keightley's second play. Her first was "The Methods of Jefferson," which has been played for several years.

Gaby Deslys and Harry Pilcer will again "dance the London moon" this summer. She likes America better than England, but she believes in giving her public a vacation.

Irene Bordoni, a chic little French singer who appeared at the New York Winter Garden last winter, has written to the "Times" informing them of her success in a new production just staged in Paris in the Theatre des Capucines.

Virginia Earle, who originated the role of "Madame Scaramo" in the musical comedy "The Girl in the Red Velvet Gown," which was first produced at the Theatre, has been engaged to succeed Lina Cavalotti in the leading role of this piece now current at Weber and Fields 4th street Theatre, New York.

Alma Debrau, who played the leading ingenue role in "The Five Panicoles" at the 29th street Theatre, New York, has been engaged by the same theatre to continue under their direction.

Mr. Harkins' Daughter Concerning Miss Emily Stevens' playing in the new Shaw comedy "Man and Superman" in Chicago, opening this week, the critic writes: "Miss Stevens is excellent in her characterization of the heroine, and her dancing in spite of his evident and determined wish not to join the ranks of the beneficiaries of the 'Man and Superman' is a masterpiece of grace and beauty."

Miss Hill has had a new book written for her and left for next season entitled "Mitt and Jeff in Panama," by Bud Fisher and Owen Davis, with lyrics by D. B. Cobb and music by Leo Edwards.

Two former St. John players, Dustin Farnum and Wm. Farnum are playing in New York in the star revival of "Arizona," under the management of the Messrs. Shubert, Brady and Selwyn which opened this week for a special limited engagement at the Lyric Theatre. The production has been entirely rehearsed under the personal direction of Augustus Thomas, the author.

"Arizona" was first produced in Hamilton's Grand Opera House in Chicago some thirteen years ago, and then ran for an entire season at the Herald Square Theatre in New York. Since that time, its only New York presentation of consequence has been a revival at the Academy of Music, which, however, naturally did not compare in importance with the present undertaking.

If the revival of "Arizona" is received with the expected enthusiasm it is highly probable that, after the New York engagement the entire company will proceed to Chicago for a limited visit.

To the mayor's request that "The Playboys" should not be acted in Boston, Lady Gregory has acceded. This is her explanation: "We want to be at peace with our own people. We have never wanted to force 'The Playboys' on any one who disliked it, but many times it was demanded of us. This year that will not be so. The mayor of your city has done us a favor in asking that we omit the play. It makes it easy for us to avoid displeasing any one."

Seymour Hicks, the English George M. Cohan, has secured "Broadway Jones" and will play the title role in London. Eric Williams is to have his old part of the Frenchman in Frohman's coming revival of "The Amazons."

Miss Clara made her vaudeville debut in New York this week. Poor Longfellow! Arthur Hopkins has arranged with the poet's heirs to have "Evangelina" dramatized. Seventy-five persons are to portray the heroine's life in seven stages and Edna Goodrich, former Mrs. Nat Goodwin, is to portray the lady.

Pleasing, though not a second "Spring Maid," was New York's verdict on "The Purple Road," a new operatic romance which had its premiere there this week. Janet Beecher, who played the wife in "The Concert," enacted Empress Josephine.

Orrin Johnson will play in "The Money Moon," assisted by Miss Marguerite Lee, a sister of Miss Martha Hedman.

Percy Haswell Of a former St. John favorite, a Baltimore dramatic writer says: "In looking back over the last week one cannot refrain from voicing the opinions and sentiments of the hundreds of play-goers who flocked to the Academy and exclaim: 'Stars may come and stars may go, but there is none who can boast of a more devoted and loyal following than Percy Haswell.' This charming actress must truly have been deeply affected when on the opening night she found a capacity audience welcoming her back to her old home after years of absence. The sincerity and warmth of the welcome would have melted the heart of any actress with joy, and the mass of flowers which passed over the footlights gave further proof of the esteem and love in which she is held by Baltimoreans. She gave a charming and exquisitely finished performance last week in 'The Royal Family.'"

Hugh Dillman, lately seen in David Belasco's "The Woman and the Devil" at Bonstelle's stock, at Buffalo, was thrown from an auto recently and it compelled him to remain in Columbus, where he is the victim of a dislocated arm at the shoulder.

The Good Little Devil, after closing at the Belasco Republic Theatre, New York, will be put into the hands of moving picture photographers for two weeks. Ernest Grant, Mary Pickford, William Morris, Wilda Bennett, and the entire company will appear.

Bruce Harkins, a former Harkins player here, and now playing in Years of Discretion, will next season be starred in a comedy by Edgar Selwyn, under the management of Cohan and Harris. The other principal parts will be played by Virginia Pearson and the late Virginia O'Shea, like every prominent actor, is repeatedly asked to advise young actresses on the "going on" stage. If a girl comes to me with the usual question, 'Shall I go on the stage?' I always say, 'No, a thousand times no.' 'Why not?' 'Keep off the stage is my advice—and you will be a fool if you take it. In other words, I advise a man who is just whether or not she should enter the dramatic profession. Anybody who advises her to go on the stage is a fool.

E. H. Sothorn and Julia Marlowe are set to preparing a wordless performance of "Romeo and Juliet" which does not planned this innovation because they do not consider the lines of Shakespeare sufficient to carry the story.

The musical programme of the Panama-Pacific Exposition in charge as to the best method of obtaining an opera company to create properly the opening of the Panama Canal. When the Suez Canal was opened Verdi under contract wrote "Aida," which is the world's another lasting opera in connection with the exposition. Verdi's opera has been sold, and it is said is willing to undertake the task. It has been suggested that a competition should be held to select the best composers of the world.

HALIFAX YOUNG LADY MAKES SUCCESS IN NEW YORK THEATRICALS

The New York Dramatic Mirror publishes a portrait of Gladys Fairbanks, a Halifax young lady and plays a great tribute to her ability in a "character role" which is by far the most difficult to fill, and says her work in New York this winter as Jane in the Poor Little Rich Girl, has won her a national reputation in many of her parts.

Miss Fairbanks has played several engagements with stock companies in Philadelphia, Boston, Cleveland and Washington, the longest being spent at Syracuse, where her popularity exceeds all character work. She is one of the most versatile actresses in her own line of work and has a national reputation in many of her parts.

Many years of stock and Broadway experience, playing a long list of characters, have given Miss Fairbanks a finish in her work that is the envy of the younger generation. From her first entrance to her exit every detail has a finish that marks the master hand.

In old comedies Miss Fairbanks is particularly fascinating on account of the purity of the atmosphere surrounding her characters. The person represented seems to have stepped out of the book and on to the stage.

Miss Fairbanks, who is a daughter of the late Louis P. Fairbanks, was on a visit to Halifax last year.

COULDN'T SHARE THE TIME. An elderly pair were making their first visit to a New York playhouse.

"Well, Sarah," remarked the old gentleman, "I don't think you'd better be a Jew."

"Why, no, Hiram! The show ain't half over yet."

"Well, it says on this here programme that three days elapse between the first and second acts, and I'm darned if I want to set here that long."—Jude.

"MAKING UP" WITH FAMOUS STARS

BLANCHE BATES' LITTLE RABBIT-FOOT TELLS IDAH MCGLONE GIBSON THAT THIS HIGHLY-MISUNDERSTOOD PROCESS INVOLVES A LOT MORE THAN JUST PUTTING "A DAB O' POWDER" ON YOUR NOSE

By IDAH MCGLONE GIBSON

COSTLY FOR TREE

Sir Herbert Pays \$2,500 in Royalties; Play Fails

ONE OF ANOTHER KIND

Sir Squire Bancroft Still Making Money Out of Diplomacy, Which Cost Him \$8,500 Many Years Ago—The English Stage

(Times' Special Correspondence)

London, April 19.—Even royal good plays have little or no chance in London at the present moment and the houses that are enjoying good business can be numbered on the fingers of one arm.

The "Yellow Jacket," an over-acted man, who has been playing in London since he was a boy, has been playing in London since he was a boy.

