NEW GEM WORK MAKES THEATRE DISTINGUISHED Handsome Decorative Design In Place—Brilliant at Night—St. John Man's Handiwork

A piece of decorative work which has just been finished has attracted much praise and attention from the many who have seen it, and it is most gratifying to note that the task was performed by local industry, though formerly it had been the custom to send such jobs to outside contractors in Montreal or other cities. The work referred to is the erection of a new ornamental design on the Gem Theatre in Waterloo street, which was done by M. J. Siney, who is being heartily congratulated upon the neatness and richness of the display presented.

The ministers of the six powers concerned—Great Britain, the United States, France, Germany, Russia and Japan visited the premier and minister of foreign affairs yesterday and explained that the bankers' conditions, agreed upon at the Paris conference, were necessary to meet the requirements of the foreign markets, and that there was no desire on the part of the bankers or the governments to impose harsh or unnecessary terms.

PROGRESS IN AGRICULTURE

Reference was made in the Times yesterday to some important evidences of the forward movement that is now in progress in New Brunswick. There is no field, however, which is more promising than that of agriculture, and it is extremely gratifying to note that in this direction also substantial progress is being made.

The outstanding feature of this progress is the development of orchards. There is now a good orchard land in New Brunswick than in Nova Scotia, and apples which are grown in the Annapolis Valley can be grown equally well in this province. The fruit exhibitions at St. John last fall and the fall before were a revelation even to New Brunswick people. They were held under the joint auspices of the provincial fruit growers' association and the provincial government.

The Canadian fishermen have made another good start at Bixley. A street railway service to East St. John would be especially appreciated tomorrow. The annual sacrifice of little children is now in progress in Montreal, whose infant mortality record in midsummer shames a Christian city.

There have apparently been more fatalities caused by lightning in this province in the last ten days than in any previous summer. The Italians claim another victory in Tripoli. The continuation of even a dream parade war for so long a period must cause a heavy drain upon the Italian treasury.

The consumption of liquor in Canada is increasing, not only in gross quantity but per head of population. The fact that drunkenness reduces efficiency does not appear to have its due effect upon the minds of the people. Tomorrow will be election day in Saskatchewan. The fight has been one of intense bitterness, with arrests and counter-arrests and charges of flagrant corruption on both sides.

OLD WILL CASE SETTLED
The case of Justice Fairley vs. John S. Fairley, executor, et al, after being fifteen years before the courts, came up before Mr. Justice McLeod yesterday afternoon, and immediately it was announced that an arrangement had been made to settle the case. This is an old bill brought in the supreme court of equity to displace the executor of the will of the late Scott Fairley on the grounds of wasting of the estate, and to get in the property and distribute the assets among the legatees.

LOBSTER FISHERIES OF THE DOMINION

Sketch of the Industry—Work of The Department of Marine and Fisheries

There are probably 50,000,000 lobsters taken from the coastal waters of Canada every year. During the fishing season, which extends from April 27 to June 30, roughly, 11,000 men are engaged in actual fishing, and 8,000 people are employed in the 682 canneries.

The department of marine and fisheries has tried a number of experiments in the hope of regulating the lobster fishery with a view to its better conservation.

ORPHANS CARED FOR
 (Moncton Transcript)
 During the summer of 1911 Joseph Cuthbertson, an I. C. R. locomotive fireman and a resident of Sunny Brae, was fatally injured by a collision with a wagon at crossing on Main street. He left a widow and several children. The widow died after her husband's death. The ladies of the True Blue organization, which is an auxiliary branch of the Loyal Orange Association, interested themselves in the future of the younger children. After considerable negotiations with the management of the Orphans' Home, known as the True Blue Home, at Picton, Ontario, it was agreed that the children should be taken care of. On Saturday last Mrs. B. H. Tucker, their grandmother, and Mrs. Joan Howard, representing the Moncton Branch of the True Blue Association, left Moncton for Picton, Ontario, with four of the children in charge, namely: Lottie, aged fifteen; Gertrude, eleven; Earl, nine, and Leslie, seven.

GOOD WORDS FROM OTTAWA.
 The report just issued by the Inland Revenue Department, Ottawa, states that Dearborn's "Perfect" Gasoline contains 17 per cent of carbonic acid gas, which is a higher percentage than claimed for it. The report also states that "this is a good powder, pure and unadulterated."
 Don't pay fancy prices for baking powder when you can get the "Perfect" for 40c per lb. Two teaspoons full will do the same work as three of other brands, and do it better.

TWO ARRESTS IN CASE OF BRUTAL MURDER OF CHILD IN NEW YORK

New York, July 10—Two men have been arrested in connection with the murder of twelve-year-old Julia Conners, daughter of Edward J. Conners, of 872 Third Avenue, who fifteen hours after she had disappeared from a crowded street in the Bronx was found lying, mutilated, naked, her pretty brown hair chopped off in a vacant lot half a block from her home.
 Despite the fact that the girl had been dragged, assaulted and stabbed forty-one times with a double-edged knife, once in the heart, there was still a spark of life left when she was found, and she opened her eyes long enough to tell her name, and when asked, who did it, murmured, "a man, a man," and lapsed into unconsciousness. The police say it was the most brutal crime with which they have had to deal in many years.
 After working for many hours, running down every possible clue, detectives arrested Giovanni Gerrasi, twenty-four years old, of 1609 Fulton avenue, who has a coal and wood cellar next door to where the body of the girl was found.
 Florence Moritz, of 388 Third Avenue, had told them that an Italian had lured her and Julia into a cellar. There was a third girl along, and she and Florence ran when they saw what happened to Julia.
 After Gerrasi's arrest he was confronted by Florence, and the police say she identified him as the man who had taken her and the two other girls into the cellar.
 The other man arrested said he was Jefferson Kelly, fifty-one years old, of 741 East 21st Street, a piano tuner. The police do not believe he knows anything about the crime.
 The stories told by the Motts girl are almost unbelievable, and some of them are doubted by Capt. Price and Coroner Shogout. As to her story about the Italian, however, she could not be shaken.

THE BAPTIST MINISTERS

Maritime Baptist.
 Rev. B. H. Thomas preached at Middle Sackville last Sunday.
 Rev. M. W. Brown will begin his pastorate at Springfield, N. S., on July 21.
 Rev. E. A. Hayward is visiting his brother, at his old home, Hartland, N. B.
 Rev. J. Austin Huntley, New York, will spend his vacation in Nova Scotia—his old home.
 Rev. E. C. Corey has gone on a trip to Alberta, accompanied by Mrs. Corey. Their sons are in the west.
 Rev. J. L. Smith, pastor Free Baptist church in Meredith, N. H., was recently called to Harrington, N. S., by the death of his mother.
 Rev. E. C. Jenkins' work in the Victoria-Waterloo, C. Co., pastorate had opened up well. He preaches three times each Sunday and teaches a Bible class before the morning preaching service.
 Rev. P. S. Macgregor attended the closing exercises of Newton Theological Seminary and received the B. D. degree. He is a graduate of Newton, and on writing an excellent thesis on Christian Citizenship earned the full degree.
 Rev. J. D. Rehnaut and wife are spending a six weeks' vacation at Percival, N. S., the home of Mrs. Rehnaut's parents. Mr. Rehnaut has been pastor of Calvary Baptist church, Warwick, N. Y., for three years, and his work has been blessed in the town.
 Rev. G. F. Bolster, who graduated at Newton Theological Seminary last week, has been pastor at South Bedford for the last year. The work has been blessed, and eight have been baptized. He will remain another year, and then, if the way opens, he will be glad to come home to share in the work here. He will be in St. John next month for vacation, and will be available for any pulpits needing a supply.

Wall Street Notes.
 New York, June 10—Americans in London strong, 14 to 7 1/2 higher. Light bull account shown in the settlement.
 Great Britain's improve, despite the labor and political troubles, show an increase of \$100,000,000 over 1911.
 Chinese loan is not in the present.
 Steel companies' unfilled tonnage at twelve o'clock today small, increase expected by the end of the week.
 The government crop report yesterday was good. The indicated yield of the three principal crops—wheat, oats, and wheat—is more than 80,000,000 bushels over last year's final.
 It is bullish on stocks and moderate on wheat.
 W. B. Thomas resigns from the presidency of the American Sugar Company as a result of ill health.
 Steel rail mills are the busiest for five years.
 The copper situation has rather cleared up. There is no amount of copper for sale for quick delivery.
 American Sugar sold off on the decision of the New Jersey chancellor. Why it should be a mystery, as, if the decision is sustained, the American Sugar Company will control the national company by its holding of the preferred stock.
 D. G. Reid and H. G. Prick are both optimistic as to the present situation, and are quoted as believers in higher prices this coming autumn. While some think that the big people who were going ahead have quietly reduced their holdings of stocks, others think there has been an accumulation by strong interests. I look for a trading swing but on set-backs the good stocks can be bought for turns with the industrials given the preference.
 On the strong spot, there seems to be a stock for sale. Specialties will be active.
Pittsburg Coal preferred is one.