Just then came Blanche Bates in a perfectly lovely dress of cream silk tulle combined with tan crepe de chine. A black hat with tan feathers, made the artist remark about becomingness and she started right in to draw her, but those feathers bobbed about so she talked a little more about her make-up.

"Well, I'm all made up, you see!" said Miss Bates, with a smile. "I don't know how I do it!" And she immediately began to frown with the barest of her face and her hair.

"Every actress makes up a little differently," she said. "I use a little more of this and a little less of that."

The editor of a London paper saw a good opportunity of manufacturing some copy at the expense of the brilliant Irishman. The editor had had a call from a minor poet, a south-country individual who, after working for years in a Cumberland pit, discovered suddenly that he had the knack of rhyme.

The miner presented himself at the stage door of the theatre and sent in his letter of introduction. Shaw soon made his appearance, a great tall lanky figure in tweeds, towering above the squat miners, who were seated in the front rows.

The idea that these failures have been due to the rivalry of the ragtime tunes may be put out of court at once. If the review took people away from anything, it would be from musical comedy, which appeals to the same public of more or less English blood. But all the musical comedies have been going as strongly as ever, if not more so.

Shaw and the Miner Poet Bernard Shaw was recently rehearsing one of his plays in a London theatre when

ferently for a different age and a different character," she said first. "In this we differ from the usual society woman, who always uses the coloring of her face and perfect innocence even after forty."

"The prima of 'The Witness for Defense,' in which I am playing now, is a woman of refinement, but she has lived through bitter experience. Her face must look like that of any other nice woman over thirty. Her cheeks and lips must not be too red, and her eyes must have the heaviness of unshed tears. There must be a slight droop to the features—red enough to suggest age, but certainly enough to intimate sorrow."

"Yes, any woman can do all this with a careful make-up, something that gives the face a certain character. I advise a man who is married to a clever woman to look a little off when they appear public and unhappy and seems about to collapse. She may be training for a trip to Palm Beach or it may be a diamond and emerald dinner ring she has just been sent on."

"Here is how I make up for a woman of thirty or so. First, I apply a very heavy cold cream to make a good ground work to build on. Then I use a little of the cream and brush it over my face. I use a little of the cream and brush it over my face. I use a little of the cream and brush it over my face."

She did not, however, have to make her mouth turn up at the corners, for Blanche Bates is always smiling when she is happiest. She seems to be the happiest actress in New York—and especially since she has married.

everything points to the contrary. There is, for instance, the really tremendous success of Forbes-Robertson's season at Drury Lane, where the "national theatre," usually empty at this time, is crowded every night to the doors to see acting of the highest and purest quality.

Then there is "Milestones," almost a "high-brow" play, yet still building up a record that only farce could touch in the old days. Among other sure and triumphant successes may be set down "Bought and Paid For" at the New, "The Headmaster" at the Playhouse, "General John Regan" at the Apollo, "The Schoolmistress" at the Vaudeville, and "The Great Adventure" at the Kingsway—all in their different ways thoroughly intelligent plays.

Several more recent productions, too, such as "Typhoon" at the Haymarket, are shaping to the same end. Not least, anyone who has seen the high popular-prize audience that delights nightly at the Lyceum in the Melville admirable "Nell Gwynne" melodrama, will hardly be talking of degeneracy in the dramatic enthusiasms of the sixpenny gallery.

On the other hand, there have been failures equally certain. In point of fact what has happened is simply that certain managers have produced poor plays—timid imitations of past successes, adaptations, prettily "safe" revivals, mild comedies, and one-part plays making no particularly strenuous call upon the nervous energy of the chief actor.

MORE POPULAR TABLOIDS

OPERA HOUSE NEXT WEEK

The engagement of the Knickerbocker Tabloid Musical Comedy Company beginning at the Opera House on Tuesday afternoon is certain to prove popular with amusement seekers. The opening performance will be a tabloid version of the well known musical comedy, The Princess of India. The company includes Miss Bertha Davis, prima donna; Cal Evans, comedian; George Sinclair, tenor, and others, to the number of eleven people. Afternoon, 10c; evening, 12c. 20c. 25c.

CAMERA ACTORS AND ACTRESSES IN JOLLY TIME AT SCREEN CLUB BALL

Bunny, Johnson, and Owen Moore and Mary Pickford and Many Others We Know Were There—Film Trouble Is Settled

The actors and actresses, who are seen on the screens of the various picture houses had a gay time last week at the Screen Club ball in New York. It was a delightfully successful event, and the following account taken from the New York Dramatic Mirror will be of interest to the many St. John admirers of those in attendance and taking a prominent part in the affair.

When the hands of the clock pointed to 2 a. m., and Bob Daly jumped to the stage in Terrace Garden, baton in hand, and ended the grand march by leading several thousand voices in singing "Members of the Screen Club, We're enthusiastic at the Screen Club ball in New York. It had been gathering force since 9 o'clock Saturday evening, when Ferguson's orchestra played the first of the dance numbers. With each succeeding number the crowd on the floor became larger and gayety increased proportionately. The grand march was brilliant, the singing of the club song was a stirring and patriotic call to a club that in eight months has become the great fraternal body of the motion-picture industry, but the climax in the excitement was yet to come.

King Baggot, holding a souvenir program in his hand, stood on the platform. "How much I bid for this auto-graph book?" he asked. Just to start things some said \$50. A moment later the bid was raised to \$100, then \$150 and \$200. Earl Laemmle entered into the game so did Frank Tichenor. F. J. Best, on behalf of The Dramatic Mirror, offered \$300, and Sigmund Lubin, standing well at the rear of the crowd, raised it to \$300. Fred Maca, president of the Photoplayers of Los Angeles, drew a round of applause when he bid \$300. At about this time Mr. Baggot took off his coat, the more readily to throw himself into the task of bringing up the price. G. O. Baumann, who occupied a box with his partners, Charles Kessel and Ad Kessel, made it \$500. Mr. Laemmle came back with another bid, and each advance was bettered until the programme went to Kessel and Baumann for \$1,000. The partners were applauded to the echo. They were led to the platform, and the next ten minutes were devoted to congratulatory speaking-making. These were high points in the Screen Club ball.

But to come to an ordered relation of facts. In the crowd, numbering approximately 4,000, were celebrities from all parts of the country, and representing every branch of the motion-picture industry. There were manufacturers, business representatives, directors, and players galore. Pretty actresses circulated through the rooms with bundles of programmes under their arms, and the salon wore large, ornate, and long white silk streamers dotted with stars were used liberally in decorating the boxes and ceiling, and suspended over one end of the room in green electric lights were the words "Screen Club."

The bulk of the crowd arrived to fill the dancing floor and boxes, occupying the tables in the grace adjoining the ball-room. President Baggot enroled himself on the side of Mayor Gaynor, and suggested from the platform that "we dance as our mothers used to dance." Most of those on the floor accepted the suggestion.

It was after 1:30 o'clock when the line President Baggot and Mary Pickford at the head, followed by John Bunny and Sigmund Lubin, each with a partner; Arthur V. Johnson and Lottie Briscoe, Mr. and Mrs. C. A. Willat, Mr. and Mrs. Billy Quirk, Alice Joyce and Tom Moore, Harold Shaw and Edna Flugrath, Mr. and Mrs. C. Jay Williams, James Kirkwood and Gertrude Robinson, William Shay and Jane Fearnly, Mr. and Mrs. J. E. Gerhart, Mr. and Mrs. William Bechtel, Bernhard Neumeier and Miss Allen, Mr. and Mrs. Jeff Johnson, Mr. and Mrs. Hopp Hadley, Herbert Prior and Mabel Trunnelle, Darwin Karr and Florence Binsley, Mr. and Mrs. Crane Wilbur, Mr. and Mrs. Paul Panzer, Mr. and Mrs. Charles Irving, Mr. and Mrs. Harry Benham, Mr. and Mrs. J. W. Cavanaugh, Howard Mitchell and Jennie Nelson.