 "How, Kitty," said her mother, at the end of the meal, "say grace."
 "Kitty obeyed. Closing her eyes and folding her hands, she said, with emphasis: "For what they have received, may they be truly thankful."
 "Willie—Pop, what are ancestors?"
 "Father—Well, I'm one of yours—you granddaddy's another."
 "For what they have received, may they be truly thankful."

NINE IN MOTOR RACE

FOR NORTON GRIFFITHS TROPHY TOMORROW

The Entries And The Rules Which Will Govern The Contest

Nine fast motor boats will start in the race for the Norton Griffiths trophy tomorrow evening. Handicaps are being arranged and the boats will start at the handicap intervals, beginning at seven o'clock, so as to make the finish as close and as interesting as possible. The boats entered, under their owners, are as follows:
 1—Silver Spray, A. R. Craik
 2—Laura M., Roy Waddell.
 3—Mildred W., George R. Wetmore.
 4—Cachoon, Harold W. Kineman and Peter Clinch.
 5—Dixie, John Frodsham.
 6—Vroom, and J. H. Barton.
 7—Topska, F. B. Cowgill.
 8—Tango, S. L. Gregory.
 9—Psyche, Chas. Merritt.
 The officials will be—Judge, C. H. Ferguson, A. W. Adams, and Arthur Thorne; timekeeper, H. C. Page, Dr. F. Johnston, and James Barrow; stake-boat judges, J. G. Harrison, H. B. Robinson, H. W. G. Barron, and J. H. Robinson.
 The rules include:
 The starting line shall be an imaginary line drawn from the east end of the North Wharf to a buoy, or boat, carrying a red flag and anchored in the harbor.
 The finishing line shall be an imaginary line drawn from the bluff point of land on the north side of Courtenay Bay, and east of the Municipal Home to a buoy or boat, carrying a red flag, and anchored in the bay.
 The course shall be from the starting line to and around the Bell Buoy off Partridge Island; (leave buoy to port) also to leave to port, going east and coming red buoy on end of foul ground; thence to and around starting line buoy (leave buoy to port); thence to and around Bell Buoy (leave buoy to port); thence to finishing line.
 Handicaps given at start.—First boat starts at seven p. m.; starting signals will be given from outer end of North Wharf. At 6.55 p. m. a preparatory gun will be fired. Two minutes before each boat is to start, her number will be exposed at starting point. This number will be lowered when gun is fired to start.
 Any boat crossing starting line before her starting gun is fired will be recalled, and must return, keeping out of the way of other boats in the race. In case of call is necessary, a white flag will be hoisted on a flag staff at starting point, and the boat number shown below it.
 Rules of the racing governing steam vessels shall be adhered to.
 Boats must allow at least ten feet of clear water between when passing each other. A boat in the lead shall not change her course to prevent a boat astern from passing, or so as to compel a boat astern to come within the ten foot limit.
 When approaching marks, a leading boat must keep outside the ten foot limit, and give an overtaking boat room to turn the mark, providing the overtaking boat has established an overlap.
 Any boat owner paying came to protest must make a written statement to the secretary of the motor boat committee within forty-eight hours, after the first boat has finished.
 The owner or sailing master of a winning boat is required to sign a declaration that all regulations and conditions have been complied with, within twenty-four hours after finish of the race. No indulgence to increase the power of the engine shall be used. Boats must carry one life preserver for each member of the crew. Each boat must be submitted to the judges for inspection before the race. Each boat must display her racing number on staff at low water. Owners must weigh at least 300 lb. or make up weight with ballast.

BRITISH MASTERS AND MATES FORM UNION
 Said to be in Position to Demand Concessions and There May be Tie Up
 New York, July 10—According to London news received in this city from London, a union has been formed by the masters and mates of Great Britain, and before the home ward flocking of tourists begins in the latter part of August, the captains and officers of the trans-Atlantic lines will be in a position to demand many concessions from the steamship line.
 If their demands are not met by the owners, it is feared that concerted action on the part of the captains and officers will cause a bigger tie-up of sea traffic in England this fall than has ever been brought about by the striking stokers, firemen, sailors and stewards.
 While Great Britain could call upon her navy for navigators to man her merchant ships, such action, it is thought, would be improbable, as she might not wish to have to provide sufficient vitality to stand it.