Because of the fact that the fight had a tinge of local interest owing to its being waged in this city as well as in other centers where there were agencies for the respective companies, the news that the General Film Co. and the Kinograph Co. had declared a truce should be of interest to those who are supposed to be of the "film war" in this connection. The following is a list of the companies that were present:

There was also another fascinating drama entitled "The Fire of Vengeance" a story with an original turn of plot, the career of a successful artist who life-work is destroyed by a woman who had his spouse in marriage before of his love for another.

Comedy galore was furnished by "G. Carney and other Eassey comedians their fun-vehicle, "Alkali," "Ice's Mot Cycle," with a laugh at every twist the pedals. George Irving and the chestra added to the attractiveness of the programme.

The week-end performance at the Ge Theatre, opening yesterday, proved very entertaining for those who attended. The feature of chief interest was a Selig shot-Man and the Stage-Drivers," a third drama of daring and romance, with the chief company's most capable enacting the most important scenes from that western play. It was a story of absorbing interest, and was a masterpiece of dramatic art.

A GLANCE BACK AT THE SEASON

(From the New York Sun.) When the history of the present theatrical season comes to be written in connection with its predecessors there will be no detail of marked difference from former years. Never has taste in the matter of the new drama submitted to the public shown such marked variations. What New York has approved has altogether failed in certain cases to interest other cities. More striking, however, has been the approval elsewhere of plays to which our local players took but slight fancy. This difference in taste was most marked between the conservative ideas of the East and the more independent of the Middle West. Chicago and New York have altogether failed to agree as to the merits of the drama submitted for approval.

This divergence in opinion was noticeable chiefly in the matter of foreign drama. Both Hindle and the works of the so-called new playwrights. Perhaps this difference in taste is of advantage to the manager who must suit his wares to a mass market as far as little or no public patronage. The Drose, which was abandoned after two hearings in this city, is said to have found more favor in the western city. Ruth-

erford & Son highly praised for its artistic qualities, was so cruelly neglected by public that even the smallest theatre in New York was but sparingly filled during its performances. That powerful study a disagreeable English problem did r from so far west as Chicago, so the universal metropolitan patronage was r to be noticed in this case.

But there was sufficient public for two other metropolitan failures to in their notable among the during success of the theatrical year in Chicago, must mean that there is in the demand for plays of character and tem apart from their quality first a matic products and secondly as nfrance entertainment. Or it may be that theatre-goers of the west have had the entertainment is of a character different from that required here. At all events the theatre-goers of the west have had a disposition to welcome with greater ability than those who live in New York the works of the so-called new playwrights. Perhaps this difference in taste is of advantage to the manager who must suit his wares to a mass market as far as little or no public patronage. The Drose, which was abandoned after two hearings in this city, is said to have found more favor in the western city. Ruth-

CANADA'S HIGH COMMISSIONER Sketch of Lord Strathcona and Remarkable Life of Remarkable Man

(London Daily News) If your memory of life in these days to the great public dinners and functions of the London season there is one figure that will be remembered by you...

LORD STRATHCONA

few score. Today Fort Garry is the great city of Winnipeg, the centre of the chief agricultural industry in the world.

that railway would not have been constructed. It is true that it would not have been constructed then and perhaps, ultimately, it would have been well for Canada if it had not been constructed.

'SALADA' On a Packet of Tea means Freshness Purity Exquisite Aroma Delightful Flavour Try a Packet and make the test.

ONTARIO CANDIDATE

R. M. Haselwood, Liberal candidate for the House of Commons in North Wellington.

ALLIANCE WITH UNITED STATES IS SUGGESTED

Canadian Courier Says Canada Should Have Working Arrangement for Joint Defence of Pacific Against Asiatic Invasion

A rather startling suggestion appears in the current Canadian Courier (May 3) to the effect that Canada should make a working arrangement with the United States for a joint defence of the Pacific Coast of the continent in case of Asiatic invasion.

ANCIENT BEDS In ancient times the beds were made of simple rugs, skins, or thin mattresses which could be rolled up and carried away in the morning.

DANDRUFF AND FALLING HAIR CAN BE STOPPED WITH HERPICIDE

Every woman who is obliged to wear false hair, or man a toupee, feels that it is a misfortune. What makes the burden so doubly hard to bear is the knowledge that the loss of natural hair could, in most instances, have been easily avoided.

Pacific, then let us make an arrangement with the United States. When the Panama Canal is opened the United States will be the strongest guardian of the Pacific coast of North America.

Germany's lead in appointing women as governors of women's prisons has been followed by Switzerland.

ENJOYS FISHING AND SHOOTING AFTER BEING INVALID IN BED

GIN PILLS Brought Strength Back Again To New Brunswick Sportsman.

Kidney and Bladder trouble may quickly bring you to the sad state Alex. W. Stevenson was in. He was an invalid using a crutch and came for treatment to the doctor who had found relief in GIN PILLS.

For two years I was an invalid, incapable of work for any kind, sixteen months of this time I was unable to move without the assistance of a crutch and a cane.

Plans of Long Ago

And in the track of the exiles of the eighteenth century followed the adventures of the nineteenth. One day, seventy-five years ago, about the time when the girl Queen, Victoria, was being crowned in the Abbey, there reached Labrador, to take up duties under the Hudson Bay Company, a lad from Forres, in Morayshire—his name Donald Alexander Smith.

PIES

Do not suffer another day with indigestion, flatulence, or any of the ailments of the stomach.

RECORD OF A GREAT MEDICINE

Doctors Could Not Help Mrs. Templeton—Regained Health through Lydia E. Pinkham's Compound.

Hooper, Nebraska.—"I am very glad to tell you Lydia E. Pinkham's Vegetable Compound has helped me. For five years I suffered from female troubles so I was scarcely able to do my work.

The Pinkham record is a proud and peerless one. It is a record of constant victory over the obstinate foe of woman—ills that deal out despair.

Frugal and Generous

In this mighty transformation no single influence has played so great a part as Lord Strathcona. Canada would have developed without him, of course. But it would not have developed in the manner or in the same direction. He brought to it at a critical time a constancy of purpose and a steady faith and energy of which the world has few examples.

Consistency and Courage

This consistency extends to his personal associations. When John J. Hill, who is now one of the great railroad kings of America, made his trip to the St. Paul and Pacific Railway it was Donald Smith's financial help that made it possible.

A Smiles Hero

It will be seen that his character is of rare simplicity of thought and motive.

Over 20 Years' Established Reputation. Heave's Food FOR INFANTS

When prepared according to the directions given, forms:

A complete diet for the infant, easily digestible, health-giving, strength-giving, teaching consequently promotes the healthy sleep and contentment of the baby.

SMART AMERICAN STYLES AT ENGLISH PRICES FIT AND QUALITY GUARANTEED

REGO CLOTHIERS HIS HOUSE—The Rego Clothiers—is an old English firm with large shops and branch stores all over England. In a country where wages and labor are cheap, and clothing is sold at what appears to Canadians, ridiculously low prices.

OUR CUT PLUG 'Master Mason'

is cut from our original 'American Navy' Plug. A cool and most fragrant smoke. Made from the finest selected American leaf tobacco. SOLD BY ALL DEALERS. Manufactured by ROCK CITY TOBACCO CO., QUEBEC.

THE INVASION OF EUROPE BEGINS

(Continued from page 12). Beginning his speech with "Comrades," Mr. Wedgwood began to unfold "The Road to Freedom." He promised that the Englishman was not free, and expressed pleasure that he was addressing people to whom freedom was more than comfort or security.

The wealthy politician then spoke with pleasure of the bids that were being made for freedom, evidenced by the anti-militarist spirit which he had detected in France, Spain and Austria. These people, he said, were losing their faith in the state, and realizing "that freedom was the one thing worth fighting for."

LUSTROUS HAIR FOR WOMEN

Parisian Sage Starts Hair Growing And Increases Its Abundance. No Poisonous Sugar of Lead or Sulphur in Delightful, Refreshing Parisian Sage.

If you haven't enjoyed the marvelous benefits derived from using refreshing PARISIAN Sage, the modern hair grower, beautifier and dandruff remedy, you have missed a real treat. Every woman should use PARISIAN Sage not only to banish dandruff and other hair troubles, but to prevent falling hair, baldness, grayness, and faded hair.

The Army of Constipation

Is Growing Smaller Every Day. CARTER'S LITTLE LIVER PILLS are responsible—they are only give relief—they permanently cure Constipation. 25¢. How use them for Biliousness, Indigestion, Sick Headache, Colic, etc. SMALL PILL, SMALL DOSE, SMALL PRICE. Genuine must bear Signature.

to 1901, both for the Nizam's government and the British government. He had seen vivisection in three laboratories in Scotland and England, and in his opinion two out of the three were attended with pain. He had seen an experiment performed on an animal for tracheotomy in a cruel manner and before the animal had commenced its work. He did not think that morphia was a proper anesthetic for animals.

RENDS GO UP IN THE AIR IN PARIS

(Continued from page 12). That there are 1,600 vacancies for lieutenants, "chefs de sections," and there are numerous vacancies in the ranks of the re-enlisted non-commissioned officers in more than eighty regiments of infantry. The number of young aspirants in the military schools is diminishing at an alarming rate. In 1903 there were 1,543 candidates for the examination at St. Cyr. In 1912 there were only 800, which shows a falling off of nearly 700 candidates.

At St. Maixent the falling-off in the candidates has been still more remarkable during the last ten years. In 1903 there had been 732 candidates; in 1912 there were only 378. And yet the number of applicants admitted was 240 in 1903 and 250 in 1912, which again raises the query whether the conditions for admission had not been considerably relaxed. In fact, it has been pointed out that in 1912 several candidates had to be received at St. Cyr whose average at the examinations did not exceed seven. Last year the number of vacancies offered to non-commissioned officers at St. Maixent for the colonial army was forty-five, and yet only fifteen candidates presented themselves. Several expedients had to be resorted to in order to fill these vacancies.

Dogs on the Battlefield. The utilization of dogs for the discovery of wounded on the battlefield has now definitely passed the experimental stage in France. The minister of war has, in view of the satisfactory results obtained chiefly during the manoeuvres, decided that the field hospital dog shall figure on the mobilization rolls. Training kennels have been established at Fontainebleau, and in time of war each group of stretcher-bearers will have the services of from four to six dogs. Animals belonging to private individuals, as well as to societies, for the aid of the wounded, are liable to requisition on mobilization. The demand for the field dog on the regimental kitchen is established at one penny per diem.

They Denounce Government. London, May 2.—At an actresses franchise league meeting tonight in Drury Lane Theatre, Mrs. Carrie Chapman Catt, of New York, president of the International Woman Suffrage Alliance, delivered the first speech she had made since her arrival in England.

Mrs. Catt said that during the three days she had been in London, which she had devoted to attending suffrage meetings, she had heard more complaints against the British government than she had heard against the American government during her whole life. And Mrs. Catt heard a lot more of complaints during the course of the night's meeting, for every speaker denounced the British government and in addition resolutions strongly condemning the government for not bringing in a bill enfranchising women were adopted with enthusiasm.

To Take Strike Votes. New York, May 2.—A strike vote of the 100,000 conductors and trainmen on railroads in eastern territory was ordered tonight by the men's representatives who have been in conference with the railroad managers over demand for increased wages recently submitted by the employes. The roads yesterday denied the men's demands and today refused a proposition to submit the dispute to arbitration.

CARLETON PLAYGROUNDS

Very gratifying reports were submitted at the meeting of the executive of the Playgrounds Association last evening. Walter C. Allison was in the chair and others present were Mrs. E. A. Smith, Miss Grace Leavitt, Dr. Margaret Parks, R. J. Walsh, R. E. Walker and A. M. Belding. The committee on the West End playgrounds reported that the city council would grant use of the portion of Market square asked for as a playground, and also the use of a large room and a smaller one in the city hall building. Commissioners Agar and McLellan, whose departments are concerned in the matter, will co-operate heartily, and the whole council is in hearty sympathy.

The report was adopted and the committee on the equipment of the Alexandra and Bentley street playgrounds was authorized to deal also with the West End grounds. This playground will be graded properly and permanent apparatus. Commissioner McLellan will have some needed repairs made to the city hall building, and Mr. Brittain, the caretaker, will have a little flower garden planted on either side of the entrance from the playgrounds.

Mr. Allison reported that the committee had decided upon the apparatus for the three new playgrounds and were in correspondence with the manufacturer relative to portions to be made in Toronto. He also reported that he had visited Rockwood playgrounds with two engineers, who would prepare alternative estimates on drainage, etc., so that a portion of the field could be made available for play and for the intercollegiate sports next summer.

Mrs. Smith was appointed a committee on books relating to playground work for the benefit of teachers. The question of music for the playgrounds was also discussed, and other matters relating to the summer's work.

Is Health Only a Game of Chance?

If you are accustomed to look on health as a gamble you will probably prove a loser early in the game. Some may hold on to health and life for considerable time and defy the laws of nature, but there are many rules of the game which are conducive to health and long life. Take nervous diseases for example. There are many symptoms to warn one of the approach of nervous exhaustion long before there is danger of locomotor ataxia or some dreadful form of paralysis. But they seem such little things that these danger signals is not taken notice of.

Dr. Chase's Nerve Food

50 cents a box, 6 for \$2.50, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Sleeplessness, headache, indigestion, irritability, loss of vigor and energy, discouragement and despondency, all point to low vitality and exhausted nerves. Dr. Chase's Nerve Food has been wonderfully successful in the cure of nervous diseases of a serious nature, such as prostration, locomotor ataxia and partial paralysis, but persistent treatment and considerable patience are necessary.

On this account we prefer to think of Dr. Chase's Nerve Food as a preventive treatment, which overcomes these symptoms by rebuilding the feeble, wasted nerve cells and restoring vigor to mind and body.

Agricultural Picnic

St. Stephen, N. B., May 2.—(Special)—A special train bringing about four hundred excursionists from Aroostook Junction and intermediate points along the C. P. R. arrived here today about noon. This afternoon an agricultural picnic was held on the Dominion Fertilizer Company's grounds which was attended by the visitors and many of the farmers from the surrounding country. Interesting addresses were delivered by J. B. Daggett, secretary for agriculture; Andrew Elliot, seed and soil specialist; H. B. Durost, fertilizer, drainage and bee specialist; Mr. Mitchell, of The Dominion Fertilizer Company; G. W. Ganong and Attorney-General Grimmer. The men were invited to visit the Fertilizer Company's works and witness the manufacture of their products.

The visiting women and the members of the women's institutes in this section were then addressed by Miss Daisy Harrison, superintendent of women's institutes in New Brunswick.

The Milltown band furnished music during the day and presented a fine appearance in their new uniforms. Free lunch was served on the grounds by the company and a free round trip on the electric street railway to the visitors. Many of the excursionists took occasion to visit several of the manufacturing establishments in town.

Mr. Peacock, superintendent of manual training for New Brunswick, addressed a joint meeting of the trustees and teachers of this town and Milltown in the Marks street school building this afternoon on the introduction of work in the primary and intermediate grades along manual training and domestic science lines. A resolution was adopted endorsing the scheme suggested by Mr. Peacock and favoring the introduction of the work in the schools early next school year.

On the shady side of 140 Pounds. If your weight exceeds 140 lbs. the tell-tale scale urges the wearing of the La Diva No. 809 corset known as the "NU MODE" sustaining.

This corset not only improves the appearance by reducing the abdomen by as much as six inches, while helping a graceful and erect figure, but it gives great comfort either sitting or standing—freedom from pressures which soon turn to pain—freedom from breaking over the hips—these qualities being assured by their patented construction. Its price is only \$4.00.

Many imported so-called reducing corsets, which on account of customs duties are sold at from \$1.00 to \$3.00 more than the NU MODE are neither as comfortable nor as stylish. There is a D. & A. or a La Diva model for every figure. Our catalogue, sent free on request, will help you to choose the best for yours.

DOMINION CORSET CO. QUEBEC.