TRYING CHLORINE AS A CURE FOR CANCER
 Heidelberg, July 10—At a meeting of the National Hygiene Association, Prof. Werner described some very favorable results from the treatment of cancer by the injection of chlorine. He said that in animal the disease had been entirely eradicated, while 6,000 people treated at the Heidelberg hospital all had shown the most beneficial results.
HANDWRITING BY WIRELESS
 Rome, July 10—Another step has been taken in the development of wireless, a device having been perfected whereby handwriting and all kinds of designs can be sent by wireless.
 The inventor is Signor De Bernozzi of Turin, only twenty-four years old, who belongs to a family of merchants. He has been working at this branch of wireless science for four years, and has taken out patents in Germany, England and Italy, being particularly pleased with that of Germany, which is the most difficult to obtain.

A New Fad in Reno
 Reno, Nev., July 10—A new fad has started in the divorce colony. The idea of converting the useless wedding ring into a Swastika pin as an emblem of future better fortune instead of relegating it to the junk store is said to have originated in the brain of a prominent eastern divorcee. The idea was quickly taken up.
 Potatoes should lie in cold water for an hour or two after paring if you wish them to be white.

FREE RENT OF FLAT WHERE BABE IS BORN
 Paris, July 10—Flats in which the birth of a baby frees the tenant from payment of rent for the quarter following is an experiment in workmen's housing which is to be started in Paris, where the difficulty of lodging workmen with large families stands in close relation to the vital question of depopulation in France.
 This experiment for encouraging large families will be tried with four blocks of workmen's flats built by Crazie Stern at Vincennes, an eastern suburb of Paris. The blocks consist of two, three and four-room flats at rents respectively of 500, 600, and 800 francs.
 The profits remaining after the cost of construction and working expenses have been deducted, will go to a "maternal center" of the district, where mothers nursing babies will be supplied with lunch and dinner free of charge.
 The flats include baths, wash houses and library, and a dispensary for the care of newborn infants.
 The word "girl" occurs but once in the Bible.

PLAYS AND PLAYERS

Budget of News Concerning Stage Favorites Known to St. John Audiences.

Franklyn Gale, last year featured as Annie Jeffries in *The Third Degree*, is rehearsing a new sketch by Joseph Le Brault, to be produced early in July. Supporting Miss Gale are Isaac Dillon and William O'Day.

Jack Henderson, a local opera favorite, is in Montreal with the *Summer Opera Co.* at the Princes Theatre.

Helena Grayson, who recently closed a long stock season in Halifax, is spending a part of her vacation at Niagara Falls, N. Y.

The custom of keeping the late-comers from entering their seats at the Opera House after the performance has started, and causing them to remain at the rear of the gallery until the fall of the first curtain, has proven decidedly pleasing to the regular patrons, but there is something else which might be done to make the play more presentable. On Monday night it was noticed that some of the "lords of the gallery" and not a few of those having seats in the dress and orchestra as well, went out between acts and on returning interrupted the dialogue on the stage and the view of the others in the audience in some cases, by coming back to their seats after the act had been well in progress. This happened more than once. Possibly these individuals who interrupt between acts might be induced to return so as not to interrupt the course of the play for ladies and others compelled to remain seated, by following the same course as referred to on the opening of the play. If they do not mind the bell which gives the cue that the next curtain is about to rise, let them stand during the act and they will probably know better next time.

The Washington Star has discovered that Annapolis, Md., was the home of a theatre as early as 1720, and that it was called the New Theatre. The inference is that an older house preceded it. The first account of this New Theatre occurs in the Maryland Gazette, published in Annapolis on June 18, 1722.

"By permission of His Honor the president, at the New Theatre in Annapolis by the Company of comedians from Virginia on Monday, being the 22d of this instant, will be performed the Beggar's Opera, likewise a farce called the Lying Vallet. To begin precisely at 7 o'clock. Tickets to be had at the printing office, Box 106, Pitt St.

"N. B.—The company immediately intends to go to Upper Marlborough as soon as they have done performing here, where they intend to play as long as they meet encouragement, and so on to Pocomoke."

USE ABSORBINE IN REMEDY
Painful, swollen, inflamed joints, rheumatism, neuralgia, sciatica, lumbago, and all other forms of rheumatoid and inflammatory conditions, are relieved by the use of Absorbine. It is a powerful anti-inflammatory and analgesic, and its use is recommended by the highest medical authorities. It is sold in bottles of 25 cents and 50 cents. Prepared by Dr. J. C. for years. Some of last year's Broadway successes are billed not the hits of three or four seasons ago, but pieces that filled New York houses only a few months ago and added to the coffers of many a manager. May Robson, who made herself such a favorite here two seasons ago, will be the first big arrival, theatrically speaking, and she will play the success of last season, "A Night Out," her newest comedy, and the old timer in which she played so favorably before, "The Rejuvenation of Aunt Mary." This, which is August, opening on the 24th, and others to follow will be a big musical production, "The Red Rose" and Brady's successful comedy bit "Over Night," a anti-provoker portraying some funny side-lights of traveling. "The Fortune Hunter," which scored so well in New York two seasons ago and was repeated last season, will be given in September, while the *Aborn Opera Co.* will present "The Bohemian Girl" with all her charms in October.