Forty years in use, twenty years the standard, prescribed and recommended by physicians. For women's ailments, Dr. Martel's Female Pills, at your druggist.

PATENTS. PIGEON, PIGEON & DAVIS. 71 ST. JAMES ST. TORONTO.

Burdock Blood Bitters IS THE BEST SPRING MEDICINE. It will cleanse the blood of all the poisonous and waste matter accumulated in the system during the long winter months. It has been used by thousands every spring for over thirty-five years, and has never failed to give satisfaction.

Skinner's Carpet Rooms. SPRING STOCK COMPLETE IN ALL DEPARTMENTS. 100 designs in Tapestry Squares. 200 designs in Brussell's Squares. 500 designs in Axminster and Wilton Squares. Axminster Carpets in Hall designs with 3-4 and 4-4 Stairs to match. INLAID LINOLEUM, all new designs, from 90c. to \$1.40. PRINTED LINOLEUMS, in all qualities, from 40c. to 85c. SKINNER, 58 KING STREET

PERSONAL AND SOCIAL NEWS OF THE WEEK IN ST. JOHN

A large number of delegates to the Women's Auxiliary arrived in St. John this week to be present at the series of meetings held in Trinity church school room. Many of the delegates are being entertained by friends in the city. Altogether this has been a particularly busy week. Those who were not attending meetings or providing hospitality were perhaps engaged in the pursuit of that cleanliness which is next to Godliness. That spring shopping season the attention of many others may be easily seen in the crowded condition of our principal streets on fine days. Another sign of spring (besides the crocuses and the moving team which may be heard both by day and night. There are "moving pictures" - out side of theatres.

tained at luncheon for Miss Purvis on Friday. Mrs. Lockhart, who has been visiting Mrs. Lawrence MacLaren, sailed for England on the Empress on Thursday.

Mrs. William Corfield entertained at bridge for Miss Lockhart on Tuesday evening.

Mr. Sydney Jones and Mr. George Rowe, of Bangor, were in the city this week.

Mr. Don Skinner has returned from McGill to spend the summer with his parents, Mr. and Mrs. A. O. Skinner.

Mrs. H. A. Powell left for Montreal on Thursday to attend the meetings of the Women's Council.

Mrs. J. Douglas Hazen and Miss Hazen returned yesterday from Ottawa.

Mrs. John Crawford and Miss Edna Crawford, of Lakeside, are guests of Mrs. Alfred Morrison, Hazen street.

Miss Stella Sherman is visiting Miss McMillan this week.

Miss Barlow has purchased a beautiful residence, Ashcroft, at Hantsport (N. S.), where she will reside in future. Miss Barlow spent a few days in town this week.

Miss King, of Chipman, is visiting Mrs. F. G. Goodspeed, Rockland road. Mrs. Goodspeed entertained informally at a sewing party on Thursday afternoon.

Mr. and Mrs. W. A. Harrison moved to Robbsey on Thursday and Mr. S. S. Hall and family on Friday. Mr. George S. Bishop moved to his summer home at Fall Vale last week.

Mrs. James Cowan, Carleton, entertained at auction bridge on Friday afternoon.

Senator and Mrs. Ellis left for Ottawa on Sunday evening.

The High School Alumnae gave a very enjoyable party on Thursday evening. The guests came representing "Plays." Two of the most successful comedies were Miss Baird, as A Comedy of Errors, and Miss Val. Fenton, who made a most attractive Merry Widow. There was quite a bouquet of "Red Roses." Mrs. Lawrence Chapman, who made a most attractive and reception for the delegates and their hostesses. A short musical programme was provided and refreshments were served.

The marriage of Miss Gladys Travis Climo, daughter of Mr. and Mrs. Harold Climo, to Charles Stuart Lea, of Moncton, took place in St. John's Roman church, Tuesday morning. The ceremony was performed by the Rev. G. A. Kubring. Only immediate friends and relatives were present. The bride, who was given away by her father, wore a tailor made suit of grey and black with cap. The bridemaid, Miss Ermesine Climo, wore a navy blue suit. Mr. Frank Tingley was best man and the ushers were Messrs. Jack Morrison and Gilbert Climo. The groom's present to the bride was a gold bracelet and to the bridemaid a cameo ring. Presents to the groomsmen were pearl tips and the ushers received pearl scarves. Mr. and Mrs. Lea left for Moncton, where they will reside on their return from a trip to New Brunswick towns.

Mrs. Thos. F. Raymond has moved from Peters street to No. 169 Queen street.

Mrs. Ira Cornwall arrived in St. John from Windsor on Wednesday.

Mr. and Mrs. H. E. Timmerman are in town this week staying at the Royal.

Mr. Chipman Skinner arrived home from Boston on Tuesday and will be the guest of Lady Tilley for a few days.

A gathering of the St. John members of the Alumnae of U. N. B. was held at the home of Mrs. C. McE. Stevens, King street east, on Saturday evening. Among those present were Mrs. Grace Frenning, Mrs. A. Paris, Miss Barbara Dobson, Miss B. Welling (Andover), Miss C. Hay, Mrs. H. S. Day (Edmonton), Miss Dunlop and Miss Hart. Much enthusiasm for the development of this as yet young society was displayed.

Mr. and Mrs. C. J. Osmen, of Hillsboro, were in St. John this week staying at the Royal.

The following ladies left on Wednesday evening for Montreal to attend the meetings of the National Council of Women, which opens May 1 continuing until May 9: Mrs. D. P. Chisholm, Mrs. David McLellan, Mrs. James H. Doody, Mrs. Warwick and Mrs. Robert Thomson, who is to represent Mrs. C. H. Bullock, president of the St. John branch, left on Thursday evening. A number of important subjects will be discussed and the committee at Montreal have made arrangements for various forms of social entertainment also. It is a gathering of prominent women from all over Canada.

St. John had a distinguished visitor in the person of the Right Hon. Sir Charles Tupper, who arrived in St. John Wednesday evening. He was accompanied by his nephew, C. T. Hillson, and Mrs. Hillson, of Amherst. He made a short speech at the Canadian Club on Wednesday evening and was received with much enthusiasm. Thursday morning he held an informal reception at the Royal, where many of his friends and admirers called upon him, among others a deputation from the new Canadian Club, including Lady Tilley, the hon. president; Mrs. E. Albertson Smith, the president; Mrs. Frank and Mrs. H. A. Powell. On board the Congress of Ireland Sir Charles was presented with a beautiful enamelled basket filled with Cornaught and Richmond roses bordered with impionette with a silk Canadian flag on the enamel-wound handle. It was sent by the Women's Club and personally presented by Mrs. William Downie. The card accompanying the bouquet bore with it: Greetings to the aged chief and best wishes for years of happiness and "bon voyage." A personal note was received by the president of the club telling of Sir Charles' deep pleasure and appreciation and wishing the club success and happiness.

Mr. and Mrs. Harold Ellis returned from Old Point Comfort, Virginia, on Thursday and are at the Kennedy House, Robbsey, for a few weeks, going to the cottage in the Park which they have taken for the summer.

Mrs. Percy Donville, of Hamilton (Ont.), who has been visiting her brother at Woodstock (N. B.), arrived in St. John on Thursday to visit her father, Mr. W. M. Jarvis.

Miss Lillie Raymond, who has been for some weeks in Boston, returned home on Wednesday.

Mr. and Mrs. Arthur Corfield, Waterloo street, are receiving congratulations on the birth of a son.

Mrs. Bates, Newcastle, is the guest of Mrs. George F. Smith.

Mrs. Davidson Grimmer, of St. Andrews, is the guest of Mrs. Legh Harrison.

Miss Lea Purvis, of St. Stephen, is visiting Miss Scaunce. Mrs. E. A. Smith accompanied.

PLEASE PUBLISH MY TESTIMONIAL

So Other Sufferers Will Take "Fruit-a-tives" and Be Cured

MADAME VALERE LANGLOIS

Gratitude—heartfelt gratitude—prompted the letter. Madame Langlois was so thankful to "Fruit-a-tives" for restoring her to health and strength, that she gladly allowed her letter to be published. "I cannot praise "Fruit-a-tives" enough." "I have pleasure in stating that I have been cured of severe Dyspepsia and Chronic Constipation by using "Fruit-a-tives." I was a terrible sufferer from severe Constipation for many years, and I tried every remedy I heard of, and also was treated by physicians without any permanent benefit. Then I tried "Fruit-a-tives" and this fruit medicine has completely cured both the Constipation and Indigestion. I cannot praise "Fruit-a-tives" enough. MADAME VALERE LANGLOIS, 50c. a box for \$2.50—trial size 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives, Limited, Ottawa.

AN OLD PROVERB. Where the sun does not enter the doctor must. It is an old proverb of the Flower Kingdom. Sunshine gives life and color to the flower; it does the same to the flower of womanhood. A beauty "don't" is to never fail to expose the skin to the air at least once every day; this makes the flesh firm, and the firmer and harder the more perfect the skin. Don't neglect the bath daily if you want a radiant complexion; nothing so perfects the whole body as the thorough cleansing every day with soap and soft water.

CONGRATULATIONS TO MR. AND MRS. L. W. SIMS. Prince William Street, on the birth of a daughter.

Mr. and Mrs. William Downie expect to leave next week for a trip across the continent to Vancouver.

Mr. and Mrs. Walter Foster and family expect to spend the summer at the Inn, St. Andrews-by-the-Sea.

Mr. Morris Haupman Emery gave a most enjoyable musical at the home of Mrs. Henry S. Culver on Thursday evening. The programme was one of unusual interest, and was rendered with extreme musical taste and ability. Mr. Emery was at his best and with the aid of a beautiful Steinway Grand, delighted the few favored guests. The unique costumes worn by Mr. Emery was of white serge and silk, and showed him to be independent and willing to sacrifice form for comfort. A dainty supper was served. Mr. Emery's guests were Mr. and Mrs. R. A. Armstrong, Dr. and Mrs. Spangler, Mr. and Mrs. Gertz and Miss Gertz, Mrs. Scovill, Mr. and Mrs. McCallish, Mrs. Emery, Miss Gillis, Miss Blaisdell, Messrs. F. Burke, W. G. Thomson, T. C. Thomson and Mr. Fox.

Dr. Spangler returned last week from St. Louis. Mr. and Mrs. Springer, of St. Louis, are visiting Dr. and Mrs. Spangler.

Mr. and Mrs. John S. Knight, of Douglas avenue, announce the engagement of their daughter Margaret Denis, to Mr. George Albert Clark. The wedding is to take place in June.

FARMERS' CO-OPERATION

(Los Angeles Times)

The farmers—east, west and south—are protesting against the large profits taken by the middlemen, and are offering resistance to a continuance of their exactions through an organization recently formed called "the National Conference in Marketing and Farm Credits." It came into being "because heads of farm granges, farm experts and growers who had invested in lands alleged that their products were going to waste, while the cost of living went up."

The members of the Massachusetts Homestead commission said:—"Potatoes we raise on truck farms in Cummington, Mass., were left to spoil in the fields in Worthington, a town near Cummington, they sell for \$1.50 a bushel. There seems to be need for co-operation between east and west."

Between "spoiling in the fields" and \$1.50 a bushel there would seem to be a gap that in some way ought to be filled. Reference was made by the Illinois delegates to the fact that Chicago housekeepers paid 12 cents a head for cabbages for which the commission merchants paid only \$1.50 to \$2 a crate. The farmers left their cabbage crops in the field as not worth harvesting, and farmers, truck growers and agricultural experts from 30 states want to know why this is so. "The railroads aren't getting the money," said Delegate Kene. "The farmer isn't. The consumer isn't getting the goods cheaply. Where does the money go? To the middlemen."

The grievances of the Texas farmers are even greater than those of Massachusetts.

They want to know why they only get 30 cents for potatoes for which the consumer pays 75 cents to \$1. The president of the University of Texas wrote that at Laredo, in the Texas onion district, onions were sold for 2 cents a pound, and next morning in the market at Austin they were 15 cents a pound. The producer received only 13 per cent. of the final selling price, while 87 per cent. was divided among the railroads and the sellers. The difference between \$1.14 a bushel paid to the grower of onions and \$7.50 a bushel paid by the onion eaters does seem unnecessarily great. The farmers are not without remedy. Co-operation among a dozen or more farmers with a produce store in a nearby town, in charge of an honest agent, might give the farmers more for their produce and bring a bunch of celery and a peck of turnips within reach of the humblest household.

HAIR TURNING GRAY OR FALLING? JUST MIX SAGE TEA AND SULPHUR

It's Grandmother's Recipe for Dandruff and Restoring Color to Hair

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair, when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product—called "Wyleth's Sage and Sulphur Hair Remedy"—you will get a large bottle for about 50 cents. Some druggists make their own, but it's usually too sticky, so insist upon getting "Wyleth's" which can be depended upon to restore natural color and beauty to the hair and is the best remedy for dandruff, dry, feverish, itchy scalp and to stop falling hair. Folks like "Wyleth's Sage and Sulphur" because no one can positively tell that you darkened your hair, as it does it so naturally and evenly, says a well-known down-town druggist. You dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. This requires but a few moments, by morning the gray hair disappears and after another application or two is restored to its natural color and looks even more beautiful and glossy than even. Agents—Wason's 3 Drug stores, King street, Main street and Haymarket square.

HELP YOURSELF TO A \$4.00 DICTIONARY

Please don't consider this a book made up to give as a premium. It isn't. If a book store sold it to you for \$5 you would be more than satisfied. It is the equal of any \$5 dictionary, but an immense production guaranteed by a combination of leading newspapers makes it possible to retail it as a \$4 book, believing that its rare educational features will fully repay us for placing it in the hands of our appreciative readers.

The Great Spring Tonic and Body Builder

Duffy's Pure Malt Whiskey

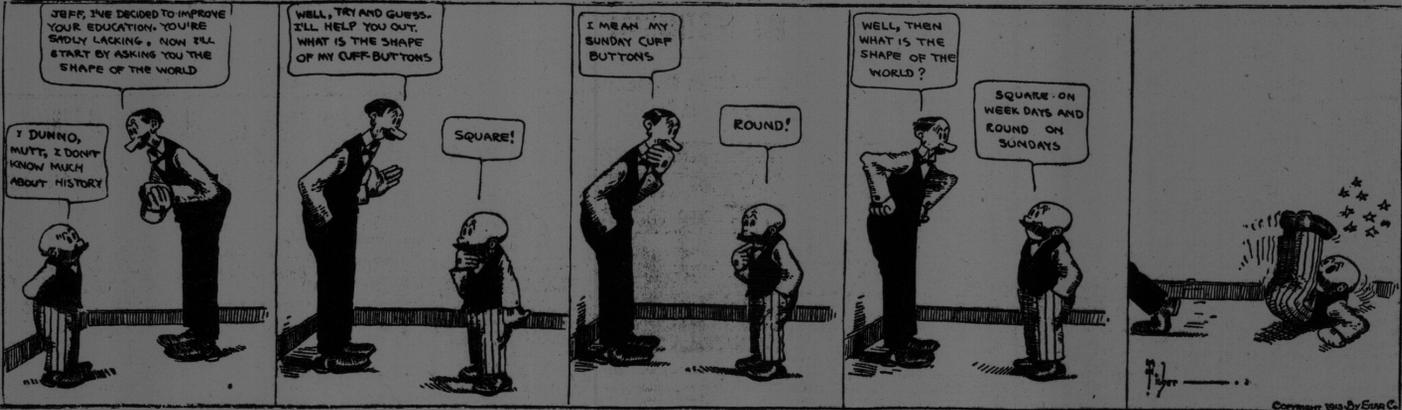

is an absolutely pure distillation of malted grain, and as none but sound, clean grain can be malted, it is made from the most carefully selected grains. It is a predigested liquid food in the form of a medicinal whiskey; its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach. It is a gentle, invigorating stimulant and tonic that influences for good every important organ of the body. It is a remedy that should be in every family medicine chest. It is especially valuable for use at this time because it so aids digestion that it enables you to get from the food you eat all the nourishment it contains, thus enriching the blood and rebuilding the system that has become run down and weakened from the long strain of winter.