These will be followed by an attraction which was one of the best of New York's production last season, "The Butterfly on the Wheel," under Shubert management. These productions, some of which have been seen by local followers of the drama, and others of which have been read about, are all of the better class, and it remains to be seen whether or not that is the kind of offering which theatre-goers in St. John desire, or whether or not they want the cheaper, local "Melodramas." It has, indeed, been a regrettable fact with many that a better class show gets only a partly filled house, and a general rule, while many of the popular priced attractions call forth large audiences, even though they are billed in many cases across the line in the "ten, twenty, thirty" variety.

After ten years of evangelistic work in Australia and New Zealand, during which she has made many converts to Christianity, Ada Ward, an English actress, has returned to the stage. At the Ocean Street Congregational church, Sydney, N. S. W., she bade farewell to that city. The pastor, Rev. F. B. Cowling, said he did not agree with those who argued that Miss Ward should not resume her stage career, adding that he had never heard that a converted lawyer should forsake the law. Miss Ward told of her life, her conversion and her heroic labors in the mission field, encouraging not alone the manifold dispirited to accept even a converted actress as a missionary. And lo! the sisters proved more antagonistic than the brethren. One length Miss Ward became convinced that she was tolerated merely because she could draw money to the coffers of those who despoiledly used her, and hence her return to the drama.

Miss Mary Ryan, a St. John favorite, who created the role of Betty Graham in *Winchell Smith's The Fortune Hunter*, which was re-enacted by Cohen & Harris for one length Miss Ward became convinced that she was tolerated merely because she could draw money to the coffers of those who despoiledly used her, and hence her return to the drama.

Those who have witnessed during the week the clever presentation of "The Typophony" by the King-Lynch Stock Co. at the Opera House will be interested in knowing that the royalties on this piece are very heavy, and that several attempts have been made to pirate it. The following is from the *Dramatic Mirror*:—"Controversy over rights to the Typophony reached the courts last week when the *Banker Stock company* in Newark, N. J., put on the play. Mrs. Una Abell Brinker, leading woman, Albert O. Warburg, stage-manager, and Louis Dean, were arrested on Wednesday by United States Marshal Beckman, and held in \$1,500 bail for hearing on Saturday before United States Commissioner Richard Stockton. They were charged with violating the copyright law in having used the White side version, translated from the Hungarian by Emil Nyitrai and adapted to the stage by Byron Ongley. At the conclusion of the hearing on Saturday, Mrs. Brinker was discharged, Dean was held in \$1,500 bail, and Warburg in \$1,200 bail for the federal grand jury. The Whiteside company, stating that it did not wish to make any personal prosecution, then allowed Dean to make a confession of guilt, and accepted a consideration of \$1,000. Warburg signed a paper acknowledging that he had helped to stage the play knowing that it was the Whiteside version. Both men were allowed to go after they had promised to cease all attempts to produce the Typophony or to have anything to do with it."

NOT ONE WOMAN IN TWENTY HAS A STRONG BACK.

THE KIDNEYS ARE TO BLAME NINE TIMES OUT OF TEN.

Women are coming to understand that weak, lame and aching backs from which they suffer are due to wrong action of the kidneys.

The poisons that ought to be carried off are sent back into the blood, taking with them a multitude of aches and pains. There is no use of expecting relief until the kidneys are restored to health.

Doan's Kidney Pills are the quickest and most reliable remedy. Mrs. Ed. Baxter, Upland, N.B., writes:—"I take a good deal of pleasure in telling you what Doan's Kidney Pills have done for me. I was troubled with my kidneys for a number of years, and my back was so lame I could not sweep the floor. A friend of mine advised me to try a box of Doan's Kidney Pills, which I did, and after using three boxes I am as well as ever. I highly recommend them to anyone suffering from lame back or kidney trouble."

Doan's Kidney Pills are 50 cents per box, or three boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

MATTERS BEFORE THE RAILWAY COMMISSION

St. John Merchants Want Square Deal in Rates — Duck Cove Case

The Board of Railway Commissioners was in session in the city yesterday afternoon and heard several complaints, but reserved judgment in the three cases before them.

D. R. Jack asked the board to compel the C. P. R. to fence a portion of their right of way near Duck Cove so that people could not get to the beach unless they went down the main road. Many residents of that section opposed the plan, and James Stratton represented those not in favor of the fence. After the session the commissioners visited the section where the fence would be placed.

The freight charges by the C. P. R. on corn and cornmeal was the chief matter before the board. W. S. Tilston, representing the Montreal Board of Trade, presented the case for the manufacturers in Upper Canada who wanted the present rate from Montreal to points in the maritime provinces reduced from 17 1/2 cents to 15 cents. The local cornmeal manufacturers asked that the shippers in St. John be given the same rate from St. John to points in the maritime provinces as were in effect in the vicinity of Montreal and Toronto.

Under present arrangements, the local dealers say that the manufacturers in Montreal can ship to points such as Wolford at a lower rate than can St. John people. At the mileage rate St. John merchants pay 50 per cent. more to points in New Brunswick than do the Montreal merchants. Cornmeal is rated higher than wheat and other grains and the local merchants say that some of the millers in upper Canada have shipped car loads of goods down here and billed them as wheat when in reality a greater portion of the goods in the cars was cornmeal. This is said to be contrary to law, but the merchants say that when complaint was made to the C. P. R. authorities, there was no redress and the violations are still going on.

Commissioner McLean asked the merchants here to bring proof in a specific case. A. L. Fowler, who represented the St. John Milling Company, promised to supply the proof of a case of this kind to the commissioners, who promised to give the matter consideration.

A. K. Kirkpatrick, of Kingston, represented the C. P. R. He said that the new schedule which would be in force in a few days would help the local merchants, but in regard to the application of the Montreal rate that the rate be reduced into the maritime provinces, he said that this section of the road did not pay dividends in the freight department. He pointed out that the C. P. R. only had running rights over the Maine Central, and there was no local freight for this part of the road, and there was no revenue from the source.

During the afternoon Mr. Fowler said that the output of the cornmeal mills in St. John was large compared with other places. His mill alone has a capacity of 1,080 barrels per day, while the capacity of all the mills in Ontario is only 800 barrels and the mills of Quebec cap only put out 100 barrels a day. This shows that the question of rates is a vital one for the cornmeal dealers of St. John, and there is no doubt that the members of the Railway Commission will give the matter every consideration.

D'Arcy Scott, assistant chief commissioner, and S. J. McLean, with the secretary, R. Richardson, were the members of the board present here yesterday.

A. K. Kirkpatrick, of Kingston, appeared for the C. P. R.; A. L. Fowler for the St. John Milling Co.; James Stratton for dealers; and W. S. Tilston for the Montreal Board of Trade. W. S. Fisher was also present at the session.

The members of the commission left on the C. P. R. last evening for Montreal in their private car. Acadia.

Husband's Hair

How About it Madam, is it Falling Out or Growing Thin? Don't Lose It!

Most husbands are careless regarding their hair—many are skeptical regarding hair tonics, restorers and the like.

It is only when their hair comes out in clumps full that they really sit up and take notice.

If your husband's hair is falling; if he has dandruff or scalp itching, don't let it make a baldhead of him, get a 50 cent bottle of **PARISIAN SAGE** today, rub it on his hair every night before he goes to bed, his hair will grow again, his hair will stop falling and the new growth appears. Then use it every other night until the hair is thick and abundant. **PARISIAN SAGE** is a delightful, refreshing hair dressing for men, women and children. It will do as advertised, or your money back. Girl with Auburn hair on every carton and bottle. Sold by A. Chapman-Smith and dealers everywhere.

TALK OF A GOVERNMENT COMMISSION NOW

The committee having in charge the arrangements for the erection of a hospital for the treatment of advanced cases of tuberculosis met yesterday afternoon in the City Hall with members of the General Public Hospital Commission. The General Public Hospital commissioners had been asked to take up the government of the new institution, but they could not see their way clear to assume the work, so it was decided to ask the provincial government to name a commission for the new hospital and until this commission has been selected it is believed that the work of erection of the hospital for tubercular cases will not be commenced.

The Salvation Army recently stated that its property holdings in the United States exceed \$8,000,000 in value.

WAS ALL RUN DOWN.

Doctors and Medicine Failed To Cure Him.