BE SURE YOU GET DUFFY'S Sold by druggists, dealers in food and LIQUOR BOTTLES ONLY. Get the genuine and be sure you get the cork is unbroken. If you can't procure it, let us know and we will tell you how. Write for free doctor's advice and book of recipes for tableland and room. The Duffy Malt Whiskey Co., Rochester, N. Y.

SPORT NEWS OF A DAY; HOME AND ABROAD

THE TURF

Local Notes. Ira Peavy, of Fredericton, has purchased from Augustus, Mr. parties Earl King, 2774, which he will move into training quarters in a few days along with the rest of his string. Prince Aldine, 2154; Roland Leslie, 2194; Dr. Bingen, 2234; and Mapleleaf, 2344.

BOWLING

On Black's Alley. In the two-men tournament on Black's alleys last night, J. Hurley and Cogrove won from Black and Gilmour, five points to one. The score was as follows: J. Hurley... 92 84 90 83 115 864 9243 Cogrove... 85 94 85 91 78 643 8833

BASEBALL

The Expert. He's a reasonable fellow, there's no doubt, he admits a lawyer knows more law than he; And he says a plumber knows what he's about; And a sailor knows the foibles of the sea; He will take the doctor's verdict on his case; And follow his instructions right along; But whenever it is close at second base He promptly tells the umpire that he's wrong!

McCarty Has Best Claim on the Heavy Weight Title

By TOM ANDREWS

Since his return from Europe Al Palzer, a big Iowa farm boy who was pushed to the front as a white hope by the veteran, Tom O'Rourke, has been saying that he is as much entitled to the heavyweight championship as any one else. Al was matched to meet Jack Johnson in Paris on June 26, but from reports received here I am convinced that the match is off for some time to come, if not for good.

The fact remains that Palzer has no right to claim any title until he can wipe out his decisive defeat at the hands of Lather McCarty. The latter is the man who is now recognized as the real champion of America, having won his title in the elimination tourneys he entered, and by defeating the best of the aspirants at the time—Al Kaufman, Jim Flynn and Al Palzer—in battles over the twenty round route, but which never went the full distance. Jess Willard and Gusman Smith have appeared on the horizon as worthy contenders, but they will have to fight it out between them or take their turns at meeting McCarty. Palzer cannot get into the running for the title again until he beats one of the two big fellows now to the front—Willard and Smith. If Al can whip one of these men, or both, he will have a right to demand another match with Lather McCarty for the championship.

Smith's quick defeat of Bombardier Wells has given the same man a strong boost and he deserves it, but at the same time the chances are that McCarty would have beaten the Britisher just as quickly, and the one mistake he made, or rather his manager, Billy McCorney, was in not taking the Wells match after Smith grabbed it. Another hope who appears to be coming back after a defeat at the hands of Gunboat Smith is George Rodol, the Boer champion, who seems to be getting better with each fight and who appears to have considerable class. He will have to run the gauntlet, however, before he can hope to grab the title. At present there are more promising heavyweight fighters than we have had for years and the indications are that Jack Johnson does not have the easy time running through the list now that he had previously. And besides the big colored champion is getting to the point where Jim Jeffries was when he lost to Johnson through lack of condition. Johnson has been living a life of ease for some time now without training, and if he should fight again he would find it a very different proposition than when he met Jeffries. And if the color man should want a crack at McCarty it is only too willing to accommodate him. Things have surely changed in the ten months!

A SCHOOL BOY BREAKS WORLD'S RUNNING RECORD

State College, Pa., May 3—A world's sprinting record was smashed at the inter-school track meet here yesterday by Robinson, a speedy school boy from Mercersburg Academy. In the first heat of the 100 yards dash, his time was 9.54 seconds, equaling the world's record for the distance in any kind of competition. In the final heat he ran in 9.45 seconds, equaling the world's record for the distance. His most remarkable performance, however, was in the 220 yard dash, when the stopwatch caught his time at 20.45 seconds, two-fifths of a second faster than any previous record.

The track was carefully surveyed after the race and found to be the full length. These athletes were born on October 25, 1898. Joe Wood the Red Sox pitcher joined his present team in July 1906, being then less than sixteen years of age, and was a success from the start. He stands nearly six feet in height and weighs 175 pounds. He has blinding speed and control and is excellent, a cool, level-headed pitcher. He is also a hard hitter. In 1912 he performed the wonderful feat of equaling the American League record for consecutive victories setting the figure at sixteen. Ten men played for each club in 1875. Curve pitching was first used in 1887 by W. A. Cummings.

Chicago, May 3—Manager Joe Tinker of the Cincinnati team has signed John Kling, a catcher, who will report for duty at Cincinnati next Sunday. In exchange for Kling's release Tinker gives C. McDonald, an infielder, and a cash consideration to Boston. The size of the cash bonus was not announced, nor was the salary Kling is to receive made public. Kling, who for years stood among the catching stars of other big leagues, was a team-mate of Tinker when both played with the Chicago Cubs.

Washington, May 3—Baseball is being injected into the curriculum of the schools of the national capital as an aid in the teaching of arithmetic. This developed when groups of school children were discovered, reading the baseball news and eagerly interrogating each other as to the best means of figuring averages. It transpired that teachers in arithmetic have been using problems in their classes such as the following: "If Chick Grandall is at the bat forty times and makes twelve hits, what is his average?" "If the Senators win eleven games out of fifteen what per cent do they lose?"

The new system is said by the instructors to be highly successful. Thoroughly interested in the national game, the children are said to take joy in solving the problems and the same process is utilized in problems in linear or square measurement, in the case of less advanced pupils, in addition and subtraction. The baseball diamond is now one of the common diagrams to be found on the blackboards of the schools of the capital.

THE RING. Bout Tonight. George Alger vs. Young Brown. Bull Anderson vs. M. Farrell and Kid Anderson vs. Pat Convey, Brooklyn. English vs. George Brown and Mel Cogan vs. Ed Kelly, New York. Says He Threatens Her. Mrs. Alice C. M. Melody, who is seeking a divorce from her husband, William J. (Honey) Melody, has filed a petition in the Superior Court, Boston, asking that he be restrained from interfering with her personal liberty and annoying or threatening her. She complains that he has been interfering with her in her work, visiting and loitering around the place where she is employed, as well as where she lives, and is constantly annoying her and threatening her with bodily harm. Judge Morton issued an order of notice.

Diamond Sparkles. During the last two seasons Larry Lajoie and Joe Jackson, the two great Cleveland sluggers have been at bat 1900 times and poked out 730 hits—a combined batting average of .387. The evergreen Christie Mathewson, of the New York Giants, has the most wonderful record in regard to control. In his twelve years in the majors, Christie has pitched in 315 games and allowed 770 bases on balls, an average of 1.68 a game. In the three world's series that Mathewson has worked in—the games—he fanned forty-one batters and allowed but eight passes. Joe Tinker, manager of the Cincinnati Reds, has a most unique record. In his ten years in the big leagues he has never played fewer than 150 or more than 144 games. Joe Wood and Leslie Nummemaker one of the star batteries of the Boston Red Sox, were born on the same day. Both of

returnable on May 5, for the liberties to show cause why he ought not to be restrained from interfering with his wife.

News of the Boxers. Johnny Coulon, of Chicago, champion bantam-weight, knocked out Tommy Hudson, of Detroit in the fifth round of a scheduled eight-round bout in Windsor, out the other night.

Tommy Burns worked three rounds each with Andy Morris of Boston and Arthur Kelly, of Chicago, Mass., with 300 women among others witnessing the exhibition in Calgary the other night. Morris felled Burns in the second round and Burns reciprocated in the third round. Burns had the advantage. Kelly stood toe to toe with Burns, slugging hard for three rounds, with honors even.

WRESTLING

Gotch Laid Up. Marahalltown, Ia., May 2—Frank Gotch, of Humboldt, champion wrestler is in a local hospital submitting to a series of operations to remove a growth of the turbinate bones of the nose.