Many people become run down, but don't know just exactly what their trouble is. As a rule it is improper circulation of the blood, owing to not just taking proper care of themselves. All they want is a good tonic to build up the system and put their blood in proper shape, and for this purpose there is nothing to equal Burdock Blood Bitters. It regulates the stomach, liver and bowels, purifies the blood and tones up the entire system. Mr. Murdoch A. Morrison, Tarbot, N.S., writes:—"I am now writing to tell you what Burdock Blood Bitters has done for me. Last Summer I was all run down, and doctors and medicine failed to cure me. At last I decided to try a bottle of Burdock Blood Bitters, and after taking one bottle I began feeling better, and after I had taken the remedy for two months I was completely cured. I can safely recommend your remedy to anyone."

TO OBSERVE HOLIDAY

The wholesale grocers of the city have all agreed to close their establishments at one o'clock tomorrow in order to give the members of their staffs a half-holiday.

AUTO REPORTS

George Hamm has been reported for driving his automobile through the city without having it equipped with a rear lamp. Missie R. Connor has also been reported for driving a car without having it numbered, and also for not having it equipped with the necessary lights.

NEW MARATHONS

Porter, the Marathons' new catcher, was expected to arrive in the city at noon today, but he missed train connections and will not be here until Friday. Malcolm, the new pitcher, who is coming from Batleboro, Mass., is also expected to arrive the latter part of week.

BROWN TAILS CAPTURED

The first brown tails to be captured in this city for some time, were secured last night by James E. Dinmore of the customs department. They were hovering around an electric light in Duke street. Mr. Dinmore handed them over to Gordon Leavitt, of the Natural History Society, who pronounced them to be about the best specimens captured in the province so far. They were male insects.

RAREBALL FUND DIVIDED

When the Gay Musician Company was here a few weeks ago, a newspaper team played a baseball game with members of the company. A collection was taken for the orphans and realized \$19.20. This has been divided by the Sisters of Charity and half to the Protestant Orphan's Home, and the Times has received acknowledgments from the Sisters. Thanks are also due the Marathon Club management for use of the grounds.

FUSILIERS' ORDERS

The 6th Regiment St. John Fusiliers will parade at the drill shed tomorrow morning at ten o'clock to take part in the Old Home Week parade. A large attendance is desired; uniform, review order. The officers of the regiment and ladies are invited by Messrs. Norton Griffiths & Co., Ltd., to attend the garden party to be held at Tenby Cottage, Courtenay Bay, tomorrow afternoon from 4.30 to 7 o'clock. Officers attending will wear blue frock or serge, and leave card at the gate.

CERTIFICATE SUSPENDED

At a formal investigation into the stranding of the steamer Amelita at Bear Head, on the Bay of Fundy shore, on June 7, held before Captain Luger, in Halifax, the commanding officer, W. W. Hersey, was found guilty of negligence, and his certificate suspended for three months. Captain Hersey is given permission to act as mate of a passenger steamer during that time. Captain Luger was assisted by Captain Neil Hall and Captain John Fleming.

S. P. C. CASE

Frank Scully, charged with overloading a team belonging to the Union Ice Company and also with administering to the ferry boats was fined \$10 in the police court today. The fine was allowed to stand. Foreman Lee and Superintendent Waring gave evidence. Secretary Westmore of the S. P. C. A. looked after the case in the interest of the society. The defendant pleaded not guilty, saying that the horse was balky and would not go up the floats.

FAREWELL TO MISS ROBB

Rev. Principal McKinnon of Pine Hill College arrived in the city last night, and is the guest of Judge Forbes. He is one of the speakers tonight at a farewell to be tendered Miss Jennie B. Robb, who is returning to the mission fields of Canada to resume her labors. The farewell will be given in the lecture hall of St. David's church at eight o'clock. Miss Robb will leave St. John on Tuesday next by C. P. R. for Korea, sailing from Vancouver on July 28.

THE PICNIC SEASON

The annual picnic of the Portland Methodist church was held on the Ballantyne grounds at Robney yesterday. It was attended by about 400. The first train went out at nine o'clock and the second left at half past one. About 200 people went out on the second train, but they did not reach the picnic grounds until between three and four o'clock, the train being delayed on the way out. In the afternoon a programme of sports was held, and suitable prizes were awarded to the winners. The picnickers returned to the city at half past seven o'clock last evening.

THE INVASION BY MOTHS

During the last couple of days it has been noticed that there are large numbers of moths in the city, in fact it might well be said that the annual summer invasion of these pests was made this year in Old Home Week. About street lamps in particular at last evening there fluttered hundreds of the little things and there were many found dead this morning at the foot of the poles. They have invaded the homes of citizens, and the careful housewife, always on the watch for such visitors, has been kept unusually busy in pursuit of them, but they seem to be as numerous as before.

TORONTO GIRL WINNER

Louisville, Ky., July 10.—Miss Rhea Fairbairn, of Toronto, bi-state champion for two years, won easily from Miss Irma Brou of Louisville 69, 62, in the second day of play of the bi-state tennis tournament, here yesterday.
Miss May Sutton, of Los Angeles, defeated Miss Madeleine Lyons, of Louisville, holder of the Falls Cities championship by 61, 60.

CAR BREAKING CASE UP IN POLICE COURT

Evidence Given on Charge Against Wm. Foley—A Water Street Matter

The preliminary hearing in the case of William Foley, charged with breaking into a C. P. R. freight car at the Union Depot and stealing liquor, was continued in the police court this morning. F. R. Taylor appeared for the prosecution, while the prisoner was not defended.

William Galbraith swore that on Sunday afternoon, June 23, at two o'clock he was walking along Mill street near the depot when Foley asked him if he wanted to buy a bottle of whisky for twenty cents. Foley had the bottle in his pocket. The witness did not buy the bottle but walked away. When a short distance away he heard a bottle drop and, looking around, saw the bottle lying broken on the ground. He then ran and picked the pieces into the street.

Detective Killen told of finding portions of the broken bottle in the gutter near the depot. He had seen them there on Sunday when passing in a car, and when the robbery was reported to him he went down and gathered up the broken glass. These were produced in court.

E. E. Blair, of the C. P. R., swore that the bottle produced in court was one which had been in a shipment consigned to E. J. Woodcock, of Woodstock, from the National Drug and Chemical Company.

Mr. Taylor informed the court that he had only one more witness to call, but that he was not in court. He asked for an adjournment. His Honor, therefore, adjourned the case until Tuesday morning at ten o'clock.

Six prisoners charged with drunkenness were fined \$8 or twenty days in jail each. Daniel Collins, charged with being drunk and disorderly in Mill street, and also with resisting the police, was remanded. His Honor told him that he was liable to six months in jail without the option of a fine. The prisoner asked for an adjournment in order to secure witnesses.

One Robert and William Hatfield, arrested on Monday on the charge of fighting on the Red Head road, were fined \$20 or two months in jail each. The fines were allowed to stand.

John Lenihan reported for throwing stones at a little lad named Kane, pleaded guilty but promised not to do it again. He was allowed to go with a caution.

Michael Richards reported for using threatening language to a woman in Water street, pleaded guilty and was remanded. It may be that a charge of selling liquor without a license will arise out of this matter.

DIES IN HOUSE IN WHICH HE WAS BORN EIGHTY-EIGHT YEARS AGO

The death of James A. Belyea, of Public Square, occurred at his home last night. Mr. Belyea, who was eighty-eight years old, was a lifelong resident of that place, and died in the house in which he was born. He was a man of genial disposition known to a host of friends for his warm-hearted hospitality, and his death will be greatly regretted.

His wife and three daughters—Mrs. Samuel Alfred Craft, at death, of Carlton, and Mrs. Fred Hyland, in the west survive. The funeral will take place on Thursday afternoon at one o'clock from his late residence to the cemetery at Woodman's Point.

AUTO THIEF LATEST

A Bold Way of Getting Free Drives—Runabout Stolen and Damaged

A new kind of a thief has been discovered in St. John. This time it is the automobile thief. A short time ago a young man employed with a prominent concern in this city was discovered going into one of the city garages when nobody was around, cranking up a car and taking it out for a spin, just as if he owned it. On inquiry it was learned that he had been pulling off these operations for some time, without the garage owners being a bit the wiser. The police succeeded in catching him, however, and he has since left town. A small runabout car belonging to the Puppley garage company was stolen from a barn at Grand Bay not long ago and was found the next day lying by the roadside quite badly damaged.

CONTINUE AGITATION FOR WATER IN CEDAR HILL

The lot owners in Cedar Hill are continuing a vigorous agitation for a water supply for the cemetery. At present there is no water available and persons who wish to make the last resting place of their friends attractive with flowers find it necessary to carry water for long distances. In some cases, not knowing where else to get it, they have carried the water from their homes in Carleton, Fairville and even from the North End.

Many of the lot holders are quite willing to contribute a water tax if a public supply is installed. In the meantime there is a faucet in the cemetery grounds, but this is kept locked by the care-taker, who says it is for his private use. The mayor and commissioner of water and sewerage have promised their assistance in securing better arrangements, which are evidently much needed.