A Fine Exhibition. A good wrestling match took place at the Queen's rink last evening. Dan McDonald, of Sydney, got the decision with two falls out of three from Norman Taylor, of Missouri. The match was for two falls of three, catch-as-catch-can, strange hold barred, and was exciting from start to finish, both men working hard and showing much good work. The first fall was taken by McDonald in 30 minutes by a toe hold, the second after a long hard struggle by Taylor in 44 minutes with a half-nelson, and the third by McDonald with two holds in 14 1/2 minutes.

Both men were in perfect condition and after their hard work were in pretty good shape. Immediately the gong sounded the men got to work and from that time until the last fall things were moving quickly. McDonald was the lighter man and his nimble work brought out much commendation from the good sized audience. The wrestlers were pretty evenly matched and while Taylor seemed the more aggressive at first, both kept at it hard until the decisive fall. The referee held seemed the favorite of the evening with both the wrestlers, and on several occasions both got opportunities for the deadly toe hold. James McCafferty, of the West End, was the referee and Arthur Wakim, time-keeper.

Le Marin Beats Casaux. Quebec, May 2—In the wrestling match here tonight between Le Marin and Casaux, the former won in two straight falls of 22 and 23 minutes.

ST. JOHN MAN WEDDED. A quiet wedding took place at Peticoe, in the home of N. H. Arthur, when his eldest daughter, Florence Mae, was united in marriage to George M. McLellan, of St. John, N. B. Rev. Mr. Coleman of the Episcopal church, tied the nuptial knot. A few of the friends and relatives of the bride and groom were present and many good wishes are extended for a happy married life. Mr. and Mrs. McLellan left on the evening train for St. John, where Mr. McLellan has a position with the Dominion Express Company.

HARD LUCK. "My grandma," said the office boy tremulously, "doing," said the manager shortly. "Did before I was born," the boy went on, "and I ain't never had an excuse for going to the opening game."

A NEW INDUSTRY. The Canadian Gear Works, Ltd., of Newcastle, has taken possession of the Lamont factory and premises which will be given a thorough over-hauling and repairing, and some additions made to it to fit it for the proper carrying out of the company's business. P. A. Foreyth has been awarded the contract for the work and expects to have the premises complete by the end of May.

While the main branch of the company's business will be the manufacture of wagon gears and bodies, the company's plant will also be at the service of the general public for any job work it can be used for. Part of the plant, will be a planing mill of considerable capacity and which will be available in a few days.

NEW MISSION HALL OPENED

THIS IS THE BUILDING

The new hall at East St. John which was erected by the St. John Presbytery, was opened with appropriate ceremony yesterday. During the afternoon the building was open for inspection and tea, which was provided by the Courtesy Construction Co., Ltd., was served by the ladies' committee consisting of Mrs. Strain Robertson, Mrs. W. M. Angus and Mrs. A. R. Melrose. About 200 people were present, and many of these were sent out from the city. During the evening a programme was carried out. Rev. James Ross, in opening the meeting, spoke briefly of the purpose for which the hall was built. Rev. Dr. MacVicar led in prayer.

Rev. Gordon Dickie explained the idea of the hall and the purpose for which it was erected. He gave a statement of the cost and made a strong appeal for contributions in order to wipe out the remaining debt on the hall.

Three reels of moving pictures were shown with the aid of a moving picture machine, which is part of the hall equipment. There were solos by Hew Walker, Douglas McArthur and Dudley March. The committee was greatly pleased with the showing made the first night and it is expected that the hall will be the means of helping the men who are working on the construction work at Courtesy Bay. George E. Knight will be in charge of the hall for the first year.

CANADIAN BANKS IN METROPOLIS

Opportunity For Reliable Information For Investors

BUSINESS IS GROWING

A Glance at Dominion Financial Situation in London—The C.P.R. and the Canadian Northern—Prominent Men From Canada There

(Times' Special Correspondence) London, April 22—In the person of John Galt of Winnipeg, the president of the Union Bank of Canada, the dominion is now represented in London by a man of the very best type to afford an object lesson as to its progress. He left the busiest city in eastern Canada, to cast in his lot with Winnipeg at a time when the name meant little to the general public, who now know that Winnipeg is a city with a big industrial future.

Mr. Galt is just as optimistic in his fifty-seventh year regarding the future of many smaller Canadian cities, as he was when, in his twenty-sixth year, he saw prospects of more rapid development in Winnipeg than he did in Montreal. When such a man talks here his words carry weight.

Now that the principal banks are so well represented over here that reliable information is available regarding what is going on in every prosperous centre where there exists a bank branch, Mr. Galt says it is the fault of the British investor, if he does not use the opportunity at his door to inquire into the bona fides of any proposition put before him, or the status of any individual who promotes it. The knowledge that such facilities are at their disposal is gradually becoming known to the various classes of the investing public, who realize the value of the safeguards to protect them against doubtful propositions.

That the Canadian banks here are increasing their business is very evident. They have all out-grown their accommodation and at least one of them is following the example of the Bank of Montreal and opening premises in the busy centre of the fashionable West End. Now that it has been decided to have a fine building for the British Columbia government in the James street, almost opposite the Bank of Montreal's West End branch, the fashionable thoroughfare is likely to become still more frequented by visiting Canadians.

As it is, it is hard to walk down from Pousadilly toward the various Canadian

KEEP YOUR NEW HOME FREE FROM DISEASE GERMS

Before settling down in your new home, see that it is proof against disease germs and insect pests. The liberal use of CYCLONE INSECTICIDE, the Great Disinfectant and Detergent, will exterminate and exclude moths and other insects and destroy the germs of infectious diseases. CYCLONE INSECTICIDE should be sprayed into clothes presses, cupboards, on upholstered furniture, rugs, draperies, etc. and poured into sinks and drains. Residua being powerfully antiseptic, it leaves a pleasant, clean odor wherever it is used.

Three Hours and Half on Stand

Boston, May 2—An unqualified defense of his stewardship was made by Charles Ranger Miller, president of the N. Y. N. H. Railway Company, before the interstate commissioners today.

Taking up in detail, one after the other, the charges that have been brought against his management of the railroad property and various transactions in which the New Haven or its subsidiary companies have figured, the president gave his explanation of the questions involved. He had practically the whole session to himself, and his testimony occupied three and one half hours.

Otis Skinner is Operated On

Indianapolis, Ind., May 3—Otis Skinner, the actor, underwent an operation here for the removal of an abscess back of the ear.

Doctor Page, who performed the operation, said that while Mr. Skinner withstood the operation in good shape his condition was serious. The actor has been troubled with his ear for about a month, and the trouble had become so deeply seated that it had almost reached the membrane of the brain. Mr. Skinner should be able to leave the hospital in three weeks if there are no complications.

Won Its Favor Without a Flavor

When you eat a breakfast cereal you want to do your own flavoring or seasoning. That's the reason you will choose

SHREDDED WHEAT

for your morning meal. It is a natural, elemental food made of the whole wheat steamed, cooked, shredded and baked a crisp, golden brown. It is not flavored or treated or compounded with anything and hence keeps indefinitely in the market—the standard cereal food eaten all over the world.

For breakfast heat the Biscuits in the oven a few minutes to restore crispness; then pour hot milk over it, adding a little cream, salt or sugar to suit the taste. It is deliciously nourishing and wholesome for any meal with stewed prunes, baked apples, sliced bananas, preserved peaches, pineapple or other fruit.

DESTROY THE DEMAND FOR LIQUOR AND YOU STOP THE SALE

This is good reasoning and points to the only solution of the temperance question. DESTROY THE DEMAND FOR DRINK AND YOU STOP THE SALE, GOOD FELLOWS. Take your pencils and figure ten men you knew ten years ago who drank. Where are they today? Figure ten men you knew ten years ago who did not drink, and note where they are today. THAT'S ALL. There is an institute located at 46 Crown street, in this city, that is doing more with less funds and notes for the cause of temperance than all these organized temperance societies combined. The name of this unique silent worker, the
